

New Map Has Township Drawn & Quartered By Yet Another Highway

Three ominous notes were received from Trenton this week on highway construction in Springfield.

One is a new system of numbers to identify the interstate highways.

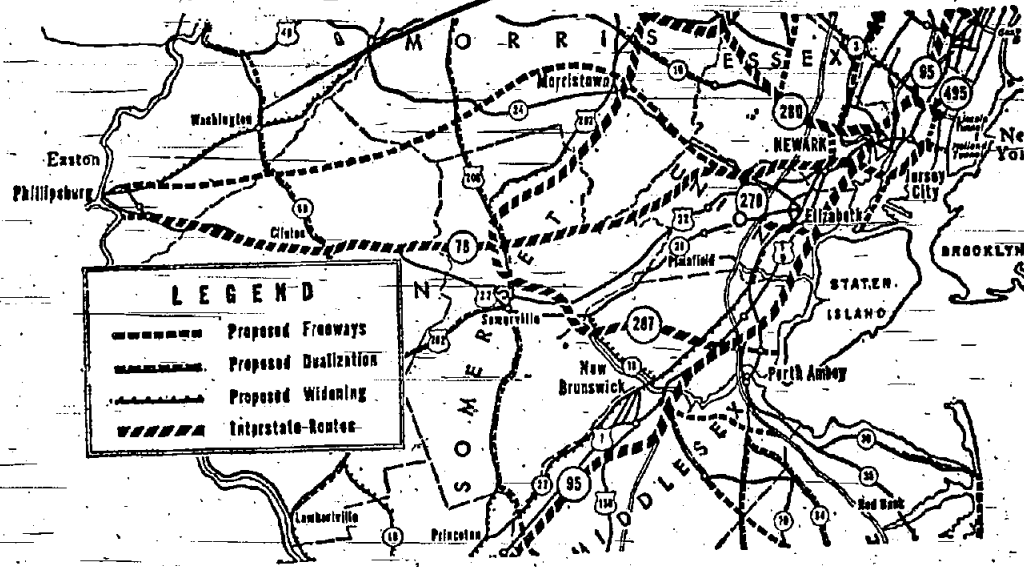

Another is a map showing the spur route connecting at Springfield for the Goethals Bridge. Apparently it is definitely not "a dead issue" as reported from Trenton during the excitement of the highway hearing here.

The third is a map showing a proposed freeway from Springfield to Morristown, then out to Phillipsburg. This free-interstate highway in Springfield connects with the major field, and could possibly chop the town into quarters.

On the first item the American Association of State Highway Officials has recommended and the Federal Bureau of Public Roads has approved a permanent numbering system for the interstate highways. Henceforth, F.A.I. 102 will be known across the nation as U.S. Route 78. The spur, F.A.I. 107 is to be U.S. Route 278. The Essex County East-West Freeway will be U.S. Route 280.

Another item is a freeway shown on what the N.J. State Highway Department calls "a revised copy of our master plan map." This shows a highway connecting with Route 78 in Springfield, presumably at the interchange by the Post Office, and running parallel or on top of Morris Avenue to Morristown. This freeway has long been rumored, but this is the first time it has appeared on an official state map.

Incidentally, this development adds fuel to the small minority who felt that local officials should have argued more strongly for the "compromise alternate route" that would have crossed (Continued on Page 8)

MASTER PLAN — This is the general layout of highways in the Springfield area as drawn by the State Highway Department on a map revised on Sept. 16, 1958. Note that three highways join at Springfield. Route 78 is the new permanent designation for Interstate Route 102 and Route 278 is the number for the Spur Route 107 to the Goethals Bridge. This Spur has been pooh-poohed by State officials in the recent past, but apparently is still on the drawing boards. The freeway from Springfield to Morristown

may have important repercussions in Springfield. Assuming the State prevails in putting Route 78 across Morris Avenue at the Post Office in Springfield, then the map shows the freeway joining that route south of Morris Avenue, say near the Woodcrest Circle area. The freeway would then run parallel to Morris Avenue towards Morristown finally crossing the Morris Turnpike at the bridge just before going into Chatham.

Swenson Backs Town Plan For Shunpike Sewer

Township Engineer Alfred H. Swenson has reaffirmed his belief that the Shunpike road-storm-sewer appropriation that comes up for final hearing at Wednesday's town meeting is "an essential improvement for the town."

Swenson says that from both an engineering and contractual standpoint the ordinance has his approval. The \$130,000 project has been attacked by some local Democrats who claim (1) that the sewer would only be necessary if Jeffere Estates builds their planned 58 homes in the area, and (2) because of this Jeffere should pay more than the contracted \$20,000 toward the construction of the sewer.

Swenson said yesterday that he feels neither is a valid argument.

Reservist Back From Ft. Devens

Army Reserve Specialist Four Walter H. Kraft, son of Mr. and Mrs. Hans C. Kraft, 79 Washington ave., Springfield, completed two weeks of annual active duty training Sept. 7 at Fort Devens, Mass.

Specialist Kraft is a member of the 303d Civil Affairs and Military Government Group of Kearny, N. J. Kraft is a 1937 graduate of D. Regional High School and employed by Keyes, Martin & Company.

Charter Group Offers Article On "E" Support

The Springfield Organization for Charter Study today offered the first of a series of articles in support of the Charter Commission's recommendation that Plan E, Council-Manager form of government be adopted by the Township of Springfield. The articles will discuss the recommendations of the Commission, and some of the questions that have arisen.

Primarily, it must be remembered that the Charter Commission consisted of five responsible, intelligent and civic-minded people who were to conduct a study of our government and available alternatives. Their report reflects sincere effectiveness, based on substantial analysis of our current system and available alternatives. Every citizen should procure and at least read—if not actually study—a copy of the Commission's report. Without indulging in anything like specific fault-finding, which might give rise to personal aspersions, our Charter Study-Commissioners have pointed out in their report, the defects in our present system which violate the basic precepts (Continued on Page 3)

Lucy-Flammer Slam Opp'ents On Charter

Township Committee candidates Howard A. Flammer and Daniel A. Lucy declared today that the men seeking the November 4th election to the governing body here have no right to politically exploit the charter question which should stand on its own merits free of pressure and persuasion groups.

"Political influencing and pressure groups can only lead to wrecking all chances for the people of Springfield to weigh the charter question on its own merits," Flammer and Lucy said. "The voting booth itself," Flammer and Lucy pointed out, "has isolated the charter question from the candidates for office."

"The qualifications of the men seeking public office stands by itself as an extremely vital question and the people of Springfield as well as all other communities are well aware from long years of experience that no matter what their form of government, it can be no better than the men who are in office," Flammer and Lucy stated.

"That is why we have already placed before the people of Springfield our qualifications to hold public office, together with the principles we are fighting for and the grave situations that exist and which have been brought about by men in office who have ruled too long for political interests first and the people second, Flammer and Lucy declared.

Regarding the outcome of November's election, Flammer and Lucy stated, our voices will not be stilled nor will we be sidetracked from our all-out fight to bring an end in Springfield to the worst in Springfield on County that has our tax costs on a never-ending climb; the reckless sparring that contributes to this soaring tax costs; the mess brought about by the governing body in rushing to reassess property owners here; the traffic system of men in governing body in rushing to public opinion in the face of the people.

Two Months Residence Is Needed To Vote

Every citizen of the United States, of the age of 21 years who shall have been a resident of this State six months and of the county in which he claims his vote sixty days next before the election, shall be entitled to vote for all officers that now are or hereafter may be elective by the people and upon all question which may be submitted to a vote of the people. The Municipal Building will be open for voter's registration on the following schedule, according to Township Clerk Eleonor H. Worthington: 9 a.m. - 9 p.m. - Sept. 15, 16, 17, 18, 19, 22, 23, 24, 25. 9 a.m. - 11 noon - Saturday, Sept. 20.

GOP Candidates Split With Party Leaders On Plan E

Mayor Hits Art & Ike; Belts Charter Group

Springfield's outspoken Mayor Albert G. Binder left no doubt this week where he stood on the question of changing the present township committee form of government. He is against it.

Last Friday he laced into the candidates of his own political party because of their announcement in support of a change to the council-manager plan of government. He told The Newark News that

Republicans Handville and Freedman are "opportunists who think they have more to gain politically from supporting the council-manager form."

Yesterday he attacked the Charter Study Commission for making statements that he calls "superficial, misleading, and often inconsistent with the facts."

Mayor Binder says that the fact-gathering study of the Commission was "cursory and incomplete." He accuses the citizens' committee of "dreaming of Utopia" when they say the manager would not be subject to political pressure.

Following is the 2nd of three articles written by the Mayor on this subject:

"I have presented briefly the benefits of our present Township Committee form of government, and furthermore I am convinced the Council-Manager form of government, under the Faulkner Act, offers no overall benefits to our municipality. All the optional plans under this act place great power in a single individual. I further believe that the combined thinking of five men is more likely to produce the correct result than the thinking of one man.

