Local Red Cross Congratulated by Benadom, Kenseth

Cecil M. Benadom, campaign chairman of the Red Cross Drive, announces that Springfield residents contributed \$9,273 toward the 1945 Red Cross War Fund Drive. This amount represents 129 per cent of the quota that had been assigned to the town.

Since the first report in May was made, additional contributions brought the total up from \$9,183 to \$9,273. A letter from Mr. Benadom to Charles Huff, chairman of the Springfield Red Cross Chapter read at a Board of Directors meeting last week commented on the exceptional show made by Springfield as follows:

"In respect to our making 129 per cent of the quota assigned to us, I received a letter from Harold E. Kenseth, director of the Fund Raising North Atlantic area, dated May 21, 1945, in which he states:

"With reference to your inquiry as to the percentage of the quotas assigned to you, please be advised that there were five other chapters in New Jersey with higher percentages of quota accomplishment. You may well be proud of the fact that you are sixth in line of quota percentage accomplishment in New Jersey. Accept my sincere congratulations."

Mr. Benadom goes on to say: "Considering the fact that New Jersey has 64 Red Cross Chapters I think this record is something Springfield can be proud of."

Mr. Benadom had a few suggestions to make that he thought might prove helpful to the new chairman of the 1946 Red Cross Drive. Some of his suggestions, in brief, follow:

- 1. Endeavor to appoint the chairman of the 1946 Drive by December 1, 1945. It takes longer than some people might think to organize a successful campaign.
2. Order all supplies for the 1946 campaign at the earliest convenience.
3. Advise the new campaign chairman and all workers to keep accurate records of the time spent in working on the campaign.
4. No worker should have more than six neighbors to contact.
5. Plan to complete the 1946 Campaign in three days, namely March 1, 2, 3. This can be accomplished with proper planning.
6. The Drive just completed was a War Fund Drive. People that contributed did so because of the fine record the Red Cross has established in respect to the boys and girls in service...

Draft Board Denounces Plan to Release Conscientious Objectors

Vigorously opposing the recently announced plan for release of conscientious objectors, members of Selective Service Board No. 2, serving Springfield and Union, have addressed a letter of protest to Maj. Gen. Lewis B. Hershey, national Selective Service Director, and have made the letter public to help rouse public opinion against the measure.

The local board gained nationwide notoriety by its refusal to draft fathers until the pool of unmarried men had been exhausted.

"Scoring the release of conscientious objectors, Vincent J. Slavin, chairman of the board, said that it would be an insult to the American people to release these men, who have been perfectly safe, and whose families have never had to worry to obtain the choice jobs while our heroes are still facing shell fire from savages."

The letter, signed by Slavin, Erwin Melsel, of Plainfield, secretary of the Board, and Frank J. Oll, the third member, follows:

"What possessed you to approve any type plan to release conscientious objectors to civilian life (Continued on Page 8)

Sale of War Bonds Improves In Springfield

The latest report of war bond sales shows an increase in the sale of E bonds. Malcolm W. Leonard, chairman of the drive, has the following to report:

"With three weeks left before the bond drive is over, it appears that our township will soon reach its over-all quota of \$135,000. Although the sale of E bonds is lagging somewhat it is believed we have a good chance of reaching the E bond quota also. The first cash sale of E bonds by the First National Bank and the Springfield Post Office amounted to \$55,001.50 at the time of going to press. This is 65.9 per cent of our E bond quota."

"If you have not yet subscribed, won't you please do so now. If you have already bought a bond, won't you please examine your finances and see what can be done about buying another. Remember, the need is great!"

The following tabulation shows the sale of bonds in the various sale zones throughout the township: Zone A, \$12,732.25; Zone B, \$33,650; Zone C, \$8,550; Zone D, \$11,987.50; Zone E, \$12,340.75; Zone F, \$5,325; Zone G, \$2,825; Zone H, \$2,481.25; and the Business Zone, \$4,250.

Sales to date total \$94,147.75.

Local Republican Primary Returns

Table with 5 columns: Dist., 1st, 2nd, 3rd, 4th, Totals. Rows for Township Committee, FRED A. BROWN, ALLYN C. BEARDSSELL, and Nominated.

