

Springfield Vandalism

ARE PARENTS PROUD? Bundle of newspapers, left by the Newark News at Harpaul's Market, 726 Mountain avenue, Springfield, received smear treatment on front page, shown above. Other pages in the same Newark News issue was scribbled and smeared with unprintable words. More acts of juvenile delinquency and vandalism over the weekend are being investigated by the Springfield Police. An automobile in a driveway was spattered with not only fresh eggs and a television-antenna was bent in half.

Good Police Work Nabs 4 Juveniles; Admit Vandalism

Good detective work by members of the Springfield Police Department has taken several juvenile offenders out of circulation and stopped the wave of vandalism which practically wrecked two homes in the Briar Hills residential section several weeks ago.

Four juveniles have been apprehended by the Springfield police and, according to the information, the quartet has admitted causing the thousands of dollars damage.

Two of the youngsters are from Springfield and the other two from Kenilworth, according to information received from Springfield law enforcement officials.

One of the Springfield juveniles is 15 years of age and the other, 17. Both, according to the police, have been involved in several other juvenile delinquency charges.

All four boys are in the custody and jurisdiction of the Union County Juvenile Court and Judge Richard R. O'Connor has ordered a full investigation of the Springfield case.

One of the Springfield boys, charged with vandalism, was placed on probation and will be sent to High Field, a home for boys. He denied actual participation in the vandalism after being implicated by one of the other three boys accused in the case. If it is proven, said Judge O'Connor, that this boy did par-

ticipate, he will have to help make restitution.

These four boys are charged with having practically wrecked the interior of two homes in Briar Hill Circle.

Thomas Quinn of 119 Briar Hill Circle, found his home ransacked and damaged when he returned from a weekend vacation with all the stove burners turned on, the electric toaster jammed which heated enough to start a fire, bringing the Springfield Fire Department to the scene.

Police found whisky bottles and beer cans strewn all over the living room with a great deal of the furniture overturned and damaged. A First Aid Squad folder with money for the annual fund drive was stolen, according to the police.

The other target for this quartet of juveniles, the police report shows, was the residence of George Kepler at 31 Briar Hills Circle. He had also returned from a week-end visit to the shore and found all the furniture upset and damaged, cans of beans and other foods opened and spattered against the walls.

Damage has been estimated at more than \$2800. In one of the homes by an insurance company. The juveniles will be asked to make restitution for all the damage, according to the court.

Notice to Parents!

SUN Plans To Print Names Of

Newspapers have always followed a policy of not publishing the names of juveniles who violate the laws... except those charged with heinous and capital crimes.

The SPRINGFIELD SUN has adhered to his ethical policy. However, the editor believes that "juvenile delinquency, vandalism and all the other teen-age acts of thoughtless destruction" could be curbed even more by a change in that rule.

The Springfield Police Department is doing a splendid job of eliminating juvenile delinquency in the Township.

Very few students of the problem will

agree, but the SUN believes that publishing of the names of offenders who have been involved in other acts of vandalism, will act as a deterrent.

Now, the youngsters, roaming the streets at all hours of the night, snap their fingers and practically jeer at the law enforcement officers, knowing full well that "you cops can't do anything with me---I'm a juvenile."

Parents should be made more responsible for the acts of these juveniles.

The mere fact that the names of their sons may appear in print because of some entanglement with peace officers of the

What Do You Think? Editor's

community... parents to pay more attention, to use and enforce some influences on the youngsters who don't seem to care a hang about "the family or the cops!"

This is to serve notice that the SUN plans to publish the names of habitual juvenile offenders.

It isn't going to be easy to get these names since the police departments are following instructions not to make this information available.

However, if an offender is involved often, the parents can look for their names in the SUN.

Springfield Republicans Launch Campaign

PHOTO BY DICK SCHWARTZ

SOME OF THE GUESTS: Camera shot above showing only part of the crowd of 350 at G.O.P. lawn party with top-drawer officials on hand to help start local political campaign. Photo to right, (left to right) Township Committee member Arthur Falkin, Congressman Florence P. Dwyer who is candidate for reelection, and United States Senator Clifford P. Case.

