Union Grove Owner Takes His Life In Mountainside Woods

MOUNTAINSIDE—Matthew Angelo, 64, of 241 Allen avenue, Union, proprietor of Angelo's Grove, was found dead shortly after midnight Tuesday in the woods off Summit avenue where he had hanged himself with a cable. His car was parked nearby. Police listed his death as suicide.

According to Angelo's family, he had left home about 9 A. M. Tuesday and his wife reported his absence to Union Police at 10 P. M. She said he had seemed despondent over business. Police Chief Charles Honceker saw Angelo's car parked on Summit avenue during the day, but it was not until the Union police alarm was checked by Patagonian Christian Fritz about midnight that the car was identified as Angelo's.

Angelo was declared dead by Dr. Leon Anson of Garwood, who said he had been dead for several hours. The body was removed to Brewster's Funeral Home, Summit. Angelo had operated the grove in Union for the past twelve years. A native of Germany, he had been a resident of Union for thirty years. He was formerly an upholsterer. He was a member of the Union Lions Club and of the Better Businessmen's Association, and a communicant of St. Michael's Church.

Surviving are his wife, Mrs. Katherine Angelo, a daughter, Mrs. Ludwig Zorn of Union, and two sons, Anthony of Union, and Francis of Glendale, Cal.

Happy Birthday!

Whether your birthday falls next week, or next month, why not have it celebrated here by eating the SUN. Write to us, or get it on a postcard. Our files will carry over the date from year to year, so that it needn't be repeated.

Completes Our Files

A short time ago we lamented the fact that our birthday files lacked birthdays for just two days out of the year. In order to have every day with the name of a celebrant, the two days were December 30 and July 26. Now we can boast that we have somebody celebrating every day of the year, or more ships, on every day in the year, somebody in Springfield is observing his or her birthday. The two persons who have rounded out the birthday calendar are Mrs. F. H. Stevens of 17 Crest place, whose birthday is on December 30, and Ernest Kallens of 32 Battle Hill, avenue, who celebrates on July 26. We have been wishing residents a happy birthday now for almost eight years, and we hope to continue for many more. Help us build up our files by sending in your date.

National Hospital Day will be observed in Springfield on Friday and Saturday, May 8 and 9, with many local workers enlisted to give their services. Headquarters will be the office of Dr. Gabriel Lull, 266 Morris avenue.

Hospital Day, popularly known as "Tag Day," should be of great importance this year when the demand for nurses is so acute. Proceeds are used to help those girls who are anxious to give their time and energy, and do not hesitate to make the sacrifice entailed in the nursing profession. Residents are urged to give a contribution, no matter how small, to this worthy cause.

Captains for "Tag Day" are Mrs. A. E. Ferguson, Mrs. R. C. Horner, Mrs. John Potts, Mrs. Rodney Smith, Mrs. Alfred Bowman, Mrs. Leslie Joyner, Mrs. Charles Zoeller, Mrs. Herald Jones, Mrs. John Goffey, Mrs. James Price, Mrs. Beat Jones, Mrs. Edna Medina, Mrs. Edith Bacon, Mrs. Alvin Dammig, Mrs. Charles Saffrey, Mrs. George Morton, Mrs. David Scott, Mrs. William Cosgrove, Mrs. Herbert Day, Mrs. Edwin Doerries, Mrs. Ira Crouse, Mrs. G. J. Lull, Mrs. Myrtle Roland. Chairman for the day is Mrs. Roland W. Nye.

Police Radio System Installed This Week

That two-way police radio system, which the War Production Board twice denied to Springfield, was finally installed this week. Fred M. Link, New York manufacturer who was awarded the contract by the Township Committee in December with promise of delivery in sixty days, reported that the refusal of the WPB to grant the township priority rating was circumvented by building the set of "cords and ends of stock on hand before priorities became effective."

The township had twice applied for a priority rating, once in January when it was told that all available sets were needed for the armed forces, and again in February, when his request was turned down. A third application, according to Link, is still under consideration.

Link said that he believed that the WPB would find "the justification for a request for a police radio in Springfield at this time." He claimed that the set, which was installed Tuesday, was built out of materials on hand "which couldn't be used for any military purpose."

Costing \$2,200, the new system provides for two-way communication between headquarters and two police cars. Formerly, one-way contact was arranged through use of the Millburn transmitter.

Register Alphabetically

In order to eliminate long waiting and to facilitate the issuing of sugar rationing books, residents are requested to register for rationing alphabetically. Fred J. Hodgson, local site administrator, urges that the following rule be observed:

All residents, whose last names begin with A to F inclusive appear for registration on Monday. Those whose last names begin with G to M inclusive appear Tuesday; from N to S Wednesday; and from T to Z on Thursday.

In this way, it is hoped, there will be a minimum of delay and the entire rationing will be handled more smoothly and satisfactorily.

