THIS WEEK

Saks Fifth Avenue is now practically "a member of the family." Concessions have been made by everybody and now, except for a few necessary enabling moves, this nationally known retail establishment should be ready to start building operations in Springfield very soon.

The next move by Saks will be to submit complete plans and make application for a building permit.

Considerable credit for making all this possible is due all members of the Board of Adjustment whose job it was to carefully consider the application for zoning variance, to Mayor Albert G. Binder and Township Committee members Raymond Forbes, and the other members of the governing body who spent so much time in conferences, hearings and other meetings.

A "pat on the back" is due the property owners in the area who organized to see that their rights were safeguarded. Their objections were given every consideration and most of their demands were met; there will be no entrance to the Saks area from Short Hills Avenue, Baltusrol Avenue will not be used for ingress and egress, a six-foot fence will be placed around the entire Saks area and there will be a buffer zone where residences abut the property.

Never in the history of Springfield—or any community, for that matter—has an organization been so cooperative as Saks Fifth Avenue in working out the kinks in what will be the biggest "deal" the Township has had. The reported purchase price was "no bargain," as real estate values go, but the Saks people have a potential in an area and Springfield evidently was the favored target for future development.

The usual obstacles delayed the deal—variances in zoning were necessary and a great number of people in the area of the project had to be considered. They made no arbitrary demands and agreed to concessions so that the deal could be consummated.

All this was made possible because Saks Fifth Avenue sent in their first team—the top echelon—the top drawer executives to sit in the many conferences.

Adam Gimbel, president of Saks Fifth Avenue and one of the greatest names in retail store operation, though Springfield's potential—important enough to come here for several of the meetings. Mr. Gimbel thought this matter was urgent enough to make the trip here on Saturday afternoons and his personal interest was largely responsible for resolving a great many of the problems.

With Mr. Gimbel came another top executive, Louis Broido, executive vice president of Saks Fifth Avenue, who attended some of the hearings and spoke on behalf of the organization, painting a factual picture of what they hoped to do in Springfield. Mr. Broido delivered one of the most interesting (Continued on page 13)

E. T. Spinning, Another Noted Citizen, Dies

Springfield lost another important and leading citizen when Everett T. Spinning, one of the Township's pioneers, died at the Garden Terrace Nursing Home in Chatham early yesterday morning. Mr. Spinning was 75 years old last December and has been ailing for some time at his home here, 265 Short Hills Avenue.

His death means a great loss to Springfield, having played a very important part in the civic and governmental affairs in Springfield until 1949. He had been magistrate here for 25 years until the organization meeting of the Township Committee in January of 1949.

Funeral services will be held at 2:30 p. m. Saturday from the Young's Service Home at 145 Main Street, Millburn, with Rev. Bruce Evans of the Springfield Presbyterian Church officiating. Mr. Spinning was a member of the Presbyterian Church. Interment will be in Fairmount Cemetery Newark.

Mr. Spinning was a member of the Passaic Valley Chapter of the Sons of American Revolution, the Springfield Volunteer Fire Department and Exempt Association. Special services will be held Friday evening at 7:30 p. m. from Young's Service Home.

The dinner will start at 7 o'clock with the dancing program set to get under way at 9. Senator Forbes will be the only speaker on the program but all Republican candidates in Springfield and this area are expected to attend and will be introduced to the diners but no other speeches will be permitted, according to members of the arrangements committee.

County Candidates At Large Meeting

The Springfield League of Women Voters is one of the eight Leagues of Women Voters sponsoring the Union County Candidates meeting which will be held on April 11 at 8:15 p. m., at the Grant School Auditorium in Westfield according to announcement by Mrs. Roy Germanian, President of the local league.

This is one of the services of the League to the public and is under the supervision of the Voters Service committee. Mrs. David T. Stammelman, chairman of the Springfield League, urges all voters to take advantage of this opportunity to meet the candidates for congressman, state senator, and three freholder seats. At this meeting in Westfield everyone has a chance to see, hear and ask questions of the candidates.

On the Board of Freeholders this year three regular vacancies are to be filled. The Board comprises nine members, three of whom are elected each year to a three year term.

The contest for State Senator is approximately for a full four year term to fill the seat left vacant by Senator Kenneth Hand, recently appointed a judge at the beginning of a new term to which he had been re-elected.

Candidates for the Congress are trying for a two year term from the sixth congressional district.

The eight Leagues sponsoring the County meeting are Springfield, Elizabeth, Linden, Plainfield, Summit, New Providence, Cranford and Westfield.

