WHERE POLITICS SHOULD BE OUT

Two candidates are running for the one position open to Garwood on the Regional Board of Education at the polls Tuesday and it's all a mistake.

The voters, however, according to the "Star-Ledger," see in the contest the age-old fight between representatives of two major political parties and partisan feeling runs high among the 750 ballot casters.

One candidate, Conrad Keim, was mayor of Garwood in 1927-1928. Before that he was borough clerk and was also on the borough council from 1921 to 1927.

The other candidate, Enoch Severs, has had three and one-half years of school board experience. He promises to uphold the high standards maintained by the incumbent board member whose term is expiring, Merle Patten.

Both men favor higher salaries for teachers and are experienced in town government. The only difference in the platforms of the two men appears to be unsought political affiliations, and both candidates insist that politics has nothing to do with their campaigns.

But Severs is being backed by the Garwood Republican Club and Keim is endorsed by the Irish-American Club, an active Democratic organization. The "Star-Ledger" claims the school board decision will be based on this.

If this is true, that election to a school board, a body chosen to direct the education of young people, will be based on the voters' membership in a political club—then our whole "democratic" system is a farce.

The party system has no place in this decision. Election to the Regional school board must be based on personal qualifications and on personal qualifications only.

HELP THE BLOCK LEADERS

The following quotation was made by "just a woman"—but she was deeply interested in the block plan, and those other services rendered by the War Services Committee, such service as only women can render on the "home front".

"American families must maintain their health, and face a period through which we must live. When the war is over tanks and guns will be scrapped, but not so with human beings."

Thus it is, with the above quotation in mind that the block leaders are starting out to do their work—one of the major engagements on the home front. They are coming to visit you. They are coming to serve you as best they can. They have definite and authentic information on the meat situation and their purpose is to discuss it with you and to pass on to you this information which was given them in special preparation for this work.

Won't you be their "buddies"? You can do this by extending to them the courtesy due them. Listen to their story. Ask them questions. Their main duty is to supply the homemaker with information. If they don't have the answer in readiness, they will get the information you seek.

This is a big job, one of the biggest ever undertaken in Springfield. It is the aim of the block plan committee to reach every homemaker in the township of Springfield. About fifty block leaders have already been trained and will start on their work within the next few days. These women are serving their government, and you can serve too by giving them your co-operation. Petty differences must be brushed aside and we must all unite with our neighbors to make this a total war and a totally successful war.

If you are not visited promptly, it will be due to the fact that all sections in Springfield have not yet been organized, and in this connection we ask your co-operation too. If you are asked to be either sector or block leader, please respond willingly. The block leaders who have pledged their services and the women on the Block Plan Committee have given freely and generously of their time, so with this in mind, when you are approached, won't you give too?

Post War Situation Discussed By Downes

"A democratic society depends on thinking people and if we recognize the fact that the real struggle will come after the shooting is over and act accordingly, this war will not be fought in vain."

This was the opinion of State Librarian James E. Downes of Summit speaking at the regular meeting of the Springfield Parent-Teacher Association Monday night in the James Caldwell School.

Musical selections were provided by a local male quartet consisting of John Potts, Harold Shand, Alex Ferguson and Frank Bird.

Class awards were won by the classes of Mrs. Edith Jacobson of the James Caldwell School and Mrs. Lucy Forsythe of the Raymond Chisholm School.

Hastesses were mothers of James Caldwell fourth and fifth grade children, and Raymond Chisholm fifth grade children.

There will be no P.-T. A. meeting in February because of the school vacation. The next meeting is scheduled for March 1.

INQUIRING REPORTER

Robert Duran once wished for us the gift of being able to see ourselves as others see us. Introspection for purposes of self-improvement is common among all men and institutions—not least of all the SUN. Therefore, the question asked this week along Morris avenue was:

"What feature appeals to you most in the Springfield SUN?"

The answers were: "I like the Personal Mention column best just for curiosity about people I know."

"The sport section. I always read the Regional school news."

"The headlines and back part. Like the township activities best."

"The Personal Mention column and the news about service men. It would be good to print more Regional school news."

"The local news. I always read the whole thing thoroughly, but I especially like the Personal Mention column, the editorials, and the Birthday column."

"William English, 397 Morris avenue: 'The town news is good. I have a son in the army, so I like With The Men in Service.'"

"Benjamin Dezman, 75 Bryant avenue: 'The front page.'"

"William Seck, 62 Warner avenue: 'The social news and town gossip since it's the town paper.'"

"Mrs. Carl Alexander, 127 Bryant avenue: 'Well, if I get the paper in the afternoon and I'm going to the store, I read the day first. And if I get it Saturday night, I look up the movies first, but I always read the social column and With The Men in Service. As a matter of fact, I read all the news, the whole thing, from cover to cover.'"

Heinz In Appeal For March Of Dimes Fund

President Roosevelt's birthday tomorrow will mark another anniversary of the annual Infantile Paralysis March of Dimes drive.

Postmaster Otto P. Heinz has issued an urgent appeal to Springfield citizens to send in their contributions.

Enclosure cards to mail in dimes and bills may be obtained at the post office if none have been received by mail. The cards have space for two dollars in dimes, and any amount in bills or checks.

Postmaster Heinz also stresses the fact that only one-half the money collected goes to the national foundation. The other half is consigned to the county chapter for local and immediate use.

Happy Birthday!

Whether your birthday falls next week, or next month, why not have it listed here, by cutting the SUN, Millburn 6-2500, or by mail on a postal card. Our files will carry over the date from year to year, so that it need not be repeated.

"Happy Birthday" greetings are extended this week by the SUN to the following residents of Springfield:

- JANUARY: 29—Mrs. Wm. J. Thompson Sr., Mrs. Hattie Dorries, Mrs. Charles Phillips Jr., Mrs. William H. Young, R. Harry Fox, Mrs. Thomas J. Hankins Jr., Mrs. L. P. MAY DRIVE TO POLLS

The question has been raised whether or not voters will be permitted to use their cars to vote in the annual Regional and district school elections. The OPA has assured the State Department of Public Instruction that it will be permissible to use cars for this purpose when no other transportation is available.

