

OUR GUEST CORNER

From time to time the SUN invites its readers to contribute to our Guest Corner. This week's article is written by REV. S. THOMAS BURNS, Pastor, Mountsideside Union Chapel

"It is a good thing to give thanks unto the Lord, and to sing praise unto his name, O most High." Psalm 92:1.

Here the Psalmist admonishes the children of Israel that it is good to give thanks to the Lord. And how much they had for which to thank God. Their whole history of God's deliverance upon them as a nation and as individuals proclaimed this fact. God preserved them as a people.

And now, the United States is once more in the midst of a national Thanksgiving. We as a nation can likewise lift our hearts in thanks unto God for all the same blessings in which Israel rejoiced. God hath dealt bountifully with us, not according to our sins, but according to His mercy.

Yes, we are in a period of national stress. It is now nearly one year since the unlooked-for attack on Pearl Harbor, when we were plunged into the conflict that has enveloped the whole world. But God has still preserved us as a nation. The feet of the enemy has not found our shores, except as a secret spy or saboteur. Black-out sirens have wailed in the night, but we have not yet come to dread the roar of the airplane or the scream of the bomb. Our nation has not suffered the fate of other nations of Europe. We have not, as they have, been trampled in the dust by the iron heel of cruel tyranny. True, we have known a few privations and probably shall know more, but there are other nations even today that lack more in daily needs than we ever shall lack. God has richly blessed us with every material and spiritual gift, and we in return should render grateful thanks and praise unto Him.

Too often at this season, we think of the feasting and the gathering together for celebration and lose the central thought of this national holiday. Familiar to us all are the pictures of our Puritan forefathers on their way to church with the Bible under one arm and the gun in the other, fearing that which may have been lurking in the woods. But not failing to gather into the home of the Lord to give thanks to Him for His provision, for freedom of government, and for freedom to worship according to their own convictions. Though we have departed from many of the good principles established by our forefathers, though we have forgotten the faith and the devout worship they showed

unto God, may that same spirit of thankfulness that they expressed on the first Thanksgiving day be ours at this season.

However, our thanksgiving must not merely be vocal. Though it is good to give thanks unto the Lord, it must issue from the heart that is worshipful and obedient to be acceptable to Him. Not only must our lips express our gratitude, but our hearts likewise should be raised to the Giver of every good and perfect gift.

But perhaps you are one who is suffering from the mere cruel effects of this war. Perhaps sorrow has come to you because of this strife of nations. According to the testimony of Rev. Henry W. Frost, thanksgiving brings peace. One time while in China, he had received sad news from home and shadows covered his soul. He tried to pray, but the darkness remained. However, upon the wall of a mission station, he read the words "Try Thanksgiving." He did, and in a moment every shadow was gone. Not to return. My friend, turn to the Lord and "try Thanksgiving." He will lift the sorrow from your heart and give you peace and rest.

Then, too, this season should give to us another opportunity to give thanks to God for the greatest gifts of all times. As the Apostle Paul wrote, "Thanks be unto God for His unspeakable gift." We, as Christians, should raise a heart of praise unto the Lord Jesus Christ for the giving of His life that through Him we might have redemption from sin, that we might enjoy all the spiritual blessings that our ours through the knowledge of Him as Saviour, and that we might have that eternal hope in Him.

And so, at this Thanksgiving season, let us realize anew the blessings that are ours from the bountiful hand of God, and let us render unto Him all the thankfulness and praise that He so much deserves, giving it not only with voices, but with hearts that are attuned to Him through Jesus Christ, His Son, the great Gift. "It is good to give thanks unto the Lord."

Christians, should raise a heart of praise unto the Lord Jesus Christ for the giving of His life that through Him we might have redemption from sin, that we might enjoy all the spiritual blessings that our ours through the knowledge of Him as Saviour, and that we might have that eternal hope in Him.

Mountsideside Defense Practice Alert Test Held Thursday Night

MOUNTAINSIDE — About 125 residents took part in a practice alert test Thursday night for Joseph J. Spurr III, Newark area administrator of the State Defense Council, Mayor John Moxon, local commander, directed activities at the control center.

In a report which followed his inspection, Mr. Spurr singled out the newly installed casualty station in Route 29 as one of the most up-to-date he had seen. He highly praised the equipment and personnel.

Corodination of all workers in the field was highly praised as well as the efficient manner in which the control center was operated. Order and discipline while operations were in progress was excellent, the administrator said. Two accessories which received the attention of Mr. Spurr were the chart in the control room and the system of relaying and receiving messages at headquarters.

Mr. Spurr suggested that an additional man be added to the control staff and that the auxiliary police force be increased. He also suggested holding tests at regular intervals, securing a wind up clock for the control room as well as a thermometer, barometer and wind indicator.

The test which included five incidents was in charge of Defense Chairman Melri C. Hoy who arranged the incidents; Police Chief Charles Honecker, heading the police and auxiliary police; Fire Chief Herman Honecker, in charge of firemen and auxiliary firemen; Richard C. Keller, Rescue Squad; Dr. Maya Unna, chief medical officer; Edward Monerth, chief air raid warden; Charles A. Dunn, deputy chief air raid warden; Walter Messinger, chart supervisor; and Charles Wadas, communications chief.

Four names were inadvertently omitted in last week's SUN listing members of squad personnel at the borough casualty station. The following women should have also been mentioned: Mrs. C. E. Murphy, Mrs. John Dunn, Mrs. Fred Rooder and Mrs. Joseph Horshey.

Dr. Unna, chief of the casualty station, is making plans for an "Open House" program sometime during December.

Five Springfield men left yesterday for the Army Engineers Corp., U.S.A., at Fort Dix, accompanied by Wilbert W. Layng, local resident and State recruiting agent. They will be in the 48th Engineers Heavy Shop Company, which will be set up at Camp Claiborne, La.

In the group and their rank are: Sergeant Otto Sturm, former local police officer; Sergeant George Dunleavy; Corp. Robert F. Bashford; Corp. Wilbur McClelland; and Pvt. First Class Angelo Palmieri.

