"RATHER FLY THAN EAT"

"We are just looking for normal American boys who would rather fly than eat." And that's the policy of the U. S. Navy Air Force, which has "broadened" its recruiting requirements to include high school graduates between 18 and 27, who are given the opportunity of becoming aviation officers with the rank of Ensign in the U. S. Naval Reserve, or Second Lieutenant in the U. S. Marine Corps Reserve. It marks the first time the Navy has offered young men with a high school diploma the opportunity to apply for flight training leading to a commissioned officer status.

And at the present time with boys from 18 to 20 on tap for registration, there's very little in the way of a better opportunity. It's a golden chance to get in and become another O'Hare or Buckley, it's a boy's dream of becoming a heroic man.

KITCHEN UTENSILS NEEDED

Spring cleaning has probably unearthed a lot of material which, in these economical times, has new value. Frequently, however, much of the stuff would have more community good than home good. For example, the School Luncheon Committee has sent out a request for dishes, pots, and kitchen utensils, of which almost every home has some to spare. The utensils will be used to provide hot lunches for school children during the coming year. The committee is particularly desirous of getting dishes, the less chipped or cracked the better; cups, plates, saucers, etc.; cooking kettles, baking pans, and eating utensils. Give your contribution to the children to bring to school, either the James Caldwell or Raymond Chisholm School, or get in touch with Chairman Mrs. Roland Nye, 54 Brook street, Millburn 6-1681-W.

Questions, Answers Given On Blood Bank

In order that readers of the SUN may be more fully informed upon a number of questions which come to mind regarding the Red Cross program of collecting donations of blood for the "blood bank" held in reserve for the United States Army and Navy, the following questions and answers have been prepared by the American Red Cross:

Q. "How is the blood obtained?"

A. The donor lies down on a cot, the arm at the elbow is cleaned with iodine and alcohol, and a drop of novocaine is injected to prevent any pain. The doctor introduces a hollow needle into the vein and through the small tube attached the blood flows into a bottle. At the end of the donation, a sterile dressing is applied and the donor rests for ten minutes.

Q. How long does it take?

A. About forty-five minutes.

Q. How much blood is taken?

A. One pint.

Q. How do I prepare for it?

A. Live as usual but do not eat fatty food, such as cream, butter or other fats for 4 hours previously.

Q. Is it safe?

A. Yes. The donor is safeguarded. The blood is drawn under the direction of competent physicians. Thousands of donors have given their blood without harm.

Q. What happens after the blood is drawn?

A. The donor is given nourishment by the Red Cross Canteen (Continued on Page Five)

18-20 Year Olds To Enroll June 30

A large number of Springfield and Mountain Side youths born between January 1, 1922 and June 30, 1924, will be subject to selective service registration Tuesday, June 30, in the fifth inventory of the nation's manpower. The enrollment will cover young men 18 and 19 years old and those who have observed their 20th birthdays since January 1.

In Army Camps This Week

Pvt. William Bissett, son of Mr. and Mrs. William Bissett of Mountain Avenue, who is stationed for basic training with the Army-Air Corps at Brooks Field, Tex., writes: "I want to thank you for sending the SUN to me down in the heart of Texas. It does one good to receive news from his home town when he is so many miles away. I enjoy keeping up with the news and events that happen in town."

Pvt. Arthur Horstad, son of Mr. and Mrs. Arthur Horstad of Rose Avenue, is stationed at Camp Lee, Va.

Pvt. Matthew D. Andrea, son of Mr. and Mrs. John D. Andrea of 23 Mountain Avenue, is stationed at Camp Blanding, Fla.

Technical Sergeant Carl J. Colandrea, son of Mr. and Mrs. Benjamin Colandrea of 30 Millburn Avenue, is home on a month's furlough. Sgt. Colandrea is stationed in Trinidad, British West Indies, with the first bombardment squadron. This is his first visit home in two years.

Mr. and Mrs. Colandrea have two other sons in the Army, Pvt. Albert J. Colandrea, who is stationed at Fort Jackson, S.C., and Pvt. Raymond J. Colandrea, stationed at Fort Dix.

John Geston, former Regional assistant football coach, who was coaching in the Navy's physical fitness program under Capt. Danneberg, has received his commission as lieutenant, and is now in Atlanta, Ga., training with his former Regional colleague, Coach Bill Brown, for the Navy toughening program for Air Cadets.

Pvt. Ray E. Schmidt, son of Mr. and Mrs. A. H. Schmidt of 33 South Maple Avenue, has been promoted to Private First Class, 5th Technical Class, stationed at Fort Randolph, Canal Zone. Pvt. First Class Schmidt has passed all exams and is now stationed at France Field, Canal Zone, as an aviation cadet, waiting to return to the United States to begin officer's training.

Frank Siles of Mountain Avenue, who is stationed with the 82nd Airborne at Fort Ord, Monterey, Calif., has been promoted to the rank of Corporal.

Resident Granted Divorce

A divorce was granted Thursday to Ralph W. Carson of 30 Colonial Terrace from Mrs. Ruth M. Carson of 418 South Orange Avenue, Newark, whom he charged had deserted in June, 1938. Mrs. Carson withdrew her counter-claim for separate maintenance, abandoning earlier contest of the proceedings. She was allowed \$100 fee for her counsel, Morris N. Hartman, by Advisory Master Douglas Herr.

