TOWNSHIP OF SPRINGFIELD
OFFICIAL NEWSPAPER

10¢ A COPY, \$3.50 BY THE YEAR

THIS WEEK

It might be a good idea to put a zipper on Main Street.

This week—for the third or fourth time in a year—the very important thoroughfare is being torn up and traffic, never too smooth at this point, has had everybody shrieking.

It would have been interesting to hear what the motorists had to say about Springfield this week. They couldn't turn into Main street from Morris Avenue—and those who knew of the escape possibility through Black's Lane, found that barricaded with detour signs.

Earlier, the white line boys jammed up traffic on Morris Avenue, and then came the telephone company's underground cable in Main street. Yesterday was selected by the County to do some patching on Flemer Avenue, which meant another detour sign at that busy intersection and Tilden Avenue was closed off making ready for joining up with the Main Street cable. Meanwhile, back at Center Street was another detour sign.

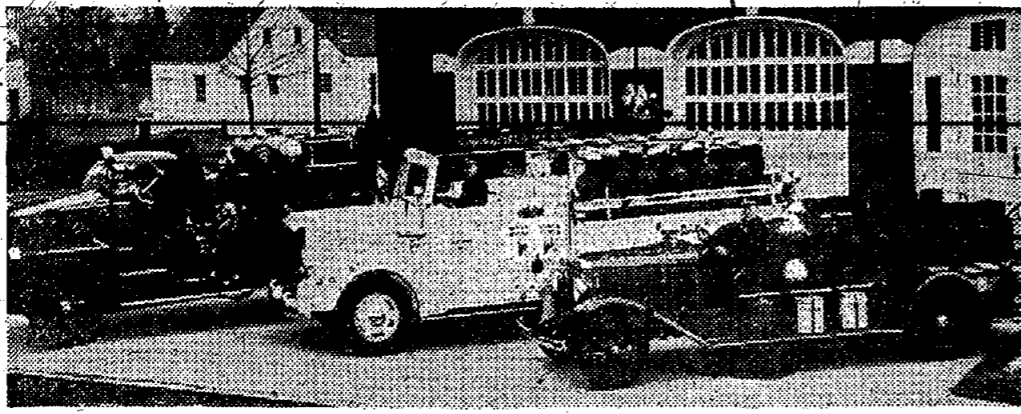

Today (Thursday)—Morris Avenue, from Main Street to Linden Avenue, will be torn up and the digging will then move out of the center of the traffic jam.

Of course, this all comes under the heading of progress but work of this nature, that usually disrupts traffic, could be scheduled so that it won't hit Springfield main thoroughfares all at one time—and certainly not on week ends. At one time during the Tuesday evening rush of traffic, the cars were backed up all the way past the Union line on Morris Avenue.

With legal obstacles cleared away, the Township will now proceed with building a new street, which will serve the proposed Saks Fifth Avenue establishment on the Anderson property.

We don't know how the town fathers go about selecting a name for a new street and, perhaps, it isn't too important. However, some one suggested calling this new street "Fifth Avenue" and it struck us as being a very idea. The very fact that it is being—

77 Fire Companies To March Here on June 23

AS PART OF CELEBRATION—Picture taken in 1932 shows the present apparatus of the Springfield Fire Department which will be part of the 50th anniversary parade to be held here on June 23. On the left is the Mack hook and ladder truck with Chief Charles Schilling at the wheel. Arthur Schramm is in the driver's seat of the Mack "go-pumper" and at the right is the Diamond "X" chemical and hose truck with Herbert Pay at the wheel.

Plans for the celebration of the 50th anniversary of the Springfield Volunteer Fire Department on June 23, are progressing rapidly, under the able supervision of Herbert Pay, General Chairman, and the needs of the various committees.

Replies have been received from 77 Fire Departments, accepting Springfield's invitation to take part in the huge parade scheduled for the afternoon and promising to send men and fire apparatus, some of them coming from as far as Cape May County.

