THIS WEEK

POLITICAL CAMPAIGNS START

Political bombs are already on the launching pads and voters will soon be getting "the full flavor of the bean."

The Democrats fire their opening blast in the campaign to elect Russel W. Sibole and William H. Balentine to the two vacancies on the Township Committee in a release scheduled for today.

The Republicans, however, are evidently still drying their powder after last year's election when they lost control of the Township Committee after more than 100 years of GOP rule.

There is no question but that the Springfield Republican party will go into the coming campaign a little short on unity.

As a matter of fact, the "old timers" and the "elderly statesmen" have been told to watch more television at home and leave the campaign to the younger GOP workers.

How this will affect the outcome of the November election depends entirely on whether or not some of these Republican stalwarts can be induced to do some work in the campaign. There were some very "excellent vote getters" in that "so-called older group."

The Democrats, this year, say Springfield residents have already been awakened and even reinforcements won't help the local GOP in November.

SUPPORT THE LEAGUE

The League of Women Voters of Springfield started its annual Finance Drive on September 21. League members are asking the citizens, business, and professions of Springfield for contributions to carry on the work they are doing.

In Springfield, as well as all over the country, the League has become synonymous with the dissemination of non-partisan information that has helped the voter evaluate, more intelligently, the issues and candidates that face him when he steps into the voting booth.

In addition, the League has arranged for "Candidates' Night" and various other functions which enable the voter to meet the candidates in person and ask questions.

We urge the people of Springfield to support the League's annual Finance Drive with their dollars. These dollars will come back to Springfield in the form of a more informed community.

HOSPITAL NEEDS HELP

Trustees of Overlook Hospital in Summit, New Jersey have announced plans to raise \$1,200,000 to pay for completion of the new \$3,900,000 wing now under construction. This was the major action taken at the quarterly meeting of the hospital trustees.

Gilbert C. Roessner of 41 Rowan Road, Summit, was named Chairman of the Building Fund Steering Committee. He explained that "contributions and receipts to date have totaled \$2,700,000, but the \$1,200,000 is still needed to pay for completion of the ten-story addition.

"Need for the new building is demonstrated by the fact that the hospital served 7,338 patients in 1953. By 1959, this figure has swelled to 12,756 patients. This is more than double the number of patients served in 1953 with no increase in the number of beds. In 1953, each bed served an average of 30 patients during the year. By 1959, each bed was made to serve an average of 51 patients during the year.

"The new wing is needed to complete the latest phase of Overlook's master growth program which is based on an intensive study by competent authorities. The new expanded facilities will enable Overlook Hospital to better meet the needs of the 450,000 people in the area served by the hospital.

"We are going to appeal to friends of Overlook this Fall to help us complete the new wing. These people have been generous before in helping finance the growth of Overlook. We expect that they will be generous again in helping pay for completion of the new wing, so that the Hospital can continue to provide them with the best possible medical care."

The new wing will add 66 new beds, raising the total to 316. New maternity and nursery facilities, three modern delivery rooms, six new operating rooms and new quarters and equipment for physical therapy, pharmacy, electrocardiograph, blood bank, and dietary and food service departments will be provided by the air-conditioned wing.

In commenting on the new wing, Donald H. McLean, Jr., President of the trustees, said that "the new facilities available on completion of the addition will help alleviate serious overcrowding and strain on Overlook Hospital. It will make Overlook one of the most modern and complete hospitals in the state."

Glenn Behrens, 9, of 34 Richland Drive, Springfield, and Mark Quinn, of 102 Irwin Street, Springfield, both students at St. James Parochial School, have been declared winners in the contest of the National Flag Appreciation project for Cub Scouts in this area.

Leading Citizens Enroll In Drive For Scout Funds

October 20 is the date set for the annual fund drive to support Scouting in Union County.

The Chairman has outlined the plan for putting the drive over the top for 1959 and has selected several of the chairman of committees that will be necessary to put the plan into effect.

