

A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

War Production Chairman Nelson reported overall munitions production in September was 7 per cent above August, with airplanes up 10 per cent, ordnance up 7 per cent, Navy and Army vessels up 22 per cent, and merchant ships up 10 per cent.

The report stated that the WPI index of munitions production increased 23 points in September to 381—four times the production rate at the time of Pearl Harbor. The Treasury paid out \$5,500 million for war purposes, an increase of \$300 million over August. This amounted to 40 per cent of all payments made in the United States for goods and services during the month.

Mr. Nelson's report said four-engined bombers rolled off assembly lines very nearly on schedule. The output of heavy aircraft showed a marked increase over August, with the output of light, trainer-type planes held below August. Some new plants which came into production recently made a much better than anticipated showing. Propeller production continued a major problem, although enough propellers have been made thus far to fly all planes.

While merchant ship production was 10 per cent above August, actual tonnage delivered was 34 per cent above August, actual tonnage delivered was 34 per cent above August—1,009,000 deadweight tons compared with 753,000 in August. This was 12 per cent above first of the month forecast and approached closely the total production of merchant shipyards last year. During the month, 12 major combat vessels were launched, the report stated. Deliveries of major vessels were greater than forecast, but deliveries of other types were behind expectations.

Army. The Army Specialist Corps, which had inducted approximately 1,300 men, was abolished, the War Department announced, and all future commissions directly from civil life will be given in the Specialist Reserve until the men commissioned have completed a course of military training. Then they will be commissioned in appropriate grades in the Army. Members of the Corps already in the Service will be tendered commissions in the Army of the United States, it qualified.

The change was made, the War Department said, because it was found inadvisable "in the interest of efficiency, uniformity of operations, discipline, and the avoidance of duplication of effort" to have two uniformed services. Applications now on file for the Specialist Corps will "continue to be available for consideration for appointments in the Army of the United States," the Department said. Under the new rules no person under 35, without previous commissioned service, will be appointed unless he has been classified 4-B for physical disability. No person without previous commissioned service who is between 34 and 45 will be accepted if his classification is 1-A or 2. Exceptions will be made in these rules only where there is "critical need" for the applicant's services.

War Secretary Stimson reported the Alcan highway is now open to trucks carrying munitions and materials to troops in Alaska for its entire length of 1,671 miles. Formal opening will probably take place November 15, he said. Mr. Stimson said the furlough period of two weeks given newly-inducted soldiers will be reduced to one week. Approximately 3,400 tons of mail, including more than 1,000,000 Christmas parcels, were sent to U. S. Armed forces overseas during the first 25 days of October.

The War Front

Army Chief of Staff Marshal, in a letter to Commander in Chief King of the U. S. Fleet, said the "skilled seamanship" of the Navy has already enabled 500,000 soldiers safely "across the submarine-infested waters of the Atlantic and Pacific."

The Navy reported November 1 that two enemy aircraft carriers, two battleships and three cruisers were damaged and 100 airplanes destroyed in a great sea and air battle 250 miles northeast of Guadalcanal. Navy Secretary Knox said the Japanese fleet units have retreated from the scene in the Solomon and the "first round" of that battle is over. In the battle the U. S. lost an unidentified aircraft carrier and the destroyer Porter. Following this battle U. S. naval units shelled enemy positions on Guadalcanal. On the ground U. S. Marines and soldiers repulsed all Japanese attempts to dent their positions around Henderson airfield. Gen. MacArthur's headquarters in Australia reported November 2 that fresh bombing raids on Japanese bases at Buna and Faisi were believed to have sunk or damaged seven more enemy surface ships.

Labor Supply

President Roosevelt told his press conference that a compulsory registration for American women to determine their availability for war work is being considered. While no compulsory drafting of women for war industries is contemplated, he said, there is a need for information which a compulsory registration could produce. Such a registration would require legislation which probably could not be completed until the end of the year.

Labor Secretary Perkins reported 4,500,000 new workers must come into the labor market before the end of 1943 and an additional 3,000,000 by the end of 1944. War Manpower Commission Chairman McNutt said that about 500,000 workers will be released to war industries when nationwide gasoline rationing becomes effective November 22.

Stabilization of Wages

The War Labor Board began to set up administrative machinery to regulate all wages and salaries under \$5,000 a year. The Board will delegate to local War-Hour Administration officers the power to decide whether employers are exempt under the provisions permitting individual rules for length of service or increased productivity. The Board will establish 10 regional offices whose directors will meet in Washington with War-Hour officials to work out details for handling applications. The Treasury Department, which will control salaries not under War-Hour jurisdiction, established a Salary Stabilization Unit and announced that seven regional offices of the unit will be opened soon.

Stabilization of Farm Prices

The Agriculture Department estimated net farm income for 1942, including Government payments, at nearly \$9,800 million, about \$1,000 million above the previous record in 1919, and set 1943 income at approximately \$10,500 million. Total agricultural production is nearly 12 per cent greater than the record set in 1941, and 40 per cent greater than in 1918. Military and Lend-Lease buying of food next year is expected to take one-fifth of current production.

WMC Chairman McNutt said all "necessary" workers on the nation's dairy, livestock and poultry farms will be frozen in their present occupations. Local War-Hour boards will be asked to defer such workers, all other employees will be instructed to refrain from hiring them, and the Agriculture Department will act toward stabilizing their wages, he said.

