WOMAN'S CLUB OBSERVES BIRTHDAY—Mrs. Vincent J. Bonadies, president of the Springfield Woman's Club, cuts the cake celebrating the 11th birthday of the Club while past president look on.

Bonadies Victory Personal Triumph; To Be Mayor Again

Political observers who like to study and analyze election returns agree that Mayor Vincent J. Bonadies' rather easy success against Paul T. Murphy, the Republican standard bearer, was a personal victory and definite approval of the majority of the present administration.

His total of 4,528 votes as compared with 3,067 for his G.O.P. opponent, even surpassed the 4,325 polled by the Nixon-Lodge ticket which is no easy trick politically especially in a community where every Republican candidate was victorious, over Democratic candidates.

As evidence of Mayor Bonadies personal triumph last week, his total vote here was not too far behind the 4,870 for the very popular Congressman Florence Dwyer and the 5,096 tally for U.S. Senator Clifford P. Case.

Mayor Bonadies not only hurdled the disparity in the vote of the two political parties but his victory suggests many years of control by the present administration in the affairs of Springfield, under his leadership. As one observer puts it, "the victory was a personal tribute for Mayor Bonadies and when a candidate can win 10 out of the town's 13 districts, in the face of Republican victories for other offices, it's a sure sign that the voters have spoken their approval of the present administration."

The Union County Unit of the New Jersey Association for Retarded Children, organized in 1948, is a local, non-profit, voluntary agency. It has joined with several other groups to organize a training center, the Nancy-Luzon Training School in Roselle; speech therapy classes at the Plainfield Y.M.C.A.; consultant services; recreation programs for young adults as well as teenagers and sub-teenagers; Camp Star, which operates during the summer months.

The theme is to "Give Thanks" for good fortune by helping children who are less fortunate, based on the premise that ALL children should have an equal chance for happiness, and that includes the mentally retarded child.

Funds raised are used to support a program of service to the community's mentally retarded children and medical research to find preventative measures. Research, done on a national level, seeks to find reasons for retardation and methods for its prevention and affects not only today's children but future generations as yet unborn.

Statistics show that 3 out of every 100 children born are retarded to be mentally retarded. They need all kinds of services, special schools, clinics, teachers, and the chance to work under sheltered conditions. With proper training many of the mentally retarded can become self-supporting members of a community instead of a constant drain on community resources.

Members of the "working groups" who will assist Mrs. Yuckman and Mrs. Goldstein in contacting all residents of Springfield are as follows: Messrs. James O. Granick, A. Ramo, M. Derman, K. A. Abrahamson, E. Magid, S. Freeman, S. Goodman, D. Feldman, A. Warhottig, J. Jacobs, F. Merkel, M. Zisman, H. M. Apter, J. Amster, L. Sarokin, B. Haas, H. Wernschner, H. O. Myrberg, H. Libby and Henry Cumberly.

The 11th annual Community Thanksgiving Eve Service will be held in the First Presbyterian Church, Springfield, at 8 p.m. on Wednesday, November 23.

The following churches will participate: First Presbyterian Church, with Reverend Bruce W. Evans and Reverend Donald G. Weber; the Methodist Church with Reverend Benjamin W. Gilbert; Temple Beth Ahm, with Rabbi Reuben Levine; and the Shary Shalom Suburban Reform Congregation, with Rabbi Israel Dresner.

Everyone is urged to attend this service; so that Thanksgiving Day itself will have more meaning.

Commissioner Lucy, who also was critical of the appointment, was not present at last night's session.

The governing board voted approval of investment of \$100,000 in treasury bonds which will draw 3 1/2 per cent interest and will mature in 1965. The money accrued from maturity of certificates of indebtedness.

Power of lights at Archbridge Lane and Evergreen Ave., will be increased, it was reported. A street light will be installed at Thelma Sandmeier School.

A resolution was adopted requesting the Union County Park Commission to approve installation of sewer lines through parts of its property on the route down from Round Top Mountain.

On recommendation of Acting Fire Chief Robert Day, Fireman William R. Schmidt was promoted to third class rating effective Jan. 1.

Mayor "Heartened" By GOP, Dem Vote

At the time the Free Public Library of Springfield issued the revised policy governing fines it had no idea that so many inquiries regarding the policy would still be forthcoming.

The library regrets not having clarified its policy to everyone's satisfaction and trusts the following information will eliminate additional speculation.

In the future the policy will be as follows: Children & Youth Books - 2 cents per ea. overdue day. Adult Books - 5 cents per ea. overdue day. 28 day books may not be renewed. Books borrowed from the pay-rental shelf will continue at the same rate of 2 cents per day. Magazines, pamphlets and clippings may be borrowed for two weeks only. They will be subject to a 5 cents fine per each overdue day thereafter.

The library mentions that the sole purpose for this adjustment is to hasten the return of books to the shelves. The library regrets having to make this adjustment but felt it necessary in order to maintain the efficient standard or operation to which its users have become accustomed.