One company from Pennsylvania will be present, and in addition to the endless array of modern equipment, several pieces of ancient fire fighting apparatus are expected, including a horse-drawn "steamer" from North Plainfield and an old time hose cart from the New York Fire School and Museum in Long Island City.

Springfield's own equipment is being groomed for the big event; the Diamond "X" truck is being repainted, so as to present the best possible appearance, and the other pieces of apparatus, from the two newest Mack pumper, are being polished to shine like new.

29 Bands in Line

To keep the marchers in step, 29 bands have been engaged, including senior and junior drum and bugle corps, novelty string bands—in feather-decorated costumes, Scotch bag-pipers and a Chinese drum and bugle corps. Seventeen of the bands have been hired by the Parade Committee, of which Robert Marino is chairman, and the rest will accompany various fire department organizations. Prizes will be awarded to the musical units on the basis of appearance and performance, divided into—

Report New Dine Dance Place Here

The rumor market is active again—and this time it has to do with the property in Springfield Avenue purchased not long ago by La Barre and Schuch of East Orange.

The report has it that a night club style restaurant, with dancing, is being contemplated. The same rumors have it that part of the new restaurant will be in Millburn and that a liquor license was being transferred from another well known Millburn dancing and restaurant spot which is again being reported as sold to a New York retail establishment.

The only verification of the report is that application has been made for a permit to subdivide the La Barre and Schuch property in Springfield which measures 255 feet by 260 in Springfield. The entire property is 14.5 acres, most of which is in Millburn.

The application to the Springfield Planning Board is made on behalf of Harry Knowles of Clifton and asks for permission to use the property for "commercial purposes."

Officers Praised For Quick Arrest

Springfield played a very important part in the arrest in the Township early last Saturday of Jock Hunt, 52, of 348 Front street, Dunellen, charged with knowing something about the death of his estranged wife, according to the police report.

Two Springfield police officers, Patrolmen Robert Polewka and John Baber, made the arrest of the accused men at 2:45 a.m.; about five hours after the alarm was given. They stopped to investigate a car pulled up to a curb in Mountain Avenue, near the Edward V. Walton School, fitting the alarm description.

The accused man was taken to Springfield police headquarters and later turned over to Caham and Morris County authorities. According to police, Mrs. Hunt was killed in front of her home at 18 Ward place, Caham, as she stepped from her car by a shotgun blast.

The accused man was very well known in Springfield when he was a resident of Summit and worked as a handy-man with various residents in the Township.

Patrolmen Baber and Polewka came in for considerable praise for their alert police work in making the arrest.

Archbishop Boland Helps Fr. Carney Celebrate Mass

"We thank God that He has restored him (Fr. Carney) to health so he may continue his fine work at St. James"

Archbishop Thomas A. Boland of Newark said these words as he congratulated Fr. Aloysius S. Carney, Pastor of St. James, at the Solemn Mass of Thanksgiving celebrated by Fr. Carney on Wednesday, May 30, at St. James.

This Mass marked the 25th year of Fr. Carney's ordination to the Priesthood. The church was filled with parishioners, relatives and friends of Fr. Carney. They heard the Rev. James Stone, of St. Rose's, Newark, review Fr. Carney's life from the beginning in Harrison down through the busy years, highlighted by his work during the war as a chaplain until his present appointment as Pastor of St. James.

The children showed their joy by enthusiastic singing of the prayers of the Mass, using the ancient Gregorian Chant, ably directed by Mr. Henry of the St. James Faculty. The adult choir joined them, capably led by Mrs. Laura McDonough and Mrs. June Cotter.

Assisting Fr. Carney at the Altar were Rt. Rev. Msgr. Joseph Kelly of Belleville, Assistant Priest to the Archbishop; Deacons of honor were the Rev. George Sherry, O.S.B.; Rev. Francis Poz, Pastor of Ascension Church of New Milford; Master of Ceremony to the Archbishop, Rt. Rev. Msgr. James Looney, Chancellor of the Archdiocese.

