Vet Units Pose Problem For Town

Handville Claims Decision Hinges On Rent Demand

Members of the Township Committee today are confronted with the controversial problem of continuing operation of veterans' housing units...

Finance Commissioner Fred A. Handville, who is chairman of the Veterans' Housing Committee, has revealed that he will present the matter to other members of the Township Committee...

Handville has indicated that the decision may hinge on the number of applications which are made for renting a housing unit which will become vacant December 1...

A possible appeal by the families now in the units who seek an extension would not affect his personal decision to terminate operation next summer...

Blood Bank Visit Set for Dec. 13

The first visit to Springfield of the mobile blood bank of the Plainfield Regional Blood Center has been scheduled for Thursday, December 13...

The first seven bloodmobile visits, started on October 16 at Plainfield, the home chapter of the Blood Center, were made with mobile units borrowed from the Philadelphia Red Cross Regional Blood Center...

The Plainfield Center's own bloodmobile has operated on a full schedule with visits to Red Cross chapters in Elizabeth, Plainfield, Teaneck, Flemington, Newark, Red Bank, Bellville, Belle Mead, Princeton, Hackensack, Union City and Summit.

### Looking Into Yesteryear

From Files OF THE SUN

TEN YEARS AGO

Township Committeeman Alfred C. Trundle was promoted to manager of the Aetna Life Insurance Company office in Atlanta, Ga. He planned to retire from the governing body on January 1, 1942, when he was to assume his new post.

The wedding of Miss Frances Garton, daughter of Mr. and Mrs. W. Garton of 8 Grove street, Kearny, to Floyd A. Thurston, son of Mr. and Mrs. Floyd Thurston of 166 Mountain avenue, was held at the home of the bride's parents.

Funeral services for Jean Swanson, 14-year-old daughter of Mr. and Mrs. John Swanson of 69 Linden avenue, who was instantly killed in an automobile accident in Clark Township on Thanksgiving afternoon, and her brother, Walter Swanson, 31, who died the next day in the Rahway Memorial Hospital from injuries suffered in the same accident, were held at their home. The Rev. George A. Liggott, pastor of the Springfield Presbyterian Church, officiated.

Mrs. Carolyn Harmon of Marey Avenue, was appointed by the Township Committee as relief clerk to succeed Mrs. Kathryn Windlach.

Mrs. Mary Jenkins, daughter of Mr. and Mrs. P. Lore of 406 Millburn avenue, Millburn, and Raymond R. Basini, son of Mr. and Mrs. Ray Basini of Newark, were married. The couple planned to make their home in Springfield.

A daughter, Deborah Gull, was born on November 10 at Overlook Hospital, Summit, to Mr. and Mrs. Ronald O'Brien of 92 Evergreen avenue. She is the couple's first child. Mrs. O'Brien is the former Doris Mulsngug, daughter of Mr. and Mrs. Carl Mulsngug of the Evergreen avenue address. The baby's paternal grandparents are Mr. and Mrs. Peter J. O'Brien of Summit.

### Your Library

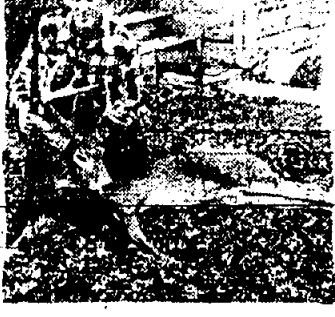

During these trying times there can be deep satisfaction in reading, for there are books to uplift and cheer both heart and spirit. An entire family can read and enjoy the best in literature; each choosing the books that answer his or her own particular needs.

Human problems do not change although they may seem to magnify at times. The answers that scholarly minds have worked out for these problems through generations of thought and study have been printed for the benefit of anyone who will take the time to read them. You have at hand a pleasant library that is literally overflowing with the best of every type of literature; use it, be proud of it, help it to grow; it will help you too.

But, maybe you're an escapist, perhaps you prefer something light or humorous or a rousing thriller? They can be found too and in quantity, for, regardless of the number published, there are never enough to supply the demand.

There are several new mysteries recently processed for loaning and the following titles from among the new fiction—"Captain Barney" by Jan Westcott; "Celebrity" by Laura Z. Hobson; "Dr. Loren's Wife" by Diana Galnes; "The Viking" by Edson Marshall; "The Serpent-Watched Staff" by Alice Flisak; "Hobart" "Wait for the Wagon" by Mary Lawson; "Ronny's Daughter" by Maxo De La Roche, and "They Fought With What They Had" by Walter D. Edmonds and "Gods, Graves and Scholars" by C. W. Ceram.

