Frances Miller, Harold Palmer, Jr., Married Saturday

Miss Frances Miller, daughter of Mr. and Mrs. Watson Chapin of 212 Balthasar avenue has been accepted by the School of Nursing at the University of Michigan. Miss Chapin will leave in October for her classes which are scheduled to begin October 24.

She is a member of the June 1945 graduating class of Regional. While in high school she was a member of the Glee Club, choir and the National Honor Society.

Miss Alice Hart, daughter of Mr. and Mrs. Harry S. Hart of 87 Tooker avenue, has been admitted to the freshmen class at New Jersey College for Women at New Brunswick. She plans to enroll in the pre-nursing curriculum.

Miss Hart is a graduate of the June, 1945, class of Regional High. While in high school she was a member of the National Honor Society, library council, Juniors Red Cross, school orchestra and also took an active part in basketball and hockey. Classes begin on September 24.

The bride wore a white gown and train, with a finger tip veil. She carried a bouquet of white roses and baby's breath. The maid of honor wore a pink gown and a blue headpiece of veiling. She carried a bouquet of red roses. Both Mrs. Miller and Mrs. Palmer wore white jersey dresses and corsages of red roses.

Following the reception the couple left on a week's wedding trip to Point Pleasant. For traveling Mrs. Palmer wore a green suit, with brown accessories and an orchid corsage.

Mrs. Palmer attended Linden High School and is employed by the Cantaco Co. of Rahway. She will continue to reside with her mother while her husband is in service.

Pfc. Palmer attended Springfield Schools and is a graduate of Millburn High School. He entered the service on March 9, 1943 and spent nine months overseas. He arrived home from Germany on August 6, on a 30-day furlough. At the completion of his furlough he will report to Fort Dix. While overseas with 106th Division, Pfc. Palmer received the Good Conduct Medal and the European Theater of Operations ribbon with four battle stars. His battalion was awarded the Meritorious Service Plaque.

Lois Chapin Will Enter Michigan

Miss Lois Chapin, daughter of Mr. and Mrs. Watson Chapin of 212 Balthasar avenue has been accepted by the School of Nursing at the University of Michigan. Miss Chapin will leave in October for her classes which are scheduled to begin October 24.

She is a member of the June 1945 graduating class of Regional. While in high school she was a member of the Glee Club, choir and the National Honor Society.

Miss Alice Hart Accepted by N.J.C.

Miss Alice Hart, daughter of Mr. and Mrs. Harry S. Hart of 87 Tooker avenue, has been admitted to the freshmen class at New Jersey College for Women at New Brunswick. She plans to enroll in the pre-nursing curriculum.

Miss Hart is a graduate of the June, 1945, class of Regional High. While in high school she was a member of the National Honor Society, library council, Juniors Red Cross, school orchestra and also took an active part in basketball and hockey. Classes begin on September 24.

Miss Helen Gerdes Enters Nurse Corps

Miss Helen Gerdes, daughter of Mr. and Mrs. Benno Gerdes of 90 Tooker avenue will begin her training as a Cadet Nurse Tuesday at the Presbyterian Hospital, Newark. Miss Gerdes is a June, 1945, graduate of Regional High. Her sister, Miss Amy Gerdes, has been in training for a year at City Hospital, Newark.

Rosary-Altar Resumes Meetings

The Rosary-Altar Society of St. James' Catholic Church will resume its regular meetings on Monday, September 10 at the Rectory. Following a business meeting at which the members will set up a program for the coming year, they will play cards. Mrs. Edith Baron will preside.

First Woman Sergeant

Molly Pitcher was the first woman sergeant in the American Army. Washington appointed her after her heroic feat in the Battle of Monmouth.

Sunshine Society to Meet

The Millburn-Springfield Sunshine Society will hold its September meeting on Thursday, September 27, at 10:30 a. m. at the home of Mrs. Arthur Prinz of 18 Washington avenue.

Miss Jean Hershey, Russell Gogel Plan September Wedding

Mr. and Mrs. Engel Hershey of Millburn announce the coming marriage of their daughter Jean, to Russell R. Gogel, son of Mr.

JEAN HERSHEY

The bride-elect will have as her matron-of-honor, her sister, Mrs. Lindsay Streeter of Millburn. Bridesmaids will be another sister, Miss Esther Hershey, Miss Margaret Coe of Millburn and two former roommates at Trenton State Teachers College, Mrs. Edwin Lukmire of Maplewood and Miss Helen Doyle of Bellmead. Best man will be Charles Wettsch of Nutley. Ushers will be announced later.

A graduate of Trenton State Teachers College, Miss Hershey is a teacher at the James Caldwell School. Mr. Gogel was recently discharged from the Army after serving for two years in the Pacific.

Mrs. Lukmire was hostess Saturday in her home at a surprise miscellaneous shower for Miss Hershey.

D. of A. to Hold Initiation Meeting

Pride of Battle Hill Council No. 17, Daughters of America, will have initiations at their meeting on Friday evening, September 7. The meeting will begin at 8 P. M. sharp.

Officers are to wear white and guards are to be in uniform.

Proceeds of the scrap drives enable the Legion to send the SUN free every week to servicemen and women. Save a bundle a week.

A SUN classified ad at 50 cents will save time, money and get results. Millburn 6-1276. — adv.

Added to the growing population of Springfield are Mr. and Mrs. William Edgill, formerly of Maplewood, who have recently moved into their new home at 53 Park lane.

Miss Phyllis Poetsche, daughter of Mr. and Mrs. Conrad Poetsche of 139 Linden avenue will entertain sixteen guests at her home tomorrow evening.

Miss Poetsche will celebrate her sixteenth birthday. Those present will include Evelyn Geljack, Vivian Grate and Cecile Grate of town; Doris Marlene, Eleanor Fronhofer, Corrine Sullivan and Gertrude Hoekel, all from out of town. Boys present will include Arthur Silva, Berni Bucholz from town, and those from out-of-town are Tom and John Mykityshyn, Rudy Albert, Frank Morrell, Fred Duschaneck and Edward Melka.

Mrs. H. M. Buell of 41 Clinton avenue, whose birthday is tomorrow, received, via Clipper, a cor-

PERSONALS

Mr. and Mrs. John H. Mackenzie of 62 Marion avenue will return home Monday after spending two weeks with their parents, Mr. and Mrs. J. H. Mackenzie of Hope Valley, Rhode Island, and Mr. and Mrs. A. Hicks of Winthrop, Mass.

Jack Wilson of 62 Marion avenue will return home Sunday after spending a week with his aunt and uncle, Mr. and Mrs. F. R. Bailey of Hope Valley, Rhode Island.

Mrs. Virginia Winters of 82 Marion avenue spent the past two weeks at Asbury as guest of her cousin, Mrs. Ruth Keegan of Irvington.

Miss Mildred Morris of 24 Brook street has returned after spending two weeks with her grandmother and aunt in East Orange and left this week to spend the rest of her vacation in Pennsylvania.

Mr. and Mrs. William A. Snider of Profit avenue had as recent guests, Mr. Snider's brother and sister-in-law, Cpl. and Mrs. Edward J. Snider of La Grange, Kentucky. Cpl. Snider is formerly of town.

Mr. and Mrs. Edward Schenck, formerly of Freeport, Illinois, have recently moved into their new home at 48 Keeler street.

REGIONAL HIGH

(Editor's Note: "Regional High" covers the happenings of interest about former pupils and what they're doing.)

