Henshaw Light Must Wait For 4 Or 5 Weeks

Residents in the vicinity of Henshaw and Mountain avenues who have been wondering what has happened to their appeals for a traffic light at this dangerous intersection—will have enough time to keep on wondering.

The Township Committee, through correspondence and telephone calls, has been trying to build a fire under the State Bureau of Traffic Safety but bureaucratic red-tape has thrown the idea for a loss and it is now back in the voluminous written report stage.

A letter was sent to the State Bureau recently asking what, if any, progress had been made on the urgent request for the installation of a traffic light at this corner. Safety engineers were reported to have made exhaustive surveys which pointed out the immediate need for such a signal.

In 4 Or 5 Weeks
Springfield received a letter, dated January 25, from the Bureau of Traffic Safety which tells the citizens here that "due to a considerable backlog of work and only a limited personnel available to handle matters of this kind, our principal traffic engineers need to visit the Township in four or five weeks. . . he will complete his report and we shall advise you further."

In the meantime traffic at this intersection of Henshaw and Mountain avenues is more hazardous than ever but Springfield cannot do anything until the red-tape and surveys untangle.

Following is the letter from the State Department of Public Safety to the Township Committee:

Due to a considerable backlog of work and only a limited personnel available to handle matters of this kind, we have been unable to process this matter.

In checking with our Mr. J. R. Cate, Principal Traffic Engineer, he advises me that he

Grabarz Will File For GOP In Primaries

Henry Grabarz, Chairman of the Springfield Planning Board, today formally announced his candidacy for nomination to the Township Committee in the Republican primary election.

Grabarz, who lives at 231 Baltusrol Avenue, has been active in civic affairs for some years and said that his decision to enter the primary was in response to the urging of many citizens who felt he should seek the office of Township Committeeman. Petitions in his behalf are being prepared for circulation throughout the township.

Grabarz has been a member of the Planning Board since 1954. He served as Township Building Inspector in 1955 and was Chairman of the committee which studied and recommended the new building code.

He is 45, actively engaged as a building contractor locally and a director and past-president of the Home Builders Association of Metropolitan New Jersey, he was also a national director of the National Association of Home Builders.

He is a member of the Board of Governors of the Springfield Historical Society and is the 1957 Fund Chairman for the Springfield Red Cross. He is also a member of the Springfield Lions Club and B.P.O. Elks.

Army Of Volunteers Ready For Boy Scout Fund Drive

Additional workers have enlisted for the annual fund drive of the Boy Scouts in Springfield and everything is in readiness for the campaign, February 6 to 12.

New workers in District 2 include Mrs. Delano Tompkins, Frank Rebel, Mrs. Thomas McCracken, Mrs. Gerald Brenn, Mrs. Louis Pignolet and Lawrence Stickle. Additional members of Tom Glen's group in the Third District include Mrs. Mimi Biddleman, Mrs. Edward Eppinger, Mrs. Irma Rosenthal, John Slohada and Frank DiBiase. Harry Monroe, in the Sixth District, has added the following volunteers to his list of workers: Mr. and Mrs. H. B. Georges, Mrs. Helen Golden, Lewis Wilson and Maurice Scully. The nation's 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders will mark the 47th anniversary of their organization during Boy Scout Week, February 6 to 12.

The observance has as its theme, "Onward for God and My Country" with a special emphasis on "Duty to Country."

Sunday, February 10 is Boy Scout Sunday. Scouts and leaders will attend religious services in uniform in countless churches of all denominations. Those of Jewish faith will hold their observances in synagogues and temples on "Friday" evening, February 9 and Saturday, February 9. Many sermons, addressed to Scouts, will touch on some aspect of the Boy Scout Week theme.

In hundreds of communities, Scouts, their parents, and institutions sponsoring Scout units, will unite in paying their respects to the volunteer adult leaders whose contributions of time and effort in behalf of youth makes these units possible.

National Scout officials say that 48.7 per cent of all Scout units—and there are 111,000 of them—are made possible by the sponsorship of churches and synagogues of all faiths. Civic groups make possible 30.8 per cent, while schools sponsor 19.9 per cent of Scout units in all three age levels.

Unico Chapter Sets Plan For "American Day"

The Springfield Chapter of UNICO National announced to day that annually, starting this year, UNICO will sponsor an "I Am An American Day." This year, the date is set for Sunday, June 23.

