SPRINGFIELD, N. J., THURSDAY, JANUARY 29, 1948

LISTEN

FRIENDS!!

Since the Sun launched its "Lis ten Friends" column scores of phone calls have been pouring in from folks who just simply bubble over with juicy bits of scandal for pay raises in their new budabout next-door neighbors, suggest- gets, but neither board is expected ing choice morsels be published. tributions be mailed to the Sun in March or April, according to office and properly, signed. . . . school authorities. But don't tell us Mr. Smith was out with Mrs. Jones instead of his own_wife the other night . . . because that happens all the time and isn't news any more!!

This is old stuff, but it did cause a bit of anxiety for a while. . . Recently State Highway Department employees were called to Springfield to clear some old Christmas trees, paper hoves, rubbish, etc., from under the Rahway River bridge in Morris avenue. . . Instead of loading the junk on a truck, the workers decided to set a match to it. . . . Smoke galore swirled from under the tressle and filled several stores, particularly Brettler's. . . One or more morchants actually believed their establishments were on fire and frantically called police.

Henry C. McMullen, whom wo learned is president of the Chamber of Commerce, called the office this week to say he wasn't the least bit upset over items appearing in this column concerning the organization. . . . As a matter of fact, he admitted the "needles" might serve to stimulate the group. . Then came the announcement of a meeting tonight (Thursday) to be by a discussion 'Springfield's Place in the Sun."

We all admit this has been the worst winter in years, but there remains no excuse for not clearing sidewalks, particularly along Mountain avenue. . . School childron use that street more than any other in town and they are forced to walk in the road. . The hazard is very great, especially during snow storms when visibility on the part of motorists is extremely poor. . We'd hate to be the property owner whose sidewalk wasn't shoveled and in front of whosehome a school child was killed!

"Welcome Springfield" signs or needed at the various entrances some civic or even political or- provides \$10,000 for increases and ganization pushed the subject. . . We've heard it said there's nothing in Springfield to welcome anyone to, and therefore the town is better of without signs. . Might be something to the excuse at that!

Guess it would have been-good public relations for firemento have-offered-reporters-one-of ther hot dogs last week, but eliterration gaillide in the didn't think so . . just five minutes before that, newspapermen were telling some municipal officials why they thought it would be a good idea to approve request of cops and firemen for a cost of living bonus.

Every once in a while someon coines along and paints Lee Rigby as being Springfield's big bad wolf. . . . But any fellow in Rigby's position who spends his valuable time teaching a neighbor's daughisn't so bad after all.

Virtually every community in Union County showed an increase in the Tuberculosis and Houlth League's Christmas seal purchases this season over last with the exception of Springfield. . . . In 1946 local residents bought \$1,165.80 worth of seals as compared to a total purchase of \$1,165.40 in 1947, or a net deorease of 40 cents. . . Even places like Clark Township, Kenilworth, Garwood and Fanwood, all smaller than Spring-field, showed increases of from \$27.90 to \$114.50.

Then there's the story of the Kentucky Colonel who always closed his eyes when he took a drink. . . . when questioned con-cerning his habit, he explained: "The sight of good lickah, suh," he said, "always makes my mouth watah, suh, an' I do not like to dilute my drink, suh."

Pay Increases Flood Condition Probe From Both Bds.

Three Proposals Submitted for Consideration

Stressing higher living costs, requests for salary increases have been made to their respective Boards of Education by teachers of Regional High School, Raymond Chisholm and James Caldwell Schools.

Both boards have provided funds to commit itself until teacher con-Once again we ask all con- tracts are up for consideration

Three Proposals

Three proposals have been submitted for consideration by instructors of the Chisholm and Caldwell schools in a letter signed by Mrs. Selma L. Dandmeler, secretury of the Elementary School Teacher Association.

The first calls for a flat \$425 increase per teacher, while the second asks a \$350 raise plus a \$100 bonus. The third asks that a 15 per cent raise be given all teachers. In cases where such an nerease places the teacher beyond his rate under the present salary guide, the letter asks the portion of the raise beyond the guide be considered a bonus. The letter also Indicates that any combinaion of the proposals would be satisfactory to the teachers.

Under a salary guide adopted last year by the local board, a scale of \$1.800 to \$3,200, \$1,900 to \$3,700 and \$2,000 to \$4,000 are paid to teachers with two to three years advanced schooling, bachelor's degrees, and master's degrees, respectively. The salary increment in each instance is \$100.

Regional Teachers Joseph Sott, president of the Regional Teachers' Association. said instructors there have asked the board to raise the minimum and maximum salaries on the sal- County superintendent of schools urged the board to consider raisng salary increments for the first adopted last year at Regional cussing the proposed additional ad solo and ensemble accordion provides a scale from \$2,000 to State subsidy for the support of \$4,000 and from \$2,100 to \$4,100 for holders of bachelor's and master's degrees, respectively, with salary

increments of \$100 annually. Both proposals, the association officials said, come as a result of higher living costs. The regional budget for 1948-49 shows an increase from \$102,219 to \$113,000 appropriated for teachers' salaries nulting. approximately \$11,000 something of the sort are sorely available for increases if the board so decides. The 1948-49 Springto the township and it's high time field school budget tentatively \$13,225 for new teachers, substitute teachers, and summer teaching.

At Regional High

There will be a repeat perform mee of Stoney-Hill Players" production of Claudia Saturday eve-This second performance is at the request of many who were unable to get to the school for the play last Saturday. Time will be 8:15. Despite the bad weather and the varnings over the radio last Satirday, the show went on. A fairized crowd britved the weather o see, the performance. Fred Wolfe, stage manager in charge of scenery and vice-president of the group, thanked the audience for coming out on such a night.

The production was given for the benefit of Regional's PTA Scholarship Fund and the PTA of Columbia School, Berkeley Helghts. Tickets are still on sale at both schools and may be purchased at the door. Last week's tickets, dated January 24, will be accepted at the door for the new performance.

Lennox Reports On Improvement **Along 4 Streets**

Construction of sidewalks on four of Springfield's principal streets, recommended some time ago by the Board of Education as a safety measure, would cost approximately \$15,000, according to a report submitted to the Township Committee last night by Arthur H. Lennox. municipal engineer.

The streets in question are Baltusrol way, Mountain avenue, Shunpike road and South Springfield avenue. The school board had recommended the sidewalks to insure the safety of students who are now forced to walk in the roadway.

The walks, according to Lennox, would be laid for a total distance of 93,070 feet. Actual cost would be \$13,118 and together with engineering and incidental fees the figure would run \$15,084. Acting on recommendation of Mayor Selander, the committee deterred action on the matter pending further

Mountain Avenue Paving A letter was received by the governing body from the Board of Freeholders offering once again to_pave_Mountain_avenue,_from-Morris to Flemer avenues, providing the township installs curbs and removes trees and other obstacles in the right of way. Committeeman Brown, road department chairman, said cost of curbing would necessaritly have to be borne by trapayers along Mountain aven e and before recommending a course of action offered first to obtain-the-feelings of the property owners who would be affected.

mittee there is no existing legislast-month. A copy-of-the county letter will be sent to the Volunteer Fire Department.

Fire Danuage Committeeman Marshall, fire chairman, reported the local department answered 117 calls during 1947 and damage was limited for the year to \$11,807.63. Township Clerk Treat was authorized o present Herbert Fay, volunteer fireman, with an exempt fire men's certificate.

Mrs. Marguerite Wolf, of 53 Severna avenue, expressed her regrets in a letter to the committee. in which she turned down appointment to the Recreation Committee as a representative of the Fourth District. Edward Ruby was appointed director of towndetermined by ordinance

New Fund Leader.

Cecil M. Benadom, chairman of he Springfield—Chapter—American Red Cross, has received and accepted with regret the resignation of John J. Gates as Chairman for the 1948 Red Cross Fund Drive. Because of business reasons, Gates finds it necessary to be out of town during part of the month of February, and since the drive is to take place on February 27, 28 and 29 this would make it impossible for him to carry on as chairman.

_Benadom has been fortunate in obtaining Errol W. Plain to take over in his-place. Plain has been resident, of Springfield for about year and lives at 130 Henshaw avenue with his wife and smal child. He was formerly a resident of Dutchess County. New-York, where in Poughkeepsie he was active in the Junior Chamber of Commerce, president of the Red Oaks Mill Civic Association, and was the organizer of several drives to raise funds for that community, including the Community Chest. Plain enlisted as a '. wate in

the army on December 21, 1942 -Another letter from the Board and was discharged with the rank of Freeholders informed the com- of Captain on August 8, 1946. He assisted in training over 8,000 offiaction under which it could vote cer candidates at Fort Belvoir, appropriation toward the Virginia, where he was attached Union County Firemen's Training to the Engineer Corps. He is at School A letter urging financial present employed as Assistant support of the school was sent Educational Director of the Benethe freeholders by the local board ficial Management Corporation where he has been employed, with the exception of his years in the service, for the past 11 years.

First meeting of the Planning Committee for the Red Cross Fund Drive was held last night and appointment of the following chairmen was announced by Plain Mrs. Harry Quinzel will be residential chairman and within the next two weeks expects to have her nine district chairmen ready. o start. Mrs. Henry C. McMullen is to be rally chairman. In Springfield it has always been the custom to start off the drive with a rally, and this year is to be no exception. The event is set for the evening of Ecbruary 26, the night before the drive starts. Mrs. Mc-Mullen is planning an interesting ship resreation at a salary to be program and all workers will be

Apple Packing Championship Won by Regional High School

Two-mombers-of-the agriculture |-wide-contest-for-the-best-supercourse at Regional High School once again won the apple packing championship of New Jersey yesterday afternoon.