30 Years of Service For Mrs. Charles Huff

Thirty years of activity as president of the Women's Foreign Missionary Society of the Methodist Church were terminated Thursday, January 21, by Mrs. Charles Huff of 95 Morris avenue. She presided at her last business meeting and was presented with a silver enameled plate as a token of appreciation from the members.

The meeting was held at the home of Mrs. Fred A. Neumann, Washington avenue. The following women were elected to offices for the coming year: Mrs. Malcolm L. Leonard, president; Mrs. Elmer Sickey, vice-president; Mrs. Edward J. McCarthy, treasurer; and Mrs. Hattie L. Whitten, secretary.

SUN Glamorous? Why, Of Course!

By vote of one critic, the SUN has been judged three times more glamorous than the "Newark News" and five times more glamorous than the "New York Times."

Even though we have no long bob to flick back or scarlet lip-lipped hand to dangle languidly, the SUN still thrinks Corporal Hassell R. Gogel, Hamilton Field, California (formerly of South Maple avenue), for his vote of Most Glamorous. We return his greeting simply with the salutation: "Skin, friend!" (Translated: "Glamme five" or "Press the flesh, Boss.")

In a letter to the SUN dated Sunday, Corporal Gogel apologizes for a belated acknowledgment that the paper has faithfully followed him around the country for the past six months. His co-sinners: "Hamilton Field, for your information, is about 25 miles north of San Francisco. Please, for your information, has no horizontal streets." (Continued on Page Three)

Budget Available

Copies of the 1943-1944 budget for the Regional Board of Education are available. It was announced this week by District Clerk Anton C. Swenson. Any resident who desires a copy may obtain it from Tax Collector Charles H. Huff, at the Town Hall.

EXTRA DISTRICT PLAN REJECTED

Regional Board of Education Turns Down Proposal To Increase Garwood Polling Places to Four

A petition signed by 150 Garwood voters asking for two additional school election districts was rejected by the Regional Board of Education last Wednesday night. At present there are two districts for the school election and four for general elections.

Action was taken following a report of District Clerk Anton C. Swenson who had conferred with Arthur L. Johnson, County Superintendent of Schools. Superintendent Johnson advised the board against the move on the grounds that there were not sufficient signatures on the petition, that it had not been submitted twenty days before the election as required by law and that the present districts did not have sufficient voters, according to the law, to warrant increasing the number.

It is Superintendent Johnson's interpretation that the change cannot be made until at least 500 voters have been cast in a district for two successive years. The total Garwood school vote has been only about 700 in recent years. There is also a question whether the requirement that 5 per cent of the voters petition means 5 per cent of Garwood voters or that percentage of all the voters in the regional district.

Red Cross Personnel Official Scheduled As Program Speaker

Robert T. Forward, of the Headquarters Personnel, North-Atlantic Area of the Red Cross, will be the speaker at the evening at the annual meeting of the Springfield Red Cross Monday, as announced by Mrs. Henry C. McMullen, program chairman.

Election of chapter officers will be held. Other features of the program will be displays which are being arranged by Mrs. Lewis P. Macartney. A guest of the meeting will be George McDonald, field representative on the war fund drive.

Mr. Forward, who is Red Cross Chief of Special Projects Unit, Services to the Armed Forces, has one of the most responsible tasks in the North Atlantic Area. "He is a forceful speaker," said Mrs. McMullen, "and we feel particularly fortunate in having him at our meeting."

Among the problems that fall into Mr. Forward's lap is the distribution of chapter-made articles in all parts in the area. Such things as surgical dressings, kit bags, knitted sweaters, helmets, socks, etc., are kept in a central storehouse until requisitioned from various posts. Red Cross is the clearing house for most of such supplies from the armed forces.

Before taking charge of Special Projects, Mr. Forward served as field director of the submarine rescue "New London," Conn., covering all Army, Navy and Coast Guard stations in that state, and handling veterans' claims work in that territory. Previously, he had been a volunteer Red Cross First Aid and Life Saving instructor for several years. He is a native of Oshkosh, Wisconsin, and earned a degree in the University of Illinois, majoring in the psychology and sociology.

Duguid Unopposed At Regional Balloting

James M. Duguid, Springfield representative to the Regional Board of Education is unopposed for re-election to the board at the annual election Tuesday night. Polls will be open from 5 to 9 P. M. at the James Caldwell School.

Voters will be asked to support a proposal that \$5,000 be transferred from current expenses account to repairs and replacements, to pay for the cost of converting one barn into a school building.

"The weather we have up here is a lot different from home. It seems that it wants to snow all the time. It is also very cold here. The other morning when we got up it was 15 below zero. Believe me it was really snappy while walking to early school."

BETTIQUETTE SAYS

A blackout table all done in black and white is a new mode in the formal table. White gardenia candles and china plates on a black or dark tablecloth make up the unusual and dramatic setting.

Along the new trend of "blackout" is a black Russian broadtail jacket, roll-back cuffs of white ermine and touches of white ermine at the collar. Of course a white straw hat trimmed in black, sets the outfit off.

Ice Cream Trick
Here's a recipe for homemade ice cream in keeping with the times! It doesn't require the whipping cream ordinarily used, and the sugar content is cut almost to nothing by substituting glazed light syrup. The finished product is as unusual flavor combination and as quick as tasty as any refrigerator ice cream you've ever made.

A cup of ordinary cream may be whipped easily if a tablespoon of lemon juice is added. Although the addition of lemon juice naturally produces a slightly acid flavor, it is not noticeable in the finished ice cream.

To make one refrigerator tray of ice cream: soak 1 teaspoon gelatin in 1 cup milk for five minutes. Scald mixture over low heat. Stir until gelatin is dissolved. Remove from heat and add 1/4 cup sugar, 3 tablespoons glazed syrup (red label) and 1/8 teaspoon salt. Blend well. Chill until mixture is slightly thickened. Add 1 tablespoon lemon juice to 1 cup ordinary cream and whip until stiff. Fold chilled milk mixture into whipped cream. Add 1/2 teaspoon vanilla extract and mix well. Turn into freezing tray of refrigerator and freeze. Stir thoroughly as soon as mixture appears to be slightly frozen around edges of tray and again as soon as entire surface has begun to freeze over. Serve in sherbet glasses, decorating with cherry if desired.

