FRIENDS!!

Good news, if you consider it that way, arrived on the editor's desk just prior to closing time yesterday when Finance Commissioner Art Handville came forth with the announcement that, despite all figures to the contrary, Springfield's 1952 tax rate as of this moment will be \$8.42... judgment use of some surplus, and an increased estimate on anticipated revenues has resulted in sliding last week's estimate of \$8.66 by 24 points... the latest announcement means an increase of 115 points this year over the 1950 figure and something that will be far easier on your pocketbooks than the original sky-high figure of more than nine dollars.

Here's some news for Herb Kavin's real and so-called friends... announcement was made this week by the University of Miami of his appointment as a professor in its legal department... he holds his first class on February 14... Herb promises to send us a photograph of his new home for publication as soon as the trimmings are completed... the Kavin address is 620 Harbor Drive, Key Biscayne, Miami 40, Fla.

Little can be done about Springfield's traffic jams as they exist but if Police Commissioner Al Binder is to have his way plenty will be done to avoid them in the future... Binder spent 10 minutes at the last session of the Township Committee telling his colleagues of the need for planning when it comes to traffic... with a new school and church already in progress in the South Springfield area, Binder predicted a "complete mess" in that neighborhood "unless we do something about it right now"... acting on Binder's recommendation, the committee will hold a conference shortly with traffic as one of its principal items of business.

According to Jim Funcheson, president of the Chamber of Commerce, there's an alleged high pressure outfit on the loose in these parts attempting to sell house paint jobs... despite promises to the contrary, says Funcheson, prices are sky high and he urges all home owners to exercise extreme caution before signing any contracts.

Walt Baldwin's motion, passed by a 3-2 vote by the Township Committee, to impound all municipal records in the police department safe concerning Short Hills Village has left a sour taste with many town hall employees... the question is whether original agreements called for 180 or 252 apartments and whether somebody else... we say 252 is correct and there is no dirty work, but the action of the governing body certainly carries a tone of distrust... ridiculous!!

Housewives do lots of talking in the stores and all the conversation lately has centered on the 1952 tax rate... as a result, storekeepers have asked the Board of Directors of the Chamber of Commerce to do something about it and the suggestion has been asked upon favorably... a general meeting of the C. of C. open to the public, will take place Monday, February 11, at 8 p.m. in the Town Hall... a tax expert will be on hand and so will several members of the governing body... an open forum on the subject should prove very interesting.

Reaction of Springfield to the mysterious photograph of Jesus last week was automatic... the picture provided a conversation piece in barber shops, plants, offices, stores and taverns throughout the township... the furor had not subsided by Monday and phone calls continued to pour into the Sun office... scores of news items look to advantage of the Sun staff's offer to explain features of the picture... hundreds of extra copies of the paper were sold and sent to relatives and friends all over the world.

Congratulations to the Center Super Market... the food store has had a complete overhaul and starting today presents a stock-up and save sale with unprecedented values featuring Flag... (Continued on page 2)

Chamber Sets February 11 For Big Forum

Capacity Crowd Will Discuss Town Tax Rate

A capacity crowd is expected to attend the public forum on the municipal budget at Town Hall, Monday evening, February 11. The affair is being sponsored by the Chamber of Commerce. Decision to hold the event was made by the board of directors of the Chamber meeting Monday afternoon. It was pointed out that numerous shoppers have discussed the township budget with merchants and have indicated they were not familiar with many phases of it. As a result it was decided that additional information, which will be forth coming at the meeting, will be of aid to all township residents.

An invitation has been sent to the Township Committee to attend the affair. Finance Commissioner Fred A. Handville has been asked to be there. He has indicated (Continued on page 7)

Dalton Is Named Drive Chairman

John Dalton has been appointed chairman of the annual Springfield Red Cross drive. The quota for the drive is \$3,000 of which one third is for the National Fund. Headed by Mrs. Leslie Joyner, Raymond Pierson will be in charge of the business district. The drive is scheduled for March 1 and 2.

