Methodists Begin 125th Celebration

REV. C. A. HEWITT

Rev. C. Albertus Hewitt, pastor, and the congregation of the Springfield Methodist Church have completed plans for a week-long celebration of the church's 125th anniversary. The activities will begin on Sunday, October 19, and will be climaxed by a sermon by Bishop Frederick B. Newell at 8 p.m. on Sunday, October 26.

The history of the church dates from the time when the first 45 worshippers met together in 1827 at the farmhouse of Philemon Dickerson. Eventually eight other churches developed in nearby communities as outgrowths of the Springfield church. The mother church now has a congregation of more than 500 and sponsors nine active groups. Some of these groups will be responsible for the nightly activities.

On Sunday, October 19, the Rev. Hewitt will deliver a sermon entitled "The Past Faces the Future" at each of the two morning services. At these same services, a memorial ceremony will be conducted in honor of Philemon Dickerson, representative of the church's lay people of the past and the Rev. William Dickerson and the Rev. Merritt C. Reed, representative of all former ministers.

On Monday evening the Men's Club will hold a roast beef dinner at 8:30. At that time they will be addressed by W. Carl Wilton, Conference Lay Leader. George Terrey, representing the Newark District, will present a charter to the club in connection with its affiliation with The National Association of Methodist Men. The local group sponsors the women's committee, a church blood bank, a Week Day Nursery School, and a bowling league.

On Tuesday evening the Women's Society of Christian Service will hold a joint meeting of eight churches. Mrs. Ralph E. Dodge will speak on her mission work under the Board of Missions and Church Extension of the Methodist Church in Portuguese West Africa. Mrs. Dodge assists her husband in many phases of his work with the above (Continued on page 6)

Building Insp. Approved Original Bldg. Layout, Defense Lawyer Claims

Considerable discussion today is centering about the unprecedented \$1,000 fine imposed on Rocco Lupo, operator of Roc's Refreshment Stand, Mountain and Flermer avenues, by Magistrate Henry C. McMullen on a charge of violation of the zoning ordinance. The penalty was imposed in a special session of Municipal Court Friday. Observers noted that the most amazing phase of the case was the fact that neither daily newspaper which circulates in this area has had a line on it.

Safeway Market Draws Thousands

Thousands of persons turned out Tuesday and yesterday respectively for the preview and official opening of the new giant super-market of the Safeway Stores at 727 Morris Turnpike.

Scores of visitors were greeted personally by Tom Mitchell, manager of the store. He pointed out that the new features include large cash registers which clearly record the price of each item as it is rung up and the use of a shopping carrier which fits into the space from which purchases are checked directly. Eight check-stands are in constant use.

Mr. Mitchell called attention to the display of frozen foods in which the customer can pick out the package without sifting any doors. He pointed out that dairy foods are displayed in the same manner.

The manager said meat cuts also may be selected on a self-service basis, which makes shopping easier. Customers also may grind their own coffee. Fresh vegetables and fruits may be selected from modern produce stands which are mechanically refrigerated.

Other features of the new market are wide aisles, which eliminate any crowding and section markers which point out all types of produce.

Plains Resident Hurt in Accident

Mrs. Sabina Grabowski, 45 years old, of 418 Warren street, Scotch Plains, is recovering today from lacerations and abrasions of both knees, suffered Friday night when the car in which she was riding was struck in the rear, police said, by another car in a three-vehicle crash in Mountain avenue near Hillside avenue.

Mrs. Grabowski was taken to Overlook Hospital, Summit, in the First Aid Squad ambulance. She went home after treatment. Police said that she was riding in a car operated by her husband, Joseph, 48. The other cars were driven by Mountainside and North Plainfield residents. (Continued on page 6)

Fusion Ticket Raises Query On Graft in Springfield

Inferences that graft may have been responsible for certain municipal transactions were made today by former Township Committee man Francis J. Keane and George B. Marche, Fusion candidates for the township committee, as they continued to blast the governing board and their Republican opponents.

"In there any truth behind the rumors that money or gifts have changed hands in connection with local affairs," the pair ask in their current campaign release. They do not qualify the question. "The candidates also asked why township appointments are restricted to 'dime paying members of the Republican Club'?" Another query centers on part-time employees with the Fusion nominees asking why there are so many.

