Mayor Strikes Back At Binder On Sewer Fight

Mayor Vincent J. Bonadies today accused Township Committeeman Albert J. Binder of a continuing disregard for the verdict of the people of Springfield in rejecting the proposed Shunpike Sewer Ordinance, and declared that "no personal pressure will turn back the tide of responsiveness in government here." Bonadies referred to Binders letter to the governing body last week which attacked the new administration's action of rescinding the sewer ordinance adopted under Binders rule, and thereby ending litigation of the matter as far as the Township is concerned. The Mayor scored Binders communication as evasive of the facts and ignoring the mandate of the people.

Ignored Citizens
"Both proponents and opponents of the Shunpike sewer, Bonadies declared, had placed their arguments before every family in Springfield last November, prior to the adoption of the ordinance. Mr. Binder cannot deny he took advantage of every opportunity to present his case in the chambers of the town hall, ignoring the repeated protests he personally heard from the citizens of Springfield. In addition the proponents of the sewer used full page advertisements in placing their cause before the entire township. Despite this, they were overwhelmingly repudiated by the (continued on Page 7)

Plan Public Proctor Plea Presentation

It has just been announced that the Twin Brooks Civic Association will sponsor a townwide meeting concerning the highway situation on Wednesday, February 18, in the auditorium of James Caldwell School. J. Robert Proctor of the York-Jersey Committee will be the guest speaker.

Mr. Proctor will discuss Route No. FAI-102 (78) and Spur Route No. 107 (88) in many aspects as to their effect upon Springfield. His presentation will include a short compilation of background information—a complete analysis of the latest release by the State Highway Department of the Madison-Hyland Report concerning the revitalization of the present Route No. 27, a statement regarding the economic effects on communities in the State of New Jersey by the proposed route, and a question and answer period. The meeting is open to the general public. Special invitation letters have been forwarded to legislators on local, county, state and federal levels. Information sheets including the invitation will be sent to all known organizations in Springfield.

Ask Court To Force Anderson To Erase La Motta From Ballot

Sarokin, Penard, Kappstatter Say Name Should Be Removed

Three of the six candidates for the Board of Education election, February 10, have come forward with offers to "give whatever help is necessary" to compel School Board Secretary A. B. Anderson to remove Dominic La Motta's name from the voting machines.

Mr. La Motta sent a written request to the Board of Education, dated January 29, requesting that his candidacy be withdrawn and his name removed from the voting machines. Mr. Anderson says he is "not required" to do so, his name removed from the voting machines. Mr. Anderson says he is "not required" to do so, saying that "the names have already been printed and it would mean additional expenditures."

Health Board Asks Curb On Nuisances

The Springfield Board of Health Monday night instructed Township Attorney Irwin Weinberg to prepare an ordinance to curb nuisances.

Dominic La Motta, who has withdrawn as a candidate for the Springfield School Board, will seek a court order to compel the Board of Education Secretary A. B. Anderson to remove his (La Motta's) name from the voting machines in the coming school elections, February 10.

School Board Secretary Anderson states that he is "not required to remove Mr. La Motta's name from the voting machines."

Mr. La Motta, in a written request dated January 20, 1959, asked Mr. Anderson and the School Board to withdraw his candidacy and petition for one of the three vacancies to be filled in the February 10 election.

"My request to withdraw my candidacy," said Mr. La Motta, "was made January 20, the day the public hearing was held on the budget. This, I presume, must be prior to the printing necessary to go into the voting machines since the public question on the budget also appears on the voting machine."

Anderson: No Law To Erase Name

A. B. Anderson, secretary of the Springfield Board of Education, says that he has been advised that there are two reasons why the name of Dominic La Motta should not be taken off the school election voting machines.

Mrs. Lewis Is Named To U.C. Health Board

The Union County Board of Freeholders announced Saturday the appointment of Mrs. Lorraine Lewis of 385 Milltown Road as a member of the Union County Health Board.

Mrs. Lorraine Lewis

Board of Mental Health for a 3-year term.

Mrs. Lewis, a 7-year resident of Springfield, is a graduate of Hunter College, where she received her B.A. degree. She is a past president of the Springfield Parent Teachers Association and for the past 3 years has served as Springfield Chairman of the American Cancer Society Drive.

Mrs. Lewis is also social editor of the Springfield Sun and staff correspondent for the Hatt Herald. She was recently elected to the Board of Managers of the Union County Chapter of the American Cancer Society.

Henshaw Residents Kill Esso Try For Gas Station

The Springfield Board of Adjustment last week denied Charles DeMarco permission to erect a gasoline service station at 246 Mountain Avenue, corner of Henshaw Avenue after residents of Henshaw and Hawthorne Avenues spoke against granting a special exception.

The board approved two applications for variances from the zoning ordinance, denied another application and recommended an application for special exception favorable to the Township Committee.

Mr. DeMarco's application was denied following a lengthy hearing during which representatives of the Esso Standard Oil Co. presented reasons for granting the application. Esso proposed to build and operate the single island, three-bay station.

Plans Revised
Application was made for special exception use under provisions of the zoning ordinance. The proposed site is zoned for business but permission must be obtained for operation of a service station.

Ten residents spoke in opposition to the proposed station, claiming it would generate objectionable odors, would decrease property values and would create a traffic hazard.

Edward E. Lindauer of 74 Wentz Ave. was given permission to alter his garage for use as an additional room and Julius A. Marsh of 104 Remer Ave. received approval of his plans to build a 10 by 12-foot enclosed porch.

Repeal Sewer Ordinance On Shunpike Rd.

The repeal of the Shunpike sewer ordinance became law last night as the Township Committee unanimously adopted the repeal at their regular meeting.

This ended a controversy started back in October involving Jeffrey Estates, the County of Union, the Township of Springfield and a taxpayers suit in which the 1958 Town Committee had passed an ordinance allowing for the construction of a \$130,000 storm sewer along Shunpike road and was met by a taxpayers suit which still is in the hands of Judge Hetfield for final disposition.

Alexander Kraus, lawyer for Jeffrey Estates in his final plea before passage of the repeal asked that the town committee should consider carefully before repealing this ordinance because they (the committee) were leaving themselves wide open to a lawsuit.

This "Discussion in Art" will be open to contributors of all ages, and all types of art will be considered.

Keep an eye on the newspaper for an announcement of further meetings. The group is being sponsored by the Springfield Recreation Commission and it is recommended that all interested adults contact Edward Ruby, Recreation Director, at the Municipal Building.

Printing For 4 Vote Machines Is The Answer

The controversy in which Board of Education Secretary A. B. Anderson says "he is not required" to remove the name of a withdrawn candidate from the voting machine is closely related to the date when the "ballots" were printed for the election to be held February 10.

In this case, there were seven names and the public question on the new budget FOR FOUR VOTING MACHINES. There were no sample ballots and, according to a reliable source of information, about ten absentee or veteran ballots.

In an effort to get the facts, the Springfield Sun first telephoned the Union County Board of Elections and the information received (continued on Page 7)

Kappstatter Looks To Citizens' Help

Milton Kappstatter expressed confidence in the Citizens' Advisory Committee which is at present struggling with solving Springfield's school shortage.

Kappstatter, a candidate for Board of Education and a professional educator, made a statement supporting the group under the leadership of James Cawley and George King to the SUN this week.

"A similar committee broke the log jam that held up construction of the Gaudineer school in 1952," Kappstatter pointed out.

"The contacts I have had with this committee indicate that they are dedicated people working objectively to a quick solution of a very difficult problem," he said.

The Citizens' Advisory Committee will meet Monday, Feb. 2 to hear the first reports from the smallest committees.

"I intend to study the reports of this committee objectively," Kappstatter continued, "and to evaluate their findings dispassionately with a view only of finding out what is best for the children of Springfield."

Judge Fears Crime Gain In Springfield

"A great increase" in crime in Springfield is predicted by Magistrate Henry C. McMullen in his summary report on 1958 to the Township Committee.

"Fortunately, we do not have a great volume of criminal matters," McMullen reported. "But they have been on the increase, and in view of our expanded growth it is reasonable to assume that there will be a great increase."

"This is particularly true with the activities of our highway stores and name stores which are targets for shoplifters and passers of worthless checks as well as burglaries."

The Judge made these statements in conjunction with a report which reveals that he runs a \$13,435.60 a year business in Municipal Court. During 1958 he ruled on 1,127 traffic cases, 462 parking cases and 72 general matters. In return for this labor he fined the traffic and parking violators \$12,437.00. General fines and costs came to \$973.00. The town also picked up \$25 on a bail forfeiture.

Judge McMullen commended court clerk Charles Huff for 10 years of "faithful and efficient service." He noted that in all that time, Huff has never been found inaccurate in his records.

"Ernie The Cop" Is On The Mend

Patrolman Ernest W. Kallens of 40 Hobart Place is reported recovering from a foot operation and will be back on the beat in a week or so.

Stores Asked To Be Open Same Nite

The Springfield Chamber of Commerce moved toward coordinating the evening stores are open nights in town.

Laurance Rogers, manager of Saks Fifth Avenue, proposed cooperation on store hours at the regular meeting of the Chamber on Monday, Jan. 26 at the Cannon Ball House. The 20 members present voted to conduct a poll of local businessmen to see if a night of the week could be agreed upon.