Heading up the drive this year is William J. Melich, Jr., 98 Severna Avenue, Springfield. Mr. Melich who is employed as an Engineer by New Jersey Bell Telephone Co., personifies the busy man who is always looked to when a job needs to be done.

A past president of the Springfield Lions Club, a deacon in the Springfield Presbyterian Church, and president of the Union County Regional High School District, he was recently appointed to the executive board of the Union County Council of the Boy Scouts.

The Chairman has outlined the plan for putting the drive over the top for 1959 and has selected several of the chairman of committees that will be necessary to put the plan into effect.

Chosen to head the General Solicitations Committee is Frank DiBiase who lives at 445 Mountain Avenue, Springfield. Mr. DiBiase and his committee will be in charge of analyzing the results of past Boy Scout fund drives in Springfield and training general solicitations leaders at district training meetings.

Henry F. Grabarz, 231 Baltusrol Avenue, has been named chairman of the committee in charge of making arrangements for various aspects of the drive including facilities for special meetings, physical equipment needed to complete collections and in general handle the scheduling and arrangements for the drive.

Boy Scout organizations now are working directly with nearly five million boys throughout the world. Scouting does not work alone. Scouting works with and through organizations and institutions—more than 82,000 of them—in serving American Boyhood. Institutions in large cities, in small towns, in crossroad communities.

Everyday Benefits: Churches of all faiths, parent-teacher associations, service in serving boys.

The activities of the Union County Council of Scouting depends on the support that comes from the citizens of the towns where scout troops serve the boys in so many ways during the scouting years beginning at age eight when a boy can become a cub scout. Scouting in Springfield can enjoy the aid clubs, veteran groups, organizations and institutions of every kind, are using Scouting in serving their people and their communities. The entire resources of these organizations are harnessed through Scouting to enrich boy life and to strengthen family teamwork.

Democrats Get New Campaign On The Road

Rusel W. Sibole and William H. Balentine, township committee candidates in the November 3 election, today called for "continued progress in Springfield toward holding the tax line, in producing more ratables and in achieving better zoning and planning."

Contributions to this progress, Sibole and Balentine declared, must start from a basic awareness that such problems as holding the Springfield tax line are very real problems and must be faced squarely.

Citing their collective experience in municipal and business administration, Sibole and Balentine added: "We know, however, that contributions to good government must be based on more than just ability to serve, but dedication to the people who are served."

"The voters of Springfield made this abundantly clear last November," Sibole and Balentine said, "in rejecting those who sought for political expediency to bury their heads on the problems bothering the people. We have no such political ambitions. We have only a sincere desire as individuals to contribute to what we feel is the best road to continued progress." Sibole and Balentine said.

"We don't believe the people of Springfield want to return to the type of administration that ignored these principles too long and at too great a cost to the taxpayers."

"We are prepared to knock on every door in Springfield, if necessary," Sibole and Balentine said, "to set the record straight, should the political propagandists again start their attempts to rewrite the records of how they failed to serve our community."

Other visiting candidates expected are Mildred B. Hughes, James M. McGowan, George M. Miller and John J. Wilson, the aspirants for State Assembly. Freeholder candidates John C. Demos, Edward Murray and Adolph Winston who will be on hand to meet members of the Democratic party and independents at the picnic.

The day's program will start at 11 a.m. with free rides for the children. Refreshments will be available throughout the day. Tickets can be obtained at the door with a small donation, going to the Springfield Democratic Club, as the cost for each admission.

Applications for this course may be secured from Mrs. J. F. Patterson, 519 Mountain Avenue, Springfield, DR. 6-1549.

Regional High Students Will Show Projects

Three Jonathan Dayton Regional High School students will have the distinction of exhibiting their science projects at the New Jersey Education Association's Annual Convention in Atlantic City, Friday, November 13, 1959.

The Jonathan Dayton Regional High School is the only high school among the exhibitors having more than one project demonstrated.

The students who will be exhibiting are Larry Atkin, a senior from Springfield whose exhibit is entitled "Astrophotography," Judy Vondera of Kenilworth, a senior, whose project is entitled "Elements-1"

and Allan Chaiet, a junior from Springfield whose project is entitled "Sugar Diffusion Method for Assay of Bifunctionals."