LUNCHROOM PROJECT TO OPEN

The War Service Committee of the Springfield Defense Council announced this week that a hot lunch room project in the Raymond Chisholm School will be opened Monday, November 30. In this connection, the following statement was released by Mrs. Roland Nyst, chairman of the Consumers Interest Committee, which has been interested in the project:

"The parents who attend the monthly Parent-Teacher meetings by this time understand why the lunch room did not open on the first day of school, as originally designated. For the benefit of those who do not know the reason behind this delay let me explain. It takes considerable money to start a project of this kind and an organization in town being financially able to undertake it, a WPA program was taken into consideration, whereby the WPA would supply the kitchen help, and the Parent-Teacher Association would retain the management.

"The School Lunch Fund Committee raised the money and purchased the necessary equipment. When their job was completed, the PTA made an effort to bring to a conclusion the negotiations with the WPA. It then came to light that a very stringent contract was required by the WPA, which was not acceptable to the Board of Education, and the Parent-Teacher Association, not having enough funds to carry on this work without the aid of the WPA, temporarily put aside the opening of the lunch room.

"In view of these facts, and the lunch room idea having sprung originally from defense measures, the Consumer Interest Committee of the Springfield Defense Council interested itself in the lunch room and has succeeded in bringing about a plan whereby the lunch room will operate until the close of school in June. It is hoped by that time other means can be found making it possible for the lunch room to reopen in the Fall. This program of approximately 30 weeks is made possible through the untiring efforts of our Salvage Chairman, Postmaster Otto Hols. He has accumulated some funds from scrap collected and sold and the Defense Council is agreeable that as much of this money as is needed be used to open the lunch room. Therefore, for the time being the Defense Council will retain the management of the lunch room, the new lunch room committee being as follows: Benjamin Newschwager, Miss Florence Goodhue, Miss Clarence Lord, Mrs. Richard Brantell, Mrs. Henry C. McMillan, Mrs. Charles G. Nelson, Mrs. Harry Hart, Mrs. Joseph Worthington, Mrs. Norbert Kuffner, Mrs. Clarence H. Solander will cook, assisted by Mrs. Elizabeth Scott.

"Thus it is that the new kitchen facilities in the Raymond Chisholm School will be put to use for the first time on Monday, November 30, when a supplementary luncheon will be served to the children who — (Continued on Page Six)

Regional To Face Railway Tomorrow In Season Finale

The Regional High School football squad, which has failed to win any contests during the present season or last year, rings down its schedule tomorrow morning at 10:30 in Riverside Park, against Railway High School. The Scarlet team, always finds regional a scrappy opponent, even though the Bulldogs have yet to defeat Railway on the gridiron.

Here are the results of the Railway-Regional football games since relations commenced: 1937—Railway 25, Regional 0, 1938—Railway 12, Regional 7, 1939—Railway 19, Regional 14, 1940—Railway 17, Regional 0, 1941—Railway 44, Regional 0, 1942—???

Springfield Parents Hear Library Official

"Reading is a skill that should be mastered as early as possible," Miss Edith Smith, Morris County librarian, told members of the Springfield Parent-Teacher Association Monday night in the James Caldwell School.

"It is a mental activity and should be used as a source of information, as well as for entertainment," she added. Miss Smith was introduced by Mrs. Nicholas C. Schmidt, president of the Board of Trustees of the Springfield Free Public Library.

A book exhibit was presented by the local Library, which included books, interesting to children of various ages, and to grownups as well. Plans were discussed for a square dance to be held by the association in January. Mrs. Edith E. Hall gave several piano selections. Attendance awards went to Miss Alice Rieg's kindergarten class in the Raymond Chisholm School and in Mrs. Edith Jacobson's class of the James Caldwell School. Sixth grade mothers of both schools were hostesses for the evening.

Mrs. Donald Wolf, membership chairman, reported a high mark of 61 members, topping all previous records. This represents a total of 463 families. Awards of \$5 each for securing the greatest number of memberships were given to the classes of Mrs. Edith Jacobson and Miss Harriet Smith of the Caldwell School, and Benjamin F. Newschwager and Miss Virginia Kane of the Chisholm School.

In Concert Sunday

Manrice Eisenberg, world-famous cellist, will be the guest artist at a concert Sunday night at 8:15 in Paper Mill Playhouse, Millburn, for the benefit of the Millburn Art Center. Tickets are on sale at Taylor Park.

Lions Will Distribute Needy Holiday Baskets

Following Friday's meeting of the Springfield Lions Club in the Hawk House, Route 29, members will participate in their annual custom of distributing Thanksgiving food baskets to needy families.

However, due to present conditions with fewer cases of unemployment and want, the number of baskets given out will be fewer than in other years. Funds which were formerly used will be retained in the club's treasury, to be used for charitable purposes at the discretion of club members. Morris Lichtenstein is chairman of the Lions' charity committee.

Union Thanksgiving Service On-Tonight

A Union Thanksgiving Service of the churches of Springfield will be held this evening at 8 in the Presbyterian Church with Dr. George A. Liggett presiding and conducting the service. Rev. Charles F. Peterson, pastor of the Methodist Church, will preach the sermon. He has announced as his theme for the service: "Let Us Give Thanks."

The President of the United States has asked that Thanksgiving Day be kept as a Day of Prayer in behalf of our Nation and those serving our country's cause. It seemed wise for those planning the Union Thanksgiving Service to continue the time of the service as heretofore on "Thanksgiving Eve." The community is urged to join with the churches in this service of prayer, praise, and worship.

Bailey Scott Named To Higher Position

Friends of Bailey B. Scott of Millburn, former Newark News reporter in Springfield a few years back, will be pleased to learn of his recent promotion to suburban editor of the News. He succeeds Henry G. Cott, who has been named as lieutenant in the Naval Reserve and reported Monday at the Naval Training Station at Dartmouth College, Hanover, N. H.

Scott joined the News suburban staff in 1929 after being graduated from Princeton University. He came to Springfield after covering the Caldwell and Irvington. In 1935 he was appointed head of the Irvington office editorial staff where he remained until February, 1939, when he was assigned as copy reader on the sports desk.

Before being given his latest advancement, Scott had been assistant sports editor. Succeeding Scott in this capacity is another figure known to Springfielders, Gas Beck, who conducts a dog column, a bowling column and is the sports page make-up man. Beck formerly resided at 115 Morris avenue, this township.

Residents May Soon Expect Definite Idea On Army Draft Calls

A definite idea as to when many Springfield and Union residents may expect to be called to enter the Army is forthcoming, under a tentative schedule announced yesterday by Richard J. Hall, chairman of Selective Service Board No. 2. Quotas for November and December will be filled primarily with single men of 20 years of age and older.