Rationing

Agriculture Secretary Wickard ordered 144 types of new farm machinery and equipment, excluding repair parts, frozen as of November 1 in the hands of dealers, distributors and manufacturers pending formal rationing. The Agricultural Department and its State War Boards will establish State and county quotas. The WPI delegated to the Office of Price Administration the authority to ration milk cans and farm fencing. The OPA will redelegate this authority to the Agriculture Department. Sugar rations for Army and Navy personnel on furlough will be one-half pound per week, instead of on the basis of the value of the current sugar rationing coupon. The first coffee ration will be obtained beginning November 23 by surrendering the last coupon, No. 28, in the sugar ration book, and subsequent rations will be given on coupons taken in sequence toward the center of the book.

"A Week of the War" summarizes information on the important developments of the week made available by official sources through 10 a. m. EWT, Monday, November 2.

What SUN Advocates

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. Removal of dilapidated buildings which are seepsports.
6. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
7. Full-time position for the Township Clerk's office.
8. Encouraging clean industry, to increase tax rates.
9. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

Girl Scout Activities

Troop 2 will hold a Halloween party tonight at the home of Mrs. William Gramp of Hillside avenue. The troop went on a hike last Friday to Surprise Lake.

MOUNTAINSIDE—Girls of Troop 54 went on a paper chase through the borough Wednesday afternoon and met at the home of Mrs. Wynant B. Cole of Woodland road. The troop will meet Wednesday afternoon in the school. Mrs. Malcolm Wright is troop scoutmaster, with Mrs. Cole as assistant scoutmaster.

Car Registering

(Continued from Page One)

call for his tires purchase certificate which he will sign and take to a tire dealer or recapper and secure the tires or recapping services designated by the purchase certificate.

All passenger car applicants for tires or gas will be required to sell to the government before December 12 all passenger tires in excess of those mounted on running wheels plus one spare per vehicle. All other persons, except dealers, manufacturers, and government agencies, will also be required to sell their excess passenger type tires to the government.

No car owner guilty of tire abuse is eligible for tires or retreading. The abuse includes failure to comply with the regulation requiring periodic tire inspection, and driving over 35 miles an hour.

Commercial vehicles such as trucks, buses, vehicles for hire or rental, must have their tires inspected every two months or every 5,000 miles, whichever comes first. The few commercial vehicles holding Certificates of War Necessity will be issued by the rationing board strictly on the basis of need, eligibility and quota. The Certificate itself does not require that tire purchase certificates must be granted by a rationing board. Tire eligibility for commercial vehicles will remain limited to most of the classes now eligible under the present tire rationing regulations.

It was pointed out that one of the chief changes in gasoline rationing made under the new program would be in the method of handling applications for supplemental gasoline rations. On and after November 22, all industrial plants, power generators or transmission facilities, public utilities, transportation or communication facilities, and agricultural, extractive, military or naval establishments employing 100 or more workers must establish an employer-employee transportation committee to which all employees must make application for supplemental gasoline rations.

All other applications for supplemental gasoline rations will be handled by an Advisory Transportation Panel connected with each rationing board. The panels will be formed by boards throughout the State within the next two weeks.

RUPTURED?

Distressed because you are not getting the proper support and control for your back? You are one of those unfortunate who have pulled up all types of tissues only to find little or no relief, falling for the old order ads, or the so-called out of town operators, spending freely your time and money only to suffer greater dissatisfaction?

Expert sitting on sympathetic understanding combined through many years of experience are at your disposal. We feature the famous line of Non-Skid Spinal Ties, Abdominal Supporters, Elastic Hosiery, Shoulder Braces, etc.

Consumer Activities

Slow Down Wear From Dust and Dirt

Vacuum Cleaners

1. Sharp bits of glass, pins or tacks may damage your vacuum cleaner. Pick them up before you run your vacuum cleaner over the rug or floor.
2. Empty the dirt bag in your vacuum cleaner at least once a week. Keep brush free of threads and hairs.
3. Keep the cord out of the path of the machine. Running the machine over the cord will injure the insulation.
4. Follow the manufacturer's instructions about oiling your cleaner. Some have hermetically sealed motors you never oil; others need regular oiling.

Brushes, Brooms and Mops

1. Hang brooms and brushes when they're not in use. Never stand a broom on the bristles.
2. Never put brooms, brushes, or mops away dirty. Clean mops by washing in warm, soapy water, then rinsing. Brooms and brushes should be dipped up and down in clean warm water. If they're very dirty, add one tablespoon of ammonia to the water.
3. Clean and empty the carpet sweeper after each use. Wipe the brush occasionally with dry cleaning fluid to remove wax and oil; clip and remove hairs and strings from the brush regularly.
4. Oil the sweeper parts every month. When not in use let the sweeper stand on one side or hang by the handle.