President Vincent J. Bonadies said that the annual affair will coincide with the anniversary of the charter of the organization in June.

"It is the intention of the group," said Bonadies, "to conduct a full day of events, both historic and civic, and highlighted by the awarding of a plaque to the 'Citizen of the Year,' to be chosen by the local Unico Chapter." To climax the day's activity, there will be a dinner-dance held at the Club Diana.

Frank DeFino of 160 Mapes Avenue is General Chairman of the "American Day" celebration. Bruno Marino of Tooker Avenue is chairman of the Citizen-of-the-Year Award Committee. Members of these two committees will be announced soon.

The idea of "American Day" corresponds to one of the basic principles of UNICO—in furthering Americanism in those who are foreign-born or the sons and daughters of the foreign-born.

STARTS FULL TIME JOB. Wilber W. Layng, who has been working as secretary of the Springfield Board of Assessors on a part time basis, starts his full time job tomorrow.

The Township Committee, at its last regular meeting, adopted a resolution making the job a full-time post and Layng, because of his experience in tax matters, was the logical choice for the position. The change is effective tomorrow (Friday) and Mr. Layng is now expected to devote all his time to the local tax board duties.

Local Residents Qualify as CPA'S

CARMEN S. CATAPANO

Carmen S. Catapano, 22 Mountain Avenue, received notice this week that he had passed the examination qualifying him as a certified public accountant by the New Jersey State Board of Public Accountants.

Now, in addition to working in that chosen field, Catapano is attending Rutgers Law School. He is a graduate of Jonathan Dayton Regional High School and Denver University where he received his B.S. degree having majored in accounting. He was named the outstanding accounting student in the graduating class.

Mothers March Climaxes Polio Campaign

The 1957 March of Dimes Campaign in Springfield will close today following last night's Mothers' March. The response from the residents is greatly appreciated by the Campaign Committee. However, this year has been far lower than previous years in the total amount collected. If you are still holding a coin and bill card mailed to your home, please forward it with your contribution to help raise the amount of Springfield's Polio Drive.

Last week the Campaign Head-

ELECTED, VEEP—Mrs. Russell Hillier, 22 Park Lane, was elected 2nd vice president of the Union County Association for Mental Health at a meeting held last Tuesday in Union.

Town Groups Join In Youth Group Meeting

Ten local organizations have formally accepted the invitation to meet at the American Legion Hall Tuesday, February 19, at which time a definite program will be mapped out for the proposed Youth Center in Springfield.

The town-wide meeting has been called by the Springfield Rotary Club, sponsoring the Youth Center program and invitations were issued to approximately 30 organizations to send representatives for a full discussion.

While formal acceptance has been received from only 10, a great many of the invited groups haven't had an opportunity to hold meetings and select their representatives. Indications are that practically every organization in

PTA Sets Date For Annual Card Party

The Springfield Parent-Teacher Association is happy to announce that its annual Card Party will be held at the Baltusrol Golf Club on Monday evening, February 4th, at 8 p.m.

This annual affair at beautiful Baltusrol is a special treat which you won't want to miss. If you and your friends cannot make up a table for four, come alone or in pairs—just bring your Mah Jongg set, Scrabble board, or cards. Our hostesses will help you find a game and table of your choice. There will be favors for everyone, donated by merchants and manufacturers, prizes at each table, and other activities that are part of this event. Refreshments will be served at each table and adequate parking and checkroom facilities will be available. If you haven't purchased your ticket yet call Mrs. Irvin J. Gershen, DR 6-5772, for reservations. See you February 4th!

Junior Corps In 6th Year At Overlook

The Junior Volunteer Corps, which is sponsored by the Public Welfare Department of the Springfield Woman's Club, has begun its sixth year at Overlook Hospital, in Summit, where the aides render an invaluable service.

It was largely through the efforts of Mrs. Arthur Stender and Mrs. Charles Heard, then Chairman of the Public Welfare Department, that this organization had its beginning. Realizing the need for such a group, they began formulating plans, and after much preliminary work and numerous conferences with hospital personnel, they were able to start their program. This was the first group of Junior Volunteers to be accepted at Overlook.

Starting with eight girls who performed hospital duties, the group has considerably increased in number, and at the present time, there are thirty girls enrolled from the Jonathan Dayton Regional High School, coming from Springfield, Berkeley Heights, Kenilworth, and Mountaintains. Eleven of the students have served in the program for two or more years.