Many of these will be persons who have dependents other than wives and children. Not until January, February and March will the 18- and 19-year-old groups be inducted.

The size of the next call, scheduled for December 30, is such that the entire group of 20-year-old men will be utilized. This 18- and 19-year-olds will follow.

It is possible there may not be a sufficiently large number of draftees to fill the March quota. If that situation arises, the March figure will be completed by the calling of married men without children.

Beginning in April it is probable that such married men will be used to fill the quota of the months that follow. A percentage of the "iron age" group, who have been deferred to complete school term will likely be inducted after June. The board chairman said this schedule depends on the size of the quotas beginning with that of January. Large quotas will result in earlier inductions, for members of the married group.

Such a schedule unquestionably will show many well known personalities in the armed forces by the end of 1943, assuming that they pass the army's physical tests. In Union a captain in the fire department is scheduled to take his physical examination this week. Two police sergeants and several police officers are among the married men without dependents. Edward W. Wadsworth, a member of the Union Township Committee is included in this group.

Although announcement recently was made by Mayor F. Edward Bieriempfel of Union that the governing board would discuss the matter of deferments of needed men in the police and fire departments with "selective service officials," he said yesterday that no action has been taken. One police sergeant is already in the army and several policemen are in the armed forces. Another following enlistment in the navy, is awaiting his call for service.

Hall revealed that during the past week thirty-six appeals which went to the Union-Somerset County Appeals Board from the board's area were returned and that in thirty-one of the appeals the local board was sustained, with the appeal being filed in I-A. The appeals are now being disposed of rapidly by the county board.

The board chairman said there are few farm workers in the Union-Springfield area, so that not many will be effected by the new regulation providing deferment for that group. There are several dairies in the section and in cases where deferments are sought for these men the board will ask the employees to submit the time record of the employee for the past six months to ascertain that he has worked steadily.

Thanksgiving Day will not be a holiday for Selective Service men. They have been ordered to report to their respective units.

Miss Richards is a graduate of Summit High School and is employed by the Prudential Life Insurance Co. of Newark, Corp. Buckalew, before entering the army, was proprietor of the confectionery store at 247 Morris avenue.

Men's Brotherhood Met Monday To Repair Toys

The Men's Brotherhood of the Methodist Church met last Monday evening for repair of toys for underprivileged children at Christmas time. Quite a number of men responded with tools and paint brushes and a number of toys were repaired and repainted with good results. More toys are needed for repainting. Any one having toys which could be repaired and given at Christmas time will render a fine service by seeing that they are sent to the Methodist Church by next Monday evening at 8 when the Brotherhood will again meet for work on this worthy project.

The Springfield SUN Stationery and Gift Store will answer your holiday shopping problems. Many beautiful gifts—printed, underlined, printed Christmas cards from 50¢ for \$1.00; personal printed mailings, playing cards, favor tags and novelties. # A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

President Roosevelt, in a radio address, said that "During the past two weeks we have had a great deal of good news and it would seem that the turning point of this war has at last been reached. But this is not time for exultation. There is no time now to rest, but fighting and working to win."

Navy Secretary Knox reported the following total damage inflicted on Japan in the Battle of the Solomons November 12-15: sunk—2 battleships, 1 heavy cruiser, 6 heavy cruisers, 2 light cruisers, 6 destroyers, 8 transports, 4 cargo transports, damaged—2 battleships, 1 cruiser, 7 destroyers. The Japanese lost between 20,000 and 40,000 troops, as well as large numbers of naval personnel. U. S. losses were 2 light cruisers and 6 destroyers sunk.

Mr. Knox said U. S. forces are in complete control of the area in and around Guadalcanal and "our hold on the island is very secure." The President said the battle is a major victory. War Secretary Stimson said Army aircraft from Australia and New Caledonia played an active and effective role in the battle.

Allied headquarters in North Africa reported that American, British and French troops are driving into Tunisia from all sides, closing in a ring around the northeastern triangle of Bizerte and Tunis. The British First Army, reinforced by U.S. and French units, engaged Axis mechanized columns in Tunisia and drove them back, the War Department announced. Gen. MacArthur's headquarters reported November 21 that American and Australian forces are driving hard against the Japanese, who are pinned along the northeastern coast of New Guinea between Buna and Gona on a narrow beachhead extending 20 miles along the coast of a 40-mile island.

## Selective Service

President Roosevelt ordered registration for Selective Service for all young men who have reached the age of 18 since July 1, as follows: those born July 1 to August 31, 1924, inclusive, to register the week beginning December 11; those born September 1 to October 31, 1924, to register December 18-24; those born November 1 to December 31, 1924, to register December 25-31. Young men reaching 18 after January 1 will register on their birthdays. Selective Service Headquarters ordered distribution of questionnaires to 18 and 19-year-old registrants, who will be inducted as their order numbers are reached.

"To make sure that no one who is really irreplaceable shall be separated from an essential position," the President ordered the Secretaries of War and Navy to "see to it that present Government employees, who have been deferred, are not enlisted or commissioned... unless they can produce the approval of the head of their agency." Mr. Roosevelt said that after his order November 17 for cancellation of all deferments already made on the basis of Federal service, there was a rush of Government employees to get into uniform. He said his new order should apply not only to the regular civilian employees of the Government but also to employees in Army arsenals and in Navy yards and Navy shore establishments owned or operated by the United States.

The new manpower setup to be completed soon, the President said, would provide for deferment and prohibition on enlistment of men needed more urgently for war production than in the Army. More uniformity could be obtained from local draft boards, he said, by plant managers certifying to the boards cases of men who are irreplaceable and by more consultation between draft boards and war production employers.

## The Armed Forces

Navy Surgeon General McIntire said Navy fatalities among the wounded at Guadalcanal are less than one per cent, compared with an average of seven per cent wounded in World War I—due principally to use of new medical discoveries in treatment of wounds. The President appointed Brig. Gen. Frederick H. Osborn, Chief of Special Services of the War Department, as chairman of a committee which will work out plans for post war education of young men whose school years are interrupted by entrance into the armed services. The President increased the maximum size of the WAACS from 25,000 to 150,000 women. More than 1,000,000 soldiers have applied for benefits on behalf of their families under the Servicemen's Dependents Allowance Act.