Both Parties "Expressed Confidence in Record"

Mayor Vincent J. Bonadies declared today that his re-election last week marked a great vote of confidence in the Springfield administration's record of good government.

Bonadies described as heartening and encouraging the action of Republican and Democratic voters in placing political considerations aside on a local level to record their endorsement of an administration that has proven itself for the cause of good government.

The mayor added: "My campaign for re-election was based on the record of progress achieved by our administration, and that was the decision facing the voters when they went to the polls.

"The fact that both Republican and Democratic voters joined together in expressing their confidence in that record represents a mandate to continue and build upon that progress in the months and years ahead.

"I wish also to express my personal thanks to the many people who, as campaign workers, and who through their direct or indirect efforts, gave of their time in behalf of my candidacy."

Temple Beth Ahm Starts to Build Funds Needed to Aid Retarded Children

It was announced by Seymour Wortzel, Vice-president of Temple Beth Ahm, that final financial arrangements have been completed for the erection of Temple Beth Ahm's new building. Mr. Wortzel said after that many months of negotiating and meetings, I am happy to announce that satisfactory arrangements have been made with the Howard Savings Institution of Newark and the National State Bank of Elizabeth (Springfield Branch), whereby construction of our new home will be started forthwith. We can assure the people of Springfield and our congregants that every effort will be made to expedite the construction of the building.

Leonard Garber, Vice president of the Temple and chairman of the Building Committee, said: "Our builders, The Essex Contractors of Newark, indicated that they are prepared to start construction immediately. With the good news that we have had from the banks and this word from our builder, we shall have our new building for the Fall Holy Days!

Mr. Milton Kappstatter, president of the Temple, said: "I am highly gratified to hear this good news. Another step forward in the realization of our goal for a new home for Temple Beth Ahm, the culmination of years of effort, planning and hard work on the part of all our members."

The launching pad for such a move will probably come in the primaries when the County Members of the Republican Committee are elected and a chairman chosen. "We hope to control this committee," stated this same informant, "even if we have to run our slate of candidates against the present group."

Not all members of the present Republican County Committee in Springfield, it was pointed out, agreed with the methods used in the campaign attempt to elect Mr. Murphy. But they were outvoted, this spokesman pointed out and "wouldn't stand for any interference not accept any advice on what might be the best.

Weinberg Reports On Furman Talk

Irwin Weinberg, Springfield Township Attorney, reported at the Township meeting last Nov. 9, on his conference with Attorney General David Furman relative to charges that the governing board's temporary appointment of Witter W. Laying as tax collector was illegal.

Paul Murphy, GOP candidate for the township committee, made the charge. Weinberg said the attorney general said the appointment is legal and in conformity with the statute. Mayor Vincent J. Bonadies said the report will be made part of the official minutes.

Commissioner Lucy, who also was critical of the appointment, was not present at last night's session.

The governing board voted approval of investment of \$100,000 in treasury bonds which will draw 3 1/2 per cent interest and will mature in 1965. The money accrued from maturity of certificates of indebtedness.

'Good Government' Group Here Plans To Take Over GOP

Defeat of Paul T. Murphy, the Republican candidate for Township Committee in last week's election by incumbent Mayor Vincent J. Bonadies, has crystallized the plan of a group of G.O.P. leaders in Springfield "to push out the present Republican group and take over the management of party affairs in the Township."

"This is a good government clean government movement," said one of the prime backers of the movement, "made up of men and women of the Republican party who know and understand the mechanics of running and winning elections. We have been discussing, planning and perfecting this new group and we are prepared to take over as soon as the machinery is ready."

Criticism of the present Republican organization in Springfield increased especially since Mr. Murphy's defeat who, as one of the clean government group put it, "ran a one-man campaign without any real assistance from the Republican organization in the Township except for a few passes of support in the last few days of the campaign."

"Paul Murphy," this same Republican stated, "conducted a fine campaign and might have been able to ride in to victory even on the coat-tails of Mo Dwyer, Case and the Nixon-Lodge ticket if the Springfield organization had given him the professional help a candidate needs. All Republicans, except

A very ambitious program for 1961 has been planned for Springfield and details are expected in the annual message of the Mayor on the organizing day.

The present five man Township Committee is in full control over Mayor Bonadies and the Democratic party.

Course For Preparing Hors D'oeuvres at 'Y'

A special Christmas season course in preparing hors d'oeuvres will be offered at the Fanwood-Scotch Plains Y.M.C.A. in its growing adult program calendar. The course, which will be instructed by Mrs. Anne O'Callaghan, will take place at the Y building on two successive Thursdays—December 1st and 8th at 9:30 A.M. Registration is now open for the class.

Mrs. Ruth-Fallon, ceramics director at the Y, announces that she has a class in ceramics for ladies starting shortly and that she can accept a few more enrollment at this time.

