Town's Oldest Resident, Aaron Garner, Dies Age 98

Aaron Garner (98) of 97 Diven street, Springfield's oldest resident, died in Overlook Hospital of a respiratory ailment.
 Mr. Garner was born into slavery in Moreland County, Va. In a recent interview with The Newark News he said he could not recall anything of his young years as a slave, but clearly remembered when Springfield was "nothing but pastureland for horses, mules and cattle." He came here in 1880 from Westfield, where he lived for three years after moving from Virginia. Shortly after his arrival here he purchased a team of horses and hired himself out as a horseman. He also operated his own truck farm. In 1887 he married the former Rachel Watts. Mrs. Garner is 92.
 Mr. Garner devoted a good deal of his time to keeping up with world affairs via radio newscasts. He was an ardent gardener, but failing health this year kept him from completing his harvest for the first time.
 Mr. Garner in 1921 helped found

the Antioch Baptist Church. He was a member of Golden Rule Lodge 24, F&AM of Vaux Hall.
 He leaves his wife, two sons, William H. and George A., both of Springfield, two brothers, Robert, who is 89, of Philadelphia and Warren of New York; two sisters, Mrs. Mary Lewis of Passaic, Mrs. Sally Weidman and Miss Elrew Garner, both of Oldham, Va.; three grandchildren and 17 great grandchildren.
 Services were held in Antioch Baptist Church. Burial was in Heavenly Rest Memorial Park, East Hanover.

The local students are among the 7500 highest scorers on a nationwide college aptitude examination given to 162,000 seniors in 12,500 high schools on October 24.
 The Jonathan Dayton Regional High School finalists are Alfred Bowman, 30 Bryant Avenue, Springfield, and Judith Phillips, 44 Emerson Lane, Berkeley Heights.
 The finalists now face a stiff three-hour College Board examination on January 12, plus intensive screening of their leadership and extra-curricular records by a selection board.
 At stake are more than 700 four-year college scholarships, many of them sponsored by business and industrial corporations.

CATHOLIC INFORMATION

NO HARPS AND WHITE ROBES FOR US!
 Isn't it too bad that so many people think of heaven in terms of golden pavements and crystal fountains, of white robes and harps? It's a shame because, the first thing you know, they are thinking of heaven as a place of never-ending boredom instead of, as it certainly is, a place of everlasting joy and peace.
 Heaven will be perfect. "Eye has not seen, nor ear heard, neither has entered into the heart of man, what things God hath prepared for them who love him" (1 Cor. 2:9).
 If God has prepared nothing more for us than swishing robes and plinking harps then the whole thing does look pretty dull. Off hand we can think of 29 different things we would rather do than play a harp.
 But God is wise. He knows us from the heart out, and He knows just what we want. He ought to. He made us.
 No—heaven must be perfect. Sometimes God seems to lift a corner of the veil covering heaven and then, swiftly, He lets it drop; but in the instance, it is as though we had got a quick glimpse of what is in store for us.
 Have you ever made a child happy, and caught the sheer of grateful joy in her eyes? Have you ever been in the country on one of those sleepy days in late August, when you could see the shocks of corn arching over the hills, and catch the distant whirring of the thresher? Have you ever sat, on a windy day looking at the ocean, catching the stinging spray full against your face? Have you ever listened to great music, say, Mozart's G. Minor Symphony? Have you ever heard organ music from afar?
 If there is anything good, anything appealing, anything beautiful and sublime in this life, it is only the least reflection of God, who is all Goodness, all Appeal, all Beauty and Sublimity.
 Throw away your harps, then! Forget the white robes and golden streets! St. John was doing the best he could to put happiness into the language of the exotic East. Happiness is peace—not a stagnant, lazy kind of thing, but a moving state—constant ecstasy—the possession forever and ever of everything beautiful, of all love, of all knowledge, of everything that matters; and the knowing that now no one can take from us our joy.

