OUR DEMOCRACY — by Mat

ALL IN A LIFETIME

73 YEARS AGO THOMAS A. EDISON PATENTED THE PHOTOGRAPH

TODAY THE MECHANICAL AND ELECTRICAL REPRODUCTION OF SOUND—IN RADIO, TELEVISION, MOVIES AND RECORDS—MEANS ENTERTAINMENT AND INFORMATION FOR ALL THE WORLD.

THIS HAS COME ABOUT BECAUSE OUR DEMOCRACY AFFORDED EDISON AND OTHER INVENTORS THE OPPORTUNITY TO WORK OUT THEIR IDEAS, FREE FROM INTERFERENCE AND WITH NO ONE TO SAY THEM NAVY... AND GAVE PEOPLE WITH THRIFTY AND FORESIGHT THE UNHAMPERED CHANCE TO CREATE NEW WEALTH THROUGH INVESTING IN THESE IDEAS.

THAT KIND OF OPPORTUNITY IS AN ESSENTIAL PART OF THE FREEDOM WE MEAN "TO HAVE AND TO HOLD" SO THAT OUR HOPES AND OUR VISIONS CAN GO ON COMING TRUE.

Town's Government Cost Doubles (Plus) in 10 Years

Cost of operating Springfield's municipal government has increased nearly two and a half times since 1940. The New Jersey Taxpayers' Association reported in its annual publication, "Financial Statistics of New Jersey Municipalities" issued this week.

For the State as a whole, the increase in total expenditures in all municipalities was slightly less than the proportionate Union County increase, from \$295,819,481 in 1940 to \$483,229,381 in total budgets this year.

Helping to offset this trend, however, is a general decline in both gross and net debt. Gross debt, the association explained, comprises all municipal obligations while net debt excludes school utility and other self-liquidating obligations as well as any funds on hand to be applied toward the gross debt.

For all Union County municipalities, the 1950 gross debt totaled \$45,375,632, up from the \$43,860,180 in 1949 but under the 1949 figure of \$50,326,431. Net debts, totaling \$26,516,706 in 1949,

YOUNG COWHANDS' RETREAT IN KNOTTY PINE by Habitant

Small fry cowhands love to "bunk up" in a room furnished with genuine Michigan Knotty Pine pieces by Habitant. In this practical youth's bedroom furniture, Habitant designers and craftsmen have faithfully captured the romantic traditions of the Old West. Young cowboys and cowgirls will be delighted. Or, if they're young pirates, these same pieces fit well into a salty nautical motif. The take-a-part bunk beds convert easily to regular twin beds, too. This Habitant group is being featured in the September issue of House and Garden Magazine... see our display of this wonderful knotty pine furniture today. Other groups and individual pieces are also available for living room, dining room, bedroom and recreation room.

Miss Honecker Becomes Bride

At a ceremony in Holy Trinity Church, Westfield, Saturday, Miss Rosemary Elizabeth Honecker, daughter of Mr. and Mrs. Herman Edward Honecker of 300 Central avenue, became the bride of Frank J. Magnolia, Jr., son of Mr. and Mrs. Magnolia of 2709 North Wood avenue, Linden. The Rev. Msgr. Henry J. Watterson officiated and a reception followed at the Chi-Ann Chateau. Given in marriage by her father, the bride was attended by her sister, Miss Kathryn Honecker, as maid of honor. Miss Arline Kluehdoorian was bridesmaid. Thomas Kaczmarek was best man and Herman and Carl Honecker, brothers of the bride, and Charles Magnolia, brother of the bridegroom, ushered. The bride wore a Chantilly lace and-nylon tulle gown over skin. Her fingertip veil of illusion was attached to a Juliet cap-trimmed with seed pearls and her flowers were Eucharis lilies and stephanotis. Mrs. Magnolia was graduated from Regional High School and New Jersey College for Women. Her husband was graduated from Thomas Jefferson High School, Elizabeth, and is attending New York University. The couple will reside in Jackson Heights, L. I., on their return from a New England trip.

