

Herman Eats From Spoon As Doctors Are Encouraged

Herman Speisbach can now move every part of his entire body.
The two months of paralysis are over.
However, Herman is not yet conscious enough to be able to control his muscles. According to his physician, he is now on the borderline of coma.
Dr. Gabriel Llull even says that Herman is responding more to stimuli. He now turns his head when asked. He opens and closes his eyes on command. He moves his lips. He can eat out of a spoon.
But Dr. Llull is not yet optimistic.

UNHAPPY PARENTS — Mr. and Mrs. Herman Speisbach Jr. look over the bicycle that threw their son Herman to the pavement near the Grand Union store in Springfield. Mr. Speisbach says that he thinks the handbrake for the front wheel must have jammed throwing Herman over the handlebars. No one was present at the time. The family have the bicycle at their home at 194 Linden Avenue, but while Herman lingers in a two month coma, none of the other five children want to ride the bike.

"I don't dare hope," the doctor said yesterday.
"But I do feel there has been a slight encouraging improvement since last week," he admitted.

Herman's plight continued to touch the hearts of the residents of Springfield. Money poured in all week for the 18-year-old school boy who fell from his bicycle 54 days ago.

Residents sent \$638.15 into the Springfield SUN office and into collection boxes around the town this week. This brought the grand total to \$5,869.49.

Highlights of the last week included \$66.00 raised at the Regional-Somerville football game here by Herman's classmates and the continuing efforts of the Springfield Elks to place and collect money from canisters in the stores.

The Henshaw-Hawthorn Civic Association and its area pit aside controversy over the Shumpke sewer long enough to raise \$106.65. The Country Oaks Association voted \$25 to Herman.

Dr. Llull says that he and his associates still do not know how much brain damage has been done to the boy.

Dems: "Taxes Tripled" GOP: Boss "Bonadies"

Elephant Sez Flammer-Lucy Are Puppets

The Republican candidates "Art" Handville and "Ike" Freedman, in a statement released through Raymond R. Kravetz, their campaign chairman, charged their Democratic opponents "with being hand picked puppets of 'Boss Bonadies and being used by 'Boss' Bonadies in his drive to further his own political ambitions."

"The Democratic candidates have refused through the entire campaign to date to take a stand on any issue other than to act as the voice of 'Boss' Bonadies in his planned campaign of half-lies to attract votes," both Handville and Freedman claimed today.

The Democratic candidates for Township committee have refused in every instance to take a stand on the adoption of Council-Manager form of government, which is not surprising since their "Boss," Vincent J. Bonadies has taken no stand on the Charter question, an unusual feat of political fence straddling when one realizes that he is presently a member of the Township Committee.

The Republicans charged further that "Boss" Bonadies and his puppet candidates had attempted to make a "political football" out of the School Board. They have tried to tie the School Board, (an autonomous body elected by the people) to the Township Committee claiming that such control would be in the best interests of good government. "Boss" Bonadies not only wants to control the Township Committee by electing his hand picked men but he has designs on the School Board. "We refuse and are sure the people of this community will refuse to allow our schools and our children to become a political football for the purposes of the governmental

Jack Dunn To Spend Monday In Springfield

— Jack B. Dunn

Local Democrats will hold a "Jack Dunn Day" Monday, Oct. 20, when the candidate for Congress will spend the entire day in Springfield.

Dunn will be introduced to the town by Vincent J. Bonadies who is heading up arrangements for the day. According to Bonadies, Dunn will be at the General Greene Shopping Center at 10:30 in the morning to meet the general public and then attend a luncheon for business leaders at noon. His afternoon will be taken up visiting plants and neighborhoods.

The day will end with a coffee

Donkey Swears To Halt Town Tax Spiral

Township Committee Candidates Howard A. Flammer and Daniel M. Lucy last night told a Republican and Democratic Campaign Rally that their opponents use of the label "Big Lie" to irresponsibly defend Springfield's runaway taxes clearly shows the contempt they have for people concerned over spiraling tax costs here.

"Our opponents' shout that runaway taxes in Springfield is just a big lie and that the tax problem is ridiculous is an affront to the intelligence of our community," Flammer and Lucy said.

Flammer and Lucy asked their opponents: "Are you branding as a big lie Springfield's official tax record whose figures show municipal operating costs alone — not counting schools or county costs — nearly tripled from \$237,142.78 in 1951 to \$840,448.35 in 1958.

"Or, Flammer and Lucy asked, 'are you saying that the question to be asked by Springfield's I sague of Women Voters at their candidate's night is based on a big lie? This question asks the candidates: 'How do you propose to help curb the constantly rising tax costs for homemakers in Springfield?'"

"On perhaps," Flammer and Lucy continued, "you are pinning your big lie label on the people of Springfield when they raise their voices in despair over annual increases in taxes. Maybe it is the official township tax bills that show a never-ending climb in costs which you are stamping as just a big lie."
"The people of Springfield are fed up with your irresponsible defenses of spiraling tax costs," Flammer and Lucy declared, "and want action not words."
Will Improve Taxes
Flammer and Lucy renewed again their pledge to carry out a three-plan program aimed at bringing a halt to Springfield's spiraling tax problem through checks and balance.
The program includes: Immediate steps to provide an annual tax report giving complete tax information to every taxpayer and encouraging participation of taxpayers on all budget items involving huge expenditures; measures to prevent such giveaways of taxpayers' money as the Shumpke sewer which will account for more tax increases; and controlled planning in cooperation with builders to take the account of large scale development of private homes while more desirable rentals are developed to pay for necessary municipal needs.

Dance Set For Ike And Art On Oct. 30

Raymond R. Kravetz, campaign chairman for the Republican Party, announced today that a pre-Halloween dance was going to be held in honor of the Republican Candidates for Township Committee "Art" Handville and "Ike" Freedman on Thursday night, October 30, at Evergreen Lodge.

Kravetz advised that invitations were being mailed out to all of the residents of town to join in this spirited evening of fun and frolic — no charge with the dancing mood being provided by Cy Greene and his orchestra, featuring Lenore Greene as vocalist.

In addition to the dancing there will be prizes for all who attend as well as door prizes for many of the participants entering the Campaigner How Dance Contest. Both "Art" Handville and "Ike" Freedman as well as the other members of the Republican Township Committee will be on hand to greet the guests and help them celebrate in advance the victory they expect to win in the local election this November, so they anticipate that many Springfield residents, both Republicans and Democrats alike, will turn out and enjoy themselves.

