Murphy Charges Politics In Tax Collector Job

Paul T. Murphy, Republican candidate opposing Mayor Vincent J. Bonadies in the November 8 election, takes off the kid-gloves in a scorching statement charging the Springfield governing body with "making an illegal appointment" in the tax collector's office.

The bitter denunciation by Mr. Murphy also includes charges that the Democratic-controlled Township Committee "held a secret meeting following a secret caucus."
"Tyranny struck Springfield again last week," says Mr. Murphy in opening his statement. "A refinement has been added to the secret caucus. It is a secret meeting following the secret caucus."
"After a regular meeting a week ago Tuesday, a secret special meeting to which neither the press nor the public was invited was called for Wednesday."

Bonadies Favors Governing Body's Position on Huff

Mayor Vincent J. Bonadies today stated his position on the matter of a replacement for retiring Tax Collector Charles H. Huff. Bonadies stated, "It is important that the people of Springfield know the complete story unadorned by the political opportunists which will undoubtedly be seized upon by my political opponent to cloud the facts and create issues where none exist."

Bonadies stated that, "My political opponent, Paul Murphy, stands solidly opposed to the Township Committee having granted Charles H. Huff a leave of absence." Bonadies went on to say, "I will personally defend the right of the Township Committee's granting a leave of absence with pay to Charles H. Huff, a man who has served the Town faithfully and well over 30 years."

GOP Club Plans Candidate Nite

The Springfield Republican Club will hold its annual Candidate Nite on Monday, October 24, at 8:30 p.m. in the American Legion Hall, across from Town Hall in Springfield.

Among the Candidates expected to be present are Mrs. Flo Dwyer, who is seeking re-election to the Freeholder Candidates, and the GOP Candidate for the Township Committee, Paul T. Murphy.

Be present to hear what they have to say and get better acquainted with them and their plans.
Come out and bring a neighbor or a friend. Don't stay away because of another meeting or duty to perform; stop in on your way home from these better late than never.
Refreshments will be served.

WHEN AND WHERE TO PAY TAXES
Any Springfield citizen who wishes to pay his taxes may do so under the new schedule of hours as released today by the acting Tax Collector Wilbert Laying.
The Tax Office, located in Town Hall, will be open for collections from 9 a.m. to 5 p.m. Monday through Friday. The office will not be open on any Saturday.

Insists His Appointment Be Named As New Tax Collector

Springfield's exciting political donnybrook in the campaign between Mayor Vincent J. Bonadies, the Democratic standard bearer, and Paul T. Murphy, the Republican aspirant for the one place on the Township Committee, exploded last week with the request by Township Committeeman Daniel M. Lucy to be released as chairman and member of the important Finance Committee.

Lucy, a member of the all-Democratic governing body in Springfield and chairman of the Finance Committee, did not agree with Mayor Bonadies and other members of the Township Committee on the matter of a replacement for the retiring Tax Collector Charles H. Huff.
The count down came at a special meeting last Wednesday night when members of the Township Committee, after a long discussion in executive session, voted to continue Wilbert W. Laying in the post of tax collector temporarily, Mr. Lucy casting the one dissenting vote.

On the following morning Mr. Lucy sent a telegram to Mayor Bonadies in which he stated that he was resigning "as chairman and member of the Finance Committee. I will no longer accept responsibility for the direction of that important department when its proper and orderly business procedures are being obstructed by your political maneuvers. I refer specifically to the office of tax collector."

Repercussions were immediately felt by the supporters of Mayor Bonadies insisting that the "timing of the resignation by Mr. Lucy was not just a chance coincidence." Mayor Bonadies and Mr. Lucy, it was pointed out, had been having their differences of opinion on various issues in the administration of the Township affairs and the question of filling the office left vacant by the resignation and retirement of Tax Assessor Huff was merely another problem to be resolved by the entire Township Committee.

Charge Sabotage
Democratic workers insist that Mr. Lucy's "dramatic resignation, by a telegram instead of the conventional and formal letter, was intended to sabotage the campaign to re-elect Mayor Bonadies."
Republicans in Springfield are elated because of the political fall-out resulting from Mr. Lucy's resignation and read into the incident "great improvement in the chances for election of Paul Murphy next month."
Mr. Lucy's resignation as Finance Committee chairman and member, it was pointed out, does not mean that he is resigning as a member of the Township governing body.
The issue which led to the telegraphed request started last June with the request for a leave of absence by the then Tax Collector Huff and resignation from (Continued on Page 2)

Briar Hills Circle Will Be Evacuated

Springfield's Civil Defense, under the directorship of Saul Freeman, will hold a large scale exercise on Sunday, October 23, in the Briar Hills Circle section of town beginning at 1:15 p.m.
A simulated plume disaster, presumed to be carrying radioactive materials, will be the theme of the disaster, which will involve the "destruction" of a number of homes and injuries to many people. Because of the large number of "victims" involved, some 30 ambulances will be used. Voothees is in charge of all ambulances.

In order to test the Disaster Plan of Overlook Hospital, all the victims will be sent to that hospital. A team of doctors and nurses, led by Dr. Buchanan, will be on hand to take care of the injured. Boy and Girl Scouts will act as victims.
Due to the presence of radioactivity in the disaster area, the whole of that section will be evacuated. This will be possible only because the residents of Briar Hills Circle have wholeheartedly cooperated. The 62 families, involving over 500 people, have their 100% participation and have entered into the spirit of exercise by allowing themselves to be moved to Surprise Lake. Alex Blackman, president of the Briar Hills Civic Association, has coordinated the entire area for this purpose.

At the lake, a hot meal will be served to the victims by the Welfare Department of the Union Township Civil Defense. The food will be prepared by Mrs. Evelyn Couch in the Gaudineer School cafeteria. The Gaudineer School will also be used as a receiving station with Doctor Michael Bernstein in charge.

Rescue incidents will be put into effect by the Springfield Fire Department under the command of Chief O. Mesker. All traffic control will be conducted by the Civil Defense Police, led by Captain Joseph Seidel.
All Briar Hills Circle residents have packed suitcases with at least one change of clothing plus some food for the evacuation.
Some radioactive sources will be planted on a few residents to test the Geiger counter equipment and train the monitors. "These radioactive sources are not dangerous," states Mr. Freeman.

All Springfield residents are invited to come and observe this Civil Defense training.

Springfield Now Has Its Own 'Quemoy-Matsu' Issue

Springfield's boiling-over political campaign now has its own "Quemoy-Matsu" issue.

It is the whole problem of the Tax Collector's office which was the launching pad for the first thumping resignation last week by Township Committeeman, Danny Lucy as chairman of the Finance Committee.

Not that the current, and interesting battle of words has been dull in the campaign between Mayor Vincent J. Bonadies and Paul T. Murphy, the Republican ball carrier, but real issues have been scarce.

Mayor Bonadies and his hard workers have been pointing with pride "to continued good government in Springfield, campaign promises carried out and a better future for our growing community."

Mr. Murphy, a talented and formidable foe in any exchange of ideas, has been causing cries of unrestrained anguish in the camp of his adversaries with his rapier like verbal thrusts, his asides, his lethal quips and rather sound approach to the serious problems.

Opposing Mayor Bonadies who is a popular, personable and capable administrator—would hardly be the choice of many men during these pleasant Autumn days. Paul Murphy, a student of civic affairs, lowered a toe into the cool pool of politics not too long ago and found the sensation exciting. Now, he is splashing about the campaign waters with professional-free style and, all that he needed was just such an issue "as the office of the Tax Collector and/or Dan Lucy's resignation."

