GOOD LUCK TO YOU, BILL

Today is a sad day for Regional High School. Coach Bill Brown, who has been director of athletics since the opening of the school five years ago, will close the door of his office for what might very well be a permanent leave of absence. On Monday, he assumes his post as lieutenant for training in the conditioning program of the Navy.

Coach Brown has given Regional a fine record of athletic achievement. His emphasis has always been on the character building and high sportsmanship ideals of sport, and he has never sacrificed any of his principles for the sake of merely winning. The boys he has coached and with whom he has worked have always gained inestimably in their association with him.

In his five years at the school, he has coached the Regional Bulldogs to two county basketball championships and to two first places in the Union County Big Five basketball tournament. His teams have been invited to the State Tournament every year. Records reveal that the basketball team in five years of competition has won 92 games and lost only 27.

We hope that the tone of this tribute does not sound too much like an obituary. But for all of his friends Coach Brown's departure takes on an aspect as such. All of them, however, are unanimous in wishing him the best of luck in his new task. Luck is one of the unpredictable elements of success; as for the other elements, honesty, loyalty and tenacity of purpose—Bill Brown has all of those.

THEY DESERVE YOUR PRAISE

An anonymous reader has hinted that we praise the school teachers who have, without stint or complaint, given of their time and effort for both the sugar and gasoline rationing. Last week we enlightened many persons who were under the misapprehension that the teachers were being paid for their task. Now, we'd like to respond to our reader's suggestion, and pay tribute not only to the teachers' fine efforts, but to all voluntary effort.

The teachers have merely set an example of what voluntary effort can mean. During the busiest time of their school year, when they are preparing pupils for examinations and graduation, they have assumed the grueling job of filling out applications, answering questions, working far over their normal hours. There has been a nerve-racking, intensive work, and they have done it gracefully and willingly.

There are many other people in town, who are, in a quiet unobtrusive fashion giving voluntary service in projects which are both necessary to defense and to the benefit of Springfield. It is about time John Citizen grumbled less about and praised more, voluntary effort.

SPRINGFIELD'S GROWING

Even at the risk of seeming repetitions, we've got to call attention again to the fact that this old town is growing fast. And we don't mean by birth rate, although that too is taking a leap, but we do mean by influx. With the figures hardly dry for the 1940 census, the recent sugar rationing registration makes them out-dated, and shows with good approximation that there are more than 800 people in town than there were two years ago. At such a rate of increase, it won't be long before Springfield is a well-populated municipality, with skyscrapers, apartment houses, factories, parks... oh, town fathers, are you listening?

Happy Birthday!

Whether your birthday falls next week, or next month, why not have it listed here by calling THE SUN, Attention: Birthdays, or Job It on a postcard. Our files will carry the date from year to year, so that it needn't be re-written.

Over 800 Increase In Population Shown By Sugar Rationing

More than 800 people in Springfield applied for sugar rationing books during the four-day registration period that was accounted for in the 1940 census. It was revealed in the final tabulation of local registration figures.

With a total population of 4,144, according to the census, the final compilation of Springfield residents showed a total of 4,959. Of these 1,119 residents who did not receive books disclosed that they had more sugar in their cupboards than the limit of two pounds per person as provided under rationing regulations.

Bids Rejected As High By Committee

Considered too high, three bids for the laying out of the municipal parking lot on Center street to Plomer avenue were rejected Wednesday night by the Township Committee.

The lowest of the bids, read to the committee by Township Clerk Robert D. Trent, was \$2,933.75. The other two bids were for \$3,249.95 and \$3,285.35.

Charles Zoeller was appointed a member of the Springfield Defense Council to replace Mrs. Helen Smith, whose resignation was accepted by the committee. Mrs. Smith has also served as secretary for the council.

In open bidding on township lots offered for sale by the committee, John Leeds purchased the lots for \$2,125. The lots are located on Meisel avenue.

Police Chairman Macartney announced that 612 dog licenses had been issued in the township.

A protest by residents of Mountain avenue against a change in zoning resulted in the passage by the committee of a resolution stipulating that petitions for changes in zoning must have signatures of at least 75 per cent of property owners affected. The request for the zoning change was made by Louis Dorener, a builder, in order to permit him to build ten duplex houses on Mountain avenue.

Protesting against the change were Theodore Muescher, John J. Grocki, the Engineers Building and Loan Association of Newark, H. S. Glenn, and the Baltusrol Golf Club.