Food Facts
Egg yolk may be described as a mixture about half water, the remaining half consisting of fat, protein, lecithin, and small quantities of other solids.

Tan comes from an over-ripe tree which if allowed to grow until it reaches the height of a small maple. Under cultivation it is kept to the size of a bush.

The average use of peanut butter has been about three pounds per person per year. This is small in comparison with other similar quality protein foods. The average use should be six to eight pounds per person per year.

During the seventeenth century in England salmon was so plentiful that it was served commonly as food for the servants.

In Scandinavian mythology, the gods had a miraculous apple whose fruit they ate whenever they felt themselves growing old. And for generations, people in many countries have believed the apple to have special curative powers.

School lunch box menus should be as carefully planned as other meals for the children. Foods must be made attractive to tempt growing appetites. Various combinations of sandwich fillings mixed with mayonnaise make for variety. Provide milk in a small bottle or thermos container. Don't forget to include a "snack" such as a few nuts, cookies, stuffed dates or a novelty such as marshmallows, nuts, etc.

As the non-rational meats will become increasingly important with every passing week of 1943 it is well to discover as many different ways to serve them as possible. Here is one for tripe patties:

1 pound boiled tripe
1 egg
1/2 cup bread crumbs
1/2 teaspoon onion juice
1 teaspoon salt

Dash pepper
Grind tripe and combine with remaining ingredients. Shape into patties and fry in greased skillet until browned. Serves 4.

Bones Are the Secret
While you warm your own shanks this winter, slimmer some shanks for soup! Which is to say that if you're one of those back to the range (evetees), to keep cozy the fuel-short winter they revert to the time-tried custom of the "zoop kettle."

Do like chefs do, do like grandma so wisely did, keep a soup-suck kettle going. If you have a coal, wood or coke stove burning, or if you've come to using a hot-bottled lamp model for chill-chasing, let it double in brass or iron, and cook for you, too. Even the base-burner or little heater can contribute fuel as well as warmth. For luscious cooking is what soup likes.

Smells in your house if you set soup on? Sure, lovely ones, the smell of home, sweet home! If you're a kitchenite cook o.

YOUR RED CROSS

Devoted service workers who have their materials in the Chapter sewing room, and in their spare time, are contributing greatly to the Red Cross production of uniforms for the armed forces. Production of garments is a steady stream, which comes on daily. It is greatly stepped up, of course, in war time or in the case of special orders, when the need is so acute and unmet. The Red Cross has a constant demand on the Red Cross for garments of all kinds.

The Red Cross Chapter of Springfield presented a play, "The Old Man and the Sea," at the school assembly last Friday in the school auditorium.

Written by Ernest Hemingway, the play was directed by Miss Kaplan. The cast included: Douglas Cook, Valdir Palmer, Perry Jones, Robert Day, Claire Smith, Eloise Peterson and Ruth Arvey of Springfield. Miss Kaplan was assisted by Miss Adell Sabedra of Kentworth.

A WEEK OF THE WAR

A summary of information on the important developments of the week made available by official sources through the Defense Advisory Committee of the National Editorial Association.

In 15 months of Lend-Lease aid to Russia, the U. S. has shipped about 2,600 planes, 3,200 tanks and 81,000 military motor vehicles for Russian use against the Axis. The United Kingdom, also on a Lend-Lease basis, has supplied Russia with more than 2,000 tanks and more than 2,000 planes.

Reporting on United Nations aid to the Soviet Union, Lend-Lease Administrator Stettinius said we have shipped more planes and tanks to the U. S. than to any other country since the beginning of the Lend-Lease program, and since sufficient supplies of food are necessary to Soviet Army success as are planes and tanks, we are now sending more food to Russia than to the United Kingdom. Although the Lend-Lease program began in March of 1941, aid to Russia did not begin until October, 1941. After a slow start, shipments began to increase and are still increasing in spite of shipping shortages and enemy attacks about the supply routes.

The weapons that got through from the U. S. to Russia were only a trickle compared to Russian production, but at the same time American machines and parts, sent to replace vital elements lost when Russian industries moved safely behind the Prabs, were helping Russian factories to keep operating.

Thus American products have had a part in the fight these courageous people are waging against our common enemies—in the great drive westward, the battles that have destroyed quantities of Axis equipment and supplies and killed more Germans than all the United Nations put together.

But, the OW points out, Lend-Lease is doing a job all over the world. The \$7,000,000,000 in goods transferred and services rendered by the U. S. up to the end of last November strengthened the fronts from Russia to Australia. Africa, for example, has proved that Lend-Lease and fighting the war are the same thing. The supplies, installations and equipment brought in with Lend-Lease funds, the ports built up along the Persian Gulf and the Red Sea, the airfields, docks, warehouses, assembly and repair shops, pipelines, communications and railroads, built with Lend-Lease aid—these are the facilities and bases now being used by U. S. forces to fight the war in Tunisia, in the Middle East, and all the way to China.

Little War Labor Boards

Under a sweeping decentralization program, the National War Labor Board is establishing 12 regional War Labor Boards, with full authority to make final decisions in labor disputes and in voluntary wage and salary adjustment cases. Each of the regional boards will be set up on the NWLB tripartite system of public, employer and labor representatives. The SWLB Board Chairman of the NWLB said that under this plan wage stabilization will be done primarily in the field, with the NWLB in Washington sitting as a sort of supreme court, selecting its own cases for decision by orders for review. Only policy defining cases will be brought to the National Board.

In October, 1941, the NWLB was given the task of stabilizing wages and salaries, of assuming jurisdiction over the wage and salary rates of roughly 31,000,000 employees of some 300,000 non-agricultural business enterprises, ranging from restaurants to huge war factories.

