

# Urge More Control Over Hand-Bill Distrib

New postal rates, increasing the cost of sending circulars and other matter through the mails, are expected to start later this year.

This will affect every community—but especially Springfield since it will make some mailing prohibitive which will increase the present nuisance of door to door distribution to all homes by hand.

At the present time, Springfield is invaded several days each week with an army of circular and sales literature distributors which gives the housewives moments of hysteria

and fright and adds only to the amount of scrap paper made ready for the American Legion's monthly collection.

The army of distributors, enlisted mostly from Mulberry street in Newark, fills the mail boxes, the door handles and the front lawns with unordered and unwanted circulars and give-away shopping papers.

A permit is necessary for those who distribute these circulars but the very small cost is good for a full year and there is no control as to whether or not the man is desirable, whether or not he has a police

record or is generally a threat to the peace of the community where he has such easy access.

Police Chief Wilbur Selander says the police department has never had any trouble with these circular distributors nor has there been any complaints from any of the residents.

However, the Township authorities are planning to investigate the ordinances controlling distribution from door to door in other nearby communities.

Plainfield, Millburn and other municipalities, it was reported, control this rapidly

growing nuisance by making the cost of a permit high enough so that undesirables may be kept out of the community.

These municipalities also manages greater control by compelling all men working for the distributor to be finger-printed before given permission to walk up the front walk of every residence in the community.

Township Attorney James M. Cawley is exploring the matter and the hope of Mayor Philip Del Vecchio and his administration is to amend the present hand-bill distribution ordinance so that there is better control.

## Good Humor Man Given License

After considerable debate, the request of Good Humor Corp. of Newark for a license to operate a home delivery service in the township was granted on majority vote by Springfield Township Committee Tuesday night in the Municipal Building.

Township Committee Vincent J. Bonadies voted against the proposal.

The request was made by Harvey Major, a salesman, who attended the meeting.

Piper" type of operation. "It is a nuisance as far as the children are concerned," he said.

If the business has a chance of becoming a vending operation, Committee member Russell Sibole said that he would be opposed to it, and added that he felt the police chief would then also be opposed to it. He indicated that he would approve of the plan if it was not on a house-to-house basis.

Committee member Arthur Falkin also said he favored the

### But Not The DING-A-LING!

Springfield Township officials point out that the permit granted to the Good Humor Corporation "DOES NOT GIVE THE VENDOR THE DINGALING PERMIT TO SELL ICE CREAM FROM MOVING VEHICLES."

This "dingaling" version of the permit costs \$300 and is good only for about a half year.

The permit to be granted to the Good Humor people, according to Springfield officials, will give the ice cream people the right to deliver only what is ordered in advance.

"There will be no dingaling white sales trucks driving through the streets," the Township authorities say. "Items will be delivered to the homes on order."

In addition to Committee member Bonadies, who voiced disapproval of the plan, Henry Grabarz, a member of the audience, also announced opposition to the application pointing out that the proposal would be competition to the local merchants who are paying taxes to the township.

He contended that the proposal was unfair to them inasmuch as the Good Humor company would be paying no taxes and could undersell the local merchants.

The ice cream representative informed Mr. Grabarz that his company has the highest prices in the business and would not be a vending service but a home delivery. In order to get it, you must call for it, he said.

Committee member Bonadies pointed out that it has been the policy of the township officials through the years to avoid the operation of a business such as that of the Good Humor concern, which he associated as a "Pied

proposition if it were a home-delivery service and not a door-to-door operation.

Committee member Bonadies explained that he did not want to run the risk of opening the door to a situation which they would be opposed to and pointed out that the operation would require policing.

Mayor Philip Del Vecchio reminded the Committee of the good faith of the company in asking permission to conduct the business. It was also reported that the vehicle to be used in the operation of the business had been inspected by the township sanitarian and found to be in order.

On the recommendation of Committee member Sibole, a permit was granted for a one-year period.

A request was received from Springfield Nadel Cab Co. to reinstate one taxi permit and issue

Knight, William Thompson; Tyler, Raymond Kriemier, Secretary, Henry Cubberley; Treasurer, Harry Monroe.

The following officers were appointed by the Exalted Ruler, Esquire, George Krug; Inner Guard, Frank Battelle, Chaplain, Joseph Conte.

The installation took place at the Elks' home, 357 Morris avenue, by District Deputy Paul Bowden honoring the Springfield lodge by attending the installation ceremonies.

## Hardship Case

### Condemnation Considered For Angleton Land

The State Highway Department filed suit last week in the Superior Court against Nicholas and Margaret C. Angleton, listed as owners of 5.4 acres of land in Springfield, asking the court to appoint a three-man condemnation commission to fix compensation.

The highway department needs this property for the new Route 78 which borders on Shunpike Road and Bryan avenue.

This matter has been in discussion for some time and Mr. and Mrs. Angleton have been ordered by Superior Court Judge Walter L. Hefield, III, to show cause April 27, at 9:30 a.m. why the commissioners should not be appointed.

Most of the Angleton property wanted by the state is a wooded area. According to the suit, the highway commissioner has not been able to agree with the Angletons on a price for the land.

## Luncheon Wednesday

The regular monthly cafeteria luncheon at the Springfield Methodist Church will be held next Wednesday, April 11, from 11:30 a.m. to 1 p.m.

## Mayor's Golf Day Set For July 26

The annual Mayor's Golf Day at the Baltusrol Country Club, Springfield, will be held this year on July 26. Marty Bachrach is chairman of the annual day's outing.

## Health Board Sets Salaries

An ordinance regulating the salaries and positions of the Springfield Board of Health was introduced on first reading March 21 at a regular board meeting in Municipal Building.

The measure, on which there will be a final hearing April 18 in the Municipal Building, designates the salaries as follows: Secretary and Registrar of Vital Statistics, \$825; Health Officer, \$2,000; Sanitarian, \$1,100; Plumbing Inspector, \$3,200.

The ordinance provided for a \$100 salary increase over last year for the plumbing inspector and divides the health officer and sanitarian into two separate positions. During 1961 this work was done by Dr. Robert S. Milligan at a salary of \$3,100.

This year Dr. Milligan has been named health officer at a salary of \$2,000 and Arthur L. Marshall, as a sanitarian at a salary of \$1,100.

An ordinance to amend and supplement the plumbing code of the township was also introduced. It will provide for increases in the plumbing fees and other changes. A final hearing on the amendment will be held April 18.

The report of the secretary for the month of February listed six births, 10 deaths, and three marriages. Communicable diseases included one scarlet fever, and three bronchial pneumonia.

Plans are underway for the annual rabies clinic to be held in May with the secretary in charge of making arrangements for the program.

## 600 Seat Theater May Come To Echo Plaza

### Joe's Fund Now Over \$4,640.00

Letters containing contributions to the Joe Roesner Fund continue to pour in, and along with them came numerous notes and letters from people expressing their sympathy and understanding for a family in trouble.

The fund reach a total of \$4,640.00 up to Monday morning's collection of the mail.

Saul Freeman, chairman of the drive, is "appreciative of the nice sentiments written about him in these letters, and at the excellent response to the appeal that was mailed to all residents and businesses in Springfield."

"This drive," said Mr. Freeman, "proves once again, if proof were needed, the people of Springfield are amongst the finest anywhere. That when one of their neighbors is in trouble, they are there to help and help they do, as the amount of money collected in one short week proves."

"And of what earthly use would we be," said Mr. Freeman, "if we were to go through life not helping others, not trying to smooth some of the burdens and trials that beset people, and instead, living a confined and self-centered existence, narrow and selfish. None of these things can be applied to Springfield, and I feel most fortunate that I live amongst such good people."

Contributions can still be mailed to the "Joe Roesner Fund," P.O. Box 26, Springfield, N.J.

Springfield will have a motion picture theatre—a brand new movie house—as soon as the interested parties can comply with the few necessary legal hurdles to get the green light from the Planning Board, the Board of Adjustment and the Township Committee.

The application and the plans and specifications are already in the hands of the Township's departments and quick approval action is expected very shortly.

The matter of a new motion picture theatre for Springfield was to have come before the Planning Board's regular meeting Tuesday night but some preliminary details are to be worked first out by the Board of Adjustment at its next regular meeting.

Since theatres come under the category of special exception uses, the application has been submitted to the Planning Board.

According to the reports, there is no portion of the present zoning ordinance which deals with movie houses and an amendment may be necessary before clearing the way completely for the project in Springfield.

The new movie theatre will be located in the Echo Plaza shopping center which will provide all the necessary parking space. It will have a very attractive front and will seat approximately 600.

No one would volunteer the information just what kind of motion pictures would be shown in the new theatre—but rumors have it that a well known theatre man is interested in the Springfield movie house and that programs would follow the schedule of most of the community theatres.

Another report has it that imported pictures and special programs would be booked for Springfield.

## Watch Your Dogs!

### No Barking-No Nothing, Says Board of Health

In an effort to curb dogs and satisfy many complaining residents of the township, Springfield Board of Health took steps to strengthen its laws regulating dogs with the introduction of an amendment to the present ordinance at a regular meeting in the Municipal Building.

The new ordinance will amend the present one which regulates the possession, keeping, harboring, licensing, impounding, disposition, and the redemption of any dog in the township.

Second and final hearing on the measure will be held April 18 at 8 P.M. in the Municipal Building.

In regards to running-at-large committing a nuisance, and habitual barking, it stipulates:

(a) No dog shall run, or be permitted by its owner to run, at any time, at-large within the limits of the township.

(b) No person owning, keeping, or harboring a dog shall permit or suffer it to do any injury, or to do any damage to any public or private property other than that of the owner or person having the care, custody, or control of such dog.

(c) No person owning, keeping, or harboring a dog shall knowingly or negligently permit any dog to commit any nuisance upon any public or private property; nor shall any such person omit to do any reasonable and proper act, nor omit to take any reasonable and proper precaution to prevent any such dog from committing a nuisance in, on, or upon any of the places or premises herein specified.

(d) No person owning, keeping, or harboring a dog shall permit, suffer, or allow said dog to habitually bark, howl, or cry.

The habitual barking, howling, or crying of a dog or dogs in the township of Springfield is hereby declared a nuisance and to be a disturbing noise within the meaning of R.S. 40:48-1, subsection 8 and to be a condition hazardous to safety and health.

Concerning dog bite reports;

FRATERNITY PRESIDENT: James J. Demark, son of Mrs. L.W. Kelsey of 57 College Road, Springfield, was elected head of Pi Delta Phi, oldest fraternity on campus at Upsala College, East Orange. Mr. Demark is a junior at Upsala, a graduate of Bayley Hill School in Madison.

## That Magnolia Tree

### "A Thing Of Beauty Is A Joy Forever And Ever"

The donor of the magnificent magnolia tree in front of historical First Presbyterian Church at Morris Avenue and Main Street, Springfield, passed away some 36 years, but his gift continues to thrill thousands of travelers through this section of New Jersey every Spring.

This was learned this week as the tree, estimated to be approximately 60 years old, is about to burst forth into a display of hundreds of beautiful, pink blooms, which never fail to fascinate flower-lovers each year.

Although information on the church and the part it played in history is abundant, little can be learned of the tree itself, which has become a landmark here and a familiar part of the church scene.

As one local citizen aware of church and community affairs put it: "Nobody knows much about that tree, it has just always been there."

Historical records at Springfield Free Public Library do not mention it according to Miss Helen Reyner, library director, who co-operated in research. How-

ever, through the assistance of church and library officials, it was established that the tree, considered large for a magnolia in this part of the country, was presented to the church by the late William Flemer, well-known Springfield nurseryman.

One of the best authorities on the subject seems to be Martin Herbert Higgins of 28 Keeler Street, Springfield, Mr. Higgins, known as "Herb," has spent all of his 87 years as a resident of Springfield and has been a member of the church for 70 years.

According to this old-timer, who has a keen memory, the tree was given to the church by Mr. Flemer many, many years ago. Mr. Higgins considers the number of years ago to be much less than 75 but more than 50.

At the time, Mr. Higgins said that Mr. Flemer owned the Flemer Nurseries, which ran from the church property toward the Rahway River.

This was verified by Mrs. Mary Heard of 102 Morris Avenue, a daughter of Mr. Flemer. Mrs. Heard estimated that the tree is

between 50 and 60 years old. She pointed out that she has a similar magnolia tree growing at her address planted 53 years ago and claimed that the tree at the church is taller than hers.

Mrs. Heard's own tree was planted by Perry Hall, the builder of her home, into which she and her late husband, William N. Heard, later moved.

Mrs. Heard said that she thought that her father probably had one of his workers plant the magnolia tree at the church. The nurseryman owned more than 100 acres in the center of town at one time, she said.

Her mother was an active member of the church and she herself has been a member more than 50 years. Her father has been dead about 36 years, Mrs. Heard said.

After first living in Roselle and then Keilworth, the Flemer family came to Springfield 65 years ago, when Mrs. Heard was a child nine years of age.

## Red Cross Is Far Short Of 1962 Goals

The 1962 appeal for funds and members for the Springfield Chapter of the American Red Cross is entering the final steps of its drive far short of the \$10,000 goal.

Daniel Murray, Fund Chairman, reported to the monthly meeting of the Board of Directors of the Springfield Chapter on Monday night, that \$3,285.00 has been received to date.

Area directors in the residential campaign report that some late contributions are still being collected. "If all individuals not yet contacted by a neighborhood canvasser will realize our need, give generously, and mail their contributions directly to the American Red Cross, Springfield Chapter, we may be able to approach the \$10,000 goal," estimated Mr. Murray.

He stated, "The appeal to local business is now underway, and I am confident that the response and generous contributions we will receive from this group during the next week will be the deciding factor of the drive's success."

ONE in Springfield should make every effort to support the fund drive, now, by contacting those persons not yet reached and by increasing the amount of this year's contribution."

an additional one.

Township Committee agreed that the applicant should show proof for an additional need for cabs in the community. It was also recommended that an investigation should be made to determine whether a residence is being used as a place of business in this matter.

It was reported that the case was brought to the attention of the magistrate by the building inspector last summer with regard to the zoning ordinance and it was suggested that it be determined whether the order of the magistrate is being complied with.

### Planning Board Approve Projects

Springfield Planning Board Tuesday night agreed to recommend to Springfield Township Committee for final approval the application of Robert D. Hockstein for a major subdivision plat involving four lots continuing Cottler Avenue at a meeting in Municipal Building, Mr. Hockstein lives at 9 Cottler Avenue.

