Skousen Heads Advisory Group

Future School Expansion Will Be Explored

The Citizens Advisory Committee, formed to study possible needs for future school expansion, has selected Lorán E. Skousen as permanent chairman, Walter Hohn as vice-chairman, and Mrs. Niles Christensen, as secretary.

Chairmen have been named to the following committees: Umstead, Mrs. Irene Rostky; Site, Arthur F. von der Linden; Construction, H. M. Wasung; Finance, Alvin Dammer.

The group has made plans for meeting only one night a week, Thursday evening at the Florence M. Gaudineer School. The sub-committee convenes at 7:00 or 7:30 p.m., and the general committee meeting commences at 8:00 p.m., with adjournment at 10 p.m.

Regional to Hold Annual Conference

Springfield will be the scene of the fifteenth annual conference of the Union-County Welfare Council to be held at the Jonathan Dayton Regional High School at 2 o'clock next Thursday, May 14.

The theme of this year's conference will be "New Directions" with discussion groups dwelling on various topics in search of more effective methods of developing character and competence.

Student leaders and adults from all parts of Union County will participate in the discussions with Dr. Kirk Seaton, director of guidance and special services in the Hillsdale School system, as chairman of the conference.

Mrs. F. F. Isberty and Mrs. L. E. Stausen will assist in the registration which starts at 2 o'clock. The Rev. Clifford A. Hewitt, of the Springfield Methodist Church, will give the invocation and Principal Warren W. Halsey will deliver the welcome address.

The general session, starting at 2:30, will be followed by discussion groups to be followed by supper in the Regional School cafeteria. At 6:15 p.m., Dr. David R. Marc of Drew University will discuss "Poems on the Family."

**PTA's Hear About
'Self Achievement'**

A meeting of the Parent-Teacher Association Group of the Springfield-Parsons-Teacher Association was held last Thursday in the James Caldwell School. About forty parents of fourth and fifth grade students attended. The meeting was primarily for these fourth and fifth grade parents, and dealt with the general topic "Pride in Self Achievement."

Mr. E. James JanTusch, psychologist of the Springfield schools, spoke briefly on his work, what a psychologist does, and why a psychologist is a most worthwhile addition to the administrative and teaching staff of a school.

The discussion was led by Mr. JanTusch, and brought forth such interesting topics as hobbies, school work, why a child should be ready to pursue their hobbies to the detriment of their school work; motivation for more outside reading; essays within the classroom; report cards; small rewards given for good grades; incessant talking; overactivity of children; other than school activities, especially evening parties for these nine and ten-year-olds.

Governor Will Speak to Grads At Regional

Governor Alfred E. Driscoll

As the feature of the commencement exercises on Thursday, June 10, Dr. Minor C. Jones, Regional representative on the Board of Education, has invited Governor Alfred E. Driscoll to participate as the speaker. Dr. Jones has had a response from the Governor, stating that his staff has at last given him a clearance and that he will accept the invitation to speak.

This will be the second time in the short history of Regional High School that a Governor of New Jersey has participated in one of the public functions. On the other occasion, the late A. Harry Moore, former Governor of New Jersey and then U. S. Senator from New Jersey, spoke at the dedication exercises of the new Jonathan Dayton Regional High School on October 7, 1937.

It is an unusual distinction for Regional High School to be honored by the presence of Governor Driscoll especially at a time when the high school faces unprecedented problems of expansion. The most careful as well as conservative estimate of the pupil population growth of the Regional District indicates that there will be a total of more than 3200 high school pupils in 1963-64.

The establishment of Regional High School in several areas of the State seems to be the solution of the problem of finding high school accommodations for pupils in small school districts. The Union County Regional High School District is the first regional district in the state to build in addition to the original school building, and to face the necessity for building another high school upon the completion of the addition.

Final Heart Appeal Report

The executive board of the Union-County Heart Association will meet at 11:45 a.m. Thursday, May 14, in the Elizabeth Carter Hotel, Elizabeth, to receive final reports for the 1952 Heart Appeal and to make plans for the annual election of officers and meeting at 8 p.m., May 28, in the hotel.