The Board found that between January 1941 and May, 1942, when the President announced his seven-point anti-inflation program, the cost of living had gone up 16 per cent. During that time, about two-thirds of all manufacturing wages had also risen at least 15 per cent. Therefore, in ruling on wage increases, the Board felt that those whose wages had already risen high enough to cover the cost of living increase should not be granted further general increases, but that all others were entitled to have their average straight-time rates brought up to a point 15 per cent above the January 1941 level.

The War Front

Japanese pockets of resistance in the Sannan area of Papua, New Guinea—all that is left of the Japanese-Papuan army of 15,000 shock troops—are rapidly dissolving before American and Australian troops.

The American position on Guadalcanal has improved much in the past week, since the capture of U. S. troops of Mount Auston, last Japanese position dominating Henderson Field, and the United Nations' position in the Pacific war is now much more favorable than at any time since the Marines first landed on Guadalcanal in August 1942. Incidentally, although for several months the Marines have been operating jointly with Army troops in the Solomons area, most of the Marines have now been replaced by Army personnel. This week Maj. Gen. Alexander M. Patch, U. S. Army, took command of American forces on Guadalcanal, relieving Maj. Gen. Alexander A. Vandegrift, U. S. Marine Corps.

During the five-day period of January 13 to 17 inclusive, our forces killed over 1,000 Japanese in various actions on Guadalcanal. Even in the air, Japanese strength in the Solomons is growing steadily weaker. Maj. Gen. Millard Harmon, commander of Allied air and ground troops in New Zealand, pointing to the enemy's dwindling supplies, Japanese are definitely short in meeting the requirements of their air forces.

From North Africa the Middle Eastern Command, reporting the progress of the British Eighth Army toward and into Tripoli, said American and British planes are keeping up their relentless attacks against Tripoli and against Axis airfields. The raids on Tripoli harbor have been aimed at facilities the Axis might try to use for evacuation. Air activity in Tunisia continues.

Size of Armed Forces

According to Under Secretary of War Patterson, the size of the armed forces is a military problem that should be left to the military leaders to work out. Citing President Roosevelt's figure of 7 1/2 million in the Army by 1944 and estimates of more than 2 million in the Navy and Coast Guard, Mr. Patterson said 10 million men in the Army and Navy is less than one out of every 13 of our population. Germany has one out of every 10 under arms, Britain has one out of every 10, and Russia's population is fully as high. "To say that we Americans cannot maintain one in thirteen is a waste of forebrain. We can't have the Navy working against us, the Air Force, the Russian and the Chinese. And war like this cannot be fought, certainly it cannot be won, without an Army and a Navy of a size adequate to the task."

Agriculture

To help farmers increase production in 1943, Agriculture Secretary Wickard has made available through Food Production Administration a new source of credit for the production of essential wartime food and fiber. Between \$200,000,000 and \$225,000,000 of additional funds will become immediately available at the county level, and the loans (short-term loans at five per cent interest), which will be made through the Regional Agricultural Credit Corporation, will be limited only by the amount needed to do the production job.

Cost of Food

Although admitting that the farmer's share of the consumer's food dollar is now larger than it has been in many years, Mr. Wickard said the retail cost of food now represents the smallest share on record of the industrial worker's income. According to data available for the first 11 months of 1942, the retail cost of food for the average industrial worker's family amounted to 28 per cent of the worker's earnings, a record low in relation to income, while the farmer's share of the consumer's food dollar average 53 per cent, the largest share since 1920.

Farm Manpower

The War Manpower Commission's Selective Service Bureau has liberalized the requirements for agricultural deferments, expected to keep many additional workers on the farms. The revised guidelines approved by the Agricultural Department, the WMC, the farm organizations and other groups—provides that a local draft board may be justified in some cases in deferring an agricultural worker producing as little as eight war units of essential products. While emphasizing that the national objective is still a minimum per-worker production of 16 or more war units, the new guide no longer considers 16 units a standard.

Postals Being Sent As Check On Voters

The Union County Board of Elections at its meeting January 21, in the board rooms in the Courthouse, authorized the mailing of return post-cards to all registrants in the county who did not vote at the 1942 General Election.

This is in accordance with a provision of the State Election Laws which states it is for the purpose of preventing fraudulent voting and of eliminating names improperly registered.

Persons who did not vote should immediately fill out their return card and mail it back to the County Board. The Board realizes many of such persons still reside at the address from which they are presently registered, but did not vote last November because of illness or other reasons.

However, it is also realized that many registrants have moved from the address from which they are registrants' records promptly, for County Board of their change of address, and others have died. The County Board of Elections is particularly concerned with such registrations, which it believes are the only names improperly registered in Union County. It might be well to point out here that the County Board endeavors to take care of registrants' records promptly, for example, those who have died—the Board checks the notices of deaths reported by the respective municipal clerks, and reads the obituary notices of the daily and weekly newspapers circulating in Union County. But these checks are not complete since registrants may die elsewhere and no report of death will be received by this Board. The return card properly filled out by registrants who have moved will act as a transfer and the necessary changes will be made so that at the next election the registrant can go to the polling place in his new district if he has moved to any part of Union County, and his registration sheet will be in the binder for that new district.

The County Board has noted that in some instances the district board members neglected to insert the ballot number on the registration sheets of persons who actually did vote at the last election and some of these persons may receive cards in such cases, the County Board asks their indulgence. It will be recalled that numerous emergency changes were made among district board members at the last minute

because so many of the experienced members were engaged in defense work and were unable to serve at the polls on Election Day which accounts for the omission.

It is the desire of the County Board of Elections to make all residents of Union County "Vote Con-

scious" to the end and they will exercise their right to vote at the polls on Election Day which accounts for the omission.

Everyone who did not vote at the last General Election is requested

SUN Glamorous?

(Continued from Page One)

Everything is on the up and up, and people are continually slipping on the sidewalk and falling into the gutter. It can become very disgusting, and even amusing, particularly when you have a newly cleaned and pressed uniform on. However, since most of the population can swim, no harm is generally done.

