THIS WEEK

Being naive—even in these steamy, humid days—we always had an idea that people joined swim clubs for the sole purpose of "dunking" in the cool water of the pool, picking up a little sun burn, and chatting with the "nice people" in the next cabana.

But we were wrong, and this is probably true at every swim club—even where the station wagon set spends its private Summers.

At the air-conditioned Colony Club in Livingston the basic industry appears to be "grabbing and holding as many lounge chairs as possible." No one could possibly have that many friends who eventually occupy the number of beach chairs being held for them. No matter how early one checks into the club, there are clusters of lounge chairs, each with a towel or a sweater thrown carelessly over each which is the official stake claim and denotes possession for the day and forever, is possible.

Hoarding all the lounge chairs must be some form of therapy—or it may have some narcotic value. Because these addicts ignore the cool, blue water of the pool entirely and appear to be satisfied with the day so long as they have nine or a dozen lounge chairs in their possession and a couple of umbrella tables.

They play gin and canasta with the inevitable and rather loud post mortemson why the partner didn't knock with "nine points."

They don't care about the purification and chlorination tests of the pool water—they take no notice of the newest design in flippers and snorkels and the vital statistics regarding the aquatic ability of junior wouldn't even make them turn their heads away from the canasta pack in the center of the table.

An usual but delightful display of epidermis might twinge a head here and there but, as a rule, the lounge chair snatchers are happy just to watch other members tour the pool, looking for a stray chair, not branded with a towel or a bathing cap.

Of course, not all of them spend the entire day playing cards. Some of them slither out on their lounge chairs and sunburn their tonsils as they catch a little snooze. Others play cards inside the private club house, getting an indoor fluorescent tan.

But we don't want to appear critical; we're having a delightful Summer despite the lounge chair addicts. We've seen and took special notice of the latest in swim suits which probably inspire references to such terms as "The Body" and "The Built." A non-vital statistic says that the average woman's two-piece bathing suit covers 500 square inches of skin and leaves 3,000 inches exposed which indicates some very thorough research. And, at this time, we don't intend to dispute these figures nor are we inclined to prove anything by any personal survey.

But this chaise lounge bings intrigues us. They grab these chairs with fiendish glee and hold all of them to their sun-tanned bosoms while the swim club manager perspires freely in front of

Local League Champs To Go On Television

Springfield's Little Leaguers have been invited to be the guests of Happy Felton's television show, which is staged prior to all Brooklyn Dodger home games at Ebbets Field.

The Springfield night has been set for Friday evening, September 28, and has been arranged through the Davega Stores local Route 22 retail establishment, co-sponsors of the popular pre-game program.

Details are being worked out by the local Davega organization with Joseph L. Focht, president of the Springfield League, and Edward Ruby, the local League Commissioner.

The Davega Stores are co-sponsors of the Happy Felton program because of the organization's interest in encouraging this type of baseball competition, and the local managers have been waiting for a date for Springfield's leaguers.

September 28 has been set aside and confirmation of this date for Springfield is expected as soon as the formal exchange of letters between Focht and the Happy Felton office has been completed.

All the details have not been completed but the plan is to take the entire 1956 championship team, representing Springfield Rotary in the season just over. All the Rotary players, with coaches and managers of the team, will be part of the Springfield group to make the trip to Ebbets Field on that night. There will also be three pitchers, selected from other

Springfield teams in the same league, with their managers, who will take part in the usual period of play staged by Happy Felton before the regular game begins.

The entire plan for Springfield's participation on this television show will be worked out by Focht, Ruby and "The" Freedman, president of Springfield's Chamber of Commerce. Davega Stores will not only arrange to have the Springfield youngsters on the television show but are also purchasing a block of seats to take care of the group from the

Health Board Planning No More Clinics

There will be no more public clinics for administering Salk anti-polio vaccine in Springfield.

This decision was announced by the Board of Health following a regular meeting last week at which time Dr. Robert S. Milligan, Springfield's Health Officer, reported he had received a telegram from Dr. Daniel Bergsma, State Health Officer, stating that there was "now an ample supply of the vaccine."

