

VOL. 28th YEAR - NO. 21
SPRINGFIELD, MO. THURSDAY, MARCH 4, 1958
OFFICIAL NEWSPAPER
PUBLISHED BY THE SPRINGFIELD SUN CO.
10¢ A COPY \$1.50 A YEAR

THIS WEEK

We're always happy to visit with people who come to the Springfield Sun office — and it is especially pleasant to chat with those loyal and dedicated ladies (bless 'em!) who pound out the publicity for their favorite organizations and causes.

We look forward to their weekly visits and we appreciate every typewritten word, every hand-written message — so long as we can decipher the spelling of names in the article.

Their devotion to the worthwhile causes they happen to be espousing at the moment is always the subject of some stimulating conversation and we're always intrigued to hear these fine ladies (bless 'em!) give ten very excellent reasons why the article should be on Page One.

Two members of a local organization — doing a very interesting job and doing it well — engaged the editor in a discussion on whether or not a weekly newspaper should or should not devote more space to national and international problems. Should a home paper like the Springfield Sun devote any editorial space to such subjects as reciprocal trade or "summit" meetings, etc.?

Frankly — we wish we could step into such a wide area with some editorial comment. It would make the job easier. But, a weekly newspaper is limited in its news and editorial coverage because we cannot attempt to compete with the dailies.

The subject of "the newspaper in the smaller community" has been the topic of articles in recent issues of the Publishers' Auxiliary, a trade publication for newspapers. The consensus of opinion appears to be that weekly and small town newspapers should confine themselves to local subjects.

Writing editorials or launching a crusade will give the editor of a city newspaper none of the anguish or grief he may find in doing the very same task on a small newspaper. The survey disclosed that the editor of a community newspaper must exercise eternal vigilance, particularly in his editorial comments, that he does not unwittingly besmirch the reputation of a fellow citizen.

The principal difference between writing editorials for a metropolitan daily newspaper and the smallest country weekly is simply that the subjects of the weekly newspaper editorials may, and in many cases are, personal friends of the editor.

The editor of a large newspaper may write to his heart's content, in the full knowledge that it is highly unlikely he ever will meet personally the subject of his editorial.

The editor of a community newspaper knows that he likely will encounter the subject of an editorial five minutes after his paper hits the street. This, we believe, has a tendency to make the small-town newspaperman realize his full responsibility for every word he publishes.

SOLVING SUNDAY CLOSING

The subject of Sunday selling has become a "political hot potato" and Springfield finds itself in the direct line of fire of the boiling over controversy because of the many retail establishments in Route 22 doing business on that day.

We're living in a streamlined and Sputnik age, and it will take a lot of talking to convince people that it is "permissible to sell a dry Martini or a shot of Scotch on Sunday but not a pair of shoes or pound of nails."

The Newark Evening News published an editorial last week which spotlights the dilemma confronting our lawmakers in Trenton. The editorial said that "four Sunday closing bills have been introduced in the Assembly. They reveal a conflict of opinion which has led to a call for a public hearing on March 12. Clarification of existing law has been demanded by the State League of Municipalities and suggested by the State Supreme Court.

The Legislature confronts a thorny issue. On both sides of the question are arrayed religious conviction and economic considerations. Advocates of Sunday restrictions differ on what activities should be permitted. Many others are against having any Sunday regulations at all, insisting that Sabbath observance is a religious matter that should be left to the individual conscience.

Contemporary judicial opinion does not rest solely on moral grounds. It was stated in one recent decision that the physical, intellectual and moral welfare of mankind requires a periodic day of rest from labor, and as some particular day must be fixed, the one most naturally selected is that which is regarded as sacred by the greatest number of citizens.

This point, too, is disputed by those who believe that legal enforcement of a day of rest is no longer necessary when the five-day week is general, the 40-hour week is statutory and unions make sure nobody is overworked.

A general shutdown is demanded by those supporting the traditional concept of Sunday as a holy day and by town merchants who want to eliminate the competition of the new highway shopping centers. Allied with them are employees who don't want to work on Sundays, and householders whose peace and privacy have been disturbed by adjacent mercantile activities and their attendant highway congestion.

On the other side are religious groups which observe a Sabbath, but not on Sunday, the highway merchants and the farmers operating produce stands, who say the public has a right to shop when and where it pleases. Agreeing with them are many householders who find it convenient to combine a Sunday automobile ride and family shopping.

The Legislature's difficulties begin when it tries to distinguish between permissible and non-permissible activities. This is illustrated in the pending bills, which offer little deference to logic. Selling farm produce on Sunday is moral, but the sale of furniture isn't. Food and gasoline would be available, but not clothing and auto appliances. A delicatessen can operate without sin, but not a shoe store.

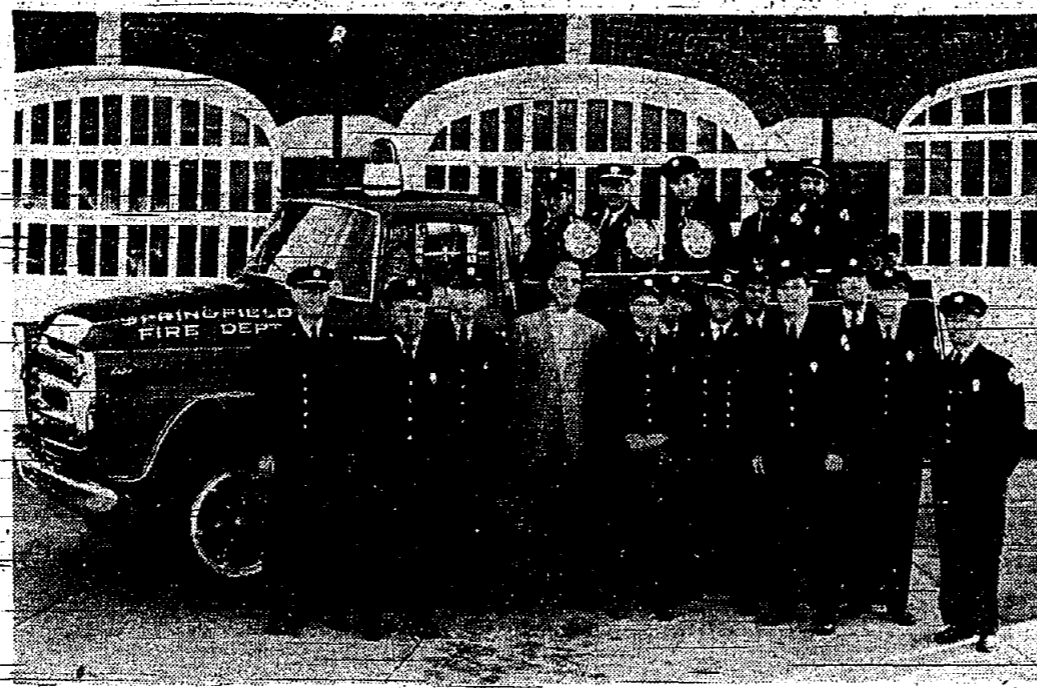

These are some of the dilemmas that confront the Legislature. The forthcoming hearing should be instructive, but no one really expects it to produce a solution that will satisfy everyone.

Reservist Wins PFC Promotion

Frederick C. Glasier, Jr. 803-B Mountain Avenue, Springfield, has been promoted from Private First Class to Specialist Third Class in the 303rd Civil Affairs and Military Government Group. This was announced today by Col. Loren B. Thompson, commanding officer of the Group.

Over \$200,000 Taxes Paid in February

February may be the shortest month in time, but it certainly wasn't short in cash delivered to town hall. Tax collector Charles H. Huff reports that he took in a cool \$208,249.46 last month in taxes. This is \$18,000 more than the same month last year. All along the line 1958 taxes are running ahead of 1957 collections.