Marche and Keane also wanted to know why the modern and efficient U. S. Fire Underwriters Building Code was rejected. Keane and George M. Turk, when they were members of the Township Committee—for three years—had urged its adoption. Another query raised by the Fusion nominees is "Why are decisions on difficult subjects continuously postponed, or suggested for expensive referendums?"

Charging constant delay in decisions involving desirable industry, Keane and Marche asked "Why has the township committee vacillated in deciding so many questions regarding industrial construction?"

School Yearbook Gets Press Award

The "Regionalogue" yearbook of Regional High School, has won another first place. It was revealed today. The honor was awarded the top spot for excellence by the Columbia University Press Association which sponsored the scholastic yearbook contest.

The "Regionalogue" finished on top in the classification of yearbooks for senior high schools of 600 to 1,600 students. The faculty advisor is Miss Claire Kelly, English department instructor.

School Bd. Seeks 7 Sidewalk Areas

The Board of Education has requested the Township Committee to construct sections of sidewalks on seven streets leading to the new Florence M. Gaulmeier School. In a letter to the governing board the school commissioners point out that with bus service abandoned, sidewalks are necessary to protect students walking to school.

The streets designated include parts of Medical avenue, Riverside drive, Hillside avenue, Mountain avenue, Baltimore way, Shumpike road and Milltown road. The request has been referred to conference.

The Regional Board of Education has notified the Township Committee that it cannot provide funds for establishment of the proposed parking lot for cars in the area. The situation was caused by construction of the Regional addition which eliminated parking area at the school. The board is putting in a small parking lot on its property, it was said.

The governing board authorized advertising for bids for erection of traffic lights to State specifications replacing lights at Shumpike road and Mountain avenue. Bids will be received November 12.

Town GOP Set for Eisenhower Rally

Scores of Springfield residents are expected to attend the Eisenhower and Nixon Rally to be held at Thomas Jefferson High School, Elizabeth, Monday evening.

The principal speaker will be Governor Earl Warren of California. Other speakers include Congressman Clifford P. Case, Mrs. Irving Berlin, Prof. Clarence A. Peters, of Northwestern University, former research director of the Town Meeting of the Air and Mrs. Oswald B. Lord, co-chairman of the National Citizens' for Eisenhower.

Entertainment will feature Iona Massey, stage and screen star and David Coddington. There will be a band and a male quartet. The rally is open to the public. It is sponsored by the Elizabeth Citizens' Committee for Eisenhower and Nixon. All Eisenhower-Nixon organizations in Union County are expected to turn out.

SLATE MOVIE SHOW Colored movies of the installation of officers of the American Legion Auxiliary will be shown at the organization's next meeting, Thursday, October 23, at Legion Hall. Refreshments will be served.

No Cut in Town Budget Seen by GOP Candidates

No promises can be made to reduce the township budget, Finance Commissioner Frederick A. Handville and Charles Romlinger, Republican candidates for the Township Committee, told a large group of party supporters this week at the opening campaign session.

The nominees said that costs of operating the municipal budget have skyrocketed in the same manner that the cost of living has risen. They said no candidate can logically promise to bring about a sizable reduction in municipal taxes. They charged that the national policy constitutes reckless and wanton waste of the taxpayer's money and said that until that is curtailed there can be no reduction on a local level.

The candidates pointed out that while the tax burden locally is high the cost of actual operation of the township has been reduced proportionately. They said that in 1942 the municipal phase of the budget was 46 per cent. They said this was reduced this year to 37 per cent. The tremendous increase in population obviously has necessitated greatly increased school facilities, they said, an item which, they pointed out, can brook no dispute.

Handville and Romlinger told the gathering they will be available for discussion of issues at all times. They said this will continue beyond Election Day in event they are elected. The candidates said there is considerable misunderstanding of basic facts due to misinformation and lack of full information on local issues. The campaign committee issued the following background on the candidates: Handville was born in Springfield in 1913. He attended Short Hills Public School, Millburn High School and Rutgers University, studying business administration. From 1941 to 1946 he served in the armed forces in the (Continued on page 6)

PAY-AS-YOU-RIDE

...without extra taxes!

YOUR YES vote for the Garden State Parkway means the 180-mile Parkway will be built as a pay-as-you-ride highway. You'll get it in 3 years... instead of 40, and at NO EXTRA TAXES.

Only users will pay for the Parkway... the safest yet to be engineered. Will they do so? Look at the proof of experience. In your own state, see how the New Jersey Turnpike is running years ahead of expected income.

