

Political Lid Pops Off And Campaign's On

The Springfield Sun timidly lifted the lid of the local political pot last week—to see what, if anything, was "cooking" as far as the election for Township Committee was concerned.

The campaign had been simmering but the article last week launched both rockets and now the Republican and Democratic boosters are beginning to do a little political punching.

With only three weeks more to go before election, this week's quota of letters, printed below, should set a dizzy pace for both sides.

Here is a letter in behalf of Henry Grabarz, the Republican candidate for Township Committee, and another which is more enthusiastic about Township Committeeman Vincent J. Bonadies, the incumbent, who is carrying the colors of the Democratic organization.

The letters below are being published verbatim and without any editing:

NOT FOR GRABARZ

Editor, Sun:

As a taxpayer and registered voter, I was amazed to read the "Grabarz Plan" for industrial development as outlined in last week's Springfield Sun. In case you are not aware of it, Mr. Grabarz drawing upon thirty years of building experience, Planning Experience and Building Experience has discovered one month before election day that industrial ratables are desirable in Springfield.

More surprising he has concealed this wondrous revelation from the Republican majority on the Township Committee who will no doubt feel greatly chagrined. The greatest surprise of all is to discover that Mr. Vincent J. Bonadies, the minority member, is responsible for the lack of industrial ratables. I had no idea his influence was so great.

Certainly, the high regard that the Republican majority hold for the post of Industrial Commissioner is demonstrated by this tremendous humility in seeking every other post for themselves and leaving this post to Mr. Bonadies. But perhaps there is another explanation for the "Grabarz Plan."

An ambition office seeker desires election. He conceals that the majority record leaves much to be desired. He lacks the courage either to run on that record or to criticize it. That leaves only Vincent J. Bonadies to attack. Of such are candidates made.

May I suggest that you point out the following to Mr. Grabarz, since if he wins or loses it would be advantageous to our town to have one more intelligent citizen:

1. Every citizen has an obligation to contribute to the common good. If Mr. Grabarz made his startling discovery during his term on the Planning Board he was certainly derelict in concealing it. Could he be our local counterpart of the Republican Candidate for the House of Representatives who refused to answer any questions concerning national affairs until he was elected and paid to do so.

2. Neither local, state nor national voters are as ignorant as certain candidates would like to believe. Very few will be fooled by a candidate who seeks to blame on one member of the Township

BOOST FOR GRABARZ

Editor, Sun:

Permit me to take issue with you with respect to some points in your editorial column in last week's Sun. You state that there has been no mud slinging. The Republican Party in Springfield is not dedicated to mud slinging. The party's objective is a constructive, responsible program and the platform and statements of Henry Grabarz have borne that out, and will continue to do so. The Republican party believes Springfield voters are interested in what is going to be done for their benefit, not in what the opposition's merits or demerits may be.

Secondly you state there have been no issues in the local campaign. That's another error in the Sun scoring column. Mr. Grabarz has presented a very vital issue—the matter of securing new ratables. He presents the issue of an experienced planner who has worked out a program whereby the township can accumulate more than \$40 millions in new ratables while his opponent talks of an expanded recreation program but gives no indication of how he will absorb the increased cost, nor indeed does he indicate why such a program was not presented during the three years he was the township's representative on the Recreation Commission. Tax dollars are the biggest issue in this campaign and Mr. Grabarz has advanced a thoughtful and intelligent program.

Only the Sun appears to be worrying about New Year's Day appointments. As a member of the governing board I have heard of no political deals. I doubt if any other Township Committee members have either. Just in passing I might mention that both Mayor Albert G. Binder and Magistrate Henry McMullen this year have edited the Elizabeth Daily Journal, and only yesterday the State's highest court sustained Judge McMullen in a "leaving the scene of an accident" decision appealed to that court. Apparently the county seat newspaper, and the high courts appreciate the caliber of our Springfield officials.

Very truly yours,
E. F. (Gene) Donnelly,
260 Northview Terrace,
Springfield.

INVESTIGATES CAPABILITIES—School psychologist James Jan Tausch is shown testing one of the elementary school pupils in order to determine the mental capacity of the pupil and thereby contribute to the positive attitude and optimal development of the child—an integral part of the new education program. (Photo by Micky Fox)

Psychologist Plays Important Role In Child Development

"The psychologist never stops explaining his job," says James Jan Tausch, psychologist for the Springfield Public Schools. "Many people" he continued, "get their ideas about psychologists from newspaper cartoons and professional comedians. This makes it difficult for the average person to understand correctly the functions of a psychologist, so in many cases the individual who needs the help of the psychologist is reluctant to make use of his availability."

In 1954 an enlightened legislature at Trenton passed a bill called the Beadelston Act which, among other things, made it mandatory for every board of education in the State of New Jersey to hire on a part time or full time basis a qualified psychological examiner. This was a tremendous step forward in the mental health program of the State.

The Springfield Schools have had a full time psychologist since 1953 and a part time psychologist for several years prior to that time. The most important function of the school psychologist is the contribution he can make to the positive mental health and optimal development of all pupils. In simpler language this means keeping healthy children healthy and helping others to become as strong as possible mentally.

A very large majority of the children that are referred to the psychologist are normal or even superior children—about whom additional knowledge is sought; or children who are having temporary problems which if not attended to may become serious, but which can be solved when properly evaluated and attacked.

The role of the psychologist to the child referred to him is somewhat similar to the role of the lawyer and his client. The psychologist must work for the best interest of the child, yet keep in

Joseph Venti

Joseph Venti has been promoted to Office Manager of the Eastern Assembly and Warehousing plant of the Flexonics Corporation, 880 De Hart place, Elizabeth. Announcement of the promotion was made by I. T. Hawthorne, Superintendent of the local Flexonics plant.

Mr. Venti will be responsible for office and personnel services for the local production and distribution unit and will supervise personnel of the New York Area Sales Office. He has been with Flexonics Corporation since 1947.

The Venti family lives at 370 Milltown road, Springfield. Mr. and Mrs. Venti have three children, Joseph, Jr., 8 years, Charles 5 years and Barbara 2 years old.

Women Voters to Meet Tuesday

The next regular meeting of the Springfield League of Women Voters will be held Tuesday evening, October 15 at 8:15 p.m. at the home of Mrs. Leonard Atkin, 6 Lynn drive.

Mrs. Harry Hersey of the Chatham League and Chairman of the State Conservation Committee will be guest speaker to report on State League activities in relation to the Water Conservation question. A Unit report will be presented in skit form by the Water Committee, Mrs. Leonard Atkin, Mrs. Walter Cantor, Mrs. Albert Douglas, Mrs. Fred Fischl, Mrs. David Hendlin, Mrs. Donald Fenney, Mrs. H. Myhrberg and Mrs. Lena Steinholtz, members. Refreshments will be served following the meeting.

No News on Rt. 22 Relocation For 6 Months

It will be approximately six months before any definite information will be given by the State Highway Department on just where the relocated Route 22 will go through Springfield and Union County.

This statement was released following a closed meeting held Tuesday evening at the Winfield Scott Hotel in Elizabeth by State Senator Robert C. Crane, according to a news article in yesterday's Newark Evening News. No representative from Springfield was invited to attend Tuesday's conference with the Highway Department officials.

The Newark News report stated that a proposed path for a new Rt. 22 through Union County, based on engineering studies, will be released by the State Highway Department in about six months, according to State Sen. Robert C. Crane. The Union senator stressed this path will be subject to revisions after municipal public hearings are held.

Crane said it is his understanding that routes for the state-federal program released to date are tentative. The location of the New Rt. 22 has been determined merely by drawing a line connecting the

"Grabarz Smoke Stacks" Blasted By V. Bonadies

Township Committeeman Vincent J. Bonadies declared today that his opponent in the municipal election here "stand accused of refusing to acknowledge the genuine need for action to control Springfield's rising cost of government and attempting to hide this refusal with an irresponsible last-minute industrial scheme that would 'blacken the community's skyline with smoke stacks.'"

Bonadies stated his accusation against Henry Grabarz is based squarely on the irrefutable fact that Grabarz in the role of an opposition campaign manager in last year's municipal election here vigorously denied that Springfield's cost of government was soaring. Bonadies declared: "Grabarz cannot deny that he engineered, charted and executed the theme that there was no need to do anything about climbing costs of government."