NEW ADDITION — Men of the Fire Department proudly pose in front of new rescue truck donated to the department through the efforts of the Volunteer firemen's drive. In the picture are back row — L. to R. — John Branning; Capt. Warren Ruban; Harry Astley; Frank Buck; Capt. John D'Andrea. Front row — Fire Chief Ormond Mesker; Robert Marino; Edwin Erskine; Mayor Albert G. Binder; Howard Monroe; Al Neldermaier; Deputy Chief Robert Dali; Edward Furer; Henry Cubberly; Frank E. Harlow; Alwyn Schramm and Jacob Kretz. (George Van Photo)

Fire Rescue Truck Given To Township

A brand new piece of equipment was added to the apparatus of the Springfield Fire Department last Saturday morning, when a rescue truck was presented to the Township by the Volunteer Firemen. The presentation was made at the Municipal Building by Robert T. Marino, President of the Springfield Volunteer Fire Department, Robert Briggs, Chairman of the Rescue Truck Committee and Edwin M. Erskine, Vice Chairman.

The gift was accepted for the Township of Springfield. (Continued on Page 4)

Deadline Near For 3rd Amateur Show

Entries are coming in rapidly for the Third Annual Amateur Contest to be held April 10, 11 and 12 in the Jonathan Dayton Regional High School.

An unusually large number of applications already have been received from Springfield residents, reports Norman Banner, general chairman of the contest committee.

"So far, our applicants range from a 14-piece band to a girl ventriloquist," Mr. Banner says. "This year's show will feature many more novelty acts and we are quite pleased with the response from talent in this area."

The Amateur Show, which is sponsored by the Springfield Methodist Men's Club, is open to all amateurs of any age. First prize is a \$100 Savings Bond, second prize is a \$50 Bond, and third prize is a \$25 Bond. All finalists also will receive \$5 in silver.

"The deadline for all entries is March 8th," Mr. Banner reminds contestants. "All applications will be acknowledged in writing."

Collect \$1,600 in Red Cross Drive

The Springfield Red Cross Drive netted about \$1,600 in door-to-door solicitation over the first weekend, according to chairman Harold C. Oakman.

He reports that only a part of this army of volunteers covered the town last weekend to launch the month-long drive. The quota for Springfield is \$5,517.

Oakman also told the Sun that he has received word from the National Red Cross that 67.32 per cent of all money collected in Springfield will be retained by the Springfield Chapter for township services.

Oakman was non-committal on the success of the drive so far. A memo to the SUN stated:

"Please note that the reports are by no means complete, as some districts have only had some of their workers call and have not completed their canvass. Other districts have not started to function because of prior commitments, etc."

"What I am trying to say is that the results are not conclusive of success in the campaign as the percentage of homes etc. canvassed is not accurately known. "We are neither optimistic nor pessimistic of the results today, but are hopeful that all Springfield will support the Red Cross as the campaign continues this month."

Highway Looms As Hearings Start Nearby

Township officials haven't yet received notice from the State Highway Department that a hearing has been scheduled to discuss the proposed realignment of Route 22 through Springfield but definite word is expected very shortly.

Announcement was made this week that March 19 has been set for a public hearing on the 17 mile stretch of the new highway from Bedminster to Berkeley Heights. Local officials are of the opinion that the next public hearing with the State Highway Department will include Springfield since the March 19 meeting includes Somerset and the western part of Union County.

The survey being made by the McCroskey engineering firm to recommend any route that would have the least impact on railroads in Springfield is expected to be in the hands of the Township officials very shortly.

Notices were sent out to county officials and governing bodies in the five municipalities in Somerset and to Berkeley Heights in Union County — communities through which the proposed alignment runs are Bedminster, Bridge water, Bernards, Warren and Watchung.

The hearing, which will be conducted by a state highway engineer, Otto H. Fritzsche, is scheduled for March 19. (Continued on Page 14)

Turn Down Regal For Gas Station

Springfield is "carrying out" its campaign against more gas stations when the Board of Adjustment rejected an application for a permit by the Regal Oil Company at its last regular meeting.

Argument over the application of the Regal Oil Co. for a special exemption-use permit for a gas station at Route 22 and Dundar Rd. took about three hours.

The company also sought variances in the zoning ordinance which were necessary because of the proposed location of the building, placement of an entrance and situation of pumps.

Howard F. Casselman of 57 Park Lane represented the oil company. Property owners of Dundar Rd. objected to odors which they declared would emanate from the station.

Arthur Marshall, plumbing inspector and sanitarian, testified no sanitary sewer is available for the station. (Continued on Page 4)

Democrats United On Lucy-Flammer Ticket

The Springfield Democratic organization announced today its candidates for the coming election. Daniel M. Lucy and Howard A. Flammer were announced as the party choices to run in the April primary and against Frederick A. Handville and Isaac Friedman, the Republican aspirants, in the general election in November.

Township Committeeman Vincent J. Bonadies today announced his full support of the candidacies of Daniel M. Lucy and Howard A. Flammer in the Democratic Primary election here for governing body posts. Bonadies declared the outstanding ability and community service records of both candidates will give Springfield voters the opportunity next November to obtain local government that places service to the people above politics.

Organizational leaders and a screening committee under the Democratic City chairman, Bonadies reported, unanimously asked Lucy and Flammer to head the municipal ticket after considering 11 possible candidates. Outstanding ability and administrative qualifications were prime requisites, Bonadies said, with tenure in party organization completely secondary.

Lucy, active both as a political independent and Democrat, and Flammer, a former Republican, represent a coalition ticket whose (Continued on Page 14)

Springfield To Have New Post Office Bldg.

Springfield is to have a new post office within the next year or eighteen months.

No one in authority will confirm this report but both Springfield's postmaster, Abel V. DelVecchio, and Anthony A. Vertelis, the government's regional real estate officer in this area, admitted that "the matter is being considered and some definite news may be available in a week or two."

There are several reasons why the report of a new post office in Springfield comes at this time. First, the local postal business has grown so much that larger facilities are necessary for the regular functions.

Another reason is that according to the most recent maps showing the proposed route of the new highway, the relocated Route 22 is expected to come right through the present post office.

And the third is that President Eisenhower's proposal that two billion dollars be spent on the replacement and modernization of the nation's post office buildings which fits right in the local program.

Mr. Vertelis, in a telephone conversation this morning, said that "Springfield's building needs had not been 'jacketed' yet but we expect to have something in a week or two." He also stated that the department was still considering a sub-station to serve the postal needs for industry and retail establishments in the Route 22 area. The real estate officers are already working on space requirements for the local post office.

The lease on the present post office building still has about a year and three months to run on the present 10 year lease. The post office department is expected (Continued on Page 4)

Lack Of Heart For Heart Fund Shown Locally

Springfield usually one of the top communities in meeting campaign quotas has fallen far behind in the current Heart Fund Drive. The latest report from the county shows that ONLY \$88 has been received from the Township. In 1957 the total collected here was \$2047.47.

Bertrand Abbazia, Chairman of the Union County Heart Fund Drive for 1958 today issued the first report of funds collected to date and advised all volunteers to extend their efforts for the next two weeks in order to attempt to stimulate further interest in donations. The goal for the Chapter for the year is \$69,200 and to date only \$25,603.26 has been reported.

Berkeley Heights and Rahway are the only two municipalities that have reached their goals, with Union and Plainfield reaching (Continued on Page 14)

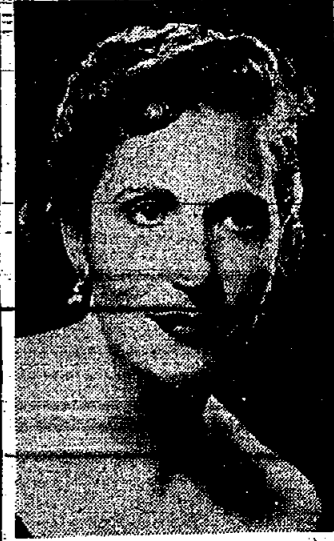

Lorrie Lewis Is Named To Head 1958 Cancer Crusade

Mrs. Philip Lewis was appointed chairman of the 1958 Springfield cancer crusade today by Walter H. Hildebrandt, county crusade leader for the American Cancer Society.

