New School Site Is Recommended

At a meeting of the Citizens Advisory Committee for Schools a definite recommendation was made for the site of a new kindergarten through fifth grade school by the site sub-committee with in the group.

The proposed site is already owned by the Board of Education and fronts on the East side of Mountain Avenue. It is the site of the present veterans housing development located approximately one mile southwest of the new Florence M. Gaudinier school. This location would round out the previously determined plan for three neighborhood schools strategically located to take care of the future residential growth as well as the present developed areas of the town.

The site committee considered the possibilities of a number of other locations, but concluded that the fact the recommended site was already owned by the Board of Education and was in a good location would make it economically unfeasible to buy additional land elsewhere.

A new public relations committee was also appointed. Newell L. Clark, of the present plan named chairman, and the other members of the committee consist of the chairman of the various subcommittees. Mr. Clark is a public relations consultant in New York as well as being a resident of the town.

The United Needs committee reported the conclusion of a survey of the number of children that

Deadline Set on Postmaster's Job

Tuesday, May 26 is the last day applications will be accepted by the U. S. Civil Service Commission for the postmaster position in Springfield. Mr. Ralph Swanson, the Commission's local representative, emphasized today.

The number of applications received so far has not been sufficient for adequate competition, Mr. Swanson said. The current examination was announced under new qualifications standards recently agreed upon by the Post Office Department and the Civil Service Commission. Officials of both of these agencies hope that the new examinations will attract a larger number of well-qualified applicants than has been obtained in the past.

Mr. Swanson stated that he has supplies of application forms available in the post office and that they must be filed by the deadline with the Civil Service Commission in Washington, D. C.

Chisholm School Principal Named

Donald R. Murray, who has been a grade teacher in the Springfield School system, was appointed teaching principal of the Raymond Chisholm School in September. The Board of Education named the new principal at a regular meeting held Tuesday night.

He is a 1935 graduate of Montclair College and received his master's degree from Seton Hall where he is an instructor in education.

PTA Instruction School

The Union County Parent-Teacher Association School of Instruction will be held in the Florence M. Gaudinier School from 10 a. m. to 3 p. m. on Tuesday, May 26.

Cancer Drive Exceeds Goal In Springfield

John J. Martin, Township Chairman of the 1953 American Cancer Society drive for funds, announced that their goal had been exceeded, the present tabulation showing a total of house to house and business contributions to be approximately \$2,600. The quota for the Township had been established at \$2,000.

At this time Mr. Martin extended his sincere appreciation and gratitude to his committee and their workers upon the successful completion of the drive. He felt that their enthusiasm together with their many days of time spent justified the end results.

One of the features of this campaign was the obtaining of many workers through their own volunteering of their time to devote to

Presbyterian Church to Have Guest Speaker

Rev. J. L. Dodds, D.D., Guest speaker at the Presbyterian Church at both the 9:30 and 11 a. m. services this Sunday will be the Rev. J. L. Dodds, D.D., Secretary of the Board of Foreign Missions of the Presbyterian Church, in charge of work in India and Pakistan. Dr. Dodds was for many years a missionary under the supervision of our church to India, and is now residing in this country.

He went out in 1917, and was assigned to the Punjab Mission. Most of his nineteen years of service, however, were spent as a member of the North India Mission in Saharanpur, first as a member of the faculty and later as Principal of the North India United Theological College. From this work he was summoned in 1933 to become Secretary of the India Council of the three Presbyterian Missions in India. His experiences as a member of the North India Mission and as a member for some years of the Board of Foreign Missions of the Presbyterian Church in America.

Bill Jensen Talks On Salesmanship

"BILL JENSEN" represented the Sales Executive Club of North Jersey at the Korea Day conference at the South Side High School in Newark and spoke on the importance of salesmanship as a career.

There were representatives from all professions, including doctors, dentists, men, teachers, nurses, all branches of service, men and women, newspaper men, commercial artists, dress-designers and architects.

Industry Resident Hurt

Friends of Frank Leonard, who lived at 800 Morris Avenue, for about seven years and went to Texas last year with the Pennsylvania Life Insurance Company, will be glad to learn that he escaped serious injury a few days ago when a truck was struck by a car.

