

Republicans Will Have Contests in Coming Primaries

Filing of petitions for primary elections last Thursday night indicated contests for Republican Township Committee between incumbent Fred A. Brown and Allyn C. Beardsell, in addition to several contests for county committee in the second and third districts. Charles H. Huff, seeking the tax collectorship, is opposed in the Republican ranks.

George M. Turk filed for Democratic Township Committee, unopposed and Edward Kisch of 462 Meisel avenue, filed for tax collector in the Democratic ranks. There are no contests for Democratic county committee.

Brown's committee on vacancies consists of: Mrs. Peter H. Meisel, Carl Z. Alexander and Arthur L. Marshall. He issued the following statement, in announcing his candidacy:

"For many years I have served as a member of the Township Committee in various offices, most of which have been as chairman of roads and in maintenance of the local sewerage system. I am not trying to tell voters what I will do if I am reelected. In place of the usual political statements, I prefer to offer to the voters my service, my experience and my ability to be on the job all day and the service that I have given to all people in Springfield. I feel my candidacy is based on service performance and not promises."

Beardsell, whose committee on vacancies includes William Grapp, Cecil M. Benadon and James L. Brinkerhoff, issued the following statement:

"I am interested in progressive planning and zoning for the Township of Springfield, and an efficient government by a five-man board, consisting of individual free-thinking men, who will govern solely for the best interests of the people."

County Committee Race
Republicans have no opposition for county committee in the first district, where Arthur L. Marshall and Mrs. Edith S. Hankins seek reelection, and in the fourth, where Russell J. Pfitzinger and Mrs. Eleanor H. Worthington are up to continue in office.

In the second district, Charles Boardley and Mrs. Mary Lucille Keppel are opposed for reelection by a bracketed pair of Carl Z. Alexander and Mrs. Mildred C. Keas.

In the third district, Harold E. Bishop and Mrs. Alberta S. Appleby are opposed by Howard S. Smith and Mrs. Amelia Dummamuth.

The only Democrats to file for county committee are: Herman Spiesbach, Jr. in the first district, Harry S. Fay in the second and Emanuel O. Holmes in the third.

Five others, including four women, will be selected at a later date.

Township Clerk Robert D. Treat announces that residents who have not yet registered to vote, may do so at the Town Hall any week day, from 2 to 4 in the afternoon and on Monday evenings. Until later, no registrations are taken on Saturday. The deadline to register is May 3.

St. Stephen's Elects Parish

The annual parish meeting was held Monday night by St. Stephen's Episcopal Church, Millburn. The election of wardens, vestrymen and deputies and alternates to the annual convention of the Episcopal Diocese of Newark next month, took place.

The following were elected: Warden, Irving F. Livingstone; vestrymen, John S. Hinton, Cyril T. Sayers and Thomas H. Clark; deputies, Hobart L. Benedict, Earl G. Rumpf and Charles Phillips; clerk, Thomas H. Clark and treasurer, Cyril T. Sayers.

Democrats to Meet

The Springfield Democratic Club will meet on Thursday night at 8 o'clock at the home of Emanuel Holms at 3 Remer avenue.

RICHARD O'NEILL

JOSEPH PINKAVA

STEPHEN SCHMIDT

Home recently on their 7-day "boot" leaves were four local friends and former classmates at Regional High School, who all entered the service on January 12. They are Seaman Robert Jones, son of Mr. and Mrs. Richard Jones, of 70 South Maple avenue; Seaman Richard O'Neill, son of Mr. and Mrs. Percy O'Neill of 13 Marion avenue; Seaman second class Joseph Pinkava, son of Mr. and Mrs. Joseph Pinkava of 280 Morris avenue; and Seaman second class Stephen Schmidt, son of Mr. and Mrs. Stephen Schmidt of 279 Morris avenue.

Alfred Lossel Killed February 24 in Germany

Mr. and Mrs. Paul Lossel of 740 Union avenue, Kenilworth, have been notified by the War Department of the death of their son, Pfc. Alfred Lossel, who had been previously reported missing. The telegram reads that he lost his life in Germany on February 24. He was serving with an infantry division of the Seventh Army and had been overseas since November, 1944.

Pfc. Lossel, 19 years old, entered the service on January 24, 1944, at which time he was a sophomore at Regional High School.

In addition to his parents, he leaves two brothers, Corporal Alvin Lossel, stationed with a hospital unit in Manila and Bernard at home and three sisters, the Misses Gertrude, Charlotte and Rose Lossel, at home.

Health Charges Coming Up For Monday Night

Charges of violating the township health and sanitary codes will be aired in Police Court Monday night against Mrs. Emma Nelson of Meckes street and William Robinson, also of Meckes street, on complaints filed by the Board of Health through Dr. Henry P. Dangler, health officer.

Township Attorney Herbert A. Kavin revealed yesterday that five subpoenas have been issued to residents in Springfield Square, scene of the health nuisance. The witnesses had all signed a petition to the Board of Health appealing for a clean up in the neighborhood.

Rummage Shop To Close Out All Articles

The Rummage Shop at 268 Morris avenue will have a final close-out sale, starting Monday, April 30, and closing Monday, April 30. The shop will be open all day for the sale from 9:30 A. M. to 12:30 P. M. and 2 to 4:30 P. M.

All articles of clothing will be sold at drastic reductions. No reasonable offer will be turned down. Winter coats will especially be low in price. Summer clothing will also be sold.

Anyone desiring the return of their articles please call for them before April 6.

During the time the shop has been in operation, donations totaling \$400 were given to the following organizations: American Red Cross, Girl Scouts, Red Cross Canteen, Baskets for poor families, First and Second War Fund Drives, Overlook Hospital, Cub Scouts and March of Dimes.

In addition to these donations the Rummage Shop will finance the Camp Kilmer parties to the extent of \$50.

Army Tests Being Given In High Schools April 12

Young men of 17, who have graduated from high school, or who can do so in the next few months, are offered an opportunity not only better to serve their country through special training essential to the Army, but also to start their own college education and to lay a firm foundation for future college training through the Army Specialized Training Reserve Program, qualifying tests for which are to take place April 12 in the high schools in the Second Service command—and elsewhere in the country.

Up to 48 weeks of intensive academic training in accredited universities and colleges will be available. The program will give an excellent standard for future college training under the G.I. Bill of Rights. The academic credits to be allotted towards completion of work for a degree will be determined by each individual institution to which the future student applies.

The Army will pay tuition and will provide textbooks. Students will receive uniforms, living quarters and meals without charge. They will not be subject to military law, but must comply with the rules and regulations of the institutions they attend. Not being on active duty, they will not receive pay or other benefits provided by law for soldiers on active duty.

English, history, geography, mathematics and physics are the main subjects to be taught. The course is an intensive one, with the maximum training slightly more than equal to a full year of normal college education. The courses are arranged to give the Army specially trained enlisted men and new soldiers with backgrounds for advanced training.

