Attorney General Furman Rules Murphy Charge Baseless

Balentine Lashes Out at Murphy Do Nothing Record

Political candidate Paul T. Murphy continued under heavy fire on the eve of election today for failing to place a single constructive program before the township to justify his running for office.

Committeeman William H. Balentine lashed out at Murphy's do-nothing promise—everything campaign and declared that such tactics deceive no one and only serve to tell why Murphy's entire campaign has been based on personal smears and half-truths that have discredited him throughout the township.

Balentine stated: "The townshipwide support for the re-election of Mayor Vincent J. Bonadies is based on a proven record that has contributed to our community's sound economic growth and development; that has helped to reduce our tax rate 24 points since 1958; that has saved taxpayers' monies through everyday and long-range planning for future requirements; through a dedication to placing the interests of our community above political considerations.

"Murphy stands accused, and by his silence admits, that the only reason he is running for office is to regain representation for the rejected political administration that voters turned off of office for inefficiency and disregard for responsive government.

"It is indeed strange that on the eve of election he has still not produced a single constructive platform upon which to serve the people and yet he would have us entrust to him the great responsibility of public office.

"While Murphy pretends he would like to keep politics out of government, we all wait in vain for him to repudiate the past political regime he represents. He cannot do it because

'Town Has Economic Stability'

Mayor Vincent J. Bonadies today hailed as one of the new administration's outstanding achievements—its healthy, municipal economic condition under a sound fiscal program that has brought taxes down 24 points in two years.

Speaking before a rally of Republicans and Democrats, Bonadies stated: "Springfield is on the threshold to even greater municipal progress because we have paved the way for moving ahead through the achievement of a solid economic foundation.

"Other community requirements such as expanded recreational facilities; a municipal park; a comprehensive traffic control study; expanded rates for municipal income, among others, can be effectively met now that our economic stability has been achieved.

"Operation of our government on a sound fiscal basis has not only enabled us to hold down taxes, but also has helped to provide the highest financial surplus in the township's history and one of our best bond ratings.

"This is the logical beginning for any sound government, namely, to place its financial house in order. From here many new areas of municipal progress can be given new considerations.

Bonadies added: "I ask the support of all residents for my re-election so that I may help to continue to build upon this record of economic progress which was our first order of business when our new administration took office two years ago. Progress, as I have often stated, is not an overnight matter. We need the support of Springfield's citizens so that we can continue to progress forward."

Re-election of Bonadies Urged By Russel Sibole

An endorsement for continued good local government through the re-election of Mayor Vincent J. Bonadies was sounded today by Township Committeeman Russel Sibole.

Sibole said he has carried his support for Mayor Bonadies before Republicans and Democrats because his re-election means that good local government will continue to move ahead even faster under the economic stability that has been achieved by the present administration.

Sibole declared: "I have kept my faith with the voters of Springfield who elected me to office last year on my campaign to contribute to responsive government. I have worked with my colleagues on the governing body in maintaining our sound, healthy economic condition and in building the groundwork for more progress ahead.

"I can say first hand that an important member of this team has been Mayor Bonadies who has worked hard and relentlessly in behalf of our community, and who has continuously placed community interests above any political interests.

BONADIES WIN MEANS COMMITTEE 'CAN FINISH JOB'

"The re-election of Mayor Bonadies next Tuesday will mean that we can continue to finish the job that was begun when our new administration took office last year, a job building even greater progress upon the economic progress that we have helped to bring to Springfield.

"I appeal to all residents, regardless of political affiliation, to support our stand for good government by telling your neighbors and friends to vote for Mayor Bonadies as a vote of confidence in our new administration and its record of proven progress."

See GOP Support For Mayor - Flammer

Committeeman Howard A. Flammer today declared that Republicans, Democrats and Independent Voters will return Mayor Vincent J. Bonadies to the governing body in next Tuesday's election because of his outstanding community service record in office.

Flammer stated that Mayor Bonadies, in addition to his proven record in contributing to efficient, economical administration, has shown us all that he stands ready, willing and able to provide responsive everyday service to all residents, regardless of political affiliation.

The incumbent committeeman referred to the fact that as one who both lives and works in Springfield, Mayor Bonadies has won the acclaim of all residents for his full time availability to give immediate consideration to the everyday problems that concern homeowners — including minor and routine matters that would ordinarily face delay if a full-time mayor were not constantly on the job during the day.

Bonadies works "Full Time"

Flammer added: "While the post as a member of the Springfield governing body is by law a part-time one, Mayor Bonadies has made his a full-time dedication. I am proud to serve with him on the governing body because of this dedication that reflects his long-standing awareness and concern for the problems affecting our community and his readiness to lend a helping hand in behalf of our community and its people at any time, at any hour.

"His re-election next Tuesday means that the vigorous and spirited new administration that was launched by the voters just two years ago can continue to achieve even greater progress ahead."

Bonadies Demands "Full Retraction" from Murphy

TRENTON — State Attorney General David D. Furman today advised Springfield's township attorney that the governing body's position is fully correct and in accordance with the law in naming an acting appointment to temporarily fill the Tax Collector's post vacancy created by the retirement of Charles Huff.

SPRINGFIELD — Mayor Vincent J. Bonadies declared today that he will demand an immediate and full retraction from political candidate Paul T. Murphy for the false and irresponsible allegations that Springfield's governing body acted illegally in its acting appointment to fill the Tax Collector's vacancy created by the retirement of Charles Huff.

MAYOR TELEGRAPHS MURPHY

In a telegram to Murphy, Bonadies declared that Murphy must be prepared to accept the full responsibility of his false and irresponsible charges made against Springfield's governing body members solely to exploit for political gain a routine and necessary acting appointment to a municipal post.

Bonadies declared that the State Attorney General's upholding of the governing body's action as fully correct and in accordance with the law has exposed the falsely fabricated and politically motivated scheme by Murphy who had claimed he would carry the charges to the Attorney General's office.

"The attorney general himself has exposed Murphy's political rantings for what they are—baseless and without fact and typical of Murphy's entire political campaign of smears and personal attacks on everyone and anyone who stands in his way for election to our governing body."

Bonadies added: "I believe the time has come when we must draw the line against such irresponsible and false slurs upon those whose only reason for

being victimized by Murphy's that they oppose his about political drive for public office.

BONADIES CAUTIONED MURPHY

"When I cautioned Murphy to please, think of the seriousness of his charge made first before he made his irresponsible remarks, his only retort was that he would stand by these baseless allegations. Now that the light of day has revealed Murphy's baseless and empty stand for what it is—sheer political grab bag tactics, he must answer to the people."

Bonadies concluded: "Can we entrust an important public office to such a candidate who then get the true facts later, which show him to be totally wrong? Murphyism must never be allowed to take root in Springfield."

Traffic Lite Expected in Springfield

Mayor Vincent J. Bonadies declared today that the State highway Department has informed him that final approved plans for a vitally needed traffic signal at Hillside Avenue and South Springfield Avenue will be provided "in a matter of weeks."

The traffic light installation, about one block from the new Sandmeier School, will mark an end to a prolonged series of negotiations aimed at getting governing body approval from the State.

Bonadies stressed the importance of the traffic light's safety feature not only for the need for such precautions at that intersection, but also because of its proximity to the new school.

He declared the report of pending approval from the State has been received enthusiastically by homeowners in the area as well as residents throughout the community.

SCRAP DRIVE

The Springfield American Legion announced today that their regular scrap paper pick-up will be made this coming Sunday.

All residents who have newspaper, magazines, etc., that they wish to dispose of may place them neatly tied at the curb this Sunday morning at 10 a.m. and the Legion will pick them up.

7 Residents Start at UJC

Seven Springfield residents are among 350 freshmen who have begun their college careers in the Day Session of Union Junior College, Cranford.

The Springfield residents and their major fields of study are: Edward G. Cardinal of 248 Milltown Road, science; John P. Dogge of 483 Mountain Avenue, business administration; John R. French of 111 Salter Street, liberal arts; John L. Gaston, Jr. of 30A Troy Drive, science.

Also: Miss Joan M. Heller of 99 Remer Avenue, liberal arts; Brian J. Meade of 39 Remer Avenue, business administration; and Peter C. Miller of 112 Meisel Avenue, engineering.

There are more than 1,000 students enrolled in the Cranford community college, day and evening sessions, including student nurses from Elizabeth and Perth Amboy General Hospitals and students enrolled in the new UJC Institute for non-credit programs for adults.

This is the largest freshman class and highest enrollment in the 27-year history of Union Junior College.

Murphy, In Final Campaign Blast, Asks Full Support

In a final plea for the support of the voters in Springfield, Paul T. Murphy, the Republican candidate for the one vacancy in the Township Committee, issued a statement yesterday in which he promised, if elected, "to fight for the elimination of conflicts of interest in our Township Hall, act as a bipartisan watchdog on your local budget... and give full accounting at the end of my stewardship."

"With this issue of the Springfield Sun, our campaign nears the end. The next issue will tell the result of vigorous and honest statements issued against me fight to restore two party government to Springfield."

"A community is entitled to only one thing from its elected best job. It can demand no more. It deserves no less. When I am elected I will do that job."

"My program has been announced. I will stand behind it. As your representative, I will fight for the elimination of conflicts of interest in our Township Hall, I will urge an immediate investigation and report to you on the highway and the ability of the long promised sun. I will act as a bipartisan watchdog on your local budget. I believe that a public office is a public trust. As your trustee, at the end of my stewardship, I will account to you, and you will not be able to say that I failed in that which I undertook to do."

IGNORE ATTACKS

"At the end of a campaign, it is customary for desperate candidates to make last minute charges secure in the knowledge that it is too late to answer them. You have and will see such attacks upon me. I shall not dignify the attacks with a denial. My friends will not believe the attacks, my enemies will not believe the denials. I will not forsake integrity for votes. I am confident that you, the voters of Springfield will approve my position."

Lucy Not to Support Murphy or Bonadies

Springfield Township Committeeman Daniel M. Lucy who recently resigned as "Chairman and member of the Finance Committee" says that his statement on the matter, as published in last week's Springfield Sun, needs more clarification as to his stand in the controversy.

"I did not," he says, "have any intention of doing so because I have an obligation to the people who elected me and to a citizen of Springfield."

Mr. Lucy asked to be relieved of his duties as chairman and member of the Finance Committee because of a disagreement over the matter of naming a successor to the post of Township Tax Collector to succeed Charles H. Huff who had resigned. The resignation of Charles H. Huff, who had held that office for a great many years, was accepted by the Township Committee as of October 15. Tax Assessor Wilbert Layng was continued as acting collector until the end of this year.

Major Role Given To Peggy Stone

Peggy Stone of 300 Short Hills Avenue, Springfield, will be playing a major role in the Maplewood Strollers' presentation of the historical drama, MARY STUART at the Woman's Club of Maplewood on November 10 and 12.

Miss Stone will play the part of Queen Elizabeth.

A talented actress-director, she has interpreted a large and varied number of characters in the groups major productions.

Lucy Not to Support Murphy or Bonadies

Mr. Lucy also wants to make it clear that "in the local campaign I have been and intend to be neutral. I cannot support Mr. Bonadies," he says, "for what are obvious reasons and I am not supporting Mr. Murphy who carries the Republican party standard."

His resignation states—Mr. Lucy was "not playing politics and I'm not going to start now. It was purely a question of my desire to fill this important post (tax collector) with a qualified person and in conformity with the intent of the law."

Another point in his statement Mr. Lucy wishes to make clear that "Mr. Bonadies, in trying to justify Mr. Layng's reappointment, speaks of the need for him to finish a 'modernization program' that he started in that office. There has been no such program. What has happened is that the committee authorized the purchase of one machine, a 'Receiver', and an attachment for a machine which we have owned and used for years. As a matter of fact we were using the 'Receiver' in the tax office as far back as last August.

"In this 'modernization program'—Or—is—Mr. Bonadies referring to the study which Mr. Layng made at my request, but turned over to Mr. Bonadies at his order and which to this day Mr. Bonadies has failed to submit to the Committee for action?"

"Messrs. Sibole, Balentine, Flammer, and I have worked together this year in harmony and union to accomplish the goals we have set. I have every confidence that this friendly spirit of cooperation will continue and grow even stronger. But to accomplish our aims speedily, and with a sound approach, the process must be free of outside influences," Lucy concluded.

Ex-Mayor Binder Charges Bonadies "Takes All Credit"

Former Republican Mayor Albert G. Binder issued a statement yesterday in which he charged Mayor Vincent J. Bonadies and the current Democratic administration with taking undue credit for the Sanitary Sewer project and using it for political purposes. Following is the statement:

Editor, Sun: "I have been reading about the many accomplishments of Mayor V. Bonadies administration, and if the public knew the true facts it would be very embarrassing to him, to say the least. Of course, an astute politician like Mr. Bonadies, claims everything good, and blames the opposition for everything bad.

"One of his major accomplishments claims is the handling of the south side Sanitary Sewer Project. May I suggest Mr. Bonadies, or his ghost writers, review the public records before they tell their wishful thinking fairy-tales to the public.

"The inception and financing of the south side sanitary sewer project was one of the major accomplishments of the previous Republican administration. However, it has taken Mr. Bonadies two years to start the project and at the rate it is going, it will be another two years or more before it is in operation. In the meantime everybody affected will suffer and the cost for acquiring the remaining rights of ways will increase either thru cost or acquisition or condemnation.