"Mrs. Lewis has been of service to the residents of Springfield in many ways in past years," said Mr. Hildebrandt in announcing the appointment. "She has been active in cancer society work for three years during which time she has served as crusade chairman and as Springfield representative on the Union County chapter board of managers."

Springfield residents will recognize Mrs. Lewis as the social editor of the Springfield Sun. She has been president of the Springfield P. T. A. and is a member of the executive board of Raymond Chisholm P. T. A. The American Red Cross has benefited from her work in Springfield as has the Overlook Hospital Building Fund.

"No one who has been as close to the work of the American Cancer Society in Union County as I have," said Mrs. Lewis in accepting the appointment, "could underestimate the tremendous effort which lies ahead of us. We are engaged in what my husband would probably call a 'crash program' designed to see through the many research projects on the causes and cures of cancer. We were unable to sponsor as many research projects as we wished to last year because of lack of funds. When you pause to think that every hour of research brings us closer to the day when we and our families can be free of this (Continued on Page 14)

 Adjournment.

THOSE WISHING TO SEE THE OFFICIAL MINUTES IN FULL OR IF THERE ARE ANY QUESTIONS, ARE INVITED TO CONTACT MRS. ELEONORE H. WORTHINGTON, TOWNSHIP CLERK, AT DREXEL 6-5800.

LETTERS

Dear Sir:
 I am interested in starting a "Teen Night" for the teenagers of Regional High School. Since Kenilworth, Berkeley Heights, and Mountainside have dances for their teenagers, I do not think it is fair for the teenagers of Springfield, since we sometimes can not get to their "nights." Of course these dances and get-togethers would be held at reasonable hours, I myself cannot go to any dances outside of town, and I am sure there are many more in the same class as I am in.
 I know you are interested in the things that we do, and that we

should not get into any trouble. I am almost positive that if we could have a "Teen Club" it will solve the problem of "kids" hanging out on the streets at night.
 As I said before, we will need the support from our school counselors, the people of Springfield, and most of all our parents. I would appreciate it very much if you would advise me on the next thing to do. Of course the money problem would be solved, because the money we would need for a band would come from the kids themselves for entering the dance. Later on we could issue tickets at half price for the ones that come steadily. Expecting to hear from you.
 Sincerely yours,
 Corinne Davis

Editor Sun:
 May I through your columns, express my sincere appreciation to the Springfield First Aid Squad for transporting me to the Overlook Hospital on February 15th? I was in great pain, and they handled me with extreme gentleness and care, and I am very grateful to them.
 Very sincerely yours,
 Mrs. Wilbur D. Schuster

Family Welcomed Here
 Mr. and Mrs. Sanford Gelwarg and their son Peter, three years old, have moved to 41 Hemlock Terrace, Springfield, from East Orange. Mr. Gelwarg is a C.P.A., whose office is in Newark.

Polewka and Baumer Break Shoplifting Ring Here

Two Springfield patrolmen put an end to what they described as a day-long shoplifting spree by five Newark women Tuesday when they arrested four of them on Route 22.

Police officers Robert Polewka and Edward Baumer found a hunch paid off in watching the girls get out of their car at Broadway Shops and split up to enter the store by two doors. When the women came right out and started to pull away in a large black Cadillac, Polewka and Baumer asked them for their license and registration. They discovered the back seat and trunk of the car were filled with what turned out to be \$728.88 worth of merchandise from stores in Springfield and Plainfield.

While questioning the women, three of them broke away and began running down Route 22. Polewka and Baumer were able to corral two of them and hold the other two while sending for help. The fifth woman escaped.

The four arraigned before Magistrate Henry C. McMillen Wednesday morning are Elaine Marsette, 20, Vera Montgomery, 21; Marie Jones, 22; and Joanne Archie, 23. Police said Miss Jones was free on bail on a previous Springfield charge of shoplifting at Saks Fifth Avenue.

The judge set 5,000 bail on the quartet and set hearings for Friday morning.

Among the \$800 worth of items discovered on the back seat and in the trunk of the car were cans of frog legs and chicken, an electric fry pan, many pairs of shoes—some valued at \$85 a pair—jewelry, men's and ladies' blouses, leather jackets, linens, ardis and nightgowns.

Under questioning, police said, the girls admitted they went to Plainfield at 3:30 p.m., yesterday where they began systematic looting of shops. They visited L. Bamberger & Co., H. L. Green Co., Janet Shops Outlet Store, Lynn Fashions, Inc., and Tepper's Dept. Store, police said, then came to Springfield where they visited the Oavega Discount Center and the Gem Shoe Store, before entering the Broadway shop.

Loren Gardiner On Savings Committee

Loren E. Gardiner, president of the Crestmont Savings and Loan Association of Maplewood, has been appointed to the 1958 Committee on Accounting, Standardization and Techniques of the United States Savings and Loan League.

The appointment was announced today by Joseph Holzka, Staten Island, New York, president of the League, which is the nationwide trade organization of the savings and loan business and represents more than 4,000 savings associations and co-operative banks.

The Accounting Committee's long-range program covers the following broad fields: (1) Coordination of standard chart of accounts among all associations; and (2) coordination of standard reporting forms to management among all associations.

Celebrates 40 Years' Service With Bell Tel.

Mrs. Marguerite J. Wilson
 of 34A Troy Drive recently celebrated her 40th service anniversary with the Bell Telephone System. Supervisor of a technical editing group at Bell Telephone Laboratories in Murray Hill, Mrs. Wilson began her telephone career with Western Electric Company in 1918.

When the engineering department of Western Electric was incorporated as Bell Laboratories in 1925, Mrs. Wilson transferred to the new organization. Until 1931 she worked with the technical information files at the Laboratories' location in New York City.

From 1931 to 1953 she was a supervisor of the technical information files at Murray Hill. The editing group which she now heads was organized in 1953 and is concerned with editing technical material.

Mrs. Wilson is a member of the Society of Technical Writers and Editors and of the Telephone Pioneers of America, an organization of Bell System employees with 21 or more years of telephone service. She served as vice-president of the local Pioneers chapter in 1955-57.

Marsh Attends Meeting
 Julius A. Marsh, 104 Remer Avenue, attended the dinner meeting of the Newark Chapter, National Association of Accountants, at the Hotel Suburban, East Orange last Thursday.

The chapter was addressed by Mr. Duane E. Watts, Price Waterhouse and Company, New York on the effective use of Electronic Data Processing Equipment in Science, Government and Industry.

2d Man Moves Here
 Mr. and Mrs. Abe Schwartz and their two daughters, Barbara, 5, and Joanne, 2 years old, have moved into their new home at 22 Hemlock Terrace, coming here from Roselle Park. Mr. Schwartz has his own advertising agency in Newark, under the name of Shabe Advertising.

Ideas On New Town Gov't To Be Aired Mon.

The Springfield Township Charter Study Commission released today the agenda for its previously announced public hearing to be held on Monday evening, March 10 at 8:15 p.m. at the Walton School. The Commission stated:

The Springfield Charter Study Commission is required to determine the answer to this question: Can the form of government of Springfield Township be improved by a new charter or improvements in the present charter? In conducting public hearings, the Commission is seeking the benefit of the widest possible expression of the views of the citizens of the township before arriving at its own conclusions and recommendations.

The Commission invites all those who wish to be heard at the hearing on March 10 to give their names to the Chairman, Fred Wes Compton, 33 Severna Avenue, (Drexel 6-1973), Robert T. Southward, 194 Bryant Avenue, (Drexel 4-4869), in advance of the hearing. Those who do so will be heard first, although anyone wishing to be heard will be given an opportunity, time permitting. As a guide to the matter upon which the Commission must decide, the Commission has listed the following questions for discussion by those who may speak at the public hearing:

- (1) Should the Township governing body be elected as candidates of the political parties or should they run for office without party labels? (That is, the question of partisan versus non-partisan elections.)
- (2) Should the election of Township officials take place in November, at the same time as state and national elections, or should there be a separate municipal election in the spring?
- (3) Should the voters elect such Township officers as the clerk, tax collector, assessor, or should these officers be appointed by the governing body?

ordinances and adopt the budget and other policies, as now, or should there be a separate chief executive with power to supervise all township departments?
 (6) Should the mayor, have a power over ordinances, or responsibility for supervising all township departments or both of these powers?
 (7) Should the township government have a full-time paid executive similar to the office of superintendent of schools in the school district?
 (8) Should the township government be so organized as to make the best use of part time officers and employees or should it try to use fewer people on a full time basis?
 (9) From the viewpoint of the citizen and taxpayer, does the township need a single chief executive in charge of the daily operations of the township government who would be available at Township Hall during the regular business day?
 (10) Who should be responsible for the original preparation of the township budget for consideration by the township governing body?
 (a) Each committeeman for his own department?
 (b) A member of the township committee, for the whole committee; or
 (c) A chief executive officer of some kind?
 (11) In what specific ways could the township government be strengthened or its operation made more economical, at its officials made more clearly responsive or accountable to the people?
 (12) Is any specific form of local government to be preferred over the present township committee form?

Joan E. Donovan Is Married At St. Rose of Lima Church

Mrs. Peter D. Jennings

St. Rose of Lima Church, Short Hills, was the setting March 1st for the marriage of Miss Joan E. Donovan, daughter of Mr. and Mrs. J. J. Donovan of 44 Baltusrol way, Springfield, to Peter D. Jennings, son of Mr. and Mrs. H. C. Jennings of 16 North 23rd street, Kenilworth. Rev. Edward Oehling performed the double ring ceremony. A reception followed at the Cranwood, in Garwood. Mrs. Donald Orlando was matron of honor, Judy Donovan the bride's sister was flower girl. Bridesmaids were Miss Johanna Puntigam and Mrs. Herbert Jennings. The bride groom's best man, Usher-ing were John Madura and Norman Merz.

The bride wore a tissue taffeta gown in blush pink fashioned with a modified sabrina neckline and a modified Chantilly lace motifs which were embroidered with sequins and seed pearls. The draped neckline was also adorned with lace motifs and the bouffant skirt flowed into a wide chapel train which was accented by a butterfly bustle. Her blush pink veil of imported French illusion was held in place by a Queens crown of rhinestones and pearls. She carried a cascade of white roses and stephanotis.

Corrie Lewis

Mr. and Mrs. Sam Filreis of 91 Evergreen Ave. became parents of a daughter, Liane, on February 4 at the Beth Israel Hospital, Newark. She weighed 8 lbs. 7oz. The Filreis also have a daughter, Nancy, age 4 years and a son, Allen, age 2 years.

Mrs. Filreis is the former Lois Gainsburg of Brooklyn, N. Y.

Ricky Zegar son of Mr. and Mrs. Jack Zegar of 31 Archbridge lane, celebrated his 11th birthday at a supper-party on February 28. His guests were Jay Weinger, Larry Forster, Donnie Lewis, Fred Sussman, Richard Freedman, Marvin Segal, Robert Chodos, Philip Sempeos, Carmine Petti, Kenny Max, Douglas Kappstatter and Jimmy Murphy all of Springfield; and Robert and David Knauer of Glen Rock, N. J.

It was birthday party-time too for Eileen Schramm, daughter of Mr. and Mrs. Herbert Schramm of 1 Remer avenue. Eileen was 10 years old on March 1. She was pleased to have as her guests her sister Karen, Carol Schnell, Linda Reisberg, Lynn Feuerstein, Peggy and Lucy Kirby, Betty Ann Owens, Vicki Keller, and Gretchen Purkhiser.

Terry Schwartz' classmates were glad to see her back at school after a knee injury suffered in a fall kept her home for a week. Terry is the daughter of Mr. and Mrs. David Schwartz of Berkeley road.

Mr. and Mrs. J. B. Halprin, formerly of Elizabeth, have moved into their new home at 95 Redwood road. They have a 17 year old daughter, Linda. Mr. Halprin is with the George S. May Co., N.Y.C.

The Neal Blumenthals have had lots of excitement in their household these past months. First they moved from Forest Hills, L.I. into their home at 98 Redwood road.

O.R.T. To Meet At Temple Next Thurs.

The Springfield Chapter of Women's American O.R.T. will meet on Thursday evening, March 13, 8:30 p.m., at Temple Beth Ahm, in Springfield. This meeting will culminate the O.R.T. DAY activities which have been taking place during the first two weeks of March. The film "Elihu's House", which tells of life in an O.R.T. school, will be shown. Mrs. David Hecht and Mrs. Irving Shatten will disclose the results of O.R.T. DAY, and the new members will be introduced. Results of the raffle will be made known by mesdames Kaston and Marech, who will also tell of the plans for the reward dinner and fashion show to be held on March 18 at the Military Park Hotel.

Mrs. Bernard Ottenstein will report on the sneak preview, which will be held on March 25. Mrs. Norman Lowenstein will report on the Dinner Dance to be held at the Far Hills Inn on March 30. Mrs. George Levine will announce the names of the members who have attained Honor Roll.

March Of Missions Theme Of Meeting

An invitation is extended to all women of the Church to attend a "March of Missions" meeting under the auspices of the Woman's Society of Christian Service at the Springfield Methodist Church, Tuesday, March 11, starting with dessert at 12:15 p.m.

The afternoon program, commencing at 1:15 p.m., will have as the guest speaker, Miss Constance Blackstock, born in India of missionary parents, and now returned to the United States after serving in the educational field for thirty-two years, the last eleven years in Pakistan. Miss Blackstock will display a collection of Indian dolls. Indian costumes will be modeled by members of Circle No. 1, who are sponsoring this program.

Union County in 1957," he said. "His (Lowden's) swivel-chair reign and inept, inactive leadership will be terminated March 15, according to his long overdue and timely resignation submitted following his disgraceful performance on Tuesday night."
Beardsley supporters claimed that proxy votes were accepted as valid without evidence that they were. They also maintained that had they known proxy voting would be permitted, they would have produced a sufficient number to win the post for Beardsley.

The outgoing elections board member asserted that during his service as county chairman and executive committee member, proxy voting was never permitted.
Beardsley's statement is as follows:
"As a former Republican county chairman and as municipal chairman in Springfield, I have always abided by majority rule. Believing sincerely in democracy, I would not feel otherwise.

"However, after hearing of the high-handed tactics used by Francis V. Lowden, the county chairman, in rigging the vote at the recent executive committee meeting, I cannot in all fairness let my supporters sit back and refrain from giving them the true facts of Mr. Lowden's maneuvers."
"Lowden, in addition to making the rules of procedure to his own liking, violated our constitution and bylaws. When requested from the floor to produce the constitution to support his ruling on proxy votes, he refused to do so and made up his own rules as the meeting progressed."
Beardsley then blasted what he termed as Lowden's "swivel-chair reign" and concluded by asserting: "From all reports—even the ballot-box was stuffed with more votes than there were voters."

Fire Rescue

(Continued from Page 1)

by Mayor Albert G. Binder and Fire Chief Ormond W. Mesker.
The truck is an International with a body especially designed and built to comply with the requirements of the Springfield Department and will be used for emergency rescue work in conjunction with the regular fire fighting apparatus.

It is provided with resuscitators, Scott Air Packs, all-purpose gas masks, first aid equipment and stretchers for use in giving aid to fire and crash victims. It also carries an electric generator, floodlights, electric saw and metal cutting shears, an acetylene torch, forcible entry tools and hydraulic jacks for the rescue of persons trapped in buildings or cars.

Money for the purchase of this truck was raised by the Volunteer Firemen through the solicitation of contributions and the proceeds of the Firemen's annual dance. Mr. Marino, speaking for the members of the Department, expressed their appreciation of the generous support given by the residents of Springfield. This is the third piece of equipment to be given to the Township by the Volunteer Firemen since the Department was organized.

Turn Down Real

(Continued from page 1)

the proposed service station and that installation of a septic system would be expensive.

Two applications for variances from the zoning ordinance were approved and three others denied by the Board of Adjustment in the Municipal Building.

Dr. Richard Rosenberg of a Dogwood Ter. was granted a variance for construction of a rear porch which is 1 1/2 feet nearer adjoining property than allowed under the ordinance. There were no objections.

Carlton Cook of 39 Diven St. received permission to erect a house with a setback of 20 feet from the street. Thirty feet is required by the zoning ordinance, but Mr. Cook requested other dwellings on the street are only 15 feet.

William Matyssek who sought permission to install a curing chamber for meat in his butcher shop at 265 Mountain Ave. was denied a variance. Residents within 200 feet of the shop opposed the variance, claiming smoke would create a nuisance.
The application of Ernest Topf for a variance to build a doughnut stand in Route 22 was denied.

Springfield To

(Continued from Page 1)
to invite the building of facilities needed by private capital which is then leased by the postal authorities for, at least, a 10-year term. The present post office is located

at 338 Morris Avenue. The requirements for a new building will be made public as soon as Postmaster Del Vecchio is informed that invitations for bids have been prepared. "But, right now," said Mr. DelVecchio, "we know absolutely nothing except that our lease is running out and Springfield needs more room for our growing business."

P.T.A. NEWS

Gandineer School
At a recent executive board meeting of the officers of the Florence M. Gandineer P.T.A. Mrs. Charles Miller was appointed chairman of the nominating committee. The following members will serve on her committee, Mrs. Philip Lewis, Mrs. George Lord, Mrs. G. M. Leudeke and Mrs. John Brownlie.

The members of the Florence M. Gandineer now members 266.
Regional High
The executive board of Jonathan Dayton Regional High School Parent-Teachers Association will meet at 8 p.m. on Wednesday evening, March 12 in room 229 of the school. Mrs. Horace J. Libby will preside.

Mrs. A. A. Manner, chairman of nominations, and her committee Mrs. Everett A. Fay, Berkeley Heights; Mrs. Harry Lake, Mountainside; Mrs. Harold Danielson, Kenilworth; Mr. W. J. Buckalew, Springfield; and Mrs. Arthur C. Stender, Faculty Representative, will present the slate of officers for next year.

Mrs. Libby is now preparing an achievement report to be submitted when completed to Mrs. Herman E. Wilde, Union county president and to Mrs. Anthony De Chellis, achievement chairman. This is a most important duty as the report is a detailed account of the accomplishments of Regional P.T.A. for this year.

All activity chairmen are requested to attend the meeting on Wednesday evening as reports on Safety, Health, High School Service, Parent and Family Life Education, and Student Aid are to be reviewed.

Walton School

'Operation Tonsils Out' Deemed Success By 5 Brennan Children

The phrase "cheaper by the dozen" may be aptly applied to the buying of groceries, but it is doubtful that Mr. and Mrs. John Brennan of 91 Brlar Hills Circle, got any reduced price when five of their six children went en masse to Babies Hospital, Newark to all have their tonsils removed.

However, from a health standpoint, all the children look fit and robust—and even Mrs. Brennan, with the burden of nursing five children back to health, seems to be bearing up under the strain very nicely.
The children, ranging in age from 2 1/2 years old to nine, were operated on last Thursday and the three of school age—John 9, Judy 8, and Mary Beth 6 1/2 are anxious to get back to St. James . . . no statement was available from Mr. Brennan, who works for the Thomas A. Edison organization in West Orange . . . or from the 11 months old baby.

Even the family dog, who was guarding the front door, had a slight squeak in his bark. Perhaps, he, too, is convalescing along with the children, although there have been no reports concerning his tonsils.

Teacher Association will be held at the Shackamaxon Country Club on Monday, March 17th, at 8:15 p.m. A large turnout of both ladies and gentlemen is expected. Mrs. Philip Goldhammer, chairman, promises gifts galore and a souvenir for everyone.

Tickets already ordered will be delivered on or about March 10th. Tickets may still be ordered by calling Mrs. David Hecht at DR. 6-2088 or Mrs. Goldhammer at DR. 6-0398. Individuals needing transportation or directions may call either of the above numbers.

Chisholm School
"The important thing to instill in our children is self-discipline", Dr. Nelson G. Hanawalt, chairman of the Department of Philosophy and Psychology at Douglass College, told about 100 members of the Raymond Chisholm School P.T.A. at the meeting March 3. He presented a broad view of how the foundations for self-discipline are laid during the child's first year of life and continue through adolescence. He emphasized the importance of parents making a child feel accepted, trusted, and

TONSILLITIS, GROUP PLAN—Five children of Mr. and Mrs. John Brennan of 91 Brlar Hills Circle, pose for the photographer before entering the hospital and having their tonsils removed. Shown are Mary Beth 6 1/2, John 9, Judy 8, in the front—Bernadette 4, and Kathleen 2 1/2.

loved in the home.
Dr. Hanawalt stressed the need of keeping lines of communication open between parent and child in early childhood. He pointed out that children ought not be punished when they offer their confidences or the children will stop coming to their parents with problems greater and more serious in adolescence.

Mrs. Adam LaSota, Founders Day chairman, introduced Mrs. Ben Paul Yuckman, past President of the Springfield P.T.A.s, who told of the founding of P.T.A. in 1897. She also explained how special funds collected on Founders Day are used to present leadership training programs and educational workshops.

Mrs. Niles Christensen announced that the election of officers for 1958-9 will be held at the meeting Monday, April 1. The following members will serve on the nominating committee: Mrs. Louis Cohen of Kew Drive, chairman; Mrs. Walter Baldwin of Henshaw Ave.; Mrs. Irvin Gershen of Norwood Rd.; Mrs. Edward Tackels of Meisel Ave.; and Miss Alice Rieg, teacher at Raymond Chisholm School. All members are asked to

make suggestions of prospective officers for the slate to any member of the nominating committee.
Mrs. Christensen also announced that Mrs. Arthur Buehrer will be chairman of the pre-school census which the Springfield Board of Education requested the Chisholm and Walton P.T.A.s to make. Mrs. Buehrer needs many workers and asks volunteers to kindly telephone her.
Mrs. Robert Shaw had an attractive display with Easter bunny motif of candy for sale. Orders will be filled next week.

Jean McMurray Is Pledged At School

Jean McMurray has recently been pledged to Phi Mu Fraternity for women at Bucknell University, Lewisburg, Pennsylvania.
Jean, the daughter of Mr. and Mrs. J. R. McMurray of 19 Alvin Terrace, Springfield, is enrolled in the B.S. in Music Education program at Bucknell University.
Jean McMurray will participate in the traditional Founders' Day service on March 4th, the date upon which Phi Mu was founded as the Philomathean Society at Wesleyan College, Macon, Georgia, in 1852. At this 106th birthday dinner will be held to which the alumnae in the area have been invited.

MRS. SAMUEL KAY

Favorite Recipe Contest

Winner of our Favorite Recipe Contest this week is Mrs. Samuel Kay of 2562 Audrey Ter., Union. Mrs. Kay, a native of Newark, has lived in Union for six years. She is the mother of two boys and one girl. Her shrimp recipe can be used as the main dish for a meatless meal or it can be served with a simple salad as a light Sunday night supper.

SHRIMP A LA CANTONESE
Cook one pound of shrimp in slightly salted water until they

turn pink. Shell and remove black back vein. Set aside. Sauté in two tablespoons vegetable shortening until light brown: One medium onion Two medium green peppers Add 1/4 teaspoon each: Salt, pepper, garlic powder and paprika Add: 2 cans undiluted cream of chicken soup Shrimp Cover and simmer 15 minutes. Serve with boiled rice and crisp

TRAVEL WEAR... The happy traveler takes along spring's newest luggage fashion, washable pastel tapestry bound in black leather. Her dress has permanently-pleated skirt, in fabric treated to resist spots, wrinkles. Pique collar, cuffs detach for washing. Her friend chooses three piece costume with reversible jacket lined to match the blouse, a suede and smooth leather handbag that converts to a shoulder bag, and good-looking new luggage shaped to take the hard knocks of travel...