Mr. and Mrs. Padraig S. O'Dea of Garwood have announced the engagement of their daughter, Nora, to Robert W. Davis, son of Mr. and Mrs. Curtis W. Davis of Cranford. A dinner party was given in honor of the young couple to announce the betrothal. Miss O'Dea is a graduate of Regional High and Mr. Davis is a graduate of Cranford High. At the present time he is employed by the Western Electric Company.

Mr. and Mrs. Frank P. Massa of Garwood have been notified by the War Department that their son, Lieutenant Vincent J. Massa, listed as missing over Europe since June 30, 1944, is now officially dead.

Lt. Massa, 19 years old at the time of his death, was the holder of the Distinguished Flying Cross and the Air Medal with three Oak Leaf clusters. He had completed more than fifty missions over Europe, serving as a pilot of a P-47 Thunderbolt. He took an active part in the D-Day air battle over Normandy.

At the time of his enlistment he was taking a post-graduate course at Regional.

F. D. Carvin Heads Jersey CAP Wing; Veteran World War I

Colonel Harry H. Blee, USAAF, Acting National Commander of the Civil Air Patrol, last week announced the resignation of Lt. Colonel Carroll D. Smith, Jr., as Commander of the New Jersey Wing, CAP, and the appointment of Major Frank D. Carvin as Commanding Officer.

Major Carvin heads the Mechanical Engineering Department at Newark College of Engineering. He has been associated with Civil Air Patrol, an auxiliary of the Army Air Forces, since its origin a week before Pearl Harbor. He served on Wing Headquarters Staff for the past four years, holding the offices of Personnel Officer, Training Officer, Wing Adjutant and Executive Officer. He served in the Signal Corps, Aviation Section, during World War I and is now a private pilot. He has been connected with aviation since 1920 in the educational field and conducted the Civil Pilot Training Program at the Newark College of Engineering during the early years of the war.

New Head of CAP

MAJOR FRANK D. CARVIN

FROM GARDEN TO SHELF

By MARY W. ARMSTRONG, Union County Home Agent.

BEANS

Think of all the hearty, nutritious, cold-weather dishes your family can enjoy in a few months if you take time now to can a supply of limas, shelled snap beans and green soybeans! There is nothing more delicious of a wintry night than a piping hot, hearty, well-seasoned baked beans — and there is no better time to do up the beans that make it than in late August.

One bushel of lima beans will yield 14 to 16 pints when canned. If your prefer thinking in smaller amounts, count on 1½ to 2 pounds of limas for 1 pint jar.

If lima beans are sorted for size after they are shelled, and before they are precooked, a better finished product will result. If they are canned in a jumble of sizes, the large beans will not be cooked enough and the small ones will be mushy.

Some varieties of beans are larger than others, but regardless of the variety it is only the young, tender beans which should be canned.

Remember, too, that whether it is limas, shelled snap beans or green soybeans you may be canning, it is most desirable to do them the same day they are picked if that is at all possible.

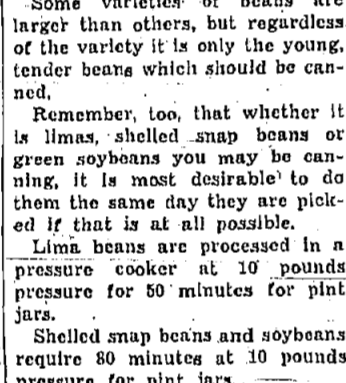

Lima beans are processed in a pressure cooker at 10 pounds pressure for 90 minutes for pint jars.

Shelled snap beans and soybeans require 80 minutes at 10 pounds pressure for pint jars.

Although the pressure cooker is the safest method for processing all shell beans, a boiling water bath may be used. Allow 180 minutes for all three kinds of beans in pint jars.

Jars of beans processed in a boiling water bath should be boiled in an open kettle for 10 minutes after they are opened and before they are tasted or served.

Fordhook Bush limas or King of the Garden pole freeze well when they are tender and fresh. Vary the blanching time according to the size of the beans. Tiny green ones need only 1 minute of boiling, while the larger ones may require 2 minutes. This means counting the time after the water with the beans in it, has returned to boiling. Beans are sold, so it is necessary to be sure they are chilled to the center before packing them in cartons to freeze.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

CIVILIANS AT PEACE

The Government needs and asks its citizens in this second week of peace to:

1. Use the nearest of 4,000 United States Employment Service offices to locate a job or a worker for a job. By using these clearing houses you will avoid turnover, duplication, and lost time and travel in the job shifts during reconversion.
2. Eat and store potatoes to avoid spoilage of this nourishing, cheap and plentiful food. The 1945 crop is expected to be one of the largest on record.
3. Postpone your pleasure travel a few months longer. Leave the trains free for more comfortable journeys for troops who will soon be returning at the rate of more than 600,000 a month.

Reminders—Last Date For Use MEATS, FATS—Red Stamps Q2 through U2, August 31.

Red Stamps V2 through Z2, September 30.

Red Stamps A1 through E1, October 31.

Red Stamps F1 through K1, November 30.

SEUGAR STAMPS—35, August 31. Next stamp becomes valid September 1.

SHOES—Airplane Stamps Nos. 1, 2, 3, 4, in Book Three continue valid indefinitely.

Plans For Memorials Available From SPB

Surplus aeronautical property may now be used by State and local governments for memorial as well as educational, research and experimental purposes, the Surplus Property Board announced. As in the case of educational distribution, none of the equipment may be used for flight purposes and the recipient must pay the cost of transportation.

Although many communities may wish to acquire surplus bombers and fighters as memorials to their citizens who fought for their country, the board urged that great care be taken in preserving such aircraft and recommended that all memorial aircraft be kept under suitable cover to prevent deterioration.

State and local governments desiring to make application under this new provision should write to Russell H. Hedleston, Chief, Educational Disposal Section, Reconstruction Finance Corporation, Washington 25, D. C.

VPB Lifts Controls On Consumer Products

In a series of sweeping moves to facilitate the reconversion of industry and speed the flow of a wide variety of peacetime products into the hands of consumers, while still avoiding price inflation, preemption of scarce supplies, or a buyer's scramble, the War Production Board has dropped 210 more individual controls over industry, J. A. Krug, WPB Chairman, says.

Limitations on the number of radios, refrigerators and trucks that could be manufactured for civilian use were removed. Restrictions on a long list of other products were lifted and the materials freed for consumer goods. Affected are metal furniture, domestic stoves and laundry equipment, electric fans, motorcycles, storage batteries, photographic film, shipping containers, oil-burning equipment, silk and cotton duck, as well as a large number of other products.

Household Goods In Stores This Fall

Household washing machines, ironers and aluminum kitchenware will be back in the stores this fall at 1942 prices, according to Price Administrator Chester Bowles. Manufacturers will be required to tag the pots, pans, stoves, washing machines and ironers with their retail ceiling prices, Mr. Bowles says. Models will vary in style and price much as they did before the war.

Class 2 Slaughterers Quota Period Changed

The date of the beginning of quota periods during which Class 2 slaughterers may slaughter 100 per cent of their quota bases for cattle has been changed to quota periods beginning on or after July 23, 1945, OPA says. The original date set was for quota periods beginning on or after August 1, 1945.

A Class 2 slaughterer, during a quota period, may carry over to the next consecutive seven days of that period any unused portions of the part of the quota for each

species of livestock he was permitted to slaughter during preceding consecutive seven-day period in the same quota period, OPA says.

