

Herman Spiesbach Is Home; Fund Final Is \$7,773.57

Herman Spiesbach III has come home from the hospital and his mother reports he is "doing very good."

The severely injured boy from Linden Avenue was brought home a week ago Sunday. He began to talk the day before leaving the hospital.

Mrs. Spiesbach says that he is eating on his own, talking, holding a cup and in generally good spirits now that he is home.

The final contributions to the medical fund for the boy were totaled up this week and it was found that Springfield has given \$7,773.57.

The list of final contributions for Herman Spiesbach follows:

\$3,000 Mark Reached By Scout Drive

William Melich, chairman of the local Boy Scout fund drive announced today that the total amount raised in this year's drive was \$3,079.10.

"We are indeed proud to say that the assistance of workers and residents has made this a banner fund drive year," said Melich. "The closest fund total to this year was in 1956 when \$2,715 was raised for the local scouts."

The above tabulation is not final since the industrial division report is not in. The \$3,000 total represents the house-to-house campaign and a few of the industries.

House-to-house Chairman Harold Bishop reports that the following captains turned in the below listed amounts: Jack Schech, \$122.69; Mrs. H. Kraemer, \$127.60; J. D. McGarragh, \$68.95; Frank DiBiase, \$270.02; Rupert Humer and Bert Hope, \$201.21; F. Gartlan, J. Cowles and F. Stevens, \$137.75; Herb Ginter, \$34.43; Ed Tackler, \$152.34; Al Rogers, \$145.95; Harold Bishop, \$130.21; Mrs. G. Levine, \$81.32; Tom Glynn, \$121.85; Mrs. Frank Boettger, \$69.75 and Sid Atkin \$39. Frank Rebel and Roy Hattersley collected \$190.50 in Troy Drive and Short Hills Village, \$122.50 came in by mail.

Vote "Yes" Says P.T.A.

The members of the Springfield Parent-Teacher Association Council unanimously support the New School Referendum. Mrs. Joseph A. Bender presided at a Council meeting held this week. School Superintendent B. F. Newsomger led a discussion on the school referendum.

Members of the Council consist of the Presidents and Vice Presidents of the Caldwell, Chatham, Gaudin and Walton Parent-Teacher Associations and school administrators.

Local Schools To Get 50 St. James' Pupils

St. James School will send its kindergarten pupils to the Springfield elementary schools next year.

The principal of the local parochial school, Springfield Superintendent of Schools, Benjamin Newsomger, with this news Monday morning.

The classrooms at St. James will be too crowded next year to permit the school to operate kindergarten classes. This year there were 47 pupils from Springfield in the St. James kindergarten. Newsomger says that it is always difficult to estimate how many students will be in the following year's kindergarten class. He says that the figure always grows between the pre-school round-up in May and the beginning of school in September.

It seems certain, though, that at least two more classrooms will be needed for the Catholic kindergarten children who won't be able to go to St. James.

Newsomger states that these pupils were not taken into consideration in the figures used to justify the building of a new elementary school.

Lions To Roar At Chantier

The Springfield Lions Club will hold its annual Dinner Dance in the form of a Christmas Party on December 12, at the Chantier, Milltown.

There will be about 100 couples attending the affair, at which entertainment will be supplied by the members themselves. D. R. Brobst of 113 Short Hills Avenue, Springfield is chairman of the Party.

Country Oaks Urges 'No' On School Site

Members of the Country Oak Civic Association have made public their opposition to the proposed new school on the Smith property which is before the voters of Springfield next Tuesday.

The appeal is directed to the "voters of Springfield" and "requests defeat of the referendum on December 9 which would condemn the Smith property as a school site for the following reasons."

1. "The State Board of Education has always advocated that school sites be centrally located so that pupils from all four directions may travel to the site as this provides greater efficiency and use of the school site over a longer period of time. The Smith property is the last piece of property in the Township of Springfield adjacent to the Township of Union."

2. "We advocate that the Board of Education add the Township owned acreage fronting on South Springfield Avenue opposite Mrs. Prince's Farm to the Walter property. The combining of these two pieces of property would give a total acreage of 22 acres which would present the Township a site large enough for 14 classrooms as well as the Walton School where we feel the maintenance of both sites, contiguous to each other, would be lower."

If there is greater need for acreage than the 22 acres now owned by the Township and the Board of Education, there are other acreages on the border of the Township owned property which can be acquired at a more economical price than the Smith property."

3. "We feel the Board of Education should restrict the use of the schools so that Woodside Development may continue to send their children to Raymond Childs School where they now attend. Twin Oaks, Christy Lane and New Brooks Development could all utilize the site we are proposing and their children would have less distance to travel than the 3,000 feet distance which the Board of Education now advocates from New Brook and the Northwest end of Woodside to the Smith property."

4. "Milltown Road is one of three East to West streets which crosses the Township of Springfield. The traffic load on Milltown Road is so heavy that the Township of Springfield has had to widen this to a 60 foot street that now carries in the morning and afternoon, when children would be walking to and from school, the heavy traffic loads from the heavy industrial area in the Township of Union now adjacent to the borders of the Township of Springfield and traffic from Summit and Berkeley Heights to Route No. 22."

5. "We feel that the borderlines of the Township of Springfield do not create a barrier from the smoke and fumes of the foundries, steel plants, etc., now separated by the River presents to young children."

Answers to these objections have ranged from: The river is not deep at this point and the property can be used for other purposes. The township is not a barrier to the river and see that this is not a mere trickle but truly a hazard. This river has also been known to rise 4 to 5 feet during storm conditions. SCRAP DRIVE SUNDAY

The scrap paper drive will be held December 7 with the local American Legion volunteers doing the job as usual. All bundles of paper should be securely tied and placed at the curb in time for the collection starting at 10:30 a.m.

Explains Why Smith Site Is Best Location

The Springfield Board of Education has issued an interesting and very comprehensive statement for publication urging residents to approve the question which is to appear on the special school election ballot next Tuesday.

Under the heading of "Why the New School Site is Needed," the School Board makes comparison of other locations and presents the results of a thorough survey of future needs for the Township school system.

A map, prepared by the Board of Education, appears on Page 2 which depicts the long range and immediate needs as proposed in the referendum.

Following is the complete School Board statement:

"The debate on the special school referendum has narrowed to one major issue—the proposed site. Most Springfield residents agree that additional classrooms are urgently needed. They do not agree, however, on site location."

"The purpose of the following discussion is to set forth the reasons why the acquisition of the proposed site is vital to the Springfield schools. These reasons are:

1. "One additional school site is needed to accommodate the total number of classrooms needed to house students when the community reaches its full growth."

2. "A school is needed in the east end of town both now and in the future for pupils residing in that area."

3. "No other site can begin to meet both current and future needs as well as the proposed site."

"Referring to the map (see Page 2) the site proposed in the referendum is located off Arch-bridge Lane in the east side of town. Over six of its seven acres is wooded land owned by the Smith family, who operate the farm on which this tract borders. Less than one acre of the site has ever been cultivated."

"Turning to our first point, an analysis of the future school population indicates that the land now owned by the Springfield schools is inadequate because it cannot accommodate the total number of classrooms we need long range."

Following is a summary of long range classroom needs:

Long Range Classroom Needs	2350
Number of children	2350
Number of classrooms needed at 25/room	91
Total now available	65
Additional rooms needed	26

"A good deal of the material used in determining the long range classroom needs was gathered by a Citizens Committee during late 1956 and early 1957."

"The long range school population—2350—has been calculated by methods which have proved conservative in the past. Working with the Township Engineer and following the current zoning ordinance."

School Fate Seen Uncertain As Residents Clash On Site

School Board Has Reply To All Questions

Charging that the special school election next Tuesday has been beclouded by "misinformation, anonymous charges, irrelevant issues and outright misrepresentations."

The Springfield Board of Education today urges the citizens of the Township to vote "yes" and helps clarify many of the controversial sides of the question.

"It has been the consistent and continuous endeavor of the Board of Education to keep the people of Springfield fully informed about their schools—through its news letters, the press, and repeated invitations to the public to attend Board Meetings. This policy was followed with respect to the proposal to acquire land and build a new school which will be presented for approval of the voters on December 9."

"Despite the Board's efforts to present a complete and honest picture of the entire matter, considerable publicity has been given to misinformation, anonymous charges, irrelevant side issues, and outright misrepresentations. The Board therefore feels it has an obligation to the people of Springfield to once more state the actual facts. The only interest of the Board of Education, which is composed of taxpayers serving without compensation, is to try to provide good education for Springfield's children."

BUILDING & SITE GO TOGETHER

"When a new school is being planned, an architect is retained to design a building to be erected on a specific site and to include specific facilities—number of classrooms, all-purpose room, offices, etc.—The architect's estimate of cost includes preparation of the site, grading, drainage, parking and playground areas. Since no two sites would be alike with respect to size, shape and ground contour, a school designed for one location would not be suitable for another, nor would the estimated cost be the same because of these differing factors."

"Therefore if a school is to be erected on a plot already owned by the schools, the referendum specifies. If a school is to be erected on a site to be acquired for that purpose, the referendum must include both land and building. When it appears possible that legal proceedings may be necessary to acquire the land, the law permits presentation of the referendum as a single unit without a complete breakdown of costs, as revealing the exact amount allowed for the site would defeat the chances of negotiating for its acquisition at the most favorable price."

"It is for these reasons that the referendum is being presented in a total amount of \$825,000, which includes the cost of the building, site preparation, architect's fees, legal fees, and complete furnishings."

20 Fire Drills A Year In Schools

Precautions to insure the safety of the township's elementary school pupils from the danger of fire are the constant concern of school officials, Benjamin F. Newsomger, superintendent of schools, told the Rotary Club at luncheon at the Baltusrol Golf Club Monday.

Mr. Newsomger said all public schools have 20 fire drills a year and pupils are given instruction on how to act in an emergency.

The newer schools built on one floor are as safe as possible, Mr. Newsomger emphasized. He added that such buildings have a greater resistance to fire than other types of buildings.

Mr. Newsomger's comments were made after a talk by Howard L. Kiesel of 132 Hillside Avenue, a First Aid Squad member, on the importance of fire alarm systems in homes and business places.

Also commenting on school safety was Adam La Sota, agricultural instructor at Jonathan Dayton Regional High School. The program was arranged by Raymond Bell, president.

A record turnout for a school election is expected Tuesday, Dec. 9 when Springfield voters will decide the fate of the proposed \$825,000 new elementary school. There hasn't been as much controversy swirling around a proposal of the local Board of Education since the voters turned down two requests to build the Gaudineer school in 1950.

Opposition to the new school has centered around the intent to use a largely wooded section of the Smith farm off Milltown Road as the site.

Support for the referendum has stressed the need for more classrooms now, contending that only delay would result from rejecting the Smith site.

Several major developments occurred in the last week of the fight for and against the school. The Board of Education revealed that the Smith family had made an offer in a letter to sell their property for a school at (Continued on Page 2)

School Teacher Asks For 'Yes' Vote On Referendum

David T. Stamelman, a resident of Springfield and long identified with education in New Jersey, makes an earnest appeal for a "yes" vote Tuesday when the referendum on the proposed new school will be on the ballot.

Editor, Sun: It is my earnest hope that the referendum on the proposed new school will be on the ballot. The purchase of the Smith land is the most sensible one. Success tends to come centrally and precludes another future home development that would further burden our school load (the loss in rates would be balanced by the savings in school construction costs necessitated by the influx of more pupil arrivals to be provided for).

This, in essence, I believe is the Board's position. They have given endless hours and energy to this study, offering themselves since the beginning of November as speakers to address any civic group at any time or place. They know what taxes mean to many, but they did not create the problem. They are truly in an unenviable position: theoretically, the Board is constituted to "advise" the Township what is best educationally for our young boys and girls; practically (Continued on Page 2)

Woodside Civics Vote To Support Proposed School

The Woodside Civic Assn. Monday night voted "wholehearted support of the proposed \$825,000 elementary school proposed by the Board of Education for the Smith Farm tract off Milltown Rd. The building plan will be voted on in a special election next Tuesday."

The association took the action after hearing school board members discuss the school system at the meeting at the Edward V. Walton School.

Edward Shtafman, president of the group, said the association feels "we have a competent enough school board which has been in office long enough to know the realistic approach to our school problems. We are supporting their proposal 100 per cent."

The board members noted that "the greatest number of potential school children" are in the eastern part of Springfield. They said that it "is pointless to build a school in another area where these children would have to walk 10 or 15 blocks to get to school."

Shtafman noted that while opponents of the school proposal have

Board of Education members addressed over 1,800 parents at various "Back-to-School Nights" urging all to support the referendum.

Explains Why

(Continued from Page 1)
 nances, potential future-homes and garden apartments in the Township were estimated. Then, start-

ing with a known school population, future requirements were projected by adding a conservative 0.63 children per potential new home—a ratio developed from an analysis of statistics of ten post-war years in Springfield.

Further, the distribution of potential growth indicates it will be largest in the eastern and southern portions of the township—the area served by the new schools in this event are being drawn up by the Township Planning Committee in the town Master Plan.

"The current sites owned by the schools do not provide enough space for the 26 additional rooms needed. Only at the Walton site is land available. Soil conditions, limit the extent of future building at Walton. Only the peripheral area is suitable for building as the central part is swampy. On the basis of test borings, experts advise that 12-14 additional rooms is

the ceiling without expensive fill and piling.

"Massive construction at Walton is undesirable educationally because:

1. Lower grade schools should not exceed 16-18 rooms for efficient supervision by administrators.
2. Adding 26 more classrooms to the existing 14 would make 40 rooms or about 1000 students—too many for one site.
3. "Summing up the first point, additional land is needed to accommodate the 26 or more additional classrooms needed long range, to support Township growth. Only 12-14 can be built on existing school sites without excessive drainage and fill expense.

the center where Chisholm is located.