These and other reports were

made at a meeting of the adult program committee tonight. The committee learned from General Secretary Duncan R. Smith that the course "Under the Hood," emergency auto mechanics for women will take place

on Tuesday, November 15th at 9 A.M. at William Slicks Gulf Service Station and Garage on South Avenue in Fanwood. Another such course will be offered after the first of the year.

It was reported also that the Y hopes to offer a course in home decorating for the Christmas holidays if the demand for such a course proves great enough.

General Secretary Smith said that the results of the interest

finder survey piece on adult program, filled out by many groups and individuals gave the committee necessary information to go on in the future program planning.

Chairman, John Kalafat urged the committee to recruit more members and to assist the Y.M.C.A. staff in locating leadership for the many new courses it hopes to offer as time goes on and the interest finder points the way.

It's curtains for the drapes. If the sun gets them! We all know the dangers of exposing the human body to too much sun. But, have you ever thought what "Old Man Sol" does to fabrics? Your drapes could be getting a permanent "sun burn." Although it may not be visible while they are hanging, the "tan" becomes apparent after they are cleaned and the dust and dirt removed. Unlined drapes "burn" faster and usually show fading the most. There's nothing we can do about the sun, but we can help you avoid the possibility of your drapes being cleaned improperly... and your being burned. We inspect all drapes and sort them to see that they are cleaned in the proper solvents. They are steam pressed, so that there is no chance of the drapes being scorched or discolored. The results of our efforts explain why more and more of your neighbors send their drapes to Pan American. OPEN 7 A.M. TO 7 P.M. MONDAY THRU SATURDAY. Crestmont Savings Holds Dedication Ceremonies

A ceremony marking the official opening of the new main office building of Crestmont Savings and Loan Association at 1886 Springfield Avenue took place on Friday, November 11 at 10:00 a.m. before a crowd of hundreds of local citizens.

Highlighting the event was a ribbon cutting ceremony in which four dignitaries took part. Alan R. Kemp of Maplewood, cut the ribbon draped across the doors of the magnificent two-story glass-enclosed lobby of the new building as George M. Wallhauser, United States Congressman, Loren F. Gardiner, President of Crestmont, and J. Herbert Woolley, Chairman of Crestmont's Board looked on.

Another highlight of the occasion was the presentation by Congressman Wallhauser of a new 50-star flag to Wayne O'Flaherty of Troop 21, Boy Scouts of America, who accepted the flag, which recently flew over the nation's Capitol, on behalf of Crestmont. In attendance were Robert Anderson and George Scrimmer, color guards, and 40 other members of Troop 21.

Q. Vincent McNary, a Crestmont director and Maplewood Postmaster set the program into motion. Singing of the National Anthem led by William Butler, Crestmont Director, was followed by an invocation by the Rev. Bernard A. Peters, O.S.B., Pastor, St. Joseph's Church, Walter F. Christenson, vice-chairman of the Crestmont's Board, served as master of ceremonies. After the welcoming address by Mayor Kemp, Robert H. Gramsere, president of the Maplewood Chamber of Commerce extended an expression of pride and appreciation of Crestmont's endeavors, on behalf of the Chamber.

A prayer was given by Dr. Theodore Friedman, Rabbi of Temple Beth El, South Orange, and Rev. Gustavus Warfield, Rector, Prospect Presbyterian Church, delivered the benediction.

Following the ribbon cutting ceremony, Mr. Gardiner opened the doors of the new building to the waiting crowd. He used the new keys presented to him by Mr. Woolley in the "presentation of the new building" which took place earlier in the program.

On the eve of the ceremony, a preview of the building was held for executives in the savings and loan industry and other business and civic leaders. Over 450 attended.

Bach's "Xmas Oratorio" To Be Heard December 10

Bach's "Christmas Oratorio," which The Masterwork Chorus and Orchestra will offer for their midwinter concert, is a tender and joyous work far removed from the somberness of his "St. John" and "St. Matthew" Passions which were composed prior to this work. The "Christmas Oratorio" was written at about the same time as the Monumental "B Minor Mass," and was first performed during the Christmas and New Year season of 1734-35. The work consists of six separate cantatas, each intended originally for use on a separate Sunday of the Christmas season.

The orchestration used by the composer is standard for Bach's day, and the spirited and jubilant nature of the music features much use of the trumpets and drums, which with Bach are always a symbol of joyousness. The score typically makes much use of the harpsichord, to be played in this performance by Albert Fuller, and also calls for two oboe d'amore. The trumpet parts in the oratorio are very difficult and demanding, being at the top of the trumpet register, and require great skill on the part of the performer.

The music varies from quiet chorales, and solos to exultant choruses and features the four usual soloists in various combinations. As in the famous Passions, the telling of the narrative, which is taken directly from the Gospels, is assigned to the tenor, who is designated as the Evangelist.

The combination of Bach's spirited music, skilled soloists, the finest instrumentalists, and the excellently disciplined Masterwork Chorus, promises for December 10 one of the truly

pleasing voice, Miss Wayne is a show-stopper on "I Got Rhythm." She teams with Blackton on "Embraceable You" and solos on "But Not For Me."