Chaiet's project won second place in the National Science Fair held at Hartford, Conn., in the spring of 1959, while Larry Atkin's project won second place in Physics in the project is entitled "Elements-1"

Regional High To Have Record '60 Grad Class

Jonathan Dayton Regional High School began its twenty-second year of operation this fall with an enrollment of 1,476 students.

Students from the 4 school districts of Kenilworth, Springfield, Mountainside, and Berkeley Hills, largest class ever to be graduated will find "this number smaller than in previous years as freshmen" and sophomores from Mountainside and from Kenilworth take their work at the Arthur L. Johnson Regional High School in Clark Township, Spring, 1960, will see the largest class ever to be graduated, 438 seniors. This record will probably hold for some time as the third high school (the Governor Livingston Regional High School) will begin its operation in September, 1960, in Berkeley Heights.

The first social event of the senior class will be the Senior Sports Dance to be held on October 24.

Senior class officers are Bill Franklin of Springfield, President; Kathy Murphy of Berkeley Heights, Vice President; Muriel Stone of Springfield, Secretary; and Eugene Becker, Springfield, Treasurer.

Through joining hands with local organizations and institutions the power that comes from cooperation thus becomes effective in the lives of countless people.

Through the years the number of Scout units has grown steadily each year, thus extending Scouting's capacity to cooperate with community institutions and facilities of its parent organization through the support that can come only from contributions to the 1959 Fund Drive scheduled to take place on September 20.

The special gifts committee working in the 1959 Boy Scout fund drive will begin contacting business men and others with a special interest in scouting on October 1, according to an announcement by Dean Widmer, local building contractor and chairman of the committee. A meeting to be held on Wednesday, September 30 at Mr. Widmer's home on Talp Drive, Springfield, will serve as the kick-off for the 1959 fund drive.

Seven area captains have been named to coordinate the forty man team that will attempt to complete its work during the first two weeks of October. Each of the captains will have a five man unit working to achieve the committee's goal.

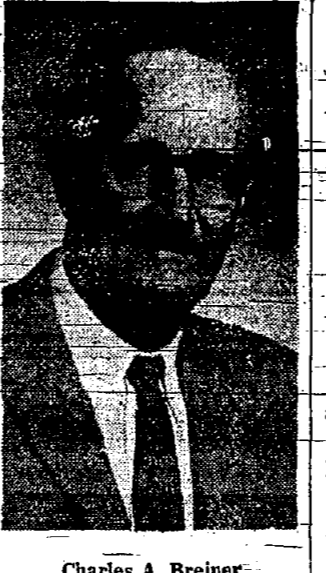

Captains include: Ray Forbes, Victor Brock, Engle Hershey.

Beatniks Absent In This Suburban Art Exhibit

By Carl Burger

W. Carl Burger received his B.S. and M.A. degrees from N. Y. University and also studied at Parsons School of Design. He did graduate work at Columbia University. He has taught adult classes in Asbury Park, Westfield and Cranford as well as in high-school departments in Westfield and Elizabeth. He has also taught at Newark Museum and at present is chairman of the art department at Westmore Regional High School. Mr. Burger's paintings have been shown at a great many awards and he has won many awards, both for oil and watercolor paintings.

One of the autumn season's highlights in the "Watchdog Reservation" is the delightful exhibit of the brush and palette "generation" comprising the paintings of eight cooperating Union County art organizations. No beatniks here—just comic commuters, housewives, whole some suburbanites, all addicted to the delicious smells of turpentine and oil, and this is their day.

This reviewer found the general tone of the exhibit to be good with a definite regard for better discipline and more variation in subject matter.

Summit Is Outstanding

Summit, I'll stick my neck out and say, is the outstanding group here this fall. Collectively the paintings show the best in the realm of imaginative handling, good drawing and general understanding of composition. Maria Sommer's attempt is noteworthy but it missed — too tricky — rather awkward drawing. Eleanor Rutzler's "Japanese Lanterns" is well handled with the contour line effective. Brackish black at the base of the vase violates the over all good tonal quality.