The winners, Donald Springle and Joseph Spang, not only scored enough points to win the team championship, but did well enough as individuals so that Springle was able to retain the honor of individual apple packing chamnge industrialist and president of pion of New Jersey and Spang the New Jersey Division, American was runner up. Springle received 96.25 points and Spang 95.58 out dety's April campaign for funds. of a possible 100. Their team total was 191.83, while the team; from f the successful 1946 and 1947 Glassboro High School which was campaigns of the society and has runner up, had a total of 188.57 and the third place team from

yised farm project, while Richard Nead won a door prize which was a regulation football autographed by the great 1947 Rutgers varsity football team.

The awards for supervised projects are highly coveted because they signify the fact that the boy has done a good job as a farmer and student. This means that Sal Casale not only did a good job in his farming endeavors but that he also kent accurate and neat farm accounts. Both of hese are necessary before a boy can be considered for one of these awards.

By bringing home the apple packing championship and the POLICE AWARD UNIT ward for the best supervised practice contest, the boys have of the State Patrolmen's Benevobetter farming methods, better 48. marketing of products as well as farm accounting. All three of these form a goal which today's farmers are striving to achieve.

Attends Trenton Meeting

Officials on New Budget

Springfield's 1948 tax rate may show an increase of about 60 points and possibly more, according to information received by the Sun today from an authoritative

County Tax Rate Increase Small

F. Edward Biertuempfel, president of the County Board of Taxation, announced yesterday that and personal property in Union County has a net valuation of \$533,290,551, an increase of \$17,-083,335 from last year. The county's tax rate, which at present is the rate of 72 cents per \$100; is expected to rise only about three points due to this favorable in-

Although some tax figures have not yet been received from Elizabetn and Linden by the board, the final totals for all of the 20 taxpaying municipalities in the county are included in the unofficial tabulation released Wednesday.

The three ranking towns in the county, so far as ratables are conerned, are Elizabeth with mor than \$135,000,000; Linden, and Plainfield, with about \$61,500,000. Linden's totals show an aggre gate net valuation of \$76,082,556 an increase of \$1,443,685 from last year. Included are deductions for

\$402.975. Hillside made the greatest strides last year in ne valuations, with a_net_increase_of_nearly.\$3,000,000.

veterans' exemptions amounting to

Phone Co. Honors Springfield Man

Forty-six telephone men who ave operated telephone installation, repair and construction vebicles and passenger cars in the general Essex County area for 20 years without even a fender-denting accident charged against them being honored at a series of New Jersey Bell Telephone Company safety meetings this week-in-Newark, South Orange, Irvington, East Orange and Montclair. Sev--eral—hundred—other—drivers—alsoare being honored for-no-accident records ranging from one_to_19vears.

Among them is L. C. Gaudy of 641 Mountain avenue, Springfield. Tribute also is being paid to five entire groups of telephone workers for setting records of a year or more without a single disabling personal injury among them These include the maintenance staff of the company's headquar ters building in Newark with record stretching back to 1941; the motor vehicle force for the entire state for the years 1946 and 1947; the building maintenance staff for the entire Essex County area for the same two-year period; the midtown Newark construction force for 1947; and the installation, repair and central office forces for the Orange district, embracing the Oranges, the Caldwells, Livingston, Montclair, Glen Ridge and Bloomfield, for -the

year 1947. In recognition of the safe-driveceive electric clocks. Wallets co to those with 10-year records. In addition, all drivers on the list receive certificates of merit.

During 1947, the telephone motor fleet of more than 2,000 vehicles piled up a total of 15,300,000 miles, averaging 70,000 miles between each accident, including casual bumps, for which the driv- Zwoyer, of Woodbridge. ers were in any degree responsi-

Similar meetings are being held throughout the state to honor men with safe driving records, which Colonel Charles H. Schoeffel, State Police Superintendent, termed "a public service of high order."

RUNYON MEMBER OF

Howard J. Devancy, president proved that their study of agri- lent Association, announced this culture is preparing them for week the naming of Police Chief their future work in agriculture M. Chase Runyon to the commitor its related fields, because both tee to determine recipients of of these contests train them in awards for police valor for 1947-

Six in Springfield Police Court by Reduty during the past year.

source. The 1947 rate was \$5.49 per \$100 of valuation. A meeting to discuss various

phases of the proposed municipal budget will be held tomorrow (Friday) night in the town hall, Representatives of various civic organizations in the community already have been invited to attend to express their views. Township Auditor Fred J. Stefany will be on hand to make explanations on figures.

Although it was generally understood the local tax rate would rise considerably, the likelihood of a 60 point increase didn't come to light until a preliminary budget session of the Township Committee last Sunday. The meeting started at 10 a. m. and continued

until 3 p. m. Still to be voted upon by the public, the proposed rise in school costs alone, which approximates \$37,000 for the local system and about \$8,000 for Springfield's share of Regional High costs, will send the tax rate soaring more than 50 points alone, it was pointed out. This figure takes into consideration state ald and the fact that one point is equal to

about \$700. Garbage Disposal Jumps A_slight rise in the county tax ate, announced as approximately three points this week by F. Edward Biertuempfel, chairman of the Union County Board of Taxation, also will add to the local

burden, it was stated. In estimating the approximate 60 point tax rate increase, officials point out they based figures on a municipal budget which would remain about the same as last year with some few exceptions. Garbage disposal, for example, last year cost about \$12,-000. This year the figure will rise to about \$18,000 primarily

due to the higher cost of labor. A new road department truck added street lighting costs and additional fire hydrant rentals were the only other increases figured-on.-No-provision has been made thus far in the tentative municipal hudget for the 10 per-cent-cost-of-living-bonus re-

augsted by police and firemen. It is understood Committeeman Marshall favors a bonus for municipal employes, while Mayor Sclander and Committeemen Turk and Keane are said to be opposed. Committeemen Brown, t is reported hasn't voiced his opinion in the matter.

New Phone Books To Be Distributed

Delivery of the 1948 Issue of the Union - Middlesex - Morris-Somerset telephone directory will begin next veck, the New Jersey Bell Telehone Company announced today. Pointing out that thousands-of sting changes have been made ecause of moves and new connecions, the company urged telephone sers to carefully compare their own number lists with the new nook. Total listings in the alphasetien section number 203,000; an ing record, the 20-year men re- alltime high and 13,000 more than cotory-will-be-distributed-

gain of 18,000 over the last issue. First place in the '48 directory is held by a new candidate for leadoff onors, Captain Walter Abel, of Bellemeade. The final entry in the alphabetical section, however, is a holdover from last year, T. W.

JAMES LOVELL TO BECOME CIVILIAN

Pfc. James Lovell, son of Mrs. D. R. Brobst, 133 Short Hills avenue, has recently left for discharge and return home. Pfc. Lovell was formerly a member of the 35th Infantry Regiment of the 25th Infantry Division commanded by Major General Charles L. Mullins

He entered the Army on Sept. 20, 1946, and received his basic training at Fort Bragg, North Carolina. He departed for oversens duty on Jan. 3, 1947 and upon his arrival in Japan was assigned

to the 25th Division. Before entering the service, Pfc. Lovell attended Regional High School.

Fined As Speeders

George A. Hart, 1010 Oak street, toselle, was fined \$13.50 last week paid \$7.50 on a similar complaint.

Oh Promise Me

A columnist who follows political doings recently wrote that much of the campaign emphasis this year will be on more and more benefits for the "little man"-which simply means promises of more and bigger "social gains" to be paid for out of public funds. There is nothing new in thisit simply repeats a pattern we have seen many times before. Nor is it a partisan matter - the candidates of all the parties will-as usual sweat to outdo each other with promises when they get down to the business of bringing home the bacon in the form-of-votes. And it is not confined to the contest for the Presidency-it filters down to all political levels, including campaigns for Congress, for Governorships, for county commissioners. for mayoralties. But it does reach its most aggravated form in a Presidential election year when the outs are trying to get in, and the ins are fighting to hold their prize.

Just how seriously the so-called "little man" regards the grandiloquent political promises which are held out to him is a moot question. But, by this time, everyone in the country who is able to read and do simple arithmetic must realize that all the "social gains," real and spurious, must be paid for. And the argument that the rich will do the paying lost validity long ago — the grasping hand of the tax collector reaches down to the lowest of income groups, and it always digs deep. It is the average man and woman of America-not a few hundred millionaires—who must pay practically all of the bills. And it is not merely a case. of paying the basic costs of hig government. We must pay, in addition, enormous sums for the creation and perpetuation of a wasteful, overlapping bureaucracy which handles the administration. And, of greatest importance, we must pay in the more precious_coin_of_lost_liberty, restricted opportunity, the strangling of enterprise in red tape, and all the other burdens that follow constantly greater centralization of government.

Remember that next time a politician, regardless of his party and the office he seeks, sings his siren song of more public "gifts" to the "little man." The old "social gains" theme may have an attractive ring-until the bill is presented, and then the "little man" will pay, not the vote seeker who promised a free party. It is really time for the voter to try and distinguish between the honest public official, and the professional politician.

Year of Disaster

The year which just closed witnessed a record fire loss in the United States. It was a year in which hundreds of millions-of dollars worth of property, much of it scarce, was needlessly destroyed. It was a year in which ten thousand or more people were burned to death, and other thousands disfigured and crippled for life. It was a year of disaster for a legion of American fam-

We cannot repair the failures of the past. We can, however, let the lessons of the past guide us in the future. That is true of fire as it is of almost all problems. The fires which caused such havoc in 1947 were not — save for a tiny proportion acts of God. They were, to the contrary, the fruits of human ignorance, inertia, and carclessness. The great majority of them began from the simplest causes—improperly maintained lighting and heating equipment; Improper storage of flammables, thoughtlessness with matches and cigarettes, and so_on.

