BETTIQUETTE SAYS

YOUR JOB AT HOME Home accidents are sabotaged. They are in serious form because men and women from work are demanding "priority" medical attention, wasting money. Do away with hazards in your home, avoid carelessness that leads to accidents.

Carelessness causes fire, cuts, bruises. Never keep matches where they can be reached by small hands. That goes for sharp knives and scissors, too. Be careful in your methods of using household tools.

Wrong handling of kitchen utensils causes many serious accidents. Sobering to invest a small sum in a stopladder for the home is a dangerous economy. But if you must use chairs for climbing, be sure they form a solid base of operations.

Inadequately lighted stairways and cluttered steps lead to many a broken leg and head, and are indications of poor housekeeping. If you cannot find a way to clear the stairs, coupled with haste, can lead to serious injuries for members of the family.

A PLEDGE FOR VICTORY "I will take good care of the things I have!" This is the pledge that the Government asked the American housewife to make this year. It is the keynote to Conservation. It makes things last until the War is over.

"I will waste nothing," can make much difference in the effort of all of us toward Victory. Let us all do our best to help Conservation.

THE STORY OF FOUR BANANAS AND ONE LEMON Really this isn't my story. It rightfully belongs to Helen Burke, Canadian journalist and food expert now in England, who told most of it a few weeks ago over the British Broadcasting Company.

Here's what Miss Burke said that she appealed to me: "In these talks to you on the other side of the world, I speak mostly on the part that rationing and price control have played in our lives. I said nothing about hardship, because as I see it, there are no hardships, no real hardships in food at any rate. But I have

friends here who've come from Canada and the States in the last year, who really did think it a hardship not to have their morning glass of orange juice. But like us, they soon became accustomed to war food. The little story I'm going to tell you today illustrates better, I think, than any string of figures could, a small part of what we've had to do without.

"Down the road from where I live is a family of little girls, Vally and S. Gillian and T. Elizabeth and a little bit and Baby Ruth just three months old. Now these little girls have an uncle in the air force and on his return to England last week—from where he doesn't say he brought them four bananas and one lemon. The bananas were a little travel waver, but the lemon, being a good traveler, was as fresh as could be. The two oldest children had their bananas before going to bed, and the mother gave one banana to the little boys next morning—the divided between them. That left the fourth for Elizabeth who'd been in bed when they arrived. Elizabeth, just over 4 years old, couldn't of course, remember bananas, though she'd been spoon-fed on them when she was very much younger. Next morning, Vally and Gillian still talked and talked of their bananas and little Elizabeth listened round-eyed.

# YOUR RED CROSS

Due to the fact that the Red Cross headquarters in the James Caldwell School, the Wednesday sewing group, the Production Corps had to move out of their quarters in the latter school, early last Wednesday morning.

Some last-minute planning was needed on the part of the Production Corps, Mrs. Leslie Chisholm and her assistants. This resulted in the use of the empty stage in the Colonnade building, formerly occupied by Potters. By Wednesday afternoon, all beds of material, treadles, sewing machines, cutting table, and chairs were set up in place and the place cleaned up.

Sewing to take home will be given out Wednesday and cutting and sewing, both hand and machine, will be done in the new workroom.

All present, all garments have been given out, but by next week there probably will be more cut. There is considerable hand sewing to be done, such as attaching labels, sewing on buttons, making buttonholes, etc., which can be done more conveniently right at the workroom, as there is little to do on each garment.

The new location of the workroom should attract more women and will help the public to see just what the Production Corps is doing.

A class for women in standard First Aid, will be started as soon as there are enough registrants. This is the course required for air raid wardens, canteen workers and first aid squads. Anyone interested, may call Mrs. Edgar Jacobs, First Aid Chairman, at Millburn 6-0413 or Red Cross headquarters, Millburn 6-2292.

The Camp Kilmer Council meeting, held last Tuesday, was attended by Egle E. Hershey, local chairman of camp and hospital activities, and by Mrs. Edgar Jacobs and Mrs. William Dickerson, members of the Major Corps. A large

collection of magazines, books and puzzles was taken down to the camp in the station wagon.

