LISTEN

FRIENDS!!

Won't be too long before we see some major changes taking place at the First National Bank, Springfield's only banking institution... although rumor this week had the bank launching extensive interior and exterior expansion momentarily, Bob Bunnell, president, admitted the existence of a long range plan, but one which probably won't get underway for at least a year... present facilities and working space at the bank are not sufficient to handle its volume of business... authorities have known this for some time... the alteration program will be extremely welcome.

Springfield, like most other communities, is burdened each year with a dozen worth-while money raising campaigns... we enjoy an excellent reputation in meeting our quotas... one of the most important of all drives is one which is presently underway... it pertains to the First Aid Squad, comprising a group of individuals who give freely of their time day or night to save lives... we urge your wholehearted cooperation when a representative of the squad stops by your home for your donation.

We should witness a hum-dinger of a Township Committee meeting next Wednesday night when the question of a \$50,000 addition to the Free Public Library is disposed of... proponents and objectors are expected to crowd town hall to voice opinions in the matter... it probably would be safe to venture a guess at this time that members of the governing body will authorize a public referendum on the expenditure instead of exercising their own right to deny or approve the proposition.

Hordes of bees invaded the township in the wake of the week-end storm centering their attack on parts of the business section... merchants, shoppers and others spent part of the time dodging bees which apparently were doing a good job emulating the Japanese Zeros of a decade ago in their dive-bombing tactics... a rush was started on drug and

Springfield GOP Leader Greets Eisenhower

(See Story Below)

Charles F. Beardsley, of Springfield, Union County Republican chairman, was among the county leaders who recently greeted Dwight D. Eisenhower at his New York headquarters, and was deeply im-

pressed by his fine qualities. Shown here left to right are Mr. Beardsley, Freeholder Albert J. Benninger, campaign committee co-chairman; presidential candidate, Eisenhower and Michael F. Kealy, first vice-chairman of the county committee.

Trio Escapes as Storm Downs Plane On Baltusrol Golf Course Fairway

Water was not the only thing that came out of the skies last Saturday night! The heavy rains, which overwhelmed Springfield and surrounding municipalities over the Labor Day week-end, forced a bright yellow four-seat plane to make an ungraceful emergency landing on the ninth hole fairway of the Baltusrol Golf Club early Saturday evening. Aboard the plane were three men from Denver, Colo. No one was injured.

Westfield Youth Killed as Auto Smashes Tree

A Westfield youth was killed and another injured Monday in the second fatality of the year on Springfield highways. Riding in a coupe which failed to round a turn in South Springfield avenue near the Westfield line—and struck several trees, Richard Knight, 19 years old, of 854 Kimball avenue, Westfield was fatally injured, and a companion, Bruce C. Anderson, 18, of 405 Elm street, Westfield, suffered shock and bruises.

The Anderson youth was treated at Overlook Hospital, Summit and taken home. Police report young Knight was hurled from the car he drove when he struck one of several trees in its path when it ran out of control. Taken to Overlook Hospital in the First Aid Squad ambulance, he was pronounced dead of a skull fracture and broken neck, police report. His body was removed to Brough's Funeral Home at Summit.

Patrolman George Parsell reports the car, which was towed to a garage, was battered on both sides and front. The first 1952 highway death in Springfield occurred February 16, when Ralph Vincent, of Newark, died instantly when struck by a car as he attempted to cross Route 20.

Young Knight was the son of Mr. and Mrs. William Knight. Also surviving is a brother, William C. Knight, who is an engineer with the National Broadcasting Company in New York City.

RED ROSES—GREET

12-NEW TEACHERS

As a gesture of welcome, the local Parent-Teacher Association placed a red rose on the desk of each of the twelve new instructors in the elementary schools this morning, Thursday.

REGISTER TO VOTE

BEFORE SEPT. 25

Township Clerk Eleonore Worthington today reminded residents who are not permanently registered that they have until September 25 to do so at her office in the town hall.

Beardsley Greets Eisenhower in N. Y.

Springfield's Charles F. Beardsley, Union County Republican Committee chairman, was a leading member of a delegation which recently conferred with Dwight D. Eisenhower at his New York headquarters and came away with a glowing impression of the Republican presidential candidate.