The application of Jersey Central Power & Light Co. of Morristown for the division of land in the Union County Industrial park into two lots was classified as a minor subdivision and approved.

The property is located in Fadem Road. The company was recently given a variance by the Board of Adjustment granting permission to erect an electrical distribution substation on the site.

Two applications were classified as minor subdivisions and approved. They were an application from All Bright Construction Co. of Cranford, seeking to create two lots at 79 Ruby Street, and Jeffrey Estates, requesting permission to change one lot line in its Sherbrook Estates property in Shun Pike Road.

# Springfield Officials Make Good On Promise To "Smoke Out" Mr. Palmer

Springfield residents are commending Mayor Philip Del Vecchio and the new administration for "carrying out their campaign promise to 'smoke out' the State Highway Department and make public all available information on the new proposed highway 78."

Prodded by the Springfield officials over the telephone and the persistent demands by Mayor Del Vecchio and his colleagues that "the highway department furnish some news to those property owners in the direct path of the federal highway," brought immediate results.

Four representatives from the State Highway offices met with a packed meeting room in the Municipal Building a week ago last Friday and residents were given some very specific facts regarding the acquisition of land needed for right of way, when the actual work will start and other details.

Del Vecchio made this one of the first projects for the new administration.

Letters to Highway Commissioner Dwight R. G. Palmer received no responses in the past but Mayor Del Vecchio persisted in a telephone conversation that the Township Committee go to Trenton or that the highway en-

gineers come to Springfield.

A tentative date was set for a trip to Trenton and a large contingent of Springfield residents were prepared to go with the Township officials. This was later changed to a meeting in the Municipal Building at which time a great many of the questions were answered.

## Our Chinese Wall New Road Will Go Over Morris Ave.; Relocated Main St. To Be Elevated

State Highway engineers who answered many questions at Friday night's meeting on the new highways in the Municipal Building repeated these facts - which were printed in the Springfield Sun, issue of December 21, 1961.

Main Street will be relocated, changing its present route coming from Millburn Ave. back of the Methodist Church, and becoming part of what is now Black's Lane.

Highway representatives said there are no plans to continue this new relocated Main Street past Morris Avenue. Linden Avenue is practically opposite where the new Main Street will join Morris Avenue. The present Main Street will lead-end near the Methodist Church.

Springfield avenue will also be relocated, swinging around in-

back of the present Victory Engineering Company property.

Where Route 78 crosses Main street it will be at the present ground level but the new relocated Main street will be elevated approximately 20 feet at this juncture and go over the federal highway. The highway narrowly misses the Methodist Church in Main street.

Route 78 itself will be elevated in some places and at ground level in others. It will have three different levels where it joins the new Route 24 at about Baltusrol Way.

It will be elevated about 18 or 20 feet going over Morris Avenue at where the former post office is now located and run at practically ground level the remainder of the way.

### Awards Playground Job----

## Change In Off Street Parking Will Attract More Industries Here

Springfield Township Committee last week in Municipal Building introduced an ordinance on the recommendation of Township Engineer Alfred H. Swanson for the construction of a shelter house at the Irwin Street playground at a price of \$13,142. Bids on the proposal had been received several times by Township Committee. Other bidders on the plan were Murray Construction of Springfield at \$16,500 and Kathenes & Son of Livingston at \$13,950.

Five bids were received for the installation of sanitary sewers in Route 22 on the south side from Dundar Road to the Mountaineer line.

They were: Union Paving Construction Co. of Union, \$5,933; P. and A. Construction of Newark, \$5,653; Anselmi Inc. of Maplewood, \$7,750; Kenneth Brenn & Son of Summit, \$5,565.55; Maple Contractors of Maplewood, \$5,780. The work was awarded to the Brenn concern on the recommendation of Township Engineer Swanson.

Authorization was given for a letter to be sent to the State Highway Department suggesting that in the proposed change for Main Street, which presently shows an offset with Linden Avenue, that it be realigned with the latter street and curb cuts should be in line for general safety.

The change is not to be misconstrued that Linden Avenue will be a through street or a continuation of Main Street, it was emphasized.

### Rabbi Eugene Borowitz To Speak At Sharey Shalom

Rabbi Dr. Eugene B. Borowitz will be guest preacher at Temple Sharey Shalom's Sabbath service, Friday, April 6th. Rabbi Borowitz is one of the foremost leaders of American Reform Judaism, holding the post of Director of the Commission on Jewish Education of the Union of American Hebrew Congregations (all the Reform Congregations in the country) and the Central Conference of American Rabbis (all the Reform Rabbis).

Rabbi Borowitz, who holds two earned doctorates, — in rabbinic theology and in education, was recently appointed full Professor of Jewish Education at Reform Judaism's rabbinical seminary, the Hebrew Union College — Jewish Institute of Religion.

The Sabbath service will be held at the Parish House of the Presbyterian Church on Main Street and will commence at 8:30 p.m. Rabbi Israel S. Dresner, spiritual leader of Temple Sharey Shalom, and a graduate of the Hebrew Union College — Jewish Institute of Religion will officiate. Rabbi Borowitz will answer questions during a discussion

period to take place at the Oreg. Shabbat following the close of services.

Prior to the Sabbath service, Rabbi Borowitz will address the Temple's confirmation class students and the confirmation parents at a Sabbath dinner which will be held at the Temple House on South Springfield Avenue.

Rabbi Borowitz

Rabbi Borowitz serves as editor of two Reform Judaism's major publications: The Jewish Teacher, for religious school teachers and educators, and Keeping Posted, for teenagers. He will be Reform Judaism's representative this coming summer at the World Conference on Jewish Education to be held in Jerusalem, and represented the Union of American Hebrew Congregations at both the 1950 and the 1960 White House Conference on Children and Youth.

### Evangelistic Meeting Tonight

There will be a special Evangelistic meeting in the Springfield Methodist Church, Thursday evening, April 5th at 8:00 o'clock with special music by the Church choir under leadership of Norman Simons.

Mrs. William Aufinger of Bloomfield will be guest violinist. Dr. Gilbert will preach on the topic, "What about your wages?"

Sunday evening April 8 at 7:00 p.m. a large group of young people will meet at the church to attend the Evangelistic Rally in Wesley Methodist Church, South Plainfield.

The Youth Rally for Friday evening, April 6 has been cancelled as Mrs. Virginia Gilbert Winn of Delmar, cannot be present due to illness of her son.

### Spring Carnival At Temple, Sun.

On Sunday, April 8, Temple Beth Ahm, 60 Baltusrol Way, Springfield, will hold its annual Spring Carnival.

The Carnival, begins at 12:00 noon and will last the entire afternoon.

There will be games and prizes for all ages, and food will be on sale at the restaurant.

As a special added attraction, Miss Beth Ahm will be crowned Queen. Participants in the Miss Beth Ahm contest are Gail Lubner, Debbie Steinhoff, Jane Lesner, Amy Kaplan, Wendy Merkin and Michelle Barroff.

Their escorts will be: Steven Fried, Harvey Cohan, Joel Schwartz, Kenny Kurnos, Jimmy Kosnet and Barry Bross.

The Queen contest will be run by the Temple's 56 Club.

Piano accompaniment will be by Andrea Stein, 10, and two high school boys, Howard Levine and Steven Rosenthal will sing. Cantor Kramerman will crown the queen and present her with a bouquet.

### SANE Member In 3-Day March

Members of the Watchdog Committee for a SANE Nuclear Policy will participate in the "Peace Walk" which will take place during Easter as part of the "Turn Toward Peace" program.

### UJC Annual Alumni Dance For April 28th

Union Junior College Alumni Association's annual dinner-dance will be held on Saturday, April 28, at the Twin Brooks Country Club, Watchung. It was announced today by Kenneth O. Scheller, association president.

Cino W. De Matteo of Orchard Avenue, North Plainfield, will be chairman for the annual event, Mr. Scheller said.

A highlight of the program will be the presentation of annual awards to the alumnus who has done the most for Union Junior College and to the alumnus who has been outstanding in his chosen field.

## SCIENCE NOTEBOOK

The implication was made that from technology, the offspring of science, came mixed blessings. But how is technology different from science? It is true that science and technology are intimately related, but science, or more precisely pure science, is a way of pursuing truth or knowledge. Technology is applied science, and is directed along the lines of utility rather than a search of knowledge for its own sake. The success of scientific methods makes modern technology of great economic and political importance.

Peoples and countries which have changed little over the centuries are now gaining political freedom. With political freedom comes an urgent desire to leap from oxcart to jet-plane economy and from spears to automatic rifles. Many leaders of countries recently created by political means feel that the faster they create great industries, the more highly civilized they will become.

In the Congo, where the inhabitants were untrained to govern themselves, political confusion is compounded by modern weapons developed by an alien technology unknown to the Congolese. Though, lest we feel too smug — technology supplies every dictator with more than mere political power to control millions of people over the world.

Perhaps it would be better if the minds controlling the products of technology were equal to those who developed the science that made this technology possible.

### SCIENCE QUIZ

1. Do people of some races make better scientists than others?
2. Has technology contributed to causing the population explosion?
3. Can the population explosion be solved by migrations to other planets?
4. Can all problems be solved by science?
5. Can "electronic-brains" really think?

### ANSWERS

1. No. 2. Yes. 3. No. 4. No. 5. No.

### United Jewish Appeal To Hold Rally On April 8th

Westfield area residents will open their 1962 campaign on behalf of the United Jewish Appeal at a rally Monday, April 8 at 8:00 p.m. at Temple Emanu-El, Westfield. It was announced today by Judge Louis Rakin, General Chairman, highlighting the meeting will be a report on needs in Israel and other overseas areas, by Mrs. Shulamit Spector, Israeli engineer, industrial consultant and radio producer.

Judge Rakin announced that Dr. Bernard Berk of Westfield has been appointed coordinator of the campaign, part of a nationwide effort to raise funds on behalf of needy Jews in 27 countries. Target for the opening rally, at which there will be no solicitation of funds, will be the organization of "campaign teams" under team captains Walter Beck, Dr. Jack Denbelz, Adolph Gross and Samuel Malfor, all of Westfield, Walter Aveck, Mountaintop, and Harold Weiss, Scotch Plains. Other campaign officers, Judge Rakin said, include Martin Goldstein, Westfield, Treasurer, Irving Dickman, Cranford, Publicity Chairman, and Mrs. Estelle Findeisen, Westfield, Executive Secretary.

Mrs. Spector, the featured speaker at the workers' rally, was "born in Jerusalem and served as a lieutenant in the Israeli army during the hostilities which followed the establishment of the Jewish state. She came to the United States to study in 1951, and graduated from Columbia University in 1955 as an Industrial Engineer.

Judge Rakin noted that the nationwide goal of the United Jewish Appeal for 1962 totals \$95,000,000. These funds will provide vitally needed assistance to more than 600,000 persons in Europe, North Africa and the Near East, as well as Israel, he said.

"A major portion of these funds," he stated, "are required to help new immigrants in Israel. Many newcomers arrive in that country completely penniless and must receive help until they can stand on their own feet.

"Mrs. Spector, as an authority on absorption problems, can be expected to provide us with new insight into the difficulties facing immigrants immediately upon their arrival in Israel."

the traditional square dance and sugar-ine-off. Many parents waited themselves of the opportunity to see the plans for the "Women's Dormitory" which will open for 150 additional students this fall of 1962, and the Science Building upon which work has already been started.

# WATCHUNG EDITORIAL COMMENT

## Names of Juveniles???

We're not in that fuddy-duddy group of squares who believe that the whole world is going to pot because of what is known as juvenile delinquency.

However, no one can make light of the problem and we're inclined to agree with those who say "make the parents more responsible."

New Jersey newspapers do not publish the names of juveniles except in the case of capital crimes. Many solid arguments -- and many of them convincing -- favor and disfavor the omission of juveniles' names.

Some time ago FBI Director J. Edgar Hoover advocated publishing the names of the "young thugs" as a must in "controlling teen-age criminals."

A Western editor and publisher has claimed that "newspapers are contributing further to juvenile delinquency... condoning those guilty of casual misdemeanors so much that we give them encouragement to venture further astray, feeling confident that they will not encounter any unfavorable publicity."

Statistics show that juvenile crime is climbing at an alarming rate -- and a great deal of it never gets into the records and become part of the statistics.

Mr. Hoover, said long ago, that "it's no longer a problem of 'bad children' but one of 'young criminals.'"

Communities -- not ours, since there actually is no real problem here -- will have to cope with it much like traffic violations -- an all out crack down, get-tough policy.

Perhaps, printing names of juvenile violators, who are frequently young hoodlums, harboring safely under the glossy misnomer of juvenile delinquents, might be an essential part of a concerted anti-juvenile crime campaign.

Publicity is a powerful influence. The average individual, juvenile or adult, is fully conscious of that. He probably fears publicity as much, perhaps, as punishment by fine or confinement.

It is a well known fact that the ordinary youngster's prank which may lead to something serious might have been nipped early if the youngster -- or his parents -- weren't sure that "our names would never get in the paper, even if something goes wrong."

Parental indifference and the lack of supervision in the home may be a partial answer to the growing statistics.

Would printing the names of youngsters involved in delinquencies make a worthwhile contribution towards cutting down these juvenile crime statistics?

We believe it would... but that's up to our Courts, our authorities on juvenile problems. At the moment, newspapers do not and must not print the names of juvenile offenders.

## The Primary System.

IT'S GETTING near that time of year when the Democrats and the Republicans declare themselves by taking part in their parties' annual primary elections.

Generally speaking, we in Scotch Plains can think of fewer elections that are as dull or inconclusive as the primaries.

First of all a very small percentage of voters bother to come out and vote.

Secondly, few candidates have any real chance of bucking the party's choice -- whether the candidate be in the Democratic or Republican primary.

It is particularly difficult to buck the choice of the party that is in power because this party controls the patronage and is able to get "the troops" out to put down a revolt of any poor soul who tries to fight the organization.

In smaller communities such as ours primaries should be more meaningful because we are not thought of as having the "machine" politics of larger communities and thus every man or woman theoretically has a chance of gaining the nomination in the party of his choice.

Unfortunately it usually doesn't work out that way. People are reluctant to declare themselves at a primary and the vote is thus very light.

To see the truth in this, all one has to do is examine the results of past primaries and past general elections.