The Office of War Information announced 48,956 members of U. S. armed forces have been officially reported as killed, wounded, missing or prisoners since the war began—exclusive of the African campaign. The War and Navy Departments organized the United States of America Typhus Commission, headed by Rear Admiral Charles S. Stephenson, to "function as a board of strategy against typhus, the common foe of all armies and of all people."

## Production

War Production Chairman Nelson announced aircraft production in 1943 has been fixed at more than double the 1942 output. At the same time he appointed a new top board of aircraft production supervision under the chairmanship of WPH Vice Chairman Charles E. Wilson. Mr. Nelson issued a statement asking war workers to stay on their jobs Thanksgiving Day. The WPH Smelter War Plants Division reported it has completed its operating organization and now has the staff necessary to carry out its work.

## Farm Prices and Production

The WPB froze until March 4, 1943, one-half of the supply of cold storage butter in the 35 principal markets of the country—between 20 and 35 million pounds. Without regard to existing contracts, this butter may not be delivered except on specific permission by the WPB or to the armed forces, Land-Lease, or other specified Government agencies. The freeze order applies to any person in the 35 markets, who between November 6, 1942, and November 20, 1942, had any butter in his possession or under his control in any warehouse. He is required to set aside until March 6, 1943, 50 per cent of the supply of butter he had on hand November 6 or November 20, whichever is higher.

The OPA set special price ceilings on turkeys sold direct to consumers by farmers and processors. Terms of Commodity Credit Corporation contracts offered to farmers in Wisconsin, Iowa, Indiana, Illinois, Minnesota and Kentucky for the production of 300,000 acres of corn in 1943 were announced by the Agriculture Department. Gasoline will be 10 cents a gallon in 40 States. Employment on farms November 1 totaled 18,874,000, a seasonal decline of about 1,000,000 persons during October and representing a much higher percentage of women, children and townspole.

## Rationing

The OPA cut the value of the basic A gasoline ration coupon from 4 to 3 gallons in the District of Columbia and 16 of the now-rationed Eastern States. B and C books were not affected. Those motorists who, because of the change of the value of the A coupon, are unable to obtain "essential mileage" may now apply for supplemental rations. To allow motorists extra time in which to dispose of title in excess of five per passenger car, the OPA postponed the deadline for title turn-ins until December 1. A total of 2,872,000 tires had been turned in by motorists at the close of business November 14.

## War Finances

To finance the war effort, the Treasury will borrow during December the unprecedented sum of approximately \$9 billion, Treasury Secretary Morgenthau announced. Twelve Victory Fund Committees will launch an intensive sales campaign on November 30 on three series of offerings of new securities, with 44,000 volunteer workers soliciting subscriptions. At the same time the War Savings Staff, with its 300,000 volunteers, will intensify its drive to add at least 7 million more homeowners to those already investing regularly in War Bonds through the payroll savings plan.

"A Week of the War" summarizes information on the important developments of the week made available by official sources through 2 p. m. EWT, Saturday, November 21.

### Go To Church Sunday

## What SUN Advocates

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office Building.
5. Removal of dilapidated buildings which are sore spots.
6. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
7. Full-time position for the Township Clerk's office.
8. Encouraging clean industry, to increase tax rates.
9. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

## Auto Fatalities Continue High Despite Rationing

Gas and tire rationing which went into effect during the summer, has meant little in the number of automobile fatalities that have taken place in Union County during the first ten months of the year, according to the monthly reports of County Physician Christopher A. Brokaw, which has been submitted to the Board of Freeholders. Altogether, 50 persons have lost their lives in the county, including three in Summit, during that time. Twelve of these fatalities have taken place since July 11, when rationing orders were established and the "go slow" ruling went into effect. During the first ten months of 1941, 59 such tragedies were recorded. Fatalities by months for this year are: January, 13; February, 11; March, 2; April, 5; May, 2; June, 5; July, 2; August, 2; September, 6; and October, 2.

### GREEN VEGETABLES

One green vegetable should be eaten every day—more if possible. That's what the Daily Food Standard drawn up by the National Nutrition experts says each of us needs. Green vegetables are rich in many of the food values we need to help keep us healthy. All the leafy green vegetables contain a high percentage of iron and a considerable amount of vitamin A.

The leafy vegetables include beet leaves, chard, collards, dandelions, spinach and mustard, turnip tops, kale, chervil, watercress, escarole, and a cup of any of them, cooked, will supply 12,000 units of vitamin A. It is a shame that parsley is used mainly for decoration, for it is a very rich vegetable source of vitamin A. One-third of an ounce of fresh parsley daily will supply one-third of the total vitamin A required by an adult.

To boil greens, place in pot, do not add water as the water left from washing the leaves will be sufficient to cook them. Cook quickly. Steaming is the better method of cooking as there is less shrinkage and less loss of valuable mineral and vitamin content.

Green vegetables have their place too, in meals that last good and look good. With their pretty green color and their fine fresh flavor they are perfect side partners for meat and potatoes.

The smart cook fixes vegetables for the table so they keep that fresh garden look together with their vitamins and minerals. Green vegetables are never overcooked, or their juice thrown down the sink.

Use your green vegetables as soon as you can after purchasing them or gathering them from the garden. If you must keep them a day or two store them away from dust and fumes, preferably in a refrigerator. Just before using, wash them quickly and thoroughly but never let them soak in water. Food values are lost by long soaking in water.

To get rid of sand grit, lift the vegetables from the water, rather than pouring the water off. Salad greens keep crisp and crunchy, if washed, wrapped in clean cloth, and kept covered in the refrigerator.

Here are some good rules for cooking vegetables to get the most out of them: Use as little water as possible, a little salt, cook as short a time as possible, and never add soda to the cooking water. Soda ruins the flavor and destroys part of the vitamins.

Have the water boiling when you put green vegetables in to cook. After the leafy greens are wilted, leave the lid off, as this helps to keep the color green.

Serve all juices with the cooked vegetables or use them in soups or sauces. Never throw the juices away as they contain valuable vitamins.

For a "different" flavor, add chopped parsley or chives. Always serve all green vegetables while hot and immediately after cooking.

### MEMO TO MRS. HOUSEWIFE

The official opinion is that cereals and citrus fruits won't be rationed for some time. Barring bad weather there'll be plenty of prunes, lemons, oranges. Grapes are plentiful. Dried fruit supplies will be short.

OPA says it will soon place a ceiling on beet and cane black-strap molasses prices.

What's good for the goose is also good for the high-flying aviator. There is now a demand for the feathers to be used in the lining of their suits. Keeps 'em warm.

