The Township Traffic Consultant, "Such studies in my opinion will strongly indicate that from the standpoint of zoning and traffic, serious impact will result on a fine residential area if we continue to pursue the Evergreen Lodge site."

"Hence, although a site may be technically sound as a proper site, the well being of those who reside in the area must remain a prime consideration."

"Therefore, I would seriously recommend to the governing body and the Pool Committee that the Jenco tract of 15 acres be given priority at this time."

"This site would impose no hardship on the residential character of the town as it is located north of the proposed Rt. 28 between it and the Millburn Township line and west of the Commonwealth Water Property. The serious objection of access can certainly be overcome through proper negotiation with the highway authorities."

The Jenco site might very well present a tremendous opportunity to finance the entire program through the unique method of lease-back to the municipality. This method imposing a minimum financial burden on the community."

who have an intense desire for this pool.

"His statement that his position last year as a candidate was to put this matter on the ballot for November 1961 and thereby prevent this 5 1/2 month delay is completely false."

"Mr. Del Vecchio is fully aware that the Municipal Pool Committee was appointed by me as Mayor during August 1961 after I had appointed to the Township Committee to authorize a Municipal Pool study."

"The preliminary report was

not submitted until after the elections of November 7, 1961 and Mr. Del Vecchio is well aware of this time table. Now Mr. Del Vecchio is also well aware of the fact that as late as November 2, 1961 it was he who promised a referendum if he were elected after January 1, 1962.

"This is not the time nor the issue to conduct or start a political campaign for the fall. The people of Springfield desired a pool and recreation area for 1962. Continued vacillation by those who were charged by the electorate to exert positive leadership and the continued concern by these individuals of so called 'political overtones' will continue to delay and deprive our community of a fine recreation program."

"Mr. Del Vecchio's assertion of political overtones can then only be a camouflage for the lack of a forthright and positive approach in which he has the obligation of exerting the leadership of the majority to bring this pool question to a successful conclusion."

"I urge Mayor Del Vecchio and my colleagues on the Township Committee to close ranks—let's give Springfield the finest facility they can manage," he concluded.

Mother Files Suit For Injured Son

A Superior Court suit for a Springfield youth, injured when a car overturned on a private farm road two years ago, has been filed by his mother.

Mrs. Mae Maudsley Bojczuk of Route 22, Springfield suing for her son, Marshall L. Maudsley, 19, named as defendants Barry Zeller and his parents, Mr. and Mrs. Clarence A. Zeller of 957 S. Springfield Ave., Springfield, and Mr. and Mrs. Paul F. Prince and Mr. and Mrs. Paul F. Prince, Jr. owners of a farm at 647 S. Springfield Ave., Springfield.

Mrs. Bojczuk charges, in her suit, that Barry Zeller was an unlicensed driver and was driving his father's car with his parent's permission when the accident occurred May 31, 1960.

Marshall L. Maudsley, a passenger in the Zeller car, was trapped beneath it when it overturned. Mrs. Bojczuk also charges that the farm road was in a hazardous condition and that the Prince's did not stop the Zeller youth or other minors from driving on it.

Meters Bring Very Few Shouts Of Joy

LONESOME PARKING METERS: Photo taken Monday at 3 P.M. showing Municipal Parking Lot No. 1 (in rear of Hershey Ice Cream Co.) with very little business at the parking meters. It was very difficult to find a space before the installation of meters. Now there's room for tennis games. (Photo/Dick Schwartz)

Municipal parking is - and has always been - a difficult problem to cure, and it cannot be done with mirrors, or pressure cookers.

Much of it is the result of trial and error, despite the careful studies of traffic and parking experts, and it's an old and easily recognized sound when "the howls and protests" begin to pour off of the Municipal meeting room walls.

Springfield recently placed parking meters in Public Lot No. 1, the very accessible area in the rear of the Hershey Ice Cream plant in Mountain Avenue.

Since the installation of the meters there have been no more than two or three cars parked during any week day. Before the parking meters were installed, there was hardly a vacant place to be had at any time during the week day.

Many of these all day parkers, according to information received, were residents of other communities who came to Springfield and used the Public Service and Somerset bus for transportation to their places of business.

It is a well known fact that Millburn, Short Hills and Summit residents have been driving to Springfield, parking their cars in the Township, and taking the Somerset bus to New York for either the theater or shopping.

This exhausted much of the parking space for Springfield shoppers and the parking meters were then installed in the Public Lot in the hopes that it would remedy the situation.

Complaints have been made by residents of Springfield who have also in the past, driven to parking lots near the bus lines for trips to New York and Newark.

"We are perfectly willing," said one resident whose business takes her to New York at least once each week for the

purpose of buying merchandise, "to pay for parking but there is room for only a quarter of that parking lot and this for only six hours. I need 7 or 8 hours."

"Why can't the Township of Springfield," this same lady suggested, "to give a tab to be attached to the license plate which would designate the car as belonging to a Springfield resident. There could be a nominal charge for each such license tab, but as is done in many communities, the Springfield resident could get some concession at the parking meter. Perhaps, 8 hours instead of the limit of 6."

Merchants, especially those in or near to the General Greene Shopping Center, are of the opinion that they have lost some business because the parking meters have driven away a lot of out of town bus travelers.

"Strangers," until we discovered they came from Summit, Madison and other nearby com-

munities," said one shopping center merchant, "would always stop in my place of business and make small purchases before getting on the bus to New York. Also - many of them would pick up many items on their way home."

The Parking Lot No. 1, now with fully installed parking meters, will be given a chance to prove whether or not the problem is on its way to solution.

"We want to help the Springfield man," said one township official, "and off street parking is planned for shoppers who want to buy from our merchants."

"However, there should not be a program penalizing the Springfield resident. Many have moved here knowing that there was bus transportation to his place of business. We should help him be happy with Springfield - and riding in to take the bus is important. Six dollars extra each month is a lot of money."

Rename Springfield Man As Methodist Church Leader

On Saturday, June 9, at the Layman's Session of the Newark Annual Conference of the Methodist Church, Joseph W. Gleitsmann of Springfield was re-elected for a second term as Southern District Lay Leader.

Meetings of the Newark Annual Conference were held at Drew University, Madison from June 6 to 10th.

Mr. Gleitsmann's responsibility is to work with the Lay Leaders and other laymen of the sixty-five churches in the Southern District helping to promote the program of the Conference, Board of Lay Activities.

This program is a cooperative effort of the clergy and laymen of the Methodist Church and encourages laymen to participate in such activities as Methodist Men's Clubs, Stewardship, Spiritual Life and Lay-Speaking. Bishop Lloyd C. Wickes of the

Story of Dr. Llull Proves He Earned Best Citizen Award

A man who modestly delivered on foot 150 newspapers to his customers for two additional days after he received his degree in medicine reveals the character of the 1962 recipient of the Springfield Lions Club's Citizen of the Year award - Dr. Gabriel J. Llull.

And to this day, friends and residents of Springfield, the township to which he has already given 27 years as a practitioner, readily testify that the doctor has always continued to find time to serve the needs of his fellow men.

As one Lions member pointed out: "This award is not given outright. It is considered an annual presentation, but it is not necessarily given every year. No one received it last year."

It was explained that no set standards or rules are followed in the selection, but the presentation is made to the person believed to have contributed the most to the welfare and benefit of the community.

Dr. Llull was honored by the Springfield club at a regular meeting May 25 in the Mountain-side Inn, when he was awarded a plaque. The presentation was made by Herb Kern, president of the Springfield Lions Club - present, Dean Widmer, headed the award committee.

Raymond Forbes, a past president of the club, who has known Dr. Llull many years, served as toastmaster, reviewing the physician's past accomplishments.

Stressing Dr. Llull's contributions to the community to the Springfield Sun this week, Mr. Forbes, now a resident of Hunterdon County who still has his business offices here, stated that the doctor is the senior physician of Springfield today with a longtime practice in the township. "He has done many things for so many people," Mr. Forbes said.

Mr. Forbes referred to the doctor's early struggle to become a physician - how he came to this country from Puerto Rico on a scholarship - originally the scholarship was for engineering but the then persistent youth, with his heart set on medicine, convinced the college authorities to change it. He worked his way through school, adding to his income by teaching Spanish and dancing at which he excelled in his earlier days, Mr. Forbes reported.

In more recent years when he himself was a township committeeman, Mr. Forbes recalled approaching some of the doctors for assistance in the distribution of the Salk vaccine.

Not all were enthusiastic at the time but without hesitation, Dr. Llull immediately came forward with his nurse to participate in the program, he said.

In addition Mr. Forbes said that he learned first-hand while a member of the Board of Trustees of Overlook Hospital, Summit of the high esteem in which the Springfield doctor was held by the doctors and nurses there.

Then, too, it was Dr. Llull who only this year arranged for the doctors' participation in the Red Cross blood bank conducted in the township.

Dr. Llull himself was too modest to tell the preceding story of sacrifice and devotion to duty, he was glad to oblige with other details of his life: One of five children, he was born 57 years ago to Puerto Rican farmers, who worked on a coffee plantation.

