New Davega Store Opens This Week on Route 22, Springfield

Davega Stores, well known 76-year-old chain store organization and one of the largest merchandisers in this section of the nation, become members of Springfield's rapidly growing retail sales group with the formal opening of their new and elaborate establishment tomorrow, (Friday) on Route 22.

This recently completed building is located in Springfield on Route 22, practically adjoining Channel Lumber, just across the highway and opposite Orchard Inn and the Howard Johnson restaurant.

A staff of merchandising and sales experts, under training for several weeks will be in charge of Samuel Stein who has been assigned as general manager of the Springfield operation. Mr. Stein comes here with over twenty years of experience with the Davega organization in their New York stores and recently had charge of the White Plains operation, making that store one of the best in the entire chain.

He will be assisted in introducing Davega's selling and merchandising methods by John A. Herdman as senior assistant manager, Cyrus Sandler and Vincent Shanni, two others with experience in Davega's operations, will help in Springfield as assistant managers. Executives from the home offices in New York City and Newark will participate in the formal opening day ceremonies.

The new building is conceded to be the last word in displaying all types of merchandise which will include the usual stock items of Davega stores such as television sets, radios, refrigerators, sporting goods and sporting apparel with the addition of such departments as drugs, toys, candy, household goods, small electrical appliances, photograph.

Walton School Will Be Ready By Dec. 15

Springfield Superintendent of Schools Benjamin F. Newslinger announced at Tuesday evening's meeting of the Board of Education that the new Edward V. Walton School should be ready for occupancy by January 1.

If this schedule is maintained and the building turned over to the local school board by December 15, the school superintendent is confident pupils will be able to start classes right after the Christmas vacation.

Approximately 347 pupils will be moved from the Raymond Chisholm School where they have been since it was learned that the new Walton School would not be ready for the September opening. The schedule first called for occupancy by September but completion of the school has been delayed for various reasons. The architect, Emil Schmidlin of East Orange, and the general contractor feel confident that the building will be completed by this new date of December 15.

Provisions were made by Superintendent Newslinger to take care of the increased enrollment in other school buildings and the job of transferring these pupils to the new building will be done with the least possible delay and interruption of school work by having it done during the Christmas holiday vacation.

Marmon Property Offered for Sale

The proposed new shopping center on the Marmon property which would be located in both Springfield and Summit, is on the selling block according to an advertisement appearing in a recent edition of the New York Sunday Times offering the entire area to be sold.

The advertisement reads as follows: "For Sale 100% shopping center location, Summit-Springfield, N. J. junction of Springfield Avenue, Broad Street and Morris Avenue. Twenty-one and half acres; 1900 foot road frontage; Railroad siding. Center of 500,000 population. Phone or write for details; Joseph P. Day, Inc., 4707 Street, New York City."

V. F. W. Ladies To Hold Bake Sale

A homemade baked goods sale will be held on Saturday, November 19 from 9 a. m. to 1 p. m. at 266 Morris Ave., by the members of the Ladies' Auxiliary to Battle Hill Post, VFW 7683.

Baked goods of the finest quality will be offered. Come early for the best selection.

Chairman Mary DeFino asks all who have cakes to offer for the sale, call Drexel 9-5432 or Drexel 6-1072 and their cakes will be picked up.

Assisting the chairman on the committee are Lillian Cardinal, president of the Auxiliary and Marie Summerer.

Legion Head Asks Help For Retarded Children

Commander Ray Schramm of the Springfield post of American Legion, joins with Mrs. Samuel C. Goldstein, chairman of the local committee, in urging people of the Township to financially support the drive in behalf of Retarded Children which comes to a close this week.

The drive in Springfield is part of the county-wide effort under the auspices of the New Jersey Association For Retarded Children to raise funds for necessary work in research.

Mrs. Goldstein is assisted by Mrs. Charles J. Hampton as co-chairman and a committee which includes the following workers: Mrs. A. Paicani, Sidney Stolz, Mrs. Walter Piel, Mrs. Sidney Kornish, Mrs. Samuel Weinberg, Mrs. Harry H. Platt, Mrs. Michael Lutz, Mrs. Robert Walters, Mrs. Ben Paul Yuckman, Mrs. Kenneth Bandomer, Mrs. I. S. Yablonsky, Mrs. Sidney Atkin, Mrs. Clarence Seltzer, Mrs. John Madura.

Contributions to this worthy cause can be sent to any member of the committee or Mrs. Goldstein at 26 Kipling Avenue.

"Mental retardation is nine times more common than cerebral palsy," Mrs. Goldstein pointed out, "and 10 times more common than crippling polio. Mental retardation is a condition of impaired or incomplete mental development dating from birth. 'GIVE THANKS' that today finally the rights and needs of our mentally retarded children are being recognized. Many of these children, long hidden or forgotten, are now slowly coming out."

Winner of Car to Be Known Thursday

Winner of the new Mercury automobile which is to be awarded by the Springfield Volunteer Fire Department will be known shortly after 2 o'clock next Thursday afternoon, following the Rahway-Regional football game to be played Thanksgiving Day on the Meisel Avenue field.

The automobile will be exhibited at the football game and the selection of the winning ticket will be made during the afternoon.

Awarding of the new Mercury is part of the general campaign for the raising of funds in preparation for the 50th anniversary and celebration for the state fire departments which is to be staged in Springfield next year.

Red Cross Board Plans Big Program

Members of the Board of the local Red Cross Chapter held a very important meeting at the Jewish Community Group auditorium Monday evening and discussed various phases of a program of activities. Plans for establishing headquarters for the Red Cross at the Cannon Ball House were explored, a majority of the Board members agreeing that such a move would help the local chapter considerably.

Reports were received on the Junior Red Cross membership drive which is being conducted this week throughout Springfield schools. It is the hope of the chapter to enroll as many members as possible before the campaign for enrolling Red Cross workers from the local schools. The drive started Monday and ends tomorrow, Friday.

Postmaster Urges Early Xmas Mailing

"It's time to start those Christmas mailings!" Postmaster A. V. Del Vecchio warned today, launching the 1955 "Mail Early for Christmas" campaign.

"While Christmas is about a month away, here in the Post Office it's Christmas today—and every day until December 25th," he said. Applications for extra help are being processed and the help being selected, trucks are being serviced. In fact every thing is being readied for the flood of mail that is expected to smash all records of the Springfield post office.

"Many gift parcels have already been dispatched to members of the Armed Forces overseas and to civilians in foreign countries. Christmas cards for service personnel can still be delivered in time if they are sent by air mail before December 1st. Mail gifts now to friends and relatives living in other states.

Postmaster Del Vecchio especially calls on the housewives to help in his effort to deliver every package and Christmas card before December 25th.

"The lady of the house is in charge of each family's Christmas mailing program. She selects the cards, buys most of the gifts and sees to it that the mailing list of friends and loved-ones is up to date."

He urges that you take the following steps at once: get out your Christmas card list and carefully check through it. Make sure each address includes the full name, street and number, city, zone and state. Then pay a visit to the Post Office, stock up on stamps (use 3¢ stamps on your Christmas cards for first class mail service)

G.O.P. Victory Gives Control To Beardsley

Last week's local election results have given the Monday-morning quarterback a topic of conversation that threatens to carry on right through to the Spring primaries.

All of the self appointed political trouble shooters can now point to conclusive reasons to prove that the election was won or lost because of this and that—but the men behind the guns for both sides in the Springfield contests are satisfied that everything possible was done, and no analysis of the vote will change anybody's mind at this late date.

One very important result of the victory of Messrs. Forbes and Handville to the Township Committee is that there is no question that the Springfield Republicans are now united under the leadership of local Chairman Charles F. Beardsley and Mayor Albert G. Binder. There were rumors that the Republicans would not present a united front—that there were factions and rival groups not marking time with the Beardsley leadership—but both the Democrats and some of the lukewarm Republicans now realize that these rumors of divided loyalties were entirely untrue.

Beardsley and Mayor Binder are in absolute control of the GOP in Springfield and the victory last week over a hard-punching Democratic team, makes their position very secure as heads of the Republican party here.

Mayor Binder is mentioned along with Chairman Beardsley because, as many observers pointed out, it was he who took hold of the campaign along with Beardsley when "things began to look a little discouraging" in the early weeks of the contest.

"As soon as the 'pros'—the politically wise men of the local GOP took charge," said one of the happy workers for the victors, "the whole campaign changed and you could see the difference immediately. There's nothing so eloquent as having the winner and none of the dissident members of the local Republican organization will now be able to challenge this leadership. This should close the ranks."

The Springfield Democrats find solace in the fact that they forced the GOP to put in their first team last week. Naturally they could have been much happier with victory for even one of their candidates and the narrow margin of defeat makes them look ahead

Second Fatality by Automobile Here

The second automobile fatality in Springfield this year occurred early Tuesday morning when a Roselle resident, Robert J. McKean, 39, was killed at 1:45 a. m., his car striking a tree in front of the Raymond Chisholm School in South Springfield Avenue, according to the police report.

