INDEPENDENCE DAY

Our most important national holiday—Independence Day—will be observed throughout the nation and wherever our fighting men and women throughout the world may be, on Wednesday.

It is the anniversary of the day our forefathers gathered their slight strength together and declared this country independent of one of the most powerful nations of all times—the British Empire.

Slight strength? The cause of freedom, the love of liberty inherent in our people, gave us courage, and our belief in God gave us strength—the mightiest strength that any peoples can have.

Throughout the years of the Revolution, that strength never wavered—the courage never waned. And each Fourth of July, particularly in the northeast section of the United States where the majority of our people lived, and where the fighting raged, our forefathers pledged anew that our land of liberty should be just that—independent, free, and freedom granting to all our citizens.

Here in Springfield is the site of one of the major battles of that war. Here are historical landmarks—a church, symbol of freedom from religious persecution, homes, symbols of the rights of individuals to own and maintain property as they see fit, rather than paying "land rent" because all land was government owned.

And here in Springfield in this year of grace 1945, Independence Day will go unmarked by a suitable observance of the principles for which our ancestors fought and died, and for which our fathers, brothers and sons are fighting and dying today.

At a time when our government is appealing for people to stay home, to avoid unnecessary travel, there will be nothing in Springfield to induce people to celebrate the day at home.

An unfortunate occurrence a couple of years ago has persuaded the town to quit cold in renewing its faith in the principles laid down so long ago.

During all the wars our people have fought for freedom, our fighting men have never quit. That is why our nation has emerged as a world power. Are we, at home, to be the ones who quit?

When our fighting men can't get through a bad stretch one way, they find another. Are we, at home, the ones to lack imagination in finding another way to observe this important American birthday?

Springfield, with its rich historical background, should be an example to our neighboring communities, instead of having our townspeople go out of town to neighboring communities because those communities are showing Springfield the way to get around obstacles.

With the war in Europe over, and the Japanese war being taken home to the enemy, this should be one of the nation's proudest birthdays. It won't be, in Springfield, because of a small, unfortunate incident a couple of years ago.

Let us hope that July 4, 1946, will see a resurgence in Springfield of that great, indomitable spirit of 1776.

Endorse Pascoe As GOP Nominee For Governor

A resolution urging the nomination of State Senator Herbert J. Pascoe of Union County as Republican gubernatorial candidate in 1946 was adopted Sunday by a group of Republican leaders at their annual picnic at the farm of Anton C. Swenson in Murray Hill. The resolution was presented Tuesday to the G.O.P. committee session in Trenton by Republican State Committeeman Norbert T. Burke of Summit. Burke added that he would solicit support for Pascoe from Essex County, and other counties not pledged to support "favorite sons."

Pascoe told the group that there are a "number of gubernatorial candidates." Including Senator David Van Alstyne, Jr. of Bergen, and Senator Frank S. Farley of Atlantic, who, he claimed, are "determined" to run, and State Alcoholic Beverage Commissioner Alfred C. Driscoll. Pascoe also told the group that Guy George Gabrielson, of Bernardsville, national committeeman, would probably oppose the nomination of H. Alexander Smith to the Senate, and he thought a ticket made up of Smith for governor and Governor Walter E. Edge for U. S. Senator, would probably bring harmony to the G.O.P. ranks.

Included in the group attending the caucus were: Judge Walter E. Hatfield, III, Anthony J. Marino, of Plainfield; J. Edwin Carter, Frederick G. Sigler, Committeeman Guido F. Forster, Elmer N. Rinhart and George C. Warren, Jr., of Summit; Deputy Surrogate Frank D. Jueques, Cranford; Acting County Clerk Greer C. Trotter of Westfield; Judge Milton A. Feller, and Wilfred Dempsey of Elizabeth; County Pirasms Inspector Franklin G. Schaffer, Jr., Major Albert F. Nathan, Charles LaSasso; New Providence Township Clerk William Russo, Harry H. Ring and Harold Wilson of New Providence Township, and R. A. Durling of Roselle.

Booklet For Service Men and Women Available

Representative Clifford P. Case has available for distribution to his constituents, a booklet for service men and women of World War II, he said today.

This official publication covers employment assistance, hospital care, vocational training, income tax, educational help, discharge allowances, and missing persons. Anyone needing a copy, said Representative Case, may have it by writing to him at Room 425, House Office Building, Washington.

Granted Citizenship

Albert S. Kuhn of 40 Bryant Avenue and Elizabeth K. Retymund of 65 South Maple Avenue were among members of a group of 75 persons who received their naturalization papers before Judge Edward A. McGrath in Elizabeth on Tuesday.

Railroads and buses are carrying their peak loads. Eliminating non-essential travel will ease their burden.

DID YOU?
Ever visit the Observation Tower in the Watching Reservation where, on a clear day from a height of 600 feet above sea level, you can get a superb view of Union County with the New York skyline in the distance?

Editor's Note:—When your service man or service woman has been home on furlough, been promoted, awarded or transferred, why not mail it to the SUN or phone the office. Many of those in the service, miles away from home, like to read of the whereabouts of their friends, former schoolmates and relatives. We will be pleased to accept a photo of your service man, if we do not already have one in uniform. If we do, we'll be pleased to return the picture with a news item at your request.

This is John and Mary Doe on their way to Overlook Hospital to register as donors to the Blood Bank. They first made their appointment by calling Summit 6-4145. Please turn to Page 1.

Here are John and Mary at the Hospital. "Why, it doesn't hurt a bit," Mary says of the "sampling" in which a small drop of blood was taken from her finger. John and Mary will be given a physical examination by a doctor. Please turn to Page 1.

Laboratory technicians type blood and a permanent record is made. Mary's record is filed for future use. She will be called when her type of blood is needed. However, there is an immediate need for John's type of blood and he makes his donation the same day. Please turn to Page 1.

John and Mary Doe go home with a three years' credit at the Blood Bank which will entitle them or members of their immediate family to a transfusion without the usual blood charge. They feel pretty good about their foresight and community service. John has particularly enjoyed the light refreshments he has been given before leaving.

Unnecessary trips interfere with the proper handling of those who must travel.

"MY COUNTRY, 'TIS OF THEE"

Written in 1832 when America was very young, it seems particularly fitting that this favorite patriotic song should have been the message of a youth, a student at the Andover Theological Seminary. It is inspiring thought that we and the Mother Country join in the same tune when singing our national hymn of pride.