"The principal characteristic of the Council-Manager plan is a Municipal Manager, an appointive official, with vast power. Under this plan the manager is the chief executive and administrative officer and he alone appoints practically all department heads and subordinates. All these officials and subordinates are responsible to the manager alone, and the manager, in effect, runs the municipality. The Council (the elected representatives of the citizens) are effectively stripped of most of the powers, which in my opinion, should be lodged in a governing body for a municipality like Springfield. If you stop to read the fine print in the Act you will find that the Councilmen are expressly forbidden to have any direct contact with department heads and employees and must deal with them solely through the Municipal Manager. Such division

Republican candidates Art Handville and Ike Freedman reiterated their position today in favor of the Council-Manager form of government for Springfield.

In a prepared statement for the Press both Freedman and Handville praised the "sincere and dedicated" Republican leadership which has provided Springfield with a "decade of progress" stating further that the increase of population required increase of governmental functions possible only by the adoption of Council-Manager form of government to insure the progress already made and to bring greater coordination and executive authority to the town government.

"I feel it is appropriate for me to comment on the Charter Commission Report inasmuch as they, or their consultant, has seen fit to make public statements that are superficial, misleading, and often inconsistent with the true facts. In their letter of transmittal they referred to their report as the result of an 'extensive fact-gathering study of the present government and the problems of the Township.' The interviews they conducted of Township officials were cursory and incomplete. No effort was made to investigate operations or procedures in the various departments, no time was spent in detail study of organizational functions, and no honest appraisal was made of the efforts and efficiency of the officials or the employees of the government. They liken government operations to big business. Yet if even a small business was to be studied in this casual manner, and have its future course determined by resulting recommendations, it would be inconceivable that any business man or board of directors would agree to such a radical change.

"The Commission sees fit to praise the governing officials for their high standards of local government, yet they would strip future councilmen of their right to govern and administer the laws as responsible elected officials.

"The Commission concludes that the Township form of government was never intended to operate the kind of local government we have, and yet if you will look to our neighbors in Millburn, Cranford, Hillsdale, Union, and Berkeley Heights you will find fast growing and progressive townships that have done and are doing admirably under a Township Committee form (Continued on Page 8)

B. Colandrea, 72 Dies At Home Here

Benjamin Colandrea, 72, died Sept. 16th, at his home, 30 Millburn Avenue, Springfield. Born in Italy, Mr. Colandrea lived in Springfield for the last 55 years. He was a mason contractor, a member of the Casa Colombo and of St. Rose of Lima Church in Short Hills.

He is survived by his wife Mary Nitello Colandrea, and fifteen children, Albert and Benjamin of Springfield; Joseph and William of Millburn; Ernest and Richard of Summit; Edward of New Providence; Raymond of Hillsdale; Vincent of Morris Township; Robert of Garwood; Arthur of Montross Grove, Illinois; Carl of the U.S.A.E.; Tampa, Fla.; Mrs. Robert Kiernan of Madison, Mrs. Edward Kopper of Union, and Mrs. Frank Williams of Irvington; one brother Salvatore Colandrea of Union, a sister Mrs. Clementine Nigro of Italy, and 26 grand children.

The funeral will be from Young's Funeral Home, 145-149 Main Street, Millburn Friday, Sept. 19th at 8:15 a.m., with a High Mass of Requiem in St. Rose of Lima Church, Short Hills at 9 a.m. Interment will be in St. Rose of Lima Cemetery.

OK Smith Farm School; Ready To Condemn Land

We Are "No Place" To Census Bureau

The Chamber of Commerce was told this week that Springfield does not fit the definition of a "place" as used by the Bureau of the Census.

"This Springfield fails to qualify for listing in The World Almanac published by The New York World-Telegram and Sun.

Jack Stiefman, the publicity chairman of the local Chamber, wrote a letter asking why Springfield is listed and not Springfield. The World Almanac replied: "Since Springfield is a township, not a borough, village or city, it does not fit the definition of a 'place' as used by the Bureau of the Census for the purpose of this table. We know that Springfield is definitely a center of population. However, we do not 'make' the Census-Bureau regulations—we just print the information as furnished by that bureau.

OK Smith Farm School; Ready To Condemn Land

The Board of Education last night voted to construct a 14-room \$825,000 school in the south side of Milltown Rd. and explained its reasons for possible condemnation proceedings which may be necessary to obtain the site, a 7-acre tract of the Smith farm.

Mrs. Russell Hillier, president said negotiations with the Smith family for purchase of the property will be continued "right up to the moment of actual condemnation if at all possible." Negotiations have been in progress between the family and Howard F. Casselman, the board's attorney, since last November.

A meeting with the State Department of Education officials has been set for Tuesday, the board said. Official approval of plans for the project will be sought so the proposal may be placed before the voters at a referendum early in December.

The project was discussed by the board and the Township Committee Sept. 9 when finance was the topic.

Tax Impact Estimated
Accountants of the board estimate that the amount required to pay interest and amortization on the board's bond issue to cover the cost would mean a tax increase of about 18 points beginning in 1960, the board said. The average home has assessed value of approximately \$8,000, it was pointed out. The board estimated the cost to the taxpayer would amount to \$14.50 a year, or \$1.25 a month.

The board expressed the hope that its "sincere efforts to obtain the site are fruitful" but said "condemnation is certainly envisioned... in the event of failure to agree upon a fair price for the land based upon current values as determined by qualified appraisers."

The board in its statement presented the following points:
Background Explained
1. Without new school construction the township's children will be subject to part-time double session education and that it now appears certain some classes will be on part-time sessions in September 1959.

2. The area of most rapid and constant growth is the eastern part of the township and this is the area to be served by the contemplated school.

3. Acquisition of the Smith property will preserve for future need the balance of the Edward V. Walton School property which will be needed to satisfy such (Continued on Page 8)

Bonadies Urges People To Join Sewer Protest

Township Committeeman Vincent J. Bonadies today called for a mass protest turnout at next Wednesday's township committee public hearing to support his opposition to a vote against an ordinance that would require Springfield taxpayers to pay the major costs of a \$130,000 storm sewer whose prime benefits would serve the developer of a proposed 59-home tract on Shunpike Road.

In a township-wide appeal, Bonadies issued this statement: "The township committee cannot rightfully protect the interests of Springfield taxpayers by directly contributing \$60,000 of taxpayers' money or the major share of the sewer costs and again paying as participants in the county's share of 50,000, while the developer, Nathan and Isadore Sherman, brothers of Township Attorney Max Sherman, will only contribute \$20,000.

"While the taxpayers of Springfield continue to pay for this sewer for the next 15 years, the developers, who are the prime beneficiary of the sewer, are concerned only with the profit the development will bring them.

"The facts show that the Killam report of May, 1955, does not men-

TROLLEY TRACKS RESPONSIBLE? — Christian Fleissner III of 45 Cambridge Drive is the owner of the above pictured car, which according to Fleissner's story to the police went out of control, then hit a tree and overturned at Morris Avenue and Keeler Street. The driver was taken to Overlook Hospital by the Springfield First Aid Squad with injuries to the left leg. (Photo by Leslie Bell)

Open House This Week At Crestmont Fete

Crestmont Savings and Loan Association at 175 Morris Avenue, today, joins the Maplewood office of the organization to mark the sixteenth anniversary. For the occasion, open house is being held at both offices during the entire week and will extend through Saturday.

Organized in 1942 in a merger six building and loan associations with less than 800 persons with savings accounts and under \$900,000 in assets, the combined assets at Crestmont's both offices will reach \$24,000,000 with close to 16,000 members during this anniversary week.

Loren F. Gardiner, president since February, 1958, and with the organization since its inception, attributed Crestmont's growth to its staff, officers, board members as well as to the residents in the communities which are serviced by the association.

Through their understanding of thrift, Mr. Gardiner states, local residents continue to express their appreciation of our services through regular, periodic savings and by availing themselves of mortgage and home-improvement loans.

Further, Mr. Gardiner, himself largely responsible for Crestmont's growth, credits this growth to the conscientiousness of his staff and the ability of his officers in filling the financial needs of the community in a capable, friendly manner; the board of directors, with long experience in finance and related fields, under the direction of J. Herbert Woolley, chairman, has contributed the necessary guidance, foresight and planning in anticipating the needs and providing the physical facilities and further services to meet the requirements of the community.

A record of Crestmont's assets from its organization in 1942 shows steady growth, which, in 1951 reached \$7,350,774. To that date, all business was conducted out of a one story building of 1,000 square feet at 1886 Springfield Avenue, Maplewood, that had been converted from a store formerly housing a pharmacy. On August 27, 1951, a move was made into the present two story structure of 2,600 square feet which was erected on the same site. The accuracy of the foresight which brought about this move to meet the anticipated growth of the community is indicated in the sharp increase in assets which followed in the next few years. In 1952, assets totaled \$8,896,709 and in 1953, \$10,515,349.

In 1954, aware of the growth and financial needs of Springfield, Crestmont management brought about a merger with a smaller institution, the officers and directors of which also showed foresight, located here and opened the Springfield office with \$160,000 in assets. The rapid growth of

FLOWER WEEK—Paul Bruce Cooperman of 24 Warwick Circle, plans an orchid on his sister, Regina Lynn at the Open House Celebration for Crestmont Savings and Loan Association, 175 Morris Avenue. this office has contributed considerably to the combined assets of the association. In 1954 combined assets totalled \$11,474,980. By 1955 they reached \$17,731,207 and now only two years later are about to reach the twenty-four million mark.

