

Good News For The D.P.'s

Those Rt. 78 Letters Are Now In Mails

The State Highway Department has started the mailing of letters to property owners in Springfield whose land and building are in the direct path of the new federal highway No. 78.

The Highway Department officials, at a meeting held in the Municipal Building on Friday evening, March 23, stated that these letters announcing the coming of the negotiators, would start on their way to Springfield soon after April 1.

A random check by telephone to several of the homes in the direct path of the highway last week disclosed the information to the Sun inquirer that no letters, had up to that moment, been received.

The Springfield Sun then contacted the Highway Department offices in Trenton seeking information on whether or not the right of way negotiations had been postponed.

The details in each piece of property is being worked out by the engineering division of the Highway department and letters to the property owners would be mailed as each exact measurement is completed.

The Highway Department has issued a pamphlet on the methods used in acquiring the necessary property stating that "the department's policy makes certain that all transactions be eminently fair—and as convenient to the property owner as is possible.

The investigators also search county records and check recent bona fide land sales in the neighborhood in order to establish a basis for appraisal of each property's worth.

Several weeks before property owners are approached by Highway Department negotiators, the Department sends trained investigators into the field. They check each home and parcel of land—that will be involved.

New Plan -- Need Help!!

Dear Readers:

We of the Watching Weeklies consider ourselves an imaginative group. While readers sometime disagree with our style, or interpretation of the news, the fact remains that a week does not go by without a "meeting of the Board" to discuss new methods, slants, and ideas, all in the hope of making this paper more interesting to you.

It is our belief that a weekly, suburban paper should be more than a sounding board of organizational publicity and dry reports of township meetings.

While we realize the importance of these services to the community, we also think we see a need for a more "homey" approach to covering the news through a great many pictures and feature stories which ordinarily would not find their way into the daily papers, because of space problems, but which might prove interesting all the same.

However, we need your help. While we have the facilities for processing the news, our editorial staff is certainly not large enough to dig up all the possibilities for stories available in our area.

We are ready to tackle anything from hobbies to twins; from trophies to triplets. We are also willing to take pictures of same.

If you feel that you have a story that might be of interest to your neighbors, contact Dick Schwartz, Editor, at DRexel 9-5000 any day during the week. He will set up the interview and make arrangements for pictures, naturally, at no cost.

We would like to become not just a "newspaper", but an "interesting newspaper"; not merely a sounding board, but a lively reflection of suburban life. We need your help.

Yours for a better paper,
The Editors

UNICO Selects Mrs. Doherty For Annual Award For 1962

The Springfield Chapter of Unico has selected Mrs. Theresa Doherty to receive the annual award of the organization at the sixth annual "I Am An American" Dinner and Dance to be held at the Chanticleer Sunday, May 6.

MRS. THERESA DOHERTY

Mrs. Doherty is presently a math teacher at the Regional High School. She has been very active in Springfield recreation programs, swimming groups and pre-teen dancing in Springfield. She has been president of the Springfield Girl Scout Council and was also the recipient of the Rotary-Youth Award for 1961.

Tickets for the May 6 affair may be obtained from James Pancani and Fred Puorro or any member of Unico. For further information telephone DRexel 9-4377 or DRexel 6-4712.

Kozub Named As Acting Engineer

Walter Kozub, 35, of 30 Henshaw Avenue has begun his duties as acting township engineer. Assistant engineer for the township for seven years, Mr. Kozub replaces Alfred H. Swenson of 316 St. Georges Place, Westfield, who just retired after serving as township engineer more than eight years.

WALTER KOZUB
Township Engineer

A resident of Springfield for five years, Acting Township Engineer Kozub was graduated from the Newark College of Engineering with a B.S. degree in civil engineering.

He was born in Irvington and is also a graduate of Irvington High School, class of 1944.

He is a veteran of World War 2 and served in the Army Air Force from 1945 to 1947. He attained the rank of corporal and was stationed with the ground force in Germany.

Mr. Kozub is married to the former Doris Thoma of Maplewood. They have two daughters, Linda, seven and Karen, three.

Last Call For Dog Licenses

The Springfield Board of Health issues a final warning to owners of dogs that licenses must be obtained within the next week or summonses will be issued.

"This is the final call," said the Board of Health official, "and we will immediately take steps to enforce the law if the dog licenses aren't applied for within the next few days."

Cop Fund Goes Over \$7,000.00

Announcement was made Tuesday by Saul Freeman, chairman of the Joe Roessner Fund; that more than \$7,000, has already been received for the benefit of family of the Springfield policeman who was killed while chasing a speeder in Meisel Avenue.

Contributions are still being accepted and the fund should be increased with another scrappaper collection for the family's benefit, the Springfield Post of the American Legion announces.

Another Scrap Drive To Help Roessner Fund

There was a mixup in dates for the scrap paper collection in Springfield for the benefit of the Joe Roessner Fund and the Continental Post No. 228, American Legion, announces another date "to help the family of the Township policeman who was killed while chasing a speeder in Meisel Avenue."

The announcement by the Springfield Legionnaires states that the Township Post feels that the receipts from the April Scrap Drive did not truly reflect the true efforts of saving paper by the townspeople and are, therefore, going to give the people another chance to help the "Joe Roessner Fund" by donating the receipts of either the April or May Scrap Drive, whichever is larger.

Mrs. Roessner will, therefore, receive the proceeds of the April drive and if the people in town cooperate and make May a heavy month, she will receive another check for the excess of May over April.

"So please help Mrs. Roessner by putting out your paper and cardboard on Sunday May 7th, at 10:00 a.m."

Mrs. Keane Is Winner In 7th

Thanks, Says Mrs. Keane

Mrs. Rayna H. Keane, who ran as an independent in Tuesday's primary for Democratic County Committeewoman, defeating the organization supported Mrs. Norma Levine by a vote of 55 to 49, issued the following statement:

"I have been a Democrat and shall continue to be a Democrat despite the opposition of the present leadership in Springfield.

"I want to thank all those who supported me in Tuesday's election and shall continue to give all my efforts toward a stronger Democratic party in Springfield.

"Tuesday's victory in my district should serve as some warning against dividing the Democratic strength in Springfield and I am anxious to help unify our forces and go on to victory in the general election."

Salaries Raised By School Board

Springfield Board of Education, Tuesday night, in Caldwell School, adopted a maintenance and custodian salary guide for 1962-63 calling for a \$100 across-the-board salary increase. The new salary range will be from \$3,900 to \$4,900 for custodians and from \$4,400 to \$5,400 for maintenance men.

A \$250 salary boost for William Wagner, superintendent of buildings and grounds, and a \$200 salary increase for his assistant, Williston French, was authorized.

The 1962-63 salaries for the secretary and secretarial help in the board offices were also approved.

A recommendation of Superintendent of Schools Benjamin Newswanger to enlarge an enrichment program being conducted in the lower grade schools in the area of science so that it will also embrace mathematics and social studies was approved by the board.

Mr. Newswanger explained that an experiment this year in which Stewart Mulvihill, Gaudineer science teacher, visited the lower grade buildings has proven so successful that he would like to have the program expanded to include the other subjects. The teachers could also be used as subject matter consultants, he said.

It was explained that the program could be accomplished with the addition of a teacher to the Gaudineer faculty, who would serve as a substitute taking the place of Gaudineer teachers during their visits to the other school buildings. Board approval was given for this procedure.

In connection with the establishment of a new mathematics program in September for seventh graders, the board approved.

That Photo To Left Was Morris Avenue--as it looked in 1897

The interesting photograph (to the left) was taken by the late Edwin D. Pannel and is printed here through the courtesy of the Springfield Public Library.

It shows Morris Avenue, looking west from a point opposite Main Street, January 1st, 1897. The first building on the right was a store; just beyond it the wall of the bridge over Van Winkle Brook; then the house occupied some time earlier by Dr. Nicholas Jobs, followed by Dr. Jackson, and later by Dr. Stites.

The small building at the left of the street was used by the Springfield Recreation Club; George Merwin had a butcher shop in it before he moved across the street, and when the school in Academy Green burned in 1901, it was used for emergency school purposes, along with several other locations.

Tuesday's primary election in Springfield was just another day of the week as far as the voters were concerned since there was no real contest in the Township.

The only result in the election which may have some influence on the future Democratic organization in Springfield was the victory of Rayna H. Keane over Norma Levine for Municipal County Committeewoman in the Seventh District.

Mrs. Keane was returned the winner with 52 votes cast for her Tuesday, plus three absentee ballots, for a total of 55 against 49 for Mrs. Levine.

What effect this victory for Mrs. Keane may have on the present make-up of the Springfield Democratic party will be determined by the future action of the local County Committee.

Mrs. Keane who had held the position as county committeewoman in the Seventh District for a great many years was refused the support of the leaders of the present Democratic organization in Tuesday's primaries, and she ran as an independent, opposing the local leadership.

There was considerable activity in that district throughout the entire day, with neighbors and longtime friends of Mrs. Keane opposing the organization workers who were sent into that district to carry out the attempted "purge" instructions.

Congresswoman Florence P. Dwyer Republican candidate for reelection in the 6th, again carried off her title as the best voter getter in Springfield by running high Tuesday with a total of 680.