Local Defense Units Await State-wide Practice Black-out

A practice blackout, covering the entire state of New Jersey will be staged sometime during the week of May 31-June 6, was the notice received last week by Director Henry C. McMullen of Springfield's Civilian Defense from the State's Defense Council. In line with the State's 564 local defense councils, Springfield's practice committee has made preparations to test the efficiency of its protective forces without giving previous definite time warning.

Director McMullen who has charge of the preparations, said that all chairman and other officials of the local defense council have been notified that every precaution must be taken to insure against injury and accidents during the all-state blackout.

"Accidents can and must be avoided," he said. "They can be only if officials understand and obey instructions and see to it that the public and members of the protective forces do the same."

The warning will be given in the usual manner except that it will be preceded by the words "Practice-Blackout" followed by the color of the warning signal. This was done so as not to confuse it with a real air raid. It should occur during the week.

Virtually the same rules and regulations will apply during the all-state blackout as prevailed during the sectional blackouts during the recent months. All traffic will be halted with the exception of doctors, nurses or calls, U. S. mail and postal inspectors, Fire and Police cars, public utility repair crews, firemen traveling to give spiritual aid and units of the U. S. Army, Navy and Marines.

All other cars will be ordered to pull to the side of the roads, turn off lights and remain immobile until the "all clear" signal is given.

Mr. McMullen said that the test will be longer than the fifteen minutes' duration of previous tests. He refused to disclose, however, how long it would last.

Chief air raid warden Richard C. Hornor has been notified that he must immediately arrange to have posts and sector wardens prepare weekly schedules so that posts and sectors will be manned on short notice at any time of the day or night.

During the practice blackout, all wardens will be required to see that all lights on their posts are out. They were warned, however, that they are not to break windows to extinguish the lights. Citizens, Mr. McMullen said, must be instructed to turn off all lights in their homes when leaving if they expect to be away during hours of darkness. Night lights in stores, gasoline stations, road stands, office buildings and outside sign illumination must be extinguished when the last person leaves the premises every night unless an outside switch has been installed for use of the air raid warden or police reservist.

Between now and the time of the practice blackout, air raid wardens should check on all business premises and on way of leaving them off and no one on the premises shall call the proprietor and have him come to the store and turn them off.

Daughters Planning For Program On Anniversary

The fifteenth anniversary of the Battle of Belle Mead on May 17, will be observed at its regular meeting Friday evening of next week at the Legion Building. The meeting will also be the occasion of the official visit by State Councilor Mrs. Marie Hezel and her staff of state officers and committees.

The State officers will be greeted by Councilor Mrs. Helen Peterson. Chairman of the entertainment committee will be Mrs. Margaret Nash, and the refreshment committee will be headed by Mrs. Arlene Huggan.

SUN SPOTS

POPPIES BLOOMED more profusely than ever this year, according to reports from Poppy Day Chairman Dick Bennett.

The regular monthly meeting of the guild will be held Tuesday afternoon at 2 o'clock at the parish home. The Red Cross of Millburn will serve a luncheon, after which a demonstration of kitchen gadgets will be given by Mrs. Muriel Hanson, Roberts of West Orange. Following the demonstration, a business meeting will be held.

Farmers are urged by the U. S. Employment Service for New Jersey to discuss with the manager of the nearest local employment office their expected labor needs.

Don't Play With Fire!

Although hoarding both sugar and gasoline shows a flagrant lack of patriotism, trying to keep a supply of the latter material on hand may entail severe punishment, not from the authorities but from the great danger of gasoline itself. Residents are warned that no matter what precautions are taken, an attempt to keep gasoline in the home presents, either in the basement, the storage room, or the garage, is bound to have dangerous results. A child at play, a careless cigarette, a little spark and an entire home may be razed to the ground. Fire Chief Charles Pinkava urges that for the safety of Springfield, its residents, and its many fine homes that nobody attempt to store gasoline. It is playing with the most exacting kind of death.

Association Formed From Colfax Manor

CECIL M. BENADOM

The Colfax Manor Civic Association elected Cecil M. Benadom of Colfax road as president at an organization meeting held Monday evening in the American Legion Building. Over fifty residents of the Colfax Manor section were present at the meeting, which was called to form the civic-improvement association.

Other officers elected were: Vice-president, B. F. Linck; treasurer, George W. Gartz; secretary, A. J. Zirkel. Committee chairmen were appointed as follows: Eugene Becker, nominating committee; John Hoppling, taxation committee; and Irving Gridley, by-law committee.

Members of the by-law committee will meet to draw up a constitution and by-laws, which will be presented for adoption at the next meeting, the date for which will be announced. Purpose of the association is entirely civic, having as its basis the betterment and improvement of the Colfax Manor section. It will have no political affiliations.

Mr. Benadom, president of the group, who lives at 44 Colfax road, has been a resident of Springfield for two years. He is assistant auditor with the Beneficial Management Corporation of Newark, and has been with the company for 13 years, serving in its various offices throughout the country. Born in Cedar Rapids, Iowa, he attended Augustana College in Rock Island, Ill. Although he describes himself as a "former Iowa farmer," he says that now he is a "Jerseyite."

