SPRINGFIELD, N.J. THURSDAY, JANUARY 30, 1958

OFFICIAL NEWSPAPER

10¢ A COPY, \$3.50 BY THE YEAR

FOR COMMUNITY SERVICE—Mrs. Thelma Lake Sandmeier, principal of the Gaudineer School, receives the Annual Citizenship Award for Community Service from the Springfield Lions Club at ceremonies held at the Orchard.

Plan To Launch Drive On Feb. 8 For Boy Scouts

All preparations for the 1958 Springfield Boy Scout Campaign are being aimed at Saturday, February 8. All divisions will officially launch the campaign at that time, although some divisions will be in limited operation before this.

Highlighting the launching, according to Campaign Chairman Jay Longfield, will be a kickoff breakfast meeting for all campaigners on Saturday morning. A program of training, inspiration and information is planned for this informal meeting. The place for this meeting will be announced soon.

Rupert Humer, chairman of the Steering Committee, has stressed that all efforts will be made to make this a one-day campaign with the majority of all solicitations being made sometime during the day on Saturday.

Mr. Longfield, chairman of the Drive, predicted the most successful campaign in Springfield's scouting history. This thought has been forcibly seconded by Steering Committee Chairman Rupert Humer, who pointed out that a truly fine group of men have taken leadership in the campaign. Mr. Humer indicated that this is a season that the residents have taken to heart the motto, "Better Scouting for more boys in Springfield" and that they are willing to give their full support to such community activities as Scouting.

Residential Chairman Victor Branch has recruited an outstanding group of men and women to serve as the managers for the 43 districts into which the Springfield community is divided. The residential division is expected to raise two-thirds of the total campaign and have the spirited help of more than 300 campaigners.

Special Editor, Chairman, Desposens, Eckerle, is in the process of recruiting a committee of professional people to contact all electric, insurance, plumbing and organizations, physicians and dentists.

The Industrial Division under the leadership of Thomas Brogan will have a committee of industrialists that will contact the many industries located in Springfield.

Val DelVecchio is in the process of setting up a committee that will contact the retail stores of Springfield. This is Mr. DelVecchio's third year as chairman of this division.

Members of the Steering Committee that are working closely with the campaign are: H. Lee Srokin and Otto Granick.

The campaign advisor is District Executive Joseph B. Quick.

Gaudineer Principal Is Honored By Lions Club

On January 24, The Lions Club of Springfield presented its Annual Citizenship Award for Community Service.

Thelma Lake Sandmeier, Principal of the Florence M. Gaudineer School, was selected to receive this award which is the highest honor the Lions can bestow upon a citizen of Springfield.

Mrs. Sandmeier graduated from high school at Pleasantville, N.J., with highest honors and received the American Legion Scholarship Award of \$1,500. After graduating from Langzett School of Hunter College, she continued her formal education at Newark State Teachers College and Rutgers University, receiving a Masters Degree in Education in 1945.

In 1931 Mrs. Sandmeier took her first teaching job in Springfield, teaching the 2nd, 3rd, 4th, 5th, 7th, and 8th grades in our school system before being advanced to principal of the Raymond-Grisolm School in 1948, and the Gaudineer School in 1953.

Mrs. Sandmeier continues to do outstanding work on the Springfield Juvenile Conference Committee where she has served as chairman since its appointment by the Union County Juvenile Court.

"There can be a greater testimony to the regard and appreciation of her personal interests and sacrifice for others than the unanimous accolades from associates, pupils, public officials, social agencies—all who have come in contact with her dynamic personality and dedicated life," said Dean Widmer, Lions Club president, in presenting the award.

1st Aid Squad Calls Up 30% To Record 510

For the first time in its history, the Springfield First Aid Squad recorded over 500 calls in one year, according to the yearly report issued this month by squad officials.

During 1957 the First Aiders were called upon to render their services 510 times—30% greater than during 1956 when a total of 387 calls were logged.

The new record was comprised of 314 emergencies, 199 transportation, 2 special C.D. calls and 2 emergency standby calls. Total mileage added during the year was 7,732 miles with 327 man-hours served by members. In addition, the report showed 75 tanks of medical oxygen consumed by Springfield residents.

New Officers Take Over In Chamber of Commerce

DONALD J. LENNY, general manager of the Chamber of Commerce, and **ROBERT DAVIDSON**, chief local executive, will lead the Springfield Chamber of Commerce in 1958 as president and vice president, respectively.

They will have the assistance of Theodore (Ted) Spector, proprietor of the Cakes Cottage in the General Greene Shopping Center, as secretary, and Russel Lyons, of Russel's Men's Shop in Morris Avenue, as treasurer.

The new officers, elected last Thursday, take over the direction of the local Chamber of Commerce Saturday, Feb. 1 and a very ambitious program has already been prepared for 1958. Working committees will be named to carry out the many new projects, being planned to attract more business to Springfield and a membership drive will be one of the first orders of business.

Traffic and parking problems will be tackled by a special committee to be selected by the Chamber of Commerce officers with emphasis on more off street parking facilities.

Working with the new officers will be a Board of Directors made up of John Gausman, proprietor of Rajac Products; James Funchon of Springfield Market, Julian Sarokin, Springfield Sun editor; Arthur H. Smith, Jr., Officer in Charge of the Springfield branch of the National State Bank of Elizabeth; Edward Conley, insurance and real estate; Milton Kashin, proprietor of Beacon Hill Stationers; and Gene Palmieri, owner of the Springfield Barbers in Morris Avenue.

Charter Study Is Past First Phase

Without publicity and fanfare, the Charter Study Commission has been working steadily in its elected duties and has now completed interviews with each member of the Township Committee. All cooperated fully and wholeheartedly with the Study Commission. Several other "key" personnel in the Township Organization will be interviewed during the coming weeks.

Dr. William Miller of Princeton who was retained as a consultant by the Charter Study Commission is now meeting regularly with the group and excellent progress is being made.

A public hearing is tentatively planned for the first week of March to give all Springfield citizens an opportunity to meet the committee and to express their personal views. Further details will be announced very soon.

Plan To Activate Charter Committee

Howard Flammer, chairman of the Citizens Committee for Charter Study in Springfield, is reactivating his organization to aid the present Charter Commissioners in their study of government.

All members of the citizens committee who conducted the study leading up to having the question placed on the ballot will be asked to make themselves available for a meeting to be held very shortly and new members will be invited to join.

This committee, stated Mr. Flammer, is being organized to help in the work now being done by the Charter Commissioners and to keep a close watch on all matters concerning the administration of affairs in the township.

First Scrap Paper Drive To Be Held This Sunday

This month's scrap paper drive will be held next Sunday, February 2nd, with the local American Legion volunteers doing the job as usual.

All bundles of paper should be securely tied and placed at the curb in time for the collection starting at 10:30 a.m.

Highway Spur Is Out Says Trenton Report

Engineers Say First Highway Confab Soon

The Township Committee has received its first informal report from the office of the Theodore T. McCroskey engineering firm regarding the preparation of the best route for the proposed new highway through Springfield.

Frederick H. Reuter, an associate partner of the community planning firm, is in charge of making a survey here and in a letter to Mayor Albert G. Binder dated January 17, reports that "much progress is being made . . . and that a conference will probably be held with the governing body some time near the end of the month."

Following are excerpts from Mr. Reuter's letter:

"We have accumulated a great deal of information on topography and related elevations of roads, railroad tracks, and water courses. This data are now being digested for use in evaluating the Malignant-Hyland alignment and the possible alternate. In addition, we have written to the State Highway Department to establish the proposed character of the road, the geometric design standards, and to obtain permission to work directly with their consultants."

"The collection of material for extending the base map of Springfield into adjacent municipalities, and revising the existing land use map for the purpose of this report has been started.

"I will be in touch with you regarding our first conference, as soon as our work reaches a stage where such a meeting would be profitable. This would probably be about the end of this month."

Dentist Dies In Morris Ave. Home

Stewart O. Burns, D.D.S., died at his home, 379 Morris Avenue, Springfield on Tuesday, Jan. 28. He had practiced for many years in Millburn.

Dr. Burns was the husband of Ruth Burns, whom he leaves along with his son Russell Stewart Burns, his sister Mrs. Lawrence Townley, his brothers, Dr. Walter Burns and Edward Burns, and grandchildren Russell B. Donald O. and Jill Ann Burns.

Funeral services will be at his home on Friday, Jan. 31, at 8 o'clock. Interment will be at Cambridge, Md.

Four Attend Dinner

Henry Earl, 154 Cooker Avenue; James B. Stevens, 304 Baltusrol Way; Aubrey G. Swan, 159 Short Hills Ave.; and Julius A. Marsh, 104 Ramer Ave. attended the dinner meeting of the Newark Chapter, National Association of Accountants, at the Robert Trent Hotel, Newark, last Thursday.

Gunman Robs Local Motel Yesterday

Patrick Imbricco, 45, co-owner of Springfield's Colonial Motel on Route 22 was held up in his office at 3:05 Wednesday morning by a young gunman who fled with \$61 police reported.

According to Patrolmen John Hansen and Robert Polewka, who investigated, Mr. Imbricco, on night duty, was lying on a couch in a room at the rear of the office when the buzzer sounded. His home is at 164 Windsor Dr., Hillside.

"At the door was a man about 20 who asked for a room. Mr. Imbricco admitted him, and walked to the register. When he turned around, he told police, the young man had a revolver pointed at him.

"The gunman, Mr. Imbricco said, ordered him to toss him his wallet which the stranger emptied. It contained \$47, Mr. Imbricco told police. The gunman then scooped up \$14 in change from the cash drawer and fled after ordering the proprietor to the rear room.

"Whether the gunman fled by foot or by car, Mr. Imbricco was unable to say. He told police he did not hear a car drive away. He said the man was about 5 feet 8, had light brown hair and was wearing a maroon and gray jacket and dark trousers.

1. That the spur, connecting a turn-off in the Springbrook section of Springfield with the Goethals' Bridge IS NOT EVEN BEING CONSIDERED AT THIS TIME. IT IS PRACTICALLY ABANDONED.