The Democrats, the minority party in Scotch Plains, have not had good turnouts in the primaries. However in the general election a great number of Democrats "come out of the woods" to make the elections of past years much more interesting than they used to be.

But where are all these Democrats on primary day? It would seem they would rather let their neighbors guess their political persuasion than declare it openly at a Primary.

Woodrow Wilson had many good reasons for advocating the primary four decades ago.

## Report To The People

Rep. Florence P. Dwyer

(Following is the text of a speech by Congresswoman Florence P. Dwyer, Republican of New Jersey, in the House of Representatives, Thursday, March 29, 1962.)

Mr. Speaker, on eight occasions within the past week, I have inserted in the Congressional Record a series of statements, together with supporting news stories and editorials, developing various aspects of the tragic situation resulting from the State of New York's refusal to conform its drinking age law with that of 43 of the other 49 States of the United States, including all of the States along its borders and the Government of Canada.

The fact that New York State persists in allowing 18-year-olds to consume hard liquor, while all her neighbor States prohibit

drinking until the age of 21, has created a chain of hundreds of "drinking havens" around the borders of that State to which hundreds of thousands of young people from the age of 14 on up have flocked from New Jersey, Connecticut, Pennsylvania, Massachusetts and Vermont. The consequences of these havens, and of New York's stubbornness, has been a rising tide of fatal and near-fatal automobile accidents involving young people returning to their homes after drinking sessions in New York. These are the tangible tragedies, the countable consequences of New York's failure to act. Beyond them, and of perhaps far greater significance, are the countless family misfortunes.

But time, we feel, has shown that a lot of his theories are no longer workable.

The primary, as it exists today, is not a weapon for the independent candidate to seek his party's support in the general election. Rather, it is a weapon of both political parties to prevent others from bucking "the party line."

It is pretty difficult to beat city hall by fighting it in the primary... unless the candidate has a good deal of money.

## "Johnny Needs Me!"

(Guest Editorial By Arthur A. Manner, Former Mayor of Berkeley Heights)

DURING the course of our normal daily activities, we often hear or read one or more of the familiar slogans adopted by worthwhile charitable organizations.

At times we are impressed by the appeal for help but too often our own daily problems over-shadow the need of others.

Although most of us help in what ever way we can, we are jolted into action when someone close to home needs assistance.

"Johnny Needs You" is a phrase used in the appeal of the Central Jersey Hemophilia League. It has a special meaning to me because my nephew is a victim of this disease. By coincidence his name is John.

Hemophilia is a disease in which the patient suffers uncontrolled bleeding. A bleeding incident may be caused by an injury, a minor operation or can occur unprovoked internally; and often does.

A common area of trouble is in the joints, causing swelling, discoloration and severe pain.

There is no known cure for hemophilia, but it is controlled by frequent transfusions of fresh frozen plasma or whole blood. A patient suffering from this disease requires a constant supply, as thirty or forty units is not unusual for a months treatment.

The Metropolitan Foundation reports an average of seven hundred pints per month. John lives in a modest home in Plainfield. His dad provides a comfortable living for his family but he cannot buy at any price, John's greatest need, life giving blood.

Hemophilia presents many problems. Proper education in spite of frequent interruptions, curtailment of a normal active life for fear of injury, a constant worry of what tomorrow may bring. The family has learned to live with these and more.

The greatest problem however is a constant supply of blood. How often can you ask your friends, co-workers and relatives to donate their blood?

On April 18, 1962, the Summit Chapter of the Red Cross will hold another area drive. I have made arrangements with them to accept donors to help John. Any person in the Summit area, including Berkeley Heights, may designate his donation to an individual of his choice.

If you will participate in this drive and designate your blood to "John Manner, Central Jersey Hemophilia League", John, his Dad and his uncle will be forever grateful.

Your donation will be credited to John as an individual and not to the area drive.

On that date, Mrs. T. Moffat of Berkeley Heights, New Jersey, will be at the Saint Teresa's Parish House on Morris Avenue, Summit, during the blood drive, with cards for you to sign designating your donation. Additional cards will be available by calling 464-0033.

## Report Home

Sen. Harrison A. Williams

Senator Harrison A. Williams (D., N.J.) has said that urban areas will get more helpful federal programs when citizens and political leaders in those areas develop effective, comprehensive plans of their own.

Many federal agencies -- everything from the Department of Defense to the Housing and Home Finance Agency -- have a direct impact on urban development, said the Senator. He added:

"The basic problem, of course, is not so much the lack of coordination among these many different federal activities as it is a lack of comprehensive plans for the urban or metropolitan area as a whole -- plans which have effective political and public support of the leaders and citizens of the area. If such plans or goals existed, it would not be too difficult to shape these federal activities so that they conform with and help implement the comprehensive plans of the area."

In an address prepared for delivery at the National Conference on Urban Life, the Senator also said:

"As things stand now, because there is a demand for housing, FHA must help meet that need

regardless of what impact its insurance programs have in stimulating low-density sprawl, thus compounding the problems of preserving open space and meeting transportation demands. In some spotty instances it may perhaps be possible to achieve some coordination. For example, not too long ago, FHA agreed not to extend mortgage insurance in airport runway approach areas. But beyond this, if there is no agreement among the people of a metropolitan area as to general land use policies, how can FHA do other than meet the demand for its assistance whenever and wherever it arises? Lacking any real consensus among the people of the metropolitan area on a regional transportation system, what can State Highway officials do but plunge ahead as best they can to meet the most acute of the traffic bottlenecks that constantly arise? And so on down the line of federal or federally sponsored activities."

## Letters To The Editor

### Is Spfld Really Dead??...

Editor, Springfield Sun: I saw your last week's issue of the Springfield Sun and, to say the least, I was revolted at the front page headlines, "Death of a Town", and the funeral and morbid appearance of the bulldozer and the accompanying articles which so gloomily portrayed destruction and ravage of our community and citizens.

The only thing lacking on your front page was a black border of mourning.

I attended the meeting with the highway officials even as you did, and frankly, I don't see how you could have gathered the opinion you expressed on the front page.

I circulated among the people and listened to many conversations, and believe me, these were people who were directly affected by the highway. Nowhere did I hear any gloom or doom or fear that our town was to be put to death.

What I heard was relief that at last the issue was clear and that there was no more indecision as to when it would come or how.

These people participated in a very fair hearing and were given every opportunity for questions and were given frank and factual answers.

At no time did I get the impression that these people were being bludgeoned or ordered to "get out", as you put it. These were all adult people who were treated like adults,

and reacted with dignity, honor and, above all, common sense. There was no wilful or blind harassment of Dwight Palmer or the Highway Department. These people accepted an adult responsibility and went back to their homes in a better frame of mind because they knew which way their direction lay.

These same people, on the following week end, went out and raked their lawns and readied their homes for Spring. They did not lock themselves up in their grief and wall and tear their hair.

These people of common sense very sensibly arrived at the con-

clusion that "discretion was the better part of valor" in that since the die was cast, they could only hurt themselves and their chances of fair and honest condemnation settlements if they pursued a senseless course of harassment which you seem to be doing.

Hasn't it occurred to you, Mr. Editor, that with "the Death of a Town" there follows the "Death of a Newspaper" also, for where will you get advertisers or readers if the town dies?

Shouldn't you, instead, get behind a movement to rebuild this community and overcome the damage that will be wrought?

True American pioneers rebuilt on the ashes and ruins of their homes. In the face of oppression, but never did they despair -- or wring their hands or lay down and quit. If they had, then there would have been no proud and free country for you and me to enjoy, and we would not have been able to take opposite sides of a question as we are doing.

You contradict yourself completely when you picture Dwight Palmer and the Highway Department as an ogre or monster who will swallow up a community. On your editorial page in the same issue you say, and I quote, "we believe that the Highway Department in Trenton does not have it 'in' for anyone. It is their headache (and we mean the term literally), to ease the transportation difficulties in the most economical and practical way possible."

You quote President Kennedy as saying, "to make sacrifices now to insure the future."

"We should not balk at progress, but absorb the small sacrifices we are asked to make, and swell with pride at the modern country we have built around us," again I quote your editorial.

Finally you editorialize and say, "we should give the Highway Department the benefit of the doubt and try to sympathize with the many, many problems which confront it." I feel that if you had inspected the makeup of your paper more carefully you would have realized how you contradicted yourself. I'm not sure now whether your years are for the town of Springfield or the Highway Department.

A newspaper in a community like ours can be the best means of communication between citizens and their government and affords an energetic and dedicated editor the challenge of

building community relations as the result of honest, unadorned presentation of matters of interest.

In closing, may I say that I respect your right to your opinion, though I disagree with you, and trust that you will afford me the same respect and opportunity to voice mine.

Henry Grabatz

## Pat on Back

Editor, Mountainside Echo

In reference to Mrs. M. E. Liberman's letter of March 29, 1962, quote, "One of the great traditions of our American heritage is the freedom of the press. This freedom is a jealously guarded right, and justly so. Along with the right of freedom of the press goes the responsibility to use this fairly and well, unquote."

So far I agree with her 100%. I would like to compliment the ECHO on taking the time to TRY and straighten out one of a group of people in Mountainside, who cannot accept defeat, and also your thorough explanation of a true newspaperman's way of thinking and acting.

The majority of the people in Mountainside are highly educated, qualified and capable of using their own judgment in making decisions.

Since February 7th, 1961, they have proven this by becoming more active in their civic duties. We are now striving for harmony in Mountainside. So I will sign off.

Here's hoping you are able to continue practicing your FREE-DOOM.

Ardent supporter of the MOUNTAINSIDE ECHO, Thomas J. Papa, Mountainside, N.J.

## WHY IS NATIONAL STATE A "FULL-SERVICE BANK"?

National State is known as a full-service bank because it offers you all banking services under one roof. With complete services for growing business and expanding industry, as well as the family and individual.

These are important features, but we view full-service-banking as something more: a desire to be more useful to the area we

serve... more helpful to our customers and other friends. It is also constant search for more and better services, the latest equipment, facilities and safeguards by our officers and staff, through training and participation in numerous activities.

This is why National State is known as a full-service bank... why it is a sound choice for all your banking.

Regional Wins Recipe Award From Seventeen

The Food-I class of Jonathan Dayton Regional High School, Springfield, has been selected as a runner-up in SEVENTEEN Magazine's eighth annual nationwide Recipe Collection Contest. An electric appliance will be awarded to the school's home-making department, the teacher, Mrs. Betty Sale, will receive a copy of "The SEVENTEEN Book of Young Living" and each student will get a paperback edition of the book.

The group's winning collection, "Family Foods With A Foreign Flair", recipes used and enjoyed by the students' families, but which had their origins in other lands, was chosen from thousands of entries submitted by junior and senior high school home-making classes and clubs from coast to coast. Judges evaluated the project on the basis of educational value and originality.

The electric appliance to be awarded to the school for the permanent use of the home-making department is an Oster Deluxe Osterizer.

The nationwide Recipe Collection Contest was conducted for school and club groups by SEVENTEEN-AT-SCHOOL, SEVENTEEN'S auxiliary publication for home economics teachers, which will list winners in its May issue.

**Your Library In Springfield**

The week of April 8 to 14 marks the fifth observance of National Library Week. During that week libraries throughout the United States take time to remind the public of the many services they have to offer.

National television and radio networks, periodicals with worldwide circulation, and local newspapers, assist libraries of all types whether public, college, or in local schools, to celebrate this week.

In Springfield it is not so much initiating some new activity, as continuing to develop the services which have been built up. During this past year a much improved rental system has been installed. It is an attempt to get enough copies of "bestsellers" for readers within a short time.

These popular books are rented by the library and then rented to the public. Not only the initial cost of buying duplicate copies, but the space needed to house and care for them, makes extra titles (sometimes read only three or four times), a liability to purchase.

When the library itself rents the books, they are automatically removed and only single copies of valuable titles are made part of the permanent collection.

Another way has been found to assist the readers locate books. Mrs. and Mrs. William H. Loney, Jr. have made a plan of the library showing the book stacks, and have used different colors to show where different classes of books are located.

Each year as the book stock grows, new shelves must be added and books moved to new locations in order to keep each section together. In 1961 the annual report shows that 3,940 new books were added to the Springfield Library.

This new library plan drawn by Mr. and Mrs. Loney will be a feature of the National Library Week display. Since it is the fifth celebration, some of the older posters will be displayed with the new ones. In addition, book marks for this year, 1962, will be distributed. In every possible way the Springfield Library tries to make books available to everyone. It has been said that "The strength of a democracy lies in the communication of knowledge to its people. Man's right to know, to learn, to instruct is dependent upon uncensored access to information..." (Adolph S. Ochs)

**Alumnae Luncheon**

Northern New Jersey Alumnae of Alpha Gamma Delta will hold its annual International Reunion Day Luncheon on Saturday, April 14 at Stouffer's on the Mall, Short Hills. Registration and social hour begin at 11:30 a.m., with luncheon to be served at 12:30. Joy of Service is the theme of this year's celebration. Dr. Ruth Caldwell Wright, Dean of Students, City College of New York, will be the featured speaker. Dr. Wright is a recognized leader in student personnel work and an expert on higher education in India, having served our State Department for two years as Attaché to New Delhi. She is a member of Alpha Gamma Delta.

Another interesting feature will illustrate what fraternity women produce in the line of service after college. Mrs. R.L. Tiemann of Westfield will present the results of a survey of the over 400 New Jersey showing the rounded sphere of woman as Mother, Housewife, Career Girl, Professional Worker, and Civic-Minded Citizen.

Mrs. Coriell has been a Girl Scout leader for 11 years; going up the ranks thru scouting from the brownie level to the completion this June of the Sr. Level—several of her girls in the troop have come along with her from the brownie level and will complete their scouting activities this June when they graduate from Scotch Plains-Fanwood HI

**Spfld Residents Join Marines**

22 March 62—Elizabeth, New Jersey—The Marine Corps Recruiting Station in Elizabeth announced that John Patrick D'elia, son of Mr. and Mrs. John Joseph D'elia and Joseph Testa, son of Mr. Pasquale Testa of Springfield, have enlisted in the Marine Corps and are now undergoing ten weeks of recruit training at Parris Island, South Carolina. Upon their completion of recruit training the two new "Marines" will report to Camp Lejeune, North Carolina for four weeks of advanced combat infantry training before returning home on a twenty day recruit leave. After their leaves are up Pvt's D'elia and Testa will report to a school or duty station in the United States or abroad.

