

War Loan Figures Climbing, Total Is Now Up To \$215,051

The total cash value of all war bonds sold in the Fifth War Loan up to July 18 amounts to \$215,051.45, approximately \$15,000 over the township's quota of \$200,000 which Springfield exceeded on July 8. The cash value of "E" bonds sold up to July 18 is \$62,325, which is considered high. However, we can and must do even better than that, says Major Leonard, local chairman.

H. Douglas Davis, county chairman of Plainfield, wrote on July 17 requesting that communities continue to push the sale of all savings bonds for the next two weeks, with special emphasis on the "E" bonds. New Jersey has so far sold only 65 per cent of its "E" bond quota. If my residents bought their full amount of "E" bonds which they can possibly afford, they are requested to contact their neighborhood air warden and purchase some more through him. If more convenient, buy them directly at the First National Bank or the Post Office in town.

"Remember, purchases of war bonds may seem like a sacrifice on our part," Mr. Leonard continued, "and they are vitally necessary to the war effort. Visit your neighbors, Italy and the South Pacific and making the real sacrifices for us."

The Boy Scouts of Troops 66 and 70 are under town last week taking orders for war bonds. No complete returns have as yet been obtained. So far, Jimmy Saffery of Troop 70 holds the lead with four orders having a total cash value of \$187.50.

"The names of Springfield men and women who have sold bonds so far in the Drive are listed below. They represent air wardens, block leaders and other volunteers.

PLANE SPOTTING

Planes from the burning building of Andrew Wilson, Inc. early last Friday morning were readily spotted by a passing airplane, which vainly attempted to attract the attention of a lighted glider in 7 Bridge road which the pilot mistook for possibly the firehouse.

Joseph Grima, owner of the garage, was at work in his shop when he realized the unusual antics of the plane. At first, the plane maneuvered into a looping roll and then dipped low, with its landing lights blazing full directly onto the ground. Soon after the firehouse siren sounded. Meanwhile the plane continued on its course.

Damage of \$1,000 From Fire Friday In Wilson's Plant

Fire of undetermined origin caused damage totalling more than \$1,000 early Friday morning in one of several buildings of the chemical plant of Andrew Wilson, Inc., local insecticide manufacturer, at Wilson, way and Bryant avenues.

Springfield firemen, under Chief Charles Pinkava, had to use gas masks to fight the flames in the two-story building when flames in the burning structure generated considerable gases. Fireman Ormond Mestor, one of the paid members, suffered burns on the face and mouth.

Several of the firemen became dizzy from the fumes, but none was overcome.

The fire was discovered shortly after midnight and was first noticed by a watchman. The blaze is believed to have started among a supply of sulphur, and it was confined to the interior of the building.

"There was brought under control within an hour and a half, although firemen remained on the scene four and a half hours. The roof and upper portion of the building, in which the fire was confined, were damaged by flames.

Studying Scavenger Contract

Township officials have been considering renewal of the scavenger contract, held by Peter Rosolia of East Orange, which comes up for action in the Fall. The three-year contract is expected to cost taxpayers considerably more than when it was awarded by bid in 1941.

The road committee of the Township Committee, of which Fred Brown is chairman, held a meeting some weeks ago to discuss the situation, with a view in mind of municipal collection, a plan which was in force years ago before the private scavenger plan was adopted.

It has not been disclosed what course of action will be pursued. Monday night, OPA rules that municipal scavenger bids could be regulated within its regulations to prevent skyrocketing of costs to the public.

Round Trip Fares Eliminated In Bus Rates On Somerset

The Public Utilities Commission Tuesday ordered reduction in the one-way fares on buses of the Somerset Bus Company between Newark and Somerville, and intermediate points. The new tariffs will become effective on August 1, and at present company officials are adjusting the schedule of rates.

Springfield and Mountainide are divided into several zones by the company. From the Springfield Union line to the Springfield Mountainide line consists of one zone. Divisions in Mountainide are from the Springfield line to Mountainide Center, from Center to Cook's farm, and from Cook's farm to Scotch Plains.

These zones are along 17 different zones on the line. Between all zones where reduced round-trip fares are published present tariffs provide for a one-way fare plus 10 cents. No other bus company in New Jersey utilizes this method of collection.

Under the newly adopted ruling this method will be eliminated, and one-way fares will be established so that they shall in each case be half of the proposed round-trip fares.

It is not expected that the difference in the net earnings will be material. According to company officials the present method of collecting fares is cumbersome, inconvenient, and discriminatory.

For instance, one-way fare between Springfield and Newark at the present time is 15 cents and the round-trip fare is 25 cents. Under the new system, the fare would be 15 cents each way.

Approval Given To Building For Rural War Training Study

A building located on county park property near the Rahway River and Regional High School which has been acquired recently by the Union County Park Commission will be used in connection with the rural war training program for high school students.

Decision was made by the Regional High School Board of Education and approved by the park commission to take over the building for use as a repair shop for farm machinery used in the school's agricultural course on Thursday night of last week.

At their meeting, the board named Edward Ruby assistant football coach for the 1944-1945 season. Mrs. Beverly Savidge, who declined a contract was replaced by Miss Alice Benfer, a graduate of Penn State College. She has had five years of teaching experience and for the last two years has taught at Pottsville, Pa. She will teach clothing.

It was disclosed that enrollment during the past year showed a decline over the preceding year, and there are numerous indications that next year it will be exceeded. Principal Warren W. Halsey reported that the last day enrollment in June was 791 while in June 1943 it was only 738.

The students were fairly evenly divided among the different courses. Out of the total enrollment, 32 per cent took the college preparatory course, 30 per cent studied commercial subjects, and 37 were in the general course.

Attendance this year showed a marked improvement over last year. Halsey said when he reported 96.57 average attendance per pupil. From the 600 pupils enrolled in the school, 633 were transported from neighboring towns.

From the graduating class in June, 25 had entered the armed services and were awarded "legislative diplomas."

The principal reported that they expected an enrollment of 250 new freshmen in the fall. He also said that three new members had been added to the faculty, three teachers are attending summer school, and fifteen took extension courses during the year.

Air Medal To John A. Miccio

Staff Sergeant John A. Miccio, 21-year-old son of Mr. and Mrs. Ralph Miccio of 95 Center street, Garwood, a radio operator on a Flying Fortress, has been awarded the Air Medal for "meritorious achievement" while participating in heavy bombing assaults on Nazi targets in Germany. The presentation was made by Col. Karl Trussdell Jr. of Washington, D. C., group commander at a member station in England where Sergeant Miccio is based with the Eighth Air Force.