The girls average ten hours a week.

Candidates Agree On School Issues

The five candidates for the three positions up for election to the Springfield Board of Education did not disagree on any basic questions at "Candidates' Night" at Gaudineer School Monday.

More than 500 persons attended the affair which was sponsored jointly by the Springfield PTA and the Springfield League of Women Voters.

Candidates who spoke were Robert G. Smith, board president; Edwin G. Davenport and S. Bryant Haas, incumbents; Raymond Baumring and Mrs. Michalina S. Wasung.

Questions asked were: What phase of the functions of the board of education are you qualified for? What are these qualifications? What changes or improvements would you suggest?

New Republican Club Head Starts Membership Drive

A membership drive, with invitations to every resident in the township to become members of the Springfield Republican Club, is one of the first items on the agenda of Louis Ebert, new president of the organization.

"We want all newcomers to Springfield—and those residents who haven't yet become members," said the club president, "to join us and participate in our activities. It is a privilege to have some part in the affairs of your home community and membership in the Springfield Republican Club is the short cut to knowing what's going on in the municipality."

Mr. Ebert, a very successful business man who is affiliated with the well known firm of Brown & McEwan, in Newark, has re-

Local Schools Try New Methods In Teaching Arithmetic

Modern and more practical methods of teaching arithmetic to youngsters have become the trend throughout the educational field and the Springfield elementary school system has kept abreast of these new concepts. It is the intent in this series of four articles to show how this new philosophy is carried out in the arithmetic program of our Springfield schools. This article describes some of the high points of the kindergarten and first grade program.

This change in approach has taken place as a result of an increased interest in theories of learning derived from the field of psychology. The words meaning and understanding have become synonymous with good arithmetic teaching. It is a known fact that we learn better, we learn faster, and we retain longer that which is first understood. Consequently, arithmetic through the grades is first presented in terms of meaningful concepts. Numbers must have meaning for the individual if such knowledge is to be applied. Meaningless recitations of facts such as 2+2=4 might be compared to the response of a trained animal who dutifully taps the floor four times when his master calls for an answer to 2+2.

**Paul Van Ness In
All-State Band**

Paul Van Ness

After one month of practice, Paul Van Ness has become one of New Jersey's best school boy French horn players.
 About a month ago, Van Ness put aside his alto horn to take up the French horn. This week it was announced that he was selected as one of the 130 members of the New Jersey All-State Band. Van Ness, son of Mr. and Mrs. J. Norwood Van Ness, 14 Alvin terrace, was selected from among 250 students who tried out January 4 at Highland Park. He will participate in the All-State Concert on March 2 in Atlantic City. Van Ness was the only Springfield student to make All-State Band, though four other Regional students made the Central Jersey Regional Band. He is a senior who plans to study for the ministry upon graduation. He is president of the Elizabeth Sub-district Methodist Youth Fellowship, which includes Springfield.

**Elks Launch
Crippled Kids
Aid Campaign**

New Jersey State Elks Crippled Children's Committee will launch its 35th annual Easter Shield campaign this week with the mailing of a sheet of seals to 1,500,000 homes in New Jersey. The goal is \$200,000.
 Proceeds from last year's drive totaled \$158,000 enabling New Jersey Elks to spend nearly \$200,000 in aiding the crippled and handicapped children in the state. Grand total spent since inception of the program in 1923 is nearing the \$5,000,000 mark.
 Richard M. Blake, exalted ruler of Springfield Lodge, today paid tribute to the generous support of the public which has made this program possible.
 Last year's drive, he reported, financed nearly 4,000 examinations, 7,500 therapy treatments, 3,685 home visits by nurses, 232 operations, 19 artificial limbs and 153 orthopedic treatments.
 It also financed purchase of special shoes, wheelchairs, crutches, contributions to Cerebral Palsy clinics, the Cleft Palate Clinic at St. Barnabas Hospital, the Betty Bacharach Home, numerous other hospitals in the state and continuation of the scholarship program under which four handicapped young people are now pursuing college educations on full scholarships in college of their choice.
 Wm. C. VanRiper heads the local drive assisted by R. M. Blake. "Springfield Lodge, like the 80 others in New Jersey is dependent upon the success of the drive to carry on its work and to meet the challenge of increasing its scope," he said. "Although the appeal is directed at the state level, all money contributed from this area will be returned to the local lodge for expenditure at the local level at conclusion of the campaign."
 Philanthropy is almost the only virtue which is sufficiently appreciated by mankind.—Thoreau.