Local Republican Primary Returns

Committeeman Fred A. Brown won the Republican nomination for Township Committee in Tuesday's primary election in an overwhelming majority over his opponent, Allyn C. Beardsell. He received 769 votes to 403, and except for the fourth district, he carried all districts. In his own district, a record was established with 265 votes for Brown, compared to 40 for his rival.

It was the second highest number of votes cast in a primary, 3,289 Republican and 59 Democratic, as compared to 3,347 Republican and 23 Democrats last year, the record breaking total.

George M. Turk, unopposed Democratic candidate for Township Committee, received 47 votes and will oppose Brown in the November general election. Charles H. Huff, tax collector aspirant for reelection on the Republican ticket, was high man of all candidates with 983 votes. His opponent on the Democratic slate, Edward Kischel, also unopposed, got 47 votes.

Carl Z. Alexander defeated Charles Beardsell for Republican county committee in the second district, 164 to 148, while Mrs. Mary Keppel won over Mrs. Mildred Kees, 137 to 134. In the third district, Harold B. Blisoff (renamed Howard S. Smith, 119 to 98, in the only other contest.

Springfield gave the incumbent Freeholders a big majority, with Freeholder Lee S. Rigby pulling 800 votes, Charles L. Batur having 806 and R. Story Rowland 742. They were about 3 to 1 over their opposing United Republican slate.

Assemblyman G. Clifford Thomas, who is treasurer of the Baltusrol Building and Loan Association, topped the Assembly race with 855 votes, followed in order by Assemblyman Thomas R. Muir, Charles R. Geddes and Joseph L. Brescher.

Surprising was the showing of August C. Ulrich of Hillside, who had previous strong local support, as he finished behind the others. Assemblywoman Irene T. Griffin, who polled last with 442 votes, and was ousted from office, fared poorly here.

About 8:25 P. M., soon after the first district polling place announced that Brown won by such a top-heavy margin, Beardsell supporters looked for their stronghold, the fourth district, to easily offset the results and when the figure came through of only a 12-vote margin for their man, it was evident that the incumbent officeholder had won an easy victory.

In 1944, the fourth district gave Harold G. Nenniger and Wilbur M. Selander a 2 to 1 vote over their unsuccessful opponent, Wilbert W. Layng, and the second district had also given them a substantial margin, but Brown won there by 19 votes. Beardsell's own third district gave Brown a 143 to 99 majority.

Soldier votes were tabulated later, and the results were: 19 for Brown and 5 for Beardsell.

Complete returns of both Republican and Democratic primaries will be found elsewhere in this issue.

STATISTICS OF SPRINGFIELD

Population—1945, 5,000; assessed valuation—1945, \$6,623,615; tax rate—1945, 15.14. Township—\$2.25; school, \$1.85; state and county, 1.08. Springfield was settled in the early 1700's. Its township form of government was established April 14, 1794, and was incorporated in 1837. Springfield is a community of homes, with little industry except for farming nurseries and co-ordinated manufacturing for these: 45 minutes from New York City on the Lackawanna-R.R. with two stations at Millburn and Short Hills; 2 miles to Elizabeth; 7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit and Plainfield.
The Gateway Valley Railroad with a freight station in the township affords service for factories, commercial and industrial purposes. State Highway 29 makes New York City convenient by auto in 45 minutes. Site of the Springdale Union County Regional High School, serving Springfield, Montclair and four other county municipalities.
It has good streets, water, gas, electricity and modern sanitary sewer system, excellent police, fire and school facilities, mail carrier delivery system, and zoning regulations for the protection of the individual property owner.
Of interest in Revolutionary history with its historic Presbyterian church, where the Rev. James Caldwell cried: "Give 'em wattle, boys!" in the midst of the Battle of Springfield, fought on June 23, 1781. Several colonial landmarks are to be found in Springfield, one of the oldest communities in Union County.

THE MIGHTY SEVENTH

Sale of E bonds, which last week was alarmingly slow, is improving somewhat, but even yet has not come up to what it should be, at this point of the drive.