Price ceiling on rayon hose will soon be issued, says OPA. Check prices with those charged last March to be sure you're not being overcharged.

Individual taste may still dictate the color of your costume. Excepting a few shades of yellow and brown, needed by the armed forces, textile colors will remain practically the same. Quality of dyes compares favorably with peacetime products. Limitations may appear in the home where there'll be fewer heavy colors for your blankets, slip covers, etc. Cheerful news when we remember the burned blacks and faded browns of the first World War.

Girls from 16 to 20 make the best arms plant workers, a Canadian survey shows. Women excel at routine jobs; they're more dexterous than men; they can perform 556 of 623 different war plant jobs.

Take care of your pots and pans! WPB reduced kinds and types of kitchen enamelware from percentage total of 450 items to 25. Cast iron kitchen ware slashed from 200 to 12 types.

WAAC—The women's army auxiliary corps (WAACS) will headquarters at the Newark Post Office has prepared the following information concerning the organization: With their permission, and in answer to the numerous questions received we take the liberty of reprinting this bulletin.

Q. What is the Women's Army Auxiliary Corps?

A. The purpose of the Corps is to serve with the Army of the United States and to take over noncombatant duties where feasible.

Q. What qualifications are necessary to serve in the WAACS?

A. An applicant must be between her 21st and 45th birthday. She must be able to pass an intelligence test and physical examination.

Q. What is the set-up of the WAACS?

A. The head of the organization is known as the director, with an assistant director, first, second and third officers and auxiliaries.

Q. What is the pay of an auxiliary?

A. Fifty dollars a month.

Q. Can an auxiliary become an officer?

A. Yes, if she possesses the necessary qualifications. Future officers in the WAACS will come from the ranks.

Q. What is the length of service?

A. It is the same as the Army; duration of the war plus six months.

Q. I am a civil service employee. Will I lose my seniority rating if I enroll?

A. Enrollment in the WAAC does not cancel a civil service status held at time of enrollment. If you leave a United States Civil Service position for membership in the corps, you can, at the expiration date of your enrollment return to your former position or one of similar grade without loss of your seniority rating.

Q. What positions are open in the WAACS?

A. There are scores of positions. Some of them include accountants, baggers, bookkeepers, clerks, cooks, dental assistants, dietitians, drivers, messengers, pharmacists, radio operators, stenographers, typists, etc. Full list can be obtained at the Newark Office, with any other information at the WAAC headquarters between 8 A. M. and 5:30 P. M.

## Our Library

Use Your Library

Every afternoon, 2:30 to 5. Mon. and Fri. evenings, 7:30 to 9.

This year books mean more than ever to the modern boys and girls as Springfield was very fortunate in being able to secure Miss Edith Smith, Morris County Librarian and at one time a teacher of Children's Literature in the Trenton State Teachers College to talk to them on the subject of Children's Books. Much time and thought was spent on the selection of the 100 new children's books which were on display at the meeting Monday evening. These will be put in circulation at the library in the near future.

There will be found books for those seeking information about the world they live in, those blessed with imaginations and other looking for laughter and recreation. A few that attracted considerable favorable comment at the meeting were HUNDREDS AND HUNDREDS OF PANCAKES by Audrey Chalmers, THE LITTLE RED LIGHT HOUSE by Hildegrade Swift, LITTLE BOY LOST IN BITTY BEE by Kenneth Rogers, TOM WHIPPLE by Walter R. Belmonts, POLAR ROY by Florence Kennedy, THE MIDDLE MOFFAT by Eleanor Estes, AIRMEN OF THE AMAZONS by Frederick Linton, TOP KICK by Helen Watson, HAVE YOU SEEN TOM THUMB? by Mabel Hunt, CANADA by Mary Graham, ALL AMERICAN by John Tunis, MYSTERY ON THE MISSISSIPPI by Marjorie Chapman, INSIDE OUT by Gertrude Mallette, HAPPY TIMES IN NORWAY by Sigrid Undset, and SUBMARINE by Kendall Banning.

## Your Garden This Week

BY FRED D. OSBORN  
County Farming Agent

Many of you have no doubt been delayed in your fall work by the wet weather of the latter part of October and early November. In general the soil has been too wet to handle, particularly the heavier types. But a point to remember is this: Soil which is wet can be handled with less fear of danger in the fall than at any other time of year. Even soil that is wet and puddled can be worked, for the freezing and thawing of water will break it up and granulate it. If planting is not finished soon, the ground may freeze and the work will not be done. Working in mud is not recommended, of course, but as soon as the soil can be handled tender crops should be planted and harvested.

"Though you may have been delayed in getting your fall bulbs planted, don't give up the idea. You can get some old hay or other mulching material, simply apply a heavy mulch on the ground when you can plant any time when the ground is not frozen, even up to the middle of December with fair results. This is a good place to utilize leaves. Spread them out on the ground where the bulbs are to be planted. Then, after planting, put the leaves back to keep the ground from freezing too deep. Putting some coarse material on top of the leaves keeps them from blowing. Next spring, pile them up as compost, or use them for mulching. They are good for both jobs.

After finishing the harvesting of tender plants, and the planting of fall bulbs, get ready to protect your crops over winter. This is a good time to put roses and other more or less tender shrubs in shape for the cold winter months. Possibly the best protection is hilling with soil, though although the plants may kill back to the ground line, below it the wood is perfectly sound provided the soil has been given some protection after it freezes. Hill up Hibiscus, Buddleja, and other shrubs accordingly. This protects the wood from freezing too hard and keeps the water away from the crown of the plant. If your plants are far enough apart, you can dig soil between them and make little mounds around each shrub or rose bush. This should be done before the ground freezes so it has a chance to settle. Besides giving protection, the practice assures good drainage around the

# ACTIVITIES OF MOUNTAINSIDE

## Services Held For Mrs. Mabel W. Waters

MOUNTAINSIDE—Funeral services were held yesterday at 2 P. M. at the home for Mrs. Mabel Ward Lyding Waters, of Route 29, who died suddenly in her residence Sunday. The Rev. A. Gordon Kannel, assistant pastor of the First Presbyterian Church of Westfield, officiated. Burial was in Fairmount Cemetery, Newark.  
For the past 18 months Mrs. Waters had served as librarian of the Mountainside Free Public Library in the local school. She was active in both the Mountainside and Regional High School Parents-Teacher Associations, and was a member of the Ladies Aid Society of Mountainside Union Chapel. She leaves her husband, Daniel T. Waters; a daughter, Miss Florence Lyding at home; a sister, Mrs. Florence Voorhees, of New Brunswick; and two brothers, James Ward of East Orange and Charles Ward of Florida.