Crestmont extends every service permitted under its New Jersey charter; these services include insured savings accounts; Christmas Club, Vacation Club, travelers cheques; home mortgage loans, home improvement loans, pass book loans, issuance and redemption of U. S. Savings Bonds, and registered checks (money orders).

Now, at 34 1/2% on a semi-annual basis, dividend payments are beyond \$500,000 for the past 12 months compared to \$9,724 paid for the year 1942. Reserves have increased from \$76,118 in 1942 to \$1,039,522 at present, far beyond these necessary to satisfy the requirements of the Federal Home Loan Bank and the Federal Savings and Loan Insurance Corporation by which Crestmont is insured. Crestmont is under the supervision of these two govern-

ment organizations and the Banking Department of the state of New Jersey. A staff of eight full-time employees operate the Springfield office; they are Mary Doby, of Springfield, assistant secretary

and manager, Carl L. Becker of Maplewood, Treasurer; Arthur R. Taylor of Perth Amboy, Secretary; Kathleen Krey of Springfield, Assistant Treasurer; also Cindy Woolley of Short Hills, Mary Betz of Madison, Honore Geoghagan of Springfield, and Dorothy Bizik of Union.

Other officers of the association are: Mr. Joseph J. Williams of Maplewood, Vice President, G. Clifford Thomas of Elizabeth, Vice President, and Harry G. Thompson, Jr. of Maplewood, Comptroller.

Directors of Crestmont are Messrs. Gardiner, Woolley, Ronnie, Thomas, Becker, and O. Vincent McNary and Walter Seymour of Maplewood, Edward A. Conley, William Frey and Joseph W. Grimmer of Springfield, Sargent Dumper and Thomas W. Lyons of Short Hills, Walter F. Christenson of Montclair, Ralph Kebs of Scotch Plains, Arthur M. Woodward of South Orange, and

William H. Butler, Sr. of Verona, Louis Messing, Jr. of Elizabeth and Richard H. Thiele of Springfield serve as counsel for Crestmont.

You can create interesting flavors in soups by combing two

different kinds of canned soups. For example, try a can of seasoned cream of asparagus and a can of cream of mushroom. Add 2 soup cans of milk. Heat but do not boil.

Dogs were used to assist sailors in France as far back as 1407.

PROCLAMATION

WHEREAS, the basic need in our Nation today is the preservation of Constitutional Government, and

WHEREAS, in order to protect our priceless heritage under our unique form of government, it is essential to support our Constitution, "The most wonderful work ever struck off at a given time by the brain and purpose of man"; and

WHEREAS, for its proper support, it is necessary that our citizens understand its provisions and principles and appreciate its value and benefits as "The greatest document for human liberty in two thousand years of recorded history," and

WHEREAS, the Daughters of the American Revolution are sponsoring the observance of Constitution Week, September 17-23, 1958, in commemoration of the 171st Anniversary of the adoption of the Constitution;

NOW, therefore, I, Albert G. Binder, by virtue of the authority vested in me as Mayor of the Township of Springfield, in the State of New Jersey, do hereby proclaim the week of September 17-23, 1958, as

CONSTITUTION WEEK

In the Township of Springfield, and urge all our citizens to pay special attention during the week to our Federal Constitution and the advantages of American citizenship, honoring United States Flags and especially emphasizing the purposes of Good Government as set forth in the Constitution's Preamble and the duty of all persons in our Republic to protect our Constitution and the freedoms in its Bill of Rights, so that it may continue to protect us and our posterity in "This Nation under God."

ALBERT G. BINDER,
 MAYOR

SCHOOL BEAT

By **MARSHA WILSON**

As the school season opens again, it seems to me that everything starts up at once, homework, after school sports and clubs, and best of all—the social life.

Saturday night parties seem to head the list for seniors. In case you hear a riot this weekend you'll know it's coming from Bobbi Diamond's house on Laurel Drive.

With the pleasant memories of summer, we are reminded of those riotous beach parties at Normandy with Judy Ward of Berkeley Heights and Roy Abrams of Springfield in the center of things—and of course, the ever-traditional gab fests called P.J. parties. Many an evening has been spent this way during the summer, and in case you wonder what goes on, just ask Beely Saam of Mountaineer and she'll tell you!

You can see our hardworking cheerleaders and twirlers—on the field every day for practice, practice, and more practice. You also see them hobnobbing round the halls because they're too stiff to move a muscle. Springfield is well represented on both these squads—with Johanne Hartz, Margot Breier, Joan Pitney, and Carol Marano as cheerleaders and Mary Lee Stickle, Anne Howe, Jean Cooney, Loretta Pickler, Lois Parry, Carolyn Wood and Joan Arnold as twirlers. An interesting note—both the captain of cheerleading and the majorette and captain of twirling come from Springfield.

Sportswise, we have several Springfield boys playing varsity football. Among those seen on the field are: Cas Wolowicz, Chip Skousen, Art Morduck, and Bill Franklin.

Probably the most important activity going on in school at present is the selling of Activity Cards for the athletic events of the year by the Student Council. The cost? Why, only \$3.00!

Running a close second to this are the orange and blue snakers being sold by the junior class for football games. These seem to fit the student's pocketbook for only \$5.00.

If you were to come into the school this week and examine the senior class you'd say they were the best dressed bunch of kids you ever saw. Upon examining your statement you'd soon find that there must be a reason for it and there is, for this is the week that senior pictures are being taken.

Clubs are in the process of starting up and the freshmen seem to just steam in. The only really active club at this moment is the Dayton News, the school newspaper. It is their job to put out an issue every month and September is no exception. "Once again, editor-in-chief, Al Menkin is a Springfield resident."

Socialwise, the Student Council dance is set for Saturday, September 27, with the theme "Back to School Blues." This event will really be a success if we win our first football game at Hillside that afternoon. The news from the other clubs has just started to come in, so we'll hear more about them later on.

That's about all the news Dayton Regional has to offer at the present, so I'll say good-bye for now.

articles will analyze the internal problems presently pressing the old form of government, and will present a context for adapting Plan E.

Outright Lie

(Continued from Page 1) el that initiated the reevaluation program. Including a vote of endorsement of our party boss Vincent Bonadies.

That at meetings held on January 23, February 8th and February 20th, 1958, Mr. Bonadies called the reevaluation program "a matter of worthwhile endeavor."

That both Democratic candidates were absent from public hearings on the issue.

That Springfield followed the dictates set down for all municipi-

clated that "Springfield complied with the law of the state." "The only thing panic-adapted is the Democratic platform," they Handville and Freedman de-

Regional Teacher Is Part-Time Maj.

Army Reserve Maj. Carl L. Matthews, whose wife, Suzanne, lives at 48 Kipling ave., Springfield, completed two weeks of annual active duty training Sept. 7 at Fort Devens, Mass.

Major Matthews is a member of the 303d Civil Affairs and Military Government Group of Kearny, N. J.

The major is a graduate of New Jersey State Teachers College, Montclair, and is employed as a teacher by Regional High School.

Candidates

(Continued from Page 1) officials plus progressive action in the government of the town exemplified by Council-Manager form."

Bath, Handville and Freedman went on to say "Whether a person is a Democrat or a Republican no longer counts for as much as

it did in the past; the success of political parties and their representatives depends today on the caliber of their candidates and their willingness to approach such vital questions as change in the form of government on their merits and with the public interest genuinely at heart."

Charter Group

(Continued from Page 1) of business management.

Government of a large and growing town is "Big Business." Big business requires intelligent, skillful, and effective management. Administration and conduct of municipal business has been shown to require full time, specially trained personnel for most effective and economical conduct of municipal affairs.

Scientific business management precepts, which are applicable to our municipal business requires:

1. **UNITY OF COMMAND**—whereby responsibility and authority of supervision is centralized.

2. **Span of Control**—whereby proper delegation of authority and **TIME** and **DISTANCE** between manager, supervisor, and employees makes for effective control.

3. **HOMOGENEOUS ASSIGNMENT**—whereby workloads are distributed so as to give each employee similar assignments of

work so that they may develop expertness and a true feeling of usefulness.

4. **DELEGATION**—whereby each employee may have a job of his own, a chance for initiative and a proper feeling of importance. The Commission has in its report, pointed out the manner in which the various functions under our present township system

of government violates the basic principals of management. It shows the lack of management on a centralized, organized basis, and the detrimental effects on the Town's employees and its business affairs.

The Commission recommends a plan that would make available to our Town the utmost in modern, streamlined, efficient government with policy prescribed and controlled by members of the **COUNCIL**, elected by and responsible to the people as a whole (and also to their respective

political parties) with the execution of policy and the business details vested in a specially trained municipal manager.