E bonds are the ones the smaller investors buy, and by "smaller investor" we mean the average man who supports a home and a family. Yes, we know taxes are heavy just now, and your pay envelope doesn't buy all the things you want, although you do manage to make out pretty well on the "necessities" of life.

"Necessities"? We wonder what the soldier climbing up a hill to toss a flame thrower at Japs in a cave thinks about "necessities." We wonder what "necessities" meant to the gallant men who brought the carrier "Franklin" home to be repaired. We wonder what "necessities" are to the Marines who hit the beach on Iwo Jima—that, you recall, was the bloodiest and heaviest fight the Marines ever engaged in. We wonder what "necessities" mean to the unsung heroes of the Merchant Marine, while they watch for mines, and submarines.

Is that new coat a "necessity" when you look at it from the point of view of a service man? Must you have a new suit, or can the tailor fix that one so that it looks perfectly all right? Do you buy on the "black market"? Are black market commodities "necessities"?

Pare down your "necessities," and establish a sound future with E bonds, against the time when industry is converting to peace time manufacture. Then your bonds will help you buy the things you really need and really want, and you'll be helping your country again over a trying period.

How? Well, the returning service men are certainly entitled to jobs that pay a fair living. And your purchasing power, as represented by the bonds you hold, is their guarantee that the items they help to build and sell will find a ready market. It is your own individual savings account, as represented by your bonds, that your government means when they speak of "purchasing power." Yours—not the few persons of great wealth, but the average wage earners and home maker like yourself.

Let's really put the Mighty Seventh over in Springfield. Help yourself, help to save the lives of our fighting men, and help to save their jobs for them when they come back.

PLANS FOR FLOWER SHOW

Got your dahlia tubers in yet? Well, it is time you did. You know we are going to have a show in the Regional High Gym next September 15 and 16. There are some of us dahlia fans who wait until later in the month. Some even wait until July 1 as the dead line, but with the weather what it has been the last few weeks, rain and cold it would be well to get going.

Not only will there be dahlias, but marigolds, zinnias, gladioli and many arrangements. Try your hand at arrangements during the summer months. Make up some vases of flowers, see how they look. Then show some in September.

Don't forget the vegetable section, nor the canning section. Wilhelm Piegelbeck of the local High School will be show manager. Judges who know their "stuff" will pass judgment on the exhibits. Mrs. S. E. VanHoesen in charge of horticultural therapy at Camp Killmer is president of the New Jersey Dahlia Society under whose auspices the show will be held.

Recently articles appeared in several magazines, telling of Mrs. VanHoesen's success with this venture and relating her varied experiences with the soldier boys. You may have read about it. Long a resident of Fanwood, Mrs. VanHoesen was one of the originators of the Dahlia Society of New Jersey.

You can see from the above that this show will be a good one. Plan to exhibit.

WHAT THE SUN ADVOCATES

1. Sidewalks wherever needed.
2. 5c bus fare to Union Center.
3. Extended local telephone scope to Newark and Elizabeth.
4. Federal Post Office building.
5. An active Board of Trade to stimulate "Try Springfield First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry, to increase tax ratables.
8. Extension of mail delivery by local R. F. D. routes, to all portions of the township.

REGIONAL HIGH

(Editor's Note: "Regional High" covers the happenings of interest about former pupils and what they're doing.)

Lieutenant Anthony H. Guerriero, son of Mr. and Mrs. Carmine

Guerriero of Garwood, has been awarded the Air Medal for meritorious achievement in flights in the Southwest Pacific, from September 1, 1944 to March 31, 1945. The citation explains that Lieut. Guerriero took part in sustained operational flight missions during which hostile combat was probable and expected. These flights in-

cluded long-range single plane reconnaissance missions over enemy bases, airdromes and shipping, in which heavy anti-aircraft fire was encountered. These operations aided considerably in the recent successes of General George C. Kenney.

General Kenney wrote to Mr. and Mrs. Guerriero telling them of their son's achievement. Lieut. Guerriero recently was promoted from second to first lieutenant. He is with the Fifth Air Force in the Philippines.

Lieut. Guerriero was a member of the first class to graduate from Regional High in 1938.