2. That a proposed alternate route which takes the new highway over Morris Avenue near the Summit line, running along the Millburn border, is receiving careful consideration by the Highway Department.

3. That the last published map is still the route best liked by the Highway Department except that the loop will be taken out where it leaves Springfield in the Springbrook Park section. It will be straightened out to skirt around Troy Village and go through the mountain somewhere near Shumpke Road.

4. THAT THERE WILL BE NO TURN-OFF IN THE SPRINGBROOK PARK RESTRICTION SECTION.

5. That there is nothing definite as to the route to be taken through Springfield, that no entrances or exits have been approved—AND THAT NOTHING WILL BE FINALIZED UNTIL SPRINGFIELD OFFICIALS MEET AGAIN WITH THE HIGHWAY DEPARTMENT ENGINEERS.

The official release from the Springfield Township Committee continues as follows:

"It was apparent that the thinking is still in the preliminary stages as regards where the road will definitely go, and the Township Committee offered for study an alternate route starting to the

(Continued on page 2)

Truck Severs Gas Line For 4 Hours

A lumber truck overturned on Windsor Drive Tuesday rupturing the gas line and causing more than 150 Springfield families to be without gas for more than four hours.

The driver who was not injured, told police the load of the lumber shifted as he made a turn and flipped the truck over. An emergency crew from the Public Service Electric and Gas Co. worked more than four hours to make repairs.

Drivers were called out to wash away several gallons of gasoline which spilled when the truck's fuel tank was ruptured.

Citizens Group To Discuss New Highway Route

A meeting to plan united moves against the coming of the new highway through Springfield will be held by the Citizens Council and the Central Committee Monday evening, February 3, in the Planning Board room of Town Hall. The meeting will start at 8 o'clock.

On last December 6 designated representatives of all known Civic, Church, Service, Business and P.T.A. organizations met at the Town Hall to discuss the proposed new highways and to hear comments from State Senator Robert Crane and Congresswoman Florence P. Dwyer.

At this meeting Mayor Binder indicated a need for a reasonably small committee to work in liaison between the Township Committee and all of the interested organizations, in order to obtain a working channel for the free flow of information with a minimum of confusion and delay.

Subsequent to this affair the representatives of these organizations met and formed the Springfield Citizens Council for Highways P.A. 102 and 107, and also designated a group of 9 people to constitute the Central Committee for the highways. The latter committee will serve between the Township Committee and the Citizens Council.

Individual notices to representatives are being mailed and all interested organizations are requested to see that their designated representatives (not more than 2) attend this meeting.

The latest information and developments will be discussed, also plans as to how we may best help the Township officials minimize the effect of the new highways on the Town of Springfield.

Young GOP Leader Meets Party VIPs

Elizabeth Cox of 47-C Fleming Avenue has been named to attend a "Leadership Training School" in Washington, D. C. this week for Young Republican leaders.

Miss Cox will meet with top officials in the Eisenhower Administration, Cabinet Members, Senators and Congressmen; they will discuss the fundamentals of political campaigning and techniques for building Young Republican organizations in their home territories. Also elected to be discussed, say GOP officials, are means of strengthening bonds between the Young Republican Federation and the National Republican Organization.

Miss Cox is an active member of the Young Republican Club in Springfield and Recording Secretary of the State Young Republicans.

The next meeting of the local Young Republicans will be at her home on Friday, Feb. 7. Charles Beardsley is slated to be guest speaker, along with Donald McKenzie, Republican candidate for Presholder.

Nathan Hart Named Civic Assoc. Head

The Baltusrol Association held its annual elections at a meeting held last week at the home of Nathan Hart, 122 Remes Avenue. The following officers were elected: President, Nathan Hart; Vice President, I. S. Yablonsky; Secretary, Abe Becker; Treasurer, Bernie Owens.

Orlando Shapiro was appointed head of the social committee; Leonard Gerber, Norman Le Houff and Ollie Owens are in charge of recreation; and Leonard Gerber was named Yablonsky head of the newly formed safety committee.

The Civic Association is following with a great deal of interest the developments of the highway situation here in Springfield, and with this in mind have appointed Otto Granick and Nathan Hart as delegates to attend meetings of the Township Committee, in order to sit in on all discussions pertaining to this vital matter.

Plans are now under way for a dinner dance to be held for members of the group in the very near future.

Volunteer Firemen Set Campaign Date

The Springfield Volunteer Fire Department will conduct its annual fund raising campaign on February 9th and 16th.

All donations are used for carrying on the various activities of the Volunteers: this year being highlighted by the purchase of a new rescue truck costing over \$5,000, which will be turned over to the Township Fire Department the night of the Volunteers annual dance to be held at the Evergreen Lodge, Springfield on February 28, 1958.

The chairman of the dance is Robert Marino, who also is President of the Volunteers this year.

Ex-FBI Agent Gets Promotion At PS

Thomas J. McCluskey of 50 Park Lane, Springfield, has been named general solicitor of Public Service Coordinated Transport. James M. Symington, president, has announced. He succeeds Frederick Broadfoot of Pompton Plains, who has returned to the parent company, Public Service Electric & Gas.

McCluskey, a former special agent with the Federal Bureau of Investigation, started with the company in 1946 as a trial attorney. He is a graduate of Georgetown University and of the former Mercer Beasley School of Law, now Rutgers University.

Bowlers To Meet

The Springfield Methodist Church Couples' Club will have their weekly bowling on Saturday, February 1 at 7:30 p.m. After the games, the once-a-month get-together will be held at the home of Mr. and Mrs. Elmer Andrew, 21 Cottler Avenue.

Industrial Arts Program Key to Future of School Children

One of the cardinal principles of education, as defined by the National Education Association, is that of Worthy Home Membership. It is, as we examine and think carefully about it, perhaps the most important area of education that a large majority of boys and girls have the privilege of experiencing.

For many years the major subjects dealing with worthy home membership have been known as home making and industrial arts. By and large, what education is more necessary than to learn the art and science of building, maintaining, and providing a home? Here more than anywhere in the world, are made the decisions which deal with every known phase of life, and here are the experiences which lay the foundation for a well rounded citizen to meet the needs of the American way of life.

It is the aim of the home making and industrial arts departments of the Springfield School System to develop within the pupil an understanding of safety in the use of equipment. The schools review

THOSE WISHING TO SEE THE OFFICIAL MINUTES IN FULL OR IF THERE ARE ANY QUESTIONS, ARE INVITED TO CONTACT MRS. ELEANORE H. WORTHINGTON, TOWNSHIP CLERK, AT DREXEL 6-5800.

Highway Spur

(Continued from Page 1)
 north of the town. State Highway engineers will take this proposal under consideration and study it carefully. The proposed alternate route is currently under study by Theodore T. McCroskey, the engineer in charge of the Township Highway Department.
Nothing Definite
 Mr. Fritzsche laid emphasis on the fact that no location has as yet been approved and that the proposed realignment is still going through exploratory stages, and that prior to finalization of the realignment of the route, the State Highway Department and Township officials will again confer.
 The Highway Department officials conveyed the information to the Springfield representatives that "they weren't even thinking of a spur—that no application has been made for funds nor has any money been allocated for the spur in presenting the estimate of costs to the Federal Bureau of Highways."
 The firm of Theodore T. McCroskey, well-known engineers and community planners, is progressing rapidly in making surveys and preparing alternate routes for the proposed highway. Airviews of Springfield have been made and a conference is to be held soon at which time the McCroskey firm will ask the highway engineers to give the alternate routes consideration.
 Highway department officials spoke very highly concerning the McCroskey engineering firm, stating that they have had an opportunity to work with them on similar projects in the past.
Plan More Meetings
 Two definite decisions came out of Tuesday's meeting at Trenton, one being that the proposed spur is "not even in the thinking stages" and that the present line, as shown in the most recently published maps, will be without any turnoff in the residential section and the loop straightened out, avoiding the Troy Village garden apartments.
 Highway Department officials informed the Springfield Township Committee that more meetings will be held in the near future, prior to the formal public hearing and pinpointing of the new highway route. The proposed change will have much less impact on ratables in the township than the first published map.

Deborah Hears Of New Heart Patient

The January meeting of Suburban Deborah was opened with an invocation given by Mrs. Bert Manhoff, past president. Mrs. Stewart Sherlip informed the group that they have admitted a new patient into the Suburban Deborah Hospital.
 The patient has been at the hospital receiving heart evaluation to determine if heart surgery is indicated.
 Further studies have been recommended and will be given at Hanaman Hospital in Philadelphia. Further reports were given by Mrs. Benjamin Kantor on the first "Children's Donor Luncheon" and on a planned "nearby-new" sale. Mrs. Louis Scolnik gave a detailed report on ways of raising monies for the hospital. She also discussed plans for the Supper on March 31 at the Military Park Hotel in Newark. Mrs. Harold Barg, membership chairman, submitted her report on the annual March Membership Tea.
 Mrs. Norman Strommeyer introduced Mrs. Clara Faulk, hospital supervisor, who presented Deborah's "Heart of Gold" awards to Mayor Albert Binder, Township Committeeman Vincent Bonadies, Isaac Freedman and Julian Sarokin for their outstanding work in the public relations field for the Suburban Chapter of Deborah.
 A reception honoring the recipients of the awards followed the meeting.

Former Residents Want Information

The Springfield-Sun received a letter this week from the Jacksonville, Fla., office of the Prudential Insurance Company of America, requesting some information on the town government which shows that Springfield is an incorporated Township.
 The letter was signed by A. J. Zirkel, Manager of the Ordinary Issue Division of Prudential, dated January 27, and stated that "Two former residents of Springfield are having a debate on the names of the former Mayor or Chairman of the township Council in former years. We are attempting to find out who defeated Bob Marshall as Mayor and in what year, and who was Mayor during the summer of 1953. . . . Any information you may give us will be appreciated by me, a former resident of Springfield for 13 years."