"All of the above is not just a fairy tale. They are facts and figures, with dates and documents in the official township records. This and many other important projects were conceived and carried out when the interest of the majority of people in Springfield was the first consideration.

"Now, it seems that the primary interest of the Mayor is for what is good for his personal political future and ego, all other interest are secondary. It might be appropriate to restate at this time, that time tested proverb: 'You can fool some of the people some of the time, but not all of the people all the time.'

"In order that the interested public might know the true facts of the project 'South Side Sanitary Sewer' I am listing in their chronological order the history of this project as it took place under the former Republican Administration.

"1) In 1956 the Township Committee turned down the Balfour Top subdivision pending the planning of the south side sanitary sewer.

"2) In 1957 the Township Committee entered into a stipulation with the Balfour Top under the terms of which the developer was required to contribute \$800.00 per lot, plus one-half the cost of the construction of a pumping station, estimated to cost about \$50,000.00. There were 171 lots on Balfour Top, thus the contribution worked out by the former Republican Township Committee resulted in a windfall for the taxpayers of \$142,000.00 (Continued on Page 7)

TOWNSHIP COMMITTEE
TOWNSHIP OF SPRINGFIELD

RE: R.S. 43:12-57

Dec., 4, 1959

Under the subject statute, the Governing body may grant a Collector of Taxes who has served twenty-five years or more a pension. I am completing my twenty-sixth year and I wish to apply for such a pension. If your reply is favorable, I will resign as of April 1, 1960. I would be available to your appointee until July 1, 1960. This would provide assistance during a pay date of May 1st, and a billing date of June 1, 1960, which would assure uninterrupted and smooth functioning of the tax department.

An early reply to this request will be appreciated in order that I may make plans for my retirement.

Sincerely yours,

CHAS. H. HUFF, Collector of Taxes

PAUL MURPHY TOLD YOU

DAN LUCY TOLD YOU

NOW CHARLES HUFF TELLS YOU!

The acceptance of this resignation as of Oct. 15, 1960 prevented qualified candidates of Both Parties, from running for this office on the ballot of Nov. 8th THIS YEAR.

VINCE BONADIES

Made you these promises

WHICH HE HAS NOT KEPT

after he was elected

- "Holding down the tax rate"

1959	\$5.95
1960	5.53

INCREASE, 1 YEAR 18 POINTS
- "Open Door Government" Lucy quits Finance post — moves on tax job (headline — Newark News — Oct. 14, 1960)
- "Bi-Partisan Appointments to Municipal Boards and Agencies." The Board of Adjustment, a Quasi-judicial town has:
 - An Attorney who is chairman of the local Democrat Party.
 - Three Members of a four-man committee workers in their election district.
 - The last member, who is married to a female Democrat committee worker in her election district.
- "Acquisition of New Lands For Municipal Use." Two lots which were to be donated by a developer for expansion to the Henshaw Playground, were returned to the builder for a larger cash settlement, in order to make political hay in last year's election.

PAUL MURPHY

MAKES YOU THESE PROMISES

WHICH HE CAN KEEP

IF HE IS ELECTED

- He will eliminate the ONE-MAN RULE in the Township Committee. With the defeat of Mr. Bonadies, Every Committeeman can exercise his obligation to vote independently without party domination.
- He will act as a BI-PARTISAN WATCHDOG on our municipal budget, and your wallet. The present budget shows an increase of 12% from that of three years ago.
- He will end the Bonadies doubletalk on the highway, and request a followthrough on the Bonadies broken promises to stop the highway with a law suit.
- He will introduce an ordinance prohibiting conflicts of interest in any local appointive position. The office of Township Attorney should not be held by the Chairman of a Political Party, as it is now. Once a man accepts a position of public trust, requiring him to serve all of us, regardless of party, he should be legally prohibited from serving only part of us, by virtue of his political position.
- MOST IMPORTANT OF ALL: He will make you no promise which he cannot keep!

Yes, Republicans, Democrats and Independent Voters are FIGHTING BACK against the FALSE and IRRESPONSIBLE claims of political candidate, Paul T. Murphy, whose latest personal political smear has been exposed as another BIG LIE!

NEWS REPORT: DATELINE TRENTON

Attorney General David D. Furman has advised Springfield's Township Attorney that the governing body is fully correct and in accordance with the law in naming an acting appointment to fill the Tax Collector's vacancy.

1. It was YOU, Mr. Murphy, who POLITICALLY EXPLOITED, the vacancy in Springfield's Tax Collector's post created by the retirement of Charles Huff.
2. It was YOU, Mr. Murphy, who pushed YOUR Political appointment for this post.
3. Unsuccessful in getting YOUR POLITICAL APPOINTMENT, you attacked the Springfield Governing Body for its action in granting a leave of absence with pay to Charles Huff, who was retiring as Tax Collector after faithfully serving his community for more than 30 years!
4. Unsuccessful in getting YOUR POLITICAL APPOINTMENT, you also then politically and falsely attacked as illegal the governing body's action in naming an acting appointment to temporarily fill the vacancy to the Tax Collector's post created by Charles Huff's retirement. You said you would carry this to the State Attorney General!
5. YOU, Mr. Murphy, must now answer this following telegram and also answer to the people of Springfield as to WHY you made such FALSE and IRRESPONSIBLE political charges, and also WHY you oppose economy in government that is achieved when our Tax Assessor, who is serving as acting Tax Collector gets virtually little additional compensation for serving the people in two posts.

TEXT OF TELEGRAM SENT TO MR. MURPHY

The attorney General, David D. Furman, has advised us that the Springfield Township Committee's position in naming an acting appointment to temporarily fill the Tax Collector post vacancy created by the retirement of Charles Huff is fully correct and in accordance with the law. Ex-Mayor

(Continued from Page one)

000.00. This stipulation is filed in the Superior Court of New Jersey and nothing that Mr. Bonadies says can change the record.

In 1957 the Township Committee authorized an engineering firm to submit costs and engineering surveys for the south side sanitary sewer.

In 1958 the Township Committee succeeded in obtaining an additional \$12,000.00 from G & H Construction Company as a contribution towards the sewer.

When Mr. Bonadies assumed the office of Mayor on January 1, 1959 (in reality he illegally took over before that) the monetary arrangements, of which Mayor Bonadies now takes special credit, had already been a matter of record.

The Mayor points with pride to a purported cost to the taxpayers of only \$20,000.00 for this sewer. In reality the cost cannot be presently determined until all of the rights of way are obtained.

This is the full story in brief of the South Side Sanitary Sewer, a major development in the future of Springfield, now being used as a political springboard to enhance the survival of a politician.

Your Library

Next week is one which delights the heart of all the school pupils in Springfield. There are two legal holidays and three school holidays: Tuesday, Election Day; Thursday, Teacher's Convention; and Friday, Veteran's Day.

The Springfield Public Library is open on all three days. Regular hours (9:30 a.m. to 5:00 p.m.) are observed. This is done in order to give the students a chance to work on their papers.

During October the League of Women Voters of Springfield arranged an exhibit in the main hallway of the Library. Flags show all the nations which had belonged to the U.N. before 1960 and temporary flags give the names of countries which have just joined. These flags, with miniature models of the U.N. buildings, a map of the world for a background, and books and pamphlets telling about the United Nations, make a fine exhibit. The public have been most interested. The children in particular have enjoyed looking at the flags.

This year is the fifteenth anniversary of the United Nations and the second year that the members of the League of Women Voters have arranged the display in the Springfield Library. The Library Staff wishes to thank and commend the League members for their splendid exhibit.

Meanwhile other library projects are going forward. The Wednesday morning Story Hours

are open on all three days. Regular hours (9:30 a.m. to 5:00 p.m.) are observed. This is done in order to give the students a chance to work on their papers.

During October the League of Women Voters of Springfield arranged an exhibit in the main hallway of the Library. Flags show all the nations which had belonged to the U.N. before 1960 and temporary flags give the names of countries which have just joined. These flags, with miniature models of the U.N. buildings, a map of the world for a background, and books and pamphlets telling about the United Nations, make a fine exhibit. The public have been most interested. The children in particular have enjoyed looking at the flags.

Murphy Greeted Flo Dwyer At County Young GOP Fete

Ten carloads of Young Republicans from all over Union County...

by disembarked at the General Greene Shopping Center Saturday afternoon, October 29th, with Congresswoman Flo Dwyer as their "favorite daughter."

On hand to greet her was Township Committee candidate Paul T. Murphy and Springfield supporters of both candidates, Virginia Gregory and Fran Jahn represented Springfield.

According to Hank Wright, chairman of the local Young Republicans, "The purpose of the rally was for the candidates to meet people in the towns like Springfield all over the County. In a widespread program of political education, Young Republicans all over America are dedicated to the idea that it is important for candidates to meet local people whom they have never met before and otherwise would never meet."

On the heels of this success, the opening of headquarters, and the regular Springfield Republican Club meeting of over 75 townfolk recently, the Springfield Young GOP's are sponsoring a "Motorcade for Murphy" on Saturday, November 5.

This group will assemble at Young GOP headquarters, 53 Colfax Road at noon and proceed slowly by car, carrying Murphy banners and picking up supporters of all ages along the way. It will be similar to a "Reverend Pled Piper March" in that the terminal point is regular Republican Headquarters, 210 Mountain Avenue (across from Best Pench) where candidate Murphy will greet the group.

Anyone interested in further information can phone DR 9-2582 or DR 6-8554.

On Election Day, November 8, the Young GOP will serve as runners. The group of about twenty will meet early in the morning at headquarters.

Springfield Young GOP was represented at Summit Station, October 31st, by Marsha Wright, who as a "Nixon girl" helped welcome Henry Cabot Lodge, candidate for Vice President.

What Is Scouting?

In the past five weeks you have read several articles in this paper. You can be assured that they were written in earnest and in all sincerity and that Scouting stands for each and every principle. And it is much more.

Scouting is Charles Sprague, Scoutmaster Troop 84, Tacoma, Washington, multiplied many times. Mr. Sprague became active in Scouting because he learned through his son that the principles it represented would be good for him too. And it is Mrs. Schiff who after the death of her husband, who at one time was National Scout Executive, gave the Boy Scouts of America the Schiff estate in Morristown with funds to build a camp and to also maintain it. And it is Scout Fred Lash, 14 years old, who with some friends were crossing the Wabash River from Indiana to Illinois on 8/7/69. When the ferry was about 100 feet from shore, Fred's 5 year old cousin fell overboard. Fred immediately jumped in after him and swam 30 feet to where his cousin surfaced, grabbed him and towed him to shore. There he administered mouth-to-mouth respiration which he had learned in Scouting. Fred Lash was honored by a National Court of Honor for his heroism. Feats of bravery, generosity and voluntary time giving are part of Scouting we call the Scouting Spirit.

Scouting is 3,686,763 Scouts, 1,356,432 adult members and 3,528 men of the Professional Staff. It is over 130,000 individual units and their sponsors. It is 823 Boy Scout camps in which over 72,000,000 dollars is invested and the yearly budget for Scouting is nearing the \$4,000,000 mark. These figures mean that on a National average there are 379 Scouts to 140 adult volunteers and one paid executive. In SPRINGFIELD we have almost the average of volunteers but we have more than 700 Scouts served by only one Scout Executive.

Brook Workshop and Masquers in Irvington, The Theatre Ground in Virginia Beach and the Playmakers of Orange in the fields of lighting, scenic design, set construction, sound, acting and other phases necessary for Little Theatre Groups.

Members Save \$362,000 in Xmas Club

Crestmont Savings and Loan Association will disburse approximately \$362,000 in Christmas Club funds to more than 2,900 savers this year; it is reported by Loren F. Gardiner, president of the Association.

The 1960 funds to be paid out at Crestmont's offices in Maplewood and Springfield represent an increase of 5 percent over funds disbursed during the Christmas period of 1959.

Over thirteen million Christmas Club members in 8,000 financial institutions in the United States will receive \$1,452,770,000. The money will be used approximately as follows: Christmas purchases, 30 percent; transfer to other savings for future use, 51 percent; taxes, 10 percent; year-end bills, 7 percent; miscellaneous, 2 percent.

In the total number of Christmas Club members New Jersey ranks third in the nation with 1,128,900 members whose savings amount to \$151,338,890. New York and Pennsylvania rank first and second respectively. These statistics have been released by Edward F. Dorset, president of the Christmas Club Corporation, New York.

Two boys will also be stationed at the American Legion Building and the Presbyterian Parish House. The boys will be on duty from 10 am. to 12 noon and from 2 to 4 p.m.

If you need a baby-sitter at your home, call DR. 8-8650, the Democratic headquarters, or the Republican Headquarters.

On November 9 there will be a charter presentation. All members of the Lions Club are urged to attend as well as the general public.

Sometime in late January there will be a reunion night with all members of the original Troop 66.

Anyone having old and unused camping equipment, who would like to see scouts realize the most out of scouting, are urged to donate this equipment. Call J. M. Farley, scoutmaster of Troop 66 at CR 3-8928.

Two Year Service Pins were awarded to: Howard Humeke, Geoffrey Eaton, Charles Stender and Bill Chisholm of Den 1; Glen Carson, Gary Shotwell, Richard Murray and Billy Jensen of Den 5; Don Cubberley, Jim Kune, Kenny Lynch and Bobby Muthaup of Den 6.