He was granted a scholarship to the University of Virginia at the age of 19 when he finished high school. Although the scholarship was for civil engineering, he explained he wanted to be a doctor and was permitted to pursue his chosen course of study for seven years.

The last four years at the university he studied on a Fellowship. In addition, he paid for his room by taking care of a furnace and waited on tables for his board. He also delivered 150 newspapers on foot every day before school started in the morning for seven years. At the time he came to the United States, he said that he knew no one in this country.

After internship at Christ Hospital, Jersey City, for two years, Dr. Llull set up a practice in Springfield, first at 271 Morris Avenue, for a year, and then at 266 Morris Avenue, where he has been the past 26 years.

A general practitioner, he has also been an associate surgeon at Overlook Hospital for 18 years. The first two years he practiced medicine here - he also resided in Springfield. The last 25 years he has lived in Summit with his present address 26 Locust Drive.

Dr. Llull also answered a call from the Middlesex County Medical Society for a doctor, who could speak Spanish, to assist in the care of many Puerto Rican and Spanish speaking patients in that area. Dr. Llull also has office hours in Perth Amboy Thursday and Saturday nights to serve these special patients.

Dr. Llull has been married for 26 years to his wife, Georgiana, and they have two sons, Gabriel J. Jr., 23, and Thomas Leonard, 20. Both are attending Leon Hall University, where Gabriel is completing his studies as a physical education teacher and Thomas is entering his last year of business administration.

Gabriel is planning to marry Miss Cathy Mulhern of Glen Ridge a Newark school teacher, June 23 and enter the Army August 1. Thomas is working in Wall Street, New York City, for the summer months.

The physician is a member of the Summit Medical Society and the Union County Medical Society. He had been a member of the Springfield Lions Club for about seven years until its meetings conflicted with his office hours.

Most of the doctor's spare moments are spent playing golf, his favorite pastime. He has belonged to the Overlook Hospital Golf Association for eight years and has been undefeated for the same length of time. He has also won the Union County Doctors' Golf Tournament three years out of the

last five years and the Springfield Mayor's Golf Tournament at Balustrad Golf Club a few years ago.

His usual golf score is reported to be 70 to 80 and as one friend put it, "he shuf in his office is just loaded with trophies."

Dr. Llull's parents were able to know before their death in Puerto Rico many years ago that their son's desire to be a doctor was fulfilled and also two of his brothers and sisters now live in New York City, his youngest brother, Rafael, is a teacher in his native land.

As the Springfield doctor looks in retrospect, he says he hopes his sons are enjoying their college days as much as he did and as for the immediate future, he is looking forward to hanging up the Lions Plaque on the wall in his office. It will accompany another plaque already there, about which Dr. Llull has little to say.

Speaking for itself, it reads: "In appreciation for personal services rendered the athletes, Servatory School, Summit, 1956-57."

"That's the full story - a man of few words and many deeds!"

Oregon U. Names Rudolph Downs Algebra Seminar

Rudolph Downs, 27, son of Mrs. Mabel R. Downs of Essex Road, Springfield, has been selected as a Fellow in the 1962 Summer Seminar in Algebra at the University of Oregon.

Mr. Downs left Monday (June 11) to pursue the course of study, which will be conducted in two concurrent series from June 13 to August 7.

The seminars will involve homological algebra and group representation theory. The institute is designed by the National Reserve Council and supported by the National Science Foundation.

Concert Under Stars Planned

A "Concert Under the Stars" will be presented at the Warinanco Park Stadium on Tuesday, June 19, beginning at 8:00 p.m.

Casimir V. Bork, supervisor of music for the Roselle School System and director of the Union County Orchestra and Band summer school, will conduct a 40-piece brass band in selections of both concert and popular music.

The "Concert Under the Stars" is sponsored by the Music Association of Elizabeth, Local #151, A.F.M., and The Union County Park Commission, and is made possible by a grant from the Music Performers Trust Funds of the Recording Industries.

The committee includes: Charles Young, Elizabeth, and William Cron, Cranford, co-chairmen of the Music Performers Trust Fund Committee; Raymond Brogan, president of the Music Association of Elizabeth, Local #151, A.F.M.; and George T. Cron, superintendent of recreation for The Union County Park Commission.

This will be the first concert of the 1962 season. Last season's concerts proved popular and attracted many people to the Stadium area of Warinanco Park to listen to the programs.

Local Antique Show Previews At Bank

The lobby of the Summit Trust Company will preview a part of a highlight of the Summit Antique Show, "Whitlock's Country Store," on display from June 11 through 20. Reminiscent of the turn-of-the-century general store, of particular interest are the display cases of curved glass sides, trimmed in German nickel-silver and mirror-backed to reflect the wonders of the penny candy era. "The Store" is the result of combined collections of James Palmer Whitlock (Whitlock's Country Store in Hillside, N.J.) and James Steinhilb (Jim Dandy's Emporium in Quakertown, N.J.).

The Summit Antiques Show, June 20, 21 and 22 from 1-11 P.M. at the Kent Place School in Summit, is sponsored by the Bryn Mawr Alumnae of Northern New Jersey for their scholarship fund; Mrs. Norman Landau of West Englewood is President of the Chapter and Mrs. Hugo M. We've got it! The amazing new MAGIC GRID* that gets MORE HEAT FROM LESS OIL!

Fuel savings in test homes range from 9% to as much as 44%!

Here's dramatic news... money saving news... about modern oil heat. An amazing new invention—the MAGIC GRID Heat Booster—is now available for home installation in this area. Fitted to your present burner... make your present furnace... the MAGIC GRID slows the fuel and air spray to produce a more compact, more efficient, and even hotter flame... works like magic to further improve the efficiency of oil heating... it's even more economical... add new quietness... and insure clean heat.

Each installation also includes a special system of ignition controls—developed for exclusive use with the MAGIC GRID Heat Booster.

BEFORE MAGIC GRID installation, the flame in many high-pressure oil furnaces looks like this. The flame is not concentrated. Combustion is apt to be incomplete, as some droplets of oil escape the broad flame pattern.

AFTER installing the MAGIC GRID and its special ignition controls, the flame pattern dramatically changes. It is solid and compact, more efficiently controlled. Fuel burns hotter, because it burns more completely.

Actual home tests prove savings up to 44%! Tested for an entire heating season in many typical homes, MAGIC GRID installations proved themselves in one of the coldest winters of recent years. Savings ranged from a low of 9% to a high of 44%. The average saving was 21.2%—in actual dollars, \$53.50!

Every homeowner in the test found that the MAGIC GRID made oil heat more economical than ever. Some even saved enough money—in just one heating season—to pay for complete installation of the MAGIC GRID and its control system.

Satisfaction guaranteed—or your money back. You don't risk a penny when you install the MAGIC GRID Heat Booster and its special controls system. We are so sure it will save you money on fuel bills that we will give you this pledge of satisfaction on any unit which we install and service.

If you're not completely satisfied after one year of operation, we will remove the MAGIC GRID and its controls, restore your equipment to its original condition, and refund your money in full. We must fill orders on a first-come, first-served basis. Be sure you are among the first—call us TODAY!

Buy your Sylvan pool now during Sylvan's summer sale days. Now, as during the past 15 years, Sylvan pools are the most proven, most popular, most reliable swimming pools available. And, in many instances, a steel-reinforced concrete Sylvan pool costs less than pools of far lesser quality. Sylvan quality includes our exclusive, virtually maintenance-free "Dial-Clear" filtration system. Bank financing is scheduled for your personal needs. Where quality, price and pride of ownership are considerations, a Sylvan pool is your best buy; and doubly so during our 15th Annual Summer Sale.

Gaudineer Classes Hear Summer Program

Mrs. Helen Keller visited the Florence Gaudineer School, where she spoke at an assembly of eight sixth-grade classes, last week in order to give a personal impetus to the Summer Reading Program sponsored by the Children's Department at the Springfield Public Library.

Rules and regulations for joining the club were outlined briefly, since most students are familiar with the activity, and the procedure is comparable to that of past years.

The exhibit, "Our Solar System," to be used this year, was displayed.

Pertinent comments and suggestions were made regarding written reports and emphasis placed on good reading.

This afforded an excellent opportunity to whet the appetites of an enthusiastic and attentive group, already library conscious and avid readers. This was done with a display of books highlighting the events of 1962.

Brief comments were made about the following books: "America's First Spaceman," by Jewel Shaus, "What Does an Astronaut Do?" by Robert Wells, "Getting to Know Thailand" by Margaret Ayer, "Equatorial Africa," by Glen Kitzler, "Getting to Know the Human Rights Commission," by Jim Broetveld, "Cleopatra of Egypt," by Leonora Hornblow, "The Key to Washington," by Upton Terrell, "John F. Kennedy and P.T. 109," and one just for fun, "The Mystery of the Buried Indian Mask," by Margaret Clark.

A few intelligent questions were answered and before many more arms were thrust into mid-

air, Mrs. Keller was "saved by the bell," with promises of seeing many eager faces during the summer months.