Benjamin Neuwanger, chairman of the Junior Red Cross drive, has announced that the James Caldwell, Raymond Chisholm and Regional High Schools have contributed a total of \$102.

Howard Casselman recently was re-elected chapter chairman. He announced the following appointments: Mrs. James Chalmers, in charge of staff assistants, and Mrs. Fred Allen to correlate information for the Civilian Defense Council.

Richard Allen, chairman of the First Aid, reported all teachers in the local schools and at Regional High School have completed the standard first-aid course. All auxiliary policemen are completing a course. There now are nine qualified instructors available in the township. A first aid course is now being conducted Fridays at Town Hall from 8 to 10 p.m. Interested persons should contact Allen.

Elizabeth Driver Fined as Tippy

Robert O. Mason, 33 years old, of 48 Bond street, Elizabeth, was fined \$200, assessed \$23 costs and his license was revoked for two years Monday night when he pleaded guilty to a drunken driving charge in Municipal Court before Magistrate Henry C. McMillen. Mason was apprehended January 19 by State Trooper Shade in Route 29. The trooper said he was operating his car in an erratic manner. He was examined by Dr. Henry P. Dangler who pronounced him under the influence of intoxicants.

Clifford P. Case Seeks Reelection

Clifford P. Case

Rounding out his fourth successive term and with growing recognition in the House, Representative Clifford P. Case of Highway disclosed today that he again will seek the Republican Congressional nomination, April 15, for the sixth New Jersey district, which is Union County.

Long recognized as one of Union County's top vote-getters, with extraordinary support among all groups in his constituency, Representative Case has gained constantly increasing political stature in both New Jersey and the nation. He was one of five members of the House and five United States senators who received the 1951 Liberty magazine Congressional award for "outstanding honesty, independence, and leadership."

Representative Case was elected to the House of Representatives, November 7, 1944, and in the seventy-ninth and eightieth Congresses served on the education, civil service, and claims committees. In the eighty-first and eighty-second Congresses, he was elevated to the judiciary committee, on which he is now third ranked. (Continued on page 8)

Children's Play Set for Saturday

On Saturday, February 2, at 3 p.m., the Salome Gaylor Theatre for Children will present the three-act play, "Little Women," with a professional adult cast, under a sponsorship of the P.T.A. at the Regional High auditorium. Parents are asked to please note that although the tickets are dated February 17, the correct date is this coming Saturday, February 2.

For five generations Louise M. Abbott's "Little Women" has remained one of the most popular stories written by an American. It is a story that never has and never will grow old because it deals with the greatest human emotions—a mother's love for her children and their appreciation of it, and her. While the delightful character of the story has been retained, the age level of the dramatization has been brought down so that old and young alike may enjoy the play.

Springfield Man Falls to Death

Alonso B. Harris, 65 years old, of 232 South Springfield avenue, fell six flights down a stairwell to his death at the Western Electric plant, Kearny, Monday according to police of that municipality. Harris, who was a section chief in charge of the club store at the plant had been suffering from a heart condition, police said. His body was found by employees at the foot of the stairs of Building 25.

Local Pilot in Exercise Snowfall

Captain Anthony J. Taddeo, of 800 Mountain avenue, is participating in the U. S. Army's "Exercise Snowfall" at Camp Drum, N. Y. He is an aviator officer with the Fifty-fifth Armored Division. At Camp Drum, Captain Taddeo is acting as an unpowered pilot for the Eighty-second Airborne Division's mass parachute jumps. Unfavorable weather has hindered the huge operation, but Captain Taddeo expects to return to Springfield at the end of February on schedule. Many civilians in the Camp Drum area have been witnessing the vast maneuvers there.