Handville Says "Bayway" Is Dem Misquote

Frederick "Art" Handville, Republican candidate for Township Committee charged today that he had been deliberately misquoted in a statement released by the Democratic candidates last week for publication in the Springfield Sun.

Handville, in a statement released today, said "he had never urged residents of Springfield to move from here to Bayway if they didn't like the Township's tax rate and charged the Democrats with again using their pet method of truth — twisting to serve for votes."

"The Democrats are twisting the truth. They have consistently adhered to this type of half-lies before and are preparing now in a desperate last effort to win this election to do it again and again. It seems to be the regular pattern of Democratic practice and planning in this town," Handville asserted.

The Republican candidate stated today that the actual facts in the case will reveal his position that Springfield is a good town due to continuous Republican leadership and he was sure that all the town's residents had done a lot of looking around in other towns such as Bayway or Carteret before selecting Springfield for their home.

Handville went further to point out that the false quotes made by the Democratic candidates in light of the tremendous growth of this town over the past decade during which he (Handville) has served on the Township Committee and participated in all the legislation that has made this such a desirable community, would be sufficient unto itself to brand the entire article of last week as another in an interrupted series of Democratic lies.

The forum being conducted by the Springfield Chamber of Commerce at the Florence M. Gaudineer School will be at 8:15 p.m. Monday, October 20.

All residents and business men of Springfield are invited. There will be no admission charge for this service of the Chamber of Commerce to the community.

The principle speaker, Councilman Arthur Skeels of Livingston, will give first-hand information from personal experience and administration of the Council Manager Plan E form of government. Mr. Skeels is a former mayor of Kenilworth and has served as a township committee member under a form of government similar to that of Springfield, and is presently serving as a Councilman for Livingston under the Council Manager Plan E. This is the same plan which the voters of Springfield will be asked to vote on November 4, 1958.

The members of the present township committee are invited to participate. All the Springfield service clubs and civic associations are being invited to attend. Moderator for the evening will be Henry Grabarr, chairman of the Civic Committee of the Springfield Chamber of Commerce.

The Springfield Board of Education announced Tuesday night that special arrangements have been made with the Union County Board of Elections to provide for registration for the forthcoming school election.

On December 9, voters in Springfield will go to the polls and vote on a referendum to build a new school. In order to be eligible to vote, residents must have registered at the municipal building.

The last date to register for the special school referendum is Thursday, October 30, 1958. Absentee balloting will be permitted according to law at this referendum. Persons in military service may make application to

Charge Ike & Art Vacillate

Township Committee Candidates Howard A. Flammer and Daniel M. Lucy declared today that only a scorecard could identify the fast-moving political maneuvers of their opponents who have been both attacking and defending the township's ruling majority during their campaign.

In the latest twist, Flammer and Lucy noted, "our opponents have just announced their defense of 100 years of progress even including the last seven years when municipal taxes here have nearly tripled."

"This took some fast juggling," Flammer and Lucy pointed out, "since early in the campaign their opponents called for an end to the present form of government. They even promised, Flammer and Lucy recalled, to list in full detail their specific criticisms of the governing body."

Civil Defense To Drill Next Thurs.

There will be a local Civil Defense Drill which will coincide with other similar drills to take place throughout the state on Thursday, October 23, at about 7:00 p.m.

This drill will not require general public participation as it is intended mainly for civil defense personnel. The conventional alert signal of steady three minute blasts of the sirens will indicate the start of the drill.

The drill will center around some simulated incidents which will take place at various points in town. Such incidents may necessitate closing off certain roads and a consequent detouring of traffic during the course of the drill. An emergency hospital will also be set up at some central point to take care of the injured. The conclusion of the drill will be signaled by a steady one minute blast of the sirens.

Following the drill all civil defense personnel will assemble in the cafeteria of the Florence M. Gaudineer School for an evaluation. Coffee and doughnuts will be served.

Over Half of U. S. Live Under Council-Manager Plan

This is the sixth in a series of articles submitted by the Springfield Organization for Charter Study.

A township manager for Springfield is a new concept. The manager system is by no means unique since approximately 69% of the U.S. population is under the benefits from the professional guidance of a trained manager.

A manager will not turn our town into a Utopia. He is not a superman nor does he have a crystal ball. He will, however, bring to us the knowledge accumulated in years of college and post-graduate work in addition to years of internship, working with successful managers. He will bring us methods and ideas that though new to us, will have been tested, retested and improved upon innumerable times in over 1,600 American communities. He will bring to us an efficiency that can only come from a full time professionally trained person. Managers, above all, have their professional reputation to maintain. They are members of national organizations and their work is closely followed in the professional publications, their successes as well as their failures, their innovations as well as their blunders. The reputation of the manager is not only open to public scrutiny but to the criticism of his fellow professionals as well. The manager will not solve our

Howard & Dan Berate GOP For Storm Sewer

Township Committee Candidates Howard A. Flammer and Daniel M. Lucy declared today that the people of Springfield will have 15 long years to remember the \$30,000 Shumpke sewer ordinance which the governing body majority here rammed through last week over the protests of objectors.

"That's how long Springfield taxpayers must continue to pay for this sewer," Flammer and Lucy said, "a project whose prime beneficiary is the housing developers, Nathan and Isadore Sherman, brothers of Springfield Township Attorney Max Sherman. Flammer and Lucy added: The increased costs to Springfield taxpayers will serve as a constant reminder as to just whose interests were protected when our governing body majority voted 4-1 to pay the major share of this sewer that means huge profits for the builders and higher taxes for the people of Springfield."

"Our opponents in the November 4 governing body election would like to forget this issue, now that their vote and support has

An Important Message from Howard A. Flammer & Daniel M. Lucy

WANTED! THE TRUTH THEY WILL NOT FACE!

1. RUNAWAY TAXES —Our opponents call Springfield's serious tax problem 'ridiculous and just a Big Lie.' They claim this problem doesn't exist.