Working Teen Aged Urged To Go To School

Teen age boys and girls who have had wartime or summer jobs are urged to go back to school by leading officials of the Department of Agriculture.

M. L. Wilson, Director of Extension Work, says: "In preparation for the world of tomorrow, no boy or girl can afford to sacrifice the educational opportunities which completion of his or her high school education offers. World War II has proved that it is relatively easy to acquire practical training for a specific job. But to enjoy greatest happiness, and in order to take an intelligent and active part as a citizen in a free democracy, every boy and girl should consider the completion of a high school education as the minimum educational goal."

Wood For Fuel Urged By WPB

Increased production, distribution and use of wood as fuel for residential heating is suggested by the Consumer Fuels Division of WPB's Office of Civilian Requirements as one way to relieve the nation's critical fuel shortages this winter. OCR officials emphasize the immediate need for cutting fuel wood, especially hardwoods, to permit drying for 60 to 90 days before use. The importance of wood as a fuel is emphasized by the fact that the heat generated from one cord of hardwood (a pile 8 feet long, 4 feet high and 4 feet wide) is almost equivalent to that produced by a ton of coal, WPB says.

Farmers who earn partial livelihoods from wood crops, and workers released from war plants because of military cutbacks, are urged by OCR to make more fuel wood available to homes in their rural districts and to the urban areas in the vicinity.

Well-Trained Labor New Jersey has a well-trained labor force as 35,000 men and women have been trained by the 24 public vocational schools in New Jersey during 1941, 1942 and 1943 and 75,000 foremen and supervisors in New Jersey's industries have been trained in Job Instruction, Job

Relations and Job Methods through the Training Within Industry Service, War Manpower Commission.

Food will be scarce next winter. The Canning Center will help you provide for your family's needs. The Center will be open some evenings each week, as well as during the day.

MILLBURN AUTO SALES CO., INC.

APPOINTED NEW DODGE-PLYMOUTH DEALER in Millburn

NEW TRUCKS ARE HERE!

New Dodge Job-Rated Trucks are now available. Beginning with the handy half-ton pick-up models, they range all the way up to Light-Heavy Duty Trucks for the toughest assignments. See us now about your present and future truck needs.

Quality used cars are available in my main showroom.

It is with the greatest pleasure and appreciation that I announce the appointment of Millburn Auto Sales Co., Inc., as new Dodge-Plymouth dealer here. In order to conform to the Millburn community's high quality standards and to be a credit to the fine Dodge organization, my building has been completely remodeled and equipped with the latest factory-approved tools and new equipment.

My staff of mechanics have had many years' practical experience. I have a complete stock of factory-engineered parts, adequate to handle all emergency and regular repair needs of Dodge-Plymouth owners.

I anticipate being able to pick up cars for service and to return them upon completion of work—as and when promised. A feature of my shop will be a complete modern specialized lubrication department. Millburn Auto Sales Co., Inc., will serve Millburn, Springfield and Short Hills.

I want to invite the residents of these communities to stop in and meet George Bundy, my service manager. Let him demonstrate the complete facilities of my shop.

President

WE ARE PROUD TO DISPLAY THIS FAMOUS SIGN OVER OUR NEW SERVICE ENTRANCE

IT IS THE NATION-WIDE SYMBOL OF SERVICE DEPENDABILITY

Mayor Appoints A. E. Hartung to Borough Council

MOUNTAINSIDE—At a meeting of the Borough Council Tuesday night, Mayor Melri C. Hoy appointed A. E. Hartung as councilman to fill Mayor Hoy's unexpired term in that position. Mr. Hoy had been elected Mayor upon the Council's receipt of John Moxon's resignation this summer, and Hoy's position of Councilman had been vacant since that time.

Tax Collector W. F. Lanning reported \$31,825.32 received during the month of July, and Building Inspector Herman E. Honecker's report submitted for the same month showed \$7,850 in building permits issued.

A resolution was received from Freeholder, Charles Bauer for the county freeholder's road committee reading "Whereas the Borough of Mountainside advertised for bids for this work July 31, 1945, the lowest bidder being the D. and L. Construction Company of Railway at \$8,111.11, and whereas the Borough of Mountainside awarded the aforesaid work to the D. and L. Construction Company at their figure of \$8,111.11, subject to the approval of the Board of Freeholders, the resolution is approved by the Board of Freeholders."

Fred Honecker was granted a scavenger license by the Borough during the course of the meeting, and the liquor license amendment to regulate the sale and distribution of, and providing for fees and penalties for violation of the law, was approved and passed.

Births in Borough

MOUNTAINSIDE — Coxswain and Mrs. James Debbie of Springfield road are the parents of a baby girl, Sharon Louise, born Thursday, August 23, in Overlook Hospital. Her birth weight was six pounds seven ounces. Mrs. Debbie is the former Adele Roeder, daughter of Police Lieut. and Mrs. Fred Roeder of the above address, with whom she is living while Coxswain Debbie is in the Pacific. His ship, the San Marcos, an LSD, is one of those just reported as landing on Japan.

Women Bowlers Form Four Teams

MOUNTAINSIDE — Wednesday evening saw the formation of Mountainside Women's Bowling League.

Meeting at Jack and Joans, about 22 women formed the League, which will be made up of four teams of five-regular-bowlers, each team also carrying a substitute. Captains of the teams will be Mrs. Clifford Wiseman, Mrs. Charles Honecker, Mrs. Ed. Werie and Mrs. Frank Knight.

Arrangements have been made to bowl Thursday evenings from eight to 11, at Mountainside Inn. It is thought that the first games will be on the last Thursday in September, but this depends upon when the Inn opens the alleys for the season.

Mrs. Joan Cahot, elected president and treasurer, and Mrs. Helen Rottstock, secretary, stated that if anyone was unable to attend the meeting on Wednesday, but is interested in bowling, to watch the newspaper's announcement of the first bowling night and meet with the League at that time.

Borough Softball League Scores

Standings of Teams	W.	L.
Rangers	5	2
Hall and Fuhs	7	3
Bitch Hill	3	4
Jack and Joan	4	4
Mountainside Inn	3	6
Watch Hill	3	6

Results This Week
Hall and Fuhs 7, Bitch Hill 1
Mountainside Inn—Watch Hill
(Called account of darkness)
Jack and Joan—Rangers
(Did not play)

A schedule will be arranged for Sunday-afternoon play-offs of the games that have been postponed on account of rain. This schedule will be announced in the near future. There will probably be double-enders as there are about six games to be played, and only the month of September will be used.

Other Mountainside News on Page 6

Animal Stories Lead List of New Library Books

MOUNTAINSIDE — The Mountainside Public Library will welcome the children back to school and to the Library with new books for all types of readers:

"Dixie Doble" by Margaret Johnson, is the story of a wild pony who lived on Sable Island near the coast of Nova Scotia. She was captured by men and taken off in a ship, but a violent storm wrecked the ship and Dixie Doble was the only one who escaped. How she found shelter on the mainland and was tamed, make this a fascinating story for horse lovers.

"Tarnish" by Cass Johnson, is the true story of a lion cub. Mrs. Johnson has lived near these animals in the jungle and tells this story of Tarnish very well, from the time he was a furry kitten until he becomes a splendid, strong and fearless lion.

"The Black Spanish Mystery" by Betty Cavanna, who wrote "Puppy Stakes," is just what it sounds like—a black cocker spaniel moving through mystery and adventure.

