

From Weeds To Plants.....Factories Bloom In Industrial

BEFORE...

WHAT IT LOOKED LIKE—A lot of nothing in Springfield before Frank Cardinal and his colleagues transformed this area into a thriving industrial park.

For many years a big hunk of vacant land, situated in Springfield along Route 22, produced annually one of the largest crops of ragweed with a built-in pollen count to match.

The only indication that there was any pride of ownership was a sign on the property announcing that the owners were the Hanovia Chemical Company.

And the talk was that some day, soon, this large corporation planned to build something on this large industrial tract. But year after year the weeds grew and grew.

Frank Cardinal, a Springfield resident and leading industrial developer, watched the sprawling acres of weeds for years, and drooped when he visualized what could be done with that land if Hanovia could ever be pried loose.

Cardinal pictured modern and well landscaped industrial plants. Increased ratables for Springfield and more employment in the area.

Today Frank Cardinal's dream is being realized. He organized a syndicate of men, purchased the entire Hanovia tract, at an astronomical price per acre and invited industries to make their future home in what his firm named the Union County Industrial Park.

One plant, the H.J. Ruesch Machine Co., located in Newark for 62 years, has been completed and is now operating the full 37,000 square feet of floor space on a four acre plot.

This first industry is located on Fadem Road in the tract. John Kreidler, a Short Hills resident, is president of the Ruesch concern which employs more than 75.

Two other large industries have broken ground in the Industrial Park with the Federated Purchaser, Inc. already under construction. This nationally known firm will have 52,000 square feet for its operation on a four acre plot. The steel for the building arrived this week.

The Federated Purchaser, one of the leaders in the nation as electronic distributors, is located at the corner of Fadem Road and Route 22, Springfield.

Another firm already well under way in construction is the \$200,000 plant of the Bundy Electronics Corporation which will give this firm 12,000 square feet on a 2 acre plot in Springfield.

Other industries that have already completed negotiations, to

bring their plants to the Industrial Park are the Runyan Sales Company, a Newark concern, who plan a building of 36,000 square feet.

Another large firm planning to start construction soon is the Rapid Roller Co. of Chicago. Their plant will be on a four acre plot and will spread over 53,000 square feet.

Cardinal says there are several more concerns displaying keen interest in locating in this Springfield Industrial Park which gives the Township Committee and Springfield's tax collector great comfort when the tax bills are ready for mailing.

Manufacturing plants already committed, being constructed or now operating come to a total of 190,000 square feet for Springfield, a fine figure to help work out ratables for the future.

... AND AFTER

HERE'S ONE INDUSTRY ALREADY OPERATING—H. J. Ruesch-Machine Co. located in Newark for 62 years, is now in Springfield with 37,000 square feet in operation.

School Board Scores Bonadies And Sibole On Budget Surplus Letter

The letter written by Township Committeemen Vincent J. Bonadies and Russel Sibole questioning Board Member Frank W. Haydu Jr., finance chairman, about a \$80,000 surplus in the 1962-63 school budget was assailed by the Springfield Board of Education at its meeting Monday night in Caldwell School.

It was decided that the finance committee hold a meeting with the entire Springfield Township Committee so that the situation could be fully aired.

The meeting is to be held in the board room at Caldwell School and is to be called by Mr. Haydu at a time convenient to all parties concerned.

Attending as a finance committee for the board will be besides Mr. Haydu, Richard Werner, August Caprio, and Joseph Bender.

Mr. Bender, who was not a member of the finance committee when the budget was submitted, will take the place of Rupert Humer, whose term has expired, and no longer is a board member.

The motion for this meeting was made by Mr. Werner, who called the action of the two committeemen "a dastardly attack on not only Mr. Haydu, but the entire board."

It was seconded by Mr. Bender, who contended that the letter was "strictly a political move" on the part of Mr. Bonadies and Mr. Sibole.

"The thing to be gained is to maintain a satisfactory relationship with the members of the Township Committee," he said, "so that we understand each other's problems."

(Continued on page 2)

Water Trouble At Walton Big Problem

In an effort to eliminate a chronic water condition in the boiler room of Walton School, Joseph Bender, chairman of the building and grounds committee, Monday night in Caldwell School advised Springfield Board of Education that it look into the possibility of resurfacing the area.

Mr. Bender suggested that the area be resurfaced in such a way that water would accumulate at certain points so that the number of sump pumps need to eliminate the problem would be reduced. The work could be done during the summer months, he said.

The situation at the school was discussed in a letter from Emil Schmidlin of East Orange, architect for the school building. Mr. Schmidlin wrote that on complaints of 1/2 inch of water on the floor of the boiler room, a visit had been made to the premises by representatives of both him and the school.

He contended that the situation was caused by condensation and recommended that ventilation be obtained by the installation of a louver and also that sump pits be placed in pipe tunnels, which are under the building.

Mr. Bender pointed out that the tunnels form a Venetian canal under the building and run for a distance of about 800 feet and would require about 20 pumps if Mr. Schmidlin's suggestion were followed.

Mr. Bender recommended that the Rev. Bruce W. Evans of First Presbyterian Church offered the blessing.

Mr. Hetzel presented Miss Reyner, who reviewed library accomplishments under Mr. Stevens' term, which included a growth in annual circulation from 30,000 to 155,653 books.

In addition to giving the library card to Mr. Stevens, Miss Reyner also presented a gift from members of the staff to his wife, Mrs. Margaret Stevens.

RECEIVES LIFE LIBRARY CARD—Lemuel S. Stevens, retiring as Springfield Library Trustee after many years of service accepting enlarged permanent book card from Miss Helen C. Reyner, director of the Springfield Library, at a testimonial dinner given to Mr. Stevens last Thursday. Only two other life Springfield library cards have been issued.

Stevens Honored For Services To Library

Eight-five persons including present and former trustees, members of the library staff, and friends attended the testimonial dinner February 15 at Strouffer's Restaurant, Short Hills, in honor of Lemuel S. Stevens, of 773 Mountain Avenue, Springfield, who recently retired from the Springfield Board of Library Trustees after many years of service.

A highlight of the program was the presentation to Mr. Stevens of enlarged permanent-library book card, number three, by Miss Helen C. Reyner, director of the library.

Only two other such cards have been issued; number one to the late Sarah Bailey, one of the founders of the library, who willed her home for library use; and number two to A. B. Anderson of 36 Maple Avenue, a former library trustee for 19 years.

Kenneth M. Hetzel Jr., present president of the library board, served as master of ceremonies.

The Rev. Bruce W. Evans of First Presbyterian Church offered the blessing.

Mr. Hetzel presented Miss Reyner, who reviewed library accomplishments under Mr. Stevens' term, which included a growth in annual circulation from 30,000 to 155,653 books.

In addition to giving the library card to Mr. Stevens, Miss Reyner also presented a gift from members of the staff to his wife, Mrs. Margaret Stevens.

Mr. Stevens, who had been associated with the library since 1948 and served as president the last nine years until his retirement December 31, delivered a message of thanks, giving recognition to all those who co-operated and helped over the past years to make the library accomplishments possible. He gave special thanks to Mrs. Sylvia Bender, library board secretary, who served as dinner chairman for the affair.

An informal social hour followed.

Help Your Local Heart Fund Drive

Max Sherman, Springfield chairman for the 1962 Heart Fund campaign, has announced members of his working team for the local drive which is now underway.

Additional workers include "Pete" Smith, vice president of the Springfield office of the National State Bank of Elizabeth, who will serve as treasurer of the campaign, and "Ike" Freedman who has accepted the job of getting financial help from business.

Others who have agreed to aid in the current Heart Fund Drive are Kay Trivett of 42 Colonial Terrace; Dorothy E. Libby of Washington Avenue; Sheldon Fried of 74 Garden Oval; Edward Ruby of 90 Caldwell Place; Georgia McMullen of 27 Molter Avenue; Hazel R. Hargrave of 125 Salter Street; Mildred Dauser of Baltusrol Avenue; Jean H. Besch of 25 Park Lane; Alan Cunningham of 58 Spring Brook Road; Constance Pignolet of 150 Baltusrol Way; Lillian D. Beuhner of 135 Hawthorn Avenue; Sonya Dorsky of 242 Milltown Road; William and Alvina Binder of 558 South Springfield Avenue; Lillian Cardinal of Milltown Road; Mary Myrlburg of 2 South Derby Road; Arthur and Clair Falkin of 92 Jefferson Terrace; Philip and Gertrude Del Vecchio of Highpoint Road and William Seal of Morris Avenue.

"MEDICAL SCIENTISTS are on the verge of important breakthroughs in the fight against heart diseases, the Number One U.S. health enemy," the Union County Heart Association says. "When you give to the Heart Fund, you help expand research and speed the day of victory," the association points out.

The association, which carries forward a year-round program of research, education and community service to combat these diseases, is conducting the annual Heart Fund Drive throughout February.

Rheumatic Fever, a forerunner of rheumatic heart diseases and once a major enemy of children, now can be prevented, a spokesman for the Union County Heart

Author, Historian Speaks To Gaudineer P.T.A. Monday

Edith Bishop Sherman, South Orange author, will be the speaker at the Founders Day meeting of the Florence M. Gaudineer P.T.A. on Monday, February 26, at 8:15 p.m., in the Gaudineer Auditorium.

Mrs. Sherman's subject, "Our Heritage of Freedom," will deal with the founding of New Jersey and the struggle to establish and maintain democracy for its citizens.

The author will give the history and importance of Springfield and the surrounding area in the Madcap, published in 1925 and still in print—describes the war period of 1776.

Her "History of South Orange" appeared in condensed form in the last "Know Your Town" publication of the League of Women Voters of South Orange.

A writer and lecturer for many years, Mrs. Sherman has also been a teacher of creative writing in the Madison and South-Orange Maplewood Adult Schools.

She is a member of the Governor's Committee in her district for New Jersey's Bicentennial Celebration in 1964.

She is listed in Who's Who in the East, Who's Who in New Jersey, Who's Who among North American Authors, famous women, and the International Blue Book.

EDITH BISHOP SHERMAN struggle of independence for our country. Mrs. Sherman has published eleven books of fiction, four of which have the American Revolution in New Jersey as their background. Her first book, "Miss

Chief Mesker Praises Work Of Teen-Agers

The quick thinking of two teen age girls who promptly evacuated their home at 164 Hillside Avenue, Springfield, last week when it was swept by a flash fire has been praised by Fire Chief Ormond W. Mesker of the Springfield Fire Department.

The youngsters are Sydnie Stevens, 13, a seventh grade student at Gaudineer School, and her sister, Judy, a 15-year-old sophomore at Jonathan Dayton Regional High School.

Their parents, Dr. and Mrs. D.J. Stevens were away at the time the fire broke out. At home were Sydnie, Judy, another daughter, Janet, four years old, and Mrs. Clementine Mason, a maid.

Sydnie, who was upstairs, smelled smoke and investigated. She found the kitchen in flames. She quickly grabbed her little sister and the small family poodle, and alerted Judy and Mrs. Mason, who was folding clothes in the cellar. Before Judy left the house, she shut the kitchen door.

Firemen were notified from the L.R. Goodman home next door at 170 Hillside Avenue and the

girls went to the Leonard Seroff home, another next door neighbor.

The kitchen, where the fire originated, was completely demolished and other rooms on the first floor level of the two-story house were badly damaged.

The fire is believed to have started from an electrical short in a motor of a kitchen appliance. It spread rapidly through the room whose cabinets were covered with torinica.

Dr. and Mrs. Stevens, who had been skiing at Bear Mountain, returned home while firemen were at the scene. The fire department responded at 3:21 p.m. with 27 men including Chief Mesker and Deputy Chief Robert E. Day. Five pieces of apparatus were used. The men returned to headquarters at 5:55 p.m.

Mrs. Stevens said she and her husband have always impressed on the children the importance of leaving the house immediately in the event of a fire and then calling the fire department. She said she also drills the fire instructions and drolls they received at school were a help to them.

Smith Again President Of School Board

Howard Smith of 81 Morris Avenue was unanimously re-elected president of the Springfield Board of Education Monday night at the organizational meeting in Caldwell School.

Mr. Smith, who is entering his 17th year as a member of the board, has served as president a total of five years previously. His terms as president have not all been consecutive. He is associated with the Prudential Insurance Company of America.

August Caprio of 12 Berkeley Road, co-ordinator of foreign languages in the Regional High School System, was unanimously elected to his first term as vice president. He is entering his third year as a member of the board.