Mr. Hershey reports that due to the expansion of the camp and the need for additional equipment and replacements, the local committee is appealing for floor lamps, table lamps, ping-pong tables, billiard tables and 8 by 9 or 9 by 12 rug suitable for porches and sun parlors.

Also needed are musical instruments of all kinds, particularly harmonicas, sheet music, fairly new and up-to-date phonograph records, no museum pieces, playing cards, not necessarily new, but still usable, and small radios.

Small articles may be left at Red Cross headquarters. Larger articles will be collected at a later date and due to gasoline and tire conservation, collections will be arranged so that there will be a minimum of driving to do, therefore some time may elapse between the time a call is received to pick up something and the time the article is called for. Notification of collection will be made through this column and also on the new bulletin board, of which further announcements will be made later.

Time For Listening: Sunday at 12:30 over WEAF, Iba Chase, author, radio commentator, screen and stage star, will be the guest on the N.R.C.—Nursing Service program.

The Red Cross bulletin board which is to be erected at the corner of Morris avenue and Center street, will be set up in place soon. Red Cross volunteers have made the board, but as all of the boys taking shop are engaged in making model airplanes, the work was done by Herbert Holobin, shop teacher at Regional High School.

Township Commissioner Fred Brown is taking charge of the actual erection of the board. The chapter is grateful to both for the time and effort they have given to complete the job.

Chairs for women in standard First Aid, will be started as soon as there are enough registrants. This is the course required for air raid wardens, canteen workers and first aid squads. Anyone interested, may call Mrs. Edgar Jacobs, First Aid Chairman, at Millburn 6-0413 or Red Cross headquarters, Millburn 6-2292.

## Your Victory Garden This Week

BY FRED D. OSMAN, County Farming Agent

Gardeners who will be sowing seeds of hardy vegetables and flowers as soon as the frost is out of the ground can save a lot of time and effort if they plan their operations now and see that they are carried out on time.

The first factor to consider is, of course, the soil. Never try to dig or work heavy soil when it is too wet. When the frost comes out of the ground the soil is quite wet, and it is a good idea to leave it alone until it crumbles when it is dug or plowed.

If necessary, the soil may be raked over as soon as it has dried out sufficiently, and some of the early things may be planted without digging. It is not advisable to do this on a large scale. Simply try it out. There is no scientific reason for digging the soil except to loosen it up and let air in, and if the surface is kept loose the soil will obtain air without being turned upside down. But it is generally considered a good practice to have the soil dug or plowed so it can be handled expectantly. Don't try to plant the soil without digging it unless you are sure it is really getting warmer and time for the plants to grow without an extra application. It is very important to get lime and fertilizer on early if soil needs them. They may be well mixed in the soil before you begin to plant.

This will get these materials down where the roots can use them, and the results will probably be better than if lime and fertilizer are put on the top.

If you will broadcast what lime and fertilizer and manure you are

going to use on your Victory Garden and on flower borders as soon as possible, and then work these materials in when you are preparing the soil, you will get better results than if you wait and try to apply them afterwards. This is particularly true this year, when gardeners have to use a lot of organic material that must decay before the plant nutrients are available, although the old method of applying fertilizer after the crop is planted, or by the side of the plant, gives results if plenty of water is available, it does not make for the most efficient use of the fertilizer.

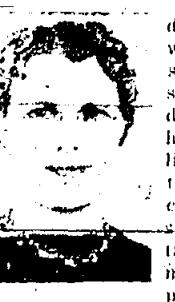

If you have your cold frame ready, now is the time to start planting. Don't be in too big a hurry to remove mulch material from the border; frost is not all out of the ground and the cold weather is not over. Loosen this mulch material for it has been packed down by winter rains and is wet and soggy. After the plants are started and grow, the mulch may smother the top growth somewhat and cause yellowing and subsequent heading. So, loosen the mulch and permit air to get in. Don't leave it alone until you are sure the weather has settled.

**Son Born to Thomas**

Mr. and Mrs. James Grant Thomas announced the birth of a son, James Grant Jr., on March 1 at Columbia Hospital, New York City. The father is a U.S. Army aviator at Millburn. Lt. Thomas, stationed at Fort Jackson, S.C., is the son of Mr. and Mrs. J. Grant Thomas of 83 Severn avenue.