Expert consultants predict the Parkway will serve an equally great state traffic need... will pay for itself with reasonable tolls and at NO EXTRA TAXES... and will save at least \$80,000,000 in finance costs.

You can rely on the proof of experience. You can have the Parkway now—rather than 40 years from now—as a pay-as-you-ride project with no extra taxes!

hundreds of books to choose for your children or, if they are old enough, for them to choose for themselves. The average child needs little encouragement as the circulation records prove. Most children are drawn to books and love them and care for them as the precious possessions that they are. They try faithfully to return the borrowed books within the allotted two-week period but sometimes illness or distance makes this impossible. No fines are charged in the children's department. The borrower's card is stamped in red ink when the books are returned over-due and this becomes a challenge and an eventuality to be avoided at all cost. Children who have returned completed cards during the past year with no red stamps are George Seltzer, Lorraine Buckley, Arlene Wyckoff, Laura Mertz, Barbara Heerwagen, Arlene Kauer, Mariann Karch and Madeleine Clark.

By popular demand, the Children's Story Hour will be resumed this Saturday, Oct. 18th. The Story Hour is always held at 10:30 a.m. on the third Saturday of the month for children of five years and older.

They toured all of Italy, visiting such places as Bari, Rome, Venice, Florence, Milan and Naples. While in Rome they visited the Vatican and were given an informal audience by Pope Pius XII. They spent two weeks at Metaponte, an Italian beach on the

Woman's Club News

The season's first meeting of the International Relations Department was held at the home of Mrs. Henry George, 184 Milltown road, on Thursday evening, October 2. The evening's activities included the making of felt toys and centered around a report which the co-chairman, Mrs. Herbert O. Bailey, brought back from the Workshop on International Relations given by the New Jersey College for Women on September 25.

This report emphasized the necessity of extending the hand of friendship across the oceans and set forth certain procedures which might be followed to help achieve this end, one of which was to collect old discarded magazines, exclusive of cheap pulp fiction and any type which would cast a disagreeable light upon life in America, and send them to the Asiatic countries primarily. This suggestion was well received and the members are now reclaiming as many of these used magazines as they are able.

Another good suggestion from the Workshop was that the donations of Care packages be of the type which contain tools and implements to encourage the recipients to help themselves to build or farm rather than hold out their empty cups for us to fill. Plans for the November charity sale which is sponsored by this department were completed. The purpose of this sale is to raise enough money to allow us to buy much needed Care packages and to contribute to the Loree Foundation, a philanthropic organization devoted to the care of French orphans and underprivileged children who are suffering from tuberculosis, and to the Pan-American Scholarship Fund which makes such a vital contribution to international understanding within our own hemisphere.

The Civil Defense Department will participate in the November general club meeting by showing a new film entitled "Communist Plans for the November Charity Sale" which is sponsored by this department. The film, which is not only very interesting but highly educational and recommends it to be shown to all club women. Pamphlets on household first aid kits will be distributed. The kit described in this pamphlet is easily assembled and should be in every home in our town.

Mrs. Henry Ostrom of 475 Mountain avenue, was hostess at the first meeting of the American Home Department on Tuesday, October 14. The theme will be Christmas gift ideas and a demonstration will be given by the Scottish Paper Products, Inc.

The two projects of the year for the Youth Conservation Department under Mrs. Arthur Stender will be the organizing of a corps of volunteer workers for Overlook Hospital and the beginning of an historical survey of Springfield. The latter project has been suggested by the State Chairman of Youth Conservation. All interested club members are urged to participate.

The Ways and Means Committee are planning to hold a dessert bridge at Kos Brothers in Rahway on October 24 at 1:30 p.m. All those desiring tickets, please contact Mrs. Henry Ostrom or any member of the Ways and Means Committee. Members of the committee are: Mrs. Amy Bandemer, Mrs. Kenneth Bandemer, Mrs. Fred Buerkline, Mrs. David Cavonagh, Mrs. William Cosgrove, Mrs. Raymond Forbes, Mrs. Fred Glastor, Mrs. Robert Hayes, Mrs. Carl Ledig, Mrs. Henry Ostrom, Mrs. Sigurd Oors, Mrs. Russell Post, Mrs. Wilbert Schoenleber, Mrs. Roger Shotwell and Mrs. Michael Tatusko.