The third Tuesday at 8 P.M. in Caldwell School was designated as the regular meeting night of the board. The Springfield office of the National State Bank was named as the official depository.

President Smith welcomed Mrs. Sonya Dorsky as a new member of the board and also congratulated Board Members Frank W. Haydu Jr. and Alan Cunningham who were re-elected to new three-year terms.

A communication was received from Bunnell Bros. Inc. reporting that the conversion of the board's fire, vandals and extended coverage policies to the new insurance plan will mean an annual savings of \$934.49.

One of the factors in the reduction in cost was the installation of the recently installed sprinkler systems in Caldwell and Chisholm schools, it was reported.

Rep. Dwyer Announces She's Candidate For Re-election

Rep. Florence P. Dwyer (R-6th Dist., N.J.), the only Republican woman ever elected to Congress from New Jersey and now serving her third term in the House, announced her candidacy for reelection today.

The Union County Congresswoman, considered one of the strongest vote-getters among House Republicans, is not expected to face opposition in the Republican primary on April 17.

In 1960, Mrs. Dwyer was re-elected by a margin of more than 38,000 votes while Presidential candidate Richard M. Nixon led by approximately 3,000 votes in the same Congressional district.

Earlier this month, Congresswoman Dwyer revealed her intention to seek renomination in a letter to members of the Union County Republican Committee.

"I shall continue in every way," she wrote, "to seek to justify your confidence in me by giving full-time service, by voting my convictions, by representing the best interests of our Country, and by working with you and other Republicans to make our party the courageous, effective and responsible instrument of government our country needs today."

Walton Water Trouble

(Continued from page 1)

the resurfacing work be done in such a way that it would cause the water to collect in a few spots requiring fewer pumps to eliminate the problem.

The condition has been a chronic problem since the building was constructed, Mr. Bender explained, pointing out that the school was built in a low area and during the winter months and by a contractor who was not efficient. The piping is deteriorating, he said.

Mr. Bender also reported that plans are underway to get contractors together for the purpose of repairing a water leak in the all-purpose room at Sandmeier School at the expense of the contractors.

A contract with Philip H. Oppenheimer of Fanwood, consulting engineer, was approved whereby Mr. Oppenheimer will design major changes in heating, plumbing and ventilation facilities at Caldwell School, minor changes in the boiler room at Chisholm School, and a ventilation system in the dishwashing room at the Gaudineer School cafeteria.

His fee was designated as six per cent of the cost of the work. A sum of \$28,000 has been provided in the 1962-63 budget for the work.

The purchase of a new incinerator at a cost not to exceed \$1,300 to replace the incinerator at Walton School, which has burned out, was authorized. Authorization was also given for the purchase of aluminum Venetian blinds for audio-visual purposes in the science room at Gaudineer School at a cost of \$275.

Township Committeeman Arthur M. Falkin, who attended the meeting, asked the board how negotiations were proceeding for the use of Sandmeier property by the Springfield Recreation Commission.

Mr. Bender informed him that at present the board and commission were not in complete accord on certain items in the agreement and that the question would be considered at a meeting February 28 at 7:30 p.m. in the school board room in Caldwell School, to be attended by representatives of the Recreation Commission, Superintendent of Schools Benjamin News-wanger, Board Attorney Howard Casselman, and Board Members Cunningham, Haydu and Bender.

Committeeman Falkin said that he felt that anything in disagreement concerning the lease could be reconciled and that a reasonable agreement could be reached. He said that use of the land was needed for a baseball diamond for the Babe Ruth League and if it was to be ready for play by May 1st, work must be instituted immediately.

School Board

(Continued from page 1)

The report of Superintendent of Schools Benjamin News-wanger, which was given by Assistant Superintendent of Schools Daniel Murray, listed enrollment as of February 16 as follows: Caldwell, 220; Walton, 319; Sandmeier, 497; and Gaudineer, 688. January attendance was reported as 93.3 per cent.

It was also announced that in co-operation with area colleges, practice teachers have been accepted in the schools with 11 from Newark State College, three from Seton Hall University, and three from Montclair State College participating.

On the recommendation of Mr. Cunningham, chairman of school government committee, Miss Gail Christensen of Keeler Street, Springfield, and Paul McGuire of Fanwood, a social studies teacher, were given teaching contracts for 1962-63. Mrs. Marilyn Lipton was placed on the substitute teacher list.

Mrs. Irgard Rau, secretary at Walton School, and Mrs. Marie C. Altinger, a Walton teacher, were both granted maternity leaves to take effect when placements are available. Mrs. May Jensen, a full time employee, was granted her request to be made a part-time employee and Mrs. Jean Isley was also designated to be continued as a part-time worker.

On the recommendation of Joseph Bener, chairman of the building and grounds committee,

School Board Secretary A. B. Anderson reported that he thought it should be known that Mr. Bonadies was given an explanation on the telephone from the Board of Education office before the letter was written.

Mr. Haydu called the action a "personal slap at my own integrity as well as the board's." He said, "It was gone over twice before" and suggested that Mr. Bonadies and Mr. Sibole be invited to a meeting to find out what is confusing them.

Mr. Haydu said that if he had not been re-elected he would have taken the situation personally but inasmuch as he was re-elected he felt that it should be part of board action.

After the board meeting, Mayor Philip Del Vecchio and Township Committeeman Arthur M. Falkin, who were at the meeting, said that the Township committee did not endorse the letter.

They pointed out that Township Committee letters are en-

William Yuengel was hired as a custodian effective February 1st.

A communication was received from Dr. William H. West, Union county superintendent of schools,

announcing an orientation meeting for all new board members to be held February 27 in his office in Elizabeth and reporting the course would be continued with additional meetings at a cost of \$15 to the Springfield board. The board agreed to participate in the course on the recommendation of Mr. Cunningham.

Mr. Cunningham also announced that a report would be issued by Temple University on a foreign language study it has conducted at a meeting March 1 at 8 P.M. in Sandmeier School for representatives of the seven communities in the regional school district.

Members of the board were urged to attend the meeting, which is not for public attendance, it was reported.

Mrs. Dorsky requested information on a proposal for the installation of yellow blinker lights in front of the schools. It was pointed out that the lights might only be needed at Walton and Sandmeier Schools inasmuch as the streets at these locations are throughways.

Township Committeeman Arthur M. Falkin, who attended the meeting, promised that he would investigate the matter and bring it to the attention of Ensley Bennett, township traffic consultant.

He indicated however that the roads involved at these points were county highways and contended that anything which impedes traffic on county road is difficult to obtain.

dorsed by motion and contended this was a personal letter and that it was "unfortunate" that it was written on Township Committee stationery.

Committeeman Falkin said that Committeeman Bonadies is no longer a member of the finance committee and noted that Committeeman Robert Hardgrove is finance chairman.

Need Permission To Plant Trees

The Springfield Shade Tree Commission requests that, in the future, when a home owner wishes to do planting on Township property, which is 9 feet in from the curb, he must first apply to the Commission for permission to do so.

To obtain permission the home owner should submit his request in writing or by appearing in person at a regular meeting of the Shade Tree Commission, held on the first Tuesday of every month, at 8:30 P.M. in the Municipal Building.

He may state what kind of tree he wished to plant and the exact location of same. The Commission will take this request under advisement and after a preliminary investigation, may issue a permit or deny same. In either event, the home owner will be notified.

How You Can Have a Smaller Electric Bill

The size of your electric bill is in your hands - at your finger tips. Live in the park and you will have no bill at all. But if you make a full use of this modern service, then of course, you will have to pay for it - but at a rate that delivers the biggest bargain that money can buy. Electricity actually costs less than it did thirty-five years ago, but so many new uses - including flameless electric house heating - have been developed that most up-to-date families pay a larger total amount now but at a lower bargain rate per kilowatt hour than their parents paid.

Your electric bill is only as large as your benefit from electricity!

JCP&L

Jersey Central Power & Light

Rep. Dwyer

(Continued from page 1)

moderate or progressive wing of the Republican Party, Mrs. Dwyer has frequently refused to be labeled either a conservative or a liberal, terming the designations as "ideological captivity."

"Such labels are essentially meaningless and misleading," she has declared. "Misuse of these labels often leads to twin evils: the tendency to adopt fixed and doctrinaire positions considered either liberal or conservative without taking the trouble to study the merits of the issues, and the tendency to judge office-holders without thoroughly examining their overall records."

First elected to Congress in 1956, Mrs. Dwyer defeated incumbent Representative Harrison A. Williams, Jr. (D), now the junior Senator from New Jersey. Her margin was a narrow 4,399 votes or 50.6% of the total vote.

Two years later, in the face of a national Democratic sweep, she was reelected by an enlarged margin of 7,305 votes of 51% of the total. And in 1960, she brought the district out of its "marginal" category by winning 57.7% of the total vote.

Her consistently increasing electoral strength has placed Congresswoman Dwyer among the top half-dozen Republicans in the House on the basis of growing victory margins.

Prior to her election to Congress, Mrs. Dwyer served four terms in the State Assembly where she was assistant majority leader, chairman of the Education Committee and a member of the legislature's policy making group. In 1955, she was a delegate to the White House Conference on Education.

In 1961, although she was an avowed supporter of former Labor Secretary Mitchell for Governor and not a candidate herself, Congresswoman Dwyer was endorsed by the N.J. Federation of Business and Professional Women's Clubs for that office.

During her nearly six years in the House, she has been a member of the Banking and Currency and Government Operations committees, on which she currently serves, and the Veterans Affairs committee. She is also the only woman ever to be appointed to the Board of the government-supported college for the deaf, where she represents the House.

Mrs. Dwyer's appointment as one of three House members of the Advisory Commission on Intergovernmental Relations stemmed directly from her leading role as a sponsor of the legislation which created the unique agency in 1959. Composed of Cabinet officers, Senators, Congressmen, Governors, State legislators, Mayors, county officials and the general public, the Commission is the only government body directly repre-

senting all levels of government in the United States. Its purpose, according to Mrs. Dwyer's legislation, is to improve the federal system of the U.S. by encouraging all levels of government to undertake their proper responsibilities.

In its first two years, the Commission has produced some notable studies and recommendations. Its reports on urban mass transportation and metropolitan area government, both undertaken at Mrs. Dwyer's request, have been acclaimed for their practical and progressive findings, several of which are under active consideration in Congress and State legislatures.

Among a number of the Commission's recommendations which Congresswoman Dwyer has introduced in legislative form is a bill to require Congressional committees to review regularly the operations of Federal grant-in-aid programs and to determine whether they should be continued, revised or repealed. At present, Mrs. Dwyer has noted, such grant programs tend to go on indefinitely, in some cases long after the need has been met.

On her voting record in general, Mrs. Dwyer hopes it reflects her conviction that there is no conflict between an active concern for fiscal sanity and a parallel care for helping to solve serious human problems.

Consequently, she notes, she has opposed excessive appropriations and unjustified spending and at the same time has supported housing for the elderly, a higher earnings limit for persons receiving social security, more efficient foreign aid, efforts to improve education, and civil rights legislation.

Congresswoman Dwyer's 99 percent-plus record on roll call votes in the House is matched by her equally near-perfect attendance to the needs of her district. By means of a heavy correspondence, a bi-weekly Report to the People, and an annual Congressional Questionnaire on current issues, she has created close links between Washington and Union County.

At home, where she can be found somewhere in the County whenever the House is out of session, Mrs. Dwyer spends all her waking hours meeting with people and discussing their problems and views. A crowded district office in Elizabeth, a heavy speaking schedule and a busy telephone testify to her incredible energy. The result, according to many admirers, is an unequalled understanding of her entire district and its people.

The Union County Congresswoman's campaign slogan this year will be the same one she used in her campaigns of 1958 and 1960. "On the job, all the time, for you." Even her opponents concede it fits.

Sen. Williams For New Cabinet Post

Senator Harrison A. Williams (D., N. J.), has called for a Department of Urban Affairs to "bring a greater voice and vision to the overall problems of urban and metropolitan area development -- a vision without which we may not persist, but will certainly suffer."

Observing that the urban areas of the country contain more than two-thirds of the population and

account for about 75 percent of the nation's economic productivity, Williams declared that the problems besetting these areas "assume a national importance of truly first magnitude."

"Why traffic congestion in just 10 major cities costs this nation eight times more than it does to store all our surplus agricultural products each year," he said.