Retiring president Donald S. Lenny turned over the meeting to elected president Jack Stufelman. The Chamber voted to send Wesley Lewandowski and James Cawley as their representatives to the Mayor's Committee on Highway Problems. It was also decided to distribute police department flyers on "bad check artists" to all local merchants.

There was a discussion of choosing a regular meeting night and also a talk was given on the feasibility of a Chamber sponsored town map.

Regional High
Mrs. Victor Massa of Berkeley Heights presided as president at the regular meeting of Jonathan Dayton Regional High School P.T.A. on Jan. 22, 1959. Mrs. Horace J. Libby from Springfield P.T.A., president, is confined at home because of illness.

The general membership voted "yes" on the Executive Board's recommendation covering the three-point resolution of the P.T.A. Convention, reading as follows:

1. The Board approved a Broad-based Tax Plan, if it is to be used for educational purposes.
2. That the Board supports the convention's proposal of urging the New York State Legislature to raise the age limit to 21 years for the sale of alcoholic beverages.
3. That the Board recognizes the benefits of the Driver Education program as established at Jonathan Dayton Regional High School, but does not feel that Driver Education should be made compulsory for all students.

Mr. Avery Ward and Dr. Minor C. K. Jones, members of the Board of Education, explained the Regional High School Budget for 1959-1960 and urged all citizens to vote on Feb. 3, 1959, when the budget is on ballot for approval. The program for the evening was a play sponsored by the Union County Mental Health Assn. Mrs. Howard Brown of Mountaintop introduced Dr. Ruth E. Boyle, psychologist at the State Teachers College in Union, who introduced

the play "High-Pressure Area" and later skillfully guided a question and answer period on the emotional problems illustrated in the play.

Springfield P.T.A. members were in charge of refreshments which were served after the meeting.

Combined P.T.A. News
Modern studies have shown that children are not born with prejudice. They learn prejudice from their home, school, and environment. The teaching of prejudice takes place in the same informal manner in which many good attitudes are taught. We immunize our children against diseases of the body; we have a duty to protect their minds and hearts against the corrosive effects of prejudice.

Personal attitude has much to do with the kind of group relations that exist in a community. One of the most important tasks of a local P.T.A. unit is to help foster the kind of attitudes that will make good group relations within the unit. This may be done through learning to understand the peoples of different races and cultures in the community. It may be done by having members of various national, racial and religious groups working together in one P.T.A. for all children and youth.

The presence of laws against discrimination on our statute books is an affirmative expression by the people of New Jersey that "discrimination threatens not only the rights and privileges of the inhabitants of the State, but menaces the institutions and foundation of a free democratic State." These laws deter, minimize and correct violations by giving sanction to fair practices and thus hit directly at the root of prejudice. They make possible the educational experience of learning, working, and sharing among all peoples.

Raymond Chisholm P.T.A. News
This past Tuesday, January 20, a meeting was held at the home of Mrs. Thomas Argyris to formulate and complete plans for the card party and fashion show which will be held Monday night, February 15, in the cafeteria of the Florence Gaudineer School. Tickets will be made available through the class mothers and are \$1.15 each.

There will be a score of lovely door prizes; ten beautiful models will present the exciting Eden Roc fashions; ten gracious hostesses will help eat you, and will serve refreshments at your table. Since this is our major fund raising event of the season, it is hoped that all members of the school P.T.A. will support it. Fathers, and all friends are most cordially invited.

Just a note about the fashion show: The owners of Eden Roc fashions, who will present the show at the Gaudineer School, have just returned from Florida, where they had combined business with pleasure, by attending fashion shows at the Eden Roc hotel at Miami Beach. They have come back with a large and exciting collection of original styles—in the popular price range—from Florida, Dallas, New Mexico and Honolulu. They will present an unusual array of beautiful clothes to fit everyone's purse and taste—from the extreme to the moderate. Come out for an exciting

and gala evening, FEBRUARY 15!

Candidates seeking election to the Springfield Board of Education were presented to the audience through the cooperation of the four local Parent-Teacher Associations and the League of Women Voters of Springfield. The evening's program was moderated by Mrs. Melvin Antell, Voters Service Chairman for the League of Women Voters of New Jersey.

At the end of the panel discussion the audience participated in a question and answer period. Refreshments were served by the Hospitality Committees of the P.T.A.'s.

The James Caldwell School P.T.A. will be represented at the Founders Day Luncheon on Monday, Feb. 2, 1959, by Mrs. Alan Cunningham and Mrs. George Kune. Gaudineer P.T.A. News
The Florence M. Gaudineer P.T.A. observed "Candidates Night" on Monday evening, January 26. A short business meeting

was conducted by Mrs. J. Frank Jakobson, president. All the Springfield P.T.A.s assembled in the gymnasium to meet the Board of Education candidates—Rev. Bruce W. Evans offered the invocation. Mrs. Melvin Antell, State Voters Service Chairman of the League of Women Voters moderated an open discussion on the following questions: 1—Introducing foreign languages in the lower grades. 2—Vocational training in the elementary schools. 3—Special attention to the slow child. 4—Site for a new school. 5—A better liaison between the Board of Education and citizens. 6—Qualifications for substitute teachers. A question and answer period followed the discussion.

Refreshments were served by the Executive Committees of the combined P.T.A.s., Mrs. B. P. Yuckman, Mrs. J. F.

Patterson and Mrs. J. Frank Jakobson represented the Gaudineer P.T.A. at the special County Council meeting held Thursday, January 22 at the Edison Technical and Vocational High School, Elizabeth. Dr. Albert Joehen, State Department of Education, and Dr. William West, Union County Superintendent of Schools, discussed the survey report for Union County on vocational and technical education. Women Voters Vow Stand On School

The League of Women Voters of Springfield has announced it will study the present school situation in order to take a stand before the next referendum.

At its last two unit meetings, Jan. 20 and Jan. 21, the League members voted to set aside its study of Springfield's recreational facilities and to support a study to determine the most feasible manner to resolve the present classroom shortage.

At the same meeting which dealt with assessments, the members also made the following recommendations: Every property throughout the state should be assessed at a 40% ratio. Each municipality should be re-assessed once every 5 years by county-wide assessors under state supervision. Each county should have specialists in the various fields of assessments. The League also recommends that the personal property tax be eliminated.

This consensus on assessments has been sent to the Tax Committee of the League of Women Voters of New Jersey.

Mrs. Laible Seeks Elderly Craftsmen

Mrs. Elizabeth Laible of 18 Glenview Drive has been named Springfield recruitment chairman for the Tenth Annual Senior Citizens Hobby Show. Co-sponsored by the Newark Council of Social Agencies and the Soroptimist Club of Newark, the exhibit will be on view during store hours on the seventh floor of Kresge-Newark, February 16th to 21st.

This is Mrs. Laible's third year as a Hobby Show participant. Mrs. Laible's entries in the past two exhibits have won awards. Last year's award winner was a display of hand-dressed dolls.

As recruitment chairman for her hometown Mrs. Laible has the job of enlisting other elderly Springfield residents to exhibit their hobbies for display. There are many hobbyists who exhibit annually, but the greatest proportion are first time exhibitors, says Mrs. Laible, adding that many novices find their entries taking prizes.

Prizes are fun to win, admits Mrs. Laible, but the greatest reward for the participant comes from meeting and talking with other hobbyists. Many new friendships are formed among the older people who are drawn together by the show, she adds.

The only requirement for participation is being sixty years of age or older. Entries are being accepted now through the Council of Social Agencies. Prospective entrants can get full details by calling the Council at Market 3-8030.

... SPLASHES from SPRING GARDEN Country Club

BY YETTA NEMERSON

While 88 acres sleep and await our return, Spring Garden members are kept busy with various winter activities.

Herb and Pearl Lesser still participating from New Year's Eve party at their home. It looked like a meeting in front of Cabana D7 where the same group meets to enjoy swimming. Those on hand were the Nemersons, Mandels, Landews, Weismans, Sanders and the Osterwells. June Osterwell laughed as her husband threatened to give birth and barely made it to the Beth Israel Hospital where she presented Gene with the first 1959 boy.

Also found Abs and Yvette Rubinfield celebrating at their home with Alvin and Lois Feinsilver and the gang that occupies what we affectionately call the "Snake Pit." This is an area of the pool completely secluded from the rest where balmy breezes blow and no noise annoys you. For those contemplating usurping this spot, forget it, reservations and squatters rights have been taken care of—and the same gang will be back.

I have just checked over our new membership list and just for the record we will have with us this coming year—"The Voice," otherwise known as Irving Krammerman;—of course, Millie and the children will be with him. Also on hand for '59 will be Earl and Janet Lawit, Frank and Milly Hodes, Murray and Diana Blum, Larry and Gladys Max, Sandy Resnick and Beverly and Sidney and Gertrude Speigel. We anxiously await your arrival so that we can properly activate you into our circle. Of course all our regulars will be on hand at the same stations.