Those wishing to attend from Springfield who need transportation may call Mrs. David T. Stammelman, Drexel 6-5973. She is being assisted in the Voters Service committee by Mrs. E. E. Andrew and Mrs. N. Hart.

Free Vaccine Shots To Start Early In May

Forms, requesting free Salk vaccine shots for all children of "ages one through fourteen and pregnant women," have been sent to residents of Springfield and the program of administering these "first shots" are expected to start some time in May.

Word has been received from the New Jersey State Health Department that the vaccine would be available in the latter part of April or early in May.

Officials of the local Board of Health pointed out yesterday that only "those who have NOT had the first shot of vaccine are eligible and that children of ages from one through fourteen and pregnant women may fill in and return these consent slips." It was also pointed out that "Springfield residents only" will receive the shots.

The consent forms have been placed in the mails but those who have not received them, may obtain them by applying to local school offices, the Board of Health in the municipal building, the Public Library and various church groups.

The form states that "this will be a first shot administration only, and there is no assurance if, or when, second shots will be made available. Children who have received previous shots, either at school or elsewhere, will not be able to secure additional shots at this clinic.

The consent forms should be returned to the Board of Health, Municipal Building, by April 10.

Following is the letter received from the State Department in response to a request from the Springfield Board of Health asking that the vaccine be made available for the free Salk Clinic in Springfield for the immunization of children here:

Dear Mrs. Worthington:
Your 3/22/56 letter received. (Continued on page 13)

Township Approves Variance For Saks

Saks Planning New Street To Morris Avenue

With the acceptance of the Board of Adjustment's approval last night of a zoning variance for the Saks Fifth Avenue Store contemplated building here, came the announcement that Saks executives were negotiating with owners of property that would permit the construction of a new roadway from their parking lot giving egress and ingress to Morris Avenue.

An entrance to Short Hills Avenue was first considered and then eliminated from the variance application. Continuation of Baltusrol Avenue to the Saks property was discarded and the Saks people returned to their first plan for ingress and egress—a new roadway connecting the Saks property to Morris Avenue.

Owners of the property needed for such a roadway are said to have come to terms with the Saks organization this week and the plan as thoroughly discussed when the entire project was first considered, is to have a road constructed with an entrance on Morris Avenue which would connect with the Saks property providing an easy flow of traffic.

This new street would run about parallel with Baltusrol Avenue and cut into Morris Avenue through the Ideal Florist property owned by Theodore J. Conklin and the Henry Grabarz land. Just enough of this land is being purchased by the Saks organization to construct a 50 foot roadway which will relieve some of the traffic load on the Millburn Avenue side.

A new road was the subject of discussion when the Saks matter was first under consideration in Springfield. There was some doubt, observers reported, that necessary property would be sold off by the land owners for a fifty-foot road. This idea was abandoned and the plan for an entrance to Short Hills Avenue explored.

Residents in the Tower Drive and Short Hills Avenue area objected to this phase of the proposal on the grounds that added traffic would be a hazard to the neighborhood and it was then decided to return to the original idea of procuring enough property for another road from Morris Avenue.

Both Conklin and Grabarz have been ardent boosters of the proposal to bring Saks Fifth Avenue to Springfield and negotiations for the purchase of part of their property this week resulted in an immediate deal, according to reports.

Opening of this new road will permit proper policing of the big Saks project in addition to relieving Millburn Avenue of the full pressure of the traffic load. It will also enable the fire department and other services to reach the Saks area without being compelled to travel all the way to Millburn Avenue to gain entrance.

The new road property has been purchased by the Saks organization but the maintenance of the thoroughfare will be the responsibility of the Township which, according to one high Springfield official, "will be very little for Springfield to spend in view of the enormous rates we are getting (Continued on page 13)

Saks Fifth Avenue is coming to Springfield. The final hurdle was passed last night when the Township Committee accepted the recommendation of the members of the Board of Adjustment who, last Thursday evening, approved the request for a variance in the zoning to permit the construction of a retail store on the property known as the Anderson tract. This property has a frontage of approximately 600 feet on Millburn Avenue.

The approval of the variance last Thursday came after Saks Fifth Avenue officials, members of the Board of Adjustment, Township officials and property owners in the immediate area worked out an acceptable formula for all concerned. Residents in the vicinity of the proposed retail establishment presented a series of objections which they asked be considered by the Saks organization to "safeguard the rights of property owners." Conferences were held and the property owners presented their protests at a public hearing.