"Now, four weeks before election time, this same campaign manager turned candidate," said Bonadies, "has the audacity to put

Home Owners Threaten Legal Action Against Plant Noise and Odors

Residents of Clinton Avenue are demanding that the nuisance of odors and noise which, they claim, come from the operation of the Doggett-Pfeil Company in the former Union County Lumber Company property, Mountain avenue, should immediately be eliminated.

Jacob J. Baier, 15 Clinton avenue, spokesman for the home owners objecting to the alleged nuisance, stated that his group is prepared to take legal action if there isn't a quick remedy.

The Doggett-Pfeil plant recently moved from Morris Turnpike, where they had been in business for a great many years.

Sanitarian Arthur L. Marshall, on instructions from the Springfield Board of Health, has investigated the complaints and his formal report will be presented at next Wednesday's regular meeting of the Health Board.

Mr. Baier says the operation of the Doggett-Pfeil plant is obnoxious to such an extent that all the windows of their home must be closed at all hours when the plant is at work.

"My wife is ill—has been ill for many years," said Mr. Baier, "and the noise and sickening odors are aggravating her condition. She needs quiet and rest but it is impossible to get it when the plant is operating. We are organizing to fight the operation of this plant and, if we can't get relief from the Township, we will be compelled to resort to legal action."

Mr. Baier and his neighbors are very much disturbed that the Township officials permitted an insecticide and chemical manufacturing concern to be located, as he points out, in the heart of Springfield. "This chemical concern could have moved to Route 22—where the Township should develop industry," said Baier.

Edison Makes Appointment Of J. Brennan

John J. Brennan

John J. Brennan has been appointed manager of West Orange Plant No. 1 of Thomas A. Edison Industries' Instrument Division, William H. Balentine, division manager, announced today.

Mr. Brennan, formerly assistant to the division manager and for several years production manager, will direct all manufacturing operations at the West Orange plant. He resides at 91 Briar Hills Circle, Springfield.

Lives in Town 59 Years, Dies at 85

Margaret J. Hall, a resident of Springfield, for 59 years died at the home of her daughter Ethel K. Mayer, 63 Morris avenue. She was 85 years old.

Mrs. Hall was the widow of George Elmer Hall, formerly of 33 Linden avenue. She was a member of the Methodist Church in town and the Woman's Society of Christian Service of the Methodist Church. She also belonged to the Millburn-Springfield Sunshine Society.

Mrs. Hall leaves two children, Ethel K. Mayer, and Walter P. Hall. She also leaves seven grandchildren and eleven great grandchildren. Services will be held today, Thursday, Oct. 10, at Young's Funeral Home, 149 Main street, Millburn. Dr. Marvin Green and Rev. Virgil Mabry will officiate. Burial will be at Oldwick Cemetery, Oldwick, N.J.

Honor Guest to Appear at Dem Annual Dance

Dr. Joseph E. McLean

Dr. Joseph E. McLean, Commissioner of the Department of Conservation and Economic Development in the State, will be the guest of honor at the annual fall dance of the Springfield Democratic Club to be held on Friday, October 11 at the Club Diana, according to Edward Olesky, chairman of the dance committee.

Dr. McLean joined the Princeton faculty in 1946 and also served as a consultant to the State Tax Policy Commission in 1949-50.

His experience in government management and fiscal matters covers a wide range. Federal agencies he has served include the executive office of the President, Office of Defense Mobilization, the Air Force and the Census Bureau of the Department of Commerce.

Fine Arts Exhibit Set for Oct. 26-27

The Springfield-Woman's Club Annual Fine-Arts Exhibit will be held in the Historic Cannon Ball House on October 26 and October 27. This exhibit is opened to the public.

A popularity poll will be taken. Entry fee of 25c for adults and 15c for children will be charged. Last year a painting was sold at the exhibit. Committee members in charge are: Chairman, Miss Gertrude Sala assisted by Mrs. Glenn Oyler, Mrs. Azeglio Pancani, Mrs. Walter Tietz, Mrs. Leslie Williams and Mrs. Merion D. Williams.

Doggett-Pfeil Denies Charge Of Neighbors

A puzzled denial of housewives' claims that Doggett-Pfeil Co. is creating a nuisance in town was expressed Tuesday by Sidney Doggett, the young president of the insecticide firm.

"I just don't understand what they're talking about," Mr. Doggett declared while conducting the Springfield SUN on a tour of the plant on the old Union County Lumber Co. property on Mountain avenue.

When told that the citizens of Clinton avenue had particularly objected to the noise of machinery all day Saturday, October 5, Mr. Doggett and his foreman declared that not a single machine was turned on that day.

"Even when we are running our biggest machine," Mr. Doggett explained while his foreman turned the huge mill on, "the noise is practically nil."

The machine started up with a loud grinding of gears, a high whiney sound, then settled down into a moderate rumble. The foreman stated that when there is material in the machine it is even quieter.

Mrs. Edward Torode of 14 Clinton avenue, whose home backs up against the building housing the machine, had declared to the SUN that it "sounds like a siren going on all day." Since her neighbors complained to the Township Committee last Wednesday about the noise, Mrs. Torode says it has been better.

"Except for Saturday, when it ran all day," she emphasized. CLAIMS NO DUST
Mr. Doggett refuted neighbors charges that fertilizer dust was blown over homes preventing neighbors from hanging out their wash.

"No dust at all can escape from our machines," he declared, "Perhaps they're referring to the dust of plaster we've cleaned up from the old lumber company."

Mrs. James Fitzgerald of 18 Clinton avenue, whose home also

Bonadies Scores Grabarz Pledge To Be "Yes-Man"

Township Committeeman Vincent J. Bonadies declared yesterday that his opponent in the forthcoming municipal election "has disqualified himself as a true and genuine representative of the people by making a campaign promise to yield the right of independent representation and, in effect, become a 'yes-man.'"

"This is inherent," Bonadies said, "in the campaign promise by my opponent, Henry Grabarz, who announced in his own words that one of the 'prime reasons' he was seeking public office was 'to enable the township governing body to achieve a unity of action and a singleness of purpose.'"

"This," Bonadies declared, "is the poorest excuse ever sounded by a candidate seeking public office." Bonadies asserted, "is a brazen and clear cut promise by Grabarz that he will never oppose the views of the other members of the governing body; that he will vote with them on all issues; that he will dutifully abide by their decisions, and that most important of all, he will abandon our system of checks and balances which is the foundation of government all the way up to our national government."

"When I was elected three years ago," Bonadies said, "I promised that I would represent

Grabarz Offers New Rt. 22 Plan; 'Widen The Old'

Henry Grabarz, chairman of the Municipal Planning Board and Republican candidate for the Township Committee, announced today he will ask representatives in Congress to request the National Roads Administration to expand and widen the present Route 22 rather than devise a new route which would destroy millions of dollars in tax ratables in Springfield and other communities.

"I will urge that they immediately contact Bertram Talamy, National highways chief, and request the present Route 22 be widened and expanded so it will be adequate for traffic requirements for the next two decades. This will eliminate present confusion relative to location of proposed alternate routes and will prevent destruction of millions of dollars worth of residential, commercial and industrial properties in Union County and northern New Jersey.

"The thought of Route 22 coming through Springfield in any location other than the present highway location is reprehensible. Citizens would be forced to give up their homes and find other living quarters. Few could afford to do this in the face of the ever-

Local Republicans To Dance Friday

Republican candidates and workers are expected to jam Old Evergreen Lodge tomorrow (Friday) night for a combination square dance and campaign get-together.

County officials and representatives from neighboring municipalities are expected to join with Springfield Republicans in tomorrow evening's affair. Special music has been arranged for the square dancing and a little time will be given over to introducing and meeting the candidates.

THIS WEEK

The Springfield Sun switched on a small night light in last week's column—spoiling the rather well kept and hush-hush secret that there is a political campaign going on in the Township.

What has happened since then has almost shoved Sputnik, the Russian satellite and the world's series out of luncheon conversations. Letters and telephone calls—most of them chastising the Springfield Sun for "stirring up trouble" have literally swamped the office.

One letter, written by Township Committeeman E. F. (Gene) Donnelly, appears in another part of this paper in which he takes issue with that part of last week's column stating "that there has been no mud slinging."