One Year Service Pins were awarded to: Matthew Eaton, Seth Malovny and Billy Jensen of Den 5; Jerry Adams, Shelly Eisenberg, Craig Cawthron, Kevin Keller and Walter Dobushak of Den 7.

Troop 66 of Springfield, sponsored by the Springfield Lions Club, was reactivated last May to bring scouting to boys who might not otherwise be a scout and enjoy the fun of scouting.

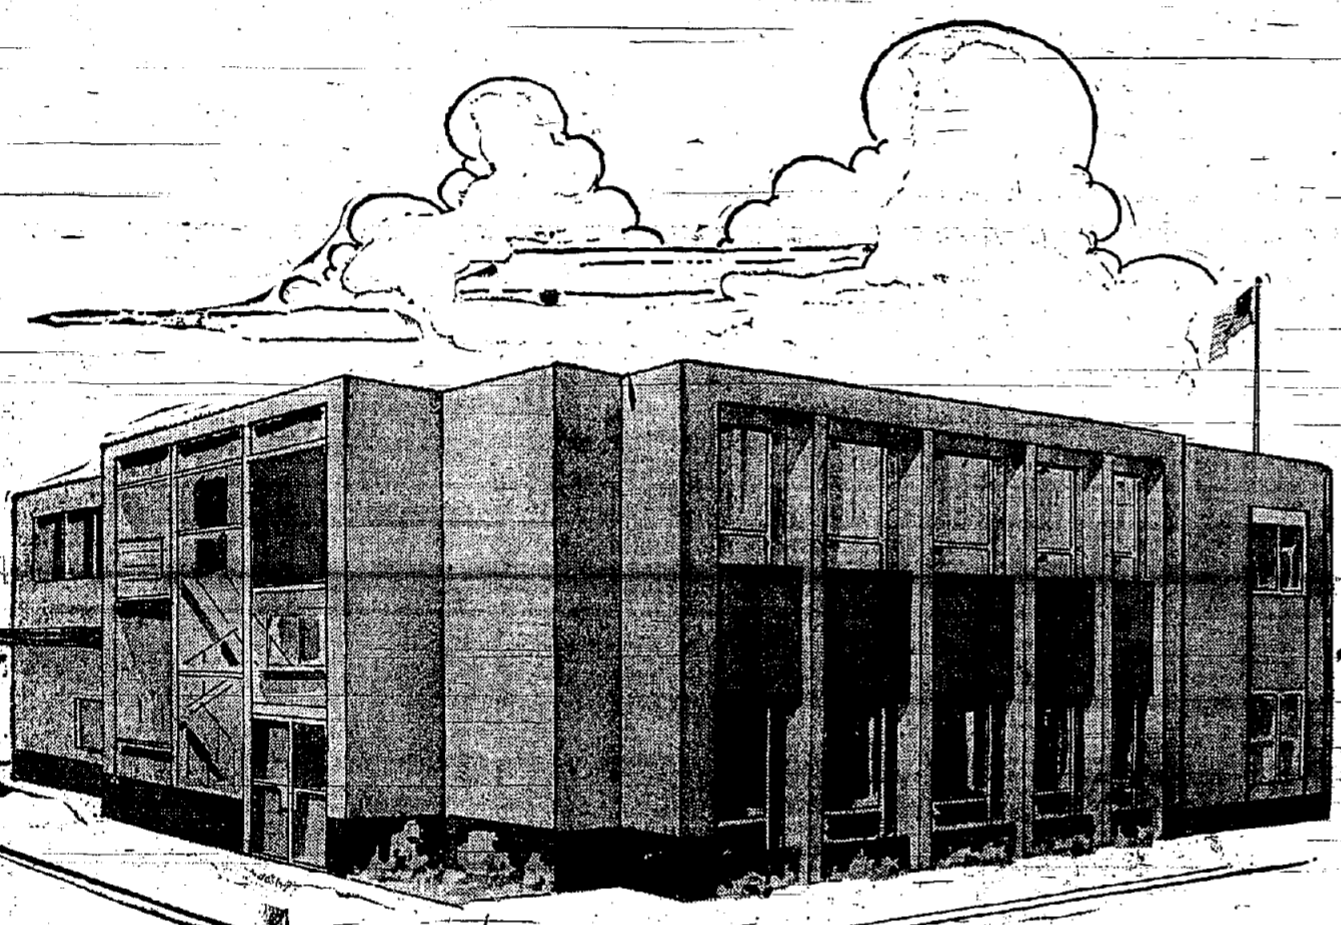

In June Troop 66 passed their first Red Star inspection. The troop enrolled 8 boys to start 23 percent of these boys attended summer camp at Union council's Camp Wimbago.

Troop 66 now has an enrollment of 19 boys and expect to increase membership to 27 by May.

The troop had 100 percent attendance at the recent Civil Defense exercise. The boys also distributed "get out the vote" posters.

On Election Day, the troop, as a public service, will babysit for any voter who might otherwise not get to vote. Two scouts will also be on duty at the following schools to mind small children while mother and father vote:

James Caldwell School
Florence M. Gaudineer School
Raymond Chisholm School
Edward V. Walton School

You are cordially invited to attend

We, at Crestmont, are pleased to be able to offer the most up-to-date facilities and attractive surroundings in which our members—over 16,000 strong—can easily and conveniently transact business.

And we take pride in the fact that every day more individuals are saying, "Crestmont is MY institution for saving."

Bank Celebrates Opening Domareki's "One Man" Of New Building with Open Show at New York Gallery House for General Public

Crestmont Savings and Loan Association will celebrate the opening of its new main office building at 1886 Springfield Avenue, Maplewood, with Open House activities on Friday and Saturday, November 11 and 12. It was announced today by Loten F. Gardiner, president.

The celebration, starting at 10:00 a.m. and lasting till 6:00 p.m., on both days, is open to the general public.

After a ribbon cutting ceremony on Friday morning, Crestmont will open its doors at the new two-story, glass enclosed main entrance accessible from Springfield Avenue and facing Park Avenue. The former main field Avenue and Prospect Street entrance at the corner of Springfield Avenue will be used as an exit only, during the two day Open House, will continue thereafter as a convenient second entrance.

During the two day celebration, every visitor will receive a memento of the occasion. Besides enjoying balloons, children will be offered coupons redeemable for ice cream at local cooperating stores. Ladies will be presented with tiny single-flower corsages. Refreshments will be served.

In addition, valuable gifts will be given to individuals who add to or open new accounts with \$100 or more. Among the items are two with particular significance. One is a ceramic coin bank, a miniature reproduction of Crestmont's new building. The other item of interest is a group of pictorial atlases from which savers may select one. The group includes a world atlas, a nature atlas of America, a pictorial library of pets, plants and animals, and a travel atlas of Scenic America. These books are provided by another local organization, C. S. Hammond & Company, which, this year, is marking the tenth anniversary of its move to Maplewood.

Other gift items available with varying amounts include steak knife sets, ice buckets, caddy-with-glass sets, Maguire brushes, and blankets.

Crestmont has two branch offices. One is located in Springfield at 175 Morris Avenue. The other is located in Maplewood at 1634 Springfield Avenue, temporary headquarters for the soon to be built Tuscan office. Opening activities for the new main office building will take place only at the main office address.

On the eve of the Open House, a preview of the building will be held for officials in the savings and loan industry and other individuals representing organizations throughout the state.

GIRL SCOUT NEWS

Approximately 140 St. James Scouts attended a Halloween Party at Evergreen Lodge. A great deal of ingenuity was shown in the costumes that were worn and the following girls were awarded prizes: Patty McGrath, Brownie Troop No. 54, prettiest; Judith Lies, Brownie Troop No. 224, funniest; Marion Jacques, Brownie Troop No. 54, most original; Kathleen Rabasce, Inter. Scout Troop No. 202,

pletiest; Celine Dreyer, Inter. Scout Troop No. 202, funniest; and Judy Scalera, Inter. Scout Troop No. 273, most original. The afternoon was spent playing games and of course refreshments (punch, donuts, cookies and candy) were served. Mrs. Roy Hattersley Chairman of this event, would like to thank the Committee and mothers who helped make this party a success. Troops who attended this affair were: No. 224, Mrs. Thomas McKerna, Leader, 2nd year Brownies; No. 339, Mrs. Paul Schaaf, Leader, 2nd year Brownies; No. 54, Mrs. Roy Hattersley, Leader, 2nd year Brownies; No. 273, Mrs. Vincent de Paul Kramer, Leader, Inter. Scouts; No. 202, Mrs. James Rabasce, Leader, Inter. Scouts; Mrs. Robert Ziegler, Leader, 1st year Brownies; and Mrs. Warren Henderson, Leader, 1st year Brownies.

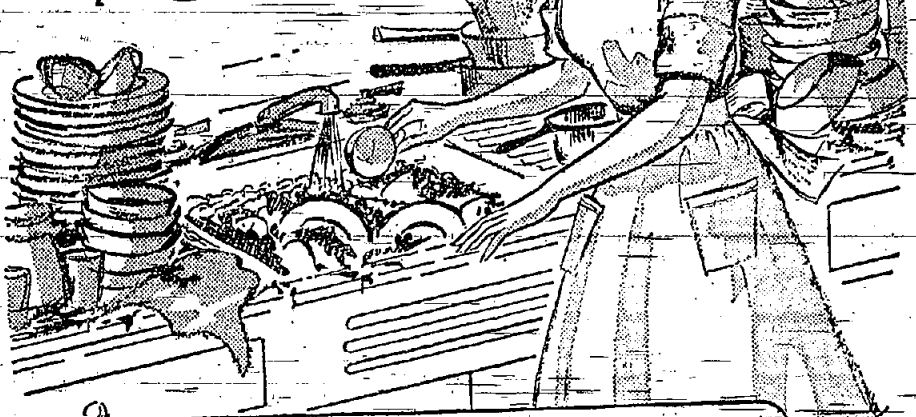

TROOP 833 Last Saturday the girls of Troop 833 distributed candidate sheets in the Lynn Tract area. The rest of the meeting was given over to Mrs. Valerie Zaza, former English girl guide who gave a most interesting talk about her years in Scouting, showed us pins and pictures. Question and answer time was a highlight with our girls leaving that Scouts here and abroad have the same things to talk about as teenagers. Mrs. Zaza, who still corresponds with her Captain, is enclosing a letter from our girls asking that they be Pen Pals. At our Halloween Party in St. James last Thursday, this troop presented their Juliette Lowe pennies in an Uncle Sam's hat decorated with foreign flags in commemoration of Juliette Lowe's Birthday and United Nations Week.

Hohn & Simmons Work On Science Fair Committee

Walter A. Hohn of 60 Severna Ave. and Maitland P. Simmons of 699 Short Hills Ave., both of Springfield, have been selected as committee members for the eighth annual Greater Newark Science Fair to be held in April 1961. Mr. Hohn, science coordinator at Union County Regional, will serve the exhibits and rules section. Mr. Simmons, a biology teacher at Irvington High School will work with the program section. Planned as a two-day event at Newark College of Engineering, the fair will be open to all area high school students. Last year nearly 200 youngsters from six counties in northern New Jersey produced science exhibits for the competition.

LETTER TO THE EDITOR

Editor, Sun: Mayor Bonadies in his campaign literature talks of bi-partisan appointments to municipal boards and agencies and asserts that he has promoted 'open door government' regardless of political affiliations. Perhaps the Mayor wishes to point with pride to the Board of Adjustment as a shining example. This five-man board consists of three members of the Democrat Municipal Committee and the husband of a female member of the Democrat Municipal Committee. The fifth member of the board, a Republican, resigned this year, but the Mayor has not seen fit to fill this vacancy. The policy of leaving vacancies unfilled serves to narrow the number of persons in government and gradually places the greatest possible concentration of power in the hands of the Mayor. The true record is available for anyone who will inspect the records. Campaign propaganda put out by the Mayor's public relations department at election time has no official status and misstates the facts. The public is entitled to the truth. Very truly yours, (Signed) Walter W. Baldwin Chairman, Springfield Republican Municipal Comm.

In the "neck of time"

There are few things that are more annoying to a man than not having his shirt and collar starched the way he wants them. If it is over starched, it may irritate his neck and cause discomfort. If it is understarched, he may feel that his appearance suffers.

Missing buttons and late delivery are also pet peeves of most men. That's why we installed our own shirt laundry and organized it to eliminate the possibility of your encountering those inconveniences.

Since all shirts are laundered and ironed on the premises we carefully supervise every phase. Shirts are pampered while they are washed, starched, and pressed. Missing buttons are replaced at no charge. If you need them fast, drop your shirts off before 10 A.M. and they'll be waiting for you that afternoon... in the neck of time.

Following the meal, both fathers and children will be entertained by a trip to the realm of the mysterious and occult. The tour will be conducted by "The Coopers" who will prove again that "the hand is quicker than the eye."

Dwyer's Bill for Aged Based on 'Need And Ability to Pay'

Congresswoman Florence P. Dwyer (R-6th—Dist.—N.J.) brought the "full story" of Congressional "failures" on medical care for the elderly legislation in speeches to Union County voters.