The so-called young blood of the Republican party has made room for some of the "elder statesmen," the professionals and what is known on the district level as the experienced—which is another name for those who know how to bring in some financing for election day campaigning. At least, the report is that the Lucy resignation and the entire Tax Collector's office problem have caused a "standing room only" sign on the Murphy band wagon.

If the Lucy resignation does become the "Quemoy-Matsu" issue in Springfield, it also brushes into the political waste basket the charge by Murphy against Mayor Bonadies on that shop-worn charge of "one-man rule."

No one who has followed events in the Township would ever sincerely believe that there has been "one" (Continued on Page 2)

Lutheran Pastors To Attend Daily Study Sessions

The more than 600 Lutheran pastors who will participate in "Lutheran Open House" activities in Lutheran churches throughout metropolitan New York, Long Island, and New Jersey the week of October 30-November 3, will dedicate themselves to prayer and study sessions each morning of this evangelism emphasis week.

The daily meeting, called "Missions to Ministers" will be held in thirteen different geographical areas, according to the Rev. Lester Messerschmidt, Springfield, chairman of the Central New Jersey Sector of Lutheran Open House.

Each of the 300 participating congregations has invited a guest pastor from another section of the country to share pastoral duties with its minister for the week. These guest missionaries will join with their host pastors in daily Bible study, instruction in the principles of evangelism, and periods of prayer for the success of the mission. Guest missionaries for Holy Cross Lutheran Church, Springfield, will be the Rev. Paul J. Foust, Albion, Michigan.

Bonadies Pledges More Savings For Taxpayers Here

Mayor Vincent J. Bonadies declared today that the tremendous savings to taxpayers here on the south side sewer project marks another milestone in the present administration's record of efficiency and economy.

Bonadies cited the sewer project savings at a campaign rally of Republicans and Democrats in support of his re-election. The mayor stated "The \$295,000 sewer project, which is expected to cost the township only \$20,000, will not only open the Ballusrol Tox area to residential development, but also help to spur municipal income producing rates of \$20,000,000 or more from the area south of Rt. 22."

The major costs of the sewer are being paid by a Federal grant and by developers of the property. Bonadies attributed this achievement as a result of the governing body's persevering and prolonged negotiations that resulted in the large savings for the community.

The mayor said: "It is gratifying to report such achievements in the saving of taxpayers' money. This is the kind of progress that is the result of concern for economy in government and we intend to keep this progress going."

"We cannot forget how often under past administrations, expediency gave way to hasty action that resulted in spending money saving taxpayers' money." Bonadies added that the wide-spread newspaper coverage of the governing body's savings on the south side sewer project attested not only to the uniqueness in achieving such a major project at a relatively small cost, but also to the effectiveness of the administration in carrying out its responsibilities in behalf of the people.

Flammer Asks Full Support For Bonadies
Township Committeeman Howard A. Flammer declared today he will join township-wide support for the re-election of Mayor Vincent J. Bonadies to continue Springfield progress in responsive, economical administration.

Flammer declared that Republicans and Democrats have joined in the support because Mayor Bonadies' record of municipal achievements has consistently placed community interests above political considerations. Flammer stated: "I have wholeheartedly announced my active support for Mayor Bonadies because I believe as his record demonstrates again and again that economy and efficiency in government can be measured and our 21-point reduction in taxes since 1958 about sums it up."

Mayor Bonadies had much of the pressure upon him as the new administration took office two years ago and he hasn't let us down. He has worked as a full time mayor without contributing to the administration on every level; he has met his responsibilities squarely; he has inspired us to work even harder in shortening our time table of progress after we inherited a government that had bogged down and was riddled out of office for its inefficiency.

"We have worked hard at providing a healthy economic condition for our community and have paved the way for even brighter progress ahead through long range planning as well as planning for every day community needs."

"These are those political opportunists who aspire to public office who oppose Mayor Bonadies for political opposition sake alone, but they cannot deceive the public nor rewrite the records."

"I personally," continued Mr. Flammer, intend to call on Republicans and Democrats in behalf of Mayor Bonadies' re-election because a great majority among them share my belief (Continued on Page 2)

Municipal Court Has 50 Guests

Over 50 junior class students from Jonathan Dayton Regional High School attended Monday night's session of the Municipal Traffic Court in Springfield to hear Magistrate Henry C. McMullen dispose of 25 traffic violations ranging from defective lights, careless driving, speeding registration, driving on the revoked list, and unlicensed driver. 16 passing a school bus.

These students represented the driver education classes which are being conducted at the high school for 9 weeks, ending November 13th. The purpose of the trip to the traffic court was an attempt to allow the students to gain practical experience in the operation of a traffic court and to instill in them a respect and desire to obey and honor all traffic laws and regulations to make them safe and better drivers. Magistrate Henry C. McMullen and Court Clerk Michael Goveese held a question and answer session dealing with points of law and courtesy. They emphasized very strongly the need for the "right attitude and good psychological approach" in driving. (Continued on Page 2)

man rule" in conducting the affairs of the municipality. The five Democrats saw eye to eye on the majority of problems brought before them but there has always been a sincere difference of opinions on a great many matters. Dan Lucy and Mayor Bonadies, especially, haven't been reading out of the same book on all issues.

Mr. Lucy, a banker and able business man, is sincere in the stand he has taken on matters concerning the administration of affairs in Springfield and insists that his actions are "not inspired by any political goals or rules."

Mayor Bonadies, as titular head of the Democratic party, does have great responsibility as administration leader as well as political No. 1. He has done a remarkable job in lifting a hopeless political minority to complete control of Springfield's administration.

When the Bonacrats voted a leave of absence with full pay to the Tax Collector until October 15, Dan Lucy voted "No" because of his correct interpretation of the election laws since the Tax Collector had announced his plans to move to Maryland.

"The Bonacrats wanted the office to remain occupied until that date since the election laws require that an office be vacant more than thirty-seven days before election if it is to be filled at the next election.

Couldn't Run For Office—
 "Item: James Cawley, a Republican; Mrs. Bert Jones, a Democrat, and other persons were deprived of their opportunity to run for this office, although James Cawley demanded that it be declared vacant.

Item: A municipal elective post is vacant when the occupant dies, resigns, or removes from the community. On June 23rd, I heard Mayor Bonadies speak at a farewell dinner for the Tax Collector and wish him well in his retirement home in Maryland.

"Last week at the secret, special meeting, the Bonacrats rejected the suggestion of Democrat Lucy that they appoint a present Democratic employee to the post.

"Item: The Bonacrats will contend that the 'leave of absence' was granted because of their love for the municipal employee. Why then, did they reject an experienced employee for the post? Why did they fail to have the 'leave of absence' expire on September 30 so that the voters could choose the successor rather than the Bonacrats?

"Although the meeting was called to replace the present Acting Tax Collector with one who would serve until the next

I never received a copy from Dan Lucy to this date.
 "Chairman Bonadies will never comprehend this, but Dan Lucy acted because of his personal integrity, and did so reluctantly since he is a Democrat, although not a Bonacrats. I state this confidently because I have known Mr. Lucy as long and as well as I know Mr. Bonadies.

"On November 8, we, the people of Springfield, will have an opportunity to ring down the curtain on this sordid political play of Mr. Bonadies, and raise it again on Two Party, five man, Township Committee government."

Lt. Otto Sturm and St. Louis Quinton, officers of duty, conducted the students on a tour of police headquarters pointing out the various equipment and functions of the department.

Police cars, radio equipment, padded cells, jail cells, records, traffic timer, procedure for booking, shooting range, police officer's qualifications and duties, and the rights and privileges of motorists were discussed before court went into session.

Driver Education Program
 The driver education program is one phase of the health and physical education program conducted by Dayton Regional. It covers 30 hours of theory work and leads to a week, hour, behind the wheel driving course which is open to all students 1½ years or more.