These fires could have been prevented easily. Instead, men and women worked on the dangerous theory that disaster couldn't come to them. But it did

We have turned a fresh page now. During the next twelve months that page will be filled with a new record of death and destruction unless we face the problem with determination to improve it. It is up to all of us.

Since our organization many years ago, the record of our service has been open to investigation.

Friends from every walk in life know our service and have recommended its use to others. This may account for the fact that each year sees an increase in the number of families who prefer our service.

THE SCHOOLS_ARE_YOURS

Parent-teacher associations de have a definite responsibility in relation to the local school board It is logical that the group of clifzens most closely connected to cooperate-with-his fellow-clifwith school system, who hold their organized meetings within school doors, should be primarily con cerned with the board which, plays such an important role in girls. It is true that parent-teacher associations are non-partiear in their policy; that the association does not endorse candidates for political office. However, that clause does not excuse the association nor does it exclude it from action as to the personnel Springfield Parent-Teacher Assoof the school board.

Whom do you want to serve you and your children on the school board? Remember the SCHOOLS ARE YOURS! You are the taxpayers; you get what you pay for, usually. You hold a strategic position to determine what the type of education shall be. You must insist that qualified persons represent you on the school board. -persons whom you trust to promote the best for your children What are some of the qualificaflons a candidate should have? Cortainly The person-must have an educational background sufficient that he can understand-and Interpret present and Luture cduentional progress. He or she must be aware and be sympathetic with modern trends. He cannot be the person who thinks "what was good enough for me or my father is good enough for today's Johnnie and Mary." He must be unbiased -not pleaged to any political, racial, or social group. American public education is for ALL The program included a cigarette and must be administered impartially by those who believe in the ment tax, a soft drink tax, and public school system. He must a tax on cosmetics. The teachers have business ability for educa- also suggest that other tax tion is "big business." The school sources beside those listed be givbudget in many communities is en consideration,

To Lois Ann Beattv Honeymooning this week in the

Poconos are Mr. and Mrs. John Paul Voelker, after their marriage in Christ Church, Short Hills, last week-end. The new Mrs. Voelker was the former Lols Ann Beatty, daughter of Mr. and Mrs. Albert. W. Beatty=of=Scotch Plains. Her husband's parents are Mr. and Mrs. Paul Voelker of Springfield. A reception followed in the Christ Church parish house following the ceremony performed by Rev. Her-

bert H. Cooper. Miss Ruth Titley of Springfield served as mald of honor, and bridesmaids were the Misses Ethel Voelker, also of Springfield, and sister of the groom, and Regina Connor of Haledon.

The bride's brother, William A. Beatty served as best man. Ushers were Robert Harker of Cranford, Pierson Orr, Mctuchen, Albert Douglas of Springfield, and Gregg R. Frost, also of Springfield.

Miss Lois was lovely in her bridal gown of white satin with sweetheart neckline, fitted bodice and circular train. Her French illusion fingertip veil was attached to a Juliet can of satin, trimmed with seed pearls. White roses, sweet peas and freesla were combined in the bridal bouquet,

The honor maid was gowned in cathedral blue faille with basque bodice and a bouffant skirt beginning with a bustle. Her bouquet was of Better Times roses, pink bouvardia and pansles.

Matching dresses of rose faille were worn by the bridesmaids who carried shaded pink snapdragons pink houvardla and lavender sweet peas. All had matching flowers in their hair.

The couple will make their home at 1593 Springfield avenue, Cran-

Both John and his bride are graduates of Regional High the Mountainside Hospital School of Nursing, and John is now a senior at Union Junior College. He served two years in the Army in the South Pacific.

Mr. and Mrs. Beatty entertained the wedding party at a buffet supper Thursday evening following

CARDINALS HAVE SON Announcement has been made of the birth of a son, Donald Nell. to Mr. and Mrs. Edward A. Cardinal, at Overlook Hospital, Summit, last Sunday morning. The Cardinals reside at 248 Milltown road and have another son, Ed-

By Fred D. Osman.

Union County Agricultural Agent

If you are in the zone where damage was done to trees by the snow and lee storm, repairs should be made as promptly as you can get at It. Clean up all wounds, make clean outs to a side branch or to the main branch or trunk, shellac the edge of the bark and then paint the wound. Of course, the maples will bleed, but this usually does no harm.

The lesson is never to plant fast growing trees, as these are always brittle and subject to dam-

Get the snow off evergreens. If any of the spreading kinds have been flattened but not broken, prop up the branches and they will probably be fixed in position in a year or two.

The branches of the discarded Christmas tree make good mulching material on the percental garden. If the top is taken out, the tree inverted outside will provide a shelter for birds.

It is a good plan now to look over the roots that you have dug and stored, such as dahilas and cannas. If they are molding, trim off the parts and treat with sulphur and lime in equal portions If the main stalk of the dabila is rotting, it may be advisable to divide the clumps.

If the roots are shrlvelling, they may be in too warm a place. Try to find a cooler one. Wet burlan placed over the containers will often help to slow shrivelling. .

By TERESA DOHERTY All Girl Scouts will have many new worlds to explore during 1948 us twenty-cirly proficient budges have been neded to the roster-ofthose already available. The new badge can be earned in such activities as radio, aviation, farm safety, firet ald to animals, journalism, weather, and back yard camping. Due to the critical world-wide shortage of food, the e "Music for Fun." Girl Scouts will emphasize a new igricultural program. Nine new

REGIONAL SCORES EASY VICTORY OVER SUMMIT BUSINESS COLLEGE

Regional High School's cagers were poor hosts to a visiting Stafford Hall Business College of Sum

The Bulldogs, playing steadily outscored the visitors in every quarter, totaling nine points in one period and ten each for the other

mit Tuesday afternoon, swamping

Roy Belliveau started things for the Bulldogs with a pair of fouls and a layup. Brother Ken added a free throw and Simon Wansaw a set, before Roy added another layup and Don a foul to run up a 10-0 tirst period lead. --

From there on it was a romp. Coach Walt Hohn's sliding zone stifled Hall's attack, allowing them just two baskets in the first half

and nine for the game. Roy was high man with points_Brother Don, who tossed in five free throws in five tries, was

runner-up_with_nine Jim Sevebeck put in 11 points for the Regional Jayvees as they beat the previously undefeated Regional freshmen, 28-8.

Pennoyer, Koonz, f. Belliveau, D., f. Sevebeck, f. Belliveau, R., c. Mallozzi, g. Wansaw, g. Galiszewski, g. Danks, g. Rile, g. Fisher, g Totals Stafford Hall 4 9-6-19

Hot Stove League **Will Honor Stars**

lyn Dodgers, Herb Karpel, former Newark Bears' pitcher, and a galaxy of baseball stars are slated to speak at the 12th annual Hot Stove League dinner on Monday. The event will start 6:45 p.m. at

he Elks Club, Elizabeth. Karpel is now in the Pacific Coast League. Other notables inelude Chuck Ward, Rutgers University coach; Manager Bill Skiff, Newark Bears; Parke Carrol, gen-

and others. Events on the dinner calendar include the 1947 World Series film. -and-trophy_presentations to county and youth leagues' winners: --Corn-cob pipes, miniature baseball bats, crackeriack and other souvenirs will augment the hot stove set-up in the dining room,

in creating a baseball atmosphere.

VFW-Will Sponsor **Sporting Program**

Bill Skiff, manager and Parke Carroll, general manager of the Newark Bears, will speak at a baseball rally to be-held-February 20 at Chateau Baltuerol under the auspices of the VFW. Feature of the program will be a showing of the official 1947 World Series sound movie in which the Yankees defeated the

Dodgers.-The movie reveals why base-ball writers consider the 1947 series most exciting ever played There are close-ups of all action surrounding Cookie Lavagetto's ninth inning drive that spoiled a no-hitter for Floyd Bevens, Yankee pitcher, and brought-Brooklyn victory in the fourth game.

The camera also reveals Al Gionfriddo's amazing catch of a irive by Joe DiMaggio in the sixth game. The ball was headed for the Brooklyn bullpen in deep left field. There was some question as to whether it would have een a game winning homerun thereby deciding the issue in six games, but the movie settles all

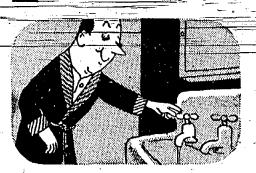

argument. Bobby Brown, graduate of the. Bears' 1946 class; Phil Rizzuto, Frank Shea, John Lindell, George Stirnweiss and DiMaggio are cast in star roles. The camera has preserved, for posterity Brown's record-breaking feat of batting 1,000 in four world-series appear-

Cold Weather **WARNING!**

Freezing weather can do this:

If you don't do this:

ON FREEZING cold nights let a small stream—about a quart a minute—trickle from the faucet located highest in your home.

THIS SIMPLE and inexpensive precaution will keep your pipes from freezing, save you costly.

Regional High News

Lots of Sports writers describe | had weather, attendance was no of the dictionary definitions of the word is--"a disturbance of the peace with three or more people in mind, calling the last three games of the Regional cagers routs seems appropriate.