3. Nearly enough children already live in this belt to fill the Chisholm and the proposed new school. Construction yet to come will more than load these schools. The long range surplus would be cared for in new future facilities at Walton.

Why Smith Farm
 "Getting to the third and last point, no other site can begin to meet both long range and immediate needs as well as that proposed in the referendum. Only two sites on the east side are available—the Cardinal Nursery and the woods behind the Smith farm.

The latter area is preferred because:

1. It is larger—7 vs. 5 acres.
2. Appraisals by experts indicate costs would be about equal in spite of the larger area.
3. Using the Cardinal Nursery involves dispossessing a man from his business, while the Smith site has never been put to economic use save for a very small portion.

"Sites in other areas would be unsatisfactory substitutes for an east side location. Referring to the 'rental' belt, a school at Baltusrol Way and Shunpike Road would be even further west of the school population center than the Chisholm School. A school in the western part of town would be impractical only with major residential building in the Quarry or Golf Club lands.

"The evidence supporting the East Side Site is compelling. One additional site is needed: long range; it is needed in the east side of town; and no other site can begin to satisfy current and future needs as well as the proposed site. We urge each voter to consider these factors in reaching a decision on the referendum."

 cally, they are not oblivious to taxes since it is always in back of

their minds.

It is, therefore, in this equation that they must mix their brew, and they are not "Macbethian" witches as some would make them out to be.

The Board of Education, even in the Charter Commission, is an impartial group. No one claims, least of all themselves, that they are a sacrosanct group, above criticism. But when the criticism is snide (the use of "chord" metaphors), it becomes in all decency our responsibility to meet these unfair attacks. For example:

The Board is accused by "Disenchanted" of cost-increase "threatening" due to school-building delay, of "propagandizing," and of "ivory-tower" thinking. I would sooner trust its predictions and calm objective study than the hot-muddled-headed thinking of an irate citizen. The Board knows from the previous defeat of the Gaudin school bill what post-mortem meant in later tax-dollars. Would "Disenchanted" in his reactionary way turn back the clock on the American way and standard of living? Years before any Sputniks were launched, Americans were always vitally interested in education, challenging it into improvement all the time.

And as for the so-called "magnificent structures," this is not 1888, remember. Ranch-like schools and homes have been springing up across the country for the past dozen years or more. Thank God, also, for the wide corridors. He should see how more quickly pupils exit during the fire drills.

Summarily then, your correspondent "Disenchanted" (the enchants me), has lashed out at the Board in a kind of "near-hysteria" that has "stampeded" him into "extravagant" and "ridiculous statement." He is truly "exclusive," nothing "triple" or "littlebit" about him. (Some television sponsor should sign him up for the Sunrise Semester Course in the Inanities while we are comfortably snoring. Since he will be seen on the television screen, we can admire him for his courage, which he doesn't possess now when he hides behind anonymity).

As for the Smith letter and point of view, it is a mixture of nostalgic anachronism and smoke screen (they did offer their property for sale to the Board). This is no longer the rural Springfield of their generation, with its wide open spaces and farm lands.

While I can understand that the Smith family have their roots here from early times, I should think also with their fine family record of education that they would not stand in the way of public educational needs that would be obtained through the most desirable and central loca-

tion, one that would benefit the majority of newly-established residents in that area, and indirectly all other school areas.

Are they not aware too, that throughout the country billions of dollars are being spent annually through the condemnation of lands, farms, and properties to make way for new highways, schools, hospitals, and libraries. Our population is expected to rise to 200 million soon, making these public services imperative. The Smiths cannot stand in the way of progress. There are hundreds of Smiths in the same circumstances and there shall be hundreds more similarly affected in the future.

I would be the last to minimize any sentiment in their behalf. Yet the Smiths must have seen the handwriting on the wall. If one holds on to his unused property for a future business enterprise or tomorrow's sale—a good valid reason—he is speculating and takes the risk of future condemnation. For all of us who are owners of land and property the possibility, no matter how remote, always exists that we may have to do the same.

In conclusion, let those who are opposed look at the school statistics for the future as presented in the Board of Education Bulletin No. 7. These are the facts; you can't bury them or hide from them.

Let us not be outdistanced in our thinking less we be overwhelmed with a school crisis next year. Let us not cheat our children. WE NEED THIS SCHOOL AND WHERE IT IS MOST NEEDED.

Vote yes in the coming school referendum to reassure Springfield's pride in its school system.

Yours truly,
 David T. Stamelman

Local Couple Open Nite Club With Latin Motif

Mr. and Mrs. Oscar Baroff of 2 Christy Lane have recently realized a life-long ambition, that of owning and operating a Latin American night club.

Oscar, who gave up his former job two months ago, has been working day and night with his new partner, Pancho Marti of Puerto Rico, preparing for opening night, Saturday, December 6th.

This club, Los Panchos, is located at 57 Parkhurst Street, corner of South Broad in Newark.

It is Newark's newest and most different club, featuring continuous Cuban and Latin American music, to such name bands as Johnny Lopez, Alfredo Valdez, and Chino Mongo, floor shows every Friday, Saturday and Sunday evenings, authentic Puerto Rican and Cuban dishes, seating 400 people, and 600 sq. feet of dance floor, the largest of any night club in Newark.

Pictured above, Mr. and Mrs. Baroff were hosts to Mr. and Mrs. Ephie Weiniger at a sneak preview of this Saturday's floor show.

Woman's Club News

The Springfield Woman's Club held their Club Night on Wednesday, December 3, 1958. This was our Christmas program and was also a fund-raising drive for the opening exercise.

Visiting presidents were greeted at the door by the Executive Board and Board members acted as hostesses for the visitors. Mrs. J. Henry Staub, Jr. presented a very interesting program entitled "Decorating Your Home at Christmas."

The Music Department rendered several selections and everyone agreed that it was very beautifully done.

The Drama Department will meet on Monday, December 8, at the home of Mrs. M. Tatusko, 38 Lyons Place for their Christmas Party.

The Literature Department will also meet on Monday, December 8, at the home of Mrs. Alice Riag, 82 Wabeno Avenue for their Christmas Party, and they will also view colored slides of Europe.

The American Home Department will meet Tuesday, December 9, at the home of Mrs. Charles Miller, 112 Meisel Avenue, for their Christmas Party. Co-hostesses will be Mrs. F. Johnson and Mrs. R. Dvor.

SCHOOL BEAT

MARSHA WILSON

Thanksgiving morn saw many disappointed Regional fans as Rahway won the football game 61-7. There was no doubt in anyone's mind, however, that a certain number 98 on Rahway's squad would make the All-American High School football team this year. Yes, he is none other than Joe Williams, Rahway's powerhouse. Oh, well, maybe next year we can romp on the Indians.

This season of the year seems to encourage parties, parties and more parties. Two were given by Mountside seniors recently.

Mike Cenci used a novel theme for his November 22nd party. Hallo-ween two weeks late. Everyone dressed in costume and afterward a few of the adventuresome members of the group ventured into Greenwich Village in costume. They must have created quite a stir, but all in all lots of fun was had by all! Attending from Springfield were: Bobbi Kappstatter, Mike Hendricks, Margot Breier, Don Booker, Phil Lord, Richard Pancani, Diana Bouchard, Bill and Steve Bender, Jan Forster, and Pat M. Durand.

Lois Tuttle also gave a party during the Thanksgiving season. One might call Lois' party a musical one, for talent seemed to shine throughout the night. Everyone had a chance to use his singing muscles, and loud and cheerful singing was heard throughout the house. Attending the party from Springfield were: Judy Vance, Mike Hendricks, Pat Durand, Jan Forster, Al Menkin, Phil Lord, Bill Bender, Ann Sears, Ward Landrigan, and Dave Lopatnik. Both parties had representa-

lives from the other towns, and plenty of them.

From outside school to inside school, we find everything pretty quiet. Everyone seems to be loaded down with homework, as there are only 17 more school days until our Christmas vacation.

This Saturday many Regional seniors will take College Entrance exams. The results of these tests are forwarded to colleges and used as a basis to judge the type of work that a student will do in college.

Although football has ended and Saturday afternoons are once again available, basketball season starts as of this Friday night. Some of the finest basketball players on the varsity team come from Springfield, namely Bill Franklin, Jay Gladstone, and Richie Baker. The boys show fine promise and a winning season is expected according to the coaches.

Girls winter sports have started. Included in the after school program are bowling, recreational games (shuffleboard, ping pong, and badminton), and volleyball. Later on in the winter basketball will start. Class teams are formed and the girls play intramurally.

The annual induction of the Future Teachers of America club took place last Tuesday. Over forty girls were inducted. Among the clubs' immediate plans are visiting Union State College, and giving an annual Christmas tea.

Don't forget, this Saturday night, December 6th, the Parent Teacher Association is sponsoring a play entitled "Rebecca" presented by the Berkeley Heights Stony

Hill Players. Tickets are .75 for students, \$1.25 for adults, and all proceeds will be turned over to the Regional High School Scholarship Fund of the P.T.A.

Rev. Elijah Will Leads UN Service

adoption of the Universal Declaration of Human Rights by the United Nations' General Assembly will be observed at a free public meeting on Sunday December 14 at 2:30 p.m. at the American Legion Hall, Springfield.

The program, sponsored by the Bahá'is of Springfield, will feature two speakers: Reverend T. Elijah, Pastor of Antioch Baptist Church, and William DeForge, who for 5 years was the National Bahá'í Observer at the United Nations.

Reverend Elijah started his ministry in Springfield in 1930, staying 5 years during which time a heavy mortgage was removed from the church.

In 1935 he resigned and went to Cliffwood, N. J. where he stayed as pastor until 1940. In 1940 he decided to free-lance, and did so for 5 years.

In 1945 the Antioch Church prevailed on him to come back, which he did. He has been pastor for the last 13 years at this Springfield church.

Hi Neighbor!!

NEWS AND TIDBITS ABOUT
YOUR FRIENDS & NEIGHBORS.

If You Have Any News Call ...
DREXEL 6-4502

Lorrie Lewis

Thirteen was the lucky number of Springfield couples, all from Briar-Hills Circle, weekending together at Grossinger's. They had the best reason in the world too for taking this gay sojourn—they enjoy being neighbors and good friends.

The group included Mr. and Mrs. Abby Weinberg, Mr. and Mrs. Al Noehinson, Mr. and Mrs. Frank Hodges, Mr. and Mrs. Elliot Schaefer, Mr. and Mrs. Mel Zeller, Mr. and Mrs. Lee Lichter, Mr. and Mrs. Seymour Woertzel, Mr. and Mrs. Bernard Gerstein, Mr. and Mrs. Syd Stein, Mr. and Mrs. Sol Fevitt, Mr. and Mrs. Fred Neubarth, Mr. and Mrs. Harold Jacobs, and Mr. and Mrs. Al Liebeskind.

And speaking of neighbors, welcome Mr. and Mrs. Meyer Yanowitz of 3 South Gate who recently moved here from Hillside.

The Yanowitzs have 13 year old twins, Herbert and Lynn and a daughter, Audrey who attends Fairleigh Dickinson Univ.

Walter Steven Dobushak marked his 8th birthday at a family gathering on Saturday, November 23. He is the son of Mr. and Mrs. W. Dobushak of 154 Mountain Ave.

Kevin Porter, son of Mr. and Mrs. Walter Porter of 31 Tooker Ave., was feted at a party on November 23 in honor of his 6th birthday. Kevin's guests were his sister, Claire-Elizabeth; his cousin, Owen Monahan of Livingston; Barry Mitterhof, Paul Kitzing, Lucille Salazzi, Robert Lyons, Linda Roughgarden, Martin Josephs, Rosemary Savard, Ruth

Kitzing, and Barry Warhoffig.

Irving Zeidner, son of Mr. and Mrs. Murray Zeidner of 49 Christy St., celebrated his 10th birthday "boot" camp at Great Lake Illinois.

Mr. and Mrs. Mort Weiss of 130 Irwin St. played proud hosts on Sunday, November 30 at a party held in honor of the 40th wedding anniversary of Mr. Weiss' parents, Mr. and Mrs. Hugo Weiss of Hillside. About 20 guests were on hand to toast the happy couple.

It is birthday season in the household of Mr. and Mrs. Bill Savarin of 82 Garden Oval.

Daughter Susan marked her 11th birthday with a party held on November 21. Susan's guests were her brother and sister, Jimmy and Debbie; Carol Spiegel, Rona Roth, Debbie Gash, Kathy Frances, Sharon Lesser, Janet Bash, and Sandy Geiger.

Jimmy Savarin will celebrate his 8th birthday on December 6. His guests will be his sisters, Susan and Debbie; Dennis Savarin of Newark; George Stamer of Westfield; Dick Billings, Bruce Collandrea, and Mark Berlin.

Former Union-ites Mr. and Mrs. Howard Bernstein now list 69 Pitt Road as their address. The Bernsteins are the parents of two children, Bobbie age 5½ years and Jill Ann, age 2½ years.

Also recently moved to town are Mr. and Mrs. Donald Kaiser of 112 Pitt Road, formerly of Elizabeth. The Kaisers have three children: Susan age 4 years; Donald age 3 years, and Phyllis who is one year old.

"Happy Birthday Judy" was celebrated on November 30 in honor of the 6th birthday of Judy Levine. Judy is the daughter of Mr. and Mrs. Harry Levine of 106 Pitt Road.

ORT Rummage is Mon. And Tues.

The Springfield Chapter of Women's American ORT will hold its annual Rummage Sale on Monday and Tuesday, December 8 and 9 at 256 Morris Avenue at Springfield Center.

The proceeds of the Rummage Sale will go toward the M.-O.-T. (Maintenance ORT training) assignment. The money will help support ORT's 500 vocational training installations in 20 countries.