Town Committee Introduces Budget With \$129,500 Rise; 1952 Tax Rate Up 115 Points

Campaign Lag Marks Bids For Election

Four candidates mark time as Feb. 13 nears

Campaigning today for posts on the board of education was almost negligible despite the fact that the election is less than two weeks away. Four persons are seeking the three posts on the board. Three of them are incumbents. They are Howard S. Smith, board president; George G. Harrison Jr., vice-president and Thomas F. Doherty. The fourth candidate is Robert A. Morgan, of 31 Springfield road. He is a public relations man with Western Union.

Voters on February 13 also will be presented with the 1952-53 budget for approval or rejection. It provides for approximately \$100,000 more in expenditures than the present measure. Current expenses total \$376,530 as compared to \$271,800. The total budget is \$462,380 which school officials claim will represent a tax rate increase of fifty-one points.

Cancer Discussion Film Slated Here

The Union County Chapter of the American Cancer Society is sending a film to the local Women's Club, for showing at the Club's February 6 meeting at the Raymond Chisholm School. Dr. John V. Triolo of Springfield will lead a discussion following the film.

Scout Proclamation

WHEREAS, the Boy Scouts of America are rendering a great service to their Country; and WHEREAS, its new Program "Forward on Liberty's Team" is dedicated to building better citizenship and to strengthening the training boys receive through Scouting, helping to better equip them to live their motto "Be Prepared"; and

WHEREAS, to the American people the Statue of Liberty symbolizes a heritage of freedom bought by generations of our forefathers through hard work, sacrifice and clear thinking. Young men have laid their good lives down to preserve it. Tyranny abroad and malice within our borders have sought to imperil it. The Statue of Liberty continues to uphold the torch that enlightens the world.

But liberty is not only a heritage, it is a fresh conquest for each generation. In a few years the youth of today will take part in that conquest. Our country will be given into their hands. They will run our farms, make our laws and deal with world affairs. Upon their shoulders we are laying a burden heavier than any ever imposed on any generation of American youth. Their problems, foreign and domestic, will far surpass those with which we struggle today. Will they deal wisely and fairly with their responsibilities? Will they live by the faith of our forefathers in the Fatherhood of God and the brotherhood of man? That depends largely upon the resources which we of the older generation give them here and now; upon the effectiveness of their schools, the vitality of their churches, the influence of their homes; the quality of the ideals presented in their books, motion pictures, radio programs and by their associates in their daily lives; THEREFORE, I, Robert W. Marshall, Mayor of the Township of Springfield, do hereby respectfully urge upon the citizens of the Community to respond generously to the annual appeal of Union Council, Boy Scouts of America, for funds with which to carry on the important work of Scouting in this area.

This annual appeal will be conducted during the period from Friday, February 1, to Monday, February 11, inclusive, when all of our citizens will have and should take, opportunity to lend their support in a substantial way, to this worthy cause. Given under my hand this 31st day of January in the year of our Lord, One Thousand Nine Hundred and Fifty-Two. ROBERT W. MARSHALL, Mayor.

She Learns the Ways of the West

East Meets the West—Miss Kayoko Saito, of Tokyo, Japan, discusses compositions with Connie Kuell, Carol Lord and Nancy Benson. She is one of twenty-nine delegates from far eastern and middle-eastern countries who have been visiting high schools in this area. (Photo by Tucker Nason.)

Japanese Student Enjoys Life at Regional High

One of the things Miss Kayoko Saito of Tokyo, Japan, has been most impressed by at the Regional High School is the friendly, informal relationship that exists between teachers and pupils. "Classes are so vivid," she says. Kayoko is one of the 29 delegates from far and middle eastern countries who will appear at the New York Herald Tribune Forum for high school students on March 22 in New York City. Since January 12 she has been a guest of Miss Shirley Ann Sweeney, of Medical avenue, a junior at Regional, and has attended the high school classes where Miss Pauline Keith, head of the social studies department, is her faculty sponsor. Kayoko left Japan on December 23 and will remain in the United States until March 23. During this time she will be the guest of five families in the New York area, spending two weeks with each. She was in Brooklyn before coming to Springfield and after her stay here will visit families in Babylon and Long Island. Her selection as the Japanese delegate was based on an examination in English composition and Japanese and English oral interviews given to a group from all the high schools in Japan. Kayoko is a student at the senior high school attached to Ochanomizu. (Continued on page 7)