Women's Club News

Even though there has been a lapse of time since the American Home Department's Christmas party on December 16, in view of the fact that this annual affair is an important one, we feel that some mention should be made of it, even at a late date.

On this date, members spent a very enjoyable evening at the home of their Chairman, Mrs. Vincent J. Bonadies, of 12 Sherwood Road. The basement recreation room was beautifully decorated for the occasion, and in addition to the department members, guests enjoying Mrs. Bonadies' hospitality were Miss Florence M. Gaudineer and Mrs. Lillian Haufler, Springfield School Nurses, and Mrs. Charles Heard, President of the Woman's Club.

Each year the department gathers a large number of gifts to be given to under-privileged children in Springfield, and at this time many gaily-wrapped packages were presented to Miss Gaudineer and Mrs. Haufler for proper distribution. A list of children of all ages is provided the department, from which each member chooses children of the ages for which she wishes to shop. Thus, they were able to provide for fifty-two children, each of whom received a brand new article of clothing and also a toy. The money for these gifts was contributed by the department members.

During the evening, Santa Claus made an unexpected visit and passed out candy canes to everyone. He then visited Celia Ann, Mrs. Bonadies' young daughter, who was thrilled to talk to Santa and to have him tuck her in bed. Several rolls of colored movies were taken during the evening, which the group will enjoy seeing at a future meeting. Sandwiches and punch were served by Mrs. J. Frank Jakobsen and Mrs. Adam LaSota, and, later, guests enjoyed Christmas cookies and coffee.

Mrs. Charles F. Heard, President, and Mrs. Anthony Pilar, Jr. attended Guest Federation Day at the Fanwood Woman's Club on Wednesday, January 9th.

There will not be a Music Department meeting until February, the exact date to be announced later.

"John D. Rockefeller, Jr." by Raymond B. Fosdick, is the Biography which will be reviewed by Miss Evelyn Porter at the January meeting of the Literature Department, which will be held at the home of Mrs. L. S. Stevens, 778 Mountain Ave., Monday evening, January 14, at 8:15 P.M.

Mrs. Fred Spangler, Chairman of the Drama Department, has announced a meeting of this group at Mrs. Henry Gross' new home in Mountaineer, on Monday evening, January 14, at 8:30 P.M.

PTA Card Party Set For Feb. 4

Mrs. Ivin J. Gershen, chairman of the annual Card Party, sponsored by the Springfield Parent-Teacher Association, is busy with plans for this social event of the year. She announces that the Card Party will be held at Baltusrol Golf Club on Monday, February 4 at 8:00 p.m. Mrs. Gershen and the Card Party Committee will be assisted by the entire staff of the Baltusrol Club.

PTA hostesses will help all guests find tables where they can play bridge, canasta, scrabble, or gin rummy. Guests are invited to come alone, come in pairs, or come in groups. Favors have been planned for every guest and refreshments will be served by the PTA hostesses.

In addition to the above, surprise features are in store for the guests. Several celebrities have consented to attend and participate in the features. Further descriptive details of surprise features are promised at a future date.

Attendance has necessarily been limited to 250 persons this year. People interested in attending are advised to purchase tickets early. With a PTA membership of over 2,000 members, it is necessary to adhere to a "first come-first serve" policy. Call the Card Party Chairman, Mrs. Gershen, 1 Norwood Road, DR. 6-5772. Also read the PTA News column of the Springfield Sun for further news on the PTA Card Party.

56 Dogs Bite 34 Residents

Springfield Police Chief Albert Serge reports that dogs were just as big a hazard to life and limb as automobiles in 1956.

The final accident count at Police Headquarters shows 34 dog bites and 34 automobile accidents in Springfield last year. There were no fatalities from either cars or dogs, though eight motorists were injured. Despite the dogs chewing up a portion of the citizenry, none developed rabies and nobody bit back.

The Chief says that the number of dog bites is not unusual considering the number of dogs in town—847. Serge owns four himself and they have yet to nip the long arm of the law.