Post scripting, Editorial Gavel concludes "I'm sorry if this letter doesn't include any of the usual military information, but I've only been in the Air Corps six months, and as yet I don't know any. No, they haven't tried!"

Our comment to the above is that his final modest words seem rather underscored in the light of his previous statements. What was it again? Oh yes... "Now that Springfield is three time-belts and 3,000 miles away, the SUN is on new glamor—three times that of the "Newark News" and five times that of the "New York Times."

Most glamorous, eh? Pardon us, please, we've got a date with a beauty parlor before the paper goes to press.

Heinz Tabulates Local Scrap Drive Collection

Springfield's salvage drive Sunday netted a total of thirteen and three-quarter tons of paper, four and one-half tons of tin cans and six tons of metal and rubber, according to an announcement made by Postmaster Otto F. Heinz, chairman of the salvage committee.

Your Garden This Week

BY FRED D. OSMAN, County Farming Agent

Everyone who has the facilities and the time for a home vegetable garden is being urged to have one this year. There's no need for one person to try to raise food for his entire neighborhood, however, for it conditions remain as they are, that type of gardening will only disrupt the nation's farming program. According to present indications, our farmers will be able to carry through a large-scale production program in 1943, in spite of the shortage of labor and certain supplies.

Home canning as a means of conserving needed food is more necessary this year than it has ever been before. Households that do not have the soil nor the facilities for a garden will find that commercial packages of string beans, tomatoes, sweet corn and other crops that can be home-processed will in all probability be grown nearby. Conservation of these crops through a well-planned canning program not only assures the grower a fair return but will provide thousands of American families with a good supply of healthful vegetables next fall and winter. Where it is feasible to have a vegetable garden, however, the family's table supply and as much as possible for canning should be all means to be used. In addition, it would be well to include some of those vegetables such as cucumbers, head lettuce and certain of the bulky greens which farmers are not being encouraged to grow because they require considerable space for transportation.

There will probably be a considerable shortage of vegetable plants next spring, for it looks now as if there will be a big demand both for seeds and plants. Here is where the home gardener can help a lot by growing his own plants. If he has the proper conditions for doing it, otherwise, it will be fairer for him to get somebody with a greenhouse or coldframe equipment to raise the plants for him. It is essential that we send as much vegetable seed as possible to England and Russia, as well as to the countries our troops are entering, so there is even greater reason for exercising the utmost care with the seed supply.

Johnson-Elected As Health Board Head

MOUNTAINSIDE—The Board of Health, meeting Tuesday night in the Borough Hall, elected the following officers: President, Ernest Johnson; vice-president, Charles Wadas; secretary and registrar, Miss George Force; and plumbing inspector, Henry Pfeiffer. William Wilsoy of Cranford will be health officer and Miss Ruth Pierson of Garwood will be child hygiene nurse. The plumbing inspection board will consist of Henry Pfeiffer, Wallace Winkler, and Edward Homecker. Mrs. George Force announced the vital statistics for the year 1942. With an increase of more than 50 per cent over last year's total, births in Mountainside for 1942 numbered 39. The other figures were: Marriages, 30; deaths, 16; divorces, 1; adoptions, 17; chicken pox, 1; and dog bites, 3. The Board of Health will continue to meet the first Tuesday of every month.

Country Home Seeks Sister Kenny Visit

MOUNTAINSIDE—Mrs. Harry A. Kniffen, president of the Board of the Children's Home, plans to visit the Jersey City Medical Center today to explain the work of the Home and to invite Sister Kenny, Australian nurse and originator of the Kenny treatment for infantile paralysis, to inspect the Home at some future date. Sister Kenny's treatment revolutionized the cure and recovery from infantile paralysis. Mrs. Kniffen, current supervisor of the Mountainside institution, reports that since the treatment was started, six months ago, 46 children have been treated and great improvement has been shown in the short time. Eighty children of the disease have been discharged, some totally well, while others were "helped considerably." Mrs. Kniffen expressed hope that Sister Kenny would find time to visit.

Few Voters Expected At Borough Regional Polls

MOUNTAINSIDE—Borough voters are expected to be few who come to the polls Tuesday between 5 and 9 at the local school, when the Regional school election is held. Edward Moxon, local delegate, is unopposed for reelection. A proposal will be submitted seeking approval of transfer of \$5,000 from current expense to repairs and replacements, covering the cost of converting one boiler from fuel oil to coal.

THREE CANDIDATES IN MOUNTAINSIDE SCHOOL RACE

FERDINAND A. WAGNER

MOUNTAINSIDE—The competition for election to the Mountainside Board of Education have been filed with District Clerk Don Maxwell, including three candidates, including a contest at the polls, February 9. The petitioners are Paul K. Davis, Ferdinand A. Wagner, and Charles B. Murphy.

Paul Davis, a resident of Deer path, came from Union 11 years ago. While serving on the school board in a previous term which expired two years ago, he officiated as chairman of the transportation committee and was a member of the building committee. A graduate of Pratt Institute in Brooklyn, Davis is factory superintendent of the Joseph Dixon Crucible Company in Jersey City and is the father of two children, June, 17, and Suzanne, 9. He helped to organize the Local Boy Scouts and has been a member of the Taxpayers' Association and the Union County Youth Welfare Council, and former president of the Mountainside Library Association. Ferdinand Wagner, 26 Evergreen court, is employed by the Prudential Insurance Company of Newark. He is the father of two children, Elsa, seven, and Hilda, four. The assistant foreman and treasurer of the Mountainside Volunteer Fire Department, he is also president of the Fremont Relief Association. Wagner is 31 years old and has been a resident of Mountainside for four years. Charles B. Murphy, 1635 Mountain avenue, an employee of the Plain-

borough, was recently transferred from Fort Worth, Texas, where he will take up extensive training. Gallagher is a Regional High School graduate.