Dr. Randolph Jacobsen is the principal of the school while John Brown is the Co-ordinator of Health and Physical Education. John Swedish, Joe Mills, Edie Barnes, Bob Lummer, and Jack Bicknell are the instructors of this popular course.
 A written examination on driver rules and regulations will be given at the school by the Motor Vehicle Department on October 31st as the climax to the course.

that office dated October 15. Mr. Lucy voted against granting the leave of absence.

Tax assessor Laying was named to be in charge of the Tax Collector's office during the "leave of absence" of Mr. Huff. Mr. Laying has done the job since June and was named Wednesday night to fill that post until January 1. At that time, it was announced, an appointment would be made to serve until November, 1961. The person named would agree to go on the ballot at next year's election for that office.

The resignation of Mr. Huff, his leave of absence, temporary naming of Mr. Laying as Tax Assessor, and the entire dispute regarding the Tax Assessor's office has been the subject of considerable discussion since the current campaign started.

Didn't Get Telegram—
 "Item: Despite his praise of Dan Lucy in the recent past, last week Chairman Bonadies was quoted in the press accusing Dan Lucy of furnishing me a copy of his telegram of resignation before the Mayor received it. Unless our 'full time' Mayor did not visit his office for two days after the telegram was sent, I can assure him he is wrong. I can also assure him

Letter To The Editor

Editor, Springfield Sun

Achievements of the United Nations will be discussed next week by thousands of people in observance of United Nations Week.

Numerous are the scientific and religious contributions made to the world by the United Nations since its inception in San Francisco in 1945.

Created at the end of a disastrous world war, the United Nations immediately began extensive programs to combat disease, educate illiterate people, provide food for the starving and other forms of material help. Spiritually, it proved itself an effective mediator between nations whose disagreements could catapult the world into war. Always it has stressed the idea of peoples being free to choose their own governments.

There is a striking parallel between the principles of the

United Nations and the Baha'i World Faith, whose members now number millions and reside in over 250 countries and territories of the world. Taught by the founder of their faith, over 80 years ago, that "the world is one country and mankind its citizens," Baha'is believe that an era of world-wide peace is almost here but that it must be seriously sought after.

They look hopefully towards the International Court of Justice set up by the United Nations as a non-partisan court of appeal. This concept was clearly enunciated by the founder of the Baha'i Faith, who stressed the necessity for regarding the welfare and freedom of all nations as equally important with that of one's own country.

Baha'is are confidently believe that "war shall cease between nations, and by the will of God the Most Great Peace shall come; the world will be seen as a new world, and all men will live as brothers." This hope is shared by the United Nations.

Sincerely,
 for: Baha'is of Springfield

2 Million In Building For Youth Forum

Springfield's Building Department reported a very busy September, with a total value of \$247,000.00 for new buildings plus \$20,680 in alterations, burners and sign installations.

The September total brings the building department operations for the year to date at \$1,703,737, with \$1,460,100.00 for new buildings.

These figures will receive a terrific boost when the October report is submitted by Building Inspector Robert Pelligrino since it will contain a single item of \$300,000. in new building permits for the construction of the Victory Engineering Company's plant in Springfield avenue.

This amount for the one permit is greater than the full value of all new building in Springfield for the month of September and will bring the total over the two million mark.

The September report discloses a total of 16 new building permits for the month of September and a total of 76 for the year. There were 29 permits for installation of burners with three permits for alterations.

The total value of operations through the building department for the year amounted to 345 which brought in a total of \$7,381.00 for permit fees. The Victory Engineering plant, valued at \$300,000, will give Springfield a permit fee of \$703.00.

A Good Breakfast Is Important: A nationwide survey recently concluded revealed that only one out of five children eat a good breakfast. The same nutritionist study also showed that the children who tucked away a good breakfast fared much better in their studies.

Summer Clothing Preserved by Careful Cleaning And Storing: During the winter expensive summer clothing should never be left hanging carelessly in your home's closets. Stains on these clothes may "set" over the long winter months and be almost impossible to get out come next summer. You'll be dollars ahead if, right now, you have your family's summer clothes Morey LaRue seritone cleaned and safely stored. Morey LaRue will store them until April, 1961, for only 25c each. DON'T FORGET TO VOTE NOVEMBER 8th

Mrs. Louisiana Moves To Berkeley Heights

LAKE CHARLES, La., Oct. (Spl) — Berkeley Heights, New Jersey, is just about the luckiest town in New Jersey, and the people of Lake Charles, Louisiana, friendliest in the state, will unanimously agree.

Why? Simply because one of their most active civil families, the T. S. Granberry family, is moving to the Garden State for a permanent home. Ordinarily there's nothing tragic or fatal about a family from Louisiana being transplanted to another state or vice versa.

But, when the Granberrys move to Berkeley Heights, Mrs. Granberry—who was Mrs. Louisiana in 1956—Lake Charles and Louisiana, in particular, will lose its most active garden club worker and horticulturist.

Mrs. Granberry, a native of DeRidder, Louisiana, some 42 miles north of this second largest port city of the state, is a tireless worker, with high ideals about keeping the state's highways clean and the cities in a natural beautiful state.

Thus, with such dreams she was selected to serve as Louisiana's litter—prevention chairman, and became the first woman in the state to serve as head "Cleanest City" campaign. She was first named in 1958 and has served in that capacity ever since, three successive years.

Now the Louisiana Federation of Garden Clubs must find a new chairman. That is something like the Army finding a new quarterback after beating Notre Dame 60-0 in the final game of the football season.

Aside from that fancy titled task she performed, Mrs. Gran-

berry reared her family of two daughters and one young son; helped her husband, T. Stanford Granberry, a chemical engineer for Cities Service refining corporation, New York City, build one of the most livable, modern homes in Lake Charles; helped organize nearly a dozen garden clubs in Southwest Louisiana; attended McNeese State College, where she received her degree in Horticulture in January of this year; and was selected as the "Cover Girl" for Beta Sigma Phi sorority this year for Louisiana.

Such a busy must be ready for the rocking chair? On the contrary, Mrs. Granberry, "Faye" to her intimates, is just over the 30-year birthday mark and looks like a 25-year-old fashion plate who makes her own clothing, which she also designs.

Between grafting plants, cooking meals, fighting to make mo-

torists break that litter habit on the highways. Mrs. Granberry does find time to wear the Silver Star of a Brigadier General on a Governor's staff of Louisiana. Blessed with a stately figure, she walks with the air of a Metropolitan prima donna, smites with the easy of Loretta Young, and can make committees and city officials toll like Simon-Legree.

When she transplants her family in New Jersey—no pun intended—Mrs. Granberry will take along with her a high honor from the City Council of Lake Charles, for her great work of the past three years, a resolution at testing to her unselfish civic love and interest.

Soft talking and shunning of publicity she can't dodge the news hounds for many reasons; her work, her ideas, her beauty, and her personable, likeable self; all of which now moves to Jersey. No wonder Lake Charles people will envy Berkeley Heights: They are getting the Granberry family for citizens while the Louisiana city loses a most valuable American group.

The Professional Photographers Association of New Jersey has conferred on Len Kartzman the title of "Associate Fellow of Photography."

This is a degree given to those few who can accumulate 25 credits, earned for blue ribbon print awards, earned in competitive judging, and credits earned for service to our association.

Mr. Kartzman was awarded the degree at our statewide convention recently held. It represents eight years of service, in which he has served twice as chapter President, and four years as State Ethics V. P.

In 1958 he was given the Association's award of Mr. Professional Photographer. This is

made to the individual that has done the most for the organization.