Top echelon Republicans, led by United States Senator Clifford P. Case, Congressman Florence P. Dwyer and practically every GOP candidate in Union County, came to Springfield last Saturday as honored guests at a cocktail party given by Springfield's Township Committee member and Mrs. Arthur M. Falkin at their home, 92 Jefferson Terrace.

Naturally, it was an all Republican affair. As Newark News Columnist, George Kenet, wrote "the political party in power always points with pride. Conversely, the party out of power views with alarm."

Since everybody at the Saturday afternoon cocktails "pointed with much pride" whenever politics crept into the conversation, even a stranger in Springfield would have quickly discovered that this was a GOP function.

Besides formal invitations had been sent out by the Falkins as hosts, and it would have been a breach of the 1962 rules of etiquette to have attempted to crash the party without having been on the list.

The entire day was a social as well as political success. Those who attended the party had reason to "point with pride" to the hors-d'oeuvres and liquid refreshments, served with never ending supply as if there would never be a tomorrow.

Guests came and departed, meeting all the Republican candidates - everybody remaining long enough to thoroughly ruin Claire Falkin's well tended lawn.

Several funny things happened on the way to the refreshment tables.

The affair was held on the back lawn. A quick glance over the heads of the huge crowd already on hand placed the refreshment oasis at the northeast end of the jammed-yard.

Congresswoman Flo Dwyer, suddenly and with her usual warm and sincere interest, gave greetings which ended in all the information there was on personal health, children, and grandchildren.

Springfield's political campaign is in orbit. Both the Democrats, with Board of Education President Howard S. Smith and Louis Cetham as candidates, and the Republican color bearers, Mayor Philip DelVecchio and Carmen S. (Mike) Catapano, already hammering away at the issues in the contest for the two vacancies on the Township Committee.

The Democrats, already in full swing with a door-to-door campaign, have invited supporters of the Smith-Cetham to a party to be held at Evergreen Lodge Friday evening, September 7.

The affair will be "a meet Smith and Cetham" night, starting at 9 p.m. with refreshments and music for dancing and entertainment.

At its regular meeting Tuesday night in Municipal Building, Springfield Township Committee agreed to an amendment to the theater ordinance which met public opposition on its introduction four weeks ago.

In announcing the revision to the ordinance, Mayor Philip DelVecchio told the audience that the ordinance was gone over "with a fine tooth comb" with the comments of the citizens given consideration.

Public hearing on the ordinance as amended was set for September 11th at 8 P.M. in Municipal Building.

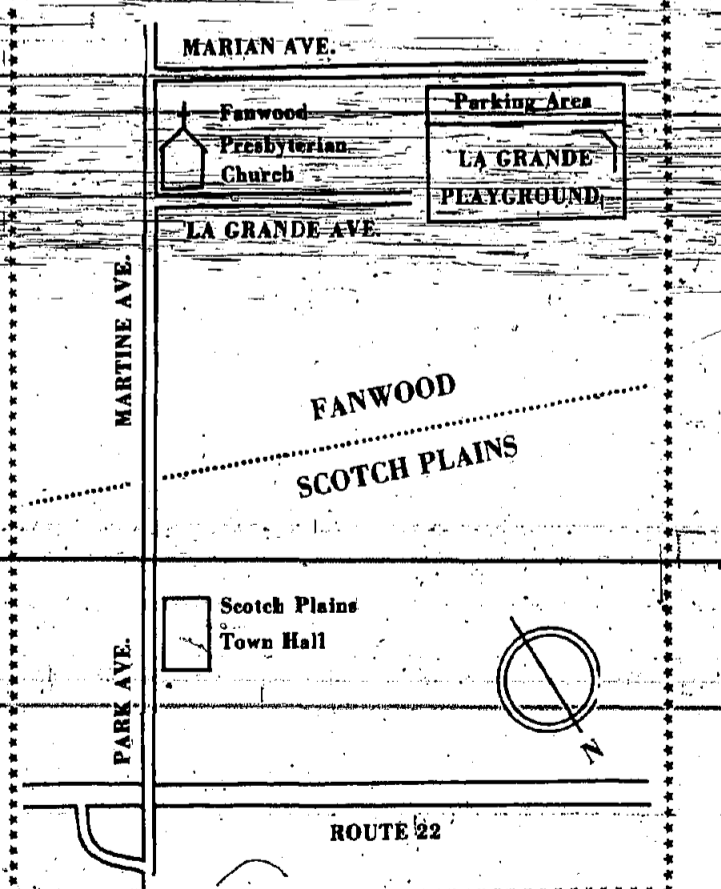

According to one member of Springfield Township Committee, over-all changes were made in the original ordinance with the new proposal "much toned-down."