Deacon of the Mass was the Rev. Francis Lind, Pastor of St. Bonaventure, Jersey City; Subdeacon was the Rev. James Coyle of St. Rose's of Short Hills; Master of Ceremony to Fr. Carney, the Rev. John Mahon, Dean of Students, Immaculate Conception Seminary, Darlington, N. J.

The following Seminarians served as minor ministers of the Mass: James Tierney, Richard Lawlor and Aloysius Carney, a nephew of Fr. Carney.

Bull Dozers May Soon Be On Saks Job

All the legal loose ends, on the Saks Fifth Avenue deal in Springfield are being picked up this week and bulldozers are expected to take over on the proposed site for the new retail establishment in a few days.

Title to the Anderson property and the additional land needed for the new street is at the passing point and, according to information received this week, actual ground breaking ceremonies will be held as soon as specific plans are submitted and building permits granted.

The original plan of the Saks organization was that the new re—

Metal Cap Blows Off; 3 Injured

Three pipe line workers, said to be employees of Nesto Contracting Company, narrowly escaped death when an 85-pound metal cap, propelled by compressed air, blew off of a gas line being constructed in Meisel Avenue, near the Rahway Valley Railroad Tuesday, according to report at Springfield police headquarters.

Two of the Nesto workers, Joseph Diaz of North Arlington and Angelo Salmon of Newark were rushed to Overlook Hospital by the Springfield First Aid Squad. Since the Squad ambulance can only transport only two patients, Patrolman Louis Quinton who answered the police call that an accident had occurred at that point, rushed the third man, Samuel Davidson of Newark, to the hospital in his car.

Police reported that Diaz suffered a compound fracture of the left leg and had head-and-arm lacerations. Salmon received face and hand injuries and Davidson was treated for hand and groin injuries.

The accident occurred, according to police, because the Nesto workers were not aware that the gas line had been capped and filled with compressed air for leakage tests.

Union County Tops State In Family Buying Income

Families in Union County don't have to be in awe of the station wagon set of Short Hills any more — or the forgnette clique of Upper Merionide—or the Canasta group of the Oranges.

Because, according to a survey made by Sales Management Magazine and recently made public, "Union County Families Are Better Off Economically Than Any Others in the State and Outranked by Only Four Other Counties in the Nation."

The magazine computed Union County's population at the start of 1955 as 461,000, making it the nation's 33rd most populous and the 41st most urbanized.

The magazine estimated that 82,400 county residents are employed in manufacturing plants, making Union the nation's 33rd most industrialized county.

Machinery High

It was eighth nationally in chemical products, 12th in petroleum and coal products and first in the state in machinery. The largest number, 14,800, is employed in the production of machinery.

Total retail sales were computed at \$590,497,000. The average family, according to the survey, spent \$4,339.

Following is the county employment breakdown by industry:

Apparel, 4,909; furniture and fixtures, 2,300; printing publishing, 2,500; chemical and allied products, 13,500; petroleum and coal, 5,500; primary metals, 3,200; fabricated metals, 6,200; machinery, 14,800; electrical machinery, 6,900; transportation equipment, 6,500; instruments, 600.

Employment in other fields included 8,200 in construction, 8,100 in public utilities, 6,600 in wholesale trades, 4,200 in finance, insurance and real estate, and 20,700 in service industries.

This is the breakdown for retail sales:

Food stores, \$140,430,000; eating and drinking places, \$40,325,000; general merchandise, \$55,040,000; apparel, \$41,796,000; furniture, household goods and radios, \$41,724,000; automotive, \$108,648,000; gasoline stations, \$30,607,000; lumber, building and hardware supplies, \$52,511,000; drug stores, \$15,116,000.