Robert W. Marshall was Mayor, chairman of the Township Committee, in the summer of 1953, records show. Marshall was also Mayor in 1951 and 1952. Marshall was defeated in the 1953 primary election in a three man contest, Albert G. Binder and Eugene F. Donnelly winning the nomination for the two places on the Republican ballot. Binder was named Mayor in 1954 and has held that place since then.
 In the primaries of 1954 Marshall defeated Harold Nenninger for the Republican nomination for the same vacancy but was beaten in the general elections that November by present incumbent Vincent J. Bonadies. No candidate runs for the office of Mayor. The members of the Township Committee elect a chairman at the organization meeting every January 1.

Altar Society To Meet Monday

The second meeting for the new year of the St. James Rosary Altar Society will be held on Monday evening February 3rd, after novena devotions in the school cafeteria.
 The program for the evening will be a question and answer session on religion which should prove to be very enlightening. Refreshments will be served by Mrs. J. Lisa of Springfield, and her committee.

McMullen To Speak

Judge Henry C. McMullen will speak to the Westminster Fellowship of the Presbyterian Church this Sunday, February 2nd at 7 p.m. He will relate some of his experiences in Europe this summer and will end up with an appraisal of the youth situation today.

NAMED BY MENTAL HEALTH GROUP—Leonard Best, (left) executive of the Richard Best Pencil Company, has been named as first vice president of the Union County Association for Mental Health and Chairman of the Association's Educational Committee. Mrs. Russell A. Jibler of 22 Park Lane (right) has been re-elected as second vice president of the Mental Health organization. Appointments were made at the 18th annual meeting held Tuesday night in Westfield.

Town Tax For Regional Up 56% For 58-59

Springfield's share of the cost of running Union County Regional High School will increase 56% for the next fiscal year, according to an estimate made public by the board's auditor a week ago Tuesday night.
 Springfield taxpayers will be required to contribute \$466,338 or 28.8% of the \$1,620,183 total to be raised by taxes. Springfield's 1957-58 share was \$299,275, or 24.8% of the total.
 Local voters will get a chance to vote on the record Regional budget for 1958-59 on February 4. The board auditor, Frederick J. Stefany, said that his estimates of Springfield's increase for next year were unofficial and were merely the best predictions he could make. Actual allocation of the amounts to be raised by taxation in each of the district's member municipalities will be set by the Union County Board of Taxation.
 The other communities will receive substantially smaller increases, according to Stefany.
 Dr. Minor C. K. Jones of Mountaintide board president, has estimated the tax rate for District 1 communities, would rise 39

points, \$1.66 to \$2.04, an estimate he derived by computing ratables at about \$78,000,000. He said that while the budget has gone up \$394,994, about 15 per cent in a year, "our pupil load has gone up 15 per cent."

points, \$1.66 to \$2.04, an estimate he derived by computing ratables at about \$78,000,000. He said that while the budget has gone up \$394,994, about 15 per cent in a year, "our pupil load has gone up 15 per cent."

Question: What is the Most Popular Appliance in the Home?
Answer: The Automatic Clothes Dryer
 Scores of homemakers will agree with this. The automatic clothes dryer has made things so much easier for them. There is no need to consider the weather. Clothes can be dried any day, and at any hour. (Working wives like to do the laundry in the evening instead of over weekends.) There are no loads to carry, no clothespins to bother with, no dust or dirt to soil articles.
 You can see automatic clothes dryers at Public Service stores or visit your local dealer.
PUBLIC SERVICE

MADE FOR THE JOB

Strains of "Happy Birthday" were heard at the home of Mr. and Mrs. A. Pancani of 3 Briar Hill Circle on January 29 when their daughter, Irene, was feteed at a dinner party.

It was birthday time on January 21 for Gail Wilson, daughter of Mr. and Mrs. H. Wilson of 73 Warwick Circle. Gail celebrated with Mrs. Hendlin's Girl Scout Troop.

Birthday greetings are in order too for Mrs. Wilson and Gail's sister Marcia.

Mr. and Mrs. Harry Hillard of Archbridge Lane hosted at a farewell party on January 24 for one of their friends to her new well-known equatorial recipe for mognus chrome diablo this time prepared in the form of a cake.

Mr. Ellis is a senior at Lafayette College and a member of Theta Chi fraternity.

Happy Birthday wishes to Jeffrey Slatar, son of Mr. and Mrs. Jack Slatar of 20 Warwick Circle, Jeffrey was 4 years old on January 26.

The Lynch brothers, Tommy and John, both celebrated birthdays this month. Tommy was 11 years old on January 17 and John marked his 15th birthday on January 29.

January was party-time for the sons of Mr. and Mrs. Sol Levitt of 19 Briar Hill Circle.

Ted Levitt celebrated his 10th birthday at a supper party on January 18. His guests were Dick Cornfield, David Peacock, Ray Jensen, Stuart Falkin, Joe Kisch, Greg Jackson, Sam Piccione, Mike Gehagen, Steven Ginsberg, Perry Krowne, and Barry Hechil.

Steven Levitt was Bar Mitzvah on January 25 at Temple Beth Ahm. A reception was held in his honor on Sunday evening, January 28 at Ann Gordon's in Newark.

Among the 100 guests were Steven's friends: Wendy Eberl, Bonnie Broder, Sue Ryan, Bar Bara Chodos, Barbara Nadler, Sara Todrey, Bob Seltzer, Larry Simon, Barry Hollander, Paul Becker, Elliot Woetzel, and Larry Lichter.

Made CPA Partner Martin Sherman of 23 South Derby Road becomes a partner in Harry Kalb and Company, Newark CPAs, on Feb. 1.

Sherman, a certified public accountant, will share the running of the company with Harry Kalb and Leonard H. Gutov. The firm address is 24 Branford Place.

Woman's Club News

Springfield Woman's Club will hold its meeting on February 6 at the Edward Walton School on Mountain Avenue. An outstanding vocalist, Mary Pannullo, has been secured by Program Chairman, Mrs. Vincent Bonadies.

The meeting of the Art Department will be held in Miss Gertrude Sala's home on February 3. Metal etching on aluminum trays is the project for the evening.

Garden Department members spent an interesting and informative evening on January 21, at the Cannon Ball House, "Flower Review" was the topic for the evening.

Xmas Seals Make \$2,368 In Town

Springfield residents have contributed \$2,368.00 thus far in the Christmas Seal Sale conducted by the Union County Tuberculosis and Health League for its work in 1958. It was reported today by Charles H. Huff, county tuberculosis director and Springfield Christmas Seal chairman.

Returns for Union County as a whole were announced by Henry M. Crane of 536 Morris Avenue,

Elizabeth, county Christmas Seal Sale chairman, as being \$68,810.39. "This amount is less than the \$70,960.27 we had last year at this time," Mr. Crane said. "We must make a strong effort to increase the Christmas Seal fund so that the work of tuberculosis prevention and control carried on by the League can be continued in 1959 without curtailment. With new cases of tuberculosis occurring at the rate of 10 or 12 a month, we must increase our effort to bring tuberculosis under control."

Industrial

(Continued from Page 1) and perfect skills learned in the process of constructing projects. New skills are mastered as the pupil advances to more advanced projects. An interest is developed to acquaint the students with the variety of resources available in consumer education and to teach them the value of money. The importance of obtaining an awareness of the home as a living and social center, as well as the selection and care of household equipment, is stressed daily.

These subjects offer learning experiences which assist the boy and girl to understand the age in which they live and of which they must soon become a part. It develops the worthwhile use of leisure time. The Springfield student becomes familiar with the many materials and the construction of the things which surround him. He becomes a better person by learning to be neat, careful, and creative.

In our work every pupil experiences the thrill of a job well done. The enthusiasm with which a student attacks the planning and building of something worthwhile for his home or himself is the vehicle which develops resourcefulness, good working habits, accuracy, appreciation of craftsmanship, and the acquisition of the related knowledge. He not only acquires the development of self accomplishment but of the needs and desires of his family and friends. Proper care of his well being and the needs of others is a primary development. The recognition of living and working with others has the opportunity for optimal development.

Thus industrial arts and home making are not isolated subjects, but an integral part of the Springfield school program.

SWEETHEART SALAD—Cottage Cheese and Cling Peaches

Sweetheart salad is a heart-winning combination of moist cottage cheese and almonds, topped with cling peaches and encased in lemon jelly. A marvelous health arrow, pierces the center to create a true heart effect.

Garnish this picture-pretty salad with watercress, crisp and dainty. You might even serve a disk of piquant salad dressing to give it that tart flavor.

This salad is so appropriate for many occasions—an anniversary party, Valentine's Day, bridal shower, or an engagement party—to name a few. You can make the salad to suit many other occasions too, by just changing the shape of the mold.

SWEETHEART SALAD 6-8 servings

1 1/2 qt. mold

PEACH LAYER:

1 package lemon gelatin

1 cup boiling water

2 1/2 cups sliced peaches, drained

Juice from drained peaches

10 maraschino cherries, drained

Either oil the mold to be used or immerse in cold water. Dissolve the lemon gelatin in the boiling water. Add the peach juice. Pour a thin layer of lemon gelatin into the bottom of the mold. Allow this to set enough to hold the fruit in place. Arrange the cherries as an arrow and place sliced peaches to

conform to the shape of the mold in the chilled bottom layer. Pour the remaining lemon gelatin over the fruit and place in the refrigerator to thicken sufficiently to add the cottage cheese layer. Don't let it set completely or the two layers will separate.

COTTAGE CHEESE LAYER:

1 package lemon gelatin

1 cup boiling water

1/2 cup cold water

1 tablespoon vinegar

1 1/2 cups cottage cheese (1-1/2 oz. pkg.)

1 teaspoon salt

1/2 cup mayonnaise

1/2 cup salted almonds, chopped

Dissolve the gelatin in the boiling water. Add cold water. Mix in salt, vinegar, salt, cottage cheese, mayonnaise, and chopped almonds. Place in the refrigerator to slightly stiffen. When the peach layer has set sufficiently to hold the second layer, pour the cottage cheese mixture on top of it. Chill until firm.

