## Ladies Absent 50 Years

Once again, and for the 10th time in its history, Baltusrol Golf Club in Springfield, this year will be the scene of a major golf championship. For three days commencing June 29 the finest golfers of their kind in the world will compete in the USGA Women's Open Championship. But despite its long record of service to the game, this is the first time the ladies of the links will have graced the Baltusrol fairways in 50 years.

In the interim since 1911 when Miss Margaret Curtis defeated Miss Lillian Hyde in the final of the Women's 1911 Amateur Championship, five national mens' championships have been decided at Baltusrol. The manner in which these events were played and the way in which the ultimate winner emerged has contributed to Baltusrol's reputation as a course where the dramatic is a certainty and the unexpected, the expected.

Baltusrol is where Jerome Travers of nearby Upper Montclair in 1915 partayed an unerring driving iron off the tee and a red hot putter on the greens to become the second amateur ever to win the USGA Open.

Baltusrol is where "business man" golfer George Von Elm upset the immortal Bobby Jones in the final of the 1926 U.S. Amateur to take the title west of the Rockies for the first time in history.

Baltusrol is where unknown Tony Manero, an ex-caddy from Westchester via an unheard-of course in North Carolina, finished with a course record 67 and a tournament record of 282 to win the U.S. Open Championship in 1936 and frustrate Harry Cooper's last great bid for a major championship.

Plans will be explained by Chairman Judy Feld about the Fund Raising project which will be a June Garden Auction Sale, to be held at Temple Beth Ahm in Springfield on June 20th.

Anyone having a favorite cutting or plant for this sale please call Mu 2-9519.

Turning his back to the 18th hole of Baltusrol's Lower Course, where the tournament was being played, he saw he had a clear shot to the 18th fairway of Baltusrol's Upper Course, where, till then, the tournament was not being played. The woods in which his ball had come to rest separated the two courses, and as no ruling had been made to the contrary, Ed's course of action was obvious.

Miss Betty Hughes, of Glasgow, Scotland, has left for home after a month long visit with Mr. and Mrs. Robert Briggs of 670 Morris Avenue. Miss Hughes who is Mrs. Briggs' cousin, is employed in the "prop" department of Scotland's only television station, and during her visit here was able to visit the Prop department of the Peery-Gomo show, and in other ways get a backstage look at our American productions. Mr. and Mrs. Briggs and their guest were joined by Miss Hughes' sister Louise, who now resides in New York, for a one week trip to Canada. The foursome visited Toronto and Montreal, and were able to go through the prop departments of the Canadian Broadcasting Company.

Mrs. Phyllis M. Raymond, daughter of Mr. and Mrs. James Schweitzer of 96 Meisel Avenue, and a former resident of Springfield, was one of the candidates presented with a degree on Sunday afternoon, June 4, at the Newark College of Engineering. Phyllis was one of 117 wives who received an honorary "Ph.D." for helping to put their husbands through NCE. Young Mrs. Raymond, who is a graduate of Jonathan Dayton Regional, received her degree Magna Cum Laude, because she added three-year old Jeffrey and two-year old Lori Ann to the family, while Dad was in school. Mr. Raymond was toastmaster at the affair. The couple are now residents of Clifton.

Congratulations to Mr and Mrs Attila Micheller on the birth of their first child, a son, on May 25 at Overlook Hospital. The new addition who weighed seven pounds, thirteen ounces at birth, has been named John Attila. The family resides at 277 Morris Avenue.

## Display Miss Sweeney Flags on Receives BA June 14

President John F. Kennedy has proclaimed next Wednesday, June 14, as Flag Day. He has directed that the nation's colors be displayed on all government buildings and called upon all citizens to "observe that day with suitable ceremonies, including the display of the flag at their homes and other appropriate places."

Though this day is not a legal holiday but in two states, Pennsylvania and Missouri, it commemorates the passage by the Continental Congress of the resolution authorizing the flag of the United States, June 14, 1777. It is urged that all residents local merchants display the American flag on this day. From the looks of the town last Memorial Day a visitor from foreign shores would never have known that this town was honoring its war dead. There were so few flags flying that one could count the number on one hand. It was probably not due to disrespect but forgetfulness and/or laziness. So one June 14 bring out the red, white and blue and display it proudly and prominently.

### Good Vision

For continuous good vision, wash your sunglasses frequently. When out of doors, rinse them in clear water and polish dry with Kleenex tissues to remove finger prints and oily lotions. Indoors, warm soapy water and a soft brush that gets into the crevices of the frames will keep glasses shining.