The victory garden he has produced in his yard is evidence of the pride part of his statement, but the pride with which he speaks of Springfield and his home here gives eloquence to the latter part.

Lawn Festival Planned By St. Stephen's Guild

The Women's Guild of St. Stephen's Church, Millburn, is sponsoring a lawn festival to be held Thursday evening on the parish lawn of the church. The event will be held from 7 to 9 P. M. and tea, cream and cake will be served. Mrs. Walter Hall is chairman of the committee in charge of arrangements.

Five boys who are in the service sent their pictures recently to Rochford Era of Palisades way, who assembled them in the V for Victory symbol, rephotographed them, and presented them to the SUN. The boys, in case you don't recognize them in uniform are, reading across, Raymond (Bud) Coffey, Walter Koping, Sgt. Arthur R. Swanson, Sgt. Edward Swanson, and Jimmy Widmer.

Koping and Widmer are of Roselle Park, although the latter is a former local resident. Koping will be remembered as having played football several years ago with the Springfield Stars.

Ordinance Changes Milk License Fees

The Board of Health Wednesday of last week adopted an amendment to its sanitary code, fixing new milk license fees based upon monthly analysis of samples taken from delivery trucks.

Theoretically, a \$25 license fee was levied on an annual basis, the greatest portion of which was devoted to examining samples for butter fat content, bacteria and pasteurization. This has been modified and under the new regulations, it is required that during the year, twelve tests will be made, either under direction of Health Officer Dr. Henry P. Dengler, at a cost of \$2 per analysis, or from an independent but approved milk testing firm. Reports will be submitted monthly to the Board of Health.

Eighteen Motorists Lose Their X Cards

Eighteen gasoline rationing cards of the X classification were annulled at a meeting of the Springfield Rationing Board Tuesday evening and holders were given cards of another classification. The board reviewed twenty-eight cases at the meeting.

The total number of X cards issued in Springfield is now 78, according to figures of the board. Ninety cards were originally issued, three were voluntarily returned, and eighteen were changed the other evening.

All holders of the X cards, which permit them an unlimited quantity of gasoline, accepted reclassification without complaint. Rationing Chairman Carl Z. Alexander said:

COACHING PROBLEM GETTING TOUGHER

Newly-Appointed Coach Joe Hughes Sees Assistants As Hard To Get, With Army and Navy Taking Eligibles

of the boys, is all new material." Part of the problem will be solved this afternoon when the County meet will be held in Plainfield, Regional, who has four wing and one defeat on its slate so far, will probably star in both the dashes and pole vault, for which George Smart and Fred Dannaeman, respectively, have held county records in the pole vault. Regional also depends on Roddy Lester and Ray Schramm, who have frequently tied Danneberg in recent meets. Charles John-sma is expected to place in the half mile and javelin, and Tom Steyer and Johnny Knechtling in the low hurdles. Albert Nelson is a good possibility for points in the high jump and Bobby Keller in the discus. Others who will compete for Regional are Vincent Sabbo, Don Irving, Jim Nash, and Frank Gwathmey.

"Although new material has its advantages," Coach Hughes continued, "there are also some drawbacks. The one defeat of the season, the meet with Union, was because of lack of experience. The boys were up against some tough luck, and more experience would have helped. As it is, George Smart set two county speed records in that meet."

Coach Hughes is an experienced athlete himself. At Montclair State Teachers College, his Alma Mater, where all he needs is another summer for his Master's Degree, he was a physical education minor, played football, basketball, and was on the track squad. His first coaching job was in Washington, N. J., where he handled all sports.

Questioned as to Regional's football prospects for next season, he said that they were "fair," and that in football, as well as all other sports under his supervision, he would "follow Coach Brown's policies."

As for the possibility of the Armed Forces getting him, Coach Hughes says that he doubts if he will be called for another year at least. His draft classification is 3-A.

"How about the Navy's training program? Would you like to get into something like Coach Brown's?"

More Sugar For Canning May Be Obtained Here

With the first canning season approaching, the Rationing Board has issued regulations outlining for housewives the procedure for securing extra allotments of sugar for canning purposes. Applications are on hand at the Rationing Office in the Town Hall, and may be obtained in the mornings from Mrs. George Morton, board clerk, standing Monday.

The canning allotments of sugar permits any person who registered for a War Ration Book to obtain a pound of sugar for each quart of finished canned fruit, and one pound a year for preparing preserves, jams, jellies, or fruit butters. Allotment will also be determined on the basis of the number of quarts canned by the applicant last year, with the one pound to four-quart ratio holding.

These allotments are available only during the New Jersey period. The first ends on or about July 15, and the second starts about that time. Applicants will receive one-third of the amount requested for the present season, and the balance after July 15.

Demolish Buildings, Dengler Recommends

Recommendation for a program to demolish old buildings found to be beyond repair, unsafe or unsightly, was proposed by Dr. Henry P. Dengler, health officer, to the Board of Health last Wednesday. Three houses, occupied or recently vacated, were ordered condemned and destroyed after his report.

