Springfield has squared off with to all municipalities through the State Highway Department which such a highway passes. It before but this time, the govern- does seem a waste of time. ing body and all the Morris ave hardship on only one community. nue merchants are on the same to have restrictions in Springfield, team. Last time the Township in order to accelerate traffic only apparently saw an advantage in having traffic lights constructed Chatham, Madison and other by the Highway Department and points toward Morristown. agreed to invoke the traffic regulation which prohibited parking on-Morris avenue during certain rush hours. There was quite a hassel and the Morris avenue merchants howled but the new parking rules prevailed.

Now, still smarting from the last chukker with the Highway Department, Mr. Palmer's let ter comes right to the point by stating that the "job could be completed by September but we would be unwilling to undertake it unless your (Springfield's) parking regulations are materially changed: in other words NO PARKING ON MOR-RIS AVENUE."

This had the same effect as waving the proverbial red at Ferdinand, the Bull. The Morris avenue merchants howled and the Township officials joined with Mayor Binder in letting Trenton know-just how Springfield felt about such a "deal."

Off street parking is the natural solution to Springfield's problem. It would be the cure for an easier flow of traffic in any community However, the State Highway Department planners certainly must nave something on their drawing boards that would solve the problem other than prohibiting local housewives to drive to Morris avenue and park long enough to make some purchases. For years there has been talk of highway engineers considering the construction of another highway that would parallel Route 24 and thus relieve the congestion through Springfield and other intersecting

municipalities... The planners have given New Jersey the Turnpike, the Gar-den State Parkway and other improved and widened highways. This was intended to relieve traffic north and southbut little, in fact, nothing has been done for the clogged traffic of people, traveling east and west—from Morristown, Madison, Chatham, Summit en route to Newark and New York City. connecting with already clogged Route 22.

These autoists, hurrying to get in that extra cocktail before dinner, have been using Morris avenue in Springfield as a speedway One can imagine how many speed records will be broken if there is NO PARKING at all.

By the way, what will Mr. Palmer do with the parking meters? The reprint of an article in the Newark Sunday News of August 14, 1949, quoted Mayor F. Edward Biertuemptel of Union as saying that "there will be no rush hour parking bans on state highways in Union's business district," and that "Springfield's Rush Hour Restrictions are Asinine," failed to state that our neighbors in Union DO HAVE parking restrictions

As Mayor Binder has repeatedly pointed out, the State Highway Commission has the right and authority to order any regulation that will relieve congestion of highways - but the restrictions. whatever they are, should apply

Record-Breaking Thousands Name Pontiac"America's Greatest Buy"!

It takes only one word to explain why today's Pontiac is the most popular Pontiac ever built. That word is VALUE.

Buyers from both ends of the price scale are finding that Pontiac provides just about everything any car at any price can offer. It's a matter of fact, not opinion, that Pontiac is the biggest, most powerful caranywhere near its modest price!

For size, Pontiac reaches high into the fine-car price range and comes up with a long 122" or 124" wheelbase. This is sizewhere it counts, because nothing beats

wheelbase in providing solid comfort and stability on any road at any speed.

Pontiac's performance is strictly Pontiac's alone—and it stems from the most modern, most advanced V-8 in the industry! Its mighty 200-h.p. Strato-Streak V-8 with four-barrel carburetor* provides more power than any car within hundreds of dollars of - in mind that Pontiac prices fit easily into Pontiac's modest price.

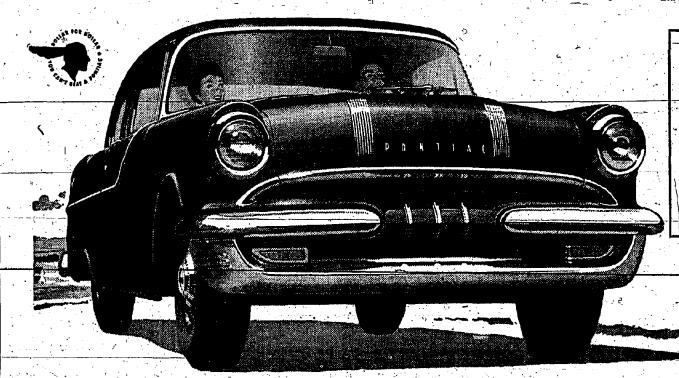

Another Pontiac-extra value, so easily measured when you get behind the wheel, is the supreme ease of handling that keepsall its eager power and husky bigness under

instant and almost effortless control

And if you interpret value in terms of appearance—here again Pontiac's your kind of car. Its distinctive Twin-Streak beauty and Vogue Two-Toning will stay new and fresh for years!