Our organization is justified by the "announced" endorsement of Plan E by the Republican candidates for Township Committee The League of Women Voters, and looks forward to helping other interested civic associations and service clubs in their consideration of Plan E. Subsequent

BAHA' WORLD FAITH

O God, refresh and gladden my spirit. Purify my heart—illumine my powers. Lay all my affairs in Thy hand. Thou art my Guide and my Refuge. I will no longer be sorrowful and fretful, I will be a happy and joyful being. O God, I will no longer be full of anxiety, nor will I let trouble harass me. I will not dwell on the unpleasant things of life. O God, Thou art more friend to me than I am to myself. I dedicate myself to Thee, O Lord.

"About Baha."

Hi Neighbor!

NEWS AND TIDBITS ABOUT YOUR FRIENDS & NEIGHBORS. If You Have Any News Call...

DREXEL 6-4502

Lorrie Lewis

Headlines were made this week in the home of Dr. and Mrs. Sydel of 351 Milltown Road. Their daughter, Jodi Lynn, was born on Sept. 14 at the Beth Israel Hospital. She tipped the scales at 6 lbs. 10 oz. The Sydells also have a daughter, Karon, age 3 years. Mrs. Sydel is the former Rosalind Horowitz of Elizabeth.

Mrs. Joseph Rokosny of 27 Warner Ave. entertained members of VFW Post 338 Auxiliary of Vailsburg at a luncheon. Her guests were Mrs. H. Yurkutat, Mrs. A. Merkel, Mrs. M. Schroeder and Mrs. A. Noak all of Irvington; Mrs. I. Yurkutat of Berkeley Heights; Mrs. C. Bonesta of East Orange; and Miss E. Eng and Mrs. A. Kenney of Newark.

Former Newarkers Mr. and Mrs. John Givas now reside at 15 Shelley Road. Their daughter, Joan Catherine, is a recent graduate of Marianopolis College in Montreal and is now studying for her Master's degree in Biochemistry at McGill University.

If we were giving an award for the "idea of the week," Mrs. Edwin Davenport of 42 Edgewood Ave. would certainly win first prize.

Mrs. Davenport took a look at the mounds of clothes and other items upon which she had to sew name tags when her son, Ned, left for the start of his freshman year at Lafayette College. Realizing how pleasant and easy a chore this would become in the company of friends, she invited a small group to a "name tag sewing party." The job was quickly accomplished by Mrs. Lawrence Eckelkamp; Mrs. Edward Murdock; Mrs. Herbert Callahan; Mrs. Edward Reibold; and Mrs. Charles Reminger all of Springfield; and Mrs. Arthur Luppy of Short Hills.

Happy first birthday to Billy Mruk, son of Mr. and Mrs. Stanley Mruk who recently moved into their home at 17 Country Club Lane. The Mruks are not new comers to Springfield, having lived at General Greene Village before

moving to their present address. They also have a four year old son, Walter.

Mr. Mruk is a chemical engineer with Allied Chemical, Morristown. An important reminder have a registrar from 9 A.M. until 9 P.M. until Sept. 25.

Mr. and Mrs. Anthony Herda of 19 Country Club Lane are happy to announce the birth of their daughter, Phyllis Sharon, at Mullerberg Hospital on August 20. She weighed 7 lbs. 3 oz. The Herdas are also the parents of a daughter, Frances Karen, age 23 months. Mrs. Herda is the former Irene Ewanitsky of Wilkes Barre, Pa.

Any of you interested in unusual folk dancing? The Bacoulou-Dance of the Majestic Hotel (in Haiti) is starting a two week engagement at the St. George Hotel, Brooklyn on Sept. 29. Phone me for further information.

We welcome Mr. and Mrs. Mark McGurgan, formerly of Elizabeth, to their present home at 466 Meisel Ave. The McGurgans have 3 married daughters. Mr. McGurgan is an electrician with Esso Standard Oil.

Also new to our town are Mr. and Mrs. Irving Lynn of 117 Warwick Circle. The Lynns moved

here from Newark. Their children are Bruce age 11 1/2 years and Doris age 8 years. Mr. Lynn is an accountant.

An important reminder have a registrar from 9 A.M. until 9 P.M. until Sept. 25.

New Librarian For Children Arrives

Mrs. Helen Keller, new children's librarian, comes to the Springfield Public Library with 12 years' experience in children's library work, in both school and public libraries. In Passaic where she worked for the Public Library for eight years, she was a junior high librarian during the school year and a children's room librarian in charge of reading clubs and story hours in the summer. She received her B.A. degree from the University of Buffalo, majoring in English, classics and library science. She acquired a teaching course in Education at Columbia University, and will receive her Master's Degree in Library Service from Rutgers University next summer. Mrs. Keller resides in Nutley with her husband and two daughters, recently graduated from college. She says she finds the atmosphere in Springfield pleasant, friendly, and most cooperative, in a community-centered library far exceeding many cities in enthusiasm, support and avid readers.

Mrs. Keller hopes to continue the work in the pre-school story hours, with the firm opinion that good library habits, and encouraging a love for books should begin as soon as possible. While this serves to bring about an obvious opportunity for pre-kindergarten social adjustment in the little child, the objectives of a library story hour should not be those of the nursery school. She believes, in a library story hour, the emphasis is less on "the play," and more on "the book is the thing." However, she states that some amount of play activity is necessary to create a feeling of fun, relaxation, and informality.

Mrs. Keller hopes to continue the work in the pre-school story hours, with the firm opinion that good library habits, and encouraging a love for books should begin as soon as possible.

Dorothy Tacovski Engagement Told

Mr. and Mrs. William Summerer of 307 Hillside Avenue announce the engagement of their daughter Dorothy Tacovski to Kenneth Schroeder, son of Mr. Rudolph Schroeder of 1233 Grandview Avenue. Union, and the late Mrs. Muriel Schroeder.

Miss Tacovski is a graduate of Jonathan Dayton Regional High School and is employed by the Northern New Jersey Mortgage Loan Office of The Prudential Insurance Company in Newark. Her fiancé, also a graduate of Jonathan Dayton Regional High School, is employed by the Union Center National Bank.

Happy Hours Is Pioneer School

The Happy Hours School of 30 Chancellor Avenue, Newark, was one of the pioneers of early childhood education established in this area in 1899 by Annette Kestenbaum Stern. The program of activity at the school provides for all phases of a child's physical, social, emotional and mental development. During the years, the school has amassed modern equipment for indoor and outdoor use. The scope is varied enough to appeal to the interests of any particular child. The grounds are spacious, enclosed for safety, and thoroughly equipped for grassy, and or cement play. The school also offers well balanced hot meals and mid-afternoon snacks. The atmosphere is one of flexibility and security. Individual problems are handled with the personalized attention.

At Oxford, Eng.

Dr. J. Lawrence Kulp, son of Mr. and Mrs. John Kulp of 119 South Maple Street, arrived in Oxford, England on Friday, Sept. 12th. Dr. Kulp was awarded the Senior Post Doctorate by the National Science Foundation and will be working with Prof. L. R. Wager at Oxford University Department of Geology for a year. Mrs. Kulp accompanied him.

Five Years Old At Garden Party

Gretchen Kraft, daughter of Mr. and Mrs. Hans Kraft, of 79 Washington Avenue, celebrated her fifth birthday with a garden party at her home, on Sept. 10th. Her guests were Debby Ann Gravemann, Marcia Bohrnhorst, Patty Ranecker, Susie Douglas, Nancy Filreis, Mindy Schneider, Diane Johnson, Billy Campbell, Jimmy Shoch, Kirk Libby, and Jeffrey Abrahams.

Attend Arcanum Council

Mr. and Mrs. Rankin W. Wilkie of Springfield attended the 74th Session of the Supreme Council of the Royal Arcanum, a fraternal benefit society, held at the Hotel Lanker George Sagamore, Bolton Landing, New York, from September 1 to 6. There were over 300 Supreme Representatives, Officers, Prize Trip Winners, Visitors and Families at the opening session from various parts of the United States and Canada.

MacDonalds Have Girl

Mr. and Mrs. David MacDonald of 86 Wentz Avenue announce the birth of a baby girl on Sept. 10 at Overlook Hospital in Summit.

Sisterhoods Gather

The Fall Conference of the Central N.J. Branch of the National Women's League of the United Synagogue of America will be held on Wednesday, Sept. 24, at Temple Beth Mordecai, Perth Amboy. There will be 23 Sisterhoods represented.

Members of Temple Beth Ahm Sisterhood, planning to attend the conference are: Mrs. Meyer Bidelman, Mrs. Arthur Miniman, Mrs. Earl Lawit, Mrs. Bernard Ottenstein and Mrs. Allan Goodman.

Keith Jones Jr. Is At Western Md.

M. C. Keith Jones, Jr., of Far View Drive, Mountaintop, will be among 237 new students entering Western Maryland College, Westminster, Maryland when Orientation Week begins September 17. He is the son of Mr. and Mrs. M. C. Keith Jones and a graduate of Jonathan Dayton Regional High School in Springfield. Mr. Jones was a member of the football and track teams, was a member of the Key Club and played in the band. Fall Convocation will officially open Western Maryland Tuesday, September 23. Total enrollment is now 681 students which is about 20 more than last year. The college will be operating at peak capacity this fall.