Editor, Sun:
 Referring to your sports column "Sunning Sports" by Ritchy Schwartz, I would like to comment on the progress and the originality of this young sports writer. Scribe-wise there isn't anything he can't tackle.
 Strategy is used—top level strategy—in preparing this column. In the past year he hasn't had much to write about—that is winning-wise, but he keeps the boys up there and that's what counts. Potentially he's a real corner.

**Artists To Perform
For Woman's Club**

The Springfield Woman's Club will have the pleasure of hearing two talented and well-known musical comedy artists at their monthly meeting on Wednesday evening, February 6, at the Edward V. Walton School, Helga and Gary McHugh have been heard by a great many organizations in this area.
 Mrs. McHugh has sung at the Gateway Musical Playhouse in Atlantic City in operettas, such as Bloomer Girl, Brigadoon, Finian's Rainbow, and Paint Your Wagon, and with the Boston Opera Company. She has also appeared at the Waldorf-Astoria and at Toots Shor's, in New York. Her unusual voice covers a range of four full octaves.
 Mr. McHugh has starred in his own television show over Channel 9, WOR. He was one of the original "Dead End Kids," and he has also appeared in Broadway shows and summer operettas throughout the country. He studied at the Julliard School of Music, in New York, and he had leading roles in "The Desert Song" and "The Vagabond King."
 The evening with "Americans on a Musical World Tour" promises to provide splendid entertainment for the Club members and their guests.

**Springfield Work Felt In
"Hot" Labs & Cold Antarctic**

A founder and owner of a Springfield firm that is going places fast in this modern world of technology has recently found his discoveries making headline news.

Lester D. Supiro

Lester D. Supiro of Metals and Residues, Inc., of 65 Brown avenue, is now able to watch scientific frontiers being pushed forward with some of his inventions. "Time Magazine reports in its December 21 cover story on the Antarctic that the Navy was storing large quantities of caustic soda and aluminum chips in bunkers down there to make hydrogen gas for meteorological balloons. This process was developed by Supiro, a co-founder of Metals and Residues. Many of the company's refractory metals (metals with a high melting point) are being used in jet planes, hard cutting tools, and the government's atomic energy development program, including work aboard atomic submarines.

Metals and Residues, who process and manufacture refractory metals like Tungsten and Molybdenum, was founded over five years ago by Moe Goldberg and Lester Supiro in Newark. Supiro had made a name for himself in the army when at the age of 22 he won a bevy of awards for developing the hydrogen gas process.
 Supiro was a first lieutenant in the Army Air Corps in 1944 serving as a weather officer in China. In order to supply hydrogen for weather balloons, the Air Force had to fly—tons of heavy—Ferrosilicon over "the Hump" from India to China. Supiro perfected a way of using aluminum chips from wrecked planes to produce the hydrogen, thus freeing the planes for other critical cargoes. Everybody from General Joseph Stilwell on down presented Supiro with commendations. The highest was the Legion of Merit.
 Today, at 34, Supiro heads two companies (Spot Testers, Inc., is an affiliate of Metals and Residues who manufacture and distribute a portable testing unit for identifying metals at the same address). An enthusiastic flyer, Supiro pilots chartered planes for business trips. His metal products are finding their way into the atomic energy program and the extreme cold weather explorations like the antarctic expedition.

Supiro lives at 32 South Munn avenue, East Orange. He was brought up in Little Falls, N. Y., where he was valedictorian of his high school class before attending N. Y. U. on a scholarship.
 Metals and Residues are in the midst of an expansion program that will greatly increase the size and scope of the company. Because an unusually high percentage of their budget is devoted to research, it is a company that is moving ahead of the times. Any engineers or men with mechanical experience who want to grow with a firm that is growing, should contact them immediately.

Springfield is eager to participate in such a project.
The list of the ten organizations already in line are the Lions Club, Parent Teachers Association, Girl Scouts, American Legion, Elks, Civic Alliance, Veterans of Foreign Wars, Shunpike Association, Temple Beth Ahm and the Polish Alliance.
The idea of a Youth Center has been discussed by many organizations in Springfield but the Rotary Club launched the program by appointing a temporary committee to explore the plan. The response was immediate and a contribution for \$1,000 by Carter-Bel I Mfg. Co. was announced to

start the fund. Several other contributions have been made which will be announced to the general committee meeting on February 19.
The Youth Center project has been incorporated through the offices of former Judge Felix Forlenza and a bank account opened to deposit the contributions.