And for the final value clincher-bear

any new-car budget! No wonder Pontiac sales are at an alltime high! Come in soon and drive this wonderful car. We're sure you, too, will join the big swing to Pontiacl *Low extra-cost option: 180 h.p. standare

THERE'S NO POWER LIKE STRATO-STREAK POWER!

Here is the heart of Pontluck terrific performance—the all-new ultramodem Strato-Streek V-81 This masterpiece of engine design will deliver up to 200 horsepower with Pontice's 4-barrel carburetor an extra-cost option. Come on in take the wheel and see wit Strato-Streak really means

Longtime Residents, 34 Years Donhauser

in Town, Moving To Florida

Springfield is losing one of its fine, pioneer families with the announcement that Mr. and Mrs. Edward J. Mc-Carthy, Sr. of 45 Salter street, are saying good-bye to all their neighbors and moving to De Bary, Florida, after 34 years in the Township.

Mr. McCarthy who has been employed in the mainténance department of the Union County employes honored at-a retirement dinner given last week. He held down that important job for 29 by Donald C. Ferguson, President of the Park Commission; Commission Secretary and Engi-Local 149 of the Union County Park Employees, AFL.

The McCarthys are well known Springfield, Mrs. McCarthy having been very active in the Methodist Church. She served as president of the Women's Society of the Church taught Sunday school and was superintendent of the primary department of the Methodist Sunday School for 20

"We hate to leave Springfield," said_Mrs McCarthy who took the trouble of coming to the offi to_pay_for_seven copies of the

tdoors and replaced with invigorating air drawn in through opened de windows or transoms in other parts of the dwelling or place of business.

Springfield Sun mailed to her home as part of her subscription. "We have been readers of the Park Commission as a chief SUN for many, many years and craftsman, was one of three old yearly subscribers since 1945 and yearly subscribers since 1945 and we're going to miss reading about changed and much better Springfield since the days we came here 34 years ago. There was no shouting about the trolley tracks in those days because the trolley was neer W. Richmond Tracy and our only means of transportation them on Morris avenue! We'll miss everybody but, our three boys are married and away from Springfield and, since Mr. Mc-Carthy's retirement after 29 years

of hard work, we've decided we need a rest. We have a little place in Florida where we hope to take things easy and remember the 34 very happy years we spent in

changing attitude in the museum members of the School Board because signs pointed to the fact that it could-not possibly be ready by the opening of the school term despite the promises of the con-

(Continued from Page 1)

Two strikes delayed the world on the local school but neither one, the July report states, was against the local job. A general area strike of roofing and waterproofing workers was settled July 15 after one and one half months duration. Another strike of sheet metal workers was settled July 12

after the same length of time off Strikes Delay Job

These two strikes, the contractor points out, played some part in the delay of the job but the report still insists that there is "80 per cent completion of the overall project." The July report further tates that: "window delivery, originally sub-contracted for June was delayed until partial shipment

Plant vacations shut down proluction of sash until July 20 and palance of delivery promised August 5-or later Brickwork, 98 per cent-complete; interior door bucks, complete; plumber has fixtures stored at his shop and electrician has all fixtures ready to hang; steel-contracts complete with exception of boiler room

stairs and railing." Members-of the-School-Board ave been covering every minut of the construction job and every effort has been made to have the contractor speed up the work. One criticism has been that "not enough men were hired for the job" but Mr. Palmisano insisted his employment figures will show ample skilled workers but "that certain unforeseen government Capable of Giving the Average regulations on important materials for the building, a great deal of bad weather and the strike delays are responsible for having the new Complete Air Change school behind the schedule."

Full speed ahead has been or dered by the contractor and muci of the lost time has been made in since the last-report,_says thr architect's office, through R. T-

"General progress-has been excouraging," he continues, "and-the unforescen difficulties / aremore largely responsible for failure to complete on schedule-than the organization of the work which has been improved since the new superintendent, Mr. De Pasqualle, has been on the job. This has been confirmed by the other prime

SPECIAL NOTICE TO THE CUSTOMERS OF

COMMONWEALTH WATER COMPANY

On last Friday the Company advised the governing body of Springfield that the continued use of water for lawn and garden sprinkling was creating such a demand on the system that adequate storage could not be maintained for fire fighting and domestic use, particularly in the higher places of Springfield unless sprinkling be restricted immediately. The governing body of Springfield took action and prohibited all sprinkling Friday afternoon, Saturday and Sunday supply to all its customers. On Monday evening, by official action, the Township Committee prohibited all lawn sprinkling and non-essential use of water between the hours of 4 and 10 P. M.

