

SOLVING THE PROBLEM

Some day one issue of the SUN is going to be published entirely of front pages, if that's typographically possible.

Most of our readers and those who are consistently reading their home-town papers in other communities, have been adjudged through various surveys, to never miss an interesting story, whether it appear on page 1 or page 5.

But a small percentage of our friends who submit articles for publication have expressed disappointment, in recent weeks, at not finding their items on the "front page" display window. They don't believe in surveys.

Obviously, for physical reasons, such desires can't be satisfied, but to prove the point, the editor expects to please the critics and give them what they want. Watch for the all-out page 1 paper.

WILL YOU HELP?

We do not believe, as has been so frequently asserted, that Americans on the home front are complacent about the war. Some of us, by wishful thinking, are saying that the war will soon be over. By that we mean that we hope it will soon be over. Yet, as we scan the growing casualty lists, we begin to realize that the fighting is daily being "stepped up"; the struggle becomes more grueling; objectives must be taken, and the end is not in sight.

One indication that the war is rapidly moving into a new stage is the urgent call that the Red Cross has received from military leaders for more and MORE and MORE surgical dressings. It must be assumed that the demand exceeds the supply. Can our readers visualize the importance of adequate supplies for the medical divisions of our Army and Navy, and then stand by indifferently when the Red Cross, the agency by which surgical dressings are provided in time of war, calls for more volunteers to do this work? We do not believe this is true of the people of Springfield.

Yet the fact remains that out of our population more people COULD respond, and more WOULD respond, if they gave the matter more thought. It is tragically true that for lack of surgical dressings some wounded men might die, whose lives could otherwise be saved. It is not a pleasant thought that some of us can be aware of this, can realize it thoroughly, and still be unresponsive to the call for help.

At the last meeting of the Springfield Red Cross, methods of obtaining surgical dressings volunteers were discussed. It was suggested that the men of Springfield might be asked to help. We think that is a fine idea. Haven't you read lately that some of the boys on furlough have been spending some of their time folding Red Cross surgical dressings? Think it over, people of Springfield, and then ACT.

Colfax Unit Votes War Fund Donation

Colfax Civic Association, at its first meeting in the James Caldwell School Wednesday night, jumped the gun in the National War Fund drive and pledged a contribution of \$10 from the group toward Springfield's goal.

All members pledged 100 per cent co-operation in the campaign. Cecil Bonatoni, association president and a member of the Board of Adjustment, explained the procedure of the proposed Planning Board, its purposes and method of operation. About 35 members attended. The next session will be held in December.

PASSING ATTACK FEATURES REGIONAL'S FIRST WIN SINCE 1940

Regional's passing attack proved the turning point in their 25-20 victory over Cranford Saturday, the first triumph for the Orange and Blue since 1940. One of the plays setting up the deciding touchdown in the last quarter is shown at the left, as "Army" innocently, quarterback, grabs the ball for a 10-yard gain toward Cranford's goal, on a pass tossed by Wes Gill, Regional back. Facing the camera is No. 12, Bob Days, Regional guard. The next play, which followed the catch, resulted in another completed pass, shown at the right, caught by Harry Nussbaum, right end, who played brilliantly during the afternoon and is out of camera range. No. 10, is Herb Callahan, Regional fullback and kicking star. (Story on Page 5.) Photos by Harry G. Walters

War Fund Plans Are Completed, Rally Set For Thursday Night

Meeting of the American Legion Hall on Monday evening, the War Fund Committee and the area captains completed preparations for Springfield's share in the National War Fund Drive. Roy Waldeck, general chairman, announced the appointment of Postmaster Otto F. Holzn to head the business drive, and of Edward Ruckewski to have charge of coin boxes which will be placed about the townships.

Mayor Wilbur M. Schaefer interpreted the meaning of the drive, stressing the necessity for wholehearted participation, especially toward the major portion of the funds contributed. This means that much of the comfort and pleasure of the recreational time of our boys and girls in service is dependent on generosity of all citizens at this time.

The plan of the organization was explained by Robert Poppendieck, applying the methods used by the U. S. O. drive committee in the summer of 1942. Workers will handle sections of streets, reporting the total contributions to their captains each evening. These will be reported in turn by the several captains to Jack Conley who is acting as recorder for the committee in addition to heading the south district.

A rally of all workers, captains, and committee members at the American Legion Hall on Thursday evening, October 15, will open the drive. Immediate and enthusiastic action on the part of all and a welcome reception by the townspeople will enable Springfield to reach and pass its \$3,600 quota by October 21, Springfield's closing date.

The organization of the town includes the following leaders and captains for the canvassing of homes: South district—District leader, John Conley; captains, William Merkel, Howard Smith, James A. Rounse, Mrs. Charles Bauman, and John Berger. East district—District leader, Robert Poppendieck; captains, Arthur Marshall, Arthur Schmidt, John Decker, Mrs. Arthur Lomox, Charles Heupel and Edward Cook. West district—District leader, Frederick Day; captains, Mrs. John King, Charles G. Nelson, John Elsworth, John Keith, Mrs. Fred Compton, Chester M. McEvoy, Alvin Danzig and Tom O'Mara.

Returns From Hospital

Mrs. Frank Heebe and infant son of 15 Park have returned home from Overlook Hospital, Summit, on Thursday of last week. The child, James Lawrence, was born to Mr. and Mrs. Heebe on September 20. They have two other sons, Joseph and Dennis.

Eighty Voters Added To Registration List

About 80 new voters, in addition to 205 previously listed for the primary election, have registered for the forthcoming general election November 2. Township Clerk Robert D. Trent reported yesterday. This makes a total of 286 new voters at both primary and general elections this year, due to renewed interest in townships, and also attributed to war-time conditions of changing residences.

On Tuesday, the final night to handle new registrations, Mr. Trent had 30 new registrants, working until after midnight to complete the work. He was aided by Mrs. Carolyn Harmon, assistant, who signed up about 20 residents during daytime hours, but was without the aid of Richard Groendyke, who helped during primary registrations, but is ill and unable to continue his duties. Accordingly, the township clerk was obliged to bear the burden alone for the evening registrations.

Listing Sought Of Nurses In Service

Families of Army and Navy nurses are being asked to list the names of these nurses with the Red Cross in order that they may receive recognition in connection with the film, "So Proudly We Hail," to be shown in nearby theaters soon. The film documents the life of Army nurses on Bataan and Corregidor and is said to be one of the most stirring and authentic films to come out of the war.

Springfield nurses now serving in Army and Navy units in this country and overseas will be listed on a permanent Roll of Honor now being compiled by the Elizabeth Town Chapter of the Red Cross. Their names will be featured in connection with the showing of the film, and it is hoped that they will later be accorded some special recognition in the community.

In appealing to families and friends of nurses to help in compiling the Honor Roll, Miss Wilhelmine H. Tweddale, chairman of the Nurse Recruitment Committee for this area, pointed out that nurses are performing some of the most heroic tasks in this war, for which they have received little recognition. "They are serving on the front lines, sharing the same dangers and making the same sacrifices that our men are making. They ask no glory; but it is our hope that each community will find its own way of honoring them."

Because many nurses from Springfield may have enlisted in other parts of the country, and therefore are not on local recruitment records, it is only through the co-operation of relatives that a complete Roll of Honor can be obtained. The following information is desired: The nurse's name, her registration number, her branch of service, her rank, and the name of the hospital at which she trained. Families are urged to call or write to Mrs. Thomas J. Koppel, 32 Crest place, Millburn 6 1233-M, who represents Springfield Chapter of the Nurse Recruitment Committee.

How Industrial Arts Department In Regional High Functions Is Related In Address Of Teacher

The following is the text of an informal talk delivered by Miss Carolyn W. Leh, home economics instructor, at a recent meeting of the faculty of Regional High School, entitled "Accomplishments of the Industrial Arts Department at the Present Time."

While we do not have an Industrial Arts and a Home Economics Department, woodshop, metal shop, printing, auto mechanics and all phases of home economics are taught in our school and listed under the Industrial Arts Department. All subjects are elective and the large enrollment in these classes is some indication of their popularity.

Meeting one or several of the above subjects is a worthwhile addition to any curriculum in which a student may be interested. In our school boys and girls are not trained to be finished tradesmen, designers or cooks. They will, depending upon the time spent on the subject, have acquired helpful training, worthwhile knowledge and they may as a result of this experience choose a vocation from one of these fields.

The repeated emphasis placed upon good citizenship, vocational efficiency, sound health, worthy

Carl Alexander Is Appointed To Post On Assessors' Board

Carl Z. Alexander was appointed to the Board of Tax Assessors for a three-year term by the Township Committee last Thursday night, succeeding the late John Courtney, who died several weeks ago. The board was obliged to act without delay in filling the vacancy on the three-man board, since their annual duties of computing local assessments began October 1, the day following Alexander's selection.

Other members on the assessors' group are Frank E. Meisel, secretary, and Elmer Stokley. The new tax assessor has been connected with the Union Board activities since the war, made such a long time necessary two years ago. He was chairman of the Springfield Union Board before its absorption into a district, now covered by the district office at Summit.

Mr. Alexander, who resides at 127 Bryant Avenue, has been a resident of Springfield ten years, coming here from Scotch Plains. He is president and owner of the Fuel Sales Corp., of 679 Morris Avenue, and has spent most of the years of

CARL Z. ALEXANDER

his business experience in the construction and steam boiler field. He holds several patents on boiler manufacture and his most recent patent was granted for a Perco-Flash boiler, which is described as simple in construction, with a minimum of replacement parts and low in operating cost. The war halted its construction, although a number of these boilers were constructed before the war.

For many years, Mr. Alexander was with Prudential Insurance Co. in Newark and was engaged in boiler and foundry work in New Jersey. He formed the Fuel Sales Corp. in Scotch Plains, where it was in existence for several years before moving to Springfield. Mr. Alexander is a member of the Springfield Lions Club and of National Association of Power Engineers Inc. He and Mrs. Alexander have two children, a son, William, in the U. S. Navy and a daughter, Jane, a student at Regional High School.

TO ALL MOTORISTS

New Jersey motorists were advised today by Jerome A. Collins, acting district OPA director, to be sure to send "A" book renewal applications to local rationing boards immediately — if you want your new Number 9 gasoline coupons in time to buy gasoline on November 9.

He outlined the following simple instructions: First, get a renewal application form from your local rationing board or from your automobile dealer.

Second, fill in all the required information and sign the form in the space provided.

Third, mail the application immediately to your rationing board together with the back cover of your present "A" book, and your present Tire Inspection Record.

Collins requested motorists who have "B" or "C" books that are scheduled to expire within the next few weeks to renew these books before receiving the "A" book.

When the Gripsholm recently sailed for the Far East to affect an exchange between United Nations and Japanese nationals, it carried a quantity of recreational material for prisoners of war. This included musical instruments, games of various kinds, photographs and records, and between 15 and 20 thousand books, all provided by the Prisoners Aid, Y. M. C. A., a well-earning service of the National War Fund.

If it happened in town, you'll find it in the SUN.

BOY SCOUTS

Boy Scout Troop 70, sponsored by the Presbyterian Church, has accepted the following new members: Mahlon Woodring, Harry Hart, John Housman, Kenneth Belliveau, Roy Belliveau, James Pfizinger, Robert Slough, Edward Danks, Earl Rumpf, Charles Lawler and Thomas Curran.

William R. Richardson of 65 Stevens avenue has been appointed to the Troop Committee and to the Union Council Roundtable. R. W. Kinsey of 172 Milltown road has also joined the committee. The troop held a treasure hunt recently, managed by Herb Reutenshan and prize of a first-aid kit was won by Clifford Walker.

The troop is taking an active part in civic affairs, 15 Scouts having volunteered to give up a Sunday afternoon to man the trucks in the recent scrap collection. Eight Scouts have volunteered in response for boys to act as air raid victims during the next blackout for incident tests. Troop 70, in co-operation with Troop 66, again co-operated in distributing Government window display to all stores and business houses in the townships.

Ray Vahdon has been made patrol leader of the Flaming Arrow Patrol and Clifford Walker is his assistant patrol leader.

Troop 70's schedule of coming events, follow: Friday, October 8, Troop Court of Honor, 7:30 P. M. in James Caldwell School; October 9, leaders' overnight camp; October 15, "Rookie's Night," 7:30 P. GIRL SCOUTS

The first meeting of the season of the Executive Committee of the Springfield Girl Scouts, was held on Wednesday evening at the home of the chairman, Mrs. William Cosgrove, 114 South Maple avenue. Members of the executive committee are as follows: Mrs. William Cosgrove, chairman; Mrs. Paul Anderson, finance chairman; Mrs. Paul Voelker, treasurer; Mrs. J. M. Palmer, secretary and Mrs. Roland W. Nye, program chairman.

Mrs. Edward Pearson of 248 Short Hills avenue is leader of a new troop. She has organized a troop of about 35 girls ranging in age from 10 to 14 years of age and attending the James Caldwell School. This troop, while entirely non-sectarian, meets every Tuesday afternoon after school in the rooms of the Methodist Church.

Mrs. Pearson has as her assistants, Mrs. William Reid, Mrs. Harry O. Olsen, Mrs. Donald Wolf and Mrs. Albert Blander.

Mrs. Joseph Kovalick of 34 Balmoral way is also organizing a new troop and plans for that troop are now under way.

Miss Edna Townley who formerly conducted a troop of younger girls in the James Caldwell School will this year organize a troop of high school girls to meet in the evening. Plans for the troop are also being made.

The Cub troop will again be under the leadership of Mrs. Jean Townley, assisted by Mrs. L. Mumford. Mrs. L. L. Andrews, who had a troop of younger girls in the "Hickmont" Chatham School, will continue with the same group.

Mrs. Roland Nye is organizing a committee in the capacity of program chairman. It is the aim of the Executive Committee to draw all leaders together in close cooperation, with the result of a stronger organization. Ways and means were discussed whereby the girls could earn some money to place in their treasury and to be used to meet necessary expenses of carrying on Girl Scout work, such as buying badges, necessary flags and equipment with which to work.

The Girl Scouts do not solicit funds and must earn all money they need to carry on their work. With this in mind, a co-operative plan was worked out between the Executive Committee of the Girl Scouts and the Rummage Shop Committee. The five leaders will each be responsible for having a

BETTIQUETTE SAYS

We are frankly amazed at Mrs. John C. Public's attitude about merchandise. She does not seem to be aware that production is practically at a standstill for everything but essential items. She is so very specific and exacting in her demands. We advise you, dear reader, not to shop with prearranged notions. Buy what you can, and be glad you can get it. In many cases, when current stocks of retailers are sold, the merchandise is irreplaceable for the duration. Metal trimmed items, and fancy "ageless" are not available on the wholesale market today.

Right now there is a terrific paper shortage. Colored writing paper is not available. Special weights of paper are out. Stocks as regulated by government specifications are the only thing one can buy, if their source of supply can furnish it.

The war is pinching merchandise supplies, and if you have sensitive shopping ideas, just abandon them for the duration. ODD FACTOR - Although shoring the bottom of your pans may make you feel like a more efficient housekeeper, it actually is better to leave them dull. A dull surface absorbs more heat than a shiny one.

Bees are shipped to Florida for the winter in refrigerated cars. When they are unloaded into the winter "is-over and start to lay eggs, thus increasing the size of the swarms before the normal production period early in May.

The fruitful waters of Alaska have yielded American fisheries more than \$254,000,000 worth of seafoods. The first salmon canner was built in Alaska in 1878. Vancouver Island tribes of American Indians held elaborate ceremonies for the first salmon caught every year. The salmon were brought to little children standing on the bank of the river to receive them and each child ate a whole fish. The bones were kept in a basket for four days.

A pound of coffee is sufficient to brew 40 cups, or about 800 A. D. the whole fine berries of coffee, leaves and hull, were crushed and molded into food balls. Next, coffee berries were used as a medicine.

S.O.S. FOR UNCLE SAM

Last year according to government statistics, we actually wasted more food than the entire amount set aside for our armed forces and for Lend-Lease! Seven per cent of our available food supply went to our Armed Forces; seven per cent went to our hard-pressed Allies on Lend-Lease. But fifteen per cent of our food supply went to "waste."

How could such a thing happen? In little, hardly noticed ways, tiny leaks, small over-sights, "Take that carrot, for instance, that got mushed up in the refrigerator to emerge shriveled and fit only for the garbage can. What's one old shrivelled up carrot? Multiply it by 27,000,000 (that's how many American homes there are) and see to what a threat that forlorn carrot adds up. How how surely we're on the way to that 15 per cent food waste! Of think of that slice of bread left to languish in the box. Scarcely anyone would throw away a whole loaf of stale bread; many would toss aside a slice. But one slice loses 27,000,000 is a staggering figure.

KITCHEN ALLES

Kitchen allies in our fight on waste consist of small things like these:

- 1 Keep a sharp knife on hand to make sure vegetable peelings are razor-sharp.
2 Have an efficient scrubbing brush to clean potatoes and carrots so they can be cooked right in their jackets to save vitamins, food values.
3 Arrange ideal storage for your

competent attendant in the rummage shop all day Saturdays for one month each, in turn for which the rummage shop will turn over to the Girl Scout treasury twenty-five dollars. The girls will also gather comic books which will be sold in the store for three cents, two cents of which will go to the Girl Scout troop bringing in the books.

The next meeting of the Executive Committee of Springfield Girl Scouts will be held in November, at which time election of officers will take place. Mrs. Cosgrove appoints a nominating committee to submit its nomination for new officers at the November meeting.

Many articles of clothing have been made by the girls for the Red Cross; 68 slips and 25 utility bags were made last year.

Poods work continues to place emphasis upon the "needs for health." Well balanced meals from

The annual Roll Call service of the members of the church will take place Sunday morning at 11 with a sermon "Hiddest Victories" by the pastor. Special music includes an anthem, "Seek Ye the Lord," by Adams and an offertory duet, "Love Divine, All Loves Excelling," by Stainer by Harold E. Shand and Mrs. C. F. Peterson. Mrs. J. Grant Thomas is organist and will conduct a solo on a button and patch garment.

A unit on Interior Decoration and Selection of Equipment for the Home will give added information. Also Home Care of the Stck will be reviewed. In other words, the course aims to make the girls familiar with all the jobs involved in being a good homemaker. They want to be a worthy home member and develop this trait in their own families.

The girls at different times contributed approximately 900 cookies, 7 dozen cupcakes, 1 dozen loaves nut bread and 1-2 dozen loaves peanut butter bread to the Soldiers in a hospital unit at Camp Kilmer through our local Red Cross.

In closing, the subjects taught in the industrial arts department have a very vital part in our school program—not only to help win the war and keep up morale now—but to maintain and enjoy with satisfaction the peace to come in Happy American Homes.

wives and babies of servicemen will be able to receive maternity and infant care during the remainder of this fiscal year as a result of the additional funds voted by Congress. The program is limited to wives and infants of enlisted men in the four lowest pay grades. Between July 1 and October 1, wives and infants of servicemen in the top three grades below commissioned officers were also covered.

School buses may not be used to transport students to athletic games, state or county fairs, or similar events, the Office of Defense Transportation has stated.

Antifreeze used last winter and saved for reuse this winter should be tested. In time antifreeze loses its strength and its non-corrosive properties. Nearly all manufacturers of permanent types of antifreeze have made up acid and rust inhibitors for restoring resistance of used antifreeze. In adding new material, it is wise, the Office of Defense Transportation says, to use the same brand used in the first place. A free pamphlet entitled "Cooling System; Cleaning, Flushing, Rust Prevention, Antifreeze," that tells about the care of water-cooling systems in engines used in automobiles and farm equipment will be sent to those who request it. Address: Office of Information, ODT, New Post Office Building, Washington, D. C.

The German Army has nearly three times as many combat divisions in the field today as there were when the attack on Poland began four years ago, Major General George V. Strong, assistant chief of staff G-2 (Military Intelligence) declared recently. Discouraging any likelihood of an early collapse of either Germany or Japan, General Strong disclosed that the Germans had replaced the 20 divisions lost at Stalingrad last winter, and that the German Luftwaffe was larger now than in 1939. He said also that the weapons the Germans are making are in some cases better than any which the United Nations have.

Ammunition for civilian use will be sold at or under prices prevailing in March, 1942, according to OPA ceilings which become effective October 7. Retail ceilings on boxes of 25 shotgun shells are \$1.35 for 12 gauge and \$1.32 for 16 and 20 gauge. Retail ceilings on boxes of 50 rim fire cartridges are 34 cents for 22 long rifle and 21 cents for 22 short, regular. Retail ceiling prices on boxes of 20 center fire cartridges range from \$1.41 to \$2.10 according to brand and type. Ammunition stores are required to post ceiling prices but may sell at lower prices.

The deadline for mailing Christmas packages to soldiers overseas is October 15. The War Department urges all who have not mailed their packages to do so immediately. In a letter to a friend, vividly describing the American invasion of Italy at Salerno, William J. Fox, Chief Photographer's Mate, U. S. G. I., said: "These amphibious landings are getting monotonous in a ghastly sort of way. They're getting tougher as we go along and don't let anybody kid you that the United States isn't paying a price for such places as Sicily and Salerno. Of course the radio reports and newspaper headlines sound very encouraging to the folks back home, but there's a lot of American boys getting killed, but I suppose that's the price of war."

Synthetic rubber and plastics will be used to help relieve this winter's leather shoe sole shortage, according to WPI. The output of rubber soles will be used on fashioned shoes and for shoe repair.

One Question Quiz
Q. Why are point values set so high on canned pineapple, vacuum-packed whole kernel corn, tomato catsup, and other items?
A. OPA says that the point value of each item is figured on the basis of its supply and the amount that can be moved into consumption from month to month without draining the supply to too low a level. Any item which moves faster than its scheduled movement is increased in point value. If it moves below schedule the point value is lowered.

MAYOR JOHN MOXON HEARD AT DEDICATION OF HONOR ROLL

Mayor John Moxon, addressing the audience at the dedicatory services Sunday of the new Honor Roll and flagpole, was pictured in an exceptional shot in front of the Borough Hall. Michael Gullioye, World War I veteran, is at the Mayor's right in the picture and others from left to right are Michael Volino, honorably discharged from the Army due to shell shock; Sgt. Lewis Heckel, U.S.A., Edward Menech (standing sideways), a veteran of World War I and president of the Mountain Side Board of Education. Two unidentified American Legion members from Westfield are at the extreme right corner.

ABOUT 175 ATTEND DEDICATION

Impressive Services, Marked By Presence Of World War I and II Veterans, Held Sunday Afternoon

MOUNTAINSIDE - Approximately 175 people attended the dedication of the new Service Men's Honor Roll and flag pole Sunday afternoon at 2 on the lawn of the Borough Hall. The program opened with the flag raising. The Rev. S. Thomas Burns, pastor of the Epiphany Chapel, gave the invocation. The Honor Roll was dedicated in the memory of Fred Schweitzer of the borough who was a World War I veteran with the decoration of the Purple Heart and who lost his life eleven years ago at a fire in Central avenue. His son, Fred Schweitzer, Jr., raised the flag.

Pvt. Michael Volino, U.S.A., of Mountain avenue who returned home from overseas in May, after having been a victim of severe shock in the North African invasion, and who has since been discharged from the Army, unveiled the Honor Roll. Mayor John W. Moxon presented the Honor Roll to the borough and spoke briefly. Eunice J. Dugan of Oak Tree road was the vocalist. The program was concluded with the singing of the National Anthem. Representatives of the Veterans of Foreign Wars, and their Women's Auxiliary, and the American Legion of Westfield were among the group who attended.

The color guard was made up of Michael Gullioye of Central avenue, and Edward Menech, of New Providence road, both veterans of World War I. Sgt. Lewis Heckel, U.S.A., and Michael Volino, U.S.A., were also present.

The Honor Roll was built with volunteer labor and the costs of the material were borne by the Borough Council. The names of

the boys and girls in the service now appear on the roll. The flag pole is the outright gift of the Fire Department.

The committee in charge of the special program included Forrest Johnson, chairman; Councilmen Norman W. Woodley and Winfield Han and Fire Chief Herman Honecker.

The topic Sunday morning will be "Becoming God's Dwelling Place" in the evening - "The New Birth."

Now officers elected last week in the Young People's Society are: Miss Helen Westberg, president; Marianne Meisick, vice-president; Lois Knoll, secretary; Mrs. Clyde Seifert, chairman of programs; Emerson Wilson, chairman of social committee and Mrs. S. Thomas Burns, chairman of the lookout committee.

The Mountain Side Christian Group will hold an informal initiation of new members at the home of Mrs. S. Thomas Burns this evening. Members of the Ladies Aid Society have decided, due to gas rationing, wartime activities, etc., to forego regular meetings and will not meet until the Christmas party in December. In the meantime, they will be collected and later distributed for foreign mission work.

Vegetable Purchase Plans Are Approved

MOUNTAINSIDE - The Birch Hill Civic Association met Tuesday evening at the home of Mrs. Joseph H. Hershey, and decided that the committee should proceed with the purchasing of vegetables for the winter. Edward Hanson of Evergreen court is chairman; sectional workers are E. Royal Zettler, Mrs. Temple Patton and Mrs. Elmer Hoffarth.

The association will contact a few boys who, this Sunday morning, will clean up the underpath on Route 23. Three Junior Polies will be requested from the school to watch traffic, and so forth.

Carl Evans was given instructions to purchase a lot of 100 white birch trees, which will be distributed to the residents of Birch Hill. They will be bought and paid for by the association. Next week the association will purchase paint to paint the group of mail boxes, and will contact the Borough Council about filling in roadway holes in Evergreen court.

MOUNTAINSIDE LIBRARY

"Reader's Digest" featured in its August and September issues MEN IN MOTION by Henry J. Taylor, a new book which has been widely acclaimed by both critics and readers, and which is now available to members of the Mountain Side Library. The author is the American author who has made himself an outstanding war correspondent and interpreter of world news. He has the advantage over most correspondents because of his thorough understanding of European, Asiatic and African geographical history.

MEN IN MOTION tells the hitherto untold story of how the Germans plunged Rommel's reinforcements into a Yugoslav gorge. It relates the dramatic story of the role the Spitfire and radar played in saving England; it explains why General Eisenhower accepted General G. and what part Admiral Darlan played at Casablanca. The book contains excellent reporting of the author's dramatic experiences in Africa, Egypt, Syria, Palestine and Turkey, with a keen interpretation of the political forces which move behind these scenes.

Discuss Library Budget

MOUNTAINSIDE - The Library Board met Monday evening in the Library to discuss the budget for the coming year. Mrs. Edward Hanson, librarian, reported that more books would be purchased soon. A gift book was received from the Tax Foundation at Rockefeller Center.

Movies Shown Children

MOUNTAINSIDE - Charles Wadas, principal of the school, entertained the children at the Children's Country Home on Saturday afternoon, with a two-hour program of featured movies. This program will be continued on throughout the year, and movies will be shown every other Saturday.

Corp. Brokaw Transferred

MOUNTAINSIDE - Corporal Robert Brokaw, son of Mr. and Mrs. Charles Brokaw of Mountain avenue, was recently transferred from Camp Murphy, Florida, to Drew Field in Tampa, Fla. Brokaw entered the service in February, 1943 and was made a Corporal in April of this year. He received his basic training in Atlantic City and Kansas City, and is engaged in radio mechanics.

Mountain Side's goal in the Community Chest is \$3,171.08. Your co-operation is needed.

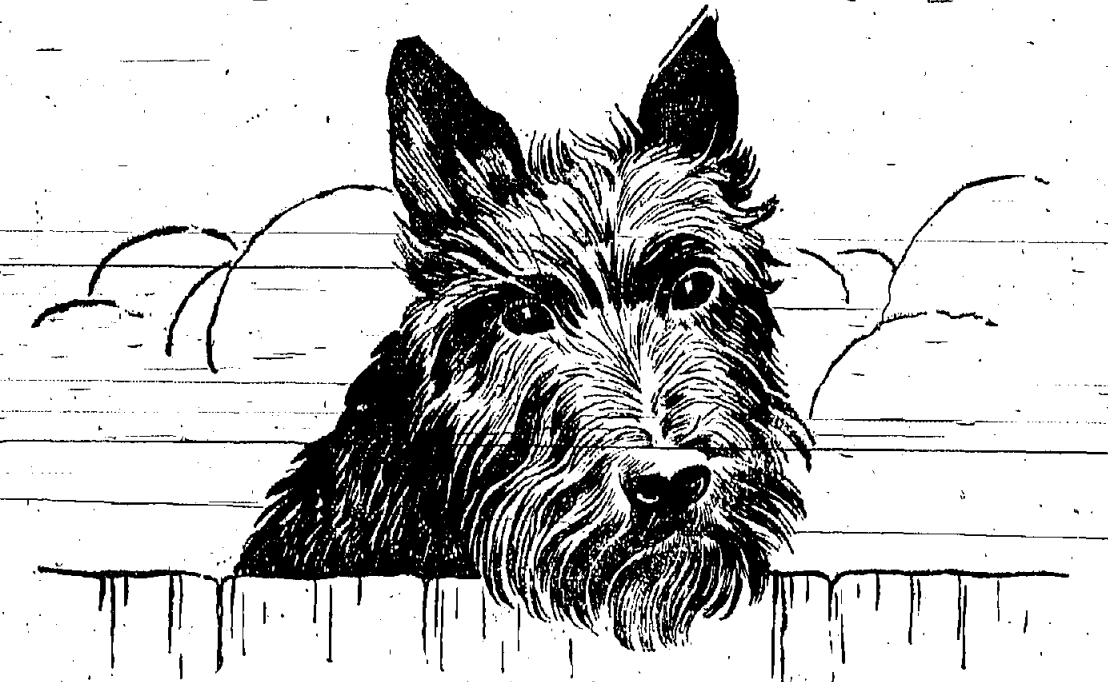

THAT'S A LOT OF COAL!

We know Mrs. Homemaker would think so if she had to carry the coal we use to supply her with electric service each year.

Fortunately she doesn't have to these days, thanks to the ease and convenience of electricity, but that service still represents a lot of fuel consumed in our generating plants. Last year we used nearly 300,000 tons of coal in the manufacture of electric service for our customers. That is why you save vital fuel for the war effort by using electricity wisely. Use it for essential purposes only and avoid waste. Even though electricity is not rationed, Uncle Sam is depending upon you to do your share!

Chicken Canned at Home

By MARY W. ARMSTRONG
County Home Demonstration Agent

Anyone who has raised chickens for the first time this year and even those who have been raising them for years will probably want to can and freeze some of their birds this fall as a means of reducing feed consumption and contributing to the family food supply at the same time. Young chickens may be preserved at killing time, but the flesh from well-fatted one- or two-year-old roosters or non-laying hens has a better flavor.

It is important to keep the fowls off feed, but with water, for 12 to 24 hours before killing them. During the killing great care should be taken to avoid bruising the flesh. Be certain, too, that the birds are completely bled. Scalding in water at 132 degrees Fahrenheit will leave the skin in better condition than hotter temperatures. Subsequent chilling in ice cold or running water

will aid in removing pin feathers, since the bird and then wash it.