"The Republican party in Springfield," writes Mr. Donnelly, "is not dedicated to mud slinging. The party's objective is a constructive, etc." Which is very noble and we have no reason to believe that either party relishes mud-slinging. However, there have been very few political campaigns where both sides haven't taken a couple of healthy kicks at opponents—which is one of the accepted rules of this interesting sport.

Mud-slinging is merely a term used to describe a political campaign that veers away from real issues and ends into personalities. No one has a corner on this type of electioneering and both political parties will, when the battle gets real torrid, reach way back for some cozy mud. Our present gubernatorial contest is a good example of personalities, character assassination, and mud-slinging at their spattering best.

Another part of Mr. Donnelly's letter discusses "appreciation of the calibre of our Springfield officials." The Springfield Sun takes second place to no one in our admiration for the ability and forthrightness of Mayor Albert G. Binder. We have said so and repeated it often.

The Sun also recently reprinted a commendatory editorial from the Elizabeth Journal giving Magistrate Henry C. McMullen some kudos and praise for an official court action. Interpretation of the law at the Municipal Court level is entirely up to Magistrate McMullen and it is to be expected that New Jersey's highest court will uphold his decision if all the rules of evidence have been followed.

No one is finding any reason to criticize decisions of the local court and the mention of Magistrate McMullen in last week's column merely pointed to the fact that another appointment will have to be made this coming January and that the present Magistrate has been named three times for a total of nine years. He displaced Magistrate Spinning who needed only one more year to earn full pension rights. There was a rather bitter fight in the Township Committee but Mr. Spinning lost his request for one more year by a close 3 to 2 vote.

The Springfield Sun does not need to defend its position. We believe the voters are entitled to a display of some interest in a local election. We can't by any rules, see where any criticism is intended by merely pointing out that the office of Magistrate will be on the agenda for appointment at the organization meeting New Year's day.

Grabarz Offers

mounting costs of building. Commercial and industrial operators would be dissuaded and what recompense they would receive would not be the answer to the problem that moving would create. An earthquake could not do any more damage than the prospect of a highway cutting the town.

"In striking contrast," Grabarz said, "the plan I have advanced to widen the present Route 22 would inconvenience virtually no one. Most commercial and industrial facilities were planned to set well back of the highway."

"In nearly every municipality there is plenty of land adjacent to the highway which could be utilized in making it eight or ten lanes wide.

"This procedure would still retain values of the areas near the highway and makes even more attractive my plan for the establishment of an industrial park on the other side of the highway, away from all residential areas. It certainly is the best answer to our problem and will relieve hundreds of residents who fear the proposed route will cut through their property."

Grabarz said he believes Rep. Dwyer and Senators Case and Smith could show Mr. Tallamy

and other road officials in Washington that use of the present super-highway is the answer to the demand for a key arterial thoroughfare across northern New Jersey and connecting New York and Pennsylvania. Mrs. Dwyer and Senator Case are fully familiar with all phases of the situation in this area.

"Years of work in planning and zoning would be wiped out if this plan is not used," Grabarz said. "Given a definite commitment to follow the present route, the township then will be assured it has no further fear of losing ratables and can concentrate on development of the industrial park across Route 22 which will afford us the ratables we need to hold the tax line."

"It is customary practice in a political campaign to offer all sorts of 'programs to voters,'" Grabarz said. "However, in the past years I have had but two objectives: to advance the interests of the community through planning and to offer a medium through which millions of dollars in ratables may be obtained. I feel that is of most importance to the taxpayers."

existing operations of industrial applicants in the mutual interests of Springfield. Similar cooperation has been forthcoming from the Mayor of Springfield who also has referred to me the important task of screening industrial applicants.

"I will fight with all my ability," Bonadies said, "the irresponsible last-minute industrial scheme of Grabarz" to open the flood gates to industry that will result in the overrunning of rural Springfield at the inexperienced hands of a man whose record proves he cannot be entrusted with so important an assignment as controlling industrial penetration of our community.

"As a member of Springfield's

governing body," Bonadies added, "I cite with pride, the irrefutable fact, that during my term in office with this vital assignment, Springfield had more desirable industrial and commercial development than at any time in its history."

Her party guests were Roganne Shotwell, Barbara Deutch, Nancy Lester, Barbara Cannon, Sigrid Patterson, Ronnie Weiberg and Sari Weissman, all of Springfield; and Judy Goldstein of Newark.

The date of Marsha London's supper-birthday party was Thursday, October 3. Marsha, who was 9 years of age, was feted by her sister, Barbara, Andrea Billet, Nancy Eppinger, Gretchen Purkhiser, and Janet Dunsmuir.

Marsha is the daughter of Mr. and Mrs. Gerald London of 3 Kipling Ave.

From Springfield, Mass. to Springfield, N. J. came Mr. and Mrs. M. G. Learner, the new residents of 17 Richland Drive. The Learners have two children—9½ years old Marilyn and Leonard who is 3½ years of age.

Former Unionites Mr. and Mrs. Herbert Schulman now dwell at 30 Janet Lane with their two sons, Gary, age 2 and Ira, age 4.

Also recently moved here from Union are Mr. and Mrs. Jerome Kurtz of 33 Janet Lane. Their two children are Naomi, age 12 and Barry, age 8. Mr. Kurtz is a Real Estate broker in Newark.

Happy Birthday wishes to Billy Jensen, son of Mr. and Mrs. Harold Jensen of 28 Kew Drive. Billy celebrated his 7th birthday with

a party held on the first of October.

Adora-belle Nancy Jordan, daughter of Mr. and Mrs. John Jordan of 347 Hillside Ave., marked her 4th birthday on Saturday, October 5. Attending Nancy's birthday party were Karen Wachter, Lynn and Keith Ferrara, Carol and Marc Matthews, Dale Murnane, and Kathi Summerer, all of Springfield; and Linda and George Schwartz of Chatham.

It was birthday time on Sunday, October 6 for Sue Klapholz, daughter of Mr. and Mrs. Melvin Klapholz of 112 South Maple Ave. Sue celebrated at a birthday party with her friends.

Mrs. Helen N. Pierson of 78 Main St. Mrs. Emma Spiller, also of Springfield; Mrs. Mary Peterson of Boonton; and Mrs. Ingrid Bergman of Summit are in Atlantic City attending the annual Convention of the Rebecca State Assembly (Women's Auxiliary of the I.O.O.F.).

Following the Yom Kippur High Holy Days Service at Temple Beth Ahm, Mr. and Mrs. Milton Wildman of 108 Evergreen Ave. had a gathering at their home to break their fast. Their guests were Rabbi Reuben R. Levine, Cantor Irving Kramerman, Mr. and Mrs. M. Kappstatter and daughter Roberta, Mr. and Mrs. J. Ross, Mr. and

Mrs. A. Greenberg, Mr. and Mrs. J. Rosen, Mr. and Mrs. S. Marder, Mr. and Mrs. N. Krowne, and Mr. and Mrs. H. Stein.

Their son, Lewis Wildman, hosted at a Yom Kippur party for his friends, Larry Forstet, Gary Falkin, Tracy Bachrach, Larry Simon, Sharon Tompkins, Marjorie Pomerantz, and Pamela Blater.

The Wildmans moved to Springfield from Jersey City last February with their children, Lewis, Joel and Carol. Mr. Wildman runs a chain of gift shops.

Ralph Holler Wed To Joan C. Biba

The marriage of Miss Joan C. Biba, daughter of Mr. and Mrs. George Biba of Union, and Ralph K. Holler, son of Mr. and Mrs. Albert Holler of South Maple Avenue took place Sunday in Emanuel Evangelical and Reformed Church Irvington, with Rev. Irwin Werner officiating. A reception followed at the Robin Hood Inn, Clifton.

Mrs. Herman Biba was matron of honor for her sister-in-law and bridesmaids were Mrs. Daniel Wendland, cousin of the bride, and Miss Sharon Yeske, cousin of the bridegroom. Richard Holler was his brother's best man and Albert Holler, another brother, and Herman Biba, brother of the bride, ushered.

Mrs. Holler is a graduate of Union High School and the Franklin Beauty School and is presently employed by Paul & Louis Hairdressers, Springfield.