Len Kartzman is the owner of the Linden Studio of Photography located at 205 Broad St., Elizabeth, and 101 N. Wood Ave. in Linden.

The Kartzmans wife Shirley, sons Steven and Ralph, and their daughter Melanie, reside at 52 Oaks Oval, Springfield.

Couple Feted on 60th Anniversary

Celebrating their 60th wedding anniversary last October, were Mr. and Mrs. Emmett Doty, 37 Rodgers Place, Berkeley Heights.

Mr. Doty, 81, and his wife, Ida, 80, were honored at a family dinner party given for them by Miss Ida Bailey, their 17-year-old granddaughter. Attending the party were more than 25 members of the Doty family, including a daughter, Mrs. LeRoy Bailey, with whom the Doty's live; and a son, Leon, also of Berkeley Heights. There are also five grandchildren and six great-grandchildren.

After working 50 years at the Noe Greenhouse in Florham Park, Mr. Doty retired six years ago. "I worked for three generations of Noe's," he said, "starting off as a coachman, then as a chauffeur and finally as a maintenance man." He added with a smile, "I don't know whether you call it a promotion, from noises to maintenance."

Drove to Florida Doty, who points to his father's 80-year-life span as one of the reasons for his longevity, learned to drive in 1910 and has driven 50 years without an accident, he said. He still owns and operates his own car, and two years ago drove to Florida on a vacation trip.

"I love to travel," he said, "just taking my time getting places." Philosophically, he noted, "I thought I'd seen just about everything in my life, but after awhile you realize you haven't seen anything yet."

Contemplating his living habits, Doty said: "I have never touched tobacco in any form and I have never had a drop of an alcoholic beverage. His daughter interjected with, "He drinks a lot of milk, in fact, give him a cow and a glass and he's happy."

Doty also pointed with pride to "our Pennsylvania pioneering spirit." He and his wife lived in Dingman's Ferry, Pa. He came to New Jersey to work in Chatham, returned to Pennsylvania "to pick up my bride," and they were married Oct. 19, 1900, in Port Jervis, N.Y.

Vietnamese Girl 'Adopted' By Mr. and Mrs. Altshul

Mr. and Mrs. Emmett Altshul, 54 Forest Drive, Springfield, have financially 'adopted' Than Thi-Huong, a 6-year-old Vietnamese girl, through Foster Parents' Plan, Inc., 352 Park Avenue South, New York City.

The Foster Parents have promised to contribute \$15 a month toward the child's support for at least one year.

"We are indeed grateful to Mr. and Mrs. Altshul for giving Huang this wonderful gift of hope and help," declared Miss Gloria C. Matthews, Executive Director of Foster Parents' Plan, "and we prayerfully hope that many others who read this will also extend a helping hand to a distressed child."

Parents-Refugees The parents of this beautiful child were refugees from North Vietnam before the Communist onslaught in 1954. They settled in the city of Saigon where the father worked as a cook, earning \$8.22 a month plus food and lodging for his family.

Father Ill With TB Life was once more assuming a hopeful aspect when in 1956 Huang's father was stricken with tuberculosis. He has been hospitalized but not cured and lacking money for treatment has finally entered the Phu My Hospice, which is a home for the aged and indigent where he will receive shelter. Since he has no money for bus fare twice a week to go to the Public Tuberculosis hospital, he is now without treatment.

Unable to find work of any kind, Huang's mother took the little girl and her younger brother, Duc, 3, to the city of Bao, 200 kms from Saigon to live with the parental aunt's family. Here, the poor woman works as a day laborer, hoeing weeds at a daily salary of 41 cents and this would do nicely if work days were not so few and far between.

The aunt, whose family consists of six members, also works as a day laborer earning 41 cents a day, and her husband, a cook, earns a monthly salary of \$8.22 plus food for him and two of his children.

All of these people live in a one-room house, measuring 9'x12'. It has a thatch roof, wooden walls and a beaten earth floor. Their only furniture is two beds. Their poverty is stark and their need for everything is desperate.

Huang is a bright little girl in the first class of a private primary school for which they pay a fee of 27 cents a month. She says she would like to be a schoolteacher. Foster Parents' field worker says of her "she has an oval face with sunburned complexion and pretty, regular features. She is wise and obedient and knows how to sweep the house."

Will Receive Money Care Her "adoption" will bring her a monthly sum of \$8 plus food, clothing, and emergency medical care. In addition, her mother can obtain clothing and household items which have been donated for general distribution. The dramatic change this will bring to their sad and depressed lives cannot be calculated. Surely, hope, better health, and the chance of a decent future for her child.

Foster Parents' Plan is a non-profit relief organization which provides children who are orphaned, distressed, or otherwise made destitute with care, education, and moral support they need. Adoption through Plan is financial, not legal. The Foster Parent promises to contribute \$15 monthly for at least one year. Of this sum, the child receives \$8 each month as an outright cash grant. The remainder is used for periodic food and new clothing packages, translation of letters, medical services and education. Because each child is treated as an individual, any special needs of the child or his family are taken care of by Plan from its General Fund. This fund is made of contributions from the public.

To encourage a warm personal relationship between the Foster Parent and "his child," the Foster Parent receives a history of the child and a photograph, and correspondence through the "Plan office" is translated both ways. This exchange bridges the gap between Foster Parent and child and gives the youngster the feeling of security and love he needs.

Foster Parents' Plan which has rehabilitated more than 76,000 children on a personal basis since its founding in 1937, is now helping more than 19,000 youngsters in Greece, Italy, South Vietnam and Hong Kong. Over the past twenty-three years, more than 600,000 individuals and groups in America have helped needy children overseas through Foster Parents' Plan.

INSIDE... UNION COUNTY

By S. Sarakhn

The residents of Mountain Avenue, Berkeley Heights, can now breathe a sigh of relief.

At last Thursday's Board of Freeholder meeting, Freeholder William Dalziel, chairman of the Roads and Bridges Committee, introduced the required resolution to pave Mountain Avenue immediately.

Dalziel stated that no trees would be removed. He charged the Berkeley Heights Township Committee were the principal cause of the delayed improvements.

"No longer," stated Dalziel, "can the Township Committee use the street as a political football to the detriment of Berkeley Heights citizens. The previous Republican Board of Freeholders hesitated to criticize them because of their close political ties." "It is regrettable," Dalziel continued, "when elected officials penalize the citizens through selfish political motives."

Many normally Republican voters, reports have it, will do some switching this election. A local tax rise of 325 points since 1956 compared to the Democratic Freeholder record of a 1960 tax rate equal to the county's 1956 rate has caused them concern.

The local Democratic ticket and Democratic Freeholder incumbents, Edward J. Carlin, M.D., William Dalziel and Freeholder Director Thomas J. O'Brien, should benefit.

Doing Welfare Job

Forty-five per cent of the county budget is required for welfare purposes.

The administration of the \$5,000,000 welfare budget falls on the broad shoulders of likeable Edward J. Carlin, M.D., Freeholder welfare chairman. Dr. Carlin is semi-retired from the general practice of medicine since joining the Board. He has devoted practically full time to his Freeholder job.

The public will have an opportunity to view the progress made at Rumlins Hospital (formerly Bonnie Burns) under Carlin's guidance next Sunday. The hospital's Board of Managers are holding an "open house" on Sunday, October 23rd, from 2:00 to 5:00 P. M.

"The public," Carlin stated at the last Board of Freeholders meeting, "is entitled to see how their tax dollars are spent."

Fine Civil Defense Head

Freeholder Director Thomas J. O'Brien suggested appointment of Col. Charles J. Christian of Westfield as Civil Defense Coordinator, received immediate confirmation by the Board.