He was recently promoted to staff sergeant. Prior to entering the service in February, 1943, Sgt. Miccio was employed by the Diamond Expansion Bolt Company of Garwood. He graduated from Regional High School in June of 1941.

RETURNS HOME

After 18 months in Trinidad, Leslie Allen, a government employee of the United States Navy, is home on a 30 day vacation visit.

His wife, the former Miss Gertrude Ebbson, and their seven year old daughter, Patty, at their residence, 35 Rose avenue.

Allen, the son of Mr. and Mrs. Alonzo M. Allen of 364 Morris avenue, is assistant chief of a fire department at a Navy base in Trinidad. Before leaving for Trinidad, he was a fireman of the Springfield Fire Department for many years. At the end of his 30 days, he will report back to Trinidad.

Cited For Gallant Tank Action With Infantry In France

Two Regional High School graduates from Kenilworth are with a tank battalion which has been cited by a corps commander for gallant service with the Twenty-Ninth and First Infantry Divisions of the First Army in the initial thrust on the "FRENCH COAST." The two men are Sergeant Lester Newville, a 1941 graduate and Private John Furze, a 1939 graduate.

Copies of the citation received by their families express the sincere appreciation, commendation and grateful thanks of the commanding general for the "splendid support given to the infantry elements in capture of the beachhead objectives," action that was "characterized by brilliant leadership and courage of all ranks."

Three other Kenilworth men, Sgt. Richard Infantino, Pvt. Louis Wood and Pvt. Trigent Zernin, were with the two Regional graduates, receiving the citation.

Family Outing Of Republicans Held Saturday

Ninety Republican workers for Mayor Wilbur M. Selander and Harold G. Neuninger, successful candidates for Township Committee at the May primary election, were guests Saturday at a family outing of Mr. and Mrs. Russell J. Ellinger at their Summer home at Lake Lenape. The Ellingers reside at 73 Seeverna avenue. Mr. Ellinger managed the campaign for Neuninger and also assisted Selander.

Local Canning Center Is Among Pioneers In State

The Community Canning Center project operating in Regional High School kitchen has proven to be a big help to many women who have used the facilities. Over 30 housewives have found that the economy, convenience, help and better pack, along with the sociability of the center were well worth the effort of going over and over again to the kitchen.

All patrons are urged to bring their containers, vegetables or fruit to the center fresh from their own gardens. Many women were anxious to get started preparing their food stuffs earlier than local gardens permitted. These women have and are doing cooperatively from nearby markets. Another advantage of participating in the center is this cooperative purchasing possibility. Peaches and other fruit not available locally may be purchased through the center.

Among the many conveniences available at the kitchen are up-to-date gadgets for cleaning and processing foods. Fourteen quart size pressure cookers speed up the processing time. Salt is no longer a problem at the center; wet spoons stuck in the salt box are replaced by the use of salt pellets. These pellets are made of special, cancer's salt pressed into balls that look like marsh balls. Some pellets are a half teaspoon size and others a teaspoon size. These balls are used in pint and quart containers.

Sentiment Rising to Curb Billboards By Ordinance

Rising sentiment among members of the Township Committee against advertising billboards, particularly in the main business section, was voiced at a board meeting last Wednesday night and Council Herbert A. Kravis was authorized to submit an ordinance either regulating or prohibiting their operation here.

About a month ago the board discussed erection of two large billboards in Morris avenue, almost opposite the Post Office, set up on the property of Joseph T. Hague of Elizabeth, an attorney, former site of the old Sicklely Hotel and commonly referred to among the Governing Body as "Sicklely Flats."

It was brought out that Herman Kravis, owner of an adjoining tract, upon request of neighbors, decided to remove a billboard sign from his property despite the annual \$25 rental fee attached. Several days later, instead of removal of what was termed an "eyesore," two signs went up on the next lot.

Board members empowered Kravis to approach the advertising company, who were willing to forego their lease and abandon the signs, but claimed another competitor might grab up the spot, since there are no municipal regulations affecting billboards in any section of Springfield.

As a result, the feeling for enacting a billboard ordinance was intensified and early action is promised by township officials.

Boarding Children To Be Regulated By Town Ordinance

Upon recommendation of Health Officer Dr. Henry P. Dengerler, the Board of Health Wednesday night, ordered Council Herbert A. Kravis to prepare an ordinance regulating homes in which children are boarded. A month ago, a request was made from a resident in Spring Brook Park section, inquiring as to what steps were needed and in the absence of any legislation, the matter was referred to the health officer.

In a report to the health board Wednesday night, Dr. Dengerler wrote, "I believe that no matter who places children out to board in the township, there should be a license issued by the Board of Health. The reason being that if something went wrong with the boarder to attract public notice, the Board of Health would be the first persons notified."

"The matter of fees is a matter of opinion but it should carry the costs of investigation and renewed each year at January 1. All agencies placing children should be notified not to place children unless a license is obtained. All places where children are boarded should be made to apply for a license."

The secretary's report for June showed five births, five deaths and two marriages. There were 41 reportable diseases, detailed as follows: Measles 38, scarlet fever 2, Rocky Mountain 1 and dog bites 2.

Henry Nulton Named Colonel

Major Henry C. Nulton, on leave of absence as county clerk, has been promoted to lieutenant colonel in the Southwest Pacific area, where he has been on active duty for the past two years.

The promotion was made July 4, according to word received by Mrs. Nulton, who resides at 33 Beechwood place, Hillside.

Colonel Nulton is a veteran of World War I, in which he went overseas an enlisted man and returned an officer. He maintained a Reserve Officers' Commission and was called to active duty in February, 1942. After training at Fort Benning, Ga., Infantry School, he was transferred to Australia the following summer. He has seen action in several theatres of that area, including New Guinea.

Waldeck Named War Fund Head

Mayor Wilbur M. Selander has named Wilbur Waldeck as chairman of the 1944 Springfield War Fund Drive. In naming Waldeck, the Mayor said, "I am happy to know you are willing to accept this responsibility again this year after last year's successful campaign."

The drive will open October 9, Springfield's quota has not yet been announced, but it is assumed it will be slightly over the 1943 figure of \$1,600. Springfield went over the top last year with \$1,288, including the \$900 gift to the Boy Scout troops here.

A three-car collision occurred Friday at Morris and Pioneer avenues when a passenger car stopped abruptly and two trucks in the rear jammed into the vehicle.