Notices were authorized sent to tenants to vacate, one of which is located on Evergreen Avenue and another in Ruby street. Two of the places would be padlocked and boarded up and the third, owned by the township, would be demolished.

Board members seriously pondered over a plan to have the Fire Department consulted over a suggestion that it would be feasible to have the auxiliary fire reserves burn the building, but on later thought, refrained from such action on the theory that it would not meet with public favor.

No Immediate Alarm About Meat Shortage

In speaking to the Irvington Red Cross Nutrition Group on Monday evening, Roy Waldeck, of 41 Park Lane, meat packing official of Newark, stated that there was no immediate alarm for a shortage of meat because the country was now producing over one hundred million hogs which was ample to take care of our normal consumption and our Army, Navy, air force, and Marines, as well as the lease-lend requirements, that the United States government was now shipping close to two billion pounds of food monthly to our Allies on the lease-lend basis.

Waldeck placed his finger directly on the Farm Block for the present high prices of meat and the confusion with reference to ceiling prices.

"This is a war of nerves and we, on the home defense, do not need guns and ammunition, but we do need good strong, healthy bodies so we can think right, talk right and do things in the American Way."

In putting this point across, Waldeck stated that the United States Army is now feeding all soldiers and marines on the basis of 400 pounds of meat a year, that the average consumption for the folks at home is only 100 pounds.

Waldeck also pointed out that while we realize that it really matters what we eat, most of us, when we go to the test, are not sure what to eat and explained that in the final analysis, a good, balanced diet consists of eight basic food-groups: meat, milk, eggs, fruit (raw or cooked), vegetables, breads-cereals, butter and potatoes; and that meat tops this list because it is very high in protein, calcium, phosphate and iron. If we include these eight basic foods in our daily diet, we can eat other foods that suit the palate as these eight will keep the body strong and healthy.

Miss Pfeister, in charge of the Irvington Nutrition Group, introduced Mr. Waldeck and reported the largest attendance on record for this group.

Sleep Causes Crash

Raymond D. Voltz, 47 years old, of 410 North Ridgewood road, South Orange, suffered face lacerations but cuts on the knee when his auto struck a tree on Baltusway way last Thursday night. He told police that he had fallen asleep at the wheel. He was taken to Overlook Hospital by Patrolman Nelson Siles.

Parking Lot Plans Not Being Delayed

Although three outside bids were recently selected by the Township Committee to construct a municipal parking lot on Center street because they exceeded estimates, the local governing body is proceeding with its plans, even to the extent of having its own crew crew handle the details.

The lowest bid, \$2,933, was more than the \$2,000 limit set up by the board. In order that the project continue without further delay, Engineer Arthur H. Lemox has been authorized to expend a limited amount to fill in the low bid and in so doing, have the property properly graded.

Thomas H. Lyons, local extensive property owner, has allowed the committee to cart dirt from land he recently acquired in Center street. The fill will be used in leveling the municipal parking grounds, and the township road department will be used for that purpose, under direction of Engineer Lemox and Charles D. Horster, local food foreman.

The United States Employment Service is the key agency for bringing men and jobs together to speed up the wartime food production program.

July 4 Celebration Plans Will Be Aired By Town Committee

The Township Committee agreed Wednesday to wait until detailed plans were formulated for a July 4th celebration before it would consider underwriting part of the expense for such a celebration. The matter will be brought up before the committee at its June 10 meeting, when the plans will be submitted.

The request was made to the committee by Herbert A. Kuvlin, who is on the American Legion Committee for the July 4th celebration program, and who stated that he was merely "fooling the Committee" concerning its attitude in sharing the celebration expenses.

The committee passed on final reading the ordinance which vacated a portion of Murey and Morris avenues.

Upon the motion of Committee-man Fred A. Brown, the committee authorized Township Clerk Treat to send a letter to George F. Treiber arguing him to take further action in clearing the vacant house on Morris avenue between Washington and Colonial avenues of rats.

Mr. Treiber had written to the committee stating that he would attempt to eliminate the rats from the property, but according to Brown, his efforts were not successful.

The committee was in receipt of a letter from the Board of Public Utilities Commission, informing them of an increase of 15 per cent. in rates of the Commonwealth Water Co., effective June 15. Committee-man Gregg L. Frost was named to inquire into the reasons for the increase, and discussion of the matter was postponed to the next meeting.

Floats Being Planned For Memorial Parade

Two floats and a large contingent of members from the American Legion, police and fire departments and reserves, the Red Cross, and all units of the Springfield Defense Council will participate tomorrow in the annual Memorial Day Parade. The groups will meet at the Town Hall at 8:30 A. M. to form the parade which will then make its way to Millburn, where according to the custom of alternating leadership, the Millburn group will assume leadership of the procession.

Plans have been prepared for the parade by both the Red Cross chapter and the disaster relief committee of the Defense Council. All officers of the former organization will ride on its float, and the latter float will depict work of the council.

After meeting the Millburn parade, the combined procession will move through Millburn down Millburn Avenue to Springfield via Short Hill Avenue, Severn Avenue, Prospect Place, and Morris Avenue. Both the Methodist and Presbyterian Committees will be visited.