Springfield Anglers Club

The Springfield Anglers Club spent Sunday off Ambrose Island and came back with 53 fish "that big" and many a tale about "the five-pounder that got away." The members went out to try for bluefish but they weren't biting today and the officials felt they brought back including yellow perch and bluegill.

AMERICAN LEGION AUXILIARY

Springfield Will Start Honoring War Dead May 23

Poppy Day will be observed in Springfield and throughout most of the nation starting May 23, the Saturday before Memorial Day until May 30. It has been announced by Mrs. Wm. J. Doyle, Poppy Chairman of Continental Unit of the American Legion Auxiliary.

On that day everyone in town will be asked to wear a memorial poppy in honor of the dead of the two World Wars and the Korean conflict.

Crepe paper poppies, made by disabled veterans of the three wars, will be distributed on the streets throughout the days by volunteer workers from the Auxiliary and cooperating groups.

The poppies will be replicas of the wild poppies which grew "between the crosses, row on row" in the World War I battle cemeteries in France and Flanders, thus becoming the memorial flower for America's war dead.

In exchange for the poppies, the Auxiliary will accept contributions for its work for disabled veterans and for needy children of veterans which is largely supported by these contributions.

Bill Jensen Talks On Salesmanship

There's a time and place for everything and trying to sleep in your car while driving is neither the time nor the place. John H. Podolski, 42, of 212 Short Hills Avenue, made that startling discovery yesterday, according to the police, when his car crashed into a utility pole in South Springfield Avenue, near Mountain Avenue.

The police say he told them he had fallen asleep while driving north on South Springfield Avenue and the impact sheared off a utility pole. He was taken to Overlook Hospital, Summit, where his condition was reported as excellent despite the fact that the pole was snapped at the base and his auto was badly damaged.

Rotary Hobby Contests to Include All School Kids

The athletic field on Miesel Avenue has been designated as the location for flying model airplane entries in the hobby contest sponsored by the Rotary Club. The first event on the program June 27 will start at 10 a. m. and the last will terminate at 4:30 p. m. Entries other than model airplanes built for flying will be judged at 1:00 p. m. at a location to be announced later.

Entry blanks must be mailed to contest headquarters, c/o Felix G. Fazio, 268 Morris Avenue, no later than midnight, June 15. Entries are to be delivered to the contest headquarters, in order to be distributed to stores for window display, on June 19.

For official entry blanks, see page 8 of this paper. Clip it, fill it out and send in your entry today.

Packages Without Labels, Says P.O.

Housewives will be delighted with a new regulation of the Post Office Department now in effect permitting them to seal all their packages without using a printed label.

Seal them hereafter, and seal them as tightly as you wish, Postmaster George M. Turk advises his patrons. All that is now necessary is to write "May be opened for postal inspection" above or below the sender's return address, he said.

The old requirement was seldom understood by Post Office patrons and it was the cause of much lost time at parcel post windows, particularly during the holiday rush. Mailers would seal their packages with scotch tape or seals, only to discover with dismay that it was not permitted.

Of course, cautioned Postmaster George M. Turk, the inscription should be legible if it is handwritten. The Post Office still prefers the printed or typed form, but is accepting the point as a convenience to its patrons.

The Springfield Sun printed an article in its last issue that Dr. Robert M. Donauer, well known practicing physician with offices at 332 Morris Avenue, is now serving his country in Korea. The story had Dr. Donauer's name spelled incorrectly and the Sun regrets this typographical error. Dr. Donauer has a host of friends in Springfield and the number of calls received by the Sun, pointing out the mistake in spelling, is only one indication of the esteem in which he is held.

Board of Missions Member Speaks at Methodist Church

The Rev. Roy S. Smyres, a member of the staff of the Board of Missions and Church Extension of the Methodist Church in New York City, will be the guest speaker at the local Methodist Church on Sunday, May 24, at the morning service.

Rev. Smyres, a native of Mount Vernon, Indiana, was a student in Northwestern University in 1916 when he was appointed secretary to Dr. (later Bishop) John M. Springer, then superintendent of the Methodist Mission in the Belgian Congo. He was received into the Congo Mission on trial in 1917, and in addition to his secretarial work assisted in the evangelistic and educational program. In 1919 he became secretary to Bishop Eben S. Johnson, and accompanied him on a journey from Louisa (Angola) to the headquarters of the Congo, a trip of some 1,300 miles of which 800 were done on foot.