Blackton, a fine actor and lyric baritone, portrays a city slicker in "Girl Crazy." However, he too comes from the West (Colorado Springs)—but scored in New York in "Once Upon a Mattress."

While Miss Wayne and Blackton are lead love interests, comedian Phil Leeds is nothing short of tremendous as Maxie, the New York cab driver. Born and raised in the Big City, Leeds' Broadway stage credits, performances occupy several sheets of paper—single-spaced. His second act Mexican routine is a sheer laugh riot.

Sharing the spotlight with Miss Wayne and Messrs. Blackton and Leeds are Sally Brown, a curvaceous torch singer of the Mermaid vintage; Paul Hudson and Wallace Engelhardt. Gary Leatherman and Darrell Sandeen score as the cowboys while Patience Jarvis, Kay Brower and Louisa Cabot lead the dancing girls.

The music by Donald Yap, choreography by Marc Hertsens and Gus Schirmer's direction give Gershwin's "Girl Crazy" a most delightful touch. For a complete evening of enjoyment make your reservation by calling CLifford 6-1455.

Glass Blowing Demonstration To Be Shown At Trailside Museum

The art of creating delicate glass objects by glass blowing will be demonstrated by Miss Grace Howell, Scotch Plains, at the Union County Park Commission's Trailside Museum, in the Watching Reservation, on Sunday, November 20, at 3:00 p.m. Miss Howell's family is one of five in the country that still practice the traditional method of glassblowing. She specializes in making miniature glass objects and all her work is done freehand.

During the week, on Monday, November 21; Tuesday, November 22; and Wednesday, November 23, Dr. Harold N. Moldenke, director of Trailside Museum, will discuss "New Jersey Rambles" at the one-half hour talks for children given daily at 4:00 p.m. Trailside Museum is open to the public each weekday, except Fridays, from 3:00 TO 5:00 p.m. and on Saturdays, and Sundays from 1:00 to 5:00 p.m. On Thanksgiving day (Thursday, November 23), the museum will be open from 1:00 to 5:00 p.m.

TAKING CARE OF YOUR GARDEN

By Edward A. Cardinal

If you plan on planting a tree now is the time to do it. This is the dormant season, and most trees will handle well at this time of the year. However, make certain it is staked securely, and it would be best to wrap the trunk with burlap or special tree-wrap paper to prevent the winds from dehydrating the plant.

Many people expect a ball of earth with the tree, but it is common practice in the nursery business to dig without a ball of earth, and retain as large a root system as possible. It is important to keep the roots protected with wet packing, however.

Q: I have an opportunity to buy a nice tree, but it has a ten inch scar where a limb was broken off. Is it safe to plant such a tree?

A: A clean scar will seldom hurt a young tree, for the bark will soon heal over. Be certain that inner wood is not rotted, and make certain no borer holes are present. Long narrow scars heal over rapidly.

Q: Should rose bushes be cut back yet?

A: Yes. Mound with earth about six inches. Trim down to the level you desire and when spring arrives remove the earth. Remember, the less wood you

leave the fewer flowers next year, but the size of the flower will be larger. There are several inexpensive books available which cover care of roses quite thoroughly. Most good garden centers carry them.

Q: Is it safe to transplant azaleas at this time?

A: Unless necessary, I would hesitate to plant azaleas now. If you must, be certain to mulch heavily with peat or leaf mold, and spray the plants with wiper or Stop-wilt, a liquid plastic anti-transpirant. This helps prevent moisture loss from winter winds. Burlap wind breaks can also be used.

Q: Every year my evergreens are severely damaged by snow falling off the roof. What can I do to prevent this damage?

A: Maybe your plants are not branches will rip easily from heavy snow. Some evergreens require binding each winter by tying a heavy string around the trunk at the bottom and wrapping around the branches from bottom to top. This holds the branches firmly, and the snow will not cause them to break. Unwrap the plant after danger is past next spring. Cypress require this treatment more than other evergreens.

Paula Wayne and Jack Blackton Featured in Meadowbrook Musical

CEDAR GROVE'— Syncopated sweethearts, Paula Wayne and Jack Blackton, are fast becoming big favorites at the fabulous Meadowbrook Dinner Theatre, Route 23. The pair are featured in Gershwin's tune-filled musical comedy, "Girl Crazy," which occupies the oval-shaped stage Wednesday through Sunday evenings until November 27.

Miss Wayne, who has appeared on Broadway in "Damn Yankees," "Say, Darling," and "Wonderful Town," to mention only a few, plays the role of a Western postmistress to perfection. It might be termed accidental type-casting since she was born in Oklahoma and raised on a ranch.