Support Given To Appeal Goal

At a breakfast meeting held at the home of Mrs. Howard Diamond 684 Shadowlawn Drive, Westfield, Friday Feb. 16, plans were finalized for the support of the Women's Division, United Jewish Appeal of the Westfield Area, by the various local Women's organizations. The following presidents were in attendance with the Co-Chairman of the Drive, Mrs. Howard Diamond and Mrs. Edwin Rich: Mrs. Harold Weiss, sisterhood of Temple Emanu-El, Mrs. Morris Cooper B'nai B'rith Women of Westfield, Mrs. Eli Hoffman, 1st vice president of the Council of Jewish Women, Watchung Section; Mrs. Arthur Rogov, Westfield chapter of Hadassah, Mrs. Richard Lane Women's ORT.

On her voting record in general, Mrs. Dwyer hopes it reflects her conviction that there is no conflict between an active concern for fiscal sanity and a parallel care for helping to solve serious human problems.

Consequently, she notes, she has opposed excessive appropriations and unjustified spending and at the same time has supported housing for the elderly, a higher earnings limit for persons receiving social security, more efficient foreign aid, efforts to improve education, and civil rights legislation.

Congresswoman Dwyer's 99 percent-plus record on roll call votes in the House is matched by her equally near-perfect attendance to the needs of her district. By means of a heavy correspondence, a bi-weekly Report to the People, and an annual Congressional Questionnaire on current issues, she has created close links between Washington and Union County.

At home, where she can be found somewhere in the County whenever the House is out of session, Mrs. Dwyer spends all her waking hours meeting with people and discussing their problems and views. A crowded district office in Elizabeth, a heavy speaking schedule and a busy telephone testify to her incredible energy. The result, according to many admirers, is an unequalled understanding of her entire district and its people.

The Union County Congresswoman's campaign slogan this year will be the same one she used in her campaigns of 1958 and 1960. "On the job, all the time, for you." Even her opponents concede it fits.

Williams made the comments in testimony submitted to the Senate Government Operations Committee hearings on the President's reorganization plan to create the urban department. The hearing started today.

The New Jersey Senator, who sponsored legislation to create the Department last year, took strong exception to arguments that the Department would create a new Federal bureaucracy, bypass the states, and sap local initiative and responsibility.

Quoting Dr. Robert Weaver, Head of the Housing and Home Finance Agency, Williams said that with programs like urban renewal in over 400 cities, the Department could not take over local decisions in Washington, even if it wanted to. Williams noted Dr. Weaver's observation that "it would be humanly impossible."

Williams also belittled arguments of the homebuilding industry that the Department would downgrade the importance of housing, by devoting most of its time and money to other non-housing matters.

Arguing that housing will remain a central, national and, therefore, departmental concern, Williams asked:

"How could it be otherwise, given the social importance of housing to the American people, and the economic importance of housing to the nation as a whole?"

He noted estimated that construction of 100,000 homes, or 10 percent of the normal annual rate, adds \$4.5 billion to the gross national product, \$820 million in Federal revenue, employs about 95,000 on-site workers and an additional 127,000 off-site workers.

"Surely no industry as important to the national economy as housing is going to be neglected by creation of a New Department," he said. But Williams argued that "you cannot consider housing in a vacuum" and the HHA's involvement in such areas as urban renewal, comprehensive planning, mass transportation, open space and community facilities, has been a "positive benefit," not a detriment to the housing industry.

"People are not just home-dwellers. They are home-dwellers who also want the amenities of open space preserved in their neighborhood. For what good is a picture-window without a view?"

William went on to describe the home-dweller's concern with traffic congestion and transportation, with zoning based on good planning, with adequate community facilities and with the revitalization of the cities.

"Just as people don't want garbage cans in their living room, neither do they want their home placed in an urban garbage can," he said. Senator Harrison A. Williams, Jr., urged qualified New Jersey college students to investigate the scholarship program offered by the East-West Center at the University of Honolulu in Hawaii.

"Congress," said the Senator, "authorized and supported the center in order to promote greater understanding of the culture and potential development of nations we should understand better. I hope that students with ability and interest in this area will take advantage of the scholarship opportunities offered this year."

The center was established in 1960 by the U. S. Congress and Hawaii to bring together students from Asia, the Pacific area, and the United States. The scholarships offer room, board, tuition, fees, incidental allowance, health insurance, round-trip transportation, and a three-month academic tour to Asia to complete thesis research. One hundred, all-expense, 21-month scholarships are offered to American students for September 1962.

Candidate eligibility, according to an East-West Center bulletin is based on high academic achievement, excellent health, ability to relate to Asians, and demonstrated interest in contributing to the objectives of the center.

Center students have a choice of more than 100 courses in Asian Studies. Additional information is available from the Director of Students Programs, East-West Center, University of Hawaii, Honolulu 14, Hawaii.

Princeton Seminary Choir Sings Here Sun.

TO GIVE CONCERT AT PRESBYTERIAN CHURCH SUNDAY--Princeton Seminary Choir will present program of sacred music at Springfield Church Sunday evening, February 25.

The Princeton Seminary Choir will present a service of sacred music in The First Presbyterian Church of Springfield, Sunday evening, February 25, at 7:30 p.m. This will mark the first visit of this singing group to Springfield in six years.

All members of this male chorus are college graduates who are now enrolled at Princeton Theological Seminary for at least three years of graduate study in preparation for the Christian ministry.

They form a fair cross section of the Seminary's student body of about 450 who come from all parts of the United States and many foreign countries and over fifty church denominations. In this year's choir, 23 colleges or universities, 11 states and 5 continents are represented.

Besides singing the choir members participate in the various speaking parts of the service, and invariably one or two give personal testimonies relative to their decision to enter the Christian ministry.

The musical portion of the program, which constitutes an integral part of the service, represents the finest in choral repertoire, ranging from ancient plainsong through Pal-

estrina to Lotti, Bach, Handel, Haydn, Mendelssohn and contemporary composers.

Also included in the repertoire are a number of spiritual folk songs from different nations. The choir's long-playing record, released by RCA, Victor, contains

eighteen selections from this repertoire.

David Hugh Jones, Mus. Doc., F.A.G.O., A.S.C.A.P., was a charter member of the faculty of the Westminster Choir College and head of the organ and composition departments of that

school for a number of years. Also, he has been Director of Music at Princeton Seminary since 1934.

In 1951 he relinquished his post at the Choir College to devote his entire time to Princeton Seminary as Professor Music. He has published a number of original choral compositions and was editor of The HymnBook, published by five Presbyterian and Reformed denominations in 1955, and musical editor of the Armed Forces Hymnal, published in 1959.

For the past twenty-eight years, under the leadership of Dr. Jones, the Princeton Seminary Choir has sung in hundreds of churches throughout the eastern seaboard, singing nearly every Sunday of the academic year. During the past sixteen summers it has toured extensively in all fifty states, Canada, Cuba, Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Panama, Haiti, Puerto Rico, the Dominican Republic, Japan and Korea.

This past summer the choir toured the northwest of our country and then made its second trip up the Alaska Highway through British Columbia and Yukon to Alaska.

It had made a similar tour in 1950. Altogether the choir has sung more than thirty-five hundred churches, schools, civic clubs, hospitals, youth assemblies and military bases.

Another REALTY CORNER sale: Property at 37 Cypress Terrace, Springfield sold for Mr. and Mrs. James Trisler to Mr. and Mrs. Murray R. Teltshor of Newark. Mr. Teltshor is manager of the Newark Suburugation Department of the Motor Club of America. This sale was arranged by Evelyn J. Scholdt, an associate of ANNE SYLVESTER'S REALTY CORNER.

HELEN SABO

Mr. and Mrs. Donald Rotwein, of 25 Sycamore Terrace, Springfield, are back in town after vacationing in Puerto Rico and Miami Beach. After spending ten days at the Intercontinental Hotel in Puerto Rico, Don flew back here to pick up daughters Cindy and Randi, and then down to Miami Beach where they joined Beverly for another delightful week at the Colonial Inn Motel.

Mr. and Mrs. Richard A. Holmes, of 36 Severna Avenue, Springfield, have announced the birth of son Glenn Richard, on February 8, at St. Michael's Hospital in Newark. The new arrival, who weighed ten pounds, two ounces at birth, joins a family that includes brothers Brian and Mark. The Holmes' moved here recently from Irvington.

Here's a "Bon Voyage" wish to Mr. and Mrs. Sy Greene, of 187 Henshaw Avenue, Springfield, who are leaving on Sunday for five wonderful weeks in Europe. Their itinerary includes Madrid, Rome, London and Paris. Mr. G. is the well known orchestra leader.

Miss Linda Hubach, daughter of Mr. and Mrs. Neal Hubach of 302 Alden Road, Springfield, has been initiated into Lambda chapter of Alpha Gamma Delta sorority at Northwestern University in Evanston, Illinois, Linda, who graduated from Jonathan Dayton last June, is a pre-med student.

Congratulations on their twentieth wedding anniversary go to Mr. and Mrs. Allen Borsky of 122 Kipling Avenue, Springfield. The Borskys were feted by fifty guests at a surprise party in their honor on February 9, at the home of Mr. and Mrs. Seymour Cohan, 102 Jefferson Terrace, Springfield.

qualified for the expert marksmanship badge, at Budingon, Germany, where he has been stationed since last April.

John L. Gartlan, Jr., son of Mr. and Mrs. John L. Gartlan of 30-A Troy Drive, has completed his recruit training at the Naval Training Center at Great Lakes, Illinois.

Airman Anthony T. Herda, son of Mr. and Mrs. Anthony Herda, 19 Country Club Lane, has completed his basic military training at Sheppard Air Force Base, Texas, and is being assigned to the technical training course for statistical data specialists.

Army Specialist Four Carl H. Haubold, whose wife, Mary, and mother, Mrs. Marion C. Haubold live at 148 Milltown Road, participated in a recently completed joint operation of army and air force units of the United States and the Republic of the Philippines, near Clark Air Base in the Philippines.

Birthday congratulations go to Keith Scott Morris, son of Mr. and Mrs. Larry Morris of 9 Woodside Road, Springfield, who was four years old on February 17.

Philip Warren Lord, son of Mr. and Mrs. John A. Lord, 11 Exlar Hills Circle, Springfield, has been appointed features editor of the The Herald, which is the college newspaper at Hobart College in Geneva, N.Y. Lord, who is a junior at the college, has been a member of the newspaper staff for the past two years, in addition to being a member of the fencing team, and active in the college drama group.

Mr. and Mrs. Ed Silverstein, of 15 Lenape Road, Springfield, have returned from a vacation in Puerto Rico and the Virginia Islands. They spent ten days at the Caribe Hilton in Puerto Rico, and then on to the Virgin Island Hilton to round out a wonderful two weeks.

Miss Jane F. Hutira of 1316 Stony Brook Lane, Mountainside, and Mr. John R. French of 111 Selzer Street, Springfield, are among fifty Union Junior College students who will assist the annual Cranford campaign of the Union County Heart Association. Miss Hutira, who is a freshman, is a graduate of Holy Trinity High School in Westfield. Mr. French, a sophomore, is a graduate of Jonathan Dayton Regional High.

Among Springfield residents mentioned in recent armed forces news releases are: PFC Ronald R. Maguire, son of Mr. and Mrs. Clarence W. Maguire, 31 Maple Avenue, who recently

A Class Reunion

An intensive man hunt is now under way to locate the 120 graduates of the January, 1927 class of Barringer High School, the country's third oldest public high school, to arrange for a 35th year class reunion dinner on April 28. A class committee is especially interested in a reunion this year because of plans to erect a new Barringer High School in Branch Brook Park. As predicted in the class prophecy, members of this class today are known to range from congressman, motion picture producer and dean of engineering college to doctor, lawyer and fire chief, including many prominent professional and business people.

Friday: Oven fried fish, potatoes, cole slaw, applesauce, bread, butter, milk.

Highlights UC Home Society Aid Given

Union County activity was highlighted in the 1961 Service Report of the Children's Home Society of New Jersey according to J. Stanley Teunon, president of the Society's board of directors.

Teunon, who today released information from the report, said that substantial aid had been given to two Union County unmarried mothers seeking assistance in planning for the future of their children in 1961. The cost to the Society for this service was \$1,031.58. For 1960 there were three Union County unmarried mother cases reported.