The committee in charge for Springfield are Fire Chief Charles Pinkava, Eremont T. C. Davidson, Enos Parcell, and John King, with the Continental Post, American Legion, being represented by a committee consisting of Herbert Day, William Young, and Richard C. Horner.

Defense Workers Asked To Apply Early For Retreads

In calling attention to the importance of the tire problem, the Springfield Rationing Board has issued a statement addressed particularly to defense plant workers. The statement reads as follows: "The shortage of new rubber and the impossibility of getting synthetic rubber in any quantity during the balance of this year and probably the next year has made the tire problem very acute. It is necessary, of course, to get the transportation for defense workers to and from their work. This use of tires alone is very large, but necessary. We have noticed that many of the workers in defense plants are using their tires too long before having them recapped. It is becoming more and more necessary to furnish the old tires for recapping on account of the shortage of carcasses for that purpose. The Rationing Board, therefore, requests that workers in defense plants make application for retreads before their tires are worn to such an extent that they cannot be recapped.

The Rationing Board asks that if card holders applying for more gasoline furnish a daily record to support their requests. The board's statement on the matter is as follows: "The Rationing Board suggests that each holder of a B card keep a daily record of the mileage used for business purposes as it is going to be necessary for anyone holding a B card, in applying for additional gasoline to furnish such a record. The Rationing Board is going over all the B cards as well as the X cards to make sure that each holder is entitled to card that he has."

LOOKING BACKWARD

10 Years Ago

MAY 29, 1932. Fire Chief Charles Plunkava suffered minor injuries when he rescued a stranded parrot from the second floor of a blazing dwelling at 22 Mountain avenue. Several children were taken from the house before the firemen arrived. The house was owned by Peter Cazzalano. Damage was estimated at \$1,000.

A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association. President Roosevelt, in a special message to Congress, reduced his WPA effort for fiscal 1943 from \$165 million to \$285 million. He said the war effort is drawing workers from every available source, thereby reducing the need for a public relief program. For most labor shortages, he said, even organized liberation of workers may be necessary. The revised WPA program would provide for an average monthly employment of about 1,000,000 persons who will not be hired by private employers because of age, lack of skills, or other handicaps.

Rubber and Gasoline

The WPA said if Americans do not conserve the transportation miles in their tires it may be necessary to transfer automobiles and tires to communities where they are needed. The board reported no rubber can be spared in 1942 or 1943 to make new tires for ordinary passenger cars, because the armed forces need all the rubber the nation can muster from its synthetic, synthetic program and greatly curtailed crude sources. The synthetic program might produce 30,000 tons of rubber this year and 350,000 tons in 1943, the board said. Price Administrator Henderson reported a preliminary count of car owners in the Eastern rationing area showed about 10 percent received X ration cards, 31 percent received A cards, 11 percent received B-1 cards, another 11 per cent received B-2 cards, and 29 percent received B-3 cards. The OPA ruled X cards must be surrendered if the essential purpose for which they were issued does not cover "substantially all" of the use of the cars for which they were provided.

The Armed Forces

House and Senate conferees agreed on legislation to increase the pay of privates and apprentice seaman to \$42 per month, and of privates first class to \$48, and to provide pay raises for the other ranks of enlisted men. President Roosevelt set June 29 as the registration date for young men between the ages of 18 and 19 and for those who reached their 20th birthday between December 31, 1941, and June 30, 1942. Only men 20 or older are subject to military service under the Selective Service System.

The Navy announced it will begin recruiting about 1500 Negroes a month on June 1. The Marine Corps' first Reserve battalion of Negroes will recruit about 500 men during June and July. The Marine Corps also reported it will waive certain physical requirements in order to present commissions to civilian specialists 20 to 50 years of age. The Army doubled the quota of III-A SS registrants it will accept monthly as volunteers for officer training.

Women's Army Auxiliary Corps

Recruiting for the Women's Army Auxiliary Corps' first Officer Candidates School will begin May 27, the War Department reported. Applicant blanks may be obtained only by going in person to one of the 410 Regular Army recruiting stations throughout the country. The term of enlistment will be for the duration of the war and for not more than six months thereafter. Officer candidates must be citizens of the United States, between the ages of 21 and 45, with a high school education or its equivalent, in good health and of excellent character. They may be married or single. The first class will consist of approximately 450 women, and will begin about July 15.

The War Front

President Roosevelt said the U. S. still faces the prospect of a long war and overly-enthusiastic optimism about its progress is not justified. The President presented the Congressional Medal of Honor to Brig. Gen. James H. Doolittle who led the party of 80 men who bombed the Japanese mainland in Army B-25 bombers April 18. No U. S. planes were shot down in the raids. Gen. MacArthur's headquarters in Australia reported the sinking of another Japanese cruiser, two cargo ships and two enemy transports. United Nations planes in Australia destroyed 17 enemy aircraft and damaged nine others. Twelve more United Nations vessels were sunk by enemy submarines in the Atlantic and Gulf of Mexico.