The Company had recently completed an extensive improvement program at its Canoe Brook Pumping Station by enlarging all its treatment and discharge piping from the station and had provided for an improved and faster method of water treatment and had also installed additional pumping capacity of 15 million gallons a day which provided an additional three million gallons per day to its well capacity. It nevertheless found that with the continued 24 hour sprinkling program of its customers in Springfield and the continued record breaking pumpage during that week it could not provide service on the higher elevations. The Company had completed a large portion of its improvement-program but serveral of its larger-major items of improvement had not been completed this year. These include the addition of a large refention reservoir and a 3 million gallon capacity distribution storage reservoir in Springfield where adequate space has not been obtained though efforts have been continued over a year to obtain such a site.

Even though we have an ample supply of water in our reservoirs and have enlarged our pumping capacity, the continued record breaking drought existing at this time creates a demand which exceeds our capacity until the additional improvements are completed. However, we feel that with the cooperation of our consumers, we will be able to supply adequate service at all times during the dry period.

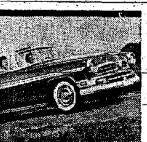

We wish to thank all of our customers at this time for their cooperation and assure them that as soon as the situation has eased, public notice will be given for the normal use of water.

Commonwealth Water Company

Annual report of the Dept. set
Weights & Measures, covering the
State fiscal period from July 1, 1954,
to June 30, 1955, was received and

Weights & Measures, covering the state fiscal period from July 1, 1954, to June 30, 1955, was received and filled.

The following resolutions were introduced and moved for adoption:

(1) — Freeholder Carr for Public Property. Committee, approving five personnel actions in the Dept. of Public Works, was on roll call unanimously adopted.

(2) — Freeholder Hickok for Roads and Bridges Committee, approving personhel actions in the Road and County Engineer's Departments, was on roll call unanimously adopted.

(3) — Freeholder Hickok for Committee on Roads and Bridges, advising that work of constructing a new reinforced concrete and steel beam bridge; and related work on South Street over the Elizabeth River, Elizabeth, contract, of Stanley J. Ziobro, Inc., is now completed and has beeff approved by your Engineer and Committee and the City Engineer, and recommending final payment of \$41, 001.26 after the expiration of 66 days from the date hereof, was on roll call unanimously adopted.

(4) — Freeholder Carr for Fublic Welfare Committee, accepting lowest tide for meat and meat requirements to be furnished to the John E. Runnalls Hospital for Chest Diseases from July 33th to August list, was on roll call unanimously adopted.

(5) — Freeholder Carr for Public Welfare Committee, accepting loid—for Turnishing six Essy, Chairs from R. A. Jones and Co. and six from Business Furniture, Inc., at their hid of \$43.80 cach, 50 be furnished to the John A. Runnells Hospital for Chest Diseases, was on roll call unanimously adopted.

(6) — Freeholder Carr for Public Welfare Committee, appointing Raymond Hergert as investigator in the County Adjuster's Office at a salary of \$2240.00 per annum effective July 15, 1955, was on roll call unanimously adopted.

(7) — Freeholder Carr for Public Welfare Committee, appointing axteen person—

\$3240.00 per annum, effective July 15, 1955, was on roll call unanimously adopted.

(1)—Freeholder Heritch for Finance Committee, appropring sixteen personnel actions in various departments, was on roll call unanimously adopted.
(3)—Freeholder Heritch for Finance Committee, authorizing the bills as set forth and approved, to be ardered paid, was on roll call unanimously adopted.

Mr. Greeg Gifmingham, Councilman from the 11th Ward of the City of Elizabeth; appeared before the Board at this time and asked the County's help in cleaning out the Elizabeth River, particularly at the North Avenue section.

Freeholder Heritch pointed out that this is a matter for the State, insamuch as this is a State Highway, and Director Benninger also acquained that this is not our obligation to spend taxpayers money for something that, happens in others counties and then comes down into Union County, and that it is a State Instead of the County and he asked for Mr. Cunningham to get the State Legislature to help them.

There being no further business to be considered and on motion duly made and seconded. Director Benninger declared the Board adjourned until Thursday, July 28th, at ten A.M.

