# A WEEK OF THE WAR

A summary of information on the important developments of the week, made available by official sources through the Defense Advisory Committee of the National Editorial Association.

War Production Chairman Nelson, speaking in Detroit, said the U. S. will hit the "real" peak of its war production program by next March. Mr. Nelson said "Our ability to produce is much greater than any one dreamed. The armament objectives as announced by President Roosevelt last winter—and which seemed too vast at the time—will be readily realized. . . . Our productive capacity is apparently limited only by the raw materials available.

"The engineering genius of American production, when turned from peace to war, has proved a reservoir no one could gauge," Mr. Nelson said. "When American men and machines stopped competing with each other and turned all their competitive energy and abilities against Hitler and Hirohito, it knocked all previous calculations of our productive powers into a cocked hat. . . . The real problem now is not one of production. It is the problem of a better distribution of the materials from which war production springs."

Chairman Nelson said: "At all costs, we must not get into the frame of mind that this is either an easy or a short job. If people build on false hopes of an easy victory or a short war, then they are certain to feel let down when the hard days come, as come they will."

## Production and Subcontracting

WPA Chairman Nelson announced a "redirection" of the Board to permit him to devote his time to essential allocation policies between the needs of the armed forces and the civilian economy. He said essential civilian needs, such as those for the communications and transportation systems, must be met. The civilian economy, though "thin," must be kept healthy, he said. William L. Burt and James S. Knowlson were named vice-chairmen of the Board.

Lou E. Holland, formerly President of the Double Rotary Sprinkler Corp., of Kansas City, Mo., was appointed WPA Deputy Chairman in charge of the Smaller War Plants Corporation. Chairman Nelson said the Corporation should attempt to continue the manufacture of relatively simple war items to smaller factories, increase the turning out of manufacture of bits and pieces by large corporations which hold prime contracts, and encourage conversion of additional small plants to essential civilian production. The WPA estimated, however, that 24,000 small manufacturers whose annual sales three years ago amounted to \$4 billion, will be forced to close before October 1 because of inability to convert to war or essential civilian production.

The WPA said expenditures for war purposes by U. S. Government agencies in June were at the average daily rate of \$158 million, 6 per cent higher than in May. Congressional war appropriations to date total more than \$225 billion, the Board said, but the U. S. actually has spent less than \$10 billion. The WPA Bureau of Finance obtained \$32 million in the form of loans or advances on payments for war materials for almost 400 manufacturers in June. During the past six weeks, the Army Signal Corps has given them approximately each day of more than \$2 million worth of radio and communications equipment, and awarded contracts for \$1 billion worth of additional apparatus.

## Labor Supply

Persons who desire jobs in plants working on secret or confidential Government contracts will no longer be required to turn in birth certificates to prove American citizenship, the War Manpower Commission announced. The WPA Division said the general industry will require more than 1,500,000 workers by the end of 1943. A total of almost 20 million persons will be drawn into war production and service in the armed forces during this year and next, the WMC reported. Consequently, employers can no longer afford to set arbitrary age limits or discriminate against workers because of sex, race or nationality, the Commission stated. The WMC said the United Electrical Radio and Machine Workers of America (UO) is conducting a drive in 40 war production plants to encourage hiring and upgrading of Negroes and workers in other minority groups.

## Rationing

The OPA said about 8 million Eastern motorists have received basic permanent gasoline rationing coupon books. Congressmen, members of State and local legislatures and other Government officials will be eligible for "special rations" for use in legislative or official business, and bona fide political candidates may have extra rations for travel necessary to the prosecution of their candidacies, the office said. Special rations will also be issued for travel to obtain medical services to demonstrate cars or boats for sale, to transport equipment and personnel on scientific expeditions and to operate a vehicle in tests essential to the war effort.

The office related newspaper reporters and photographers will be eligible for supplementary rations up to a quantity sufficient to permit 470 miles of occupational driving a month if they can meet car pooling provisions. Increased monthly gasoline quotas will be given stations serving war workers. The WPA granted OPA authority to require filling station operators to submit coupons or other evidence that rationing regulations are being complied with, when gasoline is delivered to their stations. The OPA said local rationing boards may refuse to issue new tires to eligible motorists if an inspector's report show the purchaser has abused his old tires. The "bonus" sugar stamp, number seven in War Ration Book No. 1, may be exchanged for two pounds of sugar until midnight August 22.