Retail Sales Report

Retail sales were highest in Elizabeth, at \$158,537,000. Other county towns ranked as follows:

Plainfield	\$107,339,000
Union	\$84,387,000
Rahway	\$38,448,000
Westfield	\$39,044,000
Summit	\$32,587,000
Hillside	\$32,247,000
Clifford	\$32,235,000
Berkeley	\$18,441,000
Roselle Park	\$12,636,000

Elizabeth led in all retail sales categories except general merchandise, in which Plainfield ranked first with \$20,363,000. The Elizabeth figure was \$18,045,000.

There was no breakdown of figures showing sales in Springfield because, according to information received in a telephone call to the Sales Management Magazine office in New York City, the Township had not reached the \$12,000,000 mark in 1955.

However, with the big sales reported by J. J. Newberry, Grand Union, Channel Lumber, Davey's Stores and increased sales through the General Greene Shopping Center and Morris Avenue merchants, Springfield's contribution to this survey will add considerably to the totals when the 1956 survey is made.

THE LAND OF THE FREE

One of the first landmarks the European traveler sees as he approaches this country is Bartholdi's famous Statue of Liberty.

The artist here has deftly drawn a broken chain across the background of freedom's holy light, signifying that oppression and human slavery cannot exist in a land of free people.

But freedom involves much more than an unshackled body and the possession of civil and political rights. One may possess all these and still be a slave to his own weaknesses.

True freedom encompasses the mind and soul of man as well as his body and his political relations. Men are enslaved by vicious habits, by their ignorance, prejudice, selfishness and hate.

Religion is the mother of freedom, and the Church has been its chief and most constant exponent. Jesus said, "The truth shall make you free," and the truth is embodied in the Holy Scriptures.

No chains can fetter the soul of the man who dwells in the light of God's freedom.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHAT THE BIBLE TEACHES ABOUT GOD. One would naturally expect the Bible to have much to say about God. It was God who inspired men to write the Scriptures.

The Bible takes for granted the existence of God as the first words of Genesis say: "In the beginning God created..." Many people of various faiths believe in the existence of a Supreme Being. However, so many do not have any vital relationship or fellowship with God. There is a mistaken attitude on the part of some that God has made the universe and then wound it up like a clock and takes no further interest in His creation.

The Scriptures teach that God has been and is interested in the affairs of men and nations. Perhaps some would ask why God allows wars, calamities and disease. Many of the ills of the world, moral, social and physical are a result of the sinful nature of man. On the other hand, that which is good and wholesome comes from God. God gives us everything including the very air which we breathe.

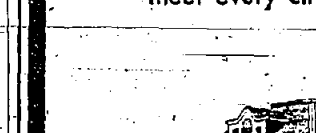

However, since there is evil in the world why doesn't God do something about man's nature and his problems? The good news is that God has done something. As the Bible says in John 3:17: "For God sent not his Son (Jesus) into the world to condemn the world; but that the world through him might be saved."

The important thing about God is your personal relationship to Him. Do you know Him through personal faith in His Son Jesus Christ? God accepts us as we believe in Jesus for the forgiveness of sins. Are you ready to meet God? Rev. Everett A. Barker, Springfield Baptist Church.

Luzon Agricultural College of the Philippines who is now completing a year of study at Columbia Teachers' College, New York City, marveled at the interest taken by the parents in PTA work in the USA. She felt that the idea of Parent-Teacher Groups was especially needed in her many island "countries" where the majority of the parents have had no opportunity to attend school at all.

Miss Elizabeth Hillier, an exchange teacher from England who is finishing a year of teaching at West Side High School in Newark, expressed amazement and approval of the after-school friendliness of the students toward their teachers. She commented that the universities in their country have stiffer requirements than the average college in the United States of America, but pointed out that not more than ten per cent of the students even reach the universities. She felt that the close screening of students for higher learning had some advantages, but she also liked the plan practiced in the USA whereby the opportunity for choosing a college education is open to so many students and a large percentage of the students complete their college training.

Both of the exchange teachers felt that they had profited immeasurably from their experiences in our country, and both concluded that "no matter where one may teach, the people are basically the same," and they hoped that the recognition of this truth by all countries will some day help to insure a lasting peace for the people of the world.