All three chapters have been requested to submit their final reports to Henry Grab, treasurer of the Union-County Heart Association, at the Hillsdale National Bank, 1320 North Broad street, Hillsdale, today, May 7.

The Cannon Ball House, accord-

"Puffy" Helps Taffy and Sandy Bell Forget

Last January, Mrs. Alexander L. Bell, 67, 247 Morris Avenue, appealed to the readers of the SUN to help locate her children's pet cat—answering to the name of Mickey—who had wandered off in search of whatever cats wander off to find.

Mickey has never returned to explain his long absence but the Bell children—Sandy and Taffy—are learning to forget the missing gray and white cat since Powder Puff, or Puffy as the children like to call her, has come into their home.

The following letter explains it. Editor, Sun: I have not written you before because, believe it or not, we have still been hoping to be able to report that your very generous article resulted in the return of our cat, Mickey. Having read of several instances where cats returned after long absences, we still had hopes. He failed to come back but we do appreciate your part and we thank you.

But, as the result of the article, a very fine lady, Mrs. Helen Pierson of Main street, offered the children a darling little Persian kitten. She was very tiny when we took her but she is growing rapidly and the children have named her "Puffy". The children still speak wistfully of Mickey and, who knows, he might come home some day.

Thank you again for so much of your help.

Mrs. Edith M. Bell

THEY'RE HAPPY WITH "PUFFY"—Mickey, their former pet, who wandered off months ago and hasn't found his way back.

Motorists Pay Over \$500 for Violations

Motorists who aren't still convinced that Springfield means business about speeding lost \$520 in Magistrate Henry C. McMillen's court this week with the electric timing device furnishing the best evidence.

This week's contributors included Robert Guhn, 516 Wood avenue, \$85; Stephen J. Yusk, 113 Avenue Avenue, Woodbridge, \$10; Frank E. Deemer Jr., 371 North Avenue, Passaic, \$7; Charles Berry, 1848 Archer lane, and Angelo Cozzetta, 681 Salem road, both of Union, \$7 each.

Robert McLaughlin, 21 Madison avenue New Providence, \$7; Bernard Grizzetti, 510 East Jersey street, Elizabeth, \$7; Robert Johnson, 4 Deekman road, Summit, \$13; and Charles P. Piel, 702 Boulevard, Westfield, \$7, all for speeding.

**VFW Battle Hill
To Hold Dance**

Battle Hill Post 7883 of the VFW are holding their eighth annual dance at the Club Diana on May 15.

According to all reports, the sale of tickets is better than ever, and at present, Post members are canvassing the town.

The proceeds will go toward the completion of the Post building which is in the final stages.

Keglers Hold Dinner

To add a final touch to the very exciting Springfield Bowling League, keglers got together for a bowling dinner at the Orchard Inn.

Charley Kline of Horshey Recreation was awarded the ABC trophy for individual high average.

Since registration is limited, it is suggested you contact Mrs. Rowles at Millburn 6-1522-R or Chick Ciccone, vice president of the league.

Applications Ready for Postmaster Examination

The first examination for Postmaster Springfield, N. J., \$3,370 a year, under new, more exacting eligibility requirements recently adopted upon by the U. S. Civil Service Commission and the Post Office Department will be open for receipt of applications until May 28. The Commission announced.

All previously existing postmaster examinations for first, second and third-class post offices and lists of eligibles were cancelled recently. Higher standards of eligibility were prescribed for the filling of the more than 1,700 vacant positions throughout the country.

The Commission is taking all possible steps through special publicity to elicit and other community organizations to encourage well qualified persons to apply for the examination.

Competitors for the Springfield postmaster vacancy must have at least two years experience showing that they have the ability to conduct and manage the community's postal business efficiently and to supervise employees so that customers are satisfied with the services.

**Extension Service
Offers New Class**

The Extension Service is now offering to the women of Springfield a course in "Furniture Reupholstering—Old Furniture Made New."