Mrs. William Boyton of Summit road is a patient since Saturday at Overlook Hospital. Carl Homecker, son of the Herman Homeckers of Locust avenue, is ill at home. The Birch Hill Bridge Club met last night at the home of Mrs. Joseph Hershey of Oak Tree road. Mrs. Elbert Thurston was surprised by the group with a stork shower. Guests were Mrs. William Mitchell, Mrs. Paul Rollstack, Mrs. Whitfield Run, Miss Charlotte Logan, Mrs. Irving Wright, Mrs. Austin Johnson, Mrs. Edward Hansen, Mrs. J. C. Peter, Mrs. Richard Oberdahn and Mrs. Way Rahler. Loris Ann Wheeler, daughter of the Wallace Wheelers of Evergreen court, is confined at home due to illness. Arthur Brainin, son of the Arthur Brainins of Central avenue, is at home due to illness. Robert Brokaw, son of Mr. and Mrs. Charles Brokaw of 970 Mountain avenue, will be inducted into the Army on Wednesday. Mrs. S. Thomas Burns of Cedar avenue, left Tuesday for a two weeks' vacation in Miami, Fla., where she will visit her parents, Mr. and Mrs. Frank Sater. Girl Scout Troop 70 did not meet this week, but will convene Wednesday.

LONG SERVICE FOR HALL B. SIMS

Mountainside Resident Has Been Affiliated With Sheriff's Office For Quarter Of Century

MOUNTAINSIDE—The average man's cure for sleeplessness is counting sheep, black and white, bounding over fences. But Hall B. Sims, of 13 Evergreen court, is not an average man. He counts processes, thousands of them, and all in black and white. This isn't the only reason for Mr. Sims' abnormality, however. Abnormal in this case meaning above the average. In twenty-five years of service, he has never taken time out for a sick leave. Furthermore, he claims to have enjoyed every moment of his long term in the Sheriff's office, at the Court house, Elizabeth, where he is now assistant chief clerk.

Known to thousands as "Cap," he states that "there are probably 5,000 persons in Plain County, whom I can call by their first name." He estimates that at least 100,000 processes, warrants, summonses and the like have passed through his hands in his twenty-five years of experience, ample warrant for Mr. Sims' nickname. Since beginning work in April, 1918, he has worked under nine sheriffs, all Republicans, including James E. Warner, Cranford; George H. Johnston, Scotch Plains; Harry Shimmings, Rahway; Samuel H. Tool, then of Cranford and now of Roselle; Frank R. Bonanos, Plainfield; C. Wesley Collins, Westfield; Lee S. Riky, Springfield; Alex Campbell, Scotch Plains, and the present sheriff, Charles E. Ayers, Roselle Park, Warner.

HALL B. SIMS

His only absence from work in the last twenty-five years were the results of deaths in the family.

Around the Borough

Colored lantern slides depicting children's victory gardens during the World War were presented by Mrs. Charles J. Wadas at a meeting of the Junior Garden Club Monday afternoon in the school auditorium. A short business session was conducted by Miss Jane Heikamp, at which reports were given on feeding stations for birds, including those located in discarded Christmas trees. Miss M. Elizabeth Johnston is sponsor of the club.

The Rev. Ray Edwards, pastor of the Community Church, Gaylord, Kansas, discussed his work in Gaylord and his missionary experiences at the Naval Air Station, Kodiak, Alaska, at the mid-week meeting of the Mountainside Union Chapel on January 20. Rev. Edwards, son of Mrs. Sarah E. Edwards of Oak avenue, is a former resident of Mountainside. After spending a week with his mother, he and his wife and daughter, Lois, left the next day, Thursday, to return to Gaylord.

Robert Blitinger, 15-year-old son of Mr. and Mrs. Gilbert Putzinger, of Central avenue, has returned home from Overlook Hospital where he was taken following a skull fracture received while skating.

Mrs. Milder Jones and son, Keith, of Fox View drive, have been visiting Mrs. Jones' parents in Bound Brook, during Dr. Jones' absence on a business trip to Baltimore, Md.

Betty Danenhour, daughter of Mr. and Mrs. George B. Danenhour of New Providence road, is at home due to illness.

Mrs. Henry Weber of Central avenue will be hostess Wednesday evening to the Stillhouse Club.

Mrs. O. V. Smilset of Evergreen court is confined at home due to illness.

Mr. and Mrs. Richard Oberdahn of Springfield road will entertain at bridge tomorrow evening for Mr. and Mrs. Theodore Mundy, Mr. and Mrs. Paul K. Davis and Mr. and Mrs. Roy Minton. The group meets every three weeks at the various members' homes.

Miss Suzanne Davis had as a weekend guest, Miss Beverly Van Winkle, her cousin, from Scotch Plainsfield.

"I'll say goodbye, now ... I don't want to tie up my line too long".

It's important these days to avoid long sessions on the telephone. The telephone system serving you is carrying a heavy and increasing wartime burden. It cannot be enlarged because necessary materials must go to make weapons, munitions and other supplies for our fighting forces.

If you share a party-line with other families, please make a special effort to answer calls promptly... keep conversations reasonably short... call only when necessary... and avoid a succession of calls that tie up the line a long time.

LEGAL NOTICE

Notice of School Election

TOWNSHIP OF SPRINGFIELD NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN to the legal voters of the School District of the Township of Springfield, in the County of Union, that the annual election for the election of three members of the Board of Education will be held at the James Caldwell School, Mountain Avenue, on

Tuesday, Feb. 9th, 1943

from seven (7) o'clock P. M. to nine (9) o'clock P. M. Eastern War Time, and as much longer as may be necessary, to enable all the legal voters present to cast their ballots.

Three members will be elected for the full term of three years to the Board of Education of the Township of Springfield. At the said meeting will be submitted the question of voting a tax on the following purposes: For current expenses, \$56,230.00; for maintenance, \$2,500.00; for total training, \$252,000.00. The total amount sought to be levied is \$360,730.00.

RESOLVED, that the Board of Education of the Township of Springfield in the County of Union be authorized to raise by taxation the sum of \$360,730.00 for the operation of the Board of Education of the Township of Springfield for the year 1942-1943.