Mrs. Irving Shatten is M. O. T. Vice President. Mrs. Al Rutkow is Rummage Sale Chairman.

Parents Flock To Schools For Nite

Parents love to come back to school! At least that seemed to be indicated by the great number of parents who attended the "Back to School" night at each of the Springfield Elementary Schools. According to B. E. News-wanger, superintendent of schools, a total of over 1,850 parents visited their children's classrooms in their respective schools, representing an average of almost one parent for each child.

The programs in the James Caldwell, Raymond Chisholm and Edward Walton Schools held on Monday, November 17, attracted approximately 1,200 parents to these schools. Following the PTA business meeting in each building, the parents were invited to visit their children's classrooms, where the teachers briefly outlined the objectives of the work of their grades. Samples of pupils' work were displayed on classroom bulletin boards or in folders left on the children's desks. Parents were given opportunities to ask questions regarding the work of the grade; to inspect corridor bulletin boards, which featured various areas of the school curriculum, and to tour the school buildings.

A similar program in the Florence Gaudineer School on the following Monday, November 24, brought out 685 parents. Although the daily program is departmentalized in this building and children normally change classes, parents remained in their children's home-rooms to save time, while the teachers of the various classes came in to these rooms to discuss their respective subjects. Following this part of the program, the parents visited informally with the teachers and viewed work and exhibits throughout the school.

P.T.A. NEWS GAUDINEER

About 700 parents attended the Florence M. Gaudineer CLASS-ROOM-VISITATION NIGHT on November 24th. Mr. L. E. Skousen of the Mormon Church gave the invocation. After a brief business meeting, Mr. E. F. News-anger, Superintendent of Schools, and Mrs. Russell, President of the Board of Education spoke on the need for a new school in Springfield, and urged everyone to vote December 9th on the special school referendum.

Parents visited their children's classrooms, and had an opportunity to meet the teachers. They also learned what their children were expected to accomplish during the school year. Classrooms were decorated attractively with school work and special projects. Parents moved from room to room observing the results of their children's work with justifiable pride.

Mrs. Ruth Packer's sixth grade won the attendance banner.

Mrs. John Brownlie, Card Party Chairman thanks Mrs. John Unterwald, Mrs. Spencer Cannon and all the Home Room Representatives, Mrs. Thelma Sandmeier, Mrs. Mildred Schneider, and all those who attended the card party at Koos Bros. In addition, special thanks are given to Mrs. Mary Ackerman for the lovely posters she and her pupils created for the occasion.

Mrs. David Kaplan, Recreation Chairman, extends to the public an invitation to square dance in the Gaudineer School on December 19th. This event will be sponsored by the Springfield Recreation Commission.

The first Parent-Family Life study-group discussion meeting was held Monday evening, December 1st, in the school cafeteria.

Mrs. Barbara Park, co-chairman, introduced Mr. E. J. Jan Tausch, School Psychologist, whose topic was "Problems of Adolescents." Refreshments were served by the Hospitality Committee.

The Nominating Committee, as elected by the officers, include Mrs. William Hummel, Chairman, and Mrs. John Moore, Mrs. John Brownlie, Mrs. Arthur Buehrer, Mrs. Azeleia Pancani.

CALDWELL SCHOOL The James Caldwell School P.T.A. Executive Board recognizes the need for a new school and urges everyone to vote Tuesday, December 9th.

The Springfield B'nai B'rith Women are featuring a program on early detection of cancer December 10th, at the Temple Beth Ahm. For further information please call Mrs. Alan R. Cunningham DR. 9-3828.

REGIONAL HIGH A regular meeting of the Jonathan Dayton Regional PTA was called to order by our Pres. Mrs. H. Libby Thursday, Nov. 20, at 8:15 p.m. There was a short business meeting, minutes were read of the previous meeting, and a financial report given.

Participating in a panel discussion were students, Naoma Fleetwood, Diana Sheldahl, Tim Stewart, Todd Sheldahl. They informed us about the many club and activities offered by the school and Student Council.

Dr. Earl C. Davis, Professor of Education at Montclair State College, spoke to us on the topic "Preparing for Post High School—Careers—Through High School Activities." Our Program Chairman, Mrs. Seth Ben-Ari, Misside, arranged this informative and enjoyable evening.

Mrs. H. J. Libby Pres. gave her report of the "Fifty-eight Annual Convention of New Jersey Congress of Parents and Teachers."

The first Panel Discussion in the Parent and Family Life Program was held at the home of Mrs. S. Diller of Springfield. Miss Charlotte Singer presented the theme "Influence of Proper Dress in the School."

Mrs. Horace Libby and Mrs. Claire Rodgers represented the Parents and Karen Rogers and Loran Skousen represented the Students on a panel discussion. There are two more of these meetings planned, one in January.

Mrs. Jay In Charge Of Council Lunch

Mrs. Alvin Jay

Mrs. Alvin Jay of Springfield is chairman of the donor luncheon of the Newark Section, National Council of Jewish Women, which will be held Wednesday, December 17, at 12 noon, at the new Chanticleer in Millburn. Mrs. Harry Hillard, also of Springfield, is a chairman of the decorations committee.

A "Winter Carnival" theme will set the mood for the affair whose proceeds support the section's community service projects. These include the Bureau-of-Service to the Foreign Born, the Council Club for the Elderly, the Friendly Visiting Service for elderly shut-ins, and volunteer activities for the Veteran's Hospital in East Orange.

Other beneficiaries of the section are the National Council's overseas scholarship program, and the school of Education of the Hebrew University in Jerusalem.

The project, to welcome and entertain the new teachers, sponsored by the PTA has proven very successful. The following were host and hostesses, Mr. and Mrs. H. Libby, Mr. and Mrs. H. Bouchard, Mr. and Mrs. H. Kern, Mr. and Mrs. A. Gardella of Springfield, Mr. and Mrs. F. G. Palcanis, Mr. and Mrs. Harry Lake of Mountaineers, Mr. and Mrs. Roy Koenig, Mr. and Mrs. Ralph Thomas of Kenilworth and Mr. and Mrs. Victor Massa of Berkeley Heights to the following teachers, Mrs. Doris Anderson, Mrs. Antonette Malloy, Mrs. Beatrice Canford, Miss Joan Finkelson, Mr. Michael Affanoso, Mr. Martin Toglietti, Mr. Joseph Mills, Mr. John Tienie, Mr. William Robertson, Mr. Joseph Kotch, Mr. Stephen Cepregy, Mr. David Harkness, Mr. Tom Gambino, Mr. Paul Korish and Mr. Stephen Pollock.

CHISHOLM SCHOOL At the Executive Board meeting of the Raymond Chisholm School Parent-Teachers Association, the Executive Board voted unanimously in favor of the referendum for the new school. Mrs. Irvin J. Gershen, president of the Raymond Chisholm PTA wishes to remind all residents to vote in this very important election.

The attendance award at the November Open House meeting was won by Mrs. Hardy's first-second grade class.

NEWS REPORT

New Troop, no number as yet; Leaders, Mrs. Lawrence Landau and Mrs. Florence Cohen; co-leader, Mrs. E. Schecter. There are 28 girls, ages 10 to 13, in this troop which meet on Tuesday evenings from 7 to 8:30 at Temple Beth Ahm, Baltusrol way. In vestiture Ceremonies will be held

on Tuesday, November 25th for the following: Ellen Blumenthal, Irene Braoff, Susan Clermont, Caren Friedman, Judy Lawit, Ali son, Rainer, Carol Roy, Mary Roy, Irene Sherman and Ruth Smith. The scouts are working on art and crafts and are making felt lapel pins, signifying their patrols. The patrols and leaders are: The Gypsies, Jackie Deming, The Golden Oaks, Judy Lawit, The Golden Paws, Margo Penard and The White Wings, Carol Roy. The troop committee mothers are: Mrs. Judy Friedman, chairman; Mrs. Eleanor Stein, Mrs. Bea Demmer and Mrs. Louise Smith. Troop 741-Leader, Mrs. J. M. Cowles; co-leader, Mrs. J. Frank Jakobsen. This troop consists of 15 girls, who meet on Tuesday af-

ternoons at the Presbyterian Parish House. There are three patrols, Patrol No. 1, leader Happy Egger, Patrol No. 2, leader Jane Wachtel and Patrol No. 3, leader Linda Hodapp. The girls are now taking a four week Red Cross Course at the First Aid Squad House, given by Mrs. George Bowles. They have nearly completed their Minimal Badge and in connection with it, enjoyed a visit last month to the Phil- er Animal Farm in Gillette. They also had a recent visit from

Mrs. Landers, public health nurse, who spoke to the girls on Child Care. The troop had its guests that day, Troop 893, with leaders Mrs. J. Marzell, Mrs. D. Hendlin and Mrs. R. Meyers. Refreshments were served. Mrs. Arnold Birnbaum is in charge of transportation and Mrs. Morse Wachtel is in charge of refreshments for Troop 741.

Troop 845 - Leader, Mrs. L. Mumford; co-leader, Mrs. Edna Franklin. Twenty girls, 2nd year brownies, meet on Monday after- noon at the Edward Walton School. They have four patrols, and change the leaders of these patrols every three weeks. The girls enjoyed the monthly roller skating party at Olympic Park on Friday, November 21st. On Monday, the 24th they celebrated the Troop's birthday and their own birthdays. Each girl brought in a cupcake with a candle on it and a ten cent gift. The gifts were then exchanged.

Judge To Weigh Three More Shunpike Sewer Arguments

Another round in the battle over the Shunpike Sewer will be fought tomorrow at 10 a.m. in Judge Walter L. Hetfield's Union County Superior Court.

Shunpike Group Aids Law Suit

The next meeting of the Shunpike Association will be held this coming Tuesday, December 9th at 8:30 p.m. at the home of Mr. and Mrs. William Wenzel, 28 Warwick circle. A social hour will follow and refreshments will be served. At the previous meeting, a contribution was made towards the homeowners suit concerning the proposed Shunpike Sewer System. This and other civic matters will be discussed at this coming meeting.

Final plans for the annual Christmas party were made. The party will be held on Saturday afternoon, December 13, starting at 2 p.m. The party will be held at Evergreen Lodge. Santa Claus will be there to distribute presents to all the children. New movies will be shown and refreshments will be served.

Mrs. Herbert Ginter, Mrs. Joseph Roller and Mr. William Wenzel are on the committee arranging for toys and entertainment. Mr. Frank Wehrle is in charge of the arrangements committee and Mr. Robert Kennedy is in charge of refreshments. All members are invited to attend.

The judge will be asked to rule on several motions then. One is the defendant's (Jeffrey Estates, Township of Springfield, and township committee, members) motion that a summary judgement be found dismissing the taxpayer's suit without going to trial.

Another is the motion by the lawyer for the six residents who have obtained an injunction halting work on the sewer asking that the defendants be made to answer depositions. Until now the defendants have refused to talk with Seymour Margulies, the taxpayer's lawyer.

A third is Margulies' motion that the County of Union and the New Jersey Attorney General be made defendants as well. Union County because it has entered into the Shunpike sewer contract, and the Attorney General because a State law is challenged.

Aside from the legal arguments, human interest will center on whether Margulies will be able to argue his case Friday. He has obtained one postponement because he is in the hospital with a slipped disc. At press time Wednesday he didn't know if he would be allowed by doctors to walk or be carried by stretcher into the courtroom.

"Do you realize what you might have done?"

This man didn't know he was speeding. He didn't see that stop sign he passed! Last year, nearly 40,000 died in traffic accidents. In too many of these cases, the drivers who caused them didn't realize they were at fault—until too late. Suppose the officer hadn't stopped this driver in time!

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.

dillions. It has been stated this property can be fenced.

I think parents of an elementary school child can realize a fence a mile high will not deter a child's curiosity, nor prevent him from walking around it. At one time, I asked the Board of Education if it would be feasible to build behind the Gaudineer School.

The answer in writing was, "Because of the brook there, it is actually a hazard." Gaudineer School property line is approximately 450 feet from the water. Smith is only 150 feet away.

Another serious objection to the Smith location is the price of land. There are seven acres at the farm for which they have supposedly been offered \$10,000 an acre. Some have said the figure is foolish. Let us suppose for argument sake the land can be acquired for \$14,000 an acre. This would come to a total of \$98,000. (The last acreage in Springfield sold for \$14,000 an acre.)

This does not include legal fees for a condemnation suit. If Mr. Smith contests condemnation on the price of his land, the Board of Education can start to build on indefinitely.

However, what happens if Mr. Smith contests his case on the fact that there is other land available that will serve as well as his? The court proceedings could drag on indefinitely.

It has been pointed out that because Gaudineer was turned down three times by the voters it cost the taxpayers of Springfield a quarter of a million dollars more, but it hasn't been pointed out to the taxpayers that condemnation can be as costly.

It is often said criticism is of no value unless it is followed by my constructive thought. I agree. My constructive thoughts are as follows:

Other Properties
1. There are four acres of land fronting South Springfield Avenue, slightly past Evergreen Avenue, now owned by the Township. These four acres adjoin the 18 acres owned by the Board of Education, of which less than half is developed. Cost to the taxpayers

of Springfield would be the legal expense of transferring a deed from the Township to the Board of Education. Cost \$1,000 and filing fees.

This saves condemnation costs plus the huge price of the Smith land. Also available are other acreages surrounding this land which are now on the market that can be purchased from a willing seller, should the town require more than 12 acres for a school site—as opposed to Smith's 7. This would still leave a reserve for expansion at the Walton School of a ten acre tract.

2. Construction of the school on this site could be started immediately as opposed to a long and drawn out battle with condemnation. Why must we battle a man to give up his land when there is other property available? Since we are now in such desperate need, why can't we take this property and start construction immediately?

3. Now for the Woodside Homes children and those children closely surrounding the Chisholm School now. It has been suggested that it is foolish to walk children past a school to get to another school—no one could disagree with this statement.