Joe Jones' students are much in evidence and while this is good, an artist must eventually develop his own statements if he deserves the label "artist". Rose Dryer's "Chestnut avenue" has good color but surface treatment is unsure. Jerel Ryan's calligraphy is sensitive and exciting. Two lovely still lifes, one by John Curman and the other by Ruth Pillman, demonstrate high calibre of work.

Troop 177 Set For 2nd Year

Troop 177, Presbyterian Community Church of Mountaintop, held its organization meeting for the new year. This troop is now starting its second year and much is expected to be accomplished.

During Troop 177's first year, its membership grew from 19 boys to 40 scouts. Thirteen scouts earned First Class rank and 10 became Second Class, leaving only five Tenderfoots. Also 25 merit badges were earned. With all its other activities the year was successful.

This year the troop will be expanded to eight patrols and the following scouts will serve as

ANNOUNCING
THE SPRINGFIELD LEAGUE OF WOMEN VOTERS' ANNUAL FINANCE DRIVE

September 21 - October 5

During the next two weeks, the League of Women Voters of Springfield will conduct its annual Finance Drive. The purpose of this Drive is to collect funds to underwrite the League's non-partisan activities for the next twelve months.

WHAT YOU SHOULD KNOW ABOUT THE LEAGUE

You may know that the LEAGUE OF WOMEN VOTERS is a community enterprise. Its members are public spirited citizens who serve without compensation. They believe that the true spirit and practical operation of our democracy is based solidly on an informed voter.

The League's activities, in this community and throughout the nation, consist of making information available to the voter on local, state, and national issues. This information is based on surveys, interviews, printed material—in short, any source that will contribute to a better understanding of the issues involved.

Another objective of the League is to encourage voting by removing obstacles that might stand in the voter's way. For example, the League holds a non-partisan Candidate's Night where the public can question the candidates on pertinent issues. Candidate sheets with complete details on the candidates are distributed to the voters. At the last election members of the League transported voters to the polls and acted as baby sitters for mothers who otherwise would be confined to their homes during the hours of voting.

WHY DOES THE LEAGUE NEED FUNDS?

Throughout the year, dollars are needed to have information and bulletins printed to cover the various services. Members' dues, alone, are not sufficient to cover these necessary costs. It is significant that the League employs no salaried individual... all administrative duties are performed by League members as a public service.

WHEN THE LEAGUE CALLS ON YOU

When a member of the League calls for your contribution, please remember that it is serving her community. She is giving, unselfishly, of her time and effort so that our community may be a better informed one. Please help her by contributing your dollars.

Should you wish to contribute, please send your contribution to Mrs. Richard Moore, Finance Chairman, 89 Remer Ave., Springfield. Should you be interested in learning more about becoming a League Member, address Mrs. Robert Bryson, 24 Perry Place, Springfield.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

Many pre-emergence crab grass controls are being offered for sale at this time. I certainly would not advise their use at, or near the time grass seed is applied. They contain materials which will inhibit the germination of the crab grass seed. So they will also have the effect of hurting the germination of the lawn seed you are using. Better wait until all the lawn seed has completely germinated before applying pre-emergence crab grass materials.

My recent article on beetle grubs alerted many home owners in time to prevent their lawns from being completely destroyed. Too many are of the opinion that chlordane and several other chemicals give three to five year protection against grubs. Unfortunately, the heavy rains this year have washed the chemicals deeply into the soil where the grubs cannot reach them until cold weather. Meanwhile, the grubs are chewing off grass roots close to the soil surface and the lawn can be destroyed in the process.

Q: In your column recently,

you mentioned pencil size holes in the lawn as an indication that starlings are feeding on grubs. I have been able to lift up patches of sod, but can find no indication of grubs. Shall I treat the patches with chlordane?