Mr. Holler is a graduate of Jonathan Dayton Regional High School and is employed by the N. J. Bell Telephone Co. After a honeymoon trip to Florida, the couple will reside in Irvington.

Temple Auction Is Heads for Record

Ike Freedman announced today the variety of gifts being donated for the annual Auction to be held at Temple Beth Ahm on Saturday evening, November 23, 1957, appears to run the gamut from linens to household goods, from a piano to an automobile, with more of each item to be available this year than at any previous year.

In addition Ike announced the wholehearted cooperation being tendered him by the many local merchants whose contributions in the past have always helped make this affair a success.

Ike further announced that every hour on the hour, in addition to the regular items for auction, there will be a mystery package of guaranteed value running from \$25.00 to \$30.00 placed up for bidding, sight unseen, as well as a free door prize to be awarded in the final minutes of the Auction. In order that the items to be

auctioned be properly classified at the earliest possible moment, Mr. Freedman requests that anyone having a gift to be sold this night deliver it to him at Springfield Hardware, 265 Morris Avenue or to "May" at the Temple, 60 Baltusrol Way.

Mr. Freedman also stated that there should be no fear about overbuying. A truck will be provided to deliver to anyone's home those packages purchased which would be too much to carry.

Ask Cub Parents To Meet Tuesday

Parents who are interested in working and helping out with the cubs of Pack No. 62, are asked to meet on Tuesday Oct. 15 at 8 p.m. at Temple Beth Ahm on Baltusrol Way.

There will be a discussion of activities for the boys, den groups organized and den mothers of fathers assigned the groups. All parents who have children between the ages of 8 to 10 are invited.

P.T.A. NEWS

Two items intended for the P.T.A. general news were included with the James Caldwell School P.T.A. news last week by mistake. The subjects of the items were the Union County Council of P.T.A.'s Fall Meeting which is being held today, October 10 in

the Arthur L. Johnson Regional High School in Clark township and the Orchestral Concerts. For further information on either subject, please look in the P.T.A. News column of last week's publication of the Springfield Sun.

Have you made plans to attend the annual state convention of the New Jersey Congress of Parents and Teachers to be held in Atlantic City on October 23, October 24, and October 25? All public chairmen are invited to attend "Open House" for publicity

representatives on October 24.

This week is designated the Fire Prevention Week. The children are learning about fire prevention at school. Every week is really fire prevention week, but all P.T.A. members are urged to emphasize the importance of fire prevention in the home this week, too.

Caldwell School

The members of the Finance Committee of the James Caldwell School P.T.A. wish to thank all of the parents for the splendid cooperation in the T-shirt and Cap sale. Mrs. Frank Stevens, the chairman, reports that this sale was definitely a success. Further information will be released at the regular meeting of the school's P.T.A.

Gaudineer School

Mrs. Charles E. Miller, Membership Chairman, reminds all parents that the Membership drive which began on October 1st will end on October 15th. All parents who have not joined are

urged to do so once. It means a great deal to your child to have his class go over the top. MOTHER and DAD-let's join to day!

The Florence M. Gaudineer P.T.A. Class Mothers had their first meeting of the year at the Gaudineer school on Tuesday evening, October 9th. The Class Mothers formulated plans for the various activities the will participate in under the chairmanship of Mrs. Benjamin Sussman.

Regional High

Jonathan Dayton Regional High School Parent-Teacher Association will have a "Back to School Night" on Thursday October 17, 1957 at 7:30 p.m.

The parents will follow the schedule of classes taken by their children, each teacher will outline the course of study for the year. This is the parents opportunity to meet the teachers, learn what is expected of the student and how to help guide him in his school work.

A cake sale will be held in the cafeteria at the closing of the

meeting. Refreshments will be served.

Chisholm School

The first membership drive of the Raymond Chisholm School P.T.A. will continue through Tuesday, October 15. All parents are invited to show their interest in this new organization by enrolling as charter members.

Mrs. Edward J. Schubert, Membership chairman, announced, "It means a great deal to your child to have BOTH his mother and father join P.T.A., and to have his class go over the top. We are striving for 200% membership, both parents joining, in our school."

Mrs. Thomas Arguris, Finance chairman, wishes to thank all who cooperated promptly and generously during the T-shirt sale.

Mrs. Edward W. Ries Jr., held a meeting of Class Mothers at her home October 3. They planned class Halloween parties and other activities for the year.

Wallon School

At a meeting of the Legislative Committee of the Edward V. Wallon School P.T.A., Mrs. D. T. Starneman, Chairman, reported that final plans are now being made for an unusual and most informative program to be held at the school on Monday evening, October 21, 1957. This meeting will be devoted to a discussion of the need for additional funds to provide for higher education. A high point of the evening will be the showing of the film—"The Children Are Here."

The Finance Committee, under the chairmanship of Mrs. Philip Goldhammer, is planning the first fund raising affair for the Edward V. Wallon School P.T.A. After much discussion it was decided that this affair would be a card party, and the Committee is pleased to announce that arrangements have been made to hold it at the Shackamaxon Country Club in Westfield, on March 17, 1958. Watch this column for further details. Other members of

the committee are Mrs. David Hecht, co-chairman, Mrs. Stanley Cornfield, Mrs. Arthur Miniman, and Mrs. Max Fruchter.

Mrs. Norman Stromeier, Chairman of the Shirt Sale Project, would like to remind all parents that the order blanks for this merchandise must be turned into the school by the end of this week.

Remember that October is Membership Month. Mrs. L. A. Winkler, Membership Chairman, is looking forward to your full cooperation. Join now and make it a 100% effort.

Temple Youth Group Meets

Mrs. Seymour Wortzel, Chairman of the Youth Activities Committee of Temple Beth Ahm, reports that the first meeting of the newly organized Youth Group was a success. This group will meet at the Temple on Thursday evening from 7:15 to 9:00 p.m. and is open to all children in the 5th, 6th, 7th and 8th grades whose parents are members of Temple Beth Ahm.

The first of many forthcoming events will be co-ed swim at the Orange YMCA, 125 Main street, Orange, on Saturday evening, October 12, from 6:00 to 8:00 p.m. There will be no charge for this affair since costs are included in the original registration fee of \$5.00.

If anyone is interested in having his child attend, call Mrs. Samuel Klugman, Chairman, at DR 9-4265.

Oklahoma is the only state in the union to have memorials honoring both the Confederacy and the Union.

THE WORK BENCHES OF GOD

Christians are not turned out on assembly lines.

The skill and patience of many a human soul, the blueprint of Christ's own example, and the unseen but mighty craftsmanship of the Creator Himself—these over the decades bring forth a noble Christian life.

There must be understanding, guidance, faith. There must be a Christian home with sincere, loving parents. There must be prayer, the Bible, worship, thought, study. And at length practice and persistence must win many a victory over self before the world begins to recognize the hand of God in the life of a man.

Nearby in the church you will choose, there are busy hands at the work benches of God.

And room for more—your child's and your own!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should join the Church. They are: (1) For his own sake, (2) For the sake of his community and nation, (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Minister Honored By Presbyterians

Rev. George F. Forner

An informal reception will be held in honor of George F. Forner, Assistant Minister of the Presbyterian Church on Sunday, October 13th at the Parish House from 3 to 5 p.m. Arrangements are in charge of the Evening Group with Presidents of the various church organizations serving in the Receiving Line. All members and friends of the church, together with Mr. Forner's friends throughout the community, are cordially invited to attend.

Earlier in the day at both Church Services at 9:30 and 11 a.m., a Recognition Service will be conducted by the Pastor of the Church, Reverend Bruce W. Evans.

Mr. Forner was called to the present position with the local Church following graduation from Princeton Theological Seminary. Prior to this time he served for two years with the local Church on a part-time basis while a student. Mr. Forner is a graduate of Allegheny College where he was a member of the Varsity Soccer and baseball teams. In his present capacity, he is in charge of the young people of the Church as well as assisting in the total work of the Church. Mr. Forner is a native of Corapolis where he was ordained in June in the First Presbyterian Church.

HOLY CROSS CHURCH EXTENDS A

CATHOLIC INFORMATION

"I quit going to church . . ."
"Sure, I used to go, until my wife got laid-up with T.B., and our little baby took convulsions and died. Then I decided that, if there is a God, He can't be worth bothering about."
That is a pretty tough nut to crack, we'll admit, and we've often wondered about it ourselves. In fact, it is the greatest of mysteries — that the good God allows all kinds of trouble to run rampant in His world.