The ordinance, providing for regulations and control of theaters, stipulates a \$350 yearly license fee and sets forth various movie requirements and rules including permissible hours for operation and police chief and fire chief investigations.

Section 9, governing suspension or revocation of license states:

a) On written complaint any such license after issuance may be suspended or revoked by the township committee upon affording the licensee an opportunity to be heard when it has made

WHERE YOU SAVE DOES MAKE A DIFFERENCE!

Carla and Paul Deitz and their three sons, Mike, Jeff and Russ, have returned to 22 Elm (Oak) Oval, Springfield, after a two-week vacation. They visited relatives in Dallas, Texas, and flew to Monterey, Mexico. Reports are that "a wonderful time was had by all".

Mr. and Mrs. Bernard Pascale, of 164 Nottingham Way, Mountside, announce the birth of their son David, on August 6, at Overlook Hospital in Summit. The new arrival joins a family that includes brothers Robert and Leslie.

When Springfield Grace Boudish, now temporarily trans-

planted in Switzerland for a year, realized that her daughter Susie had the same January 23 birthday as the daughter of another lady named Grace, formerly Grace Kelly, to be exact, she wrote to the palace in Monaco to bring the coincidence to their attention.

Her note resulted in an invitation to the palace, where the two younger ladies, who will each be six in January, played together while their mothers chatted, and Susie went home with a toy puppy presented to her by Princess Caroline.

Three young men from our Watching Weeklies area are to be congratulated on their accep-

tañce for admission to Rutgers School of Law, which was announced last week. They are: John P. Negro, of 27 Washington St., Berkeley Heights; Charles H. Rowdy, of 419 Ringling Road, Mountainside; and Eugene L. Lewis, of 32 Shelley Road, Springfield.

A son, Glenn Arthur, was born to Dr. and Mrs. Arthur Erickson, of 23 Cambridge Drive, Berkeley Heights, on August 22, at Overlook Hospital in Summit. The Ericksons are also the parents of four-year-old Alan Steven, and Dale Ellen, 14 months.

Jack and Norma Latoro, of 95 Maple Avenue, Springfield,

are enjoying themselves on a two-week trip to California and the Hawaiian Islands. Mrs. Latoro is the proprietor of Norma's Salon of Beauty on Mountain Avenue in Springfield.

Leah Hartzell, of 1830 Rariton Road, Scotch Plains, has been accepted at Nathaniel Hawthorne College in Antrim, New Hampshire. Mr. Hartzell is a graduate of the Scotch Plains-Fanwood High School.

Mr. and Mrs. Phil Kurnos, of 55 Tudor Court, Springfield, have returned from a week-end in Loch Sheldrake, N.Y.

Congratulations go to Mr. and

Mrs. Robert Burke, of 97 Sutton Drive, Berkeley Heights, on the birth of Christopher Philip, on August 17, at Overlook Hospital. The young man, who weighed in at eight pounds, six ounces, was welcomed by brothers John and Peter and sister Pamela.

Mr. and Mrs. F.W. Crosett and daughters Linda and Joanne of 17 Tooker Ave., Springfield, had an enjoyable stay-over-the-weekend at Mrs. Crosett's Aunt and Uncle's, Mr. and Mrs. Salzman of Hamden, Conn. A pleasant surprise was a lawn party attended by 18 people. They also had a chance to visit with Mrs. Crosett's mother, Mrs. Hoogkirk of New Haven, Conn.

Self-Improvement Courses Repeated At Adult School

Two popular and beneficial adult education courses will be repeated at the Regional Adult School for the fall semester. "Posture and Slimming" will again be given by Roselee Peckersky, a skilled dance therapist who has studied with Martha Graham and Jose Limon. While one enjoys the pleasure of dancing, she also discovers herself slimming down in the places where it counts. Meanwhile, a good time is had by all. Enrollment is limited to assure personal attention to individual posture and figure needs.