Issued by Continental Post No. 229, American Legion, Springfield, in the best interests of servicemen and women.

It is our purpose in The American Legion to stimulate national solidarity and teamwork, unity of action in every activity which will help win this war completely and finally in every theater. After that, we want orderly demobilization and adequate jobs and opportunities; the maintenance and individual freedom and the American way of life; the safeguarding of our nation from attack from any and every quarter; and an effective formula for maintaining peace.

We have demonstrated to the world during this tragic war the power of the American People when they face a grave emergency.

The United States stands before the world today as a nation which fights its way through, without the inefficiencies so often attributed to popular government. We stand as a united people of high courage on the battlefronts. We have shown a vast resourcefulness for unparalleled production of the tools of war. We must continue to be as united in protecting and strengthening our democratic institutions; in seeing that they function for the human good as a hope for free men everywhere.

There is one reason, above all others, why we have made the progress which we have in this conflict. It is largely because the great body of American people, with few exceptions, forgetting all differences of racial origin, of religious beliefs or political concepts, have made the winning of the war their first order of business.

To the prosecution of the war, the American people have given their young men and young women; their resources and their most concerted effort. Solidarity and teamwork explain both our great productivity and the advance of our armed forces on the opposite sides of the world. Solidarity and teamwork have brought into bold characters the outlines of Victory that were so dim after Pearl Harbor.

We now know that we cannot relax our efforts here at home, but rather, we must intensify them to meet the urgent call of our military leadership for more munitions and supplies, to continue the splendid progress of our armed forces. Our uninterrupted endeavors for them must continue until the forces of aggression are completely routed.

Analysis, discussion and the exchange of opinion are essential in

LOST MOTION

Good mechanics are economists. Whether a workman is a competent millwright or a graduate mechanical engineer, he is an enemy of lost motion. And lost motion is a menace to prosperity, serious as fire. When an engine is running idle it is only wearing out. When a machine is driven with its brakes on, the waste is even more damaging; property is injured and energy thrown away. What is true of a mechanical assembly is true of a human organization in this respect. The owners of a farm or the stockholders of a corporation are no

penny richer for having a crew that works hard all day doing nothing. Work is necessary on a farm; sweat and calluses are only incidental; it's the crop that brings in the money and pays the men who till the land.

Production Pays

Prosperity results from work but not from all work. Prosperity results from productive work. People who keep busy but don't increase the yield might as well be resting. The man who figures out a way to increase yield without extra labor is the best on the job. He works with his brain; knows enough to stop lost motion, to take precautions against fire and the like.

In England there is a magazine called The Economist. It is Britain's leading financial publication. It is read and respected by business men and financiers generally. Right recently it has been running a series of articles entitled "A Policy for Wealth." The articles have shown why England is poor; that is, why the English people must put up with low living standards.

Deserve the Best

A large and respected group of Americans often say "Mother England." The British are a proud and industrious people and the British well understand how to enjoy and appreciate life's good things. They deserve to live as well as anybody, but they don't. What's the reason? Well, here's what one writer for The Economist, looking back at 1843, has to say: "Industrial efficiency, as measured by production per head, was roughly similar in Great Britain and Germany while in the United States it was more than twice as great as in the other two coun-

tries." The statement is that of Dr. Leon Rostas, based on serious study of authentic records. Now there is a movement on foot in England to double her productive output per man by 1972.

Lest We Forget

No longer ago than 1943, when America and England both had full employment, our American workers were twice as well off. They were producing enough to live twice as well as the British. About that time Britain was investing only 3% of her income in equipment for additional production. It was like a woodman saying, "Why buy a file? A dull saw pulls easier."

The British point to America and say, "Look! They work fewer hours a day, earn more money and live better than we, all because they encourage more investment in tools to produce more goods per man." It's the truth but it may not be true long.

America is starting her post-war race with her brakes on—high taxes to discourage investment. England wisely encourages production. Unless we adjust today's tax laws, we will be poor, watching the British fare well in 1972.

Girl Scout Troop 2 held a Court of Awards yesterday at the James Caldwell School. Mothers were invited to this meeting.

