Layng, Mrs. Smith Named To New Municipal Posts

Lucy Votes "No" On Layng Appointment

Two new positions were created and filled by the Springfield Township Committee Tuesday night. Mrs. Marie Smith, a clerk in the Tax Collector's office, was appointed Deputy Tax Collector, and Wilbert Layng, secretary of the Tax Assessor's Board, was appointed Finance Administrator. Committee member Daney Lucy opposed the appointment of Mr. Layng on the basis that there is no degree of permanency to the position. A temporary position, it may be dissolved by the committee at any time.

Mrs. Smith's appointment is effective from January 1 until December 31. The salary is to be fixed in the salary ordinance due for adoption in February. Her duties include helping the tax collector in the administration of his duties and acting as tax collector in his absence. Mr. Layng voted for this appointment. The position of Finance Administrator is a temporary one and may be terminated at any time by the Township Committee. He will serve until December 31 of the year appointed. This salary, too, will be fixed in the February salary ordinance.

The duties included in this position are the administering and overseeing of all financial records of Springfield, particularly in the offices of the Treasurer, Finance Department, Payroll, Disbursements, Purchasing, Tax Collector's office, and all income receipts and other monies.

Mayor Vincent J. Bonadies, speaking in relationship to the newly-created post of Finance Administrator stated, "This is the first step the Committee is taking in a study of the needs of this position. We need a better understanding of what will be entailed in the post and by creating a temporary position we will receive these facts. We don't wish to impose a full-time salary on the tax payers until we know the full extent of the position." The Mayor went on to say, "Once we have all the facts, then we will know if the

Regional Budget Up

6 Attend Hearing

A 1961-62 budget of \$3,205,329 was adopted by the Union County Regional Board of Education last January 17 after a public hearing attended by six interested persons. There were no objections.

The proposal will be submitted Feb. 7 to voters in the six-municipalities district. Also to be voted upon will be a resolution passed which authorized the issuance of \$1.5 million in bonds to pay for an addition to Gov. Livingston Regional High School, and the candidacies of four men seeking two seats on the education board. The annexes were approved by voters several months ago.

The new budget lists \$2,718,903 to be raised by taxation, an increase of \$398,987 over the current tax levy. The larger figure will be apportioned among the six municipalities according to this approximate schedule: Springfield, \$884,778 or 25.2 per cent; Berkeley Heights, \$574,939 or 21.2 per cent; Clark, \$536,184 or 19.8 per cent; Mountainside, \$409,728 or 15.1 per cent; Kenilworth, \$358,184 or 13.2 per cent, and Garwood, \$150,178 or 5.5 per cent.

Helping to hold down the tax rise are increases of \$80,000 in the amount to be appropriated from surplus and a rise of \$35,014 in anticipated, state and federal aid and miscellaneous revenues.

The increase in the budget, \$498,981 higher than this year's, is due primarily to an expected increase of 650 students, requiring 33 new teachers and added services at regional's three high schools. Dr. Warren M. Davis, superintendent of schools, said it would be the greatest single pupil increase the district has had or would have in the foreseeable future.

Other major new items are a revised salary guide for teachers and administrators; a mandatory debt service increase of \$100,000 due to construction of Gov. Livingston High School additions; and \$30,000 in added transportation costs.

\$105,000 Goes Toward New Personnel, Salary Hikes

A school budget of \$1,363,222.60 was adopted by the Springfield Board of Education, after a public hearing last January 17. Approximately 20 interested residents attended the hearing. The budget will be voted upon in the February 14 school election.

Salary increases and new personnel account for over \$105,000 of this amount. The school system intends to increase the teaching staff by eight and to add one maintenance man. The proposed salary adjustments are necessary if the Board of Education is to retain competent employees and attract others to the expanding system.

The other area of increase, over which the Board has no control as the amounts were approved by separate referenda over the years, is in Debt Service. As of June 30, 1960 the outstanding bonded indebtedness on all schools was \$2,399,000. To this is added the \$25,000 authorized on June 28 for the purchase of ten acres of land from the Baltusrol Golf Club, and total obligations reach \$2,424,000. This will be reduced by \$136,000 in the 1961-62 budget in accordance with the maturities of bonds and notes. The interest payments have decreased, slightly due to maturities effectuated in the present budget.

The total increase developed by salaries in the amount of \$105,000 and debt service in the amount of \$52,353 is \$157,353, a difference of only \$202 in the entire increase of the total budget.

Total Current Expenses anticipated is \$1,513,045; Capital Outlay, \$337,200; Debt Service, \$211,270.

The local Board expects \$115,352 in the way of State Aid for Current Expense in 1961-62 from the State Department of Education. The Federal Government under the National Defense Education Act will contribute \$100,000 toward science and mathematics programs. This means the Board must raise \$558,706.06 for Current Expense by local taxation.

Under Capital Outlay the local Board expects \$115,352 in the way of State Aid for Current Expense in 1961-62 from the State Department of Education. The Federal Government under the National Defense Education Act will contribute \$100,000 toward science and mathematics programs. This means the Board must raise \$558,706.06 for Current Expense by local taxation.

Girl Scout Cookie Sale Starts; Chairmen Picked

5 Varieties Are Offered

The biggest event on the local girl scout calendar—the annual cookie sale of the Washington Rock Girl Scout Council—will begin next Saturday, January 28, and last until February 3, it was announced yesterday by Mrs. A. M. Gessler of Cranford, general chairman.

Mrs. Gessler said some 10,000 girls in 750 troops, assisted by a corps of adults, will solicit orders for cookies from residents in the 26 communities served by the council throughout Union County and parts of Middlesex and Somerset Counties.

The sale is approved by United Fund organizations of which the council is a participating member. Net proceeds of the sale are shared between the council and individual troops participating and are applied to the improvement of camp facilities and general services and to defray part of the expenses of troops for program supplies and equipment.

The sale will be supervised by adult representatives in each of the twelve districts served by the Council. Chairman of district IV, comprising Berkeley

Heights, Warren Township and Watchung, is Mrs. W. L. Kulkis, 124 Harrison Avenue, Berkeley Heights. She will be assisted by the following neighborhood chairmen: Mrs. H. W. Powell, Jr., Mrs. B. F. Weber and Mrs. John Yank.

Chairman of district VII, comprising Scotch Plains and Fanwood, is Mrs. D. W. Cladwell of 1915 West Broad Street, Scotch Plains. She will be assisted by the following neighborhood chairmen: Mrs. A. J. Bradley, Jr., Mrs. J. P. Heim, Mrs. James Hewitt and Mrs. Edward Winsor.

Mrs. John Casale of 2397 Seymour Avenue, Union is chairman of district VIII, comprising Springfield and Union. Mrs. H. E. Peter, Mrs. Isadore Rosenbaum, Mrs. Donald Lorenz, Mrs. Harvey Applegate, Mrs. George Boeger, Mrs. Charles Krierim and Mrs. L. W. Kriegman will assist her.

The selections to be offered this year comprise five varieties of cookies in attractively wrapped boxes costing 40 cents per box. No money will be collected from purchasers until orders are delivered during the first week of March at which time orders will be solicited for delivery at a later date.

Mrs. Jensen Gets Full-Time Duties

Mrs. May Jensen, an office worker in the Springfield Board of Education, was placed on full-time employment at an annual salary of \$2400, by the Board at its last meeting.

Mrs. Jensen had previously been a part-time employee, working on an hourly rate which had almost reached the equivalent of full-time employment. Her duties include typing for the school superintendent and the school psychologist.

The Board also appointed Mrs. Tessie Jones, municipal tax collector, custodian of school monies.

The program will be moderated by Mrs. Albert Stillwell of the Watchung League and former president of the Westfield League of Women Voters.

Everyone is welcome to meet the candidates for the Local School Board and the local candidate for the Regional School Board.

When It Snows, Call Schools or Listen to Radio

The over-abundance of snow this area has experienced in the past two months has increased the Springfield Board of Education's headaches. Parents wishing to know if there is school after a heavy snowfall have been calling the Police Station, instead of listening to John Gumbing or WNEW. These calls have created havoc with the Police lines which should be open for emergency calls.

Until further study is completed, janitors will be stationed at the school phones at 6:30 a.m. when it looks as if there will be no school due to snow. The Board is also seeking the cooperation of the PTA.