How About a Fancy Flavored Milk Drink?

Is chocolate milk the only kind of flavored milk you've ever tried? If so, you're missing an extra refreshing treat. There's no better time than the present to try new flavors in milk. Cool drinks are the fashion right now you know.

Delight your youngsters with flavored milks served with a cheery luncheon sandwich or for a between-meal pick-up. Dad will rave about the combination of fresh flavored milk and cookies as a dessert or late evening TV snack.

Use your imagination in concocting a variety of these beverages. Try apricot-puree, citrus juices, strawberries or pineapple flavors in combination with milk. There's no limit to the many flavors that can mingle merrily with that fresh milk flavor.

FROSTED APRICOT MILK 4 servings

2 1/2 cups well chilled milk

1/2 cup sweetened pureed apricots

5 scoops vanilla ice cream

1 teaspoon lemon juice

Mix 1/2 cup of milk, pureed apricots, lemon juice, and one scoop ice cream together and beat until well blended. Add remaining milk and mix well. Pour into tall glasses and add a scoop of ice cream to each.

MOCHA FROST 4 servings

3 tablespoons cocoa

3 tablespoons sugar

1/2 cup hot water

1 tablespoon instant powdered coffee

2 cups chilled milk

1 pint vanilla ice cream

Mix cocoa and sugar. Add hot water and boil for 3 minutes. Stir in the powdered coffee and chill thoroughly. Add milk and ice cream and shake or beat until well blended and

frothy. Pour into tall glasses and garnish with whipped cream if desired.

STRAWBERRY CRUSH 4 servings

1 cup sweetened fresh crushed berries or frozen berries, thawed

4 cups milk

Whip cream; add sugar, salt and lemon juice. Fold in cold milk and cold pineapple juice which have been mixed. Add peppermint extract to taste. Serve at once with mint leaves for a garnish.

HAWAIIAN MILK SHAKES 4 servings

1 cup chilled pineapple juice

2 tablespoons orange juice

1 teaspoon lemon juice

3 tablespoons sugar

1/2 cup chilled milk

Mix fruit juices and sugar and stir until the sugar is dissolved. Add ice, then milk. Shake vigorously or beat until well blended and frothy. Strain into tall glasses and garnish with pineapple wedges, orange slices, and cherries.

Let's Have Soup

Yes, soup is a favorite of every one on all occasions. From early morning until late at night, soup like the apple, is the best.

Soup starts the day... hot, steaming mugs of tomato soup... and all are off to a good start. You'll find it's a real star on breakfast menus, especially on cold, brisk winter mornings.

For that mid-day break... enjoy a cup of warming bouillon or consommé for renewed energy. A quick, low-calorie pick-up.

Lunch time at last... and what could be more welcome than a tureen well filled with a rich TRIO CHOWDER (See recipe). It's a delicious combination of three kinds of canned soup. Have plenty on hand to fill those requests for seconds.

When Dad and your children ask "What's for dinner?"... you need only mention the first course, chicken vegetable soup. Watch their eyes light up for they love this brand new soup that comes condensed style.

Start your New Year right... resolve to keep a well stocked pantry chest of canned soups. And meal planning will be "a breeze!"

SUPER LUNCHEON

Trio Chowder

Relish & Cheese Tray

Corn Sticks

Chocolate Pudding Parfait

Trio Chowder

1 can (10 1/2 ounce) condensed bean with bacon soup

1 can (10 1/2 ounce) condensed tomato soup

1 can (10 1/2 ounce) condensed vegetable soup

4 cups cold water

Blend soups and water; heat. Makes 6 generous servings. **FN**

New Main Course Makes "Turkey Talk" All Year

The "T" in turkey means many things and especially in the new frozen sliced turkey main course. It stands for "tenderness" in moist slices of dark and white meat... the right touch of seasoning in the enriched bread crumb stuffing and "taste" which comes from both... plus fluffy mashed potatoes topped with fresh country butter.

When something exciting like this can be pulled from your freezer and heated in 25 minutes it's bound to become a table conversation. Just think of the possibilities! To name a few... when unannounced friends drop by either at lunch or dinner time, for Saturday lunch when the youngsters are ravenously hungry after a strenuous morning at the Y... when out-of-town guests "accept" with pleasure your kind invitation... but can't be definite about arrival time for the week-end visit... or for the evening you dine alone.

With canned soups and juices on the shelf, salad greens and vegetables in the crisper, and a cake mix or a bakery nearby, dinner preparation is fun.

FEBRUARY TAKES THE PIE!

Individual frozen cherry pie makes tempting dessert for a Washington's Birthday Dinner. For a festive touch in decorating, try this: Color some granulated sugar with a drop or two of frozen food coloring. Cut maraschino or candied cherries in half. Preheat the oven to (425° F.). Remove pies from carton; place 2 cherry halves on each and form connecting stems and leaves with green sugar. Bake according to label directions. Serve warm with dollops of vanilla ice cream. **FN**

Good Grapefruit Deserve Good Knives

The citrus fruit in your local market is sure to be good and you need have no worry about damage from the recent cold snap in Florida. The State withheld all shipments until affected fruit could be recognized and destroyed.

You'll find fixing Florida grapefruit halves or sectioning the whole fruit for use in salads and fruit cups really a cinch if you use the right tools for the task—good sharp paring knives. Experts seem to agree on a short, straight bladed knife for separating the fruit from the dividing membranes in halves. If you like the seeded fruit (and many people prefer it) but not the chore of removing the seeds, cut around the seeds, removing them with the core from the center.

To section the whole fruit, peel like an apple, and then cut from the outside down to the core with a knife blade about 5 or 6 inches long; slip out section by pulling knife back along next membrane. Grapefruit is at its peak of quality right now, and makes a wonderful first or last course—sensible because it has a good low calorie count, and because it provides lots of vitamin C, needed daily to help prevent colds and infections such as the Asian Flu.

Pancakes—Oven Variety!

When is a flapjack not a flapjack? When presented in the form of oven-baked pancakes! For, in making these, there's no standing by the stove flipping flapjacks. Instead, you just use this simple recipe which just calls for a pancake mix, pour batter into a shallow pan, and bake. Then cut into squares and serve with lots of butter and plenty of Log Cabin Syrup.

Once you have tried this idea it will become a top favorite with the family—during Pancake Week and many another week as well.

Square Oven Pancakes

1 cup pancake mix
2 tablespoons sugar
1/2 cup chopped pecans
1/2 teaspoon cinnamon
1 egg—well-beaten
1 cup milk
2 tablespoons shortening, melted
Maple-blended syrup

To pancake mix add sugar, pecans, and cinnamon; mix lightly. Combine egg, milk, and shortening. Add to pancake mixture, beating until smooth. Pour batter into greased 15 x 10 x 1-inch pan. Bake in hot oven (325°F) 10 minutes, or until lightly browned. Cut in squares and serve with maple-blended syrup. Makes 12 square pancakes.

Future Of Higher Education Is Subject of Barnard College Forum

Senator Margaret Chase Smith, R., Me., President Lynn White, Jr., of Mills College, California, and President Lewis Webster Jones of Rutgers, The State University of New Jersey, will analyze "What's Ahead For Higher Education?" at the Tenth Annual Barnard Forum on Saturday, February 8, in the Grand Ballroom of the Waldorf-Astoria Hotel.

The forum is sponsored by Barnard College as a public service to the community in cooperation with the metropolitan alumnae groups of 40 colleges and universities and the New York City Branch of the American Association of University Women. Such problems as expanding college enrollments, financial aid, and the demands of our technological age for a re-examination of the curriculum will be explored. President Millicent C. McIntosh of Barnard will preside. The forum is open to the public.

Senator Smith will discuss the future role of the Federal government in the realm of higher education.

The publicly-supported university will be represented by Dr. Jones, a past president of the Association of Land-Grant Colleges and Universities.

President White, who will speak on the future of the independent college, has been president of Mills College since 1943. The author of "Educating Our Daughters: A Challenge to the Colleges," Dr. White has viewed higher education from the vantage point of both an administrator and a faculty member.

Metropolitan alumnae groups of the following colleges and universities are sponsoring the forum: Agnes Scott College, Barnard College, Bennington College, Bryn Mawr College, Cedar Crest College, Chatham College, College of Mount Saint Vincent, College of New Rochelle, College of St. Elizabeth, College of St. Rose, Connecticut College, Douglass College, Elmira College, Fordham University, Good Counsel College, Goucher College, Hollins College, Hood College, Hunter College, Keuka College, Manhattanville College of the Sacred Heart, Marymount College (Manhattan), Marymount College (Tarrytown).

Also, Mary Baldwin College, Mary Washington College, Mills College (California), Mount Holyoke College, Pembroke College, Radcliffe College, Randolph-Macon

PRESIDENT LEWIS WEBSTER JONES of Rutgers University, Senator Margaret Chase Smith, and President Lynn White, Jr. of Mills College (l. to r.), who will discuss "What's Ahead For Higher Education?" at the Tenth Annual Barnard Forum on Saturday, February 8, in the Grand Ballroom of the Waldorf-Astoria Hotel.

Branch of the American Association of University Women. Reservations may be obtained by writing to the "The Forum will begin with a Barnard Forum-806 West 120th Street, New York 27, or by calling Grand Ballroom. The program will run from 2-8:00 p.m.

All Right, Our Buyer Didn't Goof

My brother Irv is sure-footed enough about some parts of the men's clothing business, but he doesn't seem to keep up with the trends in advertising.

"Let's run a big headline the way these other fellows do about how we got a moron for a buyer," I said. "Something like 'Boy, Did Our Buyer Pull a Boo-Boo!'"

"Who are you kidding?" said Irv. "Our customers know who our buyers are. Us. The way I see it, our customers are bright enough to figure out that dumb buyers don't stay in business long. They have a right to expect us to buy merchandise people want at a reasonable price so we can keep on serving them with tender care."

He may be old-fashioned but he's still my brother.