Lorraine Weber and Doris Rutscher received stars for perfect attendance. Second class ranks were given to Ursula Burger, Joan Cosgrove, Lorraine Weber, Kay Gramp, Lynn Forbes and Doris Rutscher.

The Expert Rifleman qualification is next to the highest rating in the N.R.A. series of fifteen qualification awards. During the entire year of 1944, only 500 American riflemen succeeded in earning this honor, although a total of 79,716 qualifications in all ratings were issued.

McCarthy is a junior at Regional High. He has been shooting for six years. As a member of the Ciba Rifle and Pistol Club, his training has been supervised by Roy S. Tinney, club instructor.

War Prisoners Aid

Because newspaper accounts of conditions in the German concentration camps often appear on the same page with articles on the war, it is likely to confuse the layman. There is, however, a little similarity between them, and the differences should be made clear.

Concentration camps contain political prisoners, many of them German citizens, and are controlled by the Gestapo. They are not under the Geneva Convention relative to the Treatment of Prisoners of War and receive no protection from it. Neither the Y.M.C.A. nor the Red Cross has access to such camps.

Prisoners of war camps, on the other hand, are under the Geneva Convention, which has been substantially observed until the recent weeks of invasion and consequent disruption of the German supply system.

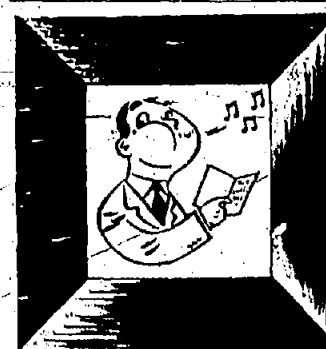

Prisoners of war camps are controlled by the German Army and not by the Gestapo. Commandants of a large number of these camps are German officers. They are in the last war, and understand fully the plight of the war prisoners. Many of these men have cooperated sincerely and effectively with the neutral representatives of the War Prisoners Aid of the Y.M.C.A., a participating service of the National War Fund, to better the lot of the prisoners in their charge.

Make this an "At Home Vacation" Year.
 Save your trip. You'll enjoy it more in peacetime.

Bronze Star Medal Awarded to Sgt. Herbert C. Schoch

Technical Sergeant Herbert Carl Schoch, son of Mr. and Mrs. Herbert Schoch of 62 Marlon Avenue, was recently awarded the Bronze Star Medal. The citation which accompanied the medal was signed by Major General Paul W. Kendall, U. S. Army.

The citation reads: "For meritorious service with the Finance Section, T/Sgt. Schoch has added immeasurably to the training of the enlisted men assigned to this Section. His extensive professional knowledge, ability to teach Finance subjects and willingness to devote long hours after the normal working day to this program, has won for this Finance Officer the commendation of higher echelons. He has ably assisted the Finance Officer in maintaining a high degree of military training and discipline in the Section."

The citation goes on to say, "As assistant to the Chief Clerk of the Enlisted Pay Department, Sgt. Schoch, by his untiring efforts, steadfast devotion to duty and outstanding initiative, has truly assisted in organizing, training and maintaining the Enlisted Pay Department to a high degree of efficiency. In addition to these duties, Sgt. Schoch has often been called upon to assist the Finance Officer in the capacity of cashier, and has performed these duties in a highly competent manner. His actions reflect great credit upon himself and are in keeping with the highest tradition of the Armed Forces."

T/Sgt. Schoch has been in service almost three years. He is with the 828th Division of the Fifth Army. He has been overseas 20 months and has served in North Africa and Italy.

Boy Scouts to Hold Court of Honor Session

Preparations for the first Boy Scout Court of Honor in the Springfield District are well along toward completion. This important Scout ceremony, at which various achievement awards are given, will be held at the James Caldwell School on Friday, June 22, at 8 P. M. Anyone in Springfield is invited.

Scouts from Troops 68, 70 and 72 are awaiting this event, in which they receive recognition of the advancement work they have completed in the past several months. The General Eisenhower awards for outstanding cooperation in the scrap paper drives during March and April will also be presented on this evening.