The position is non-salaried. Col. Christian replaces Addison Ely who resigned after ten years of service.

When O'Brien was reminded that the Colonel was a registered Republican, he answered: "The Democratic majority were fully aware of this. We are of the firm belief that politics should play no part in Civil Defense. We wanted a top man."

Boost Vocational School

The Board of Freeholders were pleasantly surprised at their last meeting when citizens of Westfield, Roselle, Berkeley Heights and Springfield lauded the Board for the cooperation given to the County Vocational School.

The president of the Council of Parent Teacher Associations of Union County expressed the thanks of that organization.

A representative of the Tool and Die Manufacturers Association of Union County also lauded the board.

Other speakers emphasized the importance of vocational training for defense purposes and substantiated their views with letters from Washington.

Another pleasant note was struck by a Berkeley Heights citizen who praised the board for its vocational school interest and also for their action for Mountain Avenue improvement.

Agrees With Kennedy

The GOP stalwarts looking for heavy Republican support from the Western Union County conservative communities, are surprised at U. S. Senator Case's recent speech.

The Republican candidate, in an apology for Vice-President Nixon's program for the medical care of the aged, said the proposal advocated by the Democratic presidential nominee, Senator John Kennedy, would be easier to administer and would be available for everyone without requiring a pauper test.

Then Case said he was "deeply convinced that Kennedy's program was better than that offered by the Republicans." Could it be that Case is sensing a Kennedy sweep in New Jersey?

LWV Plan Visit To UN Building

In conjunction with UN Week starting October 24, the League of Women Voters of Springfield has set up an exhibit at the Springfield Public Library.

The exhibit, with a large map of the world as background, will show the essential structure of the UN.

The Springfield League had been scheduled to visit the General Assembly earlier this month; however, because of the presence of Premier Khrushchev and other world leaders, visitors were prohibited from entering the General Assembly.

This trip has been rescheduled for November 21. Residents are welcome to join this visit. Call DRaxel 8-1803.

Hobby Show Featured Antique Cars

The New Jersey Region of the Antique Automobile Club of America, which is a local group of antique car enthusiasts, held its annual Trailside Museum Meet on Sunday, October 16.

The cars with their occupants assembled at the Prospect Picnic Area in the Watching Reservation at about 11:00 a.m. for a picnic luncheon. After lunch the group drove to the Nike base on Summit Road for a tour around the reservation via Seely's Pond and then to the Trailside Museum.

Vocational School Source Of Political Controversy

GOP "Misinformed," States O'Brien

Freeholder Director Thomas O'Brien accused the Republican Freeholder Candidates of an "Ostrich-like attitude towards vocational and technical education in Union County."

The issue concerns the currently operating technical institute which will determine what course future education efforts shall take.

O'Brien has charged the three GOP freeholder candidates with "Unleashing a know-nothing attack against public vocational and technical education."

"This attack has come when both political parties at National level have agreed the nation must step up its educational efforts in all fields and especially in the field of scientific endeavors," said O'Brien.

The freeholder charged that GOP had created a "straw man" who does not really exist with their dire unfounded warnings about the cost of vocational education in Union County.

"The Institute presently has an enrollment of 157 students. Many of these students are from towns where Republicans have voiced bitter objections to this endeavor," O'Brien said.

O'Brien noted that in its first year of operation the Institute was housed in rented quarters in Union Township. "The cost to the county was \$17,000 while the state contributed \$25,000. The Institute was left with a \$37,000 surplus for this school year."

"From these figures," O'Brien said, "it is made very clear higher level leaders of both the Republican and Democratic parties are interested in this type of education and want to encourage just the type of training we have right here in Union County."

Young G.O.P. Enlist Aid For Murphy

Volunteer support for the election of Paul T. Murphy, Republican candidate for Town Committee, has been growing steadily, according to Henry Wright, chairman of the Springfield Young G.O.P.

"The enthusiasm generated by the meeting of September 28, when Congressman Dwyer spoke on the highway problem, has brought in a surprisingly large number of volunteer workers to assist Paul Murphy in his quest to be elected in November," said Wright.

"The growth of the young Republican group in town has been rather slow, but sure," stated Mr. Wright, "but we have a strong working nucleus and from the number of citizens who have volunteered their aid, we feel we are on the way to developing a solid organization."

"We plan to fight for what is good for the town, county, state and nation continually and steadily regardless of whether elections are imminent or not."

Lord Will Speak to Dems

Thorn Lord of Princeton, Democratic candidate for the United States Senate, will speak in Springfield Thursday, October 27 at 8:30 p.m. at the Florence Gaudin Center. The event is situated on South Springfield, corner of Milltown Road.

Lord is former federal prosecutor for New Jersey, one of the drafters of the new New Jersey Constitution and, currently, an attorney of high repute in Mercer County.

The Democratic Senate aspirant has spearheaded the rise in his party's fortunes in New Jersey by developing a highly efficient technique for registering new voters which has been adopted throughout the United States. He drafted the civil rights plank in the 1960 National Democratic platform and is counted as one of the party's staunch liberals.

He is the present chairman of the Mercer County Democratic Committee having led a successful reform battle to unseat the more noisome elements of his party in that area.

Woman Rescued From Home Blaze

A Springfield patrolman rescued a woman from her burning home while holding her on a sloping roof until the firemen arrived—last Wednesday, October 12.

The fire was at the home of Russell L. Nixon, 81 Linden Avenue, Springfield. He telephoned police at 1:25 a.m. Patrolman Harold Searles found Mr. Nixon's wife, Marie, trying to escape the smoke-filled house from her second-story bedroom window. He scrambled upstairs using the iron porch supports as a ladder, and held her on the small roof, jutting from the house until the firemen arrived to take her down on a ladder.

WILD IS LOVE

Never before an album like this

There are a dozen exciting new songs, each a different facet of the delightful world of romance, woven together into a complete love story with the magnitude of a Broadway production, charmingly narrated by Nat himself and brilliantly orchestrated by Nelson Riddle.

Each song is a new discovery, illustrated in a lavish 24-page full-color booklet, bound into the album to add yet another dimension to the many facets of love...romantic, smoldering... tender, beautiful.

Here is truly an album to own... and an album to give.

The songs: Wild Is Love (introduction) • Hundreds and Thousands of Girls • It's a Beautiful Evening • Tell Her in the Morning • Are You Disenchanted • Pick-up • Beggar for the Blues • World of No Return • In Love Again • Stay With It • Wouldn't You Know • He Who Hesitates • Wild Is Love (finale)

Women Plan Rummage Sale

Mrs. Philip Ames, president of Springfield's Temple Shalom's women's group has announced a Board Meeting to be held on Monday evening, October 24, at 8:30 p.m., in the Temple House, 78 South Springfield Avenue in Springfield.

The following items will be on the agenda: Rummage Sale report by Mrs. Milford Schulman; paid up membership dinner given by Mrs. Harvey Karan; a Library report by Mrs. Bernard Lesser and Oong Shalom's Sabbath Eve Services will be announced by Mrs. David Weinick.

Mrs. Milford Schulman, ways and means chairman, announced a Rummage Sale which will be held today, Thursday, October 20th and Friday, October 21st.

The Rummage Sale, which will be held at 5 Avon Avenue in Newark, will be open from 9:30 a.m. until 4:30 p.m. on both days.

Your Library

There is no doubt that a few people have been inconvenienced by changes in the fine policy at the Public Library of Springfield. One change is to require adults to pay five cents instead of two cents for each day a book is overdue. The other is to charge children two cents a day where formerly they paid nothing.