Care of Walls and Floors

1. Dirty flat-painted or varnished surfaces should be washed gently with mild soap, a small portion at a time, rinsed with clear water, and wiped dry. Never try to wash calcined or white-washed walls.
2. Never use soap on enamel paint, as soap dulls the gloss. Wash with clear hot water in which one teaspoon of soda has been added for each gallon of water.
3. Never use an oiled mop on linoleum to disintegrate. Always wipe up water spilled on it immediately, as water causes the linoleum to expand and also to separate from the harkup back. Wax also preserves the finish of varnished or shellacked floors.
4. Before you try to wash "washable" wall papers, test a small inconspicuous spot to see that the colors will not run. If they don't, use a sponge squeezed out of clear lukewarm water on a thin wall-paper. On a heavy paper and of mild pure soap may be used. Rub lightly as possible to avoid soaking the paper from the wall. Wash from floor upward. On non-washable papers, rubber-like wall-paper cleaners are safest.
5. Linoleum floors should be kept waxed to preserve their surface.
6. Don't varnish inlaid linoleum. It may discolor and cause cracking.

Care of Rugs and Carpets

1. Dirt embedded in rugs and carpets wears them out quickly. Go over the rug with a vacuum cleaner for a short period of time, two or three times a week, is better than using it once a week for a longer period. To use a vacuum cleaner efficiently, adjust nozzle at proper height from rug, follow manufacturer's directions. If yours is a rotary brush type cleaner, adjust so bristle tips touch rug.
2. Don't beat rugs or carpets, and don't shake small ones. Such treatment breaks the fibers in the back of the rug.
3. Remove spots from rugs as soon as possible after they're made. Use one of the approved methods for removing the particular kind of stain you have to deal with. (Send for Farmer's Bulletin 1474, 1926 pp. 30. Address: Department of Agriculture, Washington, D. C. Free.)
4. Some rugs can be shampooed, but only with care. Make a thick

Blackout Rumors Called Sabotage By Defense Head

To circulate or report rumors concerning expected air raids or blackouts is a form of sabotage and should be avoided by every patriotic person, it was declared yesterday by Henry C. McMullen, director of Springfield's Defense Council, in commenting on the reports of "expected alerts" during the past week.

The fact is that the utmost precaution is taken against any advance announcement leaking out as to the date or time of any practice alert, and neither Mr. McMullen or anyone else in the whole Civilian Defense group in Springfield is given advance warning of such an alarm, the defense head said.

RED-CROSS

(Continued from Page Two)

ized these services in a silver anniversary statement which commended the Junior Red Cross "for so amply justifying the faith of those who were its founders."

To radio listeners we pass on the information that 50 radio shows, between November 2 and 15, are featuring the Junior Red Cross enrollment for service.

Mrs. Harold A. Jones and Mrs. James M. Durand, who recently became members of the chapter board, attended the meeting held at Red Cross headquarters on Tuesday.

There is still time to enroll for the advanced first aid course for men and women. Class meets Tuesday evenings, at 8 o'clock in James Caldwell School, with Donnelle Van Dyke as instructor.

Food Sale Tomorrow

Boy Scout Troop 66 will hold its annual food sale tomorrow morning at 9 o'clock in the showrooms of Pinkney's Garage, Morris and Mountain avenues.

SWAP YOUR APRON FOR COVERALLS

This is for women who like to have a hand in things. Especially for women between 18 and 45 who'd like to be doing some real, concrete, constructive work to help win the war! If you're active and fairly fit, a short course of FREE training in a government school will equip you for a real war job helping to build fighting planes. Once trained, you'll find clean, easy, high-pay jobs waiting at Eastern Aircraft—and you can begin at once to help put more American planes in the sky. All you have to do is enroll for training at the U. S. Employment Service office. There's one in Newark at 309 Washington Street, another in Elizabeth at 1177 East Grand. Apply at either place any time between 8:30 A.M. and 5 P.M.

LOOKING BACKWARD

Ten Years Ago

NOVEMBER 6, 1932
Anna Kleinhandler, eight year old girl, was kidnapped from in front of her parent's store at 26 Avon place, Newark, and found on the Moschatz farm in Shuipike road, where she wandered from the woods next to the Bahnsroj Golf Club. She was found at 5:30 in the morning, suffering from slight penknife wounds in the neck and over the heart. Detectives arrested Samuel Morris of Newark as a suspect.

Congressman Percy H. Stewart of Plainfield, Democratic candidate for the United States Senate, and James A. Ward, candidate for sheriff, spoke at the rally held by the Springfield Democratic Club at their headquarters, Morris avenue and Keeler street.

Marlene Dietrich in "Blonde Venus" was portrayed at the Millburn Theatre. Also on the bill was "The Thirteenth Guest" with Ginger Rogers.

Five Years Ago
NOVEMBER 6, 1937
Springfield voters who were called upon to judge the outcome of the election in the race for Township Committee witnessed one of the quietest campaigns in this community in many years. The candidates, Alfred G. Trundle and Lewis P. Macintyre, Republican incumbents, and their opponents, Democratic Emmanuel O. Holms and Lawrence Mouch, were engaged in a "parlor game" tactics, in which mud-slinging or even words were exchanged over issues of the respective parties.

Philott Lichtenstein, son of Mr. and Mrs. Morris Lichtenstein of 238 Morris avenue, who was a Junior at the College of Pharmacy, Rutgers University, was elected to membership in Phi Beta Phi, honorary biological fraternity.

Daughter Born Yesterday
Mr. and Mrs. Albert Cantelmo of 50 Linden avenue announce the birth of a daughter yesterday at St. Michael's Hospital, Newark.