Declaring that "the next Congress must give top priority to improving the medical care program," Mrs. Dwyer charged that the Democratic-controlled 85th Congress "failed miserably to accept its responsibility to millions of our older people who need some help in meeting the high cost of health care."

"Not only did this Congress defeat the Forand-Bill and the Anderson Bill, which would provide medical care through the social security system, they also rejected the very effective Case-Javits-Dwyer Bills and substituted the poorest, least adequate program of all," she said.

Congresswoman Dwyer continued: "My opponents charge me with opposing the social security approach to medical care for the elderly because I co-sponsored the Case-Javits bill which called for a Federal-State voluntary program of assistance. They ignore the fact, however, that I have never opposed the social security approach and that I introduced my bill only after the Democratic-controlled Ways and Means Committee had killed the Forand Bill. Later, the Democratic leadership brought the inadequate medical care bill to the House floor under a procedure which prevented any amendments, thereby making it impossible to try to improve the legislation or substitute either the Forand Bill or the Case-Javits-Dwyer Bill, both of which were much superior . . ."

"To correct these inequities my bill would cover all persons 65 and older. The benefits would be better and would be designed especially for older people's needs: nursing home care, visits to the doctor, medicines—nurses' service, as well as hospitalization, surgical and other major medical benefits. My bill would also spread the costs of the program more equitably between the Federal and State governments, with those retired persons who could afford to do so paying a share of the cost themselves. My bill, in brief, is based on the time-honored American principle of need and ability to pay . . ."

"Finally, Congress must act without further delay to free persons receiving social security from the out-dated and unwarranted restriction which prevents them from earning more than \$1,200 without being penalized by loss of social security benefits. This law is unfair, it denies . . ."

The old-fashioned whistle-stop brand of campaigning again will come to New Jersey when Ambassador Henry Cabot Lodge, Republican Vice Presidential candidate, makes his second swing through the state Monday, October 31st.

In all, Lodge will visit a total of five New Jersey counties on his day-long tour Monday. That night, he will be in Bergen County and he will conclude his trip with a rally at the Sussex State Armory in Newark.

UC-PTA Council Discusses Aid For Juveniles

Citizen action is vital for effective prevention of Juvenile Delinquency. This was the message of an address to the Fall Conference of the Union County Council of Parent and Teacher Associations. The speaker was George Anders, Public Relations Officer of the Philadelphia Police Juvenile Aid Division. The 250 Juvenile Officers in his department work with Referral Committees of cooperating citizens in each of the 22 districts in Philadelphia. Together they investigate the causes of youths' problems and in many cases help in the rehabilitation.

A special panel discussion followed. Members were: Mrs. J. C. Lambert, State Chairman Juvenile Protection; and Miss Lois McCarthy, Westfield schools social service worker; Rev. William A. Eickel, Minister of Plainfield Congregational Church; Joseph Romaniko, New Providence H.S. guidance counselor; W. Donald Ballant, Union County Probation Officer and Frank Krysiak, Superintendent of Recreation in Linden. Miss McCarthy called attention to the findings of several committees in Union County studying Juvenile needs. She reported their recommendations for the appointment of a full-time permanent Juvenile Judge and the establishment of a Family Court in Union County as well as the building of a detention center for the "proper" rehabilitation of young people in trouble.

Mrs. Lambert concluded that "Juvenile Aid is a science in its infancy. We must withhold our judgments on the treatment of juvenile problems until we have more research. There are no final answers yet!"

Presiding officer was Mrs. Lambert F. Abel of Westfield. Council President, Mrs. Abel was presented with a Live Membership in the N. J. State Congress of Parents and Teachers by Mrs. Herman S. Wilde, immediate past president.

Girls Visit Douglass for Peek at Collegiate Life

A glimpse into their possible future as college students was in store for the 1,000 high school girls from all sections of New Jersey who attended College Day at Douglass College on Saturday, Oct. 15.

Sponsored by the New Jersey State Federation of Women's Clubs, the day-long program was designed to acquaint the girls with the opportunities available at the women's college of the State University. Each group of high school girls was accompanied by a member of the State Federation.

The highlight of the program was an assembly in Voorhees Chapel at 11 a.m., at which Dr. Ruth M. Adams, dean of Douglass College and Mrs. Harry L. Dangremont of Bogota, president of the state federation, spoke. Three Douglass students and a faculty member presented a panel discussion on some of the problems of transition from high school to college.

Mrs. Everett O. Marshall, chairman of the NJSFWC committee who resides in Franklin Lakes, presided.

Proceeding the assembly, the visitors toured the Douglass campus. A program of organ music was presented from 10:30 to 11 in Voorhees Chapel. After eating picnic lunches, the high school girls attended the Rutgers-Douglass football game at the Rutgers Stadium.

Because of the limited facilities at Douglass, only half the high schools in the state were invited to college day each year. However, since both juniors and seniors were invited, every New Jersey high school girl has the opportunity to attend the program sometime during the two-year period when she is considering plans for her future education.

TRAINS AT FORT DIX—Private Richard James Schweitzer, 22, 96 Melrose Avenue, Springfield, has arrived at Fort Dix and been assigned to L Company, 4th Training Regiment of the U.S. Army Training Center, Infantry, for eight weeks of basic training. County Chairman Tells of Welcome To Dick Nixon

An overwhelming New Jersey reception for Vice President Nixon was described by Robert Gutzwill of Scotch Plains, Union County Chairman for the Nixon-Lodge Volunteers. His statement follows:

"Vice President Nixon as Candidate for President of the United States found an overwhelming singleness of purpose on the minds of Union County residents today as he toured the county. Beginning in Elizabeth speaking to a crowd estimated at better than 10,000 people. Mr. Nixon and his charming wife Pat were greeted by throngs of approximately 75,000 people along Route 28. Although his greeting in Union County was expected to be one of warm welcome, the large turnout and the enthusiastic response of the crowds completely disapproved the schedule of Mr. Nixon who is noted for his promptness and insistence on maintaining schedule.

"By the time he reached Plainfield, his second scheduled speaking stop in the county, the Nixon caravan was more than an hour late. Indicative of the optimistic turnout were the throngs of approximately 2,500 in Cranford, 5,000 in Westfield, 3,500 in Fanwood and 7,500 in Scotch Plains where he made impromptu addresses necessitated by the press of the eager throngs immobilizing the Nixon caravan."

In issuing the above statement, Mr. Robert Gutzwill of Scotch Plains, Union County chairman for the Nixon-Lodge Volunteers, predicted "Union County will go overwhelmingly for the Nixon-Lodge ticket in November." He added however, that "there was still a great deal of work to be done and that the volunteers would continue to lighten Democrats carrying the Nixon message." He added that anyone desiring to work with the volunteers should contact their local volunteer organization or the county chairman.

Program Planned To Fight Retail Accident Problem

Plans to develop specific safety programs to combat the problems of accidents involving both customers and employees of supermarkets, shopping centers, and other types of retail establishments were initiated by the New Jersey State Safety Council at a meeting held October 6 in Military Park Hotel, Newark.

Wilson, safety supervisor of Grand Union Co., East Paterson; and secretary, Martin J. Hurley, Jr., chief secretary of public safety and fire prevention of Garden State Plaza, Paramus.

A committee was also named to develop specific programs covering the safety of customers and employees in both shopping and parking areas. The committee consists of Arthur H. Howe, R. J. Goerke Co., Elizabeth; Stanley Bonnet, Zurich Insurance Co., N.Y.C.; and W. D. Sullivan, Food Fair Stores, Inc. Linden.

Representatives from retail establishments throughout the state will be invited to the next meeting to be held on Wednesday, January 4, 1961 in the Military Park Hotel.

Authority on Vocational Education Scheduled to Speak at New Institute

Dr. Albert E. Jochen, assistant commissioner of education for vocational education, will be the guest speaker Wednesday (November 2) for the official opening of the new Union County Vocational-Technical Institute.

The ceremonies will be held at 11 a.m. at the institute's temporary headquarters at 2560 Morris Avenue, Union. Dr. Jochen will speak on "Technical Education Today."

Role of Women Topic At Church

MADISON—Dr. Lois Pratt, Department of Fairleigh Dickinson University's Florham-Madison Campus of the Social Science campus, will address an interfaith meeting of the Women's Alliance of the Summit Unitarian Church on Tuesday, November 1 at 2:00 o'clock. Her subject will be "The Expanding Role of Modern Woman."

Reporting on her own research, Dr. Pratt will develop the theme that "even to maintain traditional responsibilities to home and children, women today must enter such groups as PTA, neighborhood improvement associations, planning boards, park commissions, Scouts, and so on." She will also show that women can no longer maintain only their responsibilities to home and children.

"The entire society has become so large and complex, that it requires the leadership of every able person who can be mobilized," she said recently.

Mrs. Charles Riddon of Cranford, vice president of the vocational school board, is chairman for the program. She is being assisted by Mr. Baxel.

The institute opened in September with programs in electronics technology and drafting and design technology. There are 36 students in the Day Session and 72 in the evening program. The students—all high school graduates—will receive certificates when they complete the program, which will take two years for full-time students.

A MESSAGE TO YOU FROM YOUR U.S. SENATOR

FROM THE OFFICE OF
Harrison A. Williams, Jr.
U. S. SENATOR

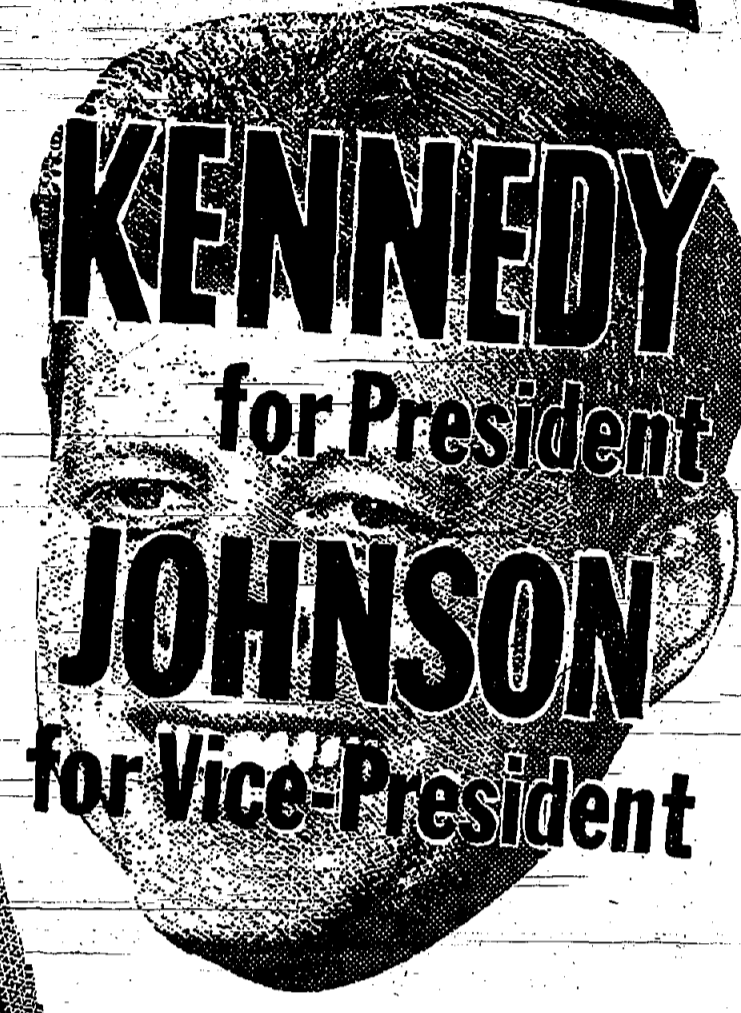

My Dear Fellow Citizens of Union County:

As we approach the time for decision in this most important election, all Americans can be proud of the generally high level on which this election campaign has been conducted. In my judgement, the supporters of John F. Kennedy can be particularly proud, for he has stated the case for the Democratic Party on every issue with clarity and vigor.

As Senator Kennedy said in the second great debate "The Democratic Party as this century has stood for something. It has stood for progress. It has stood for a strong foreign policy and a strong national defense, and as a result produced Presidents Wilson, President Roosevelt and President Truman."

The Democratic candidates for Congress, Freeholder Jack Kennedy, Thorn Lord and responsible leadership in seeking the progress and the challenges of the following year will be responsive to the committees they seek: President John F. Kennedy, Vice President Lyndon B. Johnson, Senator Thorn Lord, Congress, Jack B. Dunn, Freeholders, Dr. Edward J. Carlin, Thomas J. O'Brien and William Dalziel. These candidates, I sincerely believe, merit your support.

Respectfully,
Harrison Williams

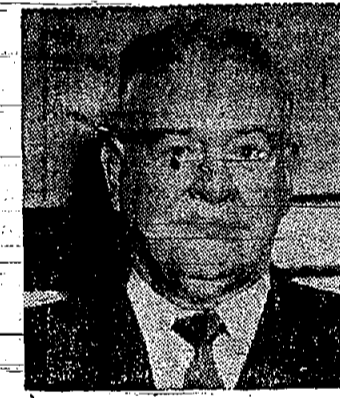

This is a time for greatness. Sen. Kennedy has stated. All of us envision the New Frontier of strength — in the nation, in the states, in the counties, in the communities.

UNION COUNTY IS NOT DIFFERENT!