Late in 1919 he returned to the United States, completed his undergraduate work at Northwestern, and received a Master's degree from that institution; he also took theological studies at Garrett Biblical Institute. This was followed by post-graduate studies in Philosophy at Cornell University.

In 1924 he returned to Africa, and was appointed principal of the Congo Institute—now Springer Institute. (Continued on page 7)

Mrs. Patterson Hurt in Crash

A collision between a car driven by Mrs. Kathryn Patterson of 4 Sherwood Dr. and a taxi operated by M. J. Chairbone of Bluffboro, N. J., resulted in the Springfield woman to the hospital at General Hospital. Four other persons were slightly injured in the same crash but all were reported in satisfactory condition.

8 Teams Ready for Action In "Small Fry" Ball League

Director of Leagues, Ed Ruby of the Springfield Recreation Commission, reports eight teams are now ready for action in the newly organized Township Youth Baseball League, comprising boys 9-10 and 11, with boys 12, 13 and 14, in all probability, involved in League play with boys of neighboring towns.

The big need at present is more adult supervision at the workouts that have been held to date. With almost 110 boys in the eight clubs organized, only three or four adults have supervised these boys in the informal games played to date.

Any township resident, a father or brother of one of the boys now playing on one of the teams, is requested to appear at the High School athletic field for a coach's job or a manager's job. The league will operate four nights a week, with each team playing two nights each week.

The bats, balls, catchers equipment and the bases will be supplied by the Recreation Commission. The only need will be for supervision of these boys, plus others who might be interested in handling a game or two.

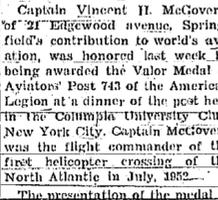

Games will be played at the (Continued on page 7)

HOW TO KEEP SHOPPERS' DOLLARS IN SPRINGFIELD - Felix G. Florenza, who is giving almost as much time to his duties as head of the local Chamber of Commerce as he does to his own legal activities, hopes to use tonight's annual banquet of the Chamber as the springboard for a very aggressive civic program.

In order to keep step with Springfield's rapid growth, an organization such as the Chamber of Commerce is needed to coordinate the many municipal activities that will eventually bring more shopping to the merchants. Many plans for improving business have been discussed by the merchant members of the Chamber and one of the leading objectives of the program will be to induce residents to shop in Springfield.

This, Florenza and his steering committee hope to do, by planning a series of sales in the Fall with all the fanfare and showmanship needed to attract not only the local dollars but some from the other nearby communities. Right now too many Springfield shoppers are carrying their bundles from other nearby towns - most of which could be purchased right here in Springfield if the local merchants would only tell their story to inform the housewives that the same products are available here at the same prices and, very often, at less.

We are taking the liberty of printing below a very well written letter, addressed to the Sun, inspired by a comment in the last issue concerning the playground at Henshaw and Hawthorn avenues. We want the letter read first and then we have some things we'd like to make clear. Here is the letter:

Editor, Sun: Like many others, I was very disturbed upon reading your recent editorial comment regarding the playground at Henshaw and Hawthorn avenues. To me, your remarks concerning the playground created the impression that you had adopted a personal and biased viewpoint on this matter, and that you had departed from the fair objective approach which has characterized your editorials in the past.

First, it is perhaps unfortunate that your home adjoins and faces the playground area, particularly the asphalt playing strip. However, in the builder's drawings of the area the proposed playground was clearly shown and, as a matter of fact, was one of the major inducements which prompted many of us to purchase our homes. The fact that your home adjoins this designated play area certainly should have been known to you at the time of purchase.

Second, you have been known to us as the "parent" for a remark that the individual backyard areas be used by the children instead of a playground indicates a lack of comprehension and expresses sentiments that are generally ascribed to childless persons. Yes, we have provided swings and sandboxes in our yards, but we hope you will understand that children will not forever remain in their backyards. They instinctively gravitate toward central groups and, if responsible people have not provided these group play areas, the children will use the streets. Again, you must be a parent to really appreciate the danger of this alternative.

Your remarks were also interpreted to mean that you were proposing that the meagre facilities now provided at Henshaw avenue should be transferred to the General Greene Village apartment area. If true, what a selfish sentiment!