Property owners prevailed in practically all of the important objections and the approval of the variance last Thursday eliminated many of the proposals first requested by the Saks executives.

Residents on Short Hills Avenue objected to the plan that called for the purchase of property on that street to provide ingress and egress to the Saks property with traffic to be funneled off into that thoroughfare.

The variance granted by the Board of Adjustment last Thursday and accepted by the Township Committee last night does not include an entrance to Short Hills Avenue and there is no plan to use this thoroughfare for traffic into the Saks parking lot.

The residents asked for a buffer zone and the Saks organization made this part of the variance application. In addition to the buffer zone the Saks people have agreed to construct a six-foot fence about the property.

The property owners also objected to opening up the remainder of Baltusrol Avenue. The Township authorities and Saks executives agreed to this stipulation and the objectors also won this point.

PROCLAMATION

Cancer is one of the most critical public health problems of our times. Some 250,000 Americans, more than 9,500 in New Jersey, will die of cancer this year, if the present rate continues. In addition it is estimated that one American in every four, now living, will be stricken with the disease.

The American Cancer Society, through the Union County Chapter, plays the leading role in this fight through its programs of research, service and education. The Society spreads the life-saving message of early discovery and prompt treatment; aids those stricken and keeps the doctors advised on techniques in detection and treatment.

As the only voluntary national health organization, which fights cancer through a three-pronged program, the American Cancer Society depends entirely on public contributions. Therefore

As mayor of Springfield I do hereby proclaim that the residents shall observe April as

Cancer Control Month

and urge generous support to this fund-raising campaign so that the battle may be widened and intensified in an effort to lift this menace of man's cruellest enemy.

Signed ALBERT G. BINDER,
Mayor of Springfield.

Coveted National Award Won By Channel Lumber

Channel Lumber Company, Springfield and Newark building materials dealers, is one of the first place winners in the Brand Name Retailer-of-the-Year Competition for 1955. Channel's operation on Route 22 is conceded to be one of the finest promotional programs in the industry and has attracted considerable favorable publicity in all sections of the nation.

Channel Lumber has been selected from thousands of entries as one of the nation's building materials Brand Name Retailer-of-the-Year in the eighth annual competition sponsored by Brand Names Foundation, Incorporated, of New York City.

Major events in the three day round of special activities for the winners include luncheon parties sponsored by Life Magazine and the Saturday Evening Post; a Brand Names Day Breakfast hosted by the National Broadcasting Company; a picnic lunch and boate ride around Manhattan; tours of the United Nations, the Metropolitan Museum, advertising agencies

is the steady, year-to-year advance in the quality of the promotion advertising and sales training submitted by the contestants. The prevailing level of living standards is considerably dependent on the efficiency of retail dealers in bringing productive and inventive progress to their communities. Therefore, this continuous advance of skillful retailing is good news in every home and at every fireside. The winners of the 1955 competition, for which the awards will be made on April 18th, have again topped all their predecessors.

Presentations of the one hundred and twenty retailers cited with awards will be on display for three days starting April 16, at the Waldorf-Astoria Hotel on Wednesday, April 18th.

The principal speaker at the dinner will be the Vice President of the United States, Richard M. Nixon.

The local firm was among one hundred and twenty retail establishments to be honored following judging sessions in the Foundation's offices in New York. The panel of twenty judges, all winners of top plaques in the previous year's competition, awarded a Brand Name Retailer-of-the-Year plaque and four Certificates of Distinction in each of twenty-four categories of retailing.

Mr. Charin will be in the group of winners who will be honored by New York City officials, manufacturers, publications and trade associations during a special program of activity planned for April 16, 17 and 18.

In honor of this winners, New York City's Mayor Robert E. Wagner will issue a proclamation officially designating the week of April 15 "Brand Names Week in New York City." A committee of leading citizens of New York has already been formed to welcome the winners. Chairman of this group is Richard E. Patterson, Commissioner of the Department of Commerce and Public Events.

Much Competition
Prior to making their selections, judges examined more than five hundred presentations submitted by retail firms which had been named "finalists" in the competition a month ago. Presentations ran the gamut, ranging from illustrated essays to stand-up displays, as finalists sought the national prestige and regard which automatically goes with a Brand Name Retailer-of-the-Year award. Commenting on the competition and the winning firms, Foundation President Abt said: "The most impressive aspect of the competition

television studios, and national magazines. Award winners will also be presented with a specially designed "Key-to-Brand-Names Week" by Trifari, Krussman and Fishel.