You've heard of Amos and Andy, Lum and Abner, and Abbott and Costello? Regional, too. has a famous pair-Ambrose and Helminski. Last week I mentloned that Ray had joined the WNJR Repetory Company, remember?-Well, though it seemed then that the pair had parted, I learned this week-that Jack has also become a member of the company. Lucky WNJR! They're wonderful team,

Last Saturday night Regiona High turned over its auditorium to the Stoney Hill Players. This group was presenting the play "Claudia," the proceeds to be split between the PTA Scholarship fund and the Katherine Johnson

Regional Players **Defeat Cranford** And Roselle Park

By BOB WOOD Playing two games within 18 hours last Friday and Saturday, Regional's cagers came up with two easy whis. Friday night they traveled to Roselle Park and returned with a 44-25 victory, while Saturday—afternoon, a winless Cranford club came to Regional to

be smothered 61-24. Against Cranford, the Bulldogs started slowly and steadily, building a 20-9 half-time margin. Scoring heavily in the third period, they increased the tempo even more in the fourth, racking up a higher total in this period alone than

the visitors reached for the game. Herb Pennoyer, entering the game in the second canto, was the big gun for the victors, tossing in 15 points. Herb played extremely well under the basket and garnered

more than his share of rebounds. Don, Roy and Ken Belliveau followed in the scoring with eleven, nine and eight points respectively. The Jay-vees, who-have-held their opponents to an average of 20 points per game, won their ninth

<u>20-</u>14, Bellivenu Bros. Star Friday night the Bulldogs iumped to a 9-0 lead over Rosell Park, only to see it vanish to one point, 11-10. There however, a set. shot by Don Belliveau and foul conversions by brothers Ken and Roy pulled Regional out of

asketball games as "routs." One as good as expected, so another presentation is being held Saturday night. Those who attended last week gave enthusiastic ac with riotous intent." With this counts, so it sounds like it's really vorth taking in.

Sunday afternoon WNJR played host to a group of talented boys and girls from many New Jersey High Schools in a two-and-a-half hour rally. Regional was well represented at this fete. Representing our school were the Marnelli sisters and Elaine Pfieffer loing some close harmony; Paul Hildebrandt, pinfst; Ray Helminski and Hope Tietsworth doing a comic song; and the Ensemble inging our Alma Mater.

RUTGERS ADDS NEW **BRANCH LECTURERS**

Eleven new lecturers in insurance, psychology, journalism, radio, and retailing are being added to the evening program of the Newark Center of the Rutgers University Extension Division, Prof. Roderich H. Light, in charge, announced today.

The new lecturers include: William H. Atkins of the Montclair High School faculty in radio Milton Bruck and Harold Feuerstelm, Newark attorneys, in insurance; Howard P. Galloway, publisher and editor of Camping-Muguzine, in journalism; Edward Herbert of the Perth Amboy High Schoo Guidance Division, in psychology: Robert Jacobs, expert in psychoogical tests and measurements of the Educational Records Bureau of of New York City, in psychology; Jacob H. Jaffe, managing editor of Food-Merchants Advocate, in food store management: Helen Kromer, former assistant radio director for the Greek War Relief Association, in journalism; Howard K. Rice, instructor in merchandising at City College of New York, in retailing; Edward

Sanderson, associate editor of Farrell Publishing Company. journalism; and Harvey E. Stockwell of Columbia University, in English. The new lecturers will begin

their instruction with the apring term opening Monday evening February 2, Registrations for-this berm close Saturday (January 31) at noon at the Newark Center Office. 15 Lombardy street.

REJECTION REASONS REVIEWED BY ARMY

Pointing out the fact that the peacetime soldier is being carefully screened to see that he will be able to adapt himself to Army life, Capt. A. W. Perrington, officer in charge of recruiting ac tivities, announced this week that approximately 41 per cent of the rejections for enlistment and reenlistment at Fort Dix for the calendar year of 1947 were on neuropsychiatric grounds.

DISABLED VETERANS

MAY NOW RE-ENLIST Sgt. Clayton P. Jago, Springfield U. S. Army and Air Force recruiting sergeant," announced today that the Department of the Army would now accept for enlistment in the Regular Army or the Air Force partially disabled

combat wounded veterans who

possess or are trainable in cer-

who meet eligibility requirements stablished.

Combat disabled veterans of the Army, Air Force, Navy, Marine Corps of Coast Guard are ellgible for this type of enlistment. Sgt. Jago pointed out that men reentering the service will be enlisted in the grade held at time of discharge from the Army or Air Force or in the equivalent pay grade held at time of discharge from Navy. Coast tain critically needed skills and Guard or Marine Corps,

WITH CULLIGAN SOFT WATER SERVICE

No matter what soap you use . . . if you wash clothes in hardwater, soap curds will be formed. They will not rinse out of the fabric and will cause irritation to delicate skins. Besides, the washables will always look gray and dingy.

Diapers and dainty baby things washed with softened water are always sweet and white . . . with less rubbing. Baby's tender skin-and yours, too—will be cleaner and smoother washed in softened

water. Phone for Soft Water Service roday! HERE'S THE CULLIGAN SOFT WATER SERVICE PLAN . .

Our business is water softening service. do no work, make no investment . . . ius We install our equipment in your base-ment or other convenient place. We own it and service it at regular intervals. You turn the faucet for softened water. Forget all about your hard water problems ... call for Culligan Soft Water Service today!

MARKETING with Marjorie

There are plenty of occasions for making merry in February ... and plenty of inexpensive ways to perk up parties. Here are a few that prove you don't need to spend a king's ransom to entertain royally:

HAVE A HEARTI A heart-shaped mold of tangy

hearts. So soften Lenvelone of plain gelatin in 2 thsps. cold water and 2 thsps. vinegar. Combine 2 cups of A&P's 10N A TOMATOJUICE.

onion, I sp. sugar,

1 tsp. salt and a few celery leaves,
and simmer 15 minutes. Strain
over gelatin; stir till dissolved;
pour into mold and chill until firm.

Unmold on lettuce, and, using pastry bag and tube, decorate with a frilly border of softened cream MUFFIN MAGIC Want to turn plain muffins into tasto-thrilling, oye-filling party fare? Half fill greased muffin tins with your favorite muffin batter or prepared mix; and before baking, top with 3 tsps. of luscious ANN PAGE ORANGE MARMALADE

from the A&P. It will give your

muffing an attractive plaze and a

taste guests will praise!

TEA-TIME TRICK

To pretty-up your tea tray for -party, take a tint (any shade of vegetable coloring, that is), and apply it to loaf sugar like this: water, and drop small amount of colored water along one side and wn one end of e When dry, serve with OUR OWN, NECTAR or MAYFAIR TEAS ... the famous Flavor-Tested teas sold only by A&P ... and give guests a treat that's both flavorful and colorful!

TREAT-BEARING TREE

Ever hear of a donut tree? It's grand to have on a party table ... especially when it bears light, tender JANE PARKER DONUTS! To make one, insert several knitting needles in the holes of a flower holder, and ring them with lots of JANE PARKER DONUTS. (You can buy a tree-full for a triffe at your A&P!)
Mighty fetching ... and saves you fetching the "seconds" everyone's

Here's what we're doing to make service still better

sure to want

You can't see a lot of the things being done to improve your telephone service these days. But-more and more you'll be enjoying the results.

During 1947 we added:

- More than 600 positions to Central office switchboards.
- Dial equipment for nearly 45,000 more lines.
- . Over 340,000 miles of wire in cable. • 130,000 telephones.

During 1948 many more improvements will be made—as rapidly as possible. We're anxious to get telephone service to everyone who wants it and make the service better

BORO GARDEN CLUB WILL HAVE SPEAKER MOUNTAINSIDE—A discussion

on forcing clippings from early flowering bushes and fruit-trees was held at the meeting of the Mountainside Garden Club recent ly in the home of Mrs. O. J. Zeiler of South Euclid avenue. Westfield. Mrs. Earl Bennett presided. An-

nouncement was made of the program to be held next Wedneslay at Times Hall, New York, during the New York Times Garden Week. The Arrangers Group will resume meeting early in March at he home of Mrs. Harold Brooks of Prospect street, Westfield, Following the business meeting, Mrs. Zeiller was assisted during tea by. Mrs. Edward Webster and Mrs. Bennett. The next meeting will be held

February 17 at 2:30 p. m. in the home of Mrs. Vincent Glide of Ackerman avenue, Mrs. Raymond Powell will demonstrate modern. flower arrangement and Mrs. Harold Brooks will demonstrate period arrangements.

Mtside Histories Being Delivered

MOUNTAINSIDE - Since the release of "The History of Mountainside"_by the publisher, the day before Christmas, members of the Civic Council have been trying to deliver individual copies to those who subscribed for them two years ago. However, the weather has hampered these deliveries in many

instances and the Council has asked a little more patience on the part of those subscribers who have not yet received their copies. Anyone interested in ordering

one-now, who did not order beforc, or who was not in the Borough at the time of the Anniversary program in 1945, may still purchase a copy by calling Westfield 2-1864-M between 5 and 9

Several former Borough residents who have moved since ordering-the copies, cannot be located. Anyone knowing the whereabouts of the following persons, are requested to call Westfield 2-1864-M: Walter Burke, formerly of Deer path; a family by the name of Dunn, formerly residents of either Woodland avenue or -Mountain-avenue; Nardiello's, who formerly owned a garage on Mountain avenue, and Mr. and Mrs. Whelan formerly owners of the tavern at Mountain and Woodland avenues.

School Bus Route Change to Become **Effective Monday**

MOUNTAINSIDE - A revised route for the Mountainside school bue became effective Monday, Several stops have been combined and the bus starts carlier so that it can get to the school not later than 9 a.m.

A careful study made by Temple Patton, chairman of the transportation committee of the Board of Education, and Supervising Principal Charles Wadas, showed the new schedule to be the most effective in getting children to school on time. The bus which picks up Mountainside schoo children, must make an earlier trip to Regional High, and therefore Regional pupils must, starting this week, get the bus ten minutes earlier.

schedule, which starts et Mill lane now at 8:20 has the present stops: from Mill lane, at Parkavenue, Nolte's place and Wood- Kapke. land avenue. This is the sixth of a series of advertisements to acquaint the citizens of New Jerseywith problems faced by their railroads. In your own self-interest you should know these facts.

big can an 8-Ball get?