NOTE—The term "legal voters" includes principals, teachers, janitors, and medical inspectors, and those persons who have been admitted to the membership of the Board of Education, school libraries, compensation of the Board of Education, and of school teachers, and of all other persons who are entitled to vote in the election.

RESOLVED, that the Board of Education of the Township of Springfield be authorized to accept of the State of New Jersey to complete the building of the new school building to be constructed at the corner of Prospect Place and Ruby Street, and that temporary money for \$100,000 with interest at 2% maturing in the school year 1943-1944 be loaned to finance the appropriation.

NOTICE OF SETTLEMENT. Notice of settlement of the estate of the late William H. Dwyer, deceased, by the Executor thereof, William H. Dwyer, Jr., is hereby given.

HOW TO USE YOUR NEW RATION BOOK TO BUY CANNED OR BOTTLED FRUITS, VEGETABLES, SOUPS, AND JUICES; FROZEN FRUITS AND VEGETABLES; DRIED FRUITS.

1. The Government has set the day when this rationing will start. On or after that day, take your War Ration Book Two with you when you go to buy any kind of these processed foods. 2. Before you buy, find out how many points to give for the kind of processed food you want. Prices do not set the points. The Government will set different points for each kind and size no matter what the price.

3. When you buy, take the right amount of blue stamps out of the book. Do this in front of your grocer or delivery man and hand them to him. The grocer must collect a ration stamp, or stamps, for all the rationed processed foods he sells. 4. Do not use more stamps than you need to make up the right amount.

Picture above is the official instruction sheet that will be given to each person who receives a copy of War Ration Book Two which will soon be distributed at schools throughout the State. James Kerney, Jr., New Jersey OPA Director, has advised all housewives to keep a record of the processed and canned foods they now use, so they can set up a point budget system when point rationing starts.

Oil Dealers Catching Up On Deliveries

After the pre-Christmas cold wave, fuel oil dealers in this area are getting a chance to catch up on some of their orders and to meet regular demands of consumers.

Winter weather increased considerably the volume of fuel oil consumed, according to local dealers, but now supplies on hand are sufficient to keep oil burners running and "houses" comfortably warm. With luck, and continued warm weather, some dealers feel that they will be able to get through January and possibly the entire winter without stopping deliveries to their customers.

This optimistic picture of the local fuel oil situation is in keeping with a report from the New York City area that supplies of No. 2 fuel oil, the type used to heat private homes, are available in fair amount. The present critical shortage appears to be in No. 1 and No. 3 fuel oils, the heavier types used in heating of large buildings, factories and apartments.

Main problem among fuel oil dealers seems to be the collection of ration coupons from customers. Companies complain that the drivers are delayed while the home owner searches out the coupons, prints the serial number on the face of the cards and delivers the coupon. Delay of this type has made it necessary to work drivers overtime and holds up vital deliveries.

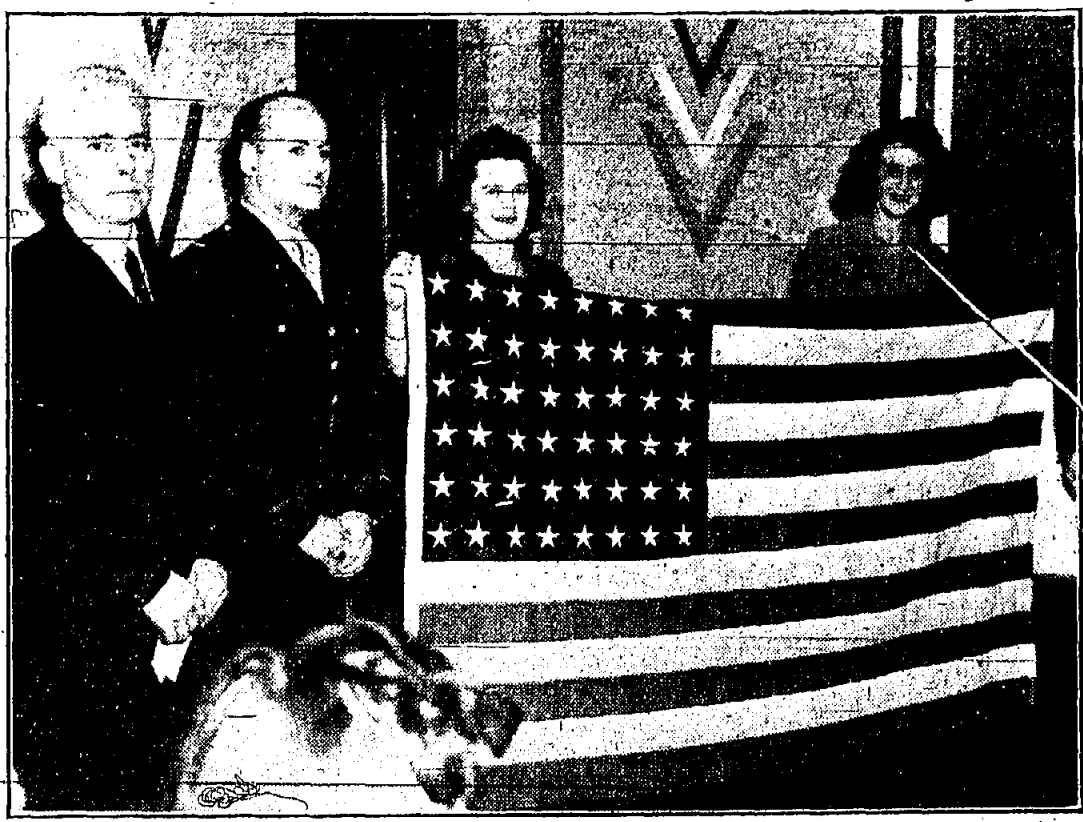

Some fuel oil companies have made arrangements to take over the consumers' ration books, issuing a receipt for the coupons, and making periodic deliveries according to a set plan. This cuts down unnecessary deliveries, gives dealers an idea of the prospective demands, and prevents re-visiting homes where owners have been absent at the time of original delivery and are unable to present their coupons.