Four previous trophy winners since 1951 have been unsuccessful in their attempts to register a second win in the event. The original trophy was retired in 1950 by D. E. E. Wetmore of Morristown. Runner-up last year was James A. Bobbitt of Plainfield.

Dried Fruit Use Suggestions

Not all easy-to-prepare foods come frozen or in cans. Mrs. Irene H. Wolgamot, extension nutrition specialist of Rutgers University, says that today's packaged dried fruits, though a short time to get ready for the table and deserve to be used frequently.

"A recent study of 250 Iowa farm and city homemakers showed that the women spent an average of one-fourth of their homemaking time on food preparation," Mrs. Wolgamot reports. "This included women employed outside the home. This seems a lot of time, considering today's prepared and partially prepared foods on the market. But most homemakers want to feed their families well and are willing to spend whatever time it takes to do so. "If you want to cut down some on the time spent for food preparation, consider using more easily prepared foods, including dried fruits. The packaged dried fruits, such as prunes, apricots and peaches, are cleaned and ready to use. They are tender, plump and require only a short cooking time. They can be served plain as dessert, in salads, puddings, breads, cakes and cookies and on cereals.

"Figs, dates and raisins can also be used in these dishes or they can be served plain as confectons or between-meal snacks. All dried fruits offer dividends in vitamins and minerals in addition to food energy. Compared with fresh fruit, however, they are low in vitamin C, which is destroyed by heat and oxidation."

The New Jersey State University specialist suggests this fruit-cottage cheese salad for company refreshments.

Fruit-Cheese Salad
2 cups pitted, cooked tenderized prunes
3 grapefruit
1 1/2 tablespoons gelatin
3 tablespoons cold water
1 pint cottage cheese
1 cup mayonnaise
1/2 cup chili sauce
1/4 pint whipping cream
Lettuce cups for serving
Cut prunes into pieces. Section grapefruit and halve the sections if large. Soften gelatin in cold water and dissolve over hot water. Combine cottage cheese with mayonnaise, chili sauce and dissolved gelatin. Beat the cream until stiff and add it, together with prunes and grapefruit. Blend thoroughly. Pour into shallow pan and chill. Cut into squares and serve on lettuce. Makes 10 to 12 servings.

There are more than 40,000,000 persons living in the suburbs in the United States, and their family income averages \$7,000 a year or twice the national average. Seventy-five per cent own their own homes.

The percentage of American families owning two or more cars nearly tripled in the last seven years—from 7.8 per cent in 1948 to 13.8 in 1955.

ARTIST AT WORK

It's the day before Easter, and Johnnie is dyeing eggs. Like most little boys he finds the task pretty fascinating, and he revels in small seas of yellow and red and blue and green.

Easter morning, the eggs will have been hidden by his parents and he and his sister will excitedly hunt for them. Probably they'll stumble across some chocolate bunnies and candy chickens, also. But that will not be all of Easter for them.

Johnnie and his sister will be going to Church, too. They may not understand the complete significance of everything they hear and see . . . but they are old enough to know something of what Easter means. And with each passing year they will learn a little more.

Johnnie's parents have started early to train their children in spiritual as well as physical values. Easter eggs, yes. But Church, by all means, too. Not just on Easter, either . . . but on every Sunday in the year.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Special Service For All Methodists

A service of celebration and thanksgiving will be held by the Methodists of Springfield commemorating the near-conclusion of their remodeling program, installation of their new pipe organ, and use of their Sanctuary for the first time since it was remodeled. To be held Easter Sunday with two services of Divine Worship, at 9:30 and at 11:00 o'clock.

At the 9:30 service the Chancel choir will render special music under the direction of Wilfred N. Barz, and Dr. Marvin Green, local pastor, will preach on the topic, "Christ, The Way." The Church School classes will meet in their usual rooms for study during this period.

At 11:00 o'clock the Chorus, Junior and Chancel Choirs will present special music, as follows: "The Lord's Prayer" by the Chorus Choir; "As It Began To Dawn," with Carol Jensen and Elise Lindauer, soloists, by the Junior Choir; and the following by the Chancel Choir: "The Choral Angelic," with William Burnette, Jr., soloist; "Christ Among the Lilies," with Mrs. Dorothy McMurtry; Mrs. William Matthews; John McMurtry, and William Burnett, Sr., soloists; and Handel's "Hallelujah Chorus." Mrs. Juanita Mason will also sing the solo, "An Easter Story." Dr. Green will preach on the subject, "The Rock of Certainty," and receive new members at the close of the sermon.