At Oxford, Eng.

Dr. J. Lawrence Kulp, son of Mr. and Mrs. John Kulp of 119 South Maple Street, arrived in Oxford, England on Friday, Sept. 12th. Dr. Kulp was awarded the Senior Post Doctorate by the National Science Foundation and will be working with Prof. L. R. Wager at Oxford University Department of Geology for a year. Mrs. Kulp accompanied him.

Woman's Club News

The Annual Outdoor Art Exhibit sponsored by the Springfield Woman's Club, will take place October 25-28 from 10:00 a.m. to 3:00 p.m. and will be held on the grounds of the Springfield Public Library. All local artists are invited to participate in this exhibit. Any media in the field of painting or sculpturing is welcome. Entries will be received between 9:00 a.m. and 10:00 a.m. on Saturday, October 25. Artists shall pick up their entries after 5:00 p.m. on Sunday, October 26. An entry fee of 35¢ per exhibit will be required, and there will be a 10% commission on all sales resulting from the exhibit. Voting by the spectators for the favorite picture will also take place. Any additional information concerning this exhibit may be obtained by calling Mrs. Glenn W. Oylar, Drexel 9-4879.

DAR To Dine At William Pitt

The Church and Cannon Chapter, N.S.D.A.R. of Springfield, will hold its first meeting of the season at The William Pitt in Chatham. This is a Dutch Treat for members and guests. Dinner will be at 6:30 P.M. September 23. Tuesday evening and the guest speaker will be Mrs. G. C. Skillman, State Vice Regent.

Invitations for a Reception and Tea honoring the New Jersey State Officers and Chairmen to be held at The Fortnightly Club in Summit, on Saturday, November 1, from two to four o'clock have been sent to all members and friends.

Ann Messina Wins Year At U. Of Rome

The cultural Division of the Italian Embassy in New York announced that Miss Ann J. Messina of Springfield, New Jersey was awarded an Italian Government scholarship. This is for advanced study and research. Miss Messina will study economics at the University of Rome. She will be on leave of absence for one year from The Federal Reserve Bank of New York where she is an assistant economist.

Miss Messina graduated from Rutgers University, Newark College of Arts and Sciences, in June, 1954, with a major in economics. She attended Columbia University. The Graduate School of Business Administration, and graduated this June from New York University. The Graduate School of Business Administration, receiving a Master of Business Administration degree. She majored in money, banking, and finance and minored in economics. She is now studying for her doctorate.

Dale Carnegie Comes To Town

Residents of this area will have the opportunity of observing a Free Demonstration Session of the Dale Carnegie Course, presented by Wesley E. Westrom, Tuesday, September 23, 8:15 p.m. at American Legion Building, Springfield. During the past 45 years more than 600,000 men and women have taken the course to learn the art of effective speaking, human relations skills and memory improvement. Many of the top men in industry, education and the professions attribute some of their success to their Dale Carnegie training. Although the sponsors point out that they obviously cannot guarantee every graduate an important executive job, it is a fact that 70% of those who complete the course report a pay increase or a promotion within one year. The course consists of 14 evening sessions. Men and women with college degrees mingle with those who never got beyond grade school. Before the course is completed, many lasting friendships are made.

Teachers Hear Opening Talks

"Opportunities for Today's Children in Business, Industry, and Agriculture: How the Schools Can Meet the Challenge" was the topic discussed by a panel of speakers for the faculty day program which marked the opening of the 1958-59 school year on September 3rd. This meeting was held in the Gaudinier School. The general meeting was opened by Benjamin F. News-wa n e r, Superintendent of the Springfield Schools. Greetings were extended to all teachers, school personnel and the administrators by Mrs. Marilyn Perkins, President of the Springfield Teachers' Association. The panel of speakers were introduced by Mrs. Margaret McGarrath, chairman of the planning committee for the faculty day program.

Local Student Goes To Calif.

John Paul Amabile of 42 Waverly Avenue will be attending California State Polytechnic College at San Luis Obispo, Calif., when it opens on Sept. 23. Amabile is a student in architectural engineering.

LIKE HAVING SIX HANDS! an ALL ELECTRIC LAUNDRY Your home laundry is only half complete with just an automatic washer. Hanging that wash out to dry is an unnecessary job. By adding an electric dryer you can take care of all the washday drudgery - automatically. Simply take the wet things out of the washer, toss them in the dryer and forget them. Everything, from chenille bedspreads to delicate lingerie tumble dry safely in clean, electrically heated air. Towels come out fluffier. Colors can't fade. Clothes dry so soft and wrinkle-free they're easier to iron, and very often need no ironing at all. And there's no more worry about the weather. You don't need six hands to beat the dryer on washday. One's enough - to set the dial on an all-electric dryer.

THIS WEEK

WHO'S ON FIRST?

The Springfield Republican Campaign Committee apparently without the blessing of the palace guard and the support of the local C. A. P. has announced its candidates for 1959. (Yes, 1959).

This announcement came last week in a release to out of town newspapers and an undated letter evidently mailed to all residents of Springfield.

The letter carries as its not very well hidden persuader the following appeal:

ELECT AS COUNCILMEN—Isaac Freedman and Frederick A. Handville, Regular Republican.

Since there is to be no election for "COUNCILMEN" until the voters of Springfield decide this November whether or not there is to be a change in our form of government, it must be assumed that what the campaign chairman had in mind was next year's election.

The election this year—this November—is for TOWNSHIP COMMITTEEMEN. There are no candidates this year for COUNCILMEN. But the campaign letter DOES ask the voters to ELECT AS COUNCILMEN, ETC., which is certainly looking far ahead.

AMATEURS VS. THE PROS!

The letter itself, signed by Ike Freedman and Art Handville, and the imprint of Raymond R. Kravetz as campaign chairman, was a bombshell in the ranks of the local Republican organization. The signers of the letter embraced the proposed Council-Manager form of government for Springfield despite the fact that it has been recognized as a political hot potato.

Mayor Albert G. Binder, the titular head of the Republican party in Springfield, who has devoted almost a decade of service to the Township, wasn't even given the courtesy of being informed that such a letter and declaration was being prepared. Mayor Binder has been the one articulate official who publicly announced that he is "opposed to any change just for the sake of a change in Springfield's form of government."

Township Committeeman Raymond W. Forbes, who also has given many years to public service and sincere devotion to the Republican party, has been preparing his own campaign in defense of the work and achievement of an administration that has been responsible for the progress of Springfield.

Neither Mayor Binder nor Township Committeeman Forbes were asked their opinion regarding the contents of this campaign letter. Neither one knew a thing about it until it had already been printed and mailed.

The undated letter was received by Springfield residents in last Friday's mail delivery—which means it must have been mailed AT THE LATEST some time Thursday before post office closing. There was a steak dinner at Dowd's Restaurant last Thursday night at which time members of the local Republican County Committee, Township officials and others interested in the Springfield campaign were invited to attend.

Long before the dessert, the letters, already printed and envelopes addressed, were on their postal voyage. That was when Mayor Binder and Mr. Forbes and any other very startled members of the Republican team here received the political shock of the year.

POLITICAL EXPEDIENCY AND STUFF

What Isaac Freedman, Raymond Kravetz and Art Handville have said in their letter to the voters of Springfield is "WE ENDORSE COUNCIL MANAGER FORM OF GOVERNMENT BECAUSE WE DO NOT THINK THE REPUBLICAN PARTY THAT HAS BEEN IN POWER THESE MANY, MANY YEARS CAN COPE WITH TOMORROW AND GUARANTEE THE FUTURE PROSPERITY AND PROGRESS OF SPRINGFIELD."

These are not actually their words but what Kravetz,

Freedman and Handville say is tantamount to confessing that they are not confident that Springfield's present governing body—dominated and controlled by their own Republican supporters for so many years—is good for the Township.

We agree that Ike Freedman, Art Handville and Ray Kravetz have the right to support the proposed change in the form of government but whether or not it is good political strategy is something the local Republican organization will know soon enough.

The fact remains that the Springfield Republican organization has yet recovered from the political hit and many of them will find it difficult to justify active support in a campaign that has already so splintered the party. Never before have the Democratic workers in Springfield faced such divided and split opposition. There are groans and moans wherever the Republicans gather and the Democrats are already visibly drooping.

MEANWHILE, BACK AT THE CHARTER STUDY

The next few weeks should help clear up whatever questions there are in the minds of Springfield residents whether to vote yes or no to the question on the ballot concerning the proposed change to Council-Manager form of government.

The important question is "Why Council-Manager?" Doesn't the Faulkner Act offer any better ideas of municipal government and didn't the Charter Commission make surveys of other well tested plans?

Why was it no secret soon after the first few meetings of the Charter Commission that the report would ask for Council-Manager plan?

Springfield has two neighbors—two close by communities where the Council-Manager form of government is in operation. We have already published something regarding the differences between the Livingston Council and the Municipal Manager.