This year the "Charm Course" will be given at the Looking Glass, 506 Boulevard, Kentonworth. Mary M. Luca, an experienced charm consultant will incorporate discussions on the face, figure, personality, hair styling, make-up and fashion trends in this course.

Fall Registration

Registration for the fall semester of the Union Junior College Institute will be conducted on September 26 and September 27 from 6:30 to 8:30 p.m. at the campus in Cranford. It was announced today by Dr. Kenneth W. Iversen, director.

All classes will begin the week of October 1, Dr. Iversen said. The UJC Institute offers non-credit college-level courses for adults in the cultural and liberal arts area and programs for industry and other groups.

All-Stars Will Clash September 8th At Fanwood Field

That long-awaited All-Star game between the Springfield and Fanwood Adult Softball Leagues will become a reality on Saturday, September 8, when the two representative teams meet at Fanwood's LaGrande Avenue Field. Game time will be 2 p.m.

The contest will stretch over the bounds of regulation play in that it is slated for nine innings instead of the usual seven, and ten men will take to the field rather than Springfield's customary nine. All playing rules will be governing by the Fanwood organization.

The Fanwooders have selected twenty four of their best to go against the Springfielders. These twenty four represent all eight teams in the league. Pitchers for Fanwood include: Norm Patterson of the Sun Valley team, Kurt Uebele from Shady Lane, Warren Smith of Russell and Herb Neilsen of Coriell.

Catchers will be Pete Letso of Marlan, John Lubischer representing Shady Lane, and Art Terry of the Sun Valley nine.

At first base, Ed Lambertsen of Hunter and Tom Platt of Sun Valley are the selections. Second basemen are Bob Peters of Marlan and Dave Stewart of Shady Lane.

Bill Lasher of Shady Lane and Sheldon Anderson from Russell will share the shortstop duties, while Dick Tuster of Coriell, Joe Siczka of Hunter and Fred Rodgers of Shady Lane will take turns at the hot corner.

Outfielders selected are: Jim Peck of Coriell, Steve Yates of Sun Valley, Art Collier of Poplar, Lou Lott of Marlan, Ed Pigott of Poplar, George Ballow of Willoughby, Mel Teets of Russell and Don Applegate also from Russell.