Drexel Cleaners Opens On Mt. Ave.

Drexel Quality Cleaners opened yesterday on Mountain Avenue in the Cortie-Delicatessen building with a complete dry cleaning plant right on the premises.
The new dry cleaning establishment boasts the "latest completely automatic equipment" which will enable them to offer one-hour service. The equipment includes a Hoffman Jet dry cleaner and dryer, an electronically controlled steam iron, an air controlled pressing machine, and a fancy gadge known as the Dial-U-Matic Store Conveyor. This machine makes it possible for the girl at the counter to press a button and a customer's garments will automatically move to the front of the store on an overhead track.
Drexel Quality Cleaners is opening with a "½ sale." For every garment brought in, a similar garment will be dry cleaned free. Drexel also does shirt laundry and shoe repair.
The store will be managed by Murray Zucker, who with his partner-brother Leo have owned A. Cornfeld Cleaners in East Orange for the last 14 years. Murray and his wife Rhoda are moving to Springfield's Shady Tree Estates as soon as their new home is completed. They have two sons, Stephen 13, and Robert 3.

month in service at the hospital. They provide their transportation to and from the hospital, as well as their own uniforms, which are attractive green and white striped pinafores, worn with white blouses. Their duties are numerous, and from the time they "check in," at 3:00 o'clock by signing the ledger in the Volunteer Office, until their work is finished at 5:30, they may be seen on every floor of the hospital, cheerfully serving wherever they are needed.
On the floors, they are expected to answer bells, run errands for the nurses, refresh and arrange flowers for patients, help prepare patients for meals, and to assist with feeding, if necessary, and to pass fresh water to the patients.
They help with the children in Pediatrics, by feeding them, and also by reading to them, or otherwise helping to entertain them. The also help at the Information Desk, where they gather mail to be delivered to patients, as well as delivering messages and flowers. Other assignments include stamping linen and tying the Linen Room, stapling, making linen packs, or preparing other supplies.
The girls attend lectures, where

they receive specific instructions concerning all phases of their duties, and, working under the guidance of their counselors, they are well-prepared to serve in any of these capacities.
By giving freely of their time, the Counselors make it possible for this work to continue. The present Chairman of the Public Welfare Department is Mrs. John C. Pitney, of 52 Woodcrest Circle, and serving with her as Counselors are the other Department members, including Mrs. Charles F. Heard, Mrs. Herbert H. Kern, Mrs. William C. Cosgrove, Mrs. Hilton G. Wood, and Mrs. Wesley Lewandowski. Mrs. Arthur C. Stender, also a department member, is the Regional High School Representative in the program, and as a faculty member, she has organized a Club in the schools extra-curricular program for the Volunteers.
In 1956, a Scholarship was awarded by the Springfield Woman's Club to a graduate of the Regional High School for outstanding service in the Junior Volun-

teer Nursing Program, for the purpose of furthering her training in some New York field. Miss Jacqueline Binder, of Springfield, was the recipient of this award, and she is now studying at Coit Memorial Hospital, in Newark.

To love the public, to study universal good, and to promote the interest of the whole world, as far as it lies in our power, is the height of goodness, and makes that temper which we call divine.

THE SECRET

In another moment he will be getting up and walking toward you, eager to tell the secret of his calmness and strength. Will you listen? He has solved many problems, overcome much grief and temptation, been able to meet the conditions of every-day living, all because through the Church he has come in contact with the Source of all power. In the Church he has found companionship. Its worship services have brought faith, peace and serenity. Its activities have furnished an outlet for his creative abilities and energy. The Church has been a part of his life from boyhood. Through its various departments the needs of his life have been met. He has enjoyed the fellowship there and, looking back, he is able to trace his own growth.

Have you learned his secret? Wouldn't you like to know it? What the Church has done for him it can do for you. If you are young, it will help meet your problems. If you are older, it will bring satisfaction and peace.

THE CHURCH FOR ALL...

ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Local Schools

concrete aids and devices have become an integral part of our arithmetic program. These aids do not supersede drill or practice, which is a most important aspect of arithmetic learning, but rather place this phase in its proper perspective. Older methods emphasized drill to the point of exclusion of understanding. Such methods produced good reciters but hindered the development of thinkers. Scientific thinking is at a premium today and training in this area must start in the formative years of the child's life in the elementary school.

There is no formal period for arithmetic in kindergarten. It is learned throughout the day as natural situations involving arithmetic arise. The varied experiences encountered in the daily program give the child a readiness for future number work. There are many opportunities for numbers to take on a significance for him.

The objectives of the kindergarten program include the development of a meaningful quantitative vocabulary, the development of number consciousness, and the development of initial concepts of units of measure.

Vocabulary and number consciousness are developed through activities such as counting the number of children present, the number of straws needed for milk, the number of chairs to be put in a circle for a game, a visit to the grocery store to buy cookies for a party or a pumpkin for Halloween. A "super market" built in the classroom gives the opportunity for clerks and customers to sell and buy groceries. Questions arise as to the prices of different articles. A cash register, toy money, telephones, and order pads all become part of the program to help build number readiness and milk develop number consciousness as the child learns that these items are needed for three stamps and that four nickels pay for milk each week.

The child becomes familiar with units of measure through the kindergarten program. The measurements of time including morning, afternoon, night, today, tomorrow and yesterday take on significance as the child plays with clay yesterday, and tomorrow he will play with blocks. The big clock with movable hands begins to have meaning for the child as the time is set for the activity period, rest time, music period, or the time the next train will leave "Springfield Station."

Shapes become a reality as he learns to make a circle for a game, play a triangle in the rhythm band, or cut a square from colored paper. As each child is weighed and measured the words size, big, little, tall and small are developed. Temperature is discussed daily and the weather is recorded on a large calendar by placing a snowman, an umbrella, or the sun on the chart. Such terms as hot, cold, freezing, windy, rainy, and sunny become meaningful to the five year old through these experiences. Fractions play a part as we make apple sauce, jello, or soup and must measure one half cup of sugar or cut a carrot in half.

To aid in building these number concepts clocks, weather charts, attendance boards, calendars and flannel boards are used. Songs, stories, games, finger play, and poems are part of the varied program which develop number readiness in the kindergarten.

The readiness for arithmetic which has been developed in the kindergarten through enjoyable play experiences is continued and expanded in the first grade. The number experiences of the first grade are largely foundational and the program in arithmetic is one of initial learning.

Meaningful and interesting classroom activities which emphasize and teach number concepts by the use of visualization, dramatization, and manipulation of materials are planned. This program provides experiences for systematic study in recognizing, counting, and writing of numbers, number words, and number groups to ten. The child is taught to analyze groups and to combine

Presbyterians Plan Parish Expansion

The Congregational Dinners of the First Presbyterian Church of Springfield were attended by 560 adult members and friends on Tuesday and Wednesday nights in the Parish House of the Church.

Rev. Bruce W. Evans presided and Lemuel S. Stevens, a member of the Planning Commission, announced the tentative plans of the Commission.

The present facilities in the old Chapel in the rear of the Church and the new Parish House built five years ago are over-crowded by the Sunday School. It is imperative, said Mr. Stevens that more space be provided to accommodate the growing enrollment and make possible better teaching. To do this an addition will be made to the new Parish House.

Mr. William Allen spoke of the organization to canvass the entire membership during the week of February 10th. Raymond Pierson Campaign Chairman, will have associated with him William Allen, Duncan A. Douglas and George D. Harrison as Section Chairmen. Robert Bennett, Frank Haydt, Jr., Robert Isley, Harry C. Anderson, Robert Grant, William Green, R. T. Bunnell, James M. Duguid, Herbert Bailey as Division Chairmen and Messrs. William Geitz, A. W. Slaght, Jr., Max Weiss, George Forsman, S. Bryant Haas, Roger W. Shotwell, Jr., J. W. Hummel, Alvin Johnson, Henry Brucker, T. Lawrie Jackson, E. W. Fuhrer, W. P. Wood, George Wunderlich, Douglas Stocke, Arthur R. Schramm, Arthur Bjorstad, George Gleim and Lemuel S. Stevens, Francis, Sammond, Charles Hoard, John A. Schoch, C. Stuart Knowlton, Clifford W. Walker, Henry C. McMullen, Clifford Zimmer, John Trout and Dennis Beam as Captains of Teams of four men each. A total of 120 men will be organized into the canvassing unit.