Last Sunday the Newark News published a story regarding the new city manager, Kennedy Shaw, who is taking over his duties in Cedar Grove. He is the second manager in 3 years. Those who believe that the Council-Manager plan eliminates politics and gives the manager complete authority had better climb down from that cloud. Government is still a matter of the right kind of men—and women—whether it is Manager Plan or Township Committee.

The Newark News article, in part, is as follows:

"I'll do all in my power to work with the Township Council for a smoothly running government in Cedar Grove. But if I find myself unable to get along with the Council, I'll leave without a word," the township's new manager, Kennedy Shaw, declared after a week in office.

Shaw is well aware of the delicate situation in which he finds himself, as the second township manager in three years. He also knows that the future of the council-manager form of government in Cedar Grove may well hinge on his success, or failure.

During the last year, the community saw the "termination of services" of former Township Manager Raymond M. Urquhart after nearly a year of wrangling.

With the council-manager form of government voted into existence in 1955 by a small majority, a strong cry for another change in government has been frequently heard. Enemies of the present system, however, have declared their willingness to give it another chance. The Council is hopeful that Shaw, a man of apparent quiet determination, is the one to make the council-manager form of government a success.

Shaw's record as manager of East Ann Arbor, Mich., shows him to be a man who backs his opinions all the way, even to the extent of sacrificing his job.

His four years of professional background also include the post of assistant manager in Westerville, Ohio, and personnel work with the Michigan Municipal League.

Asked why he was returning to the municipal manager field, Shaw said, "whenever a group of managers gets together, everyone complains about the hazards of the work, the harassment by politicians and by the public, and the poor money. But few leave the field. It gets into your blood."

GOP Seeks Money Through Yearbook

A committee of local Republicans, headed by Walter W. Baldwin and Mrs. Amy Bandemer, has been formed to assist in obtaining advertisements and boosters for the Review, a new yearbook to be published by the Union County Republican Committee.

Mr. Baldwin said that the Springfield committee would ask all local industrial and business companies to participate either as an advertiser or booster. 25 percent of all advertising receipts and 50% of all booster income remains in Springfield for the local Republican campaign.

The American Heritage Foundation and other public spirited institutions have urged this year a widespread support of the campaign regardless of party, Mr. Baldwin said. We hope that everyone in town will participate.

The Review will contain features on county facilities such as parks, roads, and other items of interest, as well as a complete listing of county officials, county offices, and the names of all Republican municipal committees.

The county wide campaign, headed by Charles Doerr of Westfield hopes to raise a substantial sum to help pay for municipal campaigns and such items as billboards, and newspaper advertising on a county and local basis.

Money Sought For Sister Kenny Fund

At a meeting last week at the home of Peter L. Hughes III, Sister Kenny Chairman of Springfield, Area and District Captains were appointed for the various districts of the Township. Areas are to be centered around elec-

tion district lines, to permit closer contact with the neighborhood and block canvass scheduled for Thursday afternoon and evening, Sept. 25.

Mr. Hughes detailed the drive goals and reviewed the aims and purposes of the Foundation. It supports. He stated that he hoped all homes would be visited, if possible, depending on the number of Block Leaders available.

Vass all the residents, those who are not visited will be able to contribute by mail either to his house at 32 Troy drive or directly to the Sister Kenny Fund, Medical Center, Jersey City.

Edward Olesky of 57 Garden Oval will have over all supervision of the First, Second and Eighth Districts. Directing activities in the Third, Fifth and Seventh Districts is Mrs. Frances J. Keane, 33 Henshaw avenue.

Daniel M. Lucy of 41 Tower drive has been appointed area Captain in Districts Four and Six. Ephraim Weinger of 1 Craig road is organizing the Ninth, Tenth and Eleventh Districts. District Captains chosen also at the meeting are Michael A. Genovesi, 72 Briar Hills Circle in the Twelfth District. Jointly sharing direction of District Thirteen are Mrs. A. G. Williams, 513 Ashwood drive and Ralph Feldman, 36 Sherwood road.

PAX Recommended By Local Exec.

Drew Morrison, vice-president of Springfield's Andrew Wilson Co. on Baltusrol Way, is promoting a crab-grass destroyer that has won high praise from many Universities in the last year.

Morrison has been packaging and distributing retail and wholesale a product called "Pax" (Crabgrass and Soil Pest Control). He has a retail store open daily at

the plant down from Temple Beth Ahm on Baltusrol Way. Morrison, who is active in Chamber of Commerce affairs, says that Pax will kill 85% to 100% of the crabgrass seeds in a lawn which have not germinated or sprouted.

That is why we are recommending Pax to homeowners who are unable to control crabgrass. Crabgrass is a perennial weed. One of the big talking points

about Pax is the fact that it doesn't injure perennial grasses. Another is that it need be applied only once a year.

The giant California condor does not breed until it is 4 or 5 years old. Normally these birds don't nest oftener than every other year.

Parents must be fed and cared for by its parents until it is more than a year old.

Erect Tent For Temple Services

A special tent will be provided to accommodate the overflow attendance expected at Temple Beth Ahm at Yom Kippur services this Tuesday evening and Wednesday. Plans for the innovation were announced by Rabbi Reuben R. Levine and Seymour Cohan, chairman of the religious activities committee, following an emergency meeting of the committee.

The need for the added facilities was pointed up by the above capacity attendance at Rosh Hashanah services this past week, and a greater number is expected for Yom Kippur.

The tent will be set up in the paved area directly behind the sanctuary, and loudspeakers will enable those worshipping there to follow the prayers and sermon. All seating for the services will be on a basis of first come, first seated.

The Yom Kippur services will be held Tuesday at 7:30 a.m. and Wednesday at 9 a.m. Separate junior and children's services and supervised activities for children of preschool age are also slated for Wednesday morning.

A complete schedule of services at Temple Beth Ahm for the Sukkot holiday will be published in this newspaper next week.

7 pounds, 8 ounces of Sacred Trust

If you have youngsters of your own, then this picture must call up wonderful memories. How happy, how proud you were of the new baby. Proud, happy, and grateful, too. For no one had to tell either of you that your child was a sacred trust. . . that his or her happiness depended in large measure upon the way you measured up as a parent.

Today, you know better than ever how true

that is. It's you the children look to for all things . . . for love, for learning, for fun . . . and, above all, for the good example to follow in life.

That's quite a responsibility. But, thanks to God, not a lonely one. For God blessed you with children; knows you need His constant help to raise them wisely — and that help is yours for the asking. Worship together, at your Church or Synagogue, every week.

These Messages are being published each week in the Springfield Sun and are sponsored by the following interested individuals and business establishments:

Local Man Named State Law Clerk

Peter L. Hughes III, son of Union County Assemblywoman Mildred Barry Hughes, has been appointed a law clerk in the State Law Division.

The selection of Hughes, who lives at 32 Troy Dr., Springfield, was announced by Atty. Gen. David D. Furman. The appointee's father, Peter L. Hughes Jr., is an attorney in Elizabeth.

Mr. Hughes was graduated last June from Fordham University Law School where he was president of the senior class and a director of the Student Bar Assn. He held class office throughout his law-school career.

He is a graduate of Xavier Military High School in New York City and holds a B. A. degree as well as a law scroll from Fordham. He was an artillery lieutenant during the Korean war and has been a home office representative of the U. S. Life Insurance Co.

The Springfield man is married to the former Miss Joan White of Maplewood.

the State Hospital Licensing Board. He is an attorney with offices in Newark and has interests in nursing homes in Newark and Bloomfield.

Mr. Gash is a World War II veteran, having served in the Marine Corps. He and his wife have resided here three years.

Charles Darwin announced his new celebrated theory of evolution at a meeting of the Linnaean Society in London July 1, 1858.

OUR SKILL CAN MAKE THE DIFFERENCE

We make TV repairs with skill and precision... using only first-quality parts. We do top-notch work at reasonable prices.

Lewis Gash Is Re-elected VP

Lewis Gash of Garden Oval has been re-elected vice-president of the American Nursing Home Assn. at its convention in San Francisco.

Mr. Gash, who has held the office three years, also is a director and former president of the Licensed Nursing Home Assn. of New Jersey and is a member of

Swenson Backs

(Continued from Page 1)
ent plan is that it takes the water completely away from the Henshaw area," Swenson pointed out.

"Killam's plans all involved running the water through Henshaw right into the middle of town." The storm sewer now proposed would take water off of Balfusrol Top and run it along Shunpike

Road to Van Winkles Creek in the Park property on the Union border. The sewer is entirely outside the tract of land on which Jeffroe plans to build homes.