### A 15-POINTER!

George C. Rau of 38 Beverly road, with one of two deer which he recently liquidated during a hunting trip in Maine. The deer is a fifteen-pointer. The other, which lost an antler to the local resident and Rau's rifle, was an eight-pointer. Rau's wife came upon the two eight-pointers fighting over a doe. One weighed 195 pounds and the other 225. Someone observed the moral about battling over a female is pretty obvious. Anyway, Rau and his companion, John Ulfius of Hillside, are happy in contemplation of plenty of venison this winter.

### HOLD SERVICES FOR J. S. BENGTSSEN

Holger S. Bengtsson of 38 Clinton avenue died recently after an illness of several months. He was 66. Born in Denmark, Mr. Bengtsson came to this country in 1904 and went to Chicago. He came east in 1928 and lived in Cranford and Verona before moving to Springfield in September.

A retired tool designer, he had been employed at Curtiss-Wright Corp., propeller division, Caldwell. He was a member of Verona Lodge of Mason, the Danish Brotherhood, LODG of Newark, Norden Lodge, IOOF of Newark, and the Danish Lutheran Church of Newark.

He leaves his wife, Mrs. Mathilde Freund Bengtsson; a son, Clarence Bengtsson of Livingston; two daughters, Mrs. Armour Ashford of Jersey City and Mrs. Hans I. Nielsen of Springfield, and eight grandchildren.

Services were conducted at Smith & Smith (Suburban), 415 Morris avenue, by Rev. Kirkgeard Jensen, pastor of St. Stephen's Danish Lutheran Church of Perth Amboy.

### EXPENDITURES

Figures of the U. S. Department of Commerce show that the average daily expenditure of Americans in Germany during 1951 was \$7.87 compared with \$10.40 in Italy, \$17.83 in France, \$12.07 in England and \$18.45 in Switzerland.

### Sports In The Sun

By DONALD ROSSELETT

**Odds and Ends of Sport**

There was more spirit in the Regional stands on Turkey Day than this writer has witnessed in a long time. . . . Our first try at predictions was average. With three-right, one wrong, and two ties, we wound up with a .500 mark, conceding the ties as wrong guesses. The correct picks were Jeff over Cranford, Rahway over Regional, and Plainfield over Westfield. We slipped up on the Roselle-Roselle Park affair, and the Linden-Union and Hillside-Weequahic contests ended in scoreless deadlocks. . . . Basketball and wrestling take over on the Bulldog sports front in a few weeks. Practice has already begun. Both sports will be headed by new coaches this season. Lou DeRosa, replacing Walt Hohn, makes his debut with only one starter returning from last year's combine in Judd Herman. Dave Pavlin, successor to Mike Suchena, is hopeful of a good season. . . . Final Bulldog scoring totals find Norm Soucek the champ, with Dick Beyerl and Herman close seconds. The complete list follows:

	G	TD	PAT	TP
Norm Soucek	6	4	0	24
Dick Beyerl	8	3	0	18
Judd Herman	8	3	0	18
Bob Coles	8	2	0	12
Dick Scheffler	8	0	10	10
Joe Camonia	8	1	0	6
Joe Pepe	8	1	0	6
Jim Gwathney	6	1	0	6
George MacKenzie	6	1	0	6

**New Jersey is Foremost IN RESEARCH FACILITIES**

Did you know that New Jersey is a center of scientific research unmatched by any area of the country?

Did you know that New Jersey is so well known for its outstanding research facilities that some industrialists call it "The Scientific State"?

Almost everything used in day-by-day living has been improved by New Jersey research. A few of the products developed at the Crossroads of the East include the electric light, the radio, television, the typewriter, the telephone, the telegraph, motion pictures, better flavors for foods, drugs, patent leather, high-octane gasoline, and improved lubricating oils. Also, many drugs and pharmaceuticals have been developed here following long periods of research.

There are two main reasons for this gigantic concentration of research in so small an area: (1) New Jersey is close to home offices in New York City; and (2) it is near a wide variety of industrial plants which can put innovations and improvements into pilot production under the close scrutiny of the men who developed them.

Public Service is proud to serve New Jersey with dependable gas and electricity and to aid in the continuing development of the state.

Christmas Seal Time

The Christmas Seal is no mere decorative stamp intended to lend color and picturesqueness to Yuletide mail and packages. It is a standard—a banner—under which march together the generous people who are determined to wipe out the threat of tuberculosis, once so powerful as to be awesomely referred to as "the white plague".