Mr. Maximilian Schneider spoke on the necessity for Leadership Gifts and the opportunity to establish memorials both in the Church Building as well as in the Parish House.

Mr. Herbert Kern Superintendent and Mr. James Stewart, Associate Superintendent of the Church School paid tribute to many of the faithful teachers who have worked faithfully over the years.

Miss Dona Sweeney and Mr. Ward Landregan gave their personal testimony as to what the Sunday School has meant to them and what it will mean to other boys and girls.

"To make possible what we need," said Mr. Duguid, Chairman of the Board of Trustees, "it will be necessary for members of the Congregation to provide a minimum of \$100,000."

The dinners were prepared and served by the women and young people of the Church under the leadership of the Dinner Committee with Mrs. Luman Spencer as Chairman. Mrs. Harry Spencer, Mrs. George Harrison, Mrs. Raymond Pierson, Mrs. Roger Shotwell, Mrs. Arthur Lamb and Miss Dona Sweeney as helpers.

Parents Invited To Small-Fry Play

The Springfield Recreation Commission will stage a Mother and Dad Basketball day at the Florence Gaudineer-School gym on Saturday morning, February 9th, with all parents invited to see the opening games of the second half Small-Fry basketball campaign.

Additional seating will be available as a large turnout of parents is expected to see the triple-header attraction. The Springfield Recreation Commission is proud of the Saturday morning basketball program for the youngsters of the township, and would like the parents to be on hand to see the progress shown by their youngsters.

The program will start promptly at 9:30 a.m. and end shortly before noon.

P.T.A. NEWS

Don't forget the P.T.A. Card Party to be held this coming Monday at Baltusrol Golf Club. See article elsewhere in this issue.

Mr. William Neal Brown will discuss "The Happy Family—The Relationship and Importance of Each Member of It" at the Pre-School P.T.A. meeting on Thursday, Feb. 7, at 8:15 p.m. in the Gaudineer School Cafeteria. Mr. Brown has a Bachelor of Science Degree from Hampton Institute, Virginia, and received his Master of Science Degree in Social Work from The New York School of Social Work, Columbia University. He also did further study at the Graduate School of Social Service Administration Regional Office, Newark, N.J. Mr. Brown is currently employed as an Assistant Professor in the Graduate School of Social Work at Rutgers University, New Brunswick, N.J. Mrs. E. J. Harback, chairman, will be assisted by the co-chairman, Mrs. W. A. Scott. They extend a cordial invitation to all parents since the subject is such that it should not be limited to just the Pre-School Group. Refreshments will be served by the hospitality committee headed by Mrs. Howard Vaughn.

Special thanks go to the following workers in the Pre-School Survey: Mrs. L. Max, Captain; Mrs. W. D. Crawford, Mrs. E. Kaplan, Mrs. P. Peidloff, Mrs. S. Goodman, Mrs. N. Christensen, Mrs. S. Clark, Mrs. F. Haydu, Mrs. F. Frieri, Mrs. H. O'Neil, Mrs. J. Moses, Mrs. H. Jachim, Mrs. I. Montag, Mrs. H. Huneke, Mrs. G. Lueddeke, Mrs. A. Williams, Mrs. R. Smith, Mrs. I. Forster.

More thanks to those who helped Mrs. Otto Granick: Mrs. E. J. Schnell, Mrs. Stanley Seidel, Mrs. Samuel Leibowitz, Mrs. William Peacock, Mrs. Seymour Margulies, Mrs. Joseph Gargano, Mrs. L. Gerber, Mrs. Julius Blake, Mrs. Walter Canter, Mrs. G. London, Mrs. T. H. Seagull, Mrs. Bjarne Bergman, Mrs. Charles Berger, Mrs. B. Borrus, Mrs. J. Fingerhut.

The regular meeting of the Springfield P.T.A. was held last Monday, January 28 at the Gaudineer School Gym. Since this was "Candidates' Night" the P.T.A., in cooperation with the Springfield League of Women Voters, introduced the candidates for election to the Board of Education, namely: Mr. Raymond Baumrind, Mr. Edwin G. Davenport, Mr. S. Bryant Haas, Mr. Robert G. Smith, and Mrs. Henry Wasung. Mrs. Naomi Alpher, Legal Aid Attorney for the District of Columbia Bar, acted as moderator as each candidate stated his qualifications and answered his questions directed to him from the audience.