Local Woman Hit By Essex Auto

Mrs. Leslie Levy, 65 years old, of 20-B Linden avenue, suffered a fracture of the left leg, hip and forehead and lacerations of the head Friday night when she was struck by a car while crossing the street. Police said the vehicle which struck her was being operated south on Linden avenue by Joseph De Roma, 16, of South Orange. Mrs. Levy was taken to Overlook Hospital, Summit, in the first aid squad ambulance. She was treated and released.

Grid Smoker Held At Baltusrol Club

The Cornell Club of Union County, headed by Be Adelbert, president of Sunrise Estates, Hillside, held a football smoker last night at Baltusrol Golf Club. A gridiron clinic, attended by several high school coaches in the county, preceded dinner. Principal speaker was "Lefty" James, head football coach at Cornell University. He was introduced by Lawrence Robinson, football editor of the New York World Telegram and Sun. More than 100 were present.

SCOUT CORRECTION The Springfield Girl Scout Council sincerely regrets an error in announcing the newly elected members of the Nominating Membership Committee. The announcement should have read Mrs. Robert Anderson, Mrs. Ed Lindner and Mrs. George Van. The name of Mrs. Raymond Pierson (the present Juliette Low chairman), was omitted from the list of chairman.

Measure Provides for New Police, Firemen--Library Figure High

A municipal budget providing an increase of approximately \$229,498 in the amount to be raised by taxation was introduced by the Township Committee at a special session last night. The measure represents an increase of 115 points in the 1952 tax rate. The new figure will be \$8.42 per \$100 valuation as compared with \$7.27 for last year.

Board Rejects Merlette's Bill

Former Township Treasurer Floyd Merlette, Jr., no longer awaits disposition of a bill for more than \$200 which he has sent to the Township Committee covering the services of Mrs. Merlette in typing for the township over a period of four years. The governing board last night rejected the bill on recommendation of Township Attorney Max Sherman. No comment was forthcoming from any member of the committee.

Merlette pointed out that a similar bill last year was presented in behalf of the wife of the clerk of the Board of Tax Assessors. He said in addition to the remuneration paid this official in 1951 his wife received remuneration of more than \$150 for services rendered in assisting him with his duties. Merlette recently indicated that an anonymous telephone caller had warned him not to voice any opinions which might reflect on the actions of certain members of the township committee. He said he was told that if he did, he would be "smeared high, wide and handsome." He said that prior to the organization meeting on January 1 he was told he was irritating someone by petitioning for an equal distribution of school board insurance.

The former township officials said he had been told to forget the issue. He indicated he intended to join in a petition for equal distribution, regardless of telephoned threats. The 1952 tax rates show a substantial increase, and will provide new tax revenues which will partially offset the increases in amounts to be raised by taxation in 1952 for local school, Regional High School, County, and local purposes.

BSA Fund Drive Starts Friday

The annual Union Council Boy Scouts of America finance drive in Springfield will be kicked off Friday (tomorrow), it was announced by Felix Forlenza, general chairman, and Mrs. Lee L. Andrews, Jr., chairman of the home solicitation. As in past years the goal of the drive will be to give each and every resident and business of Springfield an opportunity to contribute to the work of the scouting movement. Forlenza said the budget of Union Council, which is composed of Springfield and 13 other communities in eastern Union County, is the minimum budget that is required to make scouting available to the 7,000 boys and leaders who are served by the Union Council.