The telegram to Dr. Milligan further stated that "because of the ample supply, all restrictions on privately purchased poliovaccines are removed. Physicians have been urged to purchase vaccine promptly and to inoculate all individuals regardless of age. Vaccine will continue to be available to public clinics and distributing stations for persons under 20 years of age and pregnant women only, as heretofore."

The new regulations permit inoculations by physicians to all ages and Dr. Milligan told the members of the local Board of Health that "in view of the ample supply of vaccine, and now that it is available at the office of physicians who may administer to all people, regardless of age, it will not be necessary to hold

Urge Woman's Club To Attend Course

Members of the Springfield Woman's Club will attend a course in Parliamentary law to be held September 10, September 17 and October 1 at the Clio Club, 128 East 5th Street, Roselle, to be conducted by Mrs. Grace Schongar, former Parliamentarian of the State Federation of Women's Clubs.

The sessions are open to the members of the Executive Board and their Co-chairmen as well as to any other interested member of the Springfield Woman's Club.

Sessions will begin at 10:30 each Monday and will adjourn at 3:30 in the afternoon. Members who attend are asked to bring sandwiches, and a beverage will be provided them. A check for \$5.00 to cover cost of courses should be sent to the Woman's Club President, Mrs. Charles F. Heard, no later than September 1. It is hoped that a large number of the members will avail themselves of this opportunity.

Dempseys Attend Reunion Of "Helena's" Survivors

Terry Dempsey is a name known as the proprietor of a dining spot in Springfield where toasted garlic bread and sizzling steak platters are high up on the hit parade.

But to the United States Navy the records show that he is the same Terrence T. Dempsey who survived the sinking of that famous fighting cruiser, Helena, which was torpedoed by the Japs on July 6, 1943, in the Kula Gulf Battle carrying over 400 crew members to the bottom.

Dempsey was one of those survivors, first listed as missing, who floated in the waters for three and a half days before drifting to an enemy held island from which he and his mates were rescued 8 days later.

All this information came about this week because Mr. and Mrs. Dempsey have just returned from St. Louis where survivors of the Helena sinking held their second triennial reunion with a three day hoop-la in the Sheraton-Jefferson Hotel of that Missouri city.

Dempsey has been president of the organization and the reunion this month attracted over 100 survivors of this tragic sinking, the men coming from all parts of the nation. The three day affair closed with a dinner dance.

The tragic sinking of this U.S. cruiser thirteen years ago last month brought considerable grief to many and just as much rejoicing to those who learned that there were survivors. Dempsey was one of those survivors who drifted to a Japanese held island and news of their rescue came several weeks after the official report of the sinking of the cruiser.

AT PEARL HARBOR Dempsey, according to the records, was on board the Helena in Pearl Harbor on that famous December 7, 1941, when the Japs sank the cruiser.

Drug Store Prescriptions Hit 300,000

Springfield's oldest store, the Springfield Pharmacy, passed another important milestone in its impressive history as the 300,000th prescription was filled Tuesday.

Established in 1905 and serving the people of Springfield at the same Morris Avenue address all this time the Springfield Pharmacy has progressed with the times. From its early beginning, under the ownership of Morris Lichtenstein in 1910, the modern store now boasts of over 80,000 prescription "memory" stock; direct telephone lines to local doctors; hundreds of prescriptions filled every week.

There are few in town who can recall those early days with the gaslight, pot-bellied stoves and there were less than 1700 people in town, no phones and no free delivery.

Morris Lichtenstein, who operated the pharmacy until his death in 1954, kept abreast of the times and installed the first electric soda fountain at Union County. Since then, many changes have taken place—a complete photography department was added in 1948 and the entire store renovated in 1953.

The reputation for quality and service has been maintained ever since the establishment of the store, now under the direction of Elliott Lichtenstein.