Mrs. John Pauline will be the instructor of the course which will run on the following dates: May 14, 21 and 28, from 9:30 a.m. to 12 noon.

**Baltusol Civic Assn.
Discuss School Set-up**

At the last regular meeting of the Baltusol Civic Association held at the home of Mr. Charles Klumpp of 85 Kipling avenue, many items of interest pertinent to the township at large were discussed in detail.

Foremost in the minds of all, is the present school shortage problem. Mr. Harrison and Mr. Sullth, Baltusol representatives at the School Board meetings, told the members of the association what progress is being made along those lines.

The question of sponsoring a team in the Senior Softball League was introduced by Mr. LaMotta and it was agreed upon by the members to provide funds to handle this.

A letter will be written to the Township Committee requesting a traffic light at the corner of South Springfield and Hillsdale avenues, also a "Children At Play" sign at the corner of Kipling and Mountain avenues.

To Dedicate New Lutheran Church, June 7

Complete information about the examination requirements and instructions for filing applications may be obtained at the Springfield post office for which this examination is being announced. Application forms must be received in the U. S. Civil Service Commission, Washington 25, D. C. not later than May 28.

Rev. Eric H. Richter

Mr. Pasch is extremely proud of the fact that a Regional student of this year as he has been one of the active workers in the organization's scholarship plan. Pasch is also treasurer of the Union County Suburban Tavern Association.

The awards were announced this week at a luncheon on the State University campus by representatives of the Beverage Association, the sponsoring organization, which originally intended to finance one full four-year scholarship. However, it was found that there were two outstanding students and the William G. Welfoer Memorial Scholarship Committee, established in 1941 in honor of the deceased president of the Association, decided to make the double award.

**Local Student
Wins Award**

Mr. Pasch, one of the proprietors of the Springfield Tavern, and a member of the Board of Governors of the United-Licensed Beverage Association of New Jersey, announced that a Regional High School graduate is one of the winners of a \$4,000.00 scholarship to be awarded to young men who will enter Rutgers University this fall, Eric William Richard, a senior in Regional and a resident of Clark Township, is one of the two winners announced for this year.

Present Spring Concert

Vocal and instrumental music groups at Regional High School will present their annual spring concert Friday at 8:15 p.m. in the school auditorium. Mrs. Leonard Kogan and David Russett of the music department are in charge of the program and Betty Haselman and Gloria Mosca are the student accompanists. Tickets, which are 75 cents, may be purchased at the school.

**Taylor Park
In Full Bloom**

A record turn-out of local residents and out-of-town visitors visited the annual cherry blossom bloom all last week and this week at Taylor Park. Many comments were that the blossoms were never lovelier. The blossoms are of the double Japanese variety and are located along Main street in Taylor Park.

July 4 Committee to Meet

The Springfield Fourth of July Committee, Inc., will meet at Chateau Baltusol on May 20 to discuss plans for the annual program. The house to house groups, the civic workers and the various service organization committees will be organized at this meeting.

Cancer Drive Is In Final Stage

Springfield's Cancer Drive is nearing its quota with all the workers exerting a special effort to solicit all their prospects before the end of the week.

Mrs. Lee L. Williams, who is in charge of the house to house groups, announces the full list of workers who will contact all prospects in their various districts so that a final report may be made next week.

Following are the various workers in each district:

District 1—Mrs. P. Pollack; District 2—Mrs. J. G. Grammer, Mrs. R. Bryson, Mrs. J. J. G. Grammer, Mrs. R. Marshall; District 3—Mrs. R. Schroeder, Mrs. J. W. Percival, Mrs. J. A. McMahon, Mrs. C. W. Wyckoff, Mrs. James Scherzinger, Mrs. Charles Burkhardt, Mrs. F. W. Heller, Mrs. G. Stroud; District 4—Mrs. Roy Osterstock, Mrs. H. P. Heerwagen, Mrs. M. H. Billings, Joseph Rile, E. Foley, Mrs. J. Carson, Mrs. W. Belliveau, Mrs. E. Arnold, Mrs. O. Palmer.