According to police, Mrs. Edith Drake of 39 Recker street, Millburn, was driving the passenger car and directly behind her was a truck operated by William Brice of Route 6, Denville. As the latter struck the Millburn woman's car, another truck, driven by George Cole of Succanung hit the truck in front. No damage was reported.

The center was made possible by the Board of Education of Regional High School, who furnished the quarters. The Rural War Training Program, a Federal War National Agricultural Project, provided all necessary equipment, the instructor and the fuel.

The Springfield Canning center will be open Monday through Friday from 9 A. M. to 5 P. M.

Change Meeting Place Thursday

The Springfield Business Men's Association will meet Thursday evening at 8 o'clock, as scheduled, but the location has been changed to the Seven Bridge Tavern, at Seven Bridge road and Maple avenue. Frank Cardinal will preside. The association will consider a report from the by-laws committee.

SUN Spots

MEN, TOO are sharing in the benefits of the Community Canning Center at Regional High School. There's no monopoly although women are the more plentiful. With sufficient interest, evening classes could be arranged.

AT THE RATE township owned lands are being sold at public auction these days, there is certainly much progress being made in converting non-paying properties back into the tax income class.

SPRINGFIELD's percentage of "E" War Bonds sold during the 5th War Loan drive is higher than most communities. No breakdown was made in the local \$200,000 quota but the "Typical American Home-Town" sure did the trick, thanks to the air raid wardens and block leaders under Malcolm Leonard, capable and tireless campaign chairman.

Spring Brook Park Wading Pool Plans Being Undertaken

Efforts to overcome a temporary setback encountered in providing wading facilities for children in the Spring Brook Park section are being undertaken by the Board of Health.

At a meeting Wednesday night, Mr. R. Tracy, secretary-engineer of the Union County Park Commission, wrote, "In the matter of providing a temporary wading pool in Briant Park it has come to our attention that your Health Officer considers the water in the brook polluted and unsafe for children to wade in. In view of this, we do not feel justified in providing a wading pool until we are advised that your Health Officer has withdrawn his objections."

Dr. Henry P. Dengerler, health officer, told the board he could approve the water as safe for children, although it was agreed that any wading pools such as the Park, Millburn, were in a similar category and were being frequented by many youngsters.

Gregg L. Frost, health board president, said he felt it was "high time that wading facilities are provided here" and added that he thought it shouldn't be necessary for local children to go to out-of-town places and "lie about their residence" in gaining entrance. He said he preferred a local wading pool.

Accordingly, Frost and Dr. Dengerler were empowered to confer with the Union County Park Commission to discuss some means of wading facilities, satisfactory from a health standpoint.

"They also wrote the Township Committee on progress of recreational facilities in the 'Battle Hill' section" which was improved this year for park purposes. His letter follows:

"You are, no doubt, aware that the improvements agreed on in the 'Battle Hill Avenue' section are nearing completion. The picnic area was completed several months ago, but to date I do not believe it has been used. I assume that the reason for its non-use is largely because of the work on some of the surrounding areas in that connection. Perhaps if this picnic area was given some publicity locally, some group in the town might wish to have a picnic there. One permanent picnic table has been built and additional portable tables can be brought in at any time they are needed.

"The removal of the Brooker Dam is being held off because it was felt that the blasting necessary to remove it might kill the trout and interfere with the fishing. However, now that the trout season is about over, we plan to remove this dam in the near future.

"The grading for the softball field in the 'Battle Hill Avenue' section is completed except for some fine grading on the infield and putting in back stop. The outfield was recently seeded with rye grass and will not be in very good condition for some time. In the fall we plan to seed the area with better grass. It would work out better if this area was not used this year. However, if there is a demand for it, it could be used.

"The mound to alleviate flooding has been constructed. The grading for the drive from Washington avenue to Battle Hill Avenue is practically completed and it is expected that we will be able to surface it within the next week or ten days. The shortage of labor has greatly delayed the progress of this work."

Road Requests To Freeholders

The Board of Freeholders last Thursday received a resolution from the Township Committee, requesting county repair and aid on resurfacing certain Township streets and roads within Township aid. A contribution of \$1,000 from the township as part of the cost was included.

The Mountainide Borough Council sought similar aid with a contribution of \$1,400 from the borough. Both resolutions were referred to the road committee of the Board of Freeholders. Work in both communities is expected to get under way in the near future.

Wendland On Leave

Daniel Wendland, superintendent of the township road department, is on a two-weeks leave upon recommendation of Dr. Henry P. Dengerler, local health officer. It was reported to the Township Committee Wednesday night that he is suffering from effects of sewer gas from working in the local sanitary sewer system. Dr. Dengerler after an examination, told the board a change of climate is necessary, particularly near the seashore.

Among Artists Who Gave Prizes

Mrs. H. Clinton Smith Jr. of Miami, Fla., formerly of 17, daughter of Mrs. Maria Max Krum, of 21 Keeler street, was among artists of Dade County, Florida, who donated 61 pieces of their work to be auctioned off for Fifth War Loan Bonds. The former resident of Springfield who is a specialist in flower still life and decorative studies of tropical flowers, donated a water color still life of narcissus which brought \$7,000 in bonds and a decorative study which sold for \$700 in bonds.

The auctions of paintings and other art work proved to be a great success, bringing in a total of \$45,800 in E bonds. The first auction was held at Terry's Art Galleries in Miami, and the second in Kitty Davis' theater-restaurant during her \$1,000 bond plate dinner.

The donors included many very well known artists such as Marion Terry, whose portrait brought \$60,000, the modernist Emil Schou, whose painting sold for \$25,000 and many others.

Named As Teacher

Miss Alice L. Benfer was named a new teacher in the Sewing department at Regional High School last Thursday night at a meeting of the Regional Board of Education.

THOMAS L. ECONOMY
at the Army Air Field, Hartlingen, Texas.

Corp. Economy, whose wife also resides at the National avenue address, was a member of the brief graduation exercises, where he received a promotion in grade, as well as his gunner's wings. Unless retained at Hartlingen as an instructor, Corp. Economy will join an aerial combat team.

Total of 340 Absentee Ballots From Township

A breakdown of the county total of 23,865 men and women in the Armed Forces of Union County who will receive absentee voting ballots on August 15 has been announced by the Board of Elections.

Springfield has 340 absentee service men and women who will get ballots and Mountainide has 102.

The Weather — Believe It Or Not!

In regard to temperature, Monday and Tuesday of this week were almost perfect with the thermometer registering a high of 82 and a low of 67. Sunday night's electrical storms were responsible for this improvement though the rain was not nearly as much as farms and gardens in this area needed.