Protection of Civilians and Essential Facilities

The President announced the Federal Security Agency, Office of Civilian Defense and Red Cross have agreed upon a coordinated plan to assist civilian victims of enemy action in this country. The OGD Emergency Medical Service will have immediate responsibility for care of persons injured by air raids of shelling, and emergency feeding and housing will be under OGD Local Defense Corps. The Red Cross will furnish supplementary services such as ambulances. The President directed the OGD to formulate (with War Department approval) a Facility Security Program to protect "essential facilities" such as highways, communication systems, utilities and mines against sabotage, and to correlate it with such programs already placed in effect by the Army, Navy and Federal Power Commission.

Transportation

The Office of Defense Transportation banned operation of all sight-seeing bus services and restricted use of chartered buses to such essential operations as transporting members of the armed forces, war workers and school children. Four bus lines operating between New York City and Washington, D. C., were ordered to drop their sight-seeing, tour schedules, permit interchange of tickets and eliminate duplicating runs. The ODT also reported it has selected a survey of interest bus and rail-motor passenger travel in 100 selected cities to determine necessary adjustments of travel requirements or available facilities. The office requested employers to help reduce weekend travel by arranging mid-week departure for employees who plan vacations.

Housing and Construction

Nineteen AFL building trade unions signed an agreement with the Government to stabilize wages on Federal construction for one year at rates paid under collective bargaining agreements in effect July 1, the Labor Department reported. A seven-man Wage Adjustment Board, comprised of Assistant Labor Secretary Tracy, three members of the building trade unions and three representatives of the Government agencies involved, will administer the agreement. The House completed Congressional action on legislation to increase from \$300 million to \$500 million the amount of housing loans which may be insured by the Federal Housing Administration. The Federal Public Housing Authority said it will receive bids in June on construction of 31,000 housing units.

Your Garden This Week

BY FRED D. OSMUN
County Farming Agent

When the transplanting is finished—and even while it is going on—the big job in the garden is weed control. Just as the weeds usually have germinated and started to grow, is the very best time to control them. A good rake, used vigorously, is one of the best tools with which to do the job.

Get your sprayer and duster ready for the control of insects and diseases. Phlox and delphinium should be sprayed regularly with Bordeaux mixture to control leaf-spot and other diseases. Roses should be dusted regularly with dust containing 50 per cent sulphur and 10 per cent lead arsenate. After the disease starts, spraying does very little good, so it is necessary to anticipate it and spray at once.

One reason a rake is better than a hoe is that you won't go too deep. In the perennial border—and beds if you try to cultivate deep, you will probably do as much damage as good, for you will cut too many feeding roots. Remember, cultivation is to control weeds and not to stir the soil. If the soil is in proper shape, has enough organic material in it and enough plant life, it will keep the proper structure for the growing of plants without your trying to better it by digging it up.

Insects are more readily controlled if close watch is kept on the plants and the appropriate material applied before the population attains too great a size. Use a stomach poison, such as arsenate of lead (see leaf cutting insects and a contact insecticide, such as nicotine sulphate, pyrethrum, or rotenone, for sucking insects).

Rationing Board Now In Permanent Offices

MOUNTAINSIDE — Announcement has been made by Alan Johnston, chairman, that the Mountain Side Rationing Board is now established in its permanent headquarters at the Borough Hall. The office is open every day except Sunday, from 2 to 5 P. M. and is under the supervision of Mrs. James H. Hoag, Mrs. William Stevenson and Mrs. Walter H. Rupp.

Board Officials Named

MOUNTAINSIDE — Republicans Mrs. Eleanor Pittenger of Central Avenue and Charles B. Murphy of 631 Woodland Avenue were recently named to serve as district election officers for the borough by the Union County Board of Elections. Democratic places have not yet been filled.

CAN STILL KEEP HOMES IN REPAIR

Lumbermen's Association Secretary Points Out There's No Limit in Keeping Up Maintenance

"Thousands of homes in America need repairs and work done on them to maintain them in 'good condition,'" says G. E. De Nike, secretary of New Jersey Lumbermen's Association, "and these homes are in need of maintenance in general. It is not necessary to get the job done in one year. There are no limitations on this work and there is no limitation on it."

"When the Government set about to conserve critical materials necessary for our war effort and issued its recent Conservation Order, it took into consideration the fact that home-owners must likewise conserve their property investments, and the best way to do so is to keep them in repair. For that reason, the Government exempted from its limitation order repairs and maintenance work needed to keep a structure in sound condition, providing such work does not involve structural change or change in design."

"The average individual who owns his home should know, too, that contrary to the impression which exists in many places, lumber and building materials are not 'frozen' and may be procured for use in a number of ways as established by the Conservation Order."

"To obtain these materials, it isn't necessary to have a permit or go through a lot of red tape. If the roof is beyond repair, a new one can be put on. No one will question that. If the porch is in need of attention, it, too, can be fixed. You can get windows, doors, screens, storm sash, wallboards, flooring, and similar materials for use in a number of ways as established by the Conservation Order."

Mountainside Joins War Chest Campaign

MOUNTAINSIDE—This borough will be one of nine municipalities participating in the War Chest of Eastern Union County, the organization meeting for which was held Monday evening in Elizabeth. The War Chest will conduct an annual Fall campaign to replace all other fund-raising activities except those of the Red Cross.

Mayor John Moxon appointed Theodore V. Mundy, president of the Mountainside Community Association, as chairman of a committee representing the borough on the War Chest. Other members of the committee are Mrs. Donald Maxwell and George R. Danenhour.