The first death was August 2 when six year old Phillip Gaestel was struck and killed by a car in front of his home at 58 Shunpike road.

The police report of Tuesday morning fatal accident said McKean is believed to have fallen asleep and his car went off the road and into the tree. He was pronounced dead on arrival at Overlook Hospital, Summit, the police report states. He was alone in the car at the time of the crash it was said.

V.F.W. Ladies Meet
A regular monthly meeting of the Ladies' Auxiliary to Battle Hill Post 7683, was held on Tuesday evening, November 15, at the Post-Home on Morrison road. Final arrangements were made for the cake sale to be held on Saturday, November 19.

Guest speaker for the evening was Mrs. Marie Grabowski, past 5th District President of the Ladies' Auxiliary.

Refreshments were served by Mrs. Mary De Fino and Mrs. Stella Morrison.

"Joe" Collins, Yankee Star, at CYO Dinner Here

Over 200 attended the father and son dinner held by the St. James C.Y.O. last Sunday night in the school auditorium with "Joe" Collins, star of the pennant winning New York Yankees, as featured speaker of the evening. The turkey dinner, prepared and served by the mothers under the direction of "Tess" Jones and Virginia Sammartino, proved to be one of the highlights of the evening.

Among the speakers were Robert Miller, director of athletics for the C.Y.O.; Fr. Edward, di-

Local Jewish Center Dedicates Torah Scroll

The most sacred objects in a synagogue are its Torahs. These are the parchment scrolls containing the first five books of the Bible.

DEDICATION—Rehearsing the Dedication procession with the Torah Scrolls and canopy are (left to right) Bernard Lyons, Center President, Rabbi Reuben R. Levine, and Paul Stern, Religious Committee chairman.

Every synagogue aspires to possess a number of these Torahs. When one is acquired it is consecrated in a special ceremony. The new Torah recently acquired by the Jewish Community Center of Springfield will be dedicated in such a ceremony on Sunday, November 20th, at 2:30 P.M.

Also participating in the Dedication program will be Mrs. Sheldon Fried, Mrs. Leonard Golden and Billy Bender. Mrs. Alvin Jay will offer a vocal rendition. A small scroll, in the form of a Torah, is being made up in which those attending the ceremony will inscribe the names of family members and friends they wish to honor on the occasion.

Revolver Team Loses To Essex

The Springfield Revolver Club team lost their second match in six starts in the North Jersey Revolver League to the Essex Pistols last Sunday on the local range. Scores were as follows: Essex Pistol—Panek 279, Marke 274, O'Connor 272, Cilicia 261, Total 1094.

GM Offers Plan For Scholarships

Troop No. 62, sponsored by the Jewish Community Group was honored by a visit from and a very stimulating talk by Mr. Dan Lucy, our director of Civilian Defense. The talk was very timely and informative and Mr. Lucy particularly commended the boys for the intelligent questions they asked during the question and answer period which followed the talk.

The scouts had an all day hike at Lake Surprise and they passed cooking, fire building and tracking tests.

Several weeks ago, Dr. Samuel Goldstein gave the scouts a great deal of valuable information on First Aid. Dr. Goldstein covered many important phases of this field, in his talk before the troop, and we wish to thank him for his visit.

The troop has a definite need

Jonathan Dayton Regional High School senior students are being offered an opportunity to compete in the General Motors National Scholarship Plan, according to Walter A. Hohn, Scholarship counselor.

The plan, initiated early in 1955, provides for 100 four year scholarships, at least one in every state and 50 at large, at any college or university of the successful contestant's choice and in any field of study he may select.

Registration for the second year of the plan is under way now. Eligible to participate are high school seniors, both boys and girls, who are United States citizens, and who plan to take the College Entrance Board examination for admission to a school of their choice or who arrange to take the examination in order to enter the competition for a General Motors

scholarship award. Selection of award winners in the General Motors plan will be the responsibility of a group of leading educators representing various parts of the country. Full details about the General Motors plan, including registration dates for the examinations are available to interested students from Mr. Hohn's office.

Last year Richard Dietz of Mountside and now attending California Institute of Technology was awarded one of the General Motors Scholarships. This was indeed a great honor for Regional High School.

St. Stephen's Bazaar

Mrs. M. A. Dorman-chairman of the Pantry Shelf at St. Stephen's Bazaar and Winter Wonderland has announced that there will be homemade pies, cakes, rolls and bread for sale. There will also be homemade preserves of all kinds. Although the bazaar and Wonderland will be for two days the pantry shelf will be open just one day, on Friday, Dec. 2nd from 11 a. m. to 9 p. m. Saturday Dec. 3rd the hours are 11 a. m. to 3 p. m.

The two day bazaar will feature many interesting and useful items, including aprons, fancy work, plants, parcel post, dolls and gifts, cards and wrappings, white elephant and the Christmas table.

The kiddies will enjoy the Winter Wonderland with its many games and gifts.

All organizations of the Church are cooperating in this affair.

New Davega Building Completed on Schedule

Springfield's newest retail store—the Davega building on Route 22—has been completed on schedule and made ready for this week's grand opening despite bad weather, steel shortages, flood conditions and the other usual "bugs" to overcome. The general contractors for the entire job, the Jerome Construction Company of Newark, kept up with their own progress schedules and it took this organization, with the help of very efficient sub-contractors, just about 14 weeks to complete the new Davega home.

The building has approximately 22,500 square feet of space, 5,000 square feet being set aside for stockroom and the remainder for sales. There is considerable room for free parking on all sides of

the spacious building. The most modern of equipment has been installed in the new building, 56 tons of air-conditioning giving the entire area the finest control of heating and cooling. This job was the work of Climate Control, Chrysler Airtemp organization of Newark. The roofing work, done by Sanders Roofing Company of Newark, is one of the features of the Davega store, being perfectly level so as to hold the moisture and water used in cooling the building.

Peter Grygotis, well known architect, drew the plans and supervised the details of the construction. Harry Rich Company, also of Newark, furnished the floor coverings; The Glass Com-

pany of Belleville installed the store front glass and all other of the building's glass; I. Friedman of Newark, did the painting and decorating, and the mason materials were furnished by the Concrete Block Company of Irvington.

The entire building is completely burglarized. One of the features for the convenience of customers is that all rest rooms in the Davega building are accessible from the interior of the store and from the parking lot.

New Davega

ic supplies and a great many other items.
The Springfield operation will

be the first of a series of establishments to be known as Davega's Discount Center Department and will be operated on a self service basis with prices lower than any competitor to induce greater volume of sales, according to one of the store officials. The items to be sold during the formal opening sale will be considerably under the costs which, with the established policy of selling at a small percentage of profit with very liberal and easy credit arrangements, is expected to attract shoppers from this area to the new Route 22 store.

One of the important features of the Springfield store is the acres and acres of free parking space available for all customers

so that purchases can be brought right to the cars right at the entrances to the Davega store. The Springfield store will be open daily from 9:30 a.m. to 10 p.m. daily and Sunday.

into their own and our democratic society is assuming its just concern for its mentally retarded.

"BUT there is much to be done. Although we know, or suspect, some 70 diseases or conditions that can cause this heart-breaking handicap, the majority of cases must be marked "Cause Unknown." Research as to cause, prevention and treatment offers real hope.

The National Association for Retarded Children is taking the offensive in this neglected age-old problem. Of many causes and many effects, retardation is a complicated research challenge.

It carries into all areas of medical sciences.

"MENTALLY retarded children can be helped by you. Professional and community workers in many fields are finding new ways to develop and guide the retarded child in better use of his limited potentialities. Children who once might have been thought totally helpless, can now be trained to do many things for themselves. Many more of the not-so-severely-retarded, who in the past have been forced to compete with the "normal" in our classrooms, are finding the special kind of education they need. Their frustration and defeat are being replaced by happiness and self-confidence. Please, give!"

After that, awards were presented to the local C.Y.O. baseball champions and their managers, "Ken" Abrahamson and Walter McMahon. Collins was kept busy signing autographs for the remainder of the program.

"Rocky" Sammarino, assisted by a committee of fathers, was in charge of the arrangements.