Students will spend five hours a week at instruction in military courtesy, map reading, manual of arms, open and close-order drill and other basic skills of soldiering. The student entering the Army with this training will have a better chance for advancement than inductees lacking prior military training. Six hours weekly are devoted to physical training.

To be eligible, an applicant must have been born after September 1, 1928. This means that boys from 18 years, eight months up to 17 years, six months of age as of April 12 will be permitted to try the test. The applicant must be a citizen of the United States and have written consent of a parent or guardian to enlist in the Enlisted Reserve Corps and for assignment to the program. Successful participation in the test will not obligate the applicant to enlist.

The applicant must have a diploma or written statement from high school authorities that he is a high school graduate or will be graduated before the age of 17 years, 6 months is reached, or have a written statement from college authorities that he has completed, or can complete successfully, one semester or quarter of college work before he becomes 17 years, 6 months of age.

Selected applicants who pass the test and qualify physically will, after enlistment in the Reserve Corps, be sent to universities and colleges, usually in the Service Command where they reside. Depending upon the age of the applicant when assigned, he can receive two, three or four 13-week terms of college education. If his college work is satisfactory, he will complete the term during which he becomes 18 years of age.

The Weather—Believe It Or Not!

With spring arriving two weeks earlier than usual, most of the flowering trees are in their prime, the magnolias, cherries, pears, forsythia is passing; daffodils, hyacinths, and grape hyacinths are blooming.

Sunday, April 1, was the most perfect Easter the Weather Man can remember. It arrived after the warmest March on record. Last Thursday was the hottest day with a mark of 85 at 5 p. m. The total departure from the normal for the month was plus 393 degrees. Departure from normal since Jan. 1, plus 928.

This week has been cooler but pleasant, with rain, yesterday.

ABC Agents in Raid of Still In Home Here

Charged with possessing two unregistered stills and possession of 2½ gallons of illicit liquor, Edward A. Mueller, 52, of 404 Mountain avenue, was released on \$500 bail Monday night before Recorder Everett T. Spinning, to await Grand Jury action.

Mueller was arrested Monday afternoon by Police Chief Runyon and Special Officer Albert Smith of the Springfield Police Department and ABC Agents Carson and Kaufman. Chief Runyon said Mueller was apparently distilling the liquor for his own use.

The agents seized two five-gallon coolers, two sets of condensing coils and the liquor, which Runyon described as "raw, but powerful." He added that one of the jugs of liquor, distilled from apple cider, tested "98 proof."

Runyon said Mueller, who has lived in town for 30 years, admitted owning one still for 15 years and the other for three or four months. He had them set up in his cellar. Heat was supplied by a gas range.

Armed Forces

(Callers Note—When your service man or woman has been home on furlough, been promoted, graduated or transferred, why not mail it to the SUN or phone the office. Many of those in the service, miles away from home, like to read the whereabouts of their friends, former schoolmates and relatives. We will be pleased to send a citation of your service man, if we do not already have one, in uniform if we do, with the picture with a new trim at your request.)

Five Army aviators from New Jersey made battle history recently when they flew on B-17 Flying Fortress in the greatest bomber fleet ever sent against targets at Berlin. Township Quota In War Loan to Total \$135,000

Union County has been given the quota of \$35,000,000 in the Seventh War Loan drive, it was announced Wednesday by H. Douglas Davis, county chairman of the War Finance Committee. Malcolm Leonard is chairman of the local drive.

The Summit area, comprising Springfield, Summit and Union, has been assigned an "E" bond quota of \$1,475,000, to be divided as follows: Springfield, \$85,000; Union, \$255,000 and Summit, \$765,000.

Springfield's quota for sales to individuals exclusive of the "E" bond series is \$50,000.

Robert J. Davidson, chairman of the Summit area, is being assisted by Fred Braun of 108 Morris avenue, for Springfield.

Slavin's Nephew Saw His Photo Used by Nazis

Pfc. Vincent J. Slavin of Union Township, came across the picture of his uncle, Vincent deP. Slavin, chairman of Selective Service Board 2 of Springfield and Union, while looking through an old German magazine in Germany, according to what he sent his family.

The magazine was used by the Nazis in connection with propaganda against the United States and the picture of the reporter examining the shotgun was supposed to represent a gun-toting gangster. It was one of the Nazis ways of trying to prove this country was overrun by bandits.

Voters Approve Land Purchase By 167-30 Count

Springfield voters approved the purchase of 2.2 acres of land adjacent to the Raymond Chisholm School at a special election Tuesday night. The final vote was 167 in favor to 30 opposing, with three ballots void, making a total of 200 voters.

The land is needed by the Board of Education for additional playground space at the Chisholm School. The plot, now owned by Claude Baker, will be sold at \$4,000 and an additional \$200 for legal expenses, was also approved.

A special planning committee of the board, headed by William E. Grapp, which had been working toward carrying the project through, expressed its thanks to the voters for their act of confidence in sanctioning the transaction.

Social Program To be Held For Republican Club

The Springfield Republican Club has planned a social evening of games to follow their regular business session on Monday evening at the Legion Hall. The business meeting, it is stressed by President Eugene W. Hutloff, will begin promptly at 8 P. M.

Mrs. Wilbur M. Selander and Mrs. Ida Jennings are in charge of the social part of the evening, and have announced that there will be a prize for the winner at various tables. The parties at the various tables may select to play any type of card game they prefer.

A door prize has been donated by the three incumbent Republican candidates for Freshholder. Refreshments will be served to round out the evening.

Clothing Drive Gets Under Way During April

Plans for Springfield's participation in the United National Clothing Drive for War Relief, which will be held this entire month, have been completed by a special committee of the Springfield Lions Club, which is sponsoring the drive.

Every home in Springfield will be asked to contribute garments, shoes and bedding not in use. The warehouse in Springfield will be Colombo's Garage—32 Blacks lane, it was announced by the committee composed of John Decker, James Funcheon and Frank Perrelli. There is no exact quota for Springfield's drive, but the committee is out to get all possible.

The collection depots in town will be Meyer's Garage, Morris and Meisel avenues; Springfield Market, 272 Morris avenue, and Pinkava's Garage, Morris and Mountain avenues. The school children may take their articles to the James Caldwell School, Raymond Chisholm School or Regional High School. Other depots will be provided as needed. The committee has notified the Boy Scouts, Girl Scouts and various churches in town, to widely publicize the campaign and every local organization is being asked to select a representative.

The following message was directed to the residents of town this week by the committee: "The month of April, 1945, has been designated by the United Nations Rehabilitation Administration (UNRRA) and the various War Relief Agencies, as the period during which concerted efforts throughout the Nation will be made in collecting used clothing for distribution to war devastated areas.