## SWEET POTATOES GIVE VITAMINS

By (MRS.) MARY W. ARMSTRONG, Home Demonstration Agent

The raw, cold days of late winter and early spring are good sweet potato days! Days for hearty dishes like sweet potato and apple casserole or spicy sweet potato pie, and made a thick pump Yellow Jersey raised right here in the Garden State.

Sweet potatoes are one answer to the problem of wartime menu planning, because they are not on Uncle Sam's list of rationed foods and they may be used to make any number of substantial, nutritious and tempting dishes rich in Vitamin A. Since sweet potatoes freeze fairly easily, it is a good idea to buy them frequently and in moderate quantities rather than in large amounts at any one time. When they are to be stored for any length of time they should be kept at a low temperature, although never at the freezing point. If they are to be stored for a short time at home, it may be possible to find room for them in the refrigerator.

Although the larger sweet potatoes are best for baking and individual servings, the small ones are just as useful. Their size in no way detracts from their value for

desserts or for mashing or frying. There's nothing better than a well-baked sweet potato. But if your household enjoys variety, try sweet potato purée, a sweet potato and sausage casserole, or sweet potato waffles.

**SWEET POTATO FRITTER (OLD CREOLE RECIPE)**

1 boiled sweet potatoes  
1 tbsp. sugar  
1 c. milk  
Juice of one lemon  
Cut the sweet potatoes in thick slices and soak for 30 minutes in the milk. Make a thin batter, to which add the sugar. Add the lemon juice to the potatoes soaking in the milk. Remove potatoes, a slice at a time, dip in batter, and brown in hot fat. Drain on brown paper, sprinkle lightly with powdered sugar, and serve hot.

**SWEET POTATO PIDDING**

2 tbsp. fat  
1/4 tsp. salt  
1/2 c. corn syrup  
1/2 orange, juice and rind  
2 c. mashed sweet potatoes  
1 or 2 eggs  
1/2 c. milk  
Add fat, salt, syrup, orange juice, and grated rind to the hot mashed sweet potatoes. Add the beaten egg yolks, mixed with milk, beat well. Fold in stiffly beaten egg whites. Pour into a greased baking dish and bake slowly for about 30 minutes, until pudding sets.

## Our Library Use Your Library

The February report of the library shows the number of active borrowers to have reached the high mark of 1,218 with an average daily circulation of 87 books. This shows an increase of 388 over the corresponding month last year. Most interested readers to know that 246 were non-fiction, 232 were pay books, and 1,008 were from the free shelves for adults.

The Juvenile department loaned 632, making a total of 1,919 for February, a short month with two holidays.

Several gifts of children's books were received and a beautiful copy of "Carrier and Yarn" by Harry T. Peters. These gifts appeared originally in a limited edition of two volumes at \$115 per set. They were taken from what is perhaps the largest collection in existence, that of Mr. Peters. There are many four color reproductions and the page size is 9 by 12 inches. They cover our social history from 1835 to 1885 and are of great interest as well as beauty.

## Garden Institute Held First Session

MOUNTAINSIDE—The first session of a Victory Garden Institute in Westfield to which Mountain Side residents have been invited, directed by Fred D. Osman, Union County Agricultural Agent, was held Wednesday evening in the Westfield Y. M. C. A. An unexpected attendance of from 800 to 1,000 people was present.

As a result of the overcrowded conditions of the session, the first lecture will be repeated next Wednesday evening at 7:30 for those people who couldn't get in this week. The second lecture will be given at 8:15 in the senior high school.

Mrs. H. J. Kazmar, head of the Mountain Side block leaders, commended about 50 residents to attend at the request of the Defense Council. Four sessions will be held in the course scheduled for March 10, 17, 24, and 31. No charge or registration fee is made.

Wednesday evening's session was about "Victory Garden Organization—Size, Vegetables—for Victory Gardens, Seeds, and Early Start." Next week's subject will be "Soil Management—Organic Matter, Lime, Fertilizers, Tillage, Cultivation and Water."

On March 24, the subject will be "Cultural Methods—Cultivating, Weeding, Mulching, Succession of Crops, Insects and Diseases." On March 31 the subject will be "Cultural Methods—Including Particular Vegetables, Their Requirements and Winter Storage."