THE TRUTH —Springfield's municipal tax costs ALONE have nearly tripled from \$287,142.48 in 1951 to \$840,448.35 in 1958. *Is this a Big Lie?*

MORE TRUTH —Springfield's taxes are one of the highest in Union County, surpassing many other communities faced with the same growing pains experienced here. These other communities have positive-action tax relief programs — Springfield doesn't! *Is this a Big Lie?*

MORE TRUTH —Springfield's League of Women Voters have asked all candidates for the governing body here: "How do you propose to help curb the constantly rising tax costs for homeowners in Springfield?" *Is their question based on a Big Lie?*

2. THE SHUNPIKE SEWER —Our opponents supported the governing body majority 4-1 vote that will use taxpayers' monies to pay the major share of a \$130,000 storm sewer, whose prime beneficiary will be the developer of private homes, Nathan and Isadore Sherman, brothers of Township Attorney Max Sherman. Our opponents said *its what the people want.*

THE TRUTH —Springfield taxpayers must pay for this sewer with more tax increases for the next 15 years. *Is this what the people want?*

MORE TRUTH —The homeowners of Henshaw Avenue, who supposedly would benefit from the sewer turned out en masse to oppose the sewer as not necessary. *Is this what these people want?*

3. THE TAX REEVALUATION MESS — Springfield became one of the first communities to adopt the tax reevaluation program, while most other communities are still waiting for more favorable changes in the law. Our opponents contemptuously said Springfield should have adopted this program sooner.

THE TRUTH —More than 1,000 tax appeals have resulted from the governing body's panic-adoption of the tax reassessment program which was rammed through loaded with errors at the expense of taxpayers to hide a 13-percent increase in municipal costs and cover up a tax rate approaching \$12 per \$100 assessment. *Should this program have been adopted even sooner?*

MORE TRUTH —The people of Springfield were told that most taxes under the reassessment would remain the same, with perhaps just a few going slightly up or down. Instead, there have been 1,000 appeals of higher taxes and more coming. *Should this program have been adopted even sooner?*

MORE TRUTH —Tax exemptions granted veterans and other similar classifications have today lost their significance because of the rush in Springfield to adopt the reassessment law. *Should this program have been adopted even sooner?*

The missionaries, whose round-trip expenses are being paid by their home congregations, will preach in 19 Presbyterian churches in the far north. The men will also visit in the homes of Alaskan church members and conduct training sessions in evangelistic visiting for laymen.

The United Presbyterian mission program in Alaska began 80 years ago by pioneer missionary Sheldon Jackson, now includes aid to 120 churches, preaching stations, and other projects. The mission in Alaska includes such varied programs as the 150-student Sheldon Jackson Junior College and radio station KSEW in Sitka; a children's home in Haines; programs for servicemen's families living in Anchorage and Big Delta; a hospital house in Fairbanks for teen-age Eskimo girls, and missions in remote areas via air plane, station wagon, and motorship.

Don Booker Nears Merit Scholarship

Don Booker of 16 Kew drive, Springfield and Priscilla Pratt of Berkeley Heights have been named semifinalists in the 1958-59 National Merit Scholarship competition, according to Dr. R. T. Jacobsen, principal of Jonathan Dayton Regional High School.

The local students are among 10,000 of the highest scorers on the National Merit Scholarship Qualifying Test, the nationwide test of educational development given to over 14,000 high schools on April 29.

The semifinalists named today outscored over 479,000 classmates, and thus moved a step closer to an estimated \$5 million in Merit Scholarships to be awarded in the 1958-59 program. The group of 10,000 semifinalists is composed of the highest scorers in each state, prorated according to state population.

A gift shop will open in Springfield Monday designed around the colonial charm for which the town is known.

The Country House at 785 Mountain avenue, will open its quaint doors to buyers of gifts and greeting cards at 10 a. m. with coffee for all comers.

Mrs. Mary Lutz of 92 Edgewood avenue, Springfield, and Mrs. Margaret Fulshaw of Arlington, N. J., are the partners who are starting the gift shop. They have completely redecorated the inside of an old home on Mountain avenue between Tabs Shopping Center and Lee Manor apartments. Elmer Walker, landlord, has renovated the outside of the building into a barn red with white trim cottage.

Mrs. Fulshaw and Mrs. Lutz are sisters-in-law, the former has been an artist with Norcross Cards for years. Mrs. Fulshaw's husband, Don, has done most of the interior decoration. He is with DCA Victor Records. Mr. Lutz owns his own plastic moulding firm. They will be assisted by Mrs. Doris Gerber of Scotch Plains.

The Country House will feature jewelry, house gifts, children's gifts, party supplies and greeting cards. Already in stock is a large display of unique Christmas cards.

The following will work on the retail merchants division: Charles Quinzel, John Schable, William Seal and Jay Longfield.

Mr. Melick stated that the goal for the Boy Scout drive would be \$4,200. The largest amount previously raised was \$2,750. He pointed out that this increase was necessitated by the ever increasing number of Scouts in the Union Council. In the Boy Scout membership alone a 26% increase has been registered since the same time last year. He further pointed out that this increase was also necessary because of the tremendous expansion and use of Camp Winnebago, Union Council's Training Reservation. Mr. Melick stated that there was no charge on week-ends for the use of this camp by the Scouts and that from 100 to 500 boys camped there every week-end and that the Northern-District had an increase of 20% in its boys who used the camp during the summer.

Dunn, who is running for elective office for the first time, is a Westfield resident who says he is a liberal in all respects except economics. On money matters, Dunn claims, he is interested above all in balancing the budget.

Colonel Dunn is a reserve military government officer and served on Gen. Douglas MacArthur's staff in the Pacific Area in World War II.

Born in Baltimore in 1912, where his family is in the Social Register, he has lived for ten years in Westfield with his wife Jean, and three daughters, Jean Cornelia, 19, Lucinda, 14 and Abigail, 10.

He is no better than the five councilmen, who appoint him to be. His ultimate service to the community depends entirely upon how wisely our five elected councilmen make their choice.

Township policy would be prescribed by the Town Council through their legislative function. The Township Manager would have the duty and responsibility for performance of the indicated policy by the various departments leading his professional, specialized administrative training and experience to the township and respective jobs. He would coordinate their activities, gather and furnish data and information for and to the Town Council.

"Howard A. Plummer, the second half of the 'Mc Too Twins' is a candidate unable to speak out on the subject of township government despite the fact that he was the original chairman of the Charter Study Group that spearheaded the Township Charter movement.

"How," Freedman and Handville asked, "can either of these two men on the Democratic ticket expect to accomplish the more complex duties involved in town government when they lack not only ability, but the political courage to strike the 'gag' that their boss, Mr. Bonadies, has imposed on their views and speech?"