During the business session, presided over by Mrs. Ben Paul Yuckman, a decisive vote was cast in favor of the proposed reorganization which will divide the group into four units each having representative membership in the Council of Parent-Teacher Associations of Springfield.

Classes winning the Attendance Banners and books for the highest percentage of parents present were: Caldwell—Mrs. Snider, Chisholm—Mrs. Kohn, Gaudineer—Mrs. Lushner, Walton—Miss Hergethan.

Refreshments were served by the Fourth Grade mothers.

Women's Club News

There will be some fine entertainment in store for members attending the regular monthly meeting of the Springfield Women's Club on Wednesday evening, February 6, when Helga and Gary McHugh, musical comedy stars, appear with their program, "Americans on a Musical-World Tour." A husband-wife team, this couple has appeared in many operettas and Broadway productions. Do come out to the meeting, to be held at the Edward V. Walton School at 8:15 p.m., and bring a guest to enjoy the program with you. (Also, if you have coupons or stamps, there will be someone at the desk to receive them!)

Attention Art Department Members: At the February 4 meeting of the department there will be a change in the program, and instead of working as planned, the new project will be creating "colleges"—something different—something new. Bring an old magazine, a picture frame, with or without glass, and a pair of scissors, and be surprised! Hostesses for the evening will be Mrs. Russell D. Post, Mrs. Harvey P. Sommerer, and Mrs. Walter L. Tietze.

At the last meeting of the International Relations Department, Miss Ruth Levens took the members on a very enjoyable tour across the United States and from Canada to Mexico via colored slides. She ended the program with a slide showing department members at the United Nations, when they visited there last May, and also pictures of New York. Mrs. Thomas Geddes reported that a nice collection of clothing was brought in for the Hospital in Korea. Hostesses were Mrs. K. E. Bandemer and Mrs. Merton Williams.

The Music Department will meet at the Cannon Ball House Thursday evening, February 7, at 8:15 for their regular monthly meeting. Mrs. Vincent Bonadies will be hostess to the group, with Mrs. Thomas Argyris and Mrs. Stanford Hettinger.

On Wednesday, January 25, Mrs. Charles F. Heard and Mrs. William A. Konrad were guests at Presidents' Day at the Wednesday Morning Club, in Cranford.

If you plan to attend the mid-winter dance at the Hotel Suburban on February 15 (and we hope you are), don't forget to call Mrs. Edward Reibold (DR 6-6185) or some member of the ways and means committee for reservations.

Lakers Top Unbeaten Celts; Tighten Small-Fry League

The Springfield Recreation Commission "Small-Fry" Basketball League currently is enjoying their most evenly matched seasons in their three years of existence. All six teams have the ability and personnel to defeat each other, with Coaches Nat Hart, Stan McConkey, Dennis Mahoney, Ken Bandopier, Bill Roman and Patrolman Bob Tomkins all showing good sportsmanship by substituting freely, and in several instances allowing their opponents to even the score before replacing their weaker players.

Minutemen Wallop Dover By 69-35

The Springfield Recreation Minutemen posted their third straight triumph last Saturday afternoon at the Florence Gaudineer School gym, easily defeating the Dover P.A.L. 69-35. The Morris County P.A.L. offered little opposition to the high scoring Minutemen as the locals jumped off to a 21-6 first quarter advantage, increasing their lead to nineteen points at halftime. The points were evenly distributed for the Springfielders, with Herb Rupp (10) Dave Lord (10) and Norm Lamm (11) the top offensive scorers. Larry Stickle and Stuart Cheslar showed to advantage under the backboards, along with the towering Billy Franklin.

How Water Works
The greatest mass collision in maritime annals occurred near Newfoundland on May 27, 1945. A westbound convoy of 76 Allied ships was proceeding thru a dense fog when one struck an iceberg and radiated a warning. In the ensuing ten minutes, 22 ships had collided with one another. Fortunately, none sank, and no lives were lost!

Parkview Bowls 1007 Game Monday

Parkview Garage kept pace with Springfield Market in the Springfield Bowling League "race" by rolling a brilliant 1007 third game to smother D'Andrea Driveaways. Parkview, who dropped the first of the set to D'Andrea, swept the other two while Springfield Market was losing its middle game to Frank's Auto Service.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK
If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys, so no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing - just return the package to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:
