ALAN IMAMBACHER

LT. ALBERT J., BENNINGER

MISS ELIZABETH MCGUIRE

RECEIPTERENCE CHERENCE CHERENC Season's Greetings from **MOUNTAINSIDE SERVICE STATION** Mountain and Woodland Avenues Mountainside, N. J.

### **MESSAGE OF MOUNTAINSIDE MAYOR**

Mr. Milton Keshen, Editor The Springheld Sun Springfield, Now Jersey

December 5, 1942

Dear Mr. Köshent

At the end of our first full year of war, it is fitting that the citizens and officials of the Borough of Mountainside express to you fushing appreciation of the generous fashion in which you have pub-lished news of the many members of our community now in the

armod-forges. We are proud of Mountainside's record-in-furnishing-men to our country and more than proud of the men themselves. At the present time there are more than thirty from this Borough serving in the Army, the Navy and the Marine Corps. Each-of-them-has-socrificed personal hopes and ambitions to the greater end that in the new world to come after the war, all men shall have a better chance for life, liberty and happiness. Each willingly proffers his share of the price free men in all times have had to pay for the privilege of remaining free.

We at home have a duty to our country and an obligation to these service men. We must bend every effort toward the end that this war may be conducted with vigor and efficiency on the home front. This is not the time for protest against minor inconveniences, nor can anyone rightfully do less than his full share in volunteer efforts to assure domestic security. We are all in it: the Air Raid Warden, the Fireman, the many who occupy posts in time of alarm, and the men and women at home who do their honest best to-meet every request for sacrifice, for greater cooperation.

I hope that your paper will remain the close link that it has been between those of us at home and those others in the Services: We hope they think of us as frequently as we think of them and, in the long months ahead, before America can again turn herself from war to the pursuits of peace, we hope the news of here will stimulate and reasoure our men in all the far places of the earth to which they may go.

Sincerely, Ø JOHN MOXON, Mayor.

### HONOR ROLL AT MOUNTAINSIDE

**MOUNTAINSIDE SALUTES ITS** FIGHTING MEN

To each and everyone of Mountainside men in the armod forces, Mountainside sends its heartiest greetings.

Through the length and breadth of the nation, and in many far lands, Mountainside men are to be found-doing tough, dangerous jobs, fearlessly and well. We on the home front are proud of these men-and conscious of the fact that they are fighting for the preservation of our-homes-and-our-way of life.

We recognize their sacrifices. Christmas 1942 finds us with mingled feelings: proud that as Americans ours is the privilege of sharing with you, though in a lesser way, the responsibilities of the common struggle; regretful that Christmas finds so many missing from our firesides. Our thoughts are for our men on the front lines; our prayers are for their safe return.

## **MAYOR SELANDER SOUNDS THANKS**

By WILBUR M. SELANDER, Chairman of Springfield Township Committee Through the medium of the Springheid SUN, we are enabled

to extend the holiday greetings to all from our community who have intered the Nation's armed service." We extend our heartfelt thanks to those who have answered

the Country's call for difficult and dangerous service; and to thank those who minister to thely necessities. It is our hope that many will have a respite from active duty to permit them to remember the holiday season. We acknowledge our deep obligation to our citizenry who have put aside the ordinary pursuit of life any who have had their life vocation rudely interrupted. We pay tribute to the mothers, wives and sweethearts who live anxiously from day to day in the hope that a speedy end of the war will bring their loved ones home. (We sorrow for those who have made the suprem sacrifice or suffered injury in the service,

----- The Christmas greeting of ."Pcace on earth, goodwill toward men" would be a hollow sounding collection of words were it not for the remembrance of hisny past holiday seasons and the hope of future pence. We have faith to believe the men and women of the Allied Nations are not sacrificing in vain; that the sun will again shine on a free world.