The delegation, which enthusiastically told its impressions gained at interviews with the former general, declared he will win "many, many traditionally Democratic votes" in Union County because of his sincerity, straightforwardness and intention "to do a real job."

Among the county GOP leaders accompanying Mr. Beardsley were Freeholder Albert J. Benninger, of Mountaineer, Republican campaign committee co-chairman, and Michael F. Kealy, of Rahway, committee first vice-chairman. They were three of seven Union County residents who visited the nominee

Regional Reopens For Fall Classes

Regional High School, serving six communities, was reopened this morning under difficulties, which include principally crowding and lack of facilities complicated by the school's \$1,300,000 building project. Last year's enrollment of 1,037, is expected to rise more than 100 pupils. Studies for high school pupils from Springfield, Kenilworth, Garwood, Clark, Beverly Heights and Mountaineer, get under way at 8:30 a.m.

New pupils entering the freshmen class were indoctrinated at a special session yesterday at the school at which their schedules were outlined in detail, and they were put through what is to become their study paces through the school year.

School administrators and teachers held a staff meeting at 2 p.m. Tuesday at which starting preparations were discussed, the general school program was outlined and problems involving handicaps incurred by the construction work were considered.

Included among the latter is a sharp reduction in parking space, the parking area in the rear of the original building having been excavated for erection of a twenty-one room addition. A new agricultural building is nearing completion.

1st Aid Squad Fund Campaign Underway Here

Volunteer Group Asks Public Help In Meeting Quota

By proclamation of Mayor Marshall, September is Springfield First Aid Squad Month. The Squad will make an all-out drive to raise funds this year for the erection of a garage in which heat may be installed. The present garage space loaned by the Township is so small there is no place to install heat of any kind and a cold ambulance makes efficient service difficult.

Cold stretchers and blankets are far from the best for a victim of an accident or any illness and many times the members of the Squad must warm blankets on radiators in the home of a victim before using them. In the case of an accident this is impossible.

Regular expenses for upkeep of the ambulance and replacement of supplies such as Oxygen, First Aid material, linens, etc., also insurance, gas and oil, must be met as usual.

The Fund Drive opens this week with a quota of \$8,000. This money is to be apportioned as follows: \$1,000 each year must be placed in an ambulance replacement fund so that there is enough to replace the ambulance when needed. At least \$2,000 must be kept for yearly running expenses. The remaining \$5,000 will be used for property and a garage, the need for which is great.

Members of the First Aid Squad are all volunteers, giving as much time and energy as possible. They are not paid in any way. Their uniforms are paid for out of their own pockets and they must furnish their own cars for transportation to all calls.

This month they are asking residents of Springfield to volunteer their help by supporting the Annual Fund Drive. On Saturday, September 6, the Squad members will start at Washington avenue and will cover the North end of town in the next few week-ends, then the South end.

Long Range Plan By Jewish Group

The Jewish Community Group of Springfield, which plans in a long range program to establish a Jewish house of worship and community center in Springfield, has filed articles of incorporation with County Clerk Henry G. Nulton.

Listed among its first group of officers and trustees are Earl L. Lewis, attorney and agent of record; Samuel Goldstein, Norman Freedman, Daniel Kalin, Clarence Seltzer, Roslyn Yablonsky, Elliott Mandel, David L. Kaplan, William C. Shephard, Eugene Shapiro and Ralph Feldman.

Cop Gives Brother Parking Ticket

It wasn't exactly a case of brotherly love when Patrolman Ivy Haerberle hung a parking ticket on his brother's car Tuesday, but it was genuine brotherly love when a few minutes later he turned in the ticket with his own dollar to pay the fine.

Charles Haerberle, of 100 Main street, Union, wasn't around when Patrolman Haerberle did the ticketing. As he turned he spotted Charles emerging from a store. Noting a hurt look on his brother's face he queried, "That your car?" "Sure," said Charles. "I just put a ticket on it," said the patrolman with a wry smile. They both smiled and that was all there was to it. Brother Charles didn't get the ticket, but did get the experience.