However, why is it necessary for Woodside children to go to this new school? With a little reasoning the children from Woodside could continue to go to the Chisholm School. The majority of children from Twin Oaks Oval, Newbrook Home, Evergreen Avenue, the south side of Archbridge Road and Christy Lane, etc., would walk a shorter distance to the South Springfield location than they would to the Smith property, or their daily walk to Chisholm now.

A vote of "no" will be a mandate to the Board of Education that we should avoid "a long drawn-out condemnation case on an expensive school site and the opinion of the taxpayers would be, "Give us a school site immediately, on a logical site, owned by the town."

A new referendum takes 40 days—condemnation perhaps a year. Let us immediately correct a situation that is giving us doubt. Sessions in September. We can start construction immediately.

Sincerely,
Sonya G. Dorsky.

County Oaks

(Continued from Page 1)
ated by only 250 ft. of County Park property, located on several hundred acres of Industrial Development in Union Township.

NEW ROUTE 22

6. "If the State Highway Department, upon its new re-alignment of No. 22, should have an entrance and exit on Shunpike Road; traffic would be as heavy on Milltown Road as is now existing on Route No. 22 or Morris Avenue, and we feel the further school children can be kept from traffic of this nature the better it is for their safety.

7. "If the Board of Education feels they should not utilize the Union County Park System property in conjunction with the Gaudineer School for expansion because the Railway River is 900 feet from the school property line and creates a dangerous condition, how can they explain acquiring a site which is located within 100 feet distance of the Railway River—as is the Smith property?

We ask you support to defeat this Referendum as we feel the price figured on \$8,500 per acre in setting up the budget for the school is no where near the value which condemnation would allow and if the Smith family should contest the condemnation of the property for any other reason other than dollars, this can be a long range legal entanglement.

"We recommend the Township Committee and the Board of Education transfer title from the Township to the Board of Education for school purpose sites which can be done for \$1.00 a deed and which can expedite a school faster and more economically than the site as proposed by the Referendum.

It has been the stand of the Board of Education to reserve the Walton site for six classrooms in case of further development in the Southern end of Springfield. It is a known fact that he only property—East of Meisel Avenue and S. Springfield Avenue, are the Smith property consisting of 16.8 acres; the Prince property consisting of 29 acres, suitable for residents home, development.

Any development for the Mount Golf Club which consists of 300 acres would require schools for approximately 1,200 to 1,500 pupils. We feel that if this area develops, the Walton site would be inadequate and property should be purchased from the Ballusrol Golf Club to provide for these needs when the time arises.

several builders who have been calling for the purpose of acquiring this land."

Further, on October 27, in a letter rejecting the initial proposal.

chase offer of the Board, he stated:

"Mr. Smith has indicated that he is not willing to sell his property or a portion of it which you require at this time, particularly in light of what is considered an inadequacy of price."

"With respect to the Woodside tract, no offer was made by the developer to sell sufficient land for the construction of a school. Inquiry was made by the Board relative to securing about one acre to add to the Gaudineer playground, but negotiations disclosed that the high price of the land and the expense of correcting drainage problems made the project impractical.

DOUBLE SESSIONS ARE NO BARGAIN

"Although at present the 4th and 5th grades in the Chisholm area are being housed in the new section of the Gaudineer school, in September, 1959, all the rooms in Gaudineer will be needed for the 6th, 7th and 8th grades. This means there will be some classes on double session.

"Initially such double sessions might be confined to one or two schools, but if no new school is available by September, 1960, double sessioning will increase and may very well spread to all schools. Does Springfield want increasing part-time education for its children? In a neighboring community the awareness of the growing requirements for a good education has just resulted in a lengthening of the school day in the elementary grades.

"Whether or not a new school is built, the costs of education will go up as long as enrollments increase. Just as many teachers are required when classes are on double session as when they are on full time—perhaps a few more since class size would have to be kept down as instruction time is decreased. Just as many supplies would be needed, and with the schools used many more hours per day, heating and lighting costs would be about the same.

WHY A ONE-STORY BUILDING?
"In March, 1958, a Citizens Committee was requested to check on recently constructed schools and report to the Board on the type of school they felt should be built in Springfield and also suggest architects. This committee reported at the June Board meeting that they had investigated other schools, decided that Walton was best, and therefore recommended that a similar building be erected.

The Citizens Committees which were so active in connection with the Gaudineer and Walton schools also recommended single story buildings. The Board of Education and the school architects concurred in these recommendations because one-story buildings have proved to be better from a teaching standpoint, are safer for the children because of direct access in case of emergency, are easier and less expensive to maintain, and can be added to more easily.

"A nation-wide survey made by the U. S. Department of Health, Education & Welfare on the costs of school construction indicated that the cost of single story construction was approximately 10% less than of multiple story construction.

PLAN BASED ON EXTENSIVE STUDY

"This is not a proposal that has been suddenly sprung on Springfield voters. In September, 1956,

at the request of the Board, a Citizens Committee began a study of the long range needs of the schools. The Board and school administration also carefully studied the entire situation, including surveys of pre-school children and prospective housing developments.

"In October, 1957, the Superintendent of Schools presented a comprehensive report on basic figures and possible school sites, which was summarized in News-Bulletin No. 4 circulated in November, 1957. Details of the study made and the resultant findings are given in another article appearing in this issue. The June, 1958, news bulletin went into detail as to the need for a new school and the reasons for selecting the site. The press was also informed on all these developments.

"Springfield now has an opportunity to make adequate provisions for the future of the schools. The most important gift we can give our children is a sound and well-rounded education. Let us try to look ahead and plan what is best for the children now and in the years to come."

Fashion Show & Health For ORT

The Springfield Chapter of Women's American ORT will hold its next regular meeting on Thursday, December 11, at Temple Beth Ahm at 8:30 P.M.

The ORT project for the month of December is devoted to ORT Student Health. This project maintains a program to guard the health of the students. It provides facilities for clinics, dispensaries and first-aid rooms. It also provides for ORT students, examinations, inoculations, dental care, remedial eye care and rudimentary treatment where possible.

In view of these facts, the program for the evening will include a Public Service film entitled "People Products and Places 1970." There will also be a fashion show of ORT clothing made by students at ORT schools. Springfield ORT girls will model. The background music for the fashion show will be the accompaniment of Mrs. Rafael Shelton at the piano.

Mrs. Eugene Lewis, Mrs. Leonard Golden and Mrs. M. Koenig are on the program committee.

SAYS BOARD'S NOT FAIR

On November 24 the undersigned attended a meeting in Gaudinier School, it having been announced that there would be an opportunity to express views on a proposed new school. The discussion was so brief (not over twenty-five minutes) that only one person from among the many hundreds in the audience was able to speak, and then for just a few moments.

Your correspondent went to the meeting with one object in mind; to talk with parents about safety in schools, for he believes that in spite of all the do about modern architecture the same misconception of safety is being incorporated into the new schools as was built into the old ones, with an unnecessarily high danger potential and at added expense.

Not being able to carry out his design, a somewhat frustrated citizen spent half an hour on a one-man inspection tour. Before leaving the building, he accosted a person closely identified with our school system, and the following exchange took place:

Citizen: "How is a fire-drill conducted in this school?" Educator: A bell-rings, we usher the children in order into this hall, then we go out that way." (pointing)

Citizen: "What happens if this hallway is untenable?" Educator: "I don't think such a situation can arise."

Citizen: "Apparently you haven't studied the history of school fires." Educator: "Why are you questioning me like this?"

Citizen: "Because—(Interrupted by Educator) 'Sorry, I have an assignment.'"

The above was a legitimate line of questioning and the time appropriate; it is just as well to discover now such irresponsibility where the lives of children are concerned. If this one party reflects the official attitude, then Springfield is ripe for a tragedy.

Receipt on this date of a brochure devoted to "A Proposed New Elementary School for Springfield," puts emphasis on facts set forth by this writer in a letter printed by The Springfield Sun several years ago. The previous communication reiterated a truth as old as the Constitution itself, namely that we are not a DEMOCRACY, but a REPUBLIC, with "divisions" of power clearly outlined.

AS DEFINED BY LAW
Your correspondent wishes only to point out that a clear recognition of the difference might result in a change of public conduct, making taboos abuses of privilege both by private citizens and constituted authorities.

On page one of the brochure we find—"Your Board of Education has the responsibility to provide proper educational facilities for all the children within the Township of Springfield, as defined by law."

The last four words "As Defined By Law" are our children's concern here.

In a REPUBLIC we are governed by elected representatives who must be given extensive powers to carry out for the community those projects not within the capacity of the individual.

otherwise, we have chaos. No governing body, local, County, State, or Federal has to tolerate the kind of harassment to which our Township Commission, for instance, have been subjected. Citizens have a right to be heard, but not to prevent chosen leaders from performing their lawful functions.

However, the Board of Education is compelled to agree that it has been singularly free from such pressure. They should be foremost, then, in implementing the provision "As Defined By Law."

This writer insists on the utmost freedom for all governmental bodies EXCEPT WHERE THE LAW DEFINES OTHERWISE and where the law explicitly delegates authority to the people.

The rights of both government and governed should be inviolate, but while the greatest consideration has been shown the Board, they have encroached on the public domain by failing to sponsor and encourage the fullest exploration of the problem involved. Respectfully we submit that it is not meet that the Board effect a Constitutional change by negotiation by repudiating or ignoring the public's predominant role in certain fields. Neither can our interests be written off by the recommendations of a Citizens Advisory Board.

It is hard to escape the conclusion that the Board has not been fair. More than that, we cannot help reading into the Board's last sentence "We earnestly request your continued support for your schools," the implication that if we vote "no" in this referendum then we do not support the schools and are against education. This is unworthy.

IT IS IN SORROW, MIXED WITH ANGER, THAT I MUST INFORM "EDUCATOR" THAT THE ANSWER TO THE QUERY "WHY ARE YOU ASKING ME THESE QUESTIONS?" IS TO DAY ON THE FRONT PAGES.

Yours truly,
William S. Quinlan
174 Springfield Ave.

P.S. This letter was first addressed to the Springfield Board of Education; in the interim, the Board has given expression to their contention that they have done their full duty. There being, then, no hope of further public discussion, the writer feels justified in submitting the contents for publication.

Urges More Schools safety
Editor, Sun:
Chicago's disastrous school fire accompanied by the tragic loss of young lives leads one to re-

Urges More School safety
Automatic alarms come to mind first. If every nook and cranny of a school building is so wired, no fire would smolder unnoticed until well established. Children would have many minutes advance warning to file from the building. Do Springfield schools have this type alarm system? If not, tomorrow is none too soon to get it.

Sprinkler systems guard our stores and factories. Are they in our schools to guard our children? Are they ready to start dousing an early stage fire and maybe save many lives? The need seems obvious.

These features should be inherent in the construction of new buildings. I've heard it said that automatic sprinklers reduce insurance costs to the point where the installation pays for itself after a given number of years. If this is true, there is little to deration.

First floor office space has many of our school buildings were the Caldwell School and High

School, possibly others. In Chicago, children were hanging by their fingers from second floor windows—this before flames forced them to smash to the ground below. Let's move our offices up stairs, and give the kids first hand experience.

The adults can jogly well make it up the stairs, I'm sure. The old section of the James Caldwell School has two class rooms and two converted offices downstairs, four class rooms upstairs. The other rooms, or about one hundred children, must come down a stairwell which could well be a fiery dye. Its worth looking into.

Springfield has had school fires in the past. The school which the Caldwell School replaced burned down. The third floor of the Caldwell School burned around 1938, and was removed. New York City has had 117 school fires already this year. Let's be fair to the best kids in the world—our own! Give them fire protection at its—Lives Level Best!

Sincerely yours,
Katherine C. Douglas

SUGGEST REDISTRIBUTION
Editor, Sun:
I have attended many meetings at which school referendum has been created from class rooms in given by the proponents of bill

If you are against the site chosen for the school, you are against children, education and all that is holy. It would appear that only on the Smith property could we educate our children.

It seems to me that if we could save the expense of litigation and condemnation proceedings by utilizing town owned property and redistributing the children, we could start building our much needed school immediately, at a considerable saving to the taxpayer. The land should cost us absolutely nothing.

The Board of Education also gives the erroneous impression that in the event the Smith Farm is sold to a developer, there would be no property on which to build in eastern section of town. It so happens that there are two parcels of land which could be used for schools in case it became necessary in the future.

Double Sessions?
We have been led to believe that if we do not vote yes on this particular site, we will have double sessions this September. The truth is we will double sessions regardless of whether we vote yes or not.

Another site could be picked and voted on in 40 days so that actually little time would be lost. It may take much longer than 40 days to condemn the Smith property.

I have been told that the great majority of people who are against the referendum are against it because of purely selfish interests—such as no children, increased taxes or proximity to the site. I take exception to this. I say the great majority of people who are against the site have good valid reasons for taking the stand they have.

I have also heard the statement that if the Board feels this is the right site, we must go along with them because they know best. I am sure the good citizens who comprise the Board will be the first to admit that they have erred in the past and are not infallible now.

When the Board of Education in Summit chose a site on edge of town, I'm sure they acted in good faith and felt they had made the right decision. This building now houses Calanese Co.

Time proved them wrong. Much as I hate to say this, the possibility is there that even our Board of Education can also be wrong.

Archbridge Resident
Editor, Sun:
Of all the questions surging around the school problem, there are two that are worth extra pondering: the unanimous decisions of the Board of Education and the packaged ballot.

The press has carried the announcement of the Board's unanimous decision on the Smith tract for a site for an elementary school. The land does not belong to the town and the Smiths do not wish to sell. Condemnation is on order.

Now confiscation of property is a serious act, but the Board voted unanimously to use the site. Was there not even one dissenter? Brainwashing could not have achieved better results.