More than 250 boys and leaders are members of Springfield's three scout troops. Cub Pack Troop 70 is sponsored by the Presbyterian Church; Troop 88 by the Methodist Church; Troop 73 by the St. James Church and Pack 172 by the Springfield Lions Club. Working with Mrs. Andrews are 17 captains. They are Mrs. H. B. Tolton, Mrs. Donald Baker, Mrs. B. J. Pains, Mrs. O. H. Pennington, Mrs. Robert Southward, Mrs. Hendrik Moon, Mrs. James Funcheson, Mrs. Robert Condon, Mrs. Joseph Rich, Mrs. Ralph Feldman, Mrs. Samuel Caskin, Mrs. Harris Gregory, Mrs. William Thompson, Jr., Mrs. Richard Allen, Mrs. Robert Isley and Mrs. Samuel Doubles. Forlenza also announced that a group of men are being organized to cover the various business houses of Springfield and that section of the drive will be started next week. A complete list of workers will be published in next week's Sun.

Area Homeowners Warned of 'Model Home' Racket

Homeowners of this area were warned by Edward L. Green, President of the National Better Business Bureau, to be on guard against a vicious scheme that is prevalent today—the model home racket. Although this scheme may victimize homeowners regardless of their circumstances, it is particularly reprehensible, Mr. Green stated, because it frequently works a severe hardship on those who can least afford to suffer any financial loss.

Mr. Green emphasized that most of the contractors in home repair and maintenance work are reputable businessmen and are themselves opposed, individually and through their trade associations, to the practices of the few who exploit gullible and inexperienced homeowners. A knowledge of how they operate and of a few simple rules, Mr. Green stated, will protect any homeowner from loss. The text of Mr. Green's timely warning follows:

Although the vast majority of firms engaged in home building repair and maintenance work are reputable business men, there is a small element in this field which operates one of the costliest as well as one of the cleverest rackets to which the public falls victim. It is known as the "Model Home Racket" and the homeowner used in one in which all homeowners should be familiar, as complaints to the Better Business Bureau show that this racket is particularly active at this time.

The promoters of this scheme are itinerants who usually approach a homeowner with the yard that they are just coming into the territory and would like to use their home as a model to demonstrate to others what kind of a job they can do. They offer \$50 or so as commission on every sale made in the area and a bonus for every customer the victim recommends. The homeowner is led to believe that because of the special "factory" price he is given and the commissions that will flow to him, the cost of the job will be liquidated in short order. pressure selling these representations to gullible homeowners into believing that they can get something for nothing.

"Victims learn to their sorrow that everyone is given the same sales pitch, the price stipulated generally is higher than the prevailing costs for such work, the work is apt to be sub-standard, oral promises to fix broken shingles, caulk windows and chimneys, etc. are not kept, and that the commissions and bonuses are a myth. Their obligations to pay however is set forth in a signed contract, which contains none of the misrepresentations which were used to high pressure them into signing it.

"Perpetrators of this scheme usually select homes which obviously require re-siding. Since the owners of such homes frequently are lacking in funds they are obliged to take out loans or mortgages—these loans are at high interest rates, may run as high as \$1,500, and the homeowner who can least afford it.

"A new aspect of the scheme is in the extreme claims that are made for some of the plastic coatings which are applied under pressure to buildings. Some applicators of these plastics have falsely described them as 'permanent,' 'indestructible,' 'never require painting,' etc.