Open House Sunday At Andrews' Home

Mr. and Mrs. Andrews of 460 Melsel avenue will hold open house Sunday afternoon to celebrate their 25th wedding anniversary. They were married September 3, 1927. The Andrews have lived in Springfield since 1938. Mrs. Andrews was born in Maine, the youngest in a family of six. Mr. Andrews has two sisters and a brother. The couple have two children, Dorothy Lee and Robert C. Andrews.

Township Schools Open With Large Increase In Student Population

Springfield's public schools were reopened today with the largest enrollment in their history and with double sessions for twenty-nine classes, due to the crowding. Grades two through the sixth started double sessions at James Caldwell School and grades one through the fifth at Raymond Chisholm building with the possibility of more classes becoming affected as the influx grows.

1952-1953 Schedule Springfield Public Schools

1952	Holidays
September 4	Schools open.
October 13	Columbus Day.
November 4	Election Day.
November 7	N. J. Education Ass'n Convention.
November 11	Armistice Day.
November 26	Thanksgiving Day recess begins.
December 1	Schools reopen.
December 23	Christmas recess begins.
1953	
January 5	Schools reopen.
February 12	Lincoln's birthday.
February 22	Washington's Birthday.
April 1	Easter recess begins.
April 13	Schools reopen.
June 19	Schools close for summer.

No relief is in sight for months. School authorities now estimate "it will be at least November" before the new Florence M. Gaudineer School will be ready for occupancy and some express doubt it will be ready much before 1953.

Under the double session system, some pupils attend morning sessions and others go in the afternoon. The first session extends from 8 a.m. to noon and the second from 12:05 p.m. to 4:05 p.m. Complications involved include getting youngsters up in the morning and guarding their passage to and from school, particularly in the late afternoon when days shorten. Further complicating this phase of the school program is the fact that many more children must now walk. Because the Board of Education cancelled transportation of pupils except children living along Route 29 and those in the southwest area of the township near the Summit line.

Because of the general situation and to avoid confusion, School Superintendent Benjamin F. Newdinger has requested that pupils arrange their schedule so as to arrive at school not more than five minutes before start of their classes. This will facilitate movement of pupils, particularly in the noon hour when morning session students leave and the afternoon groups begin.

Bike Races Will Feature Picnic

Bicycle races will highlight the annual Lions Club Picnic for boys and girls of Springfield. The outing will be held at the Melsel avenue athletic field on Saturday September 13. The club has announced that medals and special prizes will be awarded to winners of the various heats and trophies will be awarded to the winners. Dick White is chairman of the committee.

N. Y. Girl Hurt In Car-Bike Crash

A New York City girl of seven suffered facial injuries when a bicycle-she rode was in collision with a car at Mountain avenue and Brook street last Friday, according to police. Linda Newman, the victim, was treated by Dr. N. F. Vogel and then removed to the home of J. A. Mendin, 65 Keeler avenue, where she was visiting. John Loughurst, 17 years old, of 360 East Mount Pleasant avenue, Livingston, was listed by police as driver of the car.

Detective Pinkava Condition Better

Detective Vincent Pinkava was reported recovering today at his home, 51 Mountain avenue, from an attack of pneumonia. Pinkava, stricken at the shore recently, was transported in the First Aid Squad ambulance from Point Pleasant Hospital to Overlook Hospital, Summit. He was returned to his home Monday and probably will report back to duty shortly.

Methodists Will Enlarge, Improve Main St. Church

Officials of Springfield Methodist Church today reported congregational approval of an \$85,000 church extension and improvement project, which includes a new \$75,000 wing and a \$10,000 organ.

The program includes a complete remodeling of the church front in Colonial design. The sanctuary and basement will be projected twenty feet toward Main street, increasing the seating capacity by thirty-six persons. The wing will extend forty feet along Main street.

Church officials plan a new attractive narthex to replace an existing vestibule. The church balcony will be replaced, affording a seating capacity of 300. The new wing will embrace two large rooms, one on each side of its two floors and additional sanitary facilities.

Power Failure Laid to Storm

A mile-square area of Springfield was blackened out shortly after midnight yesterday when lightning struck main power lines and transformers of the Jersey Central Power and Light Company about Morris' avenue and Center street.