A mystery, you see, is something which is away over our heads. We hold two truths — one in each hand, as it were — and we can't seem to hook them together at all. So we rack our brains and go on puzzling our whole life long.
The trouble is that some poor people try to solve the mystery by throwing out one of the truths. Our friend, in this case, has thrown out God. But that's wrong, because we know there is a God — there had to be someone to set this old world spinning, to wind up the clock so to speak. Someone had to make the first chicken, the first egg, or the first germ cell, as you wish it.

Yes, there is a God. We have to hold on to that fact. But other people have tried to say there is no such thing as trouble or sin. "Disease is imaginary," they say, "Everything is good, and there is no such thing as trouble." They are just as far off base as the first set.

So we stand, holding God in our right hand, sin and trouble in our left. Both are real facts, one as much as the other. How they tie in, we don't know — and we probably won't, this side of the grave. All we can do is to go on loving God and trusting in His goodness to make everything come out all right in the end — for if we turn against Him, we are only worsening matters, cutting off our own nose, as they say. At the least, we have nothing to lose by serving Him and trusting in Him. Keep praying and stand by God, and He will stand by you.

How Water Works

The Panama Canal
The canal cuts thru the Isthmus of Panama in a N.W.-S.E. direction, not East to West. The Atlantic end of the canal is 20 1/2 miles west of the Pacific end! A vessel takes 10 to 14 hours to make the 40.07 mile passage. Takes at the Atlantic end range from 1 to 2 feet, at the Pacific end, 12 to 16 feet!

DID YOU KNOW...?
A pin-hole leak will waste more than 9 Times your normal daily requirement of Water!

Hyde & Ellis Mark Opening

Thomas Hyde, owner of Springfield's newest hardware store, Hyde and Ellis, Inc., 719 Mountain avenue, reports that his "get acquainted opening" last week was a huge success.

Hyde and Ellis, who have been in operation next to Mountain Spring Bake Shop since August, held their official grand opening last week. The Springfield branch is part of Westfield's largest hardware concern, located on the Plaza at 540 South avenue. Mr. Hyde has been setting the hardware-houseware pace in Westfield ever since 1948 when he bought out Tuttle Brothers.

The Springfield store, though less than a fourth the size of the Westfield supermarket, is close enough to the mother store to be able to draw on the big stock kept there. Hyde and Ellis free delivery is available to Springfield residents from both stores.

The Springfield store has a pretty big selection of merchandise in its own right, laid out in the most modern, neat and attractive manner. Designed for quick service, Springfield's Hyde and Ellis features help-yourself departments in housewares, homeowner's hardware, garden supplies, supplies for outdoor living, and hundreds of miscellaneous accessories.

Two big features of the Hyde and Ellis organization are the glazing and rescreening departments. All kinds of glass work and screen sizes are available for do-it-yourselfers as well as people who want expert installation.

Floor coverings are another big department at Hyde and Ellis. Like everything else, what they don't have in Springfield can be supplied out of the Westfield store.

Mr. Hyde declares that he located the new hardware supermarket in the southern end of Springfield for the convenience of the expanding neighborhoods in that area. He says the modern trend is toward small shopping centers, like the one he is in, near residential areas with ample drive-in parking.

ORT to Attend Chicago Confab

Women's American ORT (Organization For Rehabilitation Through Training), an organization dedicated to helping uprooted and underprivileged people in 19 countries, will hold its 14th Biennial Convention at the Hotel Morrison in Chicago from October 21 through October 24.

Over 400 delegates and as many alternates from the 235 chapters and 28 regions of this nation-wide organization will be present. Delegates from the Springfield chapter will be Mrs. Seymour Margulies, President, Mrs. Ivan Crouch, and Mrs. Philip Goldhammer.

There will be an election of national officers, resolutions and constitutions, and workshops on the five points. Aside from scheduled addresses by important government and public figures, the Convention will also feature a show displaying the craftsmanship of the students of the various ORT schools in Europe.

Springfield Radio And TV Selected

Springfield Radio and Television Center at 173 Mountain avenue announce that they have been selected by Stromberg-Carlson as an official service agency for all car radios installed in the Edsel automobiles.

The Stromberg-Carlson company thoroughly investigates each service firm before giving them the franchise on their products. Springfield Radio and Television agrees to assume responsibility for all the warranties issued for the radios in Edsel cars.

Previously the Springfield firm has been designated as service center for Philco, Bendix, Motorola, and General Motors (Delco).

VFW Installs New Club Room Games

The Board of Managers of Springfield's Veterans of Foreign Wars' post announce that they have purchased and installed a new shuffleboard and pool table in the post home on Morrison road. The new equipment brings the downstairs club room up to full strength with many recreational

facilities plus the complete bar.

Commander Steve Schmidt has posted the club hours as opening every night except Sundays. Any veteran of the Armed Forces who has served overseas is eligible to join.

The VFW Auxiliary, under president Marie Summerer, meets every third Tuesday of each month. The regular VFW meets every second and fourth Tuesday.

Letters to Editor

Editor, SUN:

After reading an article written by candidate Henry Grabarz, Republican for Township Committee in this coming election, I don't see how he fits in to the picture with the other Republican members of the committee.

I, having attended the budget meeting of this year in the town hall, and asked why we didn't have some good clean industry in town instead of all these permits for one-family houses that our

town fathers were boasting about in the newspaper, taking all honors for issuing the most building permits of all surrounding towns. When I questioned this, I was told by the committee that they didn't want industry here, and it was worth the difference in taxes to live here instead of the larger cities.

Now, after the tax rate is up so high in Springfield, Grabarz comes out with his story. After all, we could have had Daystrom, Inc. and All State Insurance here, and also several others, which were turned away.

To me this article, which has appeared in your paper the last

two weeks, is a very poor campaign issue. Let's give Bonadies credit for originality in trying to do his share toward bringing in industry.

Here is an example. If there were some Republicans who would have gone along with Bonadies on his program, you would not have to beg for industries today. After all, who wants the labor man in Springfield? He would sure be a Democrat like myself. I say let's give Bonadies another try until there is a majority of Democrats in office. Then we can have some labor men move into our nice town of Springfield.

If this article is printed, I want

to state that this is my own opinion, and I would like to free this paper from any criticism.

I have 33 years of experience in the plumbing trade and I am past president of Local No. 24, Newark. I wish to thank the SPRINGFIELD SUN for printing this article. I am a steady-reader of this fine paper.

Respectfully yours,
Theodore M. O'Connell
132 Pitt Road

P.S. I have never looked for a job from Bonadies.

The Kremlin was originally built as a walled fortress and contained all of the city of Moscow.

CAP Searches for Missing Plane

The Springfield Squadron of the Civil Air Patrol took part Friday afternoon and all day Saturday in the search for a six-seater L-20 Beaver, which disappeared in route from Governor's Island to Burlington, Vermont, a three-hour 270-mile flight.

The cadets, meeting at Morrissetown Air Port were used for observers, ground rescue teams, flight line, and in communica-

tions. Three cadets were flown to Blairstown and used as observers there.

New Jersey Wing Civil Air Patrol closed operations in New Jersey after a thorough check of Northern Jersey was made. Operations were then moved into New York and Vermont for a further search.

Daggett-Pfeil

(Continued from page 1)
 backs up on the Doggett-Pfeil plant, said to the SUN that she couldn't let her daughter eat in the backyard Saturday because of flying dust and odor.
 "The obnoxious disinfectant smell forces us to keep the windows in the back of our house closed," Mrs. Fitzgerald pointed out.
 Mr. Doggett denied that the chemical processes used in his plant produce any bad smells at a significant level.
 However, Mrs. Rose Caruso of 23 Clinton avenue, who lives across the street from the plant, reported that her children refused to go to school because they wouldn't pass the "medical-DDT" smell that sometimes hung across Mountain avenue in front of Doggett-Pfeil.
 Neighbors accused Doggett-Pfeil of installing machines in the Mountain avenue plant that they did not have in the Morris Turn-

pike location. Mr. Doggett denied that any of the new machines made any appreciable noise, smell or dust.
 "We were located on the Morris Turnpike in Springfield for years," Mr. Doggett explained. "And we never had complaints of this kind from any of our neighbors, including three homes within 40 feet of the plant."
 Neighbors told the SUN they were afraid the machines yet to be installed at Doggett-Pfeil would create even more of a nuisance. Again Mr. Doggett disagreed, telling the SUN that only small noises, like a bottle being capped, would occur.
 The SUN survey revealed that six houses on both sides of Clinton avenue said they were affected by the insecticide firm. Residents further down Clinton had no complaints, as did residents of Tooker avenue and Waverly avenue.
 Mr. Doggett's explanation for the complaints from the six homes was whenever something new moves in to a neighborhood, people tend to blame them for everything.