Just as our National Democratic ticket is fortunate to have the leadership of Sen. John F. Kennedy and Sen. Lyndon B. Johnson, so are we in New Jersey with United States Senatorial candidate Thorn Lord, and more specifically in Union County with our Congressional candidate Jack B. Dunn, and our incumbent Freeholder candidates, Dr. Edward J. Carlin, Thomas J. O'Brien and William Dalziel. Our candidates are capable, experienced leaders who have proven their abilities to the people of Union County. Yes, it is truly a time for greatness, and in order to move ahead in the crucial years before us, we must have these great leaders representing us on all levels.

BALLOTS 'N BABIES — Union County Republican workers undergo on-the-job training in preparation for a massive baby-sitting-operation Election Day to allow Mothers to get-to-the-polls. GOP volunteers in the county, as part of their get-out-the-vote drive, are offering free Election Day baby-sitting and transportation to anyone who requests it. Voters need only phone CR 7-3016 in Summit or AD 2-8585 in Westfield to re-

serve a baby sitter for next Tuesday. Persons who want to volunteer for the baby brigade should also call their local GOP worker. Left to right are Rosa Marie Strangé of Elizabeth, not-too-happy Tom Hoens of Elizabeth, Pat Bandomer of Springfield, George Nagengast (standing) of Plainfield, Barbara Distrow and little Nancy Nagengast, both of Plainfield.

O'Brien Gives List Of Accomplishments

"Bureaucratic charges that have been made against the Union County Board of Freeholders, particularly aimed at the Democratic majority, by our three Republican opponents are completely untrue," Freeholder

Thomas J. O'Brien of Plainfield, Director of the Board and one of the Democratic candidates for re-election November 8, declared today.

EFFICIENCY IN COUNTY GOVERNMENT

The selection of three members to the Union County Board of Freeholders is of major importance to those who desire to retain sound, efficient and economically operated county government. Party affiliations should become secondary when that which is best for Union County becomes an issue.

Since 1959 the administration of county affairs has been in good hands. An aroused electorate voted into office for the first time in county history a Democratic majority. Three of the Freeholder incumbents, Edward J. Carlin, M.D., Thomas J. O'Brien and William Dalziel, are seeking election to a second term. They have established an enviable record that deserves the support of the county electorate.

The rising cost of government operation has been reflected in the home owners' tax bill. It is gratifying to note that in 1959 the county taxes were lowered one point. Again in 1960 the tax rate was established equivalent to the 1959 rate. There are those who will say that county ratable increases made this possible. However, the ratable increases in the county as a whole were also enjoyed by all municipalities.

A hospital expansion and accreditation program at Runnells Hospital that added thirty-six beds was completed in 1959. Last Sunday, over 500 county residents took advantage of the opportunity to view some of the results of the conversion of Rose Hall.

Built in 1956 under the Republican Board of Freeholders at a cost exceeding \$900,000 this building was occupied by only twenty-four nurses. The conversion, when entirely completed, will provide over 100 beds for the chronic ill and, furthermore, will mean an annual savings of over \$100,000 for the county.

The Democratic controlled board has provided an amount of \$600,000 for aid to local hospitals. Their interest in recreation has been shown by their cooperation with the Union County Park Commission in the building of an ice-skating rink at Warrigoo Park and a golf clubhouse at Ashbrook Park. The reorganization of the county's probation department and the enlargement of the courts through mandatory legislation created increased expenditures of hundreds of thousands of dollars. The taxpayers' attention is also called to the mandatory program for the care of dependent children which increased by \$400,000 this year. The mere fact that the Board of Freeholders, through economy of operations, were able to absorb these amounts and still keep the tax rate stable is a fact that should not go unnoticed. The establishment of centralized purchasing affected many economies.

An investment program which took approximately one million dollars of county funds out of non-interest bearing accounts and put them into U. S. Government short-term savings bonds has brought added revenue to the county treasury.

The Democratic majority's inheritance of a county hospital that had lost its hospital accreditation presented a challenge of major proportions. Within the past two years improvements and corrections of hazardous conditions have been under way and, through the efforts of the Democratic majority, Runnells Hospital accreditation return is imminent.

The Republican candidates for Freeholder have shown no reason why a change should be made. They have made unsubstantiated statements which, in most instances, have backfired. In some instances they have carried their campaign to what can be termed "smear tactics" which an alert electorate will not swallow.

The reelection of Edward J. Carlin, M.D., Thomas J. O'Brien and William Dalziel will assure Union County of a continuance of sound, economical and efficient management of county affairs.

accomplished, not only to overcome the serious inherited conditions from past Republican regimes but also the activities undertaken to promote a progressive County government to match any others in our State should be enough to clamp the lid on such Republican campaigning in our County," O'Brien said.

"Freeholders William Dalziel of Linden, Dr. Edward J. Carlin and myself who are the first Democrats elected to the Board of Freeholders under the nine-member system established in 1934, are united in terming these charges as appalling non-sense," O'Brien said.

"Is it bureaucratic to try to hold the old and attract new industries to sections of our County through providing good roads and bridges, better county services?"

"Is it bureaucratic to rebuild a County government that had almost scandalous conditions in some departments and, in fact, did have a scandalous program in one of them?"

"Can anyone of the trio running for office against Freeholders Dalziel, Dr. Carlin and myself explain why the County hospital, the County jail and Probation department had been permitted to rundown so badly, why our departments had low morale because of inequitable salaries and wages and lack of sufficient personnel to keep up with the expansion that necessarily had to come with the tremendous growth of the County?"

"Can they explain why Republican officials maintained a profit-making canteen in the County Jail without a bookkeeping system and took the profits supposedly meant for the welfare of inmates but instead utilized some \$12,000 in five years for the benefit of the Republican party as disclosed even in a Grand Jury presentment?"

"Can they explain why the Republican regimes who had a Purchasing Agent in the thirties did not fill the post again but permitted a Freeholders Committee, one man in each administration, to make purchases down through these years?"

"Can they explain why they had such a befuddled program of hiring personnel for departments when every industry, big business and commercial houses have used personnel directors for many years as the best possible management method?"

"The Purchasing Agent has saved the County well over \$35,000 in a short time in the buying of supplies and equipment and centralizing more efficiently all bidding and buying of such supplies. The Personnel Director has an efficient system of sick and vacation lists of all County employees, interviews eligible Civil Service personnel for work, centralizes all personnel activities for all departments and handles the assignment comparable to any singular official in industry or business."

INSIDE... UNION COUNTY

By S. Sarokin

Springfield To Lose Election Post.

The policy of the Republican organization to limit the tenure of county election board members to one two-year term will probably displace Springfield's Mrs. Amy Bandomer this spring.

Rumors have it that Mrs. Bandomer will be replaced by Mrs. Elizabeth Arthur of Plainfield, vice-president of the Republican County Committee.

It is expected that Edward Pizzi, City Chairman of Summit, will throw his support to Mrs. Arthur in return for her support of him for chairman of the Republican County executive committee.

Pearsall's Retirement Expected.

Donald M. Pearsall, County Treasurer's tenure will probably come to a close regardless of the outcome of the Freeholder election results.

Should the Republican-Freeholders win, which from all reports seems dubious, rumor has it that Pearsall will be replaced by G. Clifford Thomas of Elizabeth, former Republican assemblyman.

Thomas enjoys friendly relationship with Senator Robert C. Crane and is a close associate of Harry Osborne, Freeholder hopeful from Cranford.

Where is Senator Crane?

Has Senator Robert C. Crane's political decline caused the top Republican echelon to keep him in the background during the 1960 campaign?

Permanent Republican Headquarters?

From all reports, the Republican County Organization is hoping that they can retain enough money in the till to keep their county headquarters manned by a director of activities and a secretary.

Temperatures Predict Upsets.

A survey of Union County shows that the hottest campaigns are being waged in Berkeley Heights, New Providence, Scotch Plains and Union.

An upset appears possible in Berkeley Heights. The Republican administration has been bombarded not only by the Democrats but by many independent Republicans who have been faced with a 325 point tax rise since 1956.

The delaying tactics used by the Berkeley Heights Township Committee in the improvement of Mountain Avenue has been exposed by the Democratic majority of the Board of Freeholders, so their attempt to divert the citizens' attention away from local issues has been unsuccessful.

Vote For Good Business

This column has been trying to present the facts concerning the campaign for the important posts of Freeholder of Union County. Too often the electorate have not been properly informed of the operation of county government.

However, the economical operation of county government in an efficient manner affects every taxpayer's pocketbook. Too often men and women, who excel in experience and ability, go down to defeat due to an uninformed electorate.

This year's election of three experienced Freeholders, Edward J. Carlin, M.D., Thomas J. O'Brien and William Dalziel, will assure Union County citizens of the best government possible.

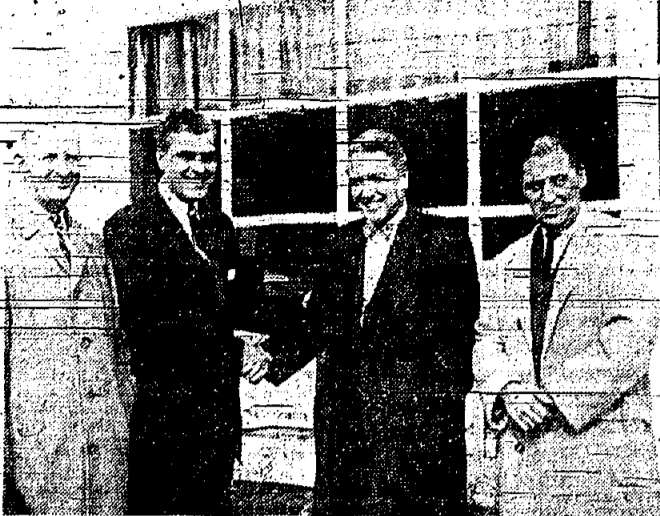

"Our Area Has a Future"

Freeholder Edward J. Carlin, M.D., in addition to the outstanding job he has performed as chairman of the Freeholders' welfare committee, has also been chairman of the Industry and Planning committee of the Board.

The following editorial, reprinted from the Daily Journal of October 29, reflects another record established by the Democratic controlled Board of Freeholders:

"Industrial construction in Union and Middlesex counties, estimated at more than \$15 million for both, dominates the report of the Department of Labor and Industry for the first eight months of this year.

The first thought in the minds of many officials will be the strengthening effect of all this building on the tax structure of the numerous municipalities — 21 in Union County and 25 in Middlesex.

"JACK DUNN DAY IN SPRINGFIELD" — Springfield welcomed Jack Dunn, Democratic-Congressional candidate, last Friday.

Springfield Democrats Boost Dunn's Candidacy

Jack B. Dunn, Democratic candidate for Congress (6th district) whirled through a day of planned activities in Springfield on Friday October 28.

Dunn started the day at 6 a.m. by greting early shifts at the Carpenter Steel Co., Breeze Corp. and Western Electric.

Hostesses for the "coffeees" were Mrs. Barbara Rothfeld of Laurel Drive, Mrs. Belle Martzelle of Cypress Terrace, Mrs. Ruth Schwartz of Warwick Circle, and Mrs. Charlotte Speizer of Cottage Lane.

At a luncheon, attended by local Democratic leaders, Mayor Bonadies declared his full support of Jack Dunn.

Dunn ended his day in Springfield with a tour of the General Greene shopping center shaking hands with shoppers and answering questions.

Flo Dwyer to Visit Town

All Springfield residents are invited to meet with Florence Dwyer when she visits the Echo Plaza Shopping Center in Springfield at Mountain Avenue and Route 29 on Friday, November 4th, at 8:30 p.m.

Mrs. Dwyer is a candidate for re-election as Representative from the 6th Congressional District.

In a letter to Mrs. Dwyer, the Committee explained it "desires to assist your campaign because we believe you have demonstrated integrity, independence, and intelligent leadership, required to make our Congress more creative and representative of the true interests of the American people."

Bank Buys Sewer Bonds

Union County Trust Company, Elizabeth, purchased an issue of \$1,035,000 Clark Township Sewer Bonds on October 27, 1960, maturing October 1, 1962 through 1970.

A price of 100.04 was paid for the issue, and the bonds carry interest at the rate of 3 3/8 percent.

RESPECTED

Flo Dwyer's integrity, independence, hard work and devotion to the public good has won her the trust and respect of both parties in Congress.

"unfailing service," "courageous decisions" and "splendid record." Flo Dwyer works for the people, and people know it. She's on the job, all the time, for YOU.

Al Benninger Urges Support For Nixon

Albert J. Benninger long time leader of Republicans and Independents in Union County today dropped his self imposed silence in the political affairs in the County to issue a blistering denunciation of Sen. John F. Kennedy.

He coupled it with an unqualified endorsement of Richard M. Nixon for President.

"New Senator Kennedy," Benninger continued, "wants to give away outposts of freedom to the Communist Chinese, while they still have 10 American flyers in prison and countless numbers of priests and nuns of my own faith in dungeons and concentration camps."

Senator Kennedy also wants President Eisenhower to apologize to the Communist Khrushchev, who says he is going to bury all of us.

Representative Florence P. Dwyer (R-6th Dist.) this week entered the home stretch of the most intensive campaign she has ever conducted with the editorial endorsements of the New York Times and both Union County daily newspapers.