"Orange on Top" by Henrietta Van der Haas is about a nine year old, with red hair and a sense of humor, which made for danger in Nazi-held Holland.

"Arrow Fly Home" by Katherine Gibson tells of two white children who were carried away and adopted into a Shawnee Indian tribe.

"Valery" by Elizabeth M. Conger, is the story of a dear little cow who joined the Whipple family in the days of her youth, and from the cute ways of childhood progressed to the stage where something drastic had to be done.

Watching Riding Club Takes 18 Ribbons at Show

MOUNTAINSIDE—At the Richmond County Horse Show held at Halloran General Hospital last Friday, Saturday and Sunday, the Watching Riding and Driving Club carried off eighteen ribbons.

Local winners were: Adult class, Norman Woolley of Coles avenue, who received a ribbon in the Novice Saddle Horse set; and, in the children series, Frank Chapot, Jr., who placed third in the Children's Hunter Set, and fourth in the Maclay, or jump set. The senior Chapotis did not compete, as their horse was ill.

CALENDAR
Aug. 31 (Fri.)—Boy Scout Troop 70, meeting, Borough Hall, 7:30 P. M.
Sept. 5 (Wed.)—Planning Board, meeting, Borough Hall, 8 P. M.

Sept. 4 (Tues.)—Tuesday Evening Group, Borough Hall, 8 P. M.
Sept. 11 (Tues.)—Borough Council, meeting, Borough Hall, 8:30 P. M.

AROUND THE BOROUGH

Mr. and Mrs. Otto Preussing of New York are visiting Mr. and Mrs. A. Matulla of Sherwood parkway.

Charles Brokaw of Mountain Avenue, has returned home from Overlook Hospital, where he has been a patient.

Carol Rumpf, daughter of Private first class and Mrs. Frederick A. Rumpf of Springfield road, celebrated her first birthday, Sunday, with a "pink" party. Guests were, Jeanne La Fleur, Grace Douglas and Harold and Rita Heseock, with their respective mothers.

Joseph Hazley of Summit celebrated his birthday in Dingman's Ferry, Pa., last week-end by entertaining the Thomas Goodalls of Sherwood parkway. Mr. Goodall's parents, the William Taylors of Bernagat, who are visiting him, and the William Jacobs, formerly of Partridge run.

Mr. and Mrs. Rolf Kristiansen of Partridge run had as guests last week, their nephews, Lynn and Scott Lowden of Stamford, Conn.

The L. L. Sevebocks of Woodacres Drive, are vacationing in Cleveland, Ohio.

The Marvin A. Paytons of Greenwood road, will move to Cranford early in September.

The John Moxons are leaving this week for a visit to their new home outside of Reading, Pa. They have been trying to get work completed on the house so that they may move in this fall.

Mr. and Mrs. F. Rodgers of New Providence road are visiting their son-in-law and daughter, Rev. and Mrs. Ansley VanDyke of Toms-River. Mrs. Van Dyke has not been too well since the birth of her baby, recently.

The John Fergusons of Deer path, have returned from their vacation trip.

The Edward Manerths of New Providence road, have returned from the Jersey shore.

Mr. and Mrs. Laurie R. Chittin, formerly of the Borough, who are now living on the outskirts of Allentown, Pa., have had as visitors recently, Mr. and Mrs. Malcolm P. Chittin, Sr., Mr. and Mrs. M.

HISTORY OF MOUNTAINSIDE

MOUNTAINSIDE — "The first elected officers of the Borough of Mountainside in October 1895, were: Mayor, Joseph W. Cory; Councilmen, Charles Badgley, Theodore A. Ball, William Schoonover, John B. Roll and George T. Robbins; clerk, Charles Forster; collector and treasurer, W. B. Stiles; constable, James O'Connors; surveyor of highways, William T. Young; commissioner of appeal, J. M. Beaman; and overseer of the poor, J. H. W. Edwards."

"Mr. Edwards is the only surviving member of the original 'Governing Body of the Borough.' Joseph W. Malford had been elected clerk, but resigned and while James Buck had been nominated, he would not serve. So Charles Forster was offered the job, and took it on the reservation that he would be paid no salary—the amount allocated to the position to be deposited toward an account for the building of a Borough Hall. The present Hall was built in 1909, and the salary of Clerk Forster (\$50 a year) had been deposited toward this purpose during his years of service."

"The Borough Hall was built on property purchased from the Ball estate, and the first Council meeting was held there on January 1, 1910."

"The above is from 'The History of Mountainside,' compiled by Mrs. Joseph H. Hershey and being published under the sponsorship of the Mountainside Civic Council and Mountainside Defense Council in connection with the observance of the fiftieth anniversary of the Borough in October at Echo Lake Park."

months, is now stationed in Mannheim, Germany.

Technical Sergeant Francis T. Petersen, son of Mr. and Mrs. Hans Petersen of Locust avenue received his discharge from the Army, at Fort Dix, the end of last week. He had been in service over three years and had seen action in Africa, Italy and France. He wears the Service Star for six campaigns, and the Bronze Star.

Splittler—Third Class Edward Honecker of Poplar street has returned to his ship, "The Ellet," having completed his 20-day leave.

Pfc. Herbert Bahr, son of Mrs. Elsie Bahr of Central avenue, returned to Fort Dix this week after completion of his 33-day leave. He expects to be transferred to a camp in Texas for the time being.

Pfc. Charles Honecker, son of Police Chief and Mrs. Charles Honecker, left this week for a camp in South Carolina, after completion of a 90-day leave.

SERVICE NOTES

Sergeant William Guffoy who was overseas in England and France for sixteen months, and then came back in June as a patient in Miles-Standish Hospital in Massachusetts, is home on a rest-furlough with his parents, Mr. and Mrs. Michael Guffoy of 40 Central avenue.

Sgt. Guffoy who contracted neuritis in his eye, while overseas, was transferred to General Moore Hospital in North Carolina, and will return there upon completion of his leave. Among other ribbons he wears the Presidential Citation and the Bronze Star.

Another brother, Master Sergeant Michael Guffoy, who has been overseas for thirty-eight

TELEPHONES MILLBURN 6-1256-1276

Entered as second class matter at the Post Office, Springfield, N. J.,
under an Act of March 3, 1879.

EDITOR AND PUBLISHER MILTON KESHIEN
Subscription price—\$1.00 per year in advance. Single copies, 5 cents.
Communications on any subject of local interest are welcomed. They
must be signed as evidence of good faith. Unsigned letters will not be pub-
lished. The SUN reserves the right to print only those articles which it feels
are worthy of publication.
All communications and contributions must be in our office not later
than noon on Wednesday. Articles received later will not be published that
week. It is important that this rule be observed.

STATISTICS OF SPRINGFIELD

Population—1945, 6,000; assessed valuation—1945, \$8,653,815; tax rate—1945, \$1.14. Township—22.35; schools, \$1.88; state and county, .22.
Springfield was settled by the early 1700's. Its township form of govern-
ment was established April 14, 1794, and was incorporated in 1857.
Springfield is essentially a community of homes, with little industry
except for farming, nurseries and coordinated manufacturing for these:
45 minutes from New York City on the Lackawanna R. R. with two stations
at Millburn and Short Hills less than a mile away; 7 miles to Elizabeth;
7 miles to Newark; excellent bus connections to Newark, Elizabeth, Summit,
and Plainfield.
The Railway Valley Railroad with a freight station in the township
affords service for factories, commercial and industrial purposes. State
Highway 28 makes New York City convenient by auto in 30 minutes. Site
of the \$100,000 Union County Regional High School, serving Springfield,
Mountainside and four other county municipalities.
It has good streets, water, gas, electricity and modern sanitary sewer
systems, excellent police, fire and school facilities; mail carrier-delivery sys-
tem, and zoning regulations for the protection of the individual property
owner.
Of interest in Revolutionary history with its historic Presbyterian
Church, where the Rev. James Caldwell cried: "Give 'em warts, boys!" In
the midst of the battle of Springfield, fought on June 25, 1780. Several
colonial landmarks are to be found in Springfield, one of the oldest com-
munities in Union County.