Home Dept. Holds Christmas Party

A very enjoyable evening was spent by the American Home Department members at the Christmas party given on Tuesday evening, December 18, at the home of the chairman, Mrs. Vincent J. Bonadies, of 12 Sherwood road. The basement recreation room was beautifully decorated for the occasion, and in addition to the Department members, guests enjoying Mrs. Bonadies' hospitality were Miss Florence M. Gaudineer and Mrs. Lillian Hauffler, nurses in the Springfield schools, and Mrs. Charles F. Heard, president of the club.

Each year the department gather a large number of gifts to be given to underprivileged children in Springfield, and at this time many gaily-wrapped packages were presented to Miss Gaudineer and Mrs. Hauffler for proper distribution. A list of children of all ages was provided, from which each member chose names of children of the ages they wished to work for. Each package bore its own individual label, as members shopped specifically for the children they had chosen. In this way, they were able to provide for 52 children, each to receive a brand new article of clothing and also a toy, the money for which was contributed by the department members.

While the meeting preceding the party was being held, there was a grab-bag for the exchange of gifts.

During the course of the evening, Santa Claus made an unexpected visit and passed out candy canes to everyone. He then visited Celia Ann, Mrs. Bonadies' young daughter, who was thrilled to talk with Santa, and to have him tuck her into bed.

Several rolls of colored movies were taken during the evening, which the members will enjoy seeing at a future meeting. Sandwiches and punch were served by Mrs. J. Frank Jacobson and Mrs. Adam LaSota, and later the guests enjoyed Christmas cookies and coffee.

Your Library

That the people of Springfield love their library and love to read is demonstrated in many ways. A review of 1956 shows many significant facts.

First of all a brand new wing is being built with funds supplied by the Township of Springfield. This will be twice as large as the present building, which will almost triple the space available. Already everyone can see the imposing facade at Number 30 Main Street, and when it is finished they will be delighted by an equally agreeable interior. The Trustees of the Springfield Public Library have worked very hard and carefully on the plans.

Then the interest in reading is shown by the tremendous number of books borrowed. For the last twelve months, the Library circulated 88,399 books. This is double the number borrowed during 1953, just three years ago. This is an increase of more than 100%, while the town population has increased about 25%.

Another indication of the popularity of the Library is the number of people willing to volunteer their time as helpers. They have worked hours at the circulation desk and done a lot of packing to help get ready for the change.

In addition to this, more children wanted to come to the Story Hours than the Library was prepared to care for. The full quota of forty tickets was usually given out a week in advance. And just this week, word arrived that the children have missed the Story Hour so much that a group of mothers have banded together to hold story hours for their children in their own homes.

The Presbyterian and Methodist Churches and the Historical Society at the Cannon Ball House have all worked to help the Library and lend storage space.

The Librarians, for their part, have cooperated with other institutions. They sent exhibits of books and speakers to the four P.T.A. Meetings in November and to Dr. Green's Book Reviews.

A great many books have been loaned to class rooms in both public and parochial schools. It is estimated that this increased the circulation by 31,963 volumes. During the building, an extra number of books were sent to the schools so that the children would not be entirely deprived of reading while the library is closed.

Adults have been able to visit the Chapel of the Presbyterian Church on Tuesdays, 10 A.M. to 5 P.M. to borrow a few books. Some books also were delivered to homes. Answering service was employed to take care of telephone calls so that anyone wishing information may call the regular library number, DR. 6-4284.

A final indication of interest is the number of inquiries about the date the Springfield Library will reopen. The condition of the building, the plaster dust scattered around, and the quantity of new furniture to be arranged, make this still uncertain. However, everyone on the library staff is interested in giving service to the public. The library will open as soon as possible and notice about the opening date will be circulated through every known medium of communication. Watch the Springfield Sun. Our town paper is always generous about giving space to Library News.

Members Inducted In Honor Society

On December 12, 1956, the Jonathan Dayton Regional High School Chapter of the National Honor Society held an induction ceremony adding nine new members to its former group of seventeen.