Now vacationing at Bowdoinham, Me., is Miss Mary Miller, Deputy Township Clerk, of 297 Colonial Ave.

Saks Fifth Avenue plans to build one of the most up to date suburban stores in Springfield. Traffic problems were worked out by conferences between Springfield's governing body, the Saks representatives and residents in the area of the proposed store. Agreement was reached and application for a variance granted when the Saks people agreed to deed property to Tower Drive residents as a buffer zone. Saks then purchased land for a new street to be maintained by the Township which will give them additional egress and ingress.

A Message From the Bardy Bros.

We're mighty fussy about fruits and vegetables. When we're eating, we can't abide wilted lettuce and tired carrots. Maybe that's why we put some extra effort into our produce department. Our cases are checked regularly by experts to be certain that we keep that cool atmosphere that the best fruits and vegetables need. And the folks in the produce department hover over their favorite fruits and vegetables to make certain that nothing but the very best is ever sold. We think you'll find that such care adds an important plus to your family's meals.

Shunpike Civics Set Picnic Date

The Shunpike Association of Springfield is holding their Annual Picnic this year on Sunday, June 10. Festivities, food, sport and hilarity start at 12 noon. This year, as in the past, the picnic will be held at Keller's Grove in Berkeley Heights.

The picnic committee, headed by Mrs. Robert Kennedy, has been working for weeks in order to make this affair the best yet. The picnic is the last function of the Shunpike Association for the 1955-56 year.

The last meeting of the year will be held immediately after the picnic on or about June 14. Selection of officers and indoctrination will be the keynotes of this meeting.

Looking backwards, the Shunpikers have had a full year, under the able presidency of Nicholas Montano. Lectures and discussions were held on the Springfield School System, the operation of the Police and Fire Departments, Civic Affairs in Springfield, etc. This year, the Dinner Dance was

a great success with entertainment and prizes for all. The Publicity Chairman also wishes to thank publicly THE SPRINGFIELD SUN for its fine cooperation this year in printing the various notices relating to our organization.

As to the future, plans are already under way to make the 1956-57 year a bigger and better year for the Shunpike Association.

Mrs. F.D.R. Writes To Local Resident

Mrs. Eleanor Roosevelt, widow of the late President Franklin D. Roosevelt, is one of the most active women in the world but she is never too busy to acknowledge receipt of a letter without responding with a note of her own.

Mrs. Annelie DeLeonard of 322 Milltown Road is the proud possessor of a personally signed note from Mrs. Roosevelt, received this week by the Springfield resident in reply to a letter the local resident had sent.

It all started when a group of members of the Springfield P.T.A. recently visited the U.N. and were pleased to be lunching at the same time as Mrs. F.D.R. Mrs. DeLeonard sent a note to Mrs. Roosevelt telling her of an experience she had shortly before coming to the United States as a German war bride.

On the personal stationery of Mrs. F.D.R., the following note was received by Mrs. DeLeonard:

"Thank you so much for your very nice letter. Your story touched me and, of course, we are friends.

"I am very glad to know that you are happy in this country and I hope you will continue to be so.

"With every good wish and appreciation for your thought in writing,
Very sincerely yours,
Eleanor Roosevelt

77 Fire Companies

(Continued from page 6) senior and junior classes, and cash awards will go to the best drum major and majorette.

Some idea of the tremendous size of the task facing the local fire department in organizing this celebration may be obtained from the fact that the Refreshment Committee, composed of Robert Biggs, Frank Beck and Warren Rubin, has ordered 750 pounds of ham and 750 pounds of cheese for the 12,000 sandwiches which it is estimated will be required to feed the visiting firemen and Springfield residents at Old Evergreen Lodge, following the parade.