"The goal of the collection is 150,000,000 pounds of clothing of every description—children's, women's and men's. This is to be the one nation-wide clothing collection for foreign war relief to be conducted in the United States in the spring of 1945. Every person in Springfield is asked to cooperate in making this drive successful.

"The donated garments will be shipped to the war devastated countries on the basis of the greatest immediate need and available shipping space. The clothing will be distributed free to the needy without discrimination of any kind. The Far East and the Philippines are included in the event. Conditions are such as to permit distribution of clothing collected in the drive.

"Most urgently needed are the following: overcoats, jackets, topcoats, suits, coats, skirts, sweaters, underwear, robes, pajamas, gloves, work clothes, shirts, shawls, dresses, aprons, jumpers, smocks, shoes, headwear, knitted garments and infants' wear.

"What is needed is good substantial used clothing, for both winter and summer wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it. Underclothing and all types of cotton garments should be washed before they are donated, but need not be ironed. (Evening dresses, luxuries and dress spalls cannot be used)."

Local merchants who have large cartons are requested to save them and make them available for the packing of the used clothing. After the clothing has been collected it must be sorted and packed in cartons holding approximately 100 pounds each.

Proceeds of the scrap drive enable the Legion to send the SUN free every week to service men and women. Save a bundle a week.

Social

Club Day Event Being Celebrated By Woman's Club

A highlight of the Millburn Woman's Club, "Club Day" program to be held at the Racquets Club, April 13, at 2:15 p. m., will be a lecture entitled, "You Said It Handful" by Julia Leslie, now of the New York Institute for Vocational Guidance.

Julia Leslie captures you for an exciting adventure into your own consciousness; it is fun and exciting! Tuttle-like hands, arms, amusing, revealing and absorbing excitement.

She has had an interesting career as a musician, pianist and teacher. Noting the vast differences in hands, she became convinced that these differences had some bearing on the subject of capabilities and talents. She later learned that a great amount of scientific research has been conducted in the study of the human hand and what it reveals. She immediately became a serious student of "Hand-Analysis," aiming to dispel the superstition and mysticism of ancient palmistry and fortune-telling, and see it established among the modern sciences. Today, Hand-Analysis is being successfully used in vocational guidance and personnel work.

On this Club Day Program, there will also be vocal selections by Mrs. J. Lyall Hutchings.

Mrs. Russell J. Pfizinger will be the hostess for the afternoon, assisted by Mrs. Frank Crowe, Mrs. James M. Duguid, Mrs. Alexander E. Ferguson, Mrs. Alfred B. Fleming, Mrs. E. Harry Fox and Mrs. Rodney P. Smith.

Mrs. Lewis P. Macartney and Mrs. Joseph S. Moulton will preside at the tea table. Mrs. Ralph S. Doubleday is program chairman and Mrs. George W. McGrath is hospitality chairman.

Many Springfield SUN readers are prospects for what you have to sell. Why not sell them? An ad in the SUN'S classified section is inexpensive and productive.

Wartime Food Conservation

By MARY W. ARMSTRONG, Home Demonstration Agent
"More haste, less speed" is one maxim that applies for itself. Very often, the more we hurry, the less we accomplish, and in these war days we can't afford to waste our time and energy. When this is applied to preparing a meal, slipdash cookery, guess measurements and throwing a meal together, often result in waste of food as well as time.

With food such an important weapon of war, every homemaker should plan to cook a "quick" meal or bake a "quick" cake efficiently.

The first step would be to read the recipe carefully, unless it is known by memory. Then, all ingredients and utensils should be assembled. The measuring should be done carefully and the product cooked or baked only for the correct length of time.

The choice of recipe is important. In making a cake, for instance, a simple recipe that does not call for a great variety of ingredients and many different utensils is best. Cooking the main dish of the meal in the oven is another time-saving suggestion. Oven cookery requires less watching and leaves the homemaker free to make the dessert or salad.
To save time and effort of walking back and forth, have all utensils together before starting to cook. This takes the chill off foods coming from the refrigerator, and also makes it easy to see at a glance which seasonings or dishes may be used more than once. Remember that a sharp knife works twice as fast as a dull one. The use of glass and pottery casseroles for both cooking and serving is especially practical for it keeps the food hot longer and also saves on dishwashing.

When baking a cake, measuring before mixing saves time and mistakes. Recent baking studies show that good plain cake results from adding eggs whole, one at a time, to the creamed fat and sugar. This takes less time than the usual method of separating eggs, beating whites and yolks in different bowls, and folding in whites at the last. It also saves the use of two extra bowls and an egg beater.
One quick oven-cooked main dish is Baked Noodles and Tuna Fish, which saves on not only time and effort, but red ration points as well.

Baked Noodles and Tuna Fish
1 pkg. broad noodles
1 can tuna fish (7 oz. or larger)
1 can cream of mushroom soup
Dash of Worcestershire sauce
Cook noodles in boiling salted water until tender, then mix with other ingredients and place in a buttered baking dish. A dash of

Quality . . . and Good Taste . . . Combined!

When you combine quality and good taste, you have the added joy and pride of ownership that these elements alone provide. Fine quality and good taste have been the stock-in-trade of the Fisher Furniture Galleries ever since we opened our store on the highway. That's probably why so many New Jersey families are instinctively turning to Fisher's when they want something better for their home . . . that, plus the fact that our low cost location and lower cost of doing business are reflected on every price tag. When you buy furniture, think of the future . . . think of how that furniture will look many years after the price is forgotten . . . Buy Quality . . . buy it at Fisher's!

REGIONAL HIGH

(Editorial Note: Regional High is the only high school in the area which is a member of the National Association of Public Schools.)

The wedding of Helen Alice Dushanek, daughter of Mr. and Mrs. John Dushanek of 104 Hazel avenue, Westfield, formerly of Garwood, and Lieutenant Richard C. Griggs, of Princeton, son of Addison A. Griggs of Hazelton, Pa., took place last week in the Westfield Presbyterian Church.

Given in marriage by her father, Miss Dushanek had as her only attendant, Miss Grace Rauch of Cranford, a college roommate.

The bride wore a white satin gown made with a full tulle skirt and a long train. Her fingertip veil of tulle was attached to a cap of the same material and she carried a bouquet of calla lilies. Miss Rauch wore a gown of powder blue lace and tulle, and a headpiece of a small blue cap trimmed with flowers matching her bouquet of pink snapdragons and sweet peas.

After a short trip, the couple will reside in Princeton.

The bride is a graduate of Regional High, class of '41 and is a junior at State Teachers College, Trenton, where she is a member of the Theta Phi Sorority and is chairman of "Student Life." Lieutenant Griggs is a graduate of Princeton High School and attended Trenton State Teachers College before his enlistment in the service. He was president of Theta Nu Sigma fraternity. Lieutenant Griggs recently was graduated from the Army Air Forces Navigation School at San Marcos, Texas.