**Returned POW
Plans Visit
To Springfield**

PTC Joseph Picerno, of Queens, L. I., the recently released prisoner of war who has good news for the Latora family, will visit Springfield next week and spend the day to tell Mr. and Mrs. Nicholas Latora of 95 Mapes avenue all about their son, Phillip N. who was reported missing in action but is now safe but in a Communist prison camp.

Picerno, repatriated former prisoner, informed the Latoras' mother yesterday that he would visit Springfield and give them their first hand information about their boy. The local veteran was listed as missing in action and the word from Picerno was the most startling but welcome news. Picerno said in his telegram to the local Latoras that he had seen their son, that he was a Communist prisoner of war and was "all right." The Latora family had received the official telegram that Phillip was missing in action on October 21.

The Latora family has been living in Springfield since last September, coming from Newark where the Marine went to school. Phillip, the Marine, is 22 years old and he has a brother, Jack P., who is 18.

**Banquet Held by
Methodist Men**

The Methodist Men's Club held its final monthly meeting of the current season on Monday evening, May 4, at 8:30 p.m. in the Mundy Room of the Church.

It was Father and Son night and a delicious chicken pie supper was enjoyed by the members and their sons. Scouts and Committee members from Troop 66 were guests.

Present Spring Concert

Vocal and instrumental music groups at Regional High School will present their annual spring concert Friday at 8:15 p.m. in the school auditorium. Mrs. Leonard Kogan and David Russett of the music department are in charge of the program and Betty Haselman and Gloria Mosca are the student accompanists. Tickets, which are 75 cents, may be purchased at the school.

**Resident Here Since 1880;
Observes 95th Birthday**

95 years young today. If one were to visit Aaron Garner in his home at 99 Diven street and see him seated comfortably in front of his radio, listening to the exploits of Monty Irvin or Jackie Robinson, there would be nothing to indicate that this venerable Springfield resident is exactly 95 years old today.

Today is his birthday and he is celebrating the happy event very quietly with his immediate family and friends, although they all understand the party must not interfere with his radio.

**Taylor Park
In Full Bloom**

A record turn-out of local residents and out-of-town visitors visited the annual cherry blossom bloom all last week and this week at Taylor Park. Many comments were that the blossoms were never lovelier. The blossoms are of the double Japanese variety and are located along Main street in Taylor Park.

July 4 Committee to Meet

The Springfield Fourth of July Committee, Inc., will meet at Chateau Baltusol on May 20 to discuss plans for the annual program. The house to house groups, the civic workers and the various service organization committees will be organized at this meeting.

AARON GARNER

Rachel Watts, a union that has endured with happiness for 66 years. Those children were born to them, two of whom, William and George also reside in Springfield but a daughter died in infancy.

The happy couple has been blessed with three grandchildren and 13 great grandchildren. Mrs. Garner is 89 years of age and has withstood several of Aaron's favorite dishes for today's 95th birthday party.

ON THE SUNNY SIDE

This is not written in the nature of a complaint nor does it aim to be too facetious and light-hearted about it—but the little list of "alibis" re-printed below just about sums up what the advertising salesman hears on his selling rounds.

The question of advertising is a matter to be decided entirely by the merchant and it's up to the newspaper salesman to do a good selling job. However, it is difficult to measure results—especially with a small space and only after two or three insertions.

Here it is:

ALIBIS. Merchants who are reluctant to advertise may be persuaded by this "alibi chart" offered in the Iowa Press Association bulletin.

JANUARY—Customers all broke . . . spent it all for Christmas.

FEBRUARY—All our best customers have gone south for the winter.

MARCH—Everybody too worried about income tax to buy now.

APRIL—Customers all broke . . . spent too much for Easter clothes.

MAY—Too much rain—customers all downhearted and won't buy now.

JULY—Everybody away on vacation.

AUGUST—Everybody still away on vacation.