Gambling Raiders Hit The Jackpot

Sportin' Sports

BY Z. SPOUTER

Att. Recreation Commissioners

The Springfield Recreation Commission has introduced a football clinic that should definitely be looked into by recreation commissioners in Berkeley Heights and Scotch Plains. This is strictly what it sounds like—a clinic. It's not a league or a Little League or a Pop Warner Football League. The Springfield Clinic (Adopted from Maplewood) teaches youngsters the basic fundamentals of football with hardly any emphasis on winning. There are no league stressing winning rather than learning. The only competition involved in the clinic comes about at the final portion of the clinic. At this time the clinic is broken up into teams and a brief game takes place. There are no set rosters... every week different groups will make up a team.

The boys furnish their own equipment while the town provides the boys with shirts to be used in their little game.

The biggest advantage in this set up is that the boys are given formal education on football... rather than playing in some lot where they would be more susceptible to injury. Coaches from the high school along with some of their players teach at the clinic.

Unlike the organized competitive leagues, this clinic doesn't put stress on winning. That has been one of the biggest arguments against Little League baseball. In the clinic set up, there are experienced coaches from high school, to teach the youngsters, not a frustrated Paul Richards or Frank Leahy.

Another interesting phase of this clinic is that it serves as a pipeline to the high school football coaches for talent.

In Springfield the clinic is under the direction of Hank King. Ed Ruby got the ball rolling toward the formation of the clinic. Then Hank was elected president of the Football Commission. Assisting Hank are Mike Catapano, Vinnie Albano (line coach at Springfield Regional) and Don Woodcock (head basketball coach at Governor Livingston).

How about you other Recreation Commissioners giving the kids some organized football? If not this year, get ready for next year.

The Spouter Sez:

I missed the opportunity last week to pick the biggest upset of the season in the Watching area when Scotch Plains dumped Cranford. I went with the Raiders when they were underdogs against Roselle, Bound Brook and North Plainfield. Then when I have the opportunity to get on their championship band wagon, I pull the "turncoat" act.

So with my thick cerebellum bowed, I try once again to look foolish and pick some winners.

The rumor around the area is that the Spouter is going to eat this sport page with a little salt and a lot of pepper at the conclusion of this "rotten" football season.

RAHWAY OVER SPRINGFIELD

The Bulldogs have yet to win a big game this year (unless you consider Edison big), and I don't figure them to beat a good Rahway team. They have been extremely successful against the mediocre teams. Rahway is not mediocre. The battle of the two backs seeking County scoring honors will feature Herb Etzold and Bill Jaworowich. Jaworowich is 6 points ahead of Etzold.

SCOTCH PLAINS OVER CLARK

Unless the championship-bound Raiders get overconfident, they should really "cream" the winless Clark team. The smell of their second consecutive Watching title should provide the Raiders with sufficient motivation.

BERKELEY HEIGHTS OVER RIDGEFIELD

There seems to be no stopping the reckless Highlanders. They will have their usual troubles, but the Buccaneers will manage to end their first season with a 6-2 log. A win would also be their fourth in a row.

(THE SPOUTER'S RECORD — 13 WINS, 9 LOSSES, 1 tie)

Fish, Etzold In Scoring Race, Jaworowich Leads

Although he scored a touch-down against Hillside, Jim Fish skidded from a tie for third to tie for sixth place in the Union County scoring race. Fish did, however, remain within 19 points of the leader—Bill Jaworowich of Rahway, who also scored one touch-down Saturday.

Jaworowich has 79 points for the season, while Fish has scored 60. Others in contention are: Dave Reitz, Westfield, 78; Herb Etzold; Springfield Regional, 73; Pete Hilgendorff, Pingry, 68; Richie Sculls, Roselle, 63, and Les White, Union, 60. All have one more game to play except Hilgendorff who completed his season last Saturday.

Prior to the Hillside game, the Highlanders were rated as the sixth best team in North Jersey. Section 2, Group 2 circles Directly ahead of them was Parsippany, which defeated Governor Livingston in the season opener.

Souvenir programs with pictures of the Governor Livingston team and its coaches will be sold at the Ridgefield game by the Highlander Booster Club. Be sure and pick up your copy at the game!

Berkeley Ups Record To 5-2

Rice, DeDuca, DePasquale Combine With Subs For Win

Coach Al Brown still has a long way to go to equal his 23 game winning streak that he established with his Pennsylvania team. Thus far his Berkeley Heights team has recorded three straight and are odds-on-favorite to make it four in a row this Saturday against Ridgefield in the season finale.

The Highlanders disposed of the Hillside Comets with relative ease, although the score hardly indicates a walk.

After a 13 point first-half effort, the Highlander offense bogged down and had to rely on stout defense to preserve their fifth win of the season.

THIS WEEK RUSSELL

Once again Brown plucked one his reserves from the bench to be the star of the game. This week it was the blue-fingered pass catching of Skip Flint, and the breakaway runs of Ben Russell that totaled victory for the Governor Livingston.

With Frank Fish hurting with a bruised hip, Brown used reserve fullback, Ben Russell. On two perfectly executed draw plays, Russell romped first, for 20 yards then for 40

to score the winning touch-downs.