In addition to contributing \$20,000 to this outside sewer, Jeffroe has given two lots to the Township to expand the Henshaw play-

Smith Farm

space needs created by the new housing projects in the south end. 4. The portion of the Smith farm

ground. They are valued at \$7,500 each.

contemplated has never been put to economical use and school construction at this point would not impinge upon the present or future economic use of the balance of the tract.
5. After a thorough survey of available land it is the considered opinion of the Board of Education, Dr. William H. West, Union County superintendent of schools, and Benjamin F. Newsinger, township supervisor, that a school on the Evergreen Ave. end of the Smith farm is the most feasible location. A citizens' committee, at the request of the Board of Education, studied school needs and recommended that a school similar in size and type to the Walton School be erected in the east side. The new school will have the same number of rooms, 12 regular classrooms, two kindergarten rooms, five administration offices and an all-purpose room.

last ten (10) years has seen the major increase in our population and the present Township Committee form of government has adequately expanded its facilities and administrative functions to cope with such an unprecedented growth. This growth was handled by elective officials who are responsible to the people and not to a manager whose only concern would be for his personal interest.
The weaknesses mentioned in the study have every indication of a complete lack of knowledge as to the operations of the Township Committee or else their information was furnished by a disgruntled employee or citizen who had a personal axe to grind. If they feel that this will be cured by a manager who is not responsible to the citizens then they have dreamed of Utopia.
"An example of their wishful thinking is to cite the instance of a manager who could obviate the dilemma of the proposed Route 22 alignment and the Morris Avenue 'no left turns.' These are Federal and State matters and are logical officials and it would be tragic to assign such matters to an employee with authority to negotiate and finalize decisions.
"In a subsequent article I will enumerate logical reasons why I believe the town manager referendum should be defeated, if the best interest of the citizens of Springfield are to be served."

no justification for the town to participate as the county's interest is not the floods but the three passages this sewer will make under county roads and hence county bridges must be built.
"This storm sewer is contrary to all past policy of the town in insisting that developers provide their own storm sewer.
"My only conclusion is that the developer is the only beneficiary and not the town and hence the taxpayer must not be burdened for the next 15 years with the payment of this sewer. This development encouraged by town aid on the sewer will bring further burden on our schools, taxes and requires additional services. In the long run my original contention that this area should have been used for a park we sorely need and will now not get is a correct conclusion."

that the alternate route through Millburn was impractical but that it might be possible to convince the State to accept the compromise route. If Route 78 crossed Morris Avenue at the Five Corners it would not be necessary to run the proposed freeway up Morris Avenue from the Post Office.
As for the spur route, now being proposed, it is a matter of hinges on Henry. Such a Smith fight to kill the Narrows Bridge in favor of his Liberty Bridge. If the Narrows Bridge from Staten Island to Brooklyn is approved, it seems inevitable that a spur route will be constructed from Springfield to enable East-West traffic on Route 78 to avoid New York City.
More ominous signs: Highway Commissioner Dwight R. G. Palmer refers in a press release to all these highways as "snow under construction here." Where? He also says that "Public hearings have been held on more than 124 miles of new alignments for the routes." Construction is under way on 24 miles. In short, they're progressing in Trenton.

Mayor Hits

(Continued from Page 1)
of government.

"The Commission's study recites a projected increase in population in the area, including Springfield, by 85% in 1975 and our form of government should be reorganized to cope with this anticipated growth. If this was intended to frighten officials and citizens of Springfield it was a good point. The fact of the matter is that Springfield is fast approaching the saturation point and a recent survey by a competent engineering firm indicates that we can expect no more than 2 or 3 thousand increases in our population from available undeveloped land. The

Morris Avenue at Terry Dempsey's and then run through the Colfax area. This group felt

Bonadies

(Continued from Page 1)
toward Shunpike Road, a storm sewer is essential running along Shunpike Road.
"Whether this storm sewer aids adjacent areas or not is not ground for the town to participate since all storm sewers in one way or another give relief to adjacent areas.
"The Killam report clearly indicates that this sewer will not eliminate the need for a sewer eventually in the Henshaw area as most of the water in that area accumulates from upper Henshaw-Hawthorne and rushes down in a southerly direction from the Balfusrol Way area.
"The county participation is still

RESOLUTION
 WHEREAS, the Township of Springfield by deed dated the 24th day of July, 1952, and recorded on August 28, 1952, in the Union County Register's Office in Book 1995 of deeds for said County, Page 532 et seq., and by subsequent corrective deed dated July 27th, 1955, conveyed certain lands in the Township of Springfield, known as designated on the Springfield Tax Atlas as Block 71, lots 142-146, both inclusive, known as 56 Taven Street, to William Ford and Vera Ford, his wife;

and whereas, the Township of Springfield to the said property, within the area has become established as a sixty (60) foot frontage area or neighborhood;
 WHEREAS, R. S. 40:69-513 N.J.S.A. provides authority for the release and waiver of covenants, conditions or limitations as to the location of buildings or any other use to be made of land heretofore imposed by a municipality in sales and conveyances of land, and subject to other provisions of the Statute referred to;

and whereas, the Township of Springfield in a certain resolution, to wit: "No house shall be erected on any lot having a frontage of less than seventy-five feet," and

WHEREAS, William Ford and Vera Ford, his wife, have applied to the Township Committee to release the lands heretofore described from the restrictions above recited, and

WHEREAS, in support of said application, the applicant has represented to the Township Committee as follows:

Section 1. Any person or persons convicted of operating a truck on Tooker Avenue in violation of any of the terms of the ordinance...

NOTICE TO CREDITORS
 ESTATE OF LILLY SONNENSCHNEIM, also known as LILLY SONNENSCHNEIM, Deceased.
 Pursuant to the order of CHARLES A. COTT, R. Superior of the County of Union, made on the second day of September, A.D. 1958, upon the application of the undersigned, as Executor of the estate of said deceased, notice is hereby given to the creditors of said deceased to exhibit to the undersigned under oath or affirmation their claims and demands against the estate of said deceased within six months from the date of this order, or they will be forever barred from prosecuting or recovering the same against the subscriber.

Place damp newspapers under and in back of your radiators when cleaning them to keep dust from flying around. With damp newspapers, you can blow the dirt out with your vacuum cleaner set to blow. The dirt will cling to the damp papers.

He was tired—now he'll sleep forever

It was only fifty miles to a good night's sleep. He was sure he could make it all right: "There's not much traffic tonight." That's just what they said when they found this battered wreck: "Not a car on the road. He must have dozed off." Night or day, you can't fight off sleep at the wheel. When you feel drowsy, stop. Get off the road and give in.

Take a cat nap. Then get out and stretch your legs. You may lose a little time, but isn't it a lot better to be late and alive? Too many of the nearly 40,000 Americans who died on our highways last year were the tragic victims of their own errors in judgment. Good drivers never take needless risks with the lives of others—or their own!

Help stop senseless killing on our highways. **Drive safely** yourself.

Insist on strict law enforcement for your own protection.

Work actively with others to **support your local Safety Council.**

Remember—where traffic laws are strictly enforced, deaths go down.

AN ORDINANCE PROVIDING FOR THE INSTALLATION OF A STORM SEWER WITHIN THE TOWNSHIP OF SPRINGFIELD FROM SHUNPIKE ROAD TO VAN WINKLES CREEK IN LANDS OF THE UNION COUNTY.

PARK COMMISSION AS MORE FULLY DELINEATED ON A CERTAIN MAP ENTITLED "MAP SHOWING ALIGNMENT AND RIGHT OF WAY FOR PROPOSED STORM SEWER."

WAY FOR PROPOSED STORM SEWER," DATED MAY 1938, PREPARED BY ALFRED H. SWENSON, TOWNSHIP ENGINEER, AND PROVIDING FOR THE ACQUISITION OF RIGHTS OF WAY FOR THE PURPOSE AND APPROPRIATING THE NECESSARY FUNDS TO PAY THEREFOR AND PROVIDING FOR THE FINANCING OF THE COST THEREOF.

BE IT ORDAINED BY THE Township Committee of the Township of Springfield, in the County of Union, State of New Jersey, as follows:

1. That it is necessary for the Township of Springfield to acquire certain rights-of-way for the installation of said storm sewer along the southeasterly side of Windsor Drive, and more specifically at a point in the southeasterly side of Windsor Drive, said point being the point of intersection of the said side line of Windsor Drive with the rear line of property of James Brady and Margaret T. Brady, his wife, said point being distant along Windsor Drive 143 feet southwesterly from the intersection of the southeasterly side line of Windsor Drive, if extended, with the southeasterly side of Warwick Circle, if extended, thence (1) along the aforesaid side line of Windsor Drive northeasterly 7 1/2 feet to a point—thence (2) south 45 degrees 45 minutes east 90 feet, through lands of James Brady and Margaret T. Brady, his wife, for a portion of lands of Ralph L. Van Ripper and Ellen C. Van Ripper, his wife, to a point, thence (3) still through lands of Ralph L. Van Ripper and Ellen C. Van Ripper, his wife, and thence in succession through lands of Harry C. Cheskin, his wife, and Charles J. Vincent and Estelle Vincent, his wife, South 49 degrees 32 minutes 20 seconds east, a distance of 173.86 feet to a point in the dividing line between lands of Vincent aforesaid and lands of Arthur D. Jacobs and Jane G. Jacobs, his wife, running thence (4) along said dividing line southeasterly 7 1/2 feet to a point in the rear line of lands of Vincent and Baumgartner, thence (5) along said rear line north 49 degrees 32 minutes 20 seconds west to a point on the dividing line with the dividing line of Baumgartner and Joseph Cottage, and thence (6) along the dividing line of Baumgartner and Joseph Cottage, and thence (7) along the dividing line of Van Ripper and Estate Management Corporation, running thence (8) along the rear line of Strubbe and Van Riper, thence (9) along the rear line of Brady and Estate Management Corporation, North 43 degrees 33 minutes west to a point in the southeasterly side line of Windsor Drive, and the "place of beginning" of said right-of-way heretofore described being also reflected on the "Map Showing Alignment of Right of Way for Proposed Storm Sewer" prepared by Alfred H. Swenson, Township Engineer, dated May 1938. The aforesaid map accompanies this ordinance and shows in detail the location and dimensions of the rights-of-way proposed to be acquired by the Township of Springfield and the rights-of-way owned thereto by law, including but not by way of limitation by exercise of the power of right of eminent domain.