Subscription prices for the Sun are: *Five Cents* per copy; *Three Dollars* per year in advance. Communications on any subject of local interest are welcomed. They must be signed as evidence of good faith. Unsigned letters will not be published. The Sun reserves the right to print only those articles which it feels are worthy of publication. All communications and contributions must be in our office not later than noon on Wednesday. Articles received later will not be published that week. It is important that this rule be observed.

Your Garden This Week

BY *FRED D. OSMUN*
County Farming Agent

Full planting and transplanting is recommended for roses, hardy shrubs and other plants right until the time the soil freezes.

There are many advantages of fall planting. It not only means getting the job out of the way, but it also means the development of good root systems to encourage early spring growth. Besides, nurseries are not apt to be so busy now as in the spring and can give better service and often a better selection of materials.

All authorities advocate fall planting of roses. There should be no fear of their not wintering well, for if roses are protected by mulching with a mound of earth around each plant, newly planted rose bushes will come through the season just as well as established plants, but be sure to give them adequate protection.

Heavy mulching all woody materials after planting is a good practice, as it prevents deep freezing and thus permits growth of roots during the fall and early winter. Roots grow at fairly low temperatures.

Although September and early October is the best time for hill planting, good results can be obtained when the job is done later, provided the ground has not yet frozen. When planting hills in November, be sure to mulch the hills well to keep the frost out of the soil as long as possible and thus give the hills a chance to root. The hill bed is a good place to store leaves over winter. Then they can be used for summer mulching or allowed to decay into leaf mold, a good source of nitrogen. Another advantage of fall mulching is that it keeps moisture in the ground and prevents the soil from getting too hard.

The only advantage of mulching hills in the fall is that it makes a good harbor for mice. If you are in a locality where they are abundant, and they are particularly abundant this year, write me for recommendations on using prepared poison baits and bait stations. By using the right control measures, you can prevent the loss of many hills.

Honor Roll Listed For Regional Pupils

The Honor Roll at Regional High School for the first six weeks of school has been made up. To qualify for highest honors, a student must get an A in all but one major subject and B or better in all minor subjects. To receive honors a student must have B or better in all subjects. Those on the Honor Roll are as follows:

- Highest Honors—Douglas Cook, Springfield; Barbara Sachsel, Garwood; Mary Serina, Garwood; Margaret Shalsteeck, Garwood.
- Honors—Doby Henkert, Springfield; Shirley Campbell, New Providence Township; Marilyn Crouse, Springfield; Carol Hart, Springfield; Margaret Kelly, Garwood; Jeannine McCrea, Clark Township; Doris Reeve, Springfield; Catherine Filler, Springfield; Francis Wiederspahn, Springfield; Lois Cave, Kentworth; Helen Ganser, Springfield; Shirley Heltkamp, Mountaintide; James Lister, Kentworth; Doris Mohr, Springfield; Edna Weber, Springfield.
- Sophomores: Highest Honors—Jane Alexander, Springfield; Phyllis Bunnell, Springfield; Nancy Bushman, Springfield; Jean Cosgrove, Springfield; Virginia Kroehling, Springfield; Marie Samplers, Garwood; Donna Spencer, Springfield; Doris Burnett, Springfield; Muriel Chisholm, Springfield; Nancy Hart, Springfield; Margaret Robinson, Springfield; and Florence Sweeney, Kentworth.
- Honors—Dorothy Anzoll, Garwood; Lois Chapin, Springfield; Mary Dolzal, Clark Township; Jane Engelman, Kentworth; Ethel Costello, Kentworth; Helen Dugan, Springfield; Ronald Gerdien, New Providence; Helen Gerdes, Springfield; Bruce Jones,

Springfield: Patricia Koonz, Garwood; Janet Morton, Springfield; Carolyn Riley, Garwood; Barbara Triles, Springfield; Shirley Frey, New Providence Township; Jean Keith, Springfield; Doreen Lesak, Garwood; Robert Mitchell, Garwood; Joyce Neuninger, Springfield; Helen Smith, Springfield; and Corinne Tzesses, Springfield.

Junior: Highest Honors—Frances Dawd, Springfield; Fred Roessle, Kentworth.

- Honors—Mary Andrews, Clark; Jean Berney, Garwood; Jessie Colos, Clark; Mildred Puzge, Garwood; Gladys Grimm, Springfield; Elaine Pfeiffer, Garwood; Arthur Sichel, Garwood; Dorothy Bushman, Springfield; Barbara Danenhour, Mountaintide; Shirley Glick, Garwood; Marlan Kelly, Clark; and Rafalina Palumbo, New Providence Township.

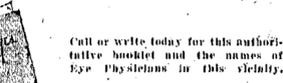

Seniors: Highest Honors—Gerald Brodsky, Kentworth; Jean Carmichael, Springfield; Ruth Clark, Springfield; Francis Gall, Springfield; Janet Holton, New Providence Township; Martha Kelly, Clark; Albert Nielson, Clark; Alan Rubin, New Providence Township; Herbert Spizer, Springfield; and Arthur Wiegand, Kentworth.

Honors—Martin Arthur, Kentworth; Eleanor Burnett, Springfield; Irene Carley, Garwood; Doris Collins, Garwood; June Pontonelli, Garwood; Marjorie Geiger, Springfield; Elaine Hunt, Springfield; Carol Klazkie, New Providence Township; Irene Lamb, Springfield; Marian Meacher, Mountaintide; Jackie Morrison, Springfield; and Betty Tucker, Garwood.