Out of a total of 309 requests for adoptive placement aid received by the Society on a State-wide basis, Teunon said, 76 originated with maternity homes, 52 through the recommendation of hospitals, while 48 originated with other social service agencies. There were 62 direct appeals from mothers and 15 cases developed through relatives. Twenty-seven came from doctors, five from attorneys, 11 from ministers, eight from nurses and five through the cooperation of friends and other interested persons.

The Children's Home Society maintains a Central Office in Trenton at 929 Parkside Avenue where unmarried and other mothers resident in Union County may obtain counseling and other assistance in placing their children for adoption. The phone number of the Trenton office of the Society is OWen 5-5274.

Alexander Clark

Observes 40 Years With Prudential A Long Haul

Alexander Clark, of 107 Bryant Ave., Springfield, will observe his 40th anniversary with the Prudential Insurance Co. on February 27.

Mr. Clark is a senior accountant in the company's general accounting division.

He was born in Aberdeen, Scotland, in 1907, and came to this country with his parents in 1911. He attended Barringer High School, Newark, until joining Prudential as a mail boy when

he was 15 years old. He is vice president of the Twin Brooks Civic Association in Springfield. In 1959, he served as chairman of Prudential's Excursion Committee and inaugurated the Miss Excursion Day beauty contest. Mr. Clark is married to the former Mary Bandstra of Highbridge. They have three sons: Robert, of Pompton Plains; Clifford, of Neptune; and Richard of Garfield.

June Spells Brides And Fallout Shelters

An exposition of fallout and blast shelters and shelter equipment and supplies will be held in the New York Coliseum June 16-24, it was announced by G. A. Parsons, Producer of the National Shelter and Survival Exposition of 1962.

Parsons revealed that the exposition was going to be conducted on the highest level and dedicated to the support of the national defense program of the Office of Civil Defense.

It will be devoted exclusively to all phases of the new shelter industry - community, neighborhood, industrial and family fallout and blast shelters meeting the design and engineering specifications of the government, combined with exhibits of eligi-

ble equipment, products and maintenance. "Space is being made available to civil defense officials on federal, state and city levels so that they may explain new programs and operating procedures to the public," said Parsons.

"We felt strongly about our responsibility to present to the public an exposition that people can rely on to help them make their own plans for shelter survival," as has been recommended by President Kennedy," said Parsons. "Hundreds of individuals, communities and institutional and industrial security specialists have been laboring for many months to decide what to use in their shelter and survival planning. The National Shelter and Survival Exposition of '62, will aid in a positive way all of these in making intelligent decisions."

ANTIQUUE JEWELRY

from plain to fancy - an amazing assembly of unusual bracelets, brooches, earrings and charms. And, as always, out of the beaten path collection of china, glass lamps, silver and furniture.

Are "growth stocks" on your shopping list?

Shoppers on the Mall at Short Hills keep dropping in to see us with questions about stocks... such as "Is General Motors a good buy?" "What about capital gains in Telephone?" or "What are your current recommendations?"

We like to see people with investment questions, because that's why we're here. We're glad to help them with information and advice. We would be glad to help you, too.

Our offices are designed for quiet and comfortable discussion. We can give you current prices and information on stocks in which you are interested, and of course the full services of our large Investment Research Department in New York are available via direct private wire. Their most recent publications reporting on investment opportunities are on hand, and all these studies are yours for the asking. We also have a chartroom with over 1,500 charts (both point-and-figure and vertical line) for investors who like to use them.

Stop in to see us the very next time you're shopping at the Mall. We're on the main Mall level adjacent to Stouffer's. And we're open twelve hours a day on weekdays, from 9 A.M. to 9 P.M., and on Saturday, from 10 A.M. to 1 P.M.

Make Haylen, Stone on the Mall your investment headquarters.

Perhaps you are still working on the experiment for separating nothing into matter and anti-matter. You have any success? You might be well to formulate at this time, some purpose for your universe before contemplating anything like mass production.

In order to make progress you must bear in mind that anti-matter must be strictly isolated at once from matter, otherwise you will be right back where you started. Once you get the knack of keeping anti-matter away from matter, it might be well to ship the anti-matter as far away as is feasible. Anti-matter will be extremely interesting for later experiments. You will be handicapped in that you are attempting to create a universe within the limits of one already created, and you must not forget that there is quite a bit of matter with which your anti-matter will be incompatible. Be that as it may, however, you probably will prefer to work first with matter anyhow since you are already acquainted with it.

At first you will probably have a hodge-podge of protons and electrons, but some of these will get together somehow to form hydrogen atoms. Some experimentation, doubtless, will be necessary to control this process because, frankly, it must be admitted, not too much work has been done along this line. Once the technique has been mastered for producing hydrogen, however, it should not be too difficult to work on more complex atoms providing some control of neutron production is achieved.

After atoms of hydrogen isotopes, deuterium and tritium, are produced it is already known how these can be transformed into helium atoms. Experimenters are cautioned most strongly not to begin this process on too large a scale since quite large amounts of energy are involved. You should make every effort to conserve this energy, especially if you wish to pursue further experimentation increasing more complex atoms.

It may take some time before even a few of the more complex atoms can be created. Quite a number of interesting substances can be put together once you get

sufficient amounts of hydrogen, carbon, oxygen, and nitrogen. The temptation at this point may be to produce complex molecules in an effort to create proteins and perhaps some living forms. It is most doubtful that you can rush into producing living organisms. You really should have quite a few elements on hand, but not withstanding this aspect, living forms probably require a great deal of time to produce anything worthwhile. You may even get bogged down in the beginning with a lot of viruses which might be undesirable. But should you be successful beyond this point, which is unlikely, you really ought to consult various authorities because even though your scientific achievements may be noteworthy, there will be problems beyond your scope involving moral issues, ethics, and all that sort of thing.

SCIENCE QUIZ

1. What actually does remain after the mutual annihilation of an electron and a positron: nothing, heat, gamma radiation, or dust particles?
2. Gamma radiation is similar to what electromagnetic radiation: ultraviolet, infrared, x-rays, or sunlight?
3. Where are positively and negatively charged particles produced from gamma radiation in: electric generators, magnets, cosmic ray showers, or chemical reactions?
4. The atoms of which element are least apt to undergo fission or fusion: uranium, hydrogen, silver, or radium?
5. On the basis of the best scientific guesses, what was the state of the earth 2 billion years ago: same as today, not in existence, tropical, or a molten sphere?

ANSWERS

1. Gamma radiation having same energy as the original particles.
2. X-rays.
3. Cosmic ray showers.
4. Silver.
5. A molten sphere. Such estimates are based upon lead deposits resulting from radioactive decay of uranium and thorium present in rocks since their time of solidification.

Want A Lecture?

Science Series Now Available From Bell

"The Science of Semi-conductors," a traveling lecture-demonstration produced and sponsored by New Jersey Bell Telephone Company, will be available on request to public and private secondary schools in Union County from March 9 through 29. The program is geared for third and fourth-year high school physics students. It is concerned primarily with the scientific principles underlying the development of transistors. The more important properties of transistors and some of their applications are covered.

The lecture-demonstration, presented in 166 high schools throughout the state last year, was prepared at the request of Dr. Richard B. Scheetz, science coordinator in the state Department of Education. Dr. Scheetz said the program has provided physics students with knowledge of a new field of science which is not normally available in a classroom situation.

New Jersey Bell provides a traveling instructor and the necessary apparatus and materials. The complete program includes a question-and-answer period and a quiz with multiple choice answers. Several copies of the booklet, "The Story of the Transistor," are given to the teacher, along with a small kit which includes instructions and parts necessary to make a light-powered oscillator.

Arrangements for scheduling the lecture can be made by mailing a request to Robert A. Mengel, public relations, New Jersey Bell Telephone Company, 540 Broad St., Newark. The request should contain choice of dates for presentation and number of presentations desired. It should be signed by the high school principal and include a phone number for confirmation of the booking by the telephone company.

Study Group Meets

A meeting of the study group of the Watchung Section, National Council of Jewish Women will be held at 8:30 P.M. on Monday, February 26 at the home of Mrs. Bernard Robins, 1009 Tice Place, Westfield. This is the second in a series of meetings devoted to a study of Latin America. Reports at this session will be given by Mrs. Martin Champagne and Mrs. Kenneth Oringer.

Helpful Hint

DISPOSABLE SPREADER. Here's how to provide yourself with a supply of cheap, disposable glue spreaders. Cut half-inch slices off a small wooden scrubbing brush using a power saw. Each slice will make an ideal glue spreader and will cost you only about two cents.

FDU's New Women's Magazine Is Result Of Pioneering Effort

Fairleigh Dickinson University is increasing its pioneering efforts in developing new trends in women's education with the publication of a quarterly magazine entitled **UNIVERSITY WOMAN**. Edited by Dr. Lois Pratt, Chairman of the Social Science Department on the Florham-Madison campus, the first issue deals with problems in educating the modern woman.

"Educating the Modern Woman" is the title of the article by the editor in which she says that educators should formally recognize that a majority of women today will perform six major roles: wife and mother, citizenship responsibilities, moral and humanitarian leadership, occupation, cultural participation, and recreation. "It is no longer acceptable," says Dr. Pratt, "for the woman student to use her college sojourn merely to locate a husband or to pass four pleasant years. Now that a college education costs \$2,000 a year and benefactors are underwriting this education to a significant degree, the woman must be guided by the college toward an adulthood of significant participation in the complex society of which she is a member."

Dr. Pratt proposes that these steps be taken by colleges to prepare women for their varied roles: policies of equal admission for women to all academic curricula; systematic career guidance geared to women's occupational patterns; workshops in civic participation; opportunities both to observe and participate actively in some art form; encouragement to women students to work actively with men students in significant extracurricular activities; opportunities for exercising intellectual creativity and initiative through independent study or research.

"It is the belief of Fairleigh Dickinson University in general and of the Florham-Madison campus in particular," says Dr. Irving Buchen, Assistant Professor of English at the Madison Campus, "that the responsibility for bridging the gap between motivation and the means to realize it, must be assumed now. It is a further belief that an institution such as a coeducational university is best equipped to undertake this task, linking as it does the life of preparation with that of participation. Fairleigh Dickinson University is increasing its efforts to meet the needs of mature women wishing to return to work through its evening program, through a proposed clearinghouse of information on jobs and training programs available in industry, through one-day conferences on special problems—such as opportunities for women in science, and through special institutes—such as the six week Writers' Conference to be held this summer. In order to encourage and prepare both young and mature women to participate constructively in voluntary organizations, a Citizenship Workshop is being planned as a formal course in the day and evening programs. A central feature of the plan is that the woman would actively participate in community activities while in college. A program of research is also being

developed on problems of women. A pilot study has already been launched to determine the level of productivity and creativity of married women with college educations.

"Collegiate Mothers," an article written by Mrs. Marian Carter Lewis, a collegiate mother herself, tells of the new horizons a college education opens up for a married woman and mother. "To fill the spiritual vacuum left by the constant contact with mechanical aids in the household, particularly when the children are all in school, and the time created by them, is modern woman's greatest challenge, and many are answering this challenge by flocking to college campuses to take part in one of the most creative acts possible—learning."

Miss Judy Wilson, a FDU student and president of the senior class on the Madison campus, describes in "The Wider World for Women—The Student Version" the current activities for undergraduate women. "It is not in the classroom alone that the woman student finds opportunities to develop skills and ex-

pand her interests. Many aspects of the co-curricular program are designed with this objective in mind. Of the many clubs on campus, some are formed to extend the work in an academic subject beyond the classroom. The club member has a chance to undertake additional research projects and to discuss special issues with professionals in the field. It is the policy of the University to permit new groups to form whenever student interest merits their establishment."

"The Education of the African Woman" points up that the re-vamping of systems of educating women is a world wide program, and that the appropriate educational pattern for the emerging African woman may be neither the old African model nor the western patterns inherited from colonial powers.

Beauty and the Creative Woman is the theme of the second issue of **UNIVERSITY WOMAN** which is in preparation for Spring publication. Subscriptions at \$3.00 for four issues may be ordered from University Woman, Fairleigh Dickinson University, Madison, New Jersey.

Dry Cleaning Is A Saver

Modern fabrics and techniques may raise the question of why is drycleaning necessary. In this era of wash-and-wear it may seem that the need of drycleaning is limited. However, many types of soil are not removed from fabrics by water. Dry-cleaning solvents remove oily and greasy soil more readily than water.

Removal of spots and stains require a knowledge of fabrics, dyes, and finishes in relation to the method to be used.

Specialized equipment used by dry-cleaners is designed to accommodate the intricate garment details that cannot be pressed by a hand iron on the home ironing board.