## Pvt. Francis T. Peterson Writes From Great Britain

MOUNTAINSIDE—Pvt. Francis T. Peterson, who is overseas with a Field Artillery division, in a letter dated October 23 writes: "I wish to take this opportunity to express my thanks and sincere appreciation of your thoughtfulness in sending me a weekly copy of your paper. When one is far from home, a paper with news of one's home town can offer more pleasure and real contentment than some of the greatest novels written. It has been a boon to me to receive letters from home alone. It is indeed a pleasure to learn of the activities of some of the organizations in which I took an active part and hope to take part in again, when my duties and services are no longer needed in the service. "Owing to the strict censorship of all letters leaving the British Isles, I cannot tell you too much of my activities here. But let it suffice to say that England is a very beautiful country, and the English people are doing their best to make our stay here an enjoyable one. "Looking forward to the next edition of your paper."

## Plan Educational Drive On "Share Meat" Shortly

MOUNTAINSIDE—A "Share The Meat" campaign will be held in the borough from November 30 to December 5. The Volunteer Corps, chairman, Mrs. H. J. Kazmar, Mrs. Henry C. Weber and Mr. Weber as the former representative, will contact families of Mountainside and inform them of the purpose and importance of the drive.

## High Percentage Answer Lurchroom Questionnaires

MOUNTAINSIDE—The lunch room project in the local school, which is expected to open early next month, was recently canvassed by 91 questionnaires sent to parents. Mrs. L. A. Jennings of Park Ridge is chairman of the project and of the questionnaire sent out under the direction of Mrs. H. John Kazmar. 81 responses were received. It is interesting to note that 50 mothers expressed themselves as willing to spend some time in the lunchroom, or make themselves useful as needed.

## Piano Instruction Will Begin At School Dec. 10

MOUNTAINSIDE—Mrs. Arthur J. Ahern of Hillside avenue, instructor, will begin a piano instruction course in the Mountainside School during school hours each Monday, beginning December 10.

Groups of six children, above the second grade, will be taught in a class. Mrs. Ahern recently completed nine years of teaching in the Westfield school system. She is a graduate of the Eastman School of Music, Rochester, and was an instructor of "Methods For Teachers" at Rutgers, Columbia University and her alma mater, the Eastman School.

### LOOKING BACKWARD

#### Ten Years Ago

NOVEMBER 25, 1932

The East branch of the Highway River reached its highest level since 1928 due to heavy rains and as a result, the flood conditions which caused protest from residents to the Township Committee several weeks ago, was again aggravated.

Arrangements were being furthered for the presentation of "The College Flapper," on the evenings of December 8 and 9 in the James Caldwell School, under the auspices of the Springfield Amateur Actors Club. Donald G. Pannell was chairman of a committee of the Amateur Actors Club in charge of the cast from a local angle.

Patrolman Nelson Siles won the annual turkey pistol shoot of the police department at the Old Quarry grounds with a score of 95 out of a possible 100 points at slow fire, twenty-five yards. His prize was a fifteen-pound turkey.

Aside from proposed action toward cleaning out the bed of the east branch of the Highway River which has overflowed twice within the past two weeks, the SUN was informed that forty unemployed men, ten of whom were Spring-

#### Five Years Ago

NOVEMBER 25, 1937

For the first time in months, a burglary case was reported to police and within twenty-four hours a second similar incident occupied attention of the local gendarmes. The office of the Union County Coal & Lumber Co. at 192 Mountain avenue was broken into and \$138 in cash, together with two large checks of \$500 and \$872 was stolen from a double door safe and filling cabinet. The handle of the combination safe was battered away. Charles A. Woodruff reported to police the following day that a small window in the rear of his bowling alley in Center street had been forced open. Not more than two or three dollars was stolen.

Regional High ended their first invasion of scholastic football ranks at the Thanksgiving game with Rahway losing to Rahway 25-0. John Kulp of Springfield was elected honorary captain for the season, which saw Regional, with no experience whatsoever, emerge with one victory, one tie and four defeats.

Monsignor William P. Lawlor, superintendent of Catholic schools of Newark Diocese, was scheduled for the Springfield Parent-Teacher Association at its regular meeting in the James Caldwell School.

"Stage Door" with Ginger Rogers and Katherine Hepburn was the feature at the Roth-Strand, in Summit. "High, Wide and Handsome" with Irene Dunne was the main feature at the end of the week at the Strand.

#### One Year Ago

NOVEMBER 25, 1941

Funeral services were held for Jean Swanson, fourteen-year-old daughter of Mr. and Mrs. John Swanson of 69 Linden avenue, who was killed instantly on Thanksgiving afternoon in an automobile accident in Clark Township, and her brother, Walter Swanson, who died the following day in Rahway Memorial Hospital from injuries suffered in the same accident.

Mr. and Mrs. Jesse Carr of Academy Green celebrated their golden wedding anniversary on the 26th at the Cannon Ball Inn. Relatives and friends were present at the celebration.

It was announced this week that Township Committeeman Alfred G. Trundle was promoted this week to manager of the Aetna Life Insurance Company office in Atlanta, Ga., which will lead to his retirement from the governing body on January 1, when he assumes the new post.

A special ceremony on Sunday morning celebrated the 150th anniversary of the building of the historic Springfield Presbyterian Church, the third building owned by the congregation, and the second to be built on the overlooking junction at Morris-avenue and Main street.

Twelve accidents, one resulting in a death and two in serious injuries, marred the holiday spirit of Springfield on Thursday and over the week-end. In addition, there was the fatal accident in Clark Township, involving local residents.

Mrs. Carolyn Harmon of Marcy avenue was appointed by the Township Committee on Thanksgiving Day as relief clerk.

### Editor's Mail

To the Editor of the SUN:

From time to time our fine paper, the SUN, invites its readers to contribute to The Green Corner. I have not been asked to give my opinion. I find it is also to have an opinion. It is not in capital letters—was given them away, by leaving some good things and—has some one's feelings. There has not been much said about the wonderful system we have in our Post Office, since Otto Heinz has been in the office. So much praise has been given to the Police, in which we can thank Chief Runyon, and the Fire Department. The churches, which to my opinion, should be better attended, if the town is getting better as you claim. Sanitary conditions, the garbage collector which has kept the town in a healthy condition, due to the carelessness of Dr. Henry P. Doniger.