After the ceremonies, Leslie Guest of Summit, who is secretary to the Society of American Magicians, is scheduled to mystify the audience with a half-hour of magic.

It is hoped that parents, friends and neighbors will turn out in good numbers to make the evening of June 22 a memorable one in Springfield Scouting.

Veterans Should Have Social Security Numbers

Many features of the old-age survivors insurance plan are of particular interest to returning veterans, it was pointed out by Leonard P. Sawvel, manager of the Social Security Board field office at 1143 East Jersey street, Elizabeth, which administers Union and Somerset Counties. Many veterans will be entering employment for the first time, he said.

"A social security account card is required for any job in business or commercial activity. An account number is issued by field offices upon receipt of an application signed by the veteran (Form SS-5).

"A veteran who returns to his old job needs to know the social security number which was given to him when he got his first job. Many will have them but a large number who have lost his card and is returning either to his old job or is entering a new job should apply to the nearest Social Security Board field office for a duplicate.

"Most State unemployment compensation agencies will require account numbers from veterans who apply for unemployment allowances under the G. I. Bill of Rights. All field offices have been instructed to issue account numbers for this purpose to veterans even though they may not enter business or commercial employment which is ordinarily subject to social security," Mr. Sawvel said.

"Many ex-soldiers or sailors who formerly worked under social security will want to know how much money is posted to their credit. Past card forms (OAR-7004) for this purpose are available at all field offices. If a worker finds that the wage statement furnished him by the Social Security Board is not in accordance with his own record of wages, he should report this fact to the Social Security

Editor's Note—When your service man or service woman has been home on furlough, been promoted, graduated, transferred, why not mail it to the SUN or phone the office. Many of them in the service, miles away from home, like to read of the whereabouts of their friends, former schoolmates and relatives. We will be pleased to accept a photo of your service man, if we do not already have one in uniform. If we do, we'll be pleased to return the picture with a news item at your request.

Staff Sergeant Floyd Thurston, from an air base in Panama, sent a letter this week "expressing appreciation for the SUN arriving in regular intervals."

Robert McCarthy, son of Mr. Mr. and Mrs. Edward McCarthy of Salter street, was recently advanced from private to private first class. He was also recently transferred from Columbia, South Carolina, to the Personnel Center supply station at Fort Bragg, North Carolina.

Sergeant and Mrs. William R. Buetel are visiting this week at the home of the former's parents, Mr. and Mrs. William Buetel at 160 Mountain avenue and left yesterday for a visit with Mrs. Buetel's parents, Mr. and Mrs. Frank Wilson of Maud, Oklahoma. The sergeant has been stationed at Fort Worth, Texas, for the past 16 months with a B-23 bombing squadron. He has been in service for the past three years. He received his basic training at Brookfield, Texas. Previous to his enlisting, Sergeant Buetel was employed by the Monroe Calculating Machine Co. of West Orange.

Private First Class Rodrick Bohi of 365 Morris avenue writes from somewhere in Germany, "Want to again take time to thank you for the Springfield SUN. The paper has come as regular as could be expected, under war time conditions. Have been glad to receive the paper as it keeps me informed about the things at home and also of the things other service men from town are doing."

Corporal Robert H. Fisher, grandson of Frank Stiles, Sr., of 517 Mountain avenue, is home on a 30-day furlough from overseas duty. He was stationed in Italy and has been overseas for the past 18 months. He will resume active service on June 28. He is a member of the 13th Air Force Ground Crew.

SIDNEY SCHAFER, son of Mr. and Mrs. Julius Schaffer of 246 Morris avenue was honorably discharged from the Ordnance Department of the Fifth Army on June 3. He was in service for 46 months and was a technician fourth grade. He had been overseas for 37 months. He had been in the European theater, serving in Italy, Sicily, Africa and Ireland.

In a recent letter to his parents, **Corporal John Schoch** writes: "I had quite an interesting experience today. Heard that a coast guard ship was in the harbor. Got a small craft to take me out and visited Ray Schoch. We spent about four hours together. I had dinner aboard ship, and must say it was the best meal I have had since I am overseas. Ray has been seeing places and doing things, and certainly deserves a change of scenery and climate. I hope to visit him again if he stays around these parts for any length of time."