"Homeowners can avoid being victimized on a re-siding job, or on other home repair work if they heed the following advice:

1. Take your time! Don't rush into any important home improvements job.
2. Beware of the salesman who represents at the outset that your home is desired as a 'model' and promises a commission for each sale lead or sale in the area, and who states, or implies, that such commissions will defray substantially all of the cost of the job.
3. Deal only with firms whose dependability and reliability are known to you, or which you have established through intelligent inquiry.
4. Get several estimates from reliable firms and make sure that you understand exactly what each bid includes and what is excluded.
5. Get the names of several others in or near your home town who have done business with the contractor selected and find out from them whether their experience was satisfactory or otherwise. Don't rely on written testimonials.
6. Make sure that the salesman you are dealing with represents the

Each time a new motion picture reaches the suburban theaters there is an immediate demand for the book from which the story was taken. By that time too, the advertising has diminished, the press agent's bully-hoos has subsided and the picture is judged on its merits. Pessimists have decided that television would cause the movies to go out of existence but time is proving that the public, given a really good picture, will certainly take time and the trouble to go and see it. Especially if the picture is made from a book that has been a popular favorite such as "The Red Badge of Courage" by Stephen Crane, "Quo Vadis" by Henryk Sienkiewicz, "Aladdin and His Lamp" from the Arabian Nights, "The World in His Arms" by Rex Beach and "Lydia Bailey" by Kenneth Roberts.

Other new films made from books to be found in your library are "The Golden Hawk" from the book of that name by Frank Yerby, "Room for One More" by Anna P. LETTERS from Our Readers

A HOT LETTER

Editor, Sun: After the recent organization meeting I received a phone call from a gentleman who chose to keep his identity a secret. He informed me that if I voted any opinions that reflected upon the actions of certain members of the Township Committee I could expect to be, and I quote, "smacked high, wide and handsome." Prior to the organization meeting on January 1, I was informed at various times that I was making a certain party quite angry by actively petitioning the Board of Education for equal distribution of the local school insurance and that I'd better leave well enough alone and forget the issue.

The Big Three

Regional High wrapped its January Big Five campaign with a victory over Edison 54-52 in a thrilling battle at Edison.

At this stage of the campaign, the Big Five Conference title race boils down to a three-cornered battle between Union, Plainfield, and Rahway. And a loss by Rahway would eliminate it from consideration, unless Union lost both of its two remaining games. If Union defeats Rahway and loses to Plainfield in its two remaining BFC contests, the chase will end in a Union-Plainfield deadlock.

Should Plainfield fail to beat Union in its finale, the Rahway-Union battle will decide between an outright Farmer championship and a Rahway-Union tie. Plainfield, which holds the only BFC decision over Union, is at home for the contest with the Farmers on February 5. Union's two frags are split, one on the road (Plainfield) and the other at home (Rahway) on February 26. Rahway, likewise, divides its last two games. The Scarlet plays at home on February against Regional, and at Union.

The two remaining clubs in the Conference—Regional and Linden—will square off tomorrow evening in the Bulldog gym to decide who will finish in the BFC cellar. Regional's lone win was over Linden earlier in the season by a 62-49 tally, while the Linden win came at the expense of Plainfield, 53-43, in an upset.

League-leading Union has rolled up a total of 341 points, while opponents were scoring 310 points against the Farmers. Plainfield has canned more points than any team in the circuit, 370, but has given up 345 markers. Rahway has collected 360 points and has had 294 points scored on it, the loop's low. Regional has managed only 292 scores, giving up a 354 point total. Linden, which has scored 336 points, has had 396 points scored on it, a league high.

Springfield Market Ties Nelson's Texaco for Lead

Springfield Market's victory over Union in the first game of the season, 20-13, was the first in a series of wins that have put the team in the lead. The Bulldogs scored 13 in the first quarter, while Union could not make up the nine point deficit that was inflicted on them in the initial quarter.

The score at halftime was 27-20. The local five plotted up another point on Union in the third period and was behind, 38-22, at the close of the third stanza.

With four minutes remaining, Regional scored six straight points, forcing the Farmers into a freez, Judd Herman and Bob Cole headed the Bulldog attack with 12 points each. Witting and Ron Suserman paced the winners with 18 and 17 markers, respectively.

Parkers, Union, Somerville To Face Bulldog Grapplers

By HERB WEIMBUCH

Starting this afternoon, Regional High's twice beaten wrestling team faces three important matches on its moves down the bracketed of the 1951-52 schedule. Embarrassed, the engagements are with Roselle Park, Union, and Somerville.