So far the change seems to be doing a lot of good and helping to correct some abuses that had grown up among a few readers, such as taking out a lot of books at one time and having them around the house until ready to read them. If the books were overdue, the charge was small. Now people are inclined to take only what they can really read. Because five cents a day multiplies very fast, books are coming back promptly.

Both of these angles have good points from the reader's point of view. Because books move around more quickly, the library patron should not have to wait so long for popular titles.

Mothers are coming to the library more often and are not taking so many small children's books at one time. This is helping to stretch that overworked collection of easy books, and mothers are finding more from which to choose when they visit the library.

The same thing is true of books for older students. Recently the number of history and science projects being prepared for school has almost stripped the library of every available book on these subjects. However, students are examining the books more carefully before they take them home and bringing them back sooner.

In all these ways the public is being directly helped. In another way, everyone is indirectly benefited. At the rate that overdue notices were mounting, more clerical help would have been needed and the costs of clerical help come out of the pockets of all taxpayers.

Everyone hopes that readers will continue to be careful about returning books on time. It is hoped that within a few months, in spite of the increased charges, the fine money will decrease rather than increase. This will show that readers are watching calendars more carefully and abuses have been corrected.

WOMEN'S CLUB NEWS

Despite several conflicts with other things going on in town, we were very happy to see the good turnout at the American Home - International Relations meeting at Public Service in Summit.

Several interesting and very colorful dishes were prepared by Miss Nancy Foot, substituting for Miss Ann Ware who was suddenly taken ill. A sampling of the food proved very tasty indeed.

After a showing of colored slides of famous dishes relative to different countries, everyone enjoyed delicious cake and coffee. Guests also received a cook book with recipes of all foreign

discrepancies shown on the slides. We are sure that these recipes will awaken all experimental cooks' interest in preparing something slightly different and will add spice and zest to their meals.

There will be a meeting of the Music Dept. tonight, Thursday, October 20. Please contact Mrs. G. Mentzer at BR-0372 for time and place.

The next meeting of the Springfield Woman's Club Executive Board will be held on Wednesday, October 26 in the Recreation Center. Hostess for the evening will be Miss Muriel Sims with Mrs. James Phelps as co-

hostess.

Kiwians Learn Which Wine Goes With Food

The California Wine Growers Association took charge of the meal eaten by the Kiwanis Club last Tuesday night in the Mountside Inn.

Combining education with pleasure, the club members learned which wines to use with different dishes, with the association providing "learning materials."

Rice Gives Talk, Demonstration on Model Railroads

On Saturday, October 29th, Donald W. Rice of 80-B Troy Dr., Springfield, will give a talk and demonstration at a model railroad convention being held in Union County.

His subject, duplicating prototype operation on a model railroad, is attracting model rail-

roaders from Maine to North Carolina. His technical session is unique since part of the lecture will be in Springfield but the demonstration will be given on the layout of the Summit-New Providence HO Railroad Club, 84 Oakwood Drive, Murray Hill. Due to the efforts of Don Rice, this Club has achieved a national reputation for having one of the finest systems of operation in use anywhere.

In response to requests already received from other parts of the country, Mr. Rice's lecture will be taped and the demonstration filmed. For those in Springfield who are interested in the realistic operation of model railroads, Don Rice extends an invitation to see the Summit-New Providence HO Railroad Club in action at any time after the convention.

SOLD BY WALTER KOSTER — Miss Margaret Codely, formerly of Irvington, is now residing in her new home at 382 Darby Lane, Mountlake. The home was purchased from Mr. and Mrs. Kluczewicz through the office of Walter Koster, Inc., Realtors, 409 Park Avenue, Scotch Plains. This was a Westfield Board Multiple Listing.

Newcomers Club Meeting Has United Nations Theme

A "United Nations Day" theme was carried out at the regular business meeting of the Scotch Plains - Fanwood Newcomers' Club held last evening to commemorate United Nations week October 23-29. A casserole supper with members baking individual foreign dishes representing member nations of the United Nations were the main courses. Members also baked foreign desserts.

Mrs. Mehri Hiteshaw and her committee carried out the theme of United Nations Day, with decorations of tiny foreign flags on each table. The centerpiece was through the courtesy of the Forget Me Not Shop.

Announcement at the business portion of the evening was made of the change of date for the next meeting, which will be November 1st at 8:15, instead of November 8, due to the National election falling on the 8th. Members are urged to be at the polls on election day.

Richard Dennis 17-Year-Old Recording Sensation

The newest singing sensation and Union County's own gift to the recording circuit is a seventeen-year-old hard-core singer of ballads, rock and roll and standards by the professional name of Richie Dennis. Richie, the son of Mr. and Mrs. John J. Dennis of 332 Third Ave., Garwood, N. J., attended the Lincoln Public School in Garwood and is a recent graduate of the Arthur Johnson Regional High School in Clark. He studied voice with the Batham Conservatory is currently being tutored by School of Music of Plainfield and opera singer Rose Marie Donnelly of Scotch Plains. The Young singer has entertained considerably at teenage dances and teenage night clubs and traveled extensively with the Al DePhillips Variety Troupe of Plainfield, intensively with the Al DePhillips Troupe at the various Army Camps, hospitals and State Homes.

Initial Results Please Comm. Fund Officials

First return of the Scotch Plains Community Fund Drive show approximately a twenty percent attainment of the total goal. With approximately twenty-five percent of the estimated house visitations reported, John P. Morgan, Chairman of the Fund Drive stated that the initial results are gratifying. He expressed his thanks to all of the volunteer workers who have helped on the campaign and sincere thanks to the Scotch Plains residents who have generously contributed to the Fund. "There will be some follow-up work to be done," Morgan said, "but we hope that we can say that our goal was more than reached on our final report, which will be Thursday, October 20."

Outstanding area captains within the community to date are George Steit, Marvin Rosen, and Bob Andrews, whose quota reports stand at 46%, 45% and 38% respectively. Those who have reported more than 20% of their quotas are Irene Tiedemann, Charles Van Peltz, Edward Maier, Donald Zeller, Tom Perucci, Steven Van Hoesen and Bob Briskie. Close to the 20% figure were Leigh Thomas, Dave Hunt, Ed Hansen, Eugene Martin, Terry Seiden, Walter Johnson and Larry Davis.

Boy Scout Troop No. 37 Holds Court of Honor

Gratifying, indeed, have been the special gifts, including out of town gifts, which have maintained the 20% level of distributions.

This year's Community Fund Drive has been the modernizing of methods used in Scotch Plains through the use of automation in supplying area Captains with tabulations of names, addresses and quota amounts within each area of the community.

"We expect that greater attention to detail will pay off to the betterment of the community with an over-subscribed goal this year," Morgan said, "but we hope more, that what we have initiated this year will reap higher returns in future Fund Drives. It is only through complete participation of the citizen of our community that we can attain the goals we sincerely desire for the youth of our community." It is well worth noting that as our youth is built, so is our community and our nation.

Bulldogs Hungry For Top Billing

They Both Want This One

On every schedule there will come a game that determines what kind of a year a team will have. Some teams know after the first game that they just don't have it, in other cases the agony may be prolonged. One important game means everything on a 9 game schedule.

Such a game has come for Springfield. The papers have put the pressure on Herb Palmer and his team from the very start. On headline that I recall said, "Palmer Inherits wealth of material".

Thus far the Bulldogs have not let many people down. They did have one poor game against Carteret, but you must expect that in sports. Any disasteful images still remaining from that game, will more than be erased with a win over Roselle.

This is the game that will decide Springfield's future for 1960. I know I'm not taking any pressure off them, with statements like this, but it's the truth. Roselle is undefeated. When you meet and beat an undefeated team, the rewards are lucrative.