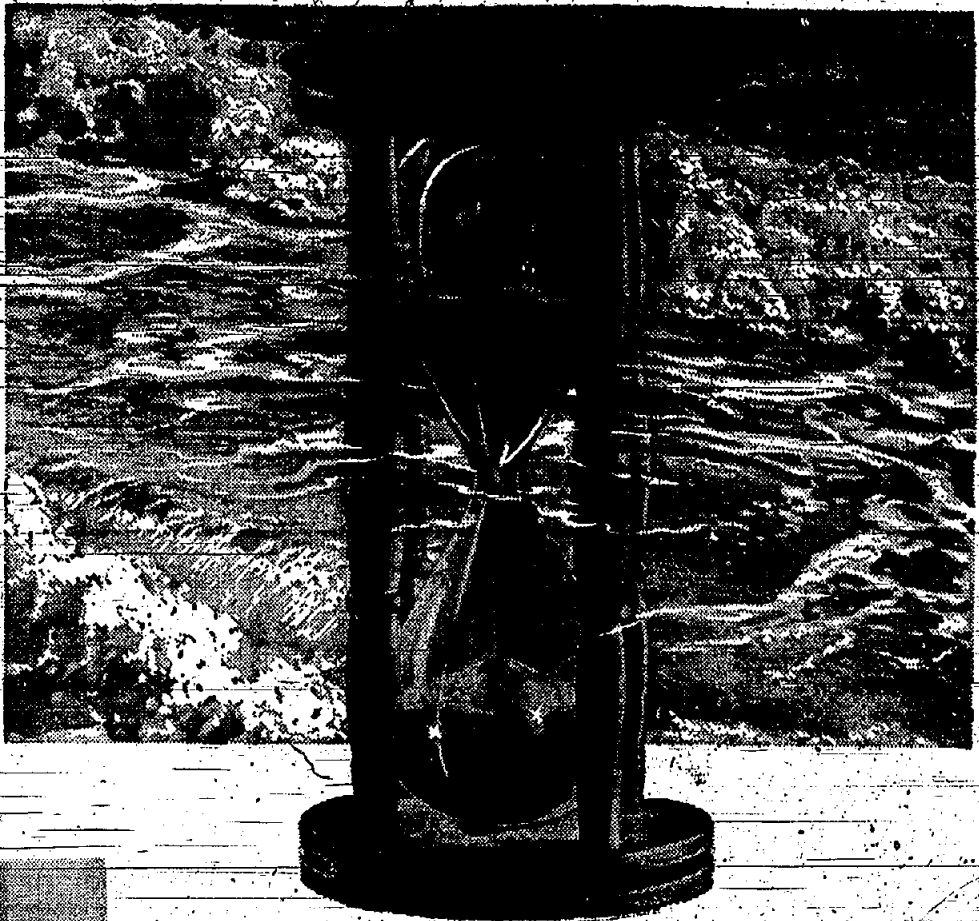

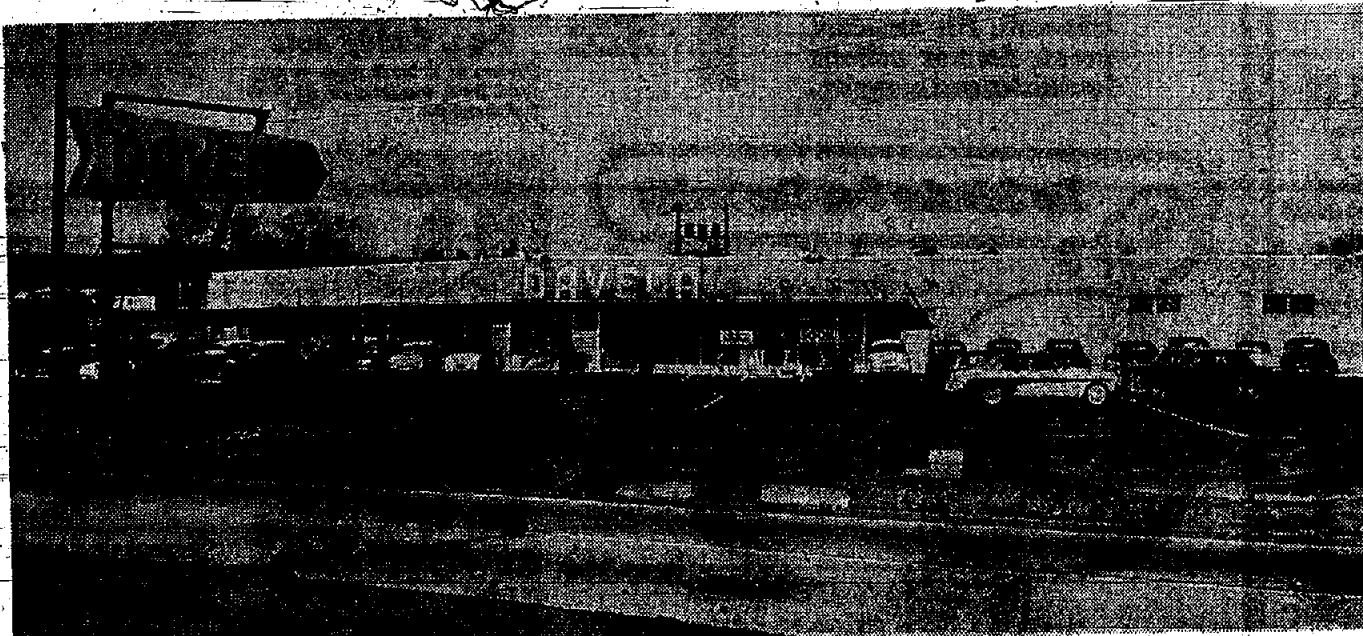

SPRINGFIELD 1955

A YEAR OF PROGRESS . . .

It's been a record year for Springfield's growth. Every month new business, new industry, new dwelling units become part of the township, bringing with them new sources of prosperity . . .

LORRIE LEWIS

Mr. and Mrs. Roger Shotwell, Jr. of 536 Mountain Ave. are beaming over the arrival of a baby daughter, Tenny Sue, born at Overlook Hospital on October 31 weighing 7-lb., 6-oz. The Shotwells have two other children, Roganne age 9 1/2 and Gary age 5 1/2.

Springfield School system attended the Annual Banquet for the Bloomsburg (Pa.) Teachers College Alumni of the Greater New York Area, at Zig's Restaurant in Newark last week.

While on a business trip which took him to South Dakota, Iowa, and Nebraska, Morton Adell of 16 Perry Place managed to find time to gather some interesting material about Indians. His children, Roy and Robin, were fascinated by Dad's stories especially the stories of his participation in the Long House Festival and Harvest Festival.

Robin Adell weekend at the home of Miss Arnet Witte (a fellow camper) in Hicksville, Long Island.

Roy Adell celebrated his eighth birthday on November 3.

Recently moved here from Belleville are Mr. and Mrs. Saul Marder of 4 Archbridge Lane. They have a son, Bryan age 6 1/2 and a daughter, Susan age 3 1/2. Mr. Marder owns the Orange Refrigeration and Air Conditioning Co. in East Orange.

A festive weekend marked the 10th anniversary of Mr. and Mrs. L. Gershen of One Norwood Road. They enjoyed a performance of "Silk Stockings" in N.Y.C. on Friday, Nov. 11 and on Sunday, Nov. 13 they drove to New Haven, Conn. (with their sons David and Jonathan) and visited Mrs. Gershen's grandfather, Mr. Simon Milten and her uncle, Doctor S. Milten. Happy Anniversary!!

Mr. and Mrs. Harold Geller, formerly of Irvington, have moved to their new home at 6 Craig Road. Their son, Dennis, is a freshman at Rutgers University. Mr. Geller is an electrical contractor.

Mr. Frank Anneser, who is Lieutenant Governor of the 27th District of Optimists International, is unofficially making a survey of our town with the hope of starting a local Optimists Club in the near future. Anyone interested please phone him at Essex 2-6494 or write to Mr. Anneser at 757 Lyons Ave., Irvington.

Happy Birthday to Mrs. Ralph Feldman of 26 Sherwood Road who celebrated the occasion with her family.

Memo to the lady who bought a blue leather jacket at the P.T.A. thrift sale. The jacket you bought for 5 cents was not part of the merchandise available for sale. It belonged to one of the P.T.A. members, Rose Ginter, who volunteered as a sales clerk. When you realized this and phoned her, she took your name and address but has since lost it. She would certainly appreciate your phoning her again!!

Sincerest Congratulations to Mr. and Mrs. Paul Karlin who celebrated their 25th wedding anniversary. They hosted at a dinner party at their home at 539 Ashwood Road. Mr. Karlin owns Karlin's Paint and Wallpaper store in the Lyons Shopping Center.

This week we welcome to Springfield Mr. and Mrs. Emil Otto, Jr. of 49 Linden Ave. Their son, Robert, is doing graduate work in chemical engineering at the University of Delaware. The

bridegroom and Miss Rita Meyer and Miss Shirley Strobel of Union, Miss Diane Reichle of Springfield, cousin of the bride, was junior bridesmaid. Tina and Karen Puzbylowski of West Orange were flower girls. Albert Cicconi of Union served as best man. Ushe's included Noel Brown and Bruce Kirk of Springfield, Adam Tyburezy of Union and Mr. Kwiatk.

Mr. and Mrs. Donald Deuval have moved from Overland Park, Kansas to 545 Morris Ave. Their two sons are Dale age 8 and Brian age 19 months. Mr. Deuval is sales engineer for the Marley Cooling Tower Co. in New York City.

Miss Jean Vallance of 439 Meisel avenue has been chosen for the chorus of "The Vagabond King", initial production of the Montclair Operetta Club to be held November 23-26 at the Mt. Hebron Auditorium, Upper Montclair.

She is a graduate of East-Orange High School where she was a member of the Glee Club and appeared in various musical and dramatic productions. Now a secretary with New Jersey Bell Telephone Co., she is a member of the New Jersey Bell Choral Society and has been seen in a number of company productions. In addition to appearances in church and cancer benefit shows, she has been seen on WATV Television, Newark.