ACTIVITIES OF MOUNTAINSIDE

Mountainside PTA to Meet Thursday Night

MOUNTAINSIDE—The second meeting of the Mountainside Parent-Teacher Association will be held on Thursday evening, at 7:45 o'clock.

Fathers are especially invited to this meeting, not only because the program is of immediate interest to them, but also because it is probably the only evening meeting the association will have this school year. Evening meetings were very popular last year, but owing to the stress of the times and transportation shortages, the Parent-Teacher Association is doing away with three this year, except for this November meeting, planned to give fathers a chance to attend.

After a brief business meeting, the program presented will be in two parts: First, in charge of the firemen, under Fire Chief Herman Honecker, at which time the children's prize essays on Fire Prevention will be read and exhibited.

The remainder of the meeting is by the interest of the Boy and Girl Scouts. Speakers from the Washington Council, Robert Boyer for the Boy Scouts and Mrs. C. R. Hannon for the Girl Scouts, will present various phases of both groups in short talks.

The program committee had planned a poster contest. Because of lack of time in the school schedule at present, this will be postponed until later in the year. An exhibit of Scout material will be shown, and all Boy and Girl Scouts and those interested in Scouting are invited to attend. Refreshments and a social hour will follow the meeting.

Many Attend Birch Hill Hallowe'en Party

MOUNTAINSIDE—The Birch Hill Civic Association held a Hallowe'en party Saturday night in the local school, attended by 100 per cent of the residents in Birch Hill, for whom the party was given. Prizes in the form of War stamps, awarded for costumes and to winners of games played.

Mrs. Charles Condon of Birch Hill road took top honors for the prettiest costume. The most original was won by Temple Patton of Oak Tree road, and William Poeter of Oak Tree road was adjudged to have the funniest costume.

Mrs. Joseph Hershey was general chairman, assisted by the following: Entertainment, Mrs. E. D. Heschel; Mrs. Harry Parsons and Mrs. George Bader; refreshments, Mrs. Edward Holman, Mrs. Harold L. Lewis, Mrs. Leslie Leat and Mrs. F. W. Rainier; decorations, William Poeter, George Bader, Austin Johnson, Harold L. Lewis and E. Royal Zettler.

Plan Christmas Party
At a meeting of the association Monday night, the entertainment committee considered plans for a children's party sometime in December, probably for Christmas, with Mrs. Hershey as chairman.

Girl Reserves Met

The Girl Reserves met on Monday evening at the Cannon Ball Inn. Phyllis Poesche, president presided. The girls all made pins out of cork. A half of cork was used for 400 tags and tacks for the eyes and the mouth, with some yarn for the hair. A pin was put on the back of the cork, so as to fasten on to the wearer. There will be another meeting on Wednesday.

Are you serving in any Defense Council activity? Your help is needed.

MOUNTAINSIDE DRIVE OVER THE TOP

Community Association Reports Collections To Date As Exceeding Goal of \$2,759.15

MOUNTAINSIDE—The canvass of the Mountainside Community Association for a War Chest and drive for local funds has gone over the top, surpassing the goal of \$2,759.15. It was disclosed Tuesday night at a meeting of workers in the home of Theodore V. Mandy of Whipperwell way, association president.

The drive started October 9 and officially ended October 30, although returns are expected to be coming in within the next week, swelling the present figures.

Of the sum received, \$1,320 has been allocated to 1943 needs of the Science Squad, Free Public Library, Boy Scouts, Girl Scouts, and the Visiting Nurse Association. An additional \$960 will be set aside for designated war relief agencies and children, and the balance remaining will cover uncollected pledges and operating expenses of the association, plus a contingent fund for unforeseen emergencies which may arise.

The five team captains of the campaign were: Mrs. Wynant H. Cole, Mrs. R. P. Major, George B. Danenhour, Austin Johnson and J. Malcolm Wright. Their workers included the following: Francis H. Stedman, Mrs. Ralph P. Dietz, Roy H. Minton, Mrs. Louis A. Jennings, Frank J. Chanet, Wynant H. Cole, Mrs. Paul K. Davis, Edward Frederick, Willford Twyman, Mrs. Wilfred H. Wolf, John Edwards, Donald Maxwell, Charles J. Fritz, Mrs. Herman Honecker, Mrs. D. Oliviant Haynes, Mrs. Malcolm Chaitin and Carl R. Evans.

Around the Borough

Mrs. Temple Patton of Birch Hill road entertained her bridge club on Wednesday evening at her home.

Miss Wilma Jo Hershey, daughter of Mr. and Mrs. Joseph Hershey of Oak Tree road is visiting her grandparents, Mr. and Mrs. Frank J. Sappick of Irvington for several days.

Dolores Ruth Zettler, daughter of Mr. and Mrs. E. Royal Zettler of Oak Tree road was hostess on Friday afternoon at a Hallowe'en party, held at her home for her friends. Guests present were Patricia Wolf, Linda Winkler, Elsa Wagner, Lorraine Condon, Barbara Patton, Janet Hoffarth, Loris Winkler, Barbara Hoffarth and Dolores Offerman all of Mountaintide.

The Silhouette Club, which was to have met this week at the home of Mrs. Edmund Frey of Summit road, will meet Wednesday evening of next week.

Mrs. Daniel Waters of Springfield road entertained last night at a party in honor of the birthday of her daughter, Miss Florence Lyding.