Political Lid

(Continued from page 1)
 Committee the errors of four members. In fact, the absence of more industrial ratables is attributable to only one thing.
 One horse government, petty politics and political expediency have driven industry from Town. Let the majority and their candidate Mr. Grabarz recognize this fact and perhaps with better candidates, better Committeemen and better politics they can realize in December their promises in October.
 I do not care what political emblem the Township Committee wears, but I expect competent, honest government; not government by promises or by Grabarz Plans.
 Very truly yours,
 Paul T. Murphy,
 30 Tooker Place,
 Springfield.

FACTS ON ASIAN FLU

The U. S. Public Health Service has assembled this data on Asian Flu which will help you understand the disease and help you cope with it.

Influenza is an infectious disease. There are four known main types—labeled A, B, C, and D, and each type has been seen in various strains, each of these somewhat different from the other. In 1957 a new strain of Type A appeared and since it first appeared in Asia it has been named the Asian strain.

A single case of influenza appears occasionally, but usually the disease occurs in lesser or greater epidemic form. People catch it from each other. They catch it so easily that it is not unusual for a large part of a community to come down with it within the first few days of an epidemic. Most epidemics of influenza last less than a month in one community but may appear in a number of places in one country or in the world at the same time or closely following one another.

SYMPTOMS
 Influenza attacks the individual suddenly. The symptoms can be some or all of the following: fever, chills, headaches, sore throat, cough, and soreness and aches in the back and limbs. Although the fever usually lasts only 1 to 5 days, the patient is often as exhausted or weakened as if he had gone through a long illness.

THE CAUSE
 The cause of influenza is a virus. Viruses are smaller in size than bacteria and can be seen only with powerful electron microscopes. When a person has influenza, or is just coming down with it, the fluids in his mouth and nose contain the virus. The disease is spread when these viruses get into the noses and mouths of other people. There are many ways that this can happen. The most common is through sneezing or coughing. Virus-laden spray into the air for others to breathe. Some other ways in which the infection is passed from one to another are through the common use of drinking glasses, towels, or other objects and personal contact like kissing.

PRECAUTIONS
 DURING an epidemic, when many people around you are becoming sick with influenza and the community air is so laden with viruses, it is almost impossible to avoid getting in the path of a few coughs and sneezes. However, there are a few sensible precautions to take at such times. Keep up your resistance to disease by practicing good health habits such as getting plenty of rest and eating regular, well-balanced meals. For the short duration of an epidemic, you will be safer to stay out of crowds such as you find at movies and dances. At school or at work try to keep your distance from people who do not cover their coughs and sneezes with a handkerchief or tissue.
 If anyone in your family has influenza, keep his dishes and towels separate from the rest of the family's. Persuade him to cover his coughs and sneezes with paper tissue which he can drop at once into a paper bag. Replace these bags frequently and wash your hands after disposing of the used bags. When there is influenza (or any other "catching" disease) in the house, wash your hands thoroughly and often with soap. Always wash them well before handling food and after waiting on the patient.
 Methods used by health departments to combat the spread of slower moving diseases are of little help against the swift attack of an influenza epidemic. It is really up to you to understand how this disease spreads from one person to another, and to protect yourself sensibly during an epidemic.
 If you feel symptoms starting, do not forget that your illness is catching, and that those around you are in danger if you are careless. Influenza is most easily transmitted during the early stages of the illness.
 The only medical preventive of practical value known to medical science is influenza vaccine. A new vaccine is being manufactured to combat the Asian strain of influenza. It should be noted that this new vaccine is different from the influenza vaccine which has been available for several years, because it is made specifically to combat the Asian strain of influenza.

TREATMENT
 No known medicine will cure influenza. Sulfa, penicillin, or other antibiotics have no effect upon it, although they are used to combat some of the complications which may follow. Your family doctor is the best judge of when to use these, getting well without developing dangerous complications depends upon giving your body every known advantage while it fights the influenza infection.
 Go to bed when symptoms start. Even if the illness turns out to be nothing but a common cold you will get well sooner; meantime you will not be giving your disease to others. Keep warm and out of drafts. Wear a warm robe and slippers if you have to get out of bed. Eat simple foods that agree with you. Don't receive callers—they might bring in new germs.
 If you have a fever, call your doctor. He can make you more comfortable, and if you will cooperate with him, he can do much to protect you against dangerous complications. Be sure to stay in bed until your doctor says that all danger of pneumonia seems past. And, for the safety of those in your home, remember that you have a catching disease.

Woman's Club News

The Springfield Woman's Club first fall meeting was held on Wednesday, October 2, in the Edward V. Walton School on Mountain Ave., with the president, Mrs. Merton D. Williams, presiding.

Mrs. De Forest Hillyer, Membership Chairman, introduced a new member, Mrs. Arthur Kuten, 212 S. Springfield Ave.

Thank you letters were read by Mrs. William A. Konrad, Corresponding Secretary. Mrs. Konrad announced that reservations would have to be in by October 12, for the forthcoming Seventh District Conference.

Ways and Means Chairman, Mrs. Robert Hayes announced her committee's formulated plans for the coming club year. She reminded members to circle Thursday, Dec. 12, on their calendar and line up baby sitters for that is the day a luncheon and bridge party will be held at Allman's, Short Hills. Price per ticket \$2.25. Mrs. Hayes committee members for the coming year are as follows: Mrs. Amy Bandomer, Co-Chairman, Mrs. Kenneth Bandomer, Mrs. John Bradley, Mrs. Vincent Bonadies, Mrs. Rupert Humer, Mrs. Arthur Kuten and Mrs. Walter Tietze.

Mrs. Vincent Bonadies, Program Chairman, introduced the speaker, Miss Tula Marin, Interior Decorator, who gave a talk and demonstration on colors and materials. Miss Marin told the members not to be afraid of colors. She demonstrated where purple with co-ordinated colors could be very effective in a room.

After this enlightening program, club members were served a delicious punch and jelly doughnuts by Hospitality Chairman, Mrs. Robert D. Hardgrove, Jr., and her able committee. A beautiful centerpiece of autumn flowers graced the table arranged by Mrs. Harold Edsall of the Garden Dept.

The Drama Department will hold its first meeting at the home of Mrs. Leonard Field, 102 Salter St. on Monday, October 14. Co-hostess will be Mrs. Louis Schneider.

Mrs. Henry Wasung, chairman of Literature, stated her department, scheduled Oct. 14 meeting is postponed to Oct. 21. The meeting will be held in Mrs. L. S. Stevens home, 778 Mountain Ave. Mrs. Stevens will report on her vacation trip.

Public Welfare Department Chairman, Mrs. Wesley Lewandowski, announces that the beginning date of Hospital Groups Volunteer Service at Overlook Hospital, Summit is Monday, Oct. 21, 1957.

Oct. 18. After all this is our first Conference in the Seventh District.

If you have admired the cottages you have seen at Woman's Club and would like to know how they are made, now is the time to learn, at the Garden Dept. meeting on Oct. 12, at the Cannon Ball House, Mrs. Doris E. Young of Montclair, who has a top reputation among flower and garden people, will conduct a flower workshop. Mrs. Walter Anderson, chairman will welcome any member who wishes to attend this meeting. Hostesses for the evening will be Miss Gertrude Sala and Mrs. Louis Schneider.

president of the Springfield Board of Health, yesterday said that the members of the board would make a thorough investigation of the objections.

"We will certainly do something about it," said Mr. Handville. "We expect a report on Mr. Marshall's inspection ready for our meeting next Wednesday and we will act as soon as possible to give the Clinton avenue residents relief."