Sergeant Edith Shapiro, WAC, has been transferred from the Ordnance Department at Fort Blanding, Fla., to Fort Des Moines, Iowa. Sgt. Shapiro, a 1938 graduate of Regional High, is the daughter of Mr. and Mrs. Nathan Shapiro of Baritan road, Clark Township.

Lt. Leslie R. Galloway, husband of Mrs. Mabel Galloway of Mountside and son of Mr. and Mrs. Burton M. Galloway of 401 Spruce avenue, Garwood, has been awarded the third Oak Leaf Cluster for his Air Medal in recognition of more than 100 hours meritorious service in operational flying in combat areas as a troop carrier pilot in the Philippines.

A 1929 graduate of Regional High, Garwood entered the service on April 3, 1942, and was commissioned on May 21, 1943. He was assigned to the Troop Carrier Command and flew overseas in August, 1943. Prior to entering the service he was a student at the General Motors Institute, Flint, Mich.

Roderick Lister, son of Mr. and Mrs. William Lister of Twenty-first street, Kenilworth, has been home on his spring vacation from the University of Minnesota, where he is a pre-medical student. Lister is a 1942 graduate of Regional High School.

Miss Claire Booker, daughter of Mr. and Mrs. Stacy T. Booker of Verona, has completed plans for her wedding tomorrow at Our Lady of the Lake Church, Verona, to First Lieutenant William D. Russo, son of Chief of Police and Mrs. D. V. Russo, of Springfield avenue, Berkeley Heights. The Rev. Edward Kane, rector of the church, will officiate.

Miss Booker's attendants will be her sister, Miss Virginia Booker, as maid of honor; Miss Doris Booker, another sister; Miss Dorothy Russo, sister of the groom and Miss Rita Mulrenan of Harrison, will be bridesmaids. Joseph Kolcher of Montclair will usher. The name of the best man had not been announced when this story was written.

The couple are both graduates of Newark State Teachers College. For the past two years Miss Booker has been on the faculty of the Caldwell Schools as a kindergarten teacher. She is a member of the Veront Junior Woman's Club. Lt. Russo, a 1939 graduate of Regional High, recently completed 25 combat missions and is the holder of the Air Medal and five Oak Leaf Clusters. He recently returned from overseas service in the European Theater of Operations with the 8th Air Force as a navigator.

Corporal Henry Engelhardt, a 1940 graduate, is serving with the 161st Infantry in the Philippines. Cpl. Engelhardt of 409 Myrtle avenue, Garwood, was with the forces which recaptured Corregidor.

Mr. and Mrs. John E. Carley of 219 Locust avenue, Garwood, announce the engagement of their daughter, Miss Irene Maude Carley, to John Leonard Franks of Cranford. Miss Carley graduated from Regional High School, class of '43.

Records Being Given For Use Among Blind

Residents of New Jersey who have lost their sight can now freely enjoy a wide range of books

recorded on phonograph records, according to an announcement by the American Foundation for the Blind, 15 West Sixteenth Street, New York 11, N. Y., the national organization which devised and records these Talking Books.