Assemblyman Nelson F. Stammer who is seeking the Union County seat polled a total of 482 votes in the Township, defeating her primary opponent, Mrs. Irene T. Griffin who received 117 votes in Springfield.

Union County Freeholder Director Jay A. Stammer led the three incumbent Freeholders, seeking reelection, with a surprising total of 513. Mrs. Mary Kanane was close with 482 and Raymond Moore followed with 468.

Mayer Philip Del Vecchio and Dean Widmer, the Republican candidates for Springfield Township Committee, received 562 and 576 votes, respectively. Lacking any primary contest except in the Seventh District where Mrs. Keane defeated the organization candidate, Mrs. Norma Levine, the Democratic voters responded Tuesday with a high of 277 for both Mrs. Lillian Walsh Egolf, the Democratic candidate for Congress who will oppose Cong. Dwyer; and H. Roy Wheeler, the Democratic candidate for State Senator who will oppose Assemblyman Stammer in the general election.

Howard S. Smith, Democratic candidate for Township Committee, received a total of 275 while his running mate, Louis F. Cantameli was given 262 votes.

The load of hay in front of the small barn at the rear probably belonged to Aaron Garner (the first colored resident of Springfield), who worked on Dr. Jobs' farm (later owned by Claude Baker) and took care of his horses. The larger barn was Deacon William Smith's, and the top of his white house shows above the Recreation building.

At the turn in Morris Avenue, in the middle distance, may be seen the sheds of the Springfield Hotel, across the street; above them, the top of the Wilcox house in Keeler Street.

Baltusrol

(Continued from page 1)

Londonberry Way, Summit, is located in Mountside and Springfield with 19 homes planned for Mountside and 35 homes for Springfield.

The preliminary plan has been approved by Mountside Planning Board and Borough Council. Action on the application has been held in abeyance by Springfield township officials many months to thoroughly explore the drainage problem in connection with the proposal.

Representatives of the developer and Baltusrol Golf Club have had numerous conferences during the past year on the water problem and it was finally concluded that the basin would be built on the Sherman property. Representatives of the Golf Club have been especially interested in the drainage inasmuch as additional water might affect the topography of the course which is considered in the golfing world to be one of the best courses on the eastern coast of the United States.

In making his recommendation for the approval of the subdivision plat, Committeeman Arthur Falkin suggested that the basin be constructed at the developer's expense on Baltusrol Golf Club property if the land can be made available before approval is given to the final subdivision plat. Plans presently call for the construction of the basin on Sherman property.

Committeeman Falkin's recommendation will make it necessary for representatives of the golf club to give the proposal additional consideration. Mr. Jehlen indicated, he did not know how the suggestion will be received, the manager said, but explained that the club is always desirous of cooperating in every way possible with the township officials.

Prime factor would be whether the club looks favorably on the establishment of the retention basin on its property. If this proposal is looked upon favorably then it was felt that the details such as maintenance and other matters could be negotiated between township officials, the developer, and Baltusrol representatives. It was pointed out, Committeeman Falkin recommended that the basin be established on the upper course between the fifth green and the sixth tee at the confluence of

two streams presently located there.

The preliminary subdivision plat had been recommended to Springfield Township Committee by the Planning Board by a majority vote. Township Committeeman Falkin and Robert Hardgrove and Mayor Philip Del Vecchio voted for the proposal and Committeemen Russel Sibole and Vincent J. Bonadies voted against it. The application had been before the Township Committee since November.

enths and eighth grades, which will be continued into high school, all teachers of mathematics and science as well as the principal and assistant principal in Gaudineer School and teachers from other regional districts are meeting twice a week for 26 weeks at Gaudineer School, it was reported.

During the latter part of May or early June, an invitation will be extended to parents of the children involved to attend a meeting devoted entirely to the presentation of the new mathematics program. The meeting will be conducted by Robert Oldenott, mathematics teacher at Gaudineer.

Authorization was given to the administration to hold an all-day workshop May 11, when the "Introduction to Co-Basal reading program" and the "summary of our self-evaluation study" will be the subjects. Professor Josephine Wolfe of Rutgers University will be the guest consultant. School will be closed in conjunction with the program and all teachers are required to attend.

Announcement was made of the annual kindergarten roundups to be held as follows: May 3, Caldwell School; May 10, Chisholm School; May 17, Walton School; and May 24, Sandmeier School.

Teacher contracts were awarded to the following new teachers: Richard Garber of River Edge at \$5,100, who will teach art; Miss Janet Stemmler of Jersey City, at \$4,900, presently a practice teacher at Gaudineer, who will teach physical education; Miss Adrienne Pollack of Kentworth at \$5,300, who is an elementary teacher.

Mrs. John Schoch was engaged as a part-time nurse effective May 1st. Mrs. Janet Crann was engaged as a clerk in Walton School effective April 16 and

Mrs. May Jensen, a part-time employee, was designated as a full-time clerical employee. The resignations of two teachers, Mrs. Constance Bizlewicz and Mrs. Joanne Anderson, were accepted and a maternity leave of absence effective July 1 was granted Mrs. Joan Sundstrom. Mr. Wagner was authorized to attend a training program for building service supervisors.

Over 225 In Cancer Crusade

Approximately 225 Springfield Cancer Crusade volunteers are ringing door bells in town and preliminary returns indicate a successful citizen response.

Mrs. Lee L. Andrews, Jr., Springfield Cancer Crusade Chairman, pointed out that a contribution to the 1962 Cancer Fund will make possible help to diagnostic clinics in general hospitals, serve cancer patients with dressings, pay nursing visits to patients, pay for drugs and medication, serve patients with loan closet items, provide transportation for patients, provide nursing home care, home maker and practical-nurse service.

Citizens who wish to contribute and have not been contacted may send their contribution care of Mrs. Lee L. Andrews, Jr., 450 Meigs Ave., Springfield.

National President Of Teen Dems Tells Springfield Members 'How'

David Christman of New Brunswick, National President of the Teen Democratic Clubs, and Merwin Gallanter of Cranford, President of the Union County Teen Democratic Clubs, addressed a recent meeting of the newly organized Springfield Teen Democratic Club.

Mr. Christman, who will spend a week this month serving on the staff of the Democratic National Committee in Washington, D.C., emphasized the many important contributions a Teen Club can make to the Democratic Party.

Mr. Gallanter discussed the many activities such as registration drives, educational projects, and literature distribution in which the various teen clubs in our county have participated.

Final plans were announced for the Teen Democratic Club's Spring Dance to be held Friday evening, May 4 at The Chisholm School.

Music will be by the Velvetones, stars of the Twist-a-thon. Special entertainment will be

Movie Theater Here Is Nearing Board Approval

Application for a movie theater in Echo Plaza, Springfield, was referred to the Planning Board by the members of the Board of Adjustment after a public hearing on the matter held Tuesday night.

While no decision was made by the Board of Adjustment after Tuesday's public hearing, there was no real opposition to the establishment of a motion picture theater in that shopping center area and eventual approval is indicated after the Planning Board has had an opportunity to look into the application.

According to information made public at Tuesday night's meeting, part of the present shopping center buildings will be used for the proposed movie theater which will provide for a 600 seat house.

The application calls for a permit to raise the height of the present structure to make room for the projection equipment and operator and make other necessary changes in the structure of the building.

Brown and Brown, Union County real estate operators, are the applicants in the theater matter and the reports are that "there will be first run pictures on the program, coming to Springfield shortly after Broadway showings."

NEW HOURS FOR BARBERS

The Master Barbers Association of Springfield announced this week that effective May 1, all shops in town will open at 8:30 a.m. and close at 6 p.m.

Association officials point out that the need for the change in hours was voted necessary since most barbers in Springfield live out of town and commuting hours had to be taken into consideration.

Name Blackman As President Of Democratic Club

Springfield Democrats held their April meeting last Monday night at the Springfield Steak house on Route #22, and elected their officers for the coming year.

The President is Alex Blackman of Briar Hills Circle; Vice-President is Harold Hammon of Twin Oaks Oval; Treasurer is Earl Lawit of Essex Road; and Secretary is Arthur Kesselhaut of Mohawk Drive.

Township Committeeman Vincent Bonadies reported on recent Township Committee meetings, and discussed the 1962 budget, the swimming pool, the Good Humor license, and the town's insurance coverage.

Your Library In Springfield

This week brings again the great religious festivals of both Jews and Christians. The Easter season and the Passover coming so close together emphasize the historic association of both religions.

Among the many new books secured during the past month by the Free Public Library of Springfield are several which have a special significance for these religious seasons.

"Ancient Israel: Its Life and Institutions" by Roland de Vaux pictures the society and institutions of the Holy Land. It is based on a rigorous study of both the Old Testament and archaeological research; but its emphasis is social, and should interest many people who like to know how our ancestors lived. Another delightful book based on the Old Testament is the study of the Psalms entitled "The Psalms for the Common Reader" by Mary Ellen Chase. This discusses the composition of the Psalms, how some are traditional and others written to commemorate special events.

Miss Chase explains how she feels the Psalms should be read, and includes a short account of the history of Israel and a list of recommended books for further reading.

"Basic Jewish Beliefs" is the question-and-answer type of book. In the authors, Louis and Rebecca Barish, not only give a lucid exposition of the fundamental concepts of Judaism but provide the reader with a new approach "to basic morality and religion that invests life with purpose and meaning". Therefore this should be of interest to all religious people and act as a bridge by explaining the beliefs of one to the other. Leslie Paul retells the life of Jesus in "Son of Man". This book is based on the four Gospels, but accepts additions from other sources, such as the Dead Sea Scrolls, which supply new insights into life in those days.