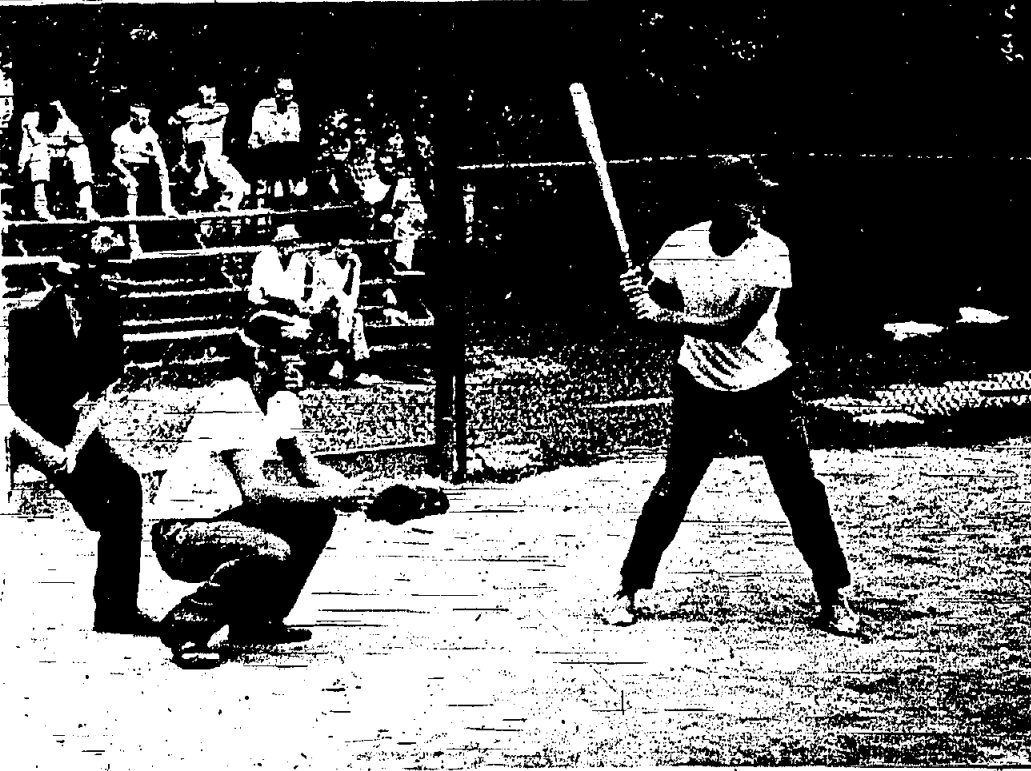

The Springfield League, after a hectic play-off schedule, is also prepared to throw their best at their Fanwood counterparts. The Springfielders have selected twenty-one fielders and three pitchers to travel to LaGrande Avenue and try and come up with a win.

Pitcher selected from Springfield are: Stan Cornfield of Ehrhardt Electronics, Scot Donington and Joe Pepe from Wesley Jewelers.

At first base, Lou Sansalone of Davron and Ed Tapper of the Sun are the choices. At second, John Johnson representing Meeker and Vince Caprio of Reinette were selected.

Third base will find Cohen of the Katz team and Joe Blanda

Wesley Captures Two: Beat Fischer, Davron For Play-Off Honors

Wesley Jewelers copped the play-off championship of the Springfield Adult Softball League last Sunday by winning both semi-final and final rounds at the Washington Field in a morning-afternoon doubleheader.

In the morning contest, the Jewelers again met Fischer Bros. Travel Bureau in a make up of a semi-final game called because of darkness earlier in the week.

The Jewelers found themselves going into the last inning on the short end of a 7-5 score, but exploded for six runs to climax the game. Dick Bednarik and Scot Donington started the inning off with walks, then base hits by Vince Altieri, Rich Verdutis, Willie Muller and Howie Harsh broke the game wide open. Pitcher Donington then set the Travelers down in order in the last of the seventh.

Wesley held a 5-4 lead going into the bottom of the sixth, but Fischer refused to quit and came up with three runs, thanks to a two-out, two-run single by Skip Bechtold who also played a terrific defensive game in left field.

The championship game at 1:30 pm was not as exciting as the morning affair, since the game ended in a 14-4 victory for Wesley over the Jewelers next-door neighbors, Davron Studio. The photographers looked like champions while winning their semi-final rounds against Ehrhardt and

Katz, but they could not jell in their final contest.

Davron did, however, jump into a four-run lead in the top of the third, but the Jewelers got two in the third and twelve more through the next three innings and Donington settled down to pitch three hit, shutout ball over the last four innings for his second victory in the same day.

The hitting of Joe Pepe was inspirational as he started two big rallies for Wesley and had three hits for the game, as did Bednarik, Donington and Monticello who also hit a homer along with Howie Harsh. Rich Verdutis also played a fine game with two for two and two sacrifice flies. Center fielder Shayer led the Davron attack with a double and a single.

Before the play-off tourney began, the final league standings showed Wesley and Katz in a deadlock for first place with identical records of 8 wins against 2 losses. This means that these two clubs will have to play off a single game to decide the trophy winner of the regular season. The date for this game has yet to be decided upon.

SCIENCE NOTEBOOK

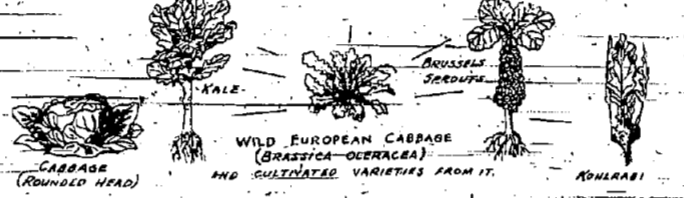

BY HANS KLEIN
UNION COUNTY REGIONAL HIGH SCHOOLS

It was mentioned that weighty evidence supports evolution. What are some of these points of evidence? Anatomical similarities among plants and animals furnish not only a basis for classification but afforded one of the first clues in establishing theories of evolution. The bones of all vertebrate animals, for example, show remarkable similarities and gradations of development. Vestigial organs, such as the degenerate legs in whales and snakes indicate that these animals had ancestors in which these structures were functional.