An ordinance vacating a small strip of land at Macey avenue and Morris avenue was passed on first reading. Public hearing will be held on May 27.

Regional Cited For Its Farming Program

Regional High School, specifically the Agriculture Department and the Pioneer Chapter of Future Farmers of America, was chosen to represent New Jersey as one of the twelve states selected by the Federal Security Office of Washington for outstanding work in the field of agriculture for the month of May.

The Pioneer Chapter was cited for its work over the radio Monday on the National Farm and Home Hour on WJZ.

Each month the Federal Security Office chooses twelve states for outstanding work. New Jersey was among those chosen for May, and Regional was chosen to represent New Jersey. The agriculture department of Regional is under the supervision of Wilhelm Polgobek.

The achievement for which the Pioneer Chapter was praised was the recent moving of a C.C.C. building to school grounds for a farm shop. The radio broadcast was announced as follows:

"Fifteen Pioneer Future Farmers of Springfield spent a week moving a 25x35 foot building one and a half miles to the school grounds. Result—new farm shop quarters at a saving of about \$200."

Speaks On Sunday

LeRoy Smith of Short Hills, executive secretary of the Fellowship for Francophiles, will speak Sunday at 8 o'clock at the revival hour of the Branch Mills Gospel Chapel, Singingfield avenue near Bepo Lake Park. The public is invited to attend.

Elected Class Treasurer

Miss Marie Mowrey, daughter of Mr. and Mrs. Philip Mowrey of 8 Alvin terrace, has been elected treasurer of the Class of 1942 at Mountainide Teachers College. Miss Mowrey is a graduate of Regional High School. At the college, she has been an active member of college clubs, and was recently elected historian of the Phi Gamma Tau Sorority.

BILL BROWN TO JOIN NAVY SERVICE

Popular Athletic Director At Regional High Leaves Monday To Toughen Aviation Cadets In Training

Springfield and Regional High School's loss and a gain of great value to the United States Navy will occur Monday, when Coach Bill Brown assumes his lieutenantcy and goes to Annapolis to begin training as an instructor in the Navy's physical fitness and toughening program for Aviation Cadets. Coach Brown, who was sworn in last Friday in New York, takes leave of his regional duties today.

There, he will be part of the organization which gives a three months' fitness and toughening course to Navy Aviation Cadets. There are about 2,500 cadets going through the course every three months at each center.

The entire program, for which Lieut. Brown notified the Regional board of Education he had applied six weeks ago, is sponsored by the Navy Department. It enrolls primarily college and high school coaches, and leaders and specialists in the physical education field.

Substituting for Lieut. Brown as director of athletics for Regional will be Coach Joe Hughes, head of the track team. He will probably fill the position until the Regional board of Education decides on replacement for Brown.

Brown is completing his fifth year as director of athletics of Regional. He is a graduate of Roselle Park High School and Springfield College, Springfield, Mass. In September, 1936, he was married at the Presbyterian Church to Miss Ruth E. Cushing, daughter of Mr. and Mrs. Thomas P. Cushing of 46 Washington avenue. The following year he was director of athletics at Hastings College, Hastings, Neb., but returned to Springfield to assume his post at Regional. H. S., which had just been completed. He was also supervisor of the Springfield playground for the Union County Park Commission.

As director of athletics at Regional, he has turned out many successful teams in both football and basketball, and has set a high goal for his successor to follow in athletic achievement.

After Lieut. Brown has completed his month's training at Annapolis and has been definitely stationed at one of the four centers, his wife and son, will join him. The Browns have been living in the Meadowbrook Apartments, Plainfield, since moving some months ago from 62 Battle Hill avenue.

Policy Adopted For Changing Of Zones

A resolution adopted by the Township Committee Wednesday night requires that any petitioning for a change of zoning laws must present with its petition, the signatures of at least 75 per cent of nearby property owners approving the contemplated change. The resolution reads as follows:

"It is resolved by the Township of Springfield in the County of Union, that from and after the passage of this resolution, whenever application is made to the Township Committee to pass an ordinance changing the zone affecting any property the application shall be in the form of a petition making the request, giving the location and dimensions of the property of the petitioner, and naming the zone which the petitioner desires to have apply to his property upon the passage of the requested ordinance, and the petitioners shall procure and have endorsed upon the petition, the consent of the owners of 75% of the property located within 200 feet of the premises of the petitioner which front upon the same street or streets as the petitioner's property, and no application for change of zone shall be considered by the Township unless presented in accordance herewith."