Another new book by Robert Aron is "Jesus of Nazareth: the Hidden Years". In this book the author has tried to supply some insight into the probable education of Jesus. The Gospels tell almost nothing about His life between His birth and the days when He began preaching. This author has studied the society of Biblical times and tried to imagine how Jesus was educated. These and many other books will be found in the exhibit area of the library and should provide the library borrowers in Springfield with serious and inspiring, but also pleasant and entertaining reading for the religious holidays.

Ask Your Reddy Kilowatt Dealer to Show You the EXTRA VALUES in a Flameless Electric Range

during the Spring Electric Range Festival MARCH 19-APRIL 28

Electric ranges come in varying sizes and styles to fit every family need and pocketbook. Whether you are interested in a single oven, double oven or modern built-in oven in the wall, see your Reddy Kilowatt Dealer. He is especially anxious to sing the praises of his beautiful new flameless electric ranges during the big Spring Festival, March 19th to April 28th.

Then choose the model you want and start cooking 8 ways better. Meats shrink less, cakes won't fall and vegetables retain their nourishing goodness. You'll be sure of "cook book" results time after time — meals will look better and taste better, too!

1. Modern flameless, electric cooking prepares better tasting, more attractive meals with greater ease.
2. Automatic controls are easily set for exact cooking results. Simply put in the food, then forget it.
3. Cool — practically all the heat is concentrated on cooking utensils and retained in the oven.
4. Economical — the average for family of four is only \$2.00 per month — less meat shrinkage saves dollars too.
5. Controlled surface cooking, baking, broiling and roasting insures best results every time.
6. Clean — flameless electric cooking creates no fuel-gas-to-tou-up-the-range utensils and kitchen.
7. Fast — surface units and broilers are as fast as heat itself but without flame. Ovens attain desired temperatures almost at setting of controls.
8. Flameless — no flame or fumes to worry about, no burners to get out of adjustment.

Three Win Five Prizes At Newark Science Fair

Three Springfield students from Jonathan Dayton Regional High School won five prizes in the Ninth Annual Greater Newark Science Fair sponsored April 13-14 at Newark College of Engineering.

The first-place gold medal in biological sciences was presented to Anthony J. Verlangieri, 16, of 136 Meisel Ave., an 11th grader. His exhibit was called "The Influence of Inorganic Salt Ions on Heart Action." His sponsoring teachers were Messrs. Harkness and Hohn.

The Air Force Certificate in Aerospace Power and the 4th Annual Youth Conference on Atoms Award was received by Bernard J. Brien, 16, of 12 Cayuga Ct., a 10th grader. His display, sponsored by Mr. Scott, featured experimental rockers of his own design. The Atoms Award will provide the young scientist with an all-expense-paid trip to the conference Nov. 8-11 in Chicago. The Theobald Smith Society Plaque, given by the society which is a branch of the American Society of Bacteriologists, was won by Roberta J. Finney, 17, of 207 Milltown Rd. She is a 12th grader who created an exhibit entitled "Algae into Space," sponsored by Mr. Hohn. The plaque is given for achievement in the biological sciences. Miss Finney's additional prize was the Air Force Certificate in Aerospace Medicine.

The two top winners were Stephen G. Waxman, 16 years old, of 51 Conforti Ave., West Orange, and Larned G. Meacham, 18, of 31 Overhill Rd., Summit. The title of the exhibit by Waxman, an 11th grade student at West

Orange Mountain H.S., was "Skin Homographs in Rats." Meacham, a 12th grader at New Providence H.S., called his experiment "Wind Tunnel." Both winners will be sent with a chaperon to the national-international science fair, May 2-5, in Seattle, Wash., where they will compete with contestants from over 200 U.S. regional and overseas fairs. A total of 240 students from 53 public, private and parochial high schools in Essex, Morris, Union and Passaic Counties entered this year's fair. Their exhibits, which numbered 210, were listed under the categories of eighth and ninth grade science, biological sciences, physical sciences, mathematics, group projects, and chemistry.

An estimated crowd of 2,000 persons viewed the displays from 10 a.m. to 5 p.m. Sat., April 14. Judging was conducted Friday afternoon by a panel of 21 educators and scientists. They awarded first- and second-place gold medals and honorable mention awards in each category.

WINNER—Anthony Verlangieri and his exhibit "Inorganic Salt Ions."

Union County Fair Committee Set Up

Jay A. Stemmer, Director of the Union County Board of Freeholders, today announced appointment of a preliminary committee to explore the possibility of establishing a series of Annual Union County Fairs.

Freeholder Raymond Moore of Hillside had suggested a County Fair at the last meeting of the Board of Freeholders. He said 17 of the Counties in the State have such events and he felt

Union County should sponsor its own Fair.

Stemmer said that his preliminary committee, comprising representatives of the Freeholders, Chambers of Commerce, Labor and public will be enlarged to include business, industry and civic leaders if the study determines that a County Fair is feasible and would help to stimulate business and industry.

Members of the Elizabeth Retail Merchants Association and others have enthusiastically received Freeholder Moore's suggestion.

Stemmer's Committee includes: Freeholders: Raymond Moore, Jay A. Stemmer, Thomas G. Dunn; Elizabeth Chamber of Commerce: Adrian Murray; Plainfield Chamber of Commerce: Harry Donhauser; Labor: James J. Rafferty - A.F.L.-C.I.O. Council.

Country Home Gets Certificate

Children's Country Home has just received from the American Hospital Association its 25-year Membership Certificate.

The welcome reminder of a long and pleasant relationship comes at a significant moment. For this rehabilitation hospital for children, famous for its work with child patients handicapped by polio and by other afflictions, has only now expanded its out-patient service to adults, thus beginning a new phase in its history.

Adults who are referred by their physicians will be accepted for physical therapy of all types. The heated pools, Hubbard tank, whirlpool and other elaborate equipment will be at their service. Special instruction to improve function is available.

May Pilgrimage

The 41st Annual May Coronation Pilgrimage which will take place on May 6 at Rosary Shrine, Summit, will be characterized by a spirit of prayer, penance and reparation to the Sacred Heart of Jesus and the Immaculate Heart of Mary, Queen of the Most Holy Rosary.

The principle intention of the pilgrimage this year will be that of the Holy Father for the coming Ecumenical Council.

The Reverend John R. Carr, O.P., of St. Catherine of Siena Priory, New York City, will be the guest preacher.

Pilgrimage devotions will begin at 3:30 p.m. with the Rosary Procession led by a Dominican Father from the Priory of St. Antoninus, Newark. When the procession returns to the monastery, the Very Reverend J.J. McLarney, O.P., Chaplain, will read the Act of Consecration to the Immaculate Heart of Mary. Solemn Benediction will close the pilgrimage devotions.

SANE Schedules 'Walker' Rally

In line with Governor Hughes' Proclamation of April 16-22 as "Peace Week," the Watching Committee for a Sane Nuclear Policy will co-sponsor a rally to greet the peace walkers reaching Elizabeth from Raritan Arsenal on Thursday evening at the Friends Meeting House, Watchung Avenue, Plainfield. Dr. David Frost, Associate Professor at Rutgers, will be the featured speaker.

On Thursday, the March will start at the Raritan Arsenal in Edison at 10 a.m. and pass through Fords, Woodbridge, Colonia, Rahway, Linden and Roselle, ending in Elizabeth that evening. On Friday, the March will start in Elizabeth in front of the City Hall at 9:30 a.m. and continue through Hillside, Newark and Harrison, ending in Jersey City on Friday Night. Saturday will take the marchers through New York City to the United Nations.

Raritan Arsenal was chosen as the starting point to dramatize the need for the planned economic reconversion necessary to assure that workers will not become jobless when world disarmament makes defense industries unnecessary. Because no plans had been made to absorb its employees in other local industries, the arsenal was the center of a storm of controversy when the government disclosed plans to shut it down.

The Easter peace walks sparked by Britains famous Aldermaston March four years ago, will take place all over the world as well as throughout the United States. Their theme will be the banning of all nuclear tests by all nations, and complete world disarmament under United Nations inspection and control.

Any local residents who want further information or need transportation to the site of the March are asked to contact Sylvia Zisman, Dr 6-5629.

Room Up There NEW YORK (UPI) - While millions of automobiles crowd the country's streets and highways, there are only 40,000 aircraft in our skies on any given day, the magazine Flying estimates. Yet the airplanes around leading airports often become extremely congested.

Pops Popski (UPI) - The most reliable pacifier for a frightened child apparently is still a lollipop.

"The pharmacy at the Columbia-Presbyterian Medical Center in 1961 dispensed more than a quarter-million lollipops to child patients, according to John J. Rio, chief pharmacist, who said a lollipop is a sure psychological weapon for overcoming a child's fears.

"Candy is something familiar that a youngster recognizes and understands," Rio said. "It's almost amazing how fast tears stop for a lollipop."

OUTGOING PRINCIPAL HONORED: Dr. Randolph T. Jacobsen (center) who has been appointed Assistant Superintendent of Schools, receives gift from Mrs. Michael A. Passero, Jr. (left). Miss Ann Romano, assistant principal, is shown next to Dr. Jacobsen and Dr. Warren M. Davis, Superintendent of Schools, at extreme right.