Wednesday was clear and cool, ideal conditions for judging Victory gardens in the annual contest. The scattered showers predicted had not yet arrived at press time.

This week was generally much cooler than the one preceding. Vacant lots are being planned for the week and anticipated no break in the fine weather.

YOUR RED CROSS

LOCAL

Mrs. Alfred H. Richards and Mrs. August Schmidt attended the monthly Camp Kilmor Council meeting last Wednesday at Camp Kilmor. The guest speaker was Sergeant William Bruen who was in the invasion of North Africa and Italy. Sgt. Bruen was awarded the Purple Heart and Oak Leaf clusters for wounds received in two different battles. He was also awarded the silver star for gallantry in action, as well as the Croix de Guerre. He was captured by the Germans during the Italian campaign, but recaptured by the British three days later. Sgt. Bruen praised the medical corps very highly, saying that ours is of the finest. He has recently received his medical discharge due to the wounds mentioned above.

After the business meeting the "Canteen" from the "New Brunswick" Chapter served refreshments.

The Canteen served a delicious lunch Tuesday at Surgical Dressings. Mrs. August H. Schmidt presented a beautiful birthday cake to Mrs. Milton P. Brown.

A series of actual photographs have been received showing the surgical dressings made by women volunteers here being used on the field of battle. These photographs are being mounted and will be on display in town sometime this week. Look for them. Surgical dressings workers are still needed to keep our quota up where it should be. The national goal is one million a month. Are you doing your part?

NATIONAL

The American Red Cross has been notified by the casualty branch of the War Department that seven members of the Red Cross overseas staff, one man and six women, have been missing in an airplane flight since June 14 between Italy and Sardinia. Next of kin have been notified.

The Annual Report of the American Red Cross has just been published. All accounts were audited by the War Department. Anyone wishing to see this report may get in touch with our local Red Cross headquarters.

Reports received by the International Red Cross Committee from the Prisoner of War Camps indicate that delays in mail result from use of improper letter forms. They suggest that relatives writing to prisoners get the new printed letter forms which have been especially prepared, from your local post office.

A three-month reserve of American Red Cross standard food packages has been established in virtually all German prison camps. This reserve will be used for the increasing number of American prisoners of war expected in view of the European invasion. Nearly all camps in Germany have been supplied with reserve clothing as well. These supplies are ready for distribution to present and to newly-captured American prisoners on arrival in the camps.

A prisoner of war cooling guide has just been published and is now being shipped in bulk to Geneva for distribution to groups of 20 to 25 men in prison camps of Europe where Americans are held.

This booklet contains recipes and instructions on how best to

use the contents of the Red Cross standard food packages. The suggestions have been prepared by the American Red Cross Nutrition Service. They were approved by the Food Making Section of the Subsistence Branch of the Army Quartermaster Corps. The layout and art work were executed by Army Information Branch, Morale Services Division, War Department.

The booklet contains suggestions and recipes for various soups and soup fillers. There are general directions for preparing and cooking vegetable dishes, the ingredients for which the prisoners can obtain from the gardens they grow with seed packages provided by the American Red Cross. Recipes include shepherd's pie, salmon loaf, meat patties and potato cakes. Pepper does not appear in the recipes, since it is forbidden by the Germans for fear it might be used as a means of escape. Only one recipe calls for an egg. In parenthesis is added, "We hope you can get it."

Fifth Birthday Was Celebrated

Alfred E. Bowman, son of Mr. and Mrs. A. E. Bowman of 30 Bryant avenue celebrated his 5th birthday at a party yesterday. The decorations were in red, white and blue.

Guests attending the party were Doris Vohden, Carol Raabe, Reggie Chooney, Patty and Dicky Vohden, Anita Kuhn, Avis Nenniger, Roger Weiss, Ruth and Catherine Tilly, Janet Goodwin and Ethel Voelker, all of Bryant avenue and Frederick Loper of Tooker avenue. New Jane Engle Shop In East Orange Opens About Sept. 1

The Jane Engle Shop of East Orange will occupy the building at 38 Washington street on or about September 1, it was announced this week by Miss Jane Engle. The new location, directly opposite Best & Co. on the corner of Washington and William streets, will more than quadruple the floor space of the present Jane Engle store which was established in 1925 on the corner of Prospect and William streets. Miss Louise Engel will continue as manager at the new store.

Last February the New York Jane Engle store added children's wear and teenage clothes and the new shop in East Orange will include everything now shown in New York.

In addition to a larger dress shop and millinery shop, almost half of the newly acquired space will be devoted to fine, medium priced children's wear. Miss Engel explained. A liberal amount of space has been allotted to sportswear, coats and suits, a blouse shop and a "teen-age shop."

Boys' and girls' clothes up to size 6 will include such items as sweaters, shirts, shorts, polo shirts, socks, suits and coats. Only about 7 to 14 in girls' clothes will be shown in a separate skirt and blouse shop. In addition there will be an accessory bar for girls and a selection of cotton dresses, suits and coats will be offered.

Because of its connection with the Jane Engel shop in New York, the East Orange store will be equipped to offer the same extensive line of merchandise and provide the same type service.

The floor will be done in polished black asphalt tile and show-cases and bins will be painted ivory-white. Upholstered chairs and settees have been especially designed and a semi-circular bar in a merry-go-round motif, trimmed in blue and gold, will be a feature of the children's shop.

The millinery shop, which will be under the direction of Mrs. Margaret Hillier, will be decorated with a hand-blocked wallpaper and there will be a private fitting room for custom made hats.

Kenn Bury of New York is the decorator; Stephen Van Zant of Montclair, the general contractor.

Today, 3,657,000 U. S. soldiers are overseas striking or preparing to strike victory-winning blows against Germany and Japan by land, from the sea, and in the air.

To Be New Jane Engel Store

Building at 38 Washington street, East Orange, which will provide four times more floor space for the new Jane Engel Shop scheduled to open about September 1. Jane Engel was established at its present location on the corner of William and Prospect streets in 1925.

Fred Schumacher Is Aiding In Presbyterian Activity

Fred Schumacher, student at Union Theological Seminary in New York City, is serving the First Presbyterian Church as assistant minister, until after the close of the present semester's work at the seminary. He has been acting in the capacity of adviser to the Christian Endeavor Society and also has been conducting the Sunday evening services at the church.

Mr. Schumacher came to Union Seminary in 1943, and since that time has had pastoral experience while serving as Youth Counselor and Assistant Pastor to Reverend Winford Moody at the Bryn Mawr Presbyterian Church in Yorkers, N. Y., from October, 1943, until June, 1944. He intends to major in either Christian ethics or systematic theology under an accelerated program, and hopes to enter the Navy as chaplain upon his graduation in 14 to 17 months.