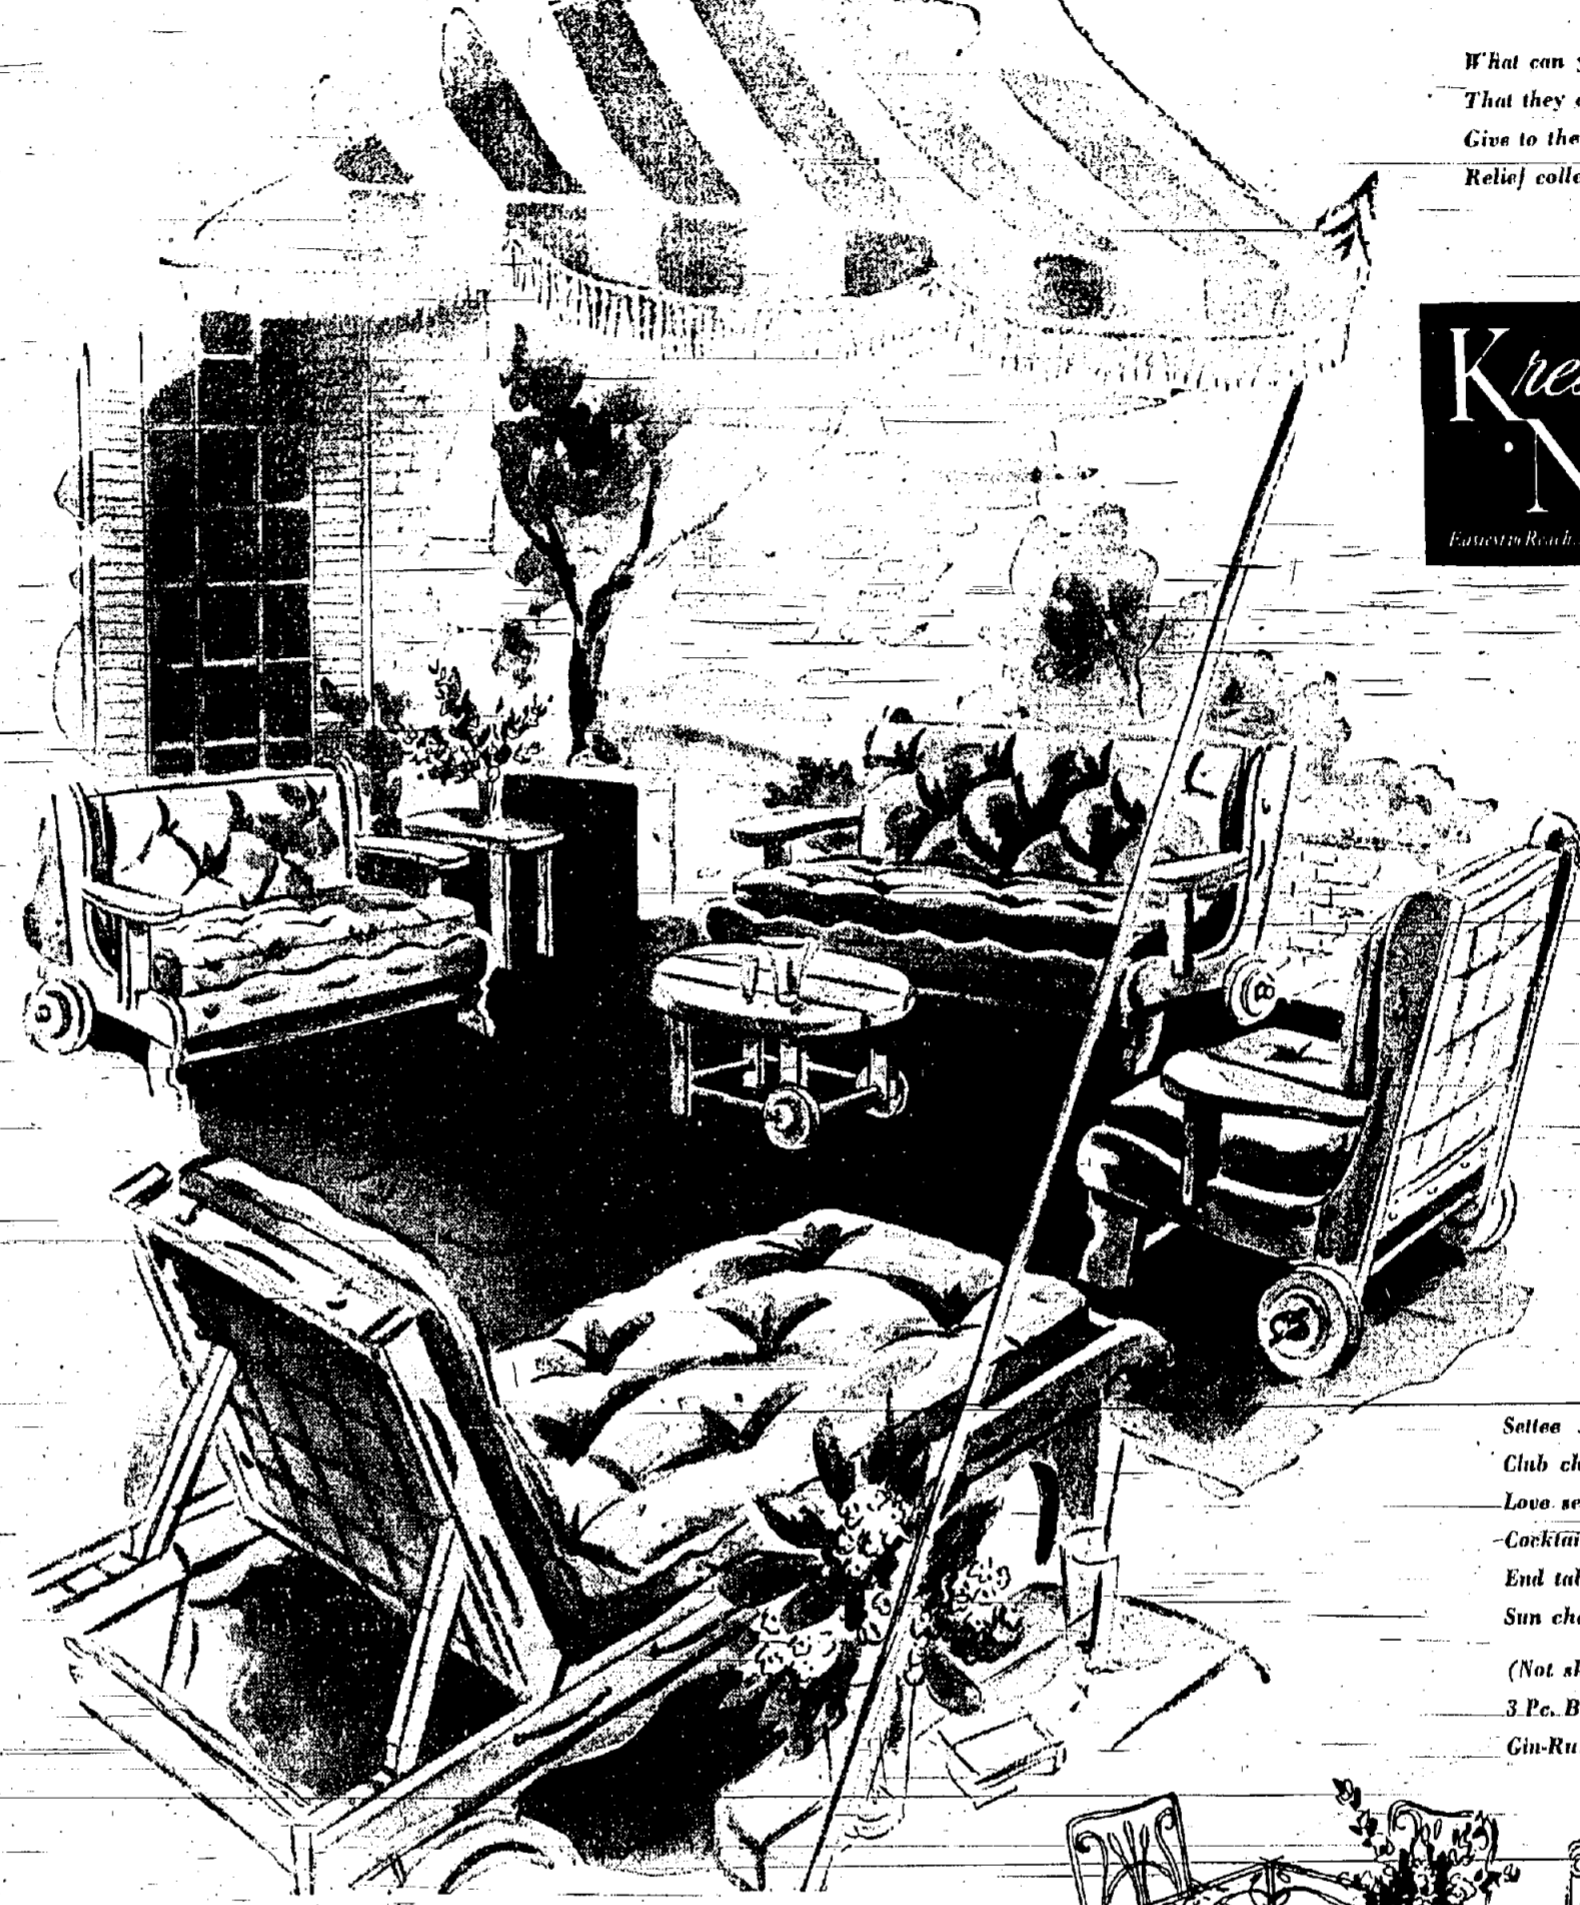

These Talking Books consist of long-playing phonograph discs on

which trained readers from the stage and from radio have recorded upwards of one thousand titles ranging all the way from the standard classics to present-day "best sellers." The American Foundation for the Blind devised these books when it found that less than twenty per cent of the

200,000 blind people in the country could read braille or other systems of "finger reading" with any degree of pleasure. The Talking Books are played on an electric reading machine which blind people can operate by touch alone. The Talking Book service comes free to blind people. Each year

Congress makes an appropriation for reading for the adult blind, and after these books are phonograph discs are recorded by the American Foundation for the Blind, the Library of Congress places them in regional libraries across the country. From these libraries they travel to and from the Talking Book user postage-free. Blind people who wish to enjoy the pleasure which these Talking Books can give should get in touch either with the American Foundation for the Blind or with the New Jersey State Commission for the Blind, 1059 Broad Street, Newark 2, N. J.