Virginia Sainte-Marie Directed Play

Miss Virginia Sainte-Marie, a senior at New Jersey College for Women, presented a one-act play, for which she was in complete charge of production and casting, Tuesday and Wednesday evenings before an invited audience at the N. J. C. Little Theatre. Miss Sainte-Marie, daughter of Mr. and Mrs. Ovide L. Sainte-Marie of 18 Main street, majors in dramatic arts at N. J. C. She is a graduate of Regional High School.

Miss Sainte-Marie, who has been acting in her class at N. J. C., was responsible for the lighting, costumes, stage sets, and made up for the play she directed. As well as for the acting, roles which were taken by freshmen and sophomores of Rutgers University and N. J. C. She has also appeared in Little Theatre productions of "Stage Door," "Our Town," and "The Taming of the Shrew."

RELIEF FOR BIRCH HILL FORESEEN

Mountainside Mayor Favors Drainage Program Aimed At Assisting Citizens In That Vicinity

MOUNTAINSIDE—Declaring that by the next meeting the situation ought to be "all wrapped up," Mayor John Moxon expressed approval of a resolution introduced by Councilman Winfield Tan at the council meeting Tuesday night which would attempt to rectify drainage problems in the Birch Hill section of the borough. Members of the recently formed Birch Hill Association, many of whom were present at the meeting, have been trying during the past months to get the council to remedy drainage and sewerage conditions in their neighborhood.

The resolution provides for the installation of three catch basins at strategic points in the section and the repair of other catch basins. It also provides for a pipeline, connecting the basins, which, it is hoped, will alleviate the water conditions, described by one Birch Hill member as "deplorable."

Cost of the project which also requires the cooperation of the Board of Health is not to exceed \$1,200. Concerning the cost, Mayor Moxon

Receipts Total \$450 On Luncheon Project

Total receipts of the recent card party and buffet held for the benefit of the School Lunch Project was announced as \$450 by the committee in charge, which expressed satisfaction at the result. After expenses have been deducted, the committee expects that \$450 will be devoted to the equipping of the lunch room in the Raymond Chisholm School, where the work is progressing nicely. The committee wishes to thank all those who contributed and helped to make the card party a success, and invites anyone interested in visiting the lunch room to do so at any time.

Services Held For George W. Parsell

Funeral services were held Monday afternoon at Young's Funeral Home, Millburn, for George W. Parsell, 39, of 87 Mountain avenue, a life-long resident, who died Friday morning at Overlook Hospital after a brief illness.

The Rev. Raymond E. Neff, former local Methodist pastor and now of the Arlington Methodist Church, officiated. Burial was in the Presbyterian Cemetery, with members of the Fire Department serving as pallbearers. These were: George Sisco, James Haggell, Arthur and Walter Schramm, Herbert Fay and Charles Ruby, Jr.

Science Talent Search Examination Held Today

Preliminary examinations in connection with the national Science Talent Search were held today at Regional High School under the supervision of Walter Hahn, head of the Science Department and William L. Manze, director of guidance. Five students took the test.

The Science Talent Search, conducted by the Science Clubs of America and sponsored by Science Service, is to discover and help develop scientific talent that will be of value to the nation in war and in peace. Forty boys and girls who lead in the preliminary examinations will be given expense-paid trips to Washington for the final examination, after which two contestants, a boy and girl, will be selected to receive grand scholarships of \$2,000 each. Eighteen contestants will receive scholarship grants of \$200 for one year.

Son of Walter Hobbs

Mr. and Mrs. Walter Hobbs of 60 Sovereign avenue, announced the birth of a son, Theodore Albert, at Overlook Hospital, Summit, on Wednesday. Mr. Hobbs is a teacher at Regional High School.

Grumblings In Vain As 1,241 Already Register For Gas

Many complaints marked the first two days of the three-day registration under the Federal gas rationing program, during which 1,241 persons were enrolled in the Springfield elementary schools. Mr. J. Hodgson, supervising principal, Mr. J. Hodgson as site administrator. The majority of complaints were voiced by people seeking rationing cards entitling them to purchase more gasoline than the amount they were granted.

Concerning the rationing, Mr. Hodgson declared that the teachers were very willing to serve, but that they would have preferred not to have been compelled to make awkward decisions in assigning the registration classifications.

