WHEREAS, during its 115 years of non-sectarian world service to all people in many lands in educating the young, aiding victims of war and disaster, in supporting philanthropic institutions, in promoting patriotic American citizenship, in fighting bigotry and intolerance while furthering democracy and inter-group understanding, B'nai B'rith has been a shining beacon lighting the way towards true democracy:

Now, therefore I, Albert G. Binder, Mayor of the Township of Springfield, New Jersey, do hereby proclaim the week of October 13th, 1958 as B'NAI B'RITH WEEK and do call upon the citizens of the Township of Springfield to join me in expressions of felicitation, support and good wishes for this worthy Order which has played so great a part in our country's development.

ALBERT G. BINDER, Mayor

7 pounds, 8 ounces of Sacred Trust

this picture must call up wonderful memories. ... for love, for learning, for fun ... and, above How happy, how proud you were of the new all, for the good example to follow in life. baby. Proud, happy, and grateful, too. For no one had to tell either of you that your child was a sacred trust . . . that his or her happiness depended in large measure upon the way you measured up as a parent.

Today, you know better than ever how true

If you have youngsters of your own, then that is. It's you the children look to for all things

That's quite a responsibility. But, thanks to God, not a lonely one. For God blessed you with children, knows you need His constant help to raise them wisely - and that help is yours for the asking. Worship together, at your Church or Synagogue, every week.

Who in the world built this beauty the only car with wide-track wheels?

Wheels moved out 5 inches for the widest, steadiest stance in America-better cooling for engine and brakes-lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the moss beautiful roadability you've ever known-in America's Number (1) Road Gar!

America's Number (1) Road Carl

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look . . . it's inches lower without sacrificing roominess or road clearance. The first time you drive it, you'll discover this beauty handles city corners and clings to country curves in a way the conventional narrow-gauge cars can't hope to imitate. And the ride . . . the miraculous freedom from sway, dive and bounce . . this is an experience in buoyant travelthat you won't believe-until you try it.

But there's still more to the new Pontiac

to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, the delivers phenomenal extra mileage—and does it on regular octane gas!

Come see why no other car can possibly be so new as the new Pontiac-three series - magnificent Bonneville, dramatic Star Chief and brilliant new Catalina.

2 Great New Engines

If you love action-you get the liveliest of wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the accent on economy, choose Pontiac's new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" ... and it uses regular octano fuel.