FLORAL ISLAND AT SHORT HILLS VILLAGE

Attracting considerable attention at the new multi-million dollar Short Hills Village apartment development, is this huge circular floral center island. Shrubbery and landscaping cost more than \$5,000. Many photographers are continually taking pictures at the scene. (Photo by Syd Grobstein-Linden).

Auto Involved in Fatal Crash

The above photograph portrays a grim picture of a Labor Day week-end fatality, one of seventeen in the state and 403 in the nation. Richard L. Knight, 19, of Westfield, died early Monday morning in South

Springfield avenue when his car failed to make a right turn, crashing into a tree. A passenger in the car, Bruce Anderson, 18, also of Westfield escaped with minor injuries.

County GOP Picnic Set for Saturday

WESTFIELD — With 5,000 tickets distributed for the picnic Saturday at the Old Loc Cabin Grove, Palisades Avenue, Clark Township, the Union County Republican Campaign Committee is ready for the greatest turnout in its history for the opening of a Presidential campaign.

Gov. Alfred E. Driscoll, Gov. John Davis Lodge, of Connecticut, U. S. Senator Alexander H. Smith and Robert C. Hendrickson will be the four speakers in a fast-moving program that will begin shortly after noon and run until 8 p.m.

In addition to the pavilions at the picnic grove, the committee, of which Freeholder Nelson L. Carr is chairman and Mrs. Mary Jane Glover co-chairman, is creating two large circus tents to provide adequate shelter in the event of rain.

Food and refreshments for more than the 7,500 Republicans and their friends have been provided, according to Freeholders A. J. Benninger, secretary and treasurer of the committee who is in charge of that important phase of the program. To provide the greatest convenience, a dozen refreshment counters are being set up.

Singing of the national anthem, the pledge of allegiance and a flag-raising ceremony will signal the opening of the program at 10 o'clock. The children's games program will get under way immediately after. Amusements for the children include pony rides and other diversions, with prizes for the winners of the different games.

Franklin's Gull Helpful Bird

When farmers plow the rich soil of the plains in southern Canada and the northern United States, they are often followed by flocks of Franklin's Gulls. The big birds hop from furrow to furrow, chattering noisily and looking for the bugs they like so well.

As they move about, pecking in the soft dirt, it is easy to see that their heads are mostly black, with just a speck of white over their eyes. Their backs and tails are pale gray, and so are the upper parts of their wings.

More white appears when they soar into the air. Their bodies are white underneath, and the light shines through the thin, white feathers along the edges of their widespread wings.

At the heart of our continent, where they spend the summer, Franklin's Gulls settle down along the shores of lakes and in tangled marshes. Wherever you see a few of them, the National Wildlife Federation reports, there are like-

Here's money-making NEWS about your U. S. Defense Bonds!

New law gives your Series E Bonds ten more interest-bearing years!

CONGRESS HAS PASSED A NEW LAW that now makes it possible for all United States Series E Bonds to continue earning interest ten years longer. There is nothing for you to do. Simply hold your bonds and they'll go on earning. You may still cash your bonds at any time after the first sixty days you have held them. But holding your bonds is the smart thing to do! For your government bonds are as safe as America itself.

Money you put into U. S. Bonds regularly and leave there is steadily growing into a larger and larger sum. And now, too, remember, your Series E Bonds earn 3% interest compounded semiannually when you hold them to maturity!

So if you have bonds which are coming due this month, remember the new money-making chance your government is giving you. Just hold onto your bonds and they'll go on earning for you. In the meantime keep up your regular saving with more U. S. Defense Bonds through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that lets you save before you draw your pay.

3 new money-making opportunities for you! New Series H, J, and K Defense Bonds pay 2.76% to 3%!

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at your bank about these new bonds:

SERIES H. A new current-income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Now even better! Invest more in Defense Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, The Advertising Council and

Eleanor Nanz Now Auto Insurance Rates Increase

Mrs. H. D. Combs

Connecticut Farms Presbyterian Church, Union, was the setting Saturday for the marriage of Miss Eleanor Gertrude Nanz, daughter of Mr. and Mrs. Theodore Roosevelt-Nanz-of-Kingside avenue, Kenilworth, and Harry Donald Combs, son of Mr. and Mrs. Harry L. Combs of Hillcrest terrace, Roselle. The Rev. Clarence E. Getz, of the Dannelen Presbyterian Church, performed the ceremony.