We believe that, if additional facilities are needed for the children of the General Greene Village area, they should be all means be provided by the township. However, the individual home-owners - the direct taxpayers - also have the right to supervised recreational facilities for their children. By your editorial remarks, you apparently seek to deny us this right.

of those homes glibly informed us that "this spot right here, Mr. Schwartz was dealing over to the Township of Springfield for a park - a beautiful park with flowers, shrubbery, etc. etc." Evidently, to those with children, the selling talk was "playground."

We are not against playgrounds and there is nothing personal which prompted the comment in the last issue. However, we can't see any long range plan in laying out of this area. We can't figure out what the hard surface section can be used for since it is too close to the apartment houses for much forms of recreation, and we wonder why all these trees in that playground section were bulldozed away.

The New York Times Clark's story, with a Springfield dateline, which told of a James E. Clark of Atlanta, Ga., who was fined \$13.00 by Magistrate Henry C. McMullen on Inspector James Vavenda's written complaint that he (Clark) was "kissing, no hands on steering wheel, Route 22."

This prompted the following little poem, submitted by E. M. K., P. O. Box 996, Lancaster, Pa.

"There he lies, Beneath the fern; He kissed the miss, And missed the turn."

A photograph was taken last Tuesday morning (May 12) of the First National Bank Building, draped with black and purple out of respect to one of Springfield's leading citizens, Nicholas Carroll Schmidt, who had died during the week. In reproducing the photograph for use as a cut in the Sun, it looked like frivolous punting instead of mourning drapes. We mention this because several persons telephoned the Sun office regarding the cut and we want them to know that the photograph was taken only a day before press time.

ABOUT SPRINGFIELD. The American Legion boys are looking for a white horse, capable of carrying Herbert Quinton, Sr. through the Memorial Day parade. And Legionnaire Ray Schramm has sent out a call for additional members for the firing squad. If you can still get in your uniform and can lift a rifle, they would like to have you get in touch with him - Millburn 6-5074-R.

The United States was not founded as a democracy. The founding father knew all "about" old world democracy and distrust of it. A suggestion that all men should be enfranchised on coming of age would have been laughed to scorn; the revolting idea that women could vote never entered their minds. Susan B. Anthony was not yet born.

George Washington, whose memory we all revere, naturally had limitations; he and fellow Federalists were so afraid of opposition that they suppressed the so-called "Whisky Rebellion" (a fracas conducted by a handful of men) they ousted over fifteen thousand troops. Reacting to other developments, Washington is quoted as declaring, "These democratic (small d) societies must be exterminated."

Historically speaking, time and change are practically synonymous. The Constitution itself, bulwark of our liberties and basis for all Federal and State laws, has been amended twenty-two times.

How, then, in the light of history can any man say that the two-party system (implicit is the suggestion that this system must consist of the Republican party and the Democratic party) is here to stay? How can any man imply that all activity outside the two-party system is political

THE PANORAMA OF THE MONTH THE FIRST NATIONAL BANK OF SPRINGFIELD

hereby? This is a scandalous reflection on the quality of citizenship and mental capacity of the hundreds of Springfield voters who supported an independent candidate in the last general election. Insistence of the infallibility and immortality of the two-party system is a reflection on the quality of the people in evidence a century and a half ago. The people have developed voting techniques to battle the professional politicians; they no longer know what the people are going to do and they are afraid. The voters elect a president while spurning many on his ticket; the voters ignore party labels and take to selective balloting with a vengeance. Where will this kind of independence end? This is the question party leaders want answered.

Be assured that we shall not have a Constitutional amendment making the Democratic party and the Republican party the official parties of this nation; that is the road to dictatorship. Further, the secret ballot is inviolate - every election board in the country is compelled to make provision for the citizen to cast his ballot for any person eligible to hold office whether or not that person belongs to a party, whether or not that person is a candidate. This is the essence of a free election; we have undying faith in the people's ability to use it wisely.

What then is left to our nation's partisans except to employ propaganda meant to confuse rather than enlighten? Finally - shall man hold up an arresting hand and cry "Stop" to the solar system? The planets will sweep on without a backward glance. Likewise the attempt to halt change is futile itself. As adults we can and should cultivate an outlook worthy of our heritage, translating into real community service the wisdom that should come with the years.