Lutheran Ladies Met Wednesday

The Ladies' Guild of Holy Cross Lutheran Church held their regular meeting last Wednesday. Mrs. Leo Beno president, will attend the annual fall rally of the Women's Missionary League, Newark Zone, on Oct. 17th, at Plainfield, N.J.

After the conclusion of the business meeting the ladies viewed a film entitled "Song of Ruth" describing the hardships of a missionary's wife in Guatemala. After which Mrs. Beno gave a brief report on the LWML convention held at Pocono Crest, Pa. earlier this year.

Hostesses this month were Mrs. G. Pfeiffer and Mrs. R. Robinson. Next meeting Nov. 6th at the church.

"and, even then, we understand there is some prohibition against this type of manufacturing. To make things worse for us, we understand more machinery is going to be moved into the plant and there is also a rumor that part of that machinery will be for bottling."

Mr. Paier's reference to prohibition in use regulations, he pointed out, is in the latest zoning ordinance which bars "disinfectant, insecticide or poison manufacture." It also prohibits, on Page 20, "any trade, industry or use which is noxious or offensive by reason of emission of odor, dust, smoke, gas, noise, vibration or any other deleterious or dangerous substance." AUTO BODY WORK	INSURANCE & REAL ESTATE
<p>ELDERY - (155 Morris Ave., rear of Chrysler-Flymouth agency Springfield). When your rear end is out of shape look for: (1) a firm with the necessary safety equipment, (2) a firm with the know-how of experience, and (3) a firm with the integrity to do the best job at the lowest rate. On all 3 counts, the SUN recommends Henry Auto Body Shop.</p>	<p>ANNE SILVERSTEIN'S REALTY CORNER - (849 Morris Ave., Springfield, DRexel 6-3000) Someone once said, "If you want to get a job done, ask the best person in town." Well, you should see the office at Realty Corner. Anne Silverstein has her personnel (and plenty) staffed with all kinds of records in the "Houses Sold" category and providing top-flight service for personal insurance.</p>
<p>CLARK'S GARAGE - Just over Route 22 across on South Springfield Avenue, Springfield) If you own a 1916 Ford, Frank Clark is probably the only person in town who knows how to service it. That was the year he started repairing the mangled Detroit had wrought under the hood. Today his reputation is such that he needs no sign over his garage - people know him.</p>	<p>BUNNELL BROS. - (8 Flesher Ave., Springfield, DRexel 9-2400) Since 1916 when the firm was established, Robert and Richard Bunnell have become synonymous with insurance in Springfield. They write all kinds - from health to life to home. About the only thing on which they won't take out a policy for you is against the houses of the new Route 22 coming through your bedroom window. The Bunnelles can insure you against an act of God, but not an act of Trenton.</p>
<p>SPRINGFIELD GARAGE - (311 Morris Ave., Springfield DRexel 6-9858) Bob Briggs has been pounding the forward look back into cars ever since 1913. His horses was considered real power and V-8 was vegetable juice (1937). His skilled crew do mechanical, collision, and painting. And very well, too.</p>	<p>COURTESY LAUNDROMAT - (203 Morris Ave., Springfield) What could be more convenient than to drop your clothes off here when you begin shopping and pick them up when you finish with the groceries? What could be more economical for that matter? Everything is done for you at 1/3 the cost of a regular laundry.</p>
<p>HYDE AND ELLIS, INC. (719 Mountain Ave., beside Mt. Spring Bake Shop, Springfield, DRexel 6-7990) A sparkling new hardware supermarket has opened up in the growing south end of town and is showing Springfield what modern merchandising means. Everything from the builder's supplies to the big selection of housewares is arranged in neat displays to catch the eye. Free delivery is available from both the Springfield store and the even bigger Westfield home headquarters.</p>	<p>COLUMBIA - (Maple Ave., Springfield, DRexel 6-0830) The latest in the De-Toyworld world is the selection of the new Columbia which features built-in and even modern corner cupboards that go from floor to ceiling. The intricate trim and the small glass pane windows are the feature here.</p>
<p>STEREO SOUND CORP. - (173 Mountain Ave., Springfield, DRexel 6-4547) Four two ears play an important part in listening to sound. The story of high fidelity sound reproduction is largely an effort to add another ear to the traditional one eared speakers. This development, called stereophonic sound, is available for home listeners as well as the Radio City Music Hall. This firm can see you up with either dual recorded tape sound systems or AM-FM radio binocular sound.</p>	<p>MODERN LIGHTING - (615 Morris Ave., opposite Terry Dempsey's, Springfield) Now that it is getting dark early in the evening, it's time to light the outside of your home both as a welcome to guests and a safety factor. Joe Hockaday has a great variety of outdoor lights, including low black mushroom lights, stake lights, lantern strings and bullet floods and spots. He gives away a booklet "Lighting for Living Outdoors" as a guide to homeowners.</p>
<p>CHANNEL LUMBER CO. (Route 22, Springfield, DRexel 6-6000) They have a beautiful aluminum stool chair for your garden and porches which you can buy for \$4.98. But if you just need some extra chairs for a next party or club meeting, Manager Don Lenny will loan you as many as you need at no charge whatsoever. Of course, Channel is also nationally famous for their lumber, sawnware, poles, hardware, etc.</p>	<p>R. GLEMING - (245 Morris Avenue, Springfield, DRexel 6-7785) Along with artist's supplies and about a million samples of wallpaper, Roy Gleming carries the fabulous complete EAR line of paint. This firm has pioneered some startling developments in paints, including Akryl base and latex base paints that cover in one coat. The Chloro-Match system of selecting the 324 color variations is the clearest we've ever seen.</p>

RESTAURANTS
<p>CHINA SKY - (Springfield Shopping Center) Everyone knows that the average Chinese service is about twice what the average American can eat. (Consider the bargain then on the Egg Foo Young luncheon at 80c.) What every Springfielder doesn't know is that Jack Chin's American dishes are just as generous. Also consider the electrical surroundings and the air conditioning. You don't need a fortune cookie to tell that we highly recommend this place.</p>
<p>512 & 514 DRIVE-IN RESTAURANT - (Corner of Morris Avenue and Springfield Ave., Springfield, DRexel 6-2000) If you're one of a vanishing race of restaurant-goers who will still forego the hot car and eat indoors, look at 512 and 514. Here you'll find a new dining place offering a big new dining room. However, you'll get the same good food by simply staying in your car and let the girls run the food out to you. Either way the food is what makes stopping here an event.</p>
<p>WALTER'S INN - (295 Morris Ave., opposite Millburn Ave., Springfield) The old heard comment about the pizza pie being too big to eat must have originated here where the pizza come king size in both diameter and seasoning. We like splitting a pizza among everybody at the table and ordering individual portions of their delicious Lasagna, Ravioli, and veal and pepperoni. You sure know you're dined out after that.</p>

TV SERVICE
<p>A & A TV - (2708 Morris Ave., Union, 1/2 mile from Springfield, MURdock 6-6800) Al Jones, a TV pioneer since 1938 runs an efficient shop that has 35% of their business in Springfield where people have learned they can (1) find charges, (2) same day service, and (3) guarantee for all work depend on A&A.</p>
<p>SPRINGFIELD RADIO & TELEVISION SERVICE - (123 Mountain Ave., Springfield, DRexel 6-4545) Five mobile repair trucks, six mobile repair men, and enough testing equipment to man the CBS master control room, make this a logical choice when Lawrence Walk gets busy. The service is quick and all work is guaranteed. The proof of the pudding is the rate this firm has expanded in recent years.</p>

Psychologist

(Continued from page 1)

mind his obligation to the other children in the community, to the school, and to the child's parents. The school psychologist must function in several areas. One is the testing program which includes group and individual testing as well as other techniques. He is concerned with all ages within the schools, with a variety of handicaps, and a variety of objectives.

In Springfield, the group testing program includes an intelligence test for every child. In addition an achievement test in reading, arithmetic, and language is administered annually to all children in grades three through eight. First graders are also tested for reading readiness at the beginning of the school year to determine whether or not they are prepared to profit from formal reading instruction.

By determining the mental capacity of the pupil, the psychologist aids in proper placement of children transferred from other schools. He also attempts to discover the cause of poor class work whether it be based on incapacity, laziness, or emotional problems. These variations of behavior demand flexibility of approach. The old method of punishing indiscriminately any student who failed to achieve, falls short of its objective if the child is incapable of learning.