Predicting an American victory in the war, Frank Singiser, told members of the Springfield Parent-Teacher Association in James Caldwell School Monday night that "American battles have been battles of the spirit, not of conquest."

The meeting being annual "Guess Night," three "guess artists" from Station WOR entertained. Plans Completed To Register For Sugar Four Days Next Week

Preparations have been completed in local schools to handle the sugar rationing, which will be part of the nationwide registration on Monday (to Thursday). The biggest registration job ever undertaken in so limited a time in the United States, some 130,000,000 men, women, and children will enroll at schools throughout the nation and receive their ration books.

Both the James Caldwell School and Raymond Chisholm School will be ready to take care of applicants from Monday to Thursday between the hours of 2 and 9 P. M. Fred J. Hodgson, principal, will be site administrator for the James Caldwell School, and Benjamin E. Newmeyer will oversee registration at the Raymond Chisholm School. Twenty-five teachers from the elementary school system, plus ten teachers from Regional High School, will take care of applicants. School children will be dismissed at noon on the four registration days.

Since it will require about 25 minutes to register an average family unit of five, residents are urged to cooperate by coming with the following accurate information:

- 1. Applicants should have a list of the members of their families, giving the exact name of each. 2. An exact description of each member of the family, giving height, weight, color of eyes, color of hair, age and sex of each one. 3. The person who registers for the family must state his or her exact relationship to each member of it. 4. It is necessary to know in the household the possession of the amount of sugar will be divided by the number of people in the family unit and stamps will be torn out of the register for all sugar in excess of two pounds per person. If more than four stamps have to be torn out, issuance of the book will be withheld until later. One, and only one member of each family unit, need go to the nearest school to register and apply for Ration Books for the entire family. Single people, not members of a family unit, even if they board with a family, must appear for themselves. A family unit has been defined by the Office of Price Administration as "a group of two or more individuals consisting of all persons who are living together in the same household who are related by blood or marriage."

Trade registration, which included wholesalers, retailers, and industrial users of sugar, was held Tuesday and Wednesday of this week at Regional High School with Warren W. Halsey, principal, as site administrator. Twenty registrations were reported received.

Ten Tons of Paper Collected in Boro

MOUNTAINSIDE—In the first waste paper drive conducted by the Salvage Committee of the Mountainside Defense Council on Sunday afternoon, almost ten tons of paper were collected. It was reported by F. H. Steadman, chairman of the committee, that about 70,000 sheets of paper were collected under the direction of Charles Wadsworth, supervising principal of the Mountainside School, and a number of volunteers participated in the collection.

Four trucks, donated by Fritz Honecker, Winfield Rau, Herbert Gibbs, and Wallace Whickler were used to transport the paper. The Boy Scouts, preceding the trucks, had the paper in bundles and placed them on the curbs for the men in the trucks to pick up.

Proceeds from the sale of the paper will be divided between the Defense Council and the Scout Troop. The council will use the funds to purchase equipment and defray other expenses, and the Boy Scouts will use the money to expand activities.

According to both Mr. Steadman and Mr. Wadsworth, the collection was a success, and plans to hold regular collections are being made. A drive to collect waste metal and other defense items is also under consideration.

Plan Outlined For Birch Hill Relief

MOUNTAINSIDE—A similar plan for improvement of the Birch Hill section outlined by Councilman Winfield Rau at the last council meeting was again outlined Tuesday evening before the Birch Hill Association administrative committee and the committee of the council in charge of the project. The council committee consists of Mr. Rau, Councilman William Parkhurst, and Borough Engineer-Markham Cady.

The plan, which will be presented before the Borough Council at its next meeting on May 12, calls for the installation of two catch basins and improvement of three other catch basins. The new catch basins would be installed on Oak Tree road, and at the foot of Birch lane and Oak Tree road. The plan also calls for the sinking of underground pipe lines connecting the basins. It is hoped that with these improvements, the excessive water, of which residents in the Birch Hill section have complained, will be minimized and that drainage problems will be solved.

"Through the complete cooperation of the Association and the council the needed improvements can be effected," E. Royal Ziegler, president of the Birch Hill Association declared. "We are not in any way depending on the council," he stated. "We wish to give them our fullest cooperation in bringing about better conditions in our neighborhood."

It was also reported at the meeting Tuesday evening that the roads in the Birch Hill section would be improved if the necessary asphalt can be obtained.

The next regular meeting of the association will be held at 8 o'clock at the Borough Hall on Monday evening.

Let's see... that number is 2435... or is it 2534? ... I'll try 2354"

Telephone engineers call this "wrong number in mind" ... and it causes 35,000 wrong connections every day in New Jersey.

A wrong number seems like a little thing ... until you multiply it by 35,000, and add in the repeat calls needed to do the work of the original calls.

Guarding against "wrong numbers in mind" would mean a real saving—for the callers, for those they call in error, in switchboard operating time, and in use of telephone equipment now so vital to the nation's war effort.

If however in doubt about a number please consult your Telephone Directory before you call.