Twixt Cake and Pie - Dwell-I

By BETTY BAROLAY

Though it's neither a cake nor a pie, Boston Cream Pie combines the virtues of both. For cake lovers, it has the texture of cake; for pie devotees, it offers moist, creamy filling and thick, fudge-like frosting. This pretty party one has been prepared most sensibly and economically, too! A 1 1/2-inch sponge cake was bought at the corner store and split into two. A package of vanilla pudding and pie filling mix was taken from the kitchen shelf and... with almost no trouble at all, a Vanilla Cream Filling for betwixt the layers was fixed. At the same time, a package of chocolate pudding and pie filling mix was used to prepare a lot of luscious Easy Chocolate Frosting.

Boston Cream Pie

1 1/2-inch sponge cake, split into layers

Spread Vanilla Cream Filling between layers. Cover with Easy Chocolate Frosting.

Vanilla Cream Filling

1 package vanilla pudding and pie filling mix
1 1/2 cups milk

Combine pudding mix and milk in saucepan. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat. Cover and cool. Makes 1 1/2 cups filling, or enough to spread between two 3-inch layers of cake.

Easy Chocolate Frosting

1 package chocolate pudding and pie filling mix
1/4 cup sugar
Dash of salt
1 1/2 cups milk
2 tablespoons butter

Combine pudding mix, sugar, salt, and milk in saucepan. Add butter. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat. Cool 10 to 15 minutes, stirring occasionally, until of spreading consistency. Makes about 1 cup frosting.

When a recipe calls for grated orange rind, does grating the rind seem like a big chore? Then have some ready in your freezer. The next time you use fresh oranges, and have a few minutes to spare, grate some and wrap it in moisture-proof freezer paper and place it in your freezer. Then it will be ready for a recipe with no fuss at all.

Happiness is spiritual born of Truth and Love. It is unselfish, therefore it cannot exist alone, but requires all mankind to share it. —Mary Baker Eddy.

Be sure you get the BEST... always ask for
FISCHER'S
enriched BUTTERCUP

See that your children get enough nutritious extra enriched Buttercup Bread with meals, as sandwiches or as an after school snack. And, try Fischer's Buttercup yourself and you'll see why more and more families are enjoying the healthful benefits of this delicious bread.

REALTORS STAGE FESTIVE SOCIAL AFFAIR. Springfield was well represented at annual dinner and installation of 1958 officers of the Realtors of the Oranges and Maplewood, including Springfield, Millburn, Short Hills and Livingston, held at Mayfair Farms, West Orange, last Thursday, January 23. Photo above shows table reserved for Mr. and Mrs. Benjamin J. Chadwick whose guests were,

seated left to right, Mr. and Mrs. Sam O. Sarokin, publishers of Springfield Sun; Mr. and Mrs. Howard Johnson of Montclair; Mrs. Clifford J. Sturm, and Mrs. Benjamin J. Chadwick, Standing, Mr. Chadwick, local Realtor and member of the 3-man committee in charge of arranging the annual banquet; and Mr. Clifford J. Sturm, former President of the Board of Realtors.

After serving as a lieutenant in World War I, Mr. Baldwin joined GMAC in 1919 a month after its organization. That same year he was made credit manager of the Detroit branch and in 1920 he became manager of the New York branch.

Further Promotions

He also served in similar capacities in Kansas City and Indianapolis and in 1929 was appointed vice president of the national corporation of the GMAC. He was made vice president and director of the parent GMAC in 1943 and retired in 1955.

Mr. Baldwin was active in Princeton alumni affairs and was officer of his class. He was also a Mason and a Shriner.

He leaves his wife, Mrs. Althea Averill Baldwin; two sons, Wayne A., of Indianapolis and Ray A., of New Orleans; a brother, J. Frank of East Orange, and two grandchildren.

Funeral services were held Wednesday at the Larchmont, N. Y. Presbyterian Church.

basic reasons for existence of the Order.

February 1, the appeal will be carried to the Public with the mailing of Easter Shield seals to every home in New Jersey.

The New Jersey State Elks Crippled Children's Committee conducts the state-wide drive in behalf of the Lodges—returning the monies contributed from the respective areas to the Lodges for expenditure at the local level.

Last year's drive netted \$140,000 which was augmented by \$115,000 appropriated by the State's individual Lodges from their own treasuries and bringing the grand total of monies expended by New Jersey Elks on New Jersey Crippled Children since 1929 to nearly \$5,000,000.

Wm. C. Van Riper, Chairman of the Springfield Elks Crippled Children's Committee, appealed for generous support of this year's drive. He recalled that New Jersey Elks were pioneers in Crippled Children's work—some 36 years ago and added "this is one drive where every dollar collected is expended in New Jersey for New Jersey children. The Elks Crippled Children's Committee has no connection with any other group and apportions no funds to any outside organization for administrative research or promotion."

Edward J. Hanmon, of Dunellen is Chairman of the State Committee, and Joseph F. Bader, of Lyndhurst, Vice-Chairman. Others on the State Committee include Alois J. Koschir, of Maplewood, Treasurer; Daniel V. Crosta, of Ridgely Park, Northeast District; Albert W. Renner, of Hillsdale Central District; Clarence M. Little, of Hightstown, South Central District; Adolph Foster, of Burlington, Southern District; Harold W. Swallow, of Bound Brook, Secretary, and Allan Stalker, of East Orange, Executive Secretary.

Lutheran Service To Be Explained

To help worshippers and visitors to derive more meaning and benefit from their worship, the regular monthly Communion service at Holy Cross Lutheran Church, 638 North Main Ave., on Sunday, February 2, at 11:00 a.m., will include a running explanation of each section of the liturgical service. Pastor L. Messerschmidt has announced.

Before each part of the service an assistant will speak a few words explaining the purpose of what is to follow. The service that

Board of Realtors Hosts To Many From Township

Local members of the Board of wood, Springfield, Short Hills, Realtors of the Oranges, Maple, Millburn and Livingston—participated in the annual social event of the organization, the annual dinner and installation of new officers, held at Mayfair Farms, West Orange, last Thursday evening, January 23.

Benjamin J. Chadwick, head of the local Realtor office, bearing his name, served on the committee of arrangements for the affair with Louis Stratton, well known Maplewood Realtor; Charles T. Shipman of East Orange, and Harriell L. Moore of Millburn.

Mayfair Farms was taken over by the Realtor group for this annual event with a program including installation of the new president William F. Bertschinger of West Orange and conferring of several honors on the retiring president, Charles J. Klein. High class entertainment and dancing throughout the evening were enjoyed by the more than 250 members and guests.

Seated at the head table were Mr. and Mrs. Aaron Lasser, residents of Troy Village in Springfield. Mr. Lasser is counsel for the Board of Realtors. At the same head table was the new board president Mr. William F. Bertschinger and Mrs. Bertschinger.

Tables at the affair were reserved for three Springfield members of the Realtors Board. Anne Sylvester's group included several members of her Springfield office as well as her husband, Frederick Sylvester, Mr. and Mrs. Thomas Smith and Mrs. Jean Hellman, all of Short Hills. The table reserved for the Georgia McMullen office included—Magistrate Henry C. McMullen, Township Committeeman and Mrs. Eugene P. Donnelly and Mr. and Mrs. Bryant St. Haas.

Another party was at a table reserved for George W. Seiler, and his organization. Mr. Seiler is in charge of the management of sales and rentals at the new Troy Village apartments and Short Hills Village, both in Springfield.

Mrs. Sara McAdam Dies Here At 96

Mrs. Sara Sturges-McAdam of 15 Marcy avenue died January twenty-fourth. Mrs. McAdam had days although she was 96 years old on December twenty-second.

She was born in the Catskill mountains at Delhi, New York in 1861, daughter of G. Anson Sturges and Barbara Loos Sturges and lived there until she came to New York City in the 1890's to follow secretarial work. In 1893 at New York City she was married to John C. McAdam of Rome, New York by the famous clergyman, Rev. Dr. Charles Parkhurst. They made their home in Mount Vernon and Rome, New York until 1900 when business took Mr. McAdam to Manchester, England. They returned to the States in 1915 during World War I and settled in East Orange, New Jersey.

Mrs. McAdam is survived by her brother, William Sturges of Orlando, Florida; two daughters, Mrs. E. F. Swisher of the Marcy avenue address with whom she made her home and Mrs. J. M. Duguid, also of Springfield; two grandchildren, and two great grandchildren. Mr. McAdam died in 1916 and her only son, Robert S. McAdam, died in 1930.

Elks Raise Money To Aid Children

Keying their 1958 Easter Shield Campaign to celebration of Elksdom's 90th Birthday New Jersey Elks have launched an all-out effort to go over the top of this year's \$200,000 goal.

No. 2004 Springfield Lodge, like the 83 other Lodges in the State is midway in a canvas of its own membership to support its Crippled Children's work, one of the

TO DISCUSS HI-FI POSSIBILITIES

Every high fidelity sound system must be personally designed to fit the acoustical problems of individual rooms. There is no such thing as a ready assembled cabinet music system that will give maximum performance in any room. Our sound engineers will be glad to visit your home and demonstrate to you what kind of equipment you need to achieve different levels of performance. We design outfits to suit low budgets as well as high budgets. But all of our component systems are engineered to produce genuinely high fidelity. Our specialty is the new frontier of sound called stereophonic. We will be pleased to demonstrate it for you.

New Budget Guide Aids Family Spending Program

Do you know where your money goes? Most families are well acquainted with household costs—rent or payment on their homes, taxes, utilities, insurance premiums, contributions, grocery bills, but there are more expenses that are less obvious.

For example, few homemakers know how much money it takes to clothe the family, reports Mrs. Doris Anderson, extension home management specialist of Rutgers University. She adds that grocery bills sometimes seem high compared to reported average costs until the puzzled budgeteer recalls that the supermarket cart also contains paper goods, cleaning supplies, household gadgets, cigarettes and often some clothing items.

Families eager to check on what they want their incomes to buy must take a year's look ahead when they figure out a spending plan. This should include small items as well as large ones.