A generation ago tuberculosis stood first on the list of the causes of death. Now tuberculosis has been pushed down to seventh or eighth place, but it is still a formidable killer. Last year in New Jersey it killed 1,297 people; through the United States it brought death to a total of 33,557. The battle, therefore, is by no means won.

But we do know how victory can be attained. Among other things, it involves early discovery of the disease through the use of x-ray and skin tests, for when tuberculosis is caught in its early stages there is best hope for arresting its progress and curing the victim.

The Christmas Seal supports the efforts of thousands of people—doctors, nurses, technicians, case workers, and civilians—who work together the whole year through to restore health to the stricken and to prevent others from becoming victims of tuberculosis. Your local county chapter retains 84 1/2 per cent of the Christmas Seal money collected. The balance is forwarded to the state organization, which in turn sends 6 per cent to the national association.

In all, 94 per cent of the Seal's sale funds are used to support tuberculosis control programs within the state. The Christmas Seal is no mere decorative stamp, it is a standard—a banner under which surely you will want to enroll.

MATERIAL SHORTAGES are beginning to pinch, folks! Continued expansion to meet the ever growing use of electricity in home and industry plus the demands of the new homes and new industries calls for large quantities of scarce materials. JCP&L's tremendous post-war expansion program has enabled it to keep pace with and, in many cases, stay well ahead of the growing demand for service.

LETTERS

from Our Readers

Open Letter Board of Education Township of Springfield Springfield, New Jersey

Attention of Howard S. Smith, President Dear Mr. Smith:

Your statement in the Newark Evening News of Wednesday, November 21, came to us as a shock in view of the existing facts. You knew on Monday, November 19 that the formal ground-breaking ceremony was set for Wednesday, November 21, and you were personally familiar with the activity on the site. We believe that the statements as reported have done us a very grievous injustice.

A review of all the facts will conclusively indicate that no job was ever commenced more promptly and expeditiously than was this one. From the very day that we learned that we were the low bidder on this \$800,000 upper-grade school project until the date the contract was actually signed, which was on November 7th, and not on November 6th ("Election Day") as was reported, we actually proceeded with all the necessary preparations for construction, order of "hard-to-get" and "controversial" materials, and made arrangements for site clearance. There was a considerable quantity of nursery stock on the land, the property of F. & F. Nurseries, which we had no right to remove, and which they were unable to move because of the rainy weather.

We requested the municipal surveyor, as was suggested, to furnish us with a starting point so that the location of the building on the land would be correct. We finally were compelled to retain our own surveyor, at our own cost and expense, which we should not have been required to do, because of the lack of cooperation. We had a very substantial payroll for actual work done on this project and on this site for the period between November 7, when the contract was signed, and November 21, when the formal ceremony of ground-breaking took place. Work actually started prior to the date the contract was signed, and was continued without interruption since that time. The formal "ground-breaking ceremony" took place within the period of ten working days from the date of signing of the contract.

We have been engaged in the building business in the State of New Jersey for over 50 years, and we are jealous of our reputation and standing. We feel that the statements made were unjust and unnecessary, considering the facts. We realize your desire to have available school facilities, which are much needed and have been much needed for many years, just as soon as is humanly possible. We believe, however, that the responsibility for the delay in authorizing the construction of adequate school facilities should not be passed to us.

Discuss School Award

Reveal Statistics In Regional Issue

Statistics of the recent election for a bond issue to build an addition to Regional High School and those of the election to erect the original building held on November 1, 1935 show some interesting comparisons. The total vote of 1168 in 1935 indicates that the same proportion of citizens turned out in 1951 to cast 2000 votes when the Regional district had about doubled in size.

The Board would like to provide the public with a summary of the allotment of funds voted to build a grade school, equip it, buy the land and defray the necessary expense pertinent thereto. The need for the difference between the \$800,000 total amount voted and the \$674,443.50 total of construction contracts should be clarified.

The first special election provided an amount originally estimated last April as adequate, \$650,000. Proceeding on this arrangement the Board did everything required by law to have an election at the earliest possible date. Until the money was voted by the people we could not prepare plans and specifications and ask for bids. The day following the special election the architect was authorized to proceed.

Bids for the construction work only were received and opened September 25, 1951. The sum total of the low bidders after analysis by the Board and the acceptance of certain alternates is \$674,443.50. Consequently the Board authorized another special election for an additional \$150,000, to complete the school on the site purchased and equip it for use. Therefore allocation of funds was made as follows:

Table with 2 columns: Description and Amount. Total Appropriations: \$800,000.00

These figures are appropriations only. They will vary somewhat, but not materially, from the actual vouchers are honored. Unexpended balances, if any, at the completion of the school will be used only after approval of a transfer by the voters.