Alumnae Plan Antique Show

A three-day antiques show and sale will be presented on Wednesday, June 20th through Friday, June 22nd, by the Bryn Mawr Club of Northern New Jersey. Mrs. Joshua J. Ward Jr. of Chatham, General Chairman, announced that thirty three dealers from Maryland, Connecticut, New York City and State, Pennsylvania, Long Island and New Jersey will exhibit at the show to be held at the Kent Place School in Summit. She invites residents of Scotch Plains to join the throngs of New Jerseyites expected to attend. The Show will be open daily from 1 to 11 P.M. with light refreshments served from 2 to 4:30. Admission is 95¢ and all exhibits are for sale. Assisting with plans from this area are Mrs. Julian Alexander Jr. and Mrs. Carl Hoffman from Scotch Plains, and Mrs. Garland Boothe Jr. and Mrs. George Buchanan of Westfield.

An exciting highlight of the show is a "country store" featuring cookies, cheeses, candies and general items of long ago displayed in original nickel-plated cabinets of another era. Mrs. Norman J. Landau of Teaneck, President of the Club, announced that the Show is being held for the benefit of the Club's scholarship fund which each year assists a resident of Northern New Jersey.

Witnesses To Convene

Announcement of a three-day district convention of Jehovah's Witnesses was made last night to the Springfield congregation by its associate minister, John Neville. The convention, which includes the Metropolitan New York-New Jersey area, will be held in Roosevelt Stadium, Jersey City, July 20-22.

The stadium will be transformed into a giant place of worship for this Christian gathering, Mr. Neville stated. He further added that the convention is one of 58 to be held this summer in the United States and Canada. Some 20,000 are expected at the Jersey City convention.

The theme of the assembly will be "Courageous Ministers." "Living in a world filled with stress and tension, with fear-filling the minds of the majority, real courage is needed by the Christian to face issues squarely the program at this 'Courageous Ministers' convention will edify us spiritually and show how the application of Biblical principles in our daily lives will enable us to become more courageous!"

The event will be sponsored by the Watchtower Bible and Tract Society of New York. The program will feature speakers from the Brooklyn headquarters of Jehovah's Witnesses and ministers from local New Jersey congregations.

Scout Catches First Trout

Troop 70, Springfield, added another first to its laurels this weekend, this time of an entirely different nature. Convening at Lake Ministink Pa. with Troop 71 from Millford Pa. for a weekend of Aquatics, the Fish and Game warden was started when Drew Hope from Troop 70 threw in his line and came up with a 15 inch Rainbow Trout, an unknown species in this lake. The only explanation being the trout are getting in from an overflow of an adjacent lake, this being the first one caught.

Mr. and Mrs. Carl Schenck were the hosts for the weekend on their lakeside property, with swimming being the order of the day, the temperatures hovering in the 90's. Canoeing, sailing and rowing followed with plans being made to pass Aquatic badges by the boys in July.

Carl Schenck is a former science teacher with the Galdineer faculty and is a qualified swimming instructor with the A.R.C. and Y.M.C.A.

The Webelos of Pack 172 Springfield led by Mr. Gold and Mr. Horowitz were guests for the trip to get an insight on their future in scouting. Mr. MacMillan from Millford Pa. led Troop 71 Pa. and Messrs. Lawrence McGarrath, and Hope led Troop 70 Springfield.

Mr. and Mrs. William Smith, of 204 Morris Avenue, Springfield, announce the birth of a son, William David, on June 3 at Overlook Hospital in Summit. The new addition weighed in at eight pounds, seven ounces. The Smiths also have a daughter, Deborah Lynn. Mom is the former Marlene Lynn.

Former Bayonne residents Mr. and Mrs. Stanley A. Plytynski, of 182 Hillside Avenue, Springfield, held a dinner party on Sunday, June 10, in honor of their son, Stanley Paul, who was confirmed on the previous day at St. James Church. His sponsor was Mr. Edward Kaye of Bayonne. Guests at the dinner party were Stanley's godparents, Miss Karrier Kaye and Mr. Walter Plytynski, Mr. and Mrs. Joseph Hurley, Mr. and Mrs. Joseph Wozniak, and son, Walter Plytynski and children, Mrs. Edward Kaye and children, and Mr. and Mrs. William Lorczak.

Revelers Aid Eye Group

The Revelers, Union Theater group, recently completed a successful campaign in conjunction with "New Eyes For the Needy" of Short Hills. This organization collects old glasses, sorts them and sends them on to medical missionaries abroad. Sunglasses are also utilized, a recent shipment having been sent to a leper colony to protect their light sensitive eyes.

Mr. Michael Jordan of Newark, Reveler Vice President and Mrs. William Wirkus of Union headed the Reveler drive to collect glasses for the Short Hills group. Nearly one hundred pairs were obtained through efforts of Reveler members and friends. A similar drive will be held again next year.

Thoughtstirs

Subject for discussion at the next Summit YWCA Thoughtstirs meeting on Wednesday evening June 20 at 8:15, will be "Adopting a Baby." Speaker will be Mrs. David Carson of Murray Hill.

Greater for the occasion will be Mrs. Jared Reid of Gillette and hostesses are to be Mrs. Thomas Richards of Chatham and Mrs. George Szentirmai of Murray Hill.

New August - September chairman of the group, elected on June 6, is Mrs. Arthur Brown of Summit.

All young women to the age of 40 are cordially invited to come to any of these regular semi-monthly meetings held on the 1st and 3rd Wednesday of the month. Unusual discussions initiated and presented by members, following coffee and cake at 8:15. The Thoughtstirs are one of the year round activities of the YWCA and

include members from Summit and several surrounding communities. Call Mrs. Walter Stankovich at the YWCA (CR 3-4242) for further information.

Y Picnic For 16th

The Central Club of the Central Presbyterian Church with the Social Dance and Drop-In Groups of the Summit YWCA are the joint sponsors of a gala "summer kick-off" picnic and dance to be held Saturday, June 16, from 5 to 10 p.m. at the YWCA. The affair will be cancelled in case of rain. All single young adults between the ages of 18 and 40 are cordially invited. A minimal donation will be asked to cover costs.

Picknickers should bring their own food and utensils for cooking on the YWCA outdoor facilities which will be available for all.

A blanket to sit on and a radio perhaps maybe desirable. Provided will be beverages, ice cream, sports equipment such as badminton, croquet, and tennis courts for which players should bring own racquets and balls. A scavenger hunt and relay race are scheduled for the energetic.

Ping Pong and table games will be played later and the party will wind up with dancing to records.

Research Spending. WASHINGTON (UPI)—About \$80 billion was spent on all types of research and development in the United States in the decade between 1951-52 and 1961-62, according to the National Science Foundation.

The expenditure was approximately four times that of the previous decade and equivalent to the entire federal budget for 1961. The Science Foundation survey covered research and development spending by government, industry, colleges and universities and non-profit institutions.

WEEKLY EDITORIAL COMMENT

Right To Know

Gregory Hewlett, publisher and editor of the South Orange-Maplewood News-Record, and considered to be one of the best newspaper publishers in the State, appears to be having his own little differences with municipal boards and news sources.

We mention this fact because this newspaper is also now confronted with some resistance from Municipal Departments in making available decisions and other news of interest to the public.

Here is Publisher Hewlett's editorial in the June 7 issue of his newspaper under the heading - "Advice to S.O. Planners: . . . On Public Meetings Law:

The South Orange Planning Board had better clarify its procedures . . . and bone up on the state law regarding public meetings.

I make this suggestion following a couple of run-ins with the public with the past week and a couple of other indications that the Board may be taking official action at private sessions.

I've quoted from this 'right-to-know' statute before, but here it is again . . .

The Legislature finds and declares it to be the public policy of this State to insure the right of the citizens of this State to attend meetings of public bodies, with certain exceptions, for the protection of the public interest.

"Public body" and "body" means a commission, authority, board, council, committee and every other group of 2 or more persons organized under the law of this State to perform a public governmental function by official action. "Official action" means a determination made by vote.

The public shall be admitted to any meeting of a public body at which official action is taken.

Official action taken in violation of the requirements of this act shall be voidable in a proceeding in the Superior Court.

As I see it, any and all Planning Board recommendations fall within the category of "official action." It may be argued that some suggestions or proposals or recommendations are made without a vote and therefore are exempt from the law.

But that is hair-splitting; any suggestion or proposal or recommendation going from the Planners must have obtained agreement from at least a majority and the determining of that agreement, no matter how it's done, must be construed as a VOTE.

At times, this procedure may seem to slow down the machinery of government. But democratic government, let's always remember, is by and for the people. The people's right to know must never be abridged, not even a little bit.

School Is Out

That slightly harried look you notice of the faces of some of our young mothers in Scotch Plains and Fanwood today is just as much a barometer of things to come as a groundhog's shadow. That harrowed look means that school is out . . . for the children of St. Bartholomew's at least. Parents of our public and private school children will get a chance to grimace and fuss by the end of the month when all schools will be closed.

It's amazing how values change. It doesn't seem too many years ago that we too looked forward eagerly to June as the month jail terms ended; we sang "No more pencils . . . no more books" as loudly as the next one. But now as we look forward . . . with dubious enthusiasm . . . to a summer filled with peanut butter, jelly and big fights over such momentous decisions as who got the biggest piece of pie, and whose turn it is to do the dishes, we find ourselves advocating a 12-month school.