A: The dead patches are no longer the main problem. The grubs the starlings didn't get are now feeding on the lush grasses that are left in the lawn. Apply the chemicals all over the area — concentrating especially upon the areas that are still green — that's where the grubs are now feeding.

Q: I used a combination weed killer and fertilizer and it ruined my lawn in patches. What happened?

A: After looking at this condition, I found that the operator did not shut off the spreader at each turn. While turning, about four times the amount was applied and this severely burned the grass. Keep soaking the lawn until the chemicals have leached out before reseeding, or the new grass will die as it germinates. Next time shut the hopper at each turn.

Q: While down South this summer I saw a beautiful Mimosa tree. My friend thought they may not be hardy up here. What is your opinion?

A: There are many Mimosa trees growing in Springfield and surrounding towns, and apparently are doing well. Those in our nursery are now eight to ten feet tall and growing rapidly each year. They are a fine, ornamental tree that stands out from the ordinary.

Q: I bought some humus recently and it caked upon my lawn like black top. I thought humus would help the soil?

A: Humus, like coffee, or any other product, varies in quality. You probably got a poor grade loaded with clay silt. Next time squeeze a handful and knead it. If it crumbles easily it is good humus, but if it stays in a firm ball just pass it up.

Greek Artist To Exhibit Paintings
Lovers of Greek art in Springfield have been visiting the exhibit of paintings by Polyclitos Regos at Macculloch Hall, Morristown, which started last Monday and will continue for two weeks.

Artist Regos has been referred to as a "modern Greek on a U. S. Odyssey who will put scenes on canvas to further his reputation as an artist, who knows how to see and to translate everything he has seen with a remarkable feeling of its reality."

In his 60-day tour of the United States, Polyclitos Regos has been impressed with the "clock-like rhythm" of American life and has learned that this country "is so much more than what you hear it is."

Brushed with richness of color and a simplicity in technique that bear a resemblance to some early Picasso's, his works, 32 oils and 22 water colors, will be on exhibition for two weeks, beginning September 14 at Macculloch Hall, 45 Macculloch Avenue, Morristown. They include scenes inspired by the fabled islands of the Aegean, Mount Athos in Greece and Paris and Spain.

Regos' visit here is under the International Education and Exchange Service and it includes one other show of his work, in Philadelphia, where he won high praise from critics.

Honored in 1952 by the French Ministry of Education as an officer de l'Academie Francaise, Regos studied at the Athens School of Fine Arts and in Paris at the Academy de la Grande Chaumiere and the Louvre Museum.

Bridal Workshop Saves Headache

Mrs. Betty Keshen, owner of the Beacon Hill Stationery Co., Springfield has devised a workshop for brides—a program for planning marriages, taking the headaches and heartaches from the family.

Mrs. Keshen will have a "Workshop" for prospective brides at the Chanticleer, Millburn on October 20th at which time she will explain the fine points of selecting invitations, choosing the reception hall and all the details that go into making a wedding a happy occasion.

Mrs. Keshen plans to present, face-to-face, representatives of firms dealing in wedding goods and services with prospective brides and their mothers. There would be no selling, she emphasized, nor any kind of commitment to the merchants. The businessmen will be allowed only to supply information about their respective areas.

Mrs. Keshen contacted the Chanticleer management and won its support for the workshop. She then lined up 12 other sponsors and participants.

Prospective brides interested in attending the workshop, which will get under way at 7:30 p.m. (on October 20) in the man room of the Chanticleer, may secure further information by calling DR 6-2222 (the Chanticleer) or by calling Mrs. Keshen at DR 6-1256.

Beth Ahm Appeals For New Members

A final appeal to all interested families to join Temple Beth Ahm before the coming High Holy Days has been issued by James C. Ross, membership chairman. He pointed out that time is short for all who want to take full advantage of the wide range of activities planned for this year.

Among these are a fine Hebrew School and Sunday School, all religious activities, with a daily service at 7 a.m., a state-accredited nursery school, an organized and supervised youth program, a talented dramatic group, a cemetery plan, and programs of recreation, social activities and education for adults.