Elliott, who served as a combat litter bearer in World War II, graduated from Rutgers School of Pharmacy and became an active partner of his father in 1947. Elliott recalls that one of the toughest prescriptions ever filled required 27 crude drugs, but that was away back when.

"We are extremely proud of our long establishment in Springfield and hope to continue to serve the people of Springfield for many more years," said Mr. Lichtenstein.

Three hundred thousand prescriptions is certainly the finest endorsement of faith in a local pharmacy that can be attested to. Springfield residents are physically fit—thanks to the Springfield Pharmacy, serving Springfield at the same store for almost 50 years.

Contracts Signed For School Annex

The Springfield Board of Education has signed contracts totaling \$410,674 for construction of an addition to Florence M. Gaudineer School. The general construction contract amounting to \$270,126 went to Zwigard Construction Co. of Millburn.

Scheduled for completion by September, 1957, the new addition will have 10 classrooms, a music room, and a manual arts room. It will enable all fifth grades to be housed in the building, which now has the sixth, seventh, and eighth grades.

New Faces Jam Big Meeting Of Democrats Here

Springfield Democrats believe they have found the "secret weapon."

It is a membership recruiting drive which got off the ground last Monday night with a jam-packed meeting in the V.F.W. home in Morrison Road.

"I have never seen so many Democrats at a meeting in Springfield," said one of the regulars, "and I had never seen, at least, ninety percent of them. They were new faces to me and the meeting was such a thriller, with Congressman Harrison Williams, Jr., furnishing the political fireworks, that all of them declared openly that they would each bring four or five new people to the next meeting."

Monday night's meeting was planned as an invitation to Springfield residents who have not cared to make themselves known as affiliates to any political party. Invitations were sent to the residents requesting their presence so that they may become part of Springfield's civic and governing activities; a member of the group pointed out, and the response was a surprise to all.

PLAN ANOTHER MEETING Recruiting of new members for the Springfield Democratic causes will continue, said one of those regulars. (Continued on page 10)

New Altman Store Ready For Opening On Tuesday

Springfield residents are looking forward to what is being described as "the ultra in suburban shopping" when Altman's new Short Hills store opens next Tuesday, August 28.

The address of the new Altman's is on Morris Turnpike, approximately where the famous Brook restaurant used to attract people from all parts of New Jersey.

Altman's announcement states that "beginning next Tuesday, at the intersection of River road and Morris Turnpike, the surrounding New Jersey communities will find a new home open to them, at all times (9:30 to 5:30, Monday through Saturday). On this site, as long ago as 1771 "shoppers spent their shillings for rum, tea, coffee and spices, or traded their butter and eggs for dry goods, or had their grist ground into flour," according to E. Robin Little's history of Summit; and Timothy Day's Tavern was host to wounded colonial soldiers as well as General Washington himself.

Today, with a long tradition of friendly hospitality as a guide, Altman's is opening a new house of glazed yellow and salt-and-pepper brick, rolling out the welcome carpet on a terrace under gay awnings. Modern simplicity and efficiency, blended with decorations of international flavor, provide a pleasant atmosphere in which to see the myriad of merchandise garnered from all over the world by Altman buyers. There will be room for 1200 cars within the 14-acre grounds.

Radio & TV Center In New Quarters

The biggest testimonial to the growth of Springfield Radio and Television Center are the five sleek two-way radio equipped trucks that scurry about 15 communities surrounding Springfield. In 1955 these vehicles manned by highly trained T.V. and radio technicians made 5,240 calls, and thus far in 1956, are running ahead of this total.

Anthony Fiorelli, the owner of Springfield Radio and T.V., confronted by this growth, found that his service facilities were being hard pressed. The result is the employment of 6 T.V. experts and a move to new and larger quarters at 173 Mountain Ave., in order to maintain the customary same-day service for the over 8000 families listed in the customer index.