### Summer Shoe Care

Some of this summer's shoes are practically the wash and wear variety. They are sport shoes in suede or leatherlike materials which actually can be cleaned with warm suds.

Here's how. Scrub the scuff marks off with puddy water using a soft brush. Wipe suds off with dampened Kleenex towels, then soak up any excess moisture with the dry paper towels.

There are few unbreakable rules to limit your choice of paper for personal correspondence. But there are times when one type of paper is more suitable or practical than another. Here are the most popular kinds, and their uses:

**Two-fold single sheet.** A large (7" x 10 1/2") single sheet which requires two folds to fit in envelope. Good for business and other typewritten letters, general use.

**Correspondence (or message) card.** A 3 1/4" x 4 1/4" card, usually marked with name and address, sometimes used like a post card, sometimes with an envelope. For short informal notes.

**Visiting (or calling) card.** Seldom used today for its original purpose to leave when making a formal call - this 2 1/4" x 3 1/4" white or ivory card, bearing owner's name and (sometimes) address, is widely used to extend and answer informal invitations.

**Informal.** A slightly larger (3" x 4 1/2") double-card, with the fold at the top, marked with monogram or name and address. Used for informal messages and invitations, like above, but never as visiting card (Notes are also sometimes called informals.)

### Local Sane Group Hears Rabbi Levine, Keys Speak

"Truth - Justice - Peace", the moral ethic laid down by the Hebrew sage, Simeon, and the admission of the prophet Isaiah that "Men should beat their swords into plowshares and spears into pruning hooks" and practice war no more, were the key words in a talk by Rabbi Reuben R. Levine of Temple Beth Ahm before the Watching Committee for a Sane Nuclear Policy on the evening of May 24 in the Springfield library.

Identifying "fear" as the motive behind the Nazi madness, the Rabbi stressed the irrational lengths to which a climate of fear can lead groups of men. Reasserting the need for patient seeking of rational answers which would banish fear from the earth, the Rabbi concluded with the words of Rabbi Simeon, "Only when the elements of truth, implying science, and justice, implying morality and law, are present, can the world look forward toward peace."

As an answer to those who would renew nuclear testing due to the impasse at the Geneva test ban

negotiations, Donald Keys, the following speaker declared that the present arms race was a "dead end." Mr. Keys is on the National Board of the Committee for a Sane Nuclear Policy.

Reviewing the broad weapons of chemical and nuclear warfare, Mr. Keys asserted that they certainly would be used within the next decade unless there was an agreement. The National Committee for a Sane Nuclear Policy is concerned with prevention and not survival in a nuclear war.

Keys, who recently returned from Geneva, reiterated Sane's appeal to Khrushchev to abandon his proposal for a 3-man executive with built-in veto for the test-ban commission. A copy of Sane's full page ad in the Times to this effect was circulated as well as petitions to the powers represented at Geneva, asking them to conclude a test-ban treaty.

The meeting was concluded with a prayer led by Rabbi Levine. Sane's next meeting is planned for the 20th of June. Call DR6-5629 for further information.

**Band-Aides, Splints, & Bandages**

By Barbara and Bill — Springfield First Aid Squad Reporters

In just a few short weeks school will close for the summer and all our children will be outdoors during most of the daylight hours. Summer brings with it an increase of both pleasures and hazards.

Springfield has many excellent playgrounds, but many times our children will be found playing in the streets. Admittedly, there is a certain allure in playing where they shouldn't and occasionally holding up traffic. Sometimes, however, the children are not seen by the motorist and tragedy occurs. The neighbors may be aware of the street being used as a playground, but a stranger just passing through may not be on the alert for a child darting in front of his car. It is far better to nag our children a little and make them go down to the local playground or play in their yard than to run the risk of an accident.

With the sudden change from winter to summer we are again exposed to sunburn, heat stroke and heat exhaustion. Children are just as susceptible as adults, especially when they play strenuously during the day. It is easy for them to get overexcited and tired during a baseball game. It is a wise mother who controls her children's activities during the mid-day and early afternoon hours.

Severe sunburn causes great discomfort and may keep you at home for several days. Please limit your time of initial exposure. Children will be better off with loose fitting clothing than playing in the sun. As summer wears on they will get a gradual tan instead of a burn.