Chinese noodles. Be sure to send us your favorite recipe at the address in the upper right-hand corner of this page. A \$10 check may be waiting here for you.

Wash-Wear Togs Win Men's Favor

Wash-wear clothing, one of the most important developments in men's summer wear of the past 25 years, will naturally interest many men. The interesting thing

is that through the appeal of the remarkable performance factor of washwear garments, many men will be making a much more presentable appearance. Newest of the wash-wears are suits that will actually press themselves when washed in the proper type of washer-dryer. In addition to the blends of natural and man-made fibers that are tailored into washwear garments, there are new finishes that make pure cottons perform the same way.

What Does Food Cost You? Don't Let It Cost You Extra Weight

How do you acquire extra weight? By the intake of more calories than you use in energy. Why do you consume more calories than you need? Probably because you have fallen into poor eating habits. In spite of the wealth of food available to us, Americans are not the best fed people in the world. There is a theory that your appetite will automatically direct you to eat what your body needs, but there is much evidence that appetite alone is not a reliable guide. It is too easily led astray by misinformation, and an unruly appetite can cause the habit of eating too much or too little to maintain normal balance between energy supply and demand. If you are overweight, do not attempt to diet without first consulting your physician. There may be factors involved that only he can properly diagnose.

Do not turn to food faddists or quacks. It probably took you years to put on that extra weight; it won't be safe to lose it too fast. Normally, body weight continues to increase during the late teens and through the twenties. There is no reason, however, why you should weigh more at forty than you did at thirty.

One type of "extra-weight" food to be guarded against is the food that is high in calories but low in nutrients. Americans consume enough sugar, candy and sweetened soft drinks to give them an average of 400 "extra-weight" calories a day. According to Ruth Leverton, an authority on the subject, to use up 500 calories, you would have to walk upstairs for half an hour, or downstairs for an hour and a half, or swim, run or play a fast game of tennis for one hour!

If you are beginning to think ten or fifteen pounds overweight is not worth the trouble of a diet, consider the death penalty overweight carries. Ruth M. Leverton points out that for every 100 deaths among men of normal weight, there are 122 among those who are five to 15 percent overweight; 144 among those who are 15 to 25 percent overweight; and 174 among those who are 25 percent or more overweight. Even if your weight is only going up about a pound a year, you can figure for yourself how quickly you will get into the danger zone.

Losing weight is a very slow process because the body exchanges fat for water when we begin to eat fewer calories than we need. This water weighs as much as the fat did, so body weight does not change. This can be very discouraging but remember the water is not there to stay. Continue to say "no" to that extra piece of cake or to that cocktail before dinner. Alcohol carries 200 calories per ounce, not counting the fruit or other ingredients used in cocktail tails. In two or three weeks, the body will begin to discard the excess water and then your weight may go down quite fast for a few days. It takes patience and will-power to stay on a diet during the period when the weight does not

Cast your vote for one of these lovely young girls in a really different kind of beauty contest—one in which everybody wears glasses.

And as you decide which gets your vote, you'll realize that the right glasses can actually enhance charm in women of any age. All it takes is a few pleasant minutes with the imaginative, experienced eyewear stylists at Towne Opticians.

Your vote will help to decide which of these lovely young girls wins something she very much wants, the title of "Girl-About-Towne" for March. And with it, she gets a complete wardrobe of fashion eye wear. Just mail the coupon to this newspaper or get the official ballot at our salon.

after 3 months: cloth girdle sags, reveals figure faults even 6 months later: your Playtex girdle retains its original hold-in power—stays like new

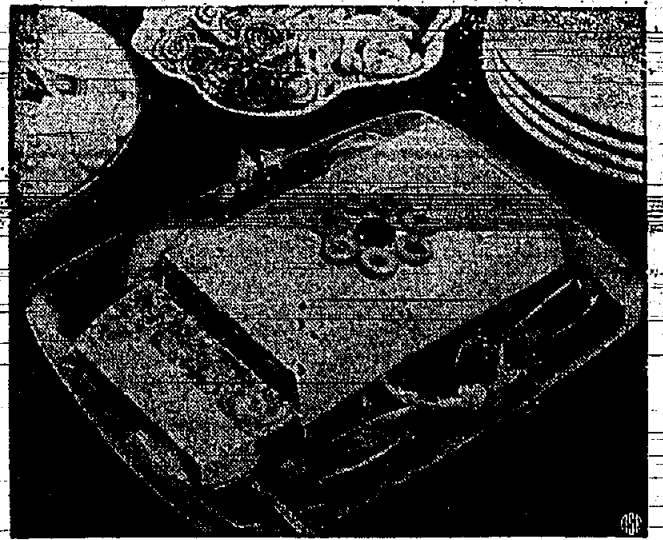

What Does Food Cost You?

(Continued on Page 2)
 go down and may even rise a pound or so, but a month of perseverance will show results. A common-sense diet will provide about 1200 calories a day for women and 1700 for men, or approximately 500 calories a day less than actually needed.
 Underweight can be a serious problem, too. It occurs when not enough calories are supplied to meet the energy used. Body tissue must then be used to supply the missing calories. It takes 3,500 calories in excess of the body's calorie need to make one pound of fat, according to Ruth M. Leverton. Gaining weight is as slow a process as losing it. You can eat 500 calories a day more than you need for a week or more and not gain an ounce. Water is again the answer: the body replaces the water with stored fat and it takes two or three weeks before you can gain a head start. Calories provide energy and energy is an absolute necessity but it is not all we need. We need materials for the

body's growth and repair and upkeep. Food can supply small servings and work up to normal amounts of the important foods, citrus fruit or tomato juice, enriched bread or cereal, egg or meat or cheese and milk. You will be surprised at how much better you will feel during the entire day.
 Buying the food you and your family need means investing in good nutrition and pays dividends in health and happiness. A small amount of money spent wisely can buy better nutrition than a large amount spent carelessly. A good help in planning your shopping list for better nutrition is the National Food Guide and Basic Seven Chart developed by the Bureau of Human Nutrition and Home Economics. It is available free on request from the U.S. Department of Agriculture, Washington, D.C.
SHORTEN SKIRTS
 Without fanfare, skirts have been made slightly shorter. Just below the knee lengths appear in the spring collections of some designers.
 Harem skirts enter the day time picture this season. One designer breaks the slim line with a gently-bloused skirt, held in check by a wide band at the hem.

Avocado and Tuna Lenten Salad

The two layers of this avocado and tuna gelatin are made separately and can be served separately. However, for a Lenten main dish salad combine the fish and salad courses in one layered loaf.
 Tuna, fish, celery and pimiento are combined for the bottom layer of the loaf. Unflavored gelatin does the molding trick. Avocado, sour cream and mayonnaise are featured with unflavored gelatin for a creamy smooth top layer.

- Molded Avocado and Tuna Loaf**
- Tuna Layer:**
 1 envelope unflavored gelatin
 1/2 cup cold water
 1/4 cup boiling water
 3 tablespoons lemon juice
 1 teaspoon salt
 1 can (7 ounces) tuna fish, flaked
 1 cup diced celery
 1/2 cup diced pimiento
- Sprinkle gelatin on cold water to soften. Add boiling water and stir until gelatin is dissolved. Add lemon juice and salt. Chill until mixture is the consistency of unbeaten egg white. Fold in flaked tuna fish, celery and pimiento. Turn into a 9 x 5 x 8-inch loaf pan; chill until almost firm.
- Avocado Layer:**
 1 envelope unflavored gelatin
 1/2 cup cold water
 1 teaspoon sugar
 2 tablespoons lemon juice
 1 cup mashed avocado (1 large)
 1/2 cup sour cream
 1/2 cup mayonnaise
 1 teaspoon salt
 1/2 teaspoon Tabasco
- Sprinkle gelatin on cold water to soften. Place over boiling water and stir until gelatin is dissolved. Add sugar and 1 tablespoon of the lemon juice. Chill until mixture is the consistency of unbeaten egg white. Immediately after mashing avocado, add remaining tablespoon lemon juice, sour cream, mayonnaise, salt and Tabasco. Fold in gelatin mixture. Turn on top of almost firm tuna layer; chill until firm. Unmold; if desired, garnish with additional avocado slices, ripe and stuffed olives. YIELD: 8 servings.