Ross commented that the success of Temple Beth Ahm is reflected in the current membership with 327 pupils, youth school with 327 pupils, youth groups with 225 youngsters, education program for 75 adults and recreation program for 100 adults.

Temple Beth Ahm is affiliated with the United Synagogue of America. Details are available from Ross at 7 Archbridge Lane, Drexel 9-4671.

The art of papermaking was discovered about the time of Christ by a Chinese court official, Ts'ai Lun, who mixed mulberry bark, hemp and rags with water to make paper pulp.

Ladies, UNICO Dine At Towers

The Ladies of Unico, Springfield Chapter, opened the fall season with a dinner meeting Monday, September 14, at the Tower Steak House, Mountainside.

Mrs. Dominick La Morgese, Chairman and Mrs. Puorro, Co-Chairman completed plans for the Unico Ladies Luncheon and Fashion Show to be held in the elegant Empress Room at the Chanticleer, Millburn, on Saturday, October 24, 1959.

Tickets may be obtained by contacting Mrs. Fred Puorro, Drexel 6-4712, or through members of the Unico Chapter.

Two Romanesque frescoes, probably the oldest in Austria, were uncovered recently in the Benedictine Monastery at Lambach in Upper Austria. They were painted in the 11th Century and for 300 years were hidden by a wall. They depict scenes from the life of Christ and are in excellent condition.

he talks an innocent and charming young girl into romance, but then drops her when a wealthy female patron of the nightclub takes a shine to him, and sets him up with all that money can buy. The September Song romance floats on billowy clouds, until one of Joey's former cohorts and a shifty gangster decide to move into Joey's little opportunistic world with a large hunk of blackmail. Joey's benefactress thinks that it is time to part, and as the musical ends Joey is right back where he started, out of work and alone—except that there are always new fields to conquer.

Chamber Music Guild Program

The Chamber Music Guild of Summit and Short Hills has announced its second annual series of concerts on November 8, February 14, and March 27 in the Beacon Hill Club in Summit. To accommodate the many who have been on the waiting list for past concerts, extra performances have been arranged for the November 8 and February 14 concerts Sunday afternoons at 4, in addition to the regular performances which begin at 8 p.m.

The Chamber Music Guild was organized in the spring of 1958 to "provide stimulating musical experience by bringing to our neighborhood the finest of chamber ensembles... and to open the door to new musical pleasures by programming beautiful but rarely heard masterworks written for unusual groupings of wind, brass and string."
The Nov. concert returns by popular demand the "New Art Wind Quintet" who will present a program featuring the works of Vivaldi, Mozart, Reicha, and Poulenc. In February members of the New York Pro Musica's famed "Play of Daniel" cast will be highlighted, and the March 27 program will be an

Harvest Bazaar To Be Nov. 13
 The annual bazaar of St. Paul's Episcopal Church, Westfield, will be held in the parish house, November 13 from 10 a.m. to 6 p.m., according to the bazaar co-chairmen Mrs. L. A. Jennings and Mrs. H. C. Fridham.

Virgin's Bower Is Now In Bloom
 by Bill and Ursula Babcock of 27 New Providence Road
 The graceful, trailing, white-flowered vine—which winds into a canopy over young, wild cherry trees and other forms of native shrubbery, as well as hedges, is an American form of the old World Virgin's Bower.

Plans for this annual event were formulated by the ten circles of the Women's Work under the leadership of Mrs. C. E. Howard. The following circle leaders will be in charge of the booths: Mrs. W. R. Cadow, Mrs. H. Crosswell, Mrs. J. B. Freeman, Mrs. J. W. Geiger, Mrs. M. Howell, Mrs. H. J. Huffnagle, Mrs. J. C. Matthew, Mrs. H. J. McDaniel, Mrs. L. V. Wilcox and Mrs. R. F. Phillips.

Clematis Virginia, as it is botanically called, was once plentiful right here in the vicinity of our home. In fact our two vines seeded themselves from some growing in the former wood lot across the street from our house. This plant is a true vine and grows to a height of fifteen feet with one to three inch leaves mingled with clusters of sweet, white one-inch flowers, blooming at this season of the year.