ENEMIND THE 8-BALL! That's a typical Amer-Dican expression. It tells better than fancy words what it means to be in an impossible situation.

Yes, the railroads of New Jersey are in an impossible situation. On the one hand, passengers and business people are asking for better service.

On the other hand, New Jersey taxes are taking-away-everything-the railroads earnin the State. Take away MORE, to be exact! In the past 12 years railroads have paid out in New Jersey taxes more than twice as much as they earned in the State.

In no other State is the tax burden so heavy. How heavy?

-JUST LOOK AT THESE FACTS:

COME STATES are nerve-Ocenters for several converging railroads. These are "Terminal States," where great depots, yards, shops and sidings are concentrated...where railroad tax problems are similar.

-But_taxes_in_the_Terminal State of New Jersey are roads than does New Jer-7% higher than in Illinois although Illinois has five times the railroad mileage, road mileage!

Taxes in New Jersey are 61% higher than in Ohio although Ohio has four times as many miles of railroad. and the same In the entire nation, only

the Terminal State of New York collects more actual --tax-dollars-from--its_railsey ... but remember, New York has 300% more rail-

Our Neighbors

These events made front page news last week in the nearby community papers.

Montclair, at least, has done its school teachers a good turn and proposes raising salaries so that the shapers of our younger generation can live more adequately in these times of high prices and scarcities. Minimums of \$2,400, \$2, 500, and \$2,600 have been set, and maximums would be \$4,800, \$5,200, and \$5,600, dependent upon training of teachers. The number of years required to reach the maximums in each class would also be reduced.

But as commendable as Montclair's educational pay raise may seem. Ridgewood has done them one better. A group of townspeople showed up at the scheduled hearing of the Ridgewood achool budget last week, and de-manded HIGHER TAXES so that teachers could get more salary than the contemplated \$48,-005 contemplated for the next year. In fact, the local citizens recommended DOUBLING the proposed eight and one half points in the tax rate the school. board had been considering to defray teacher salary costs. With public support like that, education itas a bright future in store.

The next time William A. Piercy of Ridgewood has a minor accident he'll let it go at that and consider the matter closed. Plercy learned his lesson when a passing auto brushed him and dented a fender causing about \$20 damage. The culprit didn't stop, however, and Piercy gave chase, skidded on the ley pavement, and smashed into the rear of the car he was after, causing \$200 damage to the front of his auto. Next time he prom-

Hat Stove Leaguers'

Dinner Set for Feb. 2 Hot Stove Leaguers will assem ble for their annual baseball dinner February 2, at the Elks Club. Elizabeth, it has been announced. The affair will start at 6:45 p. m.

With the traditional "hot stove" set up in the dining room, souvenirs at each plate and baseball notables as speakers, the event promises to be of interest

to all baseball fans.

The film "World Series of 1947" will be shown, trophics will be awarded and paraphernalia of the game, such as crackerjack, corncob pipes and miniature baseball bats will be distributed.

Baseball enthusiasts are invited to_attend. For full information, contact_George - Cron; Assistant Superintendent of Recreation for the Union County Park Commission, at the Administration Building.-Warinanca Park, Elizabeth,

First 10 Miles of New

or call Elizabeth 2-8431.

Parkway Opens in 1948-Working under pressure to open New Jersey's first 10-mile Route 4 Parkway link by the end of the year, State Highway Commissioner Spencer Miller, Jr., will take grading bids Wednesday, February 11 for the final two miles to connect Route 35, just north of the Edison Crossing of the Raritan.

The work will be-in-Woodbridge Township, Middlesex County, extending from Route 25, near Metuchen Avenue to New Brunswick Avenue in Fords.

Favored by weather and freed of other uncertainties, the Commissioner expects paving and bridge completion during the approaching construction season on the contin uous section from New Brunswick Avenue-to Centennial Avenue in

Cranford Township, Union County. It is designed to give major traf-fic relief in Union and Middlesex County areas as well as sections of Essex County.

Special benefits are envisioned for automobilists with destinations at New Jersey seashore resorts

Can't Write? - Type!

versity students who complained that writers' cramp cramps their style got a break this year from James R. Nalden, English instructor at Rutgers University. His solution to the age-old academic problem:

Use a typewriter. Naiden, a graduate of Columbla University, permitted the use of typewriters by members of his English literature class which is composed mostly of Journalism nuclors, fellows who are supposed to un-

derstand the intracacles of typ-For those students who couldn't concentrate while typewriters are banging away. Naiden set salde a separate room, where the non-typists took their exams as their fathers did, sorawling out their sometimes lilegible hieroglyphics with pen and luk.

The innovation of typed exams will not only aid the typists in the class, Naidenbelieves, but will also case his burden of reading and correct-

ing the papers. Naiden, incidentally, is of the opinion that a typing test, showing the applicant's capability in that field, should be given along with every college entrance examination.

ised to keep his temper.

for one man this vision of great- | ders, but during the last cold out on his mission of salvation, in rags in her kitchen, near death field day on the piles of rubbishithere alone, and once in a whi we've all heard the fabilious and in the Swiss Alps, and the equally fabilious (and true) stories of their famolis dogs, but in the swiss of their famolis dogs, but in the swiss of their famolis dogs, but in the swiss cannot be stories of their famolis dogs, but in the swiss cannot be stories of their famolis dogs, but in the swiss cannot be stories of the second of the stories of the second of the stories of the second of the stories of the swiss alps, and the elements. So Dad Plays with Junior's Toy Trains? That's Mild Compared to Chatham RR Club

Christmas morning, 1947. Remember how Dad monopolized junior's new train set? Well, that's nothing compared to what a number of men from Chatham and nearby-communities are doing with scale model railroading in a little rea harn on Broadview terrace, Chutham,

The big difference, of course, is that this group of hobbyists isn't playing with toys, although at first glance you may get that impression. What they really dois an amazing bit of simulated railroading so intricate and complicated that it would consume all their time if they so desired. This cult of model railroading has been prowing steadily throughout the country, and at present the Chatham Railroad Club Inc., is only one of some 4,000 such groups in the U.S.

The Chatham group is currently in the process of constructing a layout for their trains, and although nothing but a framework is completed at present, they hope to have at least one train running by summer-time. So complicated is their task that they expect to take several years to complete the work they have planned.

An Intricate Hobby Model rallroaders, like model airplane builders, are artists, craftsmen, designers, and workmen all rolled into one, although the railroad boys probably demand a great deal more skill than plane hobbyists because of the

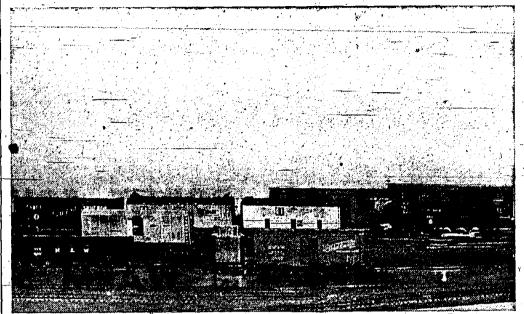

more technical aspects involved. To give you an idea of what they do, here are a few of the tasks performed by model train builders in the Chatham Club.

Members of the club build their own trains. Kits are purchased for anything ranging from a few dollars on up to as high as \$75 for a single freight car. It takes about two weeks to complete a car, which in its final form (as can' be seen from the pictures). represents a perfect miniature of the real thing, Ladders, wheels, automatic couplers, signs, riding rods, spring wheels-they're all included. Engines, too, are assembled carefully from kits, and motors sometimes are built rather than bought by the model maker. When finished they are cared-foras carefully as one cares for a

much to be desired-his decision to

readly be seen through close scrutiny, but more mportant is the comparison of the cars to the eigarette lighter in the foreground, which gives an

THE AUTHENTICITY of these freight cars can | idea of the work done by model builders. The tiny switch engine can pull as many as 17 freight cars with case.

the Model Railroads Association, olubs such as the Chatham-club nust keep certain specifications in mind at all times, so that when conventions are held or visits made to other groups, their trains can be brought along and set down on the tracks of the host club for performances. HO gauge rack is used, which is about onehalf-the size of junior's toy train tracks, and the track is laid down in the same manner as real-life railroads. Sections are placed over ties and kept in place with tiny railroad spikes. Switches are also included, and wiring must be done-so-that all switches and signals are electrically operated. 🛬 Cannot Handle Trains According to national rules, and general modeling ethics, it is

> MEMBERS of the Chatham club look over plans amidst the frame work of their new track layout.

in 1945 by a group of interested mon who wanted to combine their efforts and construct a more elaborate layout than any one of them could make for himself.

The first couple of years were spent in making plans and searching_for a suitable place to build their layout. Finally, in 1947, they acquired their present space and began work on what will wind up as a course of 400 feet of main line track and 100 additional feet of siding. Since one foot of model track is equivalent to 80 feet of actual railroad line The way the wind is blowing re-shuffling of positions by all the they will be sending their model

trains over a half-mile course. Towns, Scenery Included All of the club members are ousiness men during the day, and spend evenings working on the railroad layout. Each has his own specific tasks, based on training and general ability, besides the willingness to work. Track laying crews are presently at

work along with carpenters and electricians. The track plans are arranged to simulate a division of a railroad with several towns between the main terminals, and will be any number of men from one to a dozen to operate it. That's where drudgery gives way to fun, for the tasks of operators are to keep their trains on schedule. avoiding accidents, loading, stop-

Include the usual mountains and tunnels, as well as several hundred houses (whole towns), rivers, forests, etc. When the work is done, the Chatham layout will be able to handle as many as 300 cars at one time. But give them a few years to do it.