Escorted by her father, the bride was attended by her sister, Miss Elaine M. Nanz, as maid of honor. Frank Combs served as best man for his brother.

The bride's brilliant length gown was fashioned with Chantilly lace bodice, long sleeves and an illusion neckline trimmed with beads. Her fingertip veil was arranged from a lace bonnet and she carried a bouquet of lilies of the valley and delphinium.

Mrs. Combs, a graduate of Regional High School, is employed in the traffic department of the New Jersey Bell Telephone Company in Elizabeth. Mr. Combs attended Abraham Clark High School, Roselle, and is employed by the Elizabeth Iron Works, Inc. He is a corporal in the New Jersey National Guard.

Rutgers Starts Grid Practice

Hastening the end of summer, football invades New Jersey next Tuesday when Coach Harvey Harman and his Rutgers University squad of 48 grid hopulists begin two weeks of pre-season drills at a new campsite.

Sophomores promise to play major roles in the Scarlet football picture as the crucial preliminary sessions get under way at Freedman's Farm, near Columbia (N.J.) and the Delaware Water Gap. In previous years, the State University gridlers have trained at Sea Girt.

First problem to be met by Harman as he enters his 11th season at Rutgers will be the rebuilding of an offensive backfield, hit heavily by graduation. Most of the returning 12 lettermen are linemen and should make the Rutgers forward wall a solid one.

At least six sophomore backs figure strongly in Harman's scheme, including a pair of yearlings who seem destined for starring roles on offense. Brightest newcomers are halfback Bobby Rothman, a slick runner with plenty of talent and speed; and Angelo Iannucci, a 100-pound fullback.

Key backfield veterans include quarterback Don Dreier, slippery halfback Joe Triggs, and Haddonfield's Don Duncan, a workhorse fullback who was New Jersey's top high school athlete; in 1949 and Rutgers' leading scorer last season.

Standout veterans on the Rutgers line include end Ruse Sandblom, a pass-catching sensation; and tackles Howard Anderson and Joe Scallotta of Bound Brook. Super-sophs on the line are John (By) O'Hearn of South Orange and Ken Bossow of Deans.

The Scarlet squad will spend two weeks drilling at camp before returning here for the opening of college classes on Sept. 15. Muhlenberg provides the State University's opposition in the season-opener here Sept. 27.

In the early days of the United States, its citizens are believed to have eaten about 500 pounds of meat a year says the National Geographic Society.

Trailside Museum Slates Art Show

The Union County Art Association's annual exhibit to be held at Trailside Museum in the nursery area of the Watching Reservation on Sunday, September 21, at 2:30 p. m. will provide a special exhibit section open to the general public this year, the Union County Park Commission announced.

Local artists who are not members of the following sponsoring organizations: Railway Art Center, Westfield Art Association, Summit Art Association, Plainfield Art Association, Cranford-Creative Group and Elizabeth Art Group, are invited to exhibit a picture of theirs in the special section reserved for non-members.

Each sponsoring organization shall be limited to a total of 14 pictures, but not more than one picture per artist. Outside exhibitors not affiliated with any of the six sponsoring organizations shall also be limited to one painting per artist and each of these artists is requested to assist the Hanging Committee on September 20th after submitting his entry.

The longest dimension of each picture is not to exceed 36 inches including the frame. Pictures may be of any medium but must be properly framed and have screw eyes and wires for hanging. All pictures should be delivered to Trailside Museum on Saturday, September 20, between 9 a. m. and 11:30 a. m. and removed between 5:30 p. m. and 6 p. m. on Sunday, September 21. A popular vote will be taken and the winners announced.

While all pictures will receive prudent and careful handling, Trailside Museum regrets its inability to be responsible for any of the exhibits.

Baptist Men Meet At Lebanon, N.J.

The Baptist men of New Jersey will assemble at the New Jersey Baptist Camp and Conference Center at Lebanon, N. J., on Saturday, September 6, for their all-day Fall Fellowship, installation of Officers of the Council of New Jersey Baptist Men, and the 29th Anniversary Banquet of the Council. All Baptist men are invited.