Handville and Freedman, in conclusion, urged the voters of Springfield to remember that it was the Republican administra-

tion that brought a Decade of Progress to Springfield and in the few remaining weeks before election day, urged them to "hear the truth, not the half-truths, Democratic style but the whole truth, Republican style."

Lorrie Lewis

It was a big day on October 1 for Billy Jensen when he celebrated his 8th birthday. Billy and his friends attended a movie followed by refreshments. He is the son of Mr. and Mrs. Harold Jensen of 28 Kew Drive.

Date of Marcia London's 10th birthday was October 4. Marcia, daughter of Mr. and Mrs. Gerald London of 3 Kipling Ave., made a charming hostess at a luncheon-birthday party.

Definitely on the light side is this story about Sylvia and Joe

Bender of 21 Ann Place. When the Benders visited Denmark this past July, they ordered several chairs and a table for their home. As the weeks went by they eagerly anticipated delivery of this furniture. Then they were notified that delivery would be made one day last week. The great day arrived, the crates arrived, and Joe Bender arrived armed with all the tools needed for opening the crates. But lo, and behold! Within these bulky crates there was nary a stick of furniture. The Benders had received 293 pounds of safety goggles (earmarked for Saudi Arabia and not for Springfield, N. J.).

This story has a happy ending. The furniture was located in Philadelphia and delivered in safe condition. The question remains as to whether the safety goggles reached their appointed destination.

Mr. and Mrs. Lewis Molton of 43 Linden Ave. announce the birth of their son, Daryl Spencer, on Sept. 26 at Overlook Hospital weighing 7 lbs. 15 oz. The Moltons have another son, Richard, age 3 years.

His 4th birthday on October 9 found Ronald Silverman puffing out the birthday candles at a party attended by his neighborhood friends. Ronald is the son of Mr. and Mrs. Jack Silverman of 28 Christy Lane.

Among our newer residents are Mr. and Mrs. R. Daeschler of 272 Short Hills Ave. The Daeschlers moved here from Short Hills with their three children—Lynn age 7 years, Jack age 5 years, and Ann age 4 years.

Mr. and Mrs. Paul Miller, formerly of Elizabeth, now list 23 Shelley Road as their address. Their son, Michael, is 14 months old. Mr. Miller is in the insurance business.

Former Newarkers Mr. and Mrs. Frank Thomas have moved into their home at 82 Battle Hill Ave. The Thomases have a 6 year old daughter, Caroline.

Reggazzis Have Son Mr. and Mrs. John B. Reggazzi of Watertown, N. Y., formerly of Springfield, announce the arrival of a son, Paul Thomas.

Mrs. Reggazzi is the daughter of Mr. and Mrs. E. T. Smith and granddaughter of Mrs. Helen Seib of Linden Avenue, Springfield. They have two other children, Mary Ellen, and John Robert, both born in Springfield.

Leas Vegas Stay Mr. and Mrs. Bernard Budish of 51 Sherwood road have been visiting in Las Vegas, Nev. The couple were at the Riviera Hotel on Oct. 9.

MEET IN LAS VEGAS—Mr. and Mrs. Bernard Budish of 51 Sherwood Road, relax at poolside of the Riviera Hotel in Las Vegas at the 4th annual convention of the American Auto Laundry Association. With the Budishes is Connie Wright (left), a member of the road company of the I.A.I. Abner.

300 Teeners Crowd Driver-Ed Course

The number of teachers for the driver education program at the Jonathan Dayton Regional High School has been increased to six to accommodate the more than 300 students who have registered for the course. Teaching "driver ed" this year will be Mrs. Beatrice Confort, Joseph Mills, Peter Scoeca, Robert Lummer, Herbert Palmer and Michael Suchna. When the program first got underway five years ago, two instructors and one car were sufficient. Since then, however, enrollment for the course has doubled, necessitating the addition of teaching personnel and the purchase of two more cars by the Board of Education, and earning for Regional the Safety Award of the New Jersey Safety Council.

ROBERT OLDEHOFF—of Plainfield—is now teaching math to the 7th and 8th graders at Gaudineer School. He received both his B.A. and M.A. degrees at Montclair State Teachers College and has 6 years teaching experience.

"Brother—they ought to put that one in jail!"

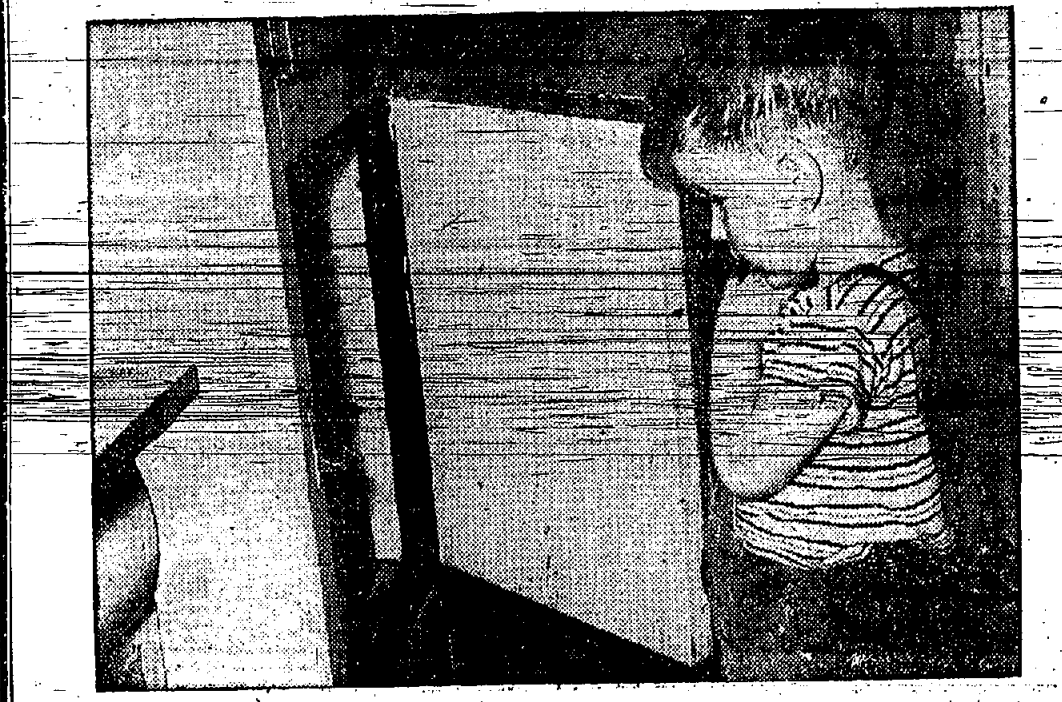

Why all the carelessness, the bad manners, the outright breaking of the law that this gas station owner sees every day?
Because someone is in a hurry? Because someone loses his head and tries to return a discourtesy? Because someone is just not-thinking?

These are pretty silly reasons for flirting with death. Last year nearly 40,000 men, women and children died in traffic accidents. Many of them were killed by good drivers who for one moment drove recklessly. And one moment can mean the difference between life and death.

Help stop senseless killing on our highways. **Drive safely** yourself.
Insist on strict law enforcement for your own protection.
Work actively with others to **support your local Safety Council**.
Remember—where traffic laws are strictly enforced, deaths go down.

P.T.A. NEWS

The morning session included Mrs. Durand Taylor, noted lecturer, writer and official UN observer. Mrs. Taylor pointed out that education for better understanding is more effective than laws and force trying to win respect of the people in other countries. She emphasized that we, as Americans, need to turn our attention to self-analysis of our ideals and actions in trying to get the people of other countries to see things our way. Mrs. Taylor related stories of experiences when she was in Europe on tours of inspection for the N. J. Congress of P.T.A.'s to make surveys of the needs where P.T.A. packages and gifts were being sent through CARE.

UNESCO, UNICEF, and other agencies of the UN. She urged that all P.T.A. people should make it their jobs to alert the public as to what is going on at the UN and our own government in relation to American Foreign Policies.

The afternoon session included a talk by Miss Marilyn Kiss, who is on the faculty of the Gaudineer school. The "Experiment of International Living" was explained by Miss Kiss, who as a college student, lived with a family in Switzerland for one summer. She also showed slides telling of her experiences.

An Executive Committee meeting for all officers and Committee Chairmen of the Florence M. Gaudineer school was held on Monday evening, October 13th at 8:15 in the Teachers Room. Mrs. J. Frank Jakobsen, president, asked all chairmen to give committee reports.

LETTERS TO EDITOR

Dear Sirs:
 Responding with great interest to your appeal in your Thursday's edition for funds-helping the unfortunate Herman boy, we enclose our check for \$5.00 as our contribution.
 The appeal in your paper was heartwarming and the plea of the sad Herman family in asking "Pray for Herman" should sink deep in our conscience.
 I know what it means to be compelled to submit to an uncertain fate-but the wise Providence will find a way.
 Respectfully yours,
 Mr. and Mrs. R. W. Semrad
 6 Wabeno Avenue
 Springfield

In a small town.
 So you pick up the Springfield Sun and are almost surprised to see that the principal headline is about a boy named Herman, and the story is about the unselfish efforts of townspeople, many strangers to each other, and their vigorous campaign to help him in his fight for survival. Suddenly all of the other campaigns, and topics of self-interest fade into their rightful position. Just as suddenly, Republicans and Democrats, Gentiles and Jews are united in a real humanitarian effort. The commendable position and deep concern taken by your newspaper in this matter is worthy of a standing ovation. We appreciate your proportionate sense of human values in a time when many vital issues-face our daily existence. We fully agree, that one little boy's life is more important than all the political campaigns rolled into one.
 Keep up the fine work - Mr. and Mrs. Marlyn H. Strauss

Dear Sir:
 With all the local interest naturally focused on heated political scraps, storms sewers, proposed changes in our form of local government Route 22 and other vital issues, you'd think that a weekly newspaper has enough front page material for many months to come. All of these topics are really important.

Williams Looks To Union Co. For Win

Harrison A. Williams, campaigning this week in his home county, expressed a hope that Union County would give an even greater majority for the Senate than the big one with which it returned him to Congress in 1954.

The Democratic senatorial nominee, a resident of Westfield, recalled that in 1933 he became the first Democrat in history to represent the Sixth Congressional District (Union County) when he won by 2,075 votes. The next year he was re-elected by 21,620.

"I devoted five years in the House of Representatives to the interests of all the people of Union County, regardless of political persuasion," Williams said. "I hope to have the opportunity in the Senate of providing the same impartial service to all of New Jersey."

Propose Little League Stadium

At the first annual meeting of the Springfield Junior Baseball Leagues, the following were elected to the Board of Directors: Director of Business Administration, Frank Haydu; Director of Youth League Activities, William Wood; Director of Babe Ruth League, Jack Brink; League Secretary, William Buckalew; League Treasurer, Bruno Becker; Equipment Manager, John Elsworth; Manager of Public Relations, Harry Platt.

Bob Wittich was appointed General Manager of the Youth League Minor Division, and Murray Mitroff was selected as General Manager of the Babe Ruth Minor League.

A committee was appointed to investigate the possibility of the Township allowing the League to use Township properties on which to build a Little League Stadium. The Youth League proposed to underwrite all expenses for this project with no cost to the taxpayers.

The next meeting will be held on October 23 at the Veterans Hall on Morrison road. Each member was requested to invite other people to attend the meeting so as to insure ample help with the program planned for the 1959 season. Anyone interested is invited.

<p>AUTO BODY WORK</p> <p>ELERY - (118 Morris Ave., near of Chrysler-Plymouth agency, Springfield.) When your rear end is out of shape look for: (1) a firm with the necessary fancy equipment, (2) a firm with the know-how of experience, and (3) a firm with the integrity to do the best job at the lowest rate. On all 3 counts, the SUN recommends Elery Auto Body Shop.</p>	<p>HOME IMPROVEMENTS</p> <p>CHANNEL LUMBER CO. - (Route 22, Springfield, DRexel 6-6000) Channel, change, accurate system makes it possible to buy anything under the sun (or so advertised in the SUN) and take 18 months to pay for it. This, of course, includes lumber, home improvements, household painting, hardware, and so on. A service to the community is Channel's standing offer to loan extra chairs for card parties, club meetings, etc., absolutely free of charge.</p>	<p>RESTAURANTS</p> <p>SIP & SUD DRIVE-IN RESTAURANT - (Corner of Morris Avenue and Springfield Avenue, Springfield, DRexel 6-2000) If you're one of a vanishing race of restaurant-goers who will still tinker out of your car and eat indoors, "Sip & Sud" is a most modern dining place after a big day's driving. However, you'll get the same good food by simply staying in your car and let the girls run the food out to you. Either way the food is what makes scopping here a treat.</p>
<p>FLOOR COVERINGS</p> <p>LINOLEUM & CARPET FACTORY OUTLET - (Route 22, Springfield, DRexel 6-3200) Mel Hertz Industries, tile and broadloom importers sports a vast range of floor coverings at low budget prices. Almost all of the nation's leading manufacturers are represented on the big display floors. The Outlet, in particular, is respected for the quality of its installations.</p>	<p>INSURANCE & REAL ESTATE</p> <p>BUNNELL BROS. - (8 Fiemer Ave., Springfield, DRexel 6-2400) Springfield without the Bunbells would be like Boston without the Cabots, Robert and Richard Bunnell have been writing insurance of all kinds in town since 1918. Their big friendly office is in the bank building near all that big friendly money. Their advice on insurance matters, though, is a good deal more than friendly; their years of experience show it in the soundness of their advice.</p>	<p>TONY'S PIZZERIA - (Mountain and Fiemer Avenues, opposite Regional High School, Springfield, DRexel 6-9172) There's an old saying that a pizza pie is what you eat when you're really, really, really hungry. Tony's certainly makes them more than usually good. His hand with the spices is sure and his experience with flaky crusts is considerable. If you want to take one home, call in advance and pick it up hot. Better order several while you're at it.</p>
<p>FOOD MARKETS</p> <p>SPRINGFIELD MARKET - (273 Morris Ave., Springfield, DRexel 6-0431) If you're an apartment mother or just a mother expecting good service, these boys take phone orders and deliver free of charge. Jim Funcheon and Lee Schulman have only top quality foods at prices that can't be matched anywhere.</p>	<p>LUMBER & SUPPLIES</p> <p>COLUMBIA (Maple Ave., Springfield, DRexel 6-5050) Don't breathe this to a soul, but readers of this sentence only can buy \$8.50 gallons of Super Kem-tone paint here for \$4.95. This offer is not advertised any place else and you'll have to mention that you read about it in the Guidebook. The whole kaleidoscope range of colors are available. While you're there, you might look at the Pella-Wood folding doors - they're beautiful.</p>	<p>TV SERVICE</p> <p>A. & A. WY. - (2708 Morris Ave., Union, 1/2 mile from Springfield, MURdock 9-5800) Al Jones has been in TV since 1930 when it was considered a laugh. Jones kept a strict book, though, and by seriously keeping abreast of the electronic world has made available to Springfield a shop that is top in its field. Five day service, and guarantees on all work are the other reasons why people phone A. & A.</p>
<p>GARDEN SUPPLIES</p> <p>CARDINAL NURSERIES - (272 Milltown Road, Springfield, DRexel 6-0440) Ed Cardinal does a first class job on servicing lawn mowers of every kind. This time of year is a good one to see about having blades sharpened and motors cleaned and lubricated. Cardinal is the authorized sales and service agency for Briggs, Stratton, Lawson, Gilson, Lawnboy, Eclipse, Jacobson, Toro and a whole slew of others. Also stocked are a large selection of motor parts for the do-it-yourself fan.</p>	<p>LIGHT FIXTURES</p> <p>MODERN LIGHTING (615 Morris Avenue, opposite Terry Dempsey's, Springfield) - Motorists can't help being fascinated by the dazzling display of fixtures that glow upon the rather dreary live corner. Joe Hockaday has huge tempting samples of his fixtures in the window. Inside you'll find the variety even greater, from vivid radical modern to elegant stately provincial.</p>	<p>WALTERS INN - (265 Morris Ave., opposite Millburn Ave., Springfield) The oft heard comment about the pizza pie being too big to eat must have originated here where the pizzas come like size in both diameter and seasoning. The like splitting a pizza among everybody at the table and ordering individual portions of their delicious sausage, ham, and real and peppers. You sure know you're dined out after that.</p>
<p>HI FI & SOUND</p> <p>STEREO SOUND CORP. - (173 Mountain Ave., Springfield, DRexel 9-4547) Your two ears play an important part in listening to sound. The story of high fidelity sound reproduction is largely an effort to add another ear to the traditional one eared speakers. This development, called stereophonic sound, is available for home listeners as well as the Radio City Music Hall. This firm can set you up with either dual recorded tape sound systems or AM-PA radio musical sound.</p>	<p>RESTAURANTS</p> <p>CHINA SKY - (Springfield Shopping Center, DRexel 6-5010) Here's a random sampling from the menu showing that there's practically everything under the China Sky. 7 pounds, 8 ounces of Sacred Trust

If you have youngsters of your own, then this picture must call up wonderful memories. How happy, how proud you were of the new baby. Proud, happy, and grateful, too. For no one had to tell either of you that your child was a sacred trust . . . that his or her happiness depended in large measure upon the way you measured up as a parent.

Today, you know better than ever how true

that is. It's your children look to for all things . . . for love, for learning, for fun . . . and, above all, for the good example to follow in life.

That's quite a responsibility. But, thanks to God, not a lonely one. For God blessed you with children, knows you need His constant help to raise them wisely — and that help is yours for the asking. Worship together, at your Church or Synagogue, every week.

Temple Beth Ahm Ready To Campaign For New Synagogue

Plans for the construction of a \$350,000 Synagogue Center were announced by Milton Kappstatter, President of Temple Beth Ahm. Percival Goodman, the noted Synagogue architect, has been retained and the Fund Campaign will be launched at a rally on Saturday, October 25th.

The new structure which will rise on the present site on Balmorol Way, will feature a large Sanctuary building, seating 350 congregants for the weekly Services and opening to a Social Hall for the High Holy Days, which will seat approximately 120 people. The Social Hall will also permit stage and lecture presentations for 900 and dining facilities for 350 people. A large school building will include ten classrooms and nursery school facilities. Also included will be a library—Chapel, Youth Lounge, Board Room, Rabbi's office, etc.

Percival Goodman is perhaps the leading Synagogue architect in the country. He is noted for structures in various parts of the United States. Associated with Mr. Goodman, in his project, is S. James Goldstein of East Orange. Mr. Goodman's most famous creation, perhaps, was the Congregation Beth-El in Springfield, Massachusetts. He is also responsible for the Congregation B'nai Israel in Millburn, New Jersey and the Temple Mishkan Tefila in Chestnut Hill, Massachusetts, among many others.