### STATISTICS OF SPRINGFIELD

Population—1942, 5,000; assessed valuation—1942, \$5,524,926; tax rate—1941, \$1.32 (1940, \$1.17); schools—27; state and county, \$1.00.

Springfield was settled in the early 1700's. Its township form of government was established April 14, 1794, and was incorporated in 1857.

Springfield is essentially a community home, with little industry except for farming, nurseries and so-called manufacturing for those 45 minutes from New York City on the Lackawanna. It is, with two stations at Millburn and Short Hills, less than a mile away; 7 miles to Elizabeth, 7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit and Plainfield.

The Highway Valley Railroad, with a freight station in the township, affords service for factories, homes and schools. State Highway 23 makes New York City convenient by auto in 45 minutes. One of the 300,000 Union County Regional High Schools, serving Springfield, Mountaintop and four other communities, is located in the township.

It has good streets, water, gas, electricity and modern sanitary sewer system, excellent police, fire and school facilities; mail-carrier delivery system, and zoning regulations.

Of interest in Revolutionary history with its historic Presbyterian church, where the Rev. James Caldwell first "preached the word" in the midst of the Battle of Springfield, fought on January 3, 1777. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

## Blackout Works Out Well Despite Delay

MOUNTAINSIDE—Mountain-side's blackout Tuesday night was successful in spite of the unexpected delay, it was reported by Meier Hoy, chairman of the Defense Council. Although the wardens and others had left Borough Hall when the signal finally came, they quickly returned and everything proceeded as planned, he said.

A meeting of approximately 15 boys and girl members was held Wednesday afternoon at the Patrol Center in the Borough Hall, led by Charles Wadsworth. The young people met as messengers between the zone leaders in the event of failure of the telephone system. At the meeting, the results of the previous night's blackout were discussed and the future program was considered. First-aid and the types of searchlights were also discussed.

## MOUNTAINSIDE LIBRARY

Have you read "Therefore" by Christopher Morley? It is not easy to suggest in a few words the varied richness of this book. Mr. Morley says the origin of the story in his mind was in the early days of the war when British children were being sent to this country in large numbers. He found himself wondering what their experiences and observations would be, their obvious pleasures and their secret dismays. For the purpose of fiction he transferred this Americanizing experience to an earlier and kinder time, when it could be undergone without the distortion of tragedy.

The final test of a novel is its creation of living characters; the reader may have his own favorite, whether Uncle Dan, or Aunt Hec, the young roughneck of the schooling gang or the voluble Major Wadsworth, veteran of the Civil War. It might even be Roger, the Cockney barber aboard the liner "Wessexland," whenever happens to appear most to the reader, all are alive and talk in their own vitality.

## Boy Scouts Commemorate Winding Up Sixth Year

MOUNTAINSIDE—Boy Scouts Troop 70 of Mountaintop held a program Friday evening in the school to wind up the group's activities of its sixth year. Guests who were given gifts were: Alan Hambacher, Eagle Scout, and Michael Lantz, presently stationed with the Navy at Lakehurst.

The program was in the charge of Russell Knapp, assisted by Mrs. Barney Lantz, Mrs. Alan Hambacher, Mr. and Mrs. Jacob Hambacher, Mrs. Theodore Mundy, and Joseph Lindenfelser.

## Mountaintop's Lunch Project Discontinued

MOUNTAINSIDE—The Borough School's hot lunch project, held during the four coldest months of the year, will be discontinued at the end of March. Children were fed lunches during the months of December, January, February and March. A volunteer staff of mothers, chaired by Mrs. A. J. Fortin, prepared and served the meals under the sponsorship of the Mountaintop Parent-Teacher Association. Because the lunches were received with such favor by all concerned, it is expected that they will probably be served again next year.

## Tin Can Collection In Mountaintop Slows Up

MOUNTAINSIDE—Collection of tin cans in Mountaintop's salvage drive is progressing slowly, due to the drop in the rate of cans resulting from rationing problems, reports Francis Stodman, chairman of the salvage collection committee of the Defense Council. Another salvage drive is expected to be held in the near future.