We are glad the summer is just about at the doorstep and we wish all our happy young people delightful vacations. But somehow, in some way, I hope they consider us parents just a wee bit on these dog days.

Welcome Wagon Letters

Wednesday, June 20th, is the date of the Fashion Show-Luncheon meeting of the Welcome Wagon Newcomers' Club at B. Altman's. The time of the luncheon is 12:00 and the summer fashions by B. Altman's will be modeled by members of the club.

The models will be: Mrs. Fred Jackson, Murray Hill; Mrs. Theodore J. Griener, New Providence; Mrs. E. M. Charet, Summit; Mrs. George S. Sunderland, Berkeley Heights; Mrs. Eric F. Burris, Berkeley Heights; and Mrs. Carl L. Miltz, Murray Hill. Another member of the club, Mrs. Peter Baab, Summit, will furnish the piano accompaniment for the show.

Mrs. Roy Borgfield of New Providence is Chairman of the Day. Assisting her in planning the summer decorations and bouquets will be Mrs. Wm. Reed, Summit; Mrs. Joseph Brennan, New Providence; Mrs. George Piper, New Providence; Mrs. W. F. Meister, Murray Hill; and Mrs. William La Londe, New Providence.

Newcomers are reminded of the change in day this month from the usual Tuesday luncheon to Wednesday. Reservations may be made by calling Mrs. William Boone at 277-6319 before Friday, June 15th.

Newcomers' College Club

An early summer party for college student newcomers in this area will be held on June 22nd at 6:00 p.m. at the Diamond Hill Community Church, Berkeley Heights. A social evening and dancing with punch and a buffet being served, is being planned as an opportunity for the college-age sons and daughters of members of the Newcomers' Club to get acquainted. College Newcomers are invited by the Club to make their reservations before 10:00 a.m., June 22nd, by calling either Mrs. C. L. Swayze at 273-0275 or Mrs. George Patterson at 277-0990.

Mrs. Swayze, Chairman of the College Group, is also inviting the Newcomer students to call her before noon of July 1st to make reservations for a tour of CIBA on July 3rd. The trip, from 1:00 to 3:30 p.m., will include lunch, the tour, and a film, and the number for this event is limited to 25. Mrs. Swayze's number, again, is 273-0275, for reservations or any further information about this group.

Werners To Attend Convention In Nice

Paul L. Werner of Club Dr., Murray Hill, seated Saturday in Atlantic City as governor of Lions District 16-E comprising 64 clubs, will fly with Mrs. Werner to represent the district at the 45th convention of Lions International at Nice, France, June 22-23. Werner, a past president of his club, a former deputy district governor, a Lions master key member, has 17 years per cent attendance. He also served the district as chairman of this year's charity ball and also for many years as its program chairman.

Representing the Berkeley Heights-New Providence Lions Club at the 43rd Lions Multiple District 16 convention, June 7-10, were retiring and incoming Presidents Jules Hoff and Kenneth A. Topps, also Jack Thomas, Vice Presidents Edward Walkowicz, Andrew Tullie, Secretary Joseph Lerner and Victor A. Johanson. Johanson and Adolph Gropper will represent the local club at the Lions International Convention in Nice.

Trinity Sunday

Trinity Sunday will be celebrated at Faith Evangelical Lutheran Church, 524 South Street, Murray Hill on Sunday, June 17. Services have been scheduled for the regular 8:30 a.m. and 11:00 a.m. hours. The Rev. Russell E. Swanson, pastor of the congregation, will preach at both services, using as his topic: "The Making of Prophets." The Senior Choir will sing: "To Thee, O Blessed Trinity."

Letters

The Right To Know Law

Editor, Sun: This is a copy of a letter being sent to the Mayor. Your reprinting it would be appreciated.

Mayor Del Vecchio; Thank you for the invitation to write you my views on the swimming pool idea.

I feel that a group of well intentioned people are remaining an idea down unwilling throats. It has been stated that Springfield is one of the most prosperous in per capita income in this area. Then we are not building a pool for underprivileged children. But for people who send their children to camps, go away for the summer, and belong to swim clubs, (of which there is a ample selection.) In other words, we don't need it. A municipal pool would be a political luxury.

Since you and I can't have everything we want wouldn't our town be better off to use its time energy and money for things that are of greater value in life. I realize that a hard-working group has produced many hundred names that are in favor of a pool. Isn't it just as likely that a equally hard working group could get just as many signatures against the idea.?? In your political experience you know that when a man says, let's do so and so, a bunch of people always join the chorus. On the surface a swimming pool sounds like a great idea, is it really?

One of the oldest salesman's tricks is the fatal alternative. The question of where to put the pool has aroused so much indignation discussion that many of my friends, and yours have not considered whether they want one. This issue then becomes a railroad job. In a small neighborhood community such as ours, I can't see how you can go blithely on in the belief that you are doing good, without explaining the pros AND THE CONS and giving EVERYONE a chance to vote. The delay this might cause is as nothing compared to the forcing of some people's will, whether good intentioned or not.

If a group of individuals wish to engage in the business of financing and building a public pool, then it is their business to follow the proper channels and do so. In that case it would be your responsibility and the proper departments of government to protect us against any unfair practices. Issuing permits that comply with the overall plan for a quiet lovely residential community, without impairment of privacy, or spoiling fine residential areas. You would never allow a individual or group of individuals to ram down there will. Yet you are unconsciously doing it.

In all fairness this must be brought to a referendum. All facts, location, costs, must be brought to the voters, and a intelligent unemotional decision reached.

Sincerely,
Len Kartzman

On Medicine

The AMA and other outspoken opponents of "Medicare", the bill for medical care for the aged through social security, are getting a little exasperating with their repetition of the showmorn arguments of "socialism" and "loss of self reliance", etc., without offering any specific objections or constructive counter proposals. I yield to no one in my distaste for state socialism but it is for this very reason that I feel that the Medicare plan is not only a vital necessity in itself but a bulwark against socialized medicine.

There are 17 million citizens in our nation who are 65 or over. Three fourths of these people are unemployed. The average income is under \$1,000 per year. 65% have assets under \$2,000, with 33% claiming no assets at all. At present the greatest single threat to these elderly people is prolonged illness - yet daily hospital costs have risen from \$9.36 to over \$92 in just fifteen years! The question is "Who is going to pay the bills?"

Under the Medicare plan each active worker would contribute, through social security, \$12.50 per year, with his employer paying a like amount. In time this would be enough to offer protection to all 17 million of our citizens over 65. Without social

security deductions, and let's not kid ourselves, the younger working members of the family and relatives would pay most of these bills and probably in one lump sum, the way it hurts.

As to the cry of socialism, let me point out that under Medicare the patient will be perfectly free to select the doctor of his choice and the doctor will be able to order all the care for his patient as he sees fit. As to the loss of self respect and self reliance, what could be more destructive of the self reliance of these older folks than to be sick and alone and broke? I think it's high time we approach this vital problem with a little less emotion and a little more reason.

Sincerely,

Robert C. Kadri

Money Matters

By Donald H. Shafarman

This article is one in a series which will regularly appear in this newspaper dealing with investments and financial and estate planning. Periodically, Mr. Shafarman, who is President of Donan & Co., Inc., and a former practicing attorney, will devote a column to answering readers' questions. These may be sent to The Springfield Sun, Springfield, N. J.

In recent years vast numbers of people bought stock for the first time. For many of these people the investment was made on a haphazard basis with very little forethought. As stock prices rose, additional purchases were made in the same casual manner. Now that the stock market has suffered a serious decline, many of these investors are hurt, bewildered and, unfortunately, financially strapped. It seems like an ideal time to review some procedures to follow for intelligent investing.

In the first place, before making any investment, recognize that wherever there is a possibility of profit, there is the corresponding possibility of loss. Therefore, before any investment is made, a person should have adequate emergency and reserve funds, as well as insurance program designed for his particular situation. If these prerequisites are covered, he can now consider investing.

At this point certain basic decisions must be made. The primary question is whether emphasis should be placed on high dividend income or, alternatively, growth. Remember that the company which pays out a large part of its earnings in the form of dividends will not usually grow as fast as the company which retains its earnings for investment in new equipment, research, etc. The secondary decision should be whether to invest for the long term or attempt to make pro-

fits by in and out trading. After determining your investment goal and the amount of funds available for investment, direct your attention to the selection of securities and don't forget the maxim not to put all your eggs in one basket. You should consider here whether the securities being studied have the maximum possibility of achieving your objective, and don't buy just because they are widely held or someone says "those are good stocks".

Once your investments are made, don't sit back and forget them. Periodically review them in light of your objectives and weed out those which no longer fit in your program. While you shouldn't be unduly alarmed by price drops, provided the investment was intelligently selected, keep in mind that yesterday's blue chip may be today's lemon, and don't develop sentimental attachment for a particular stock.