No details of the ballot have been given. November 20, THE SUN gave the impression it is to be a "Yes" or "No" vote for the whole works. When you vote "Yes," you stamp with your approval the school, the site and the condemnation of the Smith property.

If the majority vote "Yes," could it be interpreted as a mandate from the people to confiscate property and purge the owner? What taxpayer would stick his head into that noose? He may be next on the list.

What if the desire for Saks' beautiful shop makes it imperative to confiscate it for a school? It has the listed qualifications:

smack up against the boundary of Millburn, plenty of commercial activities around it and every child from Main St. and Morris Ave. could walk to school on a quiet street.

We'd better use a little caution on that "Yes" vote.

What does a "No" vote say? Does it say you don't approve of schools? That you are against education? Far from it. Since you cannot express a choice, your "No" vote says: "Go no farther with this project."

If a majority vote "No," it will give us all time to study this whole problem and get at the cause of all the smoke. We need to give thought to the relation of the school to our needs, to our economy, to highway construction, to heavy traffic lanes.

Then too in a pause of that kind, the Board members will have time to catch up on their homework: those vital assignments long overdue: Present land values in Springfield, Sound Economy in the whole school program; Listening to the Voice of the People, Ethics in Public Service.

Opportunity lies in a "No" vote. Aroused Taxpayer

On November 19th I was delighted to discover that professional legitimate theatre could be seen within walking distance of my house.

I am referring to the "Evergreen Players," a group who performed at Evergreen Lodge in the comedy, "Jame". Their performance was of extremely high calibre.

Through your paper I would like to thank the "Evergreen Players" for the pleasure I derived from their performance, and urge people of our town to support any further performances.

Very truly yours,

Committee would like to take this opportunity of telling all the people of Springfield that the committee has received a very hearted letter of THANK YOU from the Deputy Executive Director of the U. S. Committee for UNICEF, asking us to convey their thanks to everyone in town for their generosity and help with the Halloween drive. When all receipts were totaled up, Springfield's contribution came to almost \$84 dollars.

A certificate of appreciation to the Town of Springfield was included with the letter, and has been sent to Mrs. Worthington. All participating organizations will be receiving their individual certificates.

We hope that next year we may equal or surpass this year's success.

Very sincerely yours,

AN ORDINANCE TO VACATE, RELEASE AND EXTINGUISH ANY AND ALL PUBLIC RIGHTS IN AND TO A CERTAIN UNNAMED STREET APPEARING ON A CERTAIN MAP ENTITLED "MAP OF C. T. INDUSTRIES, INDUSTRIAL PARK SITUATED IN THE TOWNSHIP OF SPRINGFIELD, UNION COUNTY, NEW JERSEY, DATED MAY 20, 1958," FILED IN THE OFFICE OF THE REGISTER OF THE COUNTY OF UNION ON MARCH 21, 1958 AS MAP 2437D, SAID UNNAMED STREET BEING IN THE TOWNSHIP OF SPRINGFIELD, COUNTY OF UNION, NEW JERSEY, DATED MAY 20, 1958, AND MORE SPECIFICALLY DESCRIBED BY METES AND BOUNDS IN THE BODY OF THIS ORDINANCE.

WHEREAS, heretofore a certain Map to wit, "Map of C. T. Industries, Industrial Park situated in Township of Springfield, Union County, New Jersey dated May 20, 1958," was filed in the office of the Register of the County of Union on March 21, 1958 as Map 2437D, there appeared on said filed Map a certain unnamed street herein more particularly described and shown as follows:

WHEREAS, said unnamed street has not been accepted or opened by the Township of Springfield, and WHEREAS, by Deed dated December 24, 1958, Frank J. Brown and Annie L. Brown, his wife, partners trading as C. T. Industries have conveyed to the Township a strip of land to be used for street purposes in lieu of the certain unnamed street aforementioned and hereinafter more particularly described, and WHEREAS, the Planning Board of

the Township of Springfield and the Springfield Township Committee, after due consideration has determined that the best interests of the Township will be promoted by the elimination of the certain unnamed street appearing on the filed Map of C. T. Industries, heretofore more specifically referred to and the opening of a new street in lieu thereof on the strip of land conveyed to the Township by Frank J. Brown and Annie L. Brown aforesaid by Deed dated October 24 in accordance with the description in said Deed, concluded.

NOW, THEREFORE, BE IT RESOLVED BY THE Township Committee of the Township of Springfield in the County of Union, and State of New Jersey as follows:

1. That the public rights in and to that certain parcel of land delineated on the "Map of C. T. Industries, Industrial Park situated in Township of Springfield, Union County, New Jersey, dated May 20, 1958," filed in the office of the Register of the County of Union on March 21, 1958 as Map 2437D are hereby vacated, released and extinguished.
2. Said unnamed street, as the same appears on the Map heretofore mentioned, is situate in the Township of Springfield, County of Union and State of New Jersey and more specifically described as follows: BEGINNING in the Northwest corner of the Township of Springfield, County of Union and State of New Jersey, distant 1106.15 feet Southwest, measured along the aforesaid Northwest line of Commerce Street, from its intersection with the Southwesterly line of Brown Avenue; thence (1) North 31 degrees and minutes 30 seconds West and along the dividing line between premises herein described and Lot No. 11 in Block 642, as shown on a map entitled, "Map of C. T. Industries, Industrial Park situated in the Township of Springfield, Union Co., N. J." made by Solter & Solter, Civil Engineers & Surveyors, Elizabeth, N. J. dated May 20, 1958; a distance of 205.29 feet to a point; thence (2) South 35 degrees 30 minutes 30 seconds West and along the line of said Township of Springfield; a distance of 50 feet to a point; thence (3) South 21 degrees 24 minutes 30 seconds East, parallel with and 59 feet Southwest, only measured at right angles from the first course of this description, a distance of 205.29 feet to a point in the Township of Springfield; thence (4) North 38 degrees 35 minutes 30 seconds East and along said Northwest line of Commerce Street; a distance of 50 feet to the place of BEGINNING.
3. This Ordinance shall take effect upon final passage and publication thereof according to law.

I, George H. Worthington, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on Wednesday evening, November 26, 1958, and that the said Ordinance shall be submitted for consideration and final passage at a meeting of the said Township Committee to be held at the Springfield Municipal Building at 8:00 P.M. at which time and place any person or persons interested therein will be given an opportunity to be heard concerning such Ordinance.

George H. Worthington, Township Clerk.

This column for a few weeks has been dedicated to the theme "What is right with America." Surely one of the things we can recognize as most right with America is Thanksgiving Day when we meet in our churches and homes to give thanks to God for all the favors we have received during the past year.

A recent book of feasts and customs points out that the custom of holding harvest festivals is very ancient. They were known in ancient Greece, and in medieval Europe, and among the Hebrews. In fact Sukkoth (Feast of Tabernacles) is described in the Bible books of Leviticus and Deuteronomy.

In this country we usually date our custom of celebrating Thanksgiving back to the Pilgrim Fathers. However, until 1863 the act of giving thanks was a local custom—celebrated at various times of the year by different towns. Then it became a national celebration when President Lincoln chose the third Thursday in November. Before that time there had been one "national" celebration proclaimed by President Washington in 1789.

Year by year the custom has grown of telling stories about the first Thanksgiving among the Pilgrims. Some good titles for this are "First Thanksgiving" by Lena Barksdale, "Brave Venture" by Ada C. Darby, and "Pilgrim Thanksgiving" by W. P. Hays. There is a delightful book by

Tillie S. Pine called "The Pilgrims Knew." This describes how these people made things like soap, candles, and windows without glass. An exhibit along a similar line has been prepared by Mr. Donald Palmer, curator for the Museum of the Springfield Public Library. In it are many old hand tools, such as a broad axe, planes, and carpenter's brace. There are also some handmade nails. All of these objects will give some idea of the great amount of work the first settlers did to build up our country, for which we should give thanks.

In contrast to this case of primitive tools, Mr. Palmer prepared a new exhibit for the other case. This is made of necklaces, embroidery, brooches, leather

goods, boxes, and other small art objects collected by the director in Europe last summer.

A great deal must be right with America to enable it to grow from such simple beginnings to the comfortable land we know today.

The only active volcano in the United States is 10,455-foot Mt. Lassen in northern California.

NOTICE

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal
Chairman, Springfield Shade Tree Commission

Over the weekend I had numerous inquiries concerning the advisability of fertilizing lawns at this time of year. There are no set rules on fall feeding of lawns, so this must be determined by each individual. How to determine whether, or not the lawn needs feeding is the next problem.

If the grass has a deep, rich color throughout the entire lawn it obviously does not require fertilizer, but an application of a 100% organic would help the grass retain its color throughout the winter months and give it an early push in the spring.

A yellow tint, or a pale green could mean a nitrogen deficiency and an application of a combination chemical-organic fertilizer would bring back the color and provide some nourishment for early spring as well. Lawns that are striped from improperly ap-

plying fertilizer could be made more uniform green by feeding the yellow stripes first, and then giving a second application to the entire lawn.

Q: My lawn was fed a month ago and now shows six inch stripes of yellow all over the lawn. Is this where the fertilizer burned the grass?

A: No. This is where the fertilizer spreader failed to lap on each run. Fertilizer does not spread in the soil laterally, so consequently these narrow stripes failed to get a proper amount of food and will remain yellow. Sprinkle a light application by hand over the stripes and it will soon bring back the color.

Q: Early this season I applied a rather uneven application of fertilizer, and my lawn was striped all over. I noticed that the green stripes had very thick grass for the rest of the season so I applied more fertilizer to the yellow stripes recently. Now the grass turned green, but it is not nice and thick like the remainder of the lawn. Didn't the second fertilizer work as well?

A: The first application was made early in the season while the grass was growing vigorously, so it developed many new blades to thicken the lawn. The second application to the yellow area made after growth had slowed down and although the green color came back to the grass, it did not produce new blades to thicken the turf. Once again this lesson shows that sufficient fertilizer applied at the right time will do wonders to produce a nice sod.

Q: I applied fertilizer to my lawn and each end has many burned spots. Will more fertilizer bring back the dead grass?

A: The burned spots are where you failed to shut off the spreader while making a turn at the end of the run. This caused about 4 times as much material to drop out and consequently burned the grass. More fertilizer applied now would only aggravate the condition. The grass may come back next spring. If not, scratch the soil deeply and reseed.

Q: How often do you feel a lawn should be fertilized?

A: As often as needed. By that I mean if the lawn lacks color, or does not have to be cut as often as you feel it should, they are indications of starvation.

Q: Should lime be applied at this time?

A: This is an ideal time to apply lime. The soils in this area, especially where the topsoil has been removed, is very acid and an application of 40 pounds per thousand square feet would be beneficial.

Q: I have heard the County Agricultural Agent recommend agricultural gypsum for loosening the soil. Can you give us some information regarding it?

A: I have worked with gypsum, in conjunction with the county agent and Mr. Mitchell of the Rutgers College Extension Service, for many years. It is a mineral that resembles lime, and dissolves more readily. Although it will not turn a crabgrass patch into a lush oasis, it does have the properties of penetrating the clay soil and separating the soil particles to allow better water and air penetration. We found that lawns treated with gypsum survived the wet spring season better than soils not treated. The cost is negligible and also adds valuable material to the soil.

Q: I noticed a lot of dead grass in my lawn recently. What caused this?

A: You had considerable crabgrass in your lawn, and the heavy frosts a few weeks ago killed it. It is now turning brown and beginning to show up in your lawn. Be sure to fertilize early next spring to stimulate the good grass. Add some good seed to replace the dead crabgrass.

Winter is near at hand, so we must prepare our grounds for a long, cold spell. Fall cleanup is the order, and we can start by removing all annuals. Relegate them to the compost heap if we are fortunate enough to have one. (Compost heaps are regulated by township ordinance.)

All leaves should be raked up for they can kill any grass beneath them over the winter months. Leaves, too, should be composted if possible. Compost, for the uninitiated, is a pile of organic refuse such as leaves, grass, clipping, etc., which will decay in time to form valuable humus. For the sake of your neighbors, please eliminate the fish heads.)

If you have a garden, now would be the time to add the compost and turn the whole area under with a fork. This will incorporate the compost so that it decays more readily, and also kill any insects that might overwinter in the stems.

Cover the evergreen beds with a peat moss mulch to help retain moisture in the soil, and if you have azaleas, laurel, holly, rhedodendron, or any other broad leaved plants you feel may suffer winter injury, now would be the time to spray with Wilt-Proof. This is a liquid plastic material that forms a beautiful, shiny coating on the leaves which prevents excessive transpiration of moisture. Our experience in our nursery is that it is superior to a burlap windbreak, and less expensive.

Q: Every year the snow slides off my roof and breaks apart some of the evergreens. Can I protect them in some way?

A: Yes, by winding heavy cord around the plants from the bottom up. This prevents the branches from collapsing from the weight of the snow. A heavy snow can force an evergreen out of shape, so it is wise to brush off the snow as soon as it stops falling.

Q: I have a spruce tree on my lawn that I would like to decorate with lights at Christmas. Are there any precautions?

A: Use wires suitable for outdoor use. Keep all connections watertight. Use lamps of a low wattage, or the heat may burn the tree.

Q: I would like to buy a live Christmas tree and replant it after the holidays. What kind shall I buy?

A: Any spruce makes a fine Christmas tree, but do not get too large one if it is to be tubbed, or the roots will have to be cut off. Beware of trees that are already tubbed, unless they are three feet, or less. I have seen tubbed trees with almost all the roots removed to fit in the tub. Better to buy a tree from a reliable nursery and "soak the ball salt hay to prevent freezing.

The finest ride you've ever known
... starts with the wonders of wide-track wheels

ONLY CAR WITH WIDE-TRACK WHEELS
... acclaimed by experts as the year's top engineering advance! The wheels are moved out 5 inches for the widest, steadiest stance in America—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. Pontiac gives you roadability no narrow gauge car can offer!

