

Springfield Police Department has handled 19 juvenile cases-todate during 1962 according to figures released this week by Police-Shief Wilbur-G. Selander.

A total of 43 juvenile cases were recorded during the entire year of 1961, it was reported.

Of the-19 cases-recorded to date this year, 12 of these cases involved Springfield youngsters with the signing of five juvenile complaints and the sending of one of these children to the Juvenile Center in Elizabeth. One case was handled by the local school authorities.

Political Campaign Starts "The above five complaints were handled in the following manner: two have been disposed of one was referred to the Juvenile Conference Board, and two are still pending.

In the six other cases concerning local juveniles, the children were turned over to their parents, who were notified of their child ren's actions.

The seven other cases this year involved out-of-town juveniles. They were disposed as follows: six complaints were signed, sending one of these youngsters to the Juvenile-Center, and one juvenile was turned over to other authorities.

During 1961, when 43 juvenile cases\_were handled by the Springfield\_Police\_Department, 16 complaints were signed, consisting of nine juveniles from out-of-town and seven juveniles who lived in the-township, it was reported.

In addition whiskey bottles and and vandalism has-struck-the southwest section of Springbeer cans were broken - and strewn about and \$3 in quarters field with three breaks and entries discovered Tuesday mornwas-taken from a First Aid older, police said.

· :

Many\_comparisons have been made concerning the differences between the baseball player of today, and the player of by-gone days. Frank Frish, former Cardinal and Giant great, recently wrote a book about the decline of the modern player, who uses a whip-lash bat, a lively ball, and a glove nearly as large as a peach basket. To hear some of the old timers talk you would think hat the Hall of Fame should be closed down due to lack of talent in the big leagues. This is not true at all. Comparing the players of today with past immortals such as Ty Cobb, Babe Ruth, Tris Speaker, Rogers Hornsby, Walter Johnson, and Hans Wagner, to name a few, would be a mistake. These players were the outstanding few; remembered when more than a thousand others vere forgotten. Twenty years from now Ted Williams, Stan Musial, Mickey Mantle, Warren Spahn, Hank Aaron, and Willie Mays will visual range by including infrabe rémembered as greats who played in the post-war era, while hundreds of other players will fade and be forgotten.

nd hit .344. including a .: 406 average in 1941 1.ed c nome-runs in his career, to rank third on the all-time list. His life-tile batting-average is ninth-best in-the history of baseball, topping-such greats as Babe Ruth, Bill Terry, Lou Gehrig, and George Sisler.

You could write a book about the fantastic accomplishments of Stan Musial. The most astounding of 'The Man's' feats we feel is his hit total. Through last Friday he had collected 3,491 safties, -topped only by Ty Cobb (4,191) and Tris Speaker (3,515). Stan has gathered mere total bases than any player-in the history of the game, and he has driven in more runs than any other National Leaguer. He has clouted 458 home runs, sixth on the all-time list, and 63 ahead of his nearest cometitor, Mickey Mantle.

Mantle-will be remembered by many as the man who could murder a baseball. The Switcher has averaged rearly 36 homers a year during his ll year career, accounting for 395 round trippers. He, along with Milwaukee slugger Ed Mathews, is steadily gaining on the charmed 400-mark that has been surpassed by only Babe Ruth \_(714) Jimmy Foxx (534) Ted Williams, Mel Ott (511) Lou Gehrig (493) and Musial. Mickey also has a lifetime batting average of ,308, has captured the triple crown (1956, 52 homers, 130 r.b.l.'s, and a .353 average), and has recently surpassed the 300 runs scored mark.

Warren Spahn never tasted major league victory until after his h bitthday, In-1946 he had an 8-5 mark with the Boston Braves. Since then Spann has won 23 games once, 22 games-twice, 21 games 3 times, (including the last 3 years in a row), and 20-games once. His 319-victories is 10th on the all-time list- To top it off. Spahnbas-htc-31-home\_cuns,\_and\_ranks-as-one-of-the greatest hittingpitchers of all-time.

Others will be remembered, Willie Mays for his consister hitting and great fielding, Hank Aaron, Whitey Ford, Early Wynn,. and a few more, but to compare the old with the new is a waste of time.

Before the second All-Star game at Wrigley Field, the players agreed that it would be a most difficult task to hit the ball due to the shirt sleeves background. Strangley, the teams clouted the ball harder than the three previous games with the American League enterging with a one-sided 9-4 victory. Pete Runnels, Rocky Colavito, and Leon Wagner clouted for the distance in a winning cause, while Johnny. Roseboro hit won for the Senior Circuit. Another ironic part about the game was the fact that both schedpitchers, Camilo Pascual of the Twins, and Warren uled starting

Spann of the Braves were forced to drop out due to sore elbows. It's nice to know that a 6 foot 8 inch major league pitcher can be (ound. The mystery of Gene Conley's attempt to get away from it all was solved when Conley wired Red Sox manager Mike Higgens of his where-abouts. Gene has had it rough this year, re-ceiving poor support in the field and at bat while pitching, and to top it off he had gone through a grueling season in the American Basketball League prior to the baseball season. With the rigorous year-round schedule as Gene has, when else can he find time to get away from it all, except after a disappointing mound appearance7

Tougher Than Decathlon KANSAS CITY, Mo. (UPI) -Olympic champion Rafer Johnson, holder of the world's record for the decathlon, has found a stint more exhausting than the 10-event competition in which he gained fame as the world's best all-around athlete.

In his first three months as co-director of the People-to-People University Program, Johnson averaged=300 miles of travel. 14 hours of work and two speeches daily in the campaign to stimulate on-campus international friendship programs between American and foreign students. Leaving for a two-week reserve duty tour with the Air Force, Johnson said: "For me it's going to be like a vacation."

Car Radios Popular NEW YORK (UPI) - Four out of every seven motor vehicles registered in this country are equipped with car radios, Volks, wagen of America reports

## Gets \$7,000 Announcement was made an

Springfield Township Committee meeting last week in Municipal Building that application forms have been received from the State Highway Department for State Aid Funds.

It was reported that the township has been allotted approximately \$7,000 in State Aid Funds for 1963.

Committeeman Vincent Bonadies stated that this same figure has been fixed by the state highway department for about nine years. The amount is based on linear street footage, he said,

guest lay cantor at the Beth El Synogogue, of Maplewood and noted that the community has and South Orange, at the Friday evening services, August 3rd. He will assist Murray Biddleman, chairman had many new streets in the pastfew years. He recommended that the exact present lineage of the street be determined and reported to the state authorities. of the Ritual committee\_of -We are entitled to more funds,

Mark is the son of Meyer Biddelman, President of Temple Beth Ahm, of Spring-field, as Junior Cantor, probably closer to \$10,000," he said.

- The township engineer was Mark has conducted many authorized to complete the forms 'or the state aid for the roads. A check for \$24,500 was received from the borough of Mountainside as its last payment con-

tributing his share for the southside sanitary sewer. Authorization was given for the

execution of an agreement with Channel Lumber Co.- for additional street lighting on Route 22. 

Announcement was made of a suit G. and H. Construction Co. is bringing against the Board of Adjustment, the building-inspector and I. Lehman of Irvington.