The Fifth District Fall Conference will be held on Wednesday, October 22 at the Monday Afternoon Club House, 1127 Watchung avenue, Plainfield. The morning session starts at 10:15 and the

afternoon session starts at 2 o'clock.

The General Federation of Women's Clubs is calling on its vast membership in this country to vote. Every clubwoman is asked to be responsible for at least 10 votes in addition to her own on election day.

The Art Department met on October 6 at the home of Miss Gertrude Sala, 468 Morris avenue. Co-hostesses were Mrs. Martin Meade and Mrs. Azzelma Pancani. Seventeen members were present. Plans were made to work on the Scrapbook recommended by the state chairman. It will feature historic and artistic objects in our community, through pictures and interesting anecdotes about the places selected. Sketches of Christmas cards were made and then cut on linoleum blocks. Further printing will be done at the next meeting.

The Art Department is sponsoring an Art Exhibit to be held at the Public Library on Saturday, November 1 and Sunday, November 2. This will give the artist an opportunity to show and see his work, if he so desires. It is hoped to promote the local artist, both professional and amateur. All residents of Springfield may participate in this exhibit—no age limits. All exhibits will be limited to two pictures and a small entrance fee will be charged to enter a picture. Pictures must be framed for hanging. Further details are being worked on at the moment and further announcements will be made later.

Lions Hear Crime Detection Talk

Modern scientific methods of crime detection was the subject of a talk at the Springfield Lions Club meeting recently.

This subject was described at length by Lion Deputy Governor Gus Steffins, retired Captain of Detectives of the city of Elizabeth. Lion Steffins retired recently after 36 years on the force, doing laboratory work.

He described several murder cases which he worked on to show that often times an apparently iron clad case against a suspect turns out to be a dud when scientific laboratory work proves that the suspect is innocent. In other cases, where the suspect seems to have an iron clad alibi, modern scientific crime detection methods trip him up and force a confession.

HERE'S THE SECRET TO Faster Service on Party Lines!

Actually it's no secret at all. Most people already know. Faster service on Party Lines is simply a matter of cooperation:

- Allowing a few minutes between calls—so everybody on the party line can make and receive calls, too. Makes the whole line happy.
- Hanging up g-e-n-t-l-y when the line's in use.
- Being quick to release the line if a neighbor needs it in an emergency.

Sports In The Sun

The College Corner . . .

With Springfield having so many students in various colleges and universities throughout the United States, this reporter thought it might be interesting to include the athletic activities of the students in a monthly feature in this corner.

Several persons have inquired in the past about the possibilities of such a column. We believe it is a good idea and so we are going to promote it. But, this suggestion can only become a reality with the public's cooperation and assistance.

By contributing news items to the column about Springfield college athletes, you, and only you, can make the undertaking a success.

Send news to the sports editor of this newspaper. And now for a kick-off article:

One of the most un-rated athletes in Regional High's gridiron history, Dick Sherry, has been injured in football practice at Williams College, Williamsstown, Massachusetts, where he is in his sophomore year, and will be out for the remainder of the season.

He graduated from RHS in 1951, after having played three years of varsity football. He ran from the left half-back position during those seasons.

Dick's coach at Williams said he would have seen a good deal of service this year and is looking forward to seeing the Springfielder back again next campaign.

The injury which is keeping Sherry out of action is a double fracture of the hand.

Help Wanted!

The Regional Boosters Club has begun its 1952-53 year with an enlarged program. President Jack Schrumpp has announced the club is hoping to be able to sponsor an all-sports dinner at the end of the year, replacing the customary one which till now has been devoted entirely to football.

In order to carry out this aim, the club needs the help of everyone; help in carrying out its functions, help in financing same, and help in running its varied activities.

Premier on the list is a need for assistance at the concession stand, which the Club operates at all Bulldog home games.

Secondly, the Club is anxious to have a tremendous sale in its button campaign. Reduced to a nominal fee this year, and enlarged, the buttons should help greatly in offsetting the cost of the planned dinner.

If you would like to volunteer your services, we know the Boosters would be glad to have your name. Contact President Schrumpp at Millburn 6-4399-W.