The match with the Panthers, scheduled to come off this p.m. is significant in that two Bulldog win streaks are in danger of being shattered. Al Hector, local lightweight, holds four straight wins, three on the mat and one as a result of a forfeit. The other stake endangered is that of Al McElroy. Al has won five straight, including four decisions and a pin.

Roselle Park's Ed Nae is favored to snap McElroy's triumph streak, but Hector's bout with Howard Butcher is rated a toss-up by most observers.

Besides McElroy and Hector, Regional has a handful of good wrestlers. Wray Bailey, Kenilworth freshman, has posted two wins and a tie in five bouts. Ron Soares, another Kenilworth lad, has won three matches and has been beaten twice. Bill Corperthwhite, unbeaten until the recent Bound Brook match, also is a top-notch grappler. Dave Compton, with two victories and a lone defeat on his record, is the first Bulldog to win a match since the season began.

At this stage of the campaign, the Big Five Conference title race boils down to a three-cornered battle between Union, Plainfield, and Rahway. And a loss by Rahway would eliminate it from consideration, unless Union lost both of its two remaining games.

Presbyterian Group Schedules Meeting

The regular meeting of the Ladies' Memorial Society of the Presbyterian Church will be held in the Church on Wednesday, February 6 at 2 p.m.

This will be an important meeting, having as its chief point of interest, a discussion of the Society's re-organization into circles.

The present Society was organized more than 75 years ago and there should be a lively discussion on changes in its constitution.

2nd ANNUAL "CLERKS' DAY" OUTSTANDING SUCCESS AS CLERKS RUN GRAND UNION

WILLIAM KNOOP of Grand Union's Summit, N. J., market, elected "most likely to succeed" by his fellow employees, takes over the duties of directing Grand Union's chain-store operations.

OFFICERS OF THE DAY—President William Knoop of Summit, N. J., (center), discusses Grand Union operations with (left to right) Secretary Robert Weinschenk of Bronx, N. Y., Vice President in Charge of Merchandising Louis Villano of East Paterson, N. J., Vice President in Charge of Store Operations Larry Hall of Binghamton, N. Y., and Treasurer Lucien Picard of Plattsburg, N. Y.

Bill Knoop, an employee in Grand Union's Summit, N.J., Super Market, took over the office of company President for the entire day Tuesday, January 29th, Grand Union "Clerks' Day". On the same day four other clerks from Grand Union stores assumed the duties of the company's four other highest ranking chain-store officers. Louis Villano of East Paterson, replaced R. J. Davern, Vice President in charge of merchandising; Larry Hall of Binghamton, Vice President in charge of operations; Lucien Picard of Plattsburg, replaced T. C. Butler, Treasurer; and Robert Weinschenk of the Bronx, replaced L. W. Moseley, Secretary.

Further, every other Grand Union executive position from division general manager to store manager was filled by a store clerk.

The taking over of the direction of Grand Union's 325 chain stores in 6 Eastern states was the culmination of a week's activities just prior to "Clerks' Day" during which elections of the clerk-executives by their fellow employees were held in the stores in which they regularly work.

"This was Grand Union's second 'Clerks' Day', said Lausung P. Shild, Grand Union President. "To the best of our knowledge, ours is the first food chain store organization in the history of our industry ever to turn over the direction of its entire operation to the clerks in its stores. This program," he continued, "was developed in keeping with our company policy of building up our people, as well as providing improved equipment in our business. It may actually be something of a preview of who will manage the company in years to come."

Concluded Mr. Shild, "We believe the success of our business is more dependent on better men than it is on better machines. 'Clerks' Day' is a way to give our people in the stores a better understanding of the problems of Grand Union's management. In turn, today's executives will get better acquainted with more of the people in the stores."