Barbara Buckalew conducted the opening exercises after which Tony Seaver explained the four qualities considered for membership in the National Honor Society: character, service, leadership, and scholarship.

Dr. Randolph Jacobsen, principal, announced the names of the new members who until that time had not known of their election. The inductees were escorted to the stage by members of the society and welcomed by Marcia Tamaroff, president, who presented them with their membership cards. The entire group then joined in repeating the honor society pledge. The ceremony ended with the singing of the Alma Mater.

Inductees were Richard Anderson, Thomas Doherty, Arthur Green, Dorothy Kallenser, Carol Leaycraft, Carol Lorenz, Susan MacNair, Patricia Prince, and Richard Tyjowski. Former members included Marcia Tamaroff, president, Mary Ann Anderson, vice-president, Dona Sweeney, secretary-treasurer, Rosemaria Bednarik, Alfred Bowman, Barbara Buckalew, Nancy DeLeonard, Janet Griffin, Ralph Lindeman, John Moscaritolo, Judith Phillips, Ruth Pringle, Tony Seaver, William Southgate, Ruth Stupak, Paul VanNess, and Robert Voorhees.

Visiting with Dr. and Mrs. B. Josephson of 192 Milltown Road were Mrs. Josephson's charming mother and dad, Mr. and Mrs. Sam Blacker of Petersburg, Virginia.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal
Chairman, Springfield Shade Tree Commission

With the cold weather upon us, there is little to do in the garden at this time of year. If your plants have not been mulched there is still time to apply a good thick layer of peat moss, or rotted manure, and the broad leaved evergreens can still be screened with holly, or sprayed with willow or other anti-transpirants.

QUESTION: How can I start growing some African-Violets?
ANSWER: This can be a very interesting hobby. You can purchase an African Violet starting kit from your garden supply center which furnishes all but the violets.

QUESTION: Is it true that African Violets do not want sunshine?
ANSWER: No, they like and require bright sunlight, but not direct sun during the summer months.

The information I received is herein compiled and I submit copies to you and others whom I know are interested in the welfare of our community. I have no intention of conducting a private crusade on this subject and hope no one takes offense at my handling this report as I have done. . . . I submit it with the sincerest hope that you, as our governing body, will find these facts helpful in establishing an effective Ordinance to serve as a basis for a successful Bicycle Safety Program in Springfield.

Bicycles are permanently registered at the Clerk's office for a fee of \$0.50. The serial number is recorded and serves to identify ownership of the vehicle in case of theft or accident to an unaccompanied rider.

The operation of bicycles in Summit is governed by the motor vehicle regulations. These rules are enforced by the entire police department as part of their normal duties. Violators are first given verbal warnings and if their behavior warrants drastic procedure, they are turned over to Juvenile Court authorities. Punishment for further violation of laws is the impounding of bicycles for a period of time up to 30 days.

School Board

(Continued from page 1)

amount to be raised by taxation the following year.

"As we pointed out in our first bulletin, the school system is a large and complex operation. In addition to the 65 regular and special teachers, the staff includes the Superintendent of Schools, three principals, two nurses; a secretarial and clerical staff of 8, a janitorial and maintenance staff of 12, and a cafeteria manager, as well as part time help in the cafeteria. On December 15th, the total enrollment in the four schools was 1477. In addition to this we have children attending a trainable class in Hillside, and the Bruce Street School (for physically handicapped children.) The item of tuition and part of that for transportation represent the cost of providing for children needing this special training. Bedside instruction is also being provided for several children.

Under the heading of current expenses are included the expenses of administration, instruction (salaries and supplies), operations (salaries, fuel, light, etc.), health services, transportation, athletics, cafeteria (should there be any deficit), and fixed charges representing tuition, insurance, Social Security, etc. The total for 1937-38 is \$849,410 as compared to a figure of \$358,450 for the year of 1935-37, an increase of \$490,960.