The Office of Defense Transportation has ordered a cut in the deliveries to conserve gasoline and fuel oil consumers can help a great deal by cooperating in these simple matters, fuel company spokesmen stated.

OPERATORS TOLD WAR ROLE IS VITAL

Telephone operators of the Summit and Milburn Shore Hills exchanges attended a "V for Victory" meeting Monday night, January 11, at the Summit exchange. Plans for the switchboard operating rooms were presented at the meeting by R. W. Hooper, division traffic superintendent for the New Jersey Bell Telephone Company. Guest speaker at the meeting was Lieutenant Walter Hunt of the Army who told the operators of the importance of their job in the war effort, stating that the service they furnish constitutes a "keystone" in the arch of military organization for total war. Shown above with one of the flags presented are left to right, P. J. LOOKING BACKWARD

One Year Ago

JANUARY 29, 1942
In approving its 1942-43 budget, the Regional Board of Education provided for a \$10,718 drop in the amount to be raised by taxation. The cut was due largely to an estimated surplus of \$25,650.00.

Incumbent officers were re-elected at a recent meeting of the Board of Library Trustees. Mrs. Nicholas Schmidt was renominated chairman. Other officers were: vice-president, Mrs. Ralph Tilley; treasurer, Mrs. Richard Bunnell; and secretary, Mrs. Charles T. Smith.

Plans were being made for a card party to be held by the Red Cross War Relief Fund at the Ballston Golf Club, after Major Jones, club manager, gave his assurance on the plan. Mrs. John J. King was chairman of a special projects committee.

JANUARY 29, 1932
Grenville A. Day was named to the Board of Planning Examiners at the first meeting of the 1932 Board of Health. He succeeded Arthur L. Marshall as master plumber on the board the latter having been elevated a plumbing inspector which automatically makes him chairman of the three-man board.

Fire of undetermined origin completely destroyed the Chateau Ballston in Ballston in one of the most spectacular fires here in years. The building, a popular clubhouse and luncheon in 44th vicinity, was valued in addition to furniture at \$25,000. Fog and smoke hampered the firemen when they arrived at midnight. The flames were well under way and efforts to stop the fire were futile. When firemen left the ruins at 3:30 A. M., only the large chimneys were left standing, surrounded by smoking piles of ashes.

The body of an unidentified New Jersey, about forty years old, was discovered under a bridge in Morris avenue, near the bridge in Morris. The body was found by a man employed by the local C. C. Camp. Police of Springfield and Summit were working together to pick up any information of the woman from nearby departments.

Honor Pupils Planning Trip to New York City

Plans for a trip to New York City a luncheon and show have been announced by Regional High School's chapter of the National Honor Society. The purpose of the trip is to greet new members. Miss Evelyn Porter, chapter sponsor, will act as chaperone. The committee in charge includes Blake Hunt, chairman, Ruff Clark, Margie Geiser, all of Springfield; Doris Collins, of Garwood; Gerald Brooks, Arthur Wigand, of Kenton; Albert Nelson, of Clark Township; Janet Horton, of Clark Township; Janet Horton, of Clark Township; Janet Horton, of Clark Township; and Jane Davis, of Mountainide.

ship, held for the murder of his wife, tried to commit suicide by hanging himself in his cell at the County Jail. Haddon confessed the above murder of his wife and engaged another man to "take a bundle from the Haddon home" and dump it in the Rahway River in Springfield. He said he used a fish knife to slay her.

Fire caused damage of \$4,000 when an overheated gasoline engine ignited machinery in a farmhouse at Bechtelton Township, owned by Mann & Geiser, local farmers. The entire building and machinery were demolished and one horse was burned to death.

Five Years Ago

JANUARY 29, 1938
Following criticism in previous issues of the SUN against the service in recent auto accidents rendered by the ambulance of Overlook Hospital, Summit, comments were expressed locally in the past fortnight to encourage a movement of securing a township operated ambulance and emergency squad. It had been reported that serious delays in the arrival of the ambulance from Summit, due to icy pavements in addition to the distance required to reach extreme portions of the township, where most accidents have been occurring, particularly on Route 20, might result in serious harm to accident victims when emergency arises.

Members of the Regional Board of Education approved a referendum in voters in the six towns of the regional district to purchase the old Snow property on Plover avenue, adjoining the Jonathan Dayton Regional High School site, at a cost not exceeding \$5,000.

History Is Writing This Birthday Message, Mr. President!

Today we work in WAR plants, not defense plants. Today we buy WAR Bonds, not defense Bonds. Today we fight an OFFENSIVE—not a defensive war, and we are on our way to Victory! Reaching the goal has been hard: for those who fight, for those who work; for our industrial, labor, military leaders—and above all, for our Commander in Chief! A wartime president's task is the most difficult conceivable . . . because the people turn to him in the darkest hours. He must hear criticism and make no answer . . . if the time is not ripe to release the information or take the action the people want; if the time is not right to let them know the underlying reason for something done or undone—of which they disapprove. Because there are times when true strategy for the common good calls for accepting censure with courageous, unselfish silence. But events of the past few months have served to more strongly than ever unite the people of these United States in backing up our President: for him, so many queries, so much criticism has gloriously been answered—in North Africa! So today, as the big guns of the United Nations boom around the world; they sound out the most welcome birthday salute our President's ears might wish to hear; they sound out the ultimate Victory which shall be ours to share joyously with the Commander in Chief by whose side we all now work and fight—to win!

On January 30th, 1943, President Roosevelt will observe his 61st Birthday. As always his birth date is dedicated to support of the Warm Springs Foundation; where those crippled by infantile paralysis may find new hope, new strength, and often complete cure. There will be Birthday Ball celebrations all over the land—and in our own community—to do honor to our President by providing for the continued functioning of the Foundation. The fact that all the world is at war to make liberty sound and secure can only emphasize the fact that each child who is to grow up to enjoy the freedom for which we fight, must too be sound and sure of the capacity to invigorate that freedom, and perpetuate it through his or her own understanding and strength. Plan to attend a Birthday Ball—enlist in the March of Dimes—as your personal greeting to our President and for the sake of our youth!