I think that every coach, player, fan and sports-writer looks forward to a "high stake" game like the one coming up Saturday.

The Sputer Sez:

SPRINGFIELD OVER ROSELLE

The feature game in Union County. I don't think it is going to be a close a most people think. Roselle's offense hasn't been nearly as potent as the running and passing attack of the Bulldogs.

SCOTCH PLAINS OVER ROSELLE PARK

This could go either way with two "hungry" teams trying to get back into the win column. Park has a tremendous back in Joe Augustine, but that is all. Maybe Chuck Nelson's 3-Unit system will bring two good halves together.

HANOVER PARK over GOVERNOR LIVINGSTON

I have been wrong on just about every thing I have said about Governor Livingston. I hope it continues this week. Hanover has been playing for five years and they play tough competition. Mike Smith, a 160-pounder, is their top runner. Once again the question is just how much have the Highlanders improved over the past week. I don't know, do you?

Must Defeat Roselle Saturday In County's Spotlight Game

You play four games, win three of them by more than 10 points, but yet you still have to prove your worth. This is what first-year coach, Herb Palmer and his Springfield Bulldogs will try to prove Saturday against an undefeated, but not Roselle gang. Regardless of how impressive the Bulldogs have been in their 3 wins, the critics still remember the Carteret game.

Not trying to be overly-dramatic, the stage is set. The Bulldogs couldn't ask for a better time to meet the highly-rated Rams. A big win here would make Springfield an awesome foe for Edison, Westfield, and Rahway in the following weeks. A win here would also assure the Bulldogs of the "Top Banana" role in Union County.

Must Be Real Good
How good will the Bulldogs have to be to handle Roselle? According to Coach Palmer, "We will have to be as good as we were against Somerville and Hillside."

After seeing Somerville upset North Plainfield, 39-9, you can imagine the performance the Bulldogs put on in beating Somerville 27-6. All this must be taken into consideration when comparing Roselle and Springfield.

Roselle can beat you just about every way possible. They employ an offense that features speed in Richie Souels, and power in fullback Gerry McDonnell. Souels will also pass off on an end sweep.

Through the air, Roselle is dangerous with Harold Walker to Fred Porter their most lethal combination. Definitely the Rams are as tough as any school in the area. With their size and hard-play they apply pressure that usually takes its toll on the opposition.

That is what Roselle will feature, but Springfield also has a few impressive weapons. What can be said about Eztold and Tom Marino that hasn't already been printed. They spear head the Bulldog attack, with Karl Kirchberger providing ample support. Along the same line, Phil Gittersbacher, and Tuffy Hartz, have given Herb Palmer the depth that any leading team needs.

In the front line, Monty Sica has been especially effective. As if there aren't enough factors providing inspiration for this crucial game, Roselle will also be seeking to avenge their 21-18 loss to Springfield last year.

Both coaching staffs have and will continue to do so up to kick-off time, racked their brains trying to find a flaw in a defense or introduce a new play that will confuse the enemy.

There is one thing the coaches won't have to deal with, and that is impressing on both squads the importance of this game. You might say it is a "blue chip" game. When you win one of these games, you win BIG. It will separate the state winners from the also-rans. It will be the difference between a great year and a "ho-hum" year.

DAYTON, LIVINGSTON SOCCER MATCH MAKES HISTORY; ENDS IN 2-2 TIE

First District Schools To Meet

By Herb Hetschuber
For the first time in the history of Union County two teams from the same school district played each other in a scholastic sport. Jonathan Dayton Regional High School for the past 20 years accommodated four other surrounding towns. Recently the Arthur L. Johnson High School was built in Clark, and last year a new high school was built in Berkeley Heights. Now the Berkeley Heights students who used to attend Jonathan Dayton Regional go to the Governor Livingston Regional in Berkeley Heights.

The two coaches, John Swedish of Springfield and Russ Hunchak of Berkeley Heights, got together and planned this game as a reunion for the two teams.

Before the game, Coach John Swedish of Springfield suggested that some kind of award be given to the winner. The result was that the winner of the game would get the ball with the final score on it, and every year the same ball would be brought back by the winning team and they would use it in the game. The ball was donated by John Brown

co-ordinator of physical education for the Regional High School District. This year the ball will remain in the Springfield Regional showcase signifying the 2-2 tie. We will keep the ball because it was played on our own home field.

The Superintendent of Schools, Dr. Warren M. Davis, was on hand to kick out the first ball, which started the game. It was a battle from the start, ing whistle until the final whistle with only three foul, one on Springfield and two on Berkeley Heights.

SHORT AND SWEET
The scoring was short and sweet for both teams. The first goal was scored at four minutes and 45 seconds in the first period. The ball was brought down by Joe Vizzoni and Ken Ryder, Regional linemen. The ball was then hit out by one of the Red Raiders, giving Springfield a corner kick. This was taken by Larry McConky, who toed the ball right in front of the goal. Then Joe Vizzoni and Ken Ryder were just about covered with Red Raiders when Ryder kicked to Vizzoni, who, with a ten yard kick, made the first tally of the game.

But Berkeley soon earned the score. The third period saw again a goal scored, and there was only one goal scored and that was by Springfield with 2:00 with Joe Vizzoni kicking up his first for the game and seventh of the season. Joe was just picked "Athlete of the Month" by students and teachers.

The rest of the game was a real thriller with Berkeley Heights trying to score and Springfield not letting them in. In 14 minutes and 30 seconds of the last period with only 20 seconds left to play, Don MacNair passed to Bill Steyer who booted a 20 yard kick for a goal which tied up the game.

MEETING FOR THE FIRST TIME — Dr. Warren B. Davis, Superintendent of the Regional School System, (center), prepares to toss out the ball to be used in the first meeting between Governor Livingston and Dayton Regional. The two coaches, John Swedish, left, Springfield and Russ Hunchak, Gov. Livingston watched their soccer teams battle to a 2-2 tie.

breaks that Nelson and Zano-wicz had in mind.
STOP AUGUSTINE
Playing on their home field and not against a heavy favorite, Nelson hopes to even the record this Saturday. Roselle Park has one of the finest backs in the area in Joe Augustine. He holds the state record

for the quarter mile, which gives you an idea of his speed. He has also has size to go with the speed. The Raiders will be aiming to stop this guy. Both teams will be recovering from previous losses. Carteret thumped Roselle Park last week, 34-6.

Raiders One Half Team; Nelson Trying 3-Units

If the Saturday ever comes when Chuck Nelson can get his Blue Raiders to put two good halves together, they will win some ball games. Aside from the Piscataway game, the Blue Raiders have shown very little after the first two periods.

What is the reason for their inconsistency?
HOW IT WORKS
That is what Nelson has been trying to solve in practice this week with his new "3-Unit" set up.

This 3-Unit operation is similar to the system Paul Dietzel employs at LSU. If it pays half the dividends for Nelson as it did for Dietzel, Scotch Plains will be in good shape. Here is how Nelson plan to use the new system. There will be three units working, the Blue Unit, the White Unit and the Raider Unit. The Raider Unit will be similar to LSU's Chinese Bandits. Nelson hopes to alleviate many of his second half problems with this new system. He feels that every boy on the

squad will have an in added incentive, while being part of a unit rather than just an individual. The unit as a whole must please Nelson.

Nelson feels that "this system we hope will keep the boys on their toes for the entire ball game, not just certain parts. With this system they know that they will only have a certain time to get the job done. If the coaches feel they are letting up, we will use another unit. We hope this feeling of competitiveness will

give them that extra bit of drive."
TRYING YEAR
This has been a year, that Chuck Nelson will probably remember for quite awhile.

After losing his entire championship team, having Bruce Springer, Nelson was faced with a massive rebuilding task. Very few expected much from this basically "green" team.