## Motorists Fined Last Thursday In Borough

MOUNTAINSIDE—A number of motorists were fined on traffic violation charges in the Mountaintop Recorder's Court last Thursday night. Frank Staag of Mountaintop was assessed \$10 for passing a car on the right, and Gravel Bloom of Jersey City, charged with having no registration card and no rear-view mirror on his truck, was fined \$2 for each offense.

Cecil Peilili, Charles Salvatore and John Eichelberger, all of Columbus, Ohio, were fined \$13 each for speeding. Raymond Le Conte, East Paterson, was charged \$1 for passing a stop sign and Raymond Scott of Great Bend, Kansas, was fined \$6 for having improper brakes on a car which he was towing.

Joseph Gilson of Sky Top drive, Scotch Plains, picked up for not having his driver's license with him, was fined \$5, and Harold Quinby of Madison and Dominic Perrotti of Paterson were assessed \$10 each for speeding. Perrotti was charged with driving on a one-way road and recklessness. Joseph Rosenthal of Montclair, Pa., was fined \$25.

Two girls, Florence Owens and Rosemary Doleys, 17, were arrested for thumbing a ride on Highway 23, were committed to the county jail for five days, following their claim of no money, no money, no means of support, and inability to take care of themselves.

## Mountaintop Body Adopts 1943 Budget

MOUNTAINSIDE—The 1943 municipal budget with a tax increase from \$25.50 to \$28.50 was adopted by the Borough Council Tuesday night in the Borough Hall. The budget adopted on that reading had not been returned by the Local Government Commissioner with his approval, deferring final action from March 1. Approval of the commissioner is necessary before final adoption.

The loss of an anticipated \$3,000 in liquor license revenue is offset by a gain in the surplus revenue cash appropriated from \$7,500 to \$10,000. Most of the appropriations, which total \$118,501.85 as compared with \$117,247.51 in 1942, remain the same.

An ordinance introduced by Councilman Meier Hoy, providing for the licensing of certain non-merchandise establishments and clubs, was passed on first reading.

Licensees were granted to three scavengers, Anthony Quadrillo, Westfield; John Gonnella and Gonnella Brothers, Mayor John W. Moxon, president.

## Johnson Leaves Post On Defense Council

MOUNTAINSIDE—At a meeting of the Mountaintop Defense Council held recently the resignation of Ernest Johnson was accepted and a business meeting was conducted with reports of committees. Those present included Meier Hoy, chairman; John Moxon, Charles Wadsworth, Francis Stodman, Mrs. H. J. Kazmar, Edward Monerth, Charles Honacker, Richard Keller, and Herman Honacker.

Charles Honacker was appointed to investigate the installation of a button for the air raid alarm with an automatic arrangement, and Chief Air Raid Warden Monerth was directed to authorize the removal of all kitchen cards and the enforcement of fire-out rules. Following a discussion on the need for women for volunteer service, a committee consisting of Mr. Moxon, Mr. Wadsworth and Mr. Hoy was appointed to set up a committee of women as assistants.

Mrs. Kazmar, block leader, reported the resignation of her committee due to the deaths of one member and the resignation of Mrs. Paul K. Davis and Mrs. Henry C. Weber. Mrs. Theodore Mundy and Mrs. L. Dietz will replace them. It is planned: About 10 or 15 more women are needed, said Mrs. Kazmar, before the block plan is completed. In discussing the program of her committee, she stated that each woman receives no more than fifteen names to call on concerning the collection of fats, paper, clothing, metal, etc. A folder will be given to the Defense Council, showing the complete list of projects covered under this plan. It was moved that the Volunteer Corps under the direction of Mrs. Kazmar will distribute charts of the point rationing system.

Chief Air Raid Warden Monerth reported concerning an inspection tour of borough homes and business establishments that the dining regulations were not being enforced. It was moved that a standing committee be appointed consisting of Mr. Meier Hoy, Police Chief Honacker and Mrs. Hoy to investigate business establishments.

Mr. Keller reported for the Housing Squad and Police Chief Honacker announced the fact that driving from one end of Mountaintop to the other requires 30 minutes at 20 miles an hour, and 15 minutes at 40 miles an hour.