Regional High Honors New PTA Head And Dr. Jacobsen

William C. Smith was installed as president of the Jonathan Dayton Regional High School PTA at a meeting last Thursday evening. Mrs. Carl Hoff, president of Union County Council of Parents and Teachers, was installing officer.

Other officers seated were Rupert H. Humer, first vice-president; William Hoffman, second vice-president; Mrs. Adolph Leikauskas, corresponding secretary; Mrs. Robert Eisele, recording secretary; and Meyer A. Biddelman, treasurer.

Dr. Randolph T. Jacobsen was honored for his six years as principal of the school and was presented a transistor radio by Mrs. Michael A. Passero, Jr., president.

Miss Ann Romano, assistant principal, expressed the happiness of the faculty at Dr. Jacobsen's promotion to assistant superintendent and said that although he will be missed, the faculty wishes him success.

Dr. Warren M. Davis Superintendent, paid tribute to the guest of honor as a leader in the state in secondary education, characterized by stability, reliability, and capability.

Dr. Jacobsen is chairman of the district council of principals, on the state high school athletic commission, a member of the executive commission of the secondary school principals' association, one of the chief organizers of the summer group of principals, on the executive committee of the New Jersey Schoolmasters' Club, of which he is program chairman, and one of the highest authorities in the state on evaluations of the Middle States Association.

In replying, Dr. Jacobsen attributed the success of his administration has had to the teamwork of the Board of Education, the superintendent, the assistant principal, the PTA, the secretarial, custodial, and cafeteria staffs, the faculty and students.

The cafeteria was decorated in PTA colors of blue and gold, and an ornamental cake was served in Dr. Jacobsen's honor. His wife received a white orchid corsage. There was a large attendance of parents, faculty, and clerical staff, including two past presidents, Mrs. Horace Libby and Mrs. Victor Massa.

Rabbi Reuben Levine of Temple Beth Ahm, gave the invocation, and Mrs. Eugene Finney led the Pledge of Allegiance. The organization voted a change in the by-laws recommended by Wayne Roy, procedure and by laws chairman.

The entertainment featured a "roaring twenties" theme, with "Lefty and His Four Dominos." A chorus of fathers and male teachers performed the Charleston.

Serving on the committee were Mrs. Vincent C. Broant, Mrs. Dominic D'Amore, Mrs. Leon Waldsman, Mrs. Seymour Wortzel, Mrs. Otto Granick, Mrs. R. Humer, Mrs. Samuel Klugman, Mrs. Ralph Jacobson, Mrs. Samuel Weinberg, Mrs. E. Finney, and Mrs. Henry C. Krupinski. Publicity Chairman, Mrs. F.B. Macmillan Jr.

NEW PRESIDENT INSTALLED: William C. Smith, seated left, receiving gavel from Mrs. Michael A. Passero, Jr. (standing extreme left) at installation of officers of the Jonathan Dayton Regional High School PTA. Others in photo, seated (left to right) Rupert H. Humer, First Vice President; William F. Hoffman, Second Vice President. Standing, next to Mrs. Passero, Mrs. Adolph Leikauskas, corresponding secretary; Meyer A. Biddelman, Treasurer; Mrs. Robert Eisele, Recording Secretary.

Springfield, for Baha'i youth and their friends.

in Tulsa, Oklahoma, Mr. Rutstein, a member of the Baha'i World Faith, obtained his B.A. degree at DePaul University. Youth of high school and college age are invited to attend this meeting. Refreshments will be served following discussion.

Garden Swim Club

A refurbished and renovated Spring Garden Country Club, located in Florham Park, the swim pool vacation resort for a great many families in this area, will be opened Wednesday, May 30.

Following that May 30 opening, the swim club will be open to members on week ends until Saturday, June 16, when the full Summer program will be started. Most of the regular Spring Garden members have already renewed their reservations for the coming season but Leo Pearl, general manager of the swim club, announces that there is still room for memberships available.

Spring Garden will have its usual program for the care of youngsters with scuba and skin

diving as an added feature and water ballet instruction for girls between the ages of 11-16. There will be no extra charge for this activity and will be open to all campers who possess the basic swimming skills. Barbara Kempel will be in charge of this swimming program. Spring Garden's service staff will also have the services of Carl Bensch as beautician, Elan Holzman who will serve in the capacity of camp nurse, Kay Welner who will be instructor in Arts and Crafts, Barbara Paszkow who will be in charge of music and dramatics for the Day Camp and Paul Jacobsen who will serve as Director of Arts and Crafts at the Day Camp.

WEEKLY EDITORIAL COMMENTARY

Peace Is For Everyone

A small but dedicated group of men and women in Berkeley Heights, Mountainside and Springfield, calling itself the Watchung Committee For A Sane Nuclear Policy, has been trying to arouse residents in this area to participate in the joint national effort for the "Turn Toward Peace" program.

To dramatize this objective name local residents are today wearing out their sturdiest walking shoes on the first leg of a three day march, the purpose of which is to demand that no nation anywhere test any further nuclear weapons, and that a world disarmament treaty be agreed upon at Geneva.

These three left early this morning in car pools to drive to the Raritan Arsenal in Edison, starting point of the 1962 Turn Toward Peace East March, where were joined by other peace-walkers from all points in New Jersey.

For the next three days they will cover over 35 miles on foot, thereby signifying "in an external and visible way their dedication to the belief that, with determination and patience, world governments can, and must, find an alternative to warfare as a solution to international squabbles."

"The organizations cooperating in today's action have joined together to call for a TURN TOWARD PEACE... because we must turn toward peace if humanity is to survive and thus find an alternative to suicide or surrender;

because as citizens of a democracy, we have the responsibility to explore these alternatives to destruction, have the courage openly to criticize our government when it is wrong, as well as to support it when it is right;

because we do not want to lose our freedom in the creation of our own garrison state any more than we want to lose it through the spread of communism; because our hearts are sick to know that billions of dollars are being wasted on arms by both Communism and the West while hundreds of millions of people have almost no food and clothing, no medical care, and no real homes."

Since this is a cause without two sides of the coin—everybody being for peace—we are wondering why this joint national peace effort doesn't have enough public appeal to attract the participation and leadership of the community's top citizens. We're certain every one's for peace but the "Turn Toward Peace" movement in this area should include the names of more of all-leading citizens.

ARMS RACE MUST BE STOPPED

"Disarmament may present risks even with full inspection and control. But the arms race is far more risky. We must find the courage to begin world disarmament now. The arms race must be stopped. The choice is not to be "dead or red." There is a third choice: world-wide disarmament.

"In a disarmed world we can have both freedom and security. We must act now before it is too late. Otherwise, fear, hatred, and suspicion may triumph, ending the history of our civilization in the wind and fire of nuclear war."

LET AMERICA LEAD THE WAY

"Our final goal is a world disarmed under law. This can be achieved only through honest negotiations among nations. But to help make that negotiation possible, to penetrate the curtain of fear and hatred, we urge our government to take steps to make disarmament more possible without waiting for Soviet agreement.

"We urge our nation to take the moral leadership in the family of nations. We want the kind of leadership which will challenge the Soviet Bloc to follow our leadership toward peace, and to join us in concrete actions for disarmament."

Letters

Editor, Berkeley Heights Beacon: The members of the Berkeley Heights Branch of the American Association of University Women wish to express their appreciation to Mr. Edwin Little for the fine service he rendered to our community as a member of the Board of Education.

Mr. Little was a truly devoted member who gave unsparringly of his time and attention, particularly in his outstanding efforts in the development of the Walkways program. Upon occasion, Mr. Little was not afraid to be an honest "Voice of Dissent." He made careful judgments and was willing to stand by them, contributing his strength of character to that of the Board.

It is such devotion as Mr. Little's which has built a fine school system in Berkeley Heights and we thank him.

Sincerely yours,
Patricia H. Mayell

Mary-Ann Discovers Readers As Far Away As State of Alaska

Mary Ann Rubin who joined The Springfield Sun some time ago as Mary Ann Pettinichio, is head of the Department for Weekly Changes in Subscribers' Names and Addresses. Which is better known in the front office as the newspaper's circulation Department.

At its most dramatic moment, the Circulation Department is unexciting, monotonous and drab but Mary Ann manages to conjure some sentiment out of checking the many trays of addressing stencils and record cards.

"I always wonder," says Mary Ann, "why this family in Alaska subscribes to The Springfield Sun."

"Why has Mrs. George Hoernig of Auburn, California, been getting our paper ever since 1952," wonders Mary Ann, holding up the record card showing regular annual subscription payments by Mrs. Hoernig.

Mary Ann has made her job a bit more interesting by noting that many of the subscribers to The Springfield Sun are scattered all over the nation.

"Some day," says Mary Ann, flipping through the paid-up subscription cards, "we ought to write these people in California and Alaska and ask them just what they would like to see in The Sun. I'm too busy right now, keeping my active files in order—but, one day, I'll send them a personal letter with greetings from The Sun and Springfield."

Pity The Poor Politician

We have sincere sympathy for the Scotch Plains township official who goes to meeting after meeting with a handful of people—if any at all—in attendance.