We must hear in mind that there have been other Christmas seasons when war clouds obscured the brightness of the holiday season; times when those in the armed service did not know if the nation could continue to exist. America had and has a mission in the world-and its banner represents the freedom of mankind,

Almighty God sent Ills Son into the world to show men the brotherly way to live. The words of the great teacher-have-been violated time and again but they always recur with greater force. and meaning. The lives and talents of the Sons and Daughters of America are not wasted when dedicated to the making of a permanent peace with freedom for all mankind,

We miss you young people from our community life, many that we call by their given name, and we think of you daily in your distant camps and barracks. Our prayers are for your welfare and we look forward to the day of your safe-return. There are vacant places in our homes and it is a red letter day when we get a line from you.

# Will Shine Again

The doctrine of "Peace on earth, good will toward men" shall live despite war and strife and some day the Star of Peace and Victory will shine for us again.

We, the residents of Springfield, are so proud of you all, Soldiers, Sailors, Marines, Air Men and Coast Guards—who are fighting to maintain our way of life on all the battlefronts of the world and on the seven seas—and while trying to maintain the home front—our\_thoughts are with you always—and especiallyduring this holiday season.

To each of you we send our love, our prayers and our hopes for a Merry-Christmas and a Happy New Year—and we all look forward to that blessed day—when the lights come on again and you are all back in Springfield, having done your share to bring victory to our beloved country—

### GOD BLESS YOU EVERY ONI

Because of the "wide disparity" between salaries and wages paid agricultural labor and those paid industrial labor, OES Director Byrnes gave control over agricultural wages to Secretary Wickard. The House passed and sent to the Senate legislation directing 版版 that farm wages be included in calculations of parity prices for farm products, defining wages as those not only of hired hands, but of operators and owners as well.

#### Rationing

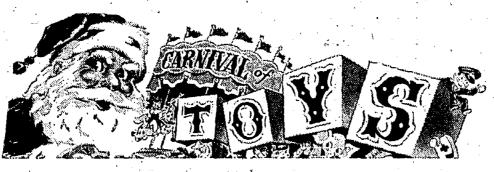

A new system of rationing known as the "point system," will be used with War Ration Book No. 2 to ration certain commodities not yet announced. The system will not replace straight coupon rationing of sugar, gasoline and coffee, as it will be used only for groups of rolated or similar commodities which can be interchangeably used. Each commodity in each group will be given a point-value---a low point-value if 派派 the commodity is plentiful, a high point-value if it is searce-and the Government, to protect the supply of scarce commodities, can lower or raise the point-value of any commodity at any time.

It was a monstrous thing that was visited upon the United States of America, that Sunday of December 7th, 1941! The sun had-risen to-light-up-a-day-ofpeaceful beauty and quiet ... but from the "Land of the Rising Sun" there spewed the horror of like-taking, land destroying bombs\_dropped from a murderer infested sky! We can answer by making that blood-red sun set forever . . . for all it can mean to the world is treachery, viciousness, and fascism in its most rabid form! Oh, yes: the enemy shall pay in kind for the attack without warning on men going about their work ... women at their household chores . . . children at play.-134,000,000 Americans are going to wipe clean the debt ... NOW! And in 1943! 134,000,000 FIGHTING AMERICANS ANSWER THE AXIS on the war front and the home front!

Already our men have blasted successfully at the Japs. And let us not forget that though our little yellow enemies hit at Pearl Harbor they are just part of the hideous machine that has Hitler and Mussolini at the controls along with Hirohito! So we've got to keep right on blasting at every point where the axis has reached out to strangulate peace and freedom! We've got to keep-right on making fighting machines in such large numbers that every last fascist can be exterminated from the world! We Americans love peace, and security, and are not a war-making peoples at all. But you stabbed us in the back, Japan -- and since 'way back, when there's a just-fight on our hands we Americans know how to make all hell cut loose until Victory is ours, and our Allies! Remember Pearl Harbor?\_ And how!

YOU CAN STILL collect more scrap If you really try! Make another hunt through home, garage, barn, office. Don't keep arything you don't use-whether H's' metal, rags, cooking fat or hose!

AT LEAST 10% of your pay hi War Bonds is the picdge of every home front fighter! But, many can BUY WAR BONDS righter! But, many can save more for this invest-ment, in, freedom? And every time you make a purchase — inke some change in War Stamps!