All This And Heavenly, Too

Only recently doctors and nutritionists have discovered the special value vegetable oil has in helping to keep the blood cholesterol level in balance. Housewives have long known its value—in terms of convenience and good results—in all phases of cooking, frying, baking, for use in salad dressings.

So now the smart housewife just makes sure that she does everyday—for the family's well being—what she's been doing right along to please their palates. Using corn oil in cooking, frying, baking, and salad dressings, is certainly the easy, pleasant way to make sure that the family gets the vegetable oil it needs. Here's a recipe that puts all-time favorite family tastes into a nourishing one-dish dinner—and that uses corn oil as a natural component. Easy to make, delicious, we predict it will be a week-in-week-out standby!

Heavenly Hamburger Casserole

1 8-ounce package of noodles or macaroni
 1/4 cup Mazola corn oil
 1 medium onion, chopped
 1 pound ground beef
 1/4 pound sharp cheddar cheese, grated
 1 can (10-1/2-ounce) condensed tomato soup
 1 cup water
 1 teaspoon salt
 1/8 teaspoon pepper
 minced parsley, to garnish

Cook the noodles or macaroni in rapidly boiling salted water according to package directions; drain. Heat corn oil in heavy skillet over medium heat about 2 minutes. Add onion and ground beef. Cook, stirring occasionally, until lightly browned. Place the noodles or macaroni in bottom of individual casseroles, a baking dish (7-1/2 x 11-1/2 x 2 inches), or a 2-quart casserole. Spread the cheese over the noodles or macaroni. Top with the browned meat. Combine the tomato soup, water and seasonings; pour over meat. Garnish with the crumbs and minced parsley. Bake in a moderate oven (350°F.) 35 to 40 minutes. Makes 8 generous servings.

A rusting capstan and weathered timbers are all that remains of the mystery ship *Carroll A. Deering*, which ran aground on North Carolina's Outer Banks in 1921 with all sails set and no one aboard. Food was cooking in the galley. No trace of the crew has ever been found.

Minnesota's legislature in 1893 selected the wild lady slipper or moccasin flower as the state flower. Some years later it was discovered that this type of flower does not grow in Minnesota. So in 1902 the state flower was changed to the pink-and-white lady slipper.

Cottage Cheese Pinwheel Rolls

An aroma reminiscent of bread baking in the old-fashioned kitchen fills your home when you bake cottage cheese pinwheel rolls.

These rolls are unusually light and tender. And versatile cottage cheese is the all-important ingredient that makes them so. A buttery filling, sweetened with brown sugar and made crunchy with chopped nuts, adds that extraordinary flavor.

COTTAGE CHEESE PINWHEEL ROLLS
1 1/2 dozen rolls
375° preheated oven 20-25 minutes

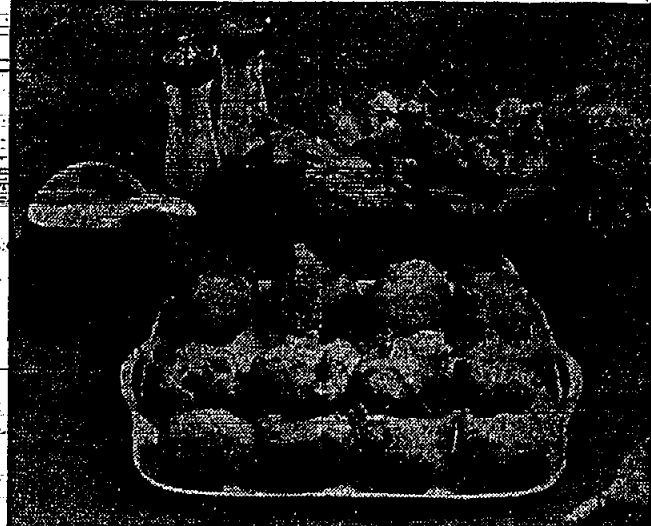

1 cake compressed yeast (1/2 oz.)
1/2 cup lukewarm water
2 1/2 cups sifted flour
1/2 cup sugar
1 teaspoon salt
1/2 cup butter
1 12-oz. carton cream style cottage cheese
1 egg, beaten

FILLING:
3 tablespoons melted butter
1/2 cup firmly packed brown sugar
1/2 cup sugar
1/2 teaspoon vanilla
1/2 teaspoon almond extract
1/2 cup chopped nuts

Dissolve yeast in warm water. Sift flour, sugar, and salt together into a mixing bowl. Cut in butter until the mixture resembles fine meal. Add cottage cheese, egg, and dissolved yeast and mix well. (If necessary add more flour to make a dough that can be handled.) Roll out on a lightly floured board to a 14 inch square. Combine all of the ingredients and spread on the dough. Roll up like a jelly roll and cut into 16 slices. Place on a greased baking sheet and rise for 1 1/4 hours or until doubled in bulk. Bake in a 375° preheated oven for 20-25 minutes.

Salmon Lenten Treat Crispy, Non-Greasy Fritters

Golden-brown, crisp-on-the-outside, tender-on-the-inside fritters, how we love delicious fried foods! Their delicate flavor and tempting appearance add something special to any meal and crispy Salmon Fritters are perfect for Lent.

When recent Lever consumer surveys revealed that women considered non-greasy fried foods the most important benefit a shortening could offer, the company made several frying studies to assure homemakers the best possible frying results. Tests proved that all types of foods fried in New Spray were crispy, tender and non-greasy. This is due to inherent qualities in the product—pure, all-vegetable oils, with no animal fat to smelt greasy—no coloring agent to look greasy—no heavy ingredients to taste greasy.

Foods should not only taste delicious but they should be attractive. When fried in New Spray they not only taste good but look good—and make the cook look good, too!

Here is a new Lenten recipe just developed in the Lever Test Kitchen.

Salmon Fritters
1 cup sifted all-purpose flour
1-1/2 teaspoons baking powder
1-1/2 teaspoons salt
1/8 teaspoon pepper
1/4 cup corn meal
3/4 cup milk
1 egg, beaten
1 can salmon, drained
1 tablespoon lemon juice

Sift first 5 ingredients into mixing bowl. Add milk and egg and beat until smooth. Remove skin and bones from salmon and flake with fork. Sprinkle with lemon juice. Fold into batter. Fry tablespoonful of mixture, a few at a time, in deep hot spray (375°F.) until golden brown (3-4 min.). Drain on absorbent paper. Serve with asparagus sauce made by blending 1 can condensed cream of asparagus soup with 1/3 cup milk and beating thoroughly. Makes about 16 fritters.

Color Important Decorating Tool

Color, lighting and furniture groupings are inseparable in designing interiors. Miss Gena Thames, extension home furnishing specialist of Rutgers University, says skillful handling of these elements can create pleasant surroundings without extravagance.

Before selecting colors, take stock of the room and its furnishings, she advises. Consider the size and shape of the room. Is it small? Out-of-proportion? It can be made to seem larger and of better proportion with judicious use of color. Are there many openings? Are ceilings too low or too high? Is the room sunny and light or shaded and in need of warmth?

Who is to use the room and what is it to be used for? Do you want a restful or stimulating effect? Consider all these things before selecting wall colors, Miss Thames says. Then you might select other colors by using the color wheel or perhaps let a rug, printed fabric, painting or other cherished possession guide you in your choice.

The effect of a room is usually most satisfying if muted or neutral colors are used for large areas, such as walls, and brighter colors used on small areas. A piece of painted furniture, a foliage plant or a wall

hanging can do much to lend sparkle to a room. And if you wish to be a bit daring, try a bright color on the ceiling, provided the ceiling is high enough. Use something light, something dark, bright and dull and study the colors you think you want in artificial light as well as in daylight before you make the final choice.