No matter how much they are supervised, children occasionally do get into minor accidents. If you see that a child is in pain and the injured part is in an abnormal position, swollen, or tender to the touch, DONOT MOVE HIM. Leave that to your doctor or the First Aid Squad. The child is more comfortable where he is than if you tried to carry him home. A broken bone will knit readily but if it is moved it may cut nerves, arteries, and muscles that cannot be so easily mended. Take advantage of the recreational facilities that your taxes pay for and play safe for the summer.

A 1957 graduate of Springfield Regional High School, Miller majored in history and minored in Spanish at Upsala. He plans to make teaching his career. Commencement speaker was Dr. Daniel Z. Gibson, president of Washington College, Chestertown, Maryland.

Spring is often bath-time for the pets in your house. Schedule pet-bathing for the out-of-doors and avoid getting a bath yourself. Add a tablespoon of pine cleaner to a gallon of the washing water. Rinse well with clear water. Your pet will be clean and smell clean, too.

**The Battery**

The Battery—Eight towering granite pylons, 19 feet high, loom as a memorial to the 4596 American servicemen who lost their lives in the Atlantic during World War II. A 18-foot bronze eagle, poised in the act of descending to lay a wreath on the waves, stands as a symbol of homage to the honored dead.

Soak messy paint brushes in a full-strength solution of a household cleaner containing pine oil. Rinse well in clear water. Since pine oil is a natural solvent, this "bath" will help keep paint brushes clean, soft and ready for the next "decoration."

### Beacon Hill & Lions Win; Bunnell, Jayne's Motor Tie

Due to rain, only 3 games were played in the Babe Ruth Minor League this past week. Beacon Hill beat Gem Shoes 11 to 4; the Lions trimmed Gem Shoes 17 to 7, and Bunnell Bros and Jayne Freighters went 7 innings ending up in a tie 8 to 8. Danny Condon started the game for Jayne but had to be relieved by Hitchings in the 4th inning. Condon and Shubert were the powers for the Jayne team, both hitting doubles. In the last inning, Jayne got 3 runs to tie the game with Barry Pulmer driving in the tying run. The outcome of the game for the Bunnell team settled down and with men on second and third and one out, he struck out the next two Jayne batters. Sammond and Costanza each had doubles for Bunnell Bros.

### Your Library

Summer vacation is all too rapidly approaching. "No more pencils, no more books." Some children will be going to the seashore, others seek the mountains, some spend endless hours swimming or porch and curl up with a good exciting book and travel with well-known authors to exotic spots on this globe of ours, and a great many may even leave this humble earth and soar miles into outer space. This is the year of inter-planetary travel. The Springfield Public Library's Children's Department will run its usual Summer Reading Program to spark the reading interests of its younger readers. The classrooms in all schools will be visited by the librarians during the latter two weeks in June to personally advise and stimulate the advancement of the program. Rules and regulations will be explained to each student and questions will be answered. It will follow much the same procedure as last year, with perhaps a little more emphasis on quality reading rather than quantity, for the upper elementary students. Also, emphasis ought to be placed on reading for pleasure and happy achievement. Brother and sister will be helping Dad in the garden. Perhaps they will enjoy reading books like Charlotte Zolotow's "In My Garden", or acquire some practical knowledge in the "First Book of Gardening" by Virginia Kirkus, such as how to prepare the soil, plant seeds, the use of tools, and how to fight garden pests and plant diseases. Another good book for the junior gardener is "Play with Plants", by Millicent Selsam, dealing with experimentation in plant growing, perfect for the inquisitive one. As we all eagerly await the fruits of spring gardening, I feel that the following poem by Lois Miller, a sixth-grade student in Brooklyn, New York, is most appropriate:

### Miss Molluso Picked for NJ Citizenship Institute

Miss Joan Molluso, daughter of Mr. and Mrs. F.M. Molluso and twin sister of Jay Molluso, 37 Twin Oaks Oval, Springfield, has been selected to attend this year's Citizenship Institute for Girls at Douglass College as the representative of Jonathan Dayton Regional High School and the Springfield Women's Club. The Institute will be held on June 19 to June 23. Miss Jean Brens, 98 Baultusrol Way, Springfield, was selected as the alternate delegate. Miss Molluso, 16, a junior at Jonathan Dayton Regional High School, is taking the College Preparatory Course. She is vice president of the Junior Class, treasurer of the Spanish Club, treasurer of the Future Teachers of America and a member of the Girls Athletic Assn. Recently she was honored by being elected to the National Honor Society. Her favorite sport and hobby is playing tennis, and she will participate in several contests this summer. The New Jersey State Federation of Women's Clubs sponsors the Citizenship Institute each year at Douglass College in New Brunswick. The purpose of the Institute is to provide training in good citizenship and to create a greater interest in and understanding of different aspects of New Jersey State Government through a series of lectures and studies of the various departments. Miss Molluso will give a complete report on the Institute Conference at a Fall meeting of the Springfield Woman's Club.