Mrs. G. W. Ruckert will head the luncheon committee. The luncheon, which will be served from 11:30 a.m. to 2 p.m. Tickets will be on sale in advance.

The folkname of this plant; OLD MAN'S BEARD, comes from its seed clusters, which give the appearance of satiny white fluffs scattered over the vine. These when dried make attractive arrangement material.

Owner Of Hotel
 Mrs. Catherine Hoppe of 1180 Highway 22, owner and operator with her husband, Emil, of Hotel 29 here, died recently of a brief illness in Overlook Hospital, Summit, she was 78.

The program for the coming year as presented by Mrs. Joseph Nothum is as follows; October, dried-arrangements demonstration by Mrs. Joseph Henshey, President of Blue Star Garden Club; November, report on second holiday preview; December, a Christmas luncheon at Patricia Murphy's in Yonkers, New York; January, horticultural program; February, evergreen arrangements and decorative hats; March, conservation program; April, fifth birthday party; May, annual meeting; June, pot luck luncheon and installation of officers.

Aug. Real Estate Sales Reach All Time High
 Multiple listing sales of the Westfield Board of Realtors reached a record \$1,497,600 in August, William Maidment, Executive Secretary, announced today. "This figure represents an all time high in sales activity in the history of the Board," the secretary said, "and it is the fourth instance since January 1, 1959, that all existing records have been broken."

"This activity," Mr. Maidment said, "is a reflection of the public's increased awareness of multiple listing as the best possible sales vehicle and further indicates the desirability of Westfield and the surrounding communities of Farwood, Scotch Plains, and Mountainside as one of the most attractive residential sections of the State."

Another Antique Bank Adde dto Bank Display

Continuing their "Bank-of-the-Month" program, The Suburban Trust Co. today placed on display another intriguing reproduction of an antique mechanical coin bank from the collection of The Book Of Knowledge.

One cannot look at this intricate mechanical gem and not be proud of the ingenuity and industry of our forefathers. It is a wonderful example of American craftsmanship and artistry. A coin is placed in the darkey's mouth who deposits it in the base when mule picks up his heels and throws No. 5.

GIRL SCOUT CORNER

The regular monthly Girl Scout Leaders' Neighborhood meeting was held on Wednesday, September 16, at the Gaudin School. Mrs. J. F. Patterson, Neighborhood Chairman, presided.

Plans for the coming Scouting year were formulated with the following results:

Leaders and co-leaders of our district (District No. 3) are urged to attend a "Coffee Klatch" sponsored by Washington Rock Council, on Wednesday, September 30, at the Methodist Church, Walnut Avenue, Cranford, from 9:15 to 11:30 a.m. (Coffee served from 9:15). Purpose of this meeting is to enable leaders and co-leaders to make new friends, meet new neighbors and the administrative personnel (including Board Committee Chairmen) of the Council. At this time announcement of new services to troops will be made. There will also be an open discussion period wherein leaders may present their questions, suggestions and ideas.

On Friday, October 23, there will be a Neighborhood Roller Skating Party at Olympic Park from 3:15 to 5:30 p.m. Brownies and Girl Scouts are invited. Admission is 50 cents. The second neighborhood roller skating party will be held in April.

The annual Calendar sale will be held from November 7 to 23 and the annual Cookie Sale will be held in March. Town Chairmen for these events will be announced at a later date.

The month of October will be celebrated as "Juliette Lowe Birthday Month." All pennies

VISIT YOUR LIBRARY

A letter has just been received from Mr. Aaron DeKosky, chairman of New Jersey Education Week, asking the Free Public Library of Springfield to take part in the celebration, taking place between September 20 and 26. Readers will find the poster for this week, along with Mr. DeKosky's letter, listing the sponsors, in the hallway on main floor of the Library.

This year the slogan is "Keep Growing - Learning Never Ends." The poster also has a cartoon picture of Newton sitting under the apple tree.