FISHING ON SATURDAY

Local troutwaters were busy this week checking over lines, rods, reels, creels, lines, hooks and flies preparatory to the opening of the final trout season for this year.
Some of the anxious fishermen were out Sunday check-
ing over their favorite streams, gauging the flow of water
through their favorite pools and estimating if it would be too
high for good fishing when the sun comes up over the dark,
deep water as the whistle blows. If there isn't any rainfall
between now and opening day streams may be about in con-
dition for good fishing.

The next question is: Will there be any browns, rain-
bows and speckled beauties for them to snag onto? Some
say there was trout left over from the spring season. There
will have to be or fishing will not be any too good, as it
has been announced by the commissioners there will be no
stocking for the late fishing. They say they will keep them
for next year. Why? There is no time like the present, and
next year is a long way off!

If there are no fish in your favorite pool try the mouth
of the brook or river where it empties into the Delaware.
We know some fishermen who never cast a line in any other
spot. We haven't tried it yet but we are told trout may be
caught there when they can't be coaxed to even take a nibble
anywhere else.

Here's hoping you, Mr. Fisherman, will get the limit.

POTPOURRI

Now that gas and tire restrictions have been lifted (if
you can get the tires) there is temptation to watch the speed-
ometer climb to new heights. Warnings have been issued that
while you may stop at the gas station and with an elated
feeling (but nonchalantly) say "fill 'er up" there is still the
restriction on speed. It remains at 35 m.p.h. So, drivers had
better watch out or the bogey man of the road may hand
out a ticket that, while in itself free, will cost money in the
long run.

And now we shall have the argument over time. From
the West comes the call to arms for a fight for the restora-
tion of the clock to its accustomed unanimity with the sun.
The farmer says he wants standard time restored for the
winter, at least. The city dweller is all for "fast time." It gives
him more daylight when he is on his way home and after he
gets there, and it doesn't matter much to him if it is some-
what dark when he goes to work. We shall not have to
"worry" very much for the moment, for unless Congress gets
busy right away and repeals the law, daylight time will be
with us for six months after the war, as that is the time limit
set when "wartime" went into effect.

5. An active Board of Trade to stimulate "Try Spring-
field First" in purchasing.
6. Full-time position for the Township Clerk's office.
7. Encouraging clean industry; to increase tax rates.
8. Extension of mail delivery by local R. F. D. routes,
to all portions of the township.

LOOKING AHEAD

By GEORGE S. VINSON
President's Hunting College
Summit, N. J.

VINSON

Shortly after Fred Vinson was named Secretary of the Treasury he was quoted in the press as saying: "The American people are in the pleasant predicament of having to learn to live 50% better than they have ever lived before." When he made this remark he was talking about a future day, one that had not come then and has not come yet, but a completely possible future day.
Hitler was no longer a menace, when the now Secretary spoke of a 50% higher living standard in America, but Japan still clouded the Pacific. Now that has cleared up also and today's national problem is economic rather than strategic. The strain is no less, but in a different place. Ease felt in America as firing ceased was like the relief of changing hands with a heavy burden.

Load is on Vinson
About a month ago this column carried an outline of Mr. Vinson's tax policies which I frankly con-
sider sound. Now, in view of the changed international picture, it is high-time everybody knew more about this generalissimo of post-war finances—car of economies in the world's most important country. He is a key man on the team that has to win if liberty, civilization and enlightenment survive.

Fred Vinson is 55 years old. Half a century ago he was playing in the yard of the jailhouse in Louisa, Ky. His father was a county jailer. The next year he started to school. His coarse hair is half gray now and he has some loose skin under his chin but he's recognized as the "best in his line" and on a job where everybody wishes him well, if that's success.
A Serious Student
Louisa, with some 2,000 inhabitants, is across the Big Sandy river from West Virginia. There young Vinson entered school, and was elected district attorney and from there went to Congress in 1922. At Center College, Danville, Ky., he worked in the library to help pay expenses, took a leading part in athletics and averaged above 95 in grades all through college and law school.

Mr. Vinson is a penetrating thinker. He has years of experience in government and he knows taxes. He is a recognized fiscal expert. That's what put him on the Ways & Means committee and here his ability is still respected. He has been a Federal judge, the successful economic stabilizer of this country, also director of war mobilization and reconversion—the job that's known as "assistant president."

To Make More Jobs
Vinson has many prime qualifications for his present job. Anent his thoroughness, it came out a time or two in connection with his work as chairman of the tax section of the Ways & Means committee that he knew more than his witnesses themselves about testimony they submitted. Recollection of these incidents naturally tends to keep alive Vinson's influence among congressmen which is a big asset.

It is told that he studied beforehand the financial statements of big corporations whose officials were to testify, and his questioning them proved repeatedly that he knew more about certain aspects of a corporation's business than did its president. This is the man who planned a tax program to create the most jobs, instead of merely raising revenue for the government, something I have been shouting from the housetops for four years.

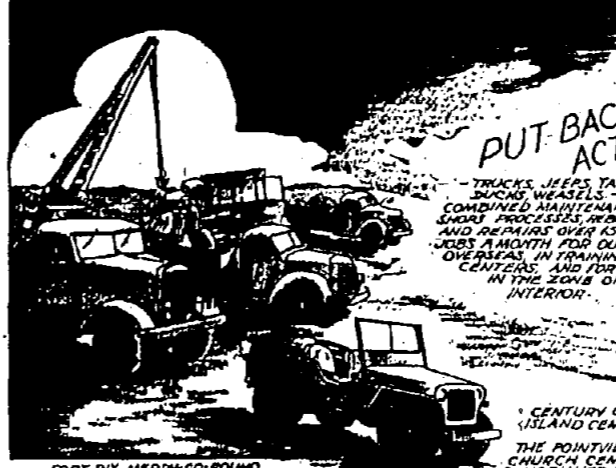

Public Service to Pay 20 Cent Dividend
Thomas N. McCarter, Chairman of the Board of Directors of Public Service Corporation of New Jersey, issued the following statement August 21, following the meeting of the Board:

Vinson has many prime qualifications for his present job. Anent his thoroughness, it came out a time or two in connection with his work as chairman of the tax section of the Ways & Means committee that he knew more than his witnesses themselves about testimony they submitted. Recollection of these incidents naturally tends to keep alive Vinson's influence among congressmen which is a big asset.
It is told that he studied beforehand the financial statements of big corporations whose officials were to testify, and his questioning them proved repeatedly that he knew more about certain aspects of a corporation's business than did its president. This is the man who planned a tax program to create the most jobs, instead of merely raising revenue for the government, something I have been shouting from the housetops for four years.

The Board of Directors deemed it advisable to declare a dividend of 20 cents per share on the common stock payable September 29 to stockholders of record August 31 instead of the recently prevailing amount of 25 cents per share, in view of the uncertain effect of reconversion on the company's electric and gas industrial business during the remainder of the year.