You've never known a car to ride so smoothly, or handle so surely ... because no car was ever built like this before. And that wide, solid stance is only the beginning. Engineering's hottest team really poured it on to produce this one for you. There's a great new Tempest 420 engine to give you the most breath-taking performance on wheels ... or, if it's extra economy you're after, Pontiac has, at no extra cost, a new V-8 companion, the Tempest 420E, that actually delivers better gas mileage than many smaller cars with so-called "economy engines." There are great new True-Contour Air-Cooled Brakes for smooth, safer stops. And inside, seats wider than a sofa! Come on in and see for yourself. And remember, your quality Pontiac dealer displays the manufacturer's suggested retail prices on every new Pontiac!

PONTIAC MAKES V-8 HISTORY! A Pontiac Tempest 420E has set a NASCAR sanctioned and supervised 2,442 mi. coast-to-coast economy mark on a regular gas—only 17.5¢ per mile at an average speed of 40.2 m.p.h.

A child asks questions Faith can answer

"Why did my dog die?"

He's your son, and he expects you to give him the answers—not just the everyday answers to everyday problems, but the big answers to the big problems. Like why his dog had to die.

All right. What will you tell him? How will you prepare him to face his life squarely—with confidence? Only by helping him find Faith—Faith in something greater than himself. And you yourself must have that Faith if you expect to help him find it. Begin this week to find the Faith for your life. Worship with all the family at your church or synagogue.

Beth Ahm Needs Pledges—Not Cash

One striking characteristic of the current campaign for the Temple Beth Ahm in Springfield is that cash contributions are discouraged. The Campaign Committee is asking pledges payable over a period of five years, rather than a contribution in cash now, according to Milton Kapstatter, President of the Congregation.

"We have encountered very few persons who told us that they would give but would not sign a pledge," said the President. "We have told them that signing a pledge for the purpose of building a new Temple is, in all probability, nothing new in their experience."

As far as our members are concerned, nine chances out of 10, the house they own was bought with a down payment and their promise to pay the balance with interest in regular monthly payments. These odds probably hold true for the car they own, household appliances and the like.

"Some people are willing to sign up for anything under the sun that they want badly enough," Leonard Gerber Vice President added, "but a few are not willing to sign a pledge to promote their own and their children's spiritual welfare, despite the fact that such a pledge is a moral pledge, not a legal one."

"After all, if the payments are not met on the things referred to, they are taken from you," he concluded "but not so with the Temple. If you can't make your payments, nothing happens, because there is nothing to take away. Nothing will bother you but your own conscience, if you can pay and fail."

Church Calendar For Month Set

During the Advent season of the Church Year the Springfield Methodist Church has planned a calendar of festivities for the coming month.

Beginning with Tuesday, Dec. 9, the Woman's Society of Christian Service will have luncheon in the Mundy Room at 12:15 p.m. followed by a program in the Trivett Room at 1:15 p.m. Worship and Program leaders: - Miss Gladys McCallum and Mrs. Evelyn Hall. Hostesses: - Mesdames Elsie Tillet, Blanche Chisholm, Blanche Durgin, Onita Marshall, Mildred Remper and Miss Marguerite Burns.

These will be a Family Christmas Carol Service on Sunday, Dec. 14 at 7:00 p.m., consisting of an evening of music with all Church choirs. A reception will be held in the Mundy Room for the new members.

Tuesday, Dec. 16, the Wesleyan

7:45 p.m. The Church at Prayer
Thursday, 17—7:00 p.m. Youth Choir rehearsal
8:00 p.m. Adult Choir rehearsal
SPECIAL NOTICE
There will be a Baptismal Service Sunday evening, December 7, at 7:30 p.m. The Ordinance of Baptism will be observed at the First Baptist Church of Union, N. J. The candidates to be baptized are, Miss Carol Sisco, Mr. Harold Ward Jr., and Mr. and Mrs. Theodore O'Brien. The choir under the direction of Mrs. Redman Harrison, will provide special music. The Song Service will be led by Mr. John Deussen. The Pastor will preach the sermon. The public is cordially invited to witness this service.

\$50,000 TO GO!—Dr. Arthur Williams, head of the Special Gifts Committee of the Temple Beth Ahm, and drive fills in the thermometer at the \$300,000 mark as Temple president Milton Kapstatter (left) and Rabbi Reuben R. Levine and Fund Drive Chairman Manasseh Mendelsohn proudly look on.

Temple Beth Ahm Reaches \$300,000 In Fund Drive

Manasseh Mendelsohn, Chairman of the Temple Beth Ahm Building Fund announced last night, prior to a "Clean Up Report Meeting," that the Campaign to raise \$350,000 for a new edifice had just gone over the \$300,000 mark.

In his analysis of the Campaign to date, Mr. Mendelsohn gave heavy praise to the work of the three principal working committees. He pointed out that the Challenge Gifts Committee, under the Chairmanship of Dr. Arthur Williams had already exceeded its goal by \$5,000 and had yet to complete its solicitation efforts. The Advanced Gifts Committee, chaired by Ephraim Weiniger, had actually met its goal and was sure to go over it, as there were an additional 44 families to be seen. The General Gifts Committee, under the chairmanship of David Kaplan and Helen Nurkin, the final group to get under-way, has already reached 40% of its goal and has still to see more than 60% of its prospects. "The fact that we've accomplished so much in the short space of seven weeks seems in retrospect nothing less than a miracle," Mr. Mendelsohn declared. "Our people have worked hard and if we do not faller now that we are on our last lap, I am convinced that we will meet our goal and go over it."

Milton Kapstatter, President of the Temple, expressed deep gratification in behalf of the entire Congregation for the combined efforts made by the Campaign workers.

In a special message to the Congregation, Rabbi Reuben R. Levine declared "In building a Synagogue, you are taking part, not in that which passes with time, but in that which is enriched with time. And as you see your Temple grow, your own spirit will grow."

The Methodist Church invites you and your friends to attend as many of these services as you can so that you may enjoy spiritual happiness in friendships and the Season's music.

PUBLIC SERVICE

\$10 For Favorite Recipe

Have you taken a chance yet on winning the \$10 cash prize in our Favorite Recipe Contest? It only takes a few minutes to jot down your favorite recipe and mail it to this newspaper at the address in the upper left-hand corner of this page. We are interested in recipes of every type and you might just have a winner in your recipe file.

Mrs. Edmund H. Nowinski of 2602 Doris Ave., Union, winner of the contest this week, tells us her 14-year-old son had been nagging her for weeks to send in this recipe.

BANNA CHEESE CAKE
Cook in top of double boiler until slightly thickened:
2 egg yolks, slightly beaten
1/2 cup cold water
Remove from heat and add:
1 1/2 tablespoons unflavored gelatin softened in 1/2 cup cold water
Whip until smooth and creamy:
1 (1/2 pound) creamed cottage cheese
1/2 cup sugar
1 tablespoon lemon juice
1/2 teaspoon salt

Add egg mixture gradually and beat until well blended. Chill until partially set, then beat again thoroughly.
Fold in:
2 egg whites, beaten stiff
1/2 cup heavy cream, whipped
Arrange alternate layers of cheese mixture and two or three bananas, sliced, on graham cracker crust, using cheese mixture for bottom and top layers. Sprinkle top with additional crumbs. Chill until very firm, approximately two hours.

GRAHAM CRACKER CRUST
Mix together:
1 1/2 cups finely crushed graham crackers
3 tablespoons sugar
1 teaspoon cinnamon
1/2 cup melted butter or margarine
Spread in nine-inch spring pan, reserving one or two teaspoonsful to sprinkle on cake.

Serve This Fig-Holiday Pudding

Another year has rolled around and soon relatives and friends will be stopping in for holiday visits. Whether served as dessert to a holiday dinner or with steaming cups of tea or coffee at an afternoon or evening visit, old fashioned fig pudding will make a sure hit with your guests.

OLD FASHIONED FIG PUDDING
1/2 cup butter or shortening
3/4 cup sugar
2 eggs
1 cup milk
1 tablespoon baking powder
1/4 teaspoon salt
2 cups sifted all-purpose flour
3/4 cup broken walnut meats
8 ounces cut figs
1 teaspoon nutmeg
1 teaspoon cinnamon
1 teaspoon ginger
2 teaspoons vanilla extract

Cream shortening and sugar. Add eggs and beat well. Combine flour, baking powder, salt and spices and stir into the sugar mixture alternately with the milk and vanilla. Stir in nuts and figs. Turn batter into a greased 8-cup mold and cover lightly with mold cover or with aluminum foil. Place mold on a trivet in a deep pan containing 2 inches boiling water, cover and steam for 2 hours. Keep water boiling at all times and replenish water if it boils away. Unmold and serve warm with any favorite sauce.

The woman who is marrying a second time can be a beautiful bride. But white is not her color and neither is black. She should choose a neutral (beige or gray) or, if she likes, a soft color. Brilliant colors are not for her. The beige lace suit with collar in pink or ginger chinchilla is ideal.

DATE DAZZLER. Take simple fitted sheath lines, add a pouf-flounce at the bottom accented with a bow... and it totals up to a glamorous dress definitely designed to dazzle a date. Dress shown is beautifully done in soft-draping wool jersey, fully lined to prevent stretch. Comes in black, royal, green and aqua at Robert Hall in sizes 7-15.

Mohair appears in things other than coats, suits and dresses. The latest is the sat-chel-type handbag in mohair. The colors are brilliant. As hats go higher, hairdos get neater and closer to the head. That's the secret in wearing the new hats with a maximum of flattery to you.

Pie Crust Is Challenge To Home Cook

Pastry Baking Is An Art Not Too Easily Learned

By AUDREY CHASE WALTERS

If you're alive (and heaven forbid that any of our readers are not), you cannot avoid having opinions, pet likes or pet peeves. Pie crust is high on our peeve list. There are some of us who have difficulty making top-excellent crust. Of course, the making of pastry is an art all in itself and it isn't everyone who can paint a water color, either!

You can tell someone how to make good pastry and you can show someone how to make good pastry but, unless that someone can get the "feel" of the pastry for herself, she'll never come up with really top-excellent pie crust. We have tasted some just about as good but never any that is better than that mother makes. Unfortunately, we've never been able to get the "hang" of the recipe she uses and have had to rely on other methods that are very good but do not produce quite the excellent quality she gets. You have to learn just when it's soft enough but not too sticky and this knowledge can only come through personal trial and error—so far ours has been all error.

Fortunately, there are "fool-proof" pastry recipes available for those of us who have neither the talent nor the time to become real pastry bakers. Then, too, the package mixes are not at all bad, if you're that kind of a coward.

MOTHER'S PIE CRUST

Sift two cups flour with one teaspoon salt. Add one cup vegetable shortening (solid, not liquid). Using pastry cutter, cut shortening into flour until completely mixed, adding more shortening as needed. When you can pinch a small ball of the mixture between your fingers and have it stay pressed together without being "sticky," you've got it. Handle very lightly and roll out gently on floured board or pastry cloth. You will note this recipe calls for no liquid at all. This makes the crust "light as a feather" but although the recipe sounds deceptively simple, this is not an easy one to do.

The French do not eat butter on bread to the extent we do but they never "skimp" on using it in recipes where its flavor is needed to make the perfect dish. Incidentally, as an interesting sidelight, if the French do butter their bread, they turn it upside down to eat it. This is not without reason. It places the butter in direct contact with the taste buds on the surface of

In garnishing a platter which is carrying a pork loin roast never forget the adaptability of grapes. For a winter hit, simply brush small bunches of green grapes with egg whites which have been beaten until frothy, then sprinkle with granulated sugar. Allow the sugared grapes to set.

Did you know that a small amount of pure vanilla extract added to the syrup in which you bake apples is a wonderful flavor-upper?

the tongue. Try it and you will be amazed at the additional flavor you will get.

While we are on the subject, you have probably observed babies turn a buttered cracker or piece of bread upside down to eat it and you have probably laughed and turned it straight-side up again just for the fun of seeing them turn it upside down again. They may not be old enough yet to know what is conventional, but they do know which way tastes better!

FRENCH PIE PASTRY

Cut together with pastry cutter two cups flour, one-quarter cup butter and three-eighths cup (and until lumps are no larger than small peas. Dissolve one teaspoon salt in three ounces (six tablespoonsful) cold water. Combine thoroughly with first mixture.

At last we come to two "fool-proof" recipes that are completely reliable for those of us who are not "born" pastry bakers.

Sift together two cups flour and one teaspoon salt. Measure together in measuring cup one-half cup liquid shortening and one-quarter cup milk. Without stirring the liquids together, pour them into flour and mix.

PIE CRUST IS CHALLENGE

(Cont. from preceding page)

The easy way to handle this crust is to roll it out between two pieces of waxed paper. If you will first moisten slightly the counter or table, the paper will not slip when you roll the dough.

Roll together two cups of flour and one teaspoon salt. Put one-half cup vegetable shortening in a bowl and add one-quarter cup very hot water. Stir until shortening is very soft, then mix vigorously into the flour. Chill this dough well before rolling.

Lovely Holiday Cloth

The difference between a house and a home is an intangible thing, as every woman knows. Spontaneous family good times are a part of it... and the special, long-planned occasions and the friends who drop in. A real home is a comfortable place where you can work hard, when need be, and wholeheartedly relax. And through the years it develops a sort of aura of gracious living—a mood that mirrors the charm and femininity of its wife and mother, homemaker and hostess, you.

you often—I know you want every room to look particularly nice. And I'm sure you'll be paying special attention to your dining room, that soon-to-be scene of family feasting and gatherings around the wassail bowl. In keeping with the mood of the Fall season, our needlework suggestion today is a truly beautiful crocheted tablecloth your family will cherish for generations as a mark of your ability and personality.