In connection with Adult Education Week it might be well to point out, that information about adult education activities in surrounding schools can be found in the Springfield Library.

Some catalogs were sent in sufficient number to be given away. Other schools sent one or two copies which are kept on file, but these may be consulted at any time by applying to Mrs. Simmons or any other person supervising reference work.

It would seem Adult Education Week is an appropriate time for Springfield Library's own special program to begin. On Tuesday evening, September 22, the first meeting of the "Great Books Discussions" was held in the auditorium room. The subject this week was "The Declaration of Independence." Next week there will be a report on the success of this project.

CHISHOLM SCHOOL

On Monday afternoon, September 21st, the Executive Committee of the Raymond-Chisholm P.T.A. was host to the parents at an acquaintance tea at which the principal and teachers were honored. Rotarians Hear Talk On Energy

At the luncheon meeting of Rotary this week, over which President Carl Felber presided, Carl Becker introduced J. Herbert Woolley who addressed the club on "The Revolution of Energy."

Mr. Woolley is a Rotarian of the Maplewood; Chairman of the Board of Crestmont Savings and Loan Ass'n, President of the Woolley Fuel Company (one of the largest fuel companies in the area); past President of the N. J. Coal Dealers Ass'n; past President and Trustee of the Fuel Merchants Ass'n. of N. J.; Past Vice Chairman of N. J. Code Authority, National Industrial Recovery Administration, past member of the Township Committee of Millburn, past Chairman of the Police Committee (9 yrs.), past Vice President of the Chamber of Commerce of the Oranges and Maplewood, Past Veterans Business Advisor N. J., Past Chairman Civil Defense and a resident of Short Hills.

Mr. Woolley pointed out at the beginning of his philosophical observations of the revolution of energy and its effects upon the lives of nations and men, that we were in about the middle of this great revolution. This revolution has been rapid, great and difficult to accommodate. He suggested the 19th-century man trudged reading 89% of his own energy for life leaving only about 10% of his power to do his work. No surplus could be built up on this 10% margin, so slavery was brought into being, leaving the strongest to create surplus for those to follow them.

A brief history of solid fuels was given as found in history and their influence on man himself. By 1975 it was stated that our country would need 600 billion tons of work energy represented by our fuel sources, which represents 94% of man's work power.

350 Berkeley PTA See Rapid Lesson

Picture if you can, your 12-year old casually conversing in rapid idiomatic Spanish. Fantastic?

Monday evening at the Berkeley P.T.A. meeting, approximately 250 people learned that the picture is not at all impossible—or even very remarkable. Miss Doris Dunn of Fairmount School, Hackensack, presented an intriguing program showing their innovation of teaching young children foreign languages in the same manner as they acquire their native tongue.

By means of dialogue, word association—and repetition, 20 students of Fairmount School demonstrated—the progression of acquiring linguistic ability from grades one through six. The transition from the oral and aural language—skill to the written word is made through slides, and text books created by the school itself.

To those of us who stumbled through the required years of high school languages, the entire program seemed worthwhile in every aspect.

Good day for shopping... at home—by phone

Next time you can't get out—(weather's bad... Junior has the sniffles... or what-have-you)—chances are you'll turn to your phone. It gets things done—as nothing else can! That's what makes it worth so much to busy housewives. We'd probably describe today's phone service as "fast, efficient and low in cost." (Which it is!) But you'd most likely say "it saves so much time by running so many errands." (Which it does!) Either way you look at it—it's smart to use it often!

NEXT STEP TO AN ACCIDENT!

Please! Don't post signs on utility company poles... it's dangerous!

Tacks, nails and other metal objects are a distinct hazard to linemen when climbing poles. This is particularly and dangerously true during night hours or storms when climbing is hardest.

Posting signs on utility poles also is a violation of the law: Section 27:5-1 of the Revised Statutes of the State of New Jersey.

Poles with signs, posters and other unauthorized materials attached to them are unsightly and detract from the orderly appearance of streets and highways.