The other eight communities participating in the War Chest, of which Kinsey, N. Merritt, Elizabeth, Linden, Hillside, Roselle, Totopah Park, Redway, Koussouth and Clark Township, Cranford, Springfield, and Union Township are considering the plan and are expected to be represented at the next meeting of the executive committee on Monday night at the Hotel Winfield Scott, Elizabeth.

Richard Greaves Feted On Eightieth Birthday

MOUNTAINSIDE—Richard T. Greaves was guest of honor at a surprise birthday party given for him Wednesday night by members of the Mountainside Union Chapel at the chapel. The party was in honor of his 80th birthday. He was presented with an engraved Bible.

As part of the program at the party motion pictures were presented by Rev. Howard Duell, missionary. The pictures described missionary life and work in the Ozark Mountains of Arkansas.

WANT ADS BRING RESULTS

exists for war workers. "Retail lumber and building material dealers are generally well informed and are in position to help the average person take care of his needs within the scope of the Government Conservation Order."

"When in doubt any specific job that comes up around the home or any new building you would like to erect, the local retail lumber and building material dealer will gladly advise you with and provide the facts which are essential to your proceeding with the work to be done."

"Neither as a nation nor as an individual do we expect to gain if we allow property to depreciate beyond the point of salvage. Such a condition was never intended nor is expected."

'Cygnets' On Echo Lake

MOUNTAINSIDE—To cross word puzzle experts "cygnets" is an easy one for a six-letter word meaning "a young swan." Echo Lake Park can show the crossword puzzle expert what a "cygnets" actually looks like. The park boasts the only four-cygnets in the Union County Park system. They say the "light of day" last Saturday morning.

Commercial Motorists Fined At Mountainside

MOUNTAINSIDE—Recorder Charles Dunn has cracked down on a number of automobile owners who have cars registered as commercial vehicles and have failed to paint their names and addresses on them, according to State regulations. Four owners were fined by the recorder for the violation in Police Court last Thursday night.

Parent-Teachers Held Election At Borough

MOUNTAINSIDE—Mrs. Theodor V. Mundy was re-elected president of the Mountainside Parent-Teacher Association at the annual meeting held last Thursday at the school. Except for meetings of the executive group to plan for next year the meeting concluded Parent-Teacher activities for the year.

Other officers elected were: Mrs. William Parkhurst and Mrs. LeRoy Minton, who were re-elected as vice-presidents; Mrs. Harry Bergman, secretary; Mrs. Charles Shomo; and Mrs. Malcolm Cady, who will serve another term as treasurer.

Mountainside Notes

The teachers of Mountainside School tendered a luncheon Tuesday afternoon at the Mill Lane House, to Miss Blanche Reichert, school nurse, who recently resigned her position.

Miss Josephine Lantz of Beech Avenue was hostess last Wednesday evening at a buffet supper and lawn party for a group of girls who work with her in the office at Western Electric Co. Company.

The officers of the Parent-Teacher Association met yesterday afternoon at the home of Mrs. William Parkhurst of Mill Lane, first vice-president, to appoint chairman of standing committees.

Borough Esquire Malcolm Cady left this week for Lake Seneca, N. Y., where he will be working for the next few months on a government project.

Mrs. and Mrs. Barney Lantz, sons of Mr. and Mrs. Barney Lantz of Beech Avenue, who are in service with the U. S. Navy, are home on furlough from Great Lakes Training Station, Ill. They returned home Sunday and will leave Wednesday for Navy Pier in Chicago to begin training as aviation mechanics. On Sunday and Monday they entertained Frank Charlin of Brooklyn, N. Y., who has been stationed at the Great Lakes Station with them.

A variety sale was held Wednesday afternoon by the Ladies Aid Society of the chapel on the lawn of Mrs. Charles Herrick, Parkway. Hostesses for the meeting of the society were Mrs. Charles Shomo, Mrs. Harry Weber, and Mrs. Fred Roeder. Election of officers will be held at the next meeting of the group to be held on June 24 at the home of Mrs. Charles Rinker, Route 28.

Announce Son's Birth

MOUNTAINSIDE—Mr. and Mrs. Franklin Palencas of 15 Tanglewood Lane announce the birth of a son on Wednesday of last week at Muhlenberg Hospital. Mrs. Palencas is the daughter of Mr. and Mrs. C. Ernest Conover of Plainfield.

Everyone Is A Member

MOUNTAINSIDE—No longer will the Mountainside Library hold its annual campaign for members. By a change in the Constitution, the Library Board abolished the yearly drive for the simple reason that it is no longer necessary.

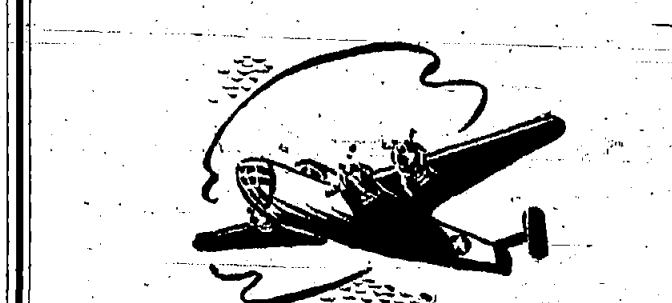

Owing to the funds provided for the Library in the budget of the Mountainside Community Association, which was successfully formed this year and which raised a quota of almost \$2,000, the annual membership drive is unnecessary. According to Mrs. John Moxon, president of the board, the contribution of the association for the library, which amounts to \$400, makes every resident of Mountainside an active member of the library.