SEPTEMBER—Everybody back from vacation . . . but dead broke.

OCTOBER—Still waiting for all my fall merchandise to come in.

NOVEMBER—Everybody too upset now over elections.

DECEMBER—No use advertising now . . . I can't handle all the business I have now, anyway.

Charles Beardsley, Republican Committee Chairman of both Springfield and Union County, is also happy to learn what P. P. A. stands for and has a very interesting opinion concerning the movement here.

I have just read with much interest, the statement and advertisement setting forth the aims and objectives of the P. P. A., the newly formed non-partisan political movement.

It is heartening to read that the leaders of this group are advocating the very things that the Republican party has been practicing for years.

I must strongly differ with the Independent candidates for Township Committee however, on their premises that political parties are not necessary at the local government level. One of the factors that has made our nation strong today is our two party political system; and without the local grass-roots organizations this system would soon collapse. With this system a citizen votes "For" or "Against" but not "Down the middle"—this is the American way—positive, decisive, and effective. Political parties carry on from year to year and are composed of responsible citizen groups who at the local level, are your neighbors. By their very nature these groups must be and are, responsive to the wishes of our citizens because they are composed of your neighbors who are actively interested in the welfare of Springfield. One party is dictatorship, many parties is weakness and chaos—but the two party way is the American way.

Keeping the people of Springfield informed on township and civic affairs is a task for the able staff of The Springfield Sun who I am confident will continue to see that the job is well done.

Very truly yours,
CHARLES BEARDSLEY,
 Chairman Springfield Republican Committee.

RING THE BELL
 There's a new sound ringing out across the country this Spring—the sound of the Mental Health Bell. In several thousand communities from coast to coast, this bell is calling the people to the crusade against mental illness, a crusade being waged by mental health associations united through the National Association for Mental Health.

In Springfield Mental Health Ass'n is urging the citizens to take part in the fight against mental illness—to help prevent mental and emotional illness, to help provide better care and treatment for those who have been stricken, and to support research so that new ways can be found to prevent and treat these illnesses.

The association has been carrying on the fight for years, aided by its allies in the government agencies, the medical and social work professions, and other voluntary organizations. Now it's time for all the people to join the fight so that the nation's "forgotten nine million"—the mentally and emotionally ill, will get a decent chance to get better and those who are threatened with mental and emotional illness will have a better chance to avoid being stricken.

This week—Mental Health Week, the Mental Health Bell is ringing in this community, as in others throughout the country—urging everyone to take an active part in the mental health movement. The people in this community can do their part by joining in the Mental Health Week observances, by joining in the year-round work of the association and by carrying on mental health work in other organizations to which they belong.

to like it but preliminary returns in a study to learn if there is a connection between smoking and lung cancer show that only about 15 per cent of the men questioned in this county have never smoked.

This and other facts about smoking habits of men between the ages of 20 and 69 in this state are part of a project sponsored by the American Cancer Society being conducted in nine states. The study, which may take up to four years, was started in the fall of 1949 and includes about 200,000 men.

In Union County 4,643 men were questioned and are being followed during the course of the project. This represents 141 per cent of the male population in the 50-64 year age bracket in this area.

The study so far has shown the ratio of smokers to non-smokers and the types and amount of smoking but it is too early yet to determine whether or not any significant relationship exists between smoking and lung cancer.

The data for Union County show that 70 per cent of the men smoke and another 25 per cent formerly smoked. The remaining 15 per cent are listed as never having smoked.

Cigarette smokers are in the majority compared with pipe and cigar smokers. In Union County, 52 per cent of the men now smoke cigarettes, 36 per cent smoke cigars and 25 per cent are pipe smokers. The total exceeds 70 per cent because some men smoke more than one form of tobacco.

The study also classifies smokers by the amount they smoke and by age brackets. It was found that among Union County smokers, older men showed an inclination to be lighter smokers than the younger ones.