The Board had wanted to install a recording at Bell Telephone which would inform residents of "no school today," but the cost was found to be prohibitive. The cost per month per unit would be \$12.50 plus an installation fee of \$18.75. Bell Telephone required an option, too. They stated the flood of calls would burn out the equipment; so 3, 4, or 5 units would have to be installed. The Board also looked into the use of an answering service, but the service was not available to the school system.

MAYOR BONADIES HONORED — Springfield Mayor Vincent J. Bonadies was honored at a testimonial dinner this past Sunday evening at the Chantier Restaurant, Millburn. He was presented a plaque and, Howard A. Flammer, Township committee member.

The program will be moderated by Mrs. Albert Stillwell of the Watchung League and former president of the Westfield League of Women Voters.

Everyone is welcome to meet the candidates for the Local School Board and the local candidate for the Regional School Board.

 position should be a permanent or a temporary one."
 Committeeman Lucy opposes the procedure and method utilized by the Township Committee in the Finance Administrator appointment. While he acknowledged there is an urgent need for the position, he cited the need for a permanent position, not one which can be ended by the Committee at any time. "Some assurance is needed; the man won't know from one day to the next if he will retain the position," stated Lucy. Lucy also felt the duties should be

clearly spelled out and that someone with an accounting background would fulfill the position more adequately. Lucy continued, "I can't see efforts being divided between the Tax Assessor's office and those new duties."
 Mrs. Hazel Hardgrove of Springfield asked Mayor Vincent J. Bonadici if this new position would reduce the duties of elected officials. "The position of Finance Administrator doesn't reduce the activities of any elected officials; it supplements their duties. It also does not reduce the power of the governing body," the Mayor answered.
 The Committee has not yet decided if Mr. Layng will receive

his salary as tax assessor plus or minus an additional salary for his new duties. This will be decided in February.
 The Committee authorized \$875 for Theodore T. McCrosky for codification of the zoning ordinance. This money was authorized in the 1960 budget and will be carried to this year's budget. Mr. McCrosky is the author of the 1955 zoning ordinance.
 The Jersey Central Power and Light Company sent a communication to the Committee, informing them the installation of lights on Riverside Drive will cost \$135.50 annually.
 William Foucher bought a 1948 Willys Universal jeep for a bid of \$651.
 The Fire Department recommended that Second Class Fireman George W. Wentz be advanced to First Class Fireman. His conduct and attendance have been in accordance to the Department's standards. His promotion is effective February 15.

Letters to The Editor

Editor, Sun:
 This is an open letter to the citizens of Springfield.
 I am the first to agree that basically the idea of publishing the minutes of the Township Meetings in a "Report To The People" is a fine one.
 However, these reports sometimes look like just another handout prepared by some public relations firm for a closed corporation.
 Rather than all that transpires, we keep seeing mostly the misleading word "Unanimous." Why is there an absence of press releases concerning certain Township Committee Meetings which by a certain coincidence are the ones at which one or more of the Committeemen voted either negatively or abstained from voting? Where are the reports of questions asked by interested townspeople when the meeting is opened to them? And where are the evasive "on the spot" answers to these probing questions?
 I think I speak for the townspeople when I say: "We have no patience with arguments in favor of unanimous Committee decisions. There is no more reason to desire unanimous decisions here than for the decisions of the U. S. Senate or a Corporate Board to be unanimous. Once the vote is taken, then the majority prevails and there is no reason to think that a Director or a Committeeman voting in the negative on any issue is in any way disloyal to his or her Corporation or to the Township, any more than a Senator registering an objection to a majority vote is disloyal to his Country."
 The best way to be sure of obtaining full disclosure is for more and more township people to go to their meetings on the 2nd and 4th Tuesdays at 7 P.M., to listen and speak out at the

PTA NEWS Your Library

Never let it be said that the parents and teachers of the Gaudineer School are "sugar babies" in any way whatsoever. In spite of the way below freezing temperatures, in warm wraps and boots, out people came to "An Opportunity for Discussion." Four workshops were scheduled for the Monday, January 23 meeting of the Gaudineer P.T.A.