These days you can meet many Spring Garden gourmets at our local eateries. This is only a temporary situation, comes Spring Garden time, it's back to the restaurant and the delicious cuisine of our own Louis Leuthold. Lydia Sherman, president of Springfield Hadassah and Ruth Menkin, vice president, presented a fashion show at Temple Beth Ahm and the models included our own bathing beauties, Belle Stracer, Yetta Feldman and Yetta Nemerson. Congratulations to Harold and Phyllis Barg on the birth of their number 2 daughter. Glad Hafold Fried is completely recovered from his fall and will be back at Cabana D4 to keep us laughing. Saul Sznepar will never live it down; he received his first traffic violation. Bess and Bernie Walsh were seen week-ending at Mount Freedom.

Met Jim Ross of Ross Wall-paper. He reports Archbridge Lane, both upper and lower, will be back with us in the persons of Jesse Rosens, Saul Marders, Irving Hiss and wife. Just heard Nat Loman and family will be with us. Sure can use him on our volley ball team. Ralph Feldman is busy as usual with Temple Beth Ahm, as is Rabbi Reuben Levine. Many great plans are under way for the building of a new temple. Spring Garden reports new buildings in day camp area and better facilities for our campers if this is possible. Spring Garden bulletin is out and tables are being arranged for our reunion dinner, March 28, at the Military Park Hotel. Hors d'oeuvres will be served before dinner and after that the fun begins. Don't miss our opening get together, you're in for the time of your life. WISS Nemerson reports there are 109 school days left until day camp opens.

Can It Be Politics?

The coming elections of three members to the Board of Education on February 10 has been enlivened by the refusal of School Board Secretary A. B. Anderson to comply with the written request from Dominic La Motta that his name be removed from the voting machines.

Mr. Anderson states that he is "not required" to remove Mr. La Motta's name. Which is true since that is usually at the discretion and authority of the District Secretary or the County Clerk or the Township Clerk.

Mr. Anderson says "the names have already been printed and it would entail additional expense."

To which we say "hogwash." Reprinting the entire job right now would not cost more than \$10 or \$15. Removing Mr. La Motta's name would not call for any reprinting or additional expenditure. The

names of the candidates are on slits of paper and fit into the slots of the voting machine.

If Mr. Anderson wanted to take Mr. La Motta's name off the voting machine it could be done by several simple methods.

Why Mr. Anderson has taken this stand has brought the usual number of explanations. One very important fact is that votes recorded for La Motta—if Mr. Anderson prevails—might have gone to other candidates.

The fact is that Mr. Anderson is exerting the power he has wielded for many years as Secretary of the Board of Education. He wants to keep La Motta's name on the ballot because he feels it will take votes away from candidates which do not have his support. Maybe it is time to take the Board out from under the control of one man.

A Pat On The Back

The Citizen's Committee for Better Schools may have done a tremendous service to the taxpayers and the future generations of Springfield.

By actively opposing the Smith site school referendum on December 9, this group succeeded in apprising the voters of many unpublicized disadvantages connected with the selection of this tract for a school site, and helped defeat the referendum by a 3 to 1 majority.

As a result, further and intensive study is now being given to our town's classroom needs and it appears that many new facts are being brought to light, which may possibly alter the Board of Educa-

tion's original decision to acquire the Smith farm by condemnation.

Our hats are off to the people of this committee who believed in a principle and had the integrity to give up their time and money and subject themselves to abuse in the interests of their community.

It is possible that the Smith site may be the right one, but this Citizen's Committee has encouraged full investigation of all the possibilities, bringing all the facts to the attention of the public so that the voters will have the opportunity to cast their vote with the confidence of having all the facts before them.

Eggheads At Work

A report released two weeks ago shows that the Springfield Free Public Library has doubled its activities in the last three years. In this period of time, the little old house on Main Street has grown from a dark little used library frequented by a devoted few to a sparkling plant that is playing an ever-increasing role in the community.

This amazing vitality has been spurred by Leslie S. Stevens, head of the Library Board, and supervised by librarian Miss Helen C. Reyner. Stevens personally followed through on all the details in

the recent building expansion and Miss Reyner has worked relentlessly in organizing the staff and activities.

The latest program put forward by Miss Reyner is a challenging adult discussion series on "Novels of Protest." The librarian has chosen a topical book, "Doctor Zhivago," and based a program around other literary works of a similar nature. This is only one of many adult and children's activities that the library is taking on as it becomes the most important cultural center of Springfield.

Sunny Side Of Street

Apparently there are two sides to the highway coin.

John A. Cadmus of Springfield reports that expressways in other parts of the country have good points as well as bad points for the communities through which they run. He clipped the following from U.S. News & World Report:

"Two Texas studies provide additional data on what happens to the value of property you own when an express highway is built nearby. The studies, reported by the Institute of Public Affairs of

the University of Texas, covered expressways built in Houston and Dallas. Among the findings: Commercial properties along the route increased in value several times faster than similar properties in other parts of the city. Run-down residential areas were replaced with industries or apartments; vacant land values increased considerably. Better residential areas along the freeway remained unchanged, values increasing proportionately with similar properties elsewhere.

Kudo To Aid Squad

Dear Sir:
The residents of Briar Hills Circle wish to take this opportunity to publicly express their sincere gratitude to the members of

the Springfield Ambulance Squad. Unhappily for some of us it has been necessary on several occasions to request their assistance. In every instance, however, their efficiency, patience and understanding did much to make each difficult situation much easier to bear.

We are most grateful to them and truly hope they will continue to receive the support and cooperation they deserve from the people of Springfield so that they may be permitted to continue their good work for many years to come.

Sincerely,

POET'S CORNER

by BEN WEISS

13 Garden Oval, Springfield, N. J.

An Interlude
A child is born to parents
Who lived and hoped and prayed,
The child grew up with time,
As they in turn decayed.
In time they were too old
To live as once they did,
But still they loved their son,
A love they never hid.
The night was coming on
Their work at last was done,
The son became a man,
The fruits of life were won.

YOUR LIBRARY

In this column last week it was announced that plans were being made to have a program for adult readers. This plan now completed, follows.

Because "Doctor Zhivago," now heading the best seller list, has been the most outstanding publishing event of this winter, it was decided to use it for a starting point. Since the Russians regard this novel as a criticism of their country, it seemed worth examining other novels which have criticized other countries in other periods. "Bleak House" by Dickens and "Vanity Fair" by Thackeray were chosen to represent England; "Nana" by Zola, France, and "The Ugly American" by Lederer and Burdick, the United States.

These books will be discussed on four separate evenings: February 10, February 24, March 10, and March 24 in the auditorium of the Library. The leaders of the discussions will be Mrs. Howard Flammer, Mrs. S. Bryant Hass, Mr. Edwin B. May, Mr. Robert Potter, Miss Helen C. Reyner, and Mr. John Whitcomb.

The Library has some copies of these books to lend. Books are being borrowed from some other libraries in anticipation of the demand. Many people probably have copies of the older books in their home collections. Perhaps they can lend them to a friend after finishing reading the books themselves. We hope a great many people will have read the books and come ready to take part in the discussion, although those who come to listen are welcome.

This series is being called "Novels of Protest." Flyers announcing this program may be picked up at the library. All interested persons are invited.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

Chairman, Springfield Shade Tree Commission

Every year dozens of people are bilked by door-to-door salesmen peddling humus, fertilizer and nursery stock. Armed with a brief case full of colored plans and a "mouthful of botanical names, the nursery salesman tells you of the wonderful bargains he offers because of low taxes at the nursery, and volume production, etc. etc. The hundreds of dollars you finally sign up for will bring you a couple of packages not much larger than a smoked ham. Much of this material is not hardy in this climate, and so small that it will take years to develop into mature plants. Once the contract is signed for, you cannot cancel, or renegotiate in any way without recourse to the law. Beware—it happens to hundreds in this vicinity every year—it can happen to you.

The humus and fertilizer peddler has bilked many a Springfield resident in the past by offering material direct from the plant, or "canceled orders," at low prices. Many times you get a load of fertilizer, or other harmful junk at what turns out to be fabulous, outrageous prices. It is usually sold by the basket by a fast counting quick buck artist, while his partner engages you in conversation. Although you expect to pay a few dollars, the tab is usually over \$100.00. If you catch one operating in your locale, call the

police immediately.
Another problem are the grass cutters who represent themselves as landscape gardeners. Qualified men do not work for \$1.50 per hour. Many grass-cutters are unemployed laborers who find an easy living mowing lawns. If you must hire men of this type, be sure to supervise their work closely, or you may wind up with no lawn at all. Make certain your gardener carries liability and property damage insurance for the machines he uses, especially rotary mowers, can do extensive damage to person and property. It is not uncommon to have these machines hurl an object as far as 50 feet, and many children and grownups have lost fingers and toes as well as having their brains bashed in.

Many years ago the North Jersey Landscape Association was formed for the purpose of educating and upholding the standards of the gardening profession. Each applicant must pass a rigid test before becoming a member, and remains an associate member for a year before he can qualify for his seal of approval. All applicants must file a certificate of insurance before membership is accepted. To my knowledge, this is the only organization that has done anything to uphold the (Continued on Page 7)

SCHOOL BEAT

Doings At Regional High School

By Marsha Wilson

Once again Regional is proud to have as guests for a two week period two foreign exchange students, Miss Ida Bossi from Italy, and Mohamed Abdulla Hamadein from Sudan. I would like to devote my column this week to their general impressions of America.