Springfield Radio and T.V. is the "brainchild" of Anthony Fiorelli, who went into the electronic field immediately upon his discharge from the army in 1946. While attending the United Radio and Television Institute in Newark, he was employed in the television department of Bambergers in Newark, and the old Springfield Radio and

Springfield Diner Now Under New Management

Rumor has it that truckmen and salesmen on the Union-Morris County Circuit are tipping each other off about the Springfield Diner, 539 Morris Ave., in highly laudatory terms. The aroma of fresh, hot, tasty coffee and crisp bacon and eggs has always pervaded the junction of Morris Avenue, Ballusrol Way, and Millburn Ave., but under the personal supervision of John Mulligan and crew it is even more inviting.

The Springfield Diner changed ownership a few weeks ago. It was bought by John Simonds, the well known restaurateur who has been associated with some of the Eastern seaboard's more exclusive dining rooms, and is currently serving up sumptuous meals at the highly rated New Hampshire House in Summit. As always, his

HOW RESOURCEFUL ARE YOU?

Puppies are generally more resourceful than people! They never take fences seriously. They find a way to get over or under the obstacle.

People take fences seriously. They usually have more respect for their limitations than for their abilities. That's why so many of us live in a narrow, discouraging world without promise or hope.

And even as we speak thrilling words like *freedom* and *opportunity* and *ideals*, some of us wonder secretly just what these are and how they may be attained.

There are spiritual resources in life which can enable any man to achieve ideals. They are the simple, commonplace commodities of religion—things like *prayer* and *faith*—but they are the keys to all attainment.

God gave us these resources to use. And He gave us churches to teach us how to use them. Forget your fences—discover your resources in Church next Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New VNA Nurse Appointed Here

Something new and charming has been added to the local Board of Health in the person of Miss Nancy Martin of Linden. Miss Martin is the new Springfield representative of the Visiting Nurses Association replacing Miss Claire O'Leary.
Miss Martin, a graduate of the Jersey City Hospital School of Nursing in 1953, gained her nursing experience at the Jersey City Medical Center for two years before being assigned here.
Her work will include the well known services of the V.N.A., the control of communicable diseases, the report of new births and deaths and home nursing care.

Fund Raising Is Weighed By Board

At a meeting of the Regional Board of Education Tuesday Evening, August 21, Dr. Warren M. Davis, superintendent of schools reported a number of requests for fund-raising drives in schools under the board's jurisdiction. He pointed out that there seems to be an ever increasing amount of these projects and some schools have limited them to drives which are relative to school purposes. A motion to limit fund raising drives for school purposes was defeated.
A new athletic insurance policy was presented to the board by Robert T. Bunnell and it was accepted. This new policy, unlike previous ones, covers football, except for a \$25 deduction. It also is a voluntary pupil-pay plan.

The bride was attired in a gown of white tulle with a yoke of seed pearls and lace and a redingote of lace with a fingertip veil to match. She carried a cascade of white Fijit mums and roses.

Her matron of honor was Mrs. Harold C. MacWright dressed in ice blue and her bridesmaids were Jane Scovern, Virginia Connelly and Dorothy Seal, all attired in Delft blue and carrying yellow and beige flowers.

The best man for the groom was Parker A. Lee and the ushers were Ed Hackenberg, David Smith and Donald Minton.

Radio & TV

(Continued from page 1)
T.V. then located at 233 Mountain Avenue.

In 1950 Anthony took over ownership of Springfield Radio and T.V., and proceeded to enlarge the business. He found that the characteristic trait common to all T.V. addicts is their impatience and chagrin when their sets start "acting up", or completely go off. When people call their repairman they more or less imply that absence at the "Wednesday Night Fights" or the current "I Love Lucy" show are major catastro-

phies.

To satisfy this craving for continual and smooth television operation, Anthony instituted his famous same-day service. This insures people calling before 4 p.m. that their sets will be in operation that very same evening. Of course, some repairs are of a major nature, and require treatment in a highly equipped workshop, but they number only 10% of the entire total serviced. Generally the repairman, surrounded by anxious children and parents, is able to fix the set right in the home.