After the Reverend Edward R. Oehling of St. James Roman Catholic Church gave the invocation, Mrs. Robert B. Jackson, P.T.A. president, presided over a brief business meeting. The Coordinator of the program was Mr. Robert Micali, school psychologist. Mr. Micali substituted as the leader of the Reading workshop for Mrs. Loreta O'Brien who was attending a special remedial reading workshop at Temple University. Motivation in reading was a main joint with many opinions expressed.

The Assistant Principal, Miss Helen J. Kojoski, presided over the group discussing report cards. The merits of the number system of marking versus the letter method were duly explored. The importance of the child's emotional and personal growth as combined with his intellectual growth is of vital interest to parents and teachers alike.

The leader for the homework workshop was Mr. William Pfeifer. As would be expected this subject was and is the object of many opinions. "Too much, too little, too long, too short, these were the avenues explored in the session.

Dating was the topic that was led in discussion by Mrs. Revn Johnson. It was generally agreed that it was up to the parents to set the standards, to encourage, to plan activities for their children's parties and to cooperate in so doing with the other parents.

Just prior to the main part of the meeting Mr. Joseph Bender of the Springfield Board of Education spoke on the referendum that will be presented to the voters on the School Board elections concerning the fire equipment and protection system in our schools. The Board urges the voters to vote "Yes" on this Proposal in the forthcoming election.

The meeting concluded with hot coffee and cake which warmed all preparatory to confronting the elements on the homeward journey.

All P.T.A. members are urged to attend the Board of Education Candidates' Night to be held on January 30 at the Gaudineer School. This meeting is sponsored by the four local P.T.A. organizations and the League of Women Voters of Springfield, in order to acquaint all with the candidates in the election.

Raymond Chisholm All members are urged to attend the Candidate's Night at the Gaudineer School at 8:15 on Monday evening, January 30. This meeting, which is sponsored by the League of Women Voters, in cooperation with the P.T.A.s, gives you an opportunity to meet, listen to, and question prospective members of the Board of Education. Since these people decided much of the policy of our school system, this is one of the most important elections in the town of Springfield, and your attendance at this meeting will help you to be informed voters.

Open Letter to Publicity Chairmen

Dear Publicity Chairmen: You are the backbone of our paper—bless you! Without you we could not succeed in telling the story of your organization. Many, many thanks for the news releases you send us relating the progress of your group and announcing its functions.

Several of you asked us about deadlines and preparation of copy. How can you be sure your copy will get in the paper? How far in advance should it be submitted? How should it be prepared? Do we have any style preferences?

It seemed, upon consideration, that the best was of answering your questions would be to write an open letter to you all. Then if you have any problems a telephone call will bring us together to talk them over. Our number is DR 9-5000.

1. Let's talk about deadlines. This is exactly what the term implies—a DEADLINE. It's the last possible minute for getting in copy, and we're both dead if we miss it. Our deadline is Tuesday noon, but please send your copy in earlier. Obviously if we received everyone's copy at noon Tuesday we would not be ready to go to press on Wednesday. The sooner we receive your copy the better chance your organization has of landing a good spot in the paper. We appreciate it when you send in your copy as soon as Monday. If we receive it on the preceding Friday you're an angel, and if we get it on Thursday your halo really glows.

2. Please type your story. The printer does not accept copy which is not typewritten and double spaced. If you submit material which is written by hand and we do not have time to type it for you, it may be left out of the paper.

3. Submit clean, clear copy—preferably and original on a fresh-looking carbon. We have neither magnifying glasses nor decoders here. Not even any Bar-dol for getting rid of "smudge carbon."

4. Do not write the headline, but do leave enough room at the top of page one for us to write it.

5. Unless yours is a feature story include all essential information in the first or "lead" sentence, if possible. Sometimes it takes two sentences to do this. The lead should answer the questions Who? What? Where? When? How? and Why? Don't miss a single one.

6. Never begin your story with a date. This is neither the most important fact nor the most interesting.

Instead of:

On January 12, 1961 the Woman's Charity Organization met at the home of Mrs. John Smith, 999 Main Street. The minutes of the last meeting were read by Mrs. William Jones, secretary.