The ladies of the American Legion Auxiliary have agreed to prepare the sandwiches, which will be stored in one of Ernie Nagel's refrigerators to insure freshness until needed. Liquid refreshments will be provided in proportion, and the Committee acknowledges with gratitude a gift of 50 cases of its product by the Royal Crown Cola Company.

Souvenir glasses in the amount of 56 gross have been ordered. One of these glasses, which will be sold at a modest price, will entitle the purchaser to unlimited refills.

Invite All Members
A committee consisting of Alvin F. Schramm and Charles S. Quintal has sent out letters of invitation to 29 members of the Association of Exempt Firemen of the Township of Springfield, many of whom now live in other parts of the State and it is expected that most of them will be present for a reunion with former Fire Department associates during the morning of the 23rd. Some of them will take part in the parade in the afternoon.

Other fire department committees engaged in preparations for the 50th anniversary celebration are: Parade—Robert Marino and Edwin Erskine; Finance—Howard Monroe; Decorations—Frank Harlowe; Publicity—John Decker and Don Palmer.

Dancing Students Win Scholarships

WINS DANCING SCHOLARSHIP
Sharon Putz, former Springfield miss, who received award as member of Junior Honey Cups in Miss Bunny's School of Dance annual presentation at Regional High School.

A packed auditorium in the Regional High School saw scholarship awards to pupils of Miss Bunny's School of Dance a week ago Saturday and the presentation of the annual "Informal Nite" of the dancing school.

The story of the presentation was built around an imaginary boarding school for children whose parents are in the show business and the attempt to produce a worthwhile show for the annual visit of their folks.

One of the highlights of the evening's program was a flirtation tap dance done by 25 young ladies and Ronnie Silverlight of North Plainfield who just reached his fifth birthday. His stage presence and talent received an ovation from the audience.

The Junior Rockettes, a group of 20 girls, ranging in age from six to 10 years, also won the applause of the large audience. In the senior division, the Teenettes displayed real professional dancing.

Scholarship awards were presented to the following pupils: Senior Honey Cup—Miss Lois Schneider of Springfield; Junior Honey Cup—to Sharon Putz, formerly of Springfield and now of Cranford, and Maureen Eaton of Summit; Senior Toe Award, Miss Lynn Field; Junior Toe Award, Miss Barbara Cannon of Springfield; and honorary award for dancing to Miss Sharon Remlinger of Springfield.

Summit Fourth of July Committee, Inc., whose citizen-members each year are responsible for the city's outstanding Independence Day celebration at Soldiers' Memorial Field, is an entirely self-sustaining organization. Ninety percent of its funds are raised by enthusiastic public subscription.

Install Automatic Pin Setters Here

Pat and Mario Latella, father and son operators of the Springfield Bowling Alleys at 24 Center Street, announce that the new automatic pin-setters are being installed and will be ready for all regular league bowlers to try out the machine with a free game. The "bosses" are inviting all regular patrons of the local alleys to bowl a free game to see the new pin setter in operation.

The Springfield Bowling center, completely remodeled with a new front and with new alleys, has just completed a very successful season with leagues taking up a great deal of the available time. The Latellas play air conditioning but that will not be ready until, probably, next year. Schedules are being arranged for the opening of the new season which is set for September 1. Applications for dates should be made as soon as possible as the Latellas are anxious to make up their schedules and announce the times when alleys will be open for non-league bowlers.

The Latellas are planning many attractions for the coming Fall and Winter bowling season with prizes for high scores. Installation of the automatic pin setter will make this one of the finest bowling academies in this area.

Dodgers Take Two In "B" League Play

With two weeks left for the completion of scheduled play, the major league of the Springfield Babe Ruth League rested before the final battle for a pennant victory takes place. The open week coincided with the Memorial holiday. An All Star game that was scheduled against Millburn was postponed twice due to inclement weather.

Meanwhile two games were completed in the "B" League. The Dodgers won both of their games first defeating the Giants at Caudin Field May 29 in an extra inning game 7-6. In the game they played at Meisel Field Monday night—they defeated the Braves 5-2.