Tuesday Selected "E Day" To Support 5th War Loan Sales

Tuesday, July 25, has been proclaimed as "E Day" in New Jersey to climax the Fifth War Loan Drive with a day of extra effort in the sale of "E" Bonds to help the State meet its quota of \$117,000,000 in that category.

The gubernatorial proclamation was issued at Trenton Wednesday at the same time that Ernest A. Minier, of Newark, named chairman of the State "E" Bond Day, swung into high gear completing final plans for the event, which will virtually wind up the Fifth War Loan as bonds bought after that date may not clear through Federal Reserve Banks before July 31, final accounting day for the campaign.

Under Mr. Schumacher's direction the Christian Endeavor will attempt to arrive at a greater understanding of the racial problem which confronts us today. He explains the program thus, "These meetings will include the phenomenon of race riots, the negro and his life in the United States, Anti-Semitism, the prejudice against Japanese-American citizens, and the Christian's criticism of racial prejudice along with his responsibility to work against racial tensions." A program of social events has been planned for the members of the group, including summer outing parties, picnics and other activities.

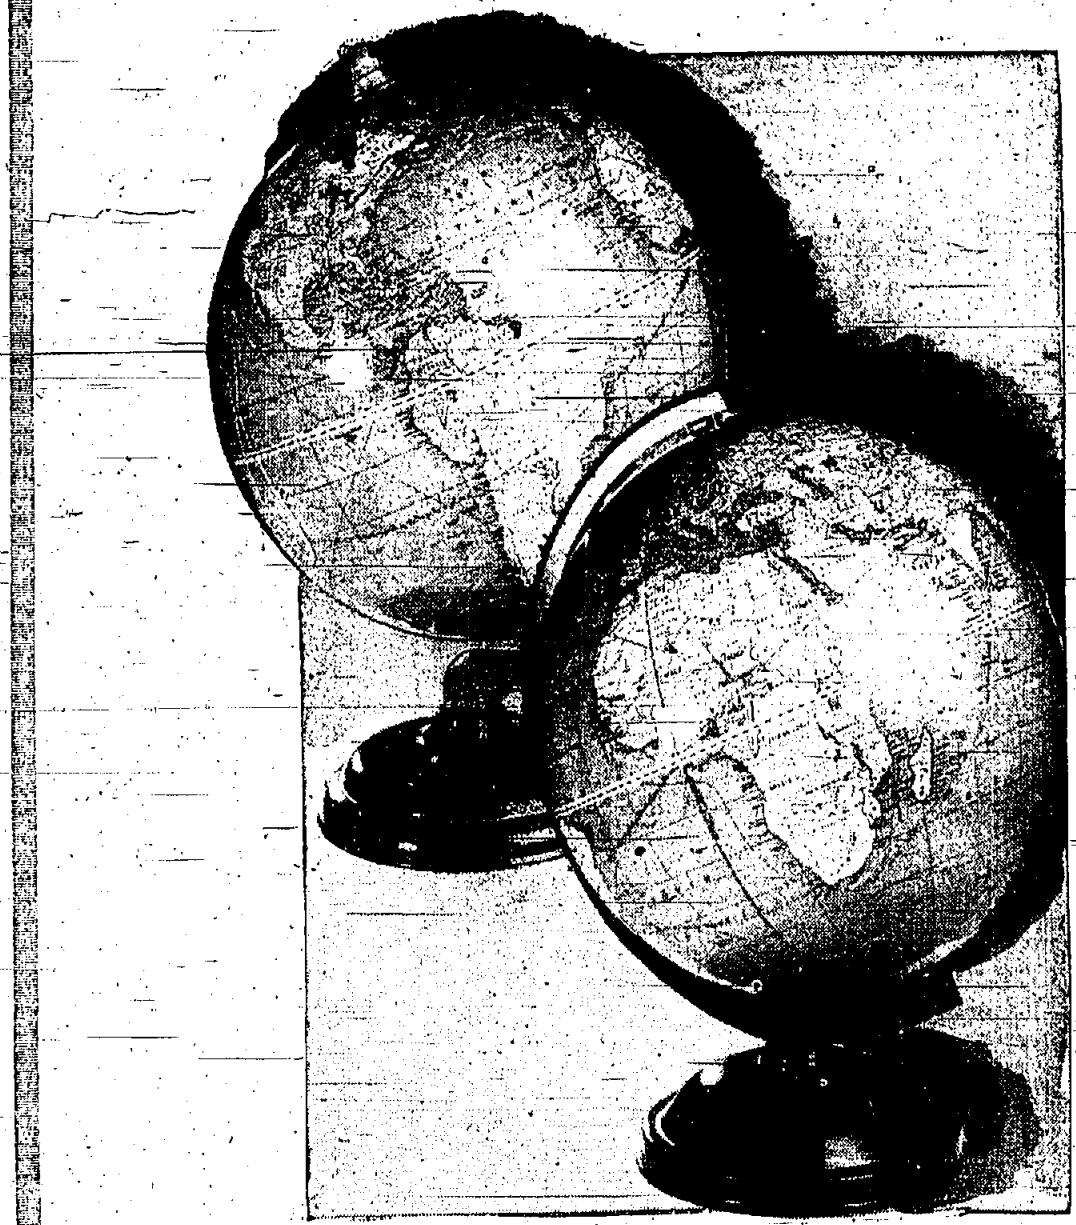

The new assistant minister, is attempting to relate the Christian faith in its broadest sense to historical and personal crisis, and the Biblical material will emphasize the prophets, the psalms, parables, and the epistles of Saint Paul.

Men In Service

Motor-Machinist's Mate second class George S. Smith, son of Arthur Smith of Milltown road returned to California on Monday after being home on a 15-day leave. Petty Officer Smith's wife, the former Miss Augusta Unierwald of Union, has been residing with her husband for the past four months in California. She returned East with her husband and will reside temporarily with her parents in Union.

A V-mail letter came to us this week from T/S Edward B. Young, formerly of town, now stationed in France. The letter reads: "This is just a short line to let you know that the SUN has already been in France. In fact, as I was in one of the first units here, my unit received mail first on June 8. Besides some letters, was the SUN. With all this rough going on here, it was really a big treat to read about my friends and all the swell people of our town. I only hope that in a small way my being over here will help to repay you for your friendship and your thoughts for the soldiers over here."