Some fabrics require replacement of special finishes. Such finishes are not adaptable to home application. Other fabrics will shrink less in a dry-cleaning solvent than in water.

Wet cleaning is a process that is used by dry-cleaners. Wet cleaning is not washing in the manner you wash garments at home.

When garments are so badly soiled that dry-cleaning does not remove all the soil, general grime and dirt, they are wet cleaned to make them wearable again.

Wet cleaning is a hand brushing operation with equipment used for quick drying, dye-setting, agent, sizing and expert techniques to make the garment wearable again.

Dry-cleaning can be delayed if methods of clothes care are fol-

lowed carefully.

If you shower before dressing, allow plenty of time for your deodorant to dry. Place a make-up cap over your head before you put on or take off a dress, to prevent cosmetics from rubbing off.

Do not apply perfume or cologne directly to a garment. If you apply nail polish after you are dressed, cover your lap with a towel. Always allow a garment to air before hanging it in the clothes closet.

Make periodic inspections for rips and tears, lost hooks, or snaps, broken belt loops and hook loops. Set a definite time for mending and repairing clothes.

Don't let garments become overly soiled before having them dry-cleaned. Do not store them uncleaned. Research has shown that silverfish and moths attach any fabric, regardless of fiber content, if there is food on which to feed.

**Feet Are Important!
NJ Chiropodists
Launch Program**

"The Waling Public is being deprived of needed services through ignorance," said Dr. Harold Estersohn, of Newark, State Chairman of Public Education and Information. This must be the responsibility of the foot doctors of the state to keep the walking public aware of the specialized services available to them. The parents of today's little children receive no organized communication relative to the corrective needs of their offspring. When one considers the small number of schools making routine foot examinations of school children, we can appreciate why the bulk of the coming generation are potential patients for Chiropodical services.

Many of our citizens are not aware of the multitude of ailments, secondary to the most simple of foot conditions, when neglected. Many of our youth, seeking their life's vocation, are not aware of the many opportunities open to them in the profession of Chiropody and the tremendous shortage of personnel available.

In order to correct this situation each division of the state is forming a Public Education Committee, who will make available to civic groups, speakers in the area, who are practicing Chiropodists in the community. Service and social education organizations are advised to contact Dr. Edna Kroll Tropp, of Springfield, N.J., chairman of the local committee, who will arrange programs and dates.

Also available to PTA, Service and Social-Educational groups are a number of fine films on care of the feet, and the opportunities available to prospective students in the profession of Chiropody.

**"We'll Have Lines
On State Roads"
Trenton Reports**

The New Jersey State Highway Department today asked for bids March 8 on a contract for painting a total of 526 miles of white traffic lines on State highway in six counties this spring and fall.

The Department's program calls for repainting center lines and lane lines on stretches of highway in Bergen, Essex, Hudson, Morris, Passaic, and Union Counties, using reflecting paint.

Other lines marking crosswalks, approaches and "stop" boundaries at 63 locations also will be freshened.

The contract requires that most of the work in Bergen, Essex, Hudson and Union Counties be done on Sundays to eliminate traffic slow-ups and hazardous conditions during week days. In other areas where traffic conditions are more favorable, painting will be allowed on week days.

**Vacations Show
In Travel Checks
Folks Going South**

The rising popularity of winter vacations, as reflected in the vast increase in sale of travelers checks, was reported yesterday by Loren F. Gardiner, President of the Crestmont Savings and Loan Association.

"We have found in the past that the bulk of our travelers checks are sold during the summer months," Mr. Gardiner said. "However, sales in recent weeks have indicated that more and more of our members are getting away from it all during the cold winter."

Mr. Gardiner said an informal check reveals that most vacationers are following the sun southward, but an amazing number have been heading North for ski and winter sports resorts.

The many advantages of safety and convenience in travelers checks also were credited for the rapid rise in sales. Mr. Gardiner pointed out that many members going to the Caribbean this year have reported getting extra discounts on purchases by paying with the checks.

**Students Make List,
Dean Makes Reception**

Dr. Kenneth C. Mackay, president, and Dr. Kenneth W. Iversen, dean, will be hosts Monday evening (February 19) at a reception for Union Junior College students who attained the president's and dean's honor lists for the fall semester.

The reception will be in the student lounge of the college's Nomahegan Building at 8 p.m. Mrs. Robert Leary of Cranford, Mrs. Lewis Etherington of Westfield, Mrs. J. Howard McAteer of Cranford, and Mrs. Paul Dankel of Scotch Plains, members of the UJC faculty, will pour.

Special guests will be department chairmen and members of the faculty.

**"Keep Our
Swamp Full"
Colleges Ask**

The Biology Department of Union Junior College has joined with eight other colleges and universities in urging the U. S. Fish and Wildlife Service to assure the continued usefulness of the Great Swamp in Morris County as a living laboratory for biological studies.

Joining UJC in the plea were: Drew University, College of St. Elizabeth, Fairleigh Dickinson University, Lafayette College, Rutgers University, Upsala College, and Wagner College.

"We are quite impressed with the potential of this area and are pleased that your service recently accepted title to a considerable portion of the Great Swamp. We are hopeful that his shall become an active wildlife reserve in the near future," E. G. Stanley Baker, chairman of the division of science at Drew University, said in a letter to J. O. Gotschalk of Boston, northeastern regional director of the Fish and Wildlife Service.

Mr. Baker said there is a need for an easily accessible area where beginning students can see common plants and animals in their natural state. He added that there also is a need for a place where individual investigators can undertake long-term scientific research projects without danger of interruption and for remote areas where small groups of advanced students can study the relationship of plant, animal and marine life.

Union Junior College biology students have been making field trips to the Great Swamp for many years.

St. Patrick's Dance

Plans for a St. Patrick's Day Dance on March 16 and a Science Fair meeting on March 15 will be discussed at a meeting of the executive committee of the Jonathan Dayton Regional High School PTA next Wednesday (Feb. 28) at 8 p.m. in the school.

Officers will be elected at the March 15 meeting, and there will be a guest speaker, after which the exhibits will be viewed.

The dance will be held at the Club Diana, Union, the following evening, and all members of the executive committee are now selling tickets. Mrs. Joseph Todres is chairman for Springfield, assisted by Mrs. Seymour Wrotzel.

**Sons Will
Hold Meeting**

Passaic Valley Chapter, Sons of the American Revolution which embraces Summit, Berkeley Heights, New Providence, Murray Hill, Springfield, Chatham, Short Hills, Millburn and vicinity, will hold its quarterly supper meeting, Wednesday, February 22nd, at 6:45 p.m. at the William Pitt in Chatham.

At this meeting the largest class of new members will be inducted that has taken place in years: The following citizens will be initiated: as Compatriots; Augustus B. Anderson of Springfield; Albert Decatur Briggs, Jr., Springfield; Arthur Lewis Briggs, Springfield; Fred Wesley Compton, Springfield; Kenneth F. Lancaster, Springfield; Clayton Forsyth Smith, Madison; Edmund S. Freneau, Summit;

Randall H. Decker, Jr., Summit; Charles Sumner Shaw, Summit; Robert W. Parsons, Jr., Summit.

The speaker of the evening will be Lt. Comm. D. R. Augustus W. Smith Sr., USNR, ONM, USN, whose subject will be "New Jersey Cradle of Rocket Power".

The National Convention of the Sons, will be held this year in Philadelphia, Pa. from May 27th to May 30, a great break for New Jersey chapters, and delegates will be discussed at this meeting.

A Committee for Historical Markers is awaiting definite selection of Highway 78 and widening of N. J. Route 24, before making its final report.

Passaic Valley Chapter now has over sixty members and is the fastest growing N. J. chapter of the S.A.R.

Recent new residents from other State Societies are welcome to attend meetings, and

are invited, together with other interested persons, to contact any of the following officers of the Chapter: Secretary, A. W. Smith, Short Hills Ave., Short Hills; President Henry C. McMullen 20 Molter Ave. Springfield.

"I'm so glad you liked it" Saying "thank you" by phone means so much to folks. Why not try it next time? New Jersey Bell

Piper At Bonwit

As a special children's feature on Washington's Birthday, February 22nd, Bonwit Teller will have its own Piper in the Short Hills store from 11:00 AM to 4:00 PM.

Gaily costumed, the Bonwit Piper will entertain the children with comic pantomimes and will also do crayon drawings on the spot to give each child.

Talk At Center How To Mold Without Hands

"How Mass Media are Used to Mold Public Opinion" is the title of a combined program of motion pictures and talks by Douglas H. Brush, well-known advertising agency man, and Henry S. Evans, veteran news and public relations executive, both of Keyes, Martin & Company, Springfield advertising agency, to be given at the Jewish Community Center of Summit, 67 Kent Place Boulevard, 8 p.m., Sunday, February 25, 1962. The public is invited.
 Mr. Brush has been in the advertising agency business since 1946. A past vice president of the Association of Industrial Advertisers, New Jersey Chapter, he was named the "Advertising Agency Man of the Year" by that chapter in 1960. He lives at 7 Sutton Drive, Berkeley Heights.

Mr. Evans, a resident of Morristown, has had a distinguished career in national, international, corporate and industrial public relations. He has been a news reporter for newspapers and wire services; was the editor of several books including "Dateline: CHINA"; author of "China Handbook 1950"; and wrote popular science column syndicated to hundreds of newspapers. For two years he had a daily radio news comment program in Chicago.
 Mr. Howard Reisman, 66 Fourth Street, New Providence, Program Chairman, announced that "Yankee Doodle Goes to Town", a Hollywood-produced film, based on the historical use of mass media, will be shown as part of the program.

May 19th Date For Musicals At High School

Harry P. Lowy, of Springfield, and David Belasco, of Union, have been appointed co-chairman of "An Evening in the Musical Theater", which will be sponsored by Temple Shalom on Saturday evening, May 19. The musicale will be held at the Regional High School, in Springfield.
 Temple Shalom has contracted with the famous impresario, Sam S. Sackarain, who has organized troupes of professional entertainers. The "Opera on Wheels" as these troupes are called, have appeared in the major New York City night clubs, at Grossingers the Concord Hotel, and at Jones Beach. Selections from light opera, the more popular operas and the musical comedy stage will be given.
 Tickets are now on sale at \$2.50 and \$5 per person. The five dollar ticket is for reserved seats and the person will be listed in the program as a patron. For tickets please call Mr. Lowy, 10 Redwood Road, at MU 2-9105, or Mr. Belasco, 2791 Carol Road, at MU 6-9124.

Mrs. Herman Schachtel of Millburn and Mrs. Samuel Seltzer of Springfield are the co-chairmen of this event.
The WEEKLY Handyman
 THOR RESEARCH CENTER FOR BETTER FARM LIVING
 QUESTION: I notice my screens are a little worse for wear this year. Is there an easy way to dress them up before I store them for the winter?
 ANSWER: Screens can't help getting weathered after a few years. That's why it's a good idea to refinish regularly. It is best to remove rough spots on the screen frames before painting. This can be done easily with a portable electric sander.

AVOID A BUTTERFLY STOMACH!
Selling a home is a professional job
Leave it to the professional

Leave to the expert those matters in which the expert excels . . . and that applies to plumbers or printers, bakers or bankers, locksmiths or lawyers.

Selling real estate implies an abundance of knowledge in a highly specialized field. It requires facts on comparative values, financing, mode of presentation, and many other technicalities involved in the sale of a home.

Too late, many folks learn that signs reading "FOR SALE—See Owner" merely attract curiosity seekers or those seeking to impose distress prices on properties. The net result is lost-time, lost money.

Place your confidence in a Realtor. He will represent your best interests. He knows how to show your home in proper perspective. He knows how to make prospects feel at home. He glamorizes what is good. He is familiar with the means by which you can secure your top dollar . . . and what more can anyone ask?

Don't acquire a butterfly stomach! Leave this to the misinformed. The knowing public has learned to trust his or her Realtor.

Heard the word? We were third in sales in '61. Third!

It's nice to be loved.

Like we've said: "When people like a car they show it." All you have to do is put together a car that's sharper looking, smoother running and a bigger value. That's why Pontiac and Tempest stormed into third place. Why don't you see your Pontiac dealer (a very happy man these days) and go with a winner?

PAGE 11

HIGHLANDER CAGERS FLATTEN WESTFIELD BLUE DEVILS

BY DICK SCHWARTZ

This might seem pretty silly. After all, the greatest part of the wrestling season has come and gone...