In many classrooms there are found children who deviate from so called typical behavior to an extent that interferes not only with their own learning but also that of others in their group. Conferences between the teacher and psychologist can often throw a revealing light on such lack of conformity.

Every teacher and school administrator has had experience with children who seem to have some kind of mental or emotional block that prevents them from doing as well as they should. Stuttering or day-dreaming for example may be outward manifestations of emotional conflicts within the child. The psychologist with his special training can be used to find out the reason for the inward turmoil. There are many possible causes and various ways used to discover them. Then there are the children who are unable to speak properly and others who have difficulty learning to read. Remedial reading work often requires the guidance of a trained psychologist, since emotional conflicts are frequently found in conjunction with severe reading disability.

These are briefly some of the specific functions of the school psychologist. In addition he is ready and able to assist the pupil, the teacher, and the parents in the solution of many personal problems relating to the child's development. He offers practical suggestions to rectify the difficulties he has diagnosed. However, the help that parents and teachers, working in conjunction with the school psychologist, can offer should not be discounted. Through the concerted efforts of all of them the bewildered and bewildering child is led toward the development of a well-balanced and secure personality.

SUNNING SPORTS

By
MIKE GOODMAN

Bless a football team with two good ends and a set of speedy backs like the Morrystown Colonials had last Saturday and victory is almost assured. Striking quickly behind their mobile forward wall, the Colonials scored three times, once in the first and twice in the third period to roll over Springfield 20-0.

The crowd sensed a Morrystown romp after the Bulldogs kicked off to their visitors. Morrystown promptly marched 76 yards to a TD. Then the Springfield defensive unit stiffened and Morrystown was unable to score for the rest of the half. At half-time the crowd started to wonder if Regional might still pull the game out of the fire. One experienced observer said "I've never seen a Suchena conditioned team that couldn't score two touchdowns in the second half and win a game. I think Coach Mike will pull this one out." Well the third period started and Springfield did start to roll. Using Bob Keith on halfback reverses and short passes to flanking ends, the Bulldogs battled their way to the Morrystown 30-yard stripe. There the rally was short-lived as Morrystown intercepted a Regional aerial. The interception led to another Colonial TD and minutes later, the visitors scored again on a Springfield fumble.

After the game was no longer in doubt the crowd settled back to watch the smooth functioning of the Morrystown offense. The Colonials seemed to sense this as they opened their bag of tricks and delighted the fans with plays made famous by collegiate eleveners. The quarterback option play and the pass-run made famous by Oklahoma's "Tommy" MacDonald were used to advantage by visitors. The day was a long one for the Bulldogs as Morrystown proved its power at the expense of Regional.

PIGSKIN PICKS

Well, two teams impressed at my expense last Saturday. While Morrystown was beating my pick Regional, Woodbridge edged Union 21-20 in a real thriller. This Saturday the games will prove the real metal of Union, Plainfield and of course Springfield. Regional. Below are my predictions. Springfield Regional over Somerville. I'll have to go with the home team. Regional has more than it showed against Morrystown. Somerville is recovering from a Flu attack and their team won't have that extra sharpness that wins ball games.

Roselle Park at Hillside. This game will be probably called since Hillside's squad has been stricken with the Flu. But if they play, Roselle Park.

Rahway over Linden. Rahway will snuff out Coleman, main threat of Linden attack. Coleman scored six TDs against Wequahic last Thursday.

Plainfield over Woodbridge. A rather tough pick but Plainfield tore Barringer apart. Barringer was considered the best city team. Plainfield has the speed and balance to give any team a fight including Montclair.

Union over Asbury Park. Most of Union's defensive line was out during Woodbridge game from the Flu. Asbury Park has lost only one game in two years and that was against Union last year. Watch for stiff defensive battle between teams.

Roselle over Bound Brook. My long shot of the week. Roselle has the speed to upset slower Bound Brook team.

Perth. Amboy over Westfield. Perth Amboy by one touchdown. Blue Devils not experienced enough.

Cuzzolino Shines in Tight Springfield Bowling League

The most complete reversal of form in the Springfield Bowling League so far this season has been displayed by Cuzzolino no Furs.

The Furrers finished dead last last year with an ineptness unequalled in the league. Monday night they climaxed their new form by rolling three games over 800 to swamp Bunnell Brothers three straight and move into a four-way tie for first place.

Meanwhile last year's leaders, Springfield Market, suffered their first loss of the new year when Frank's Auto Service took two out of three from them. Last year's runners-up stayed in a tie for first by taking two out of three from Brunner's Construction. They are variously known as Parkview Garage, Parkview Atlantic, and Polcarpio Atlantic.

Other action saw D'Andrea Driveways sweep the hapless American Legion No. 2. Beckmann's took two out of three from Mende Florist and American Legion No. 1 took two from Drake Fuel.

Two hundred games included: Walter Schramm 233; Ralph Polcarpio 232; John Heimbuch 231; Bill Reardon 218; Raab 215; A. D'Andrea 215; Bobby Anderson 212; George Graziano 211; and Salgaro 210.

The Standings:

Parkview Atlantic	10	1
Frank's Auto Service	10	5
Beckmann's Market	10	5
Cuzzolino Furs	10	5
Springfield Market	9	6
American Legion #1	8	7
D'Andrea Driveways	8	7
Mende Florist	7	8
Bunnell Brothers	6	9
American Legion #2	4	11
Drake's Fuel	3	12
Brunner Construction	3	12

Police Still Ride On Sport's League

Last year's champion VFW Mavericks have found their name this year doesn't seem to bring them the same luck. Under the banner of Drexel Quality Cleaners, the VFW men were shellacked by Conte's Delicatessen, 3 games to 0, last week in the Springfield Sports League.

The league is still led by the fast moving policemen who took two games from Springtree Tre last week. Lynn Decorators took two from Stereo Sound Corp., who won their second game of the season.

Two hundred games included: D. Tomkins 221; T. Smith 222; H. Burdick 217; R. Giannattasio 210; R. Hansch 208; R. Caggiano 205; and E. Gerke 200.

The Standings:

P.B.A.	8	4
Contes Delicatessen	7	5
Lynn Decorators	7	5
Springtree Tre	7	5
Drexel Cleaners	5	7
Stereo Sound	2	10

Palmer said in April the new Rt. 22 would traverse Berkeley Heights, Summit, Springfield and Union, and that a spur connecting it to Goethals Bridge would cross Springfield, Union, Kenilworth, Cranford, Roselle, Linden and Elizabeth.

Bonadies Scores

(Continued from page 1) the interest of all of the people of Springfield; that before casting any vote I would listen to the suggestions and complaints of any citizen or group of citizens and when I finally cast my ballot it reflected what in my judgment was for the best interests of Springfield. I have never been afraid to be a lone dissenter on a given issue. I have kept my prom-

ise to represent all of the people of Springfield and seek reelection now on the strength of my ability of keeping the door open to any and all of the people of our town. "I have constantly put aside my political objectives when it comes to casting a vote on the governing body on "what is best for Springfield." My record in public office clearly shows that I have voted against my colleagues on the governing body where I have taken issue with them on what is best for Springfield, and voted with them where I have genuinely believed in the course of action taken.

"Public office cannot be entrusted to a candidate such as Grabarz, who from one corner of his mouth, brazenly declares his intentions of following a fixed line of a yes-man to achieve unity of action and singleness of purpose and from the other corner of his mouth implies he intends to represent the interests of the people of Springfield."

Meyer's Have Daughter Mr. and Mrs. Gerald Meyer of 170 Linden Avenue announce the birth of their daughter on October 3 at Overlook Hospital.

Country Oaks Hear Charter Study Man

The Country Oaks Association held their second meeting of the season at the home of Mr. and Mrs. F. W. Beiswinger of 507 Meisel Avenue recently. Guest speaker of the evening

was Julius Kazin, who gave a talk on the Charter Study movement in Springfield which proved very enlightening to the members.

The Country Oaks are planning for their annual Masquerade Barn Dance to be held at the Old Evergreen Lodge on Friday, October 25. The music will be furnished by George Hill and his orchestra.

Tickets, at \$1.00 may be obtained at the door.