Mr. and Mrs. Eugene Rochelle of 62 Marion avenue, have received word that their nephew, Private John MacKenzie, formerly of town, has arrived in France. (Continued on page 2)

Staff Sgt. Robert Johnson Has Been Lost Since D-Day

MOUNTAINSIDE—Staff Sgt. Robert E. Johnson, U. S. Army, son of Mr. and Mrs. Forrest B. Johnson of Popular avenue, has been reported missing in action, according to a telegram received by his parents on Monday from the War Department. He has been missing since D-Day, June 6 according to the telegram.

A letter written on May 30 by her son was received the day after D-Day telling Mrs. Johnson she probably wouldn't be hearing from him for a while. He also said the boys in England were getting restless.

Mrs. Johnson received a letter from the wife of a sergeant in her son's regiment, last week, stating that she was sending some thing that belonged to Sgt. Johnson, which had been sent to her by her husband. She also said that the boat on which they were approaching Cherbourg had been sunk off the beach-head. Many men were lost but she said her husband was among those saved.

This is the third invasion in which Sgt. Johnson has taken part and the second time he has been reported missing. While in private he was reported missing in the invasion of North Africa on November 9, 1942. Mrs. Johnson received a telegram from the War Department on December 16, 1942 saying her son was alive and well. After the African invasion he was made a corporal.

He also took part in the invasion of Sicily and was later promoted to sergeant.

He joined the Army April 3, 1942, received his basic training at Camp Croft and Indiantown, Ga. He was sent to England

Appeal For Help On Preparing of Gauze Dressings

MOUNTAINSIDE—The following letter is reprinted from the New York Times at the request of the local Red Cross:

"I believe there would be little need to appeal for workers on surgical dressings if more information were given to the public as to how these are used and why they are needed in such vast quantities.

"Recently I heard an able worker on these dressings suggest that they all ought to be made on machines. Like many others, she apparently still did not realize that, due to various shortages, only 10 per cent of dressings required can be made commercially. How many know that the Army depends on volunteer workers for 90 per cent of the dressings it needs?

"Again, how many know that from 100 to 200 gauze sponges may be needed to dress an abdominal wound? Or that the multiple wounds from a shell burst—at least half of the battle wounds are said to result from shell bursts—require hundreds of dressings?

"Simple facts such as these add life to a routine undertaking. If instructors and executives in charge of working units on surgical dressings were put in a position to disseminate a few more technical facts about the use of their output, they could make the work more vivid and interesting, as it ought to be. The devotion of these leaders is beyond praise, and their contact with the public is direct and personal. It is not agreeable to learn of wounded soldiers making their own dressings, nor is it convulsively witty, under all the circumstances, to learn folding gauze 'the moron's delight.' I feel many new friends and workers could be won to this service by an understanding of its vitalness, as well as its essential dignity, and I think publicly should stress its interest."

Absentee Ballots To Be Mailed On August 15

Are you sure the Adjutant General of the State of New Jersey has the latest service address of each member of your family in service?

Absentee ballots for the General Election are to be mailed by the County Clerk on August 15 to the service addresses on his records on that date.

If you know of any change in service address since the warden canvass in April and May and know that such change or changes have not been sent to the Adjutant General's office on the cards left for that purpose by the warden, send in the card at once.

After August 1, it will be necessary for a member of the family to go in person to the County Clerk's office in Elizabeth to report any change in service address to be used for the absentee ballots.

Home Canning Sugar Period Began Monday

As the second period for home canning sugar allotments began Monday, District OPA issued instructions to sugar consumers, in applying for sugar rations.

Those who applied for and received up to 10 pounds of sugar per person for home canning during the first period, may now apply for the balance up to 20 pounds per person. To make application, obtain an application form from your local rationing board, fill in the required information, listing the names of all members of the family for whom you are applying, and mail the application to your rationing board. On the back of the application tell whether you have used or will use the sugar obtained during the first period exclusively for home canning, as required. Tell also whether you have any of the first period sugar or coupons left at present.

"Persons who did not apply for any sugar during the first period, are entitled to apply now for a maximum of 20 pounds for each person in the family who has a No. 4 Ration Book. Get from your local rationing board an application form for home canning sugar, fill in the required information, attach the Spare Stamp No. 37 from the ration book of each person you are applying for and mail it to the rationing board.

Rationing officials emphasized that SPARE Stamp No. 37 in Book 4 (not Sugar Stamp No. 37) should be attached to the application. Applications for home canning sugar can be made anytime up to October 31, 1944.

U. S. Marines in the South Pacific use palm trees for telephone poles as they string communication lines.

Swift Communications is of tremendous importance in this global war. Building communication and other kinds of electrical facilities for war use is the No. 1 task of the factories that make telephone equipment for civilian use. They are devoting their full capacity to it.
That is why the telephone system in New Jersey cannot be enlarged as usual and 57,000 people are waiting for service. This number will probably increase until the manufacturers can resume civilian production.
We are doing our best to make the waiting time as short as possible for those whose orders are delayed. When subscribers give up service, the facilities released are promptly used, first to care for current essential needs, and then to fill applications on the waiting list, in their order.

STATISTICS OF SPRINGFIELD

Population—1014, 500; assessed valuation—\$14, 88,477.23; tax rate—1944, 15.97 (1943—15.21); schools, 21.87; state and county, 8.99. Springfield was settled in the early 1700's. Its township form of government was established April 14, 1834, and was incorporated in 1857. Springfield is essentially a community of homes, with little industry except for farming, nurseries and co-ordinated manufacturing for these. It is 42 minutes from New York City on the Lackawanna R. R. with two stations at Millburn and Short Hills, less than a mile away; 7 miles to Elizabeth; 7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit and Plainfield. The Hightway Valley Railroad with a freight station in the township affords service for factories, commercial and industrial purposes. State Highway 29 makes New York City convenient by auto in 40 minutes. Site of the 100,000 Union-Sunrise School, which is serving Springfield, Mountaintop and four other county municipalities. It has good streets, water, gas, electricity and modern sanitary sewer system, excellent police, fire and school facilities; mail carrier delivery system, zoning regulations for the protection of the individual property owner. Of interest in Revolutionary history with its historic Presbyterian church, where the Rev. James Caldwell cried: "Give 'em waddy, boys!" in the midst of the battle of Springfield, fought on June 28, 1780. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

WHAT THE SUN ADVOCATES

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry, to increase tax rates.
8. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

Familiar Scene.—A political office-running after a candidate until he catches it.

The politicians will never get around to any issue as long as they can get around it.