It is good to hear from the new people in town, when I say new people I mean those who have lived in this old town for maybe 25 years more or less. Now I think it would be nice for me, who has lived in this town and adjoining towns since 1867, and if my memory is good which I think it is. What do you think of this? I can remember when an octopus was caught in the Taylor brook with a body 2 1/2 inches in all. How would you like to have this thing to wrap itself around your leg when you were sneezing for colds, and also a fresh water lobster 5 inches long, with great strong claws. How would you like to have this fellow to grab you by the toe when you were enjoying a swim in the Taylor brook. These I have preserved in alcohol which I will be glad to show anyone.

Yes, you may well put yourself on the back when you say we have a newspaper and mail delivery. I can remember when the only way we could get any news was to stop a woman going to Tunison and Terry's Country Grocery Store, with a basket on her arm filled with some good fresh eggs; to trade for some groceries and a jug in her hand to get some good old-fashioned molasses to put on her buckwheat flapjacks in the morning. Before she would let you go, you would have had an earful. So, fall, you could hang on the rail fence and talk from early morning until the cows came home that night. You would have some left for the next day if you stretched it a little. Isn't that something worth knowing?

Yes, talk about our town's improvement. Can we today beat it many years when I could see dear old Brother D. J. Mundy and the grand old man, Brother Hoppach, leading the Sunday School to Ocean Grove on our Extension Day when every saloon, grocery store, butcher shop and the whole town would close up and enjoy a day at Ocean Grove, where God is still supreme. Yes, Jews, Catholics, Methodists and Presbyterians. We were all one family, loved one another, as we would have them love us. Tell me, can you beat that today? Compare the town yesterday and today, and see how much better we are spiritually, if any.

I can remember when the Methodist Church had a two weeks' revival, and I can tell you when the Methodists shook the old apple tree the Presbyterians got some of the apples, and I saw 250 fall around the old altar at one revival, and so it happened when the Presbyterians shook the old apple tree, the Methodists caught some of the apples. I tell you, for many years when this town was small, when in a religious strife, the church has pointed out the master's way, to join eternal life. Can you beat that today?

### Passenger Car Tires Being Registered Yet By Ration Board

A large proportion of the owners of passenger cars in this area registered at the schools last Saturday and the three days of the previous week. War Price and Rationing Board No. 7 reports. The board reports, however, two classes of motorists who did not receive their certificate of registration: the motorists who were out of town and did not register; and the motorists who did register, but who, because they still possessed some extra tires over the five allotted, did not receive their part of the certificate.

The board calls to the attention of these two groups of motorists the necessity for everyone's having his certificate if he expects to get gasoline in the near future. These motorists may obtain their certificates by calling at the board's offices, 311 Springfield avenue, or at the Springfield branch of the Town Hall.

It was reported that some people had difficulty in turning in their tires to the Railway Express as the latter were out of receipts. The board declares this difficulty does not now exist.

### Fuel Oil Coupons Issued When They Are Processed

Fuel-oil coupons are being issued to applicants as rapidly as the Fuel Oil Panel can process the applications. War Price and Rationing Board No. 7 reports. Applicants for coupons are again reminded not to call for their coupons until they receive notice to do so.

Those granted coupons are asked to call immediately for theirs in order to reimburse their dealers for oil already received so that the latter may replenish their supply. The deadline when one can get oil or kerosene without coupons is next Monday.

If anyone feels that he has not received the coupons he is entitled to, he is asked to call at the board's offices anytime after Dec. 5 for an explanation of his allotment. If there is an error in allotment, the board says the error will be rectified.

### Rationing Board Makes Statement On "Gas" Coupons

War Price and Rationing Board No. 7 has issued a statement about gasoline ration coupons, as follows: "The reduction in the amount on the coupons in the 'A' book is going to mean a curtailment in the non-essential and personal driving as there will be only 12 gallons a month for all purposes in the 'A' book instead of 16. The coupons in 'B' and 'C' books are still good for four gallons.

"The new 'T' books for trucks are now being issued. The applicant must bring in his O. D. T. certificate and his present 'S' book. Applications for 'T' books should be made at the earliest possible date."

### Mosque Revue Is Held Over For Extra Week

The Marcus International Mosque, current attraction at the Mosque Theater, Newark, will add new stars to the cast of seventy-five when the attraction starts its second week.

The revue, headed by Frank Sinatra, Senior Wences, the Three Murlough Sisters, and fourteen other principles, has been playing to big houses since its opening.

With the opening of the fall and winter season at the Mosque, Bobette and Russell Mack, operating managers, introduced a new sound system. Matinees are now given daily, including Sundays, and prices have been scaled to meet war time budgets.

# GAS IS A WAR FUEL

Anything that helps to win this war is a contribution. Saving gas helps and that is something you can do right at home. The army needs planes and tanks and bombs. Gas is needed to make them.

Think again when you let taps drip. That's wasting gas. When you keep hot water running while you wash the dishes—when you leave the gas refrigerator door open—when you use a small cooking vessel on a giant gas burner—you are wasting gas. Save gas and help to win the war.

**Lunch Room Project Given Use of School**

The Springfield Board of Education last Tuesday accepted a proposal from the Defense Council War Service Committee to operate a hot lunch project in the Raymond Chisholm School. Pupils will pay 25 cents weekly, and for those who are unable to pay, will be accommodated without charge.

In granting permission, the board gave use of its rooms provided that it would not be financially responsible. About 100 children are expected to participate, and the program will be self-supporting. Any deficits will be made from scrap sales funds.

Plans submitted by Dr. Henry P. Doniger, school physician, and a whooping cough immunization program similar to one he conducted last year in Summit, were approved. It will get under way here after the Christmas holidays.

The board voted to follow a policy of paying school employees a month's salary when entering military service. Mrs. Virginia Dillon, teacher, was granted a leave through December and January to visit her husband who is with the Army Air Forces on the West Coast. She will provide a substitute teacher during her absence.