The radio dispatched repair trucks are an offshoot of this operation. Instead of using the office as a home base, the truck can now stay on the road an entire day, being given new calls from the office. Anthony recalls that one woman got the surprise of her life one day when she called Springfield Radio and T.V. and interrupted her call when the door bell rang. It was a technician, who had been dispatched even before she completed her call.

Anthony Fiorelli lives in Summit with his wife RoseMarie, and their two children, David, Anthony, 8 months old, and Patricia, aged 3. He is the commander of the Battle Hill Post 7683, Veterans of Foreign Wars, and vice-president of the Springfield Chapter of Unico National.

C.Y.O. Day Camp Presents Awards

Presentations of awards to outstanding campers will mark the closing program tomorrow for the Union County C.Y.O. Summer Day Camp at St. James School.

More than 160 boys and girls between the ages of 7 and 14 have participated in camp activities. The programs held each weekday at the school, began on June 25. Trophies will be given to a boy and a girl adjudged the most cooperative, best in attendance and in sports and crafts ability and

behavior during the camp season. Other prizes and certificates are planned.

The last week of the camp program was highlighted by a talent show and an arts and crafts exhibit in the school auditorium on Tuesday night. Parents of the boys and girls joined them in the audience.

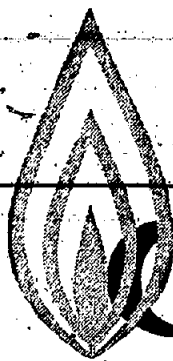

On Wednesday, the campers joined the boys and girls enrolled

at St. Michael's camp in Elizabeth on the final weekly outing of the season. They went to Forest Lodge in Warrenville for a day of swimming and picnicking.

John Shannon, a teacher in the Elizabeth public schools system, has been in charge of the St. James camp. He has been assisted by a staff of senior and junior counselors, all trained in child supervision.

Dempsey's

(Continued from page 1)
made their sneak attack. The Helena was damaged then, but Dempsey escaped injury. The valiant Helena ended a career of 13 terrific battles the night it was sunk and with over 400 crew members. Last week's reunion in St. Louis

gave the happy, back-slapping survivors an opportunity to recall those days thirteen years ago when they were glad to be drinking coconut juice on the Japanese held South Pacific island. There were many vivid stories especially the "meals" they had on the enemy island which were concocted with the help of some natives as a stew of tapioca roots, yams, green bananas and taro roots. (Dempsey could have used a basket of the garlic bread and steaks he now has the boys prepare for him in his Springfield restaurant when he feels like having a bite.)

Dempsey and his mates like to relate their biggest thrill during their risky evacuation from the island. A flotilla of United States destroyers waited off shore in moonlit Japanese waters until all the Helena's men were taken aboard.

News that Dempsey was among those rescued from the island and was safe brought rejoicing to all his friends and members of his family in this area. Dempsey had three brothers in the armed services and, at that time, was a partner with John J. Powers in "The Timbers" on Morris Turnpike, which is now Rod's Ranch House. Powers and his son, Jack, now

PBA Clinches 1st In Softball League

The P.B.A. clinched a first place finish in the 1956 season of the Springfield Softball League by virtue of two victories last week. The P.B.A. received a forfeit victory over the Fire Department last week, and on Tuesday of this week they defeated the American Legion 9-2 to wrap it up.

The victory over the American Legion was featured by five run outburst in the first inning, consecutive doubles by Curt Merz. Ray run The Twigs in Springfield Avenue and Dempsey has the restaurant bearing his name at the junction of Morris Avenue and Morris Turnpike in Springfield.

Reiff and Ed Ruby were the big hits. Bob Bauer chipped in with a home run later in the game to provide Al Zimmer, the pitcher, with insurance runs.

Strubbe's clinched a third place finish on virtue of a victory over Carpenter Steel 9-1. Rich. Bishop did the pitching for Strubbe's, while Ed. Coan did some timely hitting.