On the initial day, 554 cards were given out. Of these 144 were A's, permitting the holder to purchase gasoline units of three gallons of gasoline during the May 15 to July 1 rationing period; 33 were B-1's, good for eleven units of 33 gallons; 67 were B-2's, good for fifteen units of 45 gallons; 41 were B-3's, good for nineteen units of 57 gallons; and 64 were X cards, permitting the holder to purchase unlimited quantities.

On the second day, the figures were as follows: 118 A's; 31 B-1's; 75 B-2's; 333 B-3's; and 27 X's.

While motorists may appeal their ratings by applying to the local rationing board, such appeals cannot be heard immediately. Appeals must be filed on specific forms provided for the purpose, which have not as yet been received by the board.

The teachers who are serving voluntarily found it necessary to use much tact in giving out classifications, particularly in handling those who demanded X or B cards when they were only entitled to A cards. Some applicants went away grumbling, threatening to appeal; others went away, resigned, knowing that the registrars were justified.

Colby-Watkins Bridal For Tomorrow Evening

Miss Anderson Colby, formerly Miss Virginia Anderson, daughter of Mr. and Mrs. Harry C. Anderson of 140 Mountain avenue, will be married tomorrow evening at 8 o'clock to Willard D. - YOUR RED CROSS -

For the third meeting in the staff assistance course at Legion Hall Thursday afternoon at 1:30, Mrs. Henry C. McMullen, volunteer services chairman, has enlisted the help of three prominent workers from Summit Chapter.

At yesterday's staff assistance meeting, Mrs. Elizabeth Parley, executive secretary of Morristown Chapter, spoke on Home Service. From a booklet issued by National Headquarters, entitled "Facts," the following excerpt will, we believe, bring to our readers a better understanding of this service, which by Congressional obligation, is performed by the American Red Cross.

"Home Service, a Chapter function, deals with problems involving the families of service men and ex-service men... Removal of a man from his home (to service in Army or Navy) does not exempt him from home problems. Many of these problems go along with him. Often additional problems are created by the necessity of adjusting to a new kind of group life.

"The Red Cross Field Director, maintaining an office in the military or naval reservation is entrusted with the responsibility of dealing with such problems. In meeting these thousands of problems which arise among men in military service, the Field Director is there to help.

"Requests for assistance are referred to the Field Director by commanding officers. The task of the Field Director is to solve the problem or to do everything possible toward its solution. Illness in the family may result in a request for faring, possibly in a telegram request for the recruit's home.

"The Red Cross Chapter to give its help in meeting a home problem aggravating or hindering the development of an otherwise good soldier.

"Speaking in a nation-wide broadcast last Spring, General George C. Marshall, chief of staff, addressed the following words to Red Cross field directors: "When you locate for a soldier his family with whom he has lost contact, when you help solve problems of dependency, when alone or with cooperation you help to brighten on any of the great variety of tangles that human beings seem unable to avoid, you are helping to make the world a better place."

A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

The Office of Price Administration announced amounts of gasoline that motorists in 17 Eastern seaboard States will be granted upon presentation of rationing cards from May 15 to July 1. After July 1 another rationing system will be placed in effect.

Drivers for pleasure or those who drive less than six miles a day will receive 21 gallons, or an average of three gallons a week for the 47-day period. Motorists who drive from six to 10 miles a day will receive 37 gallons for the period; those who drive from 10 to 14 miles daily, 45 gallons; and drivers of 14 or more miles daily, 57 gallons. Persons whose vehicles are necessary in their employment, such as physicians and ministers, will receive unlimited supplies. The OPA estimated that about one-third of all motorists in the area will be classed as nonessential and limited to three gallons weekly.

Provisionary figures showed 423 million persons, approximately 31 percent of the total population, registered for sugar rationing. Nearly seven million persons were refused War Ration Book No. 1 because they already held more than six pounds of sugar. The OPA also reported persons or businesses needing a typewriter may not use a machine or a new portable directly from any dealer. War Production Chairman Nelson said emergency coal rationing is probable unless consumers immediately build up their reserve supplies to the limit of storage capacity.

Production and Conversion

The War Department said the Chicago Ordnance District is about to produce more tanks and tractors monthly than it produced in the entire World War I period. The Maritime Commission reported U. S. ships delivered 26 merchant vessels in April. Fifty-one vessels, double the January number, were launched during the month. The WPB established a Service Branch to clear priority and other problems confronting about 3 million service institutions—air bases, hospitals, etc. The Commerce Department said income payments to individuals during March were 21 percent higher than a year ago and reached the record annual rate of \$106 billion.