Dr. Carlin Says GOP Ignores "Welfare"

Dr. Edward J. Carlin, incumbent Democratic candidate for Freeholder, today scorned the Republicans for their "lack of interest and no-doing attitude toward the senior citizens of Union County."

Carlin charged the Republican candidates for Freeholder with "lack of concern for their older fellow man."

According to Carlin, Chairman of the County Welfare Committee, there are slightly over 200 indigent, chronically ill persons now farmed out to private nursing homes throughout New Jersey.

When I say the Republicans show a lack of concern for their older, sick fellow man, it can be proven," said Carlin.

"West Side Story" Musical Departure for Paper Mill

"West Side Story," the exciting musical now in its second week at Paper Mill Playhouse in Millburn, represents a dramatic progression from the type of musical production that had been associated with the Playhouse in the past.

This integration goes beyond the fusion of song and plot and the organic musicals of Rodgers and Hammerstein and Cole Porter, which have also won plaudits at the Playhouse.

In "West Side Story," the dancing as well as the songs, advance the plot and are part of character delineation.

The show opened in Manhattan in 1957, critics hailed it as a new form of musical theatre.

Kuffeldatsch To Hear Civil Defense Head

Speakers for the next YMCA Kuffeldatsch on Wednesday, November 9 will be Chief Jacob T. Lewis, Morris County Coordinator of Civil Defense and Disaster Control on "CD - The Summit - The YMCA."

Mr. Lewis is anxious to bring into focus the relation of world events and a civil defense program - and the need on the local level for serious individual understanding and participation.

"Girl Crazy" to Begin At Meadowbrook November 3

CEDAR GROVE - Haunting, rhythmic jazz-age songs by George Gershwin, who composed "Rhapsody in Blue" are the main features of "Girl Crazy," the musical show that will be the 16th production at the fabulous Meadowbrook Dinner Theatre, Route 23, Paula Wayne, Jack Blackton and Sally Brown will have featured roles in this musical production...

Among the jazz-age Gershwin hits that Miss Wayne will sing are "But For Me," "Could You Use Me" and the classic "Embraceable You." Miss Brown, in her role as the wife of a gambling saloon-keeper, will be entrusted not only with "I Got Rhythm," but two other treasures from "Girl Crazy's" cornucopia of hits, "Boy, What Love Has Done to Me" and "Sam and Delilah."

Just as this goes into print we have been informed that producers Gary and Helga McHugh and Carl Sawyer have signed Phil Leeds for the leading role.

Miss Brown will sing the endlessly popular "I Got Rhythm," which when a previously unknown singer named Ethel Merman sang it at the New York opening in 1930, catapulted her to a stardom on top standing. The lovely Miss Paula Wayne will have another role that moved to be a star-maker in the original production of "Girl Crazy," that of a postmistress in quiet Arizona town suddenly turned into a sort of Las Vegas of gambling, drinking and show girls. This was originally acted and sung by a more-or-less unknown beauty who went from that success to become world famous as Ginger Rogers.

"An Evening of Farce" To Be Shown at Princeton's McCarter Theatre

AN EVENING OF FARCE is the title given to the triple bill of short comedies that the Association of Producing Artists will present tonight at Princeton's McCarter Theatre. The entertainment has been devised by Ellis Rabb, Artistic Director of APA, and will be given in a musical setting under the direction of Conrad Susa. The word "farce" was originally used to denote a short play interpolated as light relief in an evening of serious drama: BOX AND COX, the first play on tonight's bill is a Victorian farce of this kind, and W.B. Yeats's THE CAT AND THE MOON was also written for such a purpose.

Stamler Supports Murphy For Township Committee

The Springfield Republican Club was the host of the Republican candidates for local, their annual Candidate's Night, Hall Oct. 24. Paul T. Murphy, candidate for the Springfield Township Committee, addressed the membership and the public in attendance. Murphy repeated his stand that Springfield is entitled to two-party representation and that his opponent, Mr. Bonadies, cannot decide this right since he campaigned on the same theme during his candidacy six years ago. Murphy went on to state that all of the campaign promises made by Mr. Bonadies this year in behalf of the Democratic Party, can be carried out if they are sincere promises with a few-man Democrat majority on the Township Committee. He concluded, therefore, that Mr. Bonadies' reelection cannot be so vital to the town as he would like the public to believe. Mayor Edward H. Tiller of Garwood, Republican candidate for the Union County Board of Freeholders, speaking in behalf of the other two Republican candidates to the Board, accused the present Democrat Freeholders of nepotism in their appointments to County jobs, wastefulness in their expenditures, and of duplicating facilities in a new Vocational School for the primary benefit of the larger towns of the county such as Elizabeth and Linden. Republican Assemblyman Nelson F. Stamler, representing Mrs. Florence P. Dwyer in her campaign for reelection to Congress, stated that Teamster President James Hoffa was opposing Mrs. Dwyer because of her fight for labor against unscrupulous union leaders. He condemned Democrat Vice-Presidential candidate Lyndon B. Johnson as a candidate who has been rejected by his own party. He classified Johnson as a man "a heart-beat away from the Presidency" who is not wanted by the members of the Democratic Party in the North.

Flo Dwyer Speaks To Local Rotarians

An increase of \$2,400 a year in earnings permitted to persons getting social security benefits was recommended Tuesday by Representative Florence P. Dwyer, in a talk before the Springfield Rotary Club. Mrs. Dwyer told the Rotarians a higher earnings limitation for older people should be an immediate concern of the Congress when it convenes in January. "The time is long overdue when the earnings limitation should be raised to at least \$2,400," the Congresswoman said. "I intend to again introduce such a bill if I am returned to Washington," she said.

The increase in earnings for the over-65 group was called "not only a matter of simple justice to people who have earned their social security benefits, but also sound national policy. We should encourage older people who wish to do so to continue to use their experience and talents after they have formally retired."

WOMEN'S CLUB NEWS

On Wednesday, November 2nd the Springfield Woman's Club held its Eleventh Anniversary Club Night. An evening of fun was in store for everyone because our guest at the meeting had a program that was light, spirited and gay. The guest was Paul F. Stefan of Verona, a musician, teacher and entertainer. His novel musical entertainment and bell ringing has delighted many audiences, and we feel very fortunate that he was able to be with us and divert our attention for just a little while from the many serious matters and troublesome world situations that we all concern ourselves with these days. Some of the instruments Mr. Stefan played were, musical glasses, Dulcimer (the grand daddy of the piano), sleigh bells, bottles and Swiss hand bells. The Dinner and Dance sponsored by the Springfield Woman's Club and held on Saturday, October 22nd, at the Bow and Arrow Manor proved once again that our Ways and Means Committee members can be counted upon to run a successful social affair. We know all members and their friends who attended this "get-together" enjoyed themselves immensely, and we would at this time like to again thank Mrs. Edward Schubert, chairman and Mrs. Fred Mercuro, co-chairman, for their time effort and fine organization that made the Dinner and Dance possible.

Excitement rose in local Democratic circles today with the news news that Thorn Lord, Democratic candidate for the United States Senate, has chosen Springfield for a major campaign address. The Mercer County attorney addressed the public at the Gaudineer School, South Springfield Avenue corner Milltown Road. He was introduced by Mayor Vincent J. Bonadies. Alan W. Kempler, Chairman of the Springfield Democratic Club indicated to the Sun his enthusiasm about the Senate candidate. "If elected, Thorn Lord will play a vital role in our country's future. This is one of the Democratic Party can be proud that in these critical times we choose a man of the highest possible caliber to carry the banner of New Jersey to the United States Senate. I hope that many Springfielders share my happy anticipation about hearing Mr. Lord's message this evening." Lord, 53, is a graduate of the University of the South at Seawance Tennessee and the University of North Carolina College of Law. At present, he is in the general practice of law in the Courts of the United States and the State of New Jersey. He has served as Law Secretary in the United States Court of Appeals, Chairman of the Review Board of General Courts Martial for the Army and United States Attorney for New Jersey. He was one of the drafters of the 1947 New Jersey Constitution. For the last year he has served as a Commissioner of the Port of New York Authority. Chairman Kempler expressed feelings typical of those of many of the state's organization Democrats: "Some people are so amazed when they see a Republican cast a few votes on behalf of progress that they rush to embrace him. I wish they would

Thorn Lord Pays Visit to Springfield

Excitement rose in local Democratic circles today with the news news that Thorn Lord, Democratic candidate for the United States Senate, has chosen Springfield for a major campaign address. The Mercer County attorney addressed the public at the Gaudineer School, South Springfield Avenue corner Milltown Road. He was introduced by Mayor Vincent J. Bonadies. Alan W. Kempler, Chairman of the Springfield Democratic Club indicated to the Sun his enthusiasm about the Senate candidate.

"If elected, Thorn Lord will play a vital role in our country's future. This is one of the Democratic Party can be proud that in these critical times we choose a man of the highest possible caliber to carry the banner of New Jersey to the United States Senate. I hope that many Springfielders share my happy anticipation about hearing Mr. Lord's message this evening."

Lord, 53, is a graduate of the University of the South at Seawance Tennessee and the University of North Carolina College of Law. At present, he is in the general practice of law in the Courts of the United States and the State of New Jersey. Chairman Kempler expressed feelings typical of those of many of the state's organization Democrats: "Some people are so amazed when they see a Republican cast a few votes on behalf of progress that they rush to embrace him. I wish they would

LETTERS

Chief of Police Wilbur C. Selander Ormond W. Mesker, Chief Springfield Fire Department, Springfield, N.J.

Dear Sir: Please permit me to congratulate you on the caliber of men whom you have in your Police Department and your Fire Department.

On October 12th in the early morning hours my brother-in-law and myself were awakened by smoke in our residence at 81 Linden Ave. We arose and found a fire in a chair in the living room, we then called the Police Department. Officer Harold Seare arrived and some how or other got on the roof and got my wife out of the window and held her there until the Fire Department came and put up a ladder and got them down. This roof has an angle of about 45 degrees.

I am sure that this officers deserves the highest praise for his complete disregard of his own personal safety and his ability to do the thing that he did. I can not speak highly enough of him and sincerely believe that his prompt heroic action certainly kept my wife from at least very serious injury.

It seemed only seconds before your men arrived in the trucks, while still others came from all directions. The efficiency and courage of these men was outstanding in their consideration for the lives of my family and our personal property.

May I again thank you for the help of your department. Sincerely yours, Russell L. Nixon

No Field For Springfield

How important is it to a Board of Education, or to a community, or to the taxpayers, that their high school football team has no field to play on that is owned by the school?

Apparently, the policy makers don't think it is important since they don't have their own field in Springfield. The conditions employed now, is that Springfield uses the Meisel Avenue Field which is owned by the Union County Park Commission.

I'm not taking the stand that Springfield should go out and buy a plot of land and build a stadium, nor am I advocating the Board should continue to rely on the County for athletic facilities. I'm taking the stand that too many Springfield residents are not aware of the fact that Springfield is without a football field.

I'm sure there are many reasons prompting the Board of Education to work with the County on their present agreement. But there are many reasons why some people feel that this agreement is not only antiquated, but precarious and economically unsound.

It is antiquated because it doesn't meet the needs of a progressive and expanding community. It can't accommodate the larger crowds that come to witness football games.

The "storm fence" that surrounds the field is supposed to keep out the free loaders. Some feel that it serves as a decoration and gives the maintenance men something to do every week after it has been trampled down by eager spectators.

One look at the field house would cause any visitor to wonder what it is. The interior is just about as dilapidated as the exterior.

The field house is another eyesore. It seems incongruous to the picturesque, campus-like grounds surrounding the Dayton Regional buildings. It is obviously run-down and provides little comfort to both the home and visiting teams except for the basic essentials. It is precarious in two respects:

1. There is no contract or binding factor that would prevent the County from suddenly preventing Springfield the use of Meisel Field. We are not saying they would, but when you rely on someone for facilities it is dangerous. What would the Regional Board of Education do if they no longer had the use of Meisel Field?

2. It is precarious to the athletes. A quick walk around the track reveals hazardous running conditions for the youngsters. The football field is also not in the condition that athletic officials feel it should be.

The last reason for questioning the feasibility of Meisel Avenue Field is probably the one that affects the taxpayers most. Is it economically sound to work in conjunction with the County?

The County feels that as long as Springfield is using the field, the school should take care of the upkeep. The school not only doesn't have enough men to maintain the field adequately, but it also feels that the field doesn't belong to them so why should they pay for maintenance.

The result of this "buck passing" is a field that is given very little attention.

The question in some people's mind is, "Wouldn't it be better to erect their own field and therefore make the necessary improvements that are required?"

Just where a field could be played out near the school would require further investigations. The first step would have to be taken by the taxpayers.

The public's sentiments would have to be conveyed to the Regional Board of Education.

If you feel that the current setup is satisfactory . . . then just forget you ever read this article. On the other hand, if you oppose the existing arrangement then make it your business to do something about it.