Mrs. and Mrs. Victor Weisel of Partridge run were hosts at a joint Hallowe'en and birthday party for Mrs. Weisel in their home Saturday night. Twenty guests, all residents of the borough, attended and later in the evening, went to the Chl-Am Chateau, Route 29.

A canned goods shower was held Wednesday night in Union Chapel in which articles were brought and placed on a wheelbarrow for the pastor, the Rev. S. Thomas Burns and Mrs. Burns.

The Sunshine Club met Tuesday afternoon at the home of Mrs. Kate Bliviss of Springfield road.

Gerald Larson, who resides with his uncle, George Duth of Central

Compensation Verdict Awarded Boro Resident

MOUNTAINSIDE—Gus Koel, of this borough, was awarded \$1,200 in jury damages in an opinion filed Monday by Common Pleas Judge Edward A. McGrath in the Court-house, Elizabeth. This reversed a decision in Workmen's Compensation Court, which had rejected Koel's claim following a hearing.

The judgment, against Louis Levine, trading as Ideal Dairy Farms of Morris avenue, Union, was based upon an accident November 8, 1941, when Koel injured a knee in falling from a hay truck. Koel was employed by Levine. The employer claimed that the Mountainside man had suffered the injury in a wrestling match, but it was testified by medical witnesses that Koel's case was justified. Koel earned \$85 monthly, in addition to maintenance as Levine's workman.

Sentenced by Court

MOUNTAINSIDE—Elwood Jones, 19, of Route 29, was sentenced for an indeterminate term at Annapolis Reformatory by Judge Edward A. McGrath last Thursday at Elizabeth. His offense was larceny of property owned by John L. Siebold, of 114 Pearl street, Elizabeth.

Benninger Elected

MOUNTAINSIDE—Albert J. Benninger of Springfield road, was elected third vice-president of the International Federation of American Housing Pioneers Association at its convention Saturday in Newark.

MY WAR BOND SAVINGS WILL BUY A HOTPOINT ELECTRIC KITCHEN!

BUY WAR BONDS HERE

THE other day at Red Cross a new light dawned when one of the girls told me how surprisingly little she paid for her Electric Kitchen. Why the money we are saving every month by buying War Bonds will finance that Electric Kitchen after the war.

Thousands of homes costing less than \$6,000 now enjoy the convenience and cleanliness of electric kitchens with Hotpoint Ranges, Refrigerators, Electric Dishwashers, Sinks and Hotpoint Steel Cabinets.

Regional Loses Hard Fought Game With Union At Home, 13-7

Regional High School's gridirrs... nearly Union High at the home field Saturday afternoon and lost a closely fought contest, 13-7. It marked Union's first win, having previously lost twice and tied Carteret, and was Regional's fifth loss in as many starts.

With Roscoe on schedule for a home encounter November 14 and Rahway away Thanksgiving Day, both teams undefeated, the prospects for Coach Les Goodwin's boys to come through with a victory this season look slim. However, any kind of an upset against the strong remaining opponents, would more than compensate the Bulldogs for what has been a tough year.

Union scored in the second period when Phil Krug, right end, blocked Stumps' punt on Regional's 28-yard stripe, kicked up the loose ball on the 23 and ran the distance to the goal. Groves converted for the extra point.

The locals came back in the next quarter after Wes Gill ran a Union first down 30 yards, followed by a brilliant 21-yard dash by George Smart to the 1-yard marker. From there, Joe Miragler went over for a touchdown, and Al Cree converted to tie the score at 7-all.

The contest was decided in the final period, Union engineering a 45-yard touchdown march climaxed by Jim Ormsby going over with a 1-yard plunge for the score. During the march toward Regional's goal, a 15-yard penalty against the Goodwin team added Union's cause considerably.

Early in the third quarter, Regional nearly faltered when a series of passes from Gill to Tom Palmer brought the home team to Union's 5-yard-line, but the visitors' line stiffened and Union took possession.

Regional has an open date tomorrow, with no game scheduled. The Union is scheduled to play at the home of the Board of Tax Assessors.

DR. JOHN L. MEEKER (left) PRESENTS DR. HENRY P. DENGLER WITH DESK SET About 50 associates and friends of Dr. Henry P. Dengler, Summit's health officer for the past quarter of a century, honored him Thursday night with a testimonial dinner at Cannon Brook Country Club.

Rationing Board Issues Statement About Fuel Oil

War Price and Rationing Board No. 7 yesterday issued a statement about the rationing of fuel oil, as follows: "The fuel oil, which is being rationed at the present time, is perhaps the most difficult of all to ration because it presents an individual problem which has to be studied and figured out by the members of the board. Those who have had to make out the application blanks have some idea of the problem which confronts the board when it comes to deciding upon the amount of oil which can be given in each individual case."

"It must be borne in mind that the amount of oil that is allowed is calculated by the rules set down by the Office of Price Administration and the board has no discretion in the matter. The rationing of the board in charge of the fuel rationing is meeting not only every day, but in the evening in order that the proper study can be given to each application and justice done in each case."

"Of course there are liable to be errors in interpretation in the rationing. These can be straightened out later by a consumer appealing to the board."