Ida Bossi, guest of Margot Breier of Springfield, comes from Milan, Italy. Milan is located in northern Italy and has a population of one and one-half million. Ida is eighteen and has one brother, age 23. Her father is a commercial doctor. One of the many things she loves about America is our American slang. She finds such expressions as "Oh, my God, terrific, fabulous, and wonderful" very "cute." She and Mohamed have only studied English for three years, yet it is surprising to hear how well they have mastered the language.

Ida has many interests. She loves painting and art, her favorite painters being Van Gogh and Gauguin. She is interested in the social and economic problems of all countries. After her graduation from high school (which lasts for five years, six days a week), Ida would like to get a job in an International Office.

She has traveled throughout Europe with a Youth Organization. She loves tennis, swimming, skiing, the theatre, music, and concerts. She loves to read, her favorite authors being Hemingway, Steinbeck, and Tolstoy. She likes the friendliness and hospitality of the American people, and the warmth of the American schools. About her only dislike is American food.

Mohamed, Abdulla, Hamadein, guest of Don Booker of Springfield, is seventeen years old. In his name along there is much history. Mohamed

is his name by birth, Abdulla his father's name, and Hamadein his grandfather's name.

Sudan is in Africa, south of Egypt. Mohamed's father is an architectural engineer. He designed the Sennar Dam, the largest dam in Sudan, in 1925. Mohamed has four brothers, ages 15, 13, 9, and 6, and three sisters, ages 20, 18, and 11.

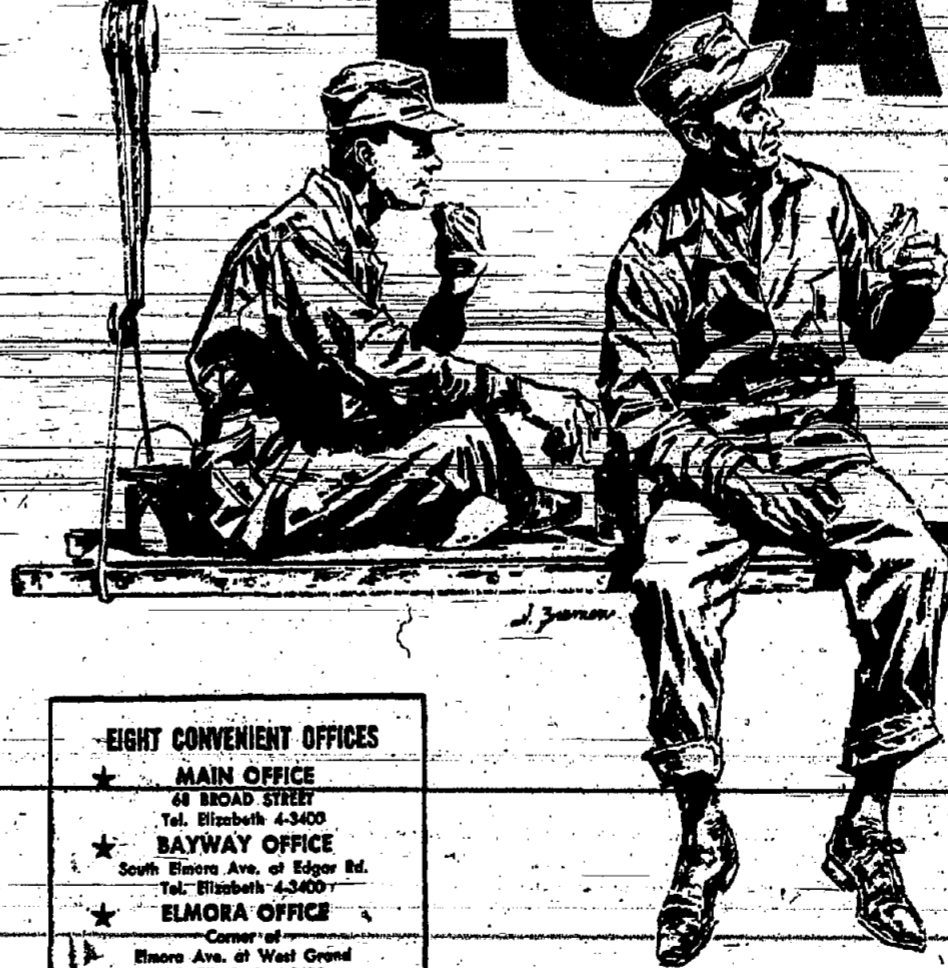

He attends a government school at present. His future plans include college, majoring in medicine and psychology. For he says "A good doctor must also be a good psychologist."

His hobbies include listening to classical music, photography, and playing basketball. When asked if he liked rock and roll, Mohamed replied "Yes, but it is only for excitement." Mohamed is not in favor of co-educational school, because he thinks the girls are too much of a distraction. One thing which displeases him about the girls of Regional is that they put lipstick on in the middle of the class and they eat during class. He dislikes the American food because it is tasteless.

Mohamed and Ida were selected to represent their respective countries by an autobiography of themselves, an essay, and numerous personal interviews. They will remain in the United States for three months, during which time they will live with four different families in the New York area. They will also meet the President of the United States. When Ida and Mohamed learned of their selection they were "thrilled and honored."

I hope you enjoy your stay at Regional, Ida and Mohamed. Don't forget the basketball game Friday night against Linden, at Linden.

Mayor Strikes

(Continued from Page 1)

"I can personally assure Mr. Binder who in his letter measures his every step with political yardsticks that this rejection came from a fully informed and aroused non-partisan citizenry, disgruntled over the prospects of spending a disproportionate share of tax-payers money on a proposed sewer project whose prime beneficiary would be the developer of a 59 home tract."

Bonadies added "Springfield's present administration has pledged and dedicated itself to responsiveness in government and I assure you Mr. Binder, this tide will not be turned back by the waging of a campaign of intimidation in contempt of the peoples verdict."

No Obligation To Build

Bonadies continued "Let us examine some other facts too. The entire proposed sewer project resulted from a contract between the town and the developers, Jeffrey Estates, which placed Springfield under absolutely no obligation to build a sewer for the developer. Furthermore this administration shares the same view of the people of Springfield in rejecting the ordinance because it asked the Township to pay the major share of a \$130,000 sewer whose prime beneficiary is the developer. There is also no basis for the contention that the move to have the township pay the major costs came after long study and negotiation since the builder always contended from the outset that his share would merely constitute a contribution."

"The suggestion by Mr. Binder that the sewer ordinance was rescinded under my personal influence also stands exposed as a complete disregard for the truth. The present administration's actions are and shall continue to be based on carrying out the will of the people and if this, in Mr. Binder's mind constitutes a form of influence, then may I personally state that Springfield's governing body will continue to function under such influence."

"No member of Springfield's governing body can rightfully seek

to place himself in a position of assuming he knows what is best for the people. We have public hearings exactly for that reason. And finally, I would like to cite, Bonadies said, the statement of Supreme Court Justice Wm. J. Brennan Jr. who in a judicial opinion handed down in Jan. 1958 on a matter similar to Shunpike Sewer said "While today's mass home building projects are assuredly in the social good, no reason suggests itself why in justice, the economic costs incident to the expulsion of surface waters in the transformation of the rural or semi-rural areas of our state into urban or suburban communities should be borne in every case by adjoining landowners rather than by those who engage in such projects for profit;" and this judgment of law shall be the guiding principle of this present administration."

Henshaw

(continued from Page 1)

Downs, Inc. for approval of plans to build 24 more rental units in the motor lodge adjoining the Howard Johnson Restaurant in Route 22 was recommended favorably to the governing body. There now are 36 units at the lodge.

Bus Plea Rejected

The application of Robert W. Bein of Dunellen to park 20 school buses on property in Route 22 was denied. Mr. Bein said he was forced to move his buses from Union because property he has been using has been sold.

Mayor Vincent J. Bonadies presided while the board organized for the year. John A. Hopping was re-elected chairman and Building Inspector Wilbert J. Binder was re-elected secretary. Mayor Bonadies introduced the members, including the two new members, Earl A. Lawit and Frank A. Buccia, to those present. Also introduced was the board's new attorney, Township Attorney Irwin Weinberg.

The board's operation was explained by Mayor Bonadies for more than 25 township residents present. The mayor also said residents will be given every consideration when dealing with the board.

Mr. Lawit and Mr. Buccia were appointed to the board for three-year terms-New Year's Day. They succeeded Kenneth K. Bandomer and Howard Christensen. Mr. Weinberg succeeded Max Sherman.

YOUR GARDEN

(Continued from Page 6) standards of the trade, and I believe it is time for the public to clamor for legislation that will eliminate the possibility of inexperienced, unqualified men from posing as professional, educated, landscape contractors. During the past year I have received many complaints from

home owners who have been blighted by their so-called gardeners. Such complaints as refilling brand name grass seed boxes with cheap hay seed, or substituting sand for fertilizer is not uncommon.