The German biologist, Haeckel expressed this succinctly in his phrase "ontogeny recapitulates phylogeny" -- meaning the development of the individual goes through the same processes as the development of the race. Genetic studies in the selection and breeding of domesticated animals gives us some idea how the processes of evolution operate. Bear in mind that the Chihuahua, the Great Dane, the Pekinese, the St. Bernard, and all the other varieties of dogs came from common ancestors.

The more closely animals are related, the more closely similar is the chemistry of their blood and cell substances. Biochemistry has been extremely useful in confirming animal relationships.

Genetic studies in the selection and breeding of domesticated animals gives us some idea how the processes of evolution operate. Bear in mind that the Chihuahua, the Great Dane, the Pekinese, the St. Bernard, and all the other varieties of dogs came from common ancestors.

It is not clear whether changes have been gradual, sudden, or a combination of both.

WASHINGTON (UPI) There are 62 educational television stations in operation in the United States.

The National Education Association reported this number is expected to double or triple in the next five years. In a decade, there will be 1,000 such stations, the experts predicted.

A federal law of last May authorized \$32 million to aid educational television.

AVOID A BUTTERFLY STOMACH!

Selling a home is a professional job

Leave it to the professional

Leave to the expert those matters in which the expert excels... and that applies to plumbers or printers, bakers or bankers, locksmiths or lawyers.

Selling real estate implies an abundance of knowledge in a highly specialized field. It requires facts on comparative values, financing, mode of presentation, and many other technicalities involved in the sale of a home.

Too late, many folks learn that signs reading "FOR SALE—See Owner" merely attract curiosity seekers or those seeking

to impose distress prices on properties. The net result is lost time, lost money.

Place your confidence in a Realtor. He will represent your best interests. He knows how to show your home in proper perspective. He knows how to make prospects feel at home. He glamorizes what is good. He is familiar with the means by which you can secure your top dollar... and what more can anyone ask?

Don't acquire a butterfly stomach! Leave this to the misinformed. The knowing public has learned to trust his or her Realtor.

Walk down any aisle at Harmony House on Rt. 22, Chances are, you will see more records - and more of a variety of records - than you have ever seen before. There are eleven more aisles just like that one, with wall brackets, bins, counters and under-the-counters, brimming with records. It is no wonder that Harmony House is known as the world's largest music center.

There is a second Harmony House store in Eatontown; but it is here in Springfield that the first Harmony House rose from small beginnings to become in just 4 years, the largest and most variegated record store of its kind in the world. At any given moment, there is more

than \$1,000,000 in records on display or "on-the-ready" in the stock room.

Visitors to Harmony House will see a constant flow of records being wheeled to counters, racks and bins so that each customer has the advantage of the same vast selection any other customer has, regardless of time of day.

"A constant, automated, regulatory system is in effect," says Harold Chasen, young, handsome and personable president of Harmony House. "To maintain an incomparable selection of all records, Pop and Jazz will be found in great abundance. But, so will classical, folk, western, show time, educational, juvenile and many others."

Believe it or not, there are over 500 record companies manufacturing and distributing records, and Harmony House carries everyone, from Schubert's "Unfinished Symphony" to "Wisconsin Bird Call".

People who listen to records must have something to play them on. Harmony House meets the demand with a whole department devoted to mono and stereo phonographs of all sizes and description. For the purists, Harmony stocks a tremendous selection of pre-recorded mono and stereo tapes. And, of course, tape playback equipment.

Others may be interested in blank tape, tape recorders, radios, a variety of musical instruments and accessories. Whatever it is in records and related lines, Harmony House has it - and has it big.

An interesting sidelight about Harmony House is its library planning service. Expert record

librarians are on the staff, and these people have helped supply schools, libraries and other institutions locally and throughout the country. This same service is available to individuals desiring aid in rounding out classical, jazz or pop collections. Springfield residents will find

Harmony House on the East bound lane of Rt. 22 about 1/2 mile south of the Springfield Avenue overpass. Harmony House is a discount store operation and customers enjoy the very lowest prices on everything sold in either store.

RACKS OF RECORDS—One of twelve aisles of 4 year old Harmony House, one of the largest and best supplied music centers in the world. It is located on Route 22 in Springfield, and is stocked with over \$1,000,000 in records.

Leukemia March To Raise Funds

Enthusiastic men and women with a story to be told will start tapping on their neighbors' doors beginning September 1 in this year's Leukemia Society "March."