Pvt's D'elia and Testa enlisted under the Buddy Plan to train together. Openings are now available in the Marine Corps 120 day delay program for High School seniors. This program lets you serve while finishing school. Any young man interested can contact your local Marine Corps Recruiter at Julian Place and Morris Avenue in Elizabeth, or call EL 5-3009 for an appointment or information.

Sherman Adams

One of the first proponents on the national scene for the nomination of Eisenhower for president, Mr. Adams launched the campaign in a speech on January 19, 1952 to the National Republican Club. He was floor manager of the "Eisenhower for President" forces at the GOP national convention, then became Eisenhower's campaign manager.

**Scouts To Aid Cancer Victims**

Girl Scout leaders and their troops who would like to do their bit to help the victims of cancer can do so in this simple way—they can collect clean white or light colored cotton materials such as sheets, pillow cases, men's shirts etc. and turn them over to Mrs. Lee Andrews, 450 Meisel Ave. Mrs. Andrews will send them to the Elizabeth Cancer Office. With spring cleaning time now at hand, this seems

an excellent way to utilize those "too bad to use, but too good to throw away items" for a most worthwhile purpose.

**Honored For Achievement**

Miss Barbara A. Jacobsen of Springfield, N.J., has been signally honored for scholastic achievement at Bucknell University, where she has been elected to Phi Beta Kappa. Miss Jacobsen was among 28 students at the University invited to join the oldest honor-

ary scholastic society in America. Of the group, 24 are seniors and 4 are juniors.

Membership in Phi Beta Kappa is extended in recognition of superior scholarship, maturity of personality, and demonstrated interest in world affairs.

Daughter of Dr. and Mrs. Randolph T. Jacobsen, 138 Short Hills Avenue, Miss Jacobsen is a senior at Bucknell and is studying for the degree of bachelor of arts.

Miss Jacobsen has been cited on the Dean's Honors List for six semesters.

**NEW JERSEY'S Betty Crocker** Homemaker of Tomorrow is Joy Ellen Schlesinger of Westfield high school, Westfield. She will receive a \$1,500 scholarship from General Mills for gaining the highest score in the state in a written homemaker examination.

Rocket and space expert Dr. Werner Von Braun is the Honorary Space Chairman of the 1962 Seattle World's Fair.

**Hawaiian Exhibit**  
SEATTLE, Wash. (UPI)—A "longhouse," 16,000-foot square, will house Hawaii's exhibits and entertainment features during the Seattle World's Fair.

The largest cake ever baked—25,000 pounds, with 5,000 pounds of decoration—will be a feature of the giant Food Circus at the 1962 Seattle World's Fair.

Economic experts say the state of Washington can expect at least \$20 million additional tax revenue from the 1962 Seattle World's Fair.

Upwards of 40 nations will have national exhibits at the 1962 Seattle World's Fair.

Ninety per cent of the structures at the 1962 Seattle World's Fair are permanent buildings.

Other regionalites who have been accepted at colleges are: Roberta Finney at Catholic University; Eugene Finney at Villanova; Dennis Lawson at Gettysburg; Marietta, and Bucknell; Tom Minette at Fairleigh Dickinson; Karen Serak at Newark Rutgers; and Mike Brach at Miami University in Ohio. A correction on last week is that Joan Nemerson did not apply to Fairleigh Dickinson but to Brandeis University in Mass., and was accepted, sorry for the mistake, Joan.

The Art workshop of Regional and the advanced Art classes are planning on taking a trip, shortly after the Easter vacation, to New York City's Art Museums and other places of interest. Mr. Broadman, head of the Art Department at Regional will be taking the group there.

Happy Birthday wishes go to Maxine Alexander, of Springfield.

# Select Mountainside Girl As Shepherd Princess

Miss Sandra Carson, Shepherd College Princess

Miss Sandra Carson, 19-year-old daughter of Mr. and Mrs. Charles Carson of 1372 Mohawk Drive, Mountainside, has been selected by the student body of Shepherd College, Shepherdstown, West Virginia, as princess to represent that college at the Shenandoah Apple Blossom Festival in Winchester, Va. The 35th annual festival will be held May 3 and 4.

Miss Carson, who is a sophomore at the West Virginia school, will arrive in Winchester May 2 and will be a guest of the Festival Organization at the George Washington Hotel, Onher arrival, she will be registered at "princess headquarters" and she will later pose for pictures of the queen and her court in the orchard.

The princess program will include an informal reception on the night of May 2, a tea dance on the afternoon of May 3 and balls at night on both May 3 and May 4.

Miss Carson, a native of Mountainside, is a physical education major at Shepherd College. She is a swimming instructor and life guard at the school and captain of the girls' basketball team. She also is a member of a national sorority at the school. She is a graduate of Jonathan Dayton Regional High School, Springfield, class of 1960.

The only daughter of Mr. and Mrs. Carson, she has a brother, Charles (Kit) Carson, who is a junior at Muskingum College, New Concord, O., the former school of Lt. Col. John Glenn, the astronaut. Carson has just been elected to the Stag Club at the Ohio College.

## Plan Square Dance

A meeting was held on Thursday, March 29 to discuss this year's PTA-sponsored square dance for Mountainside's sixth, seventh and eighth graders. The dance will be held at the Deerfield School on Friday, April 6. Present at the meeting were Grace Crane, chairman of the decorations committee, Jim Debie and Jim Karowski, chairmen of the ticket committee, and Kaycee Leopold and Ilse Langheim, co-chairmen of the publicity committee.

At the meeting, decisions were made on the ticket price—(35¢), the cost of Cokes (10¢) and the time and place of the dance (Deerfield School Auditorium; 7:30-9:30 P.M.; April 6). The name "The Swinging Square Dance" was decided on and Bob Brown was engaged as caller. The committees expressed their sincere desire for a large turnout and hoped for a \$75.00 profit to insure the trip to West Point for this year's eighth grade.

DR 6-4316 HELEN SABO

Mr. and Mrs. Samuel Schwartz, of 20 Tulip Road, Springfield, Mr. and Mrs. Irving Montag, of 323 Hillside Avenue, Springfield, and Mr. and Mrs. Samuel Lucas of 1152 Corinne Terrace, Mountainside have returned this week from Florida vacations. The three couples report that the weather couldn't have been better, the tips higher, or the enjoyment more pleasurable.

Anniversary congratulations go to Springfield Township Committeeman Vincent J. Bonadies and his wife Getty. The Bonadies celebrated nine years of marriage on March 28.

Mr. and Mrs. Thomas Worswick, of 104 Adams Terrace, Springfield, announce the birth of a son, Scott F. on March 18 at Overlook Hospital. Big sister is seven-year-old Cathy. Grandparents are Mr. and Mrs. William Worswick of Rahway, and Mr. and Mrs. John Rutscher of Berkeley Heights.

Dr. and Mrs. Henry W. Langheim, of 324 Partridge Run, Mountainside, and Mr. and Mrs. George K. McComb, of 1340 Stony Brook Lane, Mountainside, have just returned from a two week trip around the Caribbean Sea. Sailing on the cruise ship S.S. Atlantic, they visited San Juan, Charlotte Amalie in St. Thomas, Trinidad, Jamaica and Martinique. They were accompanied by Dr. Langheim's sister and brother-in-law, Dr. and Mrs. Walter Wuerth of Toronto, Canada and their daughter Helga.

Mrs. Charles Gunterberg, Sr. was guest of honor at a surprise party last Saturday night, arranged by Charles, Jr. and his wife at the Gunterberg home at 380 Meisel Avenue. The occasion was Mrs. Gunterberg's seventy-fifth birthday, and friends and family were on hand to do her honor on this memorable evening. Among those present were Mrs. Edna Carpenter, formerly of Springfield; Mr. and Mrs. Cliff Alliston of Irvington, Mr. and Mrs. Fred Stoddard of Madison; Mrs. Leslie Personette and Mrs. M. Personette, both of Mountainside; Mr. and Mrs. Alfred Girard of Maywood; Mr. and Mrs. Steven Bombersbach of Rhinebeck, N.Y., who stayed as overnight guests; and last, but far from least, seven-year-old grand daughter Susan.

Springfield Town Prosecutor Joe Seidel and his wife Lari have returned from five days in Washington, D.C. with sons Scott and Mitchell, who are seven and five years old respectively. The Seidels made their headquarters at the Clarendon Hotel in Virginia, while they toured the city. Never-to-be-forgotten moment came when they took the elevator to the top of the Washington Monument looking for Scott who had disappeared in the crowd, and met the youngster who had walked up the approximately fifty stories, coming out of the stairwell.

## Traveler To Israel To Address Ladies

Mrs. Jacob Kesselman, who recently returned from an extensive tour through Israel, will be the guest speaker at the Community Luncheon of the Westfield Area Women's Division of the United Jewish Appeal on Tuesday, April 10, 12:30 P.M., at the Chanticleer, Millburn. Because of her unique Jewish communal services on the American scene, Mrs. Kesselman was permitted to examine intensively many phases of Israel, which are not usually open to the tourist.

Mrs. Kesselman has been appointed a member of the Board of Trustees of the Jewish Community Council of Essex County which she has served for many years in various capacities. She has also been vitally interested in Jewish cultural activities on the American scene and has served on many community committees: as President of a Sisterhood, as an officer of the Federation of the Jewish Women's Organizations of New Jersey, which she helped found, as Regional President of the Northern New Jersey Region of Hadassah, a member of the General Assembly of the Jewish Community Council of Essex County, and President of the Flo Kien Cancer Relief Society. A keen student of the Jewish scene, Mrs. Kesselman's dynamism, keen perception, and vivacious personality make the problems and the achievements of Jewish alive and real to her audience.

"The Art of Living is the Art of Giving." This theme continues throughout the women's campaign of the United Jewish Appeal. Co-Chairmen of the Community Luncheon, Mrs. I. Newton Becker and Mrs. Jack Denholtz report that an unprecedented number of women are expected to attend this luncheon in support of the UJA which will care for 600,000 Jewish men, women, and children needing help in 28 countries including Israel and the United States. Attendance at the luncheon is by a minimum gift of \$36.50, payable, if desired throughout the year. This luncheon is the second step towards attaining the financial commitment of the Westfield Area Women's campaign and follows the Pace Setters Luncheon held on April 3. American Jews this year are faced with a great challenge and opportunity to help their less fortunate brethren.

**Agrico INSECT CONTROL with FERTILIZER**

Now is the time to protect your lawn against the ravages of the root-feeding grubs of the Japanese and June Beetles, and the Rose Chafer. Seasonal rains help work the pesticide deep into the soil to destroy these pests. Agrico Insect Control with Fertilizer also kills Wireworms, and Webworms and other soil insects that feed on grass stems. The fertilizer content helps to revive grass vitality and color. Apply Agrico Insect Control this week.

### Proclamation

WHEREAS, the week of April 8-14, 1962, has been designated as National Library Week; and  
 WHEREAS, our libraries are the chief storehouses of man's accumulated knowledge and wisdom; and  
 WHEREAS, it is the individual responsibility, and the privilege, of every American to develop fully his abilities for active and effective citizenship; and  
 WHEREAS, the promotion of the enduring informational, cultural and spiritual values essential to the welfare and progress of a free people in a free society is a primary concern of our libraries; and  
 WHEREAS, past National Library Weeks in

New Jersey and throughout the Nation have successfully directed attention to the value of libraries as important sources of continuing education and to the merit of active citizen support in maintaining strong libraries;  
 NOW, THEREFORE, I, EUGENE F. RAU, Mayor of the Borough of Mountainside, do hereby proclaim the week of APRIL 8-14, 1962 as NATIONAL LIBRARY WEEK in Mountainside, and I urge all citizens, all educational institutions, all civic organizations and all media of mass communication to observe this week with appropriate means so that all our people may be more fully aware of the value of books and libraries in our democratic society and so that we may achieve a "better-read, better-informed America."

Eugene F. Rau  
 Mayor

**Pierson To Attend Speech Convention**

Mr. Pierson, a member of the National Speech Association and the American Speech and Hearing Association, will attend the Speech Association of Eastern States' 31st annual convention, many of our nation's leaders in speech and hearing rehabilitation will attend this meeting held in New York City from April 12 to 14. Both lectures and demonstrations will be used to present the latest teaching techniques and research development in speech and hearing. This year Mr. Pierson has initiated an exciting full-time speech and hearing program in the Mountainide Schools. He reports that the administration, faculty, and parents involved in this program have received it with enthusiasm. Among other honors, Mr. Pierson has been awarded membership in the American Speech and Hearing Association and Sigma Alpha Eta, a national speech honor society. In addition to his membership in the Speech Association of the Eastern States,

George Pierson

He also joined the New Jersey Education Association and Speech Association. Mr. Pierson is presently studying for his M.A. degree at Montclair State College.

**"Moon Pilot"**  
HOLLYWOOD (UPI) — Brian Keith has use for his many-faceted talents and real-life background in Walt Disney's "Moon Pilot," a comedy drama on the space age.

Keith served with the 1st Marine Air Wing in the South Pacific during World War II and is making his fourth assignment with "Walt Disney Productions." Last season Keith starred in television's "The Westerner."