Coaching Problem

"I don't have a physical education major," he replied seriously. "My major is in science and my Master's Degree will be in science. I guess when I get into the service it will be as a plain buck private." Meanwhile, he'll be found in his Regional office adjoining the gymnasium, engaged in the difficult task of turning out victorious teams for Regional and keeping all Regional boys physically trained.

SAVING "SCRAP"
is everyone's job today

COLLECTING all "re-usable scrap" has long been part of the day's work for telephone installers, spicers, repair and maintenance men.

But with them, as with millions of other Americans in homes and industry, the "scrap" we save today has a new and far greater importance, for it goes into the Nation's metal pile for use in war production.

Last year telephone workers in New Jersey saved more than 1,900 tons of "scrap"—bits of cable containing copper and lead; broken equipment, iron, steel, aluminum, solder, rubber-covered wire—a sizable salvage pile built up from the day-to-day job in one field of activity.

Regionalogue Ready

The Regionalogue, high school yearbook, will come out in June. This year's edition will be bigger and better than ever before.

Increased support from underclassmen has boosted the circulation of the Regionalogue from 290 in the first year, 1937, to 550 subscriptions for the present issue.

The financial end of the yearbook is progressing nicely, with revenue coming in from advertisements, all class transcripts, benefit shows, dances, and of course, retail sales.

Shorman Williams, elected editor-in-chief, has been assisted by the following: literary editor, Alice Valentine; art editor, Richard Tompkins; sports editor, Waldemar Dopieralla; and Marie Salvatorelli.

The rest of the staff includes: literary staff - Ingeborg Bulhke, Florence Smolter, Edward Mencheris; Ruth Swartz, John Tapscher and Mary Wanders; photography staff - Hartley Ferguson, Albert Eng and Nick Phillips; art assistant, John Kundrat; general staff - Fred Spitzhoff, Helen Keating, Magdalena Hirsch, Dorothea Jay, Mary Kelly, Ann Dofeljecker, Elizabeth Puckelman, Eleanor Canick, Betty Shapiro, Evelyn Gentle, and Ruth Meislik.

On the business staff are Gertrude Korolski, Fred Spitzhoff, Jeannette Brown, Alice Dunham, Dorothy Pratt, Willard Hahn, Mary Lou Jones, Marie Koonz, Robert Southard, Jane Steltz, Evelyn Weber, Merle Patton, Helen Keating, Roberta Walker, Leona Lamb, Roddy Lister, John Gannanick, Henry Pfeiffer, Rudy H. Nunnis, Mike O'Connor, Jean Carmichael and Marjorie Geiger.

All-State Chorus

Regional had three of its students selected to represent the State in the All-State High School chorus that sings annually at the Atlantic City Teachers' Convention.

The students had to pass two preliminary tests. They are Phyllis Bunell, Roberta Walker and Cornelius Sullivan. In addition, Peggy Jones will play with the All-State orchestra.

Junior Prom

The annual formal dance given by the Junior Class in honor of the Seniors will be held in the gymnasium of the High School this evening.

Chaperones include residents from the six towns represented at Regional. They include Mr. and Mrs. Harry Koller of Clark, Mr. and Mrs. George Martin of Springfield, Mr. and Mrs. Harold Curtis of Berkeley Heights, Mr. and Mrs. William Arthur of Kenilworth, Mr. and Mrs. Joseph Nash of Garwood, Mr. and Mrs. Paul K. Davis of Mountside, Mr. and Mrs. Harry Ladang, Mr. and Mrs. Alfred Cookman and Miss Gladys Kanner.

First Aid and Rescue Squad

A first aid and rescue squad has been organized at Regional to have complete charge of all first aid cases. It is under the direction of Mrs. R. R. Montgomery, R. N., and Miss Carolyn Phillips, gym instructor.

A corps of 46 students have been appointed as stretcher-bearers, messengers and first aiders.

Questions, Answers Given On Blood Bank

(Continued from Page One)

Service, rests for a few minutes, and can then resume his usual activities.

Q. What is done with the blood?

A. It is sent to a laboratory where it is processed into dried plasma, made ready for use as a transfusion and delivered to the Army and Navy for distribution.

Q. Is this method new?

A. Yes. It is a great medical advance, and has never been used anywhere before on so large a scale.

Q. Is it as good as the usual blood transfusion?

A. It is better in many cases. No blood-typing is necessary; the plasma keeps for years and can be administered almost immediately.

Q. How often can blood donations be made?

A. Every eight weeks. The blood is fully replaced in less than 4, 5, and 10, donations have been given without harm by numerous people.

Q. Are there any personal benefits?

A. Yes. As a service to the donor, the blood is "typed" and the donor informed of his or her blood group. This information may be of great value to the donor in some future emergency involving his own life or a friend's.