As a final word of warning, the foregoing procedures take time and study. In future articles we'll attempt to outline some of the specific factors to be considered in the selection of investments. However, if you don't have the time, temperament, and knowledge to invest wisely, or if you lack sufficient funds to diversify your investments, you should consider investing through mutual funds and let their professional managements do the job for you.

Where Stork Brings More Than Babies

(Release Thursday, May 22 or after)

CICOGNA, Italy (UPI) — The postmaster of this small town has a problem.

All the boys and girls who want baby brothers and sisters write to him because "Cicogna" means stork. The postmasters of towns named "Santa Claus" only have to worry at Christmas time; but letters to the stork pour in all year.

Appeals from all over Italy addressed to the stork land on the busy desk of Postmaster Pappasino.

"Bring me a baby brother," asked Elena from Rome.

"Bring one, not two like you did the last time," warned Roberto from Naples.

And the Postmaster spends most of his spare time answering the children's letters.

CY JAMES

Some two months ago a number of Union County schoolboy ninies were mentioned as prominent contenders for county, conference and state championships. Such schools as Cranford, Rahway, Union, New Providence, Plainfield and St. Mary's of Elizabeth were considered potential state titlists.

The Highlanders of Governor Livingston Regional High School were given a quick brushoff. Sure, the Highlanders had a fine hurler in Jerry Di Pasquale but whoever heard of a schoolboy team being a championship contender with only one pitcher? The experts, of course, completely overlooked the fact that the Highlanders also had a completely veteran infield and a top-notch catcher. A weak outfield and inadequate pitching were expected to doom the Highlanders.

Well things didn't work out quite the way the experts had figured for many weeks. Di Pasquale was a relatively ineffective pitcher, the outfield, particularly Frank Fish in center, proved to be far stronger than anticipated, and the forgotten infield played heads up ball.

There were other surprises too. John Wadas quickly established himself as one of the area's top defensive receivers with a strong and accurate throwing arm. Lynn Nesbitt became one of the most feared sluggers in the state with a .464 batting average and six home runs in 18 games. And then there was Bob Heuer, a sophomore southpaw, who Coach Russ Huncher had labelled extremely fast, but wild.

Heuer was the key to the Highlanders' successful season. In the beginning, he served as an ideal complement to Di Pasquale. They provided the Highlanders with a potent righty-lefty pitching punch.

When Di Pasquale was plagued by arm miseries and control troubles in mid-season, Heuer stepped into the gap and gave Governor Livingston the impetus it needed to qualify for the State Tournament with a 60 per cent winning record.

Given this relieve, Di Pasquale regained his pitching magic and finished up the season in amazing fashion. Matched against a powerful Clifford Scott High team from East Orange, Jerry totted through 15 pressure-packed innings to whip the Scotties, 3-1.

This was an upset of major proportions as the Scotties were rated as one of Essex County's better teams. A few days later Scott rumbled Cranford's Watchung Conference champions.

In the State Regional final against Madison High, co-champion of the Suburban Conference, Di Pasquale once again had to be superb. And he was! Jerry blanketed the slugging Dodgers on just four hits, and carried Governor Livingston Regional to a state championship in only its second year of competition. That's quite an achievement!

In retrospect, it was only just that Nesbitt should be the batting hero in Governor Livingston's drive to the state championship. Lynn, the Highlanders' batting star all season, slugged a triple and a game-winning homer against Scott. His first-inning homer provided the winning margin in the 1-0 victory over Madison. And Nesbitt accomplished his batting feats under the pressure of the opposition, knowing that he was the Highlanders' big batting threat and that stopping him was the key to checking the Highlanders' offense.

Just to show how little pre-season forecasts mean, Governor Livingston Regional, Union County's newest school, was the only county school to win a state championship. New Providence and St. Mary's bowed in title games, while Cranford, Rahway, Union and Plainfield didn't even make it that far.

Cranford did have the consolation of capturing the Watchung Conference crown, while Union won the Union County Conference title, but these accomplishments pale into insignificance in comparison to a second-year school capturing a state championship.

A bit of irony for Scotch Plains' Steve Harris during most of the track season this past spring, Steve Harris, a sophomore at Scotch Plains-Fanwood High School, has been looking at the flying heels of Neil Metzger, Linden High's fine miler, in races around the state.

Harris and Metzger had been matched in mile races four times, and on three of those occasions Metzger had led Harris across the finish line. Needless to say, in his pre-race planning for the State Championships at Rutgers University Harris' strategy concerned ways and means of beating Metzger.

Reheis Beaten

Monday the Eagles handed leading Rehels their first defeat in Berkeley Heights softball play, 17-5. Pete Di Fonzo got the Eagles off with a two run homer in the 2nd inning. A big 8 run 4th put the game out of reach of the Rehels, Ralph Gregory got his first start against 3 victories while Cox got his first win in his first start for the Eagles.

Wednesday the Eagles picked up their 4th victory against 1 defeat, beating team six 10 to 4. Benner and Lou Zichichi were the hitting stars for the Eagles collecting 5 hits, 5 RBI's and scoring 5 runs. Caleo got his 3rd win and also had a two run homer. Clark had a two run triple and Ed Campano a double for team six. Walt Fitzgerald suffered his 3rd defeat.

Thursday Al Geiger for Esso came close to pitching a no-hitter as Bornhuetter led off the 6th for the Jaycees with the only hit a double to left. Geiger struck out 7 as he picked up his 4th win against 1 defeat. Sullivan had a 2 run homer for Esso. Youngs suffered his 3rd loss against on victory for the Jaycees.

Receives Scholarship

Bill Geoghegan, standout heavyweight wrestler and football player at Jonathan Taylor High School, has accepted an Alumni Scholarship to Rutgers University. It has been announced by Dean of Men Cornelius B. Bock, chairman of the University's Scholarship Committee.

The scholarship is tenable for four years provided the recipient maintains a satisfactory standing.

It is made available from funds contributed by Rutgers graduates to the annual Rutgers Fund campaign.

The Alumni Scholarship covers tuition and room rent. It is based on the following qualifications: qualities of manhood, force of character and leadership; literary and scholastic ability and attainments; participation in school and community activities and financial need.

In addition to participating in athletics, the Springfield resident was a member of the debating team and the honor society.

At Rutgers, he plans to major in mathematics.

'61-'62 Bulldogs In Review

By Arnold Miniman

The annual Senior Sports Dinner of Jonathan Dayton Regional High was held this past Thursday, and the evening was highlighted with the presentation of the Athlete of the Year Award to Robert "Tuffy" Hartz, a letterman in football, wrestling, and track from Springfield. Tuffy, has given Bulldog fans many thrills this year, the most stirring being his four touchdowns against Rahway in the 25th annual Thanksgiving Day Football game. He is currently contemplating whether he will attend Bucknell or Penn State after his graduation from Regional.

OUTSTANDING

Tuffy was one of the many outstanding athletes that gave Regional three winning seasons out of six major varsity sports, including a co-state championship, and a near miss in a bid for another. Coach Herb Palmer showed the members of the Watchung Conference that the Bulldogs were capable of playing conference ball, by guiding the varsity to a 7-1-1 season, including four wins in four encounters with members of the conference. Highlights of the season were many.

CALDWELL GAME

A 54-6 shellacking of Caldwell in the 25th game between the two schools, broke the previous output of 53 points by a Bulldog team, and established a new county record of 35 points in a half. The game was played before a slight crowd due to a constant downpour, but few of them will forget Tom Venice's 21-yard touchdown run after he had intercepted a Caldwell pass, to give the varsity its record.

The Rahway game, played before an overflowing crowd at Meisel Ave. field, was just icing on the cake, as Springfield rallied from a 6-4 halftime score to an overwhelming 32-6 margin. Hartz set all kinds of scoring records for Springfield, and Marty Sica played the kind of game he had been playing all year to gain a spot on the first team of the All-State selections in all major papers of northern New Jersey.

HUMILIATION

The 20-0 humiliation of previously undefeated Scotch Plains established Regional as one of the best teams in the county, and one of the best lines in the state. With Marty Sica, Frank Perrelli, Ed Erskine, Larry Stickle, Tom Venice, Joe DiMario, and Dutch Bell, leading the way, the varsity tallied 221 points, while holding the opposition to a small total of 60. These totals helped the Bulldogs gain half of the Group III, Section 2 title.

The outlook for next year's football team is optimistic, as the boys compete in the Watchung Conference against the likes of Westfield (rated one of the five best teams in the state last year), Scotch Plains (winner of the conference in 1959-60), Roselle, Hillside, Rahway, Clark, and always powerful Cranford. A nucleus of Tom Venice, Joe DiMario, Frank DiFabio, Dutch Bell, and Richie Bittle will attempt to keep up the reputation of the Bulldog line, while Jack Appar, Rori Puorro, Drew Wuestman, and Bob Haas are leading candidates for backfield chores.