To help stretch the family income, the Extension Service offers a free circular, "Better Use of Money Family Style." This includes a form, "Our Spending Plan." This circular is available from Mrs. Mary W. Armstrong, county home agent, whose office is located at Court House Annex.

Elizabeth.

Mrs. Anderson warns to prepare yourself for a few surprises when you analyze your spending. Things you thought you wanted may fade in importance and other things may become more vital to the family.

The New Jersey State University specialist says it's rewarding to figure out a spending plan. She points out that there's more than one way to spend your money. The important thing is to spend it so it brings the material things of life your family really wants.

Easy-To-Clean Venetian Blinds

A venetian blind that shrugs dirt has been introduced on the market, Miss Genia Thames, extension home furnishing specialist of Rutgers University, reports. It was designed for easier upkeep, better visibility and greater darkening power, Miss Thames says.

The blind has a special finish to create a uniformly slick surface to shed dirt with ease. Two-and-a-half inch wide slats afford better visibility when open and their s-shape shuts out more light when the blind is closed.

Easy Little Nut Loaf

2 cups sifted cake flour
1 cup plus 2 tablespoons sugar
2½ teaspoons baking powder
¼ teaspoon salt
¼ cup vegetable shortening
¼ cup milk
1 teaspoon vanilla
½ teaspoon almond orange extract
¼ teaspoon almond extract
2 eggs, unbeaten
½ cup walnuts, chopped very fine

Sift flour, sugar, baking powder, and salt into mixing bowl. Drop in shortening... add 2/3 of milk, then flavoring extracts, and beat 200 strokes (2 minutes by hand or on mixer at low speed). Scrape bowl and spoon or beater. Add remaining milk and eggs and beat 200 strokes (same as before) - stir in nuts. Bake in 3" x 5" x 3" greased loaf pan in moderate oven (350 degrees F.) 1 hour and 10 minutes. Spread White Magic Frosting on top and sides of cake. Sprinkle diagonal lines of finely cut walnuts across top of cake. *With a tartaric powder, use ¾ teaspoons.

WHITE MAGIC FROSTING

2 tablespoons white vegetable shortening
1 tablespoon butter or margarine
¼ teaspoon vanilla
¼ teaspoon almond extract
¼ teaspoon orange extract
¼ teaspoon salt
3 cups sifted confectioners' sugar
3 tablespoons scalded light cream (about 1/2 cup)
Blend vegetable shortening, butter, flavoring extracts, and salt. Beat in ¼ cup sugar gradually, creaming until light and fluffy. Add hot cream alternately with remaining sugar, beating well after each addition. Add only enough cream to make a spreadable consistency. Makes enough frosting for top and sides of 9" x 5" loaf cake.

Rutgers' Home Gardening Course

Amateur gardeners who like to use the bleak part of winter to increase their knowledge of growing flowers can do so under the instruction of Rutgers University horticulturists during a one-week course, Feb. 24-28.

More than a dozen professors and research specialists will teach principles of soil management, use of fertilizers, plant propagation, insect and disease control, and other garden subjects. Three one-hour sessions will be devoted to garden planning.

Westervelt Griffin, assistant dean of the College of Agriculture, urges early registration. Enrollment will be limited to 140 persons. He said a number of applicants had to be turned away last year.

Further information about the flower gardening course can be obtained by writing the Office of the Dean, College of Agriculture, New Brunswick. The brochure which will be sent contains an application for admission.

Peas, Potatoes In Good Supply

Peas and potatoes are the U. S. Department of Agriculture headlines this week. Canned and frozen peas are in record supply, according to Mrs. Mary W. Armstrong, Union County Home Agent. Whichever you prefer, don't miss out on stocking up while there are "sales."

Banana shipments are increasing seasonally. Apples continue very plentiful and are about two and a half to five cents per pound lower than last year. Celery and lettuce are also lower priced than a year ago and cauliflower, eggplant and broccoli are in good supply.

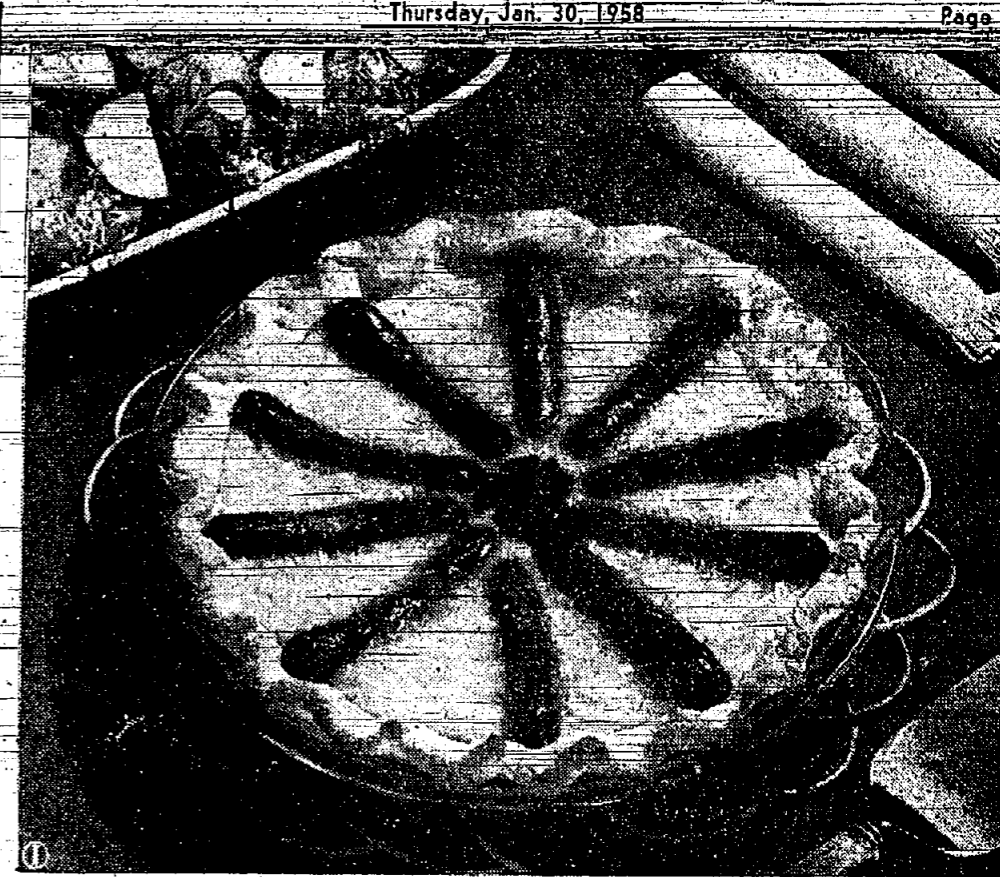

White Cake Good, Easy

The Christmas cookies and fruit cakes have had their day and now it's time for a different version of cake says Mary W. Armstrong, Home Agent. January cakes should be white some good cookies say, but we say they should also be easy to make and good tasting. Mixes should be popular as a change from all the holiday baking and there are prepared icings and fillings too, to help you produce cakes to be proud of in a jiffy.

If it's an all white cake you crave, the answer is angel food. Several very good angel cake mixes are on the market and a simple uncooked frosting is all that is needed as a finishing touch. Coconut, however, gives a winter wonderland air to any cake, so if it's a favorite with your family, the angel cake will cooperate.

If a snow white frosting fills the bill for your January cake, and the "innards" can give the flavor interest, try an easy little nut loaf. Likely some walnuts are still around from the holidays and this is as good a use as any. Flavor your frosting with almond and orange extract for a perfect blend with the nut cake.

An even easier cake to put together is one made with ready-baked layers. Sponge cake is better than most people realize. It has extra protein from more eggs; it has less fat so should appeal to weight watchers, and is easily digested by the very young and the not so young. Two ready-to-eat sponge layers put together with vanilla pudding and sprinkled on top with confectioner's sugar makes a dessert that contrasts pleasantly with the rich holiday fare we have recently enjoyed. Glamorize the filling with extra cream or serve with a dab of whipped cream and a cherry as a garnish.

SAUSAGE OPEN FACE ECONOMY PIE

Knead dough lightly, then roll out on a lightly floured board to a diameter of 10 inches. Place in a 9-inch pie pan, crimping edges. Cook sausage links until well browned. Add minced garlic and herbs to well drained tomatoes sandwich, dessert, milk.

FRIDAY
Lunch No. 1
Macaroni-tuna salad, dessert, milk.
Lunch No. 2
Mushroom soup, tuna sandwich or American cheese sandwich, dessert, milk.

JEFFERSON MONDAY
Spaghetti with tomato meat sauce, green beans, sliced peaches, milk.
TUESDAY
Beef and vegetables on mashed potatoes, cole slaw, tapioca pudding, milk.
WEDNESDAY
Tomato rabbit on buttered toast, peas and carrots, pineapple, milk.
THURSDAY
Hamburger on ROLL. Potato chips, fried onions, celery sticks, jello with fruit, milk.
FRIDAY
Fish sticks, parsley potato, stewed tomatoes, applesauce, milk.

LIVINGSTON MONDAY
Pork pot pie, buttered string beans, peaches.
TUESDAY
Bacon and egg omelette, home fries, pineapple.
WEDNESDAY
Pizza pie, tossed salad, juice, cookies.
THURSDAY
Cheeseburger or hamburger on roll, potato salad, jello with fruit.
Friday
Baked cod fish, scalloped potatoes, buttered peas, cake.
WASHINGTON MONDAY
Goulash, corn, fruit, milk.
TUESDAY
Hamburger, cole slaw, fruit, milk.

(save tomato juice for soup or gelatin salad). Spread tomatoes in crust, sprinkle with cheese and top with sausage links arranged spokes fashion. Bake at 450° F. for about 15 minutes. Let stand 15 minutes before cutting.