Ottos are formerly of Irvington. Bruce Goldstein celebrated his Bar Mitzvah on Saturday, Nov. 12 followed by a reception at the Jewish Community Center. On Sunday his friends attended a party given in his honor at his home. Bruce is the son of Dr. and Mrs. S. Goldstein of 28-Kipling Ave.

The Music Appreciation Group held its monthly get-together on Nov. 12 at the home of Mr. and Mrs. Hy Fie of 21 Ann Place.

Seven candles were on Christine Callahan's birthday cake this year. Christine, daughter of Mr. and Mrs. H. Callahan of 269 Baltusrol Way, was honored at a birthday party on Nov. 13. Her guests were Karen Luppi of Short Hills; Joyce Madera and Mary Ann Geteun of Union; Denise and Valerie Del Vecchio, Marguerite Freedman, Nancy Davenport,

Carol Dorrine, Cathy Erick, Jane and Lynn Taffee; Jackie Smith, Sharon Remlinger, Carolyn Bucci, and Abby Sue Fisher all of Springfield; and her sister, Kathi. Pink was the color used in all the decorations.

Mrs. Callahan's parents, Mr. and Mrs. J. E. Morrison of 34 Morrison Road have just returned from California. While there, they visited with their daughter and son-in-law, Mr. and Mrs. E. T. Hartack of Los Angeles. The Morrisons also visited San Francisco, Santa Barbara, San Diego, Palm Springs, and Reno, Nevada.

Mr. and Mrs. Donald Deuval have moved from Overland Park, Kansas to 545 Morris Ave. Their two sons are Dale age 8 and Brian age 19 months. Mr. Deuval is sales engineer for the Marley Cooling Tower Co. in New York City.

Woman's Club News

Twenty-one enthusiastic members attended the meeting of the Drama Department on Monday evening, November 14, at the home of Mrs. Leonard Field, 102 Saller street. Plans were formulated by the department to hold a gala Christmas Party at the home of Mrs. Michael Tatusko, 36 Lyon place, on Monday evening, December 12, at 8:30. A feature at the party, a playlet with a Christmas theme, will be presented by members of the group in "The Little Match Girl" by Henry Gheen, to be directed by Mrs. Stanley Frank. Mrs. Edward Porter and Mrs. John Trout, co-hostesses at the meeting, served delicious refreshments at the close of try-outs for the department's Husband's Night presentation, "The Women."

Mrs. Lee Andrews, Jr., Drama Department Chairman, announces that her department will feature gaily-wrapped "Surprise Packages" at its booth at the Bazaar on December 1. Priced at only 25 cents and 50 cents, these packages will appeal to the children, who, incidentally, may also come to do their Christmas shopping. Each of the thirty-five members of the Drama Department is urged to deliver her three gaily-wrapped packages to Mrs. Fred Spangler, 151 Pitt road, as soon as convenient.

Members who have raffle-book contributions outstanding are requested to contact Mrs. Merton D. Williams as soon as possible. Raffle tickets and books are going fast—and it appears that the hour of the drawing, 4:00 p.m., December 1, will be a suspenseful time for all!

Mrs. William Peacock will entertain the Garden Department at her home at 69 Irwin street on Monday evening, November 21, at 8:15, where members of the department will continue to work on Christmas decorations to be sold at the Bazaar. Co-hostesses for the meeting are Mrs. Joseph Zidnik and Mrs. Henry M. Wasung. The Music Department will meet at 8:00 p.m. on Tuesday, November 22, at the Cannonball House where Christmas Carols will again ring out in preparation

P.T.A. NEWS

The time is 9:45 to 11:15 a.m. This meeting is of interest to persons interested in Pre-School and Home and Family Life as well as Parent Education Groups.

The Executive Board of the Parent-Teacher Association will meet in the Florence Gaudineer School at 8:15 p.m. on Monday, November 21.

Won't you volunteer to work on one of the committees where people are needed for the Springfield P.T.A.? Workers are very much needed for several committees including: Safety, Civil Defense, and Fluoridation. Call Mrs. Philip Lewis—DRexel 6-4502.

Dr. Daniel Bergsman, State Commissioner of Health, is encouraging every municipality in New Jersey to study and consider the fluoridation of water. The exhibit on fluoridation at the State House Annex, Trenton, shows that fluoridation reduces tooth decay by two-thirds; that it is safe and that it brings a great saving to parents through reduced dental bills. The New Jersey Congress of Parents and Teachers is one of the sponsors of the exhibit.

Chairmen of all Parent Education Groups, plus the Pre-School Group, met Tuesday to complete plans for their meeting on December 5, at 8:15 at Florence Gaudineer School, Miss Filomena Peloro, Coordinator of Languages in Elementary Schools of Hackensack, will speak on teaching languages in primary grades under the title "Never Too Young to Learn a Second Language." The announced topic has aroused great interest among Springfield parents—and the committee is happy to present this subject for discussion.

Why this widespread interest in foreign languages? It is not a fad; it is the expression of a fundamental need in modern American civilization. Scientific progress has shrunk the earth and made neighbors of all people at the very time when history has thrust upon the United States tremendous responsibility. In December, 1954, Hollis L. Caswell, President of Teachers College, Columbia University, declared: "Now it becomes clear that national welfare and safety are directly affected by failure or success in developing attitudes and skills which are major objectives of teaching modern foreign languages."

The meeting was attended by Mrs. David T. Stamelein for the Pre-School Group, Mrs. Frank Stevens and Mrs. Everett Howell for James Caldwell, Mrs. J. B. Sussman for Florence Gaudineer, and Mrs. Rawlins Purkisher and Mrs. Ben Paul Yuckman for Raymond Chisholm.

Attention, all residents of Springfield! Would you like to encourage several Springfield youngsters to be fine citizens and good students? Would you like to help a Regional grad attend college? You can do so by contributing to the Woman's Club Scholarship Fund through the purchase of a ticket in the mink-stole raffle. Drawing at 4:00 p.m., American Legion Hall, December 1. Call DRexel 6-6314 for your ticket.

Bazaar To Be Sponsored By Woman's Club On Dec. 1

On Thursday, December 1, a gala bazaar, open to the public, will be held by the Springfield Woman's Club at the American Legion Hall from 11 a.m. to 5:30 p.m. Sponsored by the Ways and Means Department as a Club project to benefit the Community Fund and the individual departments, this bazaar promises to be a big event for the people of Springfield and nearby communities, for it will provide a wonderful opportunity to choose from a splendid array of lovely handmade items and novelties to be used as Christmas gifts. All departments are participating in the event, and each department in the club will have a booth at the bazaar where their featured items will be sold.

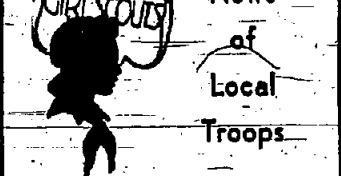

The American Legion Hall, as well as each department booth, will be gaily decorated in the Christmas Holiday theme, and many items will be sold for the forthcoming holiday house-decorating and holiday entertaining. Baby-sitting and organized misery games will be provided by the Publicity Department for the "small fry" at a nominal charge, proceeds of which will also benefit the Community Fund. As an added service to the shoppers, the Public Welfare Department is sponsoring a snack-bar with sandwiches, cakes and assorted beverages on the menu.

At 4 p.m. the drawing will take place for the winner of the mink-stole raffle. All proceeds from the

Bazaar To Be Sponsored By Woman's Club On Dec. 1

raffle will benefit the Scholarship Fund, and to the winner of the raffle will go a luxurious ten-skin let-out natural ranch mink stole, fully insured for one full year and the privilege of free monogramming on the stole.

Mrs. Anthony Pilar, Jr., of 67B Fiemer avenue, is chairman of the bazaar. Serving on her committee are Mrs. Frank Johnson, Jr., of 147 Pitt road, and Mrs. Hazzard T. Sherwin of 287 Northview terrace. Mrs. Merton D. Williams is chairman of the Raffle committee and the co-chairman is Mrs. Frank Beebe of 15 Park lane.

Girl Scout Cookie Sale

The annual Girl Scout Cookie Sale is in full swing! If you haven't bought your share of these delicious cookies (and helped out the Girl Scout organization), any Girl Scout in your neighborhood will be glad to take your order. If you're new in town and don't know any scouts, Mrs. J. Doeg, 483 Mountain Avenue (DR-6-1252) will fill your order for you.

Town Officials At Convention

Several members of Springfield governing body are in Atlantic City this week to attend the annual convention of the New Jersey League of Municipalities being held at the Chalfonte-Haddon Hall hotel.

Most of Springfield's official family left on Tuesday and the others checked in for Wednesday's proceedings. The convention gives all municipal authorities an opportunity to exchange ideas and work out problems confronting various governing bodies.

Some of the Township officials expect to return to Springfield tomorrow (Friday) while the others will make it a week end and remain at the shore for another few days.