Why is silk weighted? Because preparation of the raw product for spinning involves a the pound, tries to compensate for by weighting. Tin salts have long been used in this way, since they have an affinity for silk. Unfor tunately, too often not only is the lost weight made up for but, to add to profits, up to two or even three times the weight of the fabric itself is added.

The main trouble as far as the nublic is concerned is that such fabrica render poor service because their strength on exposure to sunlight, perspiration, spots or by considerably reduced.

Damaging Types Of Anti-Freeze Being Circulated

Keystone Automobile Club warns motorists that shortage of antifreeze products of the two commonest types-alsohol and ethylene glycol-has resulted in reappearance on the market of two other types-salt base and petroleum base-manufacture of which was prohibited during the war because of their injurious properties. The Club outlined simple tests by which any motorist can determine whether the anti-freeze in his own radiator is of dangerous type.

Salt-base anti-freezes can damige a motor beyond repair because of their corrosive action on engine iackets, on solder in the radiator and on aluminum, which is used in some manifold pumps, according to government experts On the other hand, it pointed out, petroleum-base fluids do not attack metal parts but can ruin radiator hose connections-in-three-weeks and may constitute a fire hazard. "This warning," said Joseph C. sman, Manager of the Trenton Division of the Club, "is based upon reports of the United States-Bureau

ways to test the radiator mixture: "Draw a small amount of the nixture from the radiator and add it to a glass of water. If it floats noticeably on the water, it is of petroleum base.

of Standards. Here are two easy

In order to conserve the nation's motive power during the war, the Keystone official stated, the Office of Defense Transportation warned motorists to use only those antifreezes compounded from the various forms of alcohol-whichinclude ethylene glycol and glycerine—and the War Production Roard outlawed the manufacture of anything else. Since removal of war restrictions, manufactures are free to make and sell the injurious

Five Model Rooms on Display at Hahne & Co. Use Unique Coloring to Suggest Flowers

furniture showing at Hanne & Co., a series of five new model rooms are on display in the Furniture Gallery on the Newark store's third floor.

Flowers, as interpreted in terms of home decoration, is the theme of the exhibit, which will be on display for one month. Rather than the actual use of floral patterns, the rooms rely upon color and appropriate furniture to suggest-a theme flower for each. In every room the decoration is simple and practical, yet-stimulating to the imagination.

The first room is a living room in blue and jade green with accents of lacquer red and accessor ies in an oriental mood, suggest ing the oriental poppy.

The second, a game and recreation room, seems to bring the outdoors inside to suggest its theme, trees. It is finished in rust, with one wall covered in hand-blocked chintz-echoing the predominant color and depicting a woodland scene. Matching chintz drapery and casual maple furniture complete, the informal, restful picture.

In contrast, the formal living room carries massed tulips in the draperles and fabrics, accenting them with the basic colors of bottle green and clear white. The deep green suggests a formal gar den, while the floral patterns

Labor Writing Course

A journalism workshop course for workers on union or company papers was announced as the latest addition to the educational services available throughout the State to labor and management groups under the Rutgers Institute of Management and Labor Relations...

MacNeil, 50-yard freestyle ECSA record-holder in :23.7.

this complete column, but all are important cogs in Jim

Unfortunately, swimming has never been very popular with the sports editors except when national or other

championship events warrant their attention. The teams more often than not take a back seat to the individual stars

that make up the squads, and, as a result, such impressive records as Rutgers' 23 straight and Yale's 28 go almost un-

noticed until one or the other becomes a national champ, or until they meet each other, as will happen March 6. No one

doubts that both teams will still be undefeated up to that

Swimming is a great spectator sport, something few sports fans realize. Most of us have seen people diving off

high boards at summer pools, but picture those dives in

competition with others and you have an idea of the grace

and coordination necessary for creating such champs as Joe Flynn. Also, consider the excitement of a competitive

race with national title holders competing. The accomplished use of such strokes as the freestyle, the backstroke,

and the butterfly breaststroke which you yourself have un-

doubtedly tried on occasion and found yourself almost

fect body control at all times, as well as strength and endurance, and when you find a bunch of boys and develop

thom—as Reilly has done—into an almost unbeatable com-

bination of champions, there is a team to be proud of and to be eager to see in action. Rutgers' next home engagement is February 11 against NYU. Drop down to the Rut-

gors Gymnasium and watch them perform, You'll see what

work because it was the best we could get rather than what we would want if we had our choice. For that reason the job becomes nonotonous at times, it represents continuous frustration when compared to what might have

The majority of us in that position resign oursolves--to--o fate. We feel that we must go on working in order to earn a living for our

families, and that we cannot afford either to stop work and

study for a profession or run the risks involved in entering our own business. But we resolve that our children will be better off, that they will be able to find out what they want in life and have an opportunity to prepare for and enter

However, our children are not being enabled to take fullest advantage of the opportunities they have. They come out of school with no real knowledge of what they are best fitted to do or what field is best for them. Dr. Sparling made a study of the vocational choice of college students in Long Island University and came to conclusions that are worth our thoughtful consideration.

Only Glamorized Ideas He found that the majority of students expected to enter an ocsupation for which their level of intelligence was too low to permit success. A large proportion of students intended to enter vocations in which they would have to use subjects that they had received low school grades in. Of those who intended to become physicians, half did not have grades high enough to admit them to any medical school. Three-quarters of ling the prominent as well as the those who wanted to be teachers had low marks in the subjects they | with equal force. Some of the bethad chosen to teach. Half of those | ter known victims, of cancer are

Good Winter Skin Protection

By HELEN FOLLETT

If the weather is cold, if the wind is blowing, and you forcet to have a daily conference with the creamy cosmetic you may develop a complexion that is about fuzzers to appear on the face. gery hoard.

Chapped-skin-is a common trouble this season of the year. Riven when the cutancous coat is in normal-condition it is benefited by frequent lubrications. Strong sunlight and harsh-winds are dry ing. Soap removes the natural oil along with atmospheric debris. So keep a jar of cream-handy-and uee it. Make it a duty to give yourself a beautifying half hour efore you tumble into bed every night.

The self-discipline of a beauty routine which makes a woman ook her best also promotes an inner sense of well-being. A good "outside-inside" treatment There was little awareness of for the skin at once tones, cleanses the financial returns that could be and softens it. Dip a wash cloth expected. Eighty per cent of the in hot water and press it to-thestudents believed buey would earn face. Without drying, cover the more than the average person in entire face with a pure cold that work actually earns Only cream working it over the warm, seven per cent of the students had damn skin. Remove cream thormough knowledge to make any oughly with tissues and apply a fresh film. When this is tissued

off, splash on cold water vigorously. Finally, put on skin fresh enex, using a cotton pad, wrung out in cold water.

Dry Complexion

There are complexions so dry that a light application of an olly cosmetic seems to disappear in a minute. In that event, more should be applied. And don't forget that friction is an important part of the treatment. The more tapping and slapping the better, Rouse the blood etreams so your skin will have pleasing coloring.

Use unward outward motions being careful not to push the fiesh up under the eyes. That is a perfeet method of mutting in turkey tracks. The fibers around the eyes are tiny and delicate; they must not be stretched. Anolni your finger, place it on the eyelid close to the nose, sweep out to

For Your Health's Sake

Chicago Commissioner of Health

An inflammation of the skin, I any of these has been causing the mown as contact dermatitis, may develop as a result of exposure to irritating substances, usually chemicals of one kind or another. Of course, if the substance caus-

ing the trouble is avoided, the rash will most always clear up. but usually neither patient nor doctor knows just what, the irritant may be nor

where to look for it among all the things with which the average person comes in contact. For instance, nitrocellulose, to which some people happen to be sensitive, is found in such widely various Items of modern manufacture as combs, brushes, patent leather, and pingpong balls, Thus most cases of contact

dermatitis present the physician with a puzzling problem in detection. Where the rash is not severe or troublesome, he may solve li by means of patch tests. Testa Carried Out.

These tests are carried out by plecing the substances auspected of producing the rash on small pleces of gauze, which are fastened to the skin. Each substance s placed on a separate piece of gauze. After 24 hours, the skin under the patch of gauze will be inflamed if the person is sensitive to the substance on it.

In most cases, however, the rash comes on suddenly with itching. redriess, and the formation of blisters. With continued or repeated exposure to the offending substance, the rash may become much worse and spread over the entire body,

Finding Relief

In these instances the physidan's first concern must be to relleve the rash. The quickest means of doing this is to place the patient in a hospital where he is taken out of contact with his usual surroundings. Away from home, office and garden, and separated from such nossible irritants as clothing, hair tonic, soap, toothpaste, sofa cushlons and insect powder (to name only a few of the known offenders), the inflammation can usually be easily controlled, and mild X-ray treatments may_be used to speed up the healing if it is slow.

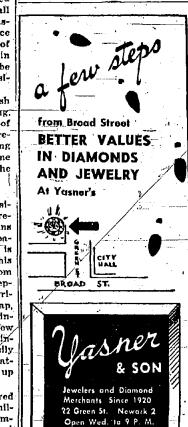

When the rash has disappeared ompletely-one of the old famillar items is added daily. A woman, for example, might first choose to start using soap, then cold cream, powder and rouge, If

trouble, she will soon realize it. because itching usually starts within four to eight hours after contact with the harmful agent. Treatment can also be carried

out at home in many cases, if the kin is touched by nothing but air, clean, water, petrolatum and cotion garments. The towels, sheets and pillow-slips should contain no special starch, bluing, bleach, cleaning fluid, or other chemical substance. In washing, only water s used and soap is avoided. The eeth are cleaned with sait and soda. Cornstarch is used for face powder. The Itching rash may be soothed by cold water compresses or a thin layer of petrolatum.