**Names Announced By Girl Scouts**

Names for four age levels within the Girl Scout program, to replace the three-level structure that the organization has used since 1938, have been announced by Mrs. Charles U. Culmer, President, Girl Scouts of the U.S.A. Beginning in September 1963, age groupings for the 2,685,000 girls in Girl Scouting will be as follows: BROWNIE GIRL SCOUTS, aged 7 and 8 years; JUNIOR GIRL SCOUTS, aged 9, 10 and 11 years; CADETTE GIRL SCOUTS, aged 12, 13 and 14 years; and SENIOR GIRL SCOUTS, aged 15, 16 and 17 years. Until that time, troops will continue in the present pattern of Brownie Scouts aged 7 through 9, Intermediate Girl Scouts aged 10 through 13, and Senior Girl Scouts aged 14 through 17. The sequence of names, according to Mrs. Culmer, has been selected to give a feeling of progression through the entire Girl Scout age range of 7 through 17 years. "Brownies" is the popular name for the youngest

members of the Girl Guide/Girl Scout movement around the world. "Juniors" indicates that the girls are just beyond Brownie Girl Scout age. Look forward to moving on into the more advanced levels within the program. "Cadet" is an adaptation of the word "cadet," used in its historic sense to describe a younger son of a great family. The Cadette Girl Scout as the second oldest daughter or sister in the Girl Scout family is training herself for her future "Senior" clearly

identifies the status of the high school-age group as the oldest girl members in Scouting. The background for program change was supplied in part by two studies conducted for the Girl Scouts of the U.S.A. by the Survey Research Center, University of Michigan, 1955-1958. The first study dealt with needs and interests of adolescent girls, both within and outside the Girl Scout organization, and the second study with attitudes of Girl Scouts and their leaders toward the existing program. There will be no change in the fundamental elements of the Girl Scout program, which were shown by the University of Michigan study to be as valid today as they were 50 years ago. The entire structure will be streamlined, however, and a careful design for progression will be built on the development pattern of girls growing up in the United States of America in the 1960's. A major objective is to make the Girl Scout program of informal education a more effective complement to the present-day school curriculum. The new age levels will become effective with the simultaneous release of four handbooks for girls in September 1963. Preparations for a smooth transition in the fall of 1963 are already under way in the parts of Union, Somerset and Middlesex Counties covered by Washington Rock Girl Scout Council according to Mrs. John Foster, President of the Council.

**Joint Service For Churches**

The Tri-Community Council of Churches of New Providence, Berkeley Heights, and Murray Hill is sponsoring a joint service on Good Friday April 20 from 12 noon to 3 p.m.

The service will be held at St. Andrews' Episcopal Church on South Street in Murray Hill. All the ministers cooperating in the Tri-Community Council will participate in preaching on the "Seven Last Words of Christ." There will be a 20-minute service on each of the seven words.

People may attend as much of the service as they desire. It is hoped that local business concerns will permit their employees to attend at least part of these services. It is the hope of the participating ministers that this most Holy Day will be observed seriously as the message of the

Cross and the Empty Tomb speaks to our lives. The following ministers and churches are participating in these services: The Rev. Mathias Torgerson, New Providence Methodist Church; the Rev. Charles E. Wilson, Community Christian Church, Berkeley Heights; the Rev. Kenneth A.

Exhibit: An exhibit of woodcuts by Sheila Haskin-Loebel, a local artist, will be on view to the public through April 14th at Gallery 61 of 61 New St., Newark, N.J. Mrs. Loebel was trained at Syracuse University School of

Fine Arts and Boston University School of Fine and Applied Arts. She taught art in the Elizabeth, N.J., and the White Plains, N.Y., Public School Systems. Gallery 61 will be open to visitors on Monday, Wednesday and Friday from 3 to 9, Tuesday and Thursday from 3 to 6, and Saturday from 2 to 6.

Fowler, Diamond Hill Church; the Rev. Richard New Providence Presbyterian Church; the Rev. Frank Kinon, Union Village Church; the Rev. Russon, Fair Lutheran Church; the Rev. Canon C.A. Andrews' Episcopal Church.

**Spring Drive By Action Club**

Mr. and Mrs. W.H. Denlinger of Fanwood will lead the Spring membership drive of the Republican Conservative Club of Union County, Richard G. Schoel, vice president, announced this week.

The club, which was formed in January to put forward conservative principles within the Re-

publican Party, will use both advertising and direct mail in the membership drive, Schoel said.

The campaign will be carried on in all sections of Union County, to all Republicans living in Union County and to proprietors of businesses in the county, Schoel said.

**Elected To ANTA Board**

The Greater New York Chapter of the American National Theatre and Academy has elected Frank Carrington to its Board of Directors.

Mr. Carrington, co-founder and co-producer of the Paper Mill Playhouse in Millburn, was

present at the meeting in Philadelphia 36 years ago when the formation of ANTA was discussed. The purpose of the organization was, and is, to bring permanent repertory theatre to the New York area and to present experimental theatre which

is considered uncommercial by Broadway.

The current "Brecht on Brecht", an unexpected and off-beat hit at the Theatre de Lys, is an ANTA presentation. The organization has also been responsible for presenting representative American plays to the People of Europe.

**Glass Artist Will Lecture**

The art of creating delicate glass objects by glass blowing will be demonstrated by Miss Grace Howell, Scotch Plains, at The Union County Park Commission's Trillside Nature and Science Center, in the Watchung Reservation, on Sunday, April

8, at 3:00 p.m.

Miss Howell is a lecturer and leader in the vanishing art of glass blowing and she is one of the few people in the United States who still practices the traditional method of glass blowing. All of the glass objects

made by Miss Howell are done freehand.

The public is invited to attend the demonstration. There is no admission charge at any time at the Trillside Nature and Science Center.

On Monday, April 9; Wednesday April 11; and Thursday, April 12, at 4:00 p.m., Dr. Harold N. Moldenke, director of Trillside, will conduct the one-half hour nature talks for children. The topic selected for the three days is "Life in the Tropics." The lectures will be supplemented with color slides.

Trillside is open to the public each weekday, except Friday, from 3:00 to 5:00 p.m., and on Saturdays, Sundays, and holidays from 1:00 to 5:00 p.m.

**Personal Invite To Club Dinner**

Consider this your personal invitation to the annual banquet of the Summit Christian Women's Club. This event will be held at the Scotch Plains Country Club (formerly Schackamaxon) corner of Lambert's Mill Road and Schackamaxon Road in Scotch Plains. Our delicious roast beef dinner will be served at 6:45 p.m. for \$4.00 per person.

We are very fortunate this year to have as our speaker Dr. Bob Pierce of World Vision, Inc., "Dr. Bob", as he is affectionately known by millions around the world, will be coming to us directly from India. After completing a trip to the Orient in 1949, Dr. Pierce established World Vision, Inc., an evangelical, inter-denominational, missionary service organization to meet emergency world needs through established evangelical missions. One of the many integral parts of Dr. Pierce's work is the sponsorship of the World Vision Korean Orphan Choir which toured the U.S. and Canada in October, November, and December of 1961. Maybe you heard them personally or on T.V. or radio while they were in our area.

Our guest baritone soloist will be Mr. James Kallam of Essex Fells. A very special surprise feature is also being planned.

Because we are limited as to the number we can accommodate, it will be necessary that tickets be purchased in advance. You will be able to do this at the March 21st luncheon, or after that date from one of the committee members listed as follows:

Mrs. Kay Hey, 22 Ertman Dr., Whippany, TU 7-1291; Mrs. Evelyn Johnson, 458 Fairmount Ave., Chatham, ME 5-9528; Mrs. Dorothy Burley, 554 Fairmount, Westfield, AD 2-6005, or Mrs. Doris Compton, 6 Meadowview Road, Millington, MI 7-1027.

We don't want to leave anyone out so plan on getting your tickets as soon as possible.

We are looking forward to seeing you then - April 6, 6:45 p.m., Scotch Plains Country Club.

**Y Kaffeeeklatsch**

Subject for next Summit YWCA Kaffeeklatsch on Wednesday morning, April 11 will be an unusual illustrated travelogue entitled "From Paris to India by Microbus" described by Mrs. John Kepler of Westfield, while residing in London, Mr. and Mrs. Kepler and another young couple saw an advertisement in the Tatler describing such a trip. The tour did not materialize so the little group purchased their own Microbus and started off on a 4 month trip. The speaker will tell of their experiences as their route took them through Germany, Austria, Greece, Turkey, Iran, Afghanistan, along the Russian border, Pakistan, then along the Khyber Pass on to India. Their travels took them to many rarely travelled areas often without proper roads on which to drive.

**CHIEF'S SCHOOL**—Pictured above are ceremonies at the Union County Police Chief's School held at Cranford's V.F.W. Hall (left to right): Robert Ball, Special FBI agent, Newark office; James Osato, Scotch Plains Chief; William Ayres, Mountainside John Trembicki, Scotch Plains, Joseph Mazur, Mountainside, and Lester Powell, Dean of the Police School and Chief of Police of Cranford. (Fred Keesting)

**Five Policemen Complete Course**

Five area policemen were among 38 police officers representing 14 Union County communities who were awarded certificates Friday after completing a course in investigation techniques sponsored by the Union County Police Chiefs Association.

The certificates were presented by Chief James Osato of Scotch Plains, association president and Cranford Chief Lester W. Powell, chairman of the education committee. The week-long school and Friday's ceremony were in the VFW Hall in Cranford.

Special Agent Robert Ball of the Newark FBI office served as instructor in the taking of statements, written reports, questioning suspicious persons, investigating burglaries and how to collect and present evidence in court.

Area officers who completed the course were Berkeley Heights Patrolman Theodore F. Rika; also Scotch Plains Detective John Trembicki, and Mountainside Patrolmen William Ayers and Joseph Mazur.

**B'nai B'rith To Install Officers**

Installation of the officers of B'nai B'rith Women of Springfield is being held at the Chanticleer on Thursday Evening 7 p.m. on April 5. The incoming officers are as follows:

President, Mrs. Marvin Strauss; 1st Vice President, Mrs. Jules Terry; 2nd Vice President, Mrs. Morris Milstein; 3rd Vice President, Mrs. Mark Hammer; Corresponding Secretary, Mrs. Nathan Krowne; Recording Secretary, Mrs. Mac Fischrom; Financial Secretary, Mrs. Irving Montag; Social Secretary, Mrs. Israel Morrison; Treasurer, Mrs. Martin Karp; Sentenals, Mrs. Harold Freed and Mrs. Mende Jaffee; Trustees, Mrs. Bernard Shapiro, Mrs. Benny Wildman, Mrs. Wallace Callen, Mrs. Sidney Pillar and Mrs. Lloyd Strone.

The installing officer will be Mrs. Gerald Freeman who is a Past President of Northern New Jersey Council. The group will be entertained by Dorothy Rapp, well-known singer of Folk Songs and Guitarist.

**To Honor Dr. Jacobsen**

Dr. Randall T. Jacobsen will be honored at a meeting of Jonathan Dayton Regional High School PTA next Thursday at 8 p.m. in Halsey Hall. Dr. Jacobsen, principal of the school for the past six years, has been named assistant superintendent of Union County Regional High School District No. 1.

Dr. Warren M. Davis, superintendent, and Miss Ann Romano, assistant principal, will take part in the tribute, together with Mrs. Michael A. Passero, Jr., PTA president. Past presidents, coordinators of the district, faculty, and clerical staff will join the parents on the occasion of Dr. Jacobsen's promotion.

Entertainment will be provided by "Lefty and His Four Dominos" billed as "masters of mirth, music and mimicry." They have made frequent appearances in night clubs and hotels throughout the state, as well as on radio and television.

The program will include music on drums, bass, accordion, and electric guitar, impersonations, a "sing-along" session, and a lesson on "the twist." A chorus of fathers and teachers, led by choreographer Albert Rothbard, will be featured.

Officers for 1962-63 will be installed, following which refreshments will be served in the cafeteria.

**Local Schools Realize Need For Strong Math Curriculum**

There has been a great concern and interest both at the high school and elementary school level within the Union County Regional District to bring about a mathematics curriculum consistent with present-day thinking. All schools within the District have been engaged in a cooperative effort to improve the curriculum, one where the teaching of mathematics will emphasize understanding of concepts to a much greater degree without neglecting the basic skills.

Teachers of seventh and eighth grade mathematics in the six constituent districts (Berkeley Heights,

Clark, Garwood, Kenilworth, Mountainside and Springfield), along with members of the Regional High School itself, and under the direction of the New Jersey State Department of Education, have been engaged in a study now in its second year of contemporary mathematics curricula in grades 7 and 8. As a result, constituent districts introduced the "University of Maryland-Mathematics Project" materials on at least a pilot basis in September.

This year two meetings have been held each month (one in the afternoon and one in the evening). The meetings, in the form of workshop sessions, are concerned with clarifying the content of the Maryland Program as well as discussing the presentation of the topics to students. This cooperative study has proved so successful that plans are being made to continue it next year. Arrangements have been made to have outstanding persons in the field speak to the group at some of the dinner meetings.

The Regional High School District was host to the group in March. At the March 28 dinner meeting, Dr. H. O. Pollek, a

**Overlook Honors Volunteers**

A double Tea for Overlook Hospital's 1500 in-service volunteers will be held on April 10 from 2:30 to 4:30 and from 8 to 10 in the evening at the Nurses' Residence.

Overlook's volunteers working in 36 departments of the hospital, last year contributed almost 85,000 hours of service. Breaking this down, volunteer hours came to some 3500 days or the equivalent of almost 10 years.

"There's no way to thank our volunteers adequately for the extent of service they give Overlook and its patients," commented Miss Emily Joest, Volunteer Director. "This Tea is an expression of Overlook's appreciation and an opportunity for our volunteers to get acquainted outside their busy hospital schedules."

Added to the in-service volunteer figures are the many hours put in by over 2000 TWG members of Overlook's Women's Auxiliary, working in local projects and fund raising activities in their own communities. Overlook has one of the largest volunteer programs in the metropolitan area.

**Hiking Plan**

An active weekend is planned for the members of The Union County Hiking Club over the weekend of Saturday, April 7, and Sunday, April 8.

An overnight trip is planned for Saturday and Sunday along the Appalachian Trail near Hamburg, Pennsylvania. This group, under the leadership of Herman Kapp, Bethlehem, Pennsylvania, and Bob Casser, North Plainfield, will meet by arrangement with the leaders.

On Sunday, April 8, Fred Dlouhy, Union, will lead another trail clearing expedition in the Greenwood Lake area of North Jersey. Each hiking club is responsible for maintaining a portion of the Appalachian Trail, and the Union County Hiking Club has approximately seven miles of this Trail to keep clear. The hikers will meet at the Administration Building of the Union County Park Commission, Warinanco Park, Elizabeth, at 8:30 a.m.

research mathematician at Bell Laboratories in Murray Hill and a member of the writing team for the School Mathematics Study Group, spoke on curriculum reform in mathematics.

Representing the State Department in this cooperative study is William Guthrie, Consultant in Mathematics, representing the Union County Regional-High School District in Joseph J. Sott, Coordinator of Mathematics. General Chairman of the group is Dr. Warren M. Davis, Superintendent of the Union County Regional High School District.

The new program of mathematics in grades 7 and 8 has been received enthusiastically by students, teachers and parents. As a result plans are being formulated to extend the offerings to a greater number of seventh and eighth grade students.