The Board also declared the monthly dividend, for October, of 50 cents a share on the 6 per cent cumulative preferred stock of the corporation payable on or before October 15 to stockholders of record September 24.

Trenton State Fair Starts September 9; 200th Anniversary

Exhibits of years ago will vie with present day attractions at the 200th Anniversary of the first Trenton Fair, which will be observed at the vast grounds in Hamilton Township from Sunday, September 8, until Sunday, September 16.
Already arrangements are being made by George A. Hamid, directing head, to make the Fair an outstanding one. On the opening night an historical pageant will be staged—depicting the early Fairs when the buying and selling and farm products were the main features; through the days of Goldsmith Mall and the Fashion Stud Farm, and through the beginnings of the present day Fair up to now. Miss Helen West is preparing the script and the program will be presented under the auspices of the Hamilton Township Committee and the Hamilton Township Lions Club. Residents of the Township, numbering some 200, will participate. The charter for the first Fair was granted in 1745 by King George the Second.

Three Parisian Settings Form the Background Of 'Count of Luxembourg'
Three Parisian settings by Kenneth Lloyd Mapes which form the background of Franz Lehár's "The Count of Luxembourg" in which Rosemarie Brancato and Donald Gage begin their second week at the Paper Mill Playhouse, Millburn, Monday, September 3, have proved contributions to the success of Frank Carrington's fifth production of the season.
A corps de ballet of four feminine dancers combines with Choreographer Henry Schwarze in appearing during the course of the various settings to give them the requisite French flavor.
Beginning with a street in the Latin Quarter, the story of the operetta turns to the studio of Armand Brissard, an artist who is portrayed by Robert Ecklez. He is the best friend of the Count, who is Donald Gage. The second act is the sumptuous residence of the prima donna, Angela Didier, who is played by Miss Brancato.
Many SUN readers are prospects for what you have to sell. Why not tell them? An ad in the classified section is inexpensive and brings results. Millburn 6-1276.—adv.

Roy Schoenwiesner, Pacific Veteran, Commits Suicide

MOUNTAINSIDE — Leaving a note stating that he did not wish to become a burden to anyone, Sergeant Roy Schoenwiesner, 24, of Summit, a veteran of four major battles in the South Pacific, ended his life by hanging in a lonely spot in the Watchung Reservation, near Glenside avenue, Scotch Plains, last Thursday.

Louis Schoenwiesner, 12 Sylvan terrace, Summit, father of the Sergeant, said that his son wrote in the note left by him, that if it had not been for his strong desire to return home to his wife and family, he would have even participated in recovering from his severe attack of malaria. The elder Schoenwiesner disclosed that his son had been in a highly nervous condition as a result of his two years in the Pacific, where his siege of malaria necessitated his being hospitalized in New Guinea.

The soldier's body was found shortly after noon, hanging from a tree in a heavily wooded area about 300 feet off Glenside avenue. His automobile, and the note explaining the act were found nearby by William Halloran, a county park employee who was working in the area, and investigated further.

Halloran notified Union County Park Police headquarters in Elizabethtown and Sgt. Fred Thimmes was dispatched to the scene. Police Chief Charles Honecker found the body about 160 feet from the car.

Also at the scene were Sgt. Frank Eberle and Officer Walter E. Kennedy, of the Park Police, and Patrolman John Andrusky of Scotch Plains.

Captain Norman Gibbs of the Park Police, who had charge of the investigation, said the soldier had been dead several hours. He was last seen alive when he left his home Wednesday at 9 A. M. Permission to remove the body to Brough & Dodson Funeral Home, Summit, was given by Dr. George Brokaw, county physician. Army officials said that an autopsy would be performed.

Contents of a second note, addressed to Sgt. Schoenwiesner's wife, also found in the car, were not disclosed.

Sgt. Schoenwiesner entered the service in August, 1942, and after training at the Aberdeen Proving Grounds in Maryland, and in camps in Louisiana and Texas, went overseas and served under General MacArthur for two years.

He is survived by his wife, the former Miss Frances Foesch of New Brunswick; his parents, Mr. and Mrs. Louis Schoenwiesner, Jr.; two brothers, Pfc. Louis Schoenwiesner, III, Army, Air Force, now stationed on Guam, and Robert Schoenwiesner, and a grandfather, Louis Schoenwiesner, all of Summit.

HAPPY BIRTHDAY

"Happy Birthday" greetings are extended this month by the SUN to the following residents of Mountainside:

- AUGUST
- 31—Carl R. Evans
- SEPTEMBER:
- 1—Charles Shomo, Jr., Roger Doyle, Janet Owens, Everett P. Gordon
- 2—Robert J. Vining
- 3—Charles Honecker
- 5—Edward Mullin
- 6—Thomas Goodall

- 7—Mrs. Richard Kapke, Mrs. Joseph Kelmich
- 8—Jerry Larson
- 9—Roberta Parry, Robert Willard
- 10—Lorraine Condon
- 11—Mrs. George Antonak
- 12—Edwin Skidmore, J. A. Britton, Mrs. Gladys Parry

Fourteen New Polio Cases at Children's Home

MOUNTAINSIDE — Because of the prevalence of infantile paralysis, which has added fourteen children to the population of the Children's Country Home for convalescent treatment, Mrs. Harry A. Kniffin, president of the board, issued a plea this week for volunteer workers.

Aides are urgently needed, she said, to assist with the Kenny packs as the most modern and effective system of treatment. Many regular volunteers are away on vacation, and if the number of children admitted continues to increase, the present staff will be unable to handle all details.

Since the first cases were reported in this State this summer, fourteen new children have been admitted to the home. They have come from the vicinity of Trenton, Princeton and Passaic counties, as well as a few from Union County. Children are admitted from all parts of the State on recommendation of a physician or a hospital which discharges them after the acute stages of the disease, at a time when the facilities of the home can be used most advantageously.

Treatments include the Kenny methods of packs, muscle re-education, tendon stimulation, walking exercises, stretchings, heat and ray treatments, and whirlpool and tub treatments, including the Hubbard pool method.

Breeze Directors Declare Dividend

Directors of Breeze Corp., Inc., today announced a dividend of 40 cents a share on the common capital stock, payable Sept. 10 to stockholders of record Sept. 1. This will bring to \$1.20 the total dividends paid to date in 1945 by the company. Breeze paid a total of \$1.80 in dividends last year.

In announcing the dividend, John T. Masuch, Breeze president, said: "In view of the excellent financial position of the company, the board sees no reason to alter its dividend policy despite changing economic conditions due to the end of the war. We have faith in the future of the company and the country."

Enlisted Reserve Corps Open to Discharged Vets

Every soldier honorably discharged in New Jersey, New Jersey, and Delaware is offered an opportunity to join the Enlisted Reserve Corps, it was announced today by Headquarters, Second Service Command.

The Army offers such enlistments not only as a reward to veterans for their war service but also to build a strong reserve of trained men to meet any emergency the future might bring. The plan is nationwide.

Veterans who join the ERC continue to hold the Army grade or rating held at time of discharge. Also they maintain their service longevities, and at some future date they will be given opportunities to continue the study of their Army specialty.

Enlistments are open to men who qualify for limited or general service (except members of the National Guard) and will be for a period of three years. Enlisted reservists released from the Army under the demobilization plan will not be recalled to active duty except by order of the Secretary of War, but those desiring active duty may apply.