The War Front

The War Department announced the planes which recently failed Japan were U. S. Army bombers. The attack was made in clear weather, in the middle of the day, and at low altitudes. The selected targets "were accurately attacked with demolition and incendiary bombs," the Department said. Japanese broadcasts admitted that between 3,000 and 4,000 casualties and fires which raged for 48 hours were caused by the raid, the Department said.

The Navy Department said 21 Japanese warships were sunk or damaged in the battle of the Coral Sea with relatively slight losses to U. S. forces. U. S. losses will be reported when the information is without doubt. The Navy said that all Tokyo claims of damages inflicted were declared without foundation. The Navy reported 35 Japanese warships and 96 noncombatant vessels had been sunk or damaged from Pearl Harbor to May 11. Resistance of U. S. and British troops on Corregidor was finally overcome. The Navy reported the torpedoing of 10 more merchant vessels off the Atlantic coast.

Army and Selective Service

First regulations were issued for the Army Specialist Corps which was set up to make available to the Army specially skilled persons not otherwise eligible for active duty. Officers and specialists will make up the Corps. Officers' pay will range from \$2,500 for second lieutenants to \$9,000 for the Director General, and specialists' pay will range from \$1,800 to \$3,500. The Department said construction has been started on flight strips adjoining highways in a strategic area on the Atlantic seaboard. The War Department said it cannot answer individual inquiries as to Army casualties or the whereabouts of Army personnel.

Selective Service Headquarters said occupational questionnaires to determine civilian skills will be mailed not later than May 27 to men of the first and second registrational classes who are not already in the armed forces. SS Director Hershberg instructed local boards to give special consideration for deferment to individual registrants engaged in 141 essential occupations in the coal and railroad industries, as well as in ship construction and in coastal, intercoastal and offshore water transportation. SS Headquarters said a re-examination of approximately 100,000 men disqualified because of heart disorders is now advisable, because functional derangement in many cases was caused by temporary factors.

Navy

Navy Secretary Knox reported Navy personnel now total 500,000 compared with 140,000 in the summer of 1940. He said the Navy will include one million men by July 1942. The Senate sent to the White House a bill authorizing an increase of 200,000 tons in the U. S. submarine fleet. The Navy said two new aviation technical schools will be constructed at Memphis, Tenn., and Norman, Okla., to train 10,000 men every six months. The training center for Negro enlisted men will be at the Naval Training Center, Great Lakes, Ill.

California "Dimout"

The OPA ordered a "dimout" of the California coast from the Oregon border to Santa Maria, Calif., for the duration of the war, in order to keep the coastline clear of any lights that could be seen by lurking submarines. The order affects 48 cities and towns in Alameda counties. Street lights must be painted or shielded, display illumination must be shielded or eliminated, and light traffic must be rerouted or required to move at reduced speeds with parking lights only. The order was requested by the 12th Naval District and will be enforced by the 7th Regional OPA office.

Prices and Consumer Credit

OPA said it will not tolerate wholesale evasions of war workers by landlords attempting to evade maximum rent regulations by bringing in new tenants at higher rents. Beginning May 18, retail prices may not exceed highest levels charged by each seller during March and every retailer must display prominently the ceiling prices for "cost-of-living" commodities.

The Federal Reserve Board ruled installment purchases must be liquidated within 12 months and placed new limitations on charge accounts. Loans of \$1,500 or less to be met in one payment must mature within 90 days. The Board also made down payments ranging from one-fifth to one-third the purchase price mandatory on all products.

War Bonds and Taxes

The Treasury reported War Bond sales during the first six business days of May were 21 percent greater than in the same period in April and totaled more than 25 percent of the nation's May quota of \$600 million. Treasury Secretary Morgenthau, in a letter to Congress, said the time has come to lower personal exemptions under the individual income tax to \$600 for single persons, \$1,200 for married couples, and \$300 for each dependent.

Civilian Supply

The WPB prohibited use of copper, bronze or brass after May 31 in manufacture of about 100 household and common civilian items. Use of iron and steel to make more than 400 such items was prohibited after July 3. The orders include such products as waste baskets, fountain pens, flashlights, electric razors, cash registers and baking pans. Designs of glass containers were restricted to existing mold equipment. The board said this standardization would increase production of such containers by 20 percent and help meet a possible tin can shortage. Grinding of bean beans during the rest of May and June was restricted to 70 percent of the amounts ground in the corresponding period last year.