The general public is cordially invited to attend these services. Mrs. Philip O'Neal is Director and Mrs. David Sager, pianist, for the Chorus Choir; Mrs. Juanita Mason is Director, and Mrs. William Young, pianist, for the Junior Choir.

Presbyterians Set Sunrise Services

Easter Sunday will be ushered in by members of the Presbyterian Church at a Sunrise Service attended by the Young People of the Church in Mindwaskin Park in Westfield. Following this service the young people will return to the Parish House for a breakfast.

Church Worship Services will be held on this day with identical services at 9:15 and 11 a.m., with the Pastor, Bruce W. Evans, preaching on "God's Way With Man." The Junior and Senior Chorus will sing at both of these services presenting the following Easter music: "The Whole Bright World Rejoices," "Awake Thou Wintry Earth" and "The Holy City" with Anna vonKampen as soloist. Plans have been made for an unusually beautiful decoration of the Church with Easter lilies and an altar arrangement appropriate to the day.

Sunday School Services will be held for this day only at 9:15 to coincide with the earlier church worship services. The Christian Endeavor will forego its usual evening meeting due to the Sunrise Service.

Volunteer soldier blood donors at Fort Dix, N.J., in 1955 contributed 1,409 pints, enough to fill 88 human bodies to normal capacity.

Have you purchased your extra Savings Bond yet this month? There are only a few more days left to help us reach our goal of one extra Bond per club member in support of the current drive of the New Jersey Savings Bonds Division of the U.-S. Treasury. The State Federation of Women's Clubs is lending its full support to the drive by awarding a citation to those clubs which have outstanding participation. Last year club members of the N.-J. State Federation of Women's Clubs reported over 1,400 bonds having been bought during the month of March, totalling \$45,000 worth of purchases. Miss Ruth Levens of 108 Morris Avenue is chairman of the drive for our club, and urges that all members who have purchased Savings Bonds during this month should call her any day after 6 p.m. to report their purchases. Her report of the number of women in our club who have purchased Bonds will be sent to the Chairman of the Savings Bonds Committee of the State Federation as soon as all participating members have reported to her. If you haven't reported your Bond purchases as yet, please do so today. (DR 9-2518).

Women's Club News

"And the Truth Shall Make Them Free"—this is the theme of this year's Crusade for Freedom. And what is the Crusade for Freedom?

The Crusade for Freedom is a nationwide movement—to enlist the support of the American people in the struggle against Communist tyranny and aggression. It does this by the support of Radio Free Europe and Free Europe Press. For five years—Radio Free Europe has been broadcasting to the seventy-million people in Poland, Czechoslovakia, Hungary, Romania and Bulgaria. For more than two years Free Europe Press has been sending balloons over the Iron Curtain, dropping millions of miniature-newspapers.

The idea of Radio Free Europe was conceived as a means of supplying the people of the satellite countries with the truth denied them by their Communist masters, of supporting their opposition to their Soviet-controlled puppet regimes, and of sustaining their hope of eventual freedom.

The millions of dollars which Americans have contributed to the Crusade for Freedom have enabled Radio Free Europe and Free Europe Press to scoop the Communists on their own news; they expose Soviet collaborators; they undermine Red plots. They give back to the people their heritage of folk-songs, literature, and religion—suppressed on their own radio and press by the Communists. The great strength of Radio Free Europe and Free Europe

Press lies in the fact that they are sponsored by millions of individual Americans. Exiles who do the actual broadcasting continually emphasize that their facilities are being provided by millions of Americans. To strengthen this asset, to enlist more millions of independent Americans in support of Radio Free Europe, is a primary aim of the Crusade for Freedom. This program is one of the most effective, most efficient and most economical ways to fight Soviet tyranny. And it is the one really personal way in which all of us can combat Communism and contribute to the cause of peace.

The Crusade for Freedom, endorsed by the General Federation of Women's Clubs, is a program in which every individual can participate. Watch this column next week to learn how YOU can help! Mrs. Thomas Geddes, Chairman of the International Relations Department, is leading the Crusade for the Springfield Woman's Club. The battle against Communism is everybody's battle. Through support of the Crusade for Freedom you can make your weight felt where it will do the most good; in and around the enemy's camp. Be sure to attend our next club meeting on APRIL 11 to learn how YOU can help.

The program in store for club members at the April 11 meeting is one everyone can look forward to—with enthusiasm. Mrs. Leona Mouton Nelson, a world traveler and speaker, will draw on her interesting experiences when she will bring to life the daily picture of women living in Java, where she made her home for seven years. Many other clubs have highly recommended her program with statements as, "By

A Performance Sensation... A Fashion First!