Your Library

There is such a divergence in tastes and opinions on reading matter that many people feel that they need a reading guide of some sort or at least a sound recommendation when they choose a book that is going to absorb hours of their scant leisure time. Some steady readers are happy to follow the so-called "best sellers" lists and do not feel that their reading is up to par unless they cover most of the titles mentioned in a given time. Others follow the hit-or-miss method, browsing continually, re-reading old favorites, choosing carefully. There are many book lists available today and your library has several on you to choose from and preference. There is also a fiction catalogue always available to help you choose books on a particular locality or subject or historical era. Among the new books are: "The Glittering Shore" by Catherine Hubbard; "Shore" by Catherine Hubbard; "The Spellbound Village" by Julia Truitt Yenni; "Dizzy" by the Life and Personality of Benjamin Disraeli by Hesketh Pearson; "Now I'll Tell One" by Jack Straussberg and "The Diary of John Quincy Adams" edited by Allan Nevins.

Zionist Session Invites Locals

The Zionist Wicmann District of the Zionist Organization of America has arranged a very interesting and enjoyable program to be held next Wednesday, 8:30 p.m., at the Congregation B'nai Israel, Millburn avenue, Millburn. Marvin Silbersher will be master of ceremonies. He is a well known and distinguished actor and presently associated with the CBS Television Studio, New York City. Miss Roberta Hodes, who has first hand knowledge of Israel, will be the guest speaker of the evening. She spent several years in Israel and served with honor and distinction in its army during the war for liberation and independence. She was also very active in Israeli dramatic circles as well as having worked in the kibbutz. Refreshments will be served and a social hour will follow. There will be no solicitation of funds. Springfield residents have been invited to attend. Sydney S. Parish will preside as the general chairman. The town of Magdalena, New Mexico, is named for the great white-rock profile of Mary Magdalene, long a landmark in the mountains south of the place. The city of Grasse in southern France is dotted with scent-extraction factories and is sometimes called the "Detroit of Perfume."

St. James Church Scene of Nuptials

Miss Doris Freyman, daughter of Mr. and Mrs. Albert Freyman of Hillside avenue, became the bride Saturday in St. James Church here, of Fred N. Markewicz, son of Mr. and Mrs. Joseph Markewicz of Chester. The Rev. David E. O'Connell performed the ceremony. There was a reception at the Marlinsville Inn. Mrs. Robert A. Noid and Miss Doris Fritz were honor attendants. The bridegroom's sister, Miss Doris Markewicz, was bridesmaid. John E. McVey was best man and John G. Ankner and Richard D. McNally served as ushers. The bride is a graduate of Union High School and Barbizon School of Modeling, New York. Mr. Markewicz is an alumnus of Roxbury High School and Seton Hall University. On their return from a trip to Florida and Havana they will live in Morristown.

Remember also that defense is your job, too. And one of the most important ways you can do that job best is to buy U. S. Defense Bonds. For your bonds help keep America strong economically. Just as the Air Force helps keep her strong militarily. And it's this combined strength that protects your town, your home, your right to work and prosper in peace. For your security, and your country's too, buy Defense Bonds regularly - through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

The U. S. Defense Bonds you give you personal financial independence. Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So get your company's pay office - now - and sign up to buy Defense Bonds through the Payroll Savings Plan. Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10. This means that the bond you bought for \$18.75 can return you not just \$25 - but as much as \$33.33! A \$17.50 bond pays \$68.66. And so on. For your security, and your country's, too, buy U. S. Defense Bonds now!

Bulldogs Continue Grid Practice

Starting Array Takes Shape As Gridmen Enter 3rd Week Of Conditioning

By DONALD ROSSELET Although practice sessions during the first week of Regional High's grid conditioning period were limited to catch-ups and running-out plays, Coach Johnny Brown has recently turned his attention to heavy contact work in preparation for an eight-game schedule beginning on September 22 with Hillside. The contact work consists of blocking, tackling and intra-squad scrimmages. Many new faces will be in the cast when the curtain goes up on the '51 season, for 19 of the previous year's varsity have graduated. Included in this group are nine of the men who started the "Thanksgiving" fray with Rahway in 1950. Last year's A-V team, which finished with a 6-0 record, will dominate this year's varsity. The grid positions seem to be the least headaches for Brown, Stewart's Joe Pepe and Dick