Several hundred brothers throughout the United States have been extended invitations to attend the dinner-dance, John H. Carhart of New Brunswick, fraternity president and dinner chairman said.

# GOP Honors Mrs. Glaeser After 40 Years of Service

## Given Dinner at SP Golf Club

Over three hundred Republicans and friends honored Mrs. Helen M. Glaeser of Plainfield Monday night at the Scotch Plains Country Club. Mrs. Glaeser recently announced her retirement after 40 years as a Republican leader and worker.

But the former New Jersey Republican Committee chairman, told the crowd at the testimonial dinner in the Scotch Plains Country Club that she wasn't "completely" retired—only officially.

She went on to explain that she would stuff envelopes or do anything else necessary to insure the election of James P. Mitchell, Republican candidate for governor.

"After 40 years I can't sit in an apartment and knit a dress and watch the political parade go by," she commented.

Mrs. Glaeser, who resides at 916 Park Ave., Plainfield, started as a Plainfield committee woman in 1921, one year after woman suffrage, and ended her career last Fall as state committee chairman.

Former U.S. Senator H. Alexander Smith, in his 80's, told the audience, "I'd go anywhere, anytime, to pay my respects to one who was the backbone of our party."

Mrs. Glaeser had been secretary for 12 years to former Congressman Donald H. McLean, McLean, also a former state Superior Court judge, testified to his dependence on Mrs. Glaeser in Washington.

Much praise was paid Mrs.

Glaeser for her humanitarian, welfare and civic activities. Appearing among the solid phalanx of Republican tables was one composed of members of the predominantly Democratic board of trustees of the John E. Rumfells Hospital.

Mrs. Glaeser had also been a county freeholder. Appearing at the dinner was a freeholder delegation headed by Jay Semmer of Clark, director of the Board of Chosen Freeholders.

Last night's dinner was held on a date conflicting with a Camden County Republican dinner at which Governor Nelson Rockefeller was the main speaker. Mitchell and some other Republican leaders attending the Camden dinner sent testimonial messages to the dinner.

Mitchell was represented by his wife, Mrs. Mitchell received a standing ovation when Congressman Dwyer introduced her as "the next first lady of New Jersey."

Joining in tribute to Mrs. Glaeser was Mrs. John W. Shuster, former president of Plainfield's Monday Afternoon Club. Mrs. Glaeser had been the club's president, too.

Mrs. Glaeser's daughter, Mrs. W. Theodore LaRue of Plainfield, gave the invocation. Mrs. Glaeser has been a widow since 1948. Her late husband, Albert J., was secretary-treasurer of Savary-Glaeser, Inc., of Dunellen.

General Chairmen were Mrs. Albert Eichhorn and Mrs. James M. Arthur, both of Plainfield.

Honorary chairmen were Mrs. Dwyer and McLean. Honorary vice chairwomen were Mrs. Louise Iremonger of Plainfield and Mrs. Florence Decker of Berkeley Heights.

Also speaking in honor of the woman who responded that her 40 years in politics were designed "to educate women to good government" were:

Mayor Richard P. Dyckman of Plainfield; Mrs. Arthur; Mrs. Eichhorn, Edward O. Bauer of Elizabeth, assistant county attorney; Mrs. Josephine Levergood, former president of the Union County Federation of Republican Women; Mrs. Katherine K. Neuberger of Red Bank, former president of the New Jersey Federation of Republican Women; Mrs. Eleanor Todd, of Bernardsville, vice chairwoman of the National Republican Committee.

Also on dinner committees were: Ticket Chairman, Mrs. Bandemer; arrangements, Mrs. Albert J. Benninger of Mountainside; decorations, Mrs. William Michael and Mrs. Eichhorn; hostesses, Mrs. Elsie Scheideler of Roselle and Mrs. Rae Boyle of Rahway; program, Freeholder Mary C. Kanane of Union; memento, Mrs. Charles Doerr of Westfield, and publicity, Mrs. William Brown of Westfield.

### Bloomfield College Starts Program

A program for the preparation of secondary school teachers will be inaugurated at Bloomfield College, effective September 1, 1961, it was announced today by Dr. Theodore A. Tath, President of the College. Formal approval was indicated in a letter which has just been received from Dr. Frederick M. Raubinger, Commissioner of Education for the State of New Jersey.