Training

Congratulations to the following leaders who were "pinned" at the final session of the basic training course by Mrs. Etta Mayer of Union and Mrs. J. Zidnik, Springfield's Girl Scout training chairman: Mrs. Trudy Bracht, Ray Fried, Jennie Kent, Dorothy Lyon, Lucille Purkisher, Louise Smith, Emily Southward, Jeanne Stern and Rhoda Wachtel are already making good use of their training in the conduct of their own Girl Scout troops.

Mrs. Zidnik has announced that there will be three very interesting sessions on "1st and 2nd year intermediate and badge work" during the early part of 1956.

Troop News

Troop 7: Mrs. R. Anfuso, Leader; Mrs. R. Smith, Co-Leader. The single-session schedule in school has caused us to lose our regular meeting place. Mrs. H. Feldman of 14 Essex road saved the day for us by generously offering the use of her home as our temporary meeting place. A million thanks to you, Mrs. Feldman!

News of Local Troops

Troop 34: Mrs. M. Wachtel, Leader; Mrs. V. Bracht, Mrs. R. Southward, Co-Leaders. As first year Brownies, we have organized our troop by patrols. We chose patrol names and elected the following officers: 1. Chipmunks — Happy Egger, Leader; Linda Bracht, Hostess; Jane Wachtel, Brownie's Helper; Treas., Madelyn Birnbaum; 2. Butterflies — Leader, Eva Fleetwood; Hostess, Carolyn Cowley; Brownie's Helper, Lynn Ennis; Treas., Carol Thomas; 3. Bees — Leader, Nancy Smith; Hostess, Christine Mendes; Brownie's Helper, Judy Brown; Treas., Kathryn Thrum; 4. Kittens — Leader, Lynn Southward; Hostess, Marya Wasung; Brownie's Helper, Joyce Dausser; Treas., Ariene Arends. We will hold elections every few months so that each one of us will have the chance to hold every office in the patrol.

Our troop committee mothers, Mrs. A. Birnbaum, Mrs. J. Cowles and Mrs. A. Dausser will be "pinned" at our investiture ceremony on November 16th when we will all become official members of the Girl Scout organization. Mrs. J. Zidnik, Training Chairman, will be our honored guest at this important ceremony. Our leaders tell us that we should be very proud of our mothers and thank them for the generous cooperation they have given on every occasion. They have proved that they are all "good scouts!"

DANCERS TO FEATURE ST. JAMES' SHOW. Appearing together on the St. James' stage this weekend are Bunny Sobin, dance-director, and Molly Stasik, a pupil, who has just returned from a successful tour with the Roxyettes.

Dancers to Be Feature of St. James Musical Revue

One of the features of this year's St. James Musical Revue to be held this Friday and Saturday evenings and Sunday afternoon at the St. James School auditorium, will be the choreography worked out by Bunny Sobin, well known local dance director and instructor. Many of the scenes in this year's show include some of Miss Sobin's dance arrangements and add considerably to the very fine presentation this year.

Rehearsals show that the cast and all principals are ready and those who remember last year's successful presentation look for some fine entertainment this week.

Christian Science Broadcast. A Christian Science program entitled "Thanksgiving" will be given over Stations WCBS, New York and WCAU, Philadelphia, on Sunday night, November 20, from 10:30 to 11:00 o'clock on the Columbia "Church of the Air" series. The speaker will be Donald R. Lane of Miami, Florida, where the program will originate.

Both Mrs. Blawieck's and Mrs. Blawieck's fifth graders had a most enjoyable Halloween party. The costumes worn by the children were very attractive.

In Mrs. Blawieck's class, choosing the most original was a difficult task, but after class voting, it was decided that Dina Wicher had the prettiest outfit. Her sister, as Marjorie Washington, most unusual; Leo Tobeolin, scarlet; Raymond Rubash, furnace; and Mrs. Sherry, as a cigarette girl, most original. The success of the party was assured by the careful planning of Mrs. Henry Bonhard, the class mother, and the assistance of Mrs. M. Billet and Mrs. A. Shapiro.

The autumn season has inspired the class to prepare a collection of poems beginning with "O" about November. The poems are being illustrated and many lovely ideas are forthcoming.

CATHOLIC INFORMATION

A Catholic Prayer of Thanksgiving.
The following prayer was composed A. D. 1800 by John Carroll, the first Archbishop of Baltimore. It is read widely in Catholic Churches throughout the United States on Thanksgiving Day:

"We pray Thee, O Almighty and Eternal-God, Who through Jesus Christ Hast revealed Thy Glory to all nations, to preserve the works of Thy Mercy; that Thy Church, being spread through the whole world, may continue, with unchanging faith, in the confession of Thy Name.

"We pray Thee, Who alone art good and Holy, to endow with heavenly knowledge, sincere zeal, and sanctity of life, our chief Bishop Plus-The Vicar of Our Lord-Jesus-Christ in the Government of His Church; our own Bishop; all other Bishops, Prelates and Pastors of the Church.

"We pray Thee, O God of Might, Wisdom, and Justice, through Whom Authority is rightly administered, laws are enacted, judgment decreed, assist, with Thy Holy Spirit of counsel and fortitude, the President of these United States, that his administration may be conducted in righteousness, and be eminently useful to Thy people, over whom he presides, by encouraging due respect for virtue and religion; by a faithful execution of the laws in justice and mercy; and by restraining vice and immorality. Let the light of Thy Divine Wisdom direct the deliberations of Congress, and shine forth in all the proceedings and laws framed for our rule and government so that they may tend to the preservation of peace, the promotion of national happiness, the increase of industry, sobriety, and useful knowledge, and may perpetuate to us the blessings of equal liberty.

"We pray for His Excellency, The Governor of this state, for the members of the Assembly, for all Judges, Magistrates, and other officers who are appointed to guard our political welfare; that they may be enabled, by Thy powerful protection, to discharge the duties of their respective stations with honesty and ability.

"We recommend likewise to Thy unbounded Mercy all our Brethren and Fellow-citizens, throughout the United States, that they may be blessed in the knowledge, and sanctified in the observance of Thy most Holy Law; that they may be preserved in union and in that peace which the world cannot give; and, after enjoying the blessings of this life, be admitted to those which are eternal.

"Finally, we pray Thee, O Lord of Mercy, to remember the souls of Thy servants departed who are gone before us with the sign of Faith; and repose in the sleep of peace... Through Jesus Christ, Our Lord and Savior. Amen."

Herbert Feld Lumber Co. Relocates in Springfield

Herbert Feld Lumber Co., formerly on Rt. 22, Kenilworth, has announced the opening of their new showroom and lumber yard at Rt. 22 and Dundar Rd., Springfield, in the rear of the Gem Shoe Store. The company, which was founded in Newark a quarter century ago, made this move to remove the costly overhead associated with many retail operations, and permit low, direct to consumer prices.

Feld Lumber Co. will carry a complete line of nationally advertised building supplies, lumber, wallpaper, hardware, accessories, electrical equipment etc. Among the names represented will be Youngstown kitchens, Aristo-Built unpainted furniture, Dutch Master and Red Devil paints, Formica, Stanley tools, Imperial wallpaper, Sanitas, Walltex, Schlage hardware, and Quicksit locks.

Irving Greenbaum, Vice-President of Feld Lumber announced, "Our sole aim in this recent relocation was to give the customer the most for his money, and the best service on Rt. 22. We cut our overhead to bare necessities in our new place. It may not look very fancy, but our values are sure to please any homeowner. So far the public has concurred in our view that they are far more interested in solid value and low prices on top quality national brand merchandise than in fancy fixtures."

Feld Lumber is staffed by qualified people in the home building and repair field, who are available for consultation on your problems.

Howard Kiesel, Hillside ave., Springfield, who is associated with Jay Victor Advertising, is Advertising Representative.

Herbert Feld Lumber Co. is located at the intersection of Route 22 and Dundar Rd. in the rear of the Gem Shoe Store.

Thanksgiving Service Announced by Church
A Community-Union Thanksgiving service for Springfield and all visitors interested will be held at the First Presbyterian Church on Wednesday night, Thanksgiving Eve, November 23rd, at 8:00 o'clock, with the Rev. Mr. David Sageser of Springfield as guest speaker. The Rev. Mr. Bruce Evans, pastor of the Presbyterian Church and the Rev. Dr. Marvin Green, pastor of the Methodist Church will also participate in the worship service. The Chancel choir of the Methodist Church under the personal supervision of Mr. W. N. Barz, organist, will render special music.
Mr. Sageser is at present with the National Council of Churches with offices in New York City, serving as Executive Director of the Department of Campus Life. His job takes him to college and university campuses all over America. Mr. Sageser came to Springfield from Cincinnati, Ohio, where he supervised the religious activities of several hundred Methodist students on the University of Cincinnati campus.
A cordial welcome is extended all residents of the Township to attend.

Miss Briggs Still Takes An Interest

When Miss Phoebe Briggs was forced by ill health to retire from active leadership of the Free Public Library of Springfield, she did not lose her interest in the work there. In fact it was due to Miss Briggs' friendly manner and desire to serve the community that the Library made so much progress in its early days and is so popular today.