## The War Front

Recent Far Eastern events indicate "the turning point in air operations has been reached and the Japanese are now more on the defensive whereas the American air forces are on the offensive," U. S. Army Air Forces headquarters in China reported. "U. S. submarines within two days sank or destroyed five Japanese destroyers in the Aleutians; the Navy said. The War Department said American troops are now stationed at Port Moresby, Allied base in New Guinea. The Department also announced that U. S. crews, manning American-made medium tanks, knocked out a number of German tanks in the Battle of Libya in mid-June without any losses of their own personnel. Gen. MacArthur reported more Allied raids on numerous enemy bases in the southwest Pacific. The Navy announced the torpedoing by Axis submarines of 16 additional United Nations merchant vessels.

## War Information

Director Elmer Davis of the Office of War Information issued OWI Regulations Number One stating: "The Federal Government will issue as promptly as possible all news and background information essential to a clear understanding of this Nation's war effort. . . . The impact of the war on all phases of American life will be reported. So will the cooperative efforts of the United Nations. Only information which would give aid and comfort to the enemy will be withheld." Mr. Davis established three major branches under himself and OWI Associate Director M. S. Eisenhower, with an Assistant Director for each branch. Gardner Cowles, Jr., President of the Des Moines Register and Tribune and President of Look Magazine, was placed in charge of Domestic Information Operations; Robert Sherwood, in charge of Overseas Information Operations; and Archibald MacLachlan, Policy Development.

## The Armed Forces

The Army Specialist Corps, with 150,000 applications for membership, will enlist more than 11,000 men during the rest of this year, the War Department said. WAAC Director Holiday reported two of the first eight WAAC companies will consist of Negro women, commanded by Negro women, who will attend the first WAAC Officer Candidate School. President Roosevelt signed a bill authorizing \$8,500 million in new naval shipyard construction with emphasis on aircraft carriers. The Marine Corps said it is now promoting competent noncommissioned officers in the field to meet needs for additional officers.

## Sabotage

MaJ. Gen. Frank R. McCoy, head of the Military Commission convened by President Roosevelt to try the eight German saboteurs landed in the U. S. by submarine, said the great volume of evidence to be introduced is expected to prolong the trial. "The Commission granted permission to the Army Signal Corps to make photographs and silent pictures of the trial scene in the Justice Department building in Washington.

## "NATIVE SON"

CANADA LEE

Russell Mack, former Hollywood film director, is a late newcomer to the ranks of summer theater producers. He and Hubette Mack, his wife, have taken over the Mosquito Theater in the heart of Newark, and will present a full summer season of Broadway plays beginning with the Orson Welles Mercury Theater production of "Native Son" starring Canada Lee, on Tuesday night, July 21st. Because of the unusually large capacity of the Mosquito, Mr. Mack has seen fit to institute there one of the lowest price scales on the summer theater. Matinees are Wednesday, Thursday, Saturday and Sunday. Plays scheduled for the second and third week of the engagement are, respectively, "The Moon Is Down" and "Watch on the Rhine."

Every afternoon, 2:30 to 5. Noon and P.M. evenings, 7:30 to 9.

Among the interesting new books purchased for the library will be found:

THE PROBLEMS OF LASTING PEACE by Herbert Hoover and Hugh Gibson. "The purpose of this war, the most terrible in three centuries, is to make a permanent peace. We must first win the war. We will not win a lasting peace unless we prepare for it. And we can prepare for it only by full and public discussion of the cold surgery of analysis," says Herbert Hoover and Hugh Gibson in this completely non-political, objective study for the use of thoughtful people in reaching their own conclusions in the war's aftermath.

POST STORIES OF 1941. Twenty-two leading contemporary authors have contributed to this seventh annual collection of stories from the Saturday Evening Post. Pulitzer Prize winner, Stephen Vincent Benet, contributes "No Visitors Allowed"; Stuart Chase, who wrote "The Turning Wheel" is represented by a story of a French soldier on leave; and Richard Stoddard's contribution is "You're As Old As You Feel." For excitement, Alec Hilderson's tale of two submarines' death struggle during the Dunkerque retreat would be hard to match. Many other well-known and popular authors are represented.

PAUL REVERE AND THE WORLD HE LIVED IN by Esther Forbes is a book of the Month Club selection. 195,000 copies have already been printed.

The author is the daughter of a Massachusetts judge and a noted authority on early New England. She was born and still lives in Worcester, Mass. By patient research, she has brought to life both Paul Revere and the world he lived in.

UNTIL THE DAY BREAK by Louis Bromfield is the story of an American girl who matched wits with the Gestapo in occupied Paris. A drama of our time filled with excitement to the last page.