As an aid to this expansion of offerings, an in-service program has been started for teachers of the constituent districts who intend to teach the new program in September. Between March and June of this year, these teachers are meeting each Tuesday and Thursday afternoon for an hour and a half session under the direction of Mr. Sott.

At the high school level studies have been made of the new programs of mathematics like the ones of the University of Illinois—Committee on School Mathematics, the School Mathematics Study Group, and the Commission on Mathematics of

**Elkay To Host**

Elkay Products Co., 35 Brown Avenue, Springfield, New Jersey, will play host to an estimated 100 members of the statewide New Jersey Furniture Warehousemen's Association on Wednesday evening, April 11.

Elkay Products Co. is well-known through the industry as a leading manufacturer and distributor of moving, storage, and material handling equipment. The company maintains modern, sanitary manufacturing facilities to make a complete line of moving and storage pads and covers. Elkay regularly hosts many various business association meetings. This marks the second time the New Jersey Furniture Warehousemen's Association has selected Elkay's modern plant as a site for their meeting.

A cocktail hour starting at 6 P.M. will precede a short business meeting after which a catered "sit-down" dinner will be served. Members will then be invited to tour Elkay's 25,000 square foot showroom, ideal warehouse, and manufacturing facility. Special exhibits and product-in-action demonstrations will present the newest ideas in moving, storage, and material handling supplies and equipment.

Elkay personnel will feature many new items to get moving and storage jobs done faster with less work at less cost. They will display many pieces of equipment to help the average mover and warehouseman get more of those bigger, special jobs. Since New Jersey is rapidly becoming well-known for its extensive electronics industry, emphasis will be placed on supplies and equipment used in moving and storing this type of products.

All members of the New Jersey Furniture Warehousemen's Association are invited to attend the dinner-meeting at Elkay Products Co. in Springfield, New Jersey on Wednesday evening, April 11th.

**To Address**

Eric H. Peterson Jr., Union County Agricultural Agent will speak at the monthly meeting of the Concord Estates Civic Club to be held on Friday, April 13th at the Springfield Steak House. The subjects he will speak on will include information on how to treat drainage problems, how to install a new lawn, what to do about established lawns, what's new in crab grass killers, fertilizers etc.

A short business meeting will be held prior to Mr. Peterson's talk. Approval and adoption of Concord Estates new constitution will take place. Mr. Robert Laurie, Vice President headed the constitution committee. Plans are being formulated by the Youth committee headed by Edward Dorfman to hold a function for Concord Estates resident's children. The activities committee headed by Betty Lutz is planning a picnic in June.

Herbert Ross is president of the Concord Estates Civic Club.

**Cow Psychology**  
COLLEGE STATION, Tex. (UPI) — A. M. Meekma of the Texas A. & M. College extension service says a little "cow psychology" could make the difference between breaking even and making a good profit from dairying.

"It is shown in many ways," Meekma said. "The dairyman's handling, feeding, milking and caring for his cows, the general appearance of his herd and his knowledge of when to call the veterinarian all reflect understanding of cow psychology. There is only one way to gain it, however, and that is through experience working with animals."

## Bakanowski Named To Chem. Caravan

Stephen M. Bakanowski, son of Mr. and Mrs. Alfred E. Bakanowski of 85 Redwood Road, Springfield, has been selected as the 1962 Chemical Caravan representative of Jonathan Dayton Regional High School, where he is a member of the senior class.

The Caravan, sponsored for the third consecutive year by the Chemical Industry Council of New Jersey, will bring more than 150 talented high school science students from all over the state to Princeton on April 9 for a varied round of activities, including visits to scientific laboratories, and lecture-demonstrations by leading scientists.

Bakanowski and other members of the Caravan will be greeted at Princeton's James Forrestal Research Center by Dr. Glenn A. Nesty, vice president for research and development of Allied Chemical corporation, serving as Caravan chairman, and Dr. Richard Wilhelm, chairman of the chemical engineering department of Princeton.

They will also hear Dr. Earl C. Tanner, assistant to the director of the University's plasma physics laboratory; Dr. John Turkevitch, Princeton chemistry professor; and Dr. Courtland D. Perkins, professor and chairman of the aeronautical engineering department at Princeton.

The Caravan will tour the Model-C Stellarator, now under study at the Forrestal Research Center as a means of producing controlled-thermo-nuclear reactions, and to the Princeton agricultural center of American Cyanamid Company.

Bakanowski, who plans to major in either chemistry or physics when he enters college this fall, is a recipient of the New Jersey Science Teachers Association certificate for outstanding scholarship in science. He is a member of his high school's chemistry club, advanced mathematics club, varsity club, soccer team and track team. His sponsor for the 1962 Chemical Caravan is White Laboratories, Inc.

Girl's Bubbles Make Magazine Cover

Photographing soap bubbles was the means by which Barbara Jean-R. Jones, a graduate of Governor Livingston Regional High School in Berkeley Heights, achieved national recognition when photographs of her winning Science Fair project were featured as the cover of this week's issue of Science Magazine, the official publication of the American Association of the Advancement of Science.

As a senior at Governor Livingston, Barbara Jean for the second time, won top honors at

Extra File Day

Monday, April 16, is a special date on the calendar this year, Ralph W. Jones, District Manager of the Elizabeth Social Security Office said today. As the 15th comes on Sunday, self-employed persons have an extra day to file tax returns along with their federal income tax and report their earnings for social security. This report must be made, Jones said, if the self-employed person had a net profit of \$400 or more in his business in 1961. The self-employment tax amounts to 4 1/2 percent on the net profit. In this area all such reports should be mailed to the Director of Internal Revenue, Newark, New Jersey.

Jones said that by filing timely and correct reports, a person can build for himself and his family valuable protection under social security. He also stated that each self-employed taxpayer should be sure to put his social security number on his tax return to insure getting proper credit.

The Social Security Office serving this area is located at 268 North Broad Street, Jones invites those who have questions about this, or other social security provisions, to get in touch with his office.

the Greater Newark Science Fair with a project which she labeled "The Geometry of a Catenary as Indicated by Soap Bubbles."

A catenary is defined as shapes assumed by a flexible cord in equilibrium under given forces. It is the principle used in suspension bridges and over hanging trolley wires.

Barbara Jean used soap bubble films over several wire shapes then traced the forms with high speed photography, using 2000 frames per second as she measured the point at which the bubble burst under stress. This gave her the geometrical forms which she then plotted mathematically and portrayed graphically. Among these photographs are the one now appearing on the cover of Science Magazine.

Mr. Joseph Sott coordinator in the mathematics department for the Union County Regional School district, who sponsored the winning Science Fair project stated that he knows of no other instance where a student's work has been featured in this highly technical scientific magazine. "I was stunned when I saw it," he said.

A freshman at Duke University in Durham, North Carolina, Barbara Jean is pursuing a course in liberal arts with several possibilities as to major subjects later on. There is a strong possibility that she will eventually become a physical therapist, although she is undecided as to just what direction her studies will take her at the present time.

As a student at Governor Livingston she was interested in many activities in addition to being in the top ten percent of her graduating class academically. She was a member of the National Honor Society, feature editor of the school paper, a senior class officer and vice-president of both the school chorale and girl's glee club groups.

**Al Swenson Retires; On Trip Abroad**

Alfred H. Swenson, 58, of 316 St. Georges Place, Westfield, wound up his official duties as Springfield township engineer Friday after more than eight years with the community.

He expressed his regret to leave the municipality which he has served these past years and the many friendships he has established.

The engineer was one who held himself above politics and will be missed by both Republicans and Democrats.

Mr. Swenson is looking forward to a trip to Europe with his wife this month. He will leave by plane April 15 for a three week vacation there.

Mr. and Mrs. Swenson expect to visit Paris, London, Athens, Bizerte, Rome, and Frankfurt, Germany.

Mr. Swenson's office is being filled by Walter Kozuk of 30 Henshaw Avenue, who has been with the township engineering department many years. He is serving in the capacity of acting township engineer.

**1962 Heart Fund Drive Continues**

Springfield Heart Treasurer Arthur (Pete) Smith and Chairman Max Sherman have reported that Heart Fund collection returns are now being rapidly accumulated.

These returns include donations from residential areas as well as contributions from business and professional sources. The latter group is headed by Ike Freedman.

The monies thus collected are being deposited at the National State Bank in Springfield and will later be forwarded to the Union County Heart Association in Elizabeth.

These funds will be used to continue and supplement services for Union County residents such as direct aid to cardiac patients, purchases of equipment and medicines for the Union County Heart Association Cardiac Diagnostic Clinic in Elizabeth as well as grants for cardiac training and research work.

Chairman Max Sherman urges all to pass the neighbor-to-neighbor envelopes promptly so that the district captains can make their reports as soon as possible.

He also stated that donations may also be sent to himself or Springfield Heart Fund Treasurer Smith in care of the National State Bank in Springfield.

# Hunchar Ready For Anything As GLRHS Meets Clark Nine

Opening his second season as coach of Governor Livingston Regional High School's baseball team today in Clark Township against Clark Regional High School, Russ Hunchar just does not know what to expect.

Despite the presence of a veteran battery and all of last year's top-notch infielders, Hunchar has problems. He has only one pitcher with any var-

city experience and can't boast of a single outfielder with varsity experience.

And Hunchar also has two carry-over headaches from last season—no home playing field and no place to practice that is suitable.

The Highlanders have been conducting workouts on the football field which is far from suitable for adequate practice.

With no playing area, Governor Livingston will play all of its 20 games scheduled on opponents' fields.

The Highlanders surprised last year by posting a winning record (8-7), gaining the quarterfinal round of the Union County Conference tournament, and receiving an invitation to the New Jersey State Interscholastic Athletic Association's North Jersey, Section 2, Group 2 tourney.

Can they do as well this season? Only time, and the development of additional pitching strength as well as an adequate outfield will tell.

Hunchar knows he has a top-notch hurler in senior Jerry Di Pasquale, a righthanded curveballer who probably is as good as any high school pitcher in the county when he has his control. Jerry had it most of last season, but became progressively wilder as the season neared its end. Jerry will be the starter against Clark Regional today.

Russ also has a fine catcher in John Wadas, a standout three-sport athlete. Lynn Nesbitt, another three-sport star, will be at third base. Lynn represents the team's biggest long-

ball threat. Playing alongside of Nesbitt will be shortstop Artie Thomas, the top hitter and base runner on last year's squad.

Bill Sawyer, still another three-sport athlete, will handle the second base chores again, while Janky John Nackonechny again will be at first base.

Frank Fish, the football and wrestling star, is Hunchar's top outfield hope at the moment.

Frank is rated a good defensive player but not a strong hitter. Flanking him will be two boys who moved to Berkeley Heights this school year, Larry Bane and Tom Goodman.

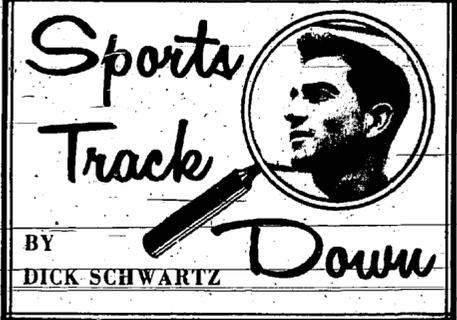

With only 14 players on the squad, these regulars will have to carry most of the load. Di Pasquale, however, will probably play in the outfield when he is not on the mound.

The other pitching prospects are seniors righthanders Al Kennedy and Jack Weiss, along with sophomore Bob Heuer. Neither Kennedy nor Weiss has pitching experience. Heuer, a 6-4 sophomore basketball star, is a south-paw who, according to Hunchar, "can really throw but lacks control."

#### Director Ed Ruby

"What has happened to the incentive our kids used to have?"

... So began Ed Ruby, Springfield Recreation Director as we sat in his Town Hall office.

Ed continued, "When I was a youngster, right here in this town, nobody had to organize us for anything, we'd pick ourselves up and play everything from baseball to 'run-sheep-run'. You just don't see anymore pick-up games. If the kids aren't led by the hands to Meisel Field or one of the school gymnasiums, they just aren't going to go. I'm not criticizing. ... it's the drastic change that amazes me."

Ed Ruby should know about the habits of kids, especially kids from Springfield. He has been Recreation Director since 1946 when "we had three small play areas and not even 300 to fill them."

A graduate of Syracuse University, Ruby returned home after a brilliant football career to begin his crusade for the youngsters. ... and he's by no means finished.

Ed is a warm, friendly man who has watched the Township Recreation budget jump from \$3,000 in 1946 to \$38,000 in 1962. Through all this financial change and population explosion, he has never lost sight of his purpose for sitting behind his desk in Town Hall. ... to help the kids.

"Naturally leagues, standings, statistics, championships, are important, but they are not the most important aspect of our program here in Springfield," says Ed. "It is our belief that the opportunity to play is of most importance. Sure, we have a dozen or so youngsters in town who I consider to be terrific athletic prospects, and we hope to give these boys plenty of opportunity to mature. But there are dozens upon dozens of youngsters in Springfield who are only of average athletic abilities. They like to play, they want to play, and try their hardest. Our program is geared to just these kinds of kids."

"And then there's that phenomenon we spoke about earlier. ... the way youngsters today refuse to play on their own. We can't understand it, but we're trying to do something about it. Our Commission takes them by the hands and puts them on the gym floors and ball diamonds. If that's the way they want it, that's the way it will be done."

Ruby says, "I'll never be a millionaire, but I'll have a lot of memories to look back on."

He can remember when Springfield had four tennis courts, eight swimming holes and every recreational facility nature could offer. He can recall his first years at the job when transportation problems were solved with his old post-war station wagon, and progressive ideas didn't materialize either due to funds, workers, or numbers involved.

Ed remembers all these things, but the memories—he holds—closest—are the many instances when parents have called him to thank him for taking their youngster in tow, or for giving the boy a break on the baseball field, or understanding domestic difficulties and acting accordingly with the child.

These things can never be replaced with money or trophies or newspaper columns. They are something that a man earns through dedicated years of conscientious service.

Ed Ruby is dedicated, and a piece of luck for the residents of Springfield, and their children.

### Ex-Wrestler Will Speak At Church

Ray Carlson, wrestling champion, minister and youth leader will be the featured speaker, April 12, 13, 14 at 7:30 p.m. at the Community Free Church of Springfield, located at 240 Shunpike Road, in a guest program, sponsored by the Word-of-Life Fellowship, an evangelical youth organization headed by Jack Wyrzten, it is announced by Rev. Harold S. Lundin, pastor of the congregation.