As soon as Miss Briggs recovered enough to take over light duties, she was back on the job part of the time. Now she comes about noon three days a week for a few hours. During this time she has given valuable advice to individuals about genealogy and the history of Springfield. These are two of her hobbies.

Now she has found another use for her encyclopedic knowledge of the town. Miss Briggs has compiled a directory which will be kept up under the direction of Mrs. Mary Manuel. Already this directory has been used to solve an important question. One chain store needed to know the presidents of women's organizations in Springfield. It was in the Directory. In addition, individuals have been guided in selecting services needed.

Miss Briggs' Directory and the Community Calendar in the Reference Room are tools which should help make the Springfield Library a true center of information. The public is invited to consult both either in person or by telephone. And readers of the Springfield Sun or of the Public Library may wish to suggest dates for the Calendar or items to include in the Directory. Everyone can help to keep it up to date.

PLEDGES SORORITY — Doris Yvonne Rossetti has been pledged to Phi Mu, national social sorority at Bathany College, West Virginia.

Miss Rossetti, who graduated from Regional High, was a member of the Honor Society and worked on the Dayton-News. She is the daughter of Mr. and Mrs. William R. Rossetti of 18 Henshaw avenue.

United Nations Observer to Speak Here

"The United Nations and You" will be the topic of a meeting of the confraternity of Christian Doctrine of St. Teresa's Church to be held tomorrow at 8:45 p.m. in Holy Name hall, Locust drive.

Mrs. Henry C. Barkhorn, an official observer for the National Council of Catholic Women at the United Nations, will be guest lecturer. Mrs. Barkhorn, a resident of Newark, has travelled extensively abroad attending sessions of Parliaments at Paris, the Hague, Bonn, and was a delegate to International Federation of University Women. This year she attended United Nations sessions.

Sunday Concert at Newark Museum

"An Hour of Romantic Music" will be heard at the Newark Museum on November 6 at 4 p.m. as the first Sunday Concert in the Tree series under the musical direction of Dr. Alfred Mann. The program will include works by Chopin, Szymanowski, Debussy, Schubert, Schumann, Kodaly and Bartok played by Joseph Kovacs, violinist, and Halina Neuman, pianist.

Both musicians are New Jersey phonians.

Geneva and visited international headquarters there.

Mrs. Barkhorn is a former president of New Jersey State Division of American Association of University Women and vice chairman of Newark Chapter American Red Cross; lecture chairman, Catholic Forum, Newark.

Rev. Harold A. Murray is moderator.

Columbia Lumber Awarded Lowe Brothers Franchise

Columbia Lumber and Millwork Co., established in Springfield during 1938 by the late Mr. Jacob Goldman, has been awarded an exclusive franchise in the area for Lowe Brothers Paint.

Lowe Brothers has been in existence for over 80 years, gaining a reputation in the industry for high quality "inside" and "outside" finishes. This year, Edgar W. Pasig, General Superintendent of Lowe, was awarded the Heckle Award by the National Federation of Paint and Varnish Clubs for his leadership in developing new formulas. This year has also seen an expansion of Lowe Brothers' retail activities, backed by a national advertising campaign and local tie-in activities.

Among the many features of these new products, now at Columbia, is a new system of paint display. The homeowner can choose from 1300 interior and exterior tints. Matching and contrasting colors, custom-made to individual home decors are readily available. Columbia has a full stock and can fill orders immediately.

Columbia Lumber, which also carries a full line of building materials and do-it-yourself products, is managed by Jack Schwartz, Gerold Goldman, and Marvin Goldman. Leo Shipner is in charge of retail sales.

Overlook Renal Search Continues

Overlook Hospital has recently received word of the renewal for 1956 of the Public Health Service research grant to the hospital's Renal research unit under the direction of Dr. Jean Oliver. The Public Health grant, chief contributor to Dr. Oliver's research, comes through the National Heart Institute which distributes the largest amount of money being spent in the United States for investigation into the causes of heart disease.

The Renal research unit probes into the functions and diseases of the kidney which forms an integral part of the circulatory system. The unit also receives grants from the Life-Insurance Medical Research Fund and from the surgeon general through the Armed Forces epidemiological commission.

Commenting on the renewal of the Public Health grant, Robert E. Heinen, director of Overlook Hospital, said, "President Eisenhower's recent illness and his analysis by Dr. Paul Dudley White, Boston heart specialist, has emphasized the importance of research such as that done by Dr. Oliver at Overlook. The attention of the public has been centered upon the lack of knowledge concerning the causes of heart disease and the necessity of additional research before any program of prevention can be instituted. Overlook is proud to be associated with this important work."

Dr. Oliver, who has lived in Summit for over twenty years, recently moved to Buxton road in Chatham Township. Mrs. Muriel G. MacDowell, his research associate for 23 years, lives in Maplewood; their secretary, Mrs. Christine Keith, is a resident of Summit.

The story of the establishment of the Renal research unit at Overlook goes back to 1953 when the two new medical-surgical wings of the hospital were completed, making possible the transfer of all patients from the old building. Arrangements were made at that time to use some of the vacated space for Dr. Oliver's research. The unit, located on the top floor of the old building, consists of laboratories, animal quarters, and offices; and is equipped with the most modern experimental facilities.

Dr. Oliver, distinguished service professor of pathology, emeritus of the New York State University Medical School, has retired from the university and gives full time to the method of kidney research for which he is internationally known.

Scientists from many foreign countries, including England, Belgium, France, Holland, Denmark, Sweden, Switzerland, Italy and Japan, have visited the unit. Correspondence is being carried on with scientists in Chile, Brazil and India. Requests for reprints of Dr. Oliver's articles have been received from behind the iron cur-

Safe Winter Driving Facts

Power brakes and power steering can get you into trouble when driving on ice because they make it easier to over-control.

That fact is pointed out by the National Safety Council in a new booklet on winter driving hazards, based on 16 years of actual research on frozen lakes.

"This will be the first winter during which a large number of cars equipped with power brakes and power steering will be on the road," said Arnold Vey, director of traffic and transportation for the Council.

"Many drivers have not been adequately instructed in using the new equipment, especially under winter conditions. We need a new look at some of the ABC's of driving—today's cars safety and skillfully."

The Council's winter driving booklet covers the ABC's in detail, emphasizing the necessity to practice smooth driving all year so that it is a habit when roads are slippery.

Over-controlling is one of the chief winter driving errors, according to the Council. Starting, stopping and changing direction suddenly causes many damaging and sometimes fatal skids.

Since power brakes and power steering make it easier to lock the brakes or over-steer as the result of a panicky reaction to an emergency, the Council's booklet recommends that drivers practice using a deft touch on such devices.

Automatic transmissions and hydraulic drives give good starting control on ice and snow, the booklet states. However, if your car has "fuel range" transmission it is recommended that the lower or "S" range be used on slippery surfaces.

Here are some tips from the booklet on starting, stopping and steering.

STARTING — Adjust the seat correctly so your foot rests fully and easily on the accelerator. Feet go slowly and smoothly to avoid spinning the wheels. With a gear shift car, start in second. Don't let the clutch pedal out fast. It does no good to lower tire pressure on modern tires. Snow tires may help, and tire chains definitely will.

STOPPING — Learn the technique of pumping your brakes. Apply the brakes quickly (lock them) for an instant, and as quickly completely release them for an instant. Repeat this on-off action rapidly to a full stop. The effect is to give short intervals of maximum braking, alternated with short intervals of effective steering when wheels roll. This pumping method is especially important with power brakes.

Council tests have shown that reinforced tire chains cut brak-

Your Library

Usually the tempo of library activities increases during Book Week. So far the Springfield Free Public Library is no exception. Children are coming in to join and to claim Book Marks from Mrs. Simmons, the Children's Librarian.

The book display in the adult department has attracted the attention of a number of readers. The books from this were put into circulation on Wednesday. Part of this exhibit will be taken to the P.T.A. Meeting at the Florence Gaudinier School on Monday, November 28.

This week the exhibit space in the adult department will be given to pamphlets published by the Science Research Association. One series of these is known as BETTER LIVING BOOKLETS. These booklets are particularly interesting to parents, but many young people find them helpful in preparing school papers. The following sample titles will give some ideas of the types of topics included: "Helping Youth to Choose Careers," "Helping Brothers and Sisters Get Along," "Overcoming Prejudice," "Parents and Teachers as Partners," etc.

Another series under the general heading of LIFE ADJUSTMENT BOOKLETS includes "Understanding Politics," "You Can Read Better," and "Facts About Alcohol."

Along with the pamphlets will be some new books on child care and welfare. These will be described in next week's column.

This week there will be two sections of the Pre-School Story Hour, one at ten o'clock and another at eleven o'clock on Friday, November 18. The stories will be identical so the children three to five years old may come either time. Next week there will not be a story during the Thanksgiving recess.

Dick Sherry Gets Navy Commission

Springfield P.B.A. Holds Annual Turkey Shoot

Local P.B.A. sharpshooters held their annual turkey shoot at the Springfield Police range in the North Jersey quarry on Sunday, November 13.