Woman's Club News

The International Relations Department is planning a visit to the United Nations Headquarters in New York City on June 12. They will attend the afternoon session of the General Assembly which convenes from 2:30 to 4:30 p.m. Reservations for luncheon must be made in advance. Anyone interested in attending should contact Mrs. Gilbert Mann, 11 Alvin terrace, or call Millburn 6-0023-J. All club members are cordially invited to attend this worthwhile meeting and are urged to make their reservations as soon as possible.

On May 7, Mrs. Kenneth Bandomer was hostess to members of the International Relations Department at her home on Eversgreen avenue. Mrs. Wechsler of Maplewood presented a most interesting talk on the new State of Israel which was accompanied by colored slides. A highlight of the evening was the serving of native dishes.

On May 8, Mrs. Paul C. Wels, Mrs. Melvin E. Gillette, Mrs. George Rau and Mrs. Christian Anderson, all members of the Garden Department, attended an open house and garden sale in Summit given by the Summit Garden Club for the benefit of their Civic and Education program. The highlights of the five homes visited were:

A woodland path and outstanding hybrid azaleas—home of Mrs. Maynard G. Bensley, 11 Essex road; display of a collection of old fans—"The Moorings" home of Mrs. W. C. L. Siles, 9 Rowan road; replica of Pennsylvania Dutch farmhouse adapted to modern suburban living—home of Mrs. Robert Volkening, 252 Oak Ridge avenue; well planned roses for summer bloom—home of Mrs. T. Willard Towler, 95 Hillcrest ave-

nu; unusual display of native azaleas, wild flowers, and formal spring garden—home of Mrs. Edwin C. Treat, 36 Wildwood lane. Here, too, was held the sale of plants and garden equipment.

A meeting of the Music Department was held on Thursday, May 14, at the home of Mrs. Vincent J. Bonadies, 12 Sherwood road. New officers of the department who were elected for the coming year are:

Mrs. George Lancaster, Chairman; Mrs. Herbert Kern, Co-chairman; Mrs. Lisle Reator, Secretary; Mrs. Vincent J. Cingulino, Treasurer; Mrs. Vincent J. Bonadies, Publicity.

On May 18, the Garden Department met at the home of Mrs. Harry C. Kates, 177 Colonial road, to make plans for the coming year. Those members present were: Mrs. Kates' Mrs. Melvin Gillette, Mrs. Louis James, Mrs. Paul Wels, Mrs. George Rau, Mrs. Eric Pedersen, Mrs. Merton D. Williams, Mrs. Harold Edlund, and Mrs. Christian Anderson.

The Civic Department met on May 19 at the home of Mrs. John C. Pitney of 52 Woodcrest Circle. An interview with Mayor Marshall was the main event of the evening.

The American Home Department will meet on May 26 at the home of Mrs. Vincent Bonadies, 12 Sherwood road. Plans will be formulated for next year's program. The annual department party will climax the meeting.

Mrs. and Mrs. Charles Phillips, Jr., of 13 Alvin terrace, are receiving congratulations upon the arrival of their grandson, Mark Edward Phillips, on May 16. The baby, weighing 8 lbs. 7 oz. at birth, is their first grandchild and according to first-hand reports, Mrs. Phillips is "simply glowing".

Mrs. Thomas Geddes, 111 Hawthorn avenue, is entertaining tonight, Mrs. Robert Stevenson of Paisley, Scotland, for a week.

Little Kenny Bandomer, six-year-old son of Mr. and Mrs. Kenneth Bandomer, Evergreen avenue, is recovering from a severe dog bite incurred last Tuesday.

Problems of Teen-agers and Parents Will Be Discussed

The Executive Board of the Jonathan Dayton Regional High School completed plans for a panel discussion on problems of teenagers and their parents, the feature of the meeting on Thursday, May 28, in the school auditorium.

Mrs. William Kohrad announced that Dr. Ruth C. Boyle, Summit Psychologist, will again act as moderator. The parents include Mrs. Dorothy Libby, Springfield; Ralph Ulrich, Berkeley Heights; Mrs. Wilford Twyman, Mountain Side; Eugene Hart, Garwood; Mrs. George Pappas, Kenilworth; Mrs. William Tomko, Clark Township; Dr. Norman J. Murray, vice-principal of the High School; Miss Carol Kraft, School Guidance Director; and serving as alternate: Jack Keith, Springfield; Mrs. Theodora Kiltgren, Berkeley Heights; Mrs. Harold Danielson, Kenilworth; and George Vandermark, Garwood.