Scheffler are the leading candidates, while replacements should come from Harold Garpenthin, John Sciarillo, Ed Ruby and George Mackenzie. Judd Herman, one of the Rahway starters who is back, is the only positive choice for a starting berth. Brown will have to choose the other spots from a group consisting of Jim Gwyneth, Joe Leone, Dick Beyerl, Bob Coles, Bob Fontenell, Norm Soucek, Jim Testa and John Keith. Bob Ruggeri, the other Rahway starter, should also be in the center slot. Don Flicke is expected to provide ample replacement. "The rest of the line is a big question mark. Another 10 days' practice should decide those positions. Brown will definitely miss Frank Festa, Bob Ruffing, Art Larson, Fred Rice, Jack Hankel, John Spranza, and Sandy Gonczlik who comprised a forward wall that held Regional's opponents to 65 points. The Bulldog mentor cannot replace last year's backfield with any of this sea-

Sports In The Sun

By DONALD ROSSELET The record of all managers, or so the record book says, was felt at the greatest of all baseball parks last Saturday. And indeed it was a memorable occasion. They were all there—Wally Pipp, Roger Peckinpaugh, Bob Meusel, Home Run Baker, Carl Mays, Bob Hofmann, Benny Bengough, Jumping Joe Buggy, Earle Coombs, Whitey Witt, Red Ruffing, Lefty Gomez, Bill Dickey, Buddy Hassett, Lynn Larry, Frank Costello, Charley Keller—to pay tribute to one Joseph Vincent McCarthy. It was in that same park, Yankee Stadium, that Vincent Joe raised the pennant and steered the Yankees to seven world's championships.

Regional High's opening grid battle with Hillside on September 22 is definitely slated for the local columns. Next year, RHS launches a two-year contract with Westfield. Both football games are to be played at the Blue Devil's field. Regional Booster club will meet on Monday evening, September 17, at the high school. The time for the organization's initial session is 8:15 p.m. All present members, 8:15 p.m. All present members, students and all other interested in the promotion of athletics at the local school have been invited to attend.

son's backs. Collectively Frank Vicenese, who made All-County and All-State second team as did Festa, and Dick Sherry, observed by many as the real workhorse in a backfield which ran up 235 points, scored 129 points.

Questions & Answers on Civil Defense

By LEONARD DREYFUSS State Civil Defense Director (No. 2 in a series)

Q—Will white clothing protect a person against atomic flash heat? A—It is an accepted fact that white surfaces reflect light and heat much more readily than do dark ones. However, the only safe protection against flash heat is something substantial—and white clothing is not the answer. It will, of course, be a better covering than dark clothing if you are caught in the open when the bomb goes off—but the difference is not great enough to warrant a fuss over it. Q—How fast does the shock wave of the air burst move? A—Initially, it leaves the ball of fire at about 10,000 miles per hour—striking the ground at about 1,000 mph. In many cases, when the shock wave rebounds from the ground, its effect is temporarily doubled. Q—How long do the effects of the air burst last? A—The immediate explosion effects are over within about ten seconds. Q—How far away will the effects of the air burst be felt? A—Up to about 12 miles. At Nagasaki, where the bomb was half again as powerful as in Hiroshima, windows were shattered 15 miles away. Q—Does terrain have any influence on the effects of the bomb? A—Most definitely. The Nagasaki bomb, while half again as powerful as the nominal bomb that exploded over Hiroshima, actually devastated an area only one-third as great as at Hiroshima. This was due to the hilly, rolling terrain of Nagasaki. Q—How big is the fireball? A—Its approximate maximum size is about 900 feet in diameter, and it attains this size within one second. Q—Can the bomb's flash blind a person? A—Only temporarily. Six miles away from the explosion, the fireball appears as bright as 100 suns. Depending upon how far away you are at the time of explosion, temporary blindness may result from looking at the burst. Q—Why do the Civil Defense instructions concentrate so much on the air burst, instead of the ground or water bursts? A—The air burst, exploding high over a city, can devastate a greater area than either a ground- or water bursts. The surface explosion, for example, expends much of its energy in digging a crater, and the water absorbs much of the explosive effect in a water burst. The enemy can gain the best advantage and use from his bombs through an air burst. That is why we anticipate this type of attack in most cases. Q—Does the shock wave or blast of the bomb cause severe personal injury? A—Surprisingly enough, no. Very few injuries result from the "squeezing" effects of the blast. Most injuries are of secondary nature—in other words, from being thrown against buildings or being struck by falling or flying objects. That is why immediate cover is of paramount importance.