Printing For

(Continued from Page 1) there was "that correspondence, dated January 6, 1959, was received from the Springfield Board of Education regarding the printing necessary to be inserted in the voting machines. That the Board of Elections merely rents the voting machines to the Board of Education—that Colby & Mc-

Gowan, printers in Elizabeth, would have information on when the printing was finished. Telephone calls to Colby and McGowan Tuesday and yesterday brought the information that "the printing has been finished and delivered. The budget figures on January 21."

Dominic La Motta who had filed as candidate for the Board of Education election on February 10, formally requested that his petition and name be withdrawn. School Board Secretary A. B. Anderson says he is not "required" to remove Mr. La Motta's name from the voting machine, that "the names have already been printed and taking

his name off the machine would entail extra expenditure."

Mr. La Motta is seeking a court order to have his name removed, maintaining that the ballots could not have been printed before receipt of his withdrawal letter dated January 20. That was the date when the new budget was adopted, he says.

Repeal Ordinance

(Continued from Page 1)

Seymour Margulies, lawyer for the taxpayers, said he was "rather surprised that his adversary had

threatened a suit when the original ordinance could be questioned as to its legality and constitutionality. Township Committeeman Eugene F. Donnelly, in discussion of the ordinance before passage, stated in defense of his stand to go along with the other members of the board, after approving the original ordinance by saying, "I'm enough of a practical politician to be responsive to the will of the people."

Mayor Vincent J. Bonadies comments in regard to the entire sewer affair were expressed in detail in the article in the first column.

Re-elected President
At the last regular meeting of the Essex County Optometric Society on Friday, January 23, at the Irvington House, Dr. Raymond A. Constantian of Springfield was re-elected its President for a second term.

Springfield Beats Irvington 42-39

The Springfield Recreation junior minutemen opened their 1959 campaign last Saturday evening at the Florence Gaudineer School gymnasium, with the locals defeating a highly rated Irvington combination 42-39.

The "Minutemen" are a combination of players who are active in the Springfield Recreation "State League" on Saturday afternoons.

Keith Neigel and Ciel Monticello were the standouts of a big first period surge as the locals opened fast to gain a 12-3 lead at the quarter. Irvington came back strong in the second quarter to narrow the gap to 23-19 at halftime. In the third period good offensive and defensive play by little Jimmy Lies and good rebounding by Keith Neigel kept the visitors at bay, with the score 35-29 at the three quarter mark.

In the final canto Jimmy George and Lies had the large turnout of fans pulling strong for the minutemen to win, coming through with timely scores as well as exceptional defensive play.

Webb's Sweep To Increase Lead

The Springfield Church Team bowled January 23 at the Springfield Alleys. The leading Webb team won three games from handman and increased their lead over the second place Brandes who lost two games to Douglas McGarrah and Johnson are still third and fourth respectively.

Bob Shayer Sparks Royal Rally 48-42

The Royals posted their first win of the campaign last Tuesday night, defeating the powerful Warriors 48-42 on a great last half drive in the Recreation League.

The winners scored 18 points in a torrid final quarter with newcomer Bob Shayer sparking the drive. The Royals looked like a beaten team after the first period of play, but with the insertion of Shayer by Coach McConkey the Royals started to roll.

At halftime the score was a respectable 22-19, but at this point the Warriors started to click on several fast breaks to widen the margin to six points. The Royals asked for time, and from that point started to click. Big Ronnie DeSantis scored five goals in the third period, two in the fourth, but his work under both boards was heartening as the gold started to control both backboards.

In the final period it was basket by Bert Becker, Larry MacConkey, Shayer, and DeSantis, that led the victory. The win brought the Royals into the thick of the drive as only one third of the schedule has been completed.

He brings a foreign car enthusiast's devotion to his job as a foreign car specialist. He has quite a collection of tune-up equipment to help in out.

GARDEN SUPPLIES

CARDINAL NURSERIES - (273 Milltown Road, Springfield, Drexel 6-0440) Ed Cardinal does a first class job on servicing lawn mowers of every kind. This time of year is a good one to see about having blades sharpened and motors cleaned and lubricated. Cardinals is the authorized sales and service agency for Briggs, Stratton, Lawson, Gilmore, Lawnday, Edgus, Johnson, Toro and a whole lot of others. Also stocked are a large selection of motor parts for the do-it-yourself fan.

This development, called stereophonic sound is available for home listening as well as the Radio City Music Hall. There's a good day more extra charge for card parties, club meetings, etc. absolutely free of charge.

INSURANCE & REAL ESTATE

BUNNELL BROS. - (3 Premier Ave., Springfield, Drexel 6-9600) Springfield without the Bunells would be like Boston without the Cabots. Robert and Richard Bunnell have been writing insurance of all kinds in town since 1916. Their big friendly office is in the bank building near all other financial institutions and insurance matters. Through a good day more than friendly, their years of experience show in the soundness of their advice.

RESTAURANTS

CHINA SHY - (Springfield Shopping Center, Drexel 6-3616) Here's a restaurant sampling from the menu showing that there's practically everything under the China sky. SAM COY, PAI - sliced lobster, sliced white meat chicken, Chinese roast pork prepared with imported Chinese mushrooms, snow pea pods, water chestnuts, bamboo shoots and hearts of bok choy. All this for \$1.75 in Jack Chan's cheerful dining room.

MOUNTAIN AVENUE LUNCHEONETTE - (548 Mountain Avenue, Springfield, Next to Walton School) There is only one thing better than good German cooking and that is Mrs. German's German cooking. She is running the premises here lunch and snack headquarters in town. The SUN recommends trying any of her homemade delicacies.

RESTAURANTS

PIP & SUE DRIVE-IN RESTAURANT - (Corner of Morris Avenue and Springfield Avenue, Springfield, Drexel 6-2000) Here is a smooth blending of traditional colonial decor with the clean lines of modern comfort. Jack Bullock has placed a charming dining room in a restaurant which offers all the 20th Century conveniences of drive-in ease. The food, on the other hand, has an old fashioned quality that brings people back for more.

ROY'S PIZZERIA - (Mountain and Premier Avenue, opposite Regional High School, Springfield, Drexel 6-4772) There's an old saying that a pizza pie is what you make it. Tony Della certainly makes them more than usually good. His hand with the spatula is sure and his experience with Italy cranks is considerable. If you want to take a home, call in advance and pick it up hot. Better order several while you're at it.

WARRIORS INN - (85 Morris Ave., opposite Millburn Ave., Springfield) The off-beat comment about the pizza pie being too big to eat must have originated here - where the pizza comes big - in extra diameter and comes with the special sauce, topped with mushrooms, olives, tomatoes and pepperoni. We like getting a pizza among everybody at the table and ordering individual portions of their delicious Lasagna, Bavarian and veal and pepperoni. You sure know you've dined out after that.

TV SERVICE

A & A TV - (2708 Morris Ave., Union, 11 mile from Springfield, MUdock 3-6600) Al Jones has been in TV since 1925 when he was considered a luxury. Jones kept a single face through and by serving Lewis ahead of the electronic world has made available to Springfield a shop that is kept in the field. Fixed charges, same day service, and guarantee on all work are the other reasons why people phone A & A.

SPRINGFIELD RADIO & TELEVISION CENTER - (178 Robinson Ave., Springfield, Drexel 6-3420) This radio repair truck has mobile repair truck and audio testing equipment to make the CBS master control room. Make this a logical choice when Lawrence Walk gets busy. This service is quick and efficient. We like getting a pizza among everybody at the table and ordering individual portions of their delicious Lasagna, Bavarian and veal and pepperoni. You sure know you've dined out after that.

Overtime Decides State League Play

A sudden-death overtime game plus close hard fought action featured play in the Springfield Recreation State league last Saturday afternoon at the Florence Gaudinier School gymnasium.

In the opener Michigan surprised a good California team by winning 24-17, with the outcome of the game in doubt until the final minutes of the game. Keith Neigel was the standout for Michigan, pumping in 13 points on 6 field goals and a single foul. Allen Greenberg and Steve Hart were the workhorses for the California team, with Greenberg getting 10 points on 5 goals.

The second game of the afternoon was by far the most exciting as the Minnesota courtmen jumped off to a 7-0 lead at the quarter and a 9-1 lead at the half. Bill Homan, Minnesota coach then substituted his second team, only to have Kentucky catch fire to knot the score with seconds remaining. In sudden death overtime Nuttle tossed in a short set to settle the hard fought contest.

Multhaup, Lies, and Gilligan were the standouts for Texas in their victory over West Virginia. Jacobsen and Haydu were the high men for the Mountaineers, with Haydu getting his total in the first period. Oklahoma trimmed Illinois 24-20, with Jimmy George sparking the win. For the losers it was Richie Pomerantz and Cio Monticello, who still lack a good back court operator.

Colantone Holds Four Game Lead

In the Springfield Sports League, playing at the Springfield Alleys, Colantone Shoes walked away with two games from Highland-Metal Products, on January 28.

Sam's Service won two games from Bond Electronics. The Cops won two games from Drexel Cleaners. Conte's Delicatessen won two games from Stereo Sound, with both anchor men coming through with nice games.

Belleveau Stars With Small-Fry

All teams in the Springfield Recreation Small-Fry league exhibited improved play last Saturday afternoon at the James Caldwell School gym.