A sure-fire plank in any platform would be: "No more laws until we've used the ones we have."

Candidates must have a keen sense of equilibrium to be able to run for office on the fence.

A political issue is anything that everybody already believes in.

An unconfirmed rumor has been going the rounds, that both political conventions will fearlessly endorse the campaign against our enemies and vote to uphold the Constitution.

A politician may straddle a fence, but is unable to ride on two band-wagons at the same time.

A learned gentleman once said there are 200,000 useless words in our dictionary. But perhaps even these come handy in framing a political platform.

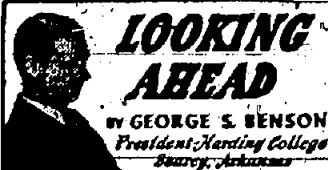

TRUE AND FALSE

- False:**
- The way to water your Victory garden is to sprinkle it lightly and frequently.
- True:**
- Your garden should be watered only when the soil is dry.
 - Then the soil should be soaked deeply so that the water gets to the roots.
 - Water your garden again only when the subsoil shows signs of becoming dry.

Water still sells at low, prowar prices. Don't waste it because it is cheap.

LOOKING AHEAD

By GEORGE S. BENSON
President, Harding College
Spartanburg, S. C.

MARRIED MONUMENTS

The most pathetic piece of statuary I ever saw was a 92-foot image of Ramesses II, flat in a jungle, shiv an arm and a leg and all but lost. It weighs countless tons. Uprighting it baffled Egyptian engineers for centuries. I am no art critic but I was impressed, most of all by the skill and devoted craftsmanship still showing on the weathered stone. Its helplessness was depressing. Monuments resemble reputations. They can be damaged beyond repair by commonplace things, soon forgotten. Storms too trivial to have a name can, in a few short hours, undermine huge foundations and leave stalwart landmarks buried in dirt. There are only two factors involved, whether you view it literally or figuratively. How sturdy is the structure? How fierce is the storm?

Noble Intentions

Looking with a sort of pity at the supine flatterer, a relic of Moses' day, my thoughts roared back to a well-known chapter of American history. As a youth I witnessed the great man. Before he was many years dead, the things he advocated were proved, in the light of actual events, to be sound and right. But Tennessee school children were forgetting his name.

By birth a Southerner and by allegiance a Democrat, Johnson was an independent thinker who wanted the United States to stay all in one piece. He wanted to carry out most of the policies that A. Lincoln had established, but he couldn't. Maybe Lincoln could have succeeded with the 3885 post-war problem; maybe nobody could. History shows only this: A great man's reputation down; all but lost.

People—The Same

In my high school years I had imagined that President Johnson's fate was primitive, too crude for my enlightened time—but not so. In a few years it became our unhappy lot to watch Woodrow Wilson, one of the grandest characters America ever produced, racked on the same bed of torture, post-war prejudices, a hostile congress, a divided party, and some personal traits wide open to ridicule.

President Johnson had amazing foresight and a will that would not be walked on. We know that now. But his place in history was carved for an obstinate, unsympathetic crank. President Wilson had vision unclouded by prejudice, vision that over-reached his century. But Wilson's contemporaries called him a dreaming addle-pate and painted out a name that should have brightened the pages of history.

Might Have Been

President Wilson's 1920 post-war plans for revamping Europe, (called so visionary) if they might have been backed by other men of his day and political station, could have made World War II unnecessary. Billions of dollars and millions of lives might have been spared. But avaricious rulers couldn't see the vision any better in Wilson's day than in Johnson's, day, or today.

Indeed, the darkest cloud in this summer's political sky is the storm gathering once more over post-war problems. We face another struggle with the probability of a conservative congress. Through lenses fashioned from the past, we can watch history repeat itself with alarming monotony. Will the story of 1920 be spread on the record again? What names will be virtually blotted from history?

NOTICE OF AUCTION

TAKE NOTICE, that the Township Committee of the Township of Springfield in the County of Union, will offer at public auction to the highest bidder, certain lands and needed for public use, upon the terms and conditions hereinafter set forth, and public notice is hereby given that the said public auction will be held in the Springfield Municipal Building on Wednesday, July 26, 1944, at 8:00 P. M., Eastern War Time.

The lands to be sold are described as follows:

Block 22, Lot 1 on South Springfield Avenue and Summit Road, in said Township, as per survey which is now on file in the Township Tax Collector's office.

The Township will consider only all cash offers and no offer of less than \$2000 for said premises will be considered.

The Township of Springfield obtained title to said premises by tax or municipal lien foreclosure, or deeds executed in lieu of said proceedings.

The premises now to be conveyed by Deed and Sale Deed subject to certain restrictions and covenants if any, of record and such facts as an actual survey of the property would disclose shall be contained in the following covenants:

1. No house shall be erected on any lot of less than 500 square feet.
 2. No house erected on any lot herein conveyed shall have a living space, as shown by the ground floor plans, of less than 425 square feet in the case of a two story house, and in the case of a single story or bungalow type house said living space shall not be less than 350 square feet.
 3. The purchaser shall agree that taxes shall be assessed and payable from and after the date of sale and shall be paid at the usual installment date.
 4. Conveyance is subject to zoning ordinances and Planning Board regulations.
 5. These covenants shall run with the land.
- The purchaser shall agree to sign a contract for the purchase of said lands which shall provide that title shall close within 60 days from the date of sale and shall at the same time make a down payment of ten per cent (10%) of the purchase price and accepted and said deposit shall be retained as liquidated damages by the Township in the event that the purchaser fails to perform the terms of said contract.
- This sale shall be subject to a 5 per cent brokerage commission which shall be paid only on actual consummation of sale and delivery of deeds by order of the Township Committee, July 13, 1944.
- R. D. TREAT,
Township Clerk.

New Truck-Tire Inspection Stations Are Designated

Beginning July 17, truck, bus and taxicab operators in the seven northern counties began applying for new tires by going to one of 92 newly designated OPA Truck Tire Inspection Stations located throughout the area. This was announced by District OPA Director Richard J. Tarrant, as a measure necessitated by the growing acuteness of the truck tire supply situation.

Tarrant instructed commercial vehicle operators to take the worst tire discounted to one of the 92 official inspectors and, to leave it there along with an application for a new tire.

After the discounted tires have been given a preliminary inspection by one of the inspectors, the tires will be forwarded to one of five OPA Central Truck Tire Inspection Stations, fully equipped for thorough truck tire inspections. These stations are operated by automobile and truck dealers, and gasoline dealers who have shops equipped for the work.