Regional 11 Face Chiefs at Caldwell Saturday

Somerville Hands Locals 1st '52 Loss

Regional High's grid machine, minus two of its major components, travels to Caldwell this Saturday to take on the unbeaten, but once-tied Chiefs, starting at 2:30 p.m. The Bulldogs will try to regain some prestige, which it so ungracefully lost last week in a 37-7 rout by Somerville. It marked the highest single-game output against the Bulldogs since 1941, when Lakewood piled up a 39-0 score.

Joining Chet Boyce, the sophomore speed merchant, on the ever-expanding Bulldog disabled list this week was the senior end, Harold Grapethin, who suffered a concussion in the second half of Saturday's game.

After being helped from the field, the Bulldog star was taken to Overlook Hospital by the Springfield First Aid Squad and was released to his home Sunday. Grapethin has returned to school, but he is not expected to be ready for action for at least a week. Boyce remains on the sidelines, recovering from a dislocated shoulder. He is not expected back for at least two weeks.

For Coach John Brown's over-classed crew, it was the initial reverse of the campaign, balancing an 18-0 victory in the opener at Hillside, Narrowsed down, it can be easily ascertained that Somerville had too many Lusards.

Caldwell, reportedly having a big squad this year, opened its suburban Conference schedule last week defeating Madison, 15-13. Previously the Chiefs had won two in a row. Both clubs shape up as about equal in grid material. Caldwell has a holdover half-carrier, Don Stevens, back along with several lettermen. The Chiefs star, who scored Caldwell's only touchdown here a year ago.

Another factor in the Regional-Caldwell fray is the Bulldog's desire to get back on the victory express. With the wide-open struggle for Union County and district Group III supremacy still alive, the locals and their coaches are anxious to stake their claim early. Losing to Somerville, which had a strong, all-around attack and a good defensive setup, is not a disgrace by any means. The only shameful part about the matter is the manner in which the Bulldogs fell.

Although the number of first downs gained was approximately the same for both clubs, only Somerville cashed in on them.

Regional's sole tally came as Grapethin gathered in a loose Pioneer lateral on the nine in the second period and carried it across. John Natiansky converted.

The TD made the score 12-7, for Somerville had pushed two touchdowns across in the first quarter. One came on a 30-yard pass from Al Purfuro to Mike Fure after a Bulldog fumble had set it up.

The Pioneers tallied the second TD on a pass from Dick Kolans to Leroy Lusardi to clinch an 80-yard thrust.

Two more markers in the second period were posted on runs, one by Leroy Lusardi and another by Marv Gibson. The former's effort was a 57-yard jaunt after he intercepted a Bulldog pass.

Following the intermission, Somerville picked up two straight first downs. On the third play of the third canto, Bob Lusardi raced over from the 25, culminating another 80-yard offensive. A pass from Frank Cicero to John Sermans clicked for the score.

In preparation for Caldwell Saturday, Coach Brown has been forced to dig into his bag of reserves, which was rather empty at the start of the season, in search of a replacement for Grapethin. He has come up with Pat Venice. Regional's starting array probably will have George Mackenzie and Venice at the ends, Nadasky and Ed Ruby at the tackle posts, Harold Bolich and Tom Thompson operating at the guard slots, and Don Fleke as the center. In the backfield, John Keith will handle the quarterback assignment, Judd Herman will run as the fullback, Larry Robinson as the right halfback and Bob Colandrea as the left halfback, Richie Betz and Don Ried are substitutes at right-half, and fullback positions. On defense, Bremee moves into a tackle post, while Ruby shifting to end replacing Mackenzie.

Colandrea will operate in a line backer role because of his splendid showing in previous games, incidentally was devoted to a lot of pass defense work.

A Bulldog Gains Ground Against Pioneers

Spfld. Market Replaces Rau 5 in Pin League Tie

The first-place tie between Rau Five and Hershey Ice Cream in the Springfield Bowling League was broken last week, but a new deadlock appeared in its place. The present standoff is between Hershey and Springfield Market.

The Market quintet advanced to the top rung by sweeping its set with American Legion, while Hershey was taking two out of three from Community Shop. Rau Five lost two to last-place Nelson's Tavern and consequently dropped to second spot.

In other matches, Doyle's Esso won the odd game from Battle Hill and Bannell Brothers out-rolled Carpenter Steel in all three games.

Bobby Anderson's crew was the highest game of the night. Bobby Jones bowled a 213, Ang D'Andrea a 211, George Keller a 210, Henry Walton a 202, and Ed Hansen a 200.