Mr. Kappstatter also revealed that the gifts to the Temple would be made in the form of Memorials and Honorials. Congregants will be asked to create a particular portion of the structure in their family name, or to honor loved ones who have passed on. In making the announcement, Mr. Kappstatter declared: "The decision to build a proper Sanctuary to add dignity to our Services, and an enlarged school and Youth Center in our new Temple, has not been made without careful thought and consideration, and I am confident that if we join our forces, we will accomplish our purpose without strain. It is our mutual belief that we cannot turn away from the duties and privileges of service to our children, to our teen-agers, to those whose advancing years are upon them, to the community and to our God. Let us proceed with confidence. Let us make this a campaign of reverence and devotion."

Temple Beth Ahm was founded in 1951 when 28 dedicated Jews organized a social group which was called the Jewish Community Center of Springfield. The first

meetings were held in the American Legion Hall on a Hi-Neighbor basis. In 1952 they started religious education classes under the auspices of the Jewish Community Council. In 1953 they met at the Presbyterian Church, where facilities of the Parish House were put at their disposal. Early in 1954, the congregation purchased the nearly five acres of ground upon which the present building now stands. At this time the membership was about 120 families. Ardent workers of the congregation spent their week-ends repairing and refurbishing the present building.

Temple Beth Ahm went on a professional basis when Rabbi Reuben Levine was hired as the spiritual leader of the congregation. Today, the membership has grown to more than 385 families, and the Temple is continuing to expand, both in numbers and in services to the congregation and the community.

Mr. Kappstatter expressed the strong hope that the start of an actual building would begin in the early spring. He also expressed the hope that all members of the congregation and their friends be present at the October 25th "kick-off" Rally.

Mrs. Dwyer States Her 2 Yr. Record

Rep. Florence P. Dwyer of Elizabeth, Republican candidate for re-election, today cited her record in Congress and said she has represented the people of Union County full-time and all the time.

She said voted for adequate appropriations for the armed services, opposed defense spending slashes and introduced legislation to establish a foreign service academy to train young men and women for peace.

In addition, she said, she helped establish a system of appointments to service academies based on merit and ability of applicants, backed the reciprocal trade program and joined in studies of weaknesses in operation of foreign aid.

Anti-Recession Efforts
To help fight the recession and prevent inflation, the congresswoman said, she urged reduction in excise taxes on transportation, introduced a bill to extend unemployment compensation and worked to defeat farm bills which would have raised price supports.

She added that she also sponsored legislation to ease the tax burden on small business, voted against a proposed new one hundred million dollar House of Representatives office building because she felt it was not needed and supported methods of curbing inflation.

To protect the interest of individuals, Mrs. Dwyer said she fought for legislation prohibiting distribution of obscene materials, voted for improvements in veterans' programs, supported legislation to ease immigration hardships, asked for improved educational facilities and sponsored bills to permit tax deductions for expenses of caring for children while parents are at work.

Backed Civil Rights
Also, she said, she supported civil rights issues, fought for full appropriations for health and welfare, supported slum clearance and urban renewal programs and supported a special program to help the aged obtain suitable housing.

Mrs. Dwyer declared she helped the citizens of Union County, regardless of their political affiliation, by helping clear red tape in immigration cases, passport applications and veterans problems.

In addition, she said, she testified at hearings on the advisability of dredging and widening the Arthur Kill and Kill Van Kull and cooperated with municipal, county and state officials to assure best services from the federal government.

Maintained Office Here
Mrs. Dwyer said she has maintained a district office in Elizabeth and held office hours in other county communities.

She also has issued a weekly newsletter and annual questionnaire as a means of keeping constituents informed, she said.

Mrs. Dwyer was ranking minority member of the intergovernmental relations subcommittee and member of the subcommittee on general government activities, committee on government operations and committee on veterans affairs.

On Sunday, October 26, at the 11:00 a.m. service of the Springfield Methodist Church, Rev. Mr. Armstrong will speak on the subject of "Christianity in Russia."

Rev. Armstrong, in his capacity as Deputational Secretary of the world operations of the Voice of Tangier has just returned from an extensive trip through Czechoslovakia, Poland, Hungary and Russia. While there, Mr. Armstrong interviewed high officials on Russia, church leaders and individual people in many walks of life. He will tell of these first hand experiences while in Russia and other Iron Curtain countries.

FOR BETTER HEALTH PROTECTION IN OUR COMMUNITIES

Construction crews pour concrete for a new 9-story wing addition to Overlook Hospital.

\$3.6 Million Construction Program For a New Overlook Hospital Well Under Way

A Hospital Comes of Age

Since 1906, Overlook has grown from a 30-bed hospital to 250 beds. It now provides many of the services and facilities of a medical center. Originally designed to meet the health needs of Summit residents only, Overlook now serves — in addition to Summit — the communities of Berkeley Heights, Chatham Boro, Chatham Township, Cranford, Florham Park, Madison Boro, Millburn, Mountainside, New Providence, Scotch Plains, Short Hills, Springfield, Union, and Westfield as well as individual patients from other parts of New Jersey and outside the state.

Present Facilities are Over-taxed

Despite Overlook's impressive growth, however, population increases and the public's tendency to make greater use of hospitals for all types of treatment have, in recent years taxed the facilities of our hospital to the utmost — and beyond.

In less than a decade, patient admissions to Overlook have doubled — jumping from 5,632 in 1950 to 11,316 this year. Since the fall of 1957, occupancy of the hospital has far exceeded that recommended by the American Hospital Association.

During present periods of high occupancy, the admission of non-emergency patients has, on a number of occasions, had to be delayed for as much as several weeks before suitable bed accommodations have become available.

For Better Health Protection

To meet the now pressing need for expan-

sion and improvement, the Trustees of Overlook — with the aid of leading hospital consultants, federal and state health authorities have mapped out a multi-phase Master Development Program — a program designed to provide the citizens of this area with the finest, most modern facilities for health care.

The Development Program — Current Phase

As a result of a thorough study made of the hospital and its service area by the firm of James H. Ritchie and Associates of Boston, hospital consultants, the following major objectives have been established as a part of the Current Phase of Overlook's Master Development Program:

- (1) Construction of a 9-story wing — equipped and furnished — to bring the capacity of the hospital up to 310 beds.
- (2) A new maternity section with the addition of a new delivery suite.
- (3) New kitchen and dietary facilities matching the demands of Overlook's greatly increased patient load.
- (4) The new building is to be a thoroughly modern, air-conditioned structure worthy of the communities it will serve.