Say: Party favors were made for patients at Children's Hospital by members of the Woman's Charity Organization at a meeting held January 12 at the home of Mrs. John Smith. (Don't even mention those minutes!)

7. In announcing future events be sure to include all of the facts. "When?" refers to the hour as well as the date.

8. Do not capitalize titles when they follow a person's name (John Smith, president). Do capitalize titles when they precede the name (President John Smith).

9. Often copy must be rewritten. This is no reflection on the ability of the author. There are many reasons for this. The most common is the need to adapt the length to suit our space requirements.

10. We will do everything in our power to see that your story appears in the paper. There are some factors, however, which are beyond our control, such as a last minute news story which may replace a story of lesser importance. If this should happen, please try us again. We're sorry about it, too.

So let us know how we can help you. By working together we can put your organization in the news. Managing Editor

ON ELECTRICITY

Remember the "good old days" of twenty-five years ago? And how the cost of everything has gone up since? Almost everything, that is. But not the cost of electricity! You're actually paying about 60% less for electricity today than you did in 1936! If your bill is higher now, it's because you're using far more electricity. Just look at all the new appliances you have that didn't even exist a few years ago! Who could afford half of them if the cost of electricity had gone up along with everything else?

The average price paid per kilowatt hour for electricity by our residential customers has gone down approximately 60% in the past 25 years!

A word about Ink Stains

With the advent of ball point pens, we encounter less ink stains. However, every day we receive clothing with nasty stains, many of which are permanently set into the fabrics because of attempts to clean these stains at home.

One favorite old remedy for removing ink was to apply milk to the stain. Forget it, warns the National Institute of Drycleaning. The milk can actually be more difficult to remove than the ink. Since today's clothes are made of a variety of fabrics, synthetic and natural, and there is also a wide variety of inks, it is inadvisable to try cleaning the stains at home.

Take your stained garments to your drycleaner and utilize the experience of a professional spot remover. Our "Spotters" are trained in the chemistry of such stains and have the chemicals and tools required. Why take chances... give the milk to your children and send your clothes to Pan American.

Regional Board Enlarges "Slow Learner" Program

A second program for "slow learner" pupils in the Union County Regional High School District was authorized by the regional school board at its meeting last January 17.

The initial program was begun four years ago at Jonathan Dayton Regional High here. Its first class will be graduated in June. The second program will be set up during the present semester at Arthur L. Johnson High in Clark.

The board hired Horace Hollingsworth at \$5,300 a year to teach the first ninth-grade class of slow learner at the Clark school.

Dr. Warren M. Davis, superintendent of schools, said that a total of 90 boys and girls are enrolled in the special classes, in which he said were a means of keeping them in school through graduation.

When the Johnson Regional program is established, students from Garwood and Clark will be assigned there. The remainder from Berkeley Heights, Mountainside, Kenilworth and Springfield will attend Dayton Regional.

Rev. Henstock Speaks to Joint Women's Meeting

The day group of the Women's Work and the Youth Consultation Service (YCS) of St. Paul's Episcopal Church, Westfield, will

hold a joint meeting on Thursday, February 2, beginning with devotions in the church at 12 o'clock noon. Immediately following luncheon will be served in the parish house.

The guest speaker will be the Reverend Ronald Henstock, rector of St. Stephen's Church of Plainfield. Father Henstock is president of the Youth-Consultation Service for the Plainfield-Elizabeth district and is president of the Northern Convocation. Father Henstock will talk about the YCS work in the district.

The YCS is a social casework agency whose service is non-sectarian and available to all young people and their families. Social workers trained in the understanding of personal and family conflicts help the individual meet his problems in a more satisfactory way. The YCS of

Westfield is being resumed on Tuesday, January 31, when Mrs. Gloria Deodato, Speech Therapist at the Home, will repeat her presentation on "Communication and the Brain-Damaged Child," by special request. The session will begin at 10 A.M.

For this—and for all others of the series, volunteer hospital workers, parents and all others who may be interested are cor-

dially invited. The next in the series will be given on Thursday, February 16, and will begin at 9:15. Dr. Cath. E. Spears, Neurologist, and Dr. Charles I. Nadel, orthopedist, both of the Cerebral Palsy Unit of the Home, will discuss that affliction in all its aspects.