Many of the local merchants donated prizes for the shooting contest. Among them was Mallock's Pork Store, Casale Farm, Grand Union, Safeway, Springfield Market, Spang's Farm, Befe Poultry, Howard Johnson, Nagel's, Center Meat Market, Old Evergreen Lodge, Beckman and Conte's Delicatessens, Suburban and Maton's Liquor Stores and the P.B.A. themselves also donated two turkeys.

Winners in the contest were: Edward Roessner, George Parsell, Capt. Selander, Robert Polewka, Harold Searles, Andrew Eckert, Thomas Kennedy, John Wentz, Louis Quinton, Edward Kallens, John Hansen and Earle Hendrickson.

EYES ON TARGET!—Members of the Springfield P.B.A. Local #76 line up on the firing line in competition held last Sunday. Pictured from left to right: Sgt. Sturm, Robert Polewka, George Selasal, Captain Selander, Les Bell and Ed Roessner.

After receiving a Doctor's degree from his Alma Mater, he served his country with distinction in World War II. Upon his discharge, Professor Karbobo returned to Rutgers to assume his present position in the Rutgers-Extension Service.

Letters to Editor

Nov. 13, 1955

Dear Editor:

I would like to take this opportunity to answer the article, "Catholic Information."

First of all I would like to congratulate the St. James Catholic Information Bureau for using the Protestant King James Version of the Bible in their quotations, Matt. 28:19-20 in their Catholic Information last week. However, the verses that were quoted were not misquoted but a sentence was left out in the middle of the quotation: "I am a member of the new Springfield Baptist Church," and as an immersed Baptist, I believe that the sentence that was omitted was deliberately left out. I say deliberately because when you read, you don't stop after a comma and then continue again in the middle of a sentence. That's exactly what was done in this quotation from the King James Version. If the writer will look up his own Douay-Reims Catholic Bible, the sentence omitted is exactly the same word for word.

As a member of the new Baptist Church in Springfield the sentence omitted is very important. The sentence omitted was "Baptizing them in the name of the Father, and of the Son, and of the Holy Ghost." I would like to quote the great commission from Matt.

28:19-20, and remember above all that this is a command from our Lord Jesus Christ. "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and lo, I am with you always even unto the end of the world. Amen."

This new Baptist Church in Springfield stands on the Word of God alone. We will never be guilty of taking context from text. The Bible teaches Baptism, and that there is salvation in it because the only means of salvation is our faith in Jesus Christ. Douay-Reims Catholic Bible Ephesians 2:8-9—King James Protestant version Ephesians 2:8-9. This new Baptist Church teaches Justification by Faith only, because our Bible tells us so. Jesus himself was Baptized. Matt. 3:16-17 both Douay-Reims Catholic version and King James Protestant version, and please take note: our Lord Jesus Christ after being Baptized "immediately came up from the water." This certainly indicates that Jesus was immersed completely. Furthermore, the word Baptist is a Greek word

which means immersed. So you see this new Springfield Baptist Church, which meets in the Florence Gaudin School every Sunday, until we build our own church believes in Matt. 28:19-20 in its entirety and is obeying our Lord Jesus Christ by teaching the word of God, and when a person believes in Christ with all their heart, then we baptize them in the name of the Father and of the Son, and of the Holy Ghost.

Educator To Talk To Lions Club Fri.

According to Albert Eler, first vice president and program chairman, another unusually entertaining evening awaits local Lions Club members at their weekly dinner meeting at the Orchard Inn tomorrow night.

Arrangements have been made for the well known educator, Dr. Raymond Karbobo, "Professor of Ornamental Horticulture" to present his specialty lecture known as "Flannel-Graph" at that time. "Flannel-Graph" is the title given to the professor's original and unique method of presenting the "portrayal of how to plant material in the landscape picture."

Professor Karbobo, who is a graduate of Rutgers University, was associated with Turner Brothers of Long Branch New Jersey as Landscape Architect for several years following his graduation.

Regional Students In All-State Band

Two students from Regional High School, Joan Wagner and Monroe Grotzky spent three days last week in Atlantic City rehearsing with the All-State High School Chorus and Orchestra. They have positions with the orchestra through competitive auditions in which over 2,000 students tried out. The Atlantic City rehearsals culminated in a concert on Sunday in Convention hall before thousands of attending members of

Three-Way Tie For First Place In Municipal Bowling League

The Community Shoppe, Mendel's Florist and Suburban Liquors now share the overcrowded first place position in the local bowling league. The scramble for first place was the result of last Monday's bowling games in which the Community Shoppe took the measure of Anderson & Son in two of the three games. Meanwhile, Mendel's team was doing the same to Bunnell Brothers and Suburban Liquors likewise taking two of three from Frank's Auto.

D'Andrea Drive ways also showed their strength, by bumping Clare Mould in two games, Cuzzolino Furs took Parkview Garage in two games and the American Legion took all three games from the previous front-runners, Springfield Market.

League Notes—Community Shoppe beat their previous high team game of 1020 with a 1039 game. Kugelmann of the Community Shoppe tied Jac'vovitz of Mendel's for the high individual game of 255. The individual high three-game series previously held by Art Mutchler of Springfield Market was beaten by George Schwendt of Frank's Auto with games of 208, 209, and 201 for a 618 series. In individual games over 200—F. Kuss, Clare Mould, 227; M. D'Andrea 211; C. Pacifico,

Rahway-Regional To Attract Crowds

Upwards of 10,000 football fans will attend the Rahway-Regional game on Thanksgiving Day. The big game will start at 11:00 A.M. in order to accommodate the overflow through anticipated extra police protection from the Springfield Police and the Union County Park Commission will be on hand to control traffic and over-rapid fans. The winner of the Thanksgiving game will be declared the Group III State Champions.

New Jersey's Garden State Parkway will become a leading link in a new travel route between New England and Florida by virtue of projected connections at the superhighway's extremities. The Parkway is to connect with the New York State Thruway at its northern end and is to tie in with a proposed Delaware Bay ferry service between Cape May, N. J., and Lewes, Del., at its southern end.

\$10 Home Air Raid Alarms Seen Within Next Few Years

Engineers working with the Federal Civil Defense Administration now are convinced that within the next few years, 99 per cent of American homes can be equipped with a warning signal to alert families of enemy attack or a civil defense emergency that will cost less than \$10.

Research funds for a home warning system were made available for the first time under the current FCDA budget, although studies in this field have been under way almost from the time civil defense was first organized. FCDA's Warning and Communications office has long recognized that the present system of siren warnings is not completely adequate in that it cannot reach all areas and that the sirens are not always audible to many people who are indoors.

To Supplement Sirens Since the goal is to alert 100 per cent of the population in times of possible danger, it is accepted that an indoor signal must be developed which will supplement the outdoor sirens, or warnings broadcast by radio. FCDA does not envision the indoor signal system as supplanting other warning methods. Instead it is thinking along the lines of a signal to call attention to the possibility of impending

danger and to make sure that everyone gets the information which is being transmitted by radio or other means. Obviously such a system would have a value beyond its use in event of enemy attack. It could be used to alert the public in time of immediate danger and send those at home to their radios where they would hear bulletins and receive instructions.

To Test in West Tentative plans are under way in the western community for a test of one type of home signal. Sponsors of this particular test originally conceived it for use as a warning against tornado danger but are now revising their plans to incorporate the device into the civil defense program.

These studies included various types of warning devices, using electric power lines, telephones and radio. More than 100 such devices have been suggested within the last three years—even one that would use water supply lines and by varying the pressure create a pulse which would activate an alarm.

For the most part, these suggestions fall into two categories. Either they work well but are too costly, or they could be produced cheaply enough for mass acceptance, but have not proved en-

tirely workable. Use Power Lines The Michigan study concluded that a system could be developed that would warn more than 99 per cent of the people in any target area, at a moderate cost. It suggested that the plan of using electric power lines was the best of the systems suggested and that such a system was technically possible. The study pointed out that factors other than technical or economic will enter into the feasibility and effectiveness of any warning system and suggested that a large scale test should be made. The home signal device would be priced under \$10—and would use a negligible amount of electrical power. One of these devices has been successfully tested on a small scale.

Rec. Commission Plans Cage Clinic

The Springfield Recreation Commission will hold a "Cage Clinic" on Tuesday evening, November 22nd, at the Florence Gaudineer School. The clinic is open to all residents of the township, especially fathers of boys who are in the 8 through 15 years of age group.

Edward Ruby, director of Leagues, has invited Lou DeRosa, Regional High School basketball coach, to conduct interpretations of all rules, with the help of the Regional High School varsity.

A well known cage official will give the rules of the game as well as violations. The clinic will start at 7:30 P.M. sharp, with the school doors opening at 7 P.M.

The Springfield Recreation Commission will again sponsor a basketball program for the "small fry" on Saturday mornings, with the older and bigger boys playing league games on Tuesday and Thursday evenings at the Florence-Gaudineer School.

Booster Football Dance Date Set

The Regional High School Booster Club will hold their 18th annual football dance on Thanksgiving night at the Regional High School gymnasium.