Tarrant emphasized that applicants should not take their tires to any of the five central stations, but to one of the 92 inspectors, who will forward the tires to one of the central stations. After the central station has made an inspection, it will endorse the application and forward it to the Master Truck Tire Rationing Board at OPA district headquarters in Newark.

Service Notes

(Continued from Page 3)

Corporal Anthony De Santis will return to Camp Van-Dorn, Miss., today, after spending a 12-day furlough visiting his wife and son, at 23 Mountain Avenue.

2nd Lieutenant John Elsworth, son of Mr. and Mrs. John W. Elsworth of 134 Baltusrol way has been promoted to junior instructor in Phase 4 of Transport Troop Nebraska. Elsworth was made a second lieutenant at Moody Field, Ga., on January 7 of this year. He enlisted in the service in August, 1942, and was called to duty in March, 1943.

Mr. and Mrs. William Holder of 15 Alvin terrace have received word from their son, Marine Sergeant William Holder, that he is well and is located on Saipan Island. Sgt. Holder is a veteran of the Marshall Islands campaign.

Corporal Robert Smith, stationed at the Crile General Hospital in Cleveland with the Medical Corps, is expected home today on furlough, to visit his wife and son, Robert of 22 Colfax road. Capt. Smith has been home on weekends. However, this is his first furlough in 14 months.

"We forgot to hold the election."—Cascadia, Idaho, officials who asked for primary results.

This board, composed of representatives from industry, will pass on the application and issue tire certificates for approved applications, quota permitting. The entire process from original application to issuance of the certificate will take no longer than three days, Tarrant said. Emergency cases will be handled on a 24-hour basis.

The OPA Truck Tire Inspectors, to which truckers must apply for new tires, are for this area: Perry Brown, 485 Springfield Avenue, or Geddis Mobil Service Station, 320 Springfield Avenue, Summit; Al's Tire Shop, 1755 Morris Avenue, Union.

Orange Screen Cited For Work In 5th War Loan

The employees and management of the Orange Screen company on Valley street in Maplewood have been cited by the War Finance Committee of the Oranges and Maplewood, as having accounted for "the most outstanding" record among industrial personnel in the Oranges and Maplewood in the Fifth War Loan drive.

In a special report to War Bond Administrator John E. Manning, Mr. Riley said: "Of all the outstanding contributions by the larger industrial firms in the Oranges-Maplewood community, the achievement of the employees and management of the Orange Screen company is by far the most outstanding."

The drive at Orange screen realized \$151,350, with every employee purchasing at least one extra bond. The plant quota had been \$125,000, enough to sponsor a medium bomber plane. Arrangements are now being made, according to Miss Rita A. Priestmann, secretary of the company and general chairman of the campaign, for a bomber to be bought in the name of the company.

Promotes Civil Air Patrol Commander

Advancement in rank of Major Carroll Dunham Smith, Jr., Commander of the New Jersey Wing of the Civil Air Patrol, to Lieutenant Colonel—his appointment as New Jersey Representative to the Council of the National Aeronautic Association has been formally announced by Colonel Earle L. Johnson, National Commander of Civil Air Patrol. He was recently assigned as one of the eighteen directors of the Civil Air Patrol League.

Lt. Col. Smith heads more than 4,200 senior and cadet members of Civil Air Patrol, an auxiliary of the Army Air Force. His record includes CAP cadet flights for New Jersey war plants and the Federal Bureau of Investigation; organization of CAP inside-observation groups for the Office of Civilian-Defense Director; supervision of CAP flying; cooperation with the 2nd Service Command Technical School, Hackettstown; and establishment of the Salsburg-Hunterdon Airport as center of CAP operations in this area.

In line with an Army assignment to enlist 8,000 New Jersey cadets, used as substitutes, is rapidly growing less.

Warners Select Frank Damis As General Manager

Frank J. Damis has been appointed general manager for all Warner Bros. Theatres in Northern New Jersey, replacing Don Jaccobs, recently resigned. The change becomes effective today as announced by Joseph Bernhard, vice-president of Warner Bros. Theatres.

Damis has been with Warner Bros. since April, 1930. Part of the time was spent in Pittsburgh as assistant general manager. For the past ten years, Mr. Damis has acted as assistant general manager in New Jersey, also as chief film buyer for this zone.

Considered by the trade as a foremost film buyer, Mr. Damis will have direct charge of over fifty theatres in this territory. Practically brought up in the business, Damis spent his entire career in the theatrical field. Starting as film inspector at the Paramount Exchange, he soon became chief booker for Paramount Pictures. In 1930 Harry

Kalmine selected Mr. Damis as associate booker for Warner Bros. in New York.

Mr. Jaccobs resigned after purchase of a circuit of theatres in Quincy and Brookline, Mass.—He had been general manager in New Jersey for twelve years. Mr. Damis automatically becomes chairman of the War Activities Committee for New Jersey. He resides at 705 Cameron road, South Orange.

Shoppers Are Urged To Bring Own Bags

With paper bag supplies at approximately 60 per cent, many local stores have been very low or entirely out-of-bags. Commenting on this shortage, the American Stores Co. suggests that customers bring with them a cord-mesh or canvas bag in which to carry home purchases. This will save paper and also lessen the risk of having to carry home unwrapped purchases. Another suggestion made was that shoppers who are driving should take old paste-board cartons with them.

The string shortage also is a problem for merchants, since the supply of gummed paper and cellulose fasteners, which have been

this year, Lt. Col. Smith obtained seven L-2M type aircraft from the Army for cadet familiarization flights. He recently secured Link Instrument Trainers (blind flyers) to be used by the thirteen New Jersey squadrons to develop civilian pilots and train cadets. His Wing Headquarters Library contains Army training films and aids.

Wing Commander Smith attributes his spectacular rise from buck private in the Summit squadron to his enlistment as "Number Thirteen" in the Civilian Air Defense—a pre-World War mobilization of private pilots and planes—which later formed the nucleus for New Jersey CAP when Civil Air Patrol was organized in December 1941.

He is a veteran pilot with more than 700 air-hours flown for CAP and on business as general manager of Carroll Dunham Smith Pharmaceutical Company, Orange. His plane is also piloted by his wife, First Lieutenant Jeanette Smith, commander of Summit CAP squadron. The Smiths have four children and live in Essex Fells, N. J.

used as substitutes, is rapidly growing less. Saving newspaper and magazines and putting them out for the salvage drives will assist in easing the paper shortage, the American Stores Co. commentary added. The shortage is acute and only by saving every bit of paper and turning it in can this be remedied.