After years of trying just about every method of running the draw play, Brown confides that he has finally discovered the successful way. Of course, this is Top Secret. Judging from the results, Brown's secret would definitely be welcomed by his less fortunate colleagues.

PENALTIES HURT HIGHLANDERS

As in the case with a team as eager as the Highlanders, they have had a number of offside penalties marked off against them.

It cost them a touchdown Saturday, as a 45 yard pass which ended on the 2 inch line, was nullified.

On this particular play, Brown felt that the referee may have been misled by the blocking assignments of the players. It was a pass with Walt Rice dropping back to block and end Bob DeDuca getting off fast in the opposite direction, to get down field. The fact that the two players were moving in opposite direction may have appeared to be an offside infraction.

CHANGES TACTICS

Brown changed his tactics

this week not only with personnel but with his passing game. The top receiver, Bob DeDuca, was used only twice, as Ken Hamilton repeatedly pitched to his halfbacks. Skip Flint caught five passes for over 100 yards. In his best performance of the year, Flint also averaged 7½ yards per carry. Ben Russell, with two touch-downs averaged 8½ per carry.

A pass pattern that was added during the week payed off with huge dividends. It was on this play the Flint made two of his receptions. Brown explained the play and pointed out that it is probably the most difficult pattern to execute properly, but Flint ran it to perfection.

With the "kick call" mounting after every game, it appears the season '60, ending "none too soon." Three players will definitely not see any action Saturday. Lynn Nesbitt and Bill Price have infected ankles while Pete Suchena has a knee ailment.

Two other doubtful starters are Frank and Jim Fisher. Brown said he wouldn't be able to determine their condition until Friday or Saturday. If Frank can't operate at fullback, Brown will use his se-

cret weapon, Ben Russell. Against Hillside, a number of boys turned in their finest performances of the year according to Brown's grading system. Bill Meritz and Walt Rice on the line played easily their best game. Tom Murphy and Ken Hamilton (for the first half) also pleased Brown. Need we say anything on behalf of Russell?

Two names that have appeared every week as doing a good job for Brown are Jerry DePasquale and John DeDuca. These two go both ways and excel in each department.

RICE AT LINEBACKER

To alleviate his shortage of manpower with an increasing injury list, Brown has made some personnel changes. Walt Rice for one has been switched to line the linebacking spot. Rather than a five or six man defensive line, the Highlanders will go with the pro type four man defensive line. With Ridgefield running the ends a good deal, Brown feels this defense will be able to contain their offense.

It will be interesting to see who will emerge into the limelights this week. It could be any number of Brown's "very surprising" reserves.

Rutishauser Hero In Cliffhanger

Last Play of Game Does It

It was all or nothing at all for the gambling Chuck Nelson and his now championship-bound Raiders. The last of the successful gamblers put it this way:

"I wasn't going to settle for a tie. I don't believe in close losses or ties. If there is the chance to win, I'll gamble. Our attack is predicated on taking chances, and we did just that."

Here was the situation in the "cliffhanger" Saturday.

The score was tied at 13-13 with Scotch Plains in possession on their own 24 with fourth down. There remained about 45 seconds.

The Cranford defense erroneously assumed that a punt was in order, and three Cougars went deep to receive the punt. Little did they know what was in the minds of "the gambling Raiders." As little Tommy Rutishauser came out and assumed his position under the center, the three Cougar defenders came racing in... only to have Sal Verini race past them in the opposite direction. Rutishauser, calmly faded back and connected to Verini who raced for the winning score... And then came the Blue Chips.

WHERE DID HE COME FROM

If you are wondering how Rutishauser snuck into the game, it all started when Bruce Springer received a knee injury. Nelson went with his second string quarterback, Tony Novello for awhile, but then decided that he needed someone to run the "roll out pass."

Rutishauser, being a better runner than Novello, got the nod from Nelson. From that point on, the "obscure star" let his talent speak for itself.

His 3-3 completion record resulted in two touchdowns-passes and an extra point. Not bad for a sophomore. The Raider's opponents for next year, are probably shuddering at the thought of Rutishauser playing a complete game.

AN ULCER GAME

Whether you are the winning or losing coach, many games like this are bound to result in an acute case of ulcers for either coach. Still bubbling over with joy and praise for his Raiders, Nelson put this game as the most exciting game he has ever won since he has been in the ulcer business. "This was definitely the most exciting win I've ever had. It was also a game in which the boys really put forth a team effort. They wouldn't give up, and their determination eventually paid off for them."

ACCORDING TO PLAN

The championship encounter went according to the blue print. Cranford played their usual possession type game. It is a power offense that grinds out short yardage.

The few times the Raiders got their hands on the balls, they went to their wide open offense, which provides the big gains. Their touchdowns of 68 yards by Springer and the 75 pass play that won the game, is an example of their quick scores.

You might say that the Raiders made the most of it when they did get the ball. In the first half, the Raiders ran a scant 18 plays from scrimmage, while the Cougars piled up 42 plays. The Raiders were able to add only 24 more plays throughout the second half.