The program of teacher education at Bloomfield College as authorized by the State Department will be a four-year professional program incorporated within the existing Division of Social Sciences leading to the degree of Bachelor of Arts.

"The curriculum will include studies in the fields of English, Mathematics, Social Studies, and Science," according to a statement by Dean Ralph N. Calkins, chairman of the Academic Affairs Committee at Bloomfield College. "We are highly gratified by the action of the State Board of Education, and expect to initiate the program in September with at least sixty or seventy teacher candidates.

Final approval of the program was the culmination of a two-year exploration of the needs and facilities at Bloomfield College by the Academic Affairs Committee working in close cooperation with Dr. Allan Rosebrock, Director of Teacher Education and Certification, and others from the State Department.

### Homesought For Children

Would you, or someone you know, like to invite one of two "Fresh Air" children to your home for a period of two weeks this summer? If so, contact Mrs. John C. Hanson of 23 Harvey Drive, Short Hills or call her at DR 6-7669.

The Herald Tribune Fresh Air Fund would like to place 8,500 children this summer; many more are eligible, but cannot be placed unless they receive invitations. No money could buy the health, the friendship, the wider horizons families in this area can offer these youngsters from New York's poor and overcrowded neighborhoods.

The fund pays for transportation, liability insurance for hosts, and all medical bills, as well as escort arrangements. The host's expense is that of maintaining a child in his home. The children range in age from five to ten years old. Families wishing to invite children may designate an age, sex as well as race (and religion if this is important). The Fund reports a particular need to place more boys and Negro children of all ages. Don't let these children down!

The Showoff

Think you're brave? Then join the Marines! Don't try to 'show-off' or prove your courage behind the wheel of an automobile... The AAA Foundation for Traffic Safety urges teenage drivers (especially boys) to confine their grandstand antics to the athletic field or playground... It will impress the girls just as much and won't cause a traffic accident... As the above characters demonstrate, 'showing-off' behind the wheel is kid stuff. Act like an adult when you drive.

### YR's Hold Barbeque

The second Annual Saturday Young Republican barbeque held June 3rd at Binders in Springfield developed into a fine early rally for the Republican Party. Among those present were the Binders, Dausers, Smiths, Wrights, Libbys and Everetts, all of Springfield. Other new good prospects were also present but their names are being held in confidence at this time for obvious reasons. One of the many highlights of the indoor-cookout was the scheduled appearance of Township Committee Candidate Bob Hargrove who met many republican prime-movers under optimum conditions. The food, prepared by Jackie Binder, was scrumptious and all attendees had sufficiency. The total gathering ran into two figures and the duration was from about one until eight p.m. The YRs of Springfield plan to have similar events in July and August. Weather permitting volleyball and swimming will be featured. According to Frank Wright, President, also, the local organization has arranged to have as guest the Union-County Board Meeting at Frank Baldranza's Springfield Steak House for their July meeting. The latter group numbers about fifty delegates from the surrounding towns.

### Sculpture Offered

When the Montclair Museum Art School reopens on September 26 a new class will be offered to students. Mrs. Jeanne K. Beaumont of Cedar Grove will give instruction in ceramic sculpture. Students attending Mrs. Beaumont's class will learn the basic principles of form and form relationship in sculpture. Ceramic sculpture will be made in terra cotta clay with slip decoration where indicated. Mrs. Beaumont studied at the Institute of Design (Bauhaus) in Chicago and at San Francisco State College and the California School of Fine Arts. She has been particularly successful in her work with blind students. In 1955, the American Foundation for the Blind published a booklet describing the method by which she taught sculpture to blind children.

The Montclair Museum Art School also offers studio painting, portraiture and life classes, and drawing and weaving. Special classes in painting for children commence with the Creative Class for five-year-olds and continue for students through Senior High School.

### WOMAN'S CLUB NEWS

As a special finale program until Fall, the Springfield Woman's Club presented an outstandingly unique one woman fashion show at the Edward Walton School on Wednesday, June 7. At the meeting two new members were introduced and welcomed into the Club. They are Mrs. Samuel Clark, 6 Litchfield Place, Springfield, and Mrs. Arthur Peters, Jr., 38 Colfax Road, Springfield. It is hoped that they will actively participate in the many new activities that are lined up for the new season. Some of these include a Country Dance, Luncheon-Fashion Show, Buffet-Dinner Dance and a Theater Party.