New School Site

(Continued from page 1.) would be expected in the Raymond Chisholm school area, and from the figures collected will prepare a chart for the next meeting to show the distribution of the children and the grades which must accommodate them. This will serve as a guide for dividing the rooms in the new school when constructed.

A group of residents voiced their objections to the plan of the Board of Education to shift pupils in a proposed double session program for next fall. The Board members, at the regular meeting Tuesday night, referred the matter to School Superintendent Benjamin Newsanger and the governing committee of the school for a possible alternative and further study.

Cancer Drive

(Continued from page 1.) This worthy cause, rather than by solicitation of their services.

The Cancer Crusade in Union County has to date met 60 per cent of its \$70,000 goal, Ralph V. Mancini, County Chairman for the American Cancer Society's annual fund-raising campaign, announced today.

Mr. Mancini congratulated all the community chairmen for their success in raising more than half the county goal so far, and urged them to push their efforts to bring the drive to a successful conclusion.

He stressed the outstanding work done by the Union County Chapter in the past year, and the importance of raising this year's \$70,000 goal to continue the Chapter's expanding program of research, education and service to Union County residents.

As a part of this important work carried on in Union County, he cited the cancer program with films and lectures attended by over 3,000 county residents last year, the complete and part-time care given to well over 200 county cancer patients, and over \$10,000 in aid given to the county's three cancer clinics at Elizabeth General, Overlook, and Mulhensberg Hospitals.

New Post Office

(Continued from page 1.) About 1947 there was some talk of a Federal building on part of the Township green and a referendum brought a vote of approval from the electorate to donate the property for such a project, but nothing was ever done further on the matter. Former Postmaster Otto Helms was behind the movement to have the municipality turn over property for the construction of a post office building but, when there was no action, the building now occupied by Marcel's, is its present location.

Those who have investigated the matter of a new post office building for Springfield know that Washington has a very comprehensive program for such construction and if the proper location can be had, something definite may soon be announced.

Presbyterian

(Continued from page 1.) had him directly for this responsibility.

In 1939 Dr. Dodds was invited by the Board of Foreign Missions to assume the duties of secretary in the New York office. Inasmuch as Dr. Dodds was to have a special relation as foreign corresponding secretary with the missions in Syria, Iran (Persia) and India, he made a special trip from India to Iran and Syria in order to become familiar with the work in those countries. He then returned to America via the Far East in the spring of 1937, at which time he visited China, Chosen (Korea) and Japan in company with Dr. Charles T. Leber.

Since 1937 Dr. Dodds has made six additional visits to the missions in India and the Near East, the first in connection with the Second Century Deputation of the Board to study the programs and methods of the missions and adapt them to changing conditions; the second in 1939 and 1940 to negotiate with the Iranian Government regarding the transfer of the mission schools. The other visits have been made in connection with his duties as Executive Secretary for India and the Near East.

Now that the baseball season is in full swing, the game and its players are the main topic of conversation for about three-fourths of the reading public and the voice of the broadcaster is heard in the land. More newspaper space is given to baseball than any other sport and each year more books are written about the game and every personage connected with it. The biographies of the famous managers and players are the most popular but any book on the subject of baseball is assured of constant usage.

Each year there is an increasing number of books on other sports

Presbyterian Spring Concert

The Annual Spring Concert given by the choir of the Presbyterian Church will be held on June 3 and 4 at 8:15 p.m. in the Parish House. The choir will be under the direction of Mr. Charles M. Sills, Church Choir Director, while the accompanist will be Miss Margaret Sippel.

The choral selections will consist of secular and humorous songs as well as classical numbers and will feature both the senior and junior choirs. Tickets are available through members of the choir.

About 1947 there was some talk of a Federal building on part of the Township green and a referendum brought a vote of approval from the electorate to donate the property for such a project, but nothing was ever done further on the matter. Former Postmaster Otto Helms was behind the movement to have the municipality turn over property for the construction of a post office building but, when there was no action, the building now occupied by Marcel's, is its present location.