Herb Rupp and Paul Meade led their teams hitting attack against the Dodgers each getting two hits. Three double plays featured the game. The first one came for the Giants. It was started by Roy Katz at short stop and went to Cameron and finally to Hillier. A double play for the Dodgers sent the game into extra innings when Prince caught a foul fly off first base and doubled Heyoch off base.

A third double play took place and was started by Ron DiSantis and completed by G. King.

American Legion Trips Rotary 6-1, Gain League

In the big battle of the week, the American Legion walloped the Rotary 6-1 to gain sole possession of first place in the Springfield Youth Baseball League. Billy Buckalew, ace of the Legion pitching staff, allowed but two hits, helping his own cause by walloping a home run.

Centerfielder Bonislawski of the Legion also came through with a round tripper. Christensen and Freedman were the only Rotary players to solve the steady pitching by Buckalew. In the other twin attraction last Friday, the Lions nipped the Car-Hops 3-2, which was highlighted by the scoreless relief pitching of Blaffer, a triple by Schnell, and doubles by Eckman and Franklin. Two fine catches by Eckman, and fine infield defensive work by Walker, which included a double play, meant the difference in this tight game. Tidaback pitched well for the losers, allowing but four hits, with Tom Geoghegan walloping a home run.

Last Monday the PBA posted a one sided 13-3 victory over the Lions, with Larry Cyre, Peacock, McConkey, and Melle, having a field day, each player getting three hits. Three hit pitching of Weiss, and fine catching of Pomerantz featured this easy win.

The game between the General Electric Co. and the American Legion scheduled for last week was rained out and will be rescheduled at a later date.

Next week's Springfield softball schedule includes the following games: June 12—P.B.A. vs. American Legion; June 13—General Electric vs. Strubbe; and June 14—Carpenter Steel vs. Fire Department.

P.T.A. NEWS

The new Program Committee of the Springfield Parent-Teacher Association sent a letter to all parents asking them to write down their suggestions or requests for the P.T.A. programs for the year of 1956-57. The committee hopes for many returns from interested parents. (Have you returned yours? The committee wants it!)

The Program Committee members are Mrs. Joseph Bender, Mrs. Ichry Boucard, Mrs. Alan Cunningham, and Mrs. Frank Jakobson, the newly-elected vice-presidents of our local P.T.A.

The Executive Committee of the Springfield Parent-Teacher Association met at the home of the new president, Mrs. B. P. Yuckman on Monday, May 28. The committee began setting up plans for the P.T.A. for the year of 1956-57.

The Union County School of Instruction was held on June 6th at the Connecticut Farms School, Stuyvesant avenue, Union from 10:00 a. m. to 1:00 p. m. The following officers and chairmen from the Springfield P.T.A. attended: Mrs. Joseph Bender, Mrs. Edward J. Harback, Mrs. Frank Jakobson, Mrs. William Peacock and Mrs. Joseph F. Pitterson.

Mrs. Thomas C. Newlin, secretary of the New Jersey Congress of Parents and Teachers was the instructor. The P.T.A. representative who attended felt that they gained valuable ideas and a better understanding of their respective duties for P.T.A. work.

School Seniors on Tour of Fort Dix

Forty-five seniors from Jonathan Dayton High School in Springfield had an opportunity to closely examine the life of the soldier during a daylong tour of Fort Dix on Tuesday, June 5.

The group visited the post at the invitation of the commander, Maj. Gen. Robert W. Ward, as part of a continuing public relations campaign designed to dispel confused and distorted impressions of Army life.

The general had invited every high school senior class in New Jersey to spend a day with the soldiers at Dix, under the post's "Operation Open Door."

Highlight of the Springfield tour was a trip through a regular soldier "chowline," when the students will join troops in a troop dining hall for the noon meal. Each

student will bear the individual expense of his meal—60 cents.

Other activities of the day included a visit to a soldier service club, a post chapel, a trip through the reception center, and an observation trek through the firing ranges and other training areas.