The day's activities will begin at 10 a. m., with registrations and a well-planned recreational program consisting of swimming, boating, softball, archery, horse-shoes, badminton, etc.

MEMO To Mrs. Housewife

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Preserve your recipe clippings by enclosing them in waxed paper, cut to the size of a standard recipe card. With a warm iron press waxed paper to seal edges.

Nothing is more enticing to a wiled August appetite than a cool, colorful fruit salad. On individual plates arrange crisp lettuce, then melon balls, pineapple, peaches and other fruit. Top with Green Mayonnaise made by blending real mayonnaise with lemon juice to taste, then tinting it a delicate green with vegetable food color.

"If It Makes A Sound We Will Record It"

LET our schools teach the nobility of labor and the beauty of human service, but the superstitions of ages past—never!

—Peter Cooper

Carteret School offers a sound, practical education, elementary and secondary, and superior college preparation. Accredited. All grades to college. High scholastic standing. Thorough drill in fundamentals. Proper study habits developed. Small classes. Remedial reading. Music, art, crafts, shop. Large gym. 40 acres atop Orange First Mountain. Hot, lunch, bus service. 2 Township Girls Freshmen at NJC

NEW BRUNSWICK — Two Springfield residents—Miss Anna M. Casale and Miss Jeanette J. DeVone—have been admitted to the freshman class at New Jersey College for Women, Rutgers University.

Both graduates of Regional High School, Miss Casale is the daughter of Mrs. Anthony Casale of 128 Springfield avenue and the late Mr. Casale; and Miss DeVone is the daughter of Mr. and Mrs. William DeVone of 32 Kew drive. They will start classes at the women's college of the State University on September 18.

The incoming class at N.J.C. includes 330 students from all 21 counties in New Jersey, and representatives from Connecticut, Maryland, Massachusetts, New York and Pennsylvania.

LISTEN, FRIENDS

(Continued from Page 1)
hardware stores for insect bombs and sprays . . . at press time the bee forces were reported to be slowly giving way before the insect gases but not without a valiant fight.

Kay Schnell, now in England with her husband, Major Edwin Schnell, U. S. Army Force, and two youngsters, writes she's homesick and finds it difficult to wait to renew old friendships . . . she asks that we convey her best to everyone.

That bathing suit photograph of Doris Pollock, Regional High School senior, on Page 1 of last week's paper didn't do the young lady justice, her father states . . . a poll of The Sun staff and others who know Doris indicates "pop" is right.

Springfield schools and others throughout the state opened today . . . again we urge parents to caution their youngsters to cross streets at crosswalks and to seek the aid of policemen and special school guards when crossing dangerous thoroughfares . . . to motorists, we repeat a police department warning of last week that even the slightest infraction will be dealt with harshly.

BEARDSLEY

(Continued from Page 1)
at three separate sessions in his Hotel Commodore quarters. All went away with high praise of the candidate's personality and charm, his determination to clean up the government and to handle its business to the best interests of the people, and finally, to give the government the prestige it needs.

Mr. Eisenhower's meeting with the three county leaders, including Mr. Beardsley, was followed by a visit by a group of women Republican leaders from the county, including Mrs. Florence P. Dwyer, of Elizabeth, assemblywoman.

BIKE RACES

(Continued from Page 1)
Electric, Morris avenue; Regional Sweet Shoppe, Morris avenue; Marcel's Sweet Shop, Morris avenue; Seal's Texaco Garage, Mountain avenue; Springfield Hardware, Morris avenue, and Kay's Stationery, Morris and Mountain avenues. Applications also will be distributed through the Raymond, Chisholm and James Caldwell Schools.

Complete details will be printed in next week's issue of The Sun.

CIVIL DEFENSE RALLY

Springfield's civilian defense forces are making preparations to participate in a civil defense rally of all CD agencies of Union and adjacent counties at 8 p.m. Wednesday in Wainman Park stadium on the Elizabeth-Roselle line. The event is sponsored by the Union County Police Chiefs' Association to mark the opening of its Police Training Academy. Leonard Dreyfuss, New Jersey civilian defense director, will be the principal speaker.