Those who have investigated the matter of a new post office building for Springfield know that Washington has a very comprehensive program for such construction and if the proper location can be had, something definite may soon be announced.

In 1939 Dr. Dodds was invited by the Board of Foreign Missions to assume the duties of secretary in the New York office. Inasmuch as Dr. Dodds was to have a special relation as foreign corresponding secretary with the missions in Syria, Iran (Persia) and India, he made a special trip from India to Iran and Syria in order to become familiar with the work in those countries. He then returned to America via the Far East in the spring of 1937, at which time he visited China, Chosen (Korea) and Japan in company with Dr. Charles T. Leber.

Since 1937 Dr. Dodds has made six additional visits to the missions in India and the Near East, the first in connection with the Second Century Deputation of the Board to study the programs and methods of the missions and adapt them to changing conditions; the second in 1939 and 1940 to negotiate with the Iranian Government regarding the transfer of the mission schools. The other visits have been made in connection with his duties as Executive Secretary for India and the Near East.

Now that the baseball season is in full swing, the game and its players are the main topic of conversation for about three-fourths of the reading public and the voice of the broadcaster is heard in the land. More newspaper space is given to baseball than any other sport and each year more books are written about the game and every personage connected with it. The biographies of the famous managers and players are the most popular but any book on the subject of baseball is assured of constant usage.

Each year there is an increasing number of books on other sports

Presbyterian Spring Concert

The Annual Spring Concert given by the choir of the Presbyterian Church will be held on June 3 and 4 at 8:15 p.m. in the Parish House. The choir will be under the direction of Mr. Charles M. Sills, Church Choir Director, while the accompanist will be Miss Margaret Sippel.

The choral selections will consist of secular and humorous songs as well as classical numbers and will feature both the senior and junior choirs. Tickets are available through members of the choir.

Problems of Teen-agers and Parents Will Be Discussed

The Executive Board of the Jonathan Dayton Regional High School completed plans for a panel discussion on problems of teenagers and their parents, the feature of the meeting on Thursday, May 28, in the school auditorium.

Mrs. William Kohrad announced that Dr. Ruth C. Boyle, Summit Psychologist, will again act as moderator. The parents include Mrs. Dorothy Libby, Springfield; Ralph Ulrich, Berkeley Heights; Mrs. Wilford Twyman, Mountain Side; Eugene Hart, Garwood; Mrs. George Pappas, Kenilworth; Mrs. William Tomko, Clark Township; Dr. Norman J. Murray, vice-principal of the High School; Miss Carol Kraft, School Guidance Director; and serving as alternate: Jack Keith, Springfield; Mrs. Theodora Kiltgren, Berkeley Heights; Mrs. Harold Danielson, Kenilworth; and George Vandermark, Garwood.

New School Site

(Continued from page 1.) would be expected in the Raymond Chisholm school area, and from the figures collected will prepare a chart for the next meeting to show the distribution of the children and the grades which must accommodate them. This will serve as a guide for dividing the rooms in the new school when constructed.

A group of residents voiced their objections to the plan of the Board of Education to shift pupils in a proposed double session program for next fall. The Board members, at the regular meeting Tuesday night, referred the matter to School Superintendent Benjamin Newsanger and the governing committee of the school for a possible alternative and further study.

Cancer Drive

(Continued from page 1.) This worthy cause, rather than by solicitation of their services.

The Cancer Crusade in Union County has to date met 60 per cent of its \$70,000 goal, Ralph V. Mancini, County Chairman for the American Cancer Society's annual fund-raising campaign, announced today.

Mr. Mancini congratulated all the community chairmen for their success in raising more than half the county goal so far, and urged them to push their efforts to bring the drive to a successful conclusion.

He stressed the outstanding work done by the Union County Chapter in the past year, and the importance of raising this year's \$70,000 goal to continue the Chapter's expanding program of research, education and service to Union County residents.

As a part of this important work carried on in Union County, he cited the cancer program with films and lectures attended by over 3,000 county residents last year, the complete and part-time care given to well over 200 county cancer patients, and over \$10,000 in aid given to the county's three cancer clinics at Elizabeth General, Overlook, and Mulhensberg Hospitals.