No-Iron Fabrics Growing Trend

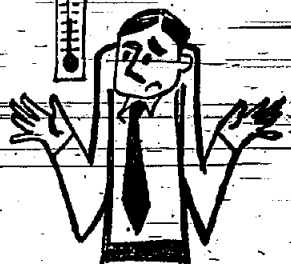

Wash and wear fabrics take first place in children's wear for spring '58, as new cottons that require little or no ironing compete for popularity with nylons and other synthetics.

Children's coats and suits show a trend to hopsacking and basketweaves, suede cloths, flannels and tweeds. Wool and cotton blends are favored, too.

Engineer Finds Thermostat Holds Fuel Saving Key

A wintertime dilemma for many homeowners is: Shall we leave the thermostat alone at bedtime or set it back?

Set it back, says Canadian engineer Barney Kellam, of Toronto, if the house is well-insulated. Three years of tests in his own home showed Kellam that a regular night set-back of

the thermostat, plus thick insulation, enabled him to heat his house for about 50 percent less than neighbors who live in similar homes with minimum or no insulation.

Kellam found that by moving the thermostat back from its normal daytime level of 72 degrees to 66 at bedtime, results were:

Fuel saving of about 33 percent when outside temperature was no lower than 30 degrees.

Saving of 15 percent with mercury outside at 10 to 20 degrees.

No saving at zero or colder.

Kellam's house is a 1 1/2-story brick veneer on frame with full basement. Ceilings and walls are insulated with thick blankets of mineral wool. The furnace is oil-fired, forced warm air.

His mineral wool insulation, Kellam says, accounts for about 50 percent of the fuel savings, since it helps maintain the daytime temperature longer after the thermostat is set back. The set-back itself, he reports, accounts for the balance of 10 percent in the 66 percent savings over his neighbors' fuel bills.

Truss Roof Lowers Cost Of Building

Families planning to build a new home may find they can get more house for the money by asking neighbors what or saving with a "truss roof" instead of conventional roof construction.

A truss roof is erected on a bridge-building principal in which angled supports put the entire weight of the roof on exterior walls. No load bearing partitions are needed.

Truss roof construction saves money in two important ways:

1. They usually are framed with 2 x 4s instead of more costly 2 x 6 and 2 x 8 rafters.
2. With trusses, partition walls don't have to be put in until much of the interior work is completed. An overall floor, for example, can be laid without tedious cutting and fitting around partitions. Wallboard or other drywall finish can be installed all around the interior perimeter at a savings in labor costs. Wiring and plumbing also go faster.

A further advantage is that a truss roof always is a pitched roof. This means an attic space which can be ventilated for more summer comfort, plus an area usable for light storage. Asphalt shingles also can be applied on a pitched roof, giving the home-owner the advantage of a roof in his choice of colors, or in heat-reflecting white.

Although truss roofs are most commonly used on one-story houses whose attics are not designed for living space, there is a special type of truss roof construction which allows for an expansion attic.

CHIFFON FAVORED
Silk chiffon is a favorite for spring—scarves, in bold plaids, stripes and geometric patterns.

Be sure you get the BEST...always ask for

FISCHER'S

enriched BUTTERCUP

See that your children get enough nutritious extra enriched Buttercup Bread with meals, as sandwiches or as an after school snack. And try Fischer's Buttercup yourself and you'll see why more and more families are enjoying the healthful benefits of this delicious bread.

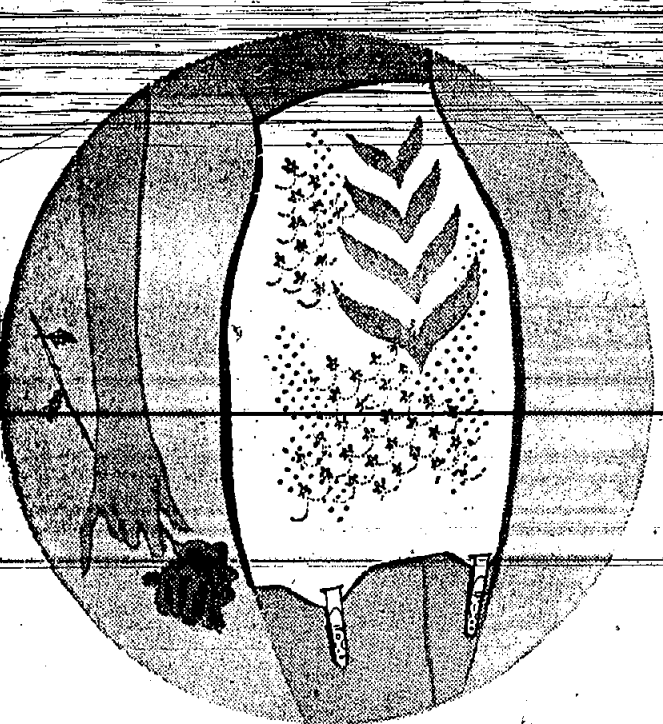

If you had a million dollars you couldn't buy better bread!

THURSDAY Casserole meat and vegetables with gravy, applesauce.	FRIDAY Pizza pies, cole slaw, fruit. Hillside HILLSIDE AVE. MONDAY Fruit juice, frankfurter on roll. Suppose everyone were exactly alike - everyone else. Too often we place too little emphasis on the individuality and too much on conformity. Differences are interesting and should be appreciated. Frequently we decide that something is wrong, bad or inferior just because it is different. There is no reason why something different must be either better or worse than something else. People are different. They have different appearances, attitudes, values and goals. These are the things that make a person an individual with his own personality. A different appearance may mean that one person is believed to be more attractive than another, but don't forget that beauty is in the eye of the beholder. All of us have different values. Much conflict is due to the belief that "my values are right, yours wrong." When we do this we are setting up our own personal beliefs as broad standards for judgment. Too frequently we say that "purple is a horror" when what we actually mean is that we don't like it. Personal preference doesn't necessarily make purple either wonderful or horrible. Let's appreciate differences and understand that they make the world a much more interesting place. Differences make people individuals and interesting. These differences are a part of our strength as persons. Encourage them rather than try to make everyone fit a pattern.

Everyone Alike? Horrors, No!!

alike: What a dull world it would be, says Phyllis Page Bradshaw, Rutgers' Specialist in Human Relations. Even though this is obvious, we still try to mold people into patterns so they will be like everyone else. Too often we place too little emphasis on the individuality and too much on conformity.
Differences are interesting and should be appreciated. Frequently we decide that something is wrong, bad or inferior just because it is different. There is no reason why something different must be either better or worse than something else.
People are different. They have different appearances, attitudes, values and goals. These are the things that make a person an individual with his own personality. A different appearance may mean that one person is believed to be more attractive than another, but don't forget that beauty is in the eye of the beholder.
All of us have different values. Much conflict is due to the belief that "my values are right, yours wrong." When we do this we are setting up our own personal beliefs as broad standards for judgment. Too frequently we say that "purple is a horror" when what we actually mean is that we don't like it. Personal preference doesn't necessarily make purple either wonderful or horrible.
Let's appreciate differences and understand that they make the world a much more interesting place. Differences make people individuals and interesting. These differences are a part of our strength as persons. Encourage them rather than try to make everyone fit a pattern.

DRESSING UP

Very new-looking for dress wear are sheaths veiled by overchemises of sheer chiffon.
HATS ARE COPY-CATS
Hats that match the dress or costume in fabric and color are a popular spring trend.
BUTTON, BUTTON
Big buttons widely spaced, are liked on coats.
Dotted nylon tulle lends itself beautifully to a medieval inspired bridal gown with floating back panels.

PLAID COAT of British tweed makes news in costume effect. The inlaid front closing is trimmed with silver buttons. Sleeves are cuffed at glove-top length.

SPRING DUO... relaxed look appears in chiffon flannel costume of sheath dress and semi-fitted, self-belted jacket.