Newark Museum Offers Free Sunday Concerts

A varied program of songs by two young American vocalists will be offered at the Newark Museum on Sunday, November 8. In the first of a series of free Sunday concerts—the program will begin at 4 o'clock. Eleanor Browne, soprano, and John Baker, baritone, will be the featured soloists with Rodney Saylor as piano accompanist. Other concerts in the series will be presented on the second Sunday of each month from December through March.

LEGAL NOTICE NOTICE TO TAXPAYERS NOTICE IS HEREBY GIVEN, that the Board of Tax Assessors of the Township of Springfield, in the County

Regional Rearranges Winter Sport Games

Supervising Principal Fred J. Hodgson reported to the Board of Education, at its recent meeting, that a total of 14 1/2 tons of scrap was collected in the local grade schools for the two weeks period of the school salvage campaign during October.

Pupils' Scrap Drive Seen As Successful

The scrap collected, in detail, follows: 1,138 pounds of brass, copper, zinc, etc.; 2,204 pounds of rubber; 2,272 pounds of rags, and 23,472 pounds of iron and steel.

Somerville Eliminates Interscholastic Sports

Somerville High School, which meets Regional High in wrestling, basketball, football and track, will not engage in interscholastic athletics after December 1, the Somerville Board of Education recently decided. Recommendation was made by Principal William F. Lawrence that such action be taken, which precipitated endorsement by the school board.

Gallop Hill Course Seeking Old Equipment

Golf clubs and bags, if you have no further use for them, will be welcomed at Gallop Hill Golf Course, Kentworth and Union, where a drive is being made by the Union County Park Commission for such playing equipment to be loaned to Service men who are allowed to play golf free.

High School Adding Three 'War Subjects'

Three new "war subjects" will be offered on the curriculum of Regional High School, approved recently by the Regional Board of Education, upon advice of Supervising Principal Warren W. Halsey. They include studies in automotive mechanics, radio and astronomy physical education, the latter leaning toward "commando" training.

Pre-Induction Courses Are Started At School

Two pre-induction courses will be offered to the students at the Jonathan Dayton Regional High School, starting this week. The first—Automotive mechanics, will be taught by Henry C. Hall, teacher who has had industrial arts training and actual service work in a garage for three summers. There are seventeen boys enrolled. The boys have a car to start practicing on as a result of the efforts of Mr. Huppelo, Kentworth, who brought the car to Regional from the Kentworth scrap pile to which it had been donated by Mr. Macaulay of Kentworth. The car has been dismantled slightly in order to get it into the shop.

The other wartime course is a study of Radio that will be taught by Lawrence H. Hall, who is an accredited teacher for all seasons. The 12 boys who have enrolled will start practicing on a radio also obtained from Kentworth. These two courses will be held at the beginning of school, from 8:15 to 9.

Thanks To The Voters

I wish to express my grateful thanks to the voters of Springfield who showed, by giving me more votes than any other candidate at the general election this week, of their continued confidence in my candidacy. FRED A. BROWN.

How far is 700 MILLION soldier-miles?

... about 28,000 times the distance around the world... that's approximately what our soldiers cover by rail every month... not counting the additional millions of miles they ride on furlough. It is more than three times the rate of troop transfer in the last war. Our fast-growing army is only one reason for all this movement. Another is the fact that soldiers today move by train an average of six times between induction and embarkation as against only three times in the last war. Troop movements are being handled by America's railroads without congestion or delay, even though other transportation burdens have increased at a staggering rate. Many thousand cars of foodstuffs, ordnance and munitions must move to ports for shipment each day, while sharp reductions in shipping and truck transport have been absorbed by the railroads. Such an incredible accomplishment is due not only to more efficient equipment and operation... but also to the close cooperation among railroads, the armed forces, shippers and the public. The railroads, today, are getting everything they can out of every piece of equipment they own. The Lackawanna Railroad is proud of the part it is playing in the great drive of America's railroads for Victory. Marching right behind the armed forces are the thousands of Lackawanna employees... loyal Americans all... who are putting their best into the Nation's biggest job of moving men, materials and supplies speedily and punctually.

- Nov. 26 (Thurs.)—Senior sport dance, Regional High School, 8:15 P. M.
- Dec. 1 (Tues.)—Dessert-bridge, Rosary Altar Society, Legion Hall, 1:30 P. M.
- Dec. 8 (Tues.)—Basketball, Regional vs. Union, home, 8:30 P. M.
- Dec. 11 (Fri.)—Basketball, Regional vs. Linden, away, 7:30 P. M.
- Dec. 19 (Sat.)—Mobile blood bank visit, Red Cross, Legion Building, 12 noon to 5 P. M.

It's a mere boast, but we can't pass over the opportunity to glow over the fact that if any event of importance slated to take place in Springfield isn't listed in "Coming Events," then there's something wrong. But, if we're wrong, help us with your item. There's no charge for the service and no confusion will arise with other local group's activities if, as long before the coming event actually takes place, you remember to pass the date along to the SUN, by mail or phone, Millburn 6-1256.

Our Library Use Your Library

Every afternoon, 2:30 to 5. Mon. and Fri. evenings, 7:30 to 9.

Two new books recently purchased for the library are written by residents of nearby towns—EXPLORING THE LITTLE RIVERS OF NEW JERSEY by James and Margaret Cawley of Summit, and THE DAY MUST DAWN by Agnes Sligh Turnbull of Maplewood. In "Exploring the Little Rivers," the popular charm of each of the little rivers is told in the text and there are over seventy good pictures taken by the Cawleys showing their beauty.