In the opening game the Celtics trimmed the Aces 18-10, with Martz and Schubert the standouts for the Celtics. Franklin, Ester, and Garland were the top players for the Aces.

The Bullets easily defeated the Vats 22-7 as Jimmy Belleveau sparked the victory with 14 points on 6 baskets and 2 fouls. The Knicks nipped the Billkens 14-11 in a close game with Hansen and Glicker the standouts for their respective teams.

In the finale the Lakers Walloped the Pistons 43-26 and Condon sparked the top sided win.

SUNNING SPORTS

by VICTOR GOLDBERG

The hoopsters split their two games last week, losing to North Plainfield on Tuesday and defeating Union on Friday.

Bill Franklin showed signs of breaking out of a horrible slump in which he had been practically useless to the team. Franklin hit on five of nine shots against Union en route to notching eleven points. He has picked a most opportune time to break his slump as the all-important Linden game is coming up.

Let's Not Overlook The Eggplant

Some Excellent Recipes Feature This Old Vegetable

By AUDREY CHASE WALTERS

The eggplant, which is allied to the potato, is an age-old vegetable that has been a popular food in the Near and Far East for centuries where it is baked in its skin, stewed in oil or placed with lamb or mutton on skewers and cooked over an open fire. (Hail the American back-yard barbecue!).

In Italy it is almost inevitably combined with cheese and tomato sauce and in France it is almost inevitably combined with mushrooms.

It's a vegetable with possibilities and a very good one to break up the "same old thing" in menu planning that is the bane of every home cook.

The Italian recipe we like is a casserole dish that is not difficult to prepare and is excellent for buffet supper use.

Spread one cup of cooked white rice over a well-greased, shallow baking dish about 8x12x2. Pour on three-quarters cup water. Peel one small eggplant, cut

in very thin slices and cut slices in half. Beat one egg with one tablespoon water. Dip slices of eggplant in egg and coat with cracker crumbs. Heat five to six tablespoons olive oil in skillet and brown eggplant well on both sides. Arrange egg plant slices over the rice. Sprinkle with one teaspoon salt, a bit of black pepper and one teaspoon oregano. Cover with six to eight ounces Mozzarella cheese, thinly sliced. Pour on two cans (8-ounce size) tomato juice sauce. Bake in preheated oven at 350 degrees F. about 30 minutes or until cheese melts. Makes about 10 servings.

There is practically no food that the Italians cannot combine well with pasta in one of its forms. They make no exception of eggplant. To prepare the eggplant for this recipe, peel it and cut it lengthwise in slices about one-half inch thick. Sprinkle a little salt on each slice and let the slices drain in a colander about 15 minutes. Then rinse the vegetable in cold water and pat it dry with a towel. Fry the slices two or three minutes in hot olive oil until light brown.

In the meantime, cook one pound of spaghetti. Drain and place on large platter and cover with spaghetti sauce. Cut egg plant slices in strips and place them over the sauce. Sprinkle the whole thing with grated Parmesan cheese and serve hot. This amount will serve six as a main dish.

One of the most irksome situations the home cook faces is having a recipe she herself likes very well but one that the rest of the family refuses to eat. Usually, the recipe in question involves too much bother to prepare just for one person. Our pet recipe that falls into this category is eggplant Parmesan. If you like this recipe, here's hoping you do a better job "selling" it to your family!

To one No. 2 can of tomatoes, add two tablespoons tomato paste, two tablespoons olive oil and a sprinkling of salt. Simmer in saucepan one-half hour.

Peel eggplant and cut in half-inch slices. Cover with hot water and let stand five minutes. Drain, dry and fry in hot oil two or three minutes until light brown and add salt and pepper to taste.

Mix two cups bread crumbs, one tablespoon chopped parsley, one-quarter teaspoon chopped garlic, a bit of salt and pepper and one-half cup grated Parmesan cheese. Place a layer of eggplant in bottom of baking dish, cover with crumb mixture and pour some tomato sauce on top. Continue until ingredients are used up. Top with Mozzarella cheese sliced thin and bake in moderate oven until topping turns slightly brown — about ten minutes.

Leaving the Italians and their cooking talents for a moment, here is an eggplant recipe with a French touch.

Slice and fry eggplant in olive oil until lightly brown. Wash mushrooms and slice lengthwise. Use about one cup of cut mushrooms to a medium eggplant. Melt four tablespoons butter in a saucepan and saute the mushrooms with a small clove of garlic. Remove the garlic. Cut eggplant into small pieces and combine with mushrooms. Season with salt and pepper and add one tablespoon minced parsley. Place in shallow casserole, sprinkle top with bread crumbs, and grated Parmesan cheese, dot with butter and brown in moderate oven.

TRIPLE TREAT: Mrs. Frank E. Angele is shown preparing recipe for three loaves of delicious German Stollen that won \$10 prize in our Favorite Recipe Contest this week.

\$10 For Favorite Recipe

A check of our files on recipes submitted in our Favorite Recipe Contest indicates clearly that coffee cakes of all descriptions are top favorites around town. Our cooks also seem to favor recipes in all categories that are quick and easy to prepare. This week, we are going with the trend in one direction and against it in another. Mrs. Frank E. Angele of 718 Layton St., Union, won our \$10 prize with a recipe for a coffee cake that takes a bit of good old-fashioned cooking. The results prove worthy of the effort.

Don't forget to jot down your favorite recipe and mail it to us at the address in the upper left-hand corner of this page. We are interested in all types of recipes and a \$10 check may just be waiting for you.

GERMAN STOLLEN
Soften one package active dry yeast in 1/4 cup warm water.
Melt:
1/2 cup butter in 1 cup scalded milk
Add:
1/2 cup sugar
1 teaspoon salt
1/2 teaspoon ground cardamom
Cool to lukewarm. Stir in:
2 cups sifted flour

on lightly floured surface and divide in three equal parts. Cover and let rest 10 minutes. Roll each part into a 12 x 7-inch rectangle. Fold lengthwise until top edge is within one inch of bottom edge to make typical stollen shape. Moisten edges with milk or water to seal. Place on greased baking sheets, cover and let rise until almost double in size, about 30 to 45 minutes. Bake in moderate oven (375 degrees F.) 20 to 25 minutes. While warm, brush with butter and sift confectioner's sugar on top. Makes three loaves.

Chocolate Chip Charmers

There's just one problem about these tempting cookies, rich with nuts and deep-flavored chocolate chips... will anyone have the strength of character to resist "just one more" even when they know their quota has been reached? If you want to serve these cookies for tea, better hide them from the children. If you want any left for the children, better not put them all out at teatime. Whatever the time or occasion, you couldn't choose to bake a better cookie than these:

- Chocolate Chippers**
- 1 cup chocolate chips
 - 1 cup plus 2 tablespoons sifted flour
 - 1/2 teaspoon soda
 - 1/2 teaspoon salt
 - 1/2 cup granulated sugar
 - 1/4 cup firmly packed brown sugar
 - 1 egg
 - 1/2 cup soft butter or other shortening
 - 1 teaspoon vanilla
 - 1/2 cup chopped nuts

Melt 1/2 cup of the chips over hot water. Set rest of chips aside. Measure flour, add soda and salt, and sift into mixing bowl. Add granulated sugar and brown sugar, egg, shortening, and vanilla. Blend; add melted chips. Then mix thoroughly about 1 minute. Stir in nuts and remaining chocolate chips. Drop from teaspoon onto ungreased baking sheet, about 2 inches apart. Bake in moderate oven (375° F.) 10 to 12 minutes. Makes about 4 dozen cookies.

Note: Butter makes a thin, rich cookie; vegetable shortening, a thicker cookie.

Potatoes Score High Honors

Rich in energy and body-building elements, potatoes rate top honors on many a score. Noteworthy for their vitamin C content and other fine food values, they also deserve applause for their appeal and for satisfying, hearty nourishment, says Mrs. Mary W. Armstrong, County Home Agent. What is more, they are unusually versatile and suitable for any meal of the day, in one form or another, from breakfast right through a midnight snack.

Among the hundreds of potato recipes enjoyed the world over, fried potatoes are among the most delicious. Some recipes call for pre-boiling before frying; others begin by mashing the potatoes, or by using them raw. Potatoes may be fried with onions, parsley, herbs or other seasonings. Ready-prepared potatoes are available for mashed potatoes or shredded potato cakes—or even as a soup mix.

—An old-fashioned, tasty potato dish is French fried hash. Preheat greased frying pan and add equal portions of diced, cooked potatoes and diced beets with one-fourth the measure of diced onions. Gently fry until steamy hot and slightly brown.

Potato ENDS are more in line with modern likes. Slice potatoes 1/2 inch thick, place in salted water for about an hour, and drain. Press out excess moisture, and submerge quickly into boiling water, then into preheated deep fat. The slices will bounce around in the hot fat and puff out, doubling their original size.

A Thing Of Beauty

Every once in a while you run across one of those rare classic crocheted-dollies that add a whole new dimension to any decor. Graceful, traditional, it's lovely in a period setting. Still its simplicity and straightness of line make it a perfect touch in a modern room where you need objects to soften the sternness without contradicting your overall style.