AN AMERICAN THEME

As much a part of our national heritage as Thanksgiving turkey and the unsold Christmas tree is the popcorn-stitch motif which makes up this lovely tablecloth. Worked from size #30 mercerized crocheted cotton, the squares measure 3 1/2 inches square and can be combined as you please to fit the shape and dimensions of your own table. The instructions are offered in Leaflet No. 8-61, POPCORN RINGS. If you'd like to obtain them, free, by sending your request and a stamped, self-addressed envelope to the Needlework Department of this newspaper.

Moist Cupcakes Will Keep Well

At least, these cupcakes would keep well if they weren't so delicious. The family probably won't give them a chance to keep too long. The recipe calls for lard but you may substitute the shortening of your choice.

2 1/2 cups sifted enriched flour
1 1/2 cups sugar
3 teaspoons baking powder
1 teaspoon salt
1/2 cup lard
1 cup milk
2 eggs
1 teaspoon vanilla
1/4 teaspoon lemon extract

Sift together flour, sugar, baking powder and salt. Cream lard. Add sifted ingredients and 1/2 cup milk. Mix until all flour is moistened. Beat vigorously 2 minutes. Add remaining milk, eggs and flavorings. Beat vigorously 2 minutes longer. Fill paper-lined medium-size muffin pans 3/4 full. Sprinkle each cupcake with approximately 1/4 teaspoon of the desired topping. Bake in a moderate oven (375° F.) for 20 minutes. Yield: 24 cupcakes.

Toppings
3 tablespoons chocolate
3 tablespoons chopped
coconut

1/2 cup sugar
2 1/2 teaspoons nutmeg
6 tablespoons crushed
peanut brittle
1 tablespoon grated
orange rind
3 tablespoons sugar
3 tablespoons chopped
coconut

Pumpkin Chiffon Is New Dessert

12 lady fingers
2 envelopes unflavored
gelatin
1 1/2 cups firmly packed
packed brown sugar
1 teaspoon salt
1 teaspoon nutmeg
2 teaspoons cinnamon
1 cup evaporated
milk
5 eggs, separated
1 cup canned pumpkin
1/2 teaspoon cream of
tartar
1/2 cup granulated sugar

Split lady fingers; cut off one end and place around sides of an 8-inch spring form pan. Mix together gelatin, brown sugar, salt and spices in top of double boiler. Stir in evaporated milk and egg yolks; mix well. Place over boiling water and cook, stirring constantly, until gelatin dissolves and mixture is heated through, about 10 minutes. Remove from heat; add pumpkin and chill until mixture mounds when dropped from a spoon. Beat egg whites until foamy; add cream of tartar and beat until very stiff. Fold gelatin mixture into egg whites. Turn into prepared pan; chill until firm. To unmold, release spring and remove side of mold carefully. If desired, garnish with whipped cream. Yield: 12 to 14 servings.

Heat frozen canned or thawed frozen grapefruit sections in a little butter and use as a garnish for broiled fish. Prepare pineapple rings or chunks the same way and team with ham.

Dolly's Scotch Handknit

The wonderful world of dolls and teddy bears, Peter Rabbit and Peter Pan—remember what fun it was? In a different way, the mysteries of make-believe are always ours to enjoy and to share. A "grown-up" can still hit on an exciting new game to break the ice at a birthday party. And we all know how often Mom's imagination or big sister's ingenuity is called to the rescue of a treacherous rainy afternoon.

INSTEAD OF BABY CLOTHES

Playthings for the youngest set offer a field day for parents, relatives and friends who want to make something by hand for Junior or Junior Miss. Chances are, the articles you make yourself will be a lot sturdier and longer-lasting than many of those you buy. And there's so much a woman can do, with knitting needles or a crochet hook. Cuddly cotton-stuffed animals in thick, fast-to-work crocheted cottons. Aprons and all sorts of around-the-home accessories for that universal little girl's game, "playing house." Best of all, why not whip up an outfit or a whole wardrobe for a favorite doll? If you're always in the midst of some needlework project for one of the many children on your list, you'll find making doll clothes a welcome change and a very good way to use up short leftover ends of cotton and yarn.

HIGHLAND FLING

Little girls will love this holiday in plaid for a Scotch doll—preferably redheaded, and 12 inches tall. The tiny knit ensemble calls for the simplest of knitting stitches and can be finished in no time at all, from tasseled tam to the little buttoned shoes. Soft navy, scarlet and white wool make up the plaid. For your free directions, just write the Needlework Dept. of this newspaper. Send along a stamped, self-addressed envelope and request KNITTED COSTUME FOR BETSY WEISY DOLL. Leaflet No. EK-9347.

Cranberries Are Good In Salads And Desserts

"Holiday cheer" is one food and pink-laced—Chill in refrigerator for 4 hours.

Molded Cranberry Salad
1 1/2 cups fresh cranberries
1/2 cup sugar
1 envelope unflavored gelatin
3 tablespoons sugar
1/4 teaspoon salt
1 cup very hot water
1/2 cup mayonnaise
2 tablespoons lemon juice
1 teaspoon grated lemon rind
1 orange, peeled and diced
1/4 cup chopped walnuts

Put cranberries through food chopper. Add sugar and let stand 10 minutes. Combine gelatin with 2 tablespoons sugar and salt. Add water and stir until gelatin dissolves. To the cranberry mixture add mayonnaise, lemon juice and lemon rind. Blend with rotary beater. Pour into refrigerator tray and chill in freezing unit until firm around edges, about 10 or 15 minutes. Beat until fluffy, fold in cranberry-sugar mixture, 1 orange peeled and diced and walnuts. Pour into 1-quart mold and chill until firm. Top with mayonnaise, if desired. Makes 6 servings.

Cranberry Pink Fluff
1 package lemon-flavored gelatin
1 cup hot water
1 cup cranberry juice cocktail
2 egg whites, beaten stiff but not dry

Dissolve gelatin in hot water. Stir in cranberry juice cocktail. Chill until slightly thickened. Beat egg whites stiff but not dry. Gradually pour cranberry mixture into egg whites, beating until mixed and foamy. Pour into 4-in. square dish. Chill. Mix-ture will separate into a red

Ted Scott Stars In "Desert Song"

"The Desert Song" was presented by Frank Carrington at the Paper Mill Playhouse Tuesday evening for a holiday run—the eighth time this delightful play has been staged.

Directed by Oscar Hammerstein II, "The Desert Song" has been shown at the Millburn theatre in its twenty-year history.

Once more Ted Scott and Gail Manners play the co-starring roles of Pierre Brabeau and Margot Bonvalet. No ordinary operetta hung on a pleasant thread of a story, "The Desert Song" is woven of strong fabric, with color, rhythm and good dramatic values.

Scott, as Pierre, is vigorous in both song and action and extremely personable. Miss Manners has a lovely lyric singing voice and is beautiful as the young French girl.

Jack Harold, who plays the former society correspondent of the Paris Herald, stumbles in and out of harems and tribal hang-outs—and is extremely funny. Ethel Martin, as Azuri, stars up the action generally.

Tony Curtis Is Amboys' Star

Tony Curtis and Sidney Poitier star in "The Defiant Ones" at the Amboys Drive-In Theatre in Sayreville this week. Supporting feature is "The Fearmakers" starring Dana Andrews, Dick Foran and Mel Tormé. These films will play through Saturday.

Sunday, Monday and Tuesday "Torpedo Run" with Glenn Ford and Ernest Borgnine, and "Cry-Baby Killer" will be shown.

The "Hour of Fun" will be shown before the features Friday through Sunday and the horror picture "Tarantula" will be shown at midnight Friday and Saturday.

Bugbird, Davis Art Is Shown

During the current run of "The Desert Song," the Paper Mill Playhouse Art Gallery will feature exhibitions by Mary Bayne Bugbird and Gerald Davis.

Mrs. Bugbird's paintings have won awards from Whitney Studio and Newark Art Clubs, Pen and Brush, National Association of Women Artists and Verona West Essex Art Association.

Gerald Vivian Davis was born in Brooklyn, N. Y. He had a studio in Paris until the outbreak of World War II. Mr. Davis returned to the United States in 1940 where he was engaged in war work in Newark. He has had a studio in Summit since 1953 and has recently had an exhibition at the Montclair Museum and at the last triennial exhibition at the Newark Museum.

Good to remember at lunchtime: you can stretch practically any creamed dish—dried beef, vegetables, meat or poultry—with wedges or slices of hard-cooked eggs.

Mashed avocado is one of the most popular of all cocktail dips. A favorite is seasoned with crumbled cooked bacon, instant minced onion, lemon juice and salt. Serve with crackers and potato chips.
For a fancy party give it a little different twist by using large, cooked shrimp for the "dippers" in place of crackers or chips.

Eggs In Shrimp Sauce

The week-end is here. In many American homes Sunday is the only day which allows for a leisurely breakfast or brunch. And, brunch is a happy solution for the career girl, the bachelor, or the working couple who wish to entertain friends in the easiest possible but grand manner.

Keep the menu simple but make one dish a "specialty of the house."

An appetizing eye-opener to serve your guests is fruit, either fresh... or freshly poured juice. Have an extra supply of hot buttered muffins and lemon or orange marmalade to pass. Keep the percolator nearby for seconds of coffee. Remember, brunch borrows from breakfast and lunch but doesn't take to sweet desserts.

Curried Eggs in Shrimp Sauce
6 hard-cooked eggs —

- 1/2 cup mayonnaise
- 1/2 teaspoon curry powder
- 1 can (10 ounces) frozen condensed cream of shrimp soup
- 1/2 cup milk-muffins or toast
- Paprika

Cut eggs in half lengthwise.

Scoop out yolks into small bowl. Mash with fork; fold in mayonnaise and curry powder.

Stir until smooth. Refill egg halves. Combine soup and milk in large shallow skillet. Heat until soup is thawed; stir now and then. Place eggs, filled side up, in soup. Cover; cook a few minutes, or until eggs are hot. If desired, spoon some hot soup over eggs once or twice while cooking. Place egg halves on muffins or toast. Spoon sauce over. Sprinkle with paprika. Makes 4 servings.

Peach And Coconut Pie

It's a chef with the wings of an angel who can turn out a pie like this: A heavenly peach pie in a fluffy flaked coconut meringue shell. You can do it, too—and we recommend you try it for a special occasion.

COCONUT ANGEL PIE

- 2 egg whites, unbeaten
- 1/2 teaspoon cream of tartar
- Dash of salt
- 1/2 cup sugar
- 1/2 teaspoon vanilla
- 1 can (10 ounces) frozen coconut
- 2 cups (No. 2 1/2 can) drained sliced cling peaches
- 1/2 cup whipping cream
- 2 tablespoons sugar
- 3/4 teaspoon almond extract
- 1/2 cup coconut for topping

Combine egg whites, cream of tartar, and salt in mixing bowl. Beat until foamy throughout. Add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in very stiff peaks. Fold in vanilla and coconut. Spread mixture on bottom and sides of lightly greased 9-inch pie pan. Bake in slow oven (325° F.) about 30 minutes, or until shell feels dry and firm. Cool.

When peaches are thoroughly drained, arrange in bottom of meringue shell, reserving a few for top. Whip cream until stiff. Gradually beat in 2 tablespoons sugar and the almond extract. Spread over peaches and garnish with remaining slices. Sprinkle rest of coconut over the top. Chill for at least 2 hours. Makes 6 to 8 servings.

Use Lamb For Hasty Supper

Dinner deadline is always an important part of a home-maker's schedule. It's not uncommon, however, to be somewhat delayed in dinner preparation due to afternoon commitments.

If such is sometimes the case, your home-maker to last chops—economical lamb shoulder chops—to solve the problem.

Broiled lamb shoulder chops are delicious but add some current jelly and presto, in just minutes you not only have dinner, you have an elegant dinner ready to serve.

- GLAZED LAMB-BROIL
- 4 lamb shoulder chops, cut 1/2 inch thick
- 1 teaspoon salt
- 1/2 cup currant jelly
- 1/2 cup lemon juice

Set regulator for broiling. Place chops on broiler rack. Insert broiler pan and rack so that top of chops is 3 inches from the heat. Broil until browned, about 8 to 10 minutes. Turn and broil 2 minutes longer. Season with salt and pepper. Mix jelly and lemon juice and spread on chops, using about 1 tablespoon per chop. Continue broiling 2 minutes, or until done. Yield: 4 servings.

During the winter months when roasts are an integral part of your menu plans, keep this suggestion handy to incorporate leftover meats into second-day dishes. Add one cup chopped or ground leftover beef to a scalloped corn mixture. Bake in a moderate oven (350 degrees) for 30 minutes.

Apple-Raisin Stuffing

Spare ribs may be baked in the oven over-savory Apple-Raisin Stuffing. Roast in a 350° oven for 1 1/2 hours. Stuffed spare ribs need only one slice and green or lima beans to make an appealing first course. Even with apples in the stuffing, baked apples may be enjoyed for dessert, but an old-fashioned rice pudding, also makes use of the oven.

Thursday, December 4, 1958

- 2 slices bacon, diced
- 1/2 cup chopped celery
- 1/2 cup chopped onion
- 3 tart apples
- 1/2 cup raisins
- 2 cups dry bread crumbs
- 1/4 cup chopped parsley
- 1/4 cup sugar
- 1/4 cup milk
- 1 teaspoon salt
- 1/2 teaspoon pepper

Fry bacon until crisp. Cook celery and onion in drippings for 3 minutes. Core and dice apples. Add apples and raisins to celery mixture. Add crumbs, parsley, sugar, milk and seasonings. Mix lightly.

Garden State Concerts Slate Two Programs

The Garden State Concerts, formed to provide music lovers hereabouts with fine entertainment, will sponsor two programs at the Mosque, Newark, during December. The first event will be a concert by the Philadelphia Orchestra under Eugene Ormandy Monday at 8:30 p. m. The second will be a festive holiday Young People's Concert Dec. 20 at 11 a. m.