There's an all-new way to measure automobile performance—and that's to measure it against Pontiac!

For Pontiac performance outstrips in a breeze any other on the road. And it didn't just happen! Pontiac engineers started from scratch with a brand-new Strato-Streak V-8 engine.

Then they added another triumph, the all-new Strato-Flight Hydra-Matic* especially engineered to work as a super-efficient team with Strato-Streak power!

And what a team it is! There's the blazing "go" of 227 h.p. in the most modern, high-compression, high-torque engine you can buy!

There's the incredible smoothness of Strato-Flight Hydra-Matic's liquid coupling and the instant, positive action of its gears.

No wonder they're calling Pontiac America's No. 1 spine-tingler! You will, too, when you see how it tames traffic and shrinks the miles.

Just as forward looking as the engineers, Pontiac designers set an equally new trend in styling... obviously branded with the stamp of the future.

Surprisingly, all this one-of-a-kind performance and style is priced well within the reach of any new-car buyer. We invite you to come in soon for the facts.

*An extra-cost option.

Assemblywoman Dwyer Visits Washington Officials

Assemblywoman Florence P. Dwyer yesterday told a meeting of Dwyer-for-Congress campaign workers details of her four-day briefing on domestic and foreign problems in Washington last week. Assemblywoman Dwyer, Republican candidate for Congress in Union County's 6th District, told the meeting at her Winfield Scott Hotel headquarters in Elizabeth that she made the Washington trip "to obtain the highest type first-hand knowledge on current national and international problems."

"I undertook this briefing because it always has been my belief that a candidate for any office should not be content to say 'Wait until I am elected' before obtaining background on the responsibilities and problems of the office he or she is seeking," she said.

"The responsibilities of candidacy certainly demand every effort on my part to familiarize myself completely with the problems of government on a national level."

Mrs. Dwyer told her campaign workers her Washington briefing included:

1. A lengthy briefing by the State Department—arranged by Robert Hill, Assistant Secretary of State in charge of Congressional Relations—on the broad scope of international problems and President Eisenhower's foreign policy.

2. A conference with Secretary of Labor James Mitchell on the nation's labor picture and various

phases of the country's economy.

3. Conferences with New Jersey Senators H. Alexander Smith—Republican leader—on the important Senate Foreign Relations Committee—and Clifford P. Case at which a wide range of governmental problems were discussed.

4. Conferences with New Jersey Representatives Robert W. Keane of the 12th District and Peter Frelinghuysen of the 5th District at which Social Security legislation, Federal aid to schools, highways, health, education and welfare and other problems were discussed.

Combined Lenten Services Told

The Community Lenten Services, sponsored by the local Presbyterian and Methodist Churches will be concluded on Good Friday evening, when at 8 p.m. in the Presbyterian Church 'The Crucifixion,' a Cantata by Sir John Stainer, will be given by the Senior Choir of the Presbyterian Church under the direction of Charles H. Sills Organist and Choir Director. This Cantata is a meditation on the sacred passion of Christ and is known throughout the musical world as the outstanding Lenten music.

Special soloists for the evening will be Arthur Cooper, tenor and Herman L. Kreidler, baritone. This service will be a memorable event in the spiritual life of our community and all residents are cordially invited to participate in it.

PART OF THE ORIENTATION: Assemblywoman Florence P. Dwyer is shown with Rep. Peter F. Frelinghuysen (left) and Rep. Robert W. Keane (right) outside of the new House Office Building in Washington. Mrs. Dwyer is Republican candidate for Congress in the Sixth District and wanted a little briefing on what the problems are in Washington.

First National Bank Offers Free Booklet

Interesting places to visit—none of them far from home—are suggested in the current edition of "New Jersey Today," a colorful magazine available free at the First National Bank of Springfield.

Devoted to sightseeing in the Garden State, the spring edition contains ideas for pleasant trips for the entire family and for school and adult organizations.

Featured is a story about three small gauge and miniature railroads where the rapidly disappearing steam engine can still be seen and ridden. The new edition

also lists places throughout the state where spring flowers can be seen at their best, and includes articles about the Caldwell birthplace of Grover Cleveland, only Jerseyite elected President, and the Hancock House, near Salem, which antedates the Revolutionary War.

Other stories and pictures in the profusely illustrated magazine deal with the first women's college in the state, the world's largest canner of soups in Camden, and the historic fish-butchery in Hackettstown, and many more interesting places to visit.