Wrestling Not Rassling

High school wrestling is not to be compared with professional or TV "Rassling". There is no similarity!

The referee is responsible for the proper conduct of the match and the safety of the wrestlers.

In high school wrestling in the State of New Jersey there are twelve weight classes.

The following are the weights: 95-98 lbs; 103-106 lbs; 112-115 lbs; 120-123 lbs; 127-130 lbs; 135-136 lbs; 138-141 lbs; 145-148 lbs; 154-157 lbs; 165-168 lbs; 175-178 lbs; Heavyweight.

A wrestling bout is divided into 3 periods, each 2 minutes long. The first period the wrestlers begin from the standing position.

In tournament competition where there is a tie in points the contestants shall wrestle two extra periods of two minutes each starting from the referee's position as in the second and third periods of the regular match.

The criteria for determining superior wrestling ability are attempts to secure falls, take-downs, reversals, and escapes, along with the maintenance of control.

What They Mean

DECISION: A decision is awarded to the wrestler with the greatest number of points at the conclusion of each bout.

FALL: A fall occurs when both shoulder blades are held to the mat continuously for two full seconds.

DRAW: A draw is awarded when both wrestlers score an equal number of points during the bout.

takedown: is a situation in which one wrestler takes his opponent to the mat from standing position and gains a position of control.

REVERSAL: Occurs when the defensive wrestler maneuvers to a position of advantage or on top of his opponent.

ESCAPE: Occurs when the defensive wrestler maneuvers to a standing or neutral position.

NEAR-FALL: Is awarded to the wrestler who very nearly gains a fall over his opponent.

PREDICAMENT: Is awarded to the wrestler who puts opponent on his back, but does not hold him long enough to gain a near-fall.

TIME ADVANTAGE: When the difference between the "top time" or "riding time" of the wrestler exceeds 60 seconds or more the wrestler having the most "top time" is awarded time advantage.

DEFAULT: When a contestant enters a match, and due to circumstances beyond his control is unable to continue.

FOREFEIT: When a contestant fails to meet the requirements of the rules.

Scoring Made Easy

INDIVIDUAL MATCH SCORING: 2 pts. Takedown; 2 pts. Reversal; 1 pt. Escape; 3 pts. Near Fall; 2 pts. Predicament; 1 pt. Time advantage.

TEAM SCORING FOR DISTRICT V TOURNAMENT: 1st. place 5 pts. 3 rd. place; 2nd place 3 pts.; default 1 pt.; forfeit 1 pt.; pin point 1 pt. (throughout the tournament).

Help For Golfers

"Dreaming of green fairways? A little annoyed over last year's 'unexplainable hook'? Then polish up the old clubs and take a few professional lessons.

Ed Ruby, Springfield Recreation Director, has recently announced the formation of a Golf Clinic at the Florence M. Gaudinier School for interested Springfield residents.

The clinic, run by Jimmy Farrell, Baltusrol Golf Club, will begin on February 28th and will run for five weeks. Each class will be one and a half hours, beginning at 7:30 p.m. There will be a registration fee of \$4.00.

The classes will give instruction on the fundamentals of the game so that the person may learn the essentials to develop a satisfactory and more enjoyable game.

All those wishing further information are asked to contact Mr. Ruby at Town Hall.

TAKEN TO THE CLEANERS

Swimmers From Summit Place Second To Champs

The Summit YMCA Girls Swim Team was nosed out of first place by the Vesper Boat Club, 1961 Women's Senior Outdoor Swim Champs, in the 9th Annual Philadelphia Open Age Group All Trophy Swimming Meet for Boys and Girls at Abington, Pa., last Saturday.

The 1961 Outdoor National Swimming Championships, finishing in eighth position, even though their competition consisted of teams representing private athletic clubs, swimming organizations, and boat clubs.

Girls in the 13-14 year group, led by Ginny Duenkel, W. Orange and Sue Pitt, Highland Park, together with Carol de Goff of Westfield and Doral Schwitzer, Scotch Plains, garnered the highest percentage of points.

In addition, Judy Dinnsen, Metuchen and Pam Richeter, Westfield, contributed handsomely total points for the Summit Y. These girls represented the one YMCA swim team to gain national recognition in the 1961 Outdoor National Senior Women Swimming Championships.

The young ladies have been swimming about two hours, 6 days a week for many months. However, their schedule must be adjusted to prepare for the Women's Senior A.A.U. Swimming Championships to be held April 19-21 at Sacramento, California.

This team won 32 N.J. A.A.U. Junior Olympic Championships in 1961, numerous A.A.U. Age Group Championships, Junior Women's Championships and 25 of a possible 30 N.J. Senior Women's Champ Events.

They also are the only YMCA team to score any points in the 1961 Outdoor National Swimming Championships, finishing in eighth position, even though their competition consisted of teams representing private athletic clubs, swimming organizations, and boat clubs.

Berkeley Heights Quintet Advances In Union County Tournament After Taking Watchung Champs Easily, 56-40

IN WHAT EASILY QUALIFIES AS THE MOST ASTOUNDING UPSET IN NEW JERSEY SCHOLASTIC BASKETBALL CIRCLES THIS SEASON AND QUITE POSSIBLY AS THE BIGGEST UPSET IN THE LONG HISTORY OF THE UNION COUNTY CONFERENCE TOURNAMENT, GOVERNOR LIVINGSTON REGIONAL HIGH SCHOOL OF BERKELEY HEIGHTS SHOCKED TOP-SEEDED WESTFIELD HIGH SCHOOL HERE FEBRUARY 17, 56-40, IN A FIRST-ROUND CONTEST.

Governor Livingston's Highlanders, unranked and highly regarded in pre-tournament estimations, had come into the game with a 7-10 record. Westfield, champions of the strong Watchung Conference and a top rated contender for the Central Jersey Group IV crown, carried a 19-1 mark into the UCC tourney.

In a tournament that had been marked by perfect form previously, with all other seeded teams scoring first-round victories, Westfield hardly was prepared for an upset by Governor Livingston. Of the other seeded entries, only Scotch Plains, a 41-39 winner over Roselle Park, had experienced any difficulty.

But Governor Livingston, led by its indomitable all-county and all-state candidate, Leapin' Lynn Nesbitt, simply outplayed and outthrust the highly favored Blue Devils right from the start.

When the Highlanders jumped off in front, 15-10, in the first quarter, most of the overflow crowd in Clark Regional High School's gymnasium figured it was a fluke. But when Governor Livingston still led 22-21 at half-time, the crowd began to sense an upset was in the making and lent vociferous vocal support to the Highlanders.

With Nesbitt and sophomores Bob Heuer and John Adamiak controlling the rebounds and completing bottling up Westfield's 6-10 Bob King with a collapsing double-teaming defense, Governor Livingston boosted its lead to 36-31 in the third period.

Gym In Uproar

By now the Clark gymnasium was in an uproar. Westfield, facing defeat in its tourney debut, turned to drastic measures. The Blue Devils resorted to a freak 1-2-1 pressing defense in an effort to upset the Highlanders' cohesion.

The move backfired badly. Instead of losing their poise, Don Wodock's charged up cagers bombed Westfield's defenses for 20 points in the final period and turned the game into a rout. Nesbitt, Heuer and Adamiak, the Highlanders' trio of six-footers, hauled down 50 rebounds among them as they completely took the backboard play away from the highly touted King.

In addition, Nesbitt played rings around King offensively. Lynn swished in 15 baskets in 24 attempts in equaling his school record of 30 points in one game. King was limited to seven points, far below the 23-point average he brought into the contest.

Key To Upset

The key to the upset was the Highlanders' shooting and ball control. Wodock's cagers hit an amazing 26 of 48 shots by the simple expedient of waiting for the good shot.

This shooting, and the Highlanders' poise in three trying situations (twice when Westfield grabbed one-point leads and once when Westfield used its zone press) contributed heavily to what simply has to qualify as the most significant athletic triumph in the brief history of Governor Livingston Regional High School.

Plainmen Next

The Highlanders were slated to play Scotch Plains High School last Tuesday night at Upsala College in East Orange in a quarter-final round contest. The winner of this game will play the victor of the Union-St. Mary's of Elizabeth contest on Friday night, February 16, at Upsala.

Scotch Plains is the eighth-seeded team in the UCC event. The Blue Raiders have been inconsistent this year, with a 10-10 record before Tuesday's game with Governor Livingston. This is what concerns Coach Wodock. This inconsistency, and a possible letdown by his Highlanders, after their tremendous victory over Westfield.

It will take an upset of lesser proportions to propel the Highlanders into the tourney semifinals, but after the Westfield victory anything can happen.

Cranford Pounds Bulldogs In County Hoop Tourney

BY ARNOLD MINIMAN

ON THE STRENGTH OF A 31 POINT OUTPUT IN THE THIRD QUARTER, THIRD SEEDED CRANFORD EASILY DEFEATED SPRINGFIELD, 89-64 AT SCOTCH PLAINS IN THE FIRST ROUND OF THE UNION COUNTY TOURNAMENT.

THE BULLDOGS PLAYED POORLY THROUGHOUT THE GAME DESPITE THE BRILLIANT PERFORMANCE OF DAVE BONISLAWSKI, WHO SCORED 37 POINTS.

A foul shot by Jack Aggar gave Springfield an early 1-0 lead. Cranford managed to pull ahead twice, but jump shots by Aggar and Bonislawski tied the score at 5 apiece. Then two quick layups by Freshman Keith Neigel and Bonislawski gave the Bulldogs their largest lead, 9-5.

The Cougars pulled within one before "Bone" converted a free throw for a 10-8 lead. Then Cranford scored 7 consecutive points to go ahead for good.

A jumper by Aggar and layup by Bonislawski pulled Springfield within 1 but Cranford surged to a 19-14 lead at the quarter. Bonislawski tallied 8 of the Bulldogs first 10 points in the second period but Cranford managed to keep its lead. Then the Cougars scored 5 consecutive points for a 10 point margin, but a jumper by Kretzer and a layup by Schuss pulled Springfield within 6, 34-28 at the half.

In the third period Cranford began to look like the superior ball club. It was, as John Litwinetz and Bob Engel led the Cougars to a 31 point output, while holding Springfield to 10 points, 6 by Bonislawski and 4 by Schuss.

Springfield finally got hot in the last period, outscoring the Cranford second team, 26-24. Aggar and Bonislawski put on a two man show for the near capacity crowd, displaying fine ball-handling and combining for 22 points.

The failure of the Bulldogs was clearly marked in their inability to put the ball through the hoop and hold the big three from Cranford. John Litwinetz led the Cougars with 22 points, Bob Engel had 21 while Ron Ritter added 17 markers. The Bulldogs took an amazing 87 shots, hitting 29 of them for a poor 33%. This plus the fact that Cranford had hit 64% of its shots during the season meant the difference.

The only bright light in the loss, besides the fact that nearly all the Bulldogs are returning next season, was the play of Dave Bonislawski. Dave played his best game of the year, hitting 16 of 31 field goals and 5 of 6 foul shots. "Bone" amazingly played the entire second half with four personal fouls! Jack Aggar had 11 points on 5-16, 1-0 shooting and Ted Schuss hit 10 on 5-15, 0-1 totals.

The Bulldogs ended the season with a 7-12 record.

Information regarding the course can be obtained at the YMCA, 67 Maple St. Registrations are now being taken.

Little League Registration

Mountainside

Attention Little League! Registration for Little League will be held Saturday, February 24th and Saturday March 3rd, from 10:00 a.m. to 12:00 noon in the all purpose room of Deerfield School. Registration blanks will be distributed through the schools or may be obtained at the Public Library or in the School offices.

All boys who will be 8 by April 28th and not over 12 by August 28th are eligible. A donation of \$4.00 is being asked. Boys must be accompanied by a parent. Babe Ruth registration for boys from 13 to 15 will be held at the same times. Registration blanks will also be available at Deerfield School and at the Public Library.

Fathers are needed to get the program under way. A general meeting for all interested will be held at 8:00 p.m. on Tuesday, March 6, in the All Purpose Room at Deerfield School.

The National Safety Council says: Reduced visibility and inadequate traction are major, added hazards of winter driving. Be sure your wiper blades are in good condition, and have arm pressure of one ounce per inch of blade length to sweep off snow and sleet instead of sliding over it. Check defroster, and always carry a pair of reinforced tire chains to back up your ability to go and stop safely.