YOUR LIBRARY

The political climate of 1956, especially the "nominating" conventions just ended and the presidential election coming in November, has produced a long list of books. Readers interested in public affairs will no doubt like to look into some of them.

The Free Public Library of Springfield has tried to collect a Steel. These two teams play a best of three series on three consecutive days for the right to meet the first place finisher, who is the P.B.A. This series will start on the following Tuesday. This is also a two of three series to be run on three consecutive days and the winner to be judged the League Playoff Champion.

group of books which will give information about both parties and their candidates. One, "Presidents on Parade", is a pictorial summary of the presidents from Washington to Truman. President Eisenhower has been the subject of a great many books. Three of the most recent are "Eisenhower the President" by M. J. Pusey, "Affairs of State 1950-1956; The Eisenhower Years" by P. H. Rovers, and "Eisenhower, the Inside Story" by R. J. Donovan. Vice-President Richard Nixon, likewise has been the subject of two biographies. The Springfield Library has the one entitled "Nixon" by Ralph De Toledano.

Democratic aspirant, "What I Think" gives Stevenson's own words compiled from various speeches and writings.

From this collection of books in their Public Library the voters of Springfield should find a good deal of information to help them decide about the coming election.

New Faces

(Continued from page 1)
 sponsible for Monday night's meeting and already plans are being made for a much larger meeting place to take care of what the local Democrats believe will be "a ground swell of those who now are not afraid to be counted as Democrats. Springfield has been in the hands of the same political dynasty for years and years," he continued. They don't believe they can be beaten in Springfield but they haven't counted on the new home owner in the Township—the recent newcomer who has been warned that declaring yourself as

a Democrat would mean terrible dire things.
 Monday night's public appearance of all those new Democrats," he continued. "was heartening and most of them eagerly accepted the opportunity of telling why they hadn't come forward before. Now they are active members of the Democratic party in Springfield and intend to do something about it this Fall—in the presidential, Congressional and local campaigns.
 "There are no bosses in the Democratic party of Springfield. Everybody is invited to become part of the organization here. We need leaders—we need workers—we

we need district activities supervisors and cooperation.
 "There is no royal family in the Springfield Democratic organization. There isn't a clique such as in the Republican party that has been running the affairs in the Township without any real opposition. Democrats who have been holding their fire—who have not wanted to be known as Democrats will now take heart. After they hear of the new people who have volunteered as workers—as leaders—at Monday night's meeting."
 Congressman Harrison A. Williams, Jr., the principal speaker invited to Monday night's meeting here, said he had never seen such a display of enthusiasm. The turnout was an even bigger surprise to him because it was held in the heat of the Summer and, he said, "I have never attended a meeting in Union County where the Democrats breathed so much fire and brimstone. Springfield residents are to be commended for standing up to be counted for the big battles before us in November. It speaks well for my own re-election in the Sixth Congressional District. Monday night's meeting should result in a big vote for the Stevenson ticket as well as the local candidates for Township Committee.
 Congressman Williams charged that his Republican opponent for the Sixth District seat is attempting "to use the flexibility of a coat-tail for a platform for public office.
 "I challenge my opponent to begin talking on the real issues before the nation and Congress," Rep. Williams said. "The Communists have made startling gains in the Middle East and have achieved increased influence in Asia and Africa. While this has been going on the free world strength in Europe is diminishing."

Are you taking full advantage of these **3 aids to easier phoning?**

Making sure you can find any number you want quickly and easily is essential for your enjoyment of good telephone service. That's why—

1. Personal numbers booklets are offered free to save you time and effort on numbers you call frequently. It's a good idea to have one by each phone. And one for the kids too. You may have as many as you wish. Just call your Telephone Business Office.

2. Accurate up-to-date telephone books are issued every year, and more often when necessary. Almost any number you want is right there. And if it will make phoning easier for you—you can have a phone book of a neighboring county or area too

3. Fast information service is available 24 hours a day. Call the Information Operator anytime you need a number out of your phone book area... or when the number you want is brand new. She'll be glad to help you.