Then all of a sudden a controversial issue comes up and wham! people by the hundreds storm the meeting and glower at him as if he were playing the heavy in summer stock.

Where were the people of my town when I did all the good things, he asks himself? Where were they when I stayed up until 2 in the morning at a budget meeting and my wife threatened to put on the boxing gloves with me when I came home? Where were they when...?

But if he's wise, he'll cut himself off and be grateful for the crowd that came. At least he has an audience. Now, perhaps they are interested in a specific matter, but now he has a chance to show them what he does, how he acts in other matters as well as this one. Maybe some of them will come back—even when they don't have something personal at stake. Maybe they will get their friends to take an interest in municipal affairs.

You can't blame the people either. They may have had the idea that there was a minor "Iron Curtain" separating them from the mayor and his commissioners. Many people, unfortunately, have the wrong concept of "politics." They think it's a bad word and something they should stay away from.

Nothing could be further from the truth. From the so-called "politicians" we get our Presidents, our statesmen, our ambassadors, our national leaders, and our local leaders. Not all of them are good; not all of them are bad.

If more people were interested in politics, the chances are that more politicians would be good. They would have to be good to stay in office if the competition were keen.

So let's get out to more and more of the public meetings in your town—the municipal meeting, the planning board, the Board of Education, the Board of Health, the Board of Adjustment, the Library Board.

By Donald H. Shafarman

This article is the first in a series which will regularly appear in this newspaper dealing with investments and financial and estate planning. Periodically, Mr. Shafarman, who is President of Donan & Co., Inc., and a former practicing attorney, will issue a column to answering readers' questions. These may be sent to The Springfield Sun, Springfield, N.J.

With the payment of income taxes still fresh in the minds of most readers, it would seem appropriate to devote several articles to some of the more popular tax saving ideas. In this way, next April 15th may possibly be a little less painful.

For parents who expect to send their children to college at some future time, the need for setting aside money in advance is practically mandatory, and an increasing number of parents are doing this by means of investment programs in the hope of at least keeping pace with inflation and the rising cost of college education. The results of such a program can often be substantially improved by holding the securities under a custodianship arrangement.

When property is given to a minor under custodianship, the income is taxable to the minor subject to the usual exemptions, deductions and credits. Furthermore, the parents of the minor may still claim their own \$600 exemption for him regardless of

his income provided they actively support him and he is under 15 or a student. The result of this is that a minor could have more than \$700 dividend income annually free of income taxation. If the father is in a 30% tax bracket, for example, there would be an intra-family tax saving in excess of \$200.

When the child reaches age 21, securities held by the custodian, who is frequently the father, must be turned over to him. However, prior to that time, as when the minor enters college, the securities could be sold and the proceeds given outright to the child. Of course, as with everything there's another side to the coin. Thus, once the gift is made under custodianship, the gift is irrevocable. Also, if income from the securities is spent to discharge a legal responsibility for the support or maintenance of the minor, it is considered as taxable income to the person whose legal responsibility is discharged. As with all tax savings ideas, it is impor-

tant to receive competent advice with respect to the specific situation.

YMCA Boys To See Circus

A bus load of boys from the Scotch Plains-Fanwood YMCA will attend the circus at Madison Square Garden in New York on April 24, as part of the "Y's" Easter Week program, Duncan R. Smith, YMCA secretary announced today.

The youngsters will eat luncheon on the bus and arrive in New York in time to visit the show and the menagerie before the circus begins.

A special event to be included in the circus week program will be a hike to the Fanwood Recreation Park from the "Y" in Scotch Plains. This will take place April 27. Games will be played in the park and the boys will again eat their lunches out.

'Easter Hope'

By Lester P. Messerschmidt
Pastor, Holy Cross Lutheran Church, Springfield, N.J.

But now is Christ risen from the dead and become the first fruits of them that slept.

1 Corinthians 15:20
Last June some of us may have walked out into our strawberry bed and picked the first ripe berry. As we did this, we perhaps said to ourselves, "There will be more berries." Somehow a first fruit is promise of more fruit to come.

Alluding to a similar experience of his day, Paul once wrote, "But now is Christ. . . become the first fruits of them that slept." Down through the ages men have buried their dead in the bosom of the earth. It is still being done today. At each new grave the question arises, "Is this the end?" Some try to dispel all gloomy thoughts by reminding themselves that the mold and dust of graves may eventually become roses, dark and red. Some may simply rebel at the grim thoughts called up by graves of loved ones and say with a modern poet, "I'm not resigned."

Easter, however, gives us the answer to our questions about death. Christ has risen from the dead. By this act He became the FIRST fruits of them that sleep in graves, and just as FIRST fruit holds in it the promise of more to come, so Christ's rising from the dead holds in itself a promise. We, too, shall rise from the dead. Christ's resurrection is the guarantee of our own. With the saints of all ages Christians confess: "I believe in the resurrection of the body."

The Easter dawn breaking over the empty tomb of Christ is a symbol of the truth that the tragedy of the world, what Hardy called "the long drip of human tears" has by the grace of an undefeated God a happy ending.

BY DICK SCHWARTZ

Jonathan Dayton Regional High School basketball statistics for 1961-'62 were released this week by the school's Athletic Department.

While overall figures are rather bleak, there seems to be some room for hope in that this year's Varsity should contain at least nine veterans, two of them sophomores. In the scoring department, Junior Dave Banislawski led the pack with a total of 344 points over the 18 game campaign, plus a tournament effort against Cranford. Team Captain Jack Apgar is next in line with 235 points, followed by Ted Schuss with 202 tallies, Bill Kretzer with 154 markers, Dennis Francis with 76, Harold Bell with 11, and Don Jacoby with 5. Three juniors and a sophomore, Harold Bell, Bill Nelson, Ron Urquhart and Steve Berger each scored 2, but are expected to contribute a great deal more next season.

Of all these boys, only Schuss will be graduating in June. Apgar, Bell, Bonislawski, Francis, Jacoby, Nelson and Urquhart are juniors and have another year of hoop service to look forward to. Sophomores returning in '62 are Berger and Kretzer. In addition to these returnees, Coach John Swedish can look for still further strength from a JV club that posted a poor 2-16 record last season, but showed improvement near the end of the campaign.

The only winning effort turned in by any RHS hoop squad was a Freshman mark of 10-3. Much of this upcoming talent is directly related to the fine basketball training Springfield boys are receiving through the basketball program of the Springfield Recreation Commission under Ed Ruby.

After six years at the helm of the Bulldogs, Swedish's overall stands at 42 won and 75 lost. His best year was 1960 when the club posted a 14-8 record. In 1959 the hoopsters broke even at 10-10. Swedish's first year, 1957, was his worst. The squad showed a poor 1-16 effort for that campaign. This year's varsity basketball edition emerged with a 7-12, dropping a tournament bid to Cranford, 89-64. Highlights of the season were wins over New Providence (56-46), Rahway twice (58-45), (63-38), Plainfield (61-60), Scotch Plains (79-67), and Edison (81-55). Plainfield turned the tables in their second encounter with the Bulldogs eeking out a 45-44 victory. RHS closed out the regular season with Summit dropping a close one, 55-57.

Next season's schedule begins a week later, December 14, and closes before tournament time, February 19. As a new member of the Watching Conference the Bulldogs will face Conference foes; Clark, (2), Westfield, (2), Roselle, (2), Hillside, (2), Scotch Plains, (2), Cranford, (2), and Rahway.

The '62 opener will be against Clark at home, and the hoopsters will close against Summit, also at home.

If one swallows the fact that high school Varsity talent rises and falls with each graduating class then Regional is due for an upswing in the not-too-distant future. Fresh talent, and knowledge of past mistakes should turn the trick for the Bulldogs by the time the first jump ball is thrown up next December.

Fanwood Softballers Gather

The Old Men's Softball League of Fanwood recently held an organizational meeting at which the following officers were elected: President: Jerry Boryea, 166 Harold Ave; Vice President, Hank Piekarski, 116 Paterson Road; Treasurer, Kurt Uebele, 26 Shady Lane; Secretary, Jim Debes, 20 Rainier Road.

The League's season will open Monday, May 7th at the La Grande playground ballfield with Mayor E. Sidney Hulsizer tossing out the first ball.

This year the League will have a fourteen week schedule playing every evening. Eight teams will participate in the league.

Any Fanwood resident over twenty-one desiring to play in the League can register with Hank Piekarski at the Fanwood Texaco Station, South and Martine Avenues, Fanwood or by calling Jerry Boryea at 889-4634. Registration ends May 4, 1962.

Bowl League Gets Hotter

With only four weeks remaining for League play, the race for first place honors in the Springfield Municipal Bowling League waxed hotter with each passing week of action.

Both Springfield Bowl and Cuzolino Furs won two out of three this week to maintain the one game difference between the two teams.

Richard Schwert earned an A. B. C. emblem award by rolling triplicate games of 168.

High series were registered by: Robert Henshaw, 187-182-234, total 603; Anthony Wans, 187-246-167, total 600; John Helm-huch, 163-215-214, total 592; and Ben Colandrea, 190-197-205, total 592.

Miss Gere of Fanwood today resumed her reign as New Jersey's table tennis queen after two years of runner-up status. She captured her ninth title in 12 years Saturday by defeating Joan Zinke of Lincoln Park, 21-14, 21-13, in the finals at the Upsala College gym.