To Meet the Need

The estimated total cost to complete the Current Phase of the hospital's Master Development Program is \$3,640,593. The hospital now has on hand, toward this amount, a sum of \$2,016,868. The needed balance, yet to be attained is \$1,623,725.

To meet this urgently needed amount of

\$1,623,725, the hospital must continue its fund campaign among business, industry and all citizens in Summit and the surrounding communities.

Only through the enthusiastic and continued generous support of all citizens and groups in this area can this program succeed and the assurance, thereby, be provided that our hospital will continue to make available the very best possible health care.

Contributions to Overlook may be made in the form of cash, securities, or property. Also, various rooms, sections, and other departments of the hospital may be specially designated by individuals or companies as commemorative or memorial units.

Gifts to Overlook are deductible for income tax purposes to the full extent of the law. (For further information about tax savings, please call Overlook Hospital, Development Office. The telephone number is CRest-view 3-0777.)

Remember — Overlook is a voluntary, non-profit, general hospital serving all who come to its doors regardless of race, creed, color, or the ability to pay. It has passed the tests of all the principal accrediting agencies. It has the support of one of the finest organizations of volunteer workers in the country. Directed by a Board of 43 Trustees made up of representative citizens of this area — men and women who serve without compensation — Overlook is worthy of your confidence and support.

 "Mr. Handville's do-nothing record in nine years in office has indeed remained consistent. His vote could have helped defeat this giveaway of taxpayers' money to use taxpayers' money to fund sewer project, all they had to do was to look at words of United States Supreme Court Justice Brennan.

years of progress. The three-hour protest, voiced by the people in vain over the Shunpike sewer will be remembered much longer than 20 years.

Show Court Backing
 Flammer and Lucy declared if the governing body majority merely wanted legal precedent for retaining the bid of the developers to use taxpayers' money to fund sewer project, all they had to do was to look at words of United States Supreme Court Justice Brennan.

In a similar 1956 case in New Jersey, Flammer and Lucy pointed out, Judge Brennan, then a member of the New Jersey Supreme Court, ruled that a building developer should pay for a sewer in a project in which he would reap the profits.

In his decision, Judge Brennan declared: "No reason suggests itself why, in justice, the economic costs incident to the expulsion of surface waters in the transformation of the rural or semi-rural areas of our State into urban or suburban communities should be borne in every case by adjoining landowners rather than by those who engage in such projects for profit. Social progress and the common well-being are in actuality better served by a just and right balancing of the competing interests, according to the general principles of fairness and common sense which attend the application of the rule of reason."

Goblins To Take Money For UNICEF

The trick is to treat Mayor Albert G. Binder signed an official proclamation today, declaring October 31, as UNICEF Day, and urging all citizens of Springfield to cooperate to their fullest extent with the UNICEF goblins and ghouls who will be sharing their Halloween fun with sick and hungry children the world over.

Last year, over 2 million American youngsters in 8,500 communities aided this program. They shared their Halloween fun by tricking and treating for UNICEF.

This year, for the first time, Springfield will have the chance to participate on a town-wide basis in this "halloween with a heart."

Serving as the UNICEF committee at the present time are the International Relations chairmen of the PTAs and Representatives of the Presbyterian, Methodist, Antioch Baptist and Holy Cross Lutheran Churches, Temple BeBeth Ahm, Temple Sharey Shalom, the Women's Club, the League of Women Voters, and the Women's Christian Temperance Union.

Others interested in promoting the program may contact Mrs. D. Sagasser at DR 6-1339.

New Men's Club To Hear 1st Speaker

Colonel Charles W. Kappes, Jr. will be the guest speaker at the first meeting of The Men of St. Stephen's, the newly-organized men's club of St. Stephen's Church of Millburn, to be held at the William Pitt in Chatham on Thursday evening, October 23, at 7:30.

After a brief organization meeting following dinner, he will give a first-hand report on the General Convention of the Episcopal Church in Miami Beach from which he will have just returned.

The purpose of The Men of St. Stephen's is to bring the men of the parish into closer fellowship. Three meetings are planned during the year with prominent speakers like Colonel Kappes.

The steering committee of the group are: Dr. Richard B. Worth, Fred W. Krumbholz, and the Rector of St. Stephen's, the Rev. James Elliott Lindsley. Frank Madison is in charge of tickets.

Dr. Eckle At Lens Institute

Dr. Leonard Eckle of Springfield attended a two-day post-graduate Contact Lens Institute, jointly sponsored by the New Jersey Optometric Association and the Pennsylvania Optometric Association, at the Pennsylvania State College of Optometry.

The institute emphasized recent advances in contact lens practice.

Contact lenses are wafer-thin plastic discs about as large as the end of a cigarette which are worn in contact with the eye. The type especially suited as replacements for conventional eyeglasses for persons who require heavy lenses for persons who have had cataract operations and people in public life and the entertainment field.

Dr. Eckle returned to his office on Tuesday, October 14.

Regional Wins Safety Honors

For the first year, Jonathan Dayton Regional High School has received a certificate of Exceptional Merit and was placed on the National School Safety Honor roll of the National Safety Council. Dr. R. T. Jacobsen, Principal, announced today.

"We are proud of our safety education program and are pleased that the National Safety Council has recognized our efforts," Dr. Jacobsen said. "As long as accidents are the first-ranking cause of death among school-age children, all of us on the staff of Dayton Regional High School will continue our organized safety program to teach the young people of our community to protect themselves and their fellow students."

The National Safety Council Honor Roll was initiated in 1944. To earn a place on it, a school must present a detailed report of its safety program to a committee composed of the school principal, the president of the local parent-teacher association (or a member of another parent group), a student, and a local civic leader. If this committee reports favorably, the National Safety Council lists the school on the Honor Roll, and sends the school a Certificate of Exceptional Merit.

SUNNING SPORTS
by VICTOR GOLDBERG

Regional got clobbered but good against Somerville on Saturday. The final score was 53-6. Somerville's 53 points are a record for the most ever scored against a Regional team. Oddly enough, Regional did not really seem to play as bad as they had against Morristown. True, the blocking was scanty and the tackling once again terrible, but the offense functioned well and, but for occasional lapses when backs were thrown for long losses, might have actually made the game take on the semblance of a contest. Somerville scored five touchdowns in the first half... not supposed to be particularly powerful so I, the perpetual optimist (I must be to pick this), pick Regional, 19-14.