They'll tell of an increasingly intense day-and-night struggle in laboratories throughout the world where medical researchers are hard at work trying to pin down a cure for Leukemia. The disease now takes the life from one American every 45 minutes.

In a pre-campaign statement, Richard Kroeper, president of the Society's Northern New Jersey Chapter, stated that all signs point to this year's appeal being the biggest and most successful ever. The chapter has been swelled by the addition of thousands of volunteers who will help during September.

"That Leukemia will be conquered, we in the Society are sure," Kroeper said. "But how soon this day comes could depend on how much support research is given to find a cure."

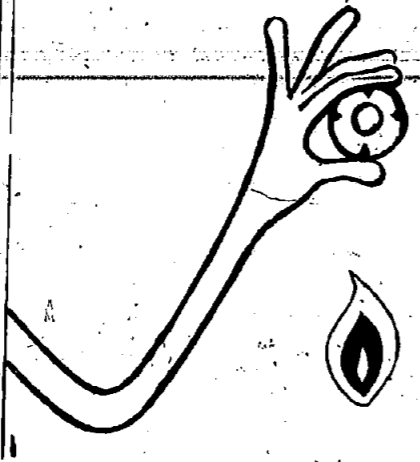

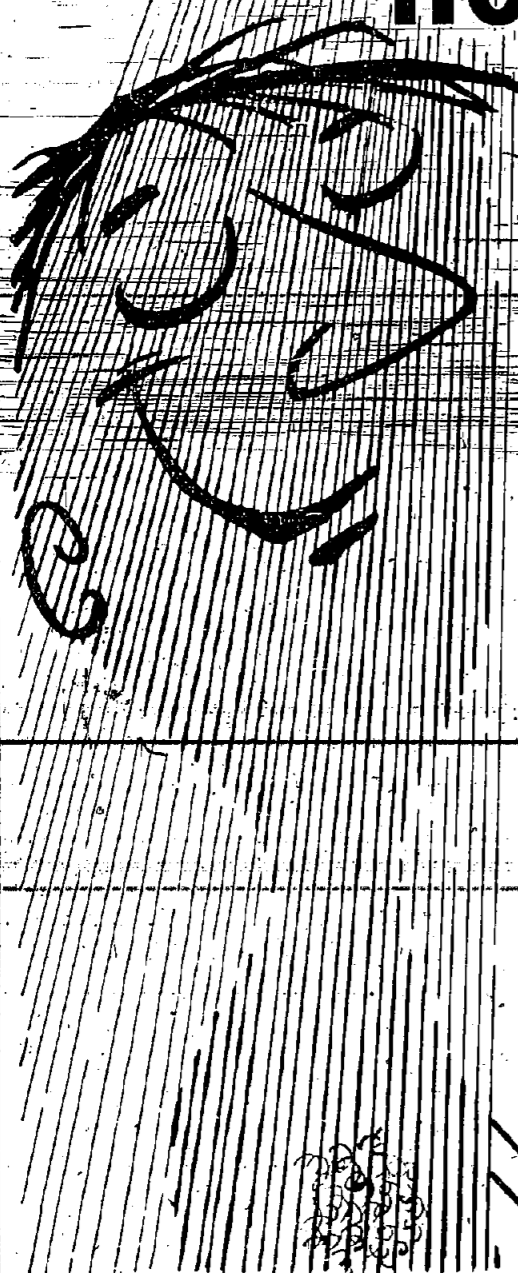

"The Leukemia Society supports more than 30 research projects aimed at finding a cure for this dreadful disease. We want to give these research people every possible help and add to their ranks if we can."

He also pointed out that a portion of the funds collected is allocated to the chapter's Patient Service Program. The program gives direct medical and other aid to leukemia sufferers and their families.

Under Pressure
 URBANA, Ill., (UPI)—Steam-pressure canners should be cleaned after each use to assure efficient, safe operation.
 Draw a string or a narrow piece of cloth through the safety valve and petcock. University of Illinois food specialists advise: Wash the canner kettle, but do not put the cover in water. Wipe it with a damp, clean cloth.
 Follow the manufacturer's directions to the letter. And for safety's sake, at the end of the processing time, let the pressure return to zero before you open the canner.