## A Few Minutes WITH MOM

Last week I promised I would tell you what Edward wrote home from the Army camp about his associates, his pleasures, and his thoughts of the USO.

I am going to let you read his message, huh? Of course, a couple of paragraphs that were meant just for me—bless his heart. Dear Mom:

"There are five of us fellows in our outfit that pal around together because, since we became acquainted, we find we are pretty much in the same boat. Although from different sections of the country, our home towns are about the same size with about the same conditions.

"In our camp, like most all others, we have the USO club, and though it I have not met more decent people than I ever thought of meeting. USO is the nearest thing to home any boy could expect.

"We are provided with a fine, clean recreation hall with home-like surroundings. A friendly staff provides us with all the things we desire, books, magazines, and other good reading material.

"Last Tuesday night I saw the first vaudeville I ever saw in my life, with some of the old time acts, in person, presenting a good evening of clean entertainment. I wish you could have seen it with me, Mom.

"The USO Citizens' Committee arranged our Saturday's pleasure last week, and we had a fine Sunday. Charlie, Bill and I were welcomed into the home of a building contractor in the next town. And, believe it or not, his name is Miller. Strange that I should go to the home of some one with the same name, isn't it?

"We spent the morning getting acquainted and being shown the grounds. He has a piece of ground about twice the size of ours with a very nice victory garden, which

## Playground Activities

Activities at the Springfield playground are in full swing with games and events scheduled for practically the entire summer. The playground this year is in charge of Sam Lewis, member of Regional High School faculty, who succeeds Bill Brown, former basketball coach, and Miss Barbara A. Henry.

Principal event on today's program is ring toss, singles. The program for the week opens on Monday with "territory." On Tuesday, there will be hop scotch, and on Wednesday, Mrs. Mildred Bullson, nature teacher, will give another of her series of illustrated talks. The subject will be "Feathered Neighbors." There will be a button sewing contest for girls on Thursday, and a ball driving contest for boys. On Friday, the chief event will be Stone Men Mill. A lecture on incendiary bombs by a member of the Union County Park Police Department is scheduled for sometime during the week.

Results of activities during the past week are as follows: On Friday, Marilyn Rein won the jacks post contest for girls under 12, with Daisy Hill, second, and Janet Laying, third. In the older group, Doris Reeve was first, Phyllis Peters, second, and Ann Detrick, third. For the boys under twelve the following were first, second and third respectively, Ray Volden, Richard Schwerk, and Richard Schneider.

In the checker contest on Monday the following took first, second and third respectively: Girls under twelve, Marilyn Rein, Marjorie Detrick, Janet Laying; girls over twelve, Barbara Rees, Phyllis Poetsche; boys under twelve, Ray Volden, Emory Moler, George Dunster; boys over twelve, Fred Reiss, Ed Resner, Bill Detrick.

Results for boys in the paddle tennis events on Tuesday were: Boys over twelve, Phil Kelly, Steve Schmidt, John Cunningham; boys under twelve, Dick Schroeder, Billy Kozak.

On Wednesday Mrs. Bullson lectured on "Fables' Garden," and yesterday a pet show was held.

## Employment Service Report Is Given

Increasing employment opportunities for women caused many married women to resign at the Summit Office of the United States Employment Service during June. Thomas H. Hogan, manager of the Summit office, announced that approximately 2,600 employees and employers, visited the local office during the month. There were 126 persons placed in private industry, of this number 63 were males and 63 were females. There were 74 persons who applied for unemployment compensation which figure shows a sharp decrease over the previous month.

Mr. Hogan pointed out that there are still many opportunities in the vocational training courses available to residents of this area. The office hours are 8:30 a. m. to 5:15 p. m. Monday through Friday and 8:30 to 12:30 on Saturday. The telephone number is SA. 6-2600. There are no fees or charges of any kind.

Thanks Expressed To USO By Parents

In one of these letters a father wrote: "Before he was drafted my boy wanted to become a physician. Now he thinks he won't ever have the opportunity and he wants to forget about it. I know he would be a good doctor and I wondered if there was any place in your city where he could study medicine in his spare time. I live in the country and I don't know much about those things."

The More You Tell

The Quicker You Sell

Does your offer sound attractive? When you have written your ad for The Springfield SUN ask yourself this question: "Would I answer it myself in preference to other ads?" Best results are obtained by giving a full description of what you are selling. If it is something mechanical it is best to give mechanical details. Remember, the more you tell the quicker you sell.

DEATHS

Mrs. William Roll. Many other residents of Springfield learned this week of the death of Mrs. William Roll of Oxford, N. J., who died Sunday morning at her home.