Pork In Excellent Supply

Pork is selling at most attractive prices at your market because the supply is so good. This opens up a panorama of pork dishes that have been the delight of homecoming husbands for generations in America. Get to know the thrifter cuts of pork this season, for dishes that will bless the budget and vary your meals. Thrifty pork buys include the hocks, the shoulder, the end pork chops and roasts, the smoked picnic and ham-shanks. All these cuts have complete high quality protein, and an extra share of vitamin B, for which pork is particularly famed. It's good to know, too, that recent research indicates that cooked meat, as it is produced and prepared today, has significantly less fat, fewer calories and more protein than the values given in current textbooks.

A combination of herb-laced stuffing in juicy pork chops, baked on sweet potatoes, and topped with apples, this is one of those medleys that make history when you serve it to a hungry family. It's the kind of dish you can make ahead, put in the oven, and be free for an hour before dinner!

Baked Stuffed Pork Chops

6 1-inch thick rib or loin pork chops
6 medium sweet potatoes
1½ cups finely-diced apple
½ cup raisins
1 cup fresh bread crumbs
¼ teaspoon salt
2 tablespoons sugar

Have meat man slit chops for stuffing. Par-boil potatoes; peel and slice lengthwise. While potatoes are cooking, combine apple, raisins, bread crumbs, salt, sugar, and thyme. Spoon stuffing into chops. Slice brown chops on both sides in skillet about 15 minutes. Combine brown sugar and nutmeg. Layer sliced potatoes with brown sugar mixture in a 2-quart casserole. Dot with butter. Top with pork chops; pour over orange juice. Place apples over pork chops. Cover. Bake in a moderate oven, (350° F.) 1 hour, 15 minutes. 4 to 6 servings.

Bag-Shoe Care In Wet Weather

Wet, snowy weather can be very hard on shoes and handbags. We can't control the weather but at least we can protect these accessories from being ruined by damp weather. Of course rubbers and galoshes provide the best protection, but we don't always know when it is going to snow or rain and often times your rubbers are in one place while you are in another.

If you do get your shoes wet, remove them as soon as possible. Wet shoes will not only stretch out of shape but will also encourage colds. For leather or patent leather shoes, clean them gently with a soft brush or tissue to remove any loose dirt. Then stuff the shoes all the way to the toe with tissue or crushed newspaper. Place them where they may dry slowly at room temperature. Never put wet shoes near a radiator or in an oven.

When leather shoes are completely dry, polish them with a shoe paste. If the leather has become stiff or stained, use saddle soap before polishing. After patent leather shoes have dried, rub with petroleum jelly. Wipe away excess with a soft cloth. This should be a regular treatment for

patent leather shoes even if they haven't been soaked. Allow suede shoes to dry slowly. Then brush gently with a suede brush.

Wet weather is very hard on the lifts of shoes. Walking in the rain can quickly wear them down to the heel covering. Have them repaired after they have dried and before you wear them again.

Your handbag can also be ruined with rain or snow. It is wise to polish leather handbag with shoe polish before you use it. This helps prevent water spotting and staining.

If your bag has gotten very wet, dry the leather gently with a cloth and stuff the bag with paper and allow to dry. Re-polish again after drying. For suede, bags, allow to dry like suede shoes. However, do not let a suede bag touch your coat when wet. The excess dye will come off and may ruin your coat.

Fiberglas Curtains Easy To Make

Fiberglass window fabrics are not only time and labor savers in maintenance, but they are also easy to make into curtains and draperies. Miss Genia Thames, extension home furnishing specialist of Rutgers University, says fiberglass drapery fabrics are designed to

Follow Simple Sewing Rules for Napped Fabric

Successful garments can be made by the home sewer using napped fabrics—corduroy, velveteen, velvet, and some woolsens according to Carolyn Yuknus, Associate Home Agent. The most important thing to remember in working with a napped fabric is that all pattern pieces must run in one direction. If you forget, or try to conserve material by turning pattern pieces, you will disregard the one-way rule. When your garment will be ruined by having various shadings in different parts. To determine if a fabric has a nap, run your hand over the fabric. If it feels slightly rough, you are stroking against the nap. If it feels smooth, you are stroking with the nap.

If you hold the fabric against your hand the nap or smoothness is running toward the face, the fabric will appear darker in color. If you turn the fabric so the nap runs toward the feet, it will appear lighter in color. Except for color change there is no definite rule as to which way the nap should run, other than it all must go in the same direction.

Some believe that for corduroy, velveteen, and napped woolsens, it is good practice to have the nap running down. This may result in better wearing quality. However, if the nap on velvet runs up toward the face, the fabric will appear darker and richer.

In putting pattern pieces of napped fabric together, be certain of fit before final stitching and pressing. Once the seam or dart has been set, it is difficult to remove the stitching marks.

You may find it easier in the long run to baste seams and darts in napped fabrics, especially velvet. Unless the edges are securely held together, spillage will occur when the seam is stitched.

Pressing should be done with

be hung unhinged. However, if you prefer a lining, be sure to use fiberglas so the lining will not shrink. If another type of lining is used, it should be attached for easy removal at "washing" time.

Another treatment is a sheer, crisp fiberglas marquisette curtain for semi-privacy and to admit light, used with a heavy textured fiberglas fabric for privacy.

Here are tips from the manufacturer: Use a washable drapery heading in fiberglas curtains and draperies. When you sew fiberglas, use a good quality fine cotton mercerized thread and a sharp needle. The proper tension, length of stitch and degree of pressure of pressure foot are determined by the weave of your fiberglas fabric and your particular sewing machine. Experiment with a scrap of your fabric. Try a longer stitch, loosen the tension of both the bottom and top threads. Lighten the pressure of the pressure foot.

Needlecraft News

by Nancy Baxter

The entire matter of fashion is one of looking ahead. When we buy or make a dress or suit, we immediately plan what we can wear with it—what we already have in the wardrobe and what is needed new. Color is all important and the wise woman is the one who maintains a long-range plan for the colors and accessories.

The chemise and tunic styles are good examples. The simple sheath dresses have been popular for some time now, and are still in great demand. The simple, basic dress (remember when it was "the little black dress?") is marvelous because we can dress it up or down with jewelry and various accessories. A knowledge of knitting and crocheting comes in handy here, as you can make small items such as collars, belts, and jackets.

THE CAVALIER JACKET

The short, dashing hat-wing jacket shown here will be a smart complement to the simply-styled dress. Knit it in the bulky, wonderful high-speed yarn that practically flies through your fingers. The jacket is simple to make and takes very little knitting time. The interesting pattern stitch gives a bulky, raised texture to this jacket. Directions are given in sizes 12-14-16. If you would like the instructions for THE CAVALIER JACKET, simply send a stamped, self-addressed envelope to the Needlework Department of this paper, requesting Leaflet No. C-356.

WIN \$10.00

With Your Favorite Recipe

Each week, beginning with next week's issue, this newspaper will pay \$10.00 for the best recipe submitted. Send as many of your favorite recipes as often as you wish—you may be the lucky recipient of our \$10.00 prize! Entries should be mailed to this paper at the address listed in right-hand corner above.

Lunch No. 2
Tomato soup; ham & cheese sandwich or cream cheese & jelly

Butterscotch And Chocolate Mixes Make Double-sized Cake

This whopping double-sized and doubly delicious cake for a big party, a church supper or other gathering, is made from two packages of cake mix. One package of a new instant butterscotch cake mix and one package of instant devil's food mix—good flavor blends—are combined in a marbled effect. Bake this cake in a greased and floured 10-inch tube pan and glaze the top with chocolate. It makes about 24 servings.

Butterscotch Marble Cake
1 package instant butterscotch cake mix
2 eggs, unbeaten
1 cup water
1 package instant devil's food mix
2 eggs, unbeaten
1 cup plus 2 tablespoons water

Chocolate Glaze
Empty butterscotch cake mix into bowl. Add 2 eggs and 1 cup water. Beat 3 minutes until smooth and creamy. In another bowl, mix the devil's food mix in the same way, using remaining eggs and water. Spoon batters alternately into a greased and floured 10-inch tube pan. With a spatula cut through the batter in a zigzag fashion to give marbled effect. Bake in moderate oven (350° F.) 60 to 65 minutes. Allow cake to cool in pan 15 minutes; then turn out on rack to finish cooling.
Prepare Chocolate Glaze. Pour over cake and spread evenly. If additional glaze is desired on sides of cake, recipe for glaze may be doubled.
*Chocolate Glaze. Melt 1 tablespoon butter with 1 square unsweetened chocolate. Combine in small bowl: 1/2 cup sifted confectioners' sugar, 1-1/2 tablespoons hot milk, and dash of salt. Blend in chocolate mixture gradually.

Creamy Corn Chowder

A creamy corn chowder gets a winter's meal off to a cheerful start. As a matter of fact, it's hearty enough for the main course if you make plenty for seconds and serve it with biscuits and a crisp green salad.

Using pantry shelf staples such as evaporated milk and canned corn, you can make this excellent chowder at a moment's notice any day this winter. The evaporated milk, creamy, economical and full of good nutrition, simplifies the recipe and gives the chowder extra body. Serve the chowder steaming hot in individual bowls or bring it to the table in the traditional tureen.

Corn and Bacon Chowder

6 slices bacon, diced
1/2 cup chopped celery
1 cup chopped onion
1 tablespoon flour
1/2 teaspoon celery salt
1/4 teaspoon salt
1 1/2 cup water
1 can (1 3/4 cups) evaporated milk
1 can (1 pound) cream-style corn

Cook bacon, celery and onion in large saucpan until bacon is crisp. Blend in flour, celery salt and salt. Add water, mixing until smooth; then add evaporated milk and corn. Mix until well blended; heat to serving temperature.

YIELD: 6 servings.

Needlecraft News by Nancy Baxter

In addition to the reasons of economy and enjoyment, American women make their own clothes because they desire perfect-fitting garments. By making their clothes to measure from the very first sketch, these smart needleworkers are assured of receiving compliments with every appearance, for the key to figure flattery is proper construction, not cost.