The greater part of this is in the item of teachers' salaries, which shows an increase of \$58,300. There are two reasons for this. One is the necessity of employing at least eight new teachers to take care of increasing enrollment as well as to provide for another home economics teacher and manual training teacher when the addition to the Gaudineer School opens in September, 1937. Incidentally, our school enrollment increased 100 between June 15 and December 15, 1936, the equivalent of four classes. A look at the new homes going up in Springfield will show that we must expect continued increases in our school population.

New Salary Guide

The other reason for the increase in this item is the proposed new salary guide, which would provide a scale of \$4,000 to \$8,800 for teachers with a bachelor's degree, and \$4,200 to \$7,200 for those with a master's degree, maximums to be reached in 14 and 15 annual steps of \$200 each respectively. It has been the policy of the Board to try to keep a middle course in the matter of teachers' salaries, with a scale that is neither the highest

nor the lowest in the area. The proposed guide is in-line with those being adopted in neighboring communities, and it is felt that, in order to keep our good teachers and secure new ones of high caliber, our salary guide must be on a competitive basis, particularly in view of the present shortage of teachers throughout the country. The salaries of the principals and superintendent are keyed to the teachers' salary guide.

"The item of operations shows an increase of \$13,050, accounted for primarily by the opening of the Gaudineer addition, which practically doubles the capacity of that school. This also accounts for part of the increase in the item of insurance. The amount of \$3,174 for Veterans' Prior Service Liabilities is a new expenditure required by recent legislation.

The complete budget totals \$821,510, an increase of \$98,010 over the 1936-37 budget. The amount to be raised by taxation will be \$684,906.50. The difference represents anticipated state aid totaling \$94,720.98 and anticipated unexpended balances totaling \$41,882.52. A public hearing on this budget will be held on Tuesday, January 15, at 8:00 p.m. in the Board Room (Library of the Gaudineer School, and the Board invites all those who may be interested to attend. Copies of the complete budget will be available at that time.

"This budget will be presented for public approval on Wednesday, February 13. At the same time you will be asked to vote for three members to serve on the Board of Education for a three year term. We urge you all to participate in this election, and hope that all those interested will be present at the public hearing next Tuesday, January 15.

3 Games Launch Small-Fry Ball

The Springfield Recreation Commission, sponsored "Small-Fry Basketball League" inaugurated play last Saturday morning at the Florence Gaudinier School gym, with Mayor Albert G. Binder on hand to witness the opening tap-off. Mayor Binder commended the youngsters on their ability, spirit and enthusiasm and said he was proud of the Recreation Commission activity.

In the opening game of the triple-header the Celtics posted a 29-21 victory over a strong Piston team with burly Mike Pisano sparking the drive with twelve points, netting five baskets and two fouls. Jimmy Crowley scored eleven points for the Pistons on five goals and one foul. The winners jumped off to a 11-3 lead in the initial quarter and were never headed.

The 1956 league champion Knick-

erbockers opened their drive for another Championship by defeating the Lakers 17-12, with south-paw Barry Becker and Larry Cyre the difference in this game. Johnny Fitzsimmons came through with a pair of timely field goals and a foul to help the victors. Jimmy Lies and Younblon were the top performers for the Lakers.

In the finale of the triple-header the Nats came up with good back-court play and excellent defensive work to easily defeat the Bulls 17-6. Both clubs were aggressive in this game, with the Nats having a better shooting percentage on their shots. Francis and Coan were the top men for the losers, with Bell and Aggar sparking the Nats. Aggar showed promise of developing into an excellent backcourt performer for future cage teams in Springfield, coming through with aggressive defensive play as well showing good basketball know-how by con-

Royals Trim Hawks In Basketball 1st

The defending Champion Royals trimmed the Hawks 53-40 last Tuesday evening to inaugurate play in the 1957 Springfield-Recreation Commission Youth Basketball League.

A big first quarter by the fast moving Royals gave the ultimate winners a comfortable 18-8 lead which proved too great a handicap to overcome. The Hawks, coached by Vinnie Altieri, rallied in the second and third quarters, coming to within three points at one stage of the game only to have several fast break baskets by Jay Gladstone and Norm Lawn halt this drive.