### "Healthful Living Out-of-Doors" Unit Of Study

Miss Florence Gaudinier, school nurse at local schools, have just received from the Union County Tuberculosis League, Inc., copies of a special unit of study, "Healthful Living Out-of-Doors," to be distributed among health and physical education teachers in the school. This health program is an outgrowth of the theme of the 1942 Christmas Seal which depicts a typical American country winter scene. The unit deals with the importance of sunlight, fresh air, proper clothing, safety rules, nutrition, rest, sports, hobbies, nature studies—in fact, everything related to a healthful way to the great outdoors.

In commenting on the program, Miss Stella O. Kline, of Summit, executive secretary of the Union County Tuberculosis League, Inc., said "The means of promoting and preserving physical, emotional and social health as outlined in this unit are directly in line with the health rules as recommended by our government. The unit contains interesting suggestions for developing health-consciousness, strength, and endurance among the students." The program has the endorsement of all state, county, and local superintendents of schools.

### Rationing May Help Improve Our Diets

Housewives struggling with rationed foods and sudden shortages may feel encouraged at the comparative equanimity with which hospital dietitians, who must plan dietaries and buy food for a record number of patients each day, view food rationing. Mrs. Jeannette Winey Sturmer, nutritionist at Overlook Hospital, where 125 patients are a daily average, finds present conditions both a challenge and a stimulus to knowledge and ingenuity.

"In hospital menu planning the present shortage of certain foods, naturally makes it more difficult to tempt the convalescent's appetite, but it need not cause any serious dietary shortage," says Mrs. Sturmer. "Many foods are limited or hard to get in quantities sufficient for the hospital's needs, but substitutions can be made. Beef, bacon and ham may not be available because the supply is being diverted to our armed forces, but chickens and other fowl are plentiful and in addition to eggs, milk and cheese may be used to supply the necessary proteins. Pineapple, an old hospital standby, no longer comes in large quantities but other fruits are plentiful and can always be used.

"Fresh vegetables and fruits take the place of canned goods wherever possible at Overlook to aid in the conservation of the. When these are not available or cannot be prepared because of an acute shortage of help frozen foods come to the rescue.

"At Overlook, coffee is served for breakfast and tea for lunch, but milk is suggested for patients and nurses for all meals. If rationing will increase the use of milk to hasten the nutritionist's goal of at least one pint for every adult and one quart for every child, it may prove a blessing in disguise."

Nutritionists see food rationing, accompanied by an attempt to educate people to better food habits, as a big step in improving our national health.

Food is a part of hospital therapy, and trays must appear on time no matter what conditions have to be met in the kitchen.

Food rationing need not cause any harm from a nutritional standpoint, Mrs. Sturmer says.

wish to buy it, and especially intended for those who regularly eat a cold lunch at the school. Those children who have been bringing their lunch from home will continue to do so, perhaps being required to bring less, due to the hot dish which will be available to them from now on at a cost of 5 cents per day. It will not be compulsory for the children who bring their lunch to buy the hot dish, but it is the sincere wish of the Committee that they will do so and thereby avail themselves of the benefits to be derived from a more rounded luncheon. Every effort will be made to accommodate children who may wish to stay for lunch on rainy days, and those who live nearby

promptly to facilitate both book-keeping and early institution of the program planned for next year, Dr. Rummels said. Extra seals will be delivered if requested from the league's office in the Courthouse Tower, Elizabeth.

and may wish to stay for lunch only occasionally." "The luncheon program will be conducted along lines similar to those now in effect with the school milk. Tickets for the lunch will be secured for a whole week at one time, requiring the children to bring in 25 cents. Those children staying only occasionally and those staying only on days when the weather is bad, will pay as they go along, but it will be a great help if mothers knowing in advance that their children will stay and partake of the hot dish luncheon, instruct their children to so inform their teachers at least a day in advance. There will, of course, always be some extra portions available, having been provided for children who are unexpectedly absent from school.

"Parents of children and everyone interested in the lunch room activities are invited to visit there between the hours of 11:30 and 12:30 a. m."

### Investors S. & L. Locates In New Millburn Office

Insurance of accounts up to \$5,000 for each member by the Federal Savings and Loan Insurance Corporation was announced today by the Investors Savings and Loan Association of Millburn. This association has been operating in Millburn since 1926 as the Washington Rock Savings and Loan Association and recently changed its name to Investor.

The association also announced the opening of full-time offices in the building on Main street formerly occupied by the Millburn Building and Loan Association. The office has been modernized and furnished with up-to-date equipment by the Investors Association. Roland L. Lewan of Millburn, who for the past eight years was secretary of the Washington Rock Association on a part-time basis, is manager in full-time charge of the operations of the Investors Savings and Loan Association.

Jointly with the announcement of the insurance of accounts for each member, the association announced the acquisition of certain assets from the old Millburn Building and Loan Association, which is in liquidation. The assets which were acquired permit the Investors Savings and Loan Association to give shareholders of the Millburn, insured accounts equal to forty per cent of the book value of their holdings in the old association. In addition to the office building, the assets acquired from the Millburn association consisted of \$300,000 in cash and \$231,000 in seasoned home mortgages.

In making the announcement for the Investors Savings and Loan Association, Mr. Lewan said, "The insurance of accounts by the Federal Savings and Loan Insurance Corporation, gives a guarantee of safety to each member by an instrumentality of the United States Government. In addition to being insured, the association is a member of the Federal Home Loan

Bank System, which is the central credit reservoir for the thrift and home-financing institutions of the country. Directors of the association thought it was to the best interest of the members to acquire the insurance protection, and the acquisition of the assets from the liquidating Millburn Association.

### Christmas Seals Are Sent Out

Postmen throughout Union County today are delivering quotas of 1942 Christmas seals to residents who, through annual investment in the penny Yale stamps, finance the subsequent year's activity of the Union County Tuberculosis League. This county-wide goal is \$45,000 and the drive, which opened Monday, ends on Christmas Day. All except 5% of the total collected is expended wholly within Union County. The smaller fraction is diverted to the National Tuberculosis Association and 1,700 affiliated groups throughout the United States and its possessions.

Charles H. Huff, seal sale chairman of Springfield, says the sum sought will barely cover the 1943 program with the need for educational, preventive and curative facilities expanded to prevent widespread increase in tuberculosis because of the war. As superintendent of Bonnie Burn Sanatorium, the county's tuberculosis hospital in New Providence Township, Dr. John E. Rummels claims already to have noted a slight but dangerously significant increase in the number of cases. "Those who receive Christmas seals in the mail should result