Ormandy will lead the Philadelphia Orchestra in a list of numbeis consisting of a Bach Chaconne in D minor transcribed for orchestra, Stravinsky's "Firebird Suite," Brahms' Second Symphony, and Ravel's "Bacchus and Ariane" ballet suite.

"Taking part in the children's concert will be the Little Orchestra Society of New York conducted by Thomas Scherman; members of the Metropolitan Opera Ballet School and a brilliant young pianist, Abbott Lee Ruskin. The program will include educational demonstrations of the harpichord and the celeste and will feature a picturesque ballet, "The Story of Celeste," with choreography by Mattlyn Gavers.

Stuffing Can Be Dressing

If you like dressing, its does not always have to be stuffing. Dressing will bake very nicely in a casserole by itself and does not always need to be stuffed inside a fowl or a pocket cut in a roast. Here's one to try with a loin of pork, for instance. Any recipe for your own favorite stuffing can be baked in the same manner.

- 1/2-pound bulk pork sausage
- 4 slices bread, cubed
- 1/4 cup minced onion
- 1/4 cup chopped celery
- 1/4 teaspoon pepper
- 1/4 teaspoon marjoram
- 1/4 teaspoon poultry seasoning

Combine all ingredients. Mix well. Place in a 1-quart casserole. Cover and bake in a moderate oven (350° F.) for 45 to 50 minutes. Yield: 6 to 8 servings.

Announcing THE NEW FORD Galaxie

Just Married in Style to the Thunderbird!

It's the newest and most exciting of all the 59 Fords—the elegant new Galaxie. A bright new personality in cars—and more. The Galaxie is a full "fine car" 6-passenger expression of Thunderbird grace, spirit, style and luxury in an altogether new line of Fords. The Galaxie, as you'll quickly see, is as wonderfully all-the-way Thunderbird as a low-price Ford can be.

Reception now—you are invited. You are cordially invited to come and see the Galaxie and the very full measure of elegance it brings to the low-price field.

True, Ford owners are accustomed to luxury—and at the low Ford price. But never in any Ford—not in cars costing far more—have you seen anything as sweet, smart, and glamorous as this! Come see Ford's new Galaxie today... and bring the entire family.

You'll want to honeymoon again in a

Cotton Knits "Go Glamor"

COTTON KNITS HAVE EVERYTHING! Fashion, the Fairy Godmother, has waved her magic wand, and knit cotton that used to be only the stuff that undies and baby's "little white things" were made of, has emerged as a real Glamour Girl. Not in many moons has a fashion as inexpensive as this one achieved such wide acceptance and delighted so many wearers! In its current phase it retains the familiar and highly practical features of being washable, non-wrinkling, and carefree. But it's acquired a genius for looking rich and costly. Honeycomb weaves, brocades, flower-effects, plaids, stripes, dots, checks, Paisleys—you name it, it's available in Cotton Knit. The smart-looking pair in our picture is wearing the 1958 "relaxed silhouette" featuring a Leaf-Pattern knit in Autumn Foliage shades, and Plaid (for a two-piece outfit) in Jewel-Tone with Black.

PANEL WINDOW systems are helping to custom style today's small home. Units are used individually or in combinations making up an entire wall, allowing complete freedom in planning all window areas. Screened ventilators fit any opening.

Cranberry Molded Salad

Sweetened fresh cranberries or canned whole cranberry sauce create the base of a new relish-type salad which goes well with any meat choice.

Add a little diced apple or orange, a few chopped nuts, and a wisp of ginger to cranberries. Blend the fruit and nut medley with real mayonnaise for just the right sweet-tart flavor. Then dress the salads with unflavored gelatin. The gelatin, along with the mayonnaise, is a flavor and texture blender. It also permits the natural flavors of the other salad ingredients to predominate.

The individual cranberry relish molds can be served on salad greens. Or place each mold on a slice of orange or pineapple, and serve as a garnish with the meat course.

Molded Cranberry Relish

2 cups fresh cranberries, 1/4 teaspoon salt, 1/4 cup sugar, 2 tablespoons lemon juice, 1 envelope unflavored gelatin, 1 apple or orange, peeled and diced, 1/2 cup cold water, 1/4 cup chopped nuts, 1/2 cup mayonnaise.

Sprinkle cranberries with sugar; let stand 15 minutes. Sprinkle gelatin on cold water in saucepan to soften. Place over medium heat, stirring constantly, until gelatin is dissolved. Remove from heat; cool. Gradually stir into mayonnaise; add salt, ginger and lemon juice. Stir in cranberry mixture, apple or orange, and nuts. Turn into a 4-cup mold or individual molds. Chill until firm. Unmold to serve. Yield: 4 to 6 servings.

*If desired, 1 can (1-pound) whole cranberry sauce may be substituted for fresh cranberries. Decrease sugar to 2 tablespoons. Mix together sugar and gelatin in saucepan before adding water. Follow according to directions.

The approaching holiday season will undoubtedly mean some entertainment in many homes. If in need of a party spread as a before-dinner appetizer, try this nippy combination. Mix together one pound Braunschweiler sausage, three tablespoons mayonnaise, three

tablespoons grated onion, one hard-cooked egg which has been chopped fine, one teaspoon prepared mustard and 1/4 teaspoon salt. Shape into a ball and chill in the refrigerator for several hours. Before serving, allow to stand at room temperature 15 minutes for proper spreading consistency.

"Style" means different things to different women. Of course we all know each season's new hemlines and silhouettes as they're shown to us in the fashion magazines. But these pages can't take into account the personal uniqueness every attractive woman has learned to bring out in her own wardrobe. Actually, the really well-dressed woman always follows the latest fashion trends. As she shops and sews among the new ideas, she keeps a clear picture in mind of those basic lines and colors which become her best, and which she has subtly made her trademark. Her new acquisitions are a happy combination of popular and personal. And the result rates as "style" in anyone's language.

THE HAND-MADE ROUTE TO FASHION
You want your clothes to be a true reflection of you... and you can be sure they will be, if from time to time you take a personal hand in the matter by knitting or crocheting an occasional garment yourself. There's no greater mark of femininity than needlework. My hunch is too that you'll find it satisfying and relaxing to do, as well as flattering to wear.

CROCHET-YOURSELF A CHRISTMAS PRESENT
I've chosen today's pattern with a special eye on the upcoming holiday season. It's a beautiful crocheted blouse, perfect over a dressy or formal skirt for festive occasions, yet carefully tailored to complement your figure. The stitch is a whimsical "leaving" group stitch with an interwoven look. It's easy to do. And separately worked star motifs form a soft, feminine neckline. As for color, we'd suggest white for special sparkle and zest at this time of year. To receive free instructions, just send a stamped, self-addressed envelope to the Needlework Department of this newspaper and ask for CROCHETED BLOUSE, Leaflet No. PC-8997.

Self-Frosting Cookies

Mom's been to the PTA, Dad went bowling, Junior to basketball, and Sis to a dance lesson, but they'll all be back home by ten for a cozy snack of cocoa and home-made cookies. Mom knows how to keep the family together with old-fashioned refreshments.

The cookies are self-frosted by cutting semi-sweet chocolate morsels into cookie batter that has been in the oven 2 minutes to soften the morsels.

Semi-Sweet Chocolate Self-Frosters
1/2 cup butter, softened, 1/4 teaspoon baking soda, 3/4 cup light brown sugar, 1/2 teaspoon salt, 1 egg, 1/2 cup nuts, coarsely chopped, 1/2 teaspoon vanilla, 1 6-ounce package (1 cup) sifted flour, 1 cup plus 2-tablespoons semi-sweet chocolate morsels.

Cream butter with brown sugar. Beat in egg, vanilla and water. Sift together flour, baking soda and salt; blend into sugar mixture. Stir in chopped nuts and 1/2 cup of the chocolate morsels. Turn into a greased and floured 8-inch square pan. Sprinkle remaining 1/2 cup chocolate morsels on top. Bake in moderate oven (375 degrees F.) 2 minutes. Remove pan from oven, run up of knife in a zigzag motion through the slightly melted morsels. Turn the pan and repeat the procedure in the opposite direction. (The second zigzag actually cuts through the first.) Continue baking for 20 to 25 minutes more. Cool in pan. Cut into 2-inch squares. Yield: 16 squares.

Slim And Short

Key word in the Paris vocabulary

was "Directoire." All the famous designers turned a nostalgic eye on the costumes of this picturesque period and looked with a more kindly eye, therefore, on the vagaries of the female figure. Gone is the bagginess of yesterday. The line is more controlled. Bosoms are defined again, and with the Directoire Period for inspiration there are all manner of pretty, feminine, fripples—stoles, fringes, ruffles, ruchings, sashes, false flowers. The typical "look" of 1958 is that shown above. Note the slim, short, narrow skirt, the longer sleeves, the raised waistline, the definitely feminine character.

Most dresses are in wool—bright particular star for every hour from morn to midnight.

A teaspoon of dry mustard is a good addition to a ham glaze made with a cup of brown sugar and a couple of tablespoons of pineapple or other fruit juice.

Dry Milk Is Good For You And Your Budget

A good "buy-word" for home-makers is non-fat dry milk. Says Edith Mae Ingalls, Assistant Home Agent, "This wonderful dairy product is made from fresh milk with only the water and butter fat removed. Milk is essential in the daily diet for both children and adults. It is difficult to get enough calcium without four or more cups of milk a day for children and two or more for adults.

There are many advantages in favor of dry milk. Here are just a few. It helps to stretch the food dollar. Dry milk is a refrigerator space saver. It can be kept on the pantry shelf and keeps for a longer time than fresh milk. When added to various cooked dishes, it provides extra milk solids, and thus extra nourishment. This is particularly important for those who don't drink the amount of milk needed each day.

If you would like a booklet of recipes and some more helpful information about non-fat dry milk, write or call the Home Economics Extension Service in the Court House Annex, Elizabeth, and ask for "How to Use Whole and Non-fat Dry Milk." An example of some tasty recipes using dry milk follows:

ICE BOX DESSERT

1 cup fineraham cracker crumbs, 1/4 cup melted fat, 1-tablespoon gelatin, 3/4 cup water, 1 1/2 cups cooked or canned fruit and juice, Pinch salt, 1/2 cup sugar, 2 tablespoons lemon juice, 1/2 cup nonfat milk powder, 1/2 cup chopped nut meats, if desired.

Mix graham cracker crumbs and fat. Soak gelatin in 1/4 cup of the water a few minutes. Dissolve over boiling water. Cut the fruit in pieces. Add salt, sugar, and gelatin. Cool until slightly thickened. Add lemon juice and milk powder to the remaining 1/2 cup water. Whip until very stiff. Fold in fruit mixture and nut meats.

Curried Turkey Is Party Fare

Count on this Holiday Party Turkey to be the hot-dish pride of your party buffet, or the family dinner table for that matter.

1 cup chopped onion, 1 cup chopped celery, 2 cups sliced carrots, 1 cup boiling water, 1 bay leaf, 2 cups drained apple sauce, 1 teaspoon grated lemon rind, 3 cups diced cooked turkey, 1 1/2 cups turkey gravy, 1 teaspoon salt, Few grains pepper, 2 tablespoons curry powder, Rice.

Combine onion, celery and carrots. Add boiling water and bay leaf; simmer until vegetables are tender, but not soft. Remove bay leaf, drain vegetables, add apple sauce, grated lemon rind, diced turkey, turkey gravy, salt and pepper. Mix curry powder with a little hot water; add. Heat. Place on platter; surround with border of well seasoned rice. Pass salted peanuts, coconut, raisins, and chutney. Makes eight servings.

Smooth half the crumbs into the bottom of a piepan or shallow loaf pan. Add filling and top with remaining crumbs. Chill until set. Six servings.

TUTTI-FRUITI CANDY

1 cup sugar, 1/2 cup water, 1/2 teaspoon salt, 1 tablespoon corn syrup, 1 teaspoon table fat, 1/4 cup raisins, 1/4 cup chopped candied or well drained, maraschino cherries, 1/4 cup broken nut meats, 1/2 cup dry milk, whole or nonfat, 1/2 teaspoon vanilla.

Combine sugar, water, salt, and corn syrup in a saucepan. Boil until the syrup forms a firm ball in cold water. If you use a candy thermometer, cook the syrup to 248° F. Add fat, fruit, and nuts, and cool to lukewarm without stirring. Add milk powder and vanilla. Stir until thoroughly mixed and creamy. Quickly turn the candy into a greased pan and when firm enough cut in squares.

Try New Danish Sandwich Idea

Turkey and cranberries taste even better, the next day, in this flavorful knife and fork sandwich, topped with a piquant glaze—an idea borrowed from the Danes. The tasty glaze, which lends an interesting flavor and keeps sandwiches fresh, is easy to prepare with lemon-flavored gelatin, herbs and spices. These glamorous looking sandwiches can be glazed ahead of time, then stored in the refrigerator until mealtime.

Turkey Sandwich Supreme

1 1/2 cups water, 1/2 teaspoon peppercorns, 1/2 bay leaf, 1/2 teaspoon dried dill, 1 package lemon-flavored gelatin, 1/2 teaspoon salt, Dash of cayenne, 3 tablespoons vinegar, Simmer water with peppercorns, bay leaf, and dried dill, covered, for about 10 minutes. Strain.

Dissolve gelatin, salt, and Cayenne in the hot liquid. Add vinegar. Chill until slightly thickened. Spoon mixture over open-faced sandwiches which have been placed on a rack. Allow about 1/4 cup glaze for each sandwich. Chill until firm. Makes about 1 1/2 cups or enough for 6 to 8 sandwiches.

Open-faced Sandwich—Use

large slice of crusty white or rye bread and spread with butter, then cranberry sauce. Top with sliced turkey and garnish with a thin slice of orange and additional cranberries.