The visit also included an inspection of one of Dix's concrete-and-steel, three-story company quarters-million dollar barracks.

Carl Matthews, high school faculty member, coordinated arrangements for the tour.

built especially to give additional ingress and egress for the Saks Fifth Avenue store, the name "Fifth Avenue" might at some far distant time, become another avenue of shops.

Residents of Springfield are asked to help in the community wide demonstration of loyalty to flag and country on Flag Day, June 14.

The various civic groups here urge every citizen to cooperate by flying the Stars and Stripes in commemoration of the 179th anniversary of the flag's adoption by the Continental Congress on June 14, 1777.

The appeal asks that everybody fly the flag on June 14 as "an effective way of reaffirming our belief in the American tradition of freedom and self government."

ORT Board Meeting

Mrs. Ivan Crouch, newly elected President of the Springfield Chapter of Women's American ORT, will hold a board meeting to discuss patterns for action for the coming year on Thursday evening, June 14 at 8:30 p.m. at 15 North Derby Road.

SCOUT TROOPS TO CAMP AT WINNEBAGO

With less than a month before the opening of Boy Scout Camp Winnebago on July 1, 1956, hundreds of Scouts are preparing for a fun and adventure-filled period there this summer.

Two Springfield Troops have already made reservations for their stay at the camp, and are now preparing enthusiastic plans for the trip. Troop 72, sponsored by the Holy Name Society of St. James' R. C. Church, Scoutmaster Edward P. Kaye will attend as a "Troop Group" and will camp on a camsite reserved for their exclusive use. Troop 70, sponsored by the First Presbyterian Church of Springfield will have a large group camping on one of the camp operated sites. Robert Isley is Scoutmaster of Troop 70. Other Troops in town are expected to make reservations for their Scouts shortly.

Camp Winnebago is the second largest Boy Scout Camp in New Jersey and is operated by Union Council, Boy Scouts of America, for the exclusive use of Eastern Union County Scouts and Scouters. Located in Rockaway Township, the camp property consists of 145 wooded acres, an 80-acre private lake, and more than a \$175,000 investment in facilities, buildings and program equipment.

Scouts attending the Camp during one or more of the seven weekly periods participate in a great variety of activities including swimming, archery, boating, riflery, canoeing, skeet-shooting, nature study, conservation campfires, games and sports, pi

oneering, bird study, trail cooking, hiking, campercraft, livesaving, fishing and ropework, axe-throwing, packrafting and orienteering, star study, and a series of varied contests.

Parents and guests are welcome to visit the camp on Sundays when visitors can become acquainted with all facilities and operations of the establishment. Religious services are conducted each Friday evening and Sunday morning in the outdoor chapels.

Hits Police Car; Gets Usual Ticket

Patrolmen John C. Baber and Robert Polewka who broke into the headlines by picking up Jack Hunt early Saturday morning, the man being sought by police after his estranged wife was found slain, found themselves on an other police report Tuesday.

The two officers, according to the report at headquarters, were riding in a police car when Mrs. Rose J. Ross of 485 Springfield Avenue, Summit, collided with the cops' auto at Hillside and Mountain avenues. The police officers charges that Mrs. Ross made a sweeping turn from Mountain avenue, cutting over the sidewalk and smashing into the patrol car. Both cars were damaged extensively but no one was injured.

Mrs. Ross was charged with careless driving.

BEWARE -
of Old Abandoned Refrigerators
There is a great danger in the menacing form of that old, discarded ice box or refrigerator that you may have in your back yard.
Every year children die from suffocation because they love to play in these dangerous cabinets. Here's what you should do if you see a discarded box in your neighborhood or in the junk yard:
Remove the door. It's the best way to make such a cabinet safe.
Remove the latch on the door by taking out the screws on the door plate.
Drill holes in the door and remove the rubber gasket.
OR
Tell the policeman in your neighborhood about this dangerous menace.