QUESTION MARK

The basketball team under Coach John Swedish is the biggest question mark of the upcoming year. The team compiled a 7-12 record last year, after getting off to a fine start, and four of the five starters (Dave Bonislawski, Jack Appar, Bill Kretzer, and Denny Francis) are returning. But... the varsity received little, if any, assistance from the bench last year, and the junior varsity suffered through a poor season. Examples of the basketball miseries that confronted Springfield this winter were the games that the varsity and j.v. played against Cranford in the Union County Tournament. Both the Cranford varsity and j.v. teams were seeded third in their tournaments, and were heavily favored to down Springfield. In both games Springfield led throughout the first half, holding a two point margin in the varsity contest, and trailing by a pair in the j.v. In the third quarter the Springfield teams collapsed to such a level that the games were over by the beginning of the fourth period.

Cohesion is the key to the rise or fall of the Regional Cagers next winter, and the season can be the best in four years. The schedule is a major problem though, as the Bulldogs will play all Watchung teams twice due to conference regulations, and such teams as Westfield, Hillside, and Cranford have put out powerful quintets consistently.

BRIGHT SPOT

Coach Swedish has one bright spot, the freshman team which had a 10-3 record last season. Keith Neigel, Alan Greenberg, and Bob Reils, among others, sparkled and can be stars of the varsity in the near future.

The winter's wrestling squad was a wonder to all concerned with it. The team was loaded with skilled grapplers such as Rich Lucariello, Ron Puorro, Barry Becker, Tom Baker, Joe Scallo, Carmen Rica, Tom Venice, Tuffy Hartz, Bill Geoghegan and Marty Sica, but it ended with a mediocre 6-5-1 record having been at 5-1. The grapplers train hard and make great sacrifices for the team under Coach's Herb Palmer and Jerry Sachel, but they spent the latter part of the season coasting downhill.

Springfield was the host school for the District Tournament, which featured powerful Union and Columbia squads, and the Bulldogs proved near-perfect hosts. While gathering 21 points and a third-place finish, Regional waited the entire day before gaining an individual championship. Marty Sica took honors in the heavyweight division, but bowed in the section finals at Hillside.

The outlook for next year is nearly as good as it was for this past winter. Rich Lucariello, Ron Puorro, Pete Fantiagan, Tom Baker, Tom Venice, Paul Eisenberg and Bob Haas, all saw action on the varsity mats this winter, and Joe DiMario, Richie Bittle, Larry Bellon, and John Gardella seem capable of filling the vacated spots.

INJURIES HURT

Injuries to John Kieffer, Bill Gerhart, Jack Moore, and Glen Thomas proved disastrous to the 1962 track team. Coaches Bob Lummier and Martin Taglienti suffered through eight consecutive losses before the team managed to score a victory over New Providence. The return of Kieffer to the team added points to the Springfield cause, and before the season was over the cindermen downed Rahway for an overall 2-9 record. Ed Erskine, Bob Haas, Pete Coan, and Bill Geoghegan amassed most of Regional's points, and since the team is so young the outlook is surprisingly good. Besides the return of Haas and Coan, Drew Wuestman, Charles Roll, Marc Blinsock, Pete Greede, Les Davis, and the three injured trackmen mentioned above, who saw no action this year, will give Springfield a balanced attack in all track and field events next year.

HARD LUCK

The diamond nine under Coach Ed Jasinski was the hard luck story this season for Regional. This was a team that was humiliated by Montclair, 14-4, in the Greater Newark Tournament, and Jefferson, 11-0, in the Union County Tournament. This was the team that defeated Hillside, 5-2, and Roselle, 6-0, to qualify for the States, then beat Joe DiFabio, all-county pitcher from Cranford, in the tournament by a 4-3 score, only to blow a 10 inning 5-4 decision to Livingston in the finals. Every one of the Bulldogs that played often contributed vitally in the 12-10 season, and only two of the regulars, Frank Perrelli, and Tony Favola are graduating. The entire infield (Joe DiMario, Denny Francis, Steve Berger, Jack Appar, and Dutch Bell) is returning, and the mound corps of Bill Kretzer, Frank Monticello, and Richie Bittle will see action for Regional next year. The outlook is too good to be true. Of the team that was seeded fifth in the Counties this year, six of the eight regulars are probable returners.

SAFE AT THIRD—Meeker runner Frank McHugh, slides into third as throw gets past Mets fielder during Sunday morning action of Springfield Adult Softball League. Meeker took the contest, 8-4 and now stands 3-0 in League competition. (Don Glaser)

By Dick Schwartz

Sunday morning's perfect weather for the third meeting of the Springfield Adult Softball League, and the eleven clubs made good use of the perfect conditions to get in a full schedule of games. Highlights of weekend play was the continued surge of a strong Meeker team, and the surprising defeat of Davron Studio at the hands of a fired-up Ehrhardt club.

In other action, Wesley Jewellers overpowered Katz, 13-5, Springfield Jaycees took American Legion, 13-2, and Fischer Travel doped the Sun, 16-9. Reinettes drew a bye.

Meeker, continued to show good defense and an awareness of what it's all about as they pounded out 8 runs to defeat the Mets, 8-4. John Johnson hit a homer for the winners who appear to be the team to beat this year.

Ron Golcher's Davron nine fell to Ehrhardt 17-10 as the electricians capitalized on defensive lapses and heads-up play to rack up the highest run output of the young season. This was the same Ehrhardt team who lost to Meeker last week 16-6.

Wesley Jewellers kept pace with Meeker, Fischer and the Jaycees as they pushed across 13 runs to hand Katz their second straight setback.

American Legion just couldn't keep pace with 'those young kids', as they succumbed to the Jaycees 13-2. However, Legion is a better team than this week's score indicates and are expected to bounce back in games to come.

Fischer Travel, proved once again that age has little to do with it as they damped the Sun 16-9. Fischer remains undefeated, while the Sun has yet to find that winning combination.

The newspapermen have been plagued by injuries with 'stand-out' second baseman Herb "Flash" Axelrad recovering from a fractured arm and pitcher Dick Schwartz limping around with a slightly infected knee.

One begins to wonder whether it's the pitching that is causing

the outbreak of double-figure scores, or the sloppy defense shown by the greatest percentage of League teams.

Last Sunday, 87 runs were recorded in the four games played, with the winning teams collecting 67 of them.

This week's card reads:	
Davron Vs. Sun, 9:30, Meisel Field; Jaycees Vs. Mets, 9:30, Washington Field; Fischer Vs. Meeker, 11:00, Meisel Field; Legion Vs. Katz, 11:00, Washington Field; Ehrhardt Vs. Reinettes, 11:00, Sandmeier Field.

A pair of victories for the Farm League A Tigers enabled them to move within one game of the league-leading White Sox. The contests were duplicate scoreless pitchers duels with the Tigers coming up with the winning run in the bottom of the last inning. Against the Cubs, Jay Friedman's hit driving in Kurt Van Vorhies provided the winning 1-0 edge.

Two evenings later, Kevin Korloy's hit was a repeat performance and gave the tigers a 1-0 win over the Cardinals.

CUBS TOP LEADERS
The Farm League A Cubs who have made a habit of losing games by one run, turned the tables and took a 3-2 decision from the league leading White Sox. The batting of John Seligman, Jim Romner and Ed Zelazny got the Cubs off to a quick two run lead in the first inning. An extra run in the third, however proved to be the edge as the White Sox sparked by the hitting of John Melvin and Tom Gere came back with two runs in the fourth inning. John Harbaugh, however put out the fire to give the victory to the Cubs.

NATIONAL LEAGUE
Dodgers Gain Win
The National League Dodgers tightened the pennant race by defeating the lead leading Phillies, 9-6, allowing the second place Giants to move within one game of the leaders. The Phil-

lies moved to an early lead but the Dodgers rallied to close the gap. The score remained close as both teams hit well in late innings, however, the Dodgers pulled to a 3-2 run lead and held off the Phillies to win 9-6.

Learn To Swim
The annual "Learn to Swim" school will start its first session on Monday, June 25, at 9:00 a.m. at both the John Russell Wheeler Park Pool, Linden, and the Rahway River Park Pool, Rahway. George T. Cron, superintendent of recreation for the Union County Park Commission announced today.

Classes will be conducted daily from 9:00 a.m. to 9:45 a.m., from Monday, June 25 through Friday, June 29. Any boy or girl, eight to fourteen years of age, who is a resident of Union County, is eligible to attend the classes without charge.