2. That the said storm sewer shall be installed and constructed in accordance with plans entitled "Plan and Profile for Storm Sewer From Shunpike Road to Van Winkles Creek," prepared by Alfred H. Swenson, Township Engineer, approved by the Township Committee and the Office of the Township Clerk; said plans being hereby adopted for said purpose.

3. That the aforesaid work and purpose of this ordinance shall be undertaken and performed as a general improvement with financial contribution therefor to be made to the Township pursuant to certain agreements by and between the Township of Springfield and the County of Union dated July 24, 1938 and Jeffrey Estates, Inc., dated August 13, 1938, respectively.

4. That the purpose of providing the funds necessary to carry out the provisions of this ordinance and the expenses incident thereto, there be and hereby is appropriated the sum of \$130,000.00 which is the sum money estimated to be required from all sources for said purpose. Of the foregoing sum of \$130,000.00, the sum of \$28,000.00 has been contributed by Jeffrey Estates, Inc. to the Township of Springfield, pursuant to the contract between the Township of Springfield and Jeffrey Estates, Inc. dated August 13, 1938, and providing, among other things, for all the cost of the installation and construction of the said improvement, and the sum of \$50,000.00 shall be contributed by the County of Union to the Township of Springfield, pursuant to the provisions of a certain agreement between the County of Union and the Township of Springfield dated July 24, 1938; said sum of money when received by the Township of Springfield, from the County of Union shall be re-deposited to the capital improvement fund.

5. Of the total sum of \$130,000.00, the sum of \$10,000.00 required for said purpose shall be provided from the following sources:

6. Of the total sum of \$130,000.00, the sum of \$10,000.00 required for said purpose shall be provided from the following sources:

a. The sum of \$82,000.00 is hereby appropriated in accordance with Section 401-12 of the Local Bond Law, from moneys raised in "Budgets hereafter" adopted by the Capital Improvement Fund Appropriation Committee and

b. The sum of \$18,000.00 will be raised by bonds or bond anticipation notes of the Township of Springfield, in accordance with the provisions of R. S. 401-15D, N.J.S.A.

7. Of the foregoing total sum of \$130,000.00 required for said purpose, the sum of \$28,000.00, estimated to be necessary to be expended for the following purposes:

(1) Interest on such obligations to the extent permitted by law.

(2) Legal expenses and expenses incurred in negotiating the necessary rights-of-way for the said storm sewer alignment.

(3) The cost of issuance of obligations authorized for such purposes, including printing and advertising or notices, resolution, notice of sale and legal expenses.

(4) The amount of said purpose there shall be issued, pursuant to the provisions of the Local Bond Law of the State of New Jersey, in anticipation of the issuance of bonds, bond anticipation notes of the Township which shall not exceed in the aggregate the sum of \$28,000.00, said notes shall bear interest at a rate which shall not exceed 6% per annum, and may be renewed from time to time, pursuant to and within the limitations prescribed by said law.

(5) The period of usefulness of the aforesaid improvement for which said bonds or bond anticipation notes shall be issued is 40 years.

8. All matters with respect to said bonds or bond anticipation notes not herein provided for shall hereafter be determined by resolution of the Township Committee.

9. The supplemental debt statement required by R. S. 401-1 et seq. has been made and duly filed in the Office of the Township Clerk, and said statement shows that the gross debt of the Township is increased by this ordinance in the amount of \$28,000.00, and that the said obligations authorized by this ordinance will all be within the debt limitation prescribed by R. S. 401-16D.

10. This ordinance shall take effect 30 days after final passage and publication thereof in accordance with law.

11. Eleonore H. Worthington, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on Wednesday evening, September 10, 1938, and that the said Ordinance shall be submitted to the voters at the final passage at a regular meeting of the said Township Committee to be held September 24, 1938, in the Springfield Municipal Building at 8:00 p.m., at which time and place any person or persons interested therein will be given an opportunity to be heard concerning such Ordinance.

Eleonore H. Worthington
Sept. 11th, 1938
Township Clerk

Only 14 per cent of Japan's land is suitable for farming; nearly all of this is under cultivation.

Although Ascanio Sobrero invented nitroglycerin in 1845, it was so highly explosive and so little understood that it was not used

much by either science or industry. Then in 1867 Alfred Nobel was granted his epoch-making patent for "safety powder"—dynamite. It was prepared by mixing an absorbent such as charcoal or nitroglycerin with a suitable porous siliceous earth.

When you're late...plans change...problems arise

As a little girl once said, "Without your phone how could you ever?" And isn't that a good way to sum up those countless little calls that save you so much fuss and bother? Not only calls you make from home—but those you make wherever you go. For telephone service is everywhere to serve you...fast, friendly, always handy—a great everyday bargain. *New Jersey Bell*

...good telephone service does so much for you

TO PAY fall bills

Perhaps a seasonal loan could ease the temporary strain of all those fall bills.

You will find the rates low at The First State Bank of Union... the repayment terms convenient... and our officers helpful.

You can always make your loan promptly and in confidence, with confidence, at The First State Bank of Union.

Ballantine beer

refreshing—as the sparkling, clear streams of Sussex County!

the 'crisp' refresher...

Off the beaten path, where lakes and streams sparkle, where forests offer comfort and peace, the "Hill" country of Sussex County represents something special to Jerseyites. The clean, crisp air... the cool, inviting streams remind Jerseyites of the special kind of refreshment you get with Ballantine Beer — the 'crisp' refresher! Enjoy some Ballantine Beer at home... or stop in at your neighborhood tavern... and you'll see why Ballantine Beer is indeed the 'crisp' refresher!

Ballantine beer

Taxpayers' Group Urges 'Yes' Vote On Water Question

Thorough study of New Jersey's water problem, which has produced a "sound and economical program" costing \$45 million rather than the \$60 million to \$150 million proposed to the Legislature a few years ago, the New Jersey Taxpayers Association pointed out in commending to statewide voter support the water bond referendum on the November General Election ballot.

The Association issued a formal publication highlighting the program underlying the \$45,000,000 bond issue ballot question and the history of its development. The projects include \$39 1/2 million for reservoir construction; the balance for acquisition of sites and for studies leading to further water resource development throughout the State.

"There can be no question as to the need for additional conservation of New Jersey's water supplies," declared the Taxpayers Association in an "It's Your Business" educational bulletin. "The essence of the problem is to determine how this objective may be accomplished in the most practical and least expensive manner. The Association believes that the studies conducted during the past several years and the culminating conferences by the (State) Senate Committee, have resulted in a sound and economical program which the voters of New Jersey may support with confidence."

Need Is Critical

Noting the Taxpayers Association's extensive studies of the water problem, which paralleled the state developments, and its endorsement of the bond issue, Francis J. Finquo, president, observed: "Our studies early disclosed that the need for additional water supplies was critical. It was clear that the problem was one of long-range planning, so as to obtain the needed public works at the most economical price."

"The Association entered the field of water supply study in 1964 when a downpour of bond issue proposals, each larger than its predecessor, flooded to an upper level of \$150 million. Challenging the concept that 'We've had enough studies—now we need action,' the Association appointed a special water supply committee which conferred with a variety of water supply officials, legislators and other experts in a long series of penetrating meetings. Production by the Association's research staff was voluminous, embracing a number of areas in which data had not been previously assembled. It was against this background that the Association reviewed the 1958 referendum proposal, found it consistent with the principles set forth in its earlier report on 'Water Policy for the Garden State' and recommended approval."

"Taxpayers have reason to be gratified that the thorough study, which State officials and cooperating private experts and agencies have now given the subject, has produced a program costing \$45 million rather than the \$60 to \$150 million which the Legislature was considering a few years ago. Also, sponsors of the legislation have wisely placed responsibility for the program within the regular framework of state government, where normal executive and legislative controls can be exercised, rather than creating an 'authority' with autonomous powers and perhaps access to the credit of the State."

Capital of the Argentine portion of Tierra del Fuego is Ushuaia, the southernmost city of organized government on the globe.

There is a township in New Hampshire called Success. Nobody lives there.

One per cent of the world's water supply is locked in the thick ice fields that cover 10 per cent of the earth's surface.

A recent survey shows that about 10 per cent of New York companies regard a woman 35 or over as too old to hire for an office job.

In a study of teenagers by Eugene Gilbert & Co., the newspaper was shown to be a big influence on their living and spending habits.