...ful on a bedside or end-table.

A STAR IN THE CROCHET HEAVENS

The center section and general outline of the PINE TREE are variations of the star pattern, a top favorite among crocheters for at least a quarter of a century. It's worked out from the center in rounds of chains, double crochet and single crochet stitches. Alternating groups of long, extended stitches and light, short ones form eight unusual points. The popular ruffled border is worked on last and slightly starched to give a fresh, crisp look. The whole project calls for only two balls of size #30 crochet cotton. To receive your easy free instructions, just send a stamped, self-addressed envelope to the Needlework Department of this newspaper and request PINE TREE DOLLY, Leaflet No. S-821.

Hot Lunch In A Hurry

Crisp coated sandwiches, hot and golden brown, make a hearty hurry-up lunch. Secret of the beautiful coating is a quick dip in evaporated milk and egg. Make your sandwiches as usual with ham and cheese or luncheon meat. Then dip the whole sandwich in the milk and egg mixture. One-third cup milk and one egg makes enough dip for two or three grilled sandwiches, and the dip can be increased accordingly for the number of sandwiches to be made.

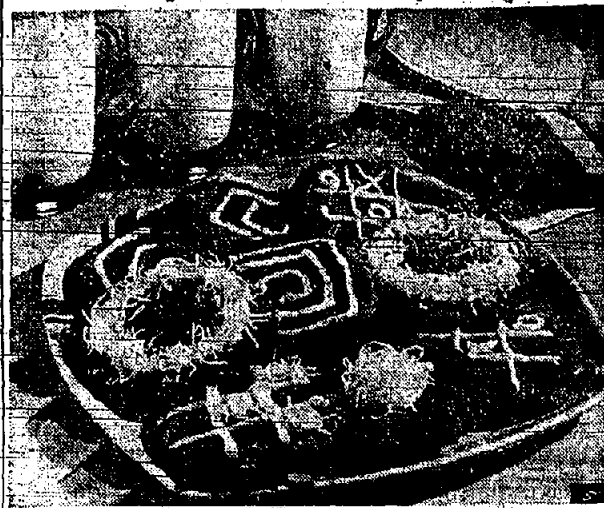

Evaporated milk gives them their golden crust when hot off the grill. Serve the sandwiches with broiled tomatoes and a perky green salad.

GOLDEN DIPWICHES

- 1 can (12 ounces) luncheon meat or chopped ham
- 12 slices bread
- 6 slices processed American cheese
- ½ cup evaporated milk
- 2 eggs
- 1 tablespoon prepared mustard
- 1 teaspoon poppy seeds, optional

Put luncheon meat into 6 slices. Place one slice on each of 6 bread slices, top with cheese and remaining bread slices. In a shallow pan, beat together evaporated milk, eggs, mustard, and poppy seeds. Dip each sandwich into this mixture, turning to coat both sides. Brown on both sides in a small amount of butter in skillet, or on grill. Yield: 6 servings.

After School Cookies!

After school, or after play, children of all ages are always "starving"! The best way to meet that situation is with milk and cookies. These cookies, with their spicy molasses flavor and the unusual addition of flaked coconut, both in them and on them, make a perfect foil for tall glasses of cold milk. Note: If you've a freezer, make a double amount of the cookies... then, cool, and wrap in aluminum foil for freezing.

Coconut Molasses Cookies

- ½ cup firmly-packed brown sugar
- 1 cup unsulphured molasses
- ½ cup water
- 1 cup coconut

Sift flour once, measure, add soda, salt, cloves, and ginger, and sift again. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add molasses and mix well. Add flour mixture, alternately with water, mixing well after each addition. (If necessary, add up to ½ cup more sifted flour, to make dough dry enough to roll.) Add coconut and mix well. Roll dough ¼ inch thick on heavily floured board. Cut with 4-inch cookie cutter. Place on greased and floured baking sheet. Bake in hot oven (400° F.) about 15 minutes. Decorate as in picture. If desired, with any simple frosting, and additional flaked coconut. Makes 3 dozen cookies.

Delicious Dessert Surprise

This deliciously different dessert bearing three wonderful "go-together" ingredients, is sure to brighten menus. Layered in sandwich fashion, there are crisp graham crackers for the base, then cream cheese and a crowning layer of grape-flavored gelatin. It's so easy to make too. Try it tonight.

GRAPE GELATIN SURPRISE

- 1 package grape-flavored gelatin
- 1 cup hot water
- 1 cup cold water
- 1 cup graham cracker crumbs
- ¼ cup butter, melted
- 1 package (3 ounces) cream cheese, softened
- 2 tablespoons cream
- ¼ cup confectioners' sugar

Dissolve grape-flavored gelatin in hot water. Add cold water. Chill until slightly syrupy. Mix graham cracker crumbs with butter. Reserve about ½ cup of crumb mixture for garnish. Press remaining mixture into 10x8-inch loaf pan. Bake in moderate oven (375° F.) 5 minutes. Cool. Blend cream cheese and light cream. Add confectioners' sugar and mix well. Spread over cooled crumb layer. Then pour gelatin carefully over cream cheese layer. Chill until almost firm. Sprinkle with remaining crumb mixture. Chill. Makes about 6 servings.

Schooltime Breakfast

The youthful "cowboy" or "ranchman" in your family will be eager to get up when he can be sure of having a pancake breakfast with all the trimmings! Occasionally, for the sake of change, mix syrup with fruit juice, with diced fresh or canned fruits, or with canned apple sauce. And try heating the syrup with a bit-of-butter for another tempting treat... the whole family will join in your "ranchman's" enthusiasm for the first meal of the day.

Pancakes

- 2 cups prepared pancake mix
- 1½ cups milk
- 1 egg, beaten
- 2 tablespoon cooking oil, and waffle mix
- melted butter or other shortening

Combine all ingredients. Mix with spoon or egg beater just until smooth. Bake on hot griddle or in lightly greased skillet, turning once. Do not stir batter between bakings. Serve with butter and warm syrup. Makes about 20 four-inch pancakes.

Lamb And Mint Pears

Jack Spratt could eat no fat, his wife could eat no lean, but in perfect accord they can choose a tender, juicy leg of lamb surrounded by minted Bartlett pear halves. These are not ordinary pears—with just the hint of pungent mint, these pears become the perfect complement to a princely slice of juicy lamb.

MINTED PEARS

- 6 canned pear halves
- 1 package lime-flavored gelatin
- 1 cup pear juice
- ¼ teaspoon mint flavoring

Arrange pear halves in shallow pan. Dissolve gelatin in boiling pear juice. Add mint flavoring and pour gelatin mixture over pears. Broil pears, basting often with gelatin mixture until pears are lightly glazed and glaze begins to bubble. This takes about 15 minutes. Serve hot with leg of lamb. Makes 6 servings.

Cheese Soup With Beer

This cheese soup is delicious. Serve it promptly from a huge tureen with grilled frankfurters cooked over fireplace coals or hefty sandwiches made from home-baked ham or a roast. Other good accompaniments include mustard, dill pickle strips and steins or glasses of light, bright beer. The appetizing golden color of the soup comes from its base of aged cheddar cheese. The tantalizing flavor is from a small amount of beer in combination with more familiar seasonings.

Cheddar Soup

- ½ cup butter or margarine
- ½ cup diced celery
- ½ cup diced carrot
- 1 tablespoon chopped onion
- ½ cup flour
- ½ teaspoon dry mustard
- 6 cups chicken broth
- ¼ teaspoon Tabasco
- 1½ cups grated cheddar cheese (about 6 ounces)
- 1 12-ounce bottle or can beer

Melt butter; add celery, carrot, and onion and cook until tender, but not brown. Blend in flour and mustard. Gradually stir in broth and cook, stirring constantly, until slightly thickened. Add Tabasco and cheese; heat until cheese is melted. Just before serving, add beer; heat to serving temperature. Add salt to taste, if necessary. Garnish with chopped parsley or crotons, if desired. This soup can be frozen. Yield: 8 servings.

Rice With Spanish Air

New and even better tasting than it looks is the "Bacon Spanish Rice." Made with packaged pre-cooked rice means it's easy and quick to fix too. The rice is blended with a tomato sauce, green peppers, onion and spices and then sprinkled with crumbled bacon. You'll want to serve this Spanish type dish often... but especially on busy days.

Bacon Spanish Rice Franço

- ½ cup bacon drippings or butter
- 1 medium onion, thinly sliced (about ½ cup)
- ½ medium green pepper, diced (about ½ cup)
- 1½ cups (4 ½-ounce box) packaged, pre-cooked rice
- 2 cans (6 ounces each) tomato sauce
- 1 teaspoon salt
- Dash of pepper
- ½ teaspoon prepared mustard (optional)
- 8 strips, bacon, crisply fried and crumbled
- 1½ cups hot water

Melt fat in sautépan or skillet. Add onion, green pepper and rice. Cook and stir over high heat until lightly browned. Add remaining ingredients except bacon. Mix well. Bring quickly to a boil, reduce heat and simmer, uncovered, for 5 minutes. Sprinkle with bacon before serving. Makes 4 servings.