Ted "Birdie" Hohn, curly headed backcourt man of the Hawks, scored 13 of the 14 points scored by the red-shirted Hawks in the first half. Hohn continued his fine all-around play in the third and fourth quarters to amass 24 points for the losers. The Hawks although losing, showed promise of developing into a good-ball club, especially with the return of Len-

Bowling Contenders Fall Flat After Holiday Rest

The first Springfield-Bowling League action in two weeks found all the top teams in rusty condition Monday night at the Springfield Bowling Alleys. Except Springfield Market, of course.

The Market bowlers rolled their usual way taking two out of three from next to last place Cuzzolino Furs. The only surprise came when Cuzzolino won the middle game by one point.

The next four clubs in the league hadn't gotten over the holiday celebration it would appear. Second place American Legion No. 2 fell three times to lowly Drake's Fuel, third place Beckmann's Market and Parkview Garage both dropped two out of three to Bunnell Bros. and American Legion No. 1 respectively. Other action saw D'Andrea Driveways nip Mendes Florist 2-1 and Frank's Auto pushing by Brunner Excavating 2-1.

Local Turnout Big For Hungarian Aid

The Springfield Chapter of the American Red Cross ended a very successful drive for aid to Hungarian refugees by delivering to the Camp Kilmer Displaced Persons Center enough clothing and footwear and money to take care of over thirty families.

Chairman Henry Grabar said, "The warm-hearted response to this drive is another tribute to all the people of Springfield who never fail to give generously when called on to share their blessings with others who are less fortunate. Because of the local response many families who were uprooted from their homeland with little or no possessions will be dressed warmly and given an opportunity to start a new life in a country foreign to their own, secure in the knowledge that their uncertain future will now have meaningful direction and a chance to live the American way."

Local Cub Scouts and many adults, mindful of the approaching holidays, were determined that the little children would not be denied a proper Christmas and brought in hundreds of toys to brighten up what might have been a cheerless future.

Members of Cub Pack 62 at Temple Beth Ahm made up over 100 toys and delivered them to the children of the Hungarian refugees through the Springfield Red Cross.

The first United States citizen to win the Nobel prize in literature was Sinclair Lewis in 1930.

SUNNING SPORTS

By RITCHY SCHWARTZ

We watched a "new look" Regional High basketball squad step onto the Union Farmer court and put a scare into our next-door neighbors.

The Hoopsters shape up this way as they near the turn and head for the middle of their schedule. Paul Heischuber, a steady performer is still in there.

Lynn Sets Season Record In Sweep

The Lynn Decorators bowled the best series of the season in the Springfield Sports League last week as they cut V.F.W.'s once proud 8 game bulge to 2 games.

Lynn reached a three game high by rolling a series of 2844 in trouncing the floundering policemen 3-0. But the single game high was reached by Jimbo Texaco when they bowled a 1038 in sweeping the V.F.W. Mavericks. The Vets have skidded badly the last two sessions and could lose control of first place next week.

The other contest saw Disc & Shutter nip Springhouse Tree 2-1 to move within four games of first place.

And it's all yours proved as no other car in history—by a rugged 100,000-Mile Marathon Test Run! Doesn't this suggest that now's a wonderful time to come in and see what you've been missing?

Public Service has faith in New Jersey's future. In fact, our capital expenditures between now and 1965 could exceed one billion dollars to meet anticipated demands for electric and gas.

For example, we expect that our electric system load will have increased to about four million kilowatts by 1965, which is double the load in 1955. Our customers who heat their homes with gas increased by 270 per cent since the end of 1950.

All of this means that New Jersey is growing... and Public Service is growing along with this great state. Industrial development is vibrant; urban redevelopment is shown in the "face-lifting" as seen in many New Jersey areas, particularly in Newark; residential sections continue their healthy population growths.

The years ahead hold great promise for New Jersey and for Public Service. We are dedicated to fulfilling that promise.