Hobby Show to Be Held April 24 in Borough

MOUNTAINSIDE — The Library Board met at the home of Mrs. Arthur Ahern on Monday evening. Plans were discussed for the "hobby show" for boys which will be held on April 24 at the school. Refreshments and prizes were discussed. A prize will be given for the "most unusual hobby" and a prize also for the "most carefully constructed hobby." This hobby is open to all boys of the borough.

A discussion was held on the 50th anniversary of the borough later this year.

During the month of March, the library circulated 753 books, which was a daily average of 37 books, the highest daily average thus far. Mrs. Gilbert Pittenger, chairman of the nominating committee, presented the names of the following trustees for the annual meeting which will be held in the library on May 21: Mrs. Arthur Ahern, Mrs. Paul Davis, Mrs. Gilbert Pittenger and Charles Wadsworth. This annual meeting is open to the public.

If it happened in town, read it in the SUN.

Peace of Mind

Through life, there are many painful duties which must be performed—none more distressing than making final arrangements for a relative or friend. Thoughtful people are seeking to spare others this sad task by making such arrangements during their own lifetime. Why not ask about the pre-arrangement plan which we have made with others? We will be glad to explain details.

Benesch Burned While Working

MOUNTAINSIDE — Anthony Benesch, 55 years old, of Central avenue received burns of the left side of the face and body Sunday while working at the Schering Corporation plant in Elizabeth. He is employed as a fireman at the plant and was burned in a back flash from a boiler heating unit. He was treated at the Elizabeth General Hospital.

Two New Books Are Reviewed

MOUNTAINSIDE — Two of the many new books acquired by the Library are: "The Bollivars" by Marguerite F. Bayliss, and "The Road Is Before Us" by Agnes Boulton.

"The Bollivars" is a romantic story set in New Jersey in the early nineteenth century—written to the music of hunting horns and hounds on the trace—of two cousins, Doreaux Bollivar of Louisiana, in New Jersey, and Louis Hugo Bollivar of Loudon County, Virginia.

"The Road Is Before Us" is a dramatic novel in which the story is resolved within a brief span of time. It requires five days for Tom Edgrim to drive to St. Petersburg from Pennsylvania with his three share-expense passengers, stopping at tourist cabins in the night. Edgrim is a reporter whose beloved sister has just suffered a tragic death. He intends to kill the man he believes responsible.

Police Court Notes

MOUNTAINSIDE — Recorder William Winkler fined Robert Johnston of Plainfield, \$5 last Thursday evening in Police Court, for driving his car on a bridge trail in the Watchung Reservation. The following motorists paid

All Over The World... our men are serving Uncle Sam In our business we used to speak of "going places" because our men traveled some four million miles a year to maintain our gas and electric system; and give our customers quick service. Today we really know what "going places" means because 276 of our men, and 12 of our women, are serving Uncle Sam all over the world. At home we are doing our best to curtail traveling now, and still maintain essential services. But our territory is just as extensive as it ever was, and we have more customers to be served, including large military establishments. Maintenance problems increase as the War goes on, not to speak of that big problem of "manpower" while our men are away. Today we count the miles we can save by doubling up and careful planning. In this way we keep essential services operating, although we may not always get there just as fast. JERSEY CENTRAL POWER & LIGHT CO.

Here's a war record New Jersey helped to make... NEW JERSEY'S telephone system is carrying heavy burdens these war days. More calls to handle... more service to supply... and with few additions to the System, because manufacturers are building almost entirely for the armed forces. But, despite these wartime burdens, your telephone service in 1944 was good—in some respects better than in 1943! You helped to accomplish this—and we are genuinely grateful to you for your cooperation. YOU HELPED by keeping your telephone conversations brief, and by making few unnecessary calls. WE WERE ABLE to handle most of your calls quickly and accurately—thanks to the help you gave us. YOU SPEEDED up service by referring to your telephone directory instead of calling "Information" for listed numbers. WE KEPT the system in good condition, and service troubles (except for the hurricanes) were comparatively few. YOU UNDERSTOOD why it was not possible to supply all the new telephones requested, except for essential users. WE TRIED our best in every way to give the friendly, courteous and effective service you expect and appreciate. You can count on New Jersey telephone men and women to continue their efforts to serve you well, in 1945. NEW JERSEY BELL TELEPHONE COMPANY

STATISTICS OF SPRINGFIELD

Population—1945, 6,000; assessed valuation—1944, \$6,477,225; tax rate—1944, 12.97 (previous—\$2.01 on schools, \$1.57 on state and county, \$2.91 on Springfield); was settled in the early 1700's; its township form of government was established April 14, 1784, and was incorporated in 1859.

Springfield is a community of homes, with little industry except for farming, nurseries and co-ordinated manufacturing for those 45 minutes from New York City on the Lackawanna R. R., with two stations at Milburn and Short Hills, less than a mile away; 7 miles to Elizabeth, 7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit and Plainfield.

The Rahway Valley Railroad with a freight station in the township affords service for factories, commercial and industrial purposes. State Highway 29 makes New York City convenient by auto in 20 minutes. Site of the 500,000 Union County Regional High School, serving Springfield, Mountainside and four other county municipalities.

It has good streets, water, gas, electricity and modern sanitary sewer system, excellent police, fire and school facilities; mail carrier delivery system, and zoning regulations for the protection of the individual property owner.

SELF INTEREST

The transcendence of self interest was described by a recent writer on problems of world peace as a primary step in the achievement of world justice. A purpose of cooperation, expressed in institutions however faulty, was cited as another step towards lasting peace.

Self-interest, rightly defined and understood, could, we think, prove one of the most powerful deterrents to war yet devised. The realization by us that the degree of freedom obtained in other countries has a direct influence upon our own liberty; the understanding by the common people in all countries that they cannot be free while their neighbors are bound by fear or ignorance; this is the correct interpretation of self interest applied to the problem of world unity.

We have learned the hard way that the Manchukuo and Munichs, while half a world away, affect us directly. The price of peace, we know now is not concessions of smaller nations to aggressors, not hypocritical politics which gives aid to both sides and calls the process neutrality.

The price of peace is high . . . even to signing away privileges and powers we like to believe are rightfully ours. Let us think carefully, and decide whether or not the bargain is too dear. And let us remember also that distrust and confidence are emotions and attitudes which breed their likenesses in history. Which will you have?

GRATITUDE

The average American's most vivid impression of the Orient was acquired in less than an hour and came to him free with a bowl-of-chicken chow-mien. This is no discredit to the average American. He can't help it if Asia is mysterious. It is only an accident that we know a great deal more about Europe. Our ancestors came from that way, so we heard about it.