QUESTIONS AND ANSWERS Mrs. E. E. G.: What can be done for pyknolepsy?

Answer: Pyknolepsy is a condition in which there is loss of consciousness for a few_seconds at a time, I know of no drugs which would be of any special benefit in this disorder. Treatment with such preparations as phonoharbital or dilentin sodium may be of value.

About the House

ELEANOR ROSS

Lately we've noticed much use of linoleum in many very smart model room displays, and while most women seem to admire this type of floor covering, when highly styled, most of them insist that despite all the talk linoleum isn't practical because it is difficult to keep in condition. Well, we don't agree with this attitude at all.

Linoleum is very practical and will stay bright and new-looking for many a year if it is properly laid, end then receives reasonably good care. Cleaning with strong soaps and hersh, gritty cleaners, which so many women use, will scratch and damage the linoleum surface, making later cleaning more difficult and shortening the life of the floor

Occasional Washing

There's no doubt about it, lineleum does require an occasional thorough cleaning with soap and water, although one school home-makers is against it. But if mild soap and moderately warm water is used, and the job is speeded up so that the solution remains on the floor but a short while, the result should be all to the good.

To save stooping and-reach ing and to protect the job, as well as working faster, a mopwringer pail should be used.

- Swoop - Up . Dust First, eweep up as much loose dust as possible. Wash quicklywith the sonpy water. The mop should be wrung fairly dry so that not a droplet of water-gets

under the edge of the linoleum. When the washing is completed, fill the pail with clear lukewarm water, and rinse carefully, wiping as dry as possible, and again using little water. Allow the lindleum to dry thoroughly. Then apply a cont of wax and

Housing Picture Dark for 1948

If you're one of the New Jersey familles waiting until costs are lower to buy, build or remodel a nome, the outlook for 1948 is not too bright, declares Doris Anderson, extension specialist in home management at Rutgers Univer-

From latest compiled figures (August, 1947) lumber is shown to be 84 per cent higher than in August, 1945, and about three times the prewar price. The rise in other building materials-has-been substantial, ranging from 20 to 25 per cent since August, 1945. Averaging all building material costs show that you will have to double the prewar prices.

But if you've held off from building or remodeling because of lack of materials, there may be a ray of hope. The supply picture is mixed however. Basic raw materials such as lumber, pig iron, and steel will continue to be under serious pressure from construction and other demands. The production of tumber, cast from soil pipes and nails has fallen off in the past few months. Even though pro- A TRIPLE WINDOW, complicated tinue into 1948 for nails, soil pipe, homes. ... millwork, structural steel, and trical supplies and heating equip-

Venetian Blind DA

MARION CLYDE McCARROLL An old slogan frequently found

anging on the walls of neighboriood stores suggests: "If You Don't See What You Want, Ask For It." Today's home-maker revises this dogan for her own private-use to

read something like this: "If You Don't Have What You Want,

If, for instance, she doesn't have the lovely house she wants, but must temporarily live-in-one room, she uses all the clever tricks she can devise-to-give that room the feeling of being more than one. It she hasn't got the fine big living room window she wants, but just one little one, or a row of little ones, she finds a way to create the illusion of a single-large-one. If he can't afford beautiful draperles, she uses her imagination on something less expensive that produces a smart air all its own.

No nice large kitchen? Only a iole-in-the-wall_in_a_one-room apartment?

She-makes-lt-do a disappearing act when not in active use that puts it either practically out of the picture or makes it look like an ntegral part of the room's decor.

All-of these things, and many nore, can be accomplished very simply, with the aid of modern Venetian blinds that have a versatile way of lending themselves to all sorts of decorating tricks. A look at the pictures here shows what magic they can perform.

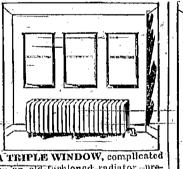

THERE'S NO REASON WHY YOUR_WINDOWS can't look smart | even though the budget won't provide expensive draperies. Readymade bedspreads converted into hangings, and a wide Venetian blind,

make this living room window arrangement look far more costly than

IF LIVING AND DINING ROOMS are one, separate units with a movable "wall" of three Venetian ilinds. Raise center blind to make a doorway when needed, or raise all three when the whole room is de

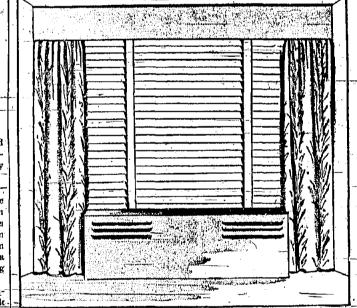

duction is still above 1946, present by an old-fashloned-radiator,-presupply difficulties may well con- sents a decorator problem in many

certain items of plumbing, elec- lumber shortages. Some of the lumber for farm construction can be gotten from small local mills or directly from the farmer's own voodlot. Lumber from old farm buildings will also continue as a source of supply to help building or remodeling farms.

Gypsum products will be plentiful in 1948. The demand for brick and other ciny-products can probably be met, although the supply might: be tight for small houses -bricks and-concrete are used-for on-residential and rental housing projects: Cement - production is ligh, and so is production of struc-

An improved supply is expected of warm air furnaces, water heaters, hard flooring, soft wood plywood, clay sewer pipes, asphalt roofing, concrete reinforcing bare wire nails and staples.

SOLVE IT BY TREATING group as a single unit, with Venetian blinds

Your Suburban Garden

By Alexander Forbes

One of the most delightful flowers to grow in your garden is the Sweet Pea. Quite easy to grow, they will provide beautiful cut flowers for late spring and earlysummer enjoyment in your home Sweet Peas are delicately fragrant, charming in form and come in a superb range of colors. In the garden they bloom after the spring flowers are over and before the summer annual flowers begin.

Time of Planting Important Most of us like Sweet Peas and perhaps have tried them without much result. To grow them successfully we must realize that they are cool weather plants and will

not thrive in the heat of late June and July. If we plant the seed in the warm spring days of late April and May our effort will be doomed to failure. Usually we have a few nice warm days in mid-March around the New York Flower Show time. That's the time to get the seed in the ground. If the soil is reasonably workable they may even be planted soon after March first. The seeds are round and smooth, and do not rot in cold wet

soll like so many others. Perhaps the best strain to grow s the Farly Flowering Spencer | few days to germinate the seed but come to full floom. A newly developed strain called the Spring get plenty of light. When the top Flowering or Cathbertson Sweet growth is about four inches high Pea shows marked resistance to pinch off the center lend to en-

this reason will be well worth

It is best to dig a trench, fork

deep, and well enrich the bottom soll with rotted manure or ferilizer, for Sweet Peas have big appetites. They develop large root systems to support the vigorous vine growth. If the soil tends to be acid, work in some lime as the soil should be on the alkaline side. If your soil is heavy, work in some sand as it must be well drained. Back fill the trench and plant the seeds two inches deep and from four to six inches apart. After the plants appear, keep nosted on weather forecasts and if frost is predicted provide temporary covering such as newspaper. Sweet Peus must have a unny location and ample water during dry spells. They respond to liberal amounts of liquid manure and an application of nitrate of

Grow in Pols .

For better plants and earlier blooms you can start the seed in doors in small pots in early February. Mix some sand through a good garden soil for this purpose. Keep at room temperature for a after that from 40 degrees to 60 degrees P. is ideal provided they daniage by warm weather and for courage branching. In early April

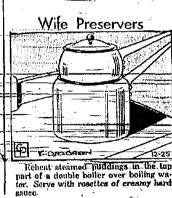

well enriched, deep, amply drained soil. Give light protection if late

frosts threaten. As the plants are truly vines they must have some form of support on which to grow. When the eedlings first appear, firmly stake in nointed branches of brush such as birch. Two wires stretched between posts, one high and-one low, with heavy twing run up and down gives excellent support or you can e-chicken wire. Nover allow the flowers to fade on the plant and go to good as this will reduce the number of blossoms produced.

The culture of Sweet Peas is of course_not_as_simple_as_growing the summer unnuals such as Mafigolds- Petunias and Zinnias. The reward, however, is greater. Well grown Sweet Peas in your garden

remove the pots and set out in will provide a wealth of exquisitely formed, fragrant, colorful flowers of the high lights of your garden

How to Remove Smoke Stains From the House

Walls and furnishings in many New Jersey homes may need a house cleaning early this year to remove smoke stains caused by kerosene lamps, fireplaces and makeshift heating and lighting arrangements used during the reent lee storm.

Dorig Anderson, extension apedalist in home management at Rutgers University, gives the following suggestions for cleaning he house.

Get at the job right way. The onger you wait, the harder the smoke film is to remove. Don't, dust the walls or furnishings with a brush or cloth because it will just rub in the dirt, making it almost impossible to remove Select Good Cleanser

To clean painted woodwork and walls, select a good commercial cleaner that will dissolve a greasy film, Or make a scap jelly of 2 tablespoons of mild soap powder and 3 tablespoons of turpentine. Add this to a quart of warm water. Wash small-areas at a time, and work from the bottom up. Use a soft cloth or a sponge. Let the water with the cleaner remain on the surface a minute or two to dissolve the dirt. Rinse and wipe dry. Change the cleaning and rinsing water frequently to avoid streaking.

Cleaners which contain no alkalles do not have to be rinsed off unless the surface is very soiled. But compounds with trisodium phosphate, borax or other alkalies will dull the painted surfaces and may remove paint if not ringed off with clear water.

For papered walls, follow the mnufacturer's or dealer's directions for cleaning if the paper is vashable. For non-washable pa

pers a dough-like commercial cleaner will probably take off the moke stains, although it will be a hard job.