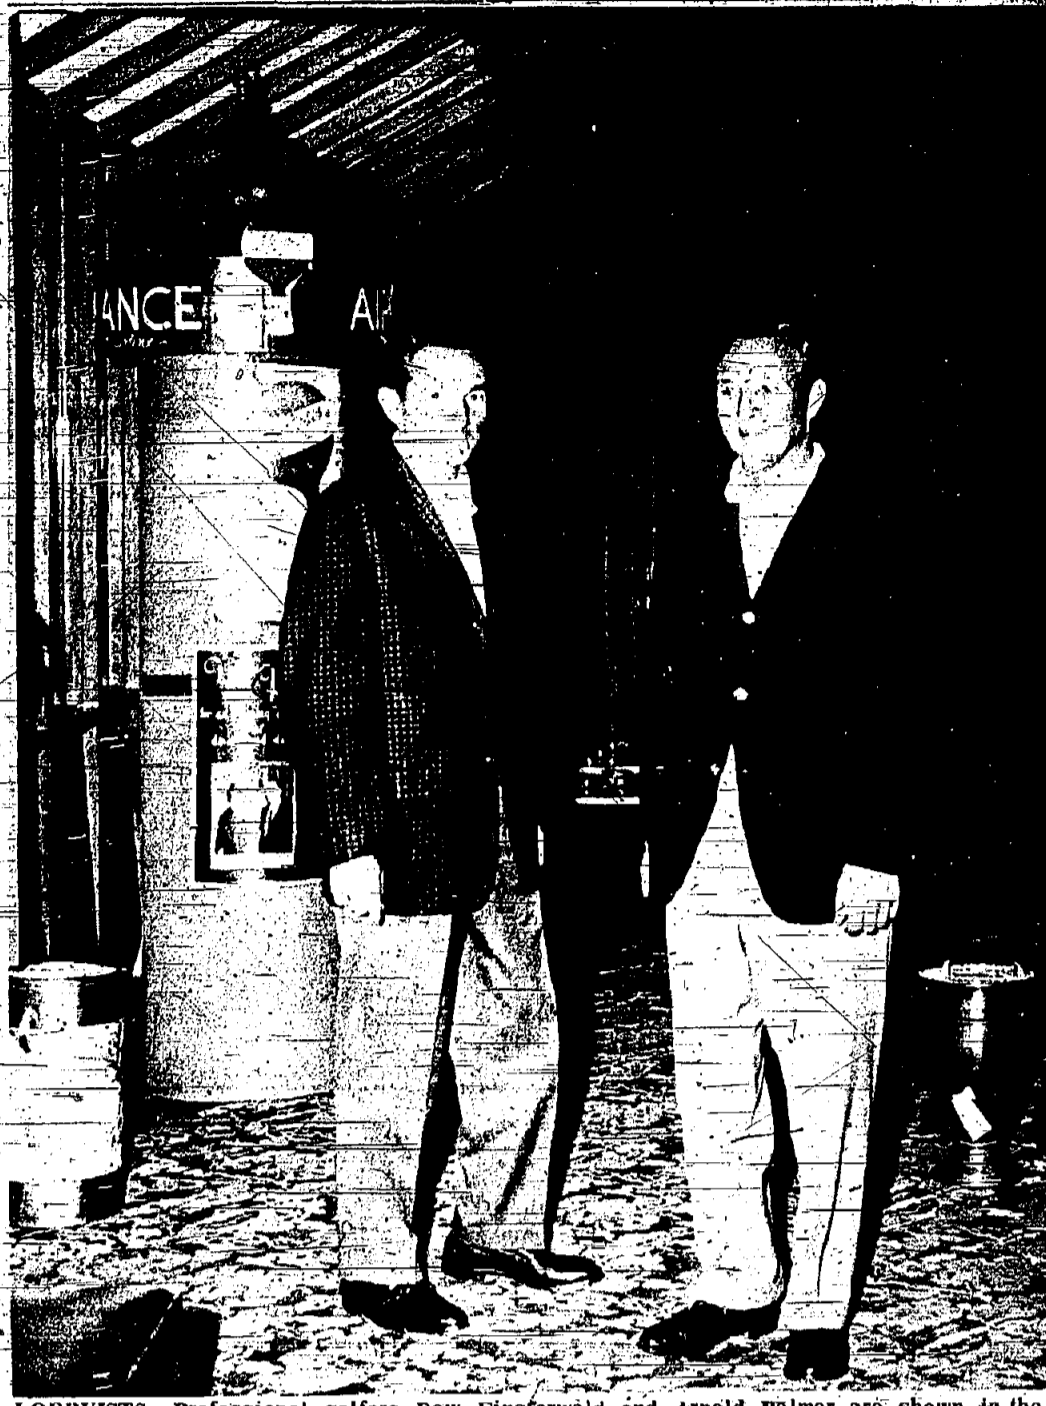

Registration cards will be available at both pools on and after June 15.

Tough Luck Hurler

What Do You have to do to win? That was the question Charles Mason, a pitcher for Scotch Plains-Fanwood High's baseball team, must have been asking last week. Mason had just lost his second straight 1-0 decision, this one to the Watchung conference champion Cranford High School.

Two days later, teammate Peter Karis provided the answer. He pitched a shutout against Clark Regional. Mason apparently got the message. The following day he blanked Hillside High for five innings, by which time his teammates had built up a nine run lead.

After suffering through two straight 1-0 losses, Mason could hardly be blamed for wishing that some of those runs had been scored in those two heartbreaking losses.

Coriell Wins In Fanwood

Last week's play in the Old Men's Softball League of Fanwood, Coriell defeated Marian 11 to 10. Shady Lane beat Hunter 11 to 6 and Sun Valley slugged Poplar 13 to 1.

In a sea-saw battle Coriell squeezed out an 11 to 10 victory over Marian knocking them out of first place. Dick Luster put one over the fence for a homer and had a single and John Marshall with a bases loaded double led the hitting attack. Herb Neilson was the winning pitcher. Ken DeMitt suffered his first loss after three victories. Pete Letzo had three hits for the losers.

Ernie Gebler with a double and triple, Dave Stewart with two doubles and John Lubischer with two hits led the bombardment as Shady Lane defeated Hunter 11 to 6. Stejsko was the winning pitcher. Eric Weidman had two hits for the losers. Ed Lambersen finally broke a long batting slump with a triple.

Norm Patterson with two home runs and a single and Steve Yates with a triple and two singles led the hitting attack for Sun Valley who slugged Poplar 13 to 1. Norm Patterson was the winning pitcher allowing on four hits. Pigott, Collier, Schott and Wats each had a hit for the losers.

NOW! AUTOMATIC DIALING!

Two new telephone improvements for faster, easier calling

THE CARD DIALER uses punched plastic cards to automatically dial numbers quickly and accurately. Telephone and dialer are in one compact unit. You simply insert a pre-punched card in the slot, press the Start Bar and wait for your party to answer.

THE RAPIDIAL, connected with a dial telephone, automatically dials the telephone numbers you want. Stores up to 290 numbers. To dial, just turn the selector knob to the name and number you want.

These two remarkable advances are made for homes and businesses where the same numbers are called frequently. Easy to use, they save time by making it unnecessary to look up numbers you call often. And their built-in accuracy reduces the possibility of dialing errors.

Altar Society Installs Officers

Our Lady of Lourdes Rosary Altar Society held its final meeting of the season. Installation of officers was the high light of the evening.

Father Gerald McGarry installed Mrs. J. Casimer Osteki as president for the coming year, Mrs. Eugene Bauerborn, vice-president, Mrs. Paul Schaaf, recording secretary, Mrs. Edward Rellly, corresponding secretary, and Mrs. James Carroll as treasurer.

Mrs. Osteki then introduced the new members of the Rosary board and the chairman of the various committees. They are: Mrs. John Blaszczak, Altar flowers; Mrs. William Hancock, Altar lights; Mrs. Chester Fabian, Dark horse; Mrs. Leon Chuzan and Mrs. Moses George, Hostess; Mrs. Herman Schmitz, Jr., Membership; Mrs. Harold Nelson, Jr., Publicity; Mrs. Paul Tomasco, Sunshine; and Mrs. Michael Kluczewicz, Ways and means.

It was also announced that Mrs. George will be in charge of the card party, Mrs. Peter De Laurentis will head the cake sales, Mrs. Alphon O'Konski will be prefect, chairman, Mrs. John Suski will continue as Research Chairman, and Mrs. George Wlech will be in charge of the Communion Breakfast.

Mrs. Raymond Herrgott presented a check for over \$2,500 to Father McGarry as the profit of the annual card party.

Taking Care Of The Garden

By Ed Cardinal

Springfield has been spared the monotonous buzzing of the 17-year cicada. The eggs, which were deposited by the adult 17 years ago, were destroyed by the tremendous building boom, and our children will be denied the pleasure of capturing these inch long pests for play toys. They do no serious damage, but if you wish to spray your plants use 2 tablespoons of 50% Isaphthyl-N-methylcarbamate per gallon of water. (Sold under trade names of 50% Sevin and DuPont Japanese Beetle Killer.)

Q: I have found chinch bugs in my lawn. It was destroyed last year so want to protect it. What shall I do?

A: Liquid or dry diazinon is effective, with a residual action of a few weeks. Ethion is available in powdered form to be applied by sprayer. This is the easiest method of application, and best for long residual effect. The cost is about 2¢ per 100 square feet.

Q: My grass seed has been on the ground for weeks without germinating. Shall I reseed?

A: Chances are it will sprout if kept wet enough. Water for a few minutes at a time, but keep the earth constantly damp during daylight hours. Don't give the lawn a chance to dry out, even for a few hours, and the seed will sprout in about a week. After the grass starts to grow water for longer periods.

Q: Is it too late to plant evergreens and shrubs?

A: Not if you can buy them already balled, and you can keep them well watered during dry spells. Invest in a root irrigator (\$1.98) and use it to get the water down deeply into the roots.

Q: Last year my beans were eaten alive. Can you suggest a spray?