It is to be hoped that this statement will clear any misconceptions in the minds of our citizens who have so loyally supported proper education for our children.

Yours truly yours, Howard S. Smith, President, Springfield Board of Education.

500 Attend Play For Youngsters

Regional High Auditorium was the scene of much excitement recently when "Jack and the Beanstalk" was presented by the Salome Gynco Theatre for Children. Jack kept the children in suspense, the Giant excited screams, and the clowns kept them in laughter. It was a thrill to be in the audience and watch the children's emotions.

In view of the children's response, the PTA is going to try to present the next two plays, Heidi and Little Women, even though expenses were not covered. Mrs. Bruce Linek and her committee believe that the opportunity for the children to see these wonderful plays is too great to be sacrificed, and they hope that the sale of tickets for the next two plays will make up the deficit. Little Women will be presented February 2, and Heidi, March 20, both on Saturday at 3 p.m. at the Regional auditorium.

FRANK L. PARSE SERVICES HELD

Funeral services for Frank L. Parse of 27 Walnut court, were conducted recently from the Young Funeral Home, Millburn. The Rev. C. H. Hewitt, pastor of Springfield Methodist Church, officiated. Burial was in the church cemetery.

Mr. Parse was born in Springfield 71 years ago. He was the husband of Ida Lyons Parse, father of Ralph, at home; Mrs. Dorothy Wlenke, Seymour, Ind., and brother, Andrew J. Parse, Jr., of Murray Hill. Mr. Parse was a retired hull manufacturer.

Questions & Answers on Civil Defense. By LEONARD DREYFUSS, State Civil Defense Director. (No. 10 in a Series)

Q-How does a person know if he has radiation sickness? A-There is no immediate way of telling. The first signs are usually bloating and nausea, taking place in a few hours. If a very severe dose of radiation is absorbed, these symptoms may occur within an hour. However, these same symptoms can be caused by shock, unpleasant sights and fear; and do not necessarily indicate radiation sickness. If an individual has reason to believe he has been exposed to dangerous radiation, he should get to a medical aid post or hospital for an immediate check.

Q-I have heard that eye cataracts developed among Japanese survivors of the atomic bombings. Is this true? A-Yes. These cases were the first evidence of delayed effects of the atomic bombings. Examination of about 7,000 persons, most of whom were within a half-mile of ground zero when the bomb exploded, led to the discovery of 40 certain cases of radiation cataract and an additional 40 suspected cases.

Q-What about the disfiguring scars we have seen in pictures? Are they a result of radiation? A-No. There has been a high incidence of keloids, or overgrowths in the scars from thermal burns. Japanese exposed to the fire bombings at Tokyo and other cities also showed a high incidence of these keloids, which are apparently a racial trait in all cases of severe burns.

Q-Didn't the atomic bombing of Hiroshima destroy more city area than any other single attack? A-Surprisingly enough, no. Many conventional bombings of Japanese and German cities devastated much greater areas. The attack of May 26, 1945, on Tokyo "wiped out" some 19 square miles, while only some five square

miles of Hiroshima were totally devastated, and some 13 square miles hit hard. The Tokyo raid of March 9-10, 1945, killed an estimated 110,000 people, destroyed 16 square miles of the city, injured millions and made them homeless. Q-How many ways can the enemy deliver an atomic bomb? A-He has several means at his disposal. These include heavy bombers and bombs could be left in city harbors or ship with timed fuses to set them off many hours after they have been left in the craft can sometimes escape detection. That's why aircraft spotters are vitally needed to supplement the radar warning network. Q-Shouldn't we turn off our pilot lights in stores to minimize the danger of fire? A-No. Leave your pilot light alone. If necessary, your local utility company will turn off gas

through a master valve. Q-What do I do if I'm driving and hear the Red Alert? A-Stop your car quickly at the curb. Don't block intersections or emergency blockways, though. Leave your keys in the car and get to a shelter fast. Q-What if a sneak attack occurs when I'm driving? A-You'll have to act fast and coordinate your movements. It means diving for the seat or floorboards, while yanking the emergency brake at the same time. Q-What do I do if I am in a bus or trolley when the alert sounds? A-The driver will stop at the

corner and let the passengers out. Get to the nearest shelter. Newark Man Jailed. Allen W. Pierce, 22 years old, of 92 Waller street, Newark, is in the County Jail after failure to pay \$116 in fines imposed on him last week by Magistrate Henry C. McMullen in Municipal Court. Pierce was found guilty of operating a car with an unregistered list and of operator a non-registered vehicle. He was fined \$303 on the first count and \$13 on the second. Pierce was arrested at Morris and South Springfield avenues by Patrolman George E. Parsons.