The tall, slender Fanwood woman, who also is trophy winner in sports car races, regained her state title with powerful forehand drives up close.

Miss Gere had been defeated in the 1960 and 1961 finals by Tybie Somers, former world women's champion who now lives in Long Island.

Formerly ranked No. 7 nationally in women's singles, Jean is bemoaning the fact that she won't be able to compete in the national championships later this month in New York. Due to an oversight, she missed the April 1 entry deadline.

So now the former Scotch Plains High School student will turn her attention to sports car trials at Old Bridge and Hightstown. She won several trophies last year with her sleek Austin-Healey.

Sell-Out Crowd 400 Dads, Sons, Attend Heights PAL Banquet

The enthusiasm shown by the more than 400 fathers and sons who attended the Berkeley Heights PAL banquet on Saturday, April 7th, was indeed heartening to PAL's officers and directors.

Mayor Thomas Williams, Police Chief Harold Curtis and Recreation Chairman "Pat" England should be congratulated for their words of advice to the boys and for their recognition of the problems faced by PAL in endeavoring to satisfy the eagerness of every boy in town to someday participate in PAL's athletic programs.

Mr. Kenneth Bothwell, our school superintendent advised the boys to apply the knowledge gained in school associations and guidance to their contacts in sports and finished his excellent talk with the observation that because the boys were suffed with chicken and ice cream that week-end homework should be forgiven. Response to this remark was so great that Mr. Bothwell had to protest that the offer held for just one time.

"BOB" HOOPER, PAL's principal speaker of the evening, who new is a member of the faculty of Arthur L. Johnson High School in Clark, related his experiences with the Athletics, Indians and other teams in the big leagues, his associations with "Connie" Mack and various other well known people of the sports world and the problems a pitcher faces when he plays against Joe DiMaggio, Ted Williams and other great players. Bob's remarks about the consideration given to boys who aspire to big league careers include their attentiveness to education, personal attitude and appearance, the ability to get along with others and their aptitude and ability to play good baseball as a member of the team.

Springfield B.B. Fund Drive Planned For 28th

The final preparations for the Springfield Junior Baseball League Fund Drive have been completed. On Saturday, April 23, forty teams of adults and players will canvass the town to collect donations from home owners. Business and professional offices will be contacted by letter.

Every boy in the 9 to 12 age group must participate in the Fund Drive if he wants to play ball. Boys are to report behind the Florence M. Gaudin Junior High School at 12 noon on Saturday, April 28 (rain or shine) at which time he will be assigned to an adult captain.

Adult captains have been notified to attend a meeting at the Recreation House on Thursday, April 19, 8 P.M., where final details will be completed.

This year two teams have been added to the minor league division of the 9-12 year old group. A total of sixteen teams will compete in this league. In the 13-15 Babe Ruth League there will be ten teams participating. Over 500 boys and 100 adults will be active this season.

In addition to the normal operating costs of baseballs, bats, catcher's and protective equipment, socks, caps and tee shirts and umpires, it was found absolutely necessary to purchase new uniforms for all major league teams. This additional expense makes the financial burden even greater for the season's play.

So when the young ballplayers ring your bell on April 28, be sure that you give him a generous donation in order that we may cover the costs of operating the league. This program is designed to build not only the body but character and discipline as well. Support the Baseball Drive.

Adult Tennis Schedule

Tennis instruction for adults is under consideration if residents indicate that they are interested in participating in such a program. Interested people should contact Mr. Hedrick, Recreation Superintendent, CR 3-0922 after 9:00 p.m. and sign up. The Recreation Commission will study the results and offer a program based on the interest on the community.

Snow Falls During Game Causing Sloppy Fielding

On Monday a Dayton Regional Varsity baseball team crushed previously undefeated Cranford, at Cranford Memorial Field, 9-2, behind the two-hit pitching of Bill Kretzer. The Bulldogs collected 11 hits, four going for extra bases, in a game that was played during scattered snow flurries.

Jack Apgar, who collected three hits during the contest, opened the game with a single, and soon came around to score, but in the bottom-half of the inning, Jack allowed a ground ball by the leadoff hitter to go through for an error. This opened the gate for two unearned runs, on no hits, off Kretzer.

The 2-1 score stood until the top of the fifth inning, when Springfield scored five runs to move ahead. A long double by Butch Bell was the most crucial hit of the attack, as two runs scored when the Cougar's right fielder, Dave Engel, dropped a fly ball that Denny Francis hit with the bases full.

In the seventh inning, Springfield collected its final three runs. Kretzer walked, and Tony Fevola hit a ground rule double over the short right field fence. Both runners scored on Francis' double, and Denny came home on a hard base hit by Danny Mascaro.

Place 2nd In Doubles

Alvin Noehenson and Nat Stokes, two Springfield boys who know their way around a table tennis table wound up second in the doubles division of the New Jersey State closed-table tennis tournament held last weekend at Upsala College.

The two were defeated in the final round by John Kilpatrick of Eatontown and Stan Mellus of Elizabeth.

In singles play Stokes was eliminated by in the quarterfinal round by Kilpatrick, 21-12, 21-13, 18-21. Noehenson dropped his quarterfinal singles matches to Harvey Gutman of Union, 21-15, 21-13, 21-13.

New Programs At Plains YMCA

The Fanwood-Scotch Plains YMCA is featuring two new programs for boys and one for girls, Duncan R. Smith, secretary of the YMCA, announced today.

A series of swimming classes is open to both boys and girls. The series will last for ten weeks, beginning April 21 and continue on subsequent Saturdays.

Boys and girls from 7 to 11 years old are eligible for the course, which will be supervised by Robert Duncan. Pupils will be taken to the Plainfield YMCA building by bus, leaving from the "Y" building in Scotch Plains.

The program will follow the National YMCA aquatic program charts with groups in beginners, minnows, fish, flying fish and shark classifications.

Mr. Smith said enrollment is limited because of the demand to take part in the program.

The "Y" is also offering a special class in beginning trampolines for fifth and sixth grade boys. The course is being held on Wednesday afternoons.

NEED UMPIRES—Men and young men are needed as umpires for the upcoming Baseball season in the Springfield Minor Youth League

If you are willing and able to donate a few evening hours a week, please contact BILL WOOD at DR 9-5335. Equipment and instruction will be provided. Players range in ages from 9-12.

Gerber Agins Diver Leads Tri-Staters

Seventeen-year-old Springfield Regional student Les Gerber added still another laurel to his many diving honors as he led the New Jersey AAU team to first place in the Tri-State diving championships Saturday at Princeton's Dillon Pool.

Gerber helped his mates chalk up 101 team points to 67 for Middle Atlantic and 45 for Metropolitan New York. Last year Middle Atlantic and Jersey tied for 1st place.

Les won the boys' 15-17-year-old division with a decisive edge over Fred Brown, another diver from Springfield, Gerber collected 243.9 points—second highest in the meet.

Other Union County winners were Mike Ward of Westfield and Rita Slackman of Berkeley Heights.

8 Girls Compete For Plains-Fanwood Little League Title

1. Frances Ward 2. Barbara Whittaker 3. Karen Lehr 4. Deborah Carr 5. Julia Gardella 6. Christine Bibby 7. Deborah Blake 8. Jeanne Endres

Pictured above are the fourth and fifth grade misses from local schools who have been chosen as contestants in the 1961 Fanwood-Scotch Plains "Miss Little League" competition. The selection of a final winner is in the hands of local residents. Interested persons may cast

their votes at numerous local "Polling places" where ballot boxes are available. The contest is being sponsored by the Scotch Plains-Fanwood Junior Chamber of Commerce. Through the cooperation of Bro Studios, photographers specializing in children's portraits, at

2395 Mountain Avenue, Scotch Plains, the composite photo of the eight girls is located along with coin containers at key points throughout the two communities. Anyone who wishes to lend a hand to the "Little League" can cast a vote by dropping a penny in his favorite candidate's bal-

lot box. The contest began this week and will continue until the day prior to the Little League parade scheduled for April 28. The new "Miss Little League" will preside over the annual parade which marks the opening of the local baseball season. Each contestant represents an

elementary school within the township or borough. Christine Bibby, daughter of Mr. and Mrs. William A. Bibby, 122 S. Glenwood Road, Fanwood, is from the Brunner School. Deborah Black, daughter of Mr. and Mrs. Harold Black, 25 Chetwood Terr., Fanwood attends Le-

Grande School. Deborah Carr, daughter of Mr. and Mrs. William Carr, 340 Hunter Ave., Fanwood represents School #1. Jeanne Endres, daughter of Mr. and Mrs. Theodore Endres, 327 Jerusalem Rd., Scotch Plains, is from St. Bartholomew's School.

Barbara Whittaker, daughter of Mr. and Mrs. James Whittaker, 2137 Jersey Ave., Scotch Plains, attends LeGrande School. Karen Lehr, daughter of Dr. and Mrs. Francis Lehr, represents Shackamoon School. Francis Ward, daughter of Mr. and Mrs. James F. Ward, 2408

Watching Terrace, is from Evergreen School. Julia Gardella, daughter of Mr. and Mrs. Anthony Gardella, 224 Second Street, Fanwood attends St. Bartholomew's School. Van Towle heads the Jaycee committee sponsoring the contest. He is being assisted by Frederick Chemidlin, Paul Anderson, Charles Redding and Bruce Hall.