Ray Carlson

"A rugged man, with a rugged message about the Old Rugged Cross," is the description given of the visiting Christian youth worker.

Ray was widely known as Eastern Regional Champion Wrestler, contending in competition for the U.S. Olympic Team, in 1952 and 1956. No ivory tower scholar, he worked his way through college as a coal miner, and served on the college wrestling team, participating in four eastern tournaments in 14 states.

Out of this spartan schedule Ray earned his B.A. in psychology, from Waynesburg College, in Pennsylvania, in 1955, and the S.T.B. degree from Temple Theological School, Philadelphia, in 1959. Ordained in the Methodist Church, he continued with that denomination nine years.

Converted at an early age, Ray believes in the work that has made him the popular associate director at the Word-of-Life Ranch, on Schroom Lake, at Pottersville, N.Y., which he reports a spiritual and physical challenge to hundreds of American youngsters each summer.

### Barnyard & Baleshay Circus Performs To Capacity House

The third and final performance of the 1962 version of the BARNYARD & BALESHAY CIRCUS was performed by the Fanwood-Scotch Plains Y.M.C.A., March 31 to a full house of parents and friends of the 'Y'. Over 200 boys and girls acted in the 14 parts of the two hour show in a colorful and exciting parade of acrobatics, dancing, baton twirling, clowning and music.

Most obvious crowd pleaser, Robert Sewalks, 16, performed with great skill and grace on the trampoline, parralle bars, rings and tumbling mats in a one man demonstration of what can be accomplished in coordination and physical development with practice.

Another outstanding act was the puppet show performed by the members of the Junior Debs. Tri Hi-Y Club. An original dance was produced by the girls on a home made stage.

A surprise feature was the appearance of a four foot Florida Pine Snake, well cated but nevertheless thrilling appearance.

A clown act entitled "Sing Along With Old Mother Hubbard" involved a Mother Hubbard Clown who played the trombone while the audience sang, Mitch Miller style.

The show, the seventh annual, was under the direction of Mrs. Mary Carey, assisted by Messrs Frederick Cutter, Hamilton Williams, David Putnam, Edward Chen and Duncan Smith.

A moving picture film was made of the Saturday night performance and will be used in months to come to help tell the 'Y' story to the community.

### Spfld. Bowl Cling To 1st

Springfield Bowl managed to retain their one game hold on first place in the Springfield Municipal Bowling League, although they lost 2 to Baldwin Shell as Mendle Florist defeated 2nd place Cuzzolino Furs, two out of three.

Ehrhardt Electronics, Cardinal and Baldwin are all knotted for the third spot this week, just 4 and a half behind the leaders.

High series were rolled by Hank Anderson, 191-185-242,619, followed by Mac Coburn with 215, 187, 197, 599.

Other 200 scores or better were: Rocky Giannattasio 202, 211; Mario Latella 236; Bob Anderson 242; Stan Burdett 223; Harold Burdett 212; Geo. Gleim 211; Nick Zarrelli 211; Mark Conette 210; Joe Natello 209; Rich Ba-taille 209; Wm. Seijas 205; Ron Desantis 205; Joe Alasso 202; Ben-Cotandrea 202; Bob Bevans 200.

Geoffrey Eaton, 12, of Springfield was awarded a trophy as Rookie of the Year in the North Jersey Pee Wee Hockey League at the annual breakfast on Saturday, March 31. He was also named for the All Star Team. The League has just completed a most successful season at the South Mountain Arena where 76 boys participated. Four teams tied for first place with the final outcome as follows: 1st Canadians, 2nd Rangers, 3rd Red Wings, 4th Maple Leafs. (Dick Schwartz.)

### Galloping Hill Introduces Pitch And Putt At Night

Golf, under lights, will begin at the nine-hole Galloping Hill Pitch and Putt Golf Course, Kentlworth and Union, at 8:00 p.m. on Friday, April 6.

The thirty lights which were recently installed throughout the par-three golf course will then be turned on permitting night play at this Union County Park Commission facility. The lighting installation, with thirty flood lights on 40-foot poles, includes nine (1500 watt) type "A" incandescent lights; twelve (1000 watt) mercury-vapor type "B" lights; three (400 watt) mercury-vapor type "C" lights; and six (250 watt) mercury-vapor lamps. The thirty lights have a total of 116,000 lumens consuming 28,200-watts per hour. The underground cables and the lamps are grounded for safety to a driven ground rod.

A Nearest-to-Hole contest will be held with the opening of night play at this facility, Friday night and all day Saturday, all who play a round at pitch-and-putt will be entered in the contest. The prizes include a set of woods, a putter and golf balls.

On Friday evening a short program will be conducted under the lights with Commissioner Michael J. Regan, Elizabeth, president of the Union County Park Commission; George T. Cron, superintendent of recreation for the Park Commission; and Ed Famula, the golf professional at the Galloping Hill Golf Course; and Charles Lair, golf professional at the Ash Brook Golf Course, participating.

## Spfld Little League Tryouts Pull Hundreds

# Beacon on Sports

CY JAMES

For the second consecutive year the major baseball leagues will have a new look when the umpires shout "play ball!" next week.

The new look will be in the makeup of the National League where two new teams—the Houston, Tex., Colt 45s and the New York Mets—will make their debuts.

Since both Houston and the Mets have been formed from cast-offs from other National League teams and a generous sprinkling of untried rookie, and "never was" minor leaguers, neither is expected to exactly tear the league apart in its first season. Or for a good many seasons for that matter.

The Colt 45s have been sensational in the Cactus League but don't be disillusioned. Before the season advances very far, Houston fans are going to find their team fighting to keep those weighty 45s from dragging them to the bottom of the lower echelon of the National League.

As we see it, the National League is going to be operating in three sections this season. The lower echelon (7th to 10th places) will be a battle royal among Houston, the Mets, Chicago Cubs and the Philadelphia Phillies to escape the ignominy of becoming the first team in National League history to finish 10th.

The Cubs are our best bet for seventh place on the strength of their batting power and sometimes strong pitching. We like the Mets for eighth place (which won't do much for Casey Stengel's reputation as a miracle manager) on the presumption that some of the more established Met veterans (Roger Craig, Frank Thomas, Charley Neal, Gil Hodges) still have another year of good baseball in them.

The Phillies have been futile for many years but their youth movement should be a year more advanced than that of the new Texas entry. On that basis we are selecting Philadelphia to beat out the Colt 45s for ninth place.

The middle echelon of the National League (4th to 6th places) will find the league's champions of the past two years—Pittsburgh's Pirates and Cincinnati's Reds—fighting it out with Milwaukee's disappointing Braves for the final two (4th and 5th) first division berths.

We can't see Cincinnati repeating its surprising pennant victory of last season. Everything went right for the Reds last season and that isn't likely to happen again for a long time. The Reds already have lost slugging Gene Freese for at least three months with a fractured ankle and that could be a portent of what's in store for the Reds in '62.

We look for the Reds to emulate Pittsburgh's skid following its world championship of 1960 by skidding all the way to sixth place. The Pirates will move up a slot to fifth with Vernon Law, their ace righthander, still a question mark and a team that played far over its heads once and just isn't capable of a repeat performance.

Talent-rich and morale-poor Milwaukee will have to settle for no better than fourth place. And this is on the assumption that ageless Warren Spahn can keep rolling up 20 or more victories. If time catches up with Spahn, the Braves could slip to fifth or sixth.

That brings us around to the National League's top echelon—the three teams that will battle it out for the pennant and second and third place. Our candidates for these groups are Los Angeles, San Francisco and St. Louis.

The Dodgers (Los Angeles) drank lustily of pennant wine in 1959, the same year that the Giants (San Francisco) were forced to digest the bitter pill of blowing a pennant in the final week. Both are talent-rich, with the Dodgers boasting a superb pitching staff and sufficient all-around class.

The Giants have sock—in great quantity!—the likes of Willie Mays and Orlando Cepeda send chills down opposing pitchers' spines. But the Giants also have the mental hazard of playing in a "wind tunnel" called Candlestick Park. The park has hurt the Giants before and quite possibly will do it again. We pick the Giants for third.

That leaves the pennant up for grabs between the Dodgers and Cardinals (St. Louis). Logic points to the Dodgers celebrating their first season-in-Chavez-Ravine with a National League championship. But logic doesn't always win pennants.

Long shots have taken the National League crown the past two seasons. We look for it to happen again. We're picking St. Louis and hoping draft-eligible Ray Sadlecki, the Cards' 14-game winner last year, is able to play all year.

Sadelcki and five other starters give the Redbirds pitching depth at least equal to the Dodgers. In Lindy McDaniel they have one of baseball's best relief pitchers. Curt Flood, a .321 hitter, has solved the centerfield dilemma. Minny Minsno figures to solve the other outfield problem and provide home-run power.

The key to the Cards' chances may be Julio Gotay, a rookie shortstop who has been a spring sensation with his fielding and hitting. With a top-flight field general in Johnny Keane (47-32 with the Cards last year after taking over from Solly Hemus in mid-season), St. Louis has the chance to make Stan Musial's farewell to baseball a championship one.

The American League also has three echelons. Unfortunately, only one is of any consequence. The New York Yankees are all alone in the top echelon. They're clearly are the class of the league and chances are they will have the pennant—for all practical purposes—wrapped up by mid-summer.

We doubt the loss of Tony Kubek to the service will slow the Yankee pennant march even one iota. Either Tom Tresh or Phil Linz will fill in quite adequately. And, if by chance both should fall, classy Clete Boyer can shift over from third base.

We don't feel Roger Maris will even approach his 61 homers of last season and expect that the American League is going to be hard pressed to stir up much fan interest in the latter stages of the season.

The middle echelon of the American League will consist of Detroit's tenacious Tigers who battled the Yankees into September last year but don't seem capable of a repeat performance; Chicago's punchless White Sox who would need miraculous comebacks by Early Wynn and Herb Score to become real contenders, and Baltimore's battered Orioles.

The Orioles will have lefty ace Steve Barber for limited weekend duty and have two other question-mark pitchers in sore-armed Jack Fisher and ailing Milt Pappas. The Orioles couldn't catch the Yankees with all three healthy so they hardly figure to do it without them. We see Detroit second, followed by Chicago and Baltimore.

Rounding out our American League's first division will be Boston's Red Sox, who are the top entry in the American League's lower echelon. The Sox have some good youngsters but still are several years (and good players) away from being legitimate pennant contenders.

The other four entries will be in a wild scramble to avoid the league cellar. Our selections are Minnesota Twins (seventh), Los Angeles Angels (eighth), Washington Senators (ninth) and Kansas City Athletics (tenth). Kansas City will be first in something, however. We look for Charles O. Finley to be the first owner to fire his manager (Hank Bauer).

## Slimnastic Wrap Up

The fourth and final session of Slimnastics for women will begin on Wednesday, April 11th at 9:30 a.m. at the Fanwood-Scotch Plains Y.M.C.A., according to an announcement today, by physical director Edward B. Chen. The course, which will be for eight weeks, will include calisthenics, volleyball, badminton, use of the apparatus, bowling and other recreational games. Classes run officially for one hour with an optional second hour of free play. Baby-sitting on the premises is provided for those who have pre-school children. Those interested may inquire at the Y.M.C.A. at Grand St. and Union Avenue in Scotch Plains or by telephoning FA 2-7600.

## Rebirth Of Table Tennis Enthusiasm Seen As Godsend To Athletic Minded

By Dick Schwartz

Old memories and new ideas were brought back to us Monday evening on Springfield's Briar Hills Circle when we witnessed a practice table-tennis session between Alvin Nochenon of that address and Nat Stokes of Mountain Avenue.

These men, and some sixty like them, are members of the New Jersey State Table Tennis League, a group dedicated to the finer art of returning a hot slam or "cut" across a 9 x 5 foot table with as much dexterity as the situation allows.

We say "old memories" because we have, on occasion, spent many hours at the ping pong table, but Mamma, it was "never anything like this!"

Nochenon and Stokes are true masters at their hobbies. Alvin is an "old-timer" at the game. In 1950 he captained Upsala College to the National Table Tennis Championship, the first national championship, by the way, ever won by a New Jersey college. Since his graduation, he has advanced up the table tennis ladder and now ranks number 4 in the entire State. "This is a terrific game for more than one reason," says Alvin. "It can be played all year-round, rain or snow. There is no limit to age. There are men in our league who are in their sixties and can easily keep up with us youngsters."

Alvin really had a point. It didn't take much to convince us that here was an outlet with all the competitive and exercising attributes of football or basketball, but with a little more lee-way in the exertion department. A relatively inexpensive form of recreation with all the thrills and scoring frills of an Ohio State-Notre Dame grid encounter.

"Why haven't more folks taken advantage of table tennis?", we asked.

"Well, people are funny," Stokes answered. "Take me for instance. Back in my college days at Panzer (Montclair State), I dabbled in football, basketball, and baseball. Loved the games, still do, but a few years ago I found that while my mind was willing to stick to an all-court press, my body had other ideas, and it wasn't long before I said to myself, "Nat, your exercising days are over."

"Then I ran into Alvin. At that time I was a fair ping pong player, but I had the desire to learn, and after a few years of practice I was put in our 'B' League. Now, I'm in the 'A' League, and ranked 7th in the State."

Stokes continued, "Ask me about ping pong when I first began, and you would have found that I had my doubts about the masculinity of the game. I had the vague feeling that ping pong was for baseball and football rejects. . . but boy was I wrong! I work up as much of a sweat at this table as I did on any ball field, and the competitive urge is just as keen."

It was a thing of beauty watching Nochenon and Stokes volley across the length of the room (they play about ten feet back from the table), even though they were slightly cramped between two obstacles; close quarters, and our desire to get some action pictures.

Believe it or not, that plastic ball moves upward of 80 mph after a slam, and the "asprin tablet" coming at you has to be returned after a short trip of nine feet.

Sneakers are required, and State rules make it mandatory for players to wear dark shirts as a suitable background. Aside from these rules and table specifications, there are few others. No size has been put on the shape of a paddle for instance, allowing players an open field in equipment selection. Nochenon uses a sponge rubber affair with a standard grip. Rubber paddles are by far the most popular in League play, and the old sandpaper contrivances are a thing of the past. "All our equipment, save the tables, are imported," says Stokes. "Nobody puts out a better ball than the Germans, and this goes for paddles also."