(Continued on page 12)

Union Paces District 5 Tourney; Dayton Places 3rd

CROWD—Regional's gym is 'full up' Friday night as District 5 Tourney gets under way. Two matches were run at the same time, and all teams found the facilities satisfactory. The turnout was excellent considering the weather as a possible spoiler.

Sica Lone Grappler To Capture Crown For Regional Hosts

By Gary Falkin

Well the winners won the losers lost, and a few upsets were notched. The scene was the District 5 finals of the annual New Jersey Wrestling Tournament held at the Jonathan Dayton Regional High School February 16-17.

Seven schools participated in the event with Union walking off with top honors scoring 43 points and placing six of its matmen in the finals. Columbia gave Union a run for their money by tallying 40 points with four wrestlers in the finals. Springfield has 21 points and placed Heavyweight Marty Sica in the finals. Seton Hall with 13 points rounded out the final team by placing Ed Belinski. Hillside followed with 11 points, Jefferson with 8 and Irvington, in its first year of Varsity Wrestling, failed to score.

In the 98 pound class, Howard Kestenbaum of Columbia defeated Rich Lucariello of Springfield 3-0. In the earlier contests, Lucariello pinned Hillside's Rich Gottlieb at 3:18 and in the Semi's beat Ron Rosenfeld of Jefferson 10-2. This was the first loss of the season for Lucariello. He's sure bet for next year.

At 106 pounds, Regional's Pete Puntigam was eliminated from competition in the second round by Al Provini of Columbia, 6-0. Jim Burke of Union went on to win the match 7-1 over Provini. In the 115 pound class, Dave Gleitzman of Union beat Springfield's Barry Becker, 8-0 and then went on to win the class.

The 123 pound class was just about in the bag for Regional as Ron Puorro was nipped in the final round by Union's Sam Fiore 3-1. It was quite apparent to the crowd that Puorro would be the victor but a long stall by Fiore brought boos from the stands and a Fiore triumph. In the earlier matches Puorro beat John Hill of Columbia 6-3 and pinned Wayne Taylor in 2:50.

Jack Wills, 130 pounds, was the only wrestler to win his second District Title. He did it by taking two pins, and a 6-0 decision over Al Rosenfeld of Columbia for the Class Championship. His second pin came over Regional's Tom Baker at 5:15. Tom qualified for the Semi's by beating William Fleming of Jefferson 6-3.

In the 136 pound class, Dayton's Paul Isenberg was pinned in the first round by Hillside's Mitch Kaufman at 1:48. However Kaufman was beaten by Wilbur Creekmur of Union 8-3 who then took the title.

At 141 pounds, Rich Krupinski gave Union their sixth straight title victory by knocking off Springfield's Joe Scelfo 6-0 and Mike High of Hillside and Greg Wacker of Columbia.

BRIEFING—Herb Palmer, Ron Puorro and Jerry Sachsel talk it over during brief respite in Puorro's match.

98lb. Rich Lucariello Falls

TWO—Barry Becker of Regional loses ground to Union's Dave Gleitzman in early action. The Union grappler went on to win the 115 lb. class.

ACTION—Regional's Tuffy Hartz is having a rough time of it against George Montgomery of Columbia at the 148lb. level. Montgomery went on to take a Union opponent and win top honors in his class. (Photos-D. Schwartz)

ON TOP—Bill Geoghegan, Dayton, grapples with George Stanton. Bill lost match when he was pinned at 3:50 of the contest. The boys were wrestling in the 178lb. finals.

WHAT TO MAKE

By Allan Carpenter, Director, Service Bureau
Popular Mechanics Magazine

BUILD THIS SPEEDY OUTBOARD CATAMARAN

Almost impossible to capsize, this 16-ft. outboard catamaran can be built either as a runabout (as shown) or a cabin cruiser. The cat will reach 35 mph easily when powered with twin 40-hp motors. Any combination in twins and singles can be used up to 160 hp. An 1800-lb. capacity tilt-bed trailer is just right for launching and retrieving it. An illustrated book of instructions for building the cat is available for 50¢; ask for Booklet 204. The booklet is free with the purchase of enlarged blueprints (B204A, \$5.00). To order, send cash or money order to Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill. A listing of other boat plans is available without charge.

Overplanting Bulbs

When spring-flowering bulbs like hyacinths and tulips finish blooming, their leaves gradually turn yellow, then brown, and finally die. This is an unsightly process which is no asset to any garden. To camouflage the bulb leaves, overplant seeds of quick-growing, quick-flowering annuals that will be starting to bloom by the time the bulbs have finished flowering and will continue to blossom while the leaves gradually disintegrate. Annuals that lend themselves to overplanting, by simply scattering the seeds over the area in which the bulbs are planted, are poppies, cornflowers, white sweet alyssum or its deep pink counterpart, variety Rosie O'Day or calliopsis. The alyssums and calliopsis will continue to flower all summer; the poppies and cornflowers may be pulled out when they cease to bloom.

Unanimous approval of appointment of local Assessment Commission for year 1962, as follows: Elmer E. Andrew, Fred W. Compton and Richard Stockinger.

Unanimous approval of cooperation with Union Council, Boy Scouts of America, for participation by the Township Committee in a Scout Community Leadership Day.

Adjournment

LEGAL NOTICES

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF AN EIGHT (8") INCH SANITARY SEWER MAIN AND OTHER APPURTENANCES NECESSARY THERETO BY THE TOWNSHIP OF SPRINGFIELD IN THE COUNTY OF UNION, STATE OF NEW JERSEY, APPROPRIATING \$8,000.00 ASSESSMENT OF THE COST THEREOF, AND AUTHORIZING THE ISSUANCE OF NOTES OF THE TOWNSHIP OF SPRINGFIELD FOR FINANCING THE SAME.

BE IT ORDAINED by the Township Committee of the Township of Springfield in the County of Union, State of New Jersey, that:

Section 1. The improvement hereby authorized and the purpose for the financing of which said obligations are to be issued is the improvement and extension of the sanitary sewerage system of the Township of Springfield, in the County of Union, State of New Jersey, by the construction of an eight (8") inch sanitary sewer including manholes and other appurtenances necessary thereto on the easterly side of U.S. Route 202, between a station which is located approximately 250 feet westerly from Dunbar Road and running thence in a westerly direction for a distance of 450 feet to a point near the Mountside Drive line.

(b) The estimated maximum amount of money to be raised for said purpose is \$7,500.00.

Section 2. The improvement described in this ordinance is hereby authorized as a local improvement to be made or acquired by the Township of Springfield, in the County of Union, State of New Jersey, for the said improvement there is hereby appropriated the sum of \$8,000.00, said sum being in full of all appropriations heretofore made therefor and including the sum of \$400.00 as the down payment for said improvement or purpose covered by law and now available therefor by virtue of provision in a budget or budgets of the Township previously adopted.

Section 3. For the financing of said improvement and to meet the part of said \$8,000.00 appropriation not provided for by application heretofore of said down payment, and in anticipation of the authorization and issuance of negotiable bonds of the Township pursuant to the Local Bond Law, constituting Sections 40A:2-1 through 40A:2-63 of the Revised Statutes of New Jersey, and to temporarily finance said improvement, negotiable notes of the Township in a principal amount not exceeding \$7,500.00 are hereby authorized to be issued pursuant to and within the limitations prescribed by said Law. The maximum rate of interest which any of said obligations shall bear is six percent (6%) per annum.

Section 4. The said purpose described in Section 1 of this ordinance is not a current expense and is a property or improvement which the Township may lawfully acquire or make as a local improvement.

Section 5. The ordinance authorizes obligations of the Township solely for a purpose described by subsection (c) of Section 40A:2-7 of said Law, and the expense authorized by this ordinance and every part thereof is necessary to protect the public health and to protect or improve a present health and to protect or improve the public health of sufficient gravity to justify the incurring of debt in excess of statutory limitations and no less expensive method of preventing or suppressing such menace exists.

Section 6. The period of usefulness of said purpose, within the limitations of Section 40A:2-22 of said Local Bond Law and according to the reasonable life thereof, is forty (40) years.

Section 7. The supplemental debt statement required by said Law has been duly made and filed in the office of the Township Clerk and a copy of the same has been filed in the Office of the Director of the Division of Local Government of the

State of New Jersey, and such statement shows that the amount of the Township as defined in Section 40A:2-43 of said Law is increased by this ordinance by \$7,500.00 and the issuance of the said obligations authorized by this ordinance is permitted by the exception contained in subsection (c) of Section 40A:2-7 of said Law to the debt limitations prescribed by said Law.

Section 8. The expense defined and authorized by Section 40A:2-20 of said Law, here and shall be charged as a part of the cost of said purpose to be financed by the issuance of said obligations.

Section 9. The cost of said Local Improvement shall be paid by special assessments which shall be levied in accordance with the law on property specially benefited thereby, as nearly as may be in proportion to and in excess of the peculiar benefit, advantage or increase in value which the respective lots and parcels of real estate shall be deemed to receive by reason of said local improvement. The owner of any land upon which any such assessment shall have been made may pay such assessment in the number of equal annual installments heretofore determined, all as may be provided in accordance with law and with legal interest on the unpaid balance of the assessment.

Section 10. Nothing will be contributed by the Township to large to payment of the cost of said improvement or purpose, and the estimated maximum amount of the special assessments to be levied on property specially benefited by said improvement is \$8,000.00 and the number of annual installments in which the special assessments may be paid is ten (10).

Section 11. The full faith and credit of the Township are hereby pledged to the punctual payment of the principal and interest on the said obligations authorized by this ordinance. Said obligations shall be direct, unincumbered obligations of the Township, and the Township shall be obligated to levy and collect taxes upon all the taxable property within the Township for the payment of said obligations and interest thereon without limitation of rate or amount.

Section 12. This ordinance shall take effect twenty (20) days after the first publication thereof after final adoption.

E. Eleonore H. Worthington, do hereby certify that the foregoing Ordinance was introduced for first reading at a regular meeting of the Township Committee of the Township of Springfield in the County of Union and State of New Jersey, held on Tuesday, January 13, 1962, and that the said Ordinance was read and passed at a regular meeting of the said Township Committee to be held on February 27, 1962, in the Springfield Municipal Building at 8:00 o'clock at which time and place any person or persons interested therein will be given an opportunity to be heard concerning said Ordinance.

Eleonore H. Worthington
Township Clerk
February 15th, 1962

OFFICE OF THE TOWNSHIP CLERK
SPRINGFIELD, N.J.
NOTICE OF PRIMARY AND REGISTRATION AND GENERAL ELECTION

NOTICE is hereby given that pursuant to an act entitled "An Act to Regulate Elections" R.S. 15:27, the Office of the Township Clerk will be open to receive registrations and transfers of voters every week day between the hours of 9:00 A.M. and 5:00 P.M., except Saturdays, until March 8, 1962. On March 20, Feb. 7th and 8th, the Office of the Township Clerk will be open continuously from 9:00 A.M. to 9:00 P.M. for the registering and transferring of voters.

TUESDAY, APRIL 17, 1962
between the hours of 7:00 A.M. and 8:00 P.M., a Primary Election for the nomination of public officers will be held in the various districts in the Township of Springfield at the places hereinafter designated.

Following are the Public Officers to be voted for at the Primary Election to be held April 17, 1962 and at the General Election to be held November 5, 1962:

- 1 Member of House of Representatives from the Sixth Congressional District, 2 year term
- 3 Members of the Board of Chosen Freeholders, 3 year term
- 1 Sheriff, 3 year term
- 3 Coroners, 3 year term
- 2 Members of the Township Committee of Springfield, 3 year term

At the Primary Election, April 17, 1962, the Democrat and Republican Parties will elect a male and female member of their respective County Committees in each of the districts of the Township of Springfield.

Following are the Polling Places for the Township of Springfield:

Dist. 1 Presbyterian Parish House, lower level off parking lot, Main Street
Dist. 2 American Legion Building, Center Street & North Trivet Avenue
Dist. 3 American Legion Building, Center Street & North Trivet Avenue
Dist. 4 Presbyterian Parish House, lower level off parking lot, Main Street
Dist. 5 James Caldwell School-Gymnasium, Caldwell Place
Dist. 6 James Caldwell School-Gymnasium, Caldwell Place
Dist. 7 Florence M. Gaudinzer School-Gymnasium, South Springfield Avenue
Dist. 8 Florence M. Gaudinzer School-Gymnasium, South Springfield Avenue
Dist. 9 Raymond Chisholm School-Gymnasium, Shunpike Road
Dist. 10 Raymond Chisholm School-Gymnasium, Shunpike Road

Scouts Hold Fashion Show

Troop 566, under the leadership of Mrs. Thomas E. Smith, had a "Good Grooming Party" on Tuesday night January 30. The girls gave a fashion show demonstrating the proper and improper clothing to be worn on various occasions. Donna Quinton did an excellent job as "Miss Good Grooming," the narrator. Refreshments were supplied by Jane Bell.