Mr. Wadsworth, principal of the Borough School, announced concerning the Junior Victory Garden program that slides had been shown and seeds are being sold through the school. Mr. Stodman, chairman of the Salvage Committee, was voted \$3.12 for points for the collection house, and Mr. Moxon was authorized by the Defense Council to work on the Victory Garden project, checking the amount of extra land in the borough.

**POINTS ON POINT RATIONING**

To Get The Most Out Of Your Budget

by Eliza M. Stephenson, Our Home Service Director

- Select foods your family likes. You can lead a horse to water, but you can't make him drink. Unless you can appeal to your family's tastes your efforts and your food are bound to be wasted.
- Select good quality foods. The rule that you get what you pay for is a pretty true one—these days where food is concerned, especially with fair prices fixed by ceilings.
- Select foods most plentiful in market. The point rationing system puts a premium on scarce items, so that by substituting one canned vegetable for another you may get more food value for less points.
- Preserve food value by proper cooking. Plan nutritional menus. Avoid waste. Cook vegetables in covered pan with minimum amount of water to save vitamins and minerals. Roast at low temperature to avoid food shrinkage. Call at your local office for Home Service recipes.

REGIONAL TAKES OPENER IN TOURNEY

Varsity Basketball Team Shows Best Form Of Year And Upsets Cranford, 38-24, In State Play

Regional High School's basketball Bulldogs saved their best effort of the season for the first round in the Group 2 State basketball tournament last Thursday night at Hillside High School with a sweeping victory over Cranford with a score of 38-24. Springfield will meet Roselle Park, of the North Jersey, Section 2 Group 2 title tonight at the Parkers' court.

Table with columns: Team, W, L, P, Points For, Points Against. Rows include Cranford (24) and Regional (38).

Regional Boy Takes Honors in Wrestling

Of three wrestlers entered by Regional High School in the state scholastic wrestling championship matches in the Thomas Jefferson High School gymnasium Saturday, Charles Johnson won a 104-pound class title over Vincent Sesser of Somerville High School by a fall in 3:34.

Looking Backward

Ten Years Ago

MARCH 12, 1933 About \$975 in cash had been collected locally to date in the statewide Black-Ad Campaign to aid emergency relief. It was revealed by A. B. Anderson, treasurer of the local campaign, the Springfield drive under Rev. William I. Reed, raised money to pay for the township's share of relief work here.

Five Years Ago

MARCH 12, 1938 Efforts to obtain free mail delivery by carrier in Springfield, long advocated by residents and organizations, were moving forward rapidly under the guidance of Postmaster Otto Heter, who disclosed partial results of his voluntary canvass of the township.

One Year Ago

MARCH 12, 1942 Permission was granted by the Township Committee for the Public Service Coordinated Transport Co. to operate seven additional buses on the Newark-Morris town bus line 70, which passes through Springfield along Morris avenue.

One Year Ago

MARCH 12, 1942 The Regional Bulldogs won their first round in the State Tournament over Westfield, 42-40. The Orange and Blue team led at the half, 29-12. Bill Lon and Johnny Wanca started for Regional.

ABC Asked By Board To Prosecute Minors

Upon recommendation of Committee Chairman Arnold Wright, the Township Committee Wednesday night directed the clerk to send the following to Commissioner Fiske: State Alcoholic Beverage Commissioner: "On at least two occasions it has become the duty of the Township

Committee of the Township of Springfield to hear charges involving the sale of liquor to minors in this township. We have likewise read in the newspapers, reports of similar hearings held in other municipalities, and in no case have we found any attempt made to deal with the minor or minors involved. We respectfully call this condition to your attention because we feel that if the proper procedure is followed to see that the minor is punished, it will have a salutary effect in combating this

evil. We do not for one moment condone the tavern owner or licensee who is responsible for the sale of liquor to minors in this township. The Greatest Mother in the World

Stretching out her hands to relieve distress wherever found, she is the symbol of a great force for good in our evil world. She is the spirit of the Red Cross, a militant, marching army of good will. Out of the villages and cities of America, into the heart of the war torn world marches this great people's crusade to keep the lights of civilization burning.

THE RED CROSS is pressing forward on every front. It is carrying overseas ever increasing stores of relief supplies, clothing and medicines to the war victims with all that goes with that vast operation of distribution, warehousing, transportation and administration.