Cutting and Packing. Cut the chickens into the usual pieces for frying: drumsticks, thighs, wings, back, breast, and neck. After removing the "oysters" of flesh from the back, shinner that long piece along with the neck, wing tips, skinned feet, and the bones of the breast in water to cover for 30 minutes. This broth can be used as a foundation for soup or as chicken broth, or it can be poured over the chicken in the packed jars.

The poultry may be preheated before packing it into the jars, but do not shorten the processing period. Either bake the whole bird in the oven or steam it in a small amount of water in a kettle until the raw meat color has disappeared.

By careful packing, a dressed chicken weighing 3 1/2 to 4 pounds will fill one quart jar. Place the pieces in the jar with the skin next to the container. Place the two drumsticks, large end down, in the jar first and fit the two thighs next to them. Next place the two wings with the joints upward for easy removal, beside the thighs. Add the pieces of breast and then small pieces of dark meat to fill the jar. Since giblets are likely to discolor the flesh, they are usually canned in separate containers of cooked and used on the table while fresh.

Add one level teaspoon of cooking salt to each quart and seal the jar for processing according to the type closure. Process pint jars for 60 minutes and quarts for 80 minutes at 15 pounds pressure. The processing time for homeless chickens must be extended to 84 minutes for pints and 120 minutes for quarts. Giblets in pint jars are processed for 85 minutes. In some cases it may be necessary to process the chicken in a boiling water bath for three-and-a-half hours instead of using a pressure cooker, but remember to boil the meat for 10 minutes before fasting or serving it.

Additional directions for canning meat are contained in Circular 469, "Canning Meats" which is available at the county extension service office.

Freezing Chicken

Roasting chickens are drawn, carefully washed inside and out, and frozen whole, but chickens intended for frying and trussing are cut into the same pieces as for canning. The giblets and neck should be wrapped in a small piece of vapor-moisture-proof paper, and then put in the package of cut chicken or inside the roasting bird. Wrap the thoroughly chilled chicken in moisture-vapor-proof paper and seal. Place in your home freezing cabinet at minus 10 degrees Fahrenheit or in 4-to-10-inch freezing section at the locker plant.

Regional Shades Cranford In Grid Thriller

Take 25-20 Victory, First Win In Three Years For Bulldogs

After Regional's sensational 25-20 victory on the gridiron over Cranford at the home field Saturday, the school's long losing streak was snapped and the outlook for the future of the 1943 schedule appeared brighter.

Not since November, 1940, has a regional football squad triumphed and the victory was sweet to the local followers Saturday for it eliminated in not only a win but a possibility that the all-around ability of Coach Bonor's boys, plus a mixture of tricky plays, may prove decisive for the balance of the year's play.

As Regional won its first game in two and a half years, Rahway lost its first game in more than 3 years to Morrisstown, 7-0, and there is even talk that this may be the year for the Bulldogs to win their traditional Turkey Day contest.

Won In Closing Seconds

A touchdown pass from Arny Innocenti to Harry Nussbaum with 30 seconds to go in the closing minutes of the game won the Cranford game and it marked the only stage of the contest that the Bulldogs were ahead throughout.

Just as in the Bound Brook opener, Regional missed scoring chances in the opening quarter. When Cranford got possession of the ball, a series of reverses and short passes brought them to the home team's 3, from which point Rankin plunged over for a score. Regional tied it up, after a poor kick went out on Cranford's 21, and two short gains plus several offside penalties brought the ball up to the 1-yard stripe. Cranford's line held for two downs until Tom Palmer crashed through right guard to even it up, 6-6.

Before the half ended, little Eddie Beadle cut off left tackle, reversed the field and went 65 yards for Cranford's second touchdown. The visitors converted and the half ended, 13-6.

Regional came back in the third period, featuring a running attack mixed with passes from Innocenti to Nussbaum. Jumbo Gwathney, Springfield colored ace, went over from the 1-yard line and Cranford kept the lead, 13-12, as Innocenti rattled in rushing for the extra point.

When Cranford repeated on a long end-around end run, with Rankin galloping 31 yards for a third score and also converted, it looked dismal for the Regional team on the short end of a 20-12 count and 6 minutes left to play. Nussbaum, on the receiving end of Innocenti's passes, brought the ball to Cranford's 21. Then Gwathney and Innocenti smashed off tackle to the 13, and a 5-yard penalty gave Regional first down on the 8. From there Innocenti went over.

The turning point of the game occurred when Cranford, receiving the ball, elected to kick on the third down with several yards to go. As Regional got possession in the closing minutes, the stage was set for the deciding score and with it went the Orange and Blue's most sensational victory in its history. It was interesting to observe that all last year, the entire season's scoring totaled 24 points as compared to Saturday's single score.