MIOHAEL F. KEALY, Clerk of the Board.

Detected

Many hospital and public health aboratories will offer their services again in 1955 to analyze the Dreypaks submitted by residents in the area for the presence of excess sugar. Many unknown cases of diabetes were turned up in the 1954 survey and were placed under treatment by their own physicians.

CATHOLIC FORUM

Saints-who are they, and why? Lots of saints, according to the Catholics. Saints to whom to pray. Saints after whom churches, and whatnot are named. Saints with relics to venerate. Saints with feast days to celebrate. Saints with pictures, statues, medals, and the like. What

Lots of heroes in American History. Heroes to emulate. Heroes after whom we name our states, cities, towns, and public buildings. Heroes with birthdays to celebrate. Heroes with pictures, statues, U.S. stamps and currency to commemorate their deeds. Is this nonsense too?

Yet the cases are parallel with the one exception that Catholics pray to the saints. We do not pray to pictures or statues, but only to the saints of which these images remind us. We donot adore the saints, but in honoring and praising them, we please God, who has definitely designated many of these heroes of Christianity as His Own beloved in heaven, to whom we may give public devotion and for whose intercession we may ask inour prayers.

Definitely designated by God! We say this advisedly, because the identity of each saint is no haphazard guess. No soul is canonized (declared a saint) by Mother Church until, through that soul's intercession, at least two miraculous cures have beenof Rites passes upon as being impossible of cure by any means known to medical science.

Thus the saint in heaven fulfills his part in "The-Communion of Saints" by listening to our prayers and by carrying to God the worthy pleas of our poor, weak humanity.

God alone we adore. Jesus Christ is our sole Mediator. But we can ask our friends on earth and God's friends in Heaven to pray for us, which interferes not in the least with the many prayers we say directly to God.

Our Doctrine of the Communion of Saints is not new or strange. More than two-thirds of all of Christendom has believed and acted upon this doctrine for 1900 years. - This beautiful-and devotional creed permeated all of Christianity from the first-century to the sixteenth. It is still mentioned in the

BEWARE -

of Old Abandoned Refrigerators There is a great danger in the menacing form of that old

discarded ice-box or refrigerator that you may have in your back yard.

* Every year children die from suffocation because they love to play in these dangerous cabinets. Here's what you should do if you see a discarded box in your neighborhood or in the junk yard:

Remove the door, It's the best way to make such a cabinet safe.

Remove the latch on the door by taking out the screws on the door plate.

Drill holes in the door and remove the rubber gasket. OR

. . . Tell the policeman in your neighborhood about this dangerous menace.

THE CHILD YOU SAVE MAY BE YOUR OWN!

in a letter to Dwight R. C. Palmer, the highway commissioner, the feelings of the merchants con cerning this latest "progressive"

Honorable Dwight R. C. Palmer State Highway Department Trenton. New Jersey Dear Mr. Palmer:

I read with considerable interest your letter addressed to the Mayor of Springfield, which was published in last week's issue of the Springfield Sun in which you have so graciously agreed to allow the tracks on Morris avenue to be covered with the "small" stipulation that there will be no parking-on any side of Morris-avenue at -anv-time!-

Evidently, you haven't spent

enough time on Morris avenue to get a true picture of traffic conditions. Granted, around 5 p. m. the condition is acute, but to ban parking on the avenue 24 hours a day to get Mr. Jones home faster by ten minutes doesn't seem like a ready solu-

If the covering of the tracks comes to pass with your "condition" attached, you will see people who have spent the better part of their lives and investments on Morris avenue absolutely ruined!

I would like to extend an invitation to you to come to Springfield as my guest. Stand in front of my store and observe for -yourself-the-true-traffic-condi-

tion that exists. We merchants have been hurt enough by the 7:45-8:45-a. m. and 4:30-6:30p.m. parking bans. Any more restrictions would surely be our death blow!

Morris avenue is between Melsel avenue and Salter street. Any point beyond these bound ries, traffic travels freely in two lanes-with no parking prob-

If I may recommend . can gain that extra lane so sorely needed by widening Morris avenue 7 or 8 feet . . 3½-to-4 feet on each side between Meisel avenue and Salter street. It might take a bit of

seems well worth it! I do hope you will search your conscience and come to a an arbitrary "NO PARKING AT NO TIME" which will ultimately destroy any and all The most troublesome part of business on Morris avenue in

Springfield. Yours truly, Herman Kravis Springfield_Wine_&_Liquor