It is high time now however for every soul in the United States, who loves his happy home and peaceful surroundings, to learn more of the character of our straw-colored allies beyond the Pacific. We owe national safety to them. If it were not for their native honesty we would be held in a nut-cracker between Germany and Japan at this hour. If we were yet able to fight at all.

We Admire Britain

Americans are a tender-hearted folk. We sympathize with other peoples and half-way try to understand them, but we don't usually admire them very much. We felt sorry for the Poles when the Nazis took them in 18 days. Our hearts went out to the Norwegians because they didn't last three weeks. We went with our British relatives over Dunkirk, but we did more. We admired the British. Late in 1937 the city of Nanking, China, fell to the Japanese. Far away over the sea, strategists thought that was about the end. If China had folded up the next day, few people would have blamed her. We Americans would have turned the spotlight in our sympathy tank again and drawn out a generous sprinkling of tears for dear old China, and then tried to forget it. But forgetting it would have been impossible.

Must Admire China

If China had fallen in 1937, four years before the Pearl Harbor raid, any child can guess why we Americans would still be remembering it. But China did not fall. It would not be amiss for devout people to give thanks at the table three times a day that China did not fall. If China had fallen Japan could have knifed Russia on the unguarded side, right through Manchuria; surely would have done so. Back in those early months of the present war when the Germans were all but knocking at the doors of Moscow, our big old globe, as now arranged, was coming unglued. If Japan could have drawn close enough to attack Russia from behind, the Germans would have marched into Moscow. Then, with no Russia to annoy him, Hitler would have parched London to a cinder.

Thanks to China

China stayed in and fought, so London remains. China stood the guff, so we still have San Francisco. China could take privation and punishment; her shirt and ours too. As a consequence no bomb has struck an American city. Moreover China's young men have made their fight as nearly barefisted as any army, large or small, taking part in this war on either side.

In recent weeks there have been frequent criticisms of China, of Chinese fortitude, of China's disunity, of Chiang Kai-Shek's generalship. Let me close with this admonition: Criticism of China in America today, true or false, has one purpose and one only. It is to break up unity among our allies. Our enemies can hope to survive by no other means. Don't listen to it.

If it happened in town, read it in the SUN.

Park Streams Stocked Plenty For Fishermen

The streams and lakes in the Union County Park System are being stocked weekly again this year, it was announced by W. R. Tracy, engineer and secretary for the park commission, thereby assuring trout fishermen of a fine opportunity to spend a successful day in the county parks when trout season officially begins on Sunday, April 15.

Brook, brown, and rainbow trout are being liberated in the fishing areas through the cooperation of the New Jersey Fish and Game Commission and the Federal Bureau of Fisheries. Andrew Shraw, Union County Game Warden for the State Fish and Game Commission, reports that already 4,500 trout have been placed in the Rahway River and in Green Brook.

Fishing is prohibited in the park streams until trout season opens, and during trout season no fishing will be permitted on Friday, which will be the day of stocking.

A total of 60,329 persons enjoyed good fishing in 1944 in the various lakes and streams. A state fishing license is all that is required to fish in the parks, but the park commission would like to receive any information regarding record catches.

Union County fishermen can secure a complete list of park fishing areas by writing to The Union County Park Commission, Warrinanco Park, Elizabethtown.

Farmers Class in Meeting Tonight

The weekly meeting of the Union County Farmers Machinery Class will be held tonight at 8:30 at the field house of Regional High School. Special guest will be John F. Winters, plant specialist who will speak on "Painting of Farm Buildings and Farm Machinery." The public is invited.

YOUR VICTORY GARDEN

By FRED D. OSMAN

Union County Agricultural Agent

Digging and handling soil when it is wet and sticky is risky because you may leave it lumpy all the rest of the season. If you try to sow seeds when the soil is too wet, you can't make the furrows straight and of the correct depth and the seeds cannot be covered properly.

To have good germination, it is necessary first to sow seeds that will grow. If you have seeds left over from last year, they should be tested before planting. Place 25 seeds of each kind between blotters and keep the blotters moist at room temperature. In 30 days you will know whether the seeds are any good. Usually old seeds will be sown closer together than fresh seeds to allow for poorer germination. New seeds have the percentage of germination printed or stamped on the package.

The soil temperature must be right. Some seeds can be sown when the soil is cold, as soon as the soil can be worked. These include beet, carrot, onion (seeds or sets), pea, radish, turnip, kale, lettuce, spinach, Swiss chard, broccoli and cabbage seed may be sown, but it is better to buy plants of these as they can be set in the open ground as early as you can sow the seeds. Such crops as beans, sweet corn and squash should not be sown until danger of freezing is past.

Carrots and radishes may be sown together in the same row and quick maturing crops like onions from sets, turnips for greens and lettuce may be sown in the rows between cabbage or broccoli plants or between the places where tomato plants will later be set.

When the soil is dry enough to work, make straight furrows that are even in depth and deep enough so that the seeds will be covered with soil about three times the smallest diameter of the seed. Do not sow too deep. Sow the seeds thin. Keep in mind that the plants have to stand a certain distance apart to come to good development. Carrots need to stand 2 to 3 inches apart, so if you sow the seeds a half-inch apart and all germinate, you still must pull out three-fourths of the seedlings.

After sowing the seed, draw enough loose soil in to about half fill the furrow and tamp it down gently. This is so the soil grains will settle close to the seeds. Thus moisture needed for germination will be brought close. Next draw in enough soil to fill the furrow, so there will be loose soil on top. This lets in air. If a crust forms over the seed, the entrance of air is slowed up and it is more difficult for the seedling to come through. One way to avoid a crust is to make the furrow about twice as deep and cover the seeds with sand.

Setting Plants At the same time the early seeds are sown, it is safe to get out plants of cabbage and broccoli if they have been hardened off, that is, gradually accustomed to cold. It is not safe to move them from a warm house to the outside directly unless they are carefully

"Maytime" Opens Long Season

The first presentation of "Maytime" the Sigmund-Romborg operetta of 19th Century New York City, in more than 25 years, will be seen at the Paper Mill Playhouse when the new season opens Monday, April 23 with Frank Carlington at the helm.

With the box office opening this week, the Paper Mill again became a beehive of activity. Seats

are now on sale for the first four weeks of the run and all orders are filled in the order in which they are received.

Dorothy Sandlin, one of the reigning queens of the light opera circuit, who has been hailed on both coasts, will return to sing the role of Otilie Van Zandt and, as her leading man, the Paper Mill will present a popular singer, who will appear in Millburn for the first time, Charles Yearsley. To this pair will be added the comedy of Clarence Nordstrom, an established favorite with Paper Mill audiences, who will make his only early-season appearance in "Maytime."

"Maytime" will be the first of a long series of productions planned for the season which will run into the winter. A variety of featured singers and actors have been engaged to appear in succeeding programs, which will be announced following the run of the opening production.