Cpl. Schoch is in the Philippines with a Provisional Signal Oper-

Interested men should present themselves at the meeting of Flotilla 320 at the schoolhouse opposite the Fire Station on Millburn avenue, Millburn, at 8 P. M. any Monday evening, or make inquiries by phone or letter to any of the above listed officers.

First Lieutenant Osmulski Destroys Jap Gun Battery

STANLEY P. OSMULSKI, Stanley P. Osmulski, son of Mr. and Mrs. Edward W. Osmulski of Mountain Avenue, has been promoted to First Lieutenant.

Lieutenant Osmulski has been awarded the Air Medal with two Oak Leaf Clusters, and wears the Philippine Liberation ribbon and a battle star in his Asiatic-Pacific ribbon.

When Jap anti-aircraft gunners destroyed an airplane in his formation, First Lieutenant Osmulski, bombardier on a 7th Army Air Force Liberator, made certain the gun battery had hit its last American plane.

"The gun position had been assigned to our flight," Lieutenant Osmulski said. "I hit the battery squarely with a 500-pounder. Japs, earth and guns were scattered all over the area by the explosion."

"This is to advise you that now is not the time to take a nap. This hour is publicly urging mothers, fathers, wives, sisters, brothers and sweethearts of our fighting heroes to protest against this plan. We also are going to call upon the American Legion, Veterans of Foreign Wars, Jewish War Veterans Posts, Catholic War Veterans Posts, and other patriotic organizations; not only to vigorously express their objections to the plan which you approved but to make some effort to induce government officials to keep every conscientious objector in his assignment until at least six months after this glorious nation has achieved its victory over Japan."

Joseph Kramer, Owen Morrison Held Reunion

A reunion of Staff Sergeant Joseph Kramer, son of Mr. and Mrs. Joseph C. Kramer of 22 Henshaw avenue and Sergeant Owen Morrison, son of Mr. and Mrs. Roy Morrison of 13 Henshaw avenue took place on May 28 somewhere in England.

Morrison, who came from Munich, Germany, surprised his friend with a phone call. They made plans to meet where Kramer is stationed. The boys spent three days together and with the permission of the commanding officer, Major Koene, Kramer took his friend up for a two hour flight.

After spending their time reminiscing about Springfield, they took some pictures. Sergeant Morrison returned to Seventh Army headquarters where he is now waiting reassignment. Staff Sergeant Kramer is expected home sometime this month from England where he is stationed with the Fifth Army Air Force.

The boys have been friends and neighbors since childhood days. Both attended the Raymond Chisholm School and Regional High.

lege to visit Civilian Public Service Camps where he observed the vacationers building small wooden bridges, painting directional signs, fostering photographic hobbies in specially built dark rooms, holding nightly conferences from leather cushioned chairs surrounding huge fireplaces, and travelling in their own autos, which are parked at the camps, to the nearest town, to shop, go to the barber, or attend movies. Yes, they have served as guinea pigs for medical experiments. So have prisoners in the New Jersey State Penitentiary.

"They have no worries, cares, or responsibilities. Their folks at home have no heartaches, no sleepless nights. Meanwhile, their brothers in arms are spilling blood and sacrificing lives."

"The approved plan also declared that the objector will lose one point for each day he was AWOL and one point for each day he refused to work. What a contrast to the treatment accorded a real, fighting soldier, sailor or marine who went temporarily haywire, perhaps from battle-fatigue, and who was court-martialed and sent to prison."

"Approving a plan to release objectors to civilian life to seek the best jobs while our sailors and marines, for whom there is no demobilization plan, continue to face shell fire from savages, is most despicable."

"This is to advise you that now is not the time to take a nap. This hour is publicly urging mothers, fathers, wives, sisters, brothers

The 37 missions have averaged more than 10 hours in length. Missions of 14 hours and 2,500 miles in a single day have not been unusual.

Lieutenant Osmulski was graduated from Roselle Park High School in 1935. Prior to his entering service in January, 1941, he was employed in a trucking business for himself.