A regular feature of the popular quarterly is a calendar of

SUNNING SPORTS

By RITCHY SCHWARTZ

The snow came, pure white at first, leaving the R.H.S. athletic field under a blanket of splendor. But then this beautiful sight turned to a dark-colored mess as Spring bowed in and Winter made its exit. Through all this unorthodox weather baseball and track coaches John Mueller and John Brown have been clenching their fists waiting for a letup.

Now it appears that Mr. Sun has finally blessed us and all the slosh has vanished. With a little more than a week separating the Baseballers from their schedule they will trot onto the diamond and chuck the apple around for the first time in '56.

Coach Mueller will be counting mostly on returning lettermen to bolster the squad in their attack on the "enemy." Staples are, Ronny Goleher, Neil Rothweiler, Rocky Letteri, and Carl Utzat.

But these are only guesses. Coach has not disclosed too much concerning his starting nine.

The baseball team will be pitted against Scotch Plains, Edison, Roselle Park, Westfield, Union, St. Mary's, Rahway, Linden, Plainfield, Morristown, Roselle,

Brown, athletic director. Lou De Rosa, head basketball and football mentor. It's a toss-up who'll take Mr. De Rosa's spot at old RHS he'll be a hard man to replace.

Down in Florida, Duke Snyder in an interview with Dick Young of the N. Y. News disclosed that he isn't too happy with the present Grapefruit-league set-up. Duke says he finished his training last week and doesn't need an additional 35 spring-training games. The great Dodger outfielder also disclosed that he believes a purse of \$1,000 should be given the winning team in pre-season play.

One For The Road — A complacent golfer teed his ball, looked away to the next green, and declared confidently, "That's good for one long drive and a put." He swung the driver, tore up the sod, and managed to move the ball a few feet off the tee. Stepping forward, the caddy handed him the putter and suggested, "Now for a hell of a put."

Knicks Beat Celts; Capture '56 Small-Fry Championship

The Knickerbockers captured the 1956 Springfield Small-Fry Basketball Championship last Wednesday night by defeating the Celtics 34-24 before a large and enthusiastic crowd at the Florence Gaudineer School gym.

One of the biggest crowds to ever attend a Springfield Recreation Commission basketball program was on hand last Wednesday night to see the Knicks battle the Celtics for the Championship. Both clubs finished at the top of the first and second half races, with the Knicks compiling a 5-0 record during the second half race. Many Mothers and Dads were among the large crowd assembled for the big game, and from a spectators viewpoint you could not have asked for a more spirited game.

Director of Leagues Eddie Ruby, introduced the Knickerbocker and Celtic teams, with each boy introduced dribbling a basketball to midcourt. Ruby also paid tribute to the Dads and adults who were active during the winter months, either as Coaches or scorers.

The Knicks jumped off to a 15-4 lead, with racy center Dave Lord and backcourt ace Dixie Walker providing the scoring punch, but the scrappy Celtics, spearheaded by little Jimmy Crowley almost overtook the Knicks, with the score 15-14 at halftime. The crowd-raised their approval as Crowley, Aggar and Hartz, came back to overtake the Knicks at the start of the third period. The third period ended with the Knicks holding an eight point lead. The Celtics lacked backboard strength as Dave Lord controlled both boards, with little Dixie Walker coming through several side court pop-shots that were exceptional.

For the Celtics, little Jimmy Crowley playing was outstanding, both on offense as well as defense, with teammates Aggar and Hartz outstanding on defense. Lord was the top scorer for either club, scoring nineteen points, followed by Walker's twelve point total. A token award will be presented to the Champion Knickerbockers after Easter, with a team photo also to be taken.

The Springfield Recreation Commission concluded their Saturday morning program last Saturday morning, staging a six team "round-robin" with each club playing a ten-minute game. Six teams participated in the Springfield Small-Fry League, which will be enlarged to an eight team circuit next winter. This League proved extremely popular, with about ninety boys registered for play. Triple-headers were played each Saturday morning at nine-thirty in the morning and continuing until noontime. The Celtics captured the first half Championship with a four and one record, with the Knicks coming back to win the second half flag. The Knicks picked up considerable scoring punch when Dave Lord moved into Springfield from Seattle, Washington, finishing unbeaten in their last six games. The most improved ball club in the league was the Nationals, who were known as the hard-luck club of the circuit. Coach Al Regi's red shirted crew lost several close games during the first half race, but came back to win three of five in the last half drive.