Many Springfield SUN readers are prospects for what you have to sell. Why not sell them? An ad in the SUN's classified section is inexpensive and productive.

New Series of Parties Being Held by Ladies

The first of a new series of dessert-bridge parties will be held by the Rosary and Altar Society of St. James Catholic Church on Tuesday at 1:30 P. M. in the rectory.

TIN HATS

Maybe some kind soul will tell you why it is that when coal is delivered with sugar tongs and oil with an eye dropper, Mother Nature has to come along and really bear down with an honest to goodness Winter.

Questions and Answers
Q. "My wife made application for maternity care several months before I was discharged. Will she now lose out on medical care?"

ESTATE EVALUATED

Philip Freudenberg, who died December 19, left a personal estate worth \$800, it was disclosed in Surrogate's Court this week. His widow, Anna of 9 Rose avenue, is administratrix.

BRIDGE PARTIES

Two bridge parties will be held monthly by the society either in the rectory or in the home of the hostess. The next party will be held on April 24 in the rectory.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

CIVILIANS AT WAR

The government needs and asks its citizens in this 174th week of the war to:

1. Plan now to take a summer job on a farm, and be one of the four million workers who are needed to meet this year's wartime food production goals.
2. Drive your car slowly, check tires regularly, lubricate frequently. Your car must last until Victory—and then some.
3. Save kitchen fats. Every teaspoonful of waste fat is still needed, and the two red points per pound are more important to you than ever.

Seventh War Loan Drive To Open May 14

The Treasury will open the Seventh War Loan Drive on May 14, 1945, with a goal of 14 billion dollars, the Treasury Department announces. One objective of this drive will be the sale of \$7,000,000,000 worth of government securities to individuals. This is the largest quota ever set for individuals in a War Loan Drive. As a part of the campaign to raise this amount, an intensive program for the sale of Series E Bonds in plants and factories will begin April 9. "It is clear," Secretary Morgenthau said, "that Federal expenditures are going to remain at a high level for some time to come. It is also apparent that funds in the hands of non-bank investors will continue to increase sharply under present conditions. It is highly desirable to channel as much of these funds as possible into government security investment, and to put them to work in the prosecution of the war."

Tire Purchasers Classified in Four Groups

A preferential list of occupations for use in selecting persons to receive passenger car tires has been prepared by OPA in cooperation with the War Manpower Commission. Under the new plan the number of eligibles is not reduced, but they are classified into four preference groups for the aid of local War Price and Rationing Boards in issuing the certificates. Group I is limited almost entirely to persons whose occupations are

BACK IN STATES

JACK LANE

Jack Lane, nephew of Dr. and Mrs. Watson B. Morris of 193 Morris avenue, is home on a two weeks' vacation, after returning from Algeria. He was with the Field Service of the American Red Cross in Egypt for a year and was with the Foreign Economic Administration in Algiers for a year and a half.

Following his vacation, Lane will report to Washington, D. C. where he will do further work with the Foreign Economic Administration of emergency nature, and to workers at establishments faced with production emergencies. Within this group are eligible physicians, public health nurses, police and employees at critical war industries such as those producing urgently needed aircraft and ammunition that are experi-

encing a manpower emergency. The exact plants, however, will be determined on the advice of local WMC officials. Group II includes persons employed in other essential plants, and those whose occupations are highly important to the war effort. In this group are farmers, farm workers and representatives of management, labor and government who recruit for essential establishments. Group III includes such occupations as buyers for essential establishments, and persons who travel to essential establishments on request to perform necessary technical services, such as those who advise these establishments on machinery maintenance problems. Group IV takes in all other persons eligible for Grade I passenger tires.

Rise of Farm Real Estate Values Continue

The average index value per acre of farm real estate (1912-14, index value 100) for the United States as a whole was 126 on March 1, 1945, representing a rise of 11 per cent during the last year, and 5 per cent during the preceding four months, according to the Bureau of Agricultural Economics. Values rose 15 per cent during the year, ended in March, 1944, and 21 per cent in

1919-20, when the peak of the World War I boom was reached. Values have now advanced at an average rate of one per cent a month for four years. The rise for the 1941-45 period is 85 per cent of the increase for the four-year period 1916-20. During the year average values increased 15 per cent or more in nine states, and 10 per cent or more in 26 states. The increases during the year equalled or exceeded the record increases of 1919-20 in five states.

Sale of Ungraded Farm Eggs Now Permitted

Because of heavy demand for eggs and a relatively short supply, steps have been taken to permit the sale of "current receipt" (ungraded) eggs, i.e., the seller's farm, place of business or other location. OPA has announced. OPA also said that on sales to a government agency, one and one-half cents a dozen may be added to the ceiling price for eggs that have been treated for preservation by immersion in hot water followed by a coating of mineral oil.

Proceeds of the scrap drive enable the Legion to send the SUN free every week to service men and women. Save a bundle a week.

Former Pro At Galloping Hill Died Xmas Day

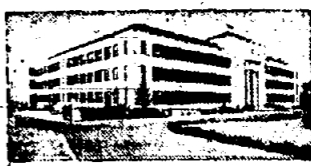

Mr. and Mrs. James J. Coakley of Elizabeth have been notified by the War Department that their son, Lt. Francis X. Coakley, reported missing since December 25, 1944, was killed on Christmas Day in the English Channel. Lt. Coakley was a Galloping Hill golf professional and well known to golfers of Union County.

He entered the service in May, 1943, and was commissioned a second lieutenant at Fort Benning, Ga., in January, 1944. He was promoted to First Lieutenant after transfer to Camp Robinson, Ark., with the "Panther Division" and went overseas in November, 1944.

Lt. Coakley produced a show for the benefit of the Red Cross while at the Arkansas camp. He also produced an all-soldier revue, "You're in the 66th," which was presented at Jacksonville, Fla., with admission by purchase of war bonds.

Three brothers, all of Elizabeth, are in the service. Pvt. Austin and Sgt. Thomas, both overseas, and

Lt. John E., now back from the Mediterranean area, send the correct address now and notify the home town paper when it is changed. Newspapers are not forwarded and must be addressed properly to insure their delivery.

WMC RULES OBSERVED

THEY'VE GIVEN ALL BUT LIFE ITSELF!

Over the ravaged ground of war-torn Europe; through 125 million men, women, and children who have given all but life itself toward the same permanent peace we all are striving for. Their need for clothing is as great as that for food—in some areas deaths from exposure equal those from starvation. These people need something you don't. They need your spare clothing. 150-million-people must be collected this month. Will you give your share?

What YOU Can Do!

1. Get together all the serviceable used summer and winter clothing you can spare. This includes Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, jackets, pants, slacks, work clothes, gloves, underwear, sleeping garments, robes, sweaters, slawis, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION-DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
3. Support your local Committee not only with your clothing contribution but also with your time, effort, and energy.