Miss Joan Molluso, 37 Twin Oaks Oval, Springfield, was selected to represent the Springfield Woman's Club and Jonathan Dayton Regional High School at this year's Citizenship Institute for Girls. ## State Highway Department Takes Bids for Route 22 Major Improvements Planned

The New Jersey Highway Department today took bids for resurfacing 2.6 miles of the worn down concrete highway from Meeker Ave. in Newark through Hillside Township to Vaux Hall in Union Township.

The project will skip a half mile in Hillside where the Liberty Avenue viaduct is to be widened and adjoining highway sections resurfaced under a separate contract. A low bid of \$572,631 on the viaduct job was submitted by the Mal-Bros Contracting Co., of West Caldwell, last week.

A 500-foot section of Route 22 under the Lehigh Valley Railroad bridge on the Essex-Union County line will also be omitted from the resurfacing project. Route U.S. 22 in this area carries one of the heaviest traffic loads in the State. Its concrete roadways, varying from 29 to 32 feet in width were separated by a 20-inch high center barrier under a previous contract in order to prevent head-on collisions. The roadways will be resurfaced with three inches of bituminous concrete under the latest improvement.

The contract will allow 30 working days for completion of the project. All costs will be borne by the State Highway Department. During the construction period a major portion of the work will be performed at night in order to minimize inconvenience to traffic. During work periods within the area where work is being performed, traffic may be reduced to a single lane immediately adjacent to the work area.

Recent measures to improve safety on Route U.S. 22 have included lower truck speed limits September 7 to 45 m.p.h. along Route 22 between the Somerville traffic circle east to the route's junction with U.S. 1 in Newark, the elimination of nearly all at-grade intersections through the construction of overpasses, reconstruction and resurfacing of portions of the highway, and introduction of more than 13 miles of concrete center barrier to prevent head-on collisions between vehicles traveling in opposing directions.

Funds have been provided in the Department's 1960-61 fiscal budget for continuing the center barrier's extension another 5 miles westerly from its present terminal point at Washington Avenue, Greenbrook Township, to Thompson Avenue, Bridgewater Township, where a wide center-island exists.

## SMOKE EATER!

TRY THIS QUICK TEST: Light up a cigarette. Hold the lighted match over the burning cigarette. Watch the smoke curl up to the match—then disappear! Here's proof that a natural gas flame actually eats up smoke, unlike hot wires in other types of broilers which can cause smoke. It eliminates eye-smarting smoke... keeps your kitchen walls and range cleaner... makes expensive cuts of meat, like steaks and chops, tastier.

Top quality meats deserve the exceptional broiling virtues of the famous O'Keefe and Merritt Model 6061, Elizabethtown's RANGE-OF-THE-MONTH. This particular model features a waist-high smokeless broiler, the famous "Burner with a Brain" that watches your pots automatically while you attend to chores, and a built-in griddle that quickly converts to an extra-fifth top burner.

So, prove it to yourself. Try the cigarette-smoke-test... then visit our showroom and see for yourself the top quality O'Keefe and Merritt range.

Keggler's Korner

for the Springfield Athletic League. Philip's Barber Shop whipped Palumbo's 2-1, having clinched the championship two weeks before. Their margin of victory was upped seven games after winning over Palumbo's Hill City TV clinched the third spot by

ties and Ehrhard's finished in a tie for 5th and 6th places as Scotties copped the verdict 2-1. Wild & Schulze smothered any chance of Spfd. Bowling to vacate the cellar via a 2-1 win. Highlights of the bumper and final nite of kegling were the 246 game by Rich Bataille to take second high game for the year and the neat triplicate of 178 scores made by Pete Dorn of Philip's Barber Shop -- a rare feat indeed. He will be duly honored with a Triplicate patch from the ABC.

Spring is car-clean-up time, too. And if your car has white-wall tires you'll welcome a new short-cut to getting them bright white again. Use full-strength pine cleaner solution on a sponge -- it wipes off dirt and grime with no scrubbing necessary. Then a good rinse with clear water.

Even the garage can stand a spring cleaning -- with one of the pine cleaners to help do the job faster and better. Use a pine cleaner (one cup to about 3 gallons of water) for the final scrub-up of a cleaned-out garage. Grease spots can be banished by applying full-strength pine cleaner before a final washing. Also removes gas, grease, and paint odors.

Little things cut big jobs down to size. With this in mind here are a few little hints to help minimize the jobs which loom so large around the house -- both inside and outside -- in the spring. As you can see, they take in a variety of tasks -- but they have one thing in common: they will help you make your house and surroundings springtime-fresh.