Soldiers may join the ERC right at their separation center, receiving their enlistment papers along with their discharge certificate. Veterans who do not take advantage of the offer at the separation center may, within 15 days of discharge, apply for enlistment as a reservist at any United States Army Recruiting Station.

Applicants are permitted to select any arm or service in which they served while in the Army.

Trout Season to Open Tomorrow For Thirty Days

New Jersey's popular thirty-day trout season will open on September 1, to permit fishermen to again participate in their favorite sport, the Fish and Game Council of the State Department of Conservation announced today.

On the same day, New Jersey's three-month rail bird season will be officially opened, the Council announced. This season, which closes on November 30, will be opened for Sora, Marsh Hen or Mud Hen (known as Clapper and King Rails) and other rails and Gallinules.

The thirty-day trout season, which was started in 1934, has gained in popularity over the past eleven years and dry fly enthusiasts, as well as other anglers, welcome the final chance of the year to take part in the sport.

The Fish and Game Council announces that the same regulations prevailing during the regular trout season which closed on July 15, will be in effect during September. The daily catch is limited to ten trout and the fish must be at least seven inches in length.

During the rail bird season, Salem, Cumberland, Gloucester, Camden, Burlington and Atlantic counties where the rail birds inhabit the wild rice marshes in great numbers, will be the center of interest for hunters.

No Federal stamp is required for the hunting of rail birds under United States Fish and Wildlife Service. The daily bag limit is 25 Sora and 15 in the aggregate of other rails and gallinules. The possession limit is one day's bag.

MASON-DIXON LINE

Though it is a northern state, one-third of New Jersey is south of the Mason-Dixon Line.

Recorder Winckler Fines Sixteen Speeding Autoists

MOUNTAINSIDE — Sixteen motorists paid fines on charges of speeding in Police Court last Thursday, when tried by Recorder William Winckler.

They were: Gerald Payne, Scranton, Pa., \$20; Howard Stout, San Francisco, Calif., \$15; Ralph Earle, Wollaston, Mass., \$20; Dominick Tralsi, Williamsport, Pa., \$10; John Atkinson, Potstown, Pa., \$15; Roger Blough, Pittsburg, Pa., \$15; Adam Fischer, Brooklyn, \$10; Margaret Smith, Hagerstown, Md., \$8; Reuben Goldstein, Nanticoke, Pa., \$15; Mirvin Hartzell, Walnutport, Pa., \$10; Charles Conklin, Newark, \$8; Max Keck, Glendale, N. Y., \$12; Charles Escandon, Elizabethtown, \$13; James Gurvin, Cheswick, Pa., \$13; and Robert Steink, Bridgeport, Conn., \$5.

Charged with careless driving, Robert Tatonean, Ridgewood, was fined \$5 and for improper registration of his car, William Baccino of Clifton paid a mandatory fine of \$25.

NEED SUBSTITUTES AT CALDWELL SCHOOL

Civil Air Patrol Will Not Quit; New Airports

The end of the war does not mean the end of Civil Air Patrol activities it was learned today. With the transfer of control of CAP activities in this area to the Army Air Forces Eastern Technical Training Command, a new plan of military coordination is rapidly taking shape to give powerful support to the CAP program for Cadet Pre-Flight Training, which will be strengthened by the new goal of 100,000 set by the AAF. Major Frank Carvin, new Commander of the CAP New Jersey Wing, said in an interview.

Sharply contrasting with the goal of 250,000 announced a year ago, the whole CAP Cadet program can now be stabilized and more attention will be given to quality and performance of personnel. Cadets indifferent in attendance and lax in performance of duties will be replaced by those on waiting lists.

With the amazing progress of Jet Propulsion the education and indoctrination of American youth in aviation takes on new significance. There is no finer organization than the CAP for this tremendous job. Under the direction of AAF Training Command, the CAP will become stronger than at any other time in its history, Major Carvin said.

When the CAP was formed just before Pearl Harbor it was attached to the OCD. In 1943 it became an auxiliary of the Army Air Forces after it had proved what it could do on coastal patrol, when it was responsible for the sinking of many enemy submarines and the saving of millions of dollars of shipping. With the end of the war, one not acquainted with CAP members might have thought that many who joined after Pearl Harbor with a desire to serve in the war effort would have considered their part of the job completed. Working all day at war jobs and nearly every evening on CAP and other war agencies, these men and women gave all their waking hours to their country's service with as much devotion as the men at the battle front.

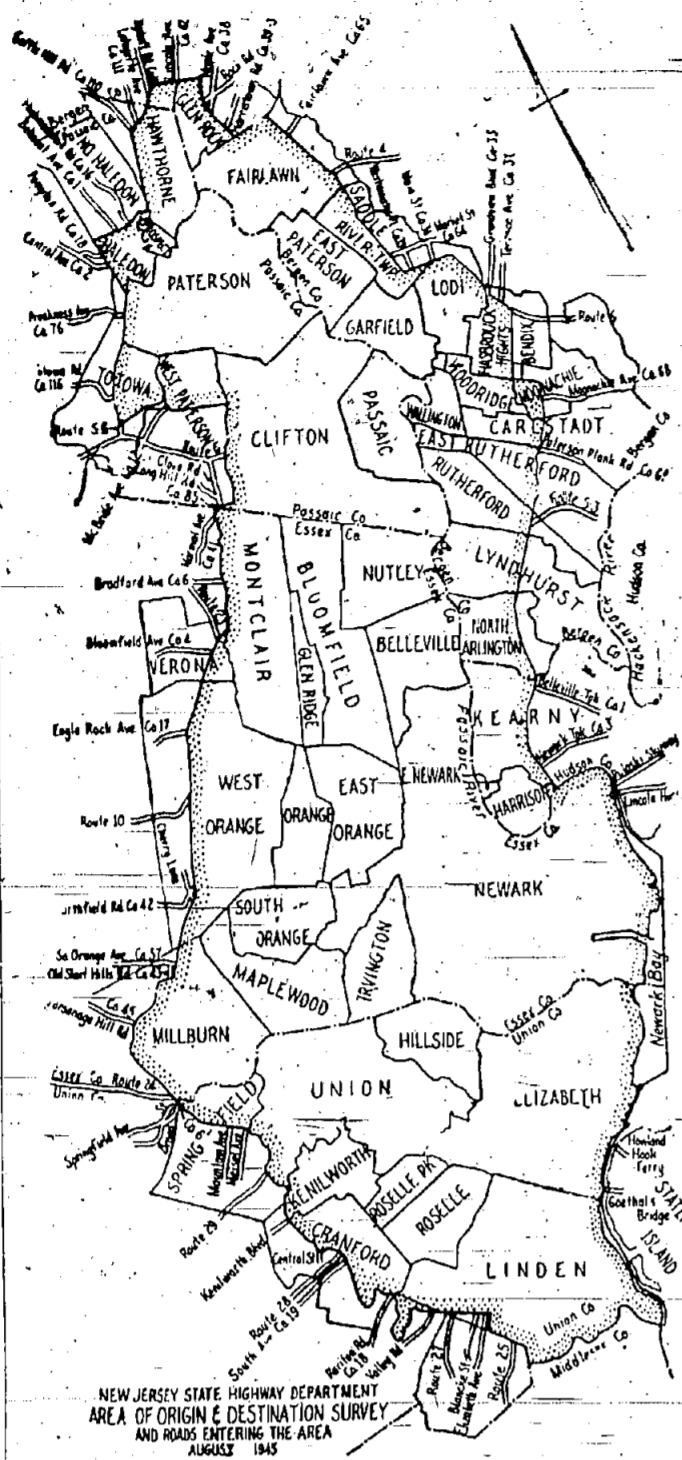

Operate Radio Network
But the challenge of the Aviation Cadet program, now entirely in CAP's hands since the AAF suspended recruiting, and of other jobs yet to be done has kept the CAP organization hard at work. The men and women of Civil Air Patrol do not quit. Now, with the reported disbanding of the War Emergency Radio Service, they are busily expanding their own emergency network, and many of the W.E.R.S. operators are joining the CAP. Squadron 222-1 with headquarters at Summit, operates a radio relay station in the CAP network and will welcome radio "hams." Application should be made to Squadron Commander Lt. Brett-Surman, Lafayette Park, Summit, or to W/O R. H. Tildy, 31 Bryant avenue, Springfield, Staff Officer in charge of communications.