The seemingly lack of ping pong acceptance certainly is not the fault of men like Nochenon and Stokes. "The entire League is at the disposal of whatever school or organization might want an exhibition," reports Alvin. "We are willing to go out of our way to put on shows and give talks on the game. Just a call or a letter will do the trick."

The League plays on Thursdays in Cranford. Men of equal talents, but not necessarily residents of the towns they represent, play under the banners of Union, Irvington, Springfield, Eatontown, Clifton, Murray Hill, Orange, Colonia, Bloomfield, Newark and Princeton. On April 13-14 the New Jersey State Closed Table Tennis Championships will be held at the Upsala College gymnasium, in East Orange. Both Nochenon and Stokes will be there trying for a few more trophies to add to their ever-increasing collections. The public is invited, and the boys tell us the Championships are quite a show.

P.S. Before Stokes arrived for the practice session we volleyed for a few minutes with Alvin. He was so good, and made us look so bad, that we immediately accepted his invitation for a series of lessons. Who knows. . . this might be the beginning of a glorious ping pong career. . .

RETURNS!—Alvin Nochenon, also of Springfield, ranked 4th in Table Tennis League, returns Stokes' slam and waits for more of the same. (Dick Schwartz)

SLAM!—Nat Stokes of Springfield, ranked 7th in State Table Tennis League, leans into a return during practice session.

## ORT Keglers On Radio

Mrs. Sidney Garner and Mrs. Ivan Crouch will represent the Springfield Chapter of Women's American ORT Bowling League on the SPARES AND STRIKES program Wednesday evening April 4 at 7:05 p.m., 970 on the dial.

The league membership is 42 and is in its second year. To become a member you must belong to Women's American ORT. The league meets every Wednesday at 1 at Four Seasons Bowling Lanes.

Mrs. Gene Lewis, luncheon chairman, has planned an awards luncheon to be held at the Arch on May 23.

Other officers are Mrs. Ivan Crouch, President, Mrs. Sidney Garner, Sec'y., Mrs. David Hecht, Sec'y., and Mrs. Max Fruchter, Treasurer.

Weekly reports of the progress of the leagues' members will be given on the radio program in conjunction with choosing the most popular non-professional male and female bowler and proprietor. Further details may be obtained by listening to the program.

Anyone interested in joining the bowling league next year, may do so by contacting Judy Crouch at MU 2-9133.

## 250 Enjoy Fourth Annual Mtsde. Communion Sunday

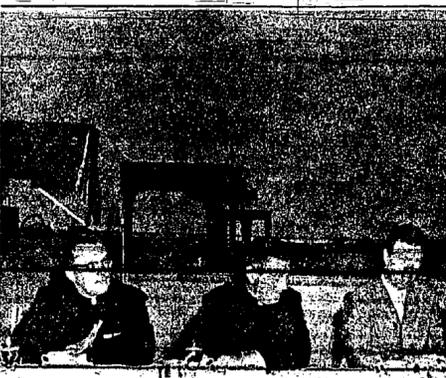

Two-hundred and fifty fathers and sons of Our Lady of Lourdes Church, Mountaineer, participated in the Fourth Annual Communion Sunday sponsored by the Holy Name Society. Featured speakers at the breakfast were: Father Edward Swierzbinski, Chaplain of Holy Name Hospital, Teaneck, and Gil McDougald, former great of the New York Yankees. Father Edward presented an enlightening spiritual message to the group. He was formerly at St. James Church, Springfield, and was the first spiritual moderator of the Holy Name Society of what was then, Our Lady of Lourdes Mission Church.

Gil McDougald's was very well received, especially by the youngsters present. After relating some of his experiences as a Yankee, McDougald invited questions from the audience.

The group received holy communion at the nine o'clock mass. This was followed by breakfast in the Parish Auditorium. Also receiving communion at the nine o'clock mass was the Westfield Council of the Knight of Columbus, who selected Our Lady of Lourdes for their annual communion Sunday.

Charles DeAngelis served as chairman of the communion breakfast committee. James Dwyer, president of Holy Name Society served as toastmaster. Accordion music was provided by Len Zazik.

The program will, as always, follow the National Y.M.C.A. Aquatic Program charts.

SCOUT SPEAKS—Left to right, Father Edward Swierzbinski, Father Francis McDermitt, Gil McDougald, Kenneth Kakei and Father Gerard McGarry sit and talk during 4th annual Communion Breakfast at Our Lady of Lourdes Church in Mountaineer. McDougald autographed programs for young admirers and gave an interesting talk on baseball as part of the ceremonies. The affair was sponsored by the Holy Name Society.

## JUDO CLUB FOR WOMEN

Sponsored by the Berkeley Heights Recreation Commission if enough interest is indicated. Please call Mr. Hedrick, Recreation Superintendent, CR 3-0922, and advise him of your interest at once. Details are available.

## Registration For Swim Classes

The spring series of swimming classes for boys and girls will register at the Fanwood-Scotch Plains Y.M.C.A. on Tuesday, April 10th at 9 a.m. It was announced today by physical director Edward B. Chen. The ten weeks series will begin on Saturday, April 21st.

Boys and girls ages 7 to 11 years of age are eligible for the course which will be supervised by Mr. Robert Duncan. Pupils will be taken from the 'Y' building in Scotch Plains to the Plainfield Y.M.C.A. pool by chartered bus.

The program will, as always, follow the National Y.M.C.A. Aquatic Program charts.

## Hospital To Benefit From McAuliffe Golf Tournament

The Muhlenberg Hospital Building Fund has been selected to receive all revenue from the J.E. McAuliffe Memorial Professional Women's Golf Tournament which will be played at the Plainfield Country Club, June 21-24.

Designation of the Plainfield hospital as the recipient of the

tournament proceeds was announced today by Carl S. Menger, president of the Triangle Conduit and Cable Company, New Brunswick, N.J., which will sponsor the \$9,000 tournament. Twenty-seven of the foremost golfers in the world will compete in the 72-hole golf classic.

The choice was hailed by Benjamin E. Tepper, president of the hospital's board of governors, as "a wonderful act of charity in behalf of our institution."

## Colantone Clinches Tie

Colantone Shoes clinched at least a tie for first place as they won two games from Carol Stamp in Springfield Sports League bowling action.

Sams-Amoco moved into third spot—winning two games—from Milton's Liquors. Conte's Deli dropped to fourth place by losing two to last place Bond Electronics.

P.B.A. took two from V.F.W., who still maintained their grip on second place.

The standings:

|                  | W      | L      |
|------------------|--------|--------|
| Colantone's Shoe | 59     | 31     |
| V.F.W.           | 50     | 40     |
| Sam's Amoco      | 45 1/2 | 41 1/2 |
| Conte's Deli     | 45     | 45     |
| Milton Liquor    | 44     | 46     |
| Carol Stamp      | 43     | 47     |
| P.B.A.           | 37     | 50     |
| Bond Elect.      | 33 1/2 | 56 1/2 |

## Sapling & Sorority Field Filling Fast

Underlining the prestige of Monmouth Park's \$100,000 Sapling and Sorority for 2-year-olds, owners of 1961 divisional champions have nominated heavily for the 1962 runnings of these complementary features, which have a second-payment deadline of \$50 due on April 16.

The Bohemia Stable of Mrs. Richard C. duPont, which raced last season's Horse of the Year, Kelso, has nominated seven colts to the Sapling and three fillies to the Sorority.

Other prominent owners with colts and fillies eligible to Monmouth's rich juvenile events include the Crimmon King Farm of Peter Salmen Sr. (owners of Crimmon Satan, 1961 2-year-old champion), the Meadow Stud of Christopher T. Cheney (owner of Cicada, 2-year-old filly champion), the Dorchester Farm Stable of Mr. and Mrs. Jack Price (owners of Carry Back, the 3-year-old champion), the Brookmeade Farm of the late Isabel Dodge Sloane (owner of Bowl of Flowers, champion 3-year-old filly) and Hugh A. Grant (owner of Attrams Guide, champion handicap mare).

The Sorority, for 2-year-old fillies, is to be renewed July 23. The Sapling, for 2-year-olds, will be run on August 4. More than 1,800 colts and fillies are presently eligible to the two races.

The Team in its second year will have a number of veteran lettermen returning from last year's squad including several state Y.M.C.A. age group record holders. Veterans will include Craig DeMuth, Mark Ramage, Warren Haug, Mark Comerford, Mark Farrell, John Ackerson, Jeffrey Rich, Thomas Hallsten, Hank Siegel, Terry Gass, Stephen Larson, Greg Sebert, Thomas Smith, Donald Anderson and Gary Ristau.

Events—boys will participate in include high jump, broad jump, running dash, relays, softball throw and shot putt.

OBSERVING—Dayton Regional Track Coach Bob Lummer looks over track situation as season approaches. Outlook seems questionable with few veterans returning. (Gary Falkin)

YMCA Needs Help

Our scouts tell us the Barnyard and Balshay circus at the YMCA was a smashing success. All performances played to near-full houses and a tidy profit was realized for the "Y's" building program. This is good news.

As-encouraging as this sound, unfortunately the "Y" is a long way off from reaching its goal. It needs much more than a circus to help it get off the ground. If other groups could follow the good example set by the youngsters in the successful circus, perhaps the "Y" could put a dent into its imposing goal.

It would be wonderful if each one of the many organizations in Scotch Plains and Fanwood could set aside one project a year and donate the funds derived to the "Y". Then this worthwhile project could really get off the ground. Our civic organizations would not only be serving the YMCA: They would be serving the entire community, because the "Y" certainly is an important part of any community.

ST. LOUIS (UPI)—Restaurant About 41 per cent of Finland's window sign: "Gone on vacation—3 million people live on small islands last Thursday night. She watched Paar's finale backstage at the Meadowbrook Dinner Theatre after completing another outstanding performance in "Wonderful Town".

### Dody Watches Paar From Meadowbrook

Dody Goodman was among the Jack Paar fans who were genuinely sorry to see the late night TV personality leave the airwaves last Thursday night. She watched Paar's finale backstage at the Meadowbrook Dinner Theatre after completing another outstanding performance in "Wonderful Town".

Dody owes much to Paar and Jack probably owes considerable to Miss Goodman's natural comedy talent which is applauded nightly at the Cedar Grove show palace. However, Paar wasn't the actual "discoverer" of Dody Goodman.

True, in August, 1957 an appearance on the Paar show brought thousands of Goodman fan letters to NBC, but Dody had been tramping in high circles for years before that big night. Columbus-born, Dody really gives out when she sings "Ohio" in Leonard Bernstein's "Wonderful Town". She won't admit it, but in the Meadowbrook show she and Jayme Myroie sing remorsefully of ever having left that state. In real life, leaving Ohio was Dody's first step up the ladder of success.

in an extra scene just for her. Having a flare for comedy, Miss Goodman was convinced, by her dear friend Imogene Coca, to put aside her ballerina shoes for comedy as a career. Small parts on TV shows starring Milton Berle, Sid Caesar, and Martha Raye, a part in "Shoestring Revue of 1957" and the Jack Paar "Tonight" appearance made her.

### Loew's Offering British Mystery

"VICTIM" which opens Wednesday April 4th at Loew's Theatre Newark is a tightly forged crime melodrama in the best British tradition. The script by Janet Green and John Mc Cormick who earned their crime diploma with "Sapphire" is proof again of their outstanding capabilities.

### Mill's 'Fiorello' Almost Original

When "Fiorello", the musical based on the life of New York's Mayor Fiorello H. La Guardia, opens at the Paper Mill Playhouse on Tuesday, April 24, it will be practically a dead ringer for the original production.

When Howard DaSilva, who is directing the current production, and who himself appeared in "Fiorello" in New York, began casting the show, he insisted that he would see only performers who had played it either in New York or in the National Company.

His first success was Tom Bosley who created the role of "Fiorello" in the award winning show. DaSilva's second bit of luck, and smart casting, was to sign Patricia Wilson, who played the role of Marie. Miss Wilson has had considerable background both in musicals and in supper clubs and has appeared on such top TV shows as the Arlene Francis and Gary Moore shows and with Arthur Godfrey and Robert Q. Lewis. Other members of the original companies are Paul Lipson, Ginny Perlowin, Barbara Sharma, and H.F. Green. Doyle Newberry is a newcomer to the show in the role of Neil. Eighty per cent of the singers and dancers in the show also played in the original production.

### 'Fiorello' Benefit

Tom Bosley, famed Broadway Musical Comedy star, will recreate the title role of New York's colorful Mayor La Guardia in this year's Cerebral Palsy Rehabilitation Institute's benefit show "Fiorello," presented Wednesday evening, May 9, at the Paper Mill Playhouse in Millburn. Mr. Bosley comes direct to the Paper Mill from the Broadway Theatre in New York, where "Fiorello" recently completed a highly successful engagement. The show won Broadway's coveted triple crown: The Pulitzer Prize, the New York Critic's Award, and the Antoinette Perry Award. As the season's opener for the local theatre, "Fiorello" promises an evening of lively entertainment. Sponsored by the Millburn-Short Hills Junior Chamber of Commerce, tickets to the benefit may be obtained by calling either DR 9-5383 or DR 9-3290. All proceeds go to the Cerebral Palsy Rehabilitation Institute, located at the Hospital Center in Orange.

### In Summit Glee Club

There is a real treat in store for music lovers on Wednesday evening, April 11, when the University of Michigan proudly presents its Men's Glee Club in a concert at Summit High School Auditorium. The concert is sponsored by the University of Michigan Club of Suburban New Jersey, and the proceeds will go to the Michigan Alumni Fund for scholarship aid to New Jersey students at the U. of M. This year more than 300 young people from New Jersey are attending the University at Ann Arbor, and many of these have qualified for scholarship assistance.

### Ship-A-Box

Mrs. Milton Kestenbaum and Mrs. Stephen Barbe, co-chairmen of the Watching Section, National Council of Jewish Women's Ship-A-Box program, urge all members and non-members, merchants and shopkeepers to support Ship-A-Box for the benefit of the homeless, maladjusted and physically handicapped children of Israel.

### Open House

The "Single Protestants Club of Essex County" will hold a Spring "Open House" social dance on Friday, April 6, at 9:30 p.m. in St. Stephen's Episcopal Church, Main and Church Sts., Millburn. Single persons in the 21 to 36 age-range are invited.