Saturday, February 3, the girls attended a "Grooming in Motion" clinic to complete their second badge this year, Troop Dramatics. The girls are second year-Intermediate Girl Scouts.

Clear Sidewalks Is Police Order

Springfield Police Department received numerous telephone calls complaining about residents who failed to remove the snow from their sidewalks after the snow storm last week and they are giving a warning that summonses will be issued if the local ordinance is not observed during snow periods.

To familiarize residents with the township law in regard to the "removal of snow or ice by an owner or tenant" it says: "The owner or tenant of any real property abutting upon a public street in the township shall WITHIN 12 HOURS OF DAY-LIGHT AFTER A FALL OR FORMATION OF SNOW OR HAIL remove the same from the abutting sidewalk of such street. Ice which is frozen to the sidewalk shall be removed or covered with sand or ashes.

Volley Ball Group Needs More Players

Tired-but still young business and professional men of Springfield who need some exercise are urged to join the men who have been playing volleyball at the Sandmeter School gym every Tuesday evening.

These Tuesday evening sessions, from 7:30 to 10 o'clock, have been attracting a great number of volleyball players and the plan now is to start some kind of a team tourney.

Those who would like to join this group and participate in volleyball play are asked to be on hand next Tuesday evening and every Tuesday until the end of March.

Start Drive For Israel Bonds Here

Leaders of Springfield's Jewish community were guests at the home of Mr. and Mrs. Joseph Bender, recently, for an evening in behalf of State of Israel Bonds. This marked the initial activity on the part of Springfield in the Essex County Israel Bond campaign. Alan Kempler serves as area Israel Bond chairman.

The group is currently in the process of enrolling the largest possible local delegation to attend the Israel Bond Religious Council Dinner at the Essex House Hotel on June 14 which will be highlighted by an address by Harry Golden, noted author and journalist.

HELPING ISRAEL BOND SALE—From the left, seated are Rabbi Reuben R. Levine, Congregation Beth Ahm, Alan Kempler, Mrs. Fred Becker, Mrs. Joseph Bender, Mrs. Philip Lewis, Mrs. Milton Friedman, and Fred Becker, standing, from the left are: Jacques Torczyner, Guest Speaker; Irwin Gershen, Meyer Berdick, Mrs. Alan Kempler, Selwyn Schechter, Harold Friedman, Milton Friedman, Allen Ravin, Rabbi Israel Dresner, Temple Sharey Shalom; and Joseph Bender.

Elks And Lions Give Help To 4-Year Old Crippled Child

Working quietly behind the scenes, Saul Freeman, Chairman of the Elks Crippled Childrens Committee, and Hans Deh, his counterpart in the Springfield Lions Club, have been instrumental in placing a blind and crippled child in the Walter D. Matheny School for children with Cerebral Palsy in Peapack.

The child in question is Mary Beth Mahoney, aged 4, and the tragic story of this little girl unfolded when the distraught parents, who reside at 137 Baltusrol Way, finally appealed for help. The story of these young parents shows the strain of the past 4 years since Mary Beth was born.

Mary Beth was born blind, a great tragedy in itself, and then contracted Cerebral Palsy, which compounded the tragedy into impossible proportions.

Because of the cerebral palsy condition, it was impossible to place Mary Beth in a school for the blind, which the Lions

Resigns From Voters League

The Board of Directors of the League of Women Voters of Springfield announces the resignation of Mrs. Sydney L. Miller as Vice President.

In line with the non-partisan policy of the League, Mrs. Miller presented her resignation to become politically active.

The By-laws of the League of Women Voters state that the League "shall not support or oppose any political party or candidate."

It does encourage members to engage in work as individuals in the parties of their choice except while serving in a policy making capacity as a member of the Board.

GAUDINEER CLASSES HEAR ABOUT ALLERGIES

Mrs. Raymond Efrus tells 7th and 8th graders of the work done in this area by the Children's Asthma Research Institute and Hospital at Denver.

Asthma or Allergies Strike One Out Of Five, Says Mrs. Efrus

Statistics often reveal a startling picture especially in the area of health and diseases. It is particularly unsettling to learn that one of every five people has asthma or an allergy of some other form. Over ten per cent of the population require treatment.

It is of even greater significance to learn that five million children require treatment for an allergy and of that number, two and one-half million suffer from asthma, hay fever, or both. Asthma not only causes increase suffering, but it is often fatal.

Mrs. Raymond Efrus of Springfield spoke to several assembled seventh and eighth grade health classes in the Florence M. Gaudineer School about the Children's Asthma Research Institute and Hospital at Denver, Colorado, which treats those children suffering from the severest forms of asthma.

Race, color, creed, or geographical location are disregarded, and any child from the ages of six through fifteen is eligible. The period of treatment may extend from eighteen months to two years. The hospital is situated on a seventeen and one-half acre campus which is equipped with modern facilities.

These include a complete nursing staff, full-time physicians, psychologists, psychiatrists, social workers, and laboratory technicians.

The afflicted children live in modern cottages and attend the Denver Public Schools as well as the local synagogues.

Mrs. Efrus, an allergy sufferer herself, is vitally interested in the program offered at Denver, Colorado. She is past president of the Springfield League. Any persons interested in this project are urged to get in touch with Mrs. Efrus at Drexel 6-3762.

Y Social Dance

Choose Your Partner

Next regular Saturday night Social Dance for single young adults from 18 to 40, is scheduled for Saturday evening, Feb-

ruary 24 from 7 until midnight. Theme for the evening will be "Balloon-Dance." There will be good live music by the Mood-makers combo and reri show nts will be served during the evening. An average of 100 young pe-

ople attend these dances which are held regularly on 2nd and 4th Saturdays of each month. Dancers come with or without partners, and hail from a wide area in New Jersey. A reasonable fee is charged to cover costs.

The odds are 100 to 1

...that we'll launder your shirts just the way you like them!

You never gamble when you send your shirts to Pan-American, because we guarantee complete satisfaction. We leave nothing to chance. First, your shirts are separated according to fabric and color. Then they are washed according to a carefully prescribed procedure, under optimum temperature and cycling to bring out their true color. Then they are starched—if you so desire—and expertly pressed.

The cost for this "personalized" shirt service? Only 25¢ a shirt! So, if you're not having your shirts laundered at Pan American, why not try us once. We'll "bet our shirt" you'll be completely satisfied with the change.

Open 7 A.M. to 7 P.M. Monday through Saturday

Do you know what Urban Renewal is doing for New Jersey?

Call it a face lifting if you will, but something dynamic and exciting is going on in our state. Maybe you've noticed — urban renewal programs in more than forty New Jersey communities, large and small, are creating fresh new skylines, modern facades, much needed civic and housing facilities, and lots of new job opportunities.

By eliminating blighted areas and building new, modern housing and apartments for all income levels, shopping centers, industrial plants and commercial office space, urban renewal is transforming these communities into bright, new places to live and work — places with a solid, secure future.

Well planned urban renewal programs are helping to make a stronger, better New Jersey. Public Service is pleased to offer its support of these efforts by advertising in national magazines and newspapers to attract the interest of potential investors and sponsors of New Jersey urban renewal land. It's another way we have chosen to publicly recognize our faith in the future of this great state.

"Make a date with National State... Union County's Leading Bank"

STATIC

Johnny Carson, one of TV's most talented and versatile personalities, will replace Jack Paar as the permanent host of NBC-TV's late-night entertainment show, beginning Monday, Oct. 8. Jack Paar is leaving the late-night show on March 30 to star in a one-hour prime time weekly color program next fall on NBC. During the period between April 2 and Oct. 8, several top-showbusiness personalities will be program hosts on the "Tonight" show. Art Linkletter and Joey Bishop have already been announced as the first interim hosts.

Comedian Alan King isn't billed as a regular cast member of the Garry Moore Show but he might as well get that billing. King will be with Garry and his gang for the seventh time this season on Tuesday night, March 6, over CBS-TV.

Columbia Pictures has announced that top TV favorite, Dick Clark, will narrate "Wonders of Philadelphia," the latest in the popular musical travel series produced by Harry Foster. Stu Phillips, musical director of Colpix Records, arranged and conducted the music for the film which depicts the scenic splendor of the City of Brotherly Love.

Clark Armstrong, St. Paul, Minn., restaurateur, has inaugurated a Global Menu Club which is catching on like fire around the country.

LOOK/LISTEN: An exclusive filmed interview with James B. Donovan, the lawyer who negotiated the simultaneous U.S.-Soviet-East German release of Francis Gary Powers, Frederick L. Payor and Col. Rudolf Abel, will be presented during David Brinkley's Journal on NBC-TV Wed., Feb. 21.

Frank Sinatra (who, among other things is president of a company called Essex Productions) has become a member of the Screen Producers Guild.

Ralph (This Is Your Life) Edwards has a new teleseries in the works which is creating quite a bit of sponsor interest. New show is titled "Surprise of Your Life."

Col. Tom Parker, Elvis Presley's manager, is offering the star's services for a TV spectacular at the rate of \$400,000 per hour. So far no takers... What's My Line? Just celebrated its 13th CBS-TV anniversary.

The March issue of Septa Magazine, now on the stands, features a story bylined by Jack Benny titled "My 24 years with Eddie 'Rochester' Anderson."

Anderson was hired for one show back in 1937 and then became a permanent fixture... "The Prince and the Pauper," a new version of Mark Twain's famous adventure story, will be broadcast on NBC-TV's March 12, 18 and 25.

LIVE WIRES: "Queen for a Day," traveling for the first time this season, is scheduled to originate from Philadelphia's 10,000 seat Convention Hall during the week of April 2, Emcee Jack Bailey and the ABC-TV show will then move to Columbus, Ohio, to telecast during the week of April 9 from Veterans Memorial Auditorium.

NBC-TV's today show will originate from the 1962 Seattle World's Fair during the week of April 23-27. The Fair, officially called the Century 21 Exposition, will open April 21.

CBS' new 38-story headquarters building in New York will go up on the Avenue of the Americas between 52 and 53d Streets.

Bernice Parks, owner of Ruby's Restaurant on 52nd Street in New York, is helping to celebrate the famous spot's 26th anniversary. The world famous spot is currently observing the Chinese Lantern Festival.

John Mills is currently starring on Broadway in David Merrick's production of "Ross," written by Terence Rattigan and directed by Glen Byam Shaw. Co-stars include John Williams, Geoffrey Keen and David King-Wood. This dramatic portrait, based on a part of Lawrence of Arabia's colorful life between 1914-22, is packing them in at

the Eugene O'Neill Theatre and well it might. Mills does a superb job in his portrayal of the legendary adventurer and he is supported by a marvelous cast.

RADIO-TV NEWSREEL: Lisa Kirk is scheduled to play London's "Talk of the Town" with her famous nightclub act starting May 21. Jessica Tandy will appear in

a co-starring role in Alfred Hitchcock's forthcoming motion picture production, "The Birds," which goes before the cameras early next month. The screen plays by Evan Hunter and is

based on an original story by Daphne du Maurier. Tony Bassett has a surefire hit with his first record release, "Rockin' Lil Mama," which has been released by Or-

child. This Baltimore-lad has plenty on the ball. Ed Wynne and Andy Devine team up in a GE Theatre Drama on CBS-TV, Sunday, March 4. Singer Jack Haskell takes a

year for vacationing Hugh Downs on Jack Paar's NBC-TV this week and next. Incidentally, Paar is slated to do four shows in England next month. Frank Sinatra claims his wife-

to-be, dancer Juliet Prowse, will make her last professional appearance on Arthur Freed's Hollywood-Melody to be seen on NBC-TV-March 19.

GOOD DEAL Supermarkets

Sam Sez...

When we think of George Washington we think of integrity and fair play. The basic principle he set down for the fledgling United States are as true today as they were when he was President. At Good Deal, too, we still hold with the principals we had when our first store opened. We still bring you, our customers, the very finest quality foods, the friendliest, neighborly service, and the lowest possible prices. Hope to see you soon!