Don Gibson's Orchestra will furnish the music, with the affair to start at 8 p.m., continuing to midnight.

Valuable door prizes will be given away, with the Regional High School varsity, coaches, cheerleaders and alumni expected to be on hand to celebrate a possible victory over Rahway in the morning.

The entire proceeds of the dance will go into the Regional Booster Club fund.

STATE OF NEW JERSEY EXECUTIVE DEPARTMENT PROCLAMATION

WHEREAS, the appalling traffic toll of deaths and injuries on New Jersey's streets and highways reaches its peak each December, with the Christmas and New Year holidays a time of greatest danger for motorists and pedestrians; and

WHEREAS, the President of the United States has designated a national Safe Driving Day on December 1, to be preceded by ten days of preparation for making this day accident-free in every city and town in America and to be followed by ten days of continued observance; and

WHEREAS, the true spirit of this festive season requires that everyone be constantly mindful of the need for moderation in all things lest through some careless or heedless actions these highway tragedies again will darken the holidays for so many;

NOW, THEREFORE, I, ROBERT B. MEYNER, Governor of the State of New Jersey, do hereby proclaim the six-week period from

NOVEMBER 21, 1955, through JANUARY 2, 1956 as a time for every New Jersey resident to dedicate himself to making Christmas peace and good-will a reality on our streets and highways;

AND FURTHER, I call upon the people of New Jersey, whether drivers or pedestrians, to observe national Safe Driving Day on Thursday, December 1, by showing such care and consideration for one another as to keep our communities free of traffic accidents;

AND FURTHER, I call upon county and municipal officials to join with State officials in employing every available means for traffic accident prevention during this period, with particular emphasis on rigid enforcement of all traffic regulations. And in support of these officials, the facilities of all media of public information, organizations, and groups of every kind are needed to keep the traveling public continuously alerted and informed concerning the avoidance of holiday hazards;

AND FURTHER, I call upon every citizen of New Jersey to participate, personally, in this Christmas Safety Campaign by: (1) cooperating fully with the public safety officials of our State; (2) avoiding any careless action, especially the unwise and excessive use of intoxicating liquors, when using the streets and highways; and (3) discouraging others, particularly guests at holiday festivities, from indulging in alcoholic beverages to the extent that their safety and the safety of others on the streets and highways might be impaired.

GIVEN, under my hand and the Great Seal of the State of New Jersey this first day of November, in the year of Our Lord one thousand nine hundred and fifty-five, and in the Independence of the United States, the one hundred and eightieth.

Governor

Will your football hero make the varsity?

This simple plan — if started now — will give your child the chance he deserves.

The score is 12-7, 4th down and goal to go. The center snaps the ball, the quarterback plunges over — winning the game for the home team! The stadium goes wild — cheering your son, the hero of the big Thanksgiving game.

Isn't this a dream you've always cherished? Most parents have. And the chance to star in varsity football is just one of the many opportunities open to the boy that goes to college. There are far more important values to be gained, too, values you don't want your son to miss out on.

Here's an easy way for you to give your child a college education. Get together the necessary money through the Payroll Savings Plan. And the sooner you get started, the easier it will be. We'll say your son is 8 years old. If you start today to save \$7.50 a week through Payroll Savings, you'll have an educational fund of \$4,277 in time to start him off to college. If your child is only 2, save \$3.75 a week and in 15 years you'll have \$3,600.

You must take the first important step. Tell your pay office how much you want to save each payday. After that, the rest is automatic. Your company will invest your money regularly in U.S. Series E Savings Bonds which they'll turn over to you. On this safe and systematic savings plan, your child's college education will be provided for by money you won't even miss.

The easiest time to save is now — when you're earning more than ever before. The easiest way to save is by investing in Savings Bonds through Payroll Savings.

Make tomorrow's dreams come true
by investing today in U. S. Savings Bonds

SUNNING SPORTS

By RITCHY SCHWARTZ

After Saturday's Regional Linden football game, it is positively true that the Bulldogs are a second half ball club. The Lindeners, who incidentally wear uniforms that look like holdovers from a Halloween party, started off like they were really going to tear up the pea patch. At a few points in the first quarter I closed my eyes and murmured a prayer for Springfield. Those of you who didn't attend the game missed something. If you think that Regional supports a big team, you should take a gander at that Linden club. Giants, football giants in Halloween costumes.

The score became 7-0 Linden in the opening quarter when Joe Stiglich of the opposition carried over from the five, climaxing a terrific bit of plowing by the Linden team. Regional had numerous opportunities to score, but the Bulldogs couldn't penetrate that Linden defense.

I don't know what Coach Mike Suchena told his squad during intermission, but whatever it was it got results. The boys took the field for the second stanza of play like a pack of hungry bears. Still, if it wasn't for Linden's sloppy play the outcome of the contest may have left the home team the victors. But that's the breaks of the game, and Regional got plenty of them last week.

Springfield took over possession of the ball on Linden's 21, and after a Carpenter to Castaldo pass which put the pigskin on the seven, Ronny Coles got it over after two tries. Two plays later Regional again had the ball when Joe Sista recovered a fumble on the Linden 44 yard line. Carpenter then threw to Curt Merz on the twenty who eluded the grasp of a defender and galloped for the tally. Near the end of the third quarter Ray Stiglich in the kick formation, had the ball kicked over his head and was tackled on the one to set up another Orange and Blue score. This touch-down marked the last scoring play of the game, and the final stood Regional 19-Linden 7.

On your way home pick up a supply of heavy wrapping paper, sturdy empty cartons, strong cord and kraft paper adhesive tape. A modest investment in these necessities will pay big dividends in safe delivery of your cherished Christmas gifts.

After your gift wrapping and packing is complete, plan your mailings so that those for the most distant points go first. Try to get all long distance mailings into the Post Office before December 5th and those for nearby points should be mailed by December 10th. You'll be glad you did.

hand of the law clamp down on us because our two boys, four and ten years of age had a rabbit in the back yard as a playmate, and the presence of a chicken almost caused the calling out of the National Guard. We complained about some of our neighbors here's hoping.

At this time I would personally like to thank Coaches Mike Surichan, Lou DeRosa, and Walter LaFrance, who have all been of the utmost assistance to me in the writing and witnessing of the games. They are a great bunch of leaders, and there isn't one boy on the squad who isn't proud to be working under them.

As the uneven thud of the football grows dimmer and dimmer, the rhythmic pounding of a basketball is being bounced into the Regional sports spotlight. Sectional Champions last court season, the Springfield Hoopsters will again be in contention for State honors. Gone are Joe Schafertorn, six foot four star center, and Tom Casale, a shifty backcourt man. But returning to the team are Ron Goulcher and Les Lunn, the seshot demons. Curt Merz, a rugged individual who will be the giant of the squad. Carl Ford, fast and hard-driving. Bob Boyles, a boy who with half a chance should shine. And Richie Walker, tall and aggressive.

Beside these standouts of the last campaign the team will be bolstered by Junior Varsity stars who will be fighting for Varsity berths.

Coach Lou DeRosa has great material this year and with his superb guidance the team should prosper.

boards building ditches so that flood conditions would find all the water cutting on our property. Construction of a retaining wall to keep out some of this overflow from Backyard will probably be found on the agenda at the next meeting of the Big Four in Geneva.

"Anyway," continued Mrs. Democrat, "we're going to sell our Springfield house and move down the shore. And we mean it when we say 'no discrimination.' Our price is \$23,000 and it is for sale to anyone who pays what we are asking."

Basketball for 7th and 8th Grade Girls

Basketball for seventh and eighth grade girls will be conducted at the Florence Gaudineer School on Monday evenings, 7 to 8:30 p.m. under the guidance of the Springfield Recreation Commission.

Girls interested should report to the Gaudineer School on Monday evenings at 7 p.m. with uniforms and sneakers. Instruction and fundamentals of the game will be taught by a physical education instructor. The girls will be divided into four teams, with regular competition every Monday evening.

A PROCLAMATION

WHEREAS: the health of our nation is of vital concern to the community and the nation, and;

WHEREAS: Thanksgiving week will mark the annual house-to-house campaign by Muscular Dystrophy Associations of America, Inc., to combat the dread disease which has stricken more than 200,000 Americans—a majority of them children—and;

WHEREAS: this campaign offers a source of hope that these innocent youngsters, most of whom are doomed to crippling and death before reaching maturity, may yet be spared through extensive research programs made possible by contributions to in the 1955 March for Muscular Dystrophy;

WHEREAS: success of the appeal means important advances in the fight against this relentless, crippling, all persons who can give at least two hours of their spare time are sought as Volunteer Marchers the March for Muscular Dystrophy, and;

NOW, THEREFORE, I, Mayor Albert G. Binder, do hereby urge all citizens of Springfield to join as volunteers in the 1955 March for Muscular Dystrophy.

In WITNESS WHEREOF, I HAVE hereunto set my hand and caused the seal of the Township of Springfield to be affixed this 17th day of November, 1955.

ALBERT G. BINDER,

Mayor of Springfield