3 VITAL PLAYS

In a tense ball game like this, you can always pick out a few plays that changed the entire complexion of the outcome. In this particular game there were three important plays:

1) In the fourth quarter, Cranford started to march. They moved deep into Raider territory and appeared well on their way to breaking the game open, but Haywood Gibson saved the day with a key interception and ran the ball back to the Raider 48.

2) The Cougars were once again on the prowl moving towards a score, but a crucial 15 yard penalty was inflicted on them and ended their threat for a score.

3) Probably the most important and definitely most vividly remembered is the final play of the game for the Raiders. The Rutishauser to Verini bomb that blew up in the faces of the Cougars.

Berkeley Drops 2-0 Jeff Match

The soccer team of Governor Livingston Regional High continued to serve as an unwilling foil in the scoring duel between Union County's two top schoolboy scorers last week.

Joe Fiorello booted home both defeated the Highlanders, 2-0. Fiorello, the county's top scorer last season, now has 36 goals for the season.

Vince Iraggi of Linden had scored twice against the Highlanders the previous week. Iraggi has booted in 17 goals this year.

Governor Livingston gave Jefferson's defending state champions a stern battle before becoming the Tee Jays' sixth shutout victim this season. The teams struggled through a scoreless first-half before Fiorello hit the nets in the third and fourth periods to give Jefferson its 15th win. The Elizabeth booters have been tied twice. IT WAS THE Highlanders' sixth loss against two wins and three ties.

Governor Livingston closed out its season on Monday, playing a postponed game against Scotch Plains at the Raiders' field.

Boro Booters Setback Frosh

The Deerfield Soccer Team avenged an earlier setback by trouncing the governor Livingston Freshmen 3 - 1 last Wednesday. Bruce Jubanowski, a seventh grader, scored from his outside-right position late in the first quarter to give the Mountsinside team a lead it never relinquished. He scored again in the second quarter to make the score 2-0, then headed the ball down in front of the goal early in the last period to set up, the third score.

Jubanowski's older brother David, playing center forward for the Freshmen, scored the only Gov. Livingston goal late in the game on a penalty kick.

Outstanding for the Deerfield team, which won its fifth game against 3 losses and two ties, were-center halfback Alan Hambacher, Captain Jeff Schoferman at fullback, and inside right Carey Dolbler.

The Mountsinside teams winds up its season Wednesday at Montclair Academy.

CAN'T LET UP

The Raiders are in a very dangerous position. They have everything to lose against a Clark team that has absolutely nothing to lose. One more loss to Clark could hardly be felt after the thumping they have absorbed thus far.

Nelson still remembers 3 years ago, when his winless Raider team took on a heavily favored Clark bunch. What happened? The Raiders upset Clark. He doesn't want this to happen to him this year.

"We've been going light for a couple of days this week, but now we are ready to go full speed again. I guess there is a natural tendency to let down, but it is up to the coaching staff to prevent complacency. The coaches aren't letting up, and the players better not let up."

So, as the curtain is about to be dropped on another season, the Raiders with a win over Clark can expect to receive a thunderous round of applause from football fans throughout the area. There isn't another team in the county, that has "hung in there" like the Scotch Plains Raiders have. If they feel a little cocky, they have a right to.

Letter To The Spouter

Another Parent Appeals To Board

Dear Spouters:

Having read your article (No Field for Springfield) I agree whole heartedly with you and Mr. Kono. This field is in very poor condition and is a sorry excuse for an athletic field. The field house, if it can be called that, is in pitiful condition. The plumbing is old and worn out and the toilet facilities do not work properly, besides being too small for the boys to change in. I have boys of my own, who will be using these facilities in the future and I hope that the County will see fit to do something to correct these conditions, not only for my children but for all the children that are now using this building. I think that the Regional Board of Education should start the ball rolling, to get an agreement made, to have this field maintained and supervised by the Board. It's high time something was done. Parents that don't believe me, go out and see for yourselves, the many holes and gullies. I have played many a ball game on these diamonds, and it's some job! I'm chasing a fly ball and step into a hole.

Thanks Spouter for bringing this out in the open. I am behind you 100%.

Very truly yours,
FLOYD C. MERSEY

Boys Bowling Starts At Blue Star Lanes

Every Saturday morning boys from Scotch Plains and Fanwood between the ages of 10 and 18 meet at the Blue Star Bowling Lanes.

The boys are members of the Scotch-Fanwood Boys Bowling League. This league is divided into 2 divisions, the bantam (ages 10-12) and the junior (ages 13-16).

This league is in desperate need of help from interested parents who would be able to keep score for the younger boys. If you are interested, please contact Ron Berger, Supervisor, AD League Highlights.

In the bantam divisions, Matt Carey bowled a 40 7series, his 165 in the third game was high for the day. Fanwood Hardware took 2 games from first place Plantation Shell to move into a tie for first place.