To clean wooden surfaces of furniture, walls and varnished woodwork, one of the best methods is to use I tablespoon of turpentine and 3 tablespoons of hinseed oil in I quart of very hot water. Keep the water hot in a double boiler, but do not add the turpentine and the oil while the double boiler is on the stove or near-any fire. Wash a small surface at a time with this mixture and dry thoroughly.

Upholstery can be shampoord with dry soap suds or with suds of a synthetic detergent. Try this on'a piece-that doesn't show to make sure, the fabric can be washed. Rinse the washed surface with clear water applied with a sponge or a soft cloth. Dry as rapidly as possible.

Equalling the intensity of Arctic storms, man-made blizzards are being manufactured at will by scientists in the climatic test chambers of Signal Corps Engineering Laboratories at Fort Monmouth, New Jersey.

Careers with Roles At Millburn's Theatre

Many Artists Started

Theatrical careers which began at the Paper Mill Playhouse and which were continued on Broadway to lead to a triumphant return to Miliburn are exemplified in the cases of John Henson and Betty-Ann Busch, who are featured in the cast of 'The Student Prince," current attraction, which begins its third week Monday, ਸeb. ਡ.

Henson returned this season after appearing in the Broadway run of the hit, "Song of Norway," in which he sang the popular number, "Freddle and His Fiddle." Miss Busch went from the Miliburn edition of "Sweethearts" into a like role in the recent year's run of the Herbert operetta. on Broadway.

A further example of artists developed by Directors Frank Carrington and Agnes Morgan at the Paper Mill Playhouse can be found in the cases of Warren Brown, Frances Clinch and Danel O'Brien,-all-of-whom play imortant roles in "The Student Prince." All have come up from AFTER an absence of five years the ranks at Millburn,

Brown has been seen in import ant roles in "Naughty Marietta," The Descrt Song" and "Girl ors with Henry Fonda in "The Fu-Crazy" this season, his second at gitive," presently playing at Proc. the contract. the Paper Mill. Miss Clinch re- tor's in Newark. ceived her big chance in "Countes Maritza" and scored an outstanding success. O'Brien, an under-study in "Naughty Marietta," that work and has continued to do

Cancer kills at all ages! During 1944, this disease killed 1,153 Americans under the age of 15; 2.570 between 15 and 29: 14,400 between 30 and 34; 47,978 from 45 to 59, and 105,070 of 60 and over.

During, the war, the flamethrower wasn't exactly a new weapon for the First Army. However, tests made this week at Governors Island, New York, placed the flamethrower in a new experimental role, as a possible means of melting New York City away from its 25-inch anowfall.

The cancer death rate continues unchecked. In 1935 over 137,000 Americans died of this disease. The rate jumped to over 158,000 in 1940, to 177,000 in 1945 and lest year (1948) it reached the all-time high of an estimated 181,000

Pictures, Plays and People

By PAUL PARKER

The Club Diana, in Union, has I signed the "Flying Aces," a champion roller skating team, as part of its floor show. The Aces engagement at the Union night anot is the first American appearance of the act in 14 months. They recently returned from a lengthly—and highly successful— South American tour:

It'll be worth your while to stay awake a bit longer than usual Friday night to tune in the annual March of Dimes radio show (11:15. p. m. to 13 midnight over CBS, ABC, and Mutual), Besides such personalities as Bob Hope, Jerry Colonna, Beryl Davis, Tony Martini Olivia. DeHavilland, emcee Hurry Von Zell, and orchestra leader Vitoor Young, President Truman will make the annual appeal from the White House, He will be introduced by Basil. O'Connor, president of the National Foundation for Infantile Paralysis.

Bob Hope is still one of the busiest guys in show business. turns to the company as a fea- Besides the March of Dimes show tomorrow night, he will officiate wo years during which time she at the Look Magazine Awards broadcast on Saturday, and act tions "A Day Before Spring" and as emcce at the annual White House Radio Correspondents' dinner in Washington February 7. The President will be guest of honor at the Washington affair. Hope will do one of his weekly shows from New York before returning to Hollywood to begin work on his next-picture; "Sorrowful Jones." -

Liculie Fletcher's famous radio. Irama, "Sorry, Wrong Number," will be on book shelves soon in a also presently before the-camerasat Paramount_Pictures._Bennet Cerf, head of Random House, saw a copy of the screen play and asked permission to set a writer to work on a novel. The result promises to be a best seller.

The Chestnut Tavern, in Union, changed owners recently, and the new managers, Malcolm MacRorle and John Calivmane, bell this reoprier they plan to make the tavern a spot for delicious food. Their spe- stage manager.

chalties will be steaks and chops. MacRorle was formerly at the

Varsity Inn, Valesburg, for three years.

The student body of Northeastern University has voted Joan Caulfield "Miss Cooperative" of 1948: She won the honor 165 to 101 ver June Allyson, No explanation of the title was given however, and we're not going to hazard a guess, either.

Danny Thomas, the comis has this to say about one phase of our economic system; "What's happened to all these big strong he-men? The kind that could knock you down with one blow . . . the kind that could make you give up with one twist of your arm. Why aren't they in pictures any more? I'll tell you. They're making more money as salesmen in used car lots!

Film actress Maureen O'Sullian is perhaps the best example of a acreer girl who doesn't let her success as a star interfere with her family life. A rare thing in Hollywood these days Maureca just gave birth to her fourth child. She has two boys and two girls now, and contrary to the fears of many of the screen capital's beau ties, it hasn't marred her physical beauty one bit. I guess the success of marriage in Hollywood depends more on who you are then what you are.

Paramount is screening 1,000 children to find a-five-year-old girl to play the role in "Sorrowful Jones" that launched Shirley Temple on her spectacular career many years ago. Based on the colorful character created by the novelized version. The thriller is late Damon Runyon, the picture will star comedian Bob Hope.

Children of two famous theatrical personages will be in the cast of George-Bernard Shaw's comedy, "You Never Can Tell" when it opens on Broadway is March. Faith Brook, daugther of Clive Brook, the famous English star, has been brought from London to play the role of Gloria, while Phillip Barry, Jr., son of the playwrite, will appear in a bit part and also double as-assistant

Scouts to Observe 38th Anniversary During Boy Scout Week Feb. 6 to 12

the Boy Scouts of America munity service and the scope of throughout the nation will observe the 38th anniversary of the organization during Boy Scout Week which opens Friday, Feb. 5, and continues through Thursday, Feb. 12.

The anniversary will be celebrated here and in every city and town and most villages and hamlets throughout the nation and its possessions. It is young America's largest birthday celebration.

The theme of Boy Scout Week this-year is, "The Scout Citizen at Work-in his home, in his community, in his nation, in his world." Scouting's activities for the year beginning with the birth-day celebration will be related to

"Bushels of Food" Plan The nation's Boy Scouts are cagaged in the program of saving and producing food to alleviate the world's food shortage. As part of their service program this year each Boy Scout is expected to "save a bushel, grow a bushel, share a hushel" of food.

Each Cub Pack, Boy Scout Proop, Senior Scout Unit, will share in a "Report to the Nation" that will tell of their community services last year and their program for this year. The report will be made to the President of the United States, to Congress and to the United Nations.

Program for the Year In addition to conserving food and natural resources, the Boy Scouts will emphasize safety and fire prevention, home repairs and personal health. Through their World Friendship Fund of voluntary gifts the Scouts have sent more than 3,000 tons of supplies to help Scout organizations over: seas to rebuild. This aid is to be continued throughout 1948.

Scouting is luving a rebirth in many of the countries ravaged by the war, The Boy Scouts International Bureau in London reports a world membership of 4,-409,780 boys and leaders in 42

World peace and mutual understanding is an objective of Scouting. Through World Scout Jamborces and the resultant expanding interest in friendships, understanding and personal relationships through—correspondence these aims are increasingly being mct. The Sixth World Jambored last summer brought 30,000 Boy Scouts and lenders together in France from 38 nations.

Special Meetings Planned The Boy Scouts of America is the largest group in the World Scout Brotherhood, Its 2,120,000 Scouts and leaders are members of 68,500 Units. They in turn come under the jurisdiction of 545 local Boy Scout Councils which provide camping experiences, leadership training, Scouteraft activities and Courts of Honor to mark individual growth through the grades of the various programs At special Boy Scout Week meetings fathers, mothers and friends will see that the Scout Init is an example of "democracy nt work." Scouts and parents allko will enjoy an evening given over to Scout games, stunts, campfire songs and skits. Each Unit will make public at these meetings its part of "The-Report to the Nation," listing the community servless it rendered in 1947 and its plans for this year.

Scout delegations will call upon the Mayor or other head of local government to report on what

State Advertising Seeks-Industrial Growth in Jersey

Industrial advertising by the State of New Jersey will enter its eleventh year next month with insertions in two metropolitan-news papers and a national magazine. The campaign, which is being conducted by the New Jersey Coun-ell, Department of Feotomic Deelopment, calls for copy to run February 5 and 9, March 7 and 8, April 4 and 5.-

The campaign will be backed with an offer of copies of the State's "New Industrial Digest of New Jersey." sent upon request to industrial executives.

Municipal and county industria development commissions and industrial real estate brokers again are invited to "tle in" with the State campaign through accompanying advertisements desorb ng particular communities, buildngs and altes.

The State advertisements will describe the advantages offered ndustry in New, Jersey. "Tie in' idvertisers will have the opportunity of directing prospects to their espective communities and trans lating prospects into new plants,

jobs, payrolls and tax rutables. Full information on the program may be obtained by writing to the New Jersey Council, Department of Economic Develop ment, 520 East State street, Tren