LOOKING BACKWARD

10-Years-Ago

MAY 15, 1932
The Springfield Stars, after a year's absence from the Union County League, marked their re-entry with an opening 7-5 victory over Roselle Park. Walter Thomas led the "stars" attack with three hits, while the combined home-run efforts of Lefty Martin, Steve Beck, and Bill Muller were sufficient to keep the Parkers in check.

"Petty" differences led to the rift in local Democratic ranks. Otto P. Hertz, club president, declared, "So small was the reason that it doesn't seem possible," he said. The club had split into separate factions a week before.

Fletcher Williams, colored, was arrested and committed to the county jail as a result of the discovery of a still in his home on Meekes street. The Fire Department answered a call following a slight explosion at his house. A small quantity of alcohol and distilling equipment was seized.

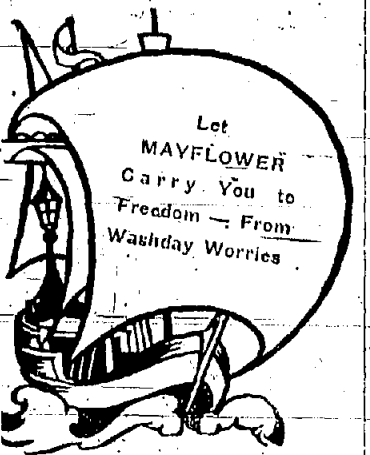

Movies playing in the nearby theatres during the week were: "The Cohens and Kellys in Hollywood," "Tarzan the Ape Man," and James Cagney in "The Crowd Reverses." An all-star cast, including Greta Garbo, Joan Crawford, and Lionel Barrymore in "Grand Hotel" was playing in Newark.

5 Years Ago

MAY 15, 1937
Patience went unrewarded for Herb Day, Russ Paynter and Cliff Lester, who made a rather lengthy journey to Hackensack to catch buses and returned with only a tragic fish story. It seemed that after arriving at the stream, they discovered that some of the necessary equipment had been forgotten. Lester tore up the roads to Springfield to get the missing paraphernalia, while the other two sat upon the banks of the stream.

ACTIVITIES OF MOUNTAINSIDE

Firemen To Present Movies, Old and New

MOUNTAINSIDE—Modern talks and old-fashioned thrillers will be combined at the gala moving picture show which the Fire Department is sponsoring this evening at 8 o'clock at the Mountain-side School. On the program are four one-reelers in sound, a Charlie Chaplin comedy, and a short five-reeler of the "Jack Dalton to the rescue" variety.

The show, which is for the benefit of the department, is in charge of Fred Wagner, A. Sevcovic, and W. Van Nest. The one-reelers which will be shown include the latest news, and shorts entitled "Japs Bomb U. S. A.," "Thrills a Second," "Clump Adventure," and a fletty Boop comedy, "The Knockout," one of Charlie Chaplin's best-known slapstick, will be presented next, and the program will conclude with "Webs of Steel," a blood-freezer and hair-raiser.

Carolyn Laing Will Be Married Tomorrow

The bride will have as her matron of honor Mrs. Edward Mowbray of Mountain-side. Maid of honor will be Miss Ruth Blaker, also of Mountain-side. Best man will be Irving Whitehill of Jersey City, and the ushers will be Henry Hager of Westfield, N. J., and John Kles of New York City.

The bride will be given in marriage by her father. She will be attired in a white tulle taffeta gown with a shoulder length veil trimmed with orange blossoms and carry an old-fashioned nosegay. Mrs. Mowbray will wear a gown of aqua tulle and carry a bouquet of spring flowers. Miss Blaker will wear yellow tulle and also carry spring flowers.

Miss Laing is a graduate of Westfield High School, Mr. Motin attended New York University, and is a graduate of Bloomfield College, Bloomfield, N. J. He now attends the Theological Seminary.

After a trip to the New Jersey shore, the couple will reside at Morristown.

Work would have to make definite provision concerning the water conditions of the grounds contemplated for development. Fire Ordinance Introduced. Councilman Rau also introduced an ordinance, passed on first reading, outlining the complete organization and administration of the Mountain-side Fire Department. The ordinance stipulated such items as membership qualifications, duties of officers, and compensation to be paid officers and members who attend a certain number of fires. Public hearing will be held at the next meeting of the council on June 9.