As if he didn't have enough problems, Nelson was faced with an injury-riddled lineup

before the season's first kick-off. Bruce Springer, and Curt Callahan were both ailing for the Roselle game.

Going in as underdogs the Raiders pulled the big surprise and tied the still unbeaten Roselle Rams. Things started to look up, but then those good first halves and bad second halves came into prominence. North Plainfield opened up a devastating second half attack as did Bound Brook the past Saturday.

HAD BREAKS
Not taking anything away from their opponents, both Nelson and Len Janovick, (assistant coach) agreed that with just one break their two losses might very easily have been converted into wins.

This week it was a blocked Raider kick that Bound Brook recovered on the Raider three yard line. With the Raiders marching to Bound Brook's 20 and 9 yard lines on two separate occasions, failed to take advantage of the situation. These are some of the

Pessimism Takes Back Seat; Hanover To Test Progress

You need something more than a crystal ball . . . pot of tea leaves . . . ouija board . . . or a soothsayer to make accurate predictions about Governor Livingston. They are currently on "cloud 9" riding merrily along on a two game winning skein, just how far this is going to take them is anybody's guess.

After last week's impressive victory over Watchung Hills, there is no limit to the what this team can accomplish the rest of the season. They are no longer the green, inexperienced, lethargic group.

They have shown that they learn fast, have an abundance of desire, and plan to forget that they were not supposed to win games. When it comes time to compare teams, you no longer take into consideration that Governor Livingston is a first year school.

This Was Their Best
The performance of the Highlanders was something to write about. Along with an impenetrable defense, the Highlanders rolled up massive 210 yards on the ground. This is quite a jump from the scant 64 they scored in their opener against Fairplany.

Regardless of how little faith you put in statistics, they have to be impressive. It shows that they can move the ball when they get their hands on it. Coach Al Brown couldn't conceal his pleasure at his squads performance.

"The kids showed an unbelievable amount of improvement in this game. Our blocking was the one factor that impressed the coaches. They did a real job offensively. Tony Rinaldi, at right guard, did an outstanding blocking job for us, as did Alan Thies, a sophomore tackle."

Changes Left Side
For the third time in as many games, Brown used a new left tackle and end. Bill Meritz at end, and Alan Thies at tackle.

were the new insertions on the line.

Brown hinted that he may stay with this combination Saturday.

If Brown has discovered a starting lineup he feels can do the job, it hasn't been too long. Brown's Highlanders will have to be at the best for their tussle with over Park. Although the record is an unimpressive 1-2, he over will put Livingston on a real test—a win here would open the gates for a successful season for Brown, that it already hasn't been successful with the two wins to date.

Must Improve For Hanover
A question presenting itself is just how much can the Highlanders improve from week to week. Brown feels that in order to beat Hanover, his team must improve as much as they did in the Watchung game. In his words, "This Hanover has been in business a long time. I know they are going to have a tough time with us, but if we expect to beat them we must continue to improve at the rate we have in the past. This may be a little too much to ask of the boys."

Team Effort
Whenever you ask Coach Brown, who was really outstanding, he hesitates to answer. As far as he is concerned every win is a team effort. His coaches . . . his reserves . . . his starters . . . all have a hand in bringing victory to Governor Livingston.

Bowling Groups Start In Town

Ed Ruby, Director of Springfield's Recreation Commission, bowling groups; one for youngsters and one for women.

The groups will bowl at the Center Street Alleys in Springfield. The youngsters will bowl on Saturday—mornings. The women may bowl any weekday morning or on Tuesdays from 12 to 3.

Anyone interested in joining the two bowling groups should contact Mr. Ruby at the Springfield Municipal building.

Golding In Chicago

Charles E. Golding, manager of Echo Lanes, Route 22, Mountainside, is in Chicago attending the Brunswick Bowling Management School.

The school has been conducted for the last five years by Brunswick Corporation to present the fundamentals of bowling management to owners and operators of bowling establishments.

Nearly 2,000 persons from all 50 states, Europe and Asia have graduated from the Brunswick school. Subjects ranging from accounting and insurance to maintenance of lanes and business promotion are covered at the nine-day session.

Athletic Head Stresses Need for Physical Fitness

Raymond L. Schnitzer, director of athletics for the Scotch Plains-Fanwood school system, in speaking to the Association for Good Schools last Thursday evening, pointed out the need for physical exercise and training for students.

Four out of every seven students, aged six to sixteen years, who were given the Kraus-Welby physical fitness test in this country, failed. The test, which is a simple test for muscle strength and flexibility, was administered to 4,000 pupils. When the same test was given in four European countries, including Italy, Austria and Switzerland, only one out of seven failed.

Heads of the physical education departments assisting Mr. Schnitzer in describing their programs and facilities were: Mrs. Donald Springer, Mrs. Alfons Resnick, Alfred Formichella, Fred Perone, Loris Frezza and Charles Nelson, head football coach. The faculty members have planned their programs with full recognition of the many aspects of a student's development. They find that development of physical strength and skills increases poise and confidence. They feel

aware of the need for skill in sports that have carry-over value in adult and are including these as far as facilities permit.

Besides a full schedule of curricular and extra-curricular sports, games and exercises, the program also provides for education in health, safety and first aid. The health classes cover the structure, functions, nutrition and care of the body. Approximately one-third of the 772 male student boy in the junior and senior-high schools participate in after school sports, 110 boys

Deerfield Still Winning

Booters Win First 3 Games; 3 Losses In 6 Years

The Deerfield School soccer team opened its tenth season under head coach Oliver Deane last week, and seems well on its way to another successful year. Victories over Garwood by 3-1 and 2-1 scores, and a 2-1 win over the Dayton Regional Freshmen have the student body envisioning a repeat of last year's undefeated season. Coach Deane refuses to make any rash predictions, however, and says that at the moment the team is not as strong as last year's team, but that they are improving with each game.

NEW TEAM

This year's team is practically a brand new one, with outside left Harold Butts the only player returning from last season's first team. Harold who was the team's high scorer in 1959, is making a strong bid to retain that honor and has scored five of the squad's first seven goals. Edward Ruggieri who played reserve halfback for the past two seasons, has been moved to the important center-forward position and has scored the other two goals. Carey Dolber and Paul Doeringer are playing the inside positions, with Mark Kelly and Bruce Jubanowsky sharing the outside right responsibilities.

The important center halfback position is held by Alan Hambacher, who played for the junior varsity last season, and the wing halfbacks are Greg Beyer and Jim Lierman, backed up by Ken Anderson and Richie Benninger. Captain-elect Jeff Sheferman, a powerful fullback, is playing his first year of soccer. The other fullback is Arthur Demore who had some JV experience last season.

GOALIE UNDECIDED

At the moment the goalie situation is still unsettled, but sixth-grader Teddy Duda has the inside track. Richard Prices and Norman Stanton are also in the running for the position.

Over the past six years the Mountainside Soccer Team has compiled an excellent record, winning 54 games, tying 6, and losing only 10. More important, many of the boys who first learned their soccer here have gone on to play in high school and college competition.

"Big Jess" Meets "Little Pete"

Big Jesse Richardson, 6'3" and weighing 272 pounds an All-Pro tackle for the Philadelphia Eagles congratulates Pete Stanisko, 13, representing the Pirates at a recent Little League Banquet. The affair, sponsored by the Scotch Plains Recreation Commission, was attended by over 300 little leaguers and guests at Snuffy's. In the picture are Mayor George Johnson, Scotch Plains; Jesse Richardson, guest speaker; Stanisko; Robert Baudistel, representing the Senators; and George Venezio, Recreation Commission.