"The Fifth Season" To Be Shown Here April 19 & 21

"The Fifth Season," the laugh-a-minute comedy hit that played Broadway for over 500 performances is coming to Springfield on April 19 and 21 at the Regional High School, presented by the Dramatic Workshop of the Jewish Community Group.

LEAD IN PLAY—William S. Fisher of 211 Hawthorn Avenue has the leading role in "The Fifth Season" to be presented at Regional High School on April 19th and 21st.

The setting of the play is the garment district of New York City and deals with the trials and struggles of the dress firm of Goodwin and Pincus and their attempts to become established in the trade.

The leading character Max Pincus, a lovable tailor played by William Fisher is balanced effectively by his volatile egotistical partner, John Goodwin played by Julian Sarkin.

Each of the 13 parts lends itself beautifully towards a well rounded story full of laughs, satire and pathos, and each of the following does a professional job in giving individually to the part: As the refugee bookkeeper Miriam Oppenheim, Selma Seroff; the Italian designer Ferrilli, Joe Bender; the chain store buyer, Edward Scharf; Goodwin's wife, Ruth Gold; Goodwin's girl friend, Sari Hockstein; Goodwin's son, Ritchy Schwartz; the firm's secretary, Edith Krueger; decorator, Robert Hockstein and the models, Adrienne Gold, Barbara Kessler.

tele will, I am sure, justify their selection of Springfield as the hub of their North Jersey venture.

"Their plans call for a spacious, attractive colonial type building with all the modern conveniences and comforts to attract the most discriminating present day shopper. Plenty of on-site parking facilities readily accessible to and from major travel arteries will surely entice the public to Stop and Shop in Springfield."

"I take this opportunity to officially welcome Saks Fifth Avenue to our historic community and I am sure our pleasant relationship to date will continue for our mutual benefit. In all of our negotiations with Saks officials, they have shown a spirit of cooperation and their concern for the good will of our citizens, especially their neighbors in the vicinity of the project, has left little to be desired. Every effort is being made to extend the buffer strip between the abutting properties on Tower drive and the parking area on the site in question. I am confident that this objection can be worked out to everyone's satisfaction."

He told of the surveys made by Saks, how the selection of Springfield was made for their new retail site, how they built up the prestige of their establishment and what their plans were for becoming part of the community. It was such a dignified presentation of facts—such a sincere willingness to discuss and resolve all objections—that whatever frivolous or real objections some of those attending might have been ready to inject into the picture, were dissipated.

With top executives like Adam Gimbel and Louis Broideo taking a personal interest, it is evident that Saks Fifth Avenue plans the type of an operation that will maintain the prestige of this high class organization. Springfield is happy to have

Captain Durning spoke on the subject of juvenile delinquency and showed graphically some of the weapons and literature picked up in raids. N. J. Boat And Sportmen's Show Set For April 7-15

It isn't news to most of us when we're told that a good deal of money lies in the northeast area of the Garden State and in adjacent New York directly north. You'll probably raise an eyebrow, however, when you realize that a staggering amount of this money is spent right in these parts on outdoor participant sports, and that the whole state reaps gratifying economic benefits. Boatmen, fishermen and hunters fan out from this section to seek their recreation along Jersey's entire seashore, on inland waters and in woodlands. In numbers, our outdoorsmen unquestionably exceed national averages, which show that one adult out of every four is a fisherman, and one out of about every thirty owns a boat. In this area a show devoted exclusively to such outdoors interests is a "natural" and long overdue. Now, figuratively speaking and datewise, it's right around the corner. It will be held at the Teaneck Armory, Teaneck, April 7 through April 15. Show hours the two Sundays will be from 2 p.m. to 11 p.m., Saturdays 11 a.m. to 11 p.m., weekdays 6 p.m. to 11 p.m. You will see many brand new boats, plus 1956-model motors, fishing equipment and loads of sports gear. You can actually catch your first trout of the season here. You can try your skill at archery. Many of the show exhibitors will be well-known dealers from this area in boats, motors, fishing equipment and sporting goods. It is anticipated that this show, The New Jersey Boat and Sportmen's Show, will be the largest of its kind ever to be held in the state.

No need to tear up flooring, break through walls or purchase expensive connections, for KitchenAid's new automatic "pump-out" unit eliminates everything but simple installation. The dishwasher hot water line connects to the existing hot water line. When the wash and rinse cycles have been completed, a separate pump and motor unit empties the dishwasher through a connection just above the trap in the existing drain line.