Shutouts
MILWAUKEE (UPI)—Warren Spahn's next shutout will break his tie with Mordecai Brown for fourth place on the all-time National League shutout list. The Milwaukee Brave southpaw has pitched 55 scoreless games.

Here's good news for football fans of Governor Livingston Regional High School. The guest speaker at the second annual Varsity Lettermen's dinner sponsored by the Highlander-Booster Club, Inc., will be Tom Harp, head football coach at Cornell University. The dinner is scheduled for Tuesday, May 22, at the Mountinside Inn, Route 22, Mountinside, N.J. Varsity lettermen in football, soccer, basketball, wrestling and baseball will be honored at the affair.

A highlight of the dinner will be the presentation of the second annual Mike Suchena Memorial Award, a trophy established in memory of the late Mike Suchena, Governor Livingston's first director of athletics, by the Highlander Booster Club.

The trophy will be presented to an outstanding senior letterman. The first award went to Walter Rice, Russ Hunchar, soccer and baseball coach, who also is Governor Livingston's director of athletics, will serve as master of ceremonies.

Better make your reservations now as the seating capacity of the Mountinside Inn is limited. Reservations can be made through members of the Highlander Booster Club or by contacting Hunchar.

Tallamy Standout on Summit YMCA Swim Team

Berkeley Heights has a future swimming champion in young Doug Tallamy, son of Mr. and Mrs. William M. Tallamy of 323 Chaucer Drive. Swimming on a relay team, as well as in the breaststroke event, in the Central Atlantic YMCA swimming championships in the U.S. Naval Academy pool in Annapolis, Md., Doug helped the Summit YMCA's strong team finish second to their arch-rival, the Westfield YMCA.

The Berkeley Heights youngster swam the 25-yard breaststroke leg on Summit's 100-yard medley relay team for boys 10 years and under that placed second. Then Doug competed in the 25-yard breaststroke for boys 10 and under and placed fourth.

Doug had qualified for the Central Atlantic competition in the Northern Section YMCA Swimming championships at the Montclair YMCA last month. In that competition the young swimmer placed second in the 25-yard breaststroke event that drew 40 entries and swam the breaststroke leg on Summit's winning 100-yard medley relay team.

Rains May Be Boon to Highlander Baseball Fans

The damp, cold weather last week wrecked havoc with the efforts of Governor Livingston Regional High's baseball team to get into action but it may prove to be a blessing in disguise for fans of the Highlanders.

With the Summit game washed out after less than two frosty innings last Thursday, Coach Russ Hunchar is attempting to reschedule the game during the Easter vacation. This would permit a far greater number of Governor Livingston students to see their team in action. Hunchar also is hopeful of playing last week's postponed game with Scotch Plains during the Easter vacation.

Another possible treat for Highlander baseball fans is the effort of Hunchar to schedule at least one of the games with neighboring New Providence High School for a Saturday afternoon. The first meeting of the two rivals originally was scheduled for tomorrow afternoon but is being switched because of the observance of Good Friday. This is the game Hunchar is hopeful of rescheduling for a Saturday.

Judge Pizzi Appointed Law Day Chairman

Magistrate Frank A. Pizzi has been appointed Chairman of the Law Day, U.S.A., Committee of the Union County Bar Association of President Bryant W. Griffin.

Law Day, U.S.A., since 1958 has been proclaimed by Presidents Eisenhower and Kennedy to combat the Russian May Day in an endeavor to remind the American people that respect for law is indispensable to our Nation; that the American heritage of "individual freedom under law" points up the contrast between

OUTDOOR COOKING MADE EASY
By Joe Bates, Jr., Guest Columnist

Here's an idea (often used while ice-fishing) that comes in handy all year long. It's a "tin-can-stove" which can be made for nothing—and here's how it's done. Locate a large, clean tin can. Using a beer can opener, cut six equally spaced triangular holes around the bottom. Cut six more holes around the lower part of the rim, alternating with the holes in the bottom. Cut three more triangles fairly close together in one part of the top rim. Now merely invert this perforated tin can over a large (7 ounce) can of heated "Stern" and the stove is ready to give amazing warmth; ready to cook simple foods, or ready to heat a pot of water for a hot beverage. While ice-fishing last winter we used the tin stove to warm our shack and at the same time to heat about a quart of water with which to make some fragrant and energizing drinks of "Nestle's Ever-Ready" Cocoa. While drinking the cocoa we fried hot dogs and eggs in a small skillet to make hot sandwiches.

hot blue flame, and is entirely smokeless. The "Stern" folks put out a marvelously efficient little two-burner cookstove that weighs only about a pound, and costs less than two dollars. This handy little unit measures about 13 1/2 x 6 1/2, and is only half an inch thick when folded; standing four inches high when set up. This stove sets up or knocks down in seconds, and is so strong a man could stand on it. Being very compact and light, it's ideal to carry in a pack-sack, in a boat, or in the car.

With this stove sportsmen can heat beverages and cook food, both at the same time. Another idea is to lay a doubled sheet of heavy-duty aluminum foil over the top. This provides a clean surface on which to fry foods, such as hamburgers or "hot dogs." We take the little stove on fishing trips, and fry our fish on the stove in a boat, or beside the stream. The foil cooking surface can be bent upward around the edges, so fats and juices won't run off. When the food is cooked, foil and all can be lifted off, and the foil can be used as a plate. The stove burns as a warmer-upper, too—so it's excellent for use in duck, goose and crow blinds, deer hunting stands, or in ice-fishing shacks. Take it with you cooking a few "hot dogs" or "white dogs" for a snack before breakfast, or for a hot cup of coffee in camp or motel. When traveling, a steaming hot beverage tastes awfully good in the early morning, especially if we plan to drive a hundred miles or so before breakfast.

This idea proved so successful that everyone now has his own stove. While one is boiling water for a beverage, someone else is heating a can of pork and beans, and a third person is cooking a few "hot dogs" or "white dogs" for a snack before breakfast. While we're talking about getting something for nothing, or practically so, here's a little booklet that's for free. It's called "Hot Tips—For Outdoor Cooks," and its 36 pages are loaded with information valuable to everyone who cooks outdoors. To get your free copy, just mail a postcard to "Joe Bates, Jr., P. O. Box 2294, Gram Central Station, New York City 17, N. Y." Just say "Send Hot Tips," and the booklet will be sent you free of charge by return mail.

Want Fund Drive

Berkeley Heights PAL Group Seeking Construction Monies For Girl's Baseball Facilities

Berkeley Heights PAL is currently occupied with the organization of a capital fund drive to provide funds for construction of two baseball fields and facilities to encompass a program for the girls of Berkeley Heights. Civic, fraternal and business organizations will be approached in this appeal in order to allow PAL to further its aims and plans for the more than 500 boys engaged in baseball, more than 200 girls in basketball and to activate the too long delayed plans for girls participating in suitable programs. The lack of playing facilities within our town is not peculiar to Berkeley Heights alone. PAL has been asked if a neighboring town can be considered in the scheduling of use of the presently available fields. This, along with the knowledge that due to building construction at our high school a playing field is not available, points out the fact that PAL's drive for baseball field construction is an absolute necessity.

ation Commission has been able to find time in a busy schedule to return to PAL and coach a team. Welcome aboard Pat. Police Chief Curtis has extended the continuous assistance of the Police Department in his talk at the PAL banquet and Mayor Williams explained the historical and well known fact that the Battle of Waterloo was won on the playing fields of Eaton. PAL must approach the lack of fields with both eyes open and do something about the situation. PAL's capital fund drive in the business, industrial and civic area has been instituted for this very necessary purpose.

Proclamation

WHEREAS to live in peace is the most heartfelt desire of people the world over; and the Easter-Passover season with its message of hope renews this aspiration in every human breast; and WHEREAS President John F. Kennedy, speaking before the United Nations last year, reminded us that we "shall be remembered either as part of the generation that turned this planet into a flaming funeral pyre, or the generation that met its vow to save succeeding generations from the scourge of war." NOW THEREFORE, I, Philip Del Vecchio, Mayor of the Township of Springfield do hereby proclaim the week beginning April 16 and ending April 22, PEACE WEEK in the Township of Springfield, and urge all church, school and civic groups to observe this week with serious study of the problems of world disarmament, and with prayer for the leaders of all nations, so that unfettered by prejudice or blind self interest, they may arrive at a way to achieve peace, and freedom for all the peoples of the world. **Politics Buried
By Jazz Hobby**

WATERVILLE, Maine (UPI)—Two young attorneys who may be

far apart politically and themselves in close harmony when they move to the bandstand for a whack at their mutual hobby—Dixieland jazz.

National Committeeman Richard J. Dubord, 40-year-old candidate for the gubernatorial nomination, strictly for fun.

Marden plays the slide trombone and Dubord the clarinet. Both had played as amateurs in high school and college and they linked up with the four other musicians several years ago.

Word of the group's talent eventually reached the state house in Augusta and the next thing Marden and Dubord knew they were playing at the New England Governor's Conference last September at Kennebago Lake, Maine.

The combo's style was so appealing that all reserve dropped and the four Republican and two Democratic governors leaped from their chairs and ran to the strains of "When The Saints Go Marching In."