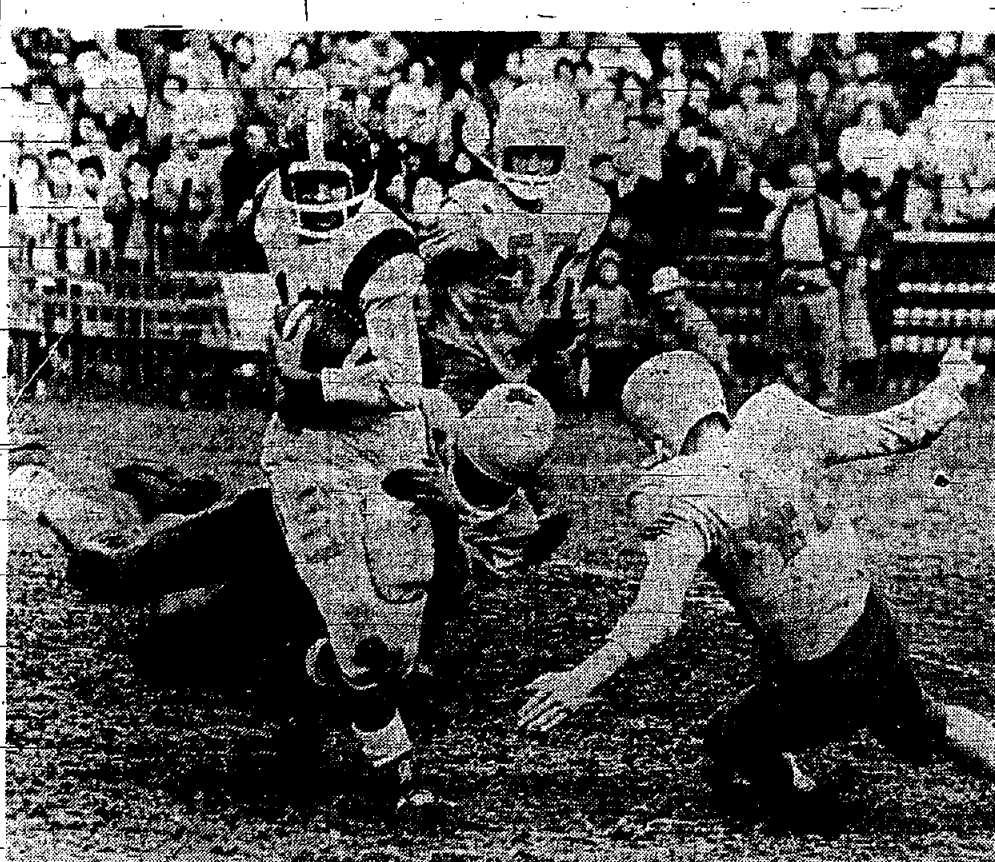

The Spouter Says:

With Governor Livingston, Scotch Plains and Springfield meeting their toughest opposition of the season, this week should provide the tops in thrills for football fans.

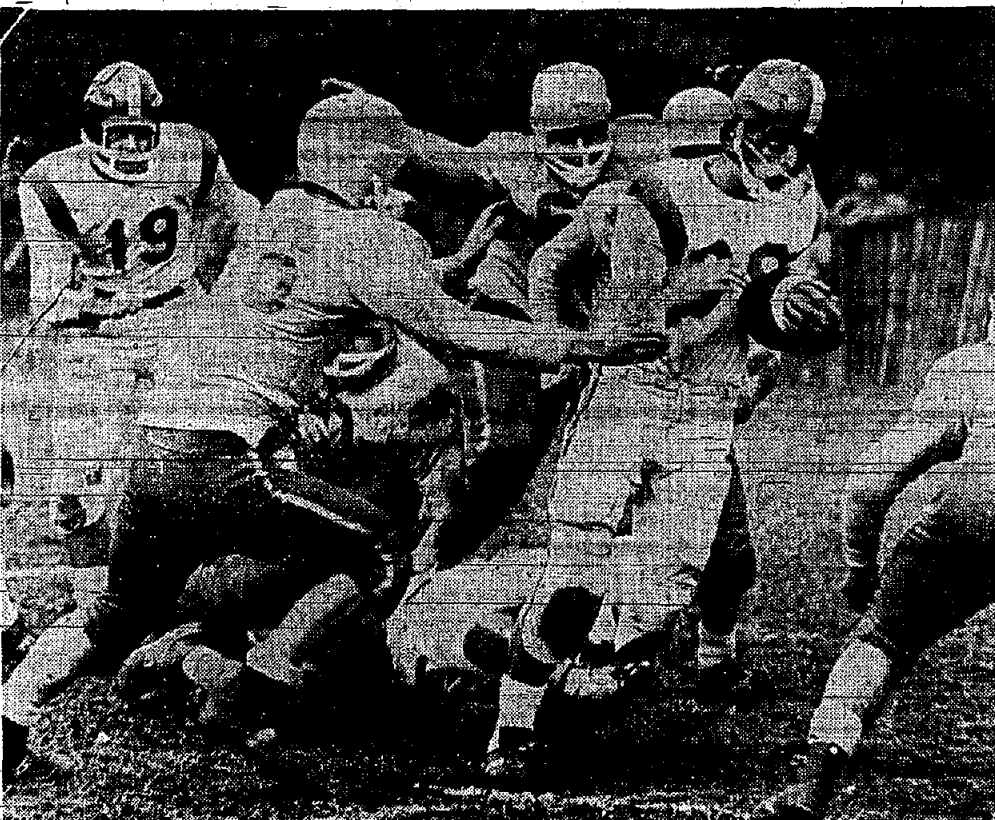

Following the book, all three of them should be the underdog . . . but who follows the book. I'm probably swayed by not only my close relationship with the three coaches, but also the hope of picking an upset. Thus far, I have not been able to be an "upset picker." For my sake, as well as the underdogs, I hope this will be our week.

Bulldogs Feast On Undefeated Edison

LIES ON THE LOOSE—John Lies, Bulldog End, picks up big yardage after grabbing one of Tom Marino's accurate passes. The "pass" was the Bulldogs' main weapon against a highly rated Edison team.

FROM ALL SIDES—Carl Kirchberger, Springfield back, has just about gone as far as possible on this play. After picking up four yards Kirchberger is about to be "gang tackled" by six members of the Edison team.

Raiders Launch Comets Into Orbit

A TOUCHDOWN PITCH—Tony Novello, Scotch Plains, quarterback gets set to uncock touchdown pass to end, Gary Accardi. The play covered 27 yards, one of the many passes completed by the Raiders.

Hillside Win Keeps 2 Year Streak Alive

Tough Task at Metuchen
Scotch Plains Coach, Chuck Nelson is not an easy person to satisfy. After his team defeated Piscataway, 36-0, he said his team's offense had still not pleased him. The same held true after his 17-6 win over Roselle Park.

But now after the Blue Raiders' 33-0 whitewash over Hillside, he has finally succumbed . . . a little. "Our passing looked real good, but our running game still needs improvement," said Nelson.

A quick look at the statistics Saturday explains why Nelson had reason to smile. His quarterbacks connected for four touchdown tosses. The runners didn't just sit around and watch the passes being thrown. They picked up good yardage all afternoon with Haywood Gipson scoring a touchdown.

W. C. SUPREMACY
For a team that has compiled a mediocre 3-2-1 record, they have shown their supremacy in the Watching Conference.

Over the past two years, the Raiders have not lost a conference game. A tie against Roselle in this year's opener, is the only blemish on their record. Over a two year span, the Raiders have won 7 games. They are currently in a tie for second place with Roselle, who has a 2-0-1 record.

Looking past the Metuchen game, the Raiders will be facing the conference leaders, Cranford, Nov. 12. This may decide the Watching Conference championship.

But with an awesome foe like Metuchen staring them in the face the Raiders haven't been thinking about Cranford.

CARTERET WIN
Metuchen will go into the contest sporting an impressive 4-2 record, with wins over Carteret and Keyport. They are also very big physically . . . probably the biggest the Raiders will face all year.

Nelson has stressed stopping the Metuchen running game in practice this week. He feels this is their strongest, offensive weapon, although if the situation dictates, Metuchen will go to the air.

POOR ROAD RECORD
This far this year, the Raiders have been home team. In their four games at home, they have won three and tied one. But on the road, it has been the complete opposite. They have dropped both games on foreign soil.

Jokingly Nelson said, "We'll definitely show 'em."

This prompted Athletic Director, Ray Schmitzer to remind Nelson, "You better show 'em up already have the buses ordered."

Knowing Nelson, you can be sure that the Raiders will not only show up, but they will be battling all the way. It is not often that a Nelson team is not given their fill until the final blast.

Livingston Drops Soccer Decision

Governor Livingston High's first soccer team gave perennially powerful Summit High a stern battle before bowing 2-0 at Summit on Oct. 27.

The Highlanders continue to campaign against the State's best this week. They played at Chatham on Tuesday, seeking revenge for a 6-2 loss earlier in the season, and square off against Linden, one of Union County's best, tomorrow at Linden.

John Rozett and Frank Brita scored for Summit as the Hilltoppers won the opener of what promises to be a hot neighborhood rivalry. Rozett's second period goal was deflected off a Governor Livingston defender in to the goal.

Governor Livingston's freshmen booters defeated Mountain side, 1-0, Oct. 24. Richie Collins kicked the winning goal.

Bulldogs Show Spark in Win Over Edison

Wants Westfield Win
Every coach has his own philosophy on coaching. Some advocate the Knute Rockne "hard nose" approach, others resort to psychology. They all think their system is the best.

After Springfield's surprise win-over previously undefeated Edison, Coach Herb Palmer seems to think his method deserves consideration.

Herb's basic coaching philosophy is to "keep with the times." He believes you have to treat the kids the way they are accustomed to being treated.

In most cases, the hungry kid is just a character in a comic strip. The barefooted kid, waiting in a bread line for his supper no longer exists. The hard working school kid who provides a money for the household can't be found. Now it is the son cruising around town in the family car after school. During the summer it is two months-down the shore getting his tan.

Need we say more about the difference in each generation.

With this in mind, Palmer's formula consists of "good hard practices" blended with good stories. "You have to keep the kids happy," believes the successful raconteur.

The Right Stories
He certainly must have told some great stories in preparation for the Edison game, since they played their best game of the year.

The usually-jovial Palmer was extra jovial in discussing the Edison game.

"If we had played like this against Carteret and Roselle, we would now be undefeated. It was truly a team effort, and very great effort. They were tough and played hard football, but our boys played tougher and harder. Everyone deserves credit for this victory; the coaching staff, the squad, and the school."

The Edison game was an analysis of the Roselle tragedy. This week it was the Bulldogs who got the breaks and took full advantage of them.

Laurino Starts It
When Ron Laurino, defensive guard, broke through to pick up a blocked punt and dash 50 yards for the first score of the game, Springfield never relinquished their dominance of the contest.

The second half saw Tom Marino at his finest. Given good blocking by his offensive line, Marino hit on 8 passes to completely ripe open the once-impenetrable Edison defense.

As is the case every week, Herb Elzeid led the scoring with two touchdowns, one a 2-yard buck the other came on a screen pass from Marino which covered 30 yards.

Larry Stickle scored the other touchdown for the Bulldogs in the third quarter on a five-yard pass from Marino.

No Rest For Weary
With the schedule that Springfield is faced with, there is hardly the occasion to look forward to a breather. Looking over the past six weeks, Springfield has been involved in four "spotlight games." This Saturday will be no exception.

Aside from the interest in the game by the press and spectators, Palmer and the senior boys have a burning desire to inflict on Westfield a decisive defeat. They remember only too vividly last year 7-0 defeat. In Palmer's six years of coaching at Springfield, he has never been able to defeat a Westfield team. He thinks this will be the year. No one wants to win this one as much as Palmer and his now "biting" Bulldogs.

Zorge As Eager
But victory doesn't come easy in the game of football. Les Zorge, Westfield mentor, feels just as strong as does Palmer. After being told of the attitude of the Springfield gang, Zorge commended, "Well I want this one just as bad as they do. I

Aiming For Upset Victory Saturday

34-13 Win Best Of Year
The Governor Livingston Highlanders are flying so high, that they may be in orbit. And you can't blame them.

After their annihilation of Notre Dame 34-13, which now gives them a season record of 3-2, they have their space ship aimed in one direction . . . to conquer that planet, Piscataway.

After playing their best game of the year, the Highlanders just can't wait to knock off a bigger, higher rated, more experienced Piscataway team. The Piscataway group has taken on some pretty stiff competition thus far. Edison, Scotch Plains and Highland Park are not exactly "orsam-puffs."

No one expects an easy time of it Saturday against Piscataway. Al Brown puts Hanover Park and Piscataway in the same class. This might frighten some, since Hanover Park gave the Highlanders a pretty good going over, but after last week's performance, some unfound courage has been discovered.

There were so many bright spots in the Berkeley victory that Brown just about named the entire roster when selecting outstanding performers.

The performance of his offensive line really had Brown bubbling over with satisfaction. Ken Stanton, Allen Thies, Walt Rice, John Carvellas, Walt Knot, Jerry DiPasquale, and John DelDuca all turned in Grade-A blocking for should I say 3 points on the Brown grading system).

DEFENSE DOES JOB
Brown felt his team's strong offensive showing was the result of a good defensive job.

"Our defense made it possible for our offense to look so impressive. We were tackling harder than I have ever seen us do all year. We had more boys this week hitting hard rather than just one or two. Pete Suchema made numerous tackles as did Frank Fish and Ken Hamilton. If our defense didn't get the ball for us, we couldn't have scored as often as we did."