Agnes Sligh Turnbull, author of "The Day Must Dawn," has lived in Maplewood since the last war. She grew up in Western Pennsylvania not far from the scene of "The Day Must Dawn." The story begins in the winter of 1777 when Washington was encamped at Valley Forge. There is considerable similarity between our own immediate problems and those of bygone days. It is probably one of the finest historical novels recently written.

SUEZ TO SINGAPORE by Cecil Brown tells the story of how he was thrown out of Italy for reporting what he saw, captured by the Nazis in Yugoslavia, cracked up in a bomber over Malaya, banded for broadcasting in Singapore, bombed by the Japs in Surabaya, blitzed by Himmel in the Egyptian desert, and his experiences aboard the "Repulse" when the Japs sank it. It is the inside story, told with honesty and accuracy, of how this war is being fought.

Administratrix Named in Charles Crouse Estate

Mrs. Marlo Crouse, acting as guardian for a 20-year-old son, Charles, Jr., who resides with her at 28 Beverly road, was appointed administratrix of the \$5,000 personal estate of Charles Crouse, Sr., who lost his life in April as a result of enemy sea action. It was revealed recently from the office of Surrogate Charles A. Otto, Jr., at the Courthouse, Elizabeth.

Mrs. Crouse is divorced so the only beneficiary is a son. The estate represents merchant marine casualty insurance.

County G. O. P. Ticket Led By Hawkes With 52,073 Votes

Republicans swept the election in Union County Tuesday, attaining the largest majority in years. Albert W. Hawkes, successful Senatorial aspirant, led the ticket with 52,073 votes, beating Assemblyman Milton Feller for that honor by one vote. U. S. Senator William H. Smathers, polling 36,469 votes, was defeated by 15,664.

Representative Donald H. McLean was re-elected, defeating George H. Walsh, Democrat, 49,896 to 34,489.

The rest of the Republican slate went into office with Assemblyman Feller, namely Kenneth C. Hand, Clifford P. Case, and Assemblyman Thomas Muir.

Freeholders Bauer, Ackerman and Rigny were renamed by respective totals of 51,040, 50,968 and 50,328.

Included in the county totals were 935 soldier ballots from more than 4,000 mailed out by the county clerk. Approximately 55 per cent of the 161,000 in the county eligible to vote did so.

Taxpayers May Shortly View Assessors' Books

Local taxpayers will soon have an opportunity to review their real estate and personal assessments fixed by the Board of Tax Assessors before the books are closed for 1943. Frank E. Meisel, clerk of the board, announces that such inspections may be made Friday evening, November 13, between 7:30 and 9, and the next day from 2 to 5 in the afternoon, and 7:30 to 9 in the evening, at the Town Hall. Other members of the Board of Assessors, including Elmer Slesley and John Courtney, will sit with Mr. Meisel in the committee room on the second floor.

Republicans to Meet

The Springfield Republican Club will meet Monday evening at 8 o'clock in the Legion Building. Mrs. Edith S. Hankins will preside.

DEATHS

Hugo Mayer

Funeral services were held Monday afternoon at 1 o'clock at home for Hugo Mayer, 50 years old, of 133 Morris avenue, who died last Thursday in Presbyterian Hospital.

The Rev. Dr. George A. Liggett, pastor of the Presbyterian Church, officiated. Services were held Sunday night at the home by Continental Lodge No. 190, F. & A. M. of Millburn, of which Mr. Mayer was a member. Interment took place at Roschill Crematory, Linden.

Palbearers were Emil Buchert, C. Arthur Smith, Frank E. Meisel, Edward Hoffman, Fred Vollweiler and Robert German.

ANNOUNCING A SPECIAL MEN IN SERVICE EDITION OF THE SPRINGFIELD SUN DECEMBER 4, 1942

Send in your Greeting to the Men and Women in Service. Call the SUN Office for complete information.

This Edition will be filled with pictures of men who are now serving our Country here and abroad. Also the exact addresses of all the men that are now on our mailing list if they are stationed in the United States. There will be feature articles about the excellent work that is being done by almost all the Organizations in Springfield.

Be sure your Organization gets in touch with us as soon as possible, so we can have complete and accurate information for this issue.

We want to add the name of any man or woman who is in any of the various branches of the Armed Forces to our mailing list.

We also wish to have pictures of all men that have not as yet furnished us with a picture.

Call Millburn 6-1256

or bring pictures and information to The SUN Office.

**We're Fighting
for
Their Future**

You're doing all you can to give them the life that is rightly theirs. To enjoy life, to do the work they will be called upon to do, they need the advantage of good health. And so much of good health is due to proper nutrition.

The right kind of food builds strong bodies, sound limbs, steady nerves. If

you want to know what foods make up a balanced diet, consult our Home Economics Department. They will help you with your meal problems.

GAS IS A WAR FUEL. . . . The gas you use at home is the same kind of gas that is used in factories to make bombs and shells and aeroplane parts. Use it sparingly. It is needed for our war effort.

- Don't let taps drip.
- Don't leave the refrigerator door open.
- Don't let foods boil furiously.
- Don't van a bath and then let the water grow cold or run out.
- Don't keep water running while you wash dishes.

PUBLIC SERVICE