About 23 per cent of the men in the 50 to 54 year-old bracket were moderate cigarette smokers—one-half to one pack a day. This percentage dropped to 16 for the 65 to 69 year-olds.

For heavy cigarette smokers (more than one pack a day) the percentages were nearly 21 per cent for the younger group and about 10 per cent for the older ones.

The study is being conducted by 27,000 volunteer researchers in nine states of New York, Illinois, Minnesota, Michigan, New Jersey, Pennsylvania, Wisconsin, Iowa and California.

At the start of the study, each volunteer collected data from five to ten relatives or close friends with whom he could remain in close contact for the duration of the project. Last fall the first annual follow-up was made.

A record of those who had died was sent to the National ACS headquarters and the cause of death was determined from death certificates gathered from state health departments.

Colonial House
 (Continued from page 1)
 ing to those who know their Springfield history was one of the three not burned down by the British during the famous battle here, Joseph Silke, the present owner, believes the house was built in 1735 but he wasn't quite certain of that date.

"Springfield should do something to preserve this historic spot," said Mrs. Donnelly, "and a meeting of all organizations should be held very soon—such a meeting to include not only our Daughters of the American Revolution but the American Legion, its Ladies' Auxiliary, the Woman's Club, the Chamber of Commerce, and all other service, civic, church, school

and industrial groups.

"At the moment it seems hopeless to think that enough money could be raised to purchase the building; restore it and maintain it as one of Springfield's historic sites but such things have been

done in other parts of our nation and, perhaps, some one may have an idea on how this historic building can be saved from the clutches of business and progress."

"If Captain Joseph Horton, or William Stiles, one of Springfield's first inhabitants, continued Mrs. Donnelly, "could see that 'For Sale' sign today it would probably add to their comfort."

Donnelly concluded, "of spending a few days in Williamsburg, Va. and what has been done at that place in the way of restoration should be an inspiration to all of us. Of course, Williamsburg has the almost bottomless financial well of the Rockefeller Foundation to feed into their program—the Springfield must have some type of money, some way of raising whatever money is necessary—and we shall find it."

FOR YOUR PATIENCE DURING THE TELEPHONE STRIKE...

Our Sincere Thanks!

Thanks for your patience and friendly understanding during the telephone strike. Service was as near normal as we could make it.

Our "thank you" comes with special meaning from the telephone men and women who worked long hours, at unfamiliar tasks, to keep your service going. Your patience made a tough job easier to carry on.

Now that the strike is settled, it's back to the work of providing more and better service for New Jersey.

We're just as pleased as you are that this is so.

Only Electricity

brings you Automatic Cooking!

ELECTRIC COOKING

- fully automatic
- flamelessly clean
- flamelessly cool
- more economical
- perfect results every time

Modern automatic cooking is only possible through the use of electric controls. With electric controls you can put a complete meal in the oven... set the timer and go. Dinner will cook automatically and stay at serving temperature till you're ready. Add this convenience to other exclusive electric features—greater coolness, cleanliness and economy—and you can see why the modern housewife cooks electrically. For a free, interesting, informative cooking booklet, write your nearest JCP&L office.

To a statistic named Johnnie

Who's Johnnie? Just one of the 175,000 children under 18 in the United States who have lost a mother to cancer.

Statistics are a little too big for a boy this small to understand. Even the hopeful statistics about cancer—and there are more of them every year.

More and more cancer can be cured

Patients are being cured who could not have been saved—even five years ago.

In 1952, some 70,000 with cancer were saved.

*This number could have been doubled, if treatment in all the cases had been begun in time.**

You have helped

Your contributions to the American Cancer Society helped make such hopeful statistics possible. And they can make the story even brighter tomorrow.

Not for Johnnie, to be sure.

But for all the other children—they might be yours—who still have their mothers and fathers. If only one tenth of the millions of

thoughtful people like you who have such good intentions would actually take the time to send us their contributions! *And would do it now—instead of turning the page...*

CANCER STRIKES ONE IN FIVE!

Strike back—give to the American Cancer Society

This message is made possible through the generosity of