Route 78 Construction Work Stated For Fall

The first actual construction work on Route 78 in Union County will begin this fall in Springfield when bulldozers start cutting a broad swath through wooded areas there.

By 1963 clearing and grading and paving will be in full swing along the entire 16-mile alignment in the county—from Berkeley Heights through the Watching Reservation, Springfield, Union

and Hillside.

The 66 mile interstate highway when completed will stretch from Phillipsburg to Newark Airport, supplementing the existing Route 22. The Jugtown to Clinton section is already in use. Bulldozers now are clearing the Phillipsburg to Jugtown portion. The Clinton-to-Pluckemin-to-Berkeley Heights construction will proceed simultaneously with the

Union County portion. Only the stretch in Newark remains unscheduled to date.

It will be 1965, probably later, before a driver can enter the highway in Phillipsburg and get off at Newark Airport. But sections in between will be in use before then.

The highway will have four interchanges in Union County: One in Berkeley Heights at Dia-

mond Hill Road, two in Springfield at Hartshorne Park (where it will connect with the proposed Route 24) and at Springfield Avenue, (Seven Bridges Road) and one in Union at Burner Avenue.

Entering Union County from the West, the highway will span Plainfield Avenue, Berkeley Heights, north of the John E. Runnels Hospital, take 10 horses and form an interchange complex with

Diamond Hill Road, McMane Avenue and Glenside Avenue before entering the Watching Reservation north of the Seelye Picnic Grounds.

In Union County Park Commission property, the highway will cut a 300-foot swath through 280 acres of wooded reservation property parallel to and just north of Glenside Avenue leaving the park at Batusrol Road in

Springfield.

The road through the reservation will assume two levels, blending into the side of the Watching Mountains. Just before it reaches the Watching Riding Stables, it will cut south to span Glenside Avenue, probably isolating the stables. Because of the problem of transporting horses through a 300-foot tunnel, the Park Commission is consid-

ering relocating the stables.

At Batusrol Road, the highway will cut through the quarters of the Hendtelle Construction Materials Inc. and over Shunpike Road and the Rahway Valley Railroad tracks.

The Union County Park Commission's 19.5 acre Harshorn Park will become the site of the Route 24-78 interchange, which will be as wide as 600 feet.

Continuing east, the highway will bridge Morris Avenue at Salter Street and form an interchange where the present Spring-

field Avenue crosses the East branch of the Rahway River. Springfield Avenue will be re-routed around the interchange.

A highway department spokesman said work also will begin this fall in Springfield to Mendham section of Route 24 from the DL&W Railroad tracks east to the Rt. 28 interchange.

The federal government will pay 90 per cent of the cost of Route 78 and 50 per cent of Route 24 with the state paying the balance in both cases.

Named As Manager

Appointment of B. A. Certo as manager, Lubricants Sales, Gulf Oil Company, Eastern Division, was announced recently by E. D. Hillback, vice president, Lubricants Department.

Mr. Certo joined Catoil in 1948 as assistant supervisor of product production and quality control. His next assignment was that of a regional representative in the company's Chicago district. He was then appointed manager of the firm's New Orleans region, and prior to his most recent appointment, a sen-

a certificate in sales engineering upon completing a course at the Newark College of Engineering.

Weeks Use Of Car Offered To Contest Winner

For the price of an essay of 100 words or less on "What Traffic Safety Means To Me", some high school junior who has completed his school's driver education program and has ob-

tained his or her's driver's license, will win the opportunity of driving a 1962 Falcon for one full week free of charge. It was announced today by Econo-Car Rental System of Summit. Only students from the following schools will be eligible: Summit Chatham, Madison, New Providence, Berkeley Heights, Springfield, Westfield, Mountnside, Scotch Plains and North Plainfield.

Econo-Car, which rents new compact automobiles for \$5.99 per day, is sponsoring this contest in collaboration with Sam's

Friendly Amoco, Morris & Mel-sel Ave., Springfield; Reebe's Atlantic Service, Glen Rd. and Rt. 22, Mountnside; Mountain Ave. Esso, Mountain and Park Ave. Scotch Plains. In the hope of promoting a "safe driving" younger generation. Further details may be had by contacting any of the above places.

Socialite Actor HOLLYWOOD (UPI) — Michael du Pont, 23-year-old son of the Delaware chemical family, will play a principal role in "Hands of a Stranger," a suspense thriller.

Taking Care Of The Garden

By Ed Cardinal

The grass is nice and green at this time, but don't let it fool you. It needs fertilizer to promote a good root system and help develop rhizomes. Rhizomes are creeping stems located just below the soil surface, and enable the plant to invade new areas gradually and to heal old injuries. This is the thickening process that produces a solid turf. Bluegrasses respond to fertilizing at this time of the year, and a good fertilizer, preferably one containing a good percentage of organics or urea-form, will do your lawn a world of good.

QUESTION: I wish to keep my lawn nice without going "whole hog". What shall I do?

ANSWER: Rake out all dead grass, leaves and other debris. Lime should be applied as needed. (See paragraph below) and then fertilize. Bare spots should be scratched up and seeded. Water enough to keep the seed moist to speed germination. This is the minimum treatment recommended.

Q: How much lime should be applied in this vicinity?
A: Most soils are acid. Lime should be applied each year at the rate of 20 lbs. per thousand square feet. Heavier applications can be made if you wish to lime less often. Merion and other blue-grasses like well limed soil, so don't stint on lime. Have a soil test made if in doubt.

Q: My lawn was partially destroyed by chinch bugs last summer. Ugly patches of dead grass are all over. Can I seed over these spots?

A: If you do you are throwing away good money. This dead grass usually covers a half inch of thatch and seed will not root in it. It can be removed by tearing out with a strong rake or similar tool, or by using a Henderson Renovating machine available as a service by some garden centers. Another method is to rake out as much dead grass as possible and cover with a half inch of lawn dressing, (usually available by the bushel or by the yard) then apply the seed and rake lightly to cover the seed enough to maintain moisture. This method will require diligent care to prevent drying out when hot weather arrives.

Q: What about pre-emergent crab grass control?
A: I highly approve of these materials. However, make certain

you buy them from someone who knows about them, for you can hurt rescue grass with certain brands. Other types must not be used within 90 days of seeding, or the seed will be destroyed. Sorry I cannot mention brands in this column, but if you purchase your supplies from a legitimate garden center you can get the proper advice.

NOTE: Soil Test Clinic on Saturday, April 21st. Bring a soil sample to our Garden Center, 272 Milltown Road, Springfield, N.J.

Lutherans Plan Holy Wk. Services

Several special services have been planned for Holy Week and Easter at Holy Cross Lutheran Church, 639 Mountain Avenue, Springfield, Pastor Lester Messerschmidt has announced.

First of the special Holy Week services will be a Communion Service at 7:30 p.m. Thursday, April 19, commemorating the institution of the Sacrament of the Lord's Supper. The sermon that evening will be entitled: "The Holy Supper."

Good Friday, April 20, will be observed by the holding of two services. The first at 1:00 p.m. will consist of a series of brief meditations on "The Seven Words from the Cross," Children of the Sunday School will also sing.

Good Friday evening special choir music will be featured. The choir, under the direction of Mrs. Gordon Becker will sing "A Lamb Goes Uncomplaining Forth" and "Behold the Lamb of God." Pastor Messerschmidt's message that evening will be "The Three Crosses."

To accommodate all worshippers on Easter Sunday, April 22, two worship services will be held: the first at 8:00 a.m. and the second at 11:00 a.m. The message at both services will be "The Thrill of Easter." The Sunday School at 9:15 a.m. will view a color film entitled "Behold His Glory." Between

Sons Will Hold Nite

The Passaic Valley Chapter of Sons of American Revolution will hold their annual ladies night and election at Stauffers Restaurant in the Short Hills Mall in conjunction with the Church and Cannon, Short Hills, Beacon Fire, Loantaka and Watch Tower Chapters of DAR, on Wednesday, April 25 at 7:00 p.m. The guest speaker will be the noted author and historian Mr. North Calahan, whose topic will be "General Morgan."

The Passaic Valley Chapter includes the following communities: Berkeley Heights, Chatham, Livingston, Madison, Millburn, Murray Hill, New Providence, Short Hills, Springfield, Summit, Maplewood and Union.

Southern Baptists
 ATLANTA (UPI) — A total of 401,963 persons were baptized in the Southern Baptist faith in 1961, the denomination's Division of Evangelism reports.
 This would carry the denomination over the 10-million mark for the first time. The figure for 1960 was 9,731,591 members.

Participates In Helicopter Drill

Army Specialist Five Walter J. Cloud III, 22, whose wife, Joan, lives at 420 Jerusalem rd., Scotch Plains, recently participated in the most extensive tactical helicopter airlift have been conducted by the U.S. Army in Europe.

In the three-day airlift, more than 120 helicopters were employed to move 4th Division combat troops from Ingolstadt, Germany, to the Hohenfeld Training Area. The daily flights moved personnel, vehicles and equipment of the division's battle groups to a simulated combat area, where realistic maneuvers were conducted. The unique operation demonstrated the important role helicopters play in providing air mobility in today's modern Army.

A helicopter mechanic in the 18th Transportation Company in Ober Schlessheim, Germany, Specialist Cloud entered the Army in April 1958 and arrived overseas in June 1960.