Bulletin Explains Chair-Caning

If you have chairs with cane seats and backs that need re-caning, you can do it yourself. Miss Gene Thames, extension specialist in home furnishing of Rutgers University, says you will find canning interesting, easy and inexpensive. No particular skill is needed. Miss Thames adds. Natural rattain cane, which the bark of rattan cut into strips, is woven through holes in the seat frame and sometimes the back to form a design. Reweaving chair seats with "Cane" is the title of a bulletin written by Miss Thames which is available through the County Extension service office, Courthouse, Elizabeth.

History Or Legend?

The argument still goes on as to where the nation's first sawmill was located. Records of the old Virginia Colonial Company state that in 1621, some Dutchmen were sent to build sawmills and seat them at ye falls—Richmond. Up in Maine, at South Berwick, a lumberer built the great Douglas built there in 1624 at the foot of the forest of the Pacific slope of Asbenbendick Falls was the first in the state—although some historians suggest 7 621 as the date of the first mill at York, Maine. In the West, Captain John McLoughlin, famed Hudson's Bay factor, built the first sawmill on the Pacific Coast at Fort Vancouver (Washington) in 1827 and it was the forerunner of the vast industry which produces a third of the nation's lumber from the great Douglas fir forests of the Pacific slope states.

REPORT TO THE PEOPLE FROM YOUR CONGRESSWOMAN

FLORENCE P. DWYER (4th District—New Jersey)

One of the first things a member of Congress learns... is the fact that committee assignments are all-important.

Members may speak, introduce bills and vote on legislation—all essential functions—but the actual form and content of the laws under which we live must be determined inside the committee rooms.

Since the 98 Senators and 436 Representatives cannot, as a practical matter, sit around a big table together and work out the complex details of legislation, that job is assigned to small groups of members—each of which is responsible for a particular field.

Each such group, or committee, decides which of the bills in its field will be considered by Congress. Information is gathered, studies made, witnesses questioned, legislation drafted and reports submitted—all within the committee.

Then, the full Congress meets to approve or disapprove the results, but freedom to change them in any important way.

This procedure, then, is the source of the vast powers of a congressional committee. And this is the reason why a Congressman's effectiveness is greatly influenced by the kind of committee to which he is assigned.

long-time interest in the relations of States and counties and local communities with the Federal Government, and in the need to keep these smaller units of government effective and close to the people.

Beyond that, I am convinced that the major domestic problem we face today is learning how to live full and satisfying lives closely together in crowded conditions. Despite our fast-growing population, we are not spreading out. We are packing ourselves ever more tightly into our big cities and thickly populated suburban areas—until today three out of every five Americans live within the country's 174 huge metropolitan areas.

But the demand for essential services—transportation, water, power, parks and recreation, schools, housing and planning for increased job opportunities—has far exceeded the capacity of older methods and procedures of government to supply them.

This, in part, is the kind of question our government was set up to study. How best can we coordinate these various levels of government so that problems affecting whole metropolitan areas can be approached, not on a piecemeal, disjointed basis but cooperatively?

I have proposed—and I am optimistic that the subcommittee will start work shortly—that our group study this broader problem by considering how one metropolitan area (N. Y.—N. J.—Conn.) can remedy one critical service (commuter transportation).

By these standards, I have been especially fortunate in my committee assignments for the 88th—Congress—the Banking and Currency Committee and the Committee on Government Operations.

Food With Oriental Flair Can Vary Menu Picture

For variety in your menu plan a dinner with an Oriental air, says Edith Mae Ingalls, County Assistant Home Agent.

Since fish is a popular food in many Japanese and Chinese dishes, the main dish we are suggesting also has fish in it. In this Oriental Tuna Bake, an interesting flavor combination is obtained by adding mushrooms, fried noodles and cashew nuts. The dish is topped with Mandarin orange sections to add color, still more flavor and a variance in texture.

- LEMON SAUCE 1 can condensed cream of mushroom soup 1/2 cup water 1 3 ounce can (2 cups) chow-mein noodles 1 6 1/2 or 7-ounce can (1 cup) tuna 1 cup sliced celery 1/2 cup salted toasted cashews 1/2 cup chopped onion Dash pepper

- ORIENTAL TUNA BAKE 1 can condensed cream of mushroom soup 1/2 cup water 1 3 ounce can (2 cups) chow-mein noodles 1 6 1/2 or 7-ounce can (1 cup) tuna 1 cup sliced celery 1/2 cup salted toasted cashews 1/2 cup chopped onion Dash pepper

- RECIPIES TO USE LEFT-OVER FOWL Perhaps you have had the forethought to freeze some left over turkey, says Mrs. Mary W. Armstrong, Home Agent.

- TURKEY CURRY 4 cups cubed turkey 1/2 cup butter or margarine 1/2 cup chopped green onion 1 cup chopped celery 1/2 cup flour 2 cups milk 3 chicken bouillon cubes 2 cups hot water 1/2 green pepper, cut in strips 2 teaspoons curry powder 1/4 teaspoon ginger Dash of fresh ground pepper

- CHICKEN ALMOND LOAF 2 cups milk 2 cups bread crumbs 3 1/2 cups minced cooked chicken 1/2 cup blanched almonds, shredded 2 eggs, separated 1 teaspoon salt 1/4 teaspoon pepper 1/2 teaspoon poultry seasoning 1/4 cup chopped parsley 1 cup finely diced celery 2 tablespoons minced celery leaves 2 tablespoons minced onion 3 tablespoons melted butter or chicken fat Creamed peas and mushrooms

Heat milk and mix with bread crumbs. Add minced chicken, almonds, beaten egg yolks, seasonings, celery, parsley, celery leaves, onion and butter. Mix well, then fold into the stiffly beaten egg whites. Turn into greased baking pan and bake in a moderate oven. This may be baked in a loaf pan, ring mold, square pan or individual loaves. Bake 45 minutes at 375° F. Serves 6 to 8. Garnish with creamed peas and mushrooms.

I Spy Ham-wiches Here's a new trick with everyone's favorite sandwich, ham and cheese. Fresh white bread, pressed together to form tartlets, holds a delicious filling of American cheese and tasty deviled ham that makes these sandwiches as good to eat as they are to see.

This Pie Is For Weight-Watcher

Weight watchers are invited to experiment with this low-calorie lemon snow pie, says Mrs. Mary W. Armstrong, County Home Agent.

- LEMON CHIFFON PIE 1 envelope unflavored gelatin 1/2 cup lemon juice 2 teaspoons grated lemon rind 4 egg whites 2 egg yolks 1/4 cup water 1/4 teaspoon salt 5 teaspoons liquid non-caloric sweetener, or 40 calories, crushed 1/4 cup cake flour 1/4 cup boiling water 1/2 cup nonfat dry milk solids 1/2 cup ice water 1/2 teaspoon yellow food coloring 1/4 cup fine toasted bread crumbs

Mix gelatin with lemon juice and rind. Beat egg whites until soft peaks form. Beat egg yolks with water, salt, non-caloric sweetener, and flour until blended. Add boiling water. Pour into saucepan and bring to boil rapidly. Stir vigorously as mixture thickens, about 1 minute. Remove from heat. Add softened mixture, in small mixer bowl, whip dry milk solids with ice water and coloring. Fold into lemon mixture. Brush 9-inch pie plate with oil. Sprinkle with grated lemon rind in lemon mixture. Chill until firm. For low-calorie topping, add 1/2 cup non-fat dry milk solids to 1/2 cup ice-water and 1 teaspoon non-calorie sweetener. Beat on high speed until of consistency of whipped cream. Spread on pie. Sprinkle with grated lemon rind. 6 in. lemon mixture. Chill until firm. For low-calorie topping, 211 calories.

Buying Sense Saves Dollars

Become a wiser food shopper! Mrs. Mary W. Armstrong, Union County home agent, says and save dollars and feed the family well at the same time.

Wise shopping begins at home with pencil and paper, food advertisements and a nutrition guide. Many shoppers feel that making a shopping list is an unnecessary chore but it actually saves time, energy, money and helps to insure a balanced diet.

First, using a nutrition guide, plan a weekly menu that can be somewhat flexible. Vary the menu. Then check supplies on hand and see what you have that will fit into the plan. Check storage space in cupboards, refrigerator and freezer.

Make use of food buying information in newspapers and on radio and television. This helps keep you up-to-date on foods in season, quality and prices.

Resort Wear Favors Pink

Colors in resort and cruise collections could be called "Penetrating Pastels," because while they dazzle and glow, they are clear and have the thin, cool quality of a Japanese watercolor.

Brilliant pinks are the very essence of this new season brilliance. All are cousins of violet, meaning they are blue-cast in contrast to last year's orange and coral-toned pinks.

The all-white look gets a big play in Arnel, linen and cotton blends. White is used lavishly to space out hot pink and purplish mixtures diffused in warp prints that achieve a much lighter, more feminine look.

Cantaloupe and peach are new looking in the orange range; green is a dark horse but rapidly gaining momentum. Blue is not neglected but comes through in greened tones such as turquoise, Aegean blue and aquamarine.

The whole family goes for FISCHER'S enriched Buttercup Bread. Includes image of bread and text describing its benefits and ingredients.