In the junior division, Gary McCormick and Bob Smith Bowled high series of 468. Richard Smith bowled the high game of 187. Livinghigh-Wilbur remained in first place by beating Snuffy's Steak House 2-games.

Springfield Will Try Again At Winning A BIG GAME

Thursday, November 24 will be something more than Turkey Day for the Springfield Bulldogs. It will be REDEMPTION DAY.

It will be a day that opportunity to show their will provide them with an supporters, and their critics, that they CAN WIN THE BIG ONES. Thus far this year they have failed to convince anyone that they are better than just an average team.

average team. It is also no disgrace to be a poor team, as long as the team plays hard and exemplifies good sportsmanship. But if you can be a better than average team, why settle for mediocrity.

AVERAGE TEAM Maybe the Bulldogs are just an average team, and went out of their class in trying to match Roselle and Westfield. Then there is another aspect... maybe they have the ability, but get that something before a big game.

When the Bulldogs lost to Cranford it came as a shock. You could hardly consider that a big game, but nevertheless

Bulldogs "House Broken" in Previous Efforts

they were completely stymied by the more aggressive Cranford bunch.

Then with losses to Roselle and Westfield, it leaves one question to be answered. "Just how good (or bad) Springfield really is?"

When Coach Herb Palmer was asked about his teams' performances to date, he said, "I can't help but be disappointed in our losses to Roselle and Westfield. Our kids just didn't capitalize on their opportunities."

LUCK GOES WITH SUCCESS

Very few successful teams go through a season without any luck. Every team is presented with a certain amount of luck...

IN TOP FORM

Against a Piscataway team that has been shell-shocked on numerous occasions this year.

was no match for the vicious Bulldogs. Led by Tom Marino, Herb Etzold and "unknown" John Appa, Piscataway was rapidly put into submission.

The passing game of Marino and Appa was something to rave about. They combined to complete 12 of 16 passes for 239 yards.

Herb Etzold showed his brilliant all-around ability as he caught two touchdown passes and ran for a third. Etzold now has 12 scores which leaves him one behind Bill Javorovich of Rahway.

NO HAPPY MEDIUM

The Rahway clash will go either one of two ways according to Herb Palmer's diagnosis. Either one touchdown

will decide or it will be a complete rout by one of the teams.

Last year the two teams battled to a 13-13 tie. But let's take a look at the 1958 massacre.

This was the year the Rahway team had Jolint Joe Williams, Fuzzy Firkser, Rahway coach, kept Williams in the ball game to the very end and proceeded to run up a score of 70-7.

as the players on the squad at the time.

It isn't too probable that the Bulldogs will get the opportunity to "put it to Firkser" to the tune of 70-7.

WAIT AND SEE There is only one thing to do... and that is to wait until REDEMPTION DAY.

(1) Can the Bulldogs win a BIG BALL GAME

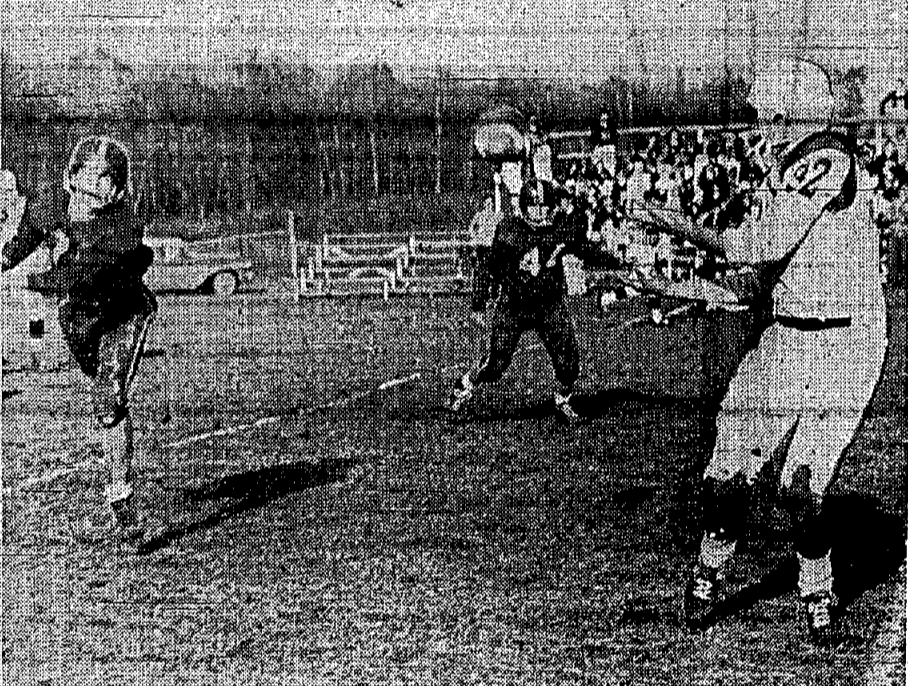

(2) Will Palmer put it to Firkser this year.

(3) Are the Bulldogs an average team, or a good team