MEASURING UP

Keen attention to measurement is especially important in hand-crocheted and hand-knitted garments. Drapes and gathers, in other fabrics, can sometimes conceal a faulty fit, but smoothness is the outstanding feature of crochets and knits. The elasticity of these handmade fabrics should help to mould the figure rather than bind or hang upon it. Make the tape measure your first piece of needlework equipment and size up yourself before you finger a crocheted hook or pair of knitting needles. To determine your personal-pattern size, take your measurements accurately:

The chest is measured above the bust, around the body and under the arms. A bust measurement is taken by circling the tape around the body and over the fullest part of the bust. You may need to add stitches at the bustline of your garment if your bust measures three to four inches larger than your chest.

The size of a waist is determined by measuring around the natural waistline. Once you have arrived at your correct pattern size and start to crochet or knit, keep strictly to the gauge as indicated in the needlework directions, and you can be sure of proper-fitting apparel every time.

CROCHETED-SWEATER-BLOUSE

The popular sweater blouse is a smooth-fitting, figure-flattering accessory that complements a suit or adds importance to a simple skirt. This trim style is made of lightweight crocheted wool in a pretty cross-stitch pattern. One-inch bands of grosgrain ribbon are stitched down the front of the bodice and around the neck. Ribbon loops add a feminine flourish around the neckband. The complete crocheting directions in sizes 12, 14, 16 and 18 are available to you. To obtain a copy, simply send a stamped, self-addressed envelope to the Needlework Department of this paper with your request for Leaflet No. C-323.

Decorator's Notebook by Alicia Joyce

Line and Tone Variations in Wood

Hardwoods, traditional with fine furniture down through the centuries because of their pure strength and stability. Top and beauty, have also proven their versatility in the creation of contemporary styling—perhaps more so than in their material. Illustrative is the dining suite of genuine walnut shown here, which combines a number of different woodworking techniques to provide the design and function required for beauty, durability, etc. The table stretchers are sculptured (or carved) to achieve the modern "free form" shape, whereas the table legs are lathed turned for gracefulness and resistance to kick marks. The chair backs are steam bent for maximum body contour comfort. The chair arms are shaped to present a comfortable surface to bare arms. Even the tambour doors are fashioned from shaped solid wood parts.

of bonded hardwood plywood, which assures the ultimate in strength and stability. Top and sides utilize the natural beauty of plain sliced walnut, and the figured walnut drawer fronts achieve a rich and most pleasant accent note.

The physical properties that make hardwoods suitable for so many uses, include workability, hardness, density, porosity, elasticity, flexibility and bending strength, resonance, shock-resistance, very favorable strength-weight ratios, stiffness, ability to hold finishes and polishes, insulating properties, stability, vibration resistance, and durability.

In addition to the well established great beauty of hardwood surfaces, which defy successful imitation, this versatility is also a large factor in the preference for genuine hardwoods by the discriminating person.

All flat surfaces, of course, are

Sharing Toys

"I'm so worried about Jackie," says a concerned mother. "He won't share his toys and is always fighting about them."
Parents are always concerned about children's sharing of toys, but the real key is the child's age. It's the natural, normal thing for a two-year-old to resent sharing his things. He not only wants his own but other children's, too.
When the young child plays with

other children, there are always scraps about the toys. For a few minutes all may be serene, with Tommie's playing with a truck, Jackie's playing with a train. Then the train becomes less interesting. Jackie decides he wants the truck and with the unhibited approach of childhood, he grabs it. This makes the truck a much more interesting toy to Tommie, so he won't let go of it. The battle is soon over, but will begin again shortly as soon as both youngsters want the same toy.
Parents frequently expect children to share before the youngsters are old enough. Forcing a two-year-old to share his toys doesn't teach him anything except that the whole world is against him.
By three, the youngster is not really willing to share his things, but can accept sharing when it becomes a game. It's much better to let the youngsters settle their own battles so long as there is no real physical harm.

Study Shows Children Need Good Breakfasts

Food diaries of children nine to 12 years old in southern Ohio point out the inadequacy of their breakfasts, reports Irene H. Wolgamot of Rutgers Extension Service.
Made by the Ohio Experiment Station on children in city, village and rural schools, the study reiterates findings of other studies made in various parts of the country. Informal reports indicate that such a survey made in New Jersey would show similar results.
Only 20 of the 341 children surveyed had breakfasts that rated good by modern nutrition standards. Breakfast should include a fourth to a third of the day's food needs. Studies show that children do not make up during the remainder of the day for a breakfast that fails to provide its share of nutrients.
A good breakfast includes fruit, milk, bread, cereal and egg or meat. A lighter breakfast might include bread or cereal instead of both, or it might omit egg or meat.
A skipped or skimmed breakfast shows up when the child gets to school, Mrs. Wolgamot says.

Everybody's Favorite

Breathes there a man, with soul so bred, who never to his wife hath said: "I Want A Lemon Pie Like Mom Used To Make!"
Action is the best reply... action quietly engaged in. But when you bake him a pie, make it the modern way with packaged lemon pudding and pie filling mix. Then its texture will be smooth, its flavor rich and tangy. And you'll be sure of it, because, like the modern automobile, which he favors over the horse-n'-buggy, its formula and production are standardized by science to give the best possible results.
Simply follow the package directions, adding sugar, water and egg yolks, saving the egg whites for the meringue. An added hint—spread the meringue to the edge of the pie, all 'round, to prevent shrinkage. "I'm Glad You Like My Lemon Pie!" will be your demure response when he passes his plate for a third serving.

Lemon Meringue Pie
1 package lemon pudding and pie filling mix 2 cups water
2 egg yolks
1/2 cup sugar 1 baked 8 or 9-inch pie shell
2 egg whites 4 tablespoons sugar
Combine pie filling mix, 1/4 cup sugar and 1/4 cup of the water in saucepan. Add egg yolks and blend well. Then add remaining 1/4 cups water. Cook and stir until mixture comes to a full boil and is thickened—about 5 minutes. Remove from heat. Cool only about 5 minutes, stirring once or twice. Pour into pie shell.
Beat egg whites until foamy throughout. Add 4 tablespoons sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until meringue will stand in peaks. Spread over pie filling. Bake in hot oven (425°F.) 5 to 10 minutes, or until meringue is delicately browned.

Teachers can pick out the boys and girls in their classes who have had good breakfasts. They are alert and wide awake, while the breakfast-skippers are tired and inattentive.
Poor breakfast habits are often carried over into adult life and may prove to be a real handicap to successful living. Mrs. Wolgamot advises parents to give their children a good start in life by helping them to form the habit of starting a good day with a good breakfast.
The average jack rabbit can keep up a top speed of 35 or 40 miles an hour for considerable distances.
First mention of raisins was in the Bible, where in 1 Samuel 30:12, the passage says: "And they gave him a piece of a cake of figs and two clusters of raisins and when he had eaten, his spirit came again to him."
The bayonet received its name from the fact that steel blades were first manufactured at Bayonne in France.

Cadillac

One Temptation You Shouldn't Resist!

By now, you've undoubtedly seen a new 1958 Cadillac as it glided gracefully down the avenue... or admired it as it waited majestically at the curbside.
And perhaps it has occurred to you that you should visit your Cadillac dealer and take the wheel for yourself—to see if this new "car of cars" is as wonderful to drive as it is to behold.
Well, that's one temptation you certainly shouldn't resist. For it will be an experience that will transcend even your fondest expectations.
Out on the highway, the car is so velvet-smooth and responsive that it's a pleasure just to hold the wheel.
In traffic, it is incredibly nimble and quick and agile.

Just the slightest driving gesture translates every desire into instant and obedient action.
And through every mile, there are the sustained pleasures that derive only from Cadillac... the luxury of Fleetwood coachcrafting... the feeling of security that comes with Cadillac's marvelous safety and dependability... and the pride-quickenning knowledge that you are master of the Standard of the World!
Sound wonderful? Well, as we said—if you've been tempted, you should delay no longer.
The car is waiting for you now—and your dealer will be happy to give you details on all the new Cadillac models, including the Eldorado Brougham.

Molded Salad Freezes Well

Who doesn't enjoy molded gelatin salads? asks Mary W. Armstrong, Home Aids, the variety possible is endless. Best of all, they can be made ahead to have on hand.

Jellied salads take to short-time freezer life, as well as to refrigerator storage. You can make your choice when the occasion arises, between tomato aspic or molded chicken, turkey, veal, ham or tuna fish. All these have been given extensive tests in the food technology laboratory of the New Jersey Agricultural Experiment Station.

In order to get the most satisfactory results in the freezer, you need to adapt your recipe a little. Use about one-fourth less liquid than usual. This means using 1 1/2 cups of water in a recipe calling for 2 cups.

Of course, if there is no need to freeze you jellied salad, almost anything goes for good eating in this department. Any type of fruit or vegetable salad takes on more pleasing form when set in quivery gelatine. Mandarin orange sections and cabbage in lemon gelatine give pleasant flavor and texture contrast.

MOLDED CHICKEN SALAD
(Suitable for freezing)
1 Tablespoon unflavored gelatine (one envelope)
1/4 cup cold water
1 can condensed mushroom soup, heated
2 cups diced chicken
1 cup diced celery
2 chopped pimientos
1/2 cup salad dressing (Knot-mayoanale)
Soak gelatine in cold water. Add mushroom soup. Stir to dissolve gelatine. Add chicken, celery, pimientos and salad dressing. Mix together and pour into a mold. Chill till firm in the refrigerator before wrapping and freezing. Store in your freezer no longer than two weeks. Before using the salad, thaw it overnight in the refrigerator.

Cling Peaches-Cottage Cheese
with "suit yourself" toppings

"Recipes You Will Remember"

A handy recipe booklet listing Canada's favorite foods with expert instructions how to prepare these dishes has been compiled by Canadian National Railways from popular special food recipes used by chefs in Canadian National dining cars and hotels.

The recipes range from succulent codfish tongues as prepared in Newfoundland, through steaming, soup-frozen old Quebec, to sizzling cowboy steak from the wide-open spaces of the West and British Columbia's "Coho Salmon Diplomat."

Copies of the "Recipes You Will Remember" booklet may be obtained free by writing the Public Relations Office, Canadian National at 630 Fifth Avenue, New York.