A: Use rotenone dust for the Mexican bean beetles. This is non-poisonous and safe to use on most vegetables. (Safe on your stomach, too.)

Q: My lawn slopes toward my rose garden and I would like to kill the dandelions, but hesitate to use 2,4-D powder for fear of killing the roses. Any ideas?

A: Yes, there is a 2,4-D weed killing bar made of wax that is tied behind the mower, or towed by hand. The wax rubs off on the weeds for a good kill, but will not wash down on your roses. We have sold them in our garden center for several years for this purpose, with good results.

NOTE: Don't neglect chinch bug control, or you will be remaking your lawn again this fall. Each generator multiplies tremendously.

Entire 8th Grade Class Of Deerfield To Graduate

David M. Hart, principal of Deerfield School, Mountainside, announced last week that all 106 members of the eighth grade will receive diplomas at graduation exercises to be held June 19 at 8 p.m. in the school gymnasium.

No pupils in the class, some what smaller than last year's group of approximately 40 graduates, are being retained this year, he said.

Diplomas will be awarded by Orin E. Johnson, president of Mountainside Board of Education. Speeches will be delivered by Phyllis Moore of 1363 Sony Brook Lane, the valedictorian, and by Barbara Flanagan of 288 Old Jote Road, the salutatorian.

The American Legion award to a boy and to a girl will be made by Harry Beechler of Mountain. The Q.A.R. award to a boy and to a girl will be presented by Mrs. Frances Richter of Westfield.

Alexandra Devlin, president of the Student Council, will give the Student Council award to the school. The class gift will be presented by Jeffrey Averick and Donald Johnson. Mr. Hart will accept the class gift for the school. Principal Hart will serve as master of ceremonies during the program. The invocation will be given by the Rev. Gerard J. McGarry, pastor of Our Lady of Lourdes Church and the benediction will be delivered by the Rev. E. A. Talcott Jr. of the Presbyterian Church.

The program is: Instrumental selection by the school band, processional, invocation by Father McGarry, choral selection, "The Lord's Prayer," by Signees, welcome address by Miss Flanagan, presentation of the class gift by Mr. Averick, acceptance of the class gift by Mr. Johnson, choral selection, "Climb Ev'ry Mountain," written by R. Rogers, awarding of diplomas by President of the Board of Education, presentation of awards by Mr. Beechler and Mrs. Richter, presentation of Student Council award by Miss Devlin, farewell address by Miss Moore, choral selection, "A Perfect Day," by Bond, the benediction by the Rev. Assignments Announced

Efforts for the construction of the Deerfield School addition were announced at the Mount-ain-side Board of Education meet- ing Tuesday night in the school. Board President Orlin John- son reported that he received a communication that night con- cerning the reactivation of ar-

chitectural work for the school addition which he had not had time to read and announced that he was referring the letter to the proper committee chairman. He gave it to Board Member James Noste and a copy to John Mc- Donough, board secretary and business manager.

Later during the meeting Mr. Noste reported that the board is busily working with David Lud- low, Summit architect for the proposal. "Nothing definite has transpired," he said. He also indicated that Board Attorney Charles Jerome was in the pro- cess of contacting the bond-

ing attorney about the matter. Board Member Noste said the board was desirous of having as much of the original proposal in the addition as possible. He said about \$200,000 remains since the Beechwood School extension with the last bids amounting to \$80,- 000 more than the money avail- able for the plan. It is the board's desire to "de-embellish" the present plan with the hope of obtaining all the desired facil- ities. Indications are that this might not be possible and the

board is taking into the con- sideration the suggestion of a revised plan and the submission of bids with an alternate system. Board Member Walter Rupp stated at the meeting that he favors a change in design inasmuch as the voters have gone on record approving all the needs. The board informed a member of the audience that if the plans are redesigned, it would necessitate of new contract between the archi- tect and the board.

After the Tuesday meeting, Board Attorney Charles Jerome told the Mount-ain-side Echo that he has already written a letter to the bonding attorney, Reed, Hoyt, Washburn, and McCarthy of Wall Street, New York City, asking for an opinion as to whether the proposed construction with one or two of the items as alternates would fall within the purpose voted in 1960 or whether it would be necessary to submit to the voters for a new purpose to permit the board to advertise with one or two alter-

nates. He explained that when the bids were received last year they were received with alternates but only for the purpose of deter- mining what each item was cost- ing and it had been the original intention of the board to con- struct the entire proposal. An alternate bid at this time would be for the purpose of eliminat- ing certain items when the money available was exhausted, he said. The purpose proposal on the May 31, 1960, ballot called for the following for the Deerfield

School addition: Library wing, shorter and loc- ker rooms, science lab room, men teachers' room, increased teaching space for home econ- omics and manual training, school furniture, and improvement to site (grass, etc.).

Attorney Jerome said that he is awaiting a reply to his letter to the bonding attorney.

He will attend New York University for a masters degree in Chemical Engineering.

Board Announces Disbursements

Superintendent of Schools Dr. Lewin D. Hanigan was authorized by Mountainview Board of Education Tuesday night in Deerfield School to enter into a program for the expenditure of \$5,000 in the areas of math and science whereby half of the money will be returned in federal funds under the National Defense Education Act.

These funds are to be utilized for the purchase of \$3,000 worth of mathematics and science books for reference and study at Beechwood School. In addition \$1,700 will be allocated to science materials and equipment for use in the science program in grades K through 8 and distributed throughout the school system with compensation given to grades 6 through 8. The importance of this was pointed to the fact that the building program calls for a classroom to be renovated into a science lab for grades 6, 7 and 8.

The remaining \$300 will be used for instruction material and equipment in mathematics throughout the school again with compensation given to grades 6, 7 and 8.

Approval was also given for the purchase of library shelving at Deerfield School at \$150 and the purchase of a podium for Beechwood School at \$125.

Also directed to advertise for bids for the paving of the Deerfield School parking lot, to be received 1:30 p.m. June 26 in the board office, Board Member W. Peter Metz announced that the public has been dumping refuse on the grounds of Beechwood and Deerfield Schools and it was agreed that "pleasant sounding signs" should be erected to discourage this practice.

Announcement was made that the transportation committee is busy working to set up a satisfactory transportation program with the funds available.

President Johnson reported that a special meeting open to the public will be held June 26 in Deerfield School and that the next regular meeting will be held the second Tuesday in July.

Bids for the 1962-63 oil supply were received as follows: Jersey Oil Heating Inc., Newark (last delivered price) .0723; Deag Oil Co., Hanwood, .0705; Almy Fuel Oil Co., Union, .0742; 1950 Standard Oil, Division of Humble Oil and Refining Co., Elizabeth, .0795; and Dalco, Newark, .0810. Bids were referred to committee and announcement was made that the contract will be awarded at the special meeting June 26.

Aerial Thrills At Olympic Pk.

Another aerial thrill act will highlight the free circus next week at Olympic Park where presently Canada's Williams Twins are offering unique trampoline stunts high on a pole.

Heading the bill due Monday at the Irvington-Maplewood amusement park are the Rody Sisters and Rudy, who combine acrobatic balancing with a tragic act and a dip in a fearsome breakaway simulating an accidental fall.

Florence Honey's Four Honey Girls, glamorous acrobats, and the Grimaldis, English couple renowned as musical clowns, round out the new week's show.

Scores of school groups will be among audiences for this circus at 4 and 9:30 p.m. daily. Traditionally this is the week when church and school children's organizations have outings at Olympic. There are reduced rates for groups.

A few vacancies remain in the 1962 teen-agers' program at the Olympic Park pool. There will be weekly talent and beauty contests, and daily social and aquatic activity.

Approval was also given for the purchase of library shelving at Deerfield School at \$150 and the purchase of a podium for Beechwood School at \$125.

A motion picture showing the inside library of Mountainview was presented to the board. A motion picture showing the inside library of Mountainview was presented to the board. A motion picture showing the inside library of Mountainview was presented to the board.

The board was questioned from a member of the audience on the feasibility of the employment of a foreign language teacher at the expense of district parents who might reach their children during the regular school hours. Board President requested the superintendent to examine the possibility of such a program for the next school year.

Board secretary was authorized to apply for participation in the special school milk program under the National School Program. The board secretary was also instructed to continue the present student accident insurance program with rates to be \$2 for students K-4 and \$2.50 for all others.

The secretary was authorized to advertise for bids for transportation for 1962-63 which are to be received June 26 at 2:30 p.m. in the board office. President Orlin Johnson explained that bids must be received every three years.

HE J33 ELECTRIC EYE LAND CAMERA
\$64.95

The newest of the Polaroid electric eye cameras, the J33 offers all of the automatic features of the J66 in a smaller, less expensive camera. It is simply to use. You don't have to focus. Just press three buttons, pull the tab and your picture is ready in 10 seconds. There are no accessories to buy. As with the J66, no light meter is needed. The eye sets the perfect exposure automatically. The flash gun is built in too. Pictures are 2 1/2" x 3 1/4" in size. The J33 is so small that it will fit easily into a lady's handbag. And the low price makes it the least expensive Land Camera on the market.