Use Army Trainers
One of the first concrete results of closer ties with the AAF has been the allocation of 300 Army Primary Trainers to replace the smaller Liaison planes CAP has been using for flight instruction. Several of these PT-17's will be based at the Morristown airport where CAP members are now building their own barracks and offices. To help obtain funds for improvements at this base—Lt. Eugene Leone, Public Relations Officer of the Bergen County Squadron, recently contributed a dinner party for CAP members and friends at his famous restaurant, Leone's on West 48th street, New York. All proceeds from sale of tickets were given to CAP. Many entertainers from Broadway shows and night clubs volunteered their talent, among them Yvette, the well-known chanteuse and film star who was a survivor of the Bunker Fresh at Lisbon two years ago when on a USO tour of European battle fronts. Others were Bob Russell of the NBC; the Roland Twins; Peggy Ellis, Muriel Haines and several others now appearing on Broadway. Tribute was paid to former CAP men who participated in the battle of Germany; those fighting the Japs; and all pilots and observers who lost their lives during CAP's anti-submarine patrol of our coast line and during the numerous inland missions on which they flew more than 50 million miles, losing over 50 men and many of their personally-owned planes.

Endorsed by both the late President Roosevelt and President Truman, the CAP organization is recognized by the White House as part of our national policy. President Roosevelt said, "Continued and growing familiarity of our coming generations with aviation and its problems is of great importance to our national health and security." In a letter to F. A. Tichenor, President of the CAP League, President Truman recently wrote, "It is heartening to realize that the work your organization has done in gratuitously furnishing pre-flight training to CAP Cadets has not only strengthened materially the present program but assures us of the continued development of the program in the future."

Proceeds of the scrap drives enable the Legion to send the SUN free every week to servicemen and women. Save a bundle a week.

Road Location Poll Area

Commission Makes Survey to Find Congested Routes

In cooperation with the U. S. Public Roads Administration, State Highway Commissioner Spencer Miller, Jr., has started a survey in North Jersey's metropolitan district to learn from residents what new arteries will be of greatest benefit for traffic relief. The data will guide the Federal Government in approving highway aid for New Jersey; it will also aid the State Highway Department in planning its improvements in the metropolitan areas. Credentials will be carried by State Highway Planning Bureau employees on calling at one of each thirty homes to ask the occupants their normal starting and stopping or origin and destination of their journeys.

No names will be taken nor car numbers recorded as the questionnaire is designed to be impersonal and voluntary. On approximately 80 principal roads about one of each ten passenger car drivers will also be asked the starting and destination points of his trip. Sigvald Johannesson, chief of the Highway Planning Bureau, who will be in charge of the work, said that "municipal or State Police will direct traffic at the locations for the interviews, but to prevent congestion the roadway work will be eliminated on Saturday, Sundays and holidays, and at times when weather conditions might add to the driver's inconvenience.

"The compilations," he continued, "will be of more value than bulk traffic counting which does not reveal whether many road users would avoid the present congested—bump arteries if they had other modern thoroughfares for shopping and other trips."

The poll will include all or part of the following municipalities: Passaic County — Hawthorne, Prospect Park, Haledon, Paterson, Totowa, West Paterson, Clifton and Passaic.

Bergen County — Glen Rock, Fairlawn, Saddle River Township, East Paterson, Garfield, Lodi, Hasbrouck Heights, Wood Ridge, Moonachie, Wallington, Carlstadt, East Rutherford, Rutherford, Lyndhurst and North Arlington.

Hudson County — Kearny, East Newark and Harrison.

Essex County — Montclair, Glen Ridge, Bloomfield, Nutley, Belleville, Newark, East Orange, Orange, West Orange, South Orange, Millburn, Maplewood and Irvington.

Union County — Springfield, Union, Hillside, Elizabeth, Kenilworth, Roselle Park, Roselle, Cranford and Linden.

FIRST IN RAILROAD TRACKAGE
New Jersey has more railroad trackage per square mile than any other State in the Union.

Don't travel unless you must. Travel only if your essential war job demands it or in case of family emergency.

Caldwell And Chisholm 1945-46 School Calendar

YOUR VICTORY GARDEN

CONTROL OF INSECTS
By FRED D. OSSMAN
Union County Agricultural Agent

As the nights become cooler, conditions are favorable for the growth of certain crops and at the same time insects of certain types become more numerous. These are the aphids or plant lice. These insects multiply very rapidly and may cause the leaves of cucumber or melon plants to curl, and we may find infestations especially on tomatoes, Brussels sprouts, cauliflower and broccoli.

Since these insects work usually on the underside of the leaf, if all the leaves of a cucumber plant,

for instance, should be curled up because of the presence of the insects, it would be better to pull the plant up and destroy it rather than to leave it as a source of infestation of other plants.

Spray or Dust Weekly
Keep close watch for plant lice, and as soon as any are seen, start spraying or dusting, using nicotine. A 4 per cent nicotine dust will be more effective, if the temperature is over 75 degrees. However, a spray of 1½ teaspoonfuls of 40 per cent nicotine sulfate and 5 or 6 teaspoonfuls of granulated soap to 1 gallon of water, if applied so that every insect is contacted, will be effective. Repeat the spray or dust at weekly intervals until the insects are killed, being sure to cover the underside of the leaves.

Corn Borers at Work
Corn borers, when present in

the neighborhood, will be working on late corn. Dusting with rotenone dust, fixed nicotine dust (40%) or a combination rotenone-fixed nicotine dust has given good control. Start when the plants are about a-foot high and apply the dust in the funnel of leaves at the top. Continue dusting weekly until the ear shoots begin to appear when these too should be dusted. This will also discourage the Japanese beetle.

Fill Up The Garden
Fill the garden to capacity. Beet seeds sown now will not make large roots for storage, but the tops make good greens and the small roots are good eating. Spinach may be expected to mature if the seeds are sown by August 15. It requires about 30 days to reach maturity, but spinach plants may be used in salads or eaten cooked at almost any size. It requires more small plants to make a mess. Use a yellow-green

assistant variety if spinach has been grown before. Virginia Savoy is a recommended variety. Bloomsdale Savoy will prove satisfactory in most Victory Gardens. Kale requires about 70 days, but it grows even after frost, so it may still be planted. Siberian is the recommended variety for late sowing. Head lettuce is a cool weather crop and seeds may be sown or

plants set out now. Be sure to moisten the soil in the furrow with water or starter solution after sowing and before covering.

POPULATION PARADOX
The population density of New Jersey exceeds all other states except Rhode Island, yet there are hundreds of square miles in the Pine Barrens virtually without an inhabitant.