Mayor Moxon appointed Frederick Schuler of Summit road, and James Howard of Woodland avenue as special police officers. He appointed Freeman Kent as a member of the Police Reserves, bringing the total of reserves up to twelve.

A request of the Wychwood Corporation for the council to pave Underhill road from the Westfield line to the end of the road, a distance of about 300 feet, and to assess the property owners, was denied by the council. Concerning the request, Mayor Moxon said, "It is contrary to our practice. The developers usually pave their own roads."

A resolution presented by Councilman Merle Hoy provided that George Wilson of Union be permitted to purchase lots on Cedar and Poplar avenue now held by the borough for taxes.

The mayor, in announcing the observation of "I Am an American Day," on Sunday reported that the Defense Council would celebrate the day by a salvage collection of iron and tin cans.

Borough Clerk Robert Laing swore in Fritz Honecker as dog warden.

MISS CAROLYN LAING

MOUNTAINSIDE—The marriage of Miss Carolyn Laing, daughter of Borough Clerk and Mrs. Robert Laing of Parkway, to Paul Motin, son of Mr. and Mrs. Nicholas Motin of Dorothy, N. J., will be held tomorrow afternoon at 4 o'clock at the Mountain-side Union Chapel, Dr. William McKimney, pastor of the Presbyterian Church of Westfield, will officiate.

The bride will have as her matron of honor Mrs. Edward Mowbray of Mountain-side. Maid of honor will be Miss Ruth Blaker, also of Mountain-side. Best man will be Irving Whitehill of Jersey City, and the ushers will be Henry Hager of Westfield, N. J., and John Kles of New York City.

The bride will be given in marriage by her father. She will be attired in a white tulle taffeta gown with a shoulder length veil trimmed with orange blossoms and carry an old-fashioned nosegay. Miss Laing is a graduate of Westfield High School, Mr. Motin attended New York University, and is a graduate of Bloomfield College, Bloomfield, N. J. He now attends the Theological Seminary.

After a trip to the New Jersey shore, the couple will reside at Morristown.

Michael P. Volino of 870 Mountain avenue is among those who will be inducted into the Army on Monday.

Michael Guilloffe, Jr., son of Mr. and Mrs. Guilloffe of Central avenue was home on a three-day furlough this week.

Donald Pittenger, son of Mr. and Mrs. Gilbert Pittenger of Central avenue was host Saturday afternoon at a party celebrating his seventh birthday. Among his guests were Catherine Von Horstel, Arthur and Robert Brahm, Billy Kayak.

Seeking Metal Salvage Sunday In Mountainside

MOUNTAINSIDE—Metal salvage collection will be held Sunday, starting at one o'clock. Trucks, preceded by local Boy Scouts, will follow the same route as they followed in the paper salvage collection held two weeks ago.

Residents are requested to place their waste metal, including flattened tin cans, iron and other metal articles, on the curb in front of their homes. Boy-Scouts will assist in tying and arranging the material, and the trucks will follow to pick it up.

The collection is sponsored by the Mountain-side Defense Council under Chairman Merle Hoy, Charles Wadas and P. H. Stedman are in charge of the Salvage Committee of the council.

Portion of Estate Left to Country Home

MOUNTAINSIDE—The Children's Country Home, New Providence road, and Mrs. Zora Mowbray of Eastlis, Pa., were left an equal share of the residue of the unvalued estate of Mrs. Laura K. Egel, for many years a resident of Westfield, who died April 27. The inheritance was disclosed last Friday when the will was submitted for probate by Surrogate Charles A. Otto, Jr., in Elizabeth. Mrs. Egel was the widow of Dr. Chauncey M. P. Egel, well-known Westfield physician who died several years ago.

In addition, the Children's Country Home was bequeathed the sum of \$5,000 for the purpose of providing one bed in the institution in memory of Dr. Egel. It is requested that a memorial plate in his name be suitably provided by connection with the bed, the expense being paid by the estate.

There are plenty of things in your attic that have outlived their usefulness as well as any sentimental value. And, there are plenty of people in town who will pay for these things many times over what the classified ad that sells them for you costs! For paying results, advertise in the classified section of the community's most-read newspaper.

These old metal instruments that are waste, rusting in your barn can be welded into fighting weapons! Sell your scrap through the classified section of this newspaper. It costs so little and will bring you more money to invest in United States War Bonds and Stamps.