Leave radiologic monitoring to the people who have been trained for that type of work and get your instructions from them. Tax-Return High. Springfield held one of the largest tax remissions of any municipality in the county, figures released today by the Union County Board of Taxation reveal. The amount recommended by township assessors, is \$38,800. Settlement was made on the recommendation of the assessors. The only municipalities which had larger remissions were Linden, Elizabeth, Union and Plainfield, the four most populous communities in the county.

## Rahway Downs Regional, 33-7

### Powerhouse Scarlet Wins Thanksgiving Day Battle

**By DONALD ROSSLEY**

Mud, a Bulldog nose-field jinx, and the Regional High football machine combined in a sincere effort to thwart the powerhouse Rahway HS grid team on Turkey Day, but the work was in vain for the Spantown crew piled up five touchdowns to win the fifteenth game of the Regional-Rahway rivalry, 33-7, before 7,000 fans at the county field on Meisel avenue here. Sparked by Al Smith, George Doty, and Roger Singer, Earl Hoagland's title-bound squad rolled up their largest score in the series since they won 33-0 in 1942.

It was the first home defeat for Regional since Summit defeated it in 1944, 6-0 and the epic struggle also marked Rahway's first win here since the feud commenced in 1937.

Scoring in every period, the Scarlet left no doubt in anyone's mind that it was the better team. Rahway, mired six yards to a touchdown. It took but eleven plays to give the visitors a lead which they never relinquished. Garfield Lewis, who tumbled twice to capture the Union County scoring crown, sprinted over from eight yards out, Smith plunging for the point.

Behind 7-0, and in the shadow of its own goal posts, Regional, with George MacKenzie doing the leading, kicked to its 25. Jimmy Wilson returned it to the 28 for the Spantowners. After two of his passes went incomplete, Bill Marsh hit Doty at the 4, and the Scarlet evaded Jud Hermann to score. Smith converted.

That gave Rahway a 14-0 half-

time advantage, but it lasted only a few moments following the intermission. Regional took the kickoff and marched steadily toward only to have Al Black intercept Herman's aerial in the end zone. Smith and Lewis moved the ball to the 45 where Herman recovered Smith's fumble. After Norm Soucek lost three yards on a running play, Herman hit him on the Rahway 46 and Soucek went the remaining distance for Regional's only TD. Dick Scheffler kicked the point.

The margin then was 14-7, but Russ Davis took the succeeding kickoff back 82 yards down the sideline for a score which completely wiped out Regional's comeback 17. Smith booted the extra point and Rahway led 21-7.

Two final touchdowns in the last period were merely insurance points. The Hoaglander's drove 58 yards for their fourth six-pointer. Smith eluded the touchdown parade, driving off guard, and mowing 47 yards to pay dirt.

Regional closed its 1951 grid season with the four wins and four losses, dropping the last three engagements to Bernardsville, Linden, and Rahway, respectively.

Regionals' total offensive was 110 yards, 24 of those on the ground, whereas Rahway piled up 295 yards, 28 on passes. That figures does not include the 82 yard Davis runback.

### First Place Tie In Bowl League

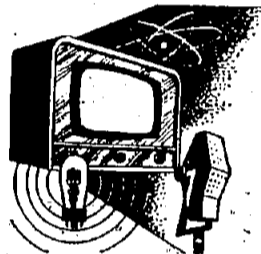

Bunnell Bros. made a clean sweep of its series with American Legion Monday night at the local bowling alleys and moved into a first place tie with Hershey Ice Cream which lost two games to Community Shop. Nelson's Texaco took three from Springfield Radio and moved into third place. Rau Five won two out of three games from Springfield Market and Battle Hill dropped two to Regional Shop.

Harold Burdett of Bunnell Bros. had high score for the night with games of 256, 185 and 186 for a total of 627. Bobby Anderson had a 212 and Matt Dandrea, 215.

In last week's matches interest was centered on the first game between Nelson's Texaco and Battle Hill when Matt Dandrea of Nelson's started off with ten straight strikes. However, he downed only seven pins with his eleventh ball and finished with a 287 game, the highest game here in many seasons. His other games were 170 and 189 for a 646 series.