As is the case in most Livingston games, Jim Fish lead the offense with 120 yards gained in 12 carries. But for the second consecutive week, Bill Price, turned in a surprising performance. Surprising in the sense that very few people expected this of him . . . except Al Brown.

When asked, if he thought Price had as much ability as he has shown in the past two games, Brown said, "Yes and no."

"I always thought he had the ability, but I wasn't sure if he was ever going to use it. But now that his attitude has changed and has learned his running assignments you can see the difference. When he runs he sets his sights on the goal post. I like this kind of runner."

When you consider that Price carried the ball only five times from the line of scrimmage and managed to score two touchdowns, it illustrates just how effective he has been. His other touchdown came on a runback of the opening kickoff.

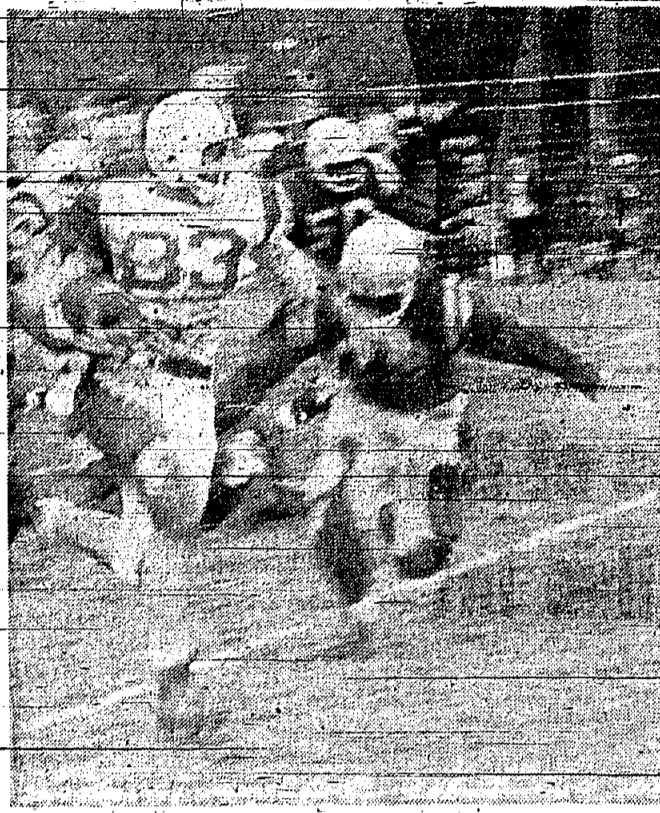

MURPHY MOVING IN
Brown seems to have discovered the Casey Stengel touch, with his personnel maneuvering. Since the start of the campaign, Brown has been juggling his lineup . . . sometimes out of necessity. Brown has now come up with another of his "finds"—in Tom Murphy.

"This boy is a real surprise," boasts Brown. "He has seen limited action on the kick off and punt return teams, but has shown such improvement that he may be my starting halfback Saturday. He has been more of a surprise than Price."

PUNT RETURNS
In a very loquacious mood, Brown got on the subject of punt returns. Having used this weapon to great advantage in Penna, Brown looked forward to the same at Governor Livingston.

Can't Catch This Fish

NO. 8 ON WAY—Explosive runner, Jim Fish scampers enroute to his eighth touchdown of the season. Fish enjoyed another successful afternoon picking up 120 yards and 2 touchdowns.

Trustees Elected For G.L. Boosters

Six township residents have been elected trustees of the Highlander Booster Club, of Governor Livingston Regional High School.

The new trustees are John Cavallari, Mrs. James Fish, Harry Stengel, Samuel Testa, Charles Wadas and Clifford Weiss.

Club members are preparing a special souvenir program for the final home football game of the season on Nov. 19, against Ridgely Memorial High. The program will include pictures of the Governor Livingston team and its coaches, Township merchants, as well as those in Mountainside, are being solicited for advertisements in the program.

As fund-raising projects, the club has been selling programs and operating refreshment stands at Governor Livingston High's home games.

The club's next meeting will be at 8:15 p.m., Nov. 9, in the school cafeteria. All residents of Berkeley Heights and Mountainside interested in Governor Livingston High's athletic teams are invited to attend.

Highlander Highlights

The 21 points scored in the third period was a record for one quarter for Governor Livingston. Piscataway game will be first morning contest in Highlander history. The Highlander Booster Club served franks and hot chocolate to team members after the game. Hillside, Highlanders next home opponent, has split games with other Regional opener to Springfield, 19-0, but whipped Clark, 18-6. Saturday's game with Piscataway will be final road game of season.

UPSET

(Continued from Page 24) At the outset of the year, he felt that when the Highlanders started to execute his punt return system effectively, it would indicate that his team had made progress.

Saturday, the Highlanders ran back three punts for big gains which pleased Brown no end. Punt returns, along with all of their other achievements substantiate Brown's opinion that "No team can afford to take us lightly any longer."

PISCATAWAY BIG

A win over Piscataway will cement any doubts about just how much progress the Highlanders have made, and what a miraculous job Al Brown and his staff have done with the Livingston yearlings.

About a victory Saturday, Brown said, "It may be a little more than we can expect. Piscataway is big and tough with much more experience. But if we can come through it will be a real achievement."

Come through or not Saturday, it isn't likely that anyone will think any less of the Governor Livingston Highlanders. They have already accomplished the improbable, by winning more games than anyone had anticipated. If they can go on and win more games, it will then be surpassing the impossible. But as everyone has discovered of the Highlanders... nothing is impossible.

Nelson Addresses "Y" Club Area Bowling News

"I play each game for myself," was the statement of coach Nelson of the Fanwood Scotch Plains High School football team as he addressed the "Y" Men's Club at the Fanwood Scotch Plains Y.M.C.A. last week.

The coach indicated that with this sort of philosophy he always feels that he can win any given game, all things being equal. It also means he said, that any boy, regardless of what year he is in high school or his previous experience, may get into the line-up if he is the top man in his position at the time.

Nelson mentioned the recent rise in the stock of his football players, seven alumni of whom went to college on athletic scholarships this year.

AIDS CHARACTER
The affect of football on character and behavior in school

and community life was emphasized by the speaker too as he said that he was proud of what the game had done for some of his boys.

The use of the observation tower, stop the grandstands, and the telephone system between it and the bench was pointed out as a very helpful factor in this years game coaching. The tower and equipment were donated by the Booster Club.

Gittleman Fires 703 Set For John Franks, N. J.

Mixed at Echo Lanes

Joel Gittleman, former manager of a Newark bowling establishment, fired a 703 series Sunday night as a substitute with the John Franks team in the New Jersey Mixed Major League at Echo Lanes, Mountainside.

Gittleman opened with a hefty 257 game and followed with a 244 effort. He tossed a 202 in his third game.

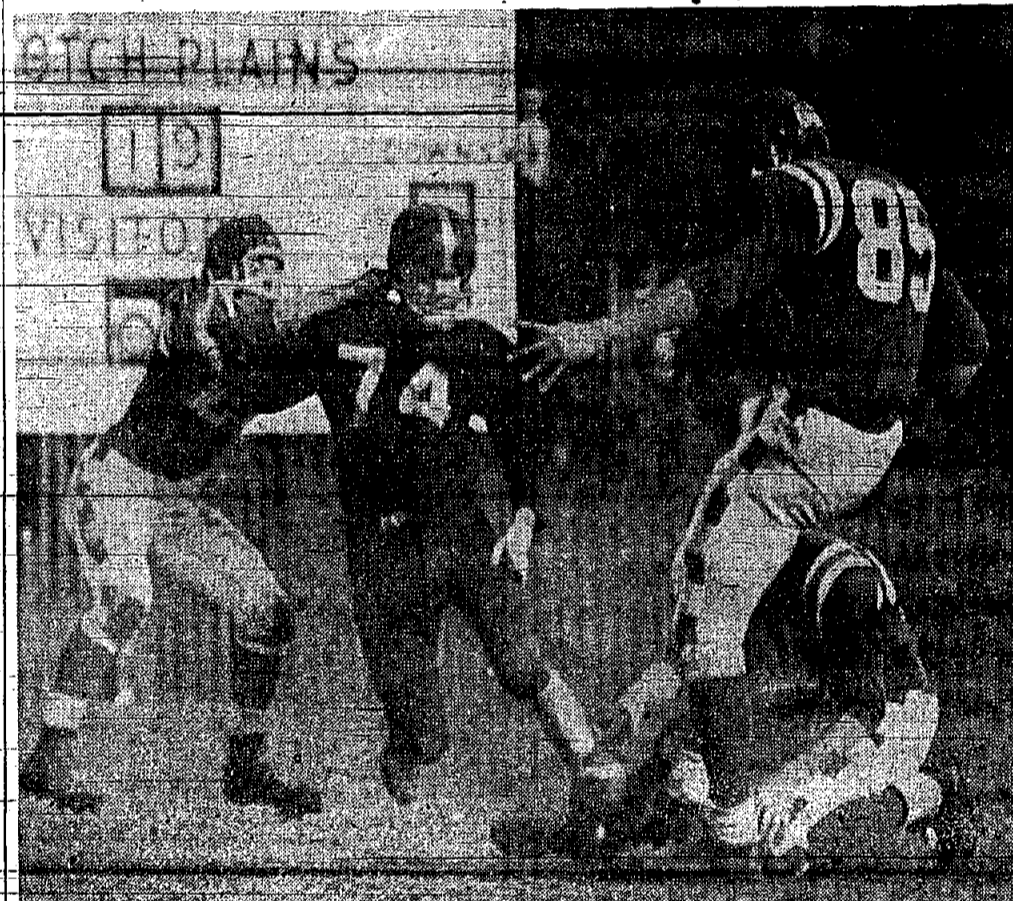

The big set helped Franks sweep Gyril's, although Ed Weber, who qualified earlier in the day for the New Jersey match-game championship finals, posted a 655 for the losers.

M. Blatt Co. and Aeronautical Tool also posted sweeps. Three of Aeronautical's performers hit honor roll series as Joe Manginelli shot 624; John Smrecek rolled 629 and Hazel Demato tossed 614.

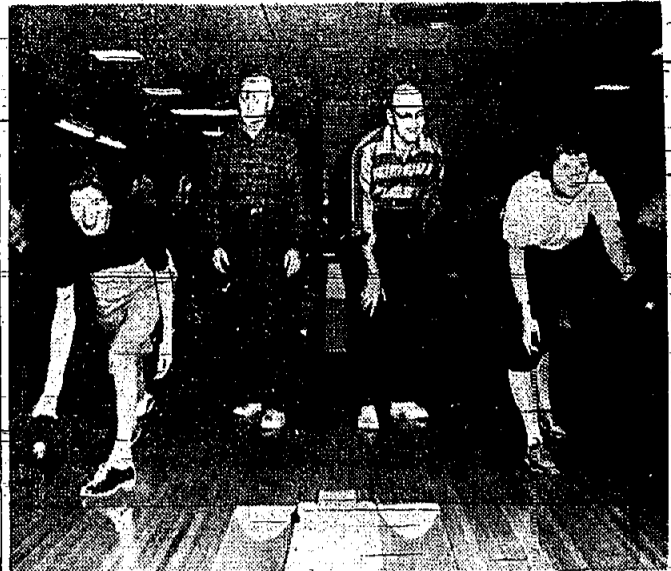

Warren Griffin's 610 led the Irving Tavern.

Howard Smith's 591 series was high for the night. This included a 245 game, high for the season so far. Others who had good single games were Stender 221, Young 215, Stewart 208, Larsen 203 and Robert Beister 201.

BULLDOGS

(Continued from Page 24) have yet to send a team onto the field not feeling confident, and this week will be no exception.

Judging from the record, Zorge has quite a few things to be confident about. The 27-25 loss to Roselle tells something. It shows that they have an offense that couldn't be stopped by team that gave Springfield fits all day. Their other loss was 14-12 to another strong team, Butler. It might be interesting to note that Somerville lost to Westfield and Springfield by the identical scores of 28-7.

Varied Single Wing

Something on the Springfield side of the ledger is the fact that they faced a single wing team in Edison. Edison's single wing is not quite the machine that Zorge has producing for him at Westfield. Zorge's single wing is more varied and imaginative. It is more difficult to defend than Edison's attack. It has reached the point in Springfield, whereby no one ventures to predict the outcome of the week's game; Herb Palmer used a most apropos phrase to describing his team. "They are like hot and cold running water."

Here goes nothing. And I really mean NOTHING! SPRINGFIELD OVER WESTFIELD

Westfield has dominated this series over the past decade. They have an impressive record with only two close losses to Roselle and Butler. Last week's win over Edison is what leads me to pick Springfield. This should have provided them with the spark. If the Bulldogs pull another "trick" as they did against Roselle, you can forget about my prediction.

GOVERNOR LIVINGSTON OVER PISCATAWAY

Al Brown has discovered another fine runner in Bill Price to help out Jim Fish. Their one-sided win over Notre Dame is enuf to convince me, that they can handle the more experienced Piscataway.

This is by no means an easy chore for Al Brown and his "Whiz Kids."

METUCHEN OVER SCOTCH PLAINS

The Raiders really turned it on against Hillside, but Metuchen has also done their share of "turning it on." They have lost two ball games, to So. Plainfield and No. Hunterdon. Like the other two ball games, this is a "miserable" game to try and predict the winner.
